Jaycees Starting 'Rodeo Trips' Monday

PURSES ANNOUNCED

Frank Szydloski, general chairman for the aycee Rodeo, announced the purses for the different events this week. More than \$1500 in purses will be awarded, on a personal point system.

Purses for each five events will be \$300.00, plus the entrance fee. Entrance fee for bull riding, bareback riding, and will be \$15 each. Entrance fee for bulldogging will be \$20.00 and for calf roping \$25.00.

There will be a girl sponsor contest, with a purse of \$75.00. Entrance fee will be \$5.00, with the contest to be announced at the opening night of the rodeo.

Howard Brown of Dublin is furnishing the stock for the rodeo, and his is some of the finest in the country. Mr. Brown is a well known stockman, not only of Texas, but in many states, and is noted for his showmanship.

Dr. Marshall, Wayland President, Speaker At Rotary Tonight; Plans European Tours

President J. W. Marshall of Wayland College in Plainview, speaker at Rotary Ladies Night here tonight (Friday), expects to address Rotary Clubs in Europe this summer on a tour there.

This reflects the international interests of the head of the Plains college, who has led in getting 26 students from eight foreign nations to attend Wayland this year.

"Many of our ideas for an international outreach at Wayland came to me from my membership in Rotary International," Dr. Marshall stated.

His trip to Europe will not be his first one. In 1947, he led a large delegation to the Baptist World Congress in Denmark. At this meeting he met three Latvians, the family of George Lamberts, who have since become students at Wayland.

Election to the presidency at Wayland climaxed a career of work among young people for this young college president. He served five years as a head of student work for the Texas Baptist General Convention and four years as secretary of personnel for the Baptist Foreign Mission Board, with headquarters in Richmond, Va.

Dr. Marshall went to Mexico in March and Hawaii in April, both repeat visits. He was due to re-visit China last Christmas, but Communist advances there caused him to postpone his trip.

Wayland, which changed from a junior to a senior college two years ago when Dr. Marshall became president, last month graduated its first four-year degrees to a large graduating class. Summer school now is in session with 125 enrolled.

A summer school, jointly sponsored by Wayland and the University of Guadalajara, will be held in Mexico this summer with Mrs. J. P. Woodward, head of the Wayland language department, in charge.

At the meeting tonight, the following new officers for the coming year will be installed: Clovis Kendrick, president; C. G. Griffith, first vice-president; A. M. Muldrow, second vice-president; David Nicholson, secretary-treasurer; and John Hill, program chairman.

Rotarians, Lions Cooperating With Jaycees In Work

The first Jaycee Rodeo Booster Trip is planned for Monday, June 20. Two buses have been chartered, and the will leave at 8 a. m., sharp, Monday morning.

Members of the Rotary Club will travel in a body in the Rotary School Bus Monday, advertising their Harvest Festival, along with the Rodeo. The Lions Club will also be well-represented on both trips.

The charge for the trip Monday will be \$4.00 per person, and

\$97,217.50 Lowest Bid For Paving

Bill Aschenbeck, city secretary, announced this week that the lowest bid has been accepted on the city's proposed paving project for \$97,217.50.

The plan, which will cover approximately 30 blocks, will include 26,040 ft. of combined concrete curb and gutter, 57,750 square yards of grading for paving, 57,750 square yards of triple asphalt surface treatment on 8 inch caliche base, and 1,280 feet of concrete headers.

Kerr-Middleton of Lubbock submitted the bid and was awarded the contract. Work will begin in the very near future.

The total cost of the bid will not be assumed entirely by the city. A charge of so much per foot will be paid by the property owners.

Will Ed Harris Visits Friends Last Week

Will Ed Harris, whose dad and family were among the pioneer settlers here, called last week while the Old He was away, but had a long talk with the Mrs., with whom he attended school here in the early days. Harris is related to the late W. A. Bell, and moved from Marshall to Terry along with the Bell family and the late John S. Powells.

Will Ed left three ancient pictures. One was the famous race scene between Glen Chareton and Cleve Holden on the north side of the square. If we remember right, Chareton was a University of Texas sprinter, while Cleve was just a western country boy. Chareton won by a nose as he made a long jump to hit the tape. Cleve thought that he had to run it out. It is our aim to run some of these pictures a bit later so the newcomer can see how Brownfield looked 40 years ago.

LYMAN L. BLACKSTOCK BURIED HERE YESTERDAY; QUARTER CENTURY IN AREA

Lyman L. Blackstock, 74, died Wednesday, June 15, at 1:30 a. m. in Treadaway-Daniell Hospital after a long illness.

Born in Talmo, Ga., February 11, 1875, Mr. Blackstock lived there until 1900. In 1899, he was married to Miss Annie Eloise Harrison in Talmo.

The Blackstocks moved to Texas in 1900, and to Terry County in 1923. Mr. Blackstock retired several years ago because of his ill health.

A long-time resident of Terry County, Mr. Blackstock was a well-known farm and stockman. He was a member of the Baptist church.

Survivors include his wife; two

daughters, Mrs. John C. Shinn of Meadow, and Mrs. Charlie Broughton of Odessa; three sons, L. L. Jr., of Odessa, and Bill and Paul of Brownfield; two sisters, Mrs. Levis Isbell of Bowman, Ga., and Mrs. Scott Murphy of Talmo, Ga., and R. A. of Pester, Texas.

Funeral services were conducted Thursday, June 16, at 3 p. m., at the First Baptist church, with Rev. C. J. McCarty of Lubbock officiating. Rev. A. A. Brian, pastor of the First Baptist church assisted.

Interment was in Terry County Memorial Cemetery, under the direction of Brownfield Funeral Home.

Active pall bearers were A. A. Sawyer, Irvin Rambo, Dick McDuffie, Chock Winn, Paul Young, and Johnny Criswell.

Honorary pall bearers were K. W. Howell, Arch Fowler, Jess Smith, W. P. Murphy, Matt Williams, Tom Doss, W. A. Tittle, E. D. Ballard, D. M. Wade, and Lee Hulse.

A. M. Muldrow To Command Legion For The Next Year

A. M. Muldrow was elected new post commander of the American Legion at the regular meeting Thursday, June 9, at Veterans Hall.

Dr. W. A. Roberson was elected first vice-commander; Dr. A. H. Daniell, second vice-commander and John (Tiny) Nelson, third vice-commander. Stuffy Moorhead was chosen to be the new finance officer.

Sam Privitt commander, will head the new building committee, and J. B. Huckabee and Whitey Lowe will serve with him.

New officers will be installed and assume duties at the next regular meeting, which will be July 14, at Veterans Hall.

Lions Hear 'Italian' Recording the 22nd

Members of the local Lions Club were entertained with a very interesting recording, played for them by Jimmy Wood, minister of the Crescent Hill Church of Christ, at their regular meeting at the Esquire Cafe at noon Wednesday.

The recording was made in Italy by Cline R. Paden, and was a transcription of a fiery meeting held by a group of Italians. The record was in Italian and Mr. Paden translated it.

Rex Headstream was program chairman.

SUGGESTION

The City would appreciate all residences and apartment houses to have their own individual trash barrels, and to burn their trash daily, spread DDT around trash barrels, also doors, windows, and around air conditioners, especially where water pipes drip or run on to the ground, or any place where mosquitoes might breed.

Please place all trash barrels at a place where the city garbage truck can get at them.

Trash barrels may be bought from any one of the wholesale oil companies.

Please help keep the flies and mosquitoes out of town.

CITY OF BROWNFIELD

BIG WEST DRILL CREW IN MISHAP

Four members of a Big West Drilling Company Crew were shaken up but none seriously injured Sunday, June 12, at about 6 p. m., when the car in which they were riding overturned twice on the Sundown road, about 19 miles from Brownfield.

Steele Bayless, who was driving the automobile, said that as the vent over a dip in the road, a rear tire blew out, and the car rolled over twice. They were traveling approximately 50 miles per hour. The car was a total loss.

Bayless suffered a deep cut over his left eye and multiple bruises. Clem Bergen, another occupant of the car, received cuts and bruises. Billy Bob Auberg and Dewey C. Neil, also riding in the car at the time of the accident, were only shaken up and bruised.

Woman Escapes Accident Injury

Mrs. Ernest Burnett escaped injury in an automobile accident about 11 p. m., Sunday night when her 1949 Buick crashed into a parked car with no lights on the Lamesa highway.

No one was injured in the accident, but the cars were heavily damaged.

RECEIVES PROMOTION TO DISTRICT MANAGER

Mr. K. D. Snedeker, with Kobe Corporation, received a letter last week from the home office in Oklahoma City, stating that he had been promoted to district manager. Mr. Snedeker's territory will be from Brownfield to Pampa.

The Kobe office is located at 214 South 5th St.

CITY SUPERINTENDENT UNDERGOES SURGERY

E. D. Jones, city superintendent, underwent major surgery at Treadaway-Daniell Hospital Wednesday morning.

His condition is reported to be satisfactory.

PRICE DANIEL VISITS LOCAL ATTORNEY

Price Daniel, Attorney General of Texas, stopped by Brownfield Thursday morning en route from Lubbock to Ft. Stockton, to visit with Burton G. Hackney.

Mr. Daniel had attended the ABC Rodeo in Lubbock. He and Mr. Hackney have been friends for several years.

Local Firemen Are Off To Convention

Mr. and Mrs. Herman Chesshir, Mr. and Mrs. Lee Orvil Lewis, and Mr. and Mrs. Ches Gore left Sunday for Galveston, where they will attend the State Firemen's convention, which was in session June 14-16. They plan to be gone 10 days.

Other firemen who attended the convention were Lewis Simmonds, Johnny Rayborn, Marion Linville, Jim Cousineau, and A. V. (Red) Black.

Mr. and Mrs. Dick Fallis Left This Morning (Friday) for Hot Springs, Ark., where they will spend next week. En route there, the will stop at Fort Worth and attend the wedding of a niece of Mrs. Fallis.

Mr. and Mrs. Warren Injured in Accident

Mr. and Mrs. Warren, Hellen Goldston and Roy Perkins were on their way to Portales, N. M., to attend the chicken fights when the mishap occurred.

Mrs. Warren more seriously injured remained in the hospital until Wednesday when she was returned to her home in this city. C. R. was treated for bruises and cuts then released. The two other occupants of the car escaped uninjured.

The accident occurred when C. R. was blinded by the lights of the car he was meeting and did not see an unlighted car parked on the highway.

Mr. and Mrs. Dick Fallis Left This Morning (Friday) for Hot Springs, Ark., where they will spend next week. En route there, the will stop at Fort Worth and attend the wedding of a niece of Mrs. Fallis.

LOCAL MAN INJURED IN ACCIDENT

J. H. Caperton was slightly injured early Friday morning three miles west of Brownfield, when the car in which he was riding overturned. Cause of the accident is not known.

The car was heavily damaged.

JAYCEES OFFICERS TO BE INSTALLED MONDAY NIGHT

Monday, June 20, is Ladies Night for the Jaycees. The meeting will be held at the Esquire at 8 p. m., and all members are urged to attend.

New officers for the coming year will be installed. Everyone must wear Western Clothes, or be fined.

Parade Is Thursday Lead

Opening Features Show Of Entries, Sponsors, Floats

A big parade, beginning at 1:30 p. m., Thursday, June 23, will lead off the three-day Second Annual Jaycee Rodeo. Fran Szydloski, parade chairman and also general chairman of the rodeo, asks that all persons interested in entering a float or any sort of demonstration, prepare to do so. Officials hope that this will be one of the biggest parades ever staged in the history of Brownfield.

Unofficial lead-off to the rodeo will be the dance held at the Veterans Hall the night of Wed. Veterans Hall the night of Wednesday, June 22. Jake Miller and his band will play for this dance, and for the dances the following nights, after each night rodeo performance.

Food Mart Has New Machine In Operation

Fred Yandell, who owns and operates the Food Mart at 705 Lubbock Road has purchased a new Federal Steakmaker.

With this new machine, Mr. Yandell can turn out "melt-in-your-mouth" minute steaks, and can tenderize round and loin steak at the drop of a hat.

The Food Mart has an excellent market and an unsurpassable line of canned goods.

Jaycees Complete Plans; Ready For Big Celebration

The Jaycees held their regular meeting Monday noon, June 13, at the Esquire, with president John Kendrick presiding.

Frank Szydloski, general rodeo chairman, also has charge of the parade, which will begin at 1:30 p. m., June 23. J. B. Huckabee is in charge of the dances, and John Kendrick is in charge of the concessions and the stadium.

The announcement was made, reminding all members to attend the Ladies Night Monday, June 20. It was further stated that all persons attending the banquet that night must be in western garb or be fined.

Cliff Jones was slated to move the temporary bleacher seats from the ball park out to the rodeo arena.

Members voted to officially begin Western Week today (Friday) and an itinerary of the booster trips was given.

OFFICIAL WESTERN WEEK BEGINS TODAY

Western Week in Brownfield officially began at 8 A. M., this morning (Friday) spokesmen for the Jaycees announced.

All members of the Jaycees are required to dress in western garb for the next week. Any Jaycee caught in "civilian" clothes will be subject to a two dollar (\$2.00) fine when apprehended.

The price for Tuesday's trip will be \$3.00 per person.

Eighteen members of the high school band will accompany the boosters.

Individuals are urged to join the cavalcade and advertise their own businesses or firms, as long as they also carry advertising for the Jaycee Rodeo on their vehicles.

The schedule for the trips is as follows:

GRAHAM SMITH ATTENDS WORLD ASSEMBLY, N. Y.

Mr. and Mrs. Graham Smith and Charlotte Ann returned home last Friday night after being gone four weeks on vacation.

Mr. Smith attended the General Assembly of the Presbyterian Church in the United States of America, held in Buffalo, N. Y., May 17 through May 26.

The main issue involved at the assembly was the re-organization and structure of the Presbyterian church. At the present time, there are some 40 synods, and the assembly was endeavoring to bring this number down to a maximum of 12 synods. Final approval of the plan will be decided by the churches.

On Sunday, May 22, 160 Presbyterian ministers from all over the world held services at the various churches in and around Buffalo. There were many outstanding ministers and foreign missionaries from all over the world.

At the first two day pre-assembly conferences for laymen, and the week of general assembly, there were representatives from all the presbyteries in the U. S., the World Council of Churches from Switzerland and England; the United Church of Canada, the church of Christ in China, the church of Christ in Japan, and missionaries from India, Arabia, Africa, central and South America and Asia.

When the Assembly was over, the Smiths stopped for two days in Washington, visited Mt. Vernon, and proceeded to Palmetto, Fla., where they visited Mr. Smith's parents, Mr. and Mrs. S. Smith.

RIVER BILL—President Truman June 9 signs legislation enabling Texas and New Mexico to enter into a compact for division of the waters of the Pecos River. Standing left to right at the White House ceremony are Sen. Clinton Anderson (D-NM), Sen. Tom Connally (D-Tex.), Charles Miller of Barstow, Tex., Texas member of the Pecos River Compact Commission, and Rep. Regan (D-Tex.), author of the measure. (AP)

Local Man Authorized To Take Enlistments For Reserve

For the first time, Organized Reserve Corps officers not on active duty have been given the authority to administer the oath of enlistment for the Enlisted Reserve Corps, Colonel Oscar B. Abbott, executive for the Texas Military District announced last week.

Lt. Col. Jerome Kirschner, 802 E. Cardwell, has been appointed Recruiting Officer for Brownfield enlisted reserve corps.

Under this new Army ruling, certain selected Reserve Officers may serve as Recruiting Officers, although they are not on active duty. This measure is primarily for the benefit of Reserve commanders, but it also eliminated a great administrative obstacle in the enlistment drive. Many reservists have had to travel over 100 miles to be re-enlisted; now they may re-enlist in their home town by a home town Reserve Officer.

This authority, together with the authority recently granted to civilian physicians to make the required physical examination of Enlisted Reserve applicants, when it is impracticable to have this examination accomplished at a Federal medical installation, will greatly facilitate enlistments and re-enlistments of personnel in the Enlisted Reserve Corps, especially in outlying communities.

Nagging Headache

Whinnying his appreciation, Mizzen Mast accepts Mrs. Robert N. Wetzel's offer of a couple of aspirins crushed in sugar. The two-year-old isn't suffering from a hangover, but from occupational worry. Strictly a youngster in the racing business, having made only a couple of starts at Golden Gate Fields in Albany, Calif., the horse got a headache just wondering how he will do against those "veterans" next time out.

GOMEZ GOSSIP

Miss Billie Tittle visited Miss LaVeta Bass at Midland over the week end.

Noble Rutledge and family visited with Mr. and Mrs. W. M. Doss at Lubbock Friday.

Recent visitor in the Alfred Tittle home were Mr. and Mrs. Alvin Smith and children of Oil Center, N. M., Mr. and Mrs. T. Turner and daughter of Eunice, N. M., and Mr. and Mrs. S. Carroll and daughter, Carolyn, of Sweetwater.

Mr. and Mrs. A. C. Rutledge and son from Seminole visited Sunday in the home of his brother, N. Rutledge and family.

Misses Jackie and Tennie Wade spent the week end visiting their sister and her husband, Mr. and Mrs. John O'Neil of Plains.

Mr. Doc Key is a patient in the local hospital this week. He has had pneumonia, but it is hoped he will soon be home.

Little Tommie Lee Buckley, of Hobbs, N. M., is visiting his grandparents, Rev. and Mrs. T. L. Burns, this week.

Mr. and Mrs. C. H. Farrar and children visited Sunday at Lamesa with Mr. and Mrs. Eugene Payne.

Visitors Sunday in the G. I. Kempton home were E. H. Hester, E. W. Hester, W. L. Hester, and Mrs. Grace Bates, all of Lubbock. They and the Kemptons visited Sunday afternoon with M. and Mrs. G. W. Waters in the Happy community.

Ninety-five were enrolled in the Daily Vacation Bible School held at Gomez Baptist Church last week, with an average attendance of 76.

Mr. and Mrs. Alvin Herron and daughter, Gayle, visited her parents at Lubbock over the week end.

Little Dorothy and Jonnie Pearl Newberry of El Paso visited in the homes of their uncles, R. G. and Alvin Herron last week.

Thrilling Road Show At Rio June 19-20

Hiram Parks has announced that on Sunday, June 19, and Monday, June 20, at the Rio Theatre, one of the most spectacular shows of its type will be shown.

Actual films of famous headlines in crime will be shown, including Public Enemy No. 1, John Dillinger. Also shown will be "Machine Gun" Kelly, Raymond Hamilton, cigar-smoking Bonnie Parker, and gun-crazy Clyde Barrow. Five of the toughest and most dangerous criminals ever encountered by the federal government.

Don't miss this thrilling show, which follows these, and other lawbreaker from the beginning of their lives of crime through their capture by G-Men. At the Rio, Sunday and Monday, June 19-20.

Bears Still Low Men On The Totem Pole

Unable to break the losing streak that has plagued them since the season opened, the Brownfield Bears dropped their twelfth straight loss in the Oil Belt League to the Levelland Refiners Sunday, June 12, to the tune of 12-6.

The game was nip and tuck

through the fifth frame, but the refiners got a sudden burst of energy in the first of the sixth, to run ahead of the Bears.

At the end of the second inning, the Bears were ahead 2-1, but the Refiners ran in four scores at the first half of the third. In the last of the fourth, the Bears chalked up four to nose ahead, 6-5. Then the Refiners tied up the game in the first of the fifth.

After the end of the sixth inning, with the Levellanders running in six more scores, the tale was told. The game ended 12-6.

THE WORLD OF

SPORTS

Still sitting on the bottom of the ladder in the Oil Belt League, Brownfield's Bears will be out for a win come Sunday, when they go to Tahoka for a double header at 2 p. m.

Harold Crites, manager, told this reporter that new material has been added to the team, and that the Bears are really plugging to break their losing streak.

The American Legion Junior Baseball Club is still growing strong, and we think it's a good deal. Nothing like starting from the cradle teaching our youngsters sportsmanship. The older Juniors lost their game with Morton last Friday, but the younger club (boys under 14) took their game from Morton.

Herring pitched for the younger team—a no-hit game.

Women Golfers Out For Trophies This Week In Lubbock

Some Texas' top women golfers are attending the Twelfth Annual Women West Texas Golf Association Tournament in Lubbock this week.

Defending champion of the title is Mrs. Sam O'Neal of Odessa, and she will probably have some pretty stiff competition during the tourney. One of the main threats to Mrs. O'Neal's crown is Mrs. Frank Goldthwaite of the Rivercrest Country Club in Fort Worth.

First rounds in the tourney started yesterday, with the second round being played today. Tomorrow, Saturday, the players will go into semi-finals, and Sunday will be the championship matches.

The trophies and prizes, which will be awarded Sunday at 5 p. m., are some of the handsomest we've ever seen.

SOCIAL SECURITY MAN HERE JUNE 23

Gerald L. Schantz, Social Security Administration Representative, will be in Brownfield at the Post Office at 9:00 a. m., on June 23, for the purpose of answering any questions you may have on social security. Mr. Schantz will be available to discuss possible benefits and take claims from persons who seem to be entitled to benefits, and take applications for social security account number cards.

To make sure that every employee and his family receive all insurance to which they may be entitled, employers should report all wages to the government under the name and account number of each employee as shown on the worker's social security card.

BACK FROM THE LAND OF COUSINS

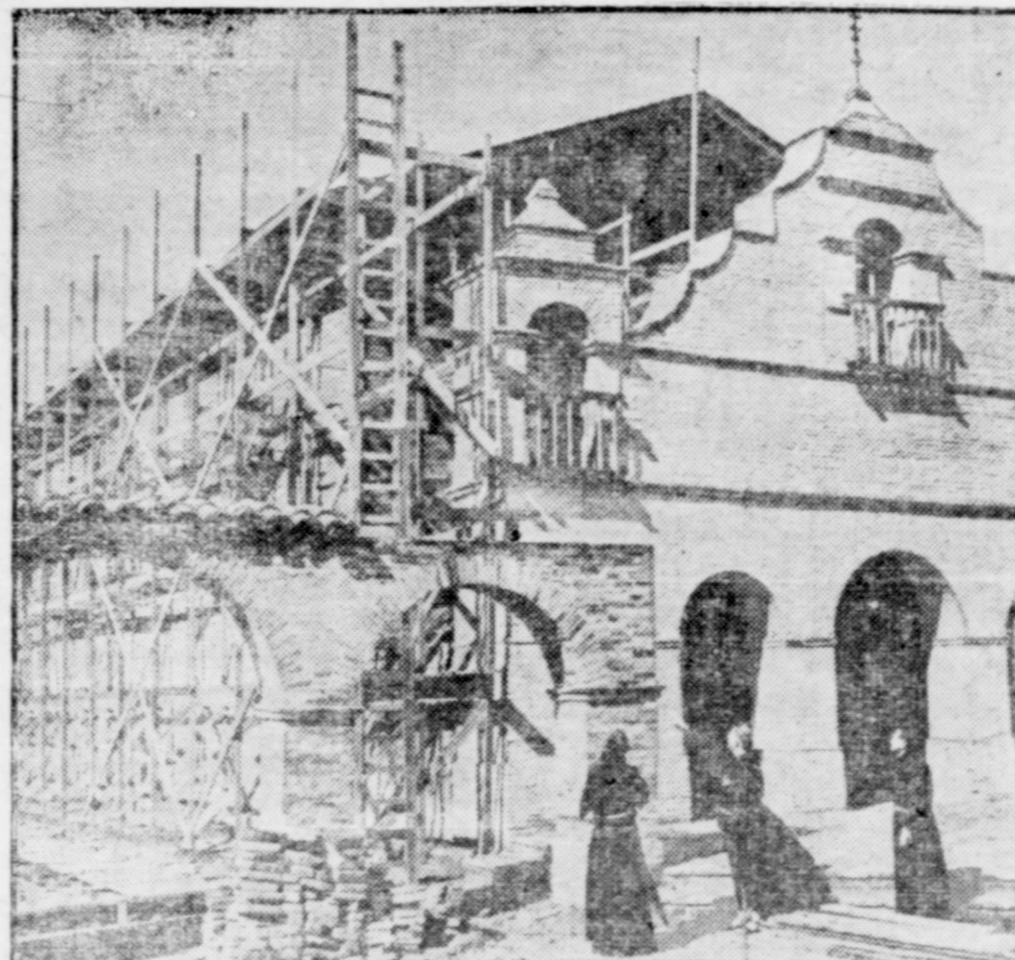

Phillip Rogers, wife and two children, little Miss Phyllis and baby Gary, left here on the morning of June 1st, and returned the afternoon of Tuesday, the 14th. The Old He was allowed to tag along. We have about gotten used to the prefix "Cousin" since Phillip began to make his home here, but you really hear it back there. But it is really the younger generation and in speaking to, or about some of the older kin—and they're all kin.

The Home-Coming at the New Hope church of Christ was the main reason of the ingathering of people from the four corners of the universe, and Texas was well represented, the three living Stricklin brothers all attending, as well as the second generations, and one lady as far west as San Angelo. Perhaps Arkansas and Mississippi had more visitors than Texas.

Just a bit about this old church. The records show that it was established about 1840, or 109 years ago. The original building was burned during the "Uncivil War." Part of the building rebuilt around 1870 still stands. In our boyhood days, the old church building did double duty, church and public school. The old cemetery has graves that were made more than 100 years ago, and thousand of people now living have loved ones buried there.

We are not going to tell you too much this week, but our good right hand was rather tired when the meeting broke up in the afternoon, shaking hands, and talking to some we had never seen, and to many whom we had not seen in 50 years or more. Nor could we stop without paying tribute to the good ladies of the New Hope-Middleton section, literally covered a table 4 feet wide by 100 feet long with the most and best "catin'" we have seen in a long, long time.

And we mean the table was covered, and many many pies, cakes, etc., were never taken from the boxes. There was no room for them. Hundreds of other people could have been fed. More next week.

MISSION COMES TO LIFE—An empty ruin for many years, the mission of San Antonio de Padua in southern California is in the process of restoration by brown-robed Franciscan padres and brothers. The mission was founded in 1771, but the ravages of time forced the monks to abandon it years ago. A recent donation by a generous American enabled the Franciscans to begin reconstruction, using adobe brick and old-time building methods.

WELLMAN NEWS

The wind and rain in the Wellman community Sunday night, June 12, damaged newly planted crops and destroyed young crops. C. P. Rowland's garage was destroyed, also, by the high wind.
 Mr. and Mrs. Charles H. Jackson and children have returned to Wellman after visiting relatives in Brady, El Paso, and other points in Texas. Mr. Jackson's father is very ill at his home in El Paso.

The Joe Howtons attended the ABC Rodeo in Lubbock, Friday night.

Mrs. G. A. Rich is ill with bronchial pneumonia. The Rich family, Maxine and her parents, have recently returned from a trip in Colorado. The weather there was wet, cold, and snowy.
 Mrs. Lee Lyon is able to be up since her emergency appendectomy the last week of school. She has been a teacher in the Wellman schools for many years.

The T. D. Warren, Sr., family had as guests over the week end, Mrs. Maydene Cannon, Mrs. Jo Ann Woods, and Mrs. Shirley Breazeale of Amarillo, and Mr. and Mrs. James Thurman and boys of Brownfield.

Wanda Rowe returned to her home in Amarillo after visiting Marie Breazeale for two weeks. Patsy Seales, daughter Mr. and Mrs. Harmon Seales, is attending "short course" at A. & M. College this week. She won the trip as one of the two girls sent from Terry County. Her sister, Marporie, is Terry County Gold Star Girl.
 Mr. and Mrs. J. T. Bryant and Mrs. W. M. Huff are attending

VFW Auxiliary Initiates Two New Members

The ladies Auxiliary to the VFW Post No. 6794 met in the Veterans Hall Tuesday, June 14, at 8 P. M. Lucille Pierce presided.

Two new members, Babe Anderson and Col Dealmarin, were initiated by the floor-work ceremony. This ceremony was used by the auxiliary for the first time.

After the business meeting, coffee and cake were served to the Post by the auxiliary.

Colored moving pictures of the Harvest Holiday Parade and the Memorial Service were shown by Virgil Crawford.

The next meeting will be held on July 12 at 8 P. M. at Veterans Hall. All who are interested in becoming members are invited to attend.

summer session at Tech in Lubbock.

Doyle Crowder visited his parents, the H. L. Crowders, over the week end. He is employed by the REA, stringing lines out of Hereford.

The N. G. Phillips are visiting in Poolville this summer.

Mr. and Mrs. W. T. Long and Mrs. Charles Hines were guests of Willie Mae and Mrs. Hattie Hines Sunday. Mrs. Charlie Hines remained to visit this week.

Mrs. Ben Montoya and daughter of Los Angeles, Calif., is visiting her sister, Mrs. Ira C. Brackett, Sr., and family.

Mr. and Mrs. Chester Pendleton of Lubbock were guests in the Mutt Rogers home Sunday.

Nell McDonnell To Marry Rufus Brian Saturday in Plains

Mr. and Mrs. H. G. McDonnell of Plains are announcing the approaching marriage of their daughter, Nell, to Rufus Brian, son of M. and Mrs. M. D. Brian of Bronco.

The marriage will be solemnized in the Plains Baptist Church at 8 P. M. Saturday, June 18. Rev. W. P. Brian, uncle of the groom will officiate.

PRETTY—EFFECTIVE

OMAHA, NEBR.—Armed with a new insecticide spray concentrate and guided by the newest complete insect control chart, Miss Carmen Garcia gets ready for "operation plant-pest control." Miss Garcia is loading her spray gun with Hydronox, new wonder safe insecticide, which is non-toxic to humans or livestock, but uses double paralytic action to kill insects. Hydronox is an entirely new principle in plant-pest control, based on experimental research by one of the nation's leading pharmaceutical laboratories. Copies of the insect identification chart and spray guide may be obtained free by writing the Farnam company here. The chart classifies insects, tells what they feed on and what plant life they attack.

Mealtime Marvels

CHICKEN SUPREME
 Sunday dinner would not be Sunday dinner without chicken served in some delectable form—fried, broiled, chicken and dumplings, or what have you. Here is a wonderful new chicken recipe to add to the list of Sunday dinner favorites:

- 1 large fryer or capon
 - salted flour for coating fowl
 - fortified margarine for frying
 - 2 tablespoons fortified margarine
 - 2 tablespoons flour
 - 2 cups sour cream
 - 2 tablespoons peanut butter
 - 1/2 cup chopped cooked mushrooms
 - 1 tablespoon sherry wine
 - corn meal patties
 - sliced baked ham
- Cut the fryer or capon in quarters. Mix the salt and flour and roll the chicken in it as for frying. Place sufficient margarine in the frying pan to cover the bottom well when melted. Brown the chicken lightly. While the chicken is browning, prepare the sauce in a separate pan. Melt the margarine. Add flour to form a roux. Add sour cream slowly and stir until it thickens. Remove the chicken from the frying pan and place in a shallow baking pan. Cover with the sour cream sauce and remains of the margarine in the frying pan. Bake in a moderate oven (325° to 375° F.) until almost tender. This requires about 25 minutes. Drain off the sauce and blend it with the peanut butter, sherry, and chopped mushrooms. Pour back over chicken and cook 15 minutes longer. Serve the chicken on corn meal patties with slices of baked ham.

For other nutritious and flavorful recipes, send today for your free copy of "Mealtime Marvels with Margarine," a new, two-color, 32-page recipe booklet. Write National Cotton Council, Box 75, Memphis, Tenn.

BANKER'S HOURS AREN'T SO HOT—When John H. Parker, of Conway, Mass., gets through with a tough day of wrestling freight, left, for the Boston and Maine Railroad, he takes over his duties, right, as president of the Conway Savings Bank. Parker found that his salary as a bank official was inadequate to support his family of four, so he now puts in 48 hours a week as a freight handler, tending to his banking duties nights and Sundays.

The Low Down From Hickory Grove

Congress fumes and orates against big expenses. Every once in a while a request for more mazupma is turned down. Congress pats itself on the back and says, see, we did it. Then what. Along toward the end of the session or before a vacation, in comes a Deficiency Appropriation request, and zingo — it goes through like Ponder at the Big Derby. And in the Deficiency Bill are all the things previously thrown out the window.

Most folks, congress deducts, have no idea as to what is in a deficiency bill. So there goes the claimed savings—and 600,000 persons hang onto their Govt. swivel chairs—and Mr. Taxpayer rolls his sleeves a little higher. And if by perchance some budget figure is trimmed—and then stays trimmed—via more promised efficient operation, it is sometimes still dubious. How come, says Henry. Why, I say, should some entirely unneeded activity like a list of 408 Farmer's Bulletin, complete, be strewn about the place? The native pawpaw—"Housecleaning management"—"Care and use of rope"—and 405 others. What kind of helpless, simple folks does he think we are, I ask him that.

Yours with the low-down

City To Launch Campaign Against Flies, Mosquitoes

An intense campaign aimed at cleaning up the flies and mosquitoes in Brownfield and vicinity will be launched within the next few days, Bill Aschenbeck, city secretary, announced Wednesday.

Roy Wicker, Jr., and Ray Christopher will use their air dusting service to spray the city dumps, city outskirts, and outlying districts with a powerful solution of DDT with airplanes.

The DDT Solutions have been ordered from Plainview, and the City of Lubbock fogging machine will be used to dose the town. All alleys will be "sprayed," as will all the low spots containing water. Any buildings or plots of ground that are potential breeding spots for flies and mosquitoes will be heavily covered with the DDT, in an effort to control the insects.

This plan is a preventive measure in the hopes that it will cut down on diseases caused by flies and mosquitoes.

Small Twister West Of Town Sun. Night

Mrs. B. Stice, who lives eight miles west and one mile south of Brownfield, received a painful injury this week as an indirect result of a small twister which hit and destroyed their garage on their farm Sunday night.

She tripped over some of the debris from the garage and received serious cuts on her left

foot. She received treatment at Treadaway-Daniell Hospital, but was not hospitalized.

Mrs. Stice reported that a severe hailstorm accompanied the twister and crops within a three mile radius of their farm were complete losses as a result of the storm.

The brain of a newly born child is about one-third the ultimate size.

L. L. BECHTEL REPORTED TO BE IMPROVING

L. L. Bechtel, superintendent of Sanolind Oil and Gas Company, who underwent surgery at Treadaway-Daniell Hospital last week, is reported to be improving.

Cpl. Larry Tarpley, with the Fourth Army in San Antonio, is home on a 10 day furlough, visiting friends and relatives. Larry plays with the Fourth Army Band.

Two Escape Injury In Collision

No one was injured in a collision at 2:30 A. M., Monday morning near Wellman, when Charles William Waters, Crane, went to sleep and ran into another automobile.

A Mr. Burk, driver of the other automobile, was driving a 1941 Chevrolet and towing a 1946 Plymouth, when Waters, driving a 1948 convertible, fell asleep, and his car swerved over on the wrong side of the road and hit the towed vehicle. Waters was traveling south on the Lamesa road, and Burk was going north when the accident happened.

Some coin-operated vending machines make and return the change if a larger value coin is used in it.

The brain cells used in a single mental effort weigh an estimated quarter of an ounce.

Stunts and a sing song, led by Dr. W. A. Roberson, with Newell Reed at the piano, comprised the rest of the program.

After the program, an appetizing meal was served.

The program was a prelude to the special Fathers and Sons program to be presented Sunday, June 19, at the 11 a. m. service. There will be special music. The message will be "Comrades of Life's Way."

SUE JONES CONTINUES TO IMPROVE

Miss Sue Jones, who was injured in an automobile accident three weeks ago, is still improving at the Treadaway-Daniell Hospital.

Mr. and Mrs. K. D. Snedeker and family left Thursday for a two week vacation in Oklahoma City, Okla., and parts in Colorado.

KAISER-FRAZER

Greetings:

FROM THE HOME OF
KAISER-FRAZER
—and OLIVER TRACTORS

More power to the Big Rodeo and a grand welcome to the Rodeo Performers and Fans. Let's make the Old West live again—and let's make the aycee Rodeo of Brownfield symbolic of the Old West in every prospect.

A Great Time

While you are in town, Visitors, come around and see us. Bring that Kaiser-Frazer and let us give it a check-up: it's built to stand the "gaff" of tough work. We'll see that it does.

KAISER-FRAZER

The new home of "Lubri-tection"

AN INVITATION
to visit America's
newest and most modern
motor oil plant

There are going to be "big doings" at Kansas City, Kansas, June 21st and 22nd, when Phillips' great new motor oil plant holds "open house" for American motorists.

You and your family and friends are invited, if you can possibly be there.

There'll be guided tours and refreshments, and you'll get an exciting "eyeful" of what Phillips has done to make possible finer lubricants for today's cars.

You'll see motor oil scientifically packaged by new precision methods. You'll be thrilled by new high speed conveyors and miraculous new machines that turn out up to 250 cans of oil a minute. You'll see special automatic blenders that maintain exact standards of uniformity and purity.

Come and see this new home of "Lubri-tection", where Phillips blends finer motor oil to give your car lubrication plus engine protection. Remember the dates . . . June 21st and 22nd . . . at Kansas City, Kansas. Any Kansas City Phillips 66 Dealer can give you directions for reaching the plant.

P. S. If you can't be in Kansas City June 21st or 22nd, why not pay us a visit the next time you're in our part of the country? You'll always be welcome!

Jonelda Oakley Presented In Recital

The Herald had notice recently that Jonelda, daughter of Mr. and Mrs. Dyer Oakley, was presented in a recital by her teacher Mrs. Chapman, at Colorado City, June 7th. The invitation was addressed to "Daddy Jack," c/o Herald, Brownfield, Texas. Jonelda and her little sister, Becky, have always called us

"Daddy Jack," and they always remember us with a card or something on Fathers Day. A letter was received from their mother a few days later, after we returned from Tennessee. Mrs. Oakley, it will be remembered by most folks, is the daughter of the late Mayor, Tom May. Fathers Day will be quite sad to Mrs. Oakley, being the first one in her memory that her father was not here for her to see and visit. Mrs. Oakley sent in some verse in memory of her dad, but being still shorthanded, and rather late, we may not get to the piece this week.

Texas Veterans Free To Select Privately Owned Land Tract For Farm or Ranch Home

By BASCOM GILES, Commissioner of the General Land Office
 (Editor's Note: Second of a series of articles on the Veterans' Land Program.)

The recently enacted legislation implementing the Texas Veterans' Land Board will be the means of making the dream of thousands of Texas Veterans for a farm or ranch home of their very own, come true.
 One of the most attractive features of this bill is that section which permits a veteran to personally select a tract of land suitable for agriculture or grazing held under private ownership in any sector of the State. It might be owned by kinmen or by a corporation—it matters not to the Board. What will matter to the Board will be that the veteran feels reasonably sure that it will serve his purpose and needs; that it must have at least half of the mineral rights unencumbered and that the land is worth the asking price.
 After the veteran has made his selection his next step will be to furnish the Board with a complete abstract and description of the property so that it may be appraised. At the same time he files his application with the Board, he will pay to the Board his initial down payment of NOT less than five per cent of the total purchase price. In the event the application is rejected the veteran's money will be refunded and he will be free to make another selection.
 After the Board has appraised the land and approved the application for the loan for the balance, the applicant will be required to execute an on or before note for forty years at three per cent interest for the balance. After receiving his contract of sale he will be entitled to take possession.

EDITOR'S NOTE: (In the next issue Commissioner Giles will tell of the eligibility requirements for qualification for a farm or ranch home loan and the protection provided the veteran under the legislation.)

George Mahon Shows Connecticutian About THE OLD HE HAS A GRAND DAUGHTER

While the Old He was sojourning in Tennessee, the old stork took advantage of our absence to slip in with our first granddaughter, born last Friday morning at the wee small hours of 4 a. m. She weighed 8 pounds and bears the name, Mary Ann.
 We have two grandson, and we admit being proud of them, but a granddaughter is something else yet again. Of course, grandma Stricklin had to call us up on the phone all the way to Middleton, Tenn., and to tell us the little lady and her mother were doing well and that it was thought that her pappy would get over the event OK.
 Yep, we know that we are using a lot of space to tell about OUR baby. But what baby or whose baby would not be that important?

BOYS' RANCH PLANS EXPANSION

The editor of the Herald received a letter from Cal Farley, president of Boys' Ranch near Amarillo, this week, asking for a mailing list of our newspapers. Mr. Farley writes that they have more applicants for the ranch than they can possibly consider because of lack of space. Anyone wishing to contribute the directors and their co-workers to the grand work being done by the directors and their co-workers in making homes for orphaned boys, may send their contributions to Boys' Ranch, Box 1890, Amarillo, Texas.

CROP AT EXPERIMENT STATION HEAVILY DAMAGED SUNDAY

Mr. Porterfield, with the Soil Conservation Service, stated this week that their crop at the experiment station was almost completely destroyed Sunday night. They reported 1.75 inches of rain, falling fast, with a large amount of hail.
 The wheat at the station was damaged from 35 to 50 per cent, and the cotton was completely destroyed.
 The experiment station is located about fourteen miles out on the Plains highway.

MEADOW 4-H GIRLS ENTERTAIN NEEDMORE HD CLUB

Mrs. J. W. Smith was hostess to the members of the Needmore Home Demonstration club, Thursday, June 9. Roll call was answered by members with "Why I want my daughter to be a 4-H girl."

The finance committee is planning a bake sale soon.

Miss Helen Dunlap, County Home Demonstration agent, introduced her new assistant, Elia Katherine Keith.

Mrs. W. E. Patton, adult 4-H leader, and the Meadow 4-H girls gave the program, "Making a Bed." The girls were Janie Brown, Velma Fuller, Ruzey Patton, Ethel Fuller, and Wanda Terry. Several of the girls gave interesting reports on various projects undertaken.

Patsy Ann Moore, a Wellman 4-H visitor, and a Gold Star girl, gave some interesting details of her work in reaching that goal.

Miss Keith, a Texas Tech student, gave a splendid account of various 4-H trips and awards she has won, including two trips to Chicago.

All the members enjoyed the refreshing and unusual program very much. Punch and cookies were served to ten members and the visitors.

So That Tax Payers May Know

So, Public Notices are now mandatory! Governor Beauford Jester is shown here as he affixes his signature to Senate Bill No. 375. The Bill, known as the Mandatory Publication Law, requires that all public notices called for by Texas Statutes be published, or the official responsible for such publication suffer loss of salary, or removal from office for neglect of duty. Senator James E. Taylor of Kerens, pictured on Jester's left, sponsored the legislation through the Senate. House sponsor was Phillip L. Willis of Kaufman. Covered by the law are all public officers of the State, Counties, Cities and School Districts. Governor Jester signed the bill into law June 8, and it became immediately effective.

Cherry pie a la mode and coffee were served to Mesdames Lee Brownfield, John L. Cruce, Jr., Mike Barrett, Joe Shelton, N. L. Mason, Jack Hamilton, Harry Cornelius, George Germany, George O'Neal, Dick Chambers, Jake Gore, and Paddock. Mrs. Mason won high and the bingo prize, and Mrs. Paddock received second.

Finleys Entertain With Bridge Supper

Dr. and Mrs. James Finley entertained with a bridge supper Friday, June 10, at 8 p. m., in their home.

A sandwich plate and cokes were served to Mr. and Mrs. George O'Neal, Mr. and Mrs. Tom Harris, Mr. and Mrs. George Germany, Mr. and Mrs. Dick Chambers, Mr. and Mrs. Clyde Truly, and the host and hostess. Mr. O'Neal won high, and Mrs. Germany and Mr. Truly won bingo prizes. Mrs. O'Neal and Mr. Harris received the traveling prizes.

Needmore HD Club Enjoys Weiner Roast

The members of the Home Demonstration Club, and their families, met in the home of Mr. and Mrs. Grady Davis Friday night June 10, for a weiner roast. A "42" party climaxed the entertainment.

The following families were present: Lee Bartlett, Jack Gray, Ralph Spain, Norvel Hulse, Max Kiser, Dock Settle, and Curtis Hulse. Visitors included Mr. and Mrs. Perry McCallister, Bobby and Shirley.

Mr. and Mrs. Ray Hagey and daughter, Billie Lou of Marfa, spent the past week-end visiting the Money Prices.

TOWN BUILDERS

A pioneer in Terry County, Mrs. J. L. Randal is well-known to most of us. Mrs. Randal, who came here in 1902, taught the first school in Terry County. Although she has not taught regularly since 1906, she has been for many years an educational leader in Brownfield. Jesse G. Randal grammar school is named for her. Mr. and Mrs. Randal owned the first drug store in Brownfield, establishing it in 1906. Mrs. Randal received her diploma as a registered pharmacist in 1912. She is a charter member of the First Methodist Church in Brownfield, and also a charter member of the Maids and Matrons Study Club and the Parent-Teachers Association. Mrs. Randal is also a member of the Order of the Easter Star and the Rebekah Lodge. Mrs. Randal has one daughter, Mrs. Percy Spencer of Lubbock.

The Young People of the First Baptist Church will conduct the annual Youth Week in the church beginning Sunday, June 19, and continuing through Sunday, June 26.

The young people of the church will take over completely the church organizations and lead through the eight days. The committee planning the work for the week in the church is composed Melvin Moore, Coy Jones, Barbara Stice and Beatrice Cox.

Stanley Miller has been selected to serve as Youth Week pastor, Boyd Miller, Superintendent of the Sunday School; Keller Greenfield, Training Union director; Graves Nelson, clerk; Nadine Wagner, W.M.U. president; Bobbie Brian, organist; and Juanell Greenfield, pianist. Other young people have been selected to fill places of responsibility throughout the church.

A youth Revival of city and county wide nature is planned by the young people in connection with the Youth Week Activities in the church. Rev. D. K. Gresham of Amarillo, has been selected to lead the campaign. Conferences and visitation will hold the spotlight of activity during the day and services will be held in the church each evening beginning at eight o'clock. All the young people of the church, the city and other communities are cordially invited to attend, along with parents, friends and other adults who are interested in the spiritual progress of young people.

Jo Ann Josserand, Roy Wicker, Jr. To Wed

Mrs. Margaret Josserand, 500 Prospect, Amarillo, announces the marriage of her daughter, Jo Ann, to Roy Wicker, Jr., son of Mrs. Lora Wicker of Slaton, and Roy Wicker of Lubbock, tonight (Friday) at 8:00 p. m., at the First Christian Church.

Methodist Missionary Society Met Monday

The Ladies Missionary Society met Monday, June 13, in the auditorium of the First Methodist Church.

Six members of the Caravan of this district were visitors. Songs, Scriptures, and a prayer were led by Mrs. Ross. After the meeting, punch and cookies were served in Fellowship Hall to 40 members and the visitors.

REVIVAL BEGINS SUNDAY AT FOURSQUARE CHURCH

A revival begins at the Four-square gospel church Sunday, June 19, with Rev. Mrs. Jin Turney delivering messages. Services nightly at 8:00 o'clock. The revival will continue for two weeks. Rev. C. H. Westbrook, pastor, invites the public.

Juanell Jones returned home with her sister, Mrs. H. H. Patterson, and Mr. Patterson to McCamey, where she will spend two weeks.

MRS. STEWART B. COLLIER

Baze-Collier Wed In Pretty Home Service

Miss Johnny Ruth Baze, daughter of Mr. and Mrs. B. L. Baze of Union, and Stewart B. (Shorty) Collier, son of Mr. and Mrs. A. B. Collier also of Union Community, were married Saturday, June 11, at 7 p. m., in the home of Mr. and Mrs. B. Stice.

Rev. Don Rogers, father of Mrs. Stice, performed the single ring ceremony under an improvised arch of lemon leaves and red roses, tied with white satin ribbon. The arch was flanked with baskets of spring flowers and white tapers in candelabra.

The bride wore a navy crepe dress, cut with a swing skirt and a high pointed waist, with a white eyelet bolero top. Her accessories were navy. She wore single strand of pearls, gift of the groom, and an orchid corsage. For something new she carried an imported lace handkerchief, and for something old borrowed, she wore, pinned inside her dress, a brooch, belonging to Mrs. Stice's grandmother. She wore a penny in her right shoe.

Mrs. Stice was her only attendant, and she wore a navy crepe dress, with navy accessories, and had a pink carnation corsage. Mr. Stice was best man. A reception followed the ceremony. The house was decorated with baskets of red roses, and garlands of lemon leaves.

The bride's table was laid with an heirloom Irish linen cloth, and was centered with the two-tiered wedding cake. The cake was topped with wedding bells, and was

Gee Gee's Chit Chat

Brownfield seems to be getting that Rodeo spirit a little bit more every day. All the clothing stores are getting into the swing of the thing, and have all sorts of rodeo togs in their show windows. The Bargain Center, we notice, has some swell western clothes for kids, and Collins are stumping for the affair with a colorful array of western ties.

And speaking of ties, our hard-working secretary of the Chamber of Commerce, Dave Nicholson, is wearing a nice one this week with a cream background and blue broncs outlined on it. Dave sure gives us a western spirit these days, what with his boots and tie and beard. If there are some of you lackadaisical creatures who haven't met him, you're really missing knowing a swell guy.

Speaking of the rodeo, and we're full of it this week, some of you may have noticed how appropriate McWilliams Furniture store show windows are these days. They have some handsome

SUNDAY SCHOOL CLASS VISITS CARLSBAD CAVERNS

Mrs. B. G. Cabiness treated her First Baptist Church Sunday School Class to an all-day trip to Carlsbad Caverns, Tuesday, June 7. The girls left at 5:15 a. m., in two pick-ups, driven by Mrs. Cabiness and Mrs. Roma Dumas.

After going through the cavern, the girls made a short tour of Carlsbad before returning home. They were stopped at Seminole by a hailstorm, but Johnny Haynes picked the girls up there in his panel truck and delivered them back to Brownfield.

Girls who made the trip were Lavell Hart, Ludine Scott, Mary Louise Riley, Jackie Warren, Virginia Godwin, Murva Johnson, Johnora Haynes, Janet Johnson, Cleve Harbin, Ava Nell Strain, Rhyda Dumas, Barbara Elke, Maybelle Pate, Betty Cabiness, Patty Sue Durham, and Mrs. Durham, Mrs. Dumas, Mrs. Emma Riley, Mrs. Mancel Hinson and Mrs. Cabiness and Charles.

The class presented Mrs. Cabiness a box of stationery and a bottle of sachet.

ROTARY LADIES NIGHT TONIGHT

At the Esquire Cafe at 8 p. m., tonight (Friday) the Rotary Club will have Ladies Night. New officers for the coming year will be installed.

All members are urged to attend.

ranch furniture over there, and one chair really takes the eye. It's a big red leather easy chair with a steer head stitched in blue on the back of the seat. It would really be nice for a den or a ranch style living room.

One thing leads to another. We've been reading about some new fangled things that the advertiser calls Jalousies that are really something. They are really doors and windows with glass slats that work on the order of a venetian blind. They are encased in steel frames, and are really doors and windows. Sorta like outside venetian blinds, only lots foxier. And glass, yet. And expensive, too.

One of the biggest jobs in newspaper work is tracking down the source of rumors and getting to the bottom of the real news. Many people are prone to stretch things, and to draw on their vivid imaginations. A fellow was discussing this business with the junior editor the other day and in the course of the conversation the j. e. mentioned the fact that we always try to check sources of information and not to betray confidences of people. The other fellow agreed that he felt the same way about these things. It occurs to this writer, knowing the other fellow's operating tactics, that he is either the extremely close friend and confidante of most of the population of Brownfield, or a dirty liar.

Was in the local jail (just looking around, of course) Tuesday and must admit we had the surprise of a decade. Had always heard that jails are filthy, bed-bug-ridden hovels, and had misgivings when Sheriff Ocie Murry, (who has a wonderful sense of humor, incidentally) suggested a tour of the place. Perhaps some of you have never been in the place, even on a tour of inspection, so you don't know that there are three different cell blocks—one for men, one for women, and one for juveniles. All of them are clean and well lighted and well ventilated. They are painted white and, although they are not like living at home, we're sure, wouldn't be too bad a place to be if you have to be in jail. And if any of you readers feel that we may be stretching the point a little, Sheriff Murry will probably be very happy to show you the "Cleanest jail in Terry County."

Big observation of the week: people who sell air conditioners are doing a whopping business, but people who are barbers are not doing so whopping a business.

MRS. JACK EVERITT

Arnita Lucas Marries Jack Everitt June 12

In a double ring ceremony read Sunday, June 12, at 2 p. m., in the First Presbyterian Church, Arnita Lucas became the bride of Jack Everitt. She is the daughter of Mr. and Mrs. J. W. Lucas. The groom is the son of Mr. and Mrs. W. P. Everitt, Jr., of Tolar, Texas.

Rev. J. Preston Murphy, pastor of the First Presbyterian Church, performed the ceremony.

Farris Lucas of Lubbock, a cousin of the bride, offered pre-nuptial music. He played "Night and Day" as the candles were lighted by Jack Lucas, brother of the bride, and Dale Dye of Lubbock.

Miss La Vaughn Lucas of Lubbock and cousin of the bride, sang de Hardelot's "Because."

To the strains of the traditional wedding march, the bride walked down the white aisle cloth on the arm of her father, who gave her in marriage. Her gown was designed by herself and made by Mrs. Henry Massingill.

The white slipper satin wedding gown was fashioned with a fitted

bodice, coming to a point at the waist and made with a high pointed throat hugging collar. The fitted sleeves ended in points over her hands. The skirt was corded at the hipline, giving it a crinolene effect, and ended in a chapel train. Her shoulder length veil fell from a tiara of fresh red roses.

She carried a white Bible, belonging to Mrs. Wayland Parker, topped with red roses. Baby's breath was caught in the lovers knots tied in the white satin (Continued on Page 8)

Mrs. Duffy Hostess To Tokio HD Club

The Tokio Home Demonstration Club met Wednesday, June 1, in the home of Mrs. M. C. Duffy. Roll call was answered with "My favorite picnic recipe." Members voted to suspend meetings until July 20.

Mrs. Derah Goulding gave a demonstration on making carrot ring. She also gave several picnic recipes.

Miss Joan Bailey made a talk. Misses Katie Ramsey and Lanelle Duffy read papers on 4-H Club work, and Miss Mary Duffy told of a tour the home economics girls took during the school term.

Recreation was led by Mrs. A. F. Kelly. The club will have an exhibit at the Tokio school house Thursday, June 23, and refreshments will be served.

Ten members and four guests were present. Club will meet with Mrs. W. P. Elmore on July 20.

Two Terryites Enroll At Hardin-Simmons

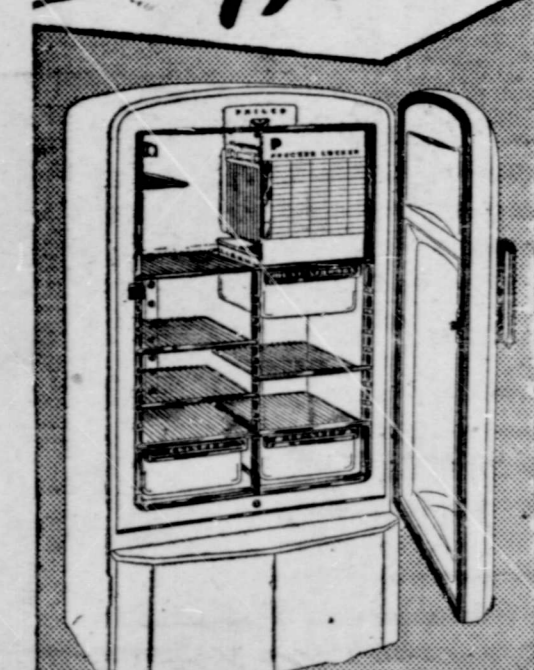

ABILENE — Ellousie Dodson and Armond Clive Jones, of Brownfield, are enrolled in the first summer term of Hardin-Simmons University. Classes will continue through July 9. The second term will begin July 12. Enrollment has reached an all-time high of 1165 students for the summer term.

Miss Dodson, a senior, is a member of the Life Service Band and the Y. W. A. She is the daughter of Mr. and Mrs. G. W. Dodson. Jonts, the son of Mr. and Mrs. Cleon L. Jones, is a freshman.

Eighteen fields of study are being offered during the summer at H-SU. The courses include those in art and penmanship, Bible, biology, business administration, chemistry, education and psychology, English French, government, history, journalism, mathematics, physics, physical education, radio, Spanish, speech, and music. Special workshops are being conducted in art, reading, curriculum, music education and child study.

Two special summer schools for band and vocal students, are being sponsored by the University's School of Music. The tenth annual school for band directors and band members will be held August 15 to 27. The John Finley Westminister Choir college will be held from July 6 to 16. Commencement exercises for graduates will be held Friday, August 19.

GOSSIP GOMEZ

(Delayed)

Mrs. Frank Bozeman and son, Shelby, Mrs. Mike Den and son of Spring Lake and Mrs. Bob McLeroy and son of Tokio were visitors in the home of Mrs. B. J. McLeroy last week end.

The enrollment of the Daily Vacation Bible School at Gomez Baptist Church is 86 this week. Rev. J. Henry Cox of Amherst is principal. The school will close Friday night, June 10, with commencement exercises at 8 p. m. Every one is cordially invited to attend.

Twenty persons from Gomez attended the quarterly associational Training Union meeting at Meadow Monday night.

Rev. and Mrs. T. L. Burns entertained a group of young people in their home on Thursday night, June 2, honoring Gladys Swain and Bobby Wade on their birthdays.

The group went to the picture after which the honorees were presented with gifts. Ice cream and cake were served to the following: Ray Carter, Eura Lee Burns, Bobby Wade, Bernadine Zachary, W. E. Buchanan, Francis Lee, Gladys Swain, Jo Anne Dickson, and Billie Ruth Burns.

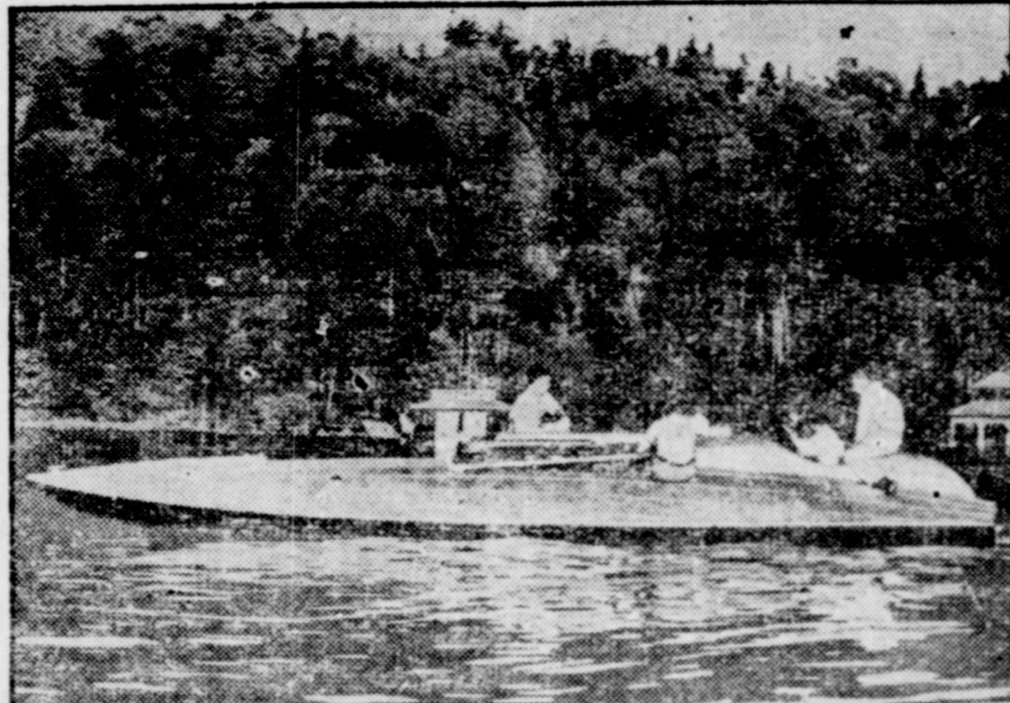

Willard Dean Machin of Abilene is visiting this week in the home of his aunt, Mrs. Claude Landess, and Mr. Landess.

Week end guests in the home of Mr. and Mrs. L. King were their daughters, Miss Avanel King, a student at Wayland College, and Mrs. Bill Ware of Plainview and Mr. Ware. Miss King is teaching in the Vacation Bible School at Akin this week.

Mr. and Mrs. M. W. Fox have returned home from Waco and San Antonio. Mrs. Fox has been in Waco three weeks visiting her children and sister, Mrs. J. K. Mason. While in Waco, they attended graduation exercises for their sons, James and M. W. Fox, Jr.

CHOSEN DAIRY QUEEN—Nancy E. Kendall, 20, of West Springfield, Mass., demonstrates her milking technique after winning the title of June Dairy Queen of her state. Miss Kendall is a junior at the University of Massachusetts. The cow, contemplating the camera, seems to think the whole affair is utterly ridiculous.

AQUATIC ENTRY—Mechanics at Lake Placid, N. Y., check over Henry Kaiser's "Aluminum the First," the motor magnate's sleek entry for the Harmsworth Trophy Race in Detroit. Following preliminary trials at Lake Placid, bandleader Guy Lombardo will pilot the craft in the Harmsworth event.

Dr. Cox Commends Civic Bodies Over State as 'Great Aid'

AUSTIN—During the past several summer, considerable enthusiasm was shown by various local organizations such as Chambers of Commerce, many civic organizations, and others in the arranging of a fly eradication program. Dr. Geo. W. Cox, State Health Officer, says that for taking interest in this work, the responsible parties are to be commended.

However, without a year-round community sanitation the ultimate result, which is so important has not always been too successful; in some areas this has given rise to rumors that flies are DDT resistant.

"The Texas State Department

of Health heartily endorses a fly spraying program, provided it includes a general clean-up program carried out during the entire year," Dr. Cox said. "For example, why spray a garbage heap that not only invites but actually breeds flies when it should have been removed. Why spray the city dump when it really should be covered. I fear the unplanned spraying program is similar to the application of perfume or toilet water to overcome B. O. or the application of powder to cover dirt."

In a well planned fly control program, Dr. Cox declared, all places where flies gather, such as dumps, rubbish piles, garbage piles, decaying vegetation should be cleaned up by hauling away and burying. Proper garbage and rubbish containers with fly tight covers should be demanded from all. All buildings should be screened. Then, secure a sprayer outfit, preferably with one or more hoses each manned by a skilled operator to spray the areas where flies and other insects will light. It does little good to spray the center of the street, the ball diamond, or the sidewalks. Spray the surfaces where insects light or breed.

A residual spray remains active until the DDT washes or is covered with grease, dirt or soot. This usually lasts four to six weeks. After that, a second spray is recommended provided the item of clean-up is still being carried out.

Petroleum Products Playing Big Role in Farming of Today

Petroleum products are playing a greater part in farming. As much as one-fourth of the oil consumed in the United States each year is used on farms as fuel for tractors and other machines, for brooders, for pumps and additional uses.

The newest oil products for farms are in the form of petrochemicals. A list of all the new petrochemicals and their present and potential farm uses would fill a book. Here are a few.

One new product—endrop—prevents the premature falling of apples, saving farmers thousands of dollars and making available to the public apple crops that otherwise would have been lost.

Seed potatoes which have been treated with ethylene gas have shown an increase in yield from 20 to 100 per cent.

Petroleum compounds which are dusted on fields from airplanes cause the leaves of cotton plants to fall off. They make cotton picking an easier job today.

These petrochemical examples are just a few of the countless new uses for petroleum products which are making life easier and pleasanter in the United States.

Mr. and Mrs. M. W. Fox, Jr., Miss Marcelyn Mohn and Edwin Pinkard of Minneapolis, Minn., were week-end guests in the M. W. Fox home at Meadow. M. W. Fox, Jr., received his B. S. degree from Baylor University in May and plans to enter University of Minnesota this fall to work on his M. S. degree. They have made a tour through old Mexico and are going back to Minneapolis by way of California.

Lone Star State Is Losing Millions By Not Buying Bonds

AUSTIN—The State of Texas is losing about four million dollars per year by failure to invest in government bonds state funds that are not immediately needed to meet expenditures.

Representative Preston E. Smith called attention to this fact recently and recommended passage of his bill to require such investment.

The state funds in question are now deposited in banks, which in turn invest the money in government and other bonds and reap the benefits therefrom, Smith declared.

"At the end of April, we had \$194 million in cash funds and suspense accounts," the representative declared. "The banks pay us only \$120,000 per year on the money."

By comparison, Smith stated that interest received on \$190 million held by the United States Government for the Texas Employment Commission amounts to more than \$4 million per year.

"During these sessions of the Legislature," Smith said, "we have had a good deal of trouble trying to hold down spending to match the state's income." He added:

There is no reason why we should not increase that income by \$4 million per year through proper investment of state money.

"The banks are now receiving the benefits of these investments. The money belongs to the people of Texas, and they should receive the interest from it—not the banks."

Smith took issue with DeWitt Ray, president of the Dallas Clearing House Association, who told a legislative committee that "buying United States Bonds is a gamble which the state ought not to take with its money."

"I still have faith in the United States," Smith declared. "It is a sad situation if the bankers do not have such faith. It is very strange to note that the bankers invest a great part of their de-

positors' money in federal securities and draw the interest therefrom. I don't understand why it's all right for the banks to do it, but wrong for the state."

"When you come right down to it," Smith concluded, "I believe that the Legislature ought to take just as much care of the citizens' money as the banks take care of their depositors' money."

The Big Rodeo

We welcome all visitors, far and near, to come to Brownfield for the rodeo. We think this will be the greatest show ever produced here, and ranks high in West Texas rodeos. We also welcome you to come in and see us while here.

GOOD FEED MEANS BETTER PROFITS FROM ANY TYPE ANIMAL

Whether it is rodeo stock or farm animals—horses, hogs, chickens, or even a wool producer—good feed plays the major part in getting greater profits. We have the feed you want—high in protein, but LOW in comparative price.

FOR FUN, SEE THE RODEO—
AND FOR FEED, SEE US.

TECH COLLEGE REPORTS EARTHQUAKES FOR MAY

LUBBOCK, June 6 During the month of May, the seismological observatory at Texas Technological college recorded eight earthquakes across the world.

The first of these was May 3 at Kurile Islands, Japan. Others were May 8, off the coast of Chile,

South America; May 9, near southwestern coast of Sumatra; May 10, off the western coast of Mexico; May 17, Kurile Island, Japan; May 24, near western coast of Mexico; May 26, central New Mexico; and May 30, near coast of northern Chile, South America.

Dr. Leroy T. Patton, professor of geology, is in charge of the observatory.

Suits In The Bag

COLLEGE STATION, June 10 Packing a man's suit in a traveling bag often presents a problem especially to men. It's a pretty hard job trying to pack a man's suit without wrinkling it at the end of the journey with more creases than there should be.

Mary Routh, extension clothing specialist of Texas A. & M. College has a few tips on how to get where you're going with the least number of wrinkles. Such practice lengthens the life of the suit and saves pressing bills as well.

Don't spare the tissue paper in suit packing, Miss Routh advises. Use it generously. It helps keep the wrinkles out of suits. Now, for the average suitcase—wider than the gladstone—lay the coat flat on a table or bed, with the collar and lapels turned up. Lap the right front over the left front, bringing both sides over as far as possible without wrinkling the suit.

Sleeves should lie smoothly along the coat. Turn them a little above the elbow and fold up. Then pick up the lower edge of the suit and fold toward suit's top.

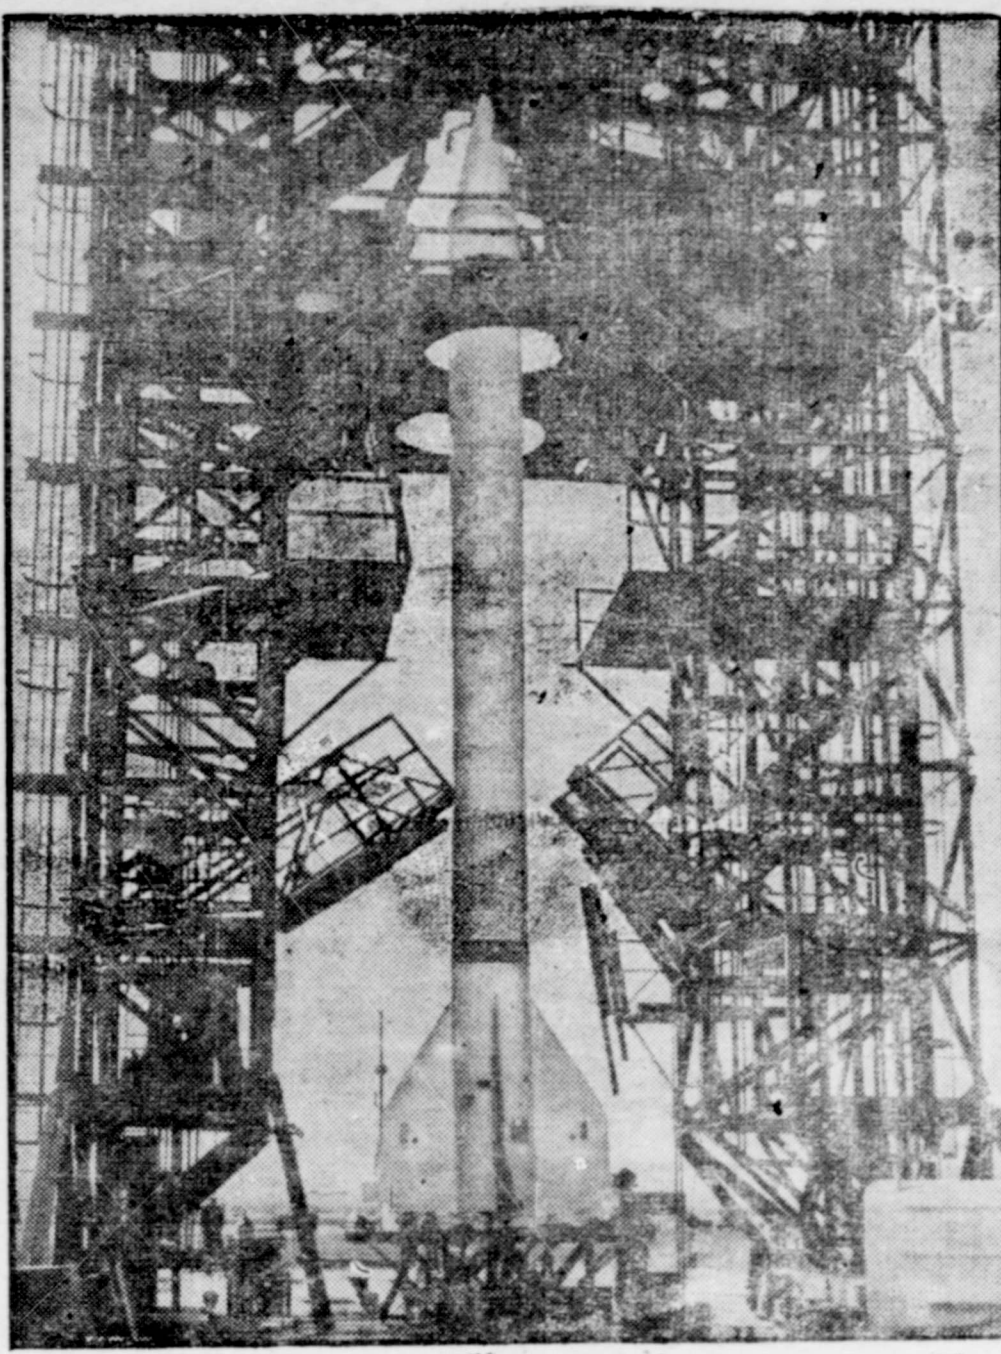

With a gladstone bag, the only difference is making one more fold in the body of the coat up and back. The coat sleeves are not folded separately as for the suitcase.

Trousers are no problem, Miss Routh says. Just make sure the creases are straight and the pockets smooth inside. Fold them over once or twice, depending on the size of the bag.

Suits aren't hard to pack if the job is done right.

Mrs. C. E. (Stormy) Davis and Floyd Strong, of Lubbock, were guests of his sister, Mrs. Hiran Parks, and Mr. Parks, Thursday night.

Mr. and Mrs. Kyle Graves and their daughter, Mrs. Slim Schellinger, are visiting in Stephenville for two weeks.

GOING UP—A U. S.-designed high altitude research rocket known as the "Viking," is readied for flight at White Sands, N. M. Developed to replace the German V-2, the Viking has reached an altitude of 51 1/2 miles, and a speed of 2250 mph. The steel "draw-bridge" structure surrounding it enables technicians to reach all parts of the rocket easily from platforms, and is moved away for the launching.

New Texas Map Ready For Distribution

The official Texas Highway Map for 1949 is off the presses, and is ready for free distribution by the Texas Highway Department. Showing 31,000 miles of completed Texas Highways, over 30,000 mile paved, the map is illustrated with drawings and 30 full color pictures.

A panel is devoted this year to travel attractions in Mexico on the Pan-American highway, with particular attention given to historic ruins. This highway, which dissects Texas north to south, now runs to Tuxtla, almost in Central America. Texas will be the gateway state in future travel on this international road.

Complete mileage tables of comparative distance between Texas cities and between state capitals outside of Texas to border points in Texas are given. Mileages from Laredo south to points on the Pan-American Highway are included. A United States road map, showing major national highways, is on the back of the map. A table of the Texas Texas Highway markers, and some pertinent facts about Texas are also given.

Governor Beauford Jester's message to Texas travelers prefaces the edition.

Just how high is "HIGH COMPRESSION"?

WHEN the talk turns to cars and car engines these days, that's a topic you hear much about. So it's fairly interesting to note that, even back before the war, Buick engines like this one were touring the testing grounds with compressions as high as 10 to 1. Even later than that this same big Buick power plant has been filling our engineers' notebooks with data on 8 to 1 compression ratios. What has come out of this? Two or three interesting points. First of all, that this big Buick Fireball valve-in-head straight-eight already has a compression ratio that gets as much out of present fuels as any engine on the market. Next, that these ratios can readily be stepped up to fit higher octane gasolines as they become available. And probably most important of all, that high compression is only one measurement of a good engine. There's the fundamental matter of engine efficiency—power output per cubic inch of displacement, engineers call it. On that score, Buick stands where it always has—just about tops in its field!

Which means, in very simple words—better go see for yourself. The fun you get from your car—the pleasure and satisfaction it gives you—are best measured in just one place—behind the wheel. So we invite you to see your Buick dealer for a firsthand test of Buick. Take it in your own two hands and find out how good it feels, how full of get-up-and-go. It won't take long to make it pretty clear that the place to get your order in is the place where you get Buick power.

LOBSTER SALAD
Need a dish that's a bit dashing for a special dinner party or buffet supper? A wonderful lobster salad will add a festive air to the occasion and win bouquets of praise for your culinary talent. Here's the formula for the master salad:

Lobster Salad
2 cups cooked lobster
1/2 cup diced celery
2 apples
1 1/2-2 cup salad dressing
1/2 teaspoon salt
2 tablespoons lemon juice
Prepare lobster, using fresh, frozen, or canned meat. Cut in large bite-size pieces. Use tender stalks of celery and, after cleaning, cut in 1/4 inch pieces. Peel apples and cube. Toss lightly with just enough dressing to moisten. Serve on lettuce with additional salad dressing if desired. Oatmeal muffins are a tasty accompaniment to this salad.

Home Style Salad Dressing
1 egg
1 cup milk or water
1 tablespoon flour
2 tablespoons sugar
1 teaspoon mustard
1 teaspoon salt
cayenne or paprika
1 tablespoon fortified margarine
1/2 cup mild vinegar
Beat the egg slightly; add the milk, the flour, sugar, mustard, salt, and cayenne in the top of the double boiler; add the milk-egg mixture gradually. Cook over hot water, stirring until the mixture thickens (about 10 minutes); stir in the margarine and vinegar. The amount of vinegar and seasonings may be varied according to taste. Cool. Makes about 1 cup. Serve with vegetable, fish or meat salad.

For those potatoes and flavored with margarine, a new, two-color, 2-page recipe booklet. Write National Extension Council, Box 76, Memphis, Tenn.

Mr. and Mrs. Money Price and guests from Marfa, Texas, Mr. and Mrs. Ray Hagey and daughter, Billie Lou, visited the Bill Prices in Denver City and the Buell Prices in Lovington, N. M., this past Sunday.

The American Way

By DeWitt Emery

The something for nothing idea still persists in Washington, its most recent manifestation being the determined effort now under way to sell Federal Aid to Education (Senate Bill 246) to the people on the basis that it's all "for free" doesn't cost anyone anything.

The "do-gooders" and the big spending bureaucrats would have you believe that just as soon as Congress passes and the President signs this bill, Uncle Sam will reach up and pull the \$300,000,000 out of the air; then everything will be all set and everyone,

especially the bureaucrats, will be happy.

Actually, this money will have to come from the same source as all the other money our Federal Government spends; that is, out of your pocket, out of my pocket, and out of the pockets of all other taxpayers.

So much for the "for free" angle. I covered the control over schools by the federal bureaucrats, which would have to go with federal money, in a previous piece. Now let's take a look at the need for federal aid to education.

It was in 1936 that the first ballyhoo for federal aid to "save our schools" broke across this country. The "do-gooders" and the

"bleeding hearts" all of a sudden had discovered that the school systems of the several states were about to come apart at the seams, and if the Federal Government didn't immediately start kicking in three hundred million dollars a year, half or more to the kids the country, in a very short time, wouldn't have any place to go to school. So, in 1936 a "save our schools" bill was introduced in Congress, setting up an annual appropriation of \$300,000,000.

Now, thirteen years later, the same bill—it's almost worn out, it's been introduced so many times—is again presented to Congress. In the meantime what has happened to the schools in the several states? Have they come apart at the seams? Are half or more of the children in the country roaming the streets all the time because there isn't any place for them to go to school? You can answer that. What's the situation in your community, in neighboring communities and throughout your state? Are your schools better, just the same or worse than they were thirteen years ago?

I, of course, do not know what has happened in the past thirteen years in the schools in every city, town, village, hamlet and rural district in the country, but I do know what has happened nationally.

The record of the U. S. Office of Education show that from 1936 to 1947—the last year for which figures are available—the states, including the subdivisions thereof increased the financial support of their schools from \$1,656,798,938 to \$3,124,550,345. That's an annual gain of \$1,467,751,407 or almost exactly five times the \$300,000,000 it was said Uncle Sam would have to put up each year, starting in 1936, to keep our school system from falling apart.

If the states have been able to not only take care of, but actually double the financial support of their schools since agitation for federal aid started in 1936, isn't it entirely reasonable to assume that they can continue to handle their own school situations without any help from the Federal Government? I think it is. If you agree, then by all means express your views to your Congressmen and both of the Senators from your state. The bureaucrats are putting plenty of pressure on Congress to Pass S. 246, and if you don't do your part to counteract their propaganda, they may win by default. It's up to you Mr. and Mrs. America.

Lack Of Storage Space Looms As Waste In Grains

COLLEGE STATION, June 10—The lack of adequate storage for the bumper grain crop that is now beginning to move in the state is causing much concern. This, coupled with the drop in price, has brought the producer face to face with a real problem but fast action may yet save the day. It isn't too late to provide much on-the-farm storage and at the same time qualify for a government loan on the crop says, W. S. Allen, extension agricultural engineer buildings of Texas A. & M. College.

According to Allen, 500-bushel capacity grain storage bins or granaries can be built for about .50 cents per bushel of storage capacity. These construction costs can be further reduced through the use of materials that may be available around the farm adds Allen. Due to the high cost of materials, it may be advisable in some localities to buy prefabricated bins or granaries. Allen says such structures in some instances are selling from .28 to .31 cents per bushel capacity.

Whether you build or buy prefabricated bins will depend on the local situation, he says. If you need a blueprint for building on the-farm storage, go see your local county agent. Through him plans are available for many types and sizes of grain storage structures. When you get the plan, says Allen, get a local estimate on the cost of construction and then compare this figure with what a prefabricated building would cost. Then take your choice. It is well to keep in mind, continues Allen, other uses that can be made of such structures after the grain is taken out and plan them for such.

Grain storage structures, concludes Allen, should be well built so they'll last for many years. And too, one of the qualifications for a government loan is that the grain be stored in bins or granaries where it will not be subject to damage from moisture, insects, rodents or from other causes.

Keep all the stoves on the farm in a state of good repair at all times. Never fill gasoline or kerosene stoves while they are burning. And, it's safer to fill stove tanks out of doors.

Study of Old Teeth Aids Modern Dentist In Improving Work

AUSTIN—The tooth of a man who died thousands of years ago helps today's dentist assess modern dental conditions, a University of Texas archeologist says.

Teeth information gleaned from archeologically recovered skeletal material assists dentists in studying theoretical aspects of dentistry — relationship of tooth wear to tooth decay, Archeologist Alex D. Krieger says.

The information is part of a large body of valuable material being yielded by current archeological studies of future dmsites.

Investigations in areas to be flooded following new power development similar to that along the Colorado river are being directed by the National Park Service, utilizing the services of University of Texas archeologists in the Texas area.

Recently Krieger has been examining the vicinity of the proposed Falcon dam, on the Rio Grande in Starr County, for the campsites of ancient man and early historic buildings.

COUNTRY CLUB WOMEN HAVE LUNCHEON

The ladies of the Brownfield Country Club had their regular meeting and monthly luncheon Wednesday, June 8, with Mesdames Walter Hord, Mike Barrett and Sam Privett acting as hostesses.

During the short business meeting, presided over by the vice president, Mrs. Grady Goodpasture, in the absence of the president, it was announced that a July Fourth picnic will be held at the Country Club for members and their families.

A bridge party followed the luncheon and meeting.

Doc Key was removed from the local hospital this week after a spell of pneumonia.

Mr. and Mrs. T. L. Lowe spent the week end in Abilene, visiting relatives.

KITCHEN MEMO BY JEAN CLARKE

Only one half-pound of inexpensive meat serves four people and stretches food dollars when you make American Chop Suey. Melt 1 tbs. fat in large skillet or Dutch oven. Add 1 medium chopped onion. Fry until onion is yellow. Cube 1/2 lb. lean fresh pork shoulder and brown. Add 1 cup diced celery, 1/2 diced green pepper, 1/4 lb. mushrooms (optional), 1/2 cup uncooked rice, 1 tsp. salt. Dissolve 2 bouillon cubes in 2 1/2 cups boiling water and pour over mixture. Cover closely and bring to a boil. As soon as steam escapes from cover, turn flame down to simmer point and cook 35 to 40 mins.

Try flavoring salad dressing for fruit salad with peanut butter. Blend 1/2 cup peanut butter with 1/2 cup dressing.

One of the causes of coarse cake texture is baking in too slow an oven. The thermostat of your gas oven can be set to the exact degree of heat needed to overcome this baking problem.

Youngsters won't object to castor oil when it is stored in your gas refrigerator in a wide-mouthed jar until it's gummy to make it tasteless. Then just add to ice cold orange juice.

Research by the gas industry reveals that women can save much cleaning effort by using hotter water. It's easy to govern exact temperatures by turning up the thermostat on your automatic gas water heater to 150°F., for example, for mopping dirty floors.

FUNNY THINGS HAPPEN TO PEOPLE WHO DON'T KNOW THEIR BUSINESS! THE PEOPLE WHO WORK IN OUR JOB PRINTING DEPT. ARE EXPERIENCED AND SKILLED AND THEY DO EXCELLENT WORK!

Service Station Job Does Not End With Sale of Gas and Oil

A modern service station today may sell many motoring essentials in addition to gasoline and lubricating oil. Such items might include long-lasting batteries, tires, heaters, anti-freezes and motor parts. Even little things like windshield wiper blades, which become so important the moment they break, make up the stations' stock-in-trade.

But they do not stop there. Station attendants also keep motor vehicles running smoothly with their scientific oil and grease jobs.

A most interesting thing about stations in the United States, however, is not their number nor their volume of sales. It is, rather, the fact that they are so typical of small business enterprise in the United States. If they were not engaged in a highly competitive race to get new customers and to keep the ones they have, we would not be bombarded with those courteous offers to "clean your windshield," "check your radiator," "check your battery," or "check your tires."

Like other neighborhood businesses, 95 per cent of the service stations are independently owned or leased. In many communities the service station owner is an active member of business or service clubs, church groups or school boards.

The distinguished atomic scientist, Dr. Robert Milliken, once said: "The men who operate service stations have done more to teach the American people courtesy than all the professors in the colleges."

P-TA LEADERSHIP MEET AT LUBBOCK JUNE 21-22

The first institute on Parent-Teacher leadership for Area 8, districts 14 and 16, of the Texas Congress of Parents and Teachers will be held in Lubbock at Texas Technological College June 21 and 22. The institute will be sponsored by the college and the Texas Congress of Parents and Teachers.

Parents and teachers from the Brownfield area are urged to make plans to attend, according to Mrs. E. S. Smith of Lorenzo, who is president of the 14th district.

The institute is designed for parent-teacher leaders and members, school administrators and college faculty members who desire to study co-operatively the need, the purpose, the activities, and the leadership practices in parent-teacher work.

The home of Mrs. A. H. Daniell was the scene of a bridal shower at 3 p. m. Wednesday, June 8, honoring Miss Johnnie Ruth Baze, bride-elect of Stewart (Shorty) Collier. Hostesses were Mesdames T. L. Treadaway, J. J. Andrews, Daniell, and the nursing staff of Treadaway-Daniell Hospital.

Miss Baze, her mother, Mrs. B. L. Baze, Mrs. A. B. Collier, and Mrs. Daniell received the guests at the door.

Mrs. Andrews presided at the bride's book. Miss Faye Ross displayed the gifts.

The table was laid with a madiera cloth, and appointed with hobnail crystal. Two yellow tapers in crystal holder and tied with multi-colored pastel ribbons centered the table, and at one end, there was a crystal basket of

snapsdragons. Miss Mary Smith poured and Misses Jo Ann Josselyn and Beulah Page and Mesdames Ray Christopher and R. W. Ray assisted with hospitalities.

Two crystal candelabra, holding yellow tapers, tied with multi-colored pastel ribbons flanked the centerpiece on the buffet. The centerpiece was an oblong arrangement of snapsdragons and pastel tulle net built around a miniature bride and groom standing under a garland of tiny orange blossoms.

Approximately 75 guests called.

County Line HD Club Sees 'Cold Drinks, Ice Cream' Demonstrated

The County Line Home Demonstration Club held its regular meeting in the new home of Mrs. George Alexander on Thursday, June 2. There were four members and three visitors present.

The demonstration was on "Cold Drinks and Ice Cream." The agent made grapefruit punch, plain ice cream, and orange ice cream, and these were served to those present.

Mrs. Homer Sudderth was elected delegate to the State meeting, to be held at Mineral Wells in September. Mrs. I. L. Smith is alternate.

The next meeting will be with Mrs. Alton Elmore, Friday, June 17 at 2:30 p. m.

Mrs. Lawrence McCoy and Mrs. Jennett Cook and sons of Aztec, N. M., are visiting in the home of their sister, Mrs. Slick Collins, and Mr. Collins this week.

Mr. and Mrs. Truman Bishop and children of Slaton, Mr. and Mrs. Kenneth Jones and baby of Slaton, and Mr. and Mrs. Bud Patterson of McCamey visited Mrs. O. L. Jones Sunday.

Mrs. Anderson won high and Mrs. Muldrow and Mrs. Germany won bingo prizes.

Mrs. C. W. Watts of Route 2, O'Donnel, was in the office the other day. The Watts have recently purchased a farm, having moved from near Lubbock.

Arnita Lucas Honored With Shower

Miss Arnita Lucas was named honoree Friday, June 10, from 4 to 6 p. m., at a bridal shower given at the home of Mrs. Wayland Parker. Other hostesses for the occasion were Mrs. Henry Massingill, and Misses Lorene Hargrove, Gwendolyn Franks, and Gay Gibson.

Mrs. Parker, Miss Lucas, and her mother, Mrs. J. W. Lucas, received the guests at the door.

Yvonne Parker presided at the white Bride's Book, which was tied with satin streamers.

The credenza was centered with tall yellow tapers, set on an orchid reflector edged in yellow and orchid tulle net. The bases of the candle holders were flanked with nosegays of daisies and carnations set in orchid and yellow tulle net.

Mrs. W. T. Smith poured, and was assisted at the table by Misses Franks and Hargrove. The table was covered with yellow net over yellow satin. The net overskirt was looped up and tied with nosegays of daisies.

The table was appointed with hobnail crystal. An end arrangement of tall yellow tapers, set on an orchid reflector, and flanked with daisy and carnation nosegays set in orchid and tulle net, decorated the table.

Approximately 45 guests called.

BIBLE COMMENT FOR JUNE 19

Jesus' Life Holds Personal Message For Each of Us

LIGHT, glory and triumph soon followed upon the darkness and apparent defeat of the trial, humiliation and cruel death of Jesus on the cross. Resurrection joy and new faith, courage and inspiration came to the disciples as they first heard the amazing news of the opened tomb, and then met their risen Lord face to face.

The glorious experience that was theirs may be yours and mine. The Resurrection of Jesus has a direct and personal message for each of us. The word that it brings to us is the word that Jesus had already spoken to the disciples before His death: "Because I live, ye shall live also" (John 14:19).

That word of faith, and hope and life, does not come from the Resurrection as a single, or isolated, event. It is the message of the whole life and mission of Jesus. He rose from the dead because of the life that was in Him and it is because He imparts that life to us that we have hope of immortality. "The gift of God is eternal life."

The future life is related to the present life, not in mere continuance, but in the preservation, fulfillment, and enlargement of all that is best here. The noblest expression of it is in I John 3:2: "Beloved, now are we the sons of God, and it doth not yet appear what we shall be; but we know that, when He shall appear, we shall be like Him; for we shall see Him as He is."

Paul speaks of "the power of the Resurrection." The Resurrection of Jesus is not an ancient, isolated instance of a man surviving death, but the persistent, ongoing power of a life-giving life that offers to man eternal horizons, and limitless outlets of growth, achievement, and triumph. It is a call to be "always abounding in the work of the Lord, forasmuch as ye know that your labor is not in vain in the Lord" (1 Corinthians 15:58).

Welcome

to

Brownfield

and greetings to the

Rodeo Fans

On June 23rd, 24th and 25th many, many people will gather in Brownfield to see and to take part in the Second Annual Jaycee Rodeo . . . and we want to have a part in the great welcome that the city extends to everyone. Our business, of course, is FINE GINNING, so naturally we understand efforts of the Junior Chamber of Commerce to produce a top-quality show. Fine workmanship appeals to us — that's how we "ginned up" a reputation for doing quality work for the cotton farmer.

Congratulations to the Brownfield Jaycees on their Great show.
