

Brownfield Merchants Getting Ready for 'Fall Supplies' Rush

THE OLDEST BUSINESS INSTITUTION IN TERRY COUNTY - - - - ESTABLISHED 1903

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

Best Advertising Medium

The Herald has the largest paid in advance circulation of any weekly newspaper on the South Plains.

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock raising, augmented by huge oil fields, with the nation's largest known oil reserves.

VOLUME 45

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, AUGUST 19, 1949

NUMBER 4

Market Treks Furnish Data on Stockup Move

Quite a few of the local merchants have already been in the wholesale markets; some are away at this time, and others are preparing to go. At this time it appears that Terry county is in for the biggest crop yield since 1937, if not the banner crop of all time. There is only one thing that may look nasty in the picture, and that is the report of boll worms. However, there is a way to eradicate that pest, if the farmers are so minded, but they are not allowed always to make a decision about the matter. Boll worms and other cotton and grain pests have a habit of working while folks sleep. But there are poisons that will do the job. There is very little reason in putting in hundreds of hours to make a crop and let pests eat it up.

Stores To Be Stocked

The stores of Brownfield will have the heaviest, most up-to-date stocks that have been seen here in many years. Some of these huge stocks are already showing up and being unpacked. The buyers have been very diligent in searching out the markets for the best in all lines, and what the people want.

Let us add right here that it will be senseless to go to other towns this fall to make your fall purchases. Right here in Brownfield you will be able to obtain the very latest in wearing apparel, and at prices well in range of any other town. In fact, it will not pay you to buzz off to another town to get what you can get right here at the same price or cheaper.

Let us remember that it is the local merchants, not those some place else, that helps keep up our schools and churches, or streets and other utilities with their tax money. And they give employment to local people, who in turn spend their money here at home.

Rotary Club Gets Out All The Old-Timers

The local Rotarians tried to get all the old members, the charter members if possible, out to the meeting last Friday. The writer, along with Dr. A. F. Schofield, were guests of Lee Brownfield. We enjoyed the occasion very much, especially the row Red Tudor and Bob Bowers had on which was the older. Both are most too old, when it comes to that.

We can hardly conceive of anyone quitting the Rotary club for little reason. They are a swell bunch. But when a guy gets tired of hearing, and a Rotary speaker with a little piping voice tries to compete with some horse or cattle traders just beyond the curtain, you get more horse than rotary.

Judge Homer Winston made a nice talk to the boys, telling how the late Mayor Tom May and Neill H. Wright of Lubbock worked here several days in the early twenties to get sufficient members to start the club.

METHODIST REVIVAL STARTS AT WELLMAN

We are authorized to announce that the Methodist revival starts this week at Wellman. There will be both morning and evening services at the usual time, to which all are cordially invited.

Rev. Joe Boyd of Seagraves will be the preaching for the revival, according to the pastor.

R. B. (Sonny) Wall, Lyle Shelton and James Hankins attended the TAF fights in Fort Worth last week. Tom Adams, who participated in the tournament, returned home with them.

On Sunday, August 21, between the hours of 6 p.m. and 8 p.m., a buffet supper will be served to Brownfield Country Club members and their families.

This will be the second buffet served this year. Plates will be sold for \$1.00 per plate.

District Meeting Of Voc. Ag. Teachers

A Brownfield district meeting was called this past Tuesday by the outgoing president, Lester F. Buford. Truett Babb was elected president of the district for the following year. Mr. Babb is vice president of the Terry County Teachers' association for the ensuing school year.

Vocational agriculture teachers are looking forward to a successful year in their district under the leadership of Mr. Babb.

The first called meeting will be in the Brownfield vocational agriculture room August 16, beginning at 10 a.m. The teachers are to outline the course procedure and chapter activities for the 1949-50 school year.

Jaycees To Meet At Plainview

ABILENE, August—The Texas Junior Chamber of Commerce will open its sixth meeting of the summer series of state-wide meetings in Plainview August 20-21.

Jim St. Clair, Levelland, vice president of the state organization, will preside over the business session of the joint meeting for regions No. 1 and 2 of the state organization at its Sunday meeting, August 21.

This will include Jaycee clubs from Perryton, Dalhart, Borger, Pampa, Amarillo, Hereford and Tulla in region No. 1, while Floydada, Muleshoe, Plainview, Levelland, Tahoka, Littlefield, Lubbock, Lamesa, Brownfield, Crosbyton and Abernathy will be represented from region No. 2.

E. M. Kirkpatrick, Jr., Baytown, president of the state organization, will deliver the keynote address at the final meeting of the two-day event Sunday, August 21.

Plainview Junior Chamber of Commerce, serving as host club for the bi-regional summer meeting, will entertain some 150 Jaycee delegates and wives with headquarters at the Hilton hotel, Plainview.

Six Men Enlisted In U.S. Army Past Week

Sergeant Avery W. Carnes, U.S. army and air force recruiter, released this week the names of six local men who have enlisted in the U.S. army or U.S. air force. They are:

Bobbie D. May of 1120 S. Fourth street, who enlisted in the army August 2 and was sent to Camp Chaffee, Ark., for assignment.

Charles W. Arthur of 317 Cardwell street, who enlisted in the U.S. air force August 10, and was sent to Lackland air force base at San Antonio for training.

Robert J. Austin of 209 Sixth street, who also enlisted in the air force August 10 and was sent to Lackland for training.

J. E. Smith of 1001 N. Second street, who enlisted in the army August 10 and was sent to Camp Chaffee for processing and assignment to the 1st cavalry division, now stationed in Japan.

Kenneth W. Brackeen of Brownfield, who also enlisted in the army August 10 and was sent to Camp Chaffee for processing and assignment to the 1st cavalry division.

J. L. Buttr of Route 5, who enlisted in the army August 11, and was sent to Camp Chaffee for assignment.

Carnes also announced that, on the eighth of September, there will be a VAC recruiter in his office for the purpose of enlisting women in the U.S. army or air force.

Ray Wisner and family returned recently from a two-weeks' vacation in Oklahoma City, San Antonio and Houston.

TOM ADAMS

Adams Ranks Second In Nation's LH Boxing

Cub Scouts To Have Annual Picnic Monday

The Cub Scouts and their parents will meet Monday, August 22, at 6:45 p.m. in Coleman park for their annual picnic. Each family is asked to bring enough food for themselves, and put it with the contributions of the others.

Besides the food, there will be two other big events. The first will be the annual baseball game between the Cubs and their dads. The second event will be graduation of the 11-year-old boys into the Boy Scouts and the presentation of advancement awards. Cub Master Preston Murphy urges all Cubs and their families to come out.

The age level for membership in the Cub Scouts has been lowered, effective September 1, 1949. Beginning on that date, any boy eight years old and not yet 11 may become a Cub Scout. All 11-year-old boys may become Boy Scouts.

On September 12, a meeting will be held to re-organize the Cub Scout pack in Brownfield. The lowering of the ages will cause the Cubs to lose many of their present members, and leave vacancies for eight-year-old boys. It is families, not just boys, who join in the Cub Scouts program. Parents who wish to have their boys in Cubbing are urged to make plans to attend the meeting on September 12.

District Association Met Here Tuesday

Sixty people attended the district water works meeting held at the Esquire cafe Tuesday evening. Many towns in the district were represented.

S. C. Cooper, consulting engineer of Lubbock, spoke on "Oxidation Ponds and Lagoons in Sewage Treatment," and Jones Lamar, chief operator of the Big Spring sewage disposal plant, discussed "Operation and Performance of Hays Process Plants."

The next monthly meeting will be held in Odessa in September.

Dr. and Mrs. A. H. Daniell took their son, Ronnie, Roscoe Treadaway, and Billy Mack Herod to Abilene Sunday to attend band school. While there the Danells visited Mr. and Mrs. E. D. Priest.

Mr. and Mrs. Ross Black and children, Peggy, Patsy, and Michael, and Sandra Bailey, Junior Knox and Doris Redmon left Monday for a week's vacation in Ruidoso, N.M.

Ranked by many sports writers as the second best amateur light-heavyweight boxer in the nation, our own Tom Adams plans to leave next week for Abilene, where he will begin football training for Hardin-Simmons University.

A junior business major at HSU, Tom has distinguished himself in boxing and football for the past six years. Before his graduation from Brownfield high school in 1947, he lettered in football two years, as well as making a name for himself in the boxing ring. Last year he lettered at Hardin-Simmons in football.

Tom is a quiet-spoken, rather shy lad until he climbs into the ring with an opponent. Taking a cursory glance at his six trophies, three Golden Gloves rings, two wrist watches, numerous pairs of boxing trunks and others, one can imagine that he didn't get those for being shy and retiring.

A three-time winner of the Texas Golden Gloves championships at Fort Worth, he has also represented Texas at Chicago in the National Gloves tournaments. This year, as always before, we are expecting great things from Tom, and we feel pretty sure that we won't be disappointed.

He is the son of Mr. and Mrs. W. M. Adams of 220 W. Broadway.

Azteca Film Manager Here Over Week End

Mr. and Mrs. Jewell Truex and sons, Tony, Holt and Gregory, of San Antonio were guests over the week end of Mr. and Mrs. Hiram Parks.

Truex is branch manager of Azteca Films, Inc., one of the two Spanish language moving picture companies in America. He was here over the week end in the interest of his company, who supply the major portion of Spanish language pictures to this area.

SOME MIGHTY NICE COTTON SAMPLES SEEN

Charles Kirsch, our next door neighbor to the Herald, of Johnson Implement Co., brought in some mighty fine cotton samples the past week while we were out, and left them for the inspection of the "Old He." Now Kirsch did not claim that he raised the cotton, and we wouldn't have believed him if he had.

One of the samples was early Macha, and was raised by Nathan Chesshir. The other was Half and Half Cluster and was raised on the Ben Finley farm. It looks like we're going to have to buy a sack and help the farmers of this area out of a tight this year.

What the Organizations Mean to Brownfield

(An Editorial)

This week, the Herald is not going to air its views of political, local, state or national. Our ideas may and may not suit the reader, who has just as much right to their opinion as the Herald. We should never forget that this is a Republic, and that our expressions, aims in life and our ideas should be free from dictation toward others; that we refrain from the subversive idea, and are true to the ideals of a free nation. This week, instead, we are going to, in our modest way, try to present some of the good that our many organizations are accomplishing in our little city.

Brownfield can well feel proud of its several clubs, their aims and ambitions to help the whole com-

munity, and not just Brownfield. First off, let us take the Lions. They are constantly putting forward moves to help the entire town by innocent amusement, and the modest income derived from such projects is turned into the channel of helping those who sometimes cannot help themselves, such as youngsters who need glasses. They have had many children fitted with glasses whose parents were unable to do so, thus saving the precious eyesight of many perhaps. This is just one phase of their endeavor—there are many others.

Then there is the Rotary club. Their main project is the yearly Harvest Festival, that is no longer

(Continued on Page 8)

De Molays Celebrate End Of Study Period

The Brownfield chapter of the Order of De Molay held a barbecue at the Brownfield Country club Friday, August 12, climaxing a three-weeks' study period.

Attending the barbecue were the following: Leah Dale Portwood, guest of Don Anderson; Wynell Webb, guest of Jerry Ellis; Freda Anthony, guest of Bob Ferguson; Ruby Stockson, guest of Crawford Burrow, Jr.; Bobby Latham, Lyle Shelton, Herbie Kendrick, John Thompson, Doug Tankersley, Billy Don Anderson, and Jimmy Billings.

Lee O. Allen, Lee Brownfield, Everett Latham, Clovis Kendrick and Dr. Gordon Richardson prepared the barbecued steaks, ranch style beans, potato salad and cookies.

Childress Has Some Mighty Fine Peaches

M. B. Childress of the Forrester community, was in Saturday and presented the Herald with a nice lot of very fine peaches of the Elberta variety. In fact, they may have been Elbertas, as they were yellow meated, clear seed, and a slight pinkish blush.

Mr. Childress has a very fine farm in that settlement, and he keeps it well tilled. He stated that he did not have a large crop of fruit, but indicated that they had all the family would need.

He has no irrigation well, but stated that his farm lay in between two farms that do have wells, one rather strong, and the other much weaker. So, he figures he can have irrigation when he likes.

Country Club Presents Hawaiian Party 22nd

Drawing once again upon the talent within the club, the members of the Brownfield Country club will present a Hawaiian terrace party Monday, August 22, at 8 p.m. at the club.

No tickets will be sold for the party, but tables will be reserved instead. Mrs. Clarence Lackey is in charge of reservations and everyone who plans to attend is asked to call her at 369-M and make reservations early.

Ice cream, soda pop, popcorn and candy will be served. The program will be emceed by Prentice Walker, and the public is cordially invited to attend.

Social Security Office Has New Manager

John G. Hatton today assumed his duties as manager of the Lubbock social security office, it was announced by James H. Bond, regional director of the federal security agency.

Hutton replaces Elliott Adams, manager of the Lubbock office for the past three years, who has been transferred to Waco.

The new social security office manager will bring his family here as soon as he can secure a home for them. At present, his wife, son and daughter are visiting relatives in Clarendon.

Hutton came to Lubbock from El Paso social security office. He has been with the social security administration since this federal program began in 1937. For several years he was head of a department in the headquarters offices of the administration at Baltimore, Md. Prior to his tenure in the El Paso office, Hutton was connected with the offices at Houston and Fort Worth.

In addition to Terry county, those counties under Hutton's jurisdiction include Bailey, Borlen, Cochran, Cottle, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Hockley, King, Lamb, Lubbock, Lynn, Motley and Yoakum.

JONES IS PRESIDENT OF NEW ASSOCIATION

Four local men attended an organizational meeting of the Association of Municipal Electrical Systems in Lubbock last week end. They were Eunice Jones, Bill Aschenbeck, Jim Cousineau and Herman Chesshir.

Eunice Jones was elected president of the organization. Vice president is S. I. Vaughn of Vernon, and secretary-treasurer is Truman Green of Lubbock.

The entire group was conducted through the old electrical plant at Lubbock. They also made a tour of inspection through the new electric plant and the new steam turbine plant.

Five other towns were represented at the meeting.

HOW TO GATHER THEIR COTTON PUZZLING

Marlin Ellington was in this week from the Bledsoe section of Cochran county. He stated that cotton was waist high and lapping in middles in his area, and raisers were having a headache on how they would get it gathered. He was afraid the stalks were too large for the harvesters, and the question of hand pulling labor was remote.

We suggested to Marlin that a bunch of the farmers from several counties around here hire time on some of the big border radio stations and announce the big crops in Spanish. The Rio Grande can still be swam in places, at least.

NEW PARTS MAN

Thomas Matlock, formerly of Erie, Okla., has been employed as parts manager and bookkeeper at Price Implement company. He attended Oklahoma A&M college at Stillwater, Okla., and served 28 months in the army.

Matlock is married and they have one daughter, three years old. At the present time, the Matlocks are living in Meadow, but would like to have a house in Brownfield.

Fire Damages Haynes Bakery Early Sunday

Approximately \$3,000 damage was done to Haynes bakery early Sunday morning by fire, Eunice Jones, fire chief, said. Smoke and heat caused most of the damage, with the fire staying mostly in the back part of the building where the ovens are.

The machinery in the building was not in operation at the time of the fire, with the building being used only for storage. It was estimated that about \$2,200 damage was caused to the building by heat and smoke, and about \$800 damage to the machinery.

Cause of the fire was unknown.

Funeral Services Held For Former Resident

Funeral services were held at 3 p.m. Saturday, August 13, at the First Methodist church for O. A. Lemley, who died suddenly in his home at Wasco, Calif. The Rev. R. N. Huckabee officiated, with the Rev. H. L. Thurston assisting.

A Terry county farmer for many years, Lemley had resided in Wasco for the past seven months.

Survivors include his wife; one son, Noah, of Brownfield; his father, Lee, of Muldrow, Okla.; three brothers, Ruth, of Clarksville, Ark., Finis of the U.S. army, and Odie of Portales, N.M.; and one sister, Miss Etta Lemley, of Los Angeles, Calif.

Burial was in Terry county memorial cemetery under the direction of Brownfield funeral home.

LOTS OF COUNTY REUNIONS THIS YEAR

Most every day here of late, we have had requests for space to tell about one county reunion then another at Lubbock. It seems that some of the Plains people can't get weaned off from where they came from. The latest are the Hall and Eastland county reunion.

The Hall county reunion is to be held at McKenzie state park at Lubbock Sunday, August 21, beginning at 10 a.m., with a basket picnic. The Eastland county reunion is to be held at the same place the following Sunday, August 28. D. C. Davis of Tahoka is president.

UNDERGOES SURGERY

J. C. Jennings, who is employed at Teague-Bailey Motor company, underwent major surgery in a Lubbock hospital last week. He is reported to be doing well.

SAVES GIRL CYCLIST—H. W. Coffman (above), Wichita Falls brakeman and conductor, was credited with saving Little Joan Gill, 11, from almost certain death beneath the wheels of a switching locomotive in Bowie. He was directing traffic in a Bowie street when he saw the girl ride into the path of the train. He snatched her from her bicycle and jumped back. The bicycle was demolished. Coffman was struck by the drawbar of the locomotive but was not injured. (AP Photo)

LEAVES FOR MEXICO

Geraldine Pveatt, formerly employed with the South Plains Health Unit, left Tuesday to make her home in Lovington, N.M., where she will work in a bank. She is succeeded by Mildred DuBose.

OFF TO COOL COLORADO — Kenneth Spears, left, and his mother, Mrs. R. C. Spears., center, shown with Stewardess Lucy Bryn, as they left Lubbock Monday via Braniff airlines for a two-weeks' vacation in Colorado. Kenneth won the all-expense paid trip as a result of a food sales contest in Furr Food store, where he is employed.

Kenneth Spears Wins Furr Trip to Colorado

During the month of July, 26 Furr Food stores were competing in pushing sales of Food Club products. As a result of the drive made by the local store, Kenneth Spears and his mother, Mrs. R. C. Spears, are enjoying a vacation in Colorado this week.

The reward for selling the most Food Club products in this store is an all-expense tour to Colorado. Since all the clerks in this store were eligible to go, names were put in a hat and Kenneth's name was drawn.

Kenneth and his mother left Monday from Lubbock by Braniff airlines for Denver where they began their week's vacation at Estes Park and Grand Lake Lodge. The trip included two nights at Grand Lake Lodge and in-between tours of all scenic points will be made.

Brownfield was named Saturday as the winning store among the 26 stores between El Paso, Carlsbad, Roswell and Hobbs, to Childress.

Kenneth and his mother, who have never flown before, will return to Lubbock Sunday by Braniff airlines.

SPOTS BEFORE HIS EYES—Herbert Harris, 11, uses a magnifying glass for a close-up look as he admires the freckled complexion of Sally Brady, 20. The two were selected as King and Queen of the Freckles at the Chicago Railroad Fair. Herbert spotted his nearest competitor a couple dozen freckles and still won handsily.

Behind the Scenes In American Business

By Reynolds Knight

NEW YORK, Aug. 15.—Outcome of the current dispute between 64 steel companies and the CIO United Steel Workers could have major repercussions on the country's economy. For in recent years the industry has tended to set a pattern for many others. "As goes the steel wage, so goes the nation," has taken its place with the old election slogan about Maine and the nation.

The union is seeking a 30-cent-an-hour increase, in a "package" which includes a fourth-round wage increase and pension and insurance benefits. Steel companies say any increase would have to be reflected immediately in higher prices, and at a time when sales are slipping.

Involved are two schools of thought, poles apart, which President Truman's fact-finding board must somehow reconcile in its report due August 30. Union economists assert that the raise would help boost consumer purchasing power, halt declining production and increasing unemployment, and stimulate business investment in plant and equipment.

Other economists label this a "fantastic concept of what makes jobs and mass volume business." They point out, too, that an increase of just 13 1/2 cents an hour would amount, in the case of U.S. Steel, to more than this leading company paid in dividends to its hundreds of thousands of stockholders for all of 1948 and in interest to the many bondholders and institutions which have loaned money for investment in plant and equipment.

LESS MOO, MORE MILK — The well-known ingenuity of the American farmer in finding ways of growing two blades of alfalfa where one grew before is again demonstrated in a comparison of dairy statistics compiled by American Can company. The figures show that while the number of cows in the country has been decreasing since 1945 at the rate of more than a million head a year, the supply of milk is at least as plentiful as ever.

The bovine population now figures to one milch cow for every six persons. In 1920, it was one for five, and back in 1870, one for four.

A comforting note for those who would shed a tear over the seeming disappearance of Old Bossy is the report that there still are 24,450,000 cows and heifers in the country today, and they are producing just about as much milk as 27,770,000 did in 1945. Thanks to more scientific and efficient dairy methods, the average cow's yield is now about two and a half tons of milk a year, up ten per cent from 1945.

Less wastage and spillage of milk can be attributed also, in part at least, to the canning industry which last year put up more than 3,300,000,000 cans of unsweetened milk and about 132 million cans of the sweetened variety. The average citizen, the can company points out, now consumes about 388 pounds of fluid milk and cream each year along with some 19 pounds of evaporated milk and about ten pounds of butter.

Mr. and Mrs. J. B. Patterson of Amarillo and Mrs. Kathay Mullinex of Overton visited Mr. and Mrs. Dick Fallis and Mrs. Minnie Patterson over the week end.

MR. BARKLEY GOES TO A BALL GAME—Vice president Aiken W. Barkley surprised St. Louis baseball fans by turning out for a Sunday game between the Cardinals and the New York Giants. His companion at the game was Mrs. Carlleton S. Hadley, left, of St. Louis. It was the vice president's second flying trip to St. Louis this summer, and each time he managed to see the attractive widow.

The Right Way To Start A Depression

EDITORS NOTE—The following article was taken from the column "Pitching Horseshoes" in the Fort Worth Star-Telegram by Billy Rose. The lesson brought out in the article is so timely and good that we are passing it on to our readers. The article follows:

For the past 20 years, a friend of mine in Indiana has been selling hamburgers and making a right pretty dollar at it. He's hard of hearing, so he never listens to the radio, and he's had so much trouble with his eyes that he never looks at a newspaper. But the hamburgers he sells are good hamburgers, and so his inability to keep up with the times has never interfered with his business.

A few weeks back, the old man's son got out of college after majoring in economics, and when he got home he said: "Pop, I think you ought to start watching your pennies. The European situation is all messed up and we're beginning to feel it over here. According to the Dow-Jones index, this country is facing a depression."

"I don't know this Dow Jones," said his father, "but any friend of yours is a friend of mine. Besides, you figure to know what you're talking about seeing as how you've been hanging out with professors for the last four years."

The next morning, the old man canceled the billboards on which he had been advertising his roadside stand for years, and that night switched off his neon sign at 8 o'clock. And a week later, he laid off most of the girls who had been carrying the trays out to the cars.

Encouraged by these savings, he next eliminated his famous piccalilli sauce, stopped throwing the stale buns away, and substituted cheap meat for the U.S. prime he had always used. His only capital investment was for a newfangled gadget, guaranteed to get 20 slices out of an onion.

Well, last week his son's predictions had all come true. In fact, there was one day when not a single car drove up to the stand. "Thanks for tipping me off," said the old man to his son that evening. "There sure is one big depression in this country."

Mrs. P. N. Figley of Denver City was a business visitor in Brownfield Monday.

Cheer Leaders Attend School In Huntsville

Six of Brownfield high school's seven cheer leaders left Sunday for Huntsville where they will attend a week-long second annual cheer leaders' school at Sam Houston State Teachers college.

This particular school is the only one of its type in America, Richard Young, who is in charge of the pep squad, stated. The instructors for the school are head cheer leaders from Texas university, university of Southern California, and Texas A&M.

Cheer leaders from all over the state attended the first school, held earlier in the summer, and are attending this school. The students will attend daily classes in pep rally and parade planning, tumbling, leading yells and composition of new yells.

Those leaders from here who attended the school are Wynell Webb, Virginia Martin, Eura Lee and Billie Ruth Burns, Annie Grace Nicholson and Jean Welch. Joanne Manchen, head leader, was unable to attend.

Gene Goodwin and Kenneth Bennett spent the week end in Dallas.

Pre-School Children Have Dental Trouble

AUSTIN—Tooth decay or dental caries is a destructive, progressive disease of the teeth. A large part of a tooth may be destroyed by decay with little evidence of decay on the surface, says Dr. George W. Cox, state health officer. Surveys of large groups of pre-school children reveal that 50 per cent of them have decayed teeth at three years of age, 75 per cent at four years of age, and 90 per cent at five years of age. Six out of ten children age four and five have as many as seven or more cavities.

Decay begins most frequently in the small pits and fissures on the chewing surfaces and at the points of contact between the teeth. Pits and fissures with structural flaws should be filled at once to prevent decay.

Dr. Cox said, "Dental examination and care should begin with the three-year-old child, and periodic examinations and necessary

care should follow, thereafter, as often as the dentist advises. The first or baby teeth should be kept in a healthy condition until it is time for them to be lost.

"X-ray aid the dentist in finding hidden cavities, especially those between the teeth. Many of these beginning cavities are located in areas where they cannot be found in any other way. X-ray pictures are also useful in finding other conditions that require immediate attention such as abscesses, impacted teeth, broken roots, bone destruction due to pyorrhea, extra teeth and other information that is important in treatment of the case.

"With periodic dental examination and adequate dental care for each child, beginning at three years of age, the great majority of the children will reach adulthood with good dental health."

Mr. and Mrs. Walter Morris of Lovington, N.M., are vacationing in Corpus Christi, Galveston and Houston. While they are away, their daughters are visiting their grandparents, Mr. and Mrs. B. S. Morris, here.

HAVE YOU SEEN THAT SQU--SQU--SQU--IRREL?

Do you recall the first funny yarn that you ever heard? They are usually easy to remember, aren't they? It was about two Irishmen who saw a squirrel run up a tree. The first one, Mike perhaps, said: "Did you see that squ--squ--squ--?"

The other, Pat, laughed a lot, and then said: "My brother can't say squ--squ--squ--and neither can I." Well, our better half spied one among the trees in the court-house park about a month ago. A week or so later, the gentleman, (or was it a lady squirrel?), was seen to come down out of one of the trees at our home.

Since then he has not been seen. But William, which is short for Bill, who in turn is Jack Taylor's dog, "tree'd" in our backyard Saturday. The wife investigated, but it was a cat. Have you seen the squ--irrel?

Mr. and Mrs. Cecil George and children have been vacationing in Paris and Cooper the past week, visiting relatives.

Thailand Uses Stamp Tax

BANGKOK — (AP) — The Thai (Siam) revenue department is sending out secret agents to run down stamp tax evaders among businessmen who are mulcting the government of \$1,000,000 a year.

A revenue department official said most of the evasion is done by keeping two sets of books, one to be shown revenue officials and the other to keep track of the firms' actual transactions. Foreign as well as Thai business houses join in the practice, he added.

Refugees In India Protest

NEW DELHI, (AP) — Unmindful of rains, about 400 refugees in rags squatted in the open before the relief minister's house here. They demanded immediate rehabilitation and recovery of their abducted women from Pakistan.

These refugees sat on until the evening shouting slogans. They refused to budge until Minister Mohanlal Saxena came out and assured them of his personal attention. The July rains had flooded most of their quarters rendering them homeless.

RUPTURE

SHIELD-EXPERT, H. L. HOFFMANN of Minneapolis, Minn., will demonstrate, without charge his "Rupture Shields" in Lubbock, Hotel Lubbock, Monday, August 22.

From 10 A.M. to 3 P.M. Please come early. Mr. Hoffmann says "I have specialized in the field of Rupture Correction since 1928 and personally fitted well over ten thousand cases. When skillfully done most Rupture openings will contract in a short time. Above all you can go to work immediately without fear or pain. There are many of my satisfied customers right here in this community." **CAUTION:** If neglected, rupture may cause weakness, backache, nervousness, stomach and gas pains. People having large ruptures which have returned after surgical operations or injection treatments, are especially invited. "If you want it done right, don't experiment. See HOFFMANN." If unable to see him at this time address:

FARM QUESTION BOX

by ED W. MITCHELL

Farm Advisor
General Electric Station WGY

Q I would like complete information on barn exhaust fans. I need the information to be able to install them properly.

A The capacity should be about 100 cubic feet per min for each cow of 120 chickens. The exhaust should be on the lee or sheltered side of the building. The intake flue about twenty-four inches above the floor to draw off cold, heavy air and any intakes should be adjustable and baffled so air can be controlled and directed against the ceiling to avoid drafts. Most barns leak enough air so no more intakes are needed.

Q Please tell me how to sprout wheat for chickens.

A Wheat is more expensive, and does not sprout as well as oats—but sprout either this way. Add ten drops of four per cent commercial formaldehyde to ten quarts of warm water in a pail and fill with grain and allow to soak overnight in a warm room; then spread one inch thick in trays and store in a warm room, and water daily. At the end of a week or two they should be two to four inches tall, then feed in chunks that birds will clean up in a half hour.

Q I want to clean my crescent well. After pumping out all the water what can I use to wash off the walls so the water will come out clear and fit to drink?

A First—you might as well disinfect it by pouring in a can of chloride of lime (at any grocery store). Then pump dry several times and wash down the walls as well as you can while doing it. Then pump dry repeatedly till you can stand the taste of the chlorine.

Q Can tomato seed saved from last year's tomatoes that had blight be planted this year with good results?

A Blight does not carry over in the seed, but why plant seed from diseased plants and of unknown percentage when good, certified seed is so cheap and such a small part of the total cost.

Q My peonies grow beautiful plants but they do not bloom. The buds form but do not open. They are on sandy soil and I use a commercial fertilizer. Please advise.

A I would take up the plants and if the roots look healthy, divide them and replant, being careful not to plant too deep. Use any good garden fertilizer but avoid manure.

Q How can I keep soil from washing down a steep bank? Have filled in and planted small trees, but it doesn't hold.

A Try a bit of contour work on your slope, that is working it crossways instead of up and down. Plant it to oats and some grass seed and I think it will hold—or you might try planting a running ground vine of some sort, or even rambling roses.

Q I am planning to put lightning rods on my house. Should I use copper or aluminum for the greater part of the installation? Am told that copper is apt to oxidize and spoil the appearance of the white paint, but that aluminum and copper are enemy metals and likely to set up a galvanic action in the copper gutters. Would you advise against the use of aluminum for this reason?

A Aluminum and copper are about equal as conductors for lightning protection. The aluminum does not stain white paint as copper does. Neither should be laid in the gutters, and the grounds should be copper. Do not use aluminum on a copper roof or vice versa, but where aluminum crosses a copper gutter or is joined to a copper ground a special, waterproof connection is used to prevent corrosion. I would use the aluminum and insist on a competent person to make the installation and an underwriter's "Master Laid" on the finished job.

Ever See a Dream Coming True?

We Did!

"... yes, every week for more than a year, we actually saw our dream coming true . . . on the pages of our savings account book!

"It was a new thrill each week to watch the total come closer and closer to the magic figure that meant the down payment on a home of our own. 'Till finally, one week, it came true

all the way! We had our down payment. Today, we have our home . . . plus some new dreams that we're going to watch come true in the very same place: on the pages of our savings account book!"

Want to watch your dreams coming true? We've got a nice new savings accountbook waiting for you—NOW!

"Over 43 Years of Continuous Service"

Who Gets The Lion's Share?

The idea still seems to be prevalent that the owners of industry get the big rewards—while the workers get the crumbs.

That is one of the worst possible misconceptions. And it is a good sign that industry is now working to correct it, by releasing simplified balance sheets showing the actual financial experience of typical enterprises.

A revealing example concerns a nation's largest steel company which has been in business for 47 years. In that time, it has had a total gross income of \$44,000,000.

Here, on a percentage basis, is what happened to that huge sum of money.

Payments for human energy—wages, payroll taxes, social security, etc.—took 41.4 per cent.

Payments to other companies for goods and services—much of which went out in payrolls—took 37.2 per cent.

Depreciation of equipment—

worn-out tools—required 6.7 per cent.

The government, through taxes, received 6.4 per cent.

The owners of the business—the stockholders who put up the money that made the company and its employment possible—received 8.3 per cent.

Further, not all of that 8.3 per cent went to the owners in cash. About a third of it had to be set aside to buy new tools that would be needed.

The point is clear. Capital—which simply means the accumulated savings of millions of people most of whom are of moderate means—works for a modest wage, generally the smallest share of the company's earnings.

They Blow The House Up

BAD KISSINGEN, Germany—(AP)—The district president of Kissingen urgently needed money to build houses for refugees. State funds were exhausted, so he got the 30 mayors of his district together and formed a band, consisting mostly of trombones and trumpets. This mayor's band plays in all towns to collect funds.

They have already blown enough for one house.

A Map Of The Proposed Canal From Missouri River

A few weeks ago, The Herald had an article about the proposed canal from the upper reaches of the Missouri river and tributaries which would bring water to this area. Accompanying this article, we are showing a map drawn by Mr. Charles Eli Sexton, who seems to have originated the idea. While the cost will be steep, probably about half what we are giving to Europe each year, the plan is no doubt feasible, and is receiving support from papers and individuals all along the line from Montana to this area.

Another good feature of the canal is that it would take water from the Missouri and tributaries,

that finally hit the Mississippi valley, causing floods. If a part of this water can be diverted to the semi-arid sections that it will, if built traverse, we shall go a long way toward irrigating some rich level land in western Kansas, Nebraska, Oklahoma and Texas.

But right now, Mr. Sexton, a writer on the Washington Times-Herald, a very conservative paper, is waging a battle in the nation's capital for the eventual building of the canal. But, Mr. Sexton says that now it's mostly talk, and that it probably will take a sizzling drought in the area of the proposed canal to get quick action of congress.

Mr. Sexton has also sent us a hand-drawn map showing the probable course of the canal in this particular area, with the idea of the diversion canal that would bring water to Terry county. The main canal would come near Demmit, thence southwest to just west of Muleshoe, thence almost south between Morton and Bledsoe, and on between Plains and Bronco.

Diversion of irrigation water for Terry county would follow Lost and Sulphur Draws. Another for future consideration would be a secondary canal from the main one, west of Amarillo, passing east of Littlefield and Levelland, and between Gomez and Tokio. It is proposed to drain water into low places such as natural lakes, to form lagoons and lakes. In this way, the evaporation might lead to the means of boosting the rainfall of all this western country.

Mr. Sexton is now at work on a more up-to-date map, which he hopes to present in the near future. He is receiving less encouragement from eastern Colorado than any other state, at present.

The canal would be navigable, and finally empty into the gulf around the Corpus Christi area.

U.S. Senate Denies Plea To Unseat Johnson

What is generally regarded as the final chapter in last year's hotly contested U.S. senate race was written last week by the senate rules committee. They said Coke Stevenson followed an improper procedure in contesting Lyndon Johnson's right to a place on the general election ballot as nominee of the Democratic party. Instead of filing his contest in a federal court, he should have filed it in the state courts, as required by Texas law, the committee declared.

Friends of Stevenson have recently been quoted as saying they will organize a campaign on his behalf as candidate for governor in 1950. At his ranch in Kimble county, Stevenson said the committee ruling in his election contest will "outrage the people of Texas." Asked about his future political plans, he said: "We'll just have to watch the barometer, eh?" This was obviously a reference to whether a public demand develops for him to run.

Mr. and Mrs. Word Price, Mr. and Mrs. Bob Whitney and Bobby and Mrs. Sally Dee Price visited Mr. and Mrs. Sam Price in Tshoka Sunday.

Texas Today

By Dave Cheavens

Austin, Tex., Aug. 19—(AP)—Rep. Frank Svadlenak of Thrall believes new state hospital buildings could be built without a dime of new taxes if Texas would sell of some of its spare real estate.

The eleemosynary system could be largely rebuilt, Svadlenak declares, with proceeds from such sales. In the Austin area alone, the lawmaker figures a cash sale would bring about 18 million dollars.

Svadlenak, a former chairman of the house committee on revenue and taxation, first advanced the idea in a speech near the end of the 51st legislature's regular session. He enlarged upon it recently in a statement to the Associated Press.

He was referring specifically to the large acreage around the Austin state hospital, familiar to traveling Texans in its location on Guadalupe street (the Dallas-Fort Worth highway) in north Austin. It is a gloomy group of buildings surrounded by vegetable gardens.

Svadlenak, a merchant who commutes between his home and Austin during sessions of the legislature, passes the state hospital grounds frequently.

"For the life of me I can NOT see the wisdom of raising a head of cabbage, a couple of stalks of corn or one cauliflower in land worth from \$150 to \$500 per front foot. It just isn't good business," he said.

Svadlenak's idea is that the land should be sold and the hospital and similar in-town eleemosynary institutions be moved out into the country wherever possible.

When the institution here was first located on Guadalupe, it was on the far outskirts of town. Now it is surrounded by home and business property. Svadlenak gave this outline of his argument:

"1. The buildings are old and

beyond modern repairs. The cost of modernizing these old structures would be as much or more than the cost of new modern construction.

"2. The land area occupied by the Austin hospital is too valuable for this purpose.

"3. The inhabitants of this institution should be moved into structures at least ten or twelve miles outside the corporate limits of any city, where they can enjoy the quiet of life an nature.

"4. Cash received for the sale of business and residential lots would finance a modern utopia for the insane. It would forego the passage of any new taxes upon the people, now overburdened by local, city, school, county, state and federal levies.

"5. The 478 acres in Austin would become private property and would bring to the city, schools and state many thousands of dollars of tax revenue not now received.

"6. Quiet country life is much more desirable for the sick rather than the hustle and bustle of the city."

Look what you get for less than many Sixes!

Come see this Stunning New Buick SPECIAL—big in room, big in valve-in-head straight-8 power, easy to manage in size and price

Yes, we know it looks like a lot more money. That stunning new front end—those graceful, tapering fenders—those bigger interiors and high-visibility windows add up to a car you'd expect to wear a pretty fancy price tag.

But come in and see for yourself how right we were when we said this new beauty was priced right down your alley.

Come try the comfort-patterned seats, handle this easily managed wheel, lift the hood and see the bonnet-filling valve-in-head straight-eight power plant you command, measure the shorter bumper-to-bumper length.

Then do a little hard-boiled matching-up of price tags. In particular—compare this beauty with the sixes—and ask yourself why you should pay for straight-eight power and not get it.

You have, remember, three smart body types to choose from—the tidy, three-passenger Coupe shown here, a neat 2-door, six-passenger Sedan and a smart 4-door Sedan with the roomiest interiors ever found in a Buick SPECIAL.

They're going fast, as you might expect. Getting a firm order in is a smart move just to insure early delivery.

How about dropping in—the first minute you can?

TEN-STRIKE! Only Buick SPECIAL has all these Features!

Traffic-Handy Size • More Room for the Money • Dynaflo Drive optional at extra cost • Jet-Line Styling • Non-Locking Bumper-Guard Grilles • High-Pressure Fireball Straight-Eight Engine • Coil Springing all around • Low-Pressure Tires on Safety-Ride Rims • Greater Visibility fore and aft • Self-Locking Luggage Lids • Steady-Riding Torque-Tube Drive • Three Smart Models with Body by Fisher

Shower Compliments Mr. and Mrs. Aned

Misses Kathryn Ince and Margaret Goza, and Mrs. Madeline Holden complimented Mr. and Mrs. Trueman Aned Monday, August 15, with a shower given in the home of Mrs. Holden.

The entire house was decorated with summer flowers. The refreshment table was laid with a white linen cloth, and centered with roses. Misses Goza and Ince presided.

Approximately 40 guests were registered by Mrs. Holden.

Out-of-town guests were Mrs. Pearl Aned, mother of the groom; Mr. and Mrs. R. I. Aned and children; Mrs. J. W. Brown; and V. L. Aned, all of Hobbs, N.M.

W. L. BANDY HONORED AT BIRTHDAY DINNER

Mrs. E. L. Flippin of Breckinridge entertained her father, W. L. Bandy, on Friday, August 12, at the Bandy-Flippin cabin at Possum Kingdom with a birthday dinner and swimming party.

Ham, salad, rolls, iced tea, ice cream and cake were served to 25 guests, including Mr. and Mrs. Bandy, Mr. and Mrs. J. L. Cruce, all of Brownfield; Bill Barley of Segarville, and Mrs. Edna Williams and Wayne and Kay of Odessa.

Friends Give Farewell Party To Otis McKees

Mr. and Mrs. Otis H. McKee and son, Marcus Wayne, were surprised with a farewell party Friday, August 5, at their home. Piano selections and games were enjoyed by the guests.

Watermelon was served to about 25 guests.

The McKees will move to Dallas this month.

Sandra Bailey Honored At Saturday Breakfast

Mrs. Ike Bailey honored her daughter, Sandra, Saturday morning from 8 a.m. until 10 a.m. at a "come-as-you-are" breakfast.

Guests who attended were Patsy Lewis, Willa Johnson, Deenie Ballard, Mary Alice Moore, Peggy Black and Onogene Walker.

SMITHS VISIT HERE AND TENNESSEE

Mr. and Mrs. Mumford Smith got in Sunday night about 8 from their home in Glendale, Ariz., which they left about 4 a.m. Sunday. They visited here a day or two to rest and then headed for Mt. Pleasant, Tenn., about 80 miles south of Nashville.

Tuesday early, Mr. and Mrs. M. Smith took their father, W. C. Smith, for a trip back to his old home town, Mt. Pleasant, in Murray county, Tennessee, for a short visit. They will return via Oklahoma to visit relatives of the late Mrs. W. C. Smith, who passed away early this year.

SERVICE GUILD TO MEET

The Presbyterian Women's Service Guild will meet Monday, August 22, at 2 p.m. in the home of Mrs. R. E. Klotfanda.

Virgil Crawford and C. L. (Abe) Lincoln attended a joint meeting of the American Legion and its auxiliary in Levelland Monday night.

Mrs. E. D. Ballard and Mrs. O. G. Cheek of Hobbs, N.M., visited Mrs. Ballard's sister, Mrs. N. T. Dalton, in Littlefield this week.

MRS. L. C. MOORE

Stevens-Moore Vows Wednesday Morning

Miss Lois June Stevens, daughter of Mrs. C. R. Stevens of 410 South Second street, and L. C. Moore, son of Mr. and Mrs. Loyd Moore of 716 E. Main street, were married at 9 a.m. Wednesday, August 17, in the First Baptist church.

Jack Pierce performed the double-ring ceremony before an arch of huckleberry fern topped with wedding bells. The arch was flanked with candelabra holding white tapers, palms, and baskets of white gladioli.

Clyde Green offered several piano selections, playing "Always," and, as the candles were lighted, "Ah, Sweet Mystery of Life." Misses Charlie Gaston and Mary Moore were candle lighters. Miss Gaston wore a beige satin dress with black accessories and Miss Moore was attired in a green taffeta dress with black accessories. Both wore white carnation corsages.

The brides only attendant was Miss Nancy Morgan, who wore a green crinkle-taffeta dress with navy accessories and carried a pink rose bouquet.

Given in marriage by her brother, Kenneth Stevens, the bride wore a navy blue taffeta street length dress. The bodice featured a flared stand-up collar, ending in a plunging neckline, fastened with one large self-covered button. The full gathered skirt was caught to a wide set-in crushed taffeta girdle. Her accessories were white and she carried a cascade bouquet of roses tied with white satin streamers. She wore a string of pearls, a gift of the groom, and had a penny in her shoe.

Fred Adams was best man. The bride's mother wore a two-piece brown faille dress with tan and brown accessories and a pink carnation corsage. The groom's mother wore a navy crepe dress with white accessories and a pink carnation corsage.

SECOND SECTION The Terry County Herald

GEE GEE PRIVITT, Society Editor

Brownfield, Texas

Friday August 19, 1949

TURNER BAPTIST CHURCH REVIVAL BEGINS TONIGHT

Rev. Bob McLeroy, pastor of the Turner Baptist church, has announced that a revival meeting will begin Friday, August 19, and will continue through Sunday, August 27.

The Rev. Jack Snitker of the Moody Bible Institute will conduct the services. A native of Terry and Yoakum counties, Rev. Snitker is the son of Mr. and Mrs. Fred Snitker of Plains and is a veteran of World War II.

Singing will be led by Rev. Hicks of Tokio.

Morning services will begin at 10 a.m. and evening services will be at 7:45 p.m. Evening preaching services will begin at 8:30 p.m.

The church is located four miles north of Tokio.

Everyone is cordially invited to attend the services.

PBC Presentation Plans Completed

The Phi Beta Craesus club met at the home of Joan and Glenda Blevins Tuesday at 2 p.m.

A business meeting was held, and definite plans were made for presentation, which will be held September 2.

Another collection was taken for the Ronnie Coats fund.

Plans were made for a dance and cake walk to be held at the Brownfield Country club Thursday, at 8 p.m. Admission will be 50c for dates, 75c for stags.

Members present were Phyllis Boshier, Janelle Thompson, Nan White and the hostesses.

HAS SPUR VISITORS

Valeen Perry had as her guests over the week end Misses Pinnie Dupre, Joyce Daughtry, and Nedda Bashear, all of Spur.

The four girls attended high school together in Spur.

It is estimated that 100,000 species of plants would virtually disappear if there were no bees.

Local VFW Auxiliary Has Dinner Tuesday

Members of the VFW auxiliary were hostesses at a progressive dinner Tuesday, August 16, at 7 p.m. for the VFW post members and the auxiliary and prospective members.

C. L. Aven of Terry County Lumber company loaned a truck to transport the 33 guests to their destination.

The appetizer course was served in the home of Mr. and Mrs. James Harley Dallas. The salad course was served in the home of Mr. and Mrs. Bill Dugger. The main course of barbecue, beans, potatoes and ice tea was served in the home of Mr. and Mrs. Dale Brown. Mr. and Mrs. Hub King served the dessert course, and after dinner coffee was served in the home of Mr. and Mrs. Abel Pierce.

Those attending the dinner were Messrs. and Mmes. King, Brown and daughter, Pierce and family, Dallas and daughter, Dugger, Cleve Dalring and family, Bill Webb, Abe Lincoln, Leon Proctor and family, Harold Wilson and son, and Mrs. Andy Anderson and family, Mrs. Bill Redford and Will Brown.

Bring a basket and meet old friends and make new ones.

Methodist Ladies To Have Luncheon

The Methodist Missionary society met Monday in the church.

Mrs. Ida Bell Walker led the lesson, from the second chapter of the study book, "The Bible and Human Rights." She was assisted by Mmes. Joe Johnson, Glen Harris, G. S. Webber and J. H. Carpenter.

Next Monday, Mmes. Joe Johnson and Fanny Maupin will be hostesses at a covered dish luncheon at 1 p.m. at the First Methodist church.

Those attending the meeting Monday were Mmes. Tobe Power, U. D. Gorton, J. Fred Bucy, W. B. Downing, D. S. Sampson, Webber, Carpenter, Johnson, Harris and Walker, and Miss Maude Bailey.

MRS. CLAPP HONORED AT BRIDGE PARTY

Mrs. Roger Clapp of Baltimore, Md., was named guest of honor Tuesday at 2:15 p.m. at a dessert bridge. Mesdames J. T. Bowman and Harry Cornelius were hostesses at the party which was held at the Esquire cafe.

The guest list included Mmes. Clovis Kendrick, Jack Cleveland, Ike Bailey, Harold Crites, R. N. McClain, Jake Gore, J. L. Cruce, Zeb Moore, Jack Hamilton, W. T. Howze, Truett Flache, J. E. Smith, Bruce Zorns, Slick Collins, Leroy Paulger of Lubbock, Johnny Kendrick, Tommy Hicks, and the honoree.

Mrs. Fayne Smith was a tea guest.

DEMONSTRATION AGENT TO TEST COOKERS

This is canning season and cookers need to be tested. On Wednesday, August 24, the county home demonstration agent will test cookers. Those people who want pressure cookers tested should bring them to Miss Dunslop's office in the basement of the courthouse Wednesday.

MISS MARY BETH BAKER

Sept. 24 Chosen For Baker-White Service

Announcement has been made of the engagement and approaching marriage of Miss Mary Beth Baker of Kermit, daughter of Mr. and Mrs. John L. Baker of San Angelo, to Norvel Ted White, son of Mrs. Eldora White.

The formal wedding will take place at 6 p.m. September 24 in the First Christian church at San Angelo.

Miss Baker is a graduate of San Angelo high school and junior college and attended Texas Tech in Lubbock for one year. While in Tech, she was a member of DFD social club. She is employed as secretary in the King Construction company at Kermit.

White is a graduate of Brownfield high school. He received his degree from Texas Tech, where he majored in business administration in 1948. While attending Tech, he was a member of the student council, president of Social club and secretary of the VFW. He was mentioned in Who's Who on the Tech campus. A veteran of 22 months' service in the navy, he was in the South Pacific for 16 months. At the present, he is employed in the production department of Magnolia Oil company at Kermit.

The couple will make their home in Kermit.

Miss Dodson is the daughter of Mr. and Mrs. G. W. Dodson. She has been a member of the Life Service band and the Young Women's auxiliary. She is receiving a bachelor of arts degree with a major in piano.

Dr. Raymond Foy, for 26 years sales manager and advertising director of The Dallas Morning News, will give the commencement address August 19.

GOSPEL MEETING STARTS SUNDAY AT CHURCH OF CHRIST

The officers and members of the Crescent Hill Church of Christ are announcing that their summer Gospel meeting will start Sunday morning at the church building on Lubbock road. Reuel Lemmons, minister of the Central Church of Cleburne, will do the preaching. Tommy Hicks, local song leader, will have charge of the song service.

Evangelist Lemmons has a reputation as a speaker and Bible student wide as the nation, as he has held meetings in many states of the union, and the local congregation consider themselves fortunate in having secured his services to lead them in this meeting.

The Sunday services will be at the usual time, but the week-day services will be at 10 a.m. and 8 p.m. Each and everyone has a cordial invitation to attend any and all services.

L. Stevens Honoree At Kitchen Shower

Misses Betty Ferguson, Von Forbus, and Lois June Foster honored Miss Lois June Stevens Monday, August 15, from 3 to 5 p.m. with a kitchen shower given in the home of Miss Ferguson. Cookies and cakes were served to 25 guests.

PLANT '64' NEWS

Visitors in the Hubbard home last week were Mr. and Mrs. J. M. Young and children, Mrs. Roy Elmore and daughter, Mrs. Artie Hargroves and son, Leon, and Wayne Abbott, and Mr. and Mrs. Henry Wilcher and children.

Mr. and Mrs. A. A. Ferguson and children spent the week end in Lamesa.

Patsy Hagan spent Sunday with Betty Smith. We are happy that school will soon start. People out here enjoy listening to KTFY.—Reporter.

KITCHEN MEMO BY JEAN CLARKE

When you find you haven't any meat on hand and want to ensure the family getting enough energy food, serve a main dish of Potato Lima Beans and Nut Casserole which contains plenty of protein value. Cook until tender in small amount boiling, salted water 3/4 cup diced celery. Drain liquid. Add 3/4 cup chopped nuts, 1/2 cups mashed potatoes, 3 tbsps. fat, 1 beaten egg, 1 tsp. salt, 1/2 tsp. paprika, 2 tbsps. grated onion. Mix well. Add 1/2 cups green lima beans. Mix together lightly. Put in greased casserole dish. Bake in gas oven at 350° F. 35 mins. Serve with tomato sauce or relish. Serves 6.

Brush the roast with a commercial gravy extract before putting into the oven to give it a crisp brown crust. The drippings make very good gravy.

If, after cooking, the broiler pan of your gas range is greasy, pour in hot water, sprinkle with detergent as soon as food is taken out. By the time the meal is over, all you'll have to do is rinse and dry it.

Simple way to polish silver: Drop it in a pan of sour milk, leave for half an hour, remove, scald and wipe. The silver will be shining bright.

Now is a very good time of year to clean out the dust of your automatic gas water heater for maximum efficiency.

To flavor picnic meat sandwiches, add grated onion to softened butter or margarine.

Country Club Open House Is Well Attended

More than 300 people attended open house at the Brownfield Country club last Saturday and Sunday.

The swimming pool, golf course and club house were open for the inspection and use of the general public over the week end so that people might see the improvements that have been made in the past three years.

Mr. and Mrs. Harry Cornelius attended the baseball game last Sunday in Lubbock.

"PUNCTUATION" SCARF—Designed for the girl who "knows all the answers" this engaging costume piece adds luster to the new fall suit. A gold-link chain holds the eye-catching black, white and red scarf in place.

"BYE, GRANDMAS" — Little Carolyn Ann Smith waves a double goodbye to her two grandmas as they left Beaumont by plane for Fort Worth. Shown ready to board the ship are Mrs. E. Patterson (left),

Carolyn's 96-year-old great-grandmother who took her first plane ride, and Mrs. E. O. Hill, her grandmother, who accompanied Mrs. Patterson. Standing beside Carolyn is her mother, Mrs. A. C. Smith of Fort Arthur.

Gee Gee's Chit Chat

We didn't get any of the rain involved Monday, but did you see the beautiful rainbow? Just as we noticed it, the sun, veiled with some thin clouds, lighted up the sky. Gave us a kind of an ethereal feeling there for a minute. But we got over that.

Have you seen the 80-pound watermelon, grown by Moury Lewis, in Collins' window this week? It's a dilly.

If you have ever seen one of the Brownfield Country club's productions, such as the Gay Nineties party or the Spanish Fiesta, you sure won't want to miss their Hawaiian Terrace party next Monday night, the 22nd. Good old home made ice cream and cake, and plenty of fun for all. Better make your reservations with Madrid (Mrs. Clarence) Lackey at 369-M.

Mrs. Pete Crump was in this week and said that she will begin her kindergarten and first grade work on Monday, August 29, at her home at 423 S. First street. We understand that she students all lined up before her is accepting enrollments now and that she would like to get her school started.

We saw some of the cleverest doodads for sending flowers to a new mama the other day at Brownfield Floral. The one that especially caught our eyes was a

white pottery goat labelled, "So the KID has finally arrived." Another was a large shoe, containing figures of Wyncken, Blynchen and Nod. All by Eastland pottery, and all very striking.

How about those luscious ice cream colored "Cads" over at Bowman Motor company? If the prices on these didn't sort of gag you, they'd almost be good enough to eat, they're that pretty. Incidentally, the house belonging to Mrs. Minnie Williams just east of Bowman's has been moved and the lot is being cleared. When it's all smoothed down and gravelled it will be Bowman Used Car Lot.

Abe Lincoln, Terry county service officer, is still wanting farmers to come in and list their farm work with him. Abe has several veteran applicants for farm work, and he's anxious to get jobs for these boys.

We wonder why some people beat their brains out, trying to get ahead, when it's the guys who don't give a blast whether school keeps or not, who get ahead. We would bet the family jewels that there are some people who almost have apoplexy every time they hear of another child being born because it means that that child will grow up and get married and THAT means another house will be built and maybe a new business will be launched. How lethargic can you get?

BEAUTIES AND THE WHEAT —Four Perryton young ladies posed for this picture in a pile of wheat at the Oscar Flowers farm northwest of Perryton.

The costumes they are wearing are the new wheat sacks made for the Ochiltree County Certified Wheat Growers association members. Shown in the picture

(left to right) are Patsy Trosper, Rita Gale Smith, Danny Jean Mize and Diane Gerard. The scoop shovels are strictly 'stage props.' (AP Photo)

PIGGLY WIGGLY

PIGGLY WIGGLY

Behind the Scenes In American Business

By Reynolds Knight
NEW YORK, Aug. 8—(P)—The slow but disconcerting constriction in business activity which has been going on since autumn finally was halted in July. This is clearly indicated by the early statistical returns.

Construction volume rose continuously, steel scrap prices firmed, employment rose to a new high for 1949—at 59,720,000 jobs—and for the first time this year volume buying by wholesalers was noted in some fields. Among other favorable reports was a commerce department announcement that the normal seasonal decline in manufacturers' sales was reversed by a gain of \$400 million between May and June, and a federal reserve board statement that commercial bank loans to business reversed a 27-week downturn in the final week of July.

All of which last week led one of the country's most qualified observers of the economic scene, who is in close touch with banking and business throughout the country, to talk off-the-record about a "significant and beneficial change" he has seen lately in the attitude of business men. Part of the healthier attitude, he suggested, may be the realization by business that it now must go out and sell goods in a competitive market instead of sitting back and watching the orders pile in as has happened during the last nine years.

PLUMP CHICKS—Housewives soon may have to change their cooking habits to keep pace with the latest improvements in chickens. This is the opinion of Howard C. Pierce, poultry research director of a grocery chain, now that changes are being made in the size and shape of chickens.

Formerly, chickens weighing up to two and one-half pounds were called broilers; those reaching three and one-half pounds were designated as fryers; and anything heavier was simply called a "roaster." Nowadays, things are different, according to Pierce. Chickens are being produced that weigh four and five pounds at 12 weeks of age and are young and tender enough to broil, fry or

roast with equal success. Chickens of the same age used to weigh only two or three pounds. An estimated 20,000,000 of the new-type birds will reach market this year, complete with extra slices of white meat, large juicy drumsticks, and as much meat on the wings as some smaller birds used to carry on their drumsticks. They are products of the nationwide Chicken-of-Tomorrow program, a joint research effort by scientists, colleges, poultry organizations, U.S. department of agriculture and others.

BITS O' BUSINESS—Unlike the mother country, where socialism has pretty well snuffed the mining industries, Canada is rapidly developing its source of underground wealth. An oil boom that has even Texans envious is boiling in western Canada. In eastern Canada, notable gains are being made in the output of asbestos, gold, silver and clay products, says the Quebec department of mines. . . . In western U.S., sugar beet processors are getting ready to spend \$3 million in an effort to convince housewives that their product is every bit as good as cane sugar. . . . Wholesale food prices are on the rise again. . . . The first international trade fair ever to be held in this country is slated for 1950. Just an old European custom, these "business men's fairs" are designated primarily to increase international trade.

Czech C of C's Have Troubles
PRAGUE—(P)—A meeting of the Czechoslovak-British Chamber of Commerce decided to change its name from the Original Czechoslovak-British Chamber of Commerce to the British-Czechoslovak Chamber of Commerce.

That was the text of an announcement by the government press agency and there was no explanation why it took a month to come through government channels to be cleared for publication. In the interim, however, the nation's controlled press reported that, while various foreign chambers of commerce were maintained here for the promotion of foreign trade, the internal chambers of commerce had been liquidated as "enemies of the working class."

SENATE JOINT RESOLUTION NO. 1
Proposing an amendment to Section 2 of Article VI of the Constitution, providing for the payment of a poll tax a qualification of an elector, requiring the Legislature to issue general registration law for voters; providing for the necessary election, proclamation and publication by the Governor, and making an appropriation. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article VI of the Constitution of the State of Texas be and the same is amended hereby so as to read hereafter as follows: "Section 2. Every person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one (21) years, and who shall be a citizen of the United States, and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment, and it shall appear from the returns of said election that a majority of the votes cast are in favor of the amendment, the same shall become a part of the Constitution of the State of Texas. Sec. 2. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and laws of this State. Sec. 3. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated, to pay the expenses of such publication and election.

HOUSE JOINT RESOLUTION NO. 15
Proposing an amendment to the Constitution of the State of Texas by adding a new Section to be known as Section 48-4, authorizing the Legislature to provide for the establishment of health units and authorizing a tax in support thereof. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That the Constitution of the State of Texas be and the same is hereby amended, by adding a new Section to Article III of the Constitution, to be designated Section 48-4, reading as follows: "Section 48-4. The Legislature shall have the authority to provide for the organization of county-city health units and the operation thereof and to impose county and cities to provide a tax of not to exceed ten cents (\$0.10) on the value of taxable property in counties and cities for the purpose of financing the said county-city health units; provided that no such tax shall be levied in the city or county in which said tax shall apply. The foregoing tax shall be levied only on county valuations." Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday of November, 1949, at which election all ballots shall have written thereon: "FOR the Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of county-city health units and to authorize cities and counties to vote a tax in support thereof;" and "AGAINST the Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of county-city health units and to authorize cities and counties to vote a tax in support thereof."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment. Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and laws of this State. Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated, to pay the expenses of such publication and election.

SENATE JOINT RESOLUTION NO. 3
Proposing an Amendment to Section 1 of Article III of the Constitution relating to sessions of the Legislature and what may be considered thereat and Amendment to Section 24 of Article III relating to compensation of Members of the Legislature; specifying the time the Amendment shall take effect if ratified; and providing for the submission of the proposed Amendment to a vote of the people. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 1 of Article III of the Constitution be amended to read as follows: "Sec. 1. Members of the State Senate and House of Representatives shall receive from the State Treasury an annual salary of Three Thousand Six Hundred Dollars (\$3,600), to be paid in monthly installments on the first of each month. "They shall also be entitled to mileage in going to the seat of government for each session of the Legislature and returning therefrom, which mileage shall not exceed Two Dollars and Fifty cents (\$2.50) for every twenty (20) miles, the distance to be computed by the nearest and most direct route of travel from the table of distances to each county seat prepared by the State Comptroller." Sec. 2. That Section 2 of Article III of the Constitution be amended to read as follows: "Sec. 2. Two (2) regular sessions of each Legislature shall be held; and until otherwise provided by law, the time of the convening of the first regular session shall be at noon on the second Tuesday in January of each odd-numbered year, and of the second regular session, at noon on the second Tuesday in January of each even-numbered year. "At other times, when called by the Governor, the Legislature shall convene in special session. "Appropriations for monthly recurring expenses and salaries paid by the State shall be made for a period of not more than twelve (12) months. "At the second regular session of each Legislature, only proposals to amend the Constitution and to make appropriations to pay monthly recurring expenses and salaries and such other measures only as four-fifths (4/5) of the Membership of each House may determine shall be considered." Sec. 3. The Amendments proposed hereon, if ratified by the people, shall become effective January first, A. D. 1950. Sec. 4. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified voters of the State at a General Election to be held throughout this State on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon: "FOR the Constitutional Amendments relative to sessions of the Legislature and to compensation of its members." "AGAINST the Constitutional Amendments relative to sessions of the Legislature and to compensation of its members." Each voter shall express his vote on the proposed Amendment in the manner provided by law. Sec. 5. The Governor of this State shall issue the necessary proclamation for said election and shall have same published as required by the Constitution and laws of this State.

SENATE JOINT RESOLUTION NO. 4
Proposing an amendment to the Constitution of the State of Texas, by amending Section 19 of Article 16, so as to provide for the qualification of no person to serve as a juror on grand juries and petit juries shall be denied or abridged on account of sex; providing that existing provisions of the Constitution shall be construed in conformity herewith; providing for the submission of this amendment to a vote of the people of Texas; providing the time, manner and manner thereof; and making an appropriation for such purpose. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 19 of Article 16 of the Constitution of Texas be amended so as to hereafter read as follows: "Section 19. The Legislature shall prescribe by law the qualification of grand jurors or on petit juries shall be denied or abridged on account of sex, and no person shall be exempt from service on grand juries or petit juries on account of sex." Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the second Tuesday in November, 1949, at which all ballots shall have printed thereon: "FOR the amendment to the State Constitution qualifying women as grand and petit jurors." "AGAINST the amendment to the State Constitution qualifying women as grand and petit jurors." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment. Section 3. The Governor shall issue his proclamation calling said election and have the same published and said election shall be in accordance with this Resolution and Section 19 of the Laws of this State, and returns shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

SENATE JOINT RESOLUTION NO. 5
Proposing an amendment to Article II of the Constitution of the State of Texas, authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article II of the Constitution of the State of Texas be and the same is, hereby amended by adding to said Article a new section, to be known and designated as Section 48-d, reading as follows: "Sec. 48-d. The Legislature shall have the power to provide for the establishment and creation of rural fire prevention districts and to authorize a tax on the ad valorem property situated in said districts not to exceed Three (3) Cents on the One Hundred (\$100.00) Dollars valuation for the support thereof; provided that no tax shall be levied in support of said districts until approved by vote of the people residing therein." Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon or in counties using voting machines, the said machines shall provide the following: "FOR the Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts." "AGAINST the Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts." Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and it shall appear from the returns of said election that a majority of the votes cast are in favor of the amendment, the same shall become a part of the Constitution of the State of Texas. Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and laws of this State. Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the state not otherwise appropriated, to pay the expenses of such publication and election.

Speaking of a two-party system for the South, do we not already have two parties within the framework of the Democratic party in many Southern states? However Claude Pepper and Walter E. George may be designated politically, certainly each represents a radically different group of voters.—Southern Weekly.

THEY SHOT UP THE MOVIE SCREEN

WACO, August—The villain escaped, but the movie screen will never be the same again. And it was a big screen too, 13 feet 7 inches by 10 feet, moans A. C. Wimpey, director of student activities at Baylor university's Union building. Wimpey was showing movies in a Waco park to a group of the city's youngsters. It seems the lads got too excited about the western picture, and when the villain appeared they let go with slingshots. Their rocks left five tremendous holes in the screen.

Chinese Union Men Tour Poland
WARSAW, Poland, (P)—A delegation of 30 Chinese trade union leaders is touring Poland inspecting reconstruction projects and conferring with Polish trade unionists. The group, headed by Liu Ni Yi, deputy chairman of the World Federation of Trade unions, came here from Bucharest.

HOUSE JOINT RESOLUTION NO. 15
Proposing an amendment to the Constitution of the State of Texas by adding a new Section to be known as Section 48-4, authorizing the Legislature to provide for the establishment of health units and authorizing a tax in support thereof. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That the Constitution of the State of Texas be and the same is hereby amended, by adding a new Section to Article III of the Constitution, to be designated Section 48-4, reading as follows: "Section 48-4. The Legislature shall have the authority to provide for the organization of county-city health units and the operation thereof and to impose county and cities to provide a tax of not to exceed ten cents (\$0.10) on the value of taxable property in counties and cities for the purpose of financing the said county-city health units; provided that no such tax shall be levied in the city or county in which said tax shall apply. The foregoing tax shall be levied only on county valuations." Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday of November, 1949, at which election all ballots shall have written thereon: "FOR the Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of county-city health units and to authorize cities and counties to vote a tax in support thereof;" and "AGAINST the Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of county-city health units and to authorize cities and counties to vote a tax in support thereof."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment. Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and laws of this State. Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated, to pay the expenses of such publication and election.

SENATE JOINT RESOLUTION NO. 4
Proposing an amendment to the Constitution of the State of Texas, by amending Section 19 of Article 16, so as to provide for the qualification of no person to serve as a juror on grand juries and petit juries shall be denied or abridged on account of sex; providing that existing provisions of the Constitution shall be construed in conformity herewith; providing for the submission of this amendment to a vote of the people of Texas; providing the time, manner and manner thereof; and making an appropriation for such purpose. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 19 of Article 16 of the Constitution of Texas be amended so as to hereafter read as follows: "Section 19. The Legislature shall prescribe by law the qualification of grand jurors or on petit juries shall be denied or abridged on account of sex, and no person shall be exempt from service on grand juries or petit juries on account of sex." Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the second Tuesday in November, 1949, at which all ballots shall have printed thereon: "FOR the amendment to the State Constitution qualifying women as grand and petit jurors." "AGAINST the amendment to the State Constitution qualifying women as grand and petit jurors." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment. Section 3. The Governor shall issue his proclamation calling said election and have the same published and said election shall be in accordance with this Resolution and Section 19 of the Laws of this State, and returns shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

SENATE JOINT RESOLUTION NO. 5
Proposing an amendment to Article II of the Constitution of the State of Texas, authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article II of the Constitution of the State of Texas be and the same is, hereby amended by adding to said Article a new section, to be known and designated as Section 48-d, reading as follows: "Sec. 48-d. The Legislature shall have the power to provide for the establishment and creation of rural fire prevention districts and to authorize a tax on the ad valorem property situated in said districts not to exceed Three (3) Cents on the One Hundred (\$100.00) Dollars valuation for the support thereof; provided that no tax shall be levied in support of said districts until approved by vote of the people residing therein." Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon or in counties using voting machines, the said machines shall provide the following: "FOR the Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts." "AGAINST the Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts." Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and it shall appear from the returns of said election that a majority of the votes cast are in favor of the amendment, the same shall become a part of the Constitution of the State of Texas. (Continued from Page One)

a local affair, but attracts visitors from neighboring towns and cities. During these festivals a queen is chosen, and she always has the keenest competition, and naturally quite a sum of money is realized in the period over which the festival begins and ends. Now this money is not hoarded in a bank, or used by the members on a trip, but dispensed locally to help projects, like building a Girl Scout hut, Boy Scout hut, and many others.

Next perhaps in importance, if it does not stand at or near the top, is the Junior Chamber of Commerce, usually known as the Jaycees. These boys can and do whip up more projects than the notorious farmer had ways of whipping his mule. They daddy the annual rodeo, and it is becoming recognized among the very big ones of the area. They have taken in hand the county fair that was done when that project really needed a sponsor or fade from the picture. They are never at a standstill, wondering what to do. The evidence of need before them is too plain. They do not hesitate one minute,

but get on the firing line for all they are worth. And it is remarkable in a town the size of Brownfield that the Jaycees and other clubs are happily provided with so many real leaders. They go on the idea that things worth doing are like the proverbial sore thumb—if in the way, and get it out by improving, and make the very best of the means at hand.

And we are glad to say that the American Legion, organized here soon after World War I, and later joined by Veterans of Foreign Wars, organized after World War II, are not dormant like some of the many common school districts that have turned up in Texas. These small districts for years have been sending their children to the larger districts for the tax money they get from the state, while escaping local and state school taxes. Now they have to come into the larger districts under the new school law or else, and help share the costs. But we stray from the subject. These vets organizations are always alert to any needs of the own and community, and when they come up, these boys don't turn their heads or fit on blinders. They look the issues square in the face and take immediate action. They have only in the past few years shared their property "on the hill" now becoming more valuable, for other clubs, etc., to build scout huts. And does a buddy need help? If so, it only has to be presented to them and in many instances they ferret out the needs themselves. This is especially true of buddies who had rather suffer some than complain of need.

As to the Brownfield Chamber of Commerce, it has never practiced the charitable side of the needs of the community. Their creation and endeavor is more or less commercial, and that is all that is expected of the Chamber of Commerce. It is their ideas and duties to assist commercial projects to get located here, and invite others to come in with their personnel and payrolls. To help newcomers or crews of workmen, permanent or migratory, to find places to stay, or homes to rent. Hundreds of other things come up from month to month, and sometimes even daily, that must be handled efficiently and with dispatch. For that reason, a man of experience must be hired with salary to constantly stay on the job. The business and professional men of the town and some farmers see that his salary is paid. We could not for the life of us

pass up the ladies' clubs without commendation. If one thinks that their sole idea of meeting is to gossip, play bridge and eat refreshment, they have another think coming. The gossip part is not practiced, and little of the meeting time is devoted to bridge or refreshments. Especially is this true of the study clubs. Their time and talent is devoted to art, music and literature. And their talent does not extend to just include their circles. They are constantly, as organizations or privately, encouraging the young people in literature, art and music, as well as better citizenship. The ladies' clubs are building their own club home on east Broadway, which is now almost complete. It is a beauty. When this club house is complete, we expect the ladies to do more than at present toward building good citizenship in the town, and encouraging talents in the arts and sciences.

While the non-member is not allowed to look too much behind the scenes of the secret organizations, their works do follow them, and it is plain that none of their members are allowed to suffer mentally or physically, if possible, and that their idea of charity does not, as some think, stop with their own membership or families. Let us remember that in the hospital they maintain, for crippled children, for instance, the applicant does not have to be a member of the family or a member of the order. They not only maintain hospitals, but homes for their orphans and old people. This leaves the private, state and church orphanages for others than the children of lodge members.

Then take our schools. They not only have a board of directors and faculty heads, but their Parent-Teachers associations, to assist and encourage the pupil and the teacher in the promotion of a good harmonious school. It is also an education to the membership, in learning better ways to make their school outstanding in the community. They are also looking to the future, such as needed extensions and improvement of the entire school from the primary grades to high school. Much the same may be said of the Classroom Mothers.

Last but not the least is our churches. Most of us donate more to appease our appetites each week for some refreshing cold drink, or perhaps a big steak than we allow our church treasury. But it is remarkable what they man-

age to do for the community on their very limited budgets. While the basic idea of the church is the salvation of souls, the idea naturally follows, and did even in the infancy of the church, of the needs of the poorer members, as well as some that are not members. They must practice love (charity), faith and hope here below in order to reach the mansions in the skies.

Most of the churches have visiting committees to the sick, as well as the newcomer, to welcome them, and invite them to attend services. It has been said that even the agnostic is averse to living in a town or community that does not have churches and free schools. We talk a lot about our four freedoms, but kill our churches and our free public schools and you destroy all freedom, root and branch. Our churches have a wonderful place in our community life. Let's encourage them by faithful attendance to service, and support their endeavors with cold, hard cash.

In closing, we hope we have not overlooked anyone or organization. We could not close without a good word for the work and

patience, many times on little or no pay, of our county and city officials. They have their place in the guarantee of freedom without molestation in our way of life.

Then there are the stores. We have noted with pleasure that if a stranger goes into our stores, he is asked politely if they can help him. And if he indicates he needs nothing, he is not given a cold stare, as if invited to leave the premises. But the proprietor or his personnel usually engage the person in pleasant conversation, and make him feel at home.

Let's all work to show the stranger within our gates that he is welcome to Brownfield. Let's make the signs one sees just outside our city limits speak the truth: "You'll Like Brownfield."

Jim Miller is having the Herald sent to his son, Larry, of Greensburg, Kans., so he can keep up with the doings in old Terry.

Mr. and Mrs. R. E. Self and Mrs. Harvey Gage left Sunday to attend fall and winter market in Fort Worth and Dallas.

THE AMERICAN WAY

Boning Up

Crop Prospects Good In Texas

COLLEGE STATION, Aug. — Right now farmers of Texas and the nation have prospects for a big harvest. The overall production could be the second largest in history. For the nation, last year held the record, but Texas farmers, in 1948, did not approach their record production for wheat, cotton and some feed crops.

The 1949 Texas wheat crop was the second largest, says C. H. Bates, extension farm management specialist of Texas A&M college, and cotton production — per acre—could set a new record. There is an 18 per cent increase in cotton acreage over last year in the state.

The acreage of peanuts in Texas is down about 21 per cent from 1948. The harvest is underway in South Texas and production for the state is likely to be above average, says Bates.

Texas corn and grain sorghum crops should be above average this year even with the decrease in acreage. Weather conditions have been favorable and the corn crop looks especially good.

Now, what does this all mean to Texas farm and ranch operators? Bates says it means that supplies of most farm products have accumulated to the point that reduction in acreages planted may be desirable. The era of surpluses has definitely returned.

Any reduction of land devoted to cash crops offers an opportunity for a shift to the production of livestock and livestock products, he thinks. This adjustment of farming operations toward more livestock may prove profitable, and permit better conservation of land resources.

For the period just ahead, he says, the demand for meat, milk, and eggs should be stronger than for most crops. At present prices and those probable for the next few months, the efficient livestock and poultry producers should be able to make good profits.

Phone 1 --- Herald classifieds get you better results.

Gadgets Good, Bad And Indifferent

COLLEGE STATION, Aug. — Are you a victim of gadgetitis? Many folks are, and you usually find much of the storage space in their homes full of gadgets they seldom use. Many of the household gadgets now offered for sale are good, says Miss Gladys Darden, assistant extension specialist in home management of Texas A&M college, others are actually bad because so much energy is required to operate them.

Before purchasing these home appliances, it might be well to check them for the following points, she says. It should be easy to operate, safe, save time and effort, and have the capacity to do the job for which it was built. How much space is required to store it and does its use warrant the storage used?

The cost of upkeep and the length of service are two items that should be checked carefully, says Miss Darden. The initial cost might be considerable but if the

appliance will give good service for years, the yearly cost will remain low.

The most economical gadgets or appliances are those that can be used for doing more than one job, and their use can effect a saving in foods or lessen the labor for keeping the home, says Miss Darden.

A Spider In The Paper Explained

Many years ago, Mark Twain was editor of a small-town newspaper. A reader wrote in saying that he had found a spider in his paper, and wanted to know if that was an omen of good or bad luck. Mark Twain answered: "Finding a spider in your newspaper is neither good or bad luck. The spider was merely looking over our paper to see which merchant was not advertising so he could cross that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

Retailing has come a long way since those days, and the art of advertising has undergone great development. And advertising, by stores or any other kind of business, is a typical outgrowth of the competitive system. It is the best possible means of reaching the people who want goods and services, of urging the merits of one brand as against another, and of encouraging the consumer to go to some particular retail outlet. That it benefits the consumer goes without saying. No storekeeper could long charge an excessive price with competitors offering in print the same or an equivalent product at a lower price. And deceptive advertising always defeats its own purpose. The wise merchant advertises aggressively,

SOCIAL SECURITY MAN HERE AUGUST 18

Gerald L. Schantz, social security administration representative, will be in Brownfield at the post office at 9 a.m. on August 18 to answer any questions you may have on social security and to take applications for social security account number cards.

Where is YOUR security card? Is it being worn threadbare in your pocket? Is it lying loose under a pile of worthless papers? Better put it away carefully with your other important documents, for you may need that card when you least expect it. The federal government asks you to save paper, ink, printing time, and money by keeping your card in a safe place. For further information about social security account number cards, see Mr. Schantz when he visits Brownfield or contact the Lubbock social security office.

but he bases his story on appeal, not fiction.

The growth of the chain systems did much to encourage retail advertising. The chains advertised their merits in the search for trade—and the independents did the same thing in order to hold and to expand their own business. This was good for all concerned—consumers, stores, and newspapers.

Salesmanship is a driving force in keeping the American economy running. Advertising is the heart of it.

LAST LAP FOR THE AIRLIFT—The Allied airfield at Celle, Germany, is the first to close down operations as the renowned Anglo-American airlift goes into the last stages. Here, a German worker uses a kerosene spray to clean off dust from the nose wheel of a C-54, accumulated during the 400 days of the "coldest" war to date. Everywhere, planes are made ready for the return trip to the U. S.

Stricklinly Speaking

By Old He

It is said that the most inflammable wood is a chip on the shoulder.

Although that great and glorious day has not arrived, we have just received one reminder that we will have a birthday rolling up the 23rd. It's from Sister Sallie Limer out at Long Beach. The burden of the reminder is, "Things like birthdays are OK once you get the hang of 'em. And I am one who really knows, because I have had a gang of 'em."

How time does hurry along—while we have to slow up. Why is it that all the bursts of speed happen in childhood, and we become an old poke-easy after 40? And others always remember when you get to the point you're trying to forget.

In childhood, it is the ambition to go someplace without the formality of informing the family. Then in early teens, you feel that you'll never reach the voting age. When you do, you almost wish you hadn't.

Just consider the whale. The only time he gets in trouble is when he stops swimming to blow.

One of the meanest persons live in or around Snyder. He stole a can containing some \$12 being collected by Lions club for polio victims. It was taken from

the Chamber of Commerce office while the official was away momentarily.

In some spinal columns all the bones seem to be lumped at the top.

A good lady was protesting what she considered an unreasonable doctor bill. Said the medic: "Remember that I visited your son 11 times while he had measles." Replied the good lady: "And I'll have you remember that my son infected the whole school."

There is some difference in counting time—or making time count.

And by the way, Editor David L. Watson of the Seminole wants to know why 'tis that a truckload of "empty" beer can be picked up on a six-mile stretch between Seminole and Hobbs, N.M., when Seminole is dry? You answer that one.

We learn that men who insist they are confirmed bachelors never mention how many of the girls in the town helped to confirm him.

Paul Campbell of the Cobb Dept. store has just returned from a vacation visit in his old state and home, Missouri. Now Paul says if you think it hot here in Terry, you just ought to roast a week or two in the "Show Me State." We always imagine it is hotter where we aint.

Whatever become of that man who was? Looking for an honest man with a lantern? Do you suppose he now shines under the klieg lights?

We thought when we sat down to this old Remington that we'd have no trouble at all turning out a whole routine of amazing thoughts. But we find today that our mind is just deep enough to get our ideas all wet.

We told a guy the other day about the rain Sunday in the vicinity of the Western Cotton Oil Mills, that filled the bar ditches in places. It was about 300 or 400 yards across the rain area.

Then we told him about the one bragging Texan usually tell about the old guy traveling along a lane when a hard rain came up. He moved over to the other side of the spring seat on the wagon and stayed dry.

Then he told us about the one who sat his shotgun by a fence post. A rain came up and filled one barrel. The other was dry. We gave him the gun.

Some times oil wells can happen like that. It is related that a fellow struck a strong flow of oil, but the well caved in. He moved his rig over a few feet and hit a duster at the same depth.

If you have read down this far, you must be a straight line descendant of patient old Job.

Police Steal Watermelons—Detective Is Robbed

YOAKUM—Three police officers were charged with stealing watermelons here last week. The cases were dropped after the men were relieved of their duties.

HOUSTON—private detective employed by a chain grocery here to collect cash from their stores, was robbed last week of \$6,000. The money was locked in his car when he stopped to make another collection. When he returned, he found the car lock broken and the money gone. The officer had to be taken to a hospital.

Soviet Political Group Grows

MOSCOW, (AP)—The All Union Society for the Dissemination of Political and Scientific Knowledge is disseminating a lot of political and scientific knowledge. Membership has reached 40,000—almost trebling since 1948.

In 1947, the society had organized about 1,000 lectures a month in towns and villages. In 1948, 7,000 lectures were given in a month, but in 1949 the total had grown to about 20,000 lectures a month.

Mr. and Mrs. E. V. Tarbuton spent the week end in Uvalde on the Rob Duncan ranch.

Indians Move From Burma

NEW DELHI, (AP)—The government of India announced that up to mid-July 20,000 Indians had been evacuated from the troubled areas of Burma. Eight thousand of these, it said, were destitute. The government has appropriated \$120,000 for their repatriation. In Burma, before the troubles began, there were about 700,000 Indians of whom about 200,000 are reported to be in Karen-held areas.

GOMEZ GOSSIP

Mr. and Mrs. Loyd Franklin and children spent last week in Colorado on their vacation. Mrs. Tyler Martin was in charge of Royal Services program when the W.M.U. ladies met at the church Monday afternoon. Six members were present.

Mr. and Mrs. Alfred Tittle attended a reunion of the Tittle and Reeves families held at Abilene Saturday and Sunday.

Mr. and Mrs. Gordon Carter are visiting in Louisiana with his parents.

Among the farmers whose crops were damaged by the hail last week were Grady Dickson, Lowell Stephens, Bud Emry, Paul Blackstock, Denver Kelly, Bill Blackstock, Aaron Fox, Thurmond and the experimental farm.

Mr. and Mrs. J. R. Blake and children have returned from a two-weeks' vacation in Colorado. Jack Key is spending his vacation visiting in Alice and Houston.

Mr. and Mrs. W. G. Swain and daughters, Gladys and Wanda left Friday to spend a two-weeks' vacation in California visiting at the home of their daughter and her family, Rev. and Mrs. Sam Brian. Another daughter and her family, Mr. and Mrs. Fayne Clark of Lubbock accompanied them.

Mr. and Mrs. George Brown of Lubbock visited in the W. H. Stalling home Sunday.

Visitors in the L. V. Alexander home Sunday were Mr. and Mrs. G. L. Sullivan of Brownfield and Mrs. J. W. Falls of Littlefield.

Mr. and Mrs. Jake Young are the parents of a baby boy born last Friday at the Treadaway-Daniell hospital in Brownfield.

Mr. and Mrs. Erwin Moore of Brownfield visited in the Grady Patton home Sunday afternoon.

Mr. and Mrs. Boyce Woods of Lubbock spent the week end in the L. V. Gillentine home.

Mr. and Mrs. James Lee Smith of Lubbock spent the week end in the J. L. Smith home.

Mrs. J. A. Guest of Brownfield was a visitor in the L. V. Alexander home Monday.

Miss Lucille Moore of Hallis Okla., is a guest this week of her sister, Mrs. Lloyd Halloway.

Mr. and Mrs. M. L. Murry and Juanita went through the Carlsbad Caverns during the week end. The Baptist revival is still in progress and a cordial welcome is extended to all.

Senator Robert Taft, the smartest man in the senate, made a talk up at Washington the other day in which he told fellow members how the president could balance the budget, but the "fare" dealers won't listen to any man that don't see eye to eye with them. He said ten per cent of the folks hired by the government could be dispensed with and things run more efficiently than now.

Competing with 28 Scout troops in the South Plains Council of the Boy Scouts of America, Brownfield's troop 49, which is Rotary-sponsored, took fourth place in the regional swim meet held in Lubbock Tuesday night, with a total of 50 points.

First place went to the Plainview troop 50, sponsored by the American Legion, and Grassland troop 66 and Lubbock troop 57 tied for second place. Troop 51 of Plainview and Explorer post 57 of Floydada tied for fifth place.

In the junior division, Richard Baggett of Brownfield took fourth place in side stroke, first place in back stroke, and first place in breast stroke. Jimmy Benton of Brownfield took second place in the junior free style, and Teddy Joe Hardy, troop 74, took three first places in the junior division in the plain, jack knife, and swan dives. Troop 49 took second place in the intermediate free style relay.

In the intermediate division, Brian Grady, troop 45, took third place in the side stroke; Richard Sturgess, troop 49, took fourth place in breast stroke; Billy Richmond, troop 49, took third place in free style; Grady Thompson, troop 49, took third in plain diving and fourth in jack knife and first in swan dives. Troop 49 took second place in the intermediate free style medley relay.

Ralph Bailey is scoutmaster of troop 49, Cecil Hill is scoutmaster of American Legion troop 74 and Dr. T. H. McCloy is scoutmaster of Lions troop 45.

Mrs. F. D. Auberg of Brownfield and Mr. and Mrs. G. M. Auberg of Turkey recently visited the Carlsbad Caverns on their way to Abilene. Mrs. F. D. Auberg attended the Indian centennial in Gallup, N.M., with Mr. and Mrs. D. R. Auberg.

Mr. and Mrs. H. G. Blake are moving from Dumas to Seagraves. Mrs. Blake is the daughter of Mrs. J. W. Moore of this city.

CHALLIS NEWS

Our revival began Sunday and will continue through the week. Everyone is cordially invited. Rev. Clayton Hicks of Fort Worth is doing the preaching and Royce Dayl the singing.

We are glad to welcome Miss Billie Galloway of Wayland college and Ladson Worley of Howard Payne college to the evening services.

Good crowds attended the program given by the Youths band of Brownfield Wednesday night. They gave a very interesting program and it was enjoyed by all.

Lime Cavitt and wife of De Leon were week end visitors in the home of his sister, Mrs. W. H. Howard.

William and Mary Clements are visiting a brother in California. Tom Howard and wife were guests of W.H. Howard Sunday.

Red Crews and wife and two grandsons of Dallas visited his sister, Mrs. John Gracy, the past week.

Mrs. Wiley Johnson had as her guest Monday, Mrs. Arlie Miller and son, Max. Other guests were Mr. and Mrs. Claude Oxford of San Angelo and Mrs. Bessie Lambert and son of New Mexico, who visited their mother, Mrs. Huckelberry.

Mr. and Mrs. Clin Carter of Plainview spent Monday night in the home of her parents, Mr. and Mrs. John Garner. They left for Temple Tuesday. Mr. Garner accompanied them as far as Stephenville where he will visit with relatives.

Excitement has been running high at Boys' Ranch ever since it was learned that Roy Rogers, the famous screen cowboy, would appear in person at the Boys' Ranch rodeo, September 4. Dale Evans, and his wife off the screen, will accompany him and appear at the rodeo.

Both Dale and Roy said that they would be more than happy to come to Amarillo for this big event, and insisted on paying their own expenses. They are donating their transportation, expenses and their time.

Because Roy's famous horse Trigger, is on location, he will not appear with Roy. But Roy and Dale will be the feature attraction at the rodeo.

This year, all the boys at the ranch are going to participate even the little fellows. The youngsters will try their hand at calf riding on some small yearling calves. Even the five-year-old son of the superintendent will straddle one of the calves.

The older boys will participate in bronc and steer riding, trick roping and trick riding, ribbon roping and many other events. From the looks of the number of entries and the number of events, the rodeo this year will be the biggest and best yet.

The date of the Boys' Ranch rodeo is September 4, and it will be held at the Tri-State fair grounds in Amarillo. There will be two performances—one in the afternoon and one in the evening. And Roy Rogers and Dale Evans will appear in both of them.

Tickets are on sale now for both performances. The entire proceeds of the rodeo will go to Boys' Ranch. Prize money will be given to the winners of the different events, and Roy Rogers has offered to donate some boots and metal figures of Trigger as additional prizes.

Put a circle around September 4 on your calendar. That's the day of the fifth annual Boys' Ranch rodeo, to be held at the Tri-State fair grounds. Remember, Roy Rogers will be there in person.

Chief Finds Accident Authentic DUESSELDORF, Germany, (AP) — Two policemen from Hilden near here fell off their motorcycle. In hospital, they explained they had been driving at about 20 miles an hour when a bicyclist suddenly stopped in front of them and caused the accident.

The police chief didn't believe their story and asked two other policemen to demonstrate that the accident was avoidable. They are in the same hospital now, with the same sort of injury.

Harvey Gage and Roy Jenkins attended the baseball game in Lamesa Sunday.

Mrs. L. C. Vick of Loop was a business visitor in Brownfield Monday.

Mr. and Mrs. Jack Browder visited relatives in Amherst Sunday.

Mrs. D. S. Sampson will leave today (Friday) for a ten-day vacation in Dallas and Graham.

Mr. and Mrs. Roy Herod attended the baseball game in Lubbock Sunday.

Mr. and Mrs. Charles Kersh are visiting in Dallas this week.

NEW LEGION COMMANDER — Joe Spurlock receives the congratulations of his wife after he was elected Texas state

William Heuermann — A Great Texan!

Although many men can influence whose generosity will be felt long days during life, few indeed there are small and favored group of men, are whose influence and beneficence extend beyond the confines of the destinies of their fellow-citizens of Sinton is in that after his generation and our generation have passed.

At his death, July 1, Mr. Heuermann willed an estate valued at over \$250,000, to be used for research in the cause and treatment of cancer, the research to be prosecuted at the University of Texas, M. D. Anderson Hospital for Cancer Research, at Houston. This hospital is the University of Texas Cancer hospital, established by legislative action, for the purpose of studying the causes and treatment of cancer, and disseminating to Texas physicians and Texas citizens knowledge of the prevention and management of this disease.

Mr. Heuermann's gift, therefore, is a gift directly to the people of Texas. It is not a gift made just to the residents of Houston, where the hospital is located, but to ALL the citizens of the state. We ALL benefit. It will help us when we most need help—when we are down—when we are in the grip of a deadly malady which right this minute has its brand on 40,000 of our unfortunate brethren, of whom 7,000 are doomed to die this year.

There is another aspect of Mr. Heuermann's gift which is particularly indicative of the donor's understanding of the needs and requirements of institutions devoted to medical research, rather than describing in many pages of fine print exactly how the money should be spent, Mr. Heuermann permitted the director of the hospital to use it for research, as his cancer research program dictates.

In other words, it must be spent on cancer research, and it must be spent in Texas, but the exact problems are not restricted in any way. Although in the course of years, many other thoughtful citizens of Texas will undoubtedly make the M. D. Anderson Hospital for Cancer Research the object of their beneficence, few will demonstrate more solid horse sense than did Mr. Heuermann.

For the needs of cancer research change daily and constantly, and no living man today can predict what developments may occur this year or next year which will alter our whole concept of cancer treatment. This fact is well illustrated by the relatively recent finding that radioactive iodine, practically unknown before the atom bomb was developed, can be used in the treatment of cancer of the thyroid gland.

Officials of the M. D. Anderson hospital, which was planned in 1941, have had to develop a whole new program of research, treatment, and building construction in terms of this and other new treatments in which radioactive substances are used.

Mr. Heuermann's gift, then, is particularly well received, for not only has it been made to an institution which can guarantee that every penny will be spent in fighting cancer right here in Texas, but it allows the University of Texas Cancer Hospital authorities to spend the funds as the changing order of scientific development requires. This is important to Texas, for it operates toward providing them the most modern and effective treatment facilities for this insidious and deadly disease.

Mr. Joe Shelton is attending market in Fort Worth and Dallas this week.

LOCAL BOY GETS BACHELOR ARTS DEGREE

The Herald was notified this week that Weldon Wayne Rogers, son of Mr. and Mrs. L. M. Rogers, is to receive his bachelor of arts degree from the University of Texas when the summer term ends this month.

Wayne has lived most of his life here, and has helped his parents with their floral work, as they own the Brownfield Floral. He is a graduate of the local high school and spent about two years in the army.

BUILDING PERMITS

Building permits were issued this week to Mrs. Mary Cornelius to move onto a lot at 202 North Second street a 26x36 foot four-room and bath residence, at a cost of \$3,500; and to W. G. McDonald to construct a 15x26x12x28 residence on a lot on Tahoka road.

Baptists To Raise Ten Million Dollars

In 81 mass meetings, Texas Baptist leaders will blanket the state between August 22 and September 2 to explain the denominational education, hospitalization and evangelization program and the need for a ten-million-dollar budget next year.

From three to five "Grow With Your Church" rallies, as the meetings are called, are to be held in each of the 17 denominational districts in the state. Baptist churches in about two-thirds of the districts will participate in the rallies from August 22-26, the others will meet August 29-September 2.

Teams of eight, composed of well-known pastors, representatives of the Woman's Missionary Union, the Brotherhood, Sunday school and training union, and other denominational leaders will conduct the one-day meetings.

A ten-million-dollar budget for the coming year, beginning in November, was recently adopted by the executive board of the Baptist general convention of Texas. Half of this amount was designated for worldwide causes; the other half, for state causes. The budget will go before the general convention in El Paso in November.

The convention operates nine colleges and universities, one academy, and six hospitals in Texas.

Congratulations to...

Mr. and Mrs. J. W. Young of Brownfield on the birth of a son, Hubert Joe, born August 10 at 6:35 a.m., weighing seven pounds.

Mr. and Mrs. J. G. McDonald of Brownfield on the birth of a son, Jerry Dan, born August 16 at 1:57 a.m., weighing nine pounds three ounces.

We were a bit surprised by a call on us from Andy Lee, who with his son-in-law had called to approve a Studebaker car purchased from West Texas Motors here. They live in Crosby county. The Lees will be remembered by early day settlers here, moving here in the teens from Fisher county, and settling southwest of town. They later moved back to Fisher, where both died a few years ago.

Mr. and Mrs. H. Trigg and the two dogs, Buddie and Rover, of Brownwood, came in Monday for a few days' visit in the home of relatives. They were accompanied by their nephew, Jack T. Stricklin, who returned home with them after a two-weeks' visit with them.

Leo J. Bodie of Fullerton, Calif., was stricken with polio Sunday of last week in his legs, arms and neck, and is reported in serious condition. His wife will be remembered as Ovida Gay Green, daughter of Mr. and Mrs. Alton Green of this city.
