The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

Best Advertising Medium

The Herald has the largest paid in advance circulation of any weekly newspaper on the South Plains.

VOLUME 44 TWELVE PAGES BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, JUNE 3, 1949 TWO SECTIONS NUMBER 45

Rev. H. L. Thurston Has Been Returned To Church In City

The Northwest Texas Conference of the Methodist church, has completed its work again, and pastors have been assigned to various churches over the conference held in the last of May in Lubbock, Texas, as for many years.

However, after all we must agree that the new arrangements are best. During the old datings, the pastors who had to move did so about two months after their children, if any, had entered school. The new way, school is out, and vacation time is at hand, and students do not have to be moved to a new school to finish that grade.

Rev. J. O. Haymes of Lubbock is the district superintendent and Rev. H. L. Thurston has been re-assigned to the Brownfield church, while Rev. O. B. Annis, recently of Westbrook, has been assigned to the Brownfield circuit. Other assignments were as follows:

Meadow-Lakeview, Cecil Tune Plains, E. L. Naugle; Roperville, A. L. Mitchell, Seagraves, Joe Boyd, and Sundown, Royce Womack. District director of Golden Cross, C. C. Armstrong; Secretary of Evangelism, Jordan Grooms; Missionary Secretary, H. L. Thurston, Advocate Commissioner, Alby Cockrell.

A FEW BOXES AT RODEO ARENA AVAILABLE

Plans for the second annual Jaycee Rodeo, to be held June 23-25, are shaping up and nearing completion.

Tess Fulmer, at the Brownfield Coffee Shop, still has several box seats left and persons interested in buying a box are asked to contact him.

POPPY SALES THIS YEAR SET NEW RECORD

Members of the VFW and its auxiliary set a new record this year with their poppy sales, having sold 1221 last Saturday, May 29.

Mrs. Abel Pierce, president of the auxiliary, and Mesdames Joe Krizek, William Dugger, Bill Redford, William Dugger, Bill Redford, Gay Price, Leon Proctor, Hub King, and Dale Brown sold the poppies all day in town.

The auxiliary would like to thank Joe Krizek, chairman of the poppy committee, for making their boxes and helping with the sale.

LES SHORT WINS TRIP TO NEW YORK

Les Short, local business man, has been chosen as this year's recipient of a trip to New York City for his perfect attendance record at Lions Club meetings for the past year.

Mr. Short, accompanied by Mrs. Short, will attend the International Lions Club Convention in New York July 17 through July 21. Eighteen nations will be represented at the convention.

NEW CITY ALDERMAN CHOSEN TUESDAY

S. T. (Sam) Murphy was chosen new city alderman to fill the unexpired term of C. C. Primm in an election held Tuesday, May 31.

Of the 242 votes cast, Murphy received 81 votes; C. E. Ross, 62; D. Neugent and Red Tudor, 38 each; and Gay Price, 22.

H. R. Davis was issued a permit to move a 12x24 house onto a lot a 1011 S. Third St., at a cost of \$450.00.

W. T. Briscoe was issued a permit to build a 10x20 fram garage at 704 N. Second Street, at a cost of \$200.00.

Mr. and Mrs. N. O. Townsend and son of Tahoka visited the Mon Telfords Sunday.

WHEAT HARVEST ON—M. L. Hartmangruber (right) and his son Louis examine winter wheat harvested on their farm near Iowa Park, Texas. It was some of the first winter wheat harvested this year. The harvest, delayed by rains, is expected to be in full swing in ten days. The Department of Agriculture forecasts a winter wheat crop of 1,021,476,000 (B) bushels. The Hartmangruber's wheat tested 18 percent moisture content. (AP Wirephoto).

Yoakum County Man First With Wheat

Paul Cobb, who owns a farm just over in Yoakum county west of Tokio, had the distinction this year of bringing in the first load of 1949 wheat. This wheat sold to Goodpasture Grain and Elevator, at \$2 per bushel, and graded No. 1. Mr. Cobb received a premium of \$50 from the buyer for having the first load.

There was in the neighborhood of 500 bushels and really in two loads, but all the same day. It is estimated that the yield per acre to run around 35 bushels per acre, which is good in any man's country. It weighed out 62 lbs. per bushel, but we did not learn the percentage of moisture.

As this was written, only a part of the 500 acres Mr. Cobb had in wheat, had been combined. Whether the rest was not ready for harvest, or the combines had not reached all the field we failed to learn.

LIONS BOARD OF DIRECTORS TO MEET

Members of the board of directors of the Lions Club will meet at 6:30 A. M., at the LaMecca Cafe Tuesday, June 7. All members are urged to attend this important meeting.

LOCAL MAN INJURED IN FALL

A Brownfield Funeral Home ambulance was called to Hereford Sunday to bring G. W. Harris, who fell down a flight of basement steps at the home of his daughter early Sunday morning, to Treadaway - Daniell Hospital. X-rays revealed no broken bones but Mr. Harris was badly shaken up and bruised. He was, however, hospitalized for a few days observation.

Guests in the home of Mr. and Mrs. John Portwood last week were her mother, Mrs. Ben Oglesby of Lubbock, and her sister, Mrs. W. M. W. McConnel of Post. Tuesday, Mrs. Portwood's aunt and uncle, Mr. and Mrs. M. C. Oglesby of Las Vegas, Nevada, visited her.

L. D. French of Houston, is here attending the bedside of his uncle, J. F. Winston who is very low at the local hospital.

Mr. and Mrs. Clem Bergen and family left Wednesday to spend several days in Sulphur Springs, N. M.

Mr. and Mrs. William Thurman and daughter spent the week end with her daughter, Mr. and Mrs. Hodges in Hale Center.

Lightning Kills Cow On Fitzgerald Ranch

Johnny Fitzgerald was in Saturday and reported that lightning struck one of his cows last Thursday and killed her. She was not near a fence. With the present price of cows, Johnny stated one cow was about equal to the loss of three or four in times past. But, he related, I usually lose three or four in a pile by lightning.

By the way, we sometimes have a dickens of a time distinguishing Johnny and his brother Roy, who also lives in Yoakum county. One time Johnny stated that he just answered for Johnny or Roy either, providing the questioner was not a bill collector.

Seagraves Loses To Denver City Sunday; Bears Lose, Too

Those unlucky Bears are still in the cellar. A lot of the fans are beginning to think that the Bruins had heard too much tornado talk during the season, and are playing safe. And as soon as the cyclone season is over the "Bears" will walk off with the games in de bag.

Seagraves, the leader of the parade, lost one Sunday, and we mean they LOST to Denver City to the tune of 16 to a goose egg, while Slaton was drubbing the locals 14 to 8. Tahoka and Sundown had a tossup, but the Tahokaites finally got by 11 to 10. The erstwhile lucky Post Millers had a bad streak of luck, losing to Levelland by a lopsided score of 25 to 4.

The fans here are still pulling for the Bears, even though they have not won a game this year. Oh! well, they say a bad beginning means a good ending or shall we say "inning"?

Linda Richards Is Victim Of Fire

Lynda Joyce Richards, two year old daughter of Mr. and Mrs. Jack Richards of Lakeview community, was burned to death between 3 and 3:30 P. M. Friday, May 27, when fire destroyed her parents' home. Lakeview community is a few miles east of Meadow.

Both the mother and the father were out of the house at the time of the fire. The father was planting in a field, and the mother had stepped next door to visit a neighbor while the child was asleep.

Another farm worker, Shorty Briggs, discovered the fire and gave the alarm. The mother told him that her baby was in the house, and Briggs attempted to enter the house, but flames forced him back. The house burned to the ground in ten minutes.

The Richards have two other children, Jo Ann, aged 4, and Connie, aged six months.

Too large to be weighed on a single scale, this Boeing Stratocruiser is balanced on three—one under the nose, and two at the wing-roots. The plane's wheels are a scant inch off the floor of this building at Boeing's Seattle, Wash., headquarters. By adding the figures registered on each of the three scales, the total weight of the plane—71 tons—is computed.

Fair Headway Made On Terry Bond Sales

Terry County has achieved 12.98 per cent of its quota in the Opportunity Drive for the sale of Series E Savings Bonds, J. O. Gillham, county Chairman announced today.

The drive officially opened on May 16 and sales for this county through the first week totalled \$5,062.50, according to a sales report received from State Savings Bonds headquarters in Dallas. The county quota is \$39,000.00. The report carries sales through last Saturday (May 21). The report also showed that sales for Texas were \$19,460,304, or 52 per cent of the state quota of \$36,950,000.

Several counties reached and exceeded their quotas during the first week of the drive and numerous others showed sales of 50 per cent more of quotas, causing Nathan Adams of Dallas, state Savings Bonds chairman, to predict that Texas will far exceed its quota "in the most successful Savings Bonds campaign since the war." The drive will continue through June 30.

Nearby counties that have already reached or exceeded their quota are Andrews, Bailey, Dawson, Ector and Scurry.

BEARS TO MEET DENVER CITY SUNDAY

At 2:30 P. M. Sunday, June 5, the Brownfield Bears will meet Denver City there in an effort to break the Bears' losing streak.

Brownfield, so far has not won a game in the Oil Belt League, but fans are still looking for a victory, and that may be Sunday. Let's all go to Denver City Sunday and lend our moral support.

BUEL POWELL GOES TO BRECKENRIDGE

Deputy Sheriff Buel Powell went to Breckenridge Wednesday to pick up a young man on charges of giving several cold checks to local business men.

Upon arriving at Breckenridge, however, the young man paid off the checks, so no arrest was made.

SUE JONES IMPROVING

Miss Sue Jones, who was injured in an automobile accident last week, is reported to be improving.

She is still confined to the hospital, where she will probably remain for five or six weeks.

LOST ARTICLES

Mrs. M. Weaver was in the office this week and stated she had lost several pieces of jewelry, which have a sentimental value to her. These pieces include a wedding band, watch chain and a necklace with a diamond in it.

Mrs. Weaver is running an ad in this issue and offering a reward to the finder.

Mr. and Mrs. J. O. Gillham and Mr. and Mrs. Leo Holmes and John and Mary are attending the graduation exercises at Stephens College in Columbia, Mo., this week. Betty Holmes and DeLores Gillham are members of the graduating class.

Mrs. Sam Tankersley left Tuesday for Temple, where she will go through Scott and White Clinic.

Mrs. Dee Hupner underwent major surgery in a Lubbock hospital Tuesday.

Mr. and Mrs. W. T. Howze returned last week from Columbia, S. C., after a three week visit with relatives. Mrs. R. F. Evans and daughter returned home with them. Mrs. Evans is Mr. Howze's sister.

Mrs. James H. Dallas and daughter, Carole, left Sunday for San Antonio to visit her hister, Mrs. John Murchison. Mrs. Murchison will accompany Mrs. Dallas and Carole to Port Aransas for a two-week vacation.

Mrs. W. A. Tittle and daughter, Ona Faye, are visiting Mrs. Tittle's sister, Mrs. M. H. Farmer, in Abilene. Mrs. Farmer recently underwent an operation.

BOUND FOR TEXAS—Clem Shefchif, 1, left, and Bob Heise, 20, take a last look at Milwaukee as they set out on the first leg of their journey to King County, Texas. The youths plan to camp out on the 1500-mile horseback trip which they figure will take about three months.

Precautions Against Polio Urged By Miller

Dr. J. P. Miller, county health officer reported that for the week of May 21, 42 cases of polio were reported to the State Health Department. This was a sharp increase over the previous week, when only 14 cases were reported.

The main precaution to take against polio is, of course, cleanliness. Dr. Miller suggests that every one use covered garbage cans, and keep their premises as clean and free of flies as is possible.

During the time of the year when polio is more prevalent, the hot months it is well to get plenty of rest and to avoid over-exertion and sudden chilling.

Dallasite May Make Attorney General Race Next Year

Charles Kirsch stated recently that District Attorney Will Wilson of Dallas was a very good friend of his, and that he believed Wilson would be a candidate for Attorney General next year. He is serving his second term as District Attorney. Kirsch believes there is no better qualified man for Attorney General in Texas.

Wilson saw active combat with the 32nd division on Luzon in the Philippines and accepted the surrender of the Jap General Yamashita's troops at the close of the recent World War. He also has been president of both district and county attorney's associations.

Atty. Wilson is also head of the steering committee representing the state for revision of the code of criminal procedure. If Wilson succeeds in doing that, he shall have won the everlasting gratitude of the taxpayers of Texas.

As the matter now stands, the criminal has every advantage under the law. And circumstantial cases are extremely hard to prove by the prosecution.

Mr. and Mrs. W. L. (Slick) Collins were called to Artec, N. M., Monday at the death of Mrs. Collins' aunt.

Efforts Made To Up Prize Money As Drawing Card

Although definite plans for prizes and entrance fees have not been received from Howard Brown, who will produce the forthcoming Jaycee Rodeo, the following information is on hand as given from Frank Szyloski, general chairman of the event for the Junior Chamber. Entrance fees will be added to the purse and will possibly range from \$25.00 to the rth calf roping up to around seventy-five dollars. The \$1500.00 purse will be divided among the five classes of competition and require three go-rounds for contenders, making a \$300.00 purse for each of the following events: Bull riding, Bronc riding, calf roping team tying, and bulldogging.

John Kendrick president of the Junior Chamber of Commerce, states that it looks like Brownfield will have by far the greatest show of Terry County history and that the biggest crowds are also possible with the new arena, stands and grounds. That there is no need for going off to see anybody else's rodeo will be evidenced by people from several miles around when they witness this annual attraction on the nights of June 23, 24 and 25th.

RODEO BOOSTERS HIT BROWNFIELD TUESDAY

Boosters for the ABC Rodeo, which will be held in Lubbock at Jones Stadium June 8 through June 11, arrived in Brownfield Tuesday, May 31, at about 8:30 A. M.

Accompanied by a police escort, the group stopped on the west side of the square and put on a short program of music from their two sound trucks.

Members of the motorcade dressed in western clothes circulated through the town distributing circulars which described the coming rodeo.

TERRY COUNTY RIFLE, PISTOL CLUB TO MEET

The Terry County Rifle and Pistol Club will meet Sunday, June 5, at 2 P. M., at the Jaycee barn to open its firing range president Fred Adams stated.

Members of the club will be allowed to bring guests, and all people who are interested in becoming members are urged to attend the meeting Sunday.

'Be Your Age,' Says State Health Officer

Austin May 28 There is an old slang expression that would make a good slogan for living a longer and more comfortable life, and that is "Be your age." According to the State Health Officer, Dr. Geo. W. Cox, many persons injure their health and endanger their life through indulgence in exercises and vigorous sports unsuited to their age and physical condition.

"While a young man in prime physical condition may benefit from a fast game of tennis, older men and women have been known to collapse and suffer serious heart attacks following such a game. The same thing applies to golfing, swimming and other vigorous sports," Dr. Cox said.

During the hot summer months, it is of especial importance that you know your physical limitations, and indulge in only such activities as will benefit, and not harm your physical condition.

"Persons of middle age should never participate in activities requiring violent physical exertion, and should confine their physical exercise to such bounds as their doctor prescribes," Cox asserted.

The State Health Officer suggested that all persons of middle age is examined by their physical, before planning their summer vacation activities.

A vacation can easily be more exhausting than refreshing, and in such event, more harm than benefit results from the time thus spent. Fishing, boating, hiking in moderation, and many other recreations can be engaged in by the older

Keep Butter In The Freezer, Say Experts

College Station, May 28 Good spring pastures mean lots of milk. And that leads to lots of butter. But dry pastures later on this summer may cut butter production. So, here's a suggestion from Margaret Jackson, assistant foods and nutrition specialist of Texas A. & M. College. You can freeze your butter at home and store it in the home freezer for as long as six months if it is good quality. This way, you'll have plenty of butter when the milk production drops off during the later part of the summer.

Miss Jackson says it's best not to even try to freeze poorly made butter. It doesn't keep well, even in the freezer.

Before freezing the butter, wash it well to get all the milk out. Mold it and wrap it in parchment paper. Then press all the air out that gets caught between the paper and the butter. Then it's ready to pack in wax cartons.

The regular general purpose paper that's used in the kitchens isn't as good as the wax cartons because it allows air to get to the butter. And when that happens, you've got a pound of rancid butter you can't use.

Storing good quality butter at zero degrees or lower will help the Texas homemaker keep a supply of butter handy when it's needed says Miss Jackson.

people who must avoid heart strain and it is a wise precaution to have your doctor advise you as to what sort of vacation you should plan.

All Washed Up

The sidewalks of New York get a beauty treatment as early morning passers-by watch the S. S. S.—Sidewalk Sanitation Service—give the pavement a once-over-lightly on the elite Fifth Avenue shopping district. The service will be extended to other streets if accepted by business establishments. PREACHES FROM BED
JOHNSTON CITY, Ill. (AP)—The Rev. R. E. Walston refused to stop preaching because a bad heart ailment confined him to his bed for 30 days because of a heart ailment answered the Church bell with his usual sermon. A public address system was installed from his bed to the Johnston City Christian Church. "It's our own idea," said Mrs. Walston. "We own the public address system and a couple of men around town fixed it up".
Mr. and Mrs. C. O. Head and son of Crosbyton visited her sisters, Mrs. Joe Shelton and Mrs. John L. Cruce, and their families Sunday.

BIBLE COMMENT

Jesus Faced A Conflict Of Authorities

It is always safe to speak against sin theoretically, or in general terms. Everybody—like the minister whose sermon President Coolidge laconically reported—was "against it."
It is only when one gets down to personalities and cases, when one says, "Thou art the man," or "That action was diabolical," that sinners get nasty and strike back. In the vigorous denunciations of sin during His last days, Jesus got down to both personalities and cases. When He spoke of hypocrisy He named the Scribes and Pharisees, the official representatives and established "authorities" of religion; and He attacked their specific acts of hypocrisy and evil-doing. If there were devout and earnest Scribes and Pharisees, as there undoubtedly were, who had never devoured widows' houses, or done the things that Jesus denounced, they had no reason to take His charges to themselves. But there were plenty to whom His words applied.

"He taught them as one having authority, and not as their Scribes." Those words mark a strange fact and a striking contrast. The Scribes were officially and ostensibly the repository of authority, the interpreters of the law; yet here was a young man from a hill town, unimportant Nazareth, neither a Scribe, nor a priest, with no official standing presuming to teach, and finding a response in the people who heard Him gladly.

It was no wonder that he said "By what authority doest Thou these things? And who gave Thee this authority?" The mistake that the Scribes made was two-fold: first, in not being and doing what by their claim of authority they professed to be and do; and second, in their failure to judge Jesus by what He was and did.
There was one Pharisee who knew better. When Nicodemus came to Jesus he said, "Master we know that Thou art a teacher come from God; for no man can do these miracles that Thou doest except God be with him."

AGED INDIAN VOTES FOR UNCLE SAM

Mrs. Lillie McPherson is out at Farmington, N. M., visiting relatives, and sent us a card and picture of an "Indian's Lament." This ancient Navajo, is said to have topped 110 years. By the way we believe this tribe of Indians insist that their name be Englishized from now on and made "Navaho" instead of "Navajo, which is Spanish."
Anyway, the old fellow's wife along with his T-Ford is gone. korn out. He has lost confidence in the banking fraternity, as well as both major parties, and will cast his vote for Uncle Sam from this time on.

You ought to be driving a '49 **PONTIAC**
America's Lowest-Priced Straight Eight!
Until they see the actual figures, few people realize that the big, beautiful Pontiac eight is America's lowest-priced straight eight. Not only does it undersell all other straight eights by a substantial margin, but it actually costs less than many six-cylinder cars!
The fact that the Pontiac eight gives so much for so little is the basic reason for the great and growing popularity it enjoys.
Pontiac has distinguished appearance, and distinctive Silver Streak styling. Its spacious Body by Fisher is handsomely upholstered and appointed. It offers the amazing driving ease of GM Hydra-Matic Drive.* And it carries the well-known Pontiac promise of long life and fine, dependable performance over the years.
We honestly believe that no other car carries such definite assurance of really enjoyable performance at so low a cost. We invite you to come in and take the wheel yourself. We're sure you'll be very pleasantly surprised.

Bad Connection

Four-year-old Skipper Smith, right, uncorks a potential haymaker, wide of its mark, but gravity and a 12-ounce glove prove to be his downfall. Opponent Lanny Wolf, 4, tries to slip in a right cross before Battling Smith kisses the canvas. The pugilistic pair, sons of Navy men stationed at Annapolis, Md., slug it out for the 38-pound title.

TEXANS IN WASHINGTON

By Tex Easley
(AP Special Washington Service)
Washington—The Dallas-born superintendent of the U. S. Naval Academy at nearby Annapolis, Md., Rear Admiral James L. Holloway, Jr., is still very much a Texan.
Recently a group of Texas congressmen and their wives visited the academy. Admiral Holloway gave them a royal reception. It was parade day, so while the midshipmen were on display in their finest, a 17-gun salute was fired. It was the first such salute honoring a congressional delegation representing only one state. And the Texas flag had been raised over the reviewing stand.
Last week Admiral Holloway was honor guest at the Texas congressional delegation's weekly luncheon in the Speaker's dining room in the Capitol. He brought with him, and presented to the delegation, the same Texas flag. Incidentally, the occasion for the visit to Annapolis was a ceremony honoring Naval Lieut. Joe McConnell of Galveston, now boxing coach at the academy. The tribute was for his heroic and efficient rescue efforts as a director of an ambulance unit during the Texas City disaster.
Admiral Holloway is the son of James L. Holloway, Sr., of Highland Park, Dallas county. The Admiral's son, Naval Lieut. James L. Holloway III, is stationed at the Pensacola, Florida, air base.

Around The Capital
Clarence M. Elwell of Austin, textbook publishing company official, had a brief but busy visit seeing friends here last week.
The one-time Texas state school department executive spent much of his visit with Rep. Bob Poage of Waco, for whom he worked as secretary when Poage came to Congress 12 years ago.
"The biggest kick I got out of calling on various congressmen," said Elwell, "was watching their reaction when I answered 'Not a Thing' to their question as to what they could do for me. They were amazed... someone coming up here and not asking for help of some kind."

Several Texas members of congress got ringside seats when the circus came to town the other day and a behind-the-scenes visit with the performers, through the courtesy of a Texan who clowns as a hobby.
For a month or so each year Joe E. Ward, Wichita Falls consulting engineer, travels with the 'Big Top.' He does it for sheer enjoyment, paying his own expenses.

James Whaley, editor of the Bryan Daily Eagle, and Allen Crowley of Fort Worth, vice-president of the State Bar of Texas, were guests at last week's Texas congressional luncheon.

An Associated Press photographer wanted to get a picture the other day showing the average tourist at the Capitol. He

Specialists Expect Slight Increase In 1949 Farm Building

COLLEGE STATION, May 28 — The old story of "six of one and a half dozen of the other" works pretty well in the outlook for agricultural buildings.
According to this outlook, building estimate a six percent increase in dollars worth of construction for 1949, say extension agricultural engineers of Texas A. & M. College.
While a slight increase in farm construction is in sight, the six percent national increase will tend to hold material prices right where they are now. The price index on lumber has dropped about six percent since last August, but the price jumps in other building products have cancelled this advantage for the prospective builder.

Right now there are more than twice the number of farm implements not including tractors—on rubber tires than there were in 1932, so the rubber industry is pretty important to the mechanized farmer. One of the national rubber companies figure they'll produce two million more tires this year than they did last. Farm tires are in on this increase, too.
Statistics show that 55 percent more rubber has been used in the farm industry since V-J Day than in any three peak years up to that time.
From the production angle, this year's picture is an encouraging one, say the agricultural engineers. From all indication there will be plenty of farm tires to replace the used ones and ones for new equipment.

CHOW LINE CALLED: MIGHTY AS A-BOMB
NORFOLK, Va. — (AP) — The United States' chow line is "as great a military weapon as the atomic bomb ever will be," according to Dr. Berton S. Clark.
The re-elected president of the Associates of the Quartermaster Food and Container Institute says this country's ability to feed vast overseas armies was one of its decisive weapons in World War II "A-bombs or no A-bombs," says Dr. Clark who is research director of the American Can Company "the millions of men fighting in distant points of the world still have to be fed."

Cerebral Palsy Clinic In Lubbock June 13

A clinic for the examination of the cerebral palsied children will be held Monday, June 13 at the Cerebral Palsy Treatment Center, 1317 Tenth Street, Lubbock.
Two orthopedic specialists, Dr. Charles B. Sadler, Amarillo and Dr. E. T. Driscoll, Plainview, will be present to examine patients.
Cerebral palsy is sometimes referred to as spastic paralysis or birth injury and may be evidenced by the child's inability to sit alone, stand alone, walk or hold objects at the age these things are accomplished by the average child. Research has shown that treatment is most effective if started within the first few months of the child's life although children respond to treatment begun at a much later age.
Parents planning to bring children to the clinic are requested to register the children at the Center prior to the date of the clinic. Information regarding the clinic may be obtained by writing Dr. Esther Snell, Director, or calling Lubbock 6541.

NEW SHAW PLAY CONSIDERS A-BOMB
LONDON — (AP) — Bernard Shaw has written a play about the world after atomic bombing. It's called "Far-Fetch'd Fables" and will be published before August.
So the 92-year-old playwright told a reporter who saw the play listed to Shaw's credit in the 1949 edition of "Who's Who" and telephoned him to find out about it. Shaw's biography in the book, supplied by himself still gives his recreation as "being past 90."

JAPAN TO HAVE WOMAN JUDGE

TOKYO — (AP) — Japan soon will have its first woman judge. She is Mitsuko Ishiwata, 45. She is one of 123 Japanese just graduated from the judicial Training Institute of the Japanese supreme court.
Miss Ishiwata probably will be assigned to the Tokyo District court. She first took up the law 11 years ago. She was graduated from Meiji University's law college in 1944.

INSPECTORS CAPTURE FIVE ILLICIT STILL
The Texas Liquor Control Board Inspectors in April reported the seizure of five illicit stills.
With the stills which had a cubic capacity of 225 gallons, Inspectors captured 525 gallons of mash and made 4 arrests. 14 1/2 gallons of moonshine liquor was destroyed.
One still each was taken in the Counties of Titus, Franklin, Red River, Harrison, and San Augustine.

MEADOW NEWS

Mrs. Hattie Welch is in Mineral Wells, Texas, where she will spend several days taking treatment and hot baths for her health.

Mrs. W. T. Arnett is spending several days in Lubbock with her daughter and family.

Mr. and Mrs. Hamilton Still and family spent the weekend with friends and relatives at Meadow. Mr. Still is a former principal of Meadow Public Schools.

Duane Lewis of Brownfield is spending the week with Mr. and Mrs. E. F. Schwartz.

Dan Roberts of Meadow is going to Austin to attend Boys State at the end of this week. He is being sent there by the Meadow Lions Club.

Mrs. T. W. Cadenhead Sr., Mr. and Mrs. T. W. Cadenhead Jr., and Mr. and Mrs. Ed Hall, all of Lubbock, and Mr. and Mrs. Earl Cadenhead of Morton, Texas, were Sunday guests in the home of Mr. and Mrs. John Cadenhead of Meadow.

Rev. Cecil Tune was absent from his pulpit of the Methodist Church Sunday, so that he might attend the Methodist Conference. Rev. Tune will remain at Meadow as pastor for this next year.

Mrs. Allen Wingham is back at home and reported in fine condition after spending several days at Temple, Texas, for a medical examination.

LEARN TO RECOGNIZE YOUR SNAKES

The Information Service of the University of Texas is advising people to learn their snakes. There are, according to the U. of T. four poisonous snakes in Texas, the coral, the rattler, moccasin and the copperhead. We printed pictures of these snakes recently courtesy of the Farm and Ranch.

But says the Information Service there are ten varieties of Texas snakes that are nonpoisonous, and are very useful to Texas farmers in the destruction of small rodents and insects, and earn their pay. You are advised not to kill them.

In the northeast section of Brownfield in a new addition to the town, we understand that five rattlers have recently been killed. People who live up there are advised to keep a sharp lookout, and see that small children do not ramble too much in the high weeds and grass.

Those vacant lots should have a mowing machine run over them and soon.

of Mr. and Mrs. Leon Saffell of Meadow, was his mother, Mrs. Saffell.

The Vacation Bible School started at the First Baptist Church with enrollment on Saturday, May 28th. The school had its first sessions on Monday. There are more than seventy enrolled after the Monday session.

Mr. T. E. Verner's mother is ill, but is reported to be doing better.

Information Centers Warn Texans of Cancer

Cancer information centers, sponsored by county units of the Texas Division of the American Cancer Society, are at present reminding Texans that cancer can be cured, if caught in time, and are conducting an educational program to cut the Texas cancer death rate, which took the lives of almost 7,000 Texans last year. Volunteer workers of the American Cancer Society operate the centers, along with full-time employed executive secretaries at the full-time centers. The centers are located at densely populated points about the state. The Texas Division of ACS is urging county units to establish centers in every county of the state.

The Town Builders

C. C. Primm, mayor of Brownfield, is one of its most well-known natives. He has lived in Terry County since 1923.

Primm and Homer Nelson opened the Nelson-Primm Drug Store in 1936, which they operated together until February of 1946, when Primm bought out Nelson's part of the drug store. He is widely known in West Texas for his famous basketball team which plays under the Primm Drug Store name.

Married to Kathy Hunter in 1936, the Primm has one daughter, Sheila.

MONDAY WAS REALLY A SCORCHER, FOLKS

C. L. Hafer, of the West Texas Gas Co. offices here, stated Monday was the hottest day of the year so far, with a registration of 104 degrees about 3 in the afternoon. At slightly after noon Tuesday the thermometer was reading slightly above 95, he stated.

Monday was rather still, following a blustery Sunday afternoon. But Tuesday was partly cloudy and some breeze, but rather "sticky" weather for west Texas.

METHODIST LADIES ENTERTAIN TEACHERS

The ladies of the Methodist Church served a chicken dinner honoring the teachers of the Jesse G. Randall School last Thursday, May 26.

Hostesses for the dinner were Meses. Grace P. Wood, S. W. Miller, Percy Mosely, Guy S. Walker, I. T. Patrick, J. H. Griffin, W. A. Bynum, F. T. Miller, Maurine Hudspeth, Ida Couch, Byron Rucker, Will Fitzgerald, and Misses Ludie Morgan, Mary Shropshire, Marie Gracey, Edith Creighton, and Creola Moore.

NEWS FROM THE SERVICE OFFICE

It is still unknown to many that war veterans, and other veterans who were retired from or disabled in the armed forces in 'line of duty are eligible for domiciliary care in "Soldiers' Homes" maintained by the VA.

In order to be admitted, the veteran must have an honorable discharge; he must be 75 per cent or more disabled in the opinion of the doctor who examines him for admission. It must be found that he is unable to support himself financially. His application for admission must be filed through the VA facilities. The form used for hospitalization is used for the purpose of admitting into the home.

No veteran should go to these homes until his application has been properly made, through the VA channels.

There are several homes located throughout the United States. There is one at Bay Pines, Florida which has a bed capacity of 813 beds.

Los Angeles, California has a home with a bed capacity of 3638 beds. At Biloxi, Mississippi, the capacity is 793 beds. To ease the situation, new homes are now in preparation at Medford, Ore., Clinton, Iowa, and Thomasville, Georgia.

In addition to the above, there are nine more homes located in the United States.

Mrs. Ida Gilbreath and daughter, Mary Lou, of Paul's Valley, Okla., visited in the home of her brother, Buck Alcorn and family, and friends, Mr. and Mrs. Glenn Kirkpatrick of the Needmore community over the week end.

Mr. and Mrs. Birch Telford of Springer, N. M., visited his brother, Mon Telford and Mrs. Telford this week end. Mr. Telford is superintendent of the boys reform school in Springer.

Mr. and Mrs. Sam Carouth returned last week from California, where they visited relatives.

Joel G. Cannady has returned from a two-week vacation in Texarkana. Mrs. Cannady and the children remained in Texarkana for a longer visit.

John E. Fitzgerald, of Plains, was treated in Treadaway-Daniell hospital for a few days, but has been released, and is reported to be recovering.

Miss Vona Lee Ditto, formerly of Brownfield, spent the weekend here visiting friends. She is matron at the Church of Christ Orphans' Home in Ontario, Calif.

Mrs. Laura Chisholm and her daughter, Miss Theresa, came in last week for a few days' visit with her mother, Mrs. J. L. Hyman, and the Geo. W. Chisholm families before going on to Chicago, Illinois, to visit her daughter, Mrs. Jimmie Proctor and family.

Mrs. Annie M. Hare was in Thursday and subscribed to the Herald as a gift for her son-in-law, O. L. Blackwell, whose birthday is Sunday.

Mrs. Charles Kersch and son left Wednesday for a two week visit with her mother, Mrs. Aurora Carter, in Dallas.

We cordially invite all veterans to visit our service office located at the court house, Brownfield, Texas, phone 247-M. We may be able to find employment for you or we may help you find an apartment. We want you to feel free to our services that we may render in any manner to you.

Beard Are Coming To Front In City

Yep, the young bloods of the town are sprouting out the beard these days. Especially those sans the 5 smackers. It is true that those of the whitish or redish hue has to be sighted between you and the sun. But the blackums are showing up fairly well.

It seems that the wearer of the brush are allowed to choose the "shinny" style they like best. Some have the full bloom variety, while others are sporting a mustache, goatee or both. But come June 23-25, and a telescope will not be needed to find the facial hairdo.

As for the Old He, he is leaving this week for a Home Coming at old New Hope church near Middleton, Tenn., and we fear we might create some kind of panic among the gentle folks back there, and miss the plates of country ham and fried chicken at the dinner spread at the church, Sunday June 5th.

If we have time on our return we'll try to grow a few grey beards. Remember the time and place, June 23-25 inclusive, and at Brownfield, Texas, that is.

Miss Kanna Stephens spent the week end in Fort Worth visiting her sister, Miss Wilma Stephens.

Mr. and Mrs. Jim Griffith visited relatives in Coleman over the week end.

Mr. and Mrs. J. W. Bradley returned Sunday from a two weeks vacation in New Orleans.

Mr. and Mrs. E. D. Ballard spent several days in Ruidoso, N. M. this week.

Mrs. J. G. Sadler and son from Falfurias, Texas are here visiting her mother, Mrs. Mamie Tucker.

Mr. and Mrs. K. W. Howell and Dick Reagan visited the Horton Howell family in Lockney Sunday.

Rev. and Mrs. R. C. Guest of South Plains visited his mother, Mrs. J. A. Guest Sunday.

Mr. and Mrs. W. M. DuBose visited their son, Raymond in Lubbock Sunday.

Mrs. Della Woolley of Portales, N. M., visited her mother, Mrs. J. L. Langford over the week end.

Mr. and Mrs. Kyle Graves visited her brother, Clarence Hudgins, and family in Plainview Sunday.

Dr. and Mrs. T. H. McIlroy fished at Throckmorton Sunday.

Mrs. Era L. Moorehead and Terry Lou left Sunday for a two week vacation in Mineral Wells.

The paper also contained several want ads and citations, and a poem, in memory of George Washington, submitted by "A Young Lady."

Mr. and Mrs. Lal Copeland and Mr. and Mrs. Milton Bell re-children visited his mother, Mrs. turned last week from a vacation A. L. French in Elida, N. M., over in Port Aransas, Corpus Christi, the week end, and Lareda.

No need to longer bother about the matter, teachers. The University of Texas admonishes the teachers of Texas to simply load up their troubles in the old kit bag, and bring'em to the University this summer for solution. Now if the U. of T. will invent some way to help the poor, downtrodden country weekly editors out of some of their manifold troubles, the press is with them to the 'Nth degree. But perhaps the professors are already well aware that the press boys are helpless.

Up at Washington, we learn that the Bureau boys are already planning to dismember the oil companies. As it is, the oil people were not so hampered by red tape during the war but they

could deliver the goods where needed most and help win the war, by getting it "thar fustest." No, the gentlemen up at the nation's capital, who know just about as much about the oil business as a hog knows about a side-saddle, are wanting to confine the oil boys to piping the fluid to the gates of the refineries. They must not operate pipe line, rail or ocean tankers. It remains one of that old sad song, "pappy get the hammer, there is a fly on the baby's head."

As we have said in these columns on more than one occasion, there are people who are not worth 75c per hour; some not even 40c; and we have seen a few that we'd not want around our place at any price. They might contaminate the rest of the hands. The wise firm is not going to carry any excess load just to be accommodating. And the wise employer will trim his personnel to the pick of the flock, and hope and pray they can do the job without the excess baggage. No one wants to use a lot of people, even at a low wage that will not pay them, or that the firm cannot afford to pay and make money themselves. A living for the firm, its members and families, not to mention taxes, insurance, etc., has to come from some place.

A harnet's nest seems to have been "chucked" up there at Washington when the new Secretary of Defense suddenly and without very much explanation stopped the construction of a huge carrier, when the keel had already been laid. That was the pet hobby of the navy boys, while the air boys seem to think that in the near future they will be able to strike any place in the world and return from land bases. And that with the A-bomb, they would close any war in short order—say 30 days. It has not been so long since the Japs hit Pearl Harbor on December 7, 1941. Most of us vividly remember that day with sad regrets. But before Pearl Harbor, and a bit later, some of the air and navy boys were sounding off about the same way. "We'll lick the Japs in 30 days." Yep,

THE AMERICAN WAY

Economic Indigestion

nearly four years later and at a terrific cost in both life and money. Frankly we don't think the authorities should take sides with either faction, nor advice from either, unless it seems to be backed by common sense. And if there is quarreling among them like a passel of pet roosters, fire them, and hire men who can get along, in case our country is put in peril. Of course, it may be true that in a year or two we will have planes that can carry the A-bomb and other explosives into the stratosphere, and circumnavigate the globe, but until then, lets act like friends if not like kinfolks. We need harmony among the brass.

With another bumper grain (wheat) coming up, and fair prospects for all essential feed grain, with an average supply of beef, pork and mutton makings, we the people are sitting pretty. And to think just last year the powers that be at Washington were asking that rationing with all its headaches should be returned here in the United States, especially on meats. Of course those boys with nothing else to do at Washington would like to reimpose as much misery and woe on the people as possible. Isn't that what they're paid to do? But with a good demand for all the meat the farmers can produce, the congress would have played whack if

One of our exchanges tells us of a former soak he met a few years ago in Arizona. After joining up with the A.'s, the guy somehow quit the stuff, and is now running a pretty respectable eating place in western New Mexico. After some quizzing as to how he managed to quit and go decent, the guy said: "One has to soak under the table sometimes, to get that top of the world feeling." He might have added that such a step takes will power that some don't seem to possess.

It is said that the human nose has four uses other than being the chief seat of the sense of smell—one of the five. The others are shines, snubs, snoops and sneeze.

We'll have to go along with buses railroads and other fair minded people that the travel taxes should be repealed at once. Remember that the tax was socked on during the war, when too many were trying to use the railroads and bus lines to get nowhere in particular, when these transportation systems were badly needed in moving troops. Now that's at an end, and there are a lot of empty seats on trains and buses. With that extra 25 percent in taxes, neither are crowded at any time.

ANSWERS TO TEST YOUR I. Q.

Low Down From Hickory Grove

A message to 48 Governors is my effort today—aimed at the ones who don't yet savvy that they will be unneeded and excess baggage and surplus material once the Federal Govt. gets completely inside the tent. Helpless Governors who holler for help from Wash. for handouts to help build half-needed airports, recreation areas, a dozen kinds of securities, school lunches, valleys or vale Authorities, versus getting a hustle on themselves and doing the job, local, will come down to the office some morning or noon or whenever it is they come down and sittin' there, running the shebang, will be a Smart Boy from Washington.

And if you have read down to here and are not a governor nor expect to be one soon, or if you are just the mayor, or school principal, or chief of police—or only a simple taxpayer and on no public pay-roll—you can take heed.

As Uncle Samuel gets a bigger and bigger ownership in local affairs, he will give the orders. That is as plain as day, plain as was the writin' to Daniel when Bellsazzar's sweet little woman called him in to read what there was on the wall at Babylon. So you Governors get going, before the citizens commence thinking about trading you in on a more rugged model.

BRITISH SHOEMAKERS DISLIKE "COBBLES"

GREAT YARMOUTH, England — (AP) — British shoemakers don't like to be called "cobblers."

The National Federation of Boot Trades Associations adopted a resolution asking newspapers to stop using "this offensive word."

Few delegates to its annual conference backed a speaker who said "cobbler" was part of the language and objecting to it would only draw more funny headlines. Most of them sided with another man who said the only meaning he knew for "cobbler" was "clumsy workman."

Dictionary definitions of the word include both shoe mender and clumsy workman.

Keeping the poultry flock on full feed during the summer is important in good poultry production. Feed the layers all the laying mash they will consume.

Farm Silo Assures Feed When Needed

COLLEGE STATION, May 28 — A least of a famine is a pretty good description of the feed situation many cows face every year. Green growing crops have plenty of all the nutrients needed in a good ration, especially protein and vitamin A.

And the silo offers the best storage means for these nutrients until they are needed, says G. G. Gibson, extension dairy husbandman of Texas A. & M. College. Making good hay early in the season presents a problem because spring weather favors growth rather than drying out processes needed for silage.

As a result, lots of good hay is lost, or hay of poor quality is made into silage. With every crop, there's a best time for harvesting to get the highest nutrient value. Good silage can be made from hay and grass crops without the use of preservative by means of the wilting method, says Gibson.

With a little practice, farmers can learn to tell the best time the crop is ready for siloing. When a crop has wilted slightly, it appears a little lighter in color, and the leaves and stems will be limp but not dry and curled. Twisting will bring the moisture out of the

stems, but no free moisture will run off.

To much of Texas grass and hay land yields a low tonnage per acre, Gibson says. However, through fertilization, pasture management and seeding many farmers are changing this situation. High yields are becoming more common.

The silo is the best method for storing the early growth. Hay can be made later in the season when curing conditions are more favorable.

STRICKLINLY SPEAKING

Yep, while the Herald is short a hand or two, we can claim that we have one of the Smith boys and a Jones girl. Thorne Smith, however, believes the "Thorne" part of the name. He's a pretty smooth tempered cuss.

And Gertrude Jones is not one of the Jones boys, but admits she is a pretty good representative of the generation as a gal.

Then too, there is that Gene Walker. He is not only a fast walker but a fast talker. He talked a mighty sweet little Terry county lass into washing his dishes, cooking the meals and keeping house for him.

Also, there is Don Noble, a noble lad. But we feel like Mrs. Noble is more responsible for the cheerful disposition and will-

ing cooperation of the lad than dad Bob. Don is learning fast.

We could not end this tirade without a mention of Mrs. Gee Gee Privitt—not the California but Texas variety of Privitt. Also on occasion we have changed her name to Gee Whiz. She whizzes about.

And we could not close without mentioning C. D. (not Joe) Lewis. While a native of Ohio, we think C. D. draws the color line just a bit. But sometimes he has just about as much of a poker face as Joe. He'll grin, however, if you give him an ad.

However, all are a pretty good tribe, which suits this scribe,—which if said in time would make a rhyme. Now, ain't that silly?

Not trying to change the subject, but it seems that disappointments come faster and more of them as this old world wags on. Less and less confidence can

Trying the Real Thing

David Curtis, 13, prepares for a descent into the Navy's training tank at the San Francisco Naval Dry Docks, assisted by Chief Adam Sliwoski, left, and David's partner, Don Miback, 14. The two boys touched off a wave of "treasure fever" when David wrote the Penzance, England, Chamber of Commerce for specific information regarding ships sunk in that area. He described himself as a "deep sea diver with finances." The two boys later admitted they were only seeking adventure.

be placed in what people tell you. Not that most people just deliberately prevaricate — they just like to make it sound big.

Take a recent case for instance, about the wind that hit a small section of Abilene Sunday evening. We heard reports Sunday night by radio, did not listen Monday morning, but by noon the north half of Abilene had been demolished; 14 killed and many injured. Actually a few houses were damaged, and four persons slightly injured.

We do not mean to imply there are no dependable people, no good neighbors and friends. It is just that you cannot depend on what some excitable, half-listening people tell you. They're inclined to garble.

Did you ever notice how good everything tastes when you are dieting? Even diced carrots and spinach are fair vegetables under such conditions.

Don't say we said so, but we hear that a woman with her mind made up is about to change her mind.

Speaking of the ladies, and who isn't, we learn that Mrs. Frank Goldthwaite of Fort Worth, the West Texas Golf Champion, will participate in the golf tournament in Lubbock June 14-19. And many other notable women golfers will be there.

And speaking of golf, we drove out to the Country Club with others Sunday afternoon to watch some of the lads and lassies wham the little rubber pellet over that cowpasture.

Might also mention that the pit for the swimming pool has been completed, and forms in place for pouring concrete for the walls and floor. Not as large as the one here in town, but quite nice.

Well, if you are eating out with friends at night, and wish to retire at a reasonable time, just reach for the check and pay for it.

We have heard that no one reads the ads on the paper match books except friend wife, who wishes to keep up with the meanderings of hubby.

A question has been answered that we have been wondering about. How many farms in the U. S. A. are electrified. The General Electric News Digest says there are 4,235,000. Soon all will be electrified except in the most isolated places.

And us poor but proud folks may not like what we have to eat, but what we can afford to eat.

Some one has said that if all prayers were answered, we'd be in a muddle. Silly and unreasonable prayers are not answered, thank the Lord.

In 1940 the biggest import of the U. S. A. was rubber, \$318 million dollars worth of it. That

O'DONNELL WOMAN MISUNDERSTANDS ARTICLE IN HERALD

Mrs. C. L. Taylor writes in to correct us on the number of bluebonnets to be seen this year. We tried to leave the impression that Brownwood was as far south as we'd been. After telling us that the flowers were abundant in the Laredo-Junction area, she admits that Brady was the last place she saw any.

All we had to go by, was that they were not abundant along the roads, in the fields and pastures at Brownwood and this side, as in former years, so we asked the daughter and son-in-law after we arrived in Brownwood. "There were not many this year," they stated, "and most of the old timers credited it to the drought last year."

South and east of Brownwood, there was possibly more rainfall last year, maturing the seed. Brownwood is some 46 miles north of Brady. We can, however, agree with Mrs. Taylor, that when these state flowers are in abundance, there is nothing prettier than a field of them.

ALSO A TADPOLE ENTHUSIAST

We believe we stated in these columns lately that our son-in-law, Herman Trigg, was building a hot-rod car, and that he had it running, and as soon as some kind of a body is stuck on, he aims to drive it to Brownfield.

Well, along with his hot-rod hobby, he has another of raising a bunch of tadpoles in a fish bowl. He wanted us to stand over the bowl and watch them eat their breakfast. We told him we had a lot of chills when a youth fooling around where tadpoles were the chief inhabitants.

His tadpoles, he thinks, are very sanitary, as he changes the water in the bowl at frequent intervals.

Bill Fitzgerald was in this week to complain that he had another year of the Herald coming, but couldn't find his receipt. Didn't have to as we know Bill wouldn't claim something that was not coming to him.

item took fourth place last year, while paper soared to \$753 million for first place. Evidently synthetic rubber cut a hole in the import of the natural product.

But we keep accelerating our coffee purchases. It stood in the fourth place in 1940, but in 1948 it had soared to first place of raw products with a total of \$698 million dollars worth of "the cup that cheers but does not intoxicate."

Local News Of The Long Long Ago

(From Early Files of The Terry County Herald)

July, 1909

Charles Copeland announced an auto line from Brownfield to Lubbock, as a railroad was building to the latter place. A good smooth road with stock guards was to be put in, and it was waggons, buggies and hacks would keep off the road as they cut ruts. One way fare \$1, round trip \$7.

Mrs. Almeda Dial assures Brownfield ladies the latest in millinery the coming season. She has a hat shop. Mrs. Dial (later Mrs. W. G. Hardin) besides being a hat artist, was quite accomplished at the time as a musician, and was much in demand at social gatherings.

October, 1909

The T-4 ranch people (south-west Terry) are preparing to start to Bovina with 1100 head of four year old steers. This is said to be the best herd on the plains, and will go to feed pens in the north.

August 23, 1929

Terry's first bale of cotton for the season, was raised on the old John Seudday place by L. F. Townsend, and ginned by Farmers Gin. The West Texas plant ginned the second bale on the same day, raised by W. B. Benton in the same community.

A Baptist church was organized at the Happy school house, and Rev. V. W. Allen of Plainview, was called as pastor.

HAVE TERRYITES LOST CONTROL OF WEATHER

J. E. Michie, erstwhile Brownfield groceryman, now pounding away at the same trade at McAlester, Okla., wants to know if we have lost control of the weatherman out here, especially twisters. He is grateful that so far, Brownfield has been spared, in which dwells a lot of his friends.

Just a little secret between you and I, Everett. It is being slyly repeated here that so many Okies have moved to this section, that they have brought some of the twister. However, that is just talk, as most Okies make good citizens.

Then he goes on to state that despite too much rain, and a storm pretty close to McAlester, he has the best garden extant. Did the Mrs. do most of the work? And we are going to take you up on a drop by some time and sample some of that food.

More Smiles per Gallon

with Dynaflo Drive

THERE'S the smile when you slip the selector lever into Driving notch—and realize that's all there is to do.

There's the smile when you swing smoothly up to cruising speed without halt or check or break of stride. There's the smile at traffic lights when you halt, wait, then move away with never a thought about shifting.

But the broadest grin of all comes at the end of a long day's drive and you find you've covered more miles more easily. Even your treadle-foot — so likely to become tired and cramped maintaining an even speed in direct-drive cars—appreciates the fluid ease of Dynaflo.

For Dynaflo Drive is not merely a new transmission. It's a new experience — a new luxury in driving. In ten minutes you are handling it

like a veteran — in two days you wouldn't be without it.

Small wonder, then, that Dynaflo is the drive with which all new developments in transmissions are compared.

Not merely "something better," it is something entirely new, the first exciting chapter in a whole new book.

Go learn for yourself how abundantly rich in pleasure every gallon becomes when you have Dynaflo.

Your Buick dealer will be glad to demonstrate—glad to quote delivered prices — glad to talk terms of as fine a deal as you could want.

And you'll find glad surprise in the delivery dates he is now mentioning.

BUICK alone has all these features

- Silk-smooth DYNAFLO DRIVE* • FULL-VIEW VISION from enlarged glass area

 The successful bidder will be required to furnish a performance bond for 100% of his total bid, written by a responsible surety company satisfactory to the City Council. The City reserves the right to reject any or all bids and to waive formalities.
 Bidders are expected to inspect the site of the work, and to inform themselves regarding local condition.
 Plans, specifications, and other proposed contract documents are on file at the office of Joe E. Ward, Consulting Engineer, 545 Nacol Building, Wichita Falls, Texas, and at the office of the City Secretary at Brownfield, Texas. Copies may be secured upon the deposit of Fifteen Dollars (\$15.00) which will be returned if the contractor submits a bona fide bid, and/or returns the plans and specifications before the bid opening date.
 The proposed work includes approximately the following:
 26,040 ft. of combined concrete curb and gutter, 57,750 S.Y. of grading for paving, 57,750 S.Y. of triple asphalt surface treatment on 8" caliche base course pavement, and 1,280 ft. of concrete headers.
 Dated at Brownfield, Texas, this 24 day of May, 1949.
CITY OF BROWNFIELD
 Mayor C. C. Primm,
 Attest: J. H. Aschenbeck,
 City Secretary. 45c

Former Policeman Thanks The People
 To the good people of Brownfield, Terry County, Texas:
 I wish to take this means of expressing my sincere thanks and gratitude to you for your splendid co-operation and help since I have been working as one of the city police department. You have been very kind and considerate of me in every respect for the last 16 months, since I went to work with, and for, you.
 I feel that I have given you my best efforts (though feeble they have been), to make you a good policeman. I also feel that I have made many friends among you, which means far more to me than the money which you paid me for such service. There will always be a warm spot in my heart for each of you.
 To those whom I have not had the pleasure of meeting and getting acquainted with, I sincerely hope to have that opportunity some time in the near future. Especially do I want to thank the young people of Brownfield for their friendliness toward me. I certainly will miss those friendly waves and smiles, and that light touch of the car horn that you often gave me in passing by.
 I have tried to be fair and impartial to all alike, always endeavoring to carry out and enforce the law (as written), yet to be as kind as the individual under arrest would allow me to be.
 I am leaving the police department on my own initiative, for the simple reason that I am offered more money to support my family with. He that provideth not for his own family is worse than an infidel, says the Bible, and has denied the faith already.
 I hope to serve you again in the future as a law officer, and will assure you my very deep-level best at all times.
 Again I say thank you, and

WHAT'LL WE DO WHEN THE GAS GIVES OUT
 This week Representative W. R. Chambers, May, Texas of the 125th district composed of Brown and possible some nearby counties, sent the Herald a bit of information on what is being done with Texas natural gas, and where we may find ourselves in the future.
 He mentions just a few of the new pipelines recently completed and proposed, such as the El Paso Natural gas, a large one to Virginia and still another to North Carolina. In fact, the total capacity of all new and projected lines, Mr. Chambers says, will carry some 4 billion feet of natural gas per day.
 And the worst part of it is that the Texas Railroad Commission don't seem to be concerned about the matter very much. But the State Senate has asked them to appear at Washington and oppose future grants of gas lines from Texas.
 It seems that the US Supreme Court has recently held that "dedicated" line to other states, have preference over the state furnishing the gas. This case was from Kansas, where gas was being piped out.
 Justice Jackson asked if the ruling did not give the "dedicated" line to a non-gas producing state over Kansas. This was said to be a fact as the "dedicated" line was interstate commerce, and may be the best of everything be yours.

WOMAN PINNED UNDER CAR, DIES
PALESTINE, May 31 (AP)—Mrs. Robert F. Broadway, 60, wife of an Anderson County farmer and oilman was killed Tuesday, apparently the victim of a freak automobile accident.
 Her body was found pinned underneath her own automobile on a rural road near the Blackfoot Community 20 miles northwest of Palestine.
 Deputy Sheriff Clyde Rhodes expressed belief that she had stepped out of the car to adjust a faulty carburetor.
 The deep Blackfoot Oil Field was brought in on the Broadway Farms three years ago.
 She was a sister of Wade Cooper, former vice president of the Lubbock National Bank and a long-time resident of Lubbock County.
 A nephew, Bill Williams, of Meadow, attended funeral services in Houston Friday afternoon.
Mr. and Mrs. Bob Packard and son, Robert Allen, left Sunday to make their home in Longview. He is with Stanolind Oil Company.
Roy Collins, of Texas Tech, is here between semesters visiting her mother, Mrs. Fred Smith.
Mr. and Mrs. Roy Jenkins are on a two weeks' vacation in Arkansas.

Trotting Toward Hambletonian

With trainer Del Miller at the reins, trotter Rapidan, owned by W. N. Reynolds, works out at Roosevelt Raceway in Estbury, N. Y. If Reynolds' Hambletonian luck holds up, Rapidan should at least be in the money, for the tobacco man leads all other owners by having backed eight money-winners in previous runnings of the trotting classic. Rapidan's dam, Mary Reynolds, won the Hambletonian in 1933.

MRS JOE HAMILTON

**Billie Black and Joe Hamilton
United Sunday, 29th, in Clovis**

Miss Billie Beryl Black and Joe Hamilton sealed their marriage vows in a beautifully impressive double ring ceremony Sunday, May 29, at 9 A. M. in the home of the bride's parents, Mr. and Mrs. B. O. Black, in Clovis, N. M. The groom is the son of Mr. and Mrs. J. H. Hamilton.

The ceremony was performed by Luther G. Roberts, minister of the Ninth and Connelly Streets Church of Christ.

Pre-nuptial music was offered by Mrs. Laverne Williams of Clovis, after which Mrs. Earl Snyder, also of Clovis, sang "Because".

The vows were exchanged before an improvised altar of twin candelabra, each of which held seven tapers; palms; and a basket arrangement of cut flowers. The wedding colors of yellow, pink and green were carried out in the calla lilies, snapdragons, gladioli, and ribbons.

The candles were lighted by Miss Loveta Izard and Miss Lillian Hamilton, sister of the groom. They wore dresses of pink taffeta, with pale yellow carnation corsages.

Mrs. Byron Black, sister-in-law of the bride, was matron of honor. Her dress was of yellow, and she carried a bouquet of Marconi daisies.

The bridesmaids, Miss Delma Jones and Miss Mary Wanda Whitney, wore green frocks, and carried colonial nosegays of Elfe roses and pink rosette buds.

All of the bride's attendants wore tarras of braided ribbon (Continued on Page 4)

**MRS. HAFER HOSTESS
AT BRIDGE LUNCHEON**

Mrs. C. L. Hafer was hostess for a bridge luncheon Tuesday, May 31, at 1 P. M. in her home.

Chicken ravioli, lemon cream pie, and iced tea were served to the following guests: Mmes. Sam Kirschner, George Germany, Fred Bradley of Lamesa, and Guy Bradley, J. M. Noble, Jr., Sam Singleton, Thurman Wells, Marshall Whitsett, Harry Clemmedge, Lynn Birdwell, and Harvey Jordan, all of O'Donnell.

Mrs. Kirschner won high, and Mrs. Noble won second high. Mrs. Bradley won low, and Mrs. Singleton received the traveling prize.

**THE DENNIS LILLYS
ENTERTAIN BARRACCA
CLASS TUESDAY**

Mr. and Mrs. Dennis Q. Lilly entertained the Barracca Sunday School Class of the First Methodist Church Tuesday, May 31, at 7:30 P. M. with a chicken fry.

The guests list included Mr. and Mrs. Dave Finney, Mr. and Mrs. J. L. Newson and Barbara, Mr. and Mrs. Will Fitzgerald, Mr. and Mrs. Roy Herod and Billy Mack, Mr. and Mrs. Johnny Criswell, Mr. and Mrs. Willie McDonald, Mr. and Mrs. Looie Miller Mr. and Mrs. George Steel and Buzz, Mr. and Mrs. Burton Hackney and Jane and Jimmy, Mr. and Mrs. Bill Aschenbeck, Mr. and Mrs. Mon Telford, Mr. and Mrs. Harvey Gage, Mr. and Mrs. H. **PBC TEA BEGINS RUSH
WEEK SATURDAY**

The Phi Beta Craesus club began rush week with a tea for all the club members, club sponsors, rushees, and mothers of rushees last Saturday, May 28, between 5:00 and 6:00 p.m., in the home of Mrs. O. L. Stice.

Misses Barbara Stice, Peggy Black, and Nan White greeted guests at the door. Rushees were presented rush booklets.

The table was laid with a lace cloth and centered with a bouquet of white gladiolus and purple larkspur and tall white tapers. Misses Lynn Sturgess and Annie Grace Nicholson presided at the table.

Guests were shown a display of the club pins, sweaters, scrapbooks, and achievements for the past year.

Approximately 50 guests called.

**MEADOW WSCS
MET MONDAY**

The Meadow W. S. C. S. met in the home of Mrs. L. Carruth Monday, May 30, and finished their Bible study, "Newness of Life".

We had an all day meeting with a covered dish luncheon. After the study, a caravan of women from Lubbock, Slaton, and Ropes visited with us and put on an "Advance" program.

Allen, Truett Frache, Lal Copeland, Misses Marion Wingerd and Mary Ballard, the honorees, and the hostess.

Chit Chat

WHAT is so rare as a day in June? Say, from 6:00 a.m. until 9:00 a.m. After those three hours, the Indians can have June back. It's too hot for us fat gals.

Don't see how anyone could miss it, but in case you have, come on down some day and take a look at some of the black forests sprouting on almost every male native's face. The event is the Jaycee's beard-growing contest, which will last through June 25. One of the blackest and longest belongs to Jack Thomas, and by June 23, it should be a dilly.

We were talking to Miss Olga Fitzgerald over at the county library the other day, when we were deluged by children, bringing back and taking out books. When the smoke died away, Miss Fitzgerald told us that more children take advantage of the library than adults. If the kids keep using the library like they do, in ten or fifteen years' time, the adult's percentage should rise somewhat.

Brownfield's clean-up campaign didn't have much of a chance, what with that slug of sandstorms we had. If most of the people were like your writer, they were too busy scanning the skies for funnel-shaped clouds to be doing much cleaning. The city, however, did its part by sending its trucks around to pick up the trash that people stacked in their alleys, and **JOY OF JOYS!** made big war on the flies by fogging the town. Bill Aschenbeck told us that the city plans to fog the entire city every two weeks with DDT during the summer.

In making our tour of the shopping district this week, we have seen several displays of "rodeo trappings." More to come in the future on that. Mostly we have been admiring the ice cream tones in men's dress shirts—pink, lavender, yellow, pale green, gray, and tan. Practically every store in town has them, and they'd sure make elegant Father's Day gifts, we think.

FEDERATED MISSIONARY SOCIETY MET MONDAY

The Federated Missionary Society met Monday, May 30, at 3 P. M. in the sanctuary of the Methodist Church. Mrs. Bill Lyle presided.

Mrs. R. D. Shewmake led the devotional. Mrs. A. H. Pierce discussed the chapter of Jeremiah in the Bible, and Mrs. Phil Gasch discussed the chapter of Amos.

After the meeting, members of the society gathered in Fellowship Hall for refreshments of sandwiches, mints, and tea, by members of the Hester Dale Circle.

Thirty two members of the society attended the meeting.

Mealtime Marvels

GRILLED HAM-PINEAPPLE PLATTER

Do you ever get in a last-minute rush and have to whip up a quick supper for unexpected company? Of course you do, if you're human. When you're caught in a tight like this, run to the cupboard for a can of luncheon meat, a can of pineapple, and if you're lucky enough to have some cooked sweet potatoes on hand, add them to an appetizing:

- Grilled Ham-Pineapple Platter
 - 1 can luncheon meat
 - 6 slices pineapple
 - 4-6 medium size sweet potatoes (cooked)
 - 1/4 cup fortified margarine
 - 1/4 cup corn syrup or sugar
- Keep prepared sweet potatoes stored in the refrigerator until ready for use. Peel and cut in serving-size pieces. Slice the canned luncheon meat in generous slices. Open and drain the pineapple. Melt the margarine in a frying pan. Lightly brown the sliced meat and pineapple. Remove to warm chop dish. Place the sweet potatoes in the pan. Sprinkle with sugar or glaze with syrup. Arrange on platter and serve. If the oven is being used, the sweet potatoes may be heated in the oven while the other food is cooking. Sliced apple rings may be used in place of pineapple. Serve with hot rolls, margarine, and a tossed green salad.

And again our developments in engine protection keep pace with our advances in performance! Full Pressure Lubrication prolongs engine life. Exclusive Full Flow Oil Filter keeps oil so clean that a change is necessary only every 5,000 miles. Chemically treated cylinders reduce cylinder wall scoring, save on oil. New Wide-Gap Resistor Spark Plugs cut misfiring, conserve fuel. Superfinish reduces wear of moving parts. And these are only a few of the Chrysler engineering "firsts" the others can't match. Black-Hamilton—

to harmonize with their dresses. The dresses had short puffed sleeves and low scalloped necklines, and were made on the lines of the bride's gown.

Given in marriage by her father, the bride wore a traditional white slipper satin gown, made with long pointed sleeves, a fitted bodice and a full skirt ending in a train. A scalloped lace yoke formed a high round neckline, and the back buttoned down to a low waistline. Her veil fell from a braided tiara, which was finished with scallops of pearls. She wore a penny in her shoe, her mother's wedding ring, and a blue garter. She carried a white Bible, topped with a cascade bouquet of a lavender orchid centered in stephanotis, tied with long satin streamers looped in lovers knots.

The bride's mother wore a black dress, and the groom's mother was dressed in navy. They both wore white Ophelia rose corsages.

Windell Whisenant served as best man.

Following the ceremony, a wedding reception was held in the home. The table was laid with a lace cloth over pink taffeta, and was centered with two white alabaster cupid holding garlands of deflexis fern, pink rosettes, and stephanotis. The garlands circled the punch bowl, and the three-tiered wedding cake, which was topped with a miniature bride and groom. The buffet was decorated with flowers and four yellow tapers.

Mrs. E. C. Walker, sister of the groom, and Patsy Black presided at the table.

The guests registered in a bride's book, exquisitely hand made of shirred chiffon forget-me-nots, lace, and ribbon streamers, by Mrs. Lee Fulton. A spray of deflexis fern, baby's breath, and pink Elfe rosebuds topped the book.

The couple left immediately following the reception for a honeymoon in Colorado Springs. The bride left in a two-piece brown and white striped cord suit with brown and white accessories. She wore an orchid corsage.

Mrs. Hamilton is a graduate of Clovis High School, and attended business college in Lubbock last year. The groom is a graduate of Brownfield High School, and is employed at Piggly-Wiggly Food Store. The couple will live in Brownfield.

Guests at the wedding included Mrs. W. H. Black, grandmother of the bride; Mr. and Mrs. J. H. Hamilton; Mr. and Mrs. Lee Fulton; Mr. and Mrs. W. H. Key; Mr. and Mrs. Ross Black and children, Michael, Peggy, and Patsy; R. D. Jones, Jr.; A. C. Oliver; Mrs. R. W. Whitney and son, Bobby; and Patsy Johnson, all of Brownfield; Mr. and Mrs. E. C. Walker and daughter, Sheryl; of Dallas; and Mrs. Earlene Glass of Fort Smith, Arkansas.
