

# The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

### Best Advertising Medium

The Herald has the largest paid in advance circulation of any weekly newspaper on the South Plains.

## Stadium Is Painted to Hit Season

Thirty-six local men turned out Tuesday afternoon to paint the football stadium, readying it for the coming season.

Paint and labor for the reconditioning project has been donated by lumber yards and local merchants and the Quarter Back club.

Leaders of the project wish to thank Red Brown for the time and labor he donated in painting the east (band) stand.

The following men made up the painting crew Tuesday: Speedy Moorhead, Stuffy Moorhead, Ernest Latham, Everett Latham, J. B. Huckabee, Clyde Bond, Jr., Alfred Bond, Bill McKinney, Arlie Lowrimore, Jack Hamilton, John M. Hill, Clarence Griffith, Frank Ballard, Shorty Forbus, Ed Mayfield, Sam Privitt, W. A. Roberson, W. C. Collins, C. L. Aven, Ike Bailey, Orb Stice, Buddy Gillham, Grady Goodpasture, T. A. Wartes, H. L. Thurston, Jack Cleveland, Lee O. Allen, J. H. Dallas, V. L. Patterson, J. T. Hoy, John Givens, Sid Szydoski, S. P. Cowan, Elmer Brownlee and Warren Orr.

The entire north side of the stadium was completed Tuesday.

Steel beams for the new section of the south stadium have been received and work will be in full swing this week end.

**BOB HOPE, OIL MAN**—Comedian Bob Hope bites his tongue as he waits for pressure on an oil well near Snyder, Tex., in which he holds part interest—to build up enough so he can turn the valve. W. A. Moncrief, Sr., of Fort Worth, Tex., who shares title to the well with Hope and Bing Crosby, has his finger on the pressure gauge. Told the well is a producer, Hope said "California can have its orange juice." Others in picture are not identified. (AP Wirephoto)

# Paving Contract Let for 30 Blocks

## No County Fair This Year, Says Local CC

Due to present project which they feel they should clear up first, the members of the Brownfield Chamber of Commerce have announced that there will be no county fair this year.

They do hope, however, to set up a fair association, to be composed of local people, i.e., business and professional men and farmers. The members of the association will be the governing board. All persons interested in a county fair will be asked to participate.

The Mexican center is the main project at hand for the chamber, and work has already begun. David Nicholson, manager of the Chamber of Commerce, said Wednesday that work is going well, and that the building may be finished next week.

The center will include a cafe and rest rooms for the Mexicans, with plenty of parking space for trucks provided.

## 1950 Studebaker To Be Shown Saturday

Shorty Forbus, owner of the West Texas Motor company and dealer for Studebaker automobiles and trucks, returned August 12 from Chicago where he had attended the showing on August 10 of the new 1950 Studebaker in the Empire room of the Palmer House. Approximately 1,356 dealers from all over the county attended the showing that day.

Saturday, August 27, the 1950 Studebaker will be on display at West Texas Motor company. The Champion Regal four-door sedan, the Champion Regal starlight coupe, the Champion Regal deluxe tudor, and the Commander deluxe four-door sedan will all be shown. In the new 1950 models, "next look" styling is featured.

The "next look" styling conveys something of the impression of the latest developments of air travel. The rocket-like frontal appearance, with its chrome "spinner" and air-foil fenders, suggests a jet-propelled plane.

The public is cordially invited to the showing Saturday.

**LEMMONS DOING PREACHING**—The above is a likeness of Evangelist Reuel Lemmons, minister of the Central Church of Christ, Cleburne, Texas, who is doing the preaching at the Crescent Hill Church of Christ here. Minister Lemmons did not arrive until Monday, but will be here for the duration of the meeting.

He is a very interesting talker, a close Bible student, and the general public has a pressing invitation to hear him in one or all the sermons while he is here.

## Preliminary Work On Project Begun

The contract has been let for approximately 30 blocks of paving in Brownfield. Kerr-Middleton of Lubbock are the contractors for the \$97,217.50 project.

The contract includes 26,140 feet of concrete curbing and gutters, 57,750 yards of grading and eight inch caliche base and triple asphalt surface, and 1,280 feet of concrete headers.

Bill Aschenbeck, city secretary, announced that unless property owners are signed up solid for the paving, their streets will not be paved, as paving and upkeep on strips of paving are too expensive.

The streets included on this project are the 90 block of east Ripetto, 400 block of south C street, 300 and 400 block of north C street, 1000 block of east Main 1000 block of east Broadway, 100 block of south Ballard, 100 and 200 block of north Ballard, 100 and 200 block of north B street, 100, 200, 300 and 400 blocks of east Oak, from the 300 to the 900 block, inclusive, of north A street, 700 and 800 blocks of north Atkins, 100 block of east Storey, 100 block of west Powell, 100 and 200 blocks of west Storey, 200 block of north 6th street, 100 block of south 8th street, 200 block of south 7th street, and 600 and 700 blocks of west Tate.

The contract also includes the curbing and paving of Tahoka road east to the city limits. The curbing is paid for by the property owners and the street will be paved from curb to curb by the state.

## Well Known Farmer Claimed Here Sunday

Funeral services were conducted Tuesday at 3 p.m. in Crescent Hill Church of Christ for George A. Hudspeth, 50, who succumbed to a heart attack at his home at 708 N. Atkins Sunday at 11 p.m. Jimmy Wood conducted the services.

A resident of Brownfield for four years, Hudspeth was engaged in farming.

Interment was in the Terry County Memorial cemetery, under the direction of Brownfield funeral home.

Survivors include his wife; one son, George A., Jr., of Brownfield; one brother, Oscar, of Guthrie; four sisters, Misses Tillie and Grace Hudspeth, both of Whitesboro, Mrs. Melvin Plexco and Mrs. Ella Meador, both of Collinsville.

## Two Queen Candidates Announced This Week

Two names have been submitted as candidates for the Harvest Queen crown. The Rotary club-sponsored Harvest Festival will be held Wednesday, October 19.

Ann Snedeker has been chosen by the Lions club to represent them in the contest, and Elizabeth Jo Anthony will represent the American Legion.

Elizabeth Jo is the daughter of Mr. and Mrs. Earl Anthony, Sr. She is a graduate of Brownfield high school and attended Belhaven college in Mississippi, and the Draughton business college in Lubbock.

Ann is the daughter of Mr. and Mrs. K. D. Snedeker and will be a senior in Brownfield high school this year. Both girls are members of Phi Beta Cræsus social club.

The winners of Terry county are expected to submit the name of their candidate this week end, and her name will be announced next week. Two more candidates are expected to be announced within the next few weeks, it was announced this week.

## Funeral Services For Herbert E. Patterson Held Here Sunday

Last rites for Herbert Earl Patterson, 69, were held at 3:30 p.m. Sunday, August 21, in the West Side Baptist church. The Rev. A. J. Franks officiated, assisted by the Rev. W. T. Sparkman.

Patterson died Friday, August 19, in Amarillo while visiting a son, Joe Patterson. He had been there two weeks. A retired farmer, Patterson had been a resident of Terry county for 22 years.

Survivors include his wife; four daughters, Mrs. P. W. Lemmons of Roswell, N.M., Mrs. M. E. Hopson of Brownfield, Mrs. Elbert Fant of Lubbock, and Mrs. W. L. Presley of Richmond, Calif.; six sons, Joe of Amarillo, Clyde of Carlsbad, N.M., Homer of Kingman, Ariz., W. L. of Galveston, Elmer of Amarillo, and Calvin of Lubbock; two sisters, two brothers and 25 grandchildren.

Interment was in Brownfield cemetery under the direction of the Brownfield funeral home.

Pallbearers were C. C. Primm, A. A. Sawyer, Arnold Burnett, C. A. Huckabee, T. C. Hogue and Ralph Bailey.

## Jurors Impaneled For Next Six Months

Thirty-five petit jurors and 12 grand jurors were impaneled this week to serve from now until January, 1950.

The petit jurors are: Roy Hewitt, C. R. Williams, R. O. Black, Jack Griggs, Charlie Caswell, B. F. Foshee, R. L. Montfornery, W. R. Schofield, George B. Steele, Nathan Chesshir, T. A. Key, Edgar Melcher, T. Theford, J. T. Hoy, Carlton White, Clarence Cornett, V. S. Reynolds, J. H. Gober, J. O. Burnett, Willie Blair, Ted Hardy, Dan Hulse, W. I. Walker, H. L. Glenn, J. B. Ricketts, O. A. Pippin, H. B. Settles, W. J. Carter, J. W. Smith, Clarence Hester, Horace Belew, C. E. Yeatts, T. A. Wartes, C. L. E. Meil, and Clyde Lewis.

Grand jurors will be John M. Hill, H. B. Thompson, Martin Lire, V. L. Patterson, Robert Beasley, L. M. Lang, Homer Barron, Carl Russell, Homer Causseaux, J. T. Fulford, R. D. Jones, Jr., and T. P. Oliver.

## Terry County Cotton Is Estimated To Be About 86,973 Bales

Was up at the First National bank Tuesday and found R. M. Kendrick, the president, in the usual talkative mood, when the subject of the Terry county cotton crop was broached, the size of it, that is. For one time in our life, when he allowed that Terry would produce 86,973 bales, we thought this usually very conservative fellow was a bit too optimistic, or joking. But he broke the estimate down in figures and they say figures don't lie.

(Continued on Page 10)

## National Guard Is Still Seeking 30 Recruits

## Brownfield And Seagraves Get First Maize

J. W. Small of the West Point community, brought in the first load of 1949 maize to the Goodpasture Grain & Milling Co., the 17th. The load netted 11,050 pounds, according to T. A. Wartes, manager, and was a good quality grain. It had a moisture content of 13.99 per cent. It was put in government loan. Mr. Small received a premium of \$50.

Seagraves' First Load Monday

Seagraves got its first load of grain this year, which came from Terry county, being raised near the old Sawyer ranch six miles south of town by Sam Oliver. It was combined by A. L. Fleming. The plat was estimated at four acres and the grain weighed 12,240 pounds.

Mr. Fleming stated that some at Wellman thought that a lot of grain off four acres, and it is. So, some of the teachers of the Wellman school measured the land, and found it just under four acres.

There is some mighty fine grain in the whole area this year. Mr. Oliver received a premium of \$50 from Seagraves. Mr. Wartes stated that grain was worth \$1.55 per 100 pounds on the local market. He thought most grain would go into government loan.

But even at the local price, \$189.72 worth of maize off four acres, is not bad by any means.

## Legion Members Plan For Fall Convention

Making plans for the fall convention of the 19th district of the American Legion, several members of the American Legion and their auxiliary met with three Levelland Legionnaires Tuesday night at the Esquire cafe.

W. T. (Pete) Bridges, 19th district commander, Bernie Caraway, Levelland post commander, and Sam Blair, Levelland post adjutant, met with the local group to outline general plans for the convention.

Those present from the local post and auxiliary were Mr. and Mrs. Al Muldrow, Mr. and Mrs. J. D. Miller, Mr. and Mrs. Sam Privitt, Mmes. Mon Telford, J. T. Bowman, and Don Wingard and Milton Bell, C. N. Lowe, and Miss Gertrude Jones.

The convention will be held in Brownfield October 1 and 2.

## 16-Year-Old Youth Steals Tractor Here

Deputy Sheriff Buel Powell recovered a stolen tractor Monday after it had been stolen from the premises of Bill Conley, six miles north of town.

The tractor, which was stolen Sunday night, had been hidden in a caliche pit two miles north of the Conley farm.

A 16-year-old youth was picked up and lodged in jail. The youth was paroled to his father for burglarizing a filling station in Post recently.

## New Senior Scouting Program September 1

Effective September 1, ages of membership in the Boy Scouts of America will be lowered, according to the national executive board of the Boy Scouts of America.

In Cub Scouting, any boy eight years old and not yet eleven may become a Cub Scout. He is eligible to work for the Wolf rank as soon as he is eight years old; for the Bear rank as soon as he is nine years old; for the Lion rank as soon as he is ten years old, and for the Webeles rank as soon as he is ten and a half years old.

In Boy Scouting, any boy 11 years old and not yet 14 may become a Boy Scout.

All Scouts 14 years old or older (after September 1) whether in troops or in specialized units, will be known as Explorers, which is a Senior Scout.

Explorers in a troop will participate in the Explorer program in addition to their troop activities, with the counsel and guidance of their adult advisor. When there are two or more Explorers in a troop, they may organize a crew and elect their own officers.

Explorers have the privilege of joining one of the specialized units: an Explorer post; an Explorer squadron for air Explorers (formerly known as Air Scouts); or an Explorer ship for Sea Explorers (formerly known as Sea Scouts).

## Plains Legion Will Hold Annual Fiesta

The Plains American Legion post and their auxiliary will present their annual fiesta Saturday, August 27, at the Legion hall.

A Mexican dinner will be served between the hours of 4 and 9:30 p.m. There will be concession, games, and dancing for the enjoyment of guests.

Everyone is cordially invited to attend.

## Lee Allen Director For S-P Ginners

Lee O. Allen was elected a director for the coming year at the annual convention of Plains ginners held in Lubbock Saturday. Other directors and officers elected were W. O. Fortenberry of Monroe, re-elected as president; Drew Watkins of Sudan, re-elected vice president; N. W. Ray of Bula, re-elected secretary-treasurer; and J. H. Plemons of Smyer, re-elected director and Hugo Kinkler of Littlefield, re-elected director. The other new director was Elmo Caudle of Hale Center.

Speakers for the convention were leading cotton men and ginners in the South. The group decided to sponsor an annual "Snapping Contest," run on a county basis, and awarding championships to persons picking the "mostest cotton the fastest."

Herman Chesshir was appointed a South Plains director on the State Ginners association board.

## SCHOOL SUPERVISOR CALL ON THE HERALD

The Herald was pleased to meet Mr. R. H. Brannan last week when he called. He stated that he was just around getting acquainted. He believes that he is going to like Brownfield, as well as his work here. Mr. Brannan is originally from Wichita Falls.

He is a graduate of North Texas Teachers college and Southern Methodist university, and has been superintendent at Denton, Mineral Wells and at the Harlandale school at San Antonio.

He is the first supervisor the district has hired. We believe the people will like Mr. Brannan.

## Local Woman's Cousin Drowned At Borger

Mrs. Jim Bayless attended the funeral services for her cousin, Jimmy Mercer, 17, in Borger Wednesday, August 17.

Young Mercer was drowned Sunday, August 14, while swimming with a friend in a stock tank near his home. Cause of death was undetermined, but a bruise was found on Mercer's head after his body had been recovered from the tank.

## PLAINS TO HAVE NATURAL GAS SOON

The main for the natural gas is in town. It crossed highway 214 in front of the welding shop. The pipe is laid just inside the pastures on the north side of highway 380. Then men were in town Monday making connections to property line so that there will be no delay when the gas is brought in. — Yoakum County Review.

## TO ATTEND MEETING

Richard Young will leave for San Antonio Saturday where he will attend the Texas Bandmasters association meeting which is to begin Sunday, August 28 and continue through Thursday, September 1.

Young is secretary-treasurer of the association.

## Legion Auxiliary Meets Tuesday

There will be a call meeting of the American Legion Auxiliary held at Veterans hall at 7:30 p.m. Tuesday, August 30, according to Mrs. Mon Telford, president.

Any woman whose husband, son, brother or father belongs to the American Legion is asked to attend this important meeting for the purpose of making plans for the fall convention to be held here October 1 and 2.

## Lubbock Youths Admit Burglaries

Three juveniles, ages 11, 14, and 15, were caught last week end after they had robbed Primm Drug of \$97 and Dunn Grocery of \$35 last Thursday afternoon.

Sheriff Ocie Murry picked up the youngest two of the trio at the Cub's Den at noon Saturday and questioned them. After returning the children to their homes in Lubbock and questioning them in the presence of their parents, they admitted the crimes.

All the money was recovered, and, so far, no charges have been filed.

## Girl Scout Leaders To Conduct School

Mrs. Herman Chesshir, chairman of the trainers council of the Girl Scouts, urges all adults who are interested in Girl Scout work to attend an instructors' school to be held Wednesday, August 31, at the Girl Scout Little House.

Mrs. Johnny Criswell, who has attended an instructors' school in Santa Fe, N.M., will teach the classes, which will be held from 9:30 a.m. to 11:30 a.m. and from 1:30 p.m. to 3:30 p.m. She will be assisted by other experienced leaders in Girl Scout work.

All mothers who are interested in Girl Scouts or Brownies for girls between the ages of eight and 17, are urged to attend.

## PRIMITIVE BAPTIST ASSOCIATION HERE

We have been requested to announce that the South Plains part of the West Texas Primitive Baptist association will meet here the week of the 25th to 28th of August, inclusive. Sessions will be held at the judging barn of the livestock exhibits at the county fair grounds.

Many notable speakers from all over the area are expected to be in attendance, according to J. D. Pharr. The church building in the east part of town is expected to be too small to accommodate the crowds.

Mr. Pharr said that numbers would be taken care of in homes, and possibly others would come prepared to camp.

## The Rotary school bus will begin its regular schedule Monday, September 5, it was announced Tuesday. B. S. Morris will drive the bus again this year.

Watch this paper for the exact schedule, which will be announced next week.

### Fat Calves, Good Beef, Says Meat Specialist

COLLEGE STATION, Aug. — Now is the time to start getting that milk pen calf ready for the locker plant this fall, says Roy W. Snyder, extension meat specialist of Texas A&M college. You want tender, juicy and tasteful beef in your locker box and you can have it if the calf you butcher is fat.

Snyder adds that a thin animal with no external fat usually produces meat that is dry, tough and stringy, but a fat calf furnishes the kind of meat that we all like to eat. There is fat mixed with the lean muscles and that is what makes a juicy steak or roast.

Snyder says he likes a calf that will weigh about 500 pounds on foot and is fat. It will dress out about 270 pounds—135 pounds to the side—and this doesn't include the heart, tongue and liver. It is easy, he says, to cut to fit any size family. The roasts can be cut either large or small and you can't do this with a thin small calf. The short ribs from this kind of calf are also very good. You'll find them juicy and tasty because of that mixture of lean and fat.

A beef type animal is desirable but a milk pen calf makes a good substitute and they are available on most farms, says Snyder. So long as the calf gets milk and good grazing, it will do well but

India Has Prohibition Troubles  
MADRAS, India.—(P)Prohibition offences are increasing in Madras, India's most completely dry province. In July, there were 5,581 offences in all 25 districts of the province. Nearly half of these were cases of illicit distilling of spirits. The French-Indian settlements adjoining the Madras province are "convenient bases" for liquor smuggling, government reports said. Bottles of liquor are being brought into Indian territory concealed in tea chests.

The government blamed public apathy for the increase in prohibition offences. It said that when prohibition police raided a "suspicious" village in Kurnool district, they were received with a barrage of stones. Even the village prohibition committee failed to cooperate in the detection of offences.

A member of the provincial legislature, the Yuvaraja of Pithapuram, has given notice of resolution advising the government to drop prohibition in the province which he says is unsuccessful and results in the loss of a third of the provincial revenue.

when the grass begins to dry up, supplemental feeding is necessary. This is the feed that will make the good beef. The grain ration should be increased as the calf gets older and if grazing is not available, it is advisable says Snyder, to feed hay or other roughage with the grain.

### Automotive Industry Moves Ahead

Automotive production at record levels, more automotive jobs than ever before; motor vehicle travel sets new record! This is the story of progress just revealed in the automotive industry by the Automobile Manufacturers Association.

DETROIT—In the first six months of 1949, the automotive industry produced nearly 3,000,000 new cars, trucks and buses—almost as many units as were turned out in the full year of 1946. A steady increase has been registered since the industry surmounted its war reconversion problems. A 55% gain in production was made in 1947 over 1946, and a 10% gain was registered in 1948 over the preceding year. The half year of 1949 is up 20% from the first six months of 1948.

Industry jobs jumped from 6,700,000 in 1941 to 9,020,000 in 1948. This means one out of every seven job holders in the nation earns his wages in the highway transportation industry. These jobs cover manufacturing, road building, sales and service, trucking and miscellaneous work.

Main street is dotted with more business keyholes to highway transportation, and over 90% of them are small enterprises, employing less than 20 employees each. Business accounts for 56% of all car trips; social and recreational driving is 16% of the total, shopping 12% and other purposes 16%. Rural travel climbed from 169 billion miles in 1941 to 197 billion in 1948. Urban travel increased from 163 billion miles in 1941 to 203 billion in 1948.

Governmental agencies are collecting an all-time high in automotive dollars. Special taxes alone now exceed \$3 billion annually, with motor trucks accounting for more than a third of the total. One of the largest tax items is the federal excise levy on new motor vehicles. First invoked as a "temporary emergency measure" in 1932, it has been increased twice since, instead of being repealed.

### Study Adaptability Of West Texas Cotton

LUBBOCK, August—A research project to be conducted at Texas Tech on the nature and adaptability of cotton fiber has been approved by the cotton research committee of Texas. Purpose of the project is to find a way to produce cotton fabric as rapidly as synthetics are produced by the new Tricot knitter.

The Tricot constitutes a genuine threat to the cotton industry, says John Leahy, director of the committee, because it can weave synthetic fabrics 800 times faster than cotton fabrics can be loomed. The position of research associate was set up by the committee for Tech with salary of \$5,500. An appropriation of \$37,120 was acknowledged for salaries and maintenance. A donation of \$9,000 will cover the purchase of a cotton baling press and a comb for irrigation produced long staple cotton.

Texas A&M and Texas University are to conduct studies of

cottonseed and cotton marketing, respectively.

Herbert Kieck, laboratory superintendent at Tech for the cotton research committee, will aid in the project.

## Texas Commodities Total \$107,629,052 For Government

DALLAS, August—Commodities worth \$107,629,052 were supplied by manufacturers and dealers in Texas to the federal government under the Walsh-Healey public contracts act during the first six months of 1949, it was announced here today by William J. Rogers, regional director in the five southwestern states for the wage and hour and public contracts division of the United States department of labor.

This figure brought to \$127,658,742 the total value of goods bought by the government in Texas during the fiscal year ending June

30, 1949, Rogers said at the regional headquarters here, Room 222 at 1114 Commerce street.

Commodities supplied by Texas firms during the first half of 1949 were: transportation equipment, \$79,354,903; oil and petroleum products, \$3,649,676; textiles and apparel, \$2,619,700; wood products and furniture, \$2,605,264; food and kindred products, \$1,115,561; fabricated metal products, \$253,050; chemicals and related products, \$713,562; metals and basic metal products, \$184,570; machinery (not electrical), \$199,210; electrical machinery and apparatus, \$130,810; printed products, \$59,820; paper and allied products, \$14,300; stone, clay and glass products, \$11,828; and miscellaneous products, \$17,346,798.

## Texas Today

By Dave Cheavens

Associated Press Staff  
Austin, Tex., Aug. — (AP) — In about a year, Texas will have a new state police headquarters now being planned as the best in the country.

It will cost between \$800,000 and \$1,000,000 and will be especially designed as a state police headquarters. Col. Homer Garrison, Jr., director of the department of public safety, believes it will be the only one in the nation so specifically planned.

Construction of the new building was authorized by the 51st legislature. On novel thing about it is it won't cost the taxpayers a penny.

Funds for the construction will come from an excess in fees collected for chauffeurs' and drivers' licenses—unused money. Transfer of the fund from an inactive status for the specific purpose of constructing the new state police department building was authorized by legislative act. A four-year accumulation of funds will be used.

The building will be located on a state-owned tract of land in North Austin, on the Dallas-Fort Worth highway.

State police are now housed in a miscellaneous group of buildings at Camp Mabry in West Austin. Many of the buildings are old National Guard barracks and are not suited for administrative use.

None of the work can start until after the beginning of the state's new fiscal year in September. Garrison said an architect would be employed and he would confer with each department head in the vast state police organization before making preliminary plans.

The effort will be to come out with a building precisely suited to the needs of a statewide police organization.

"It should be the most modern state police building in the nation," Garrison said.

"It will be built to house mod-

TERRY COUNTY HERALD, FRIDAY, AUGUST 26, 1949

ern laboratories—such as photographic and chemical." sible to police executives and newsmen.

"One of the features I am especially interested in is a centralized communication room. Our system of communication is being constantly improved, and it should head up in a place quickly acces-

Garrison said this communications center would be especially useful in times of disaster to quickly clear information useful in relief and necessary for public information.

## Texans in Washington

By Tex Easley  
AP Special Washington Service

Washington, Aug. — (AP) — The new assistant secretary of agriculture is a Tennessean, Knox Hutchinson of Murfreesboro, but he thinks well of Texas and Texans.

Asked immediately after he had taken oath of office if he had any Texas background, he replied with a grin:

"Well, I think a mighty lot of the state and the folks down there. You know, half of Texas originally was settled by people from Tennessee. In fact, I had some kinfolks who moved down there somewhere between Fort Worth and Dallas."

His biggest interest in Texas it developed, lies in the remarkable development of rural electrification systems throughout the state in recent years. A leader in promoting REA cooperatives in Tennessee, he expressed the hope that eventually almost every farm and ranch in Texas will have electricity.

**Around the Capital**  
Waco's congressman Bob Poage has gotten to be well acquainted with Vice President Barkley as a result of their travels abroad.

In September both will be members of the American delegation to the interparliamentary union meetings in Stockholm.

When Texas Land Commissioner Bascom Giles was here for weeks of conferences on the controversial tidelands ownership question he got a distinct and decidedly unfavorable impression of some federal officials.

"We got right down to a clear understanding, so we saw eye to eye on all questions but management," he said.

"Then when we started writing up a bill they began to back up on this provision and that where we had been in substantial agreement. I never dealt with people like them. Down in Texas if a man tells you he agrees to something, he sticks by it."

He declined to identify the officials to whom he referred. His conferences were with Attorney General Tom Clark and Interior Secretary Krug and their legal assistants.

Lloyd Bentsen, the Rio Grande valley's congressman, has been brushing up on his flying. A reserve air force pilot, he found he had forgotten a lot of techniques he used in leading bombing raids over Ploesti and other Balkan areas during World War II.

Rep. Tom Pickett of Palestine came to work last week and found his secretarial staff had arranged a surprise birthday party for him. His colleagues in the Texas congressional delegation and other

## Farmers Of Texas Produce Much Meat

With an estimated meat output of more than one billion, 347 million pounds on its farms and ranches last year, Texas ranked third among all states in the production of this food product, according to a statement just issued by the national livestock and meat board.

The importance of Texas as a meat-producing state also was shown by the fact that the cash sales of cattle, hogs, and sheep exceeded 584 million dollars, or an average of 1.6 million dollars per day.

Texas cattle ranked first among meat animals in the state's farm revenue, total cattle sales being \$473,412,000. The sale of cattle in 1948 accounted for about 81 cents of every Texas meat animal dollar.

The nation's production of meat last year totaled 21 billion, 541 million pounds, according to the board. The average American ate 146.1 pounds of meat in 1948, including 63.4 pounds of beef, 9.4 pounds of veal, 68.3 pounds of pork and 5.0 pounds of lamb.

About 20 pounds more meat was consumed per person in 1948 than in the average year of the pre-war period, 1935-39.

friends were on hand to wish him well. He was born August 14, 1906, in Travis, Falls county.

Rep. Lindley Beckworth of Gladewater received a letter from John H. Winters of the Texas state department of public welfare congratulating him on his authorship of a new law to help folks who are seeking old age assistance. His bill directs the census bureau promptly to provide birth certificates free of charge, data which the applicants must have to qualify for old age benefit payments.

## Costly Malaya Weddings Deplored

KUALA LUMPUR, Malaya (AP) — The Malay mothers-in-law are to blame. So insists modern-thinking Malays who are trying to break down the conservative tradition that brings bankruptcy to a family when one of the children get married.

The Malay wedding, even in the most impoverished kampongs (settlements) of Malaya, cost upwards of \$2,750. And it's the hide-bound mother-in-law who demands that tradition be upheld even if it cripples family finances to the extent that houses have to be mortgaged, says the Penang branch of the United Malay National Organization.

**FINNISH HOUSES REJECTED IN AUSTRALIA**  
SYDNEY—(AP)—Four ready-cut timber houses imported from Sweden and Finland likely will be sold at a loss. Landed cost was \$3,326 each for two-bedroom houses and \$3,472 for three-bedroom types.

Final cost of the houses including erection and Sydney suburban building site ranged from \$8,446 to \$10,980. Highest bids for the houses were \$3,876 and \$4,199. They were not sold at these prices.

## Cameron-Marshall Vows Read Monday

Laverne Cameron, daughter of Mr. and Mrs. J. T. Cameron, 415 W. Ripley, and Troy Marshall, son of Mr. and Mrs. T. Marshall, were married at noon Monday, August 22, in the home of the groom's parents at 301 W. Ripley. Rev. McDonald officiated at the single-ring ceremony.

The bride wore a mist blue satin suit, made with a fitted

jacket featuring a rolled plunging neckline, and self-covered buttons fastened down to the waist which ended in a flounced peplum. The slim skirt had a side drape and a corsage of fresh roses caught at the waist peeped from underneath the peplum. She wore navy blue and white accessories. For something old the bride wore a string of pearls belonging to her mother. Her wedding dress was something new and blue, and for something borrowed, she carried a handkerchief belonging to her mother.

Both the bride and groom are graduates of the Brownfield high school, where Mrs. Marshall was a member of the Glee club. He is a senior at Texas Tech.

### McCUTCHEON FAMILY IN REUNION SUNDAY

A family reunion was held last Sunday in the home of Mr. and Mrs. S. B. McCutcheon.

Those attending were Mr. and Mrs. Jim Pharr and children of Plains, Mr. and Mrs. Earl McCutcheon and children, Mr. and Mrs. Elmer McCutcheon and children, Mr. and Mrs. Donald Tucker and children, Mr. and Mrs. Floyd Harmonson of Lubbock, Mrs. Marilyn Heath, Chester McCutcheon, Jr., and Mr. and Mrs. L. E. Corley and Mr. and Mrs. E. O. Cummings and Lyla Jean, all of Mangum, Okla.

Mmes. Corley and Cummings are sisters of Mrs. S. B. McCutcheon, and they all visited together last week end.

### COUNTRY CLUB LADIES WILL HAVE BREAKFAST

The monthly golf breakfast will be held at 7:30 a. m. Saturday, August 27, by the ladies of the Brownfield Country club.

### HAVE NEW DAUGHTER

Friends here have received announcements telling of the birth of a seven pound 15 ounce daughter, Kathryn Ann, born to Mr. and Mrs. Virgil I. Miles August 13 at Mission, Kans. The Miles formerly lived in Brownfield and he was connected with the United States public health department.

### Pleasure Club Meets With Mrs. Hamilton

Mrs. Jack Hamilton was hostess to members of the Pleasure club at 7:30 p. m. Wednesday, August 17.

Ice cream and cake were served to Mmes. John Portwood, Edwin Sturgess, N. L. Mason, Lee Brownfield, Mike Barrett, J. T. Bowman, George Germañy, Tom Harris, W. C. Collins, Clyde Truly, John L. Cruce and George O'Neal.

Mmes. Collins and Mason won first and second prizes, respectively, and Mmes. Germany, Cruce, and Brownfield won high cut prizes.

### WYNELLE WEBB HOSTESS TO SUB DEB CLUB

Wynelle Webb was hostess at a 3 o'clock meeting of the Sub Deb club Tuesday afternoon.

Selling mums for the ball games was discussed, and new officers were nominated and elected for the coming year. They are Frances Price, president; Freda nAnthony, vice president; Norma Rogers, treasurer; Wynelle Webb, secretary; Sue Stewart, reporter.

Plans were also discussed for presentation and for the candidate for Harvest Queen.

Refreshments of cakes, cookies, ice cream and potato chips were served.

Members present were Juanelle Louis, La Moine Lindsey, Jeanne Cloud, Delma Murphy, Frances Price, Norma Acker, Beverly Wartes, Nancy Morgan, Jackie Crump, Jo Anne Machen, Freda Anthony, Norma Rogers, Charlie Gaston, Jane Griggs, Sue Stewart, Charlene Didway, and a visitor, Virginia Price.

family of Andrews were visiting relatives in Plains Sunday.

Jackie Barstow is here visiting his grandparents, Mr. and Mrs. G. P. Beane.

Mrs. W. H. Hague has all of her children visiting her this week.

Mr. and Mrs. H. M. Banta were visitors in Peducha Friday.

## Lindsey-Davis Vows To Be September 1

Mr. and Mrs. N. A. Lindsey announce the engagement and approaching marriage of their daughter, Jerry, to Walter T. Davis of Dallas.

The wedding will take place at 7 p. m. Thursday, September 1, in the First Baptist church.

### LAS AMIGAS CLUB MET WITH MRS. C. TARPLEY

Mrs. Chad Tarpley was hostess to Las Amigas Bridge club at 7:30 o'clock Tuesday evening at the Esquire cafe.

Dinner was served to Mmes. Hiram Parks, Jerry Kirschner, O. L. Stice, Frank Ballard, J. T. Hoy, Burton Hackney, Clovis Kendrick, Harold Crites, E. L. Sturgess, Lal Copeland and Gordon Richardson. Mrs. Richardson received high prize, Mrs. Hoy received second high, and Mrs. Kirschner and Mrs. Sturgess won bingo prizes.

### Mrs. Finley Entertains Tuesday Bridge Club

Mrs. James Finley entertained the regular Tuesday Afternoon Bridge club with a luncheon at noon August 17.

Chicken chop suey salad, rolls, iced coffee and chocolate ice cream roll were served to Mmes. C. L. Hafer, Tom Harris, M. J. Craig, Bill Anderson, George O'Neal, J. T. Hoy and Clyde Truly. Mrs. Truly won high prize and a bingo and Mrs. Hoy received a bingo prize.

### PLAINS NEWS

Clyde Hartwick and Walter McClellan were visiting in Arkansas last week.

Mollie Smith, Mr. and Mrs. Clayton Lovelace, Mr. and Mrs. Alvie Johnson and Cecil Courtney were visiting in Ruidoso, N.M., over the week end.

Darsey McKee and family were vacationing in Colorado and New Mexico last week.

daughter in Childress this week.

Mr. and Mrs. Duane Dumas and

### DORIS WALL HOSTESS TO SUB DEB CLUB

Plans were discussed for a harvest queen candidate when the Sub Deb club met at the home of Doris Wall at 3 p. m. Tuesday, August 16. Swimming party and hayride plans were also made.

Refreshments of cokes and cookies were served by the hostess to Frances Price, Freda Anthony, Norma Rogers, Iva Blair, Jeannie Cloud, Charlie Gaston, Janelle Lewis, Nancy Morgan, Charlene Didway, Jackie Crump, Jo Ann Zant, Jane Griggs, Wanda Black, Betty DuBose and Sue Stewart.

### Stuffed Hamburgers Please Hungry Picnic Crowd

Let's suppose you are planning a picnic for the family and guests. Picnic entertaining can be easy. If you have an out of door fireplace available you might build the menu around roasting ears of sweet corn. Lacking the fireplace the ears of corn can be cooked in boiling water. Most Americans are always hungry for sweet corn and this is the time when it is at its best.

See what you think of a menu like this:

Stuffed hamburgers potato chips  
Sweet corn on the cob  
Sliced tomatoes and cucumbers  
Apple sauce turnovers  
or Watermelon

If you add coffee for the grown ups and milk for the youngsters what more do you need? Nothing, really, but more of the same. But you may want some recipes. Suppose we check off some of the easy foods, first.

#### Easy Foods

Potato chips head such a list. All you need to do is to buy enough of them because no one seems to know when to stop eating them. They are crisp, salty, and appetizing.

Peel the tomatoes. Leave the well washed skin on the cucumbers. Run the sharp times of a fork up and down the green cucumber skin on the whole cucumber. Do this so you have a parallel row of indentations when sliced. Each slice shows the notched and decorative edging.

#### Corn On The Cob

Roasting ears of sweet corn may be prepared in either of two ways. First, the ears with outer husks and silk left on, are immersed in a pall of water. Let them stand in the water for a half hour or so. Then shake the ears well and bury them in hot coals.

If you know the likes of the guests at the picnic you might prepare roasting ears with garlic flavored butter. Carefully remove the silk and turn back some of the husks.

#### STUFFED HAMBURGERS

**Meat Cakes**  
2 pounds ground round steak  
2 tablespoons grated onion  
2 teaspoons salt  
pepper to taste  
1/2 teaspoon accent or zest or MSG (optional).

**Stuffing**  
1 cup crumbled potato chips  
4 slices day old bread, crumbled  
4 strips bacon  
1/4 cup diced celery  
4 teaspoon poultry dressing seasoning.  
2 tablespoons chopped green pepper (optional).

Mix the meat, grated onion, seasonings. Lay a piece of paraffin paper on the table or flat surface. Put mounds (2 level tablespoons, each) of the meat on the paper. Have the mounds about 3 inches apart. Lay a piece of paraffin paper on top. With a rolling pin press down firmly and evenly to flatten the meat into thin rounds. Repeat until all the meat has been shaped into rounds.

For the stuffing crumble the potato chips and the bread. Cut the bacon into small squares, add the diced celery and cook until the bacon is crisp. Add the onion and the mixture seems dry add tomato juice or milk or water as needed. Put a spoonful of the dressing on a meat round. Top with a second meat round. Press edges together. Pan-fry or cook on broiler grids if they are close enough together to prevent the meat cakes breaking and falling through. Serve hot.

### ATTEND ICE CREAM PARTY IN LUBBOCK

Mr. and Mrs. Frank Ballard attended a party held in Mackenzie park in Lubbock Thursday, August 18, at 7 p. m. by the woman's

auxiliary of the South Plains Plumbing association.

Home-made ice cream and cake were served.

Representatives of Brownfield, Plainview, and Lubbock attended the affair.

## MS Women Feature Covered Dish Luncheon Monday Noon

Members of the Methodist Missionary society met Monday in Fellowship hall at noon for a covered dish luncheon. Hostesses were Mmes. Joe Johnson, John Portwood and Fannie Maupin. During the lunch hour, Mrs. Wayland Parker sang "One Sweetly Solemn Thought." Mrs. J. Fred Bucy discussed the duties of officers, and Mrs. Tobe Power discussed the monthly programs. Mrs. Portwood was elected as spiritual life superintendent to fill the vacancy of Mrs. A. E. Proctor, who has moved to Odonnell.

Members present were Mmes. C. N. Stark, H. L. Thurston, U. D. Gorton, J. C. Criswell, Will Fitzgerald, Leonard Chesshir, G. S. Webber, J. H. Carpenter, Barnarr Smith, Harry Longbrake, Andrew Loyd, J. F. Anderson, Ida Bell Walker, Minnie Williams, I. A. Hare, J. R. Nelson, B. J. Hill, J. L. Randal, W. B. Downing, and T. L. Treadaway. Visitors present were the Rev. H. L. Thurston, Mmes. Robert Tabby, J. D. Mitchell and E. R. Manning, and Carolyn Nichols. Studebaker rocket-like front appearance. adv.

## Gee Gee's Chit Chat

That the business men of Brownfield are backing their high school football club to the hilt (as they always do) was much in evidence Tuesday after 6 p. m. when 36 of them gathered at the football field to paint the north side of the stadium. Several local men have devoted much of their time and money in the improvement of the field, and they certainly deserve a kind word, at least. It looks swell, fellers.

We are planning to make the Plains Fiesta Saturday night at the Legion hall over there. We can always eat Mexican food, and we think we'll have a good time. Why don't you come, too?

After we reach the age of 21, none of us like to remember our birthdays much. But we thought it was pretty cute of a friend of Slick Collins to remember his birthday last week by sending him a greeting: A paper sack, printed with these words: "From one old bag to another—Happy Birthday."

Looks good to see work progressing on the new Mexican center being built by the Brownfield Chamber of Commerce. We think this is one of the most worthwhile projects they have undertaken this year.

Louise Guinn, manager of the Western Union Telegraph office here, has been transferred to Lamesa, we hear. Sorry to lose this efficient public servant, but feel sure that Mary Wilkerson will be able to carry on. Good luck, Louise.

Don't forget to make your plans to attend the style show that will be staged Thursday, September 8 at the Rialto theatre. The Alpha Omega Study club members are the ring-leaders.

**Barbara Kay Kirschner Celebrates Birthday**

Mrs. Jerome Kirschner honored her daughter, Barbara, on her sixth birthday Friday, August 19, with a 1 p. m. luncheon. After luncheon, the honoree and her guests attended a picture show.

Those attending were: Barbara Jo Germany, Joan Tarpley, Creda Gail Gore, Linda Rose Gerstenberger, Latrice Teague, Sherry Clements, Sara Beth Chesshir, Terre Sue Redford of Meadow, Vickie Norris and Ann Copeland.

Out-of-town guests were Mrs. Robert Huggill and Bobby of Leveland and Mrs. Martin Kirschner and Hank or Lamesa.

The decision of woman is likely to come like the eruption of a volcano or as unexpected as an earthquake. According to press dispatches, Mrs. D. Leigh Colvin, national head of the Women's Christian Temperance Union, came out with a real stunner that none of the opposition politicians or even the opposition party has appeared to have noticed. Mrs. Colvin says that Joseph Stalin, while parleying with both FDR and HST had plain branch water put in his vodka bottle, while the American representatives were drinking the real, high voltage stuff. And Mrs. C. was not making the accusation in jest, but with solemn countenance. The Dallas News is wondering which will be the madder about the latest development, "good old Joe" or HST. And that if this bone of contention thrown in their midst might start a real shooting war.

At last we have found Tom

Clark's real qualifications for a seat on the U.S. supreme court. A writer in the People's Column in the Dallas News gives us the lowdown, namely: "He worked harder than anyone else, except Harry himself, for Truman's election." To the winners belong the spoils still goes on 100 years after the death of President Jackson. But in the early days of our Republic, thank goodness, men of quality, such as John Jay, John Marshall, Elihu Root and such, were appointed more on qualifications to the office than party affiliation. And in the earlier days the nation picked such presidents as Jefferson, Garfield, McKinley, Lincoln and Cleveland, and their background was under the microscope for faults and fissures. Now one can be elected president no matter what his past indicates. Remember, that when HST was sent to the senate, old Tom Pengast of KC corruption remarked: "I just wanted to show 'em that I could send a water boy to congress."

This will be the last week the Herald will run the Constitutional Amendments to be voted on the first Tuesday in November, so better make a study of them, and whether you'll support or reject them on the basis of study. If one has to vote blindly, it is better not to vote at all. He might support an amendment that should have been defeated, or reject one that should have become a law. The only way to vote intelligently is to study the purpose of the amendments. The Herald believes that the whole shebang should be regrouped, recodified and a brand new, up-to-date constitution presented to the voters of Texas. The present one is a patch quilt affair, and takes up too much room in any law library. There are ten of the amendments, five in the Herald and the other Brownfield paper is running five.

From what we can gather from some of the daily papers, the farm and ranch as well as the weather reporters are often led to wonder why one farmer will say that he needs a shower, while the next one does not want any rain — afraid of worms. If one will just drive over Terry county right now, he will find that there is a

field of old feed that a good rain would benefit. Just over in the next community, four or five miles, they don't want an extra drop of rain, and not even any dew. Mr. J. Pluvius has been very exacting with his showers this year, hitting his stride almost to the section line. This also goes for the hail storms. However, cotton is not suffering badly anywhere. In the south part of Terry, the plant is blooming in the top, indicating that it has about done its due, but that period of cotton maturity is just around the corner in any man's field.

Most of us Thurmond Rebels, as they are now called, as well as perhaps some who voted for Dewey, are not deeply concerned about the deep freezers that some of the higher-ups got when they were scarce as the proverbial hen's teeth. In fact, this writer would even take one now with no questions asked or answered. We are not too critical of the recipients. If the facts were available, perhaps it would be disclosed that the donors had some kind of ulterior motive, and that the whole thing was connected remotely at least with the present "Five Percenter Investigation." But that is for the investigators to dig out, and let the chips fall where they may. However, up to this time, we have found absolutely nothing in the investigation to commend the president's old pal, General Vaughan. The manufacturer of the deep freezers now comes forward with the statement that "the deep freezers were not seconds, or defective."

It will be remembered a week or two ago, this paper ran a map showing that some 993 million dollars had been appropriated to 17 western states including Texas; that of this amount, Arizona was trying to grab off the lion's share of some 738 million dollars. We received a pamphlet last week from the Colorado River association at Los Angeles, which gave the California side of the controversy. That state of course is leading the fight to keep Arizona from hogging the water, now developed or proposed. The bills in both the house and senate are pending. Here is one of the CRA's cinching arguments: That the

## Refresher Course

Test: 1950 Congressional Elections

measure is not intended to help veterans get irrigated land, or worthy private citizens, but is designed to help some 420 big land holders in Arizona to get around \$550,000 each from the government to help them become richer.

kettles can't call the Maine pot black. The same thing is going on right here at home, but perhaps in a lesser measure.

Ours is sometimes a peculiarly functioning government. With all the accusations against it about its prodigal spending, it sometimes acts penny wise and pound foolish. Those very needy and necessary things that the people have been depending on the federal government to provide for years, such as forest service, coast guard, harbor improvements and farm-market roads are sometimes cut to the quick by penny pinching. At the same time, the boys up at Washington are willing to put billions into power plants that private concerns are willing to build without taxing the people, and in turn pay city, county, state and federal taxes. They're funny that way, the government, that is.

If you have a flare for figures, perhaps those below will give you some idea why oil company seismograph crews are constantly on the lookout for more oil, new fields and pools. Last year the cars, buses and trucks of the USA traveled 395 billion miles and consumed 30.5 billion gallons of gasoline and oil. Airplanes traveled 7.8 billion passenger miles and used 434 million gallons. Our farmers with the three million tractors also used ten billion assorted petroleum products. But more and better gasoline was being produced that got more mileage. The oil companies all maintain large laboratories and spend much money in research in further efforts to furnish the public with better gasoline and lubricants.

The Herald has been a state's righter on most things most of the time. On the other hand, federal government funds for our public schools has been the talk of many people for years. This is especially true of people who are ready and willing to grab off all the loose change that might be found up at Washington. This has never become popular with this scribe. We have always believed that the public free schools should be managed and maintained by each state and the county or city in which they are located. In fact, they were originated and started on a fine career of educating the youth of the land by states and

## The Low Down From Hickory Grove

Foresight is better than hindsight. Nobody will debate with me about that—so I will proceed. But if there should be a doubting Thomas in the audience, I direct his attention to the people of that dear old England. They figured four or five years ago that if they switched from their present boss and let the Govt. be the Big Smoke, things would be all milk and honey — that the business profits would be the people's profits and that the people would have the say on how things would be run.

Now what? Instead of the workers being able to barge in and tell the old boss where he got off, they are now tapped on the shoulder by their New Big Govt. boss and told to sit down and be quiet. Then the Govt. moved in its army and took over the men's jobs—until the strikers got hungry enough to go back at the Govt. figures.

MORAL: In our grand land we need to polish up our foresight glasses before we are taken in by the sweet stories of our leaders that make us drool and wish for the Utopia that they picture if the Govt. built the dams, propped corn and pork prices, loaned all the money, wrote the prescriptions, picked the professors for the schoolhouses, said how many chickens per farmer, etc., etc. You said it, says Henry.

Yours with the low-down,  
JO SERRA

counties throughout the land. Since it has developed that some churches would like to get their hands on the management of our public free schools, or to grab funds for their private schools in which they teach their particular brand of religion, we have become a confirmed state's righter on the management of the public free schools of Texas, at least.

## STRICTLY FRESH

PRESIDENT TRUMAN told boy visitors to the White House to "keep this form of government going for at least another 1000 years." It's almost enough to discourage a Republican.

British nudists will try out a five-year plan. This should be worth watching.

This year's crop of new college co-eds, as usual, will try to make

a good first impression. This will involve making a sizable impression on Dad's bankroll first.

After the vacation season, Pop takes one look at his bank balance (and knows why they named the next season "fall.")

TB Called Singapore Menace. SINGAPORE — (AP) — The director of the Singapore Anti-Tuberculosis association clinic says that this crown colony has the highest rate of active, positive tuberculosis of any city in the world. Dr. G. H. Garlick described the city as "nearly saturated with the disease." He said his association puts the incidence of the ailment at 16 per cent with the dangerous age between 12 and 18 years. Studebaker rocket-like front appearance. adv.

**STILL A BOY SCOUT AT 87**  
 PAR, England — (AP) — Dan Chapman believes in the motto, "Once a Boy Scout, always a Boy Scout." Dan claims to be the oldest Scout in the world. He is 87.

He still leads Par troop 1 on ten-mile hikes.

He founded the troop and became its scoutmaster back in the year 1908, after the Scout movement itself was started.

**MISTAKE IN AD SCARES AWAY TOURISTS**  
 BEIRUT, Lebanon (AP) A mistake in advertising is believed to have cost Lebanon a poor touring season this summer. Lebanese have been puzzled by the absence of travelers from Egypt, Iraq, Saudi Arabia and other neighboring countries.

The explanation came out when pamphlets sent abroad to attract tourists were checked. The touring department found out that last year's prices—exceeding by more than 20 per cent this year's cost of living—were advertised by mistake. Hotel rooms were listed at \$11.12 per day instead of \$7.04. All other prices were inflated accordingly. This, it is estimated, was enough to scare thousands of would-be tourists away from Lebanon.

**Progress of U.N. Permanent Headquarters**

Steelwork on eighteen of the 39 stories of the United Nations Secretariat building in mid-Manhattan, New York, was completed in July when this picture was taken. A contract was signed by U.N. and the American Bridge Company for the furnishing and erection of structural steel for the meeting hall area of the Permanent Headquarters. The contract calls for 10,500 tons of structural steel at a cost of \$2,225,000. Delivery is to be made by next October, and erection is expected to be completed by April or May 1950.

**Cancer Insurance Through Your P.O.**

Knowledge—today's best weapon against cancer—is as close to you as the Brownfield postoffice. It's not on a table at the postoffice. The postmaster doesn't have any cancer literature on the shelves.

But, if you'll just address a postcard or letter to: Cancer, care of Postmaster, Brownfield, Tex., in just a few days you will receive in the mail a free booklet about cancer, which may even save your life, should you ever develop this disease.

Here's how it works: Last year the postoffice department in Washington decided to aid the national fight against cancer by authorizing a simple mailing address for all requests for cancer information. In a directive to postoffices all over the country the postmaster general instructed all postmasters to forward all mail addressed to "Cancer" to the state headquarters of the American Cancer society. In Texas, the Texas division of the American Cancer society is located in Houston. Therefore, all Texas postoffices forward all mail addressed to "Cancer" to the Houston postmaster, who, in turn, sends it to the state office of the society. As soon as cancer control workers in Houston receive the requests, they forward cancer booklets and information to the persons mailing the inquiries.

Why don't you write "Cancer" today? Do you know the seven danger signals of this disease? "Cancer" will tell you.

New power for the new Studebaker lines. adv.

Something has got to be done and sooner or later will be done with these drunken drivers. In spite of heavy fines often assessed by the courts, they just keep on taking their toll of life, week after week. Last week end one of them hit a shining mark. Margaret Mitchell, famous writer and author of "Gone With The Wind," that everybody was talking about and many were reading a few years ago. Police reported that she was slammed to the pavement and dragged 15 feet by a car driven by a drunk man. She was critically injured. Thousands of telephone calls and telegrams came in making inquiry about her condition. It was better for a drunk man that a millstone be tied about his neck and that he be cast into the sea than that one noble woman or one innocent child should be needlessly murdered by a criminal of that kind. Our opinion is that every man found driving a car on the streets or highways in a drunken condition should be locked up for a period of 40 days to six months following any such offense. Furthermore, he should be ostracized by respectable men and women until he gets on the water wagon for keeps.—Tahoka News.

**Wholesale Sales And Inventories**

AUSTIN, Tex., August — June sales of Texas wholesalers rose three per cent and inventories slid four per cent from May, the University of Texas bureau of business research has reported.

In comparison with a year earlier, wholesale inventories climbed 25 per cent, while sales of Texas wholesalers fell five per cent from June, 1949.

June sales of electrical equipment rose 14 per cent, while hardware sales stepped up 11 per cent and grocery sales increased six per cent. On the other hand, automotive supplies and machinery equipment and supplies (except electrical) fell five per cent and drugs and sundries decreased three per cent.

Compared with June, 1948, automotive supply sales dropped 31 per cent in June, 1949. Declines were also shown in hardware, 16 per cent; tobacco products, five per cent; and groceries, two per cent. During the same period, electrical sales increased eight per cent. Sales of drugs and sundries and machinery equipment (except electrical) rose seven and two per cent, respectively.

May-to-June inventory changes varied an 11-per-cent decrease in electrical equipment to an 11-per-cent increase in automotive supplies.

From June, 1948, to June, 1949, inventory changes varied from a 15-per-cent decrease in automotive supplies to a 33-per-cent increase in machinery equipment (except electrical).

**Last Call On Vet Insurance Payments**

Monday, August 29, 1949, will be the first day of distribution of application forms for the National Service Life Insurance special dividend to be paid to veterans who carried their GI insurance for three months or more prior to January 1, 1948.

Application forms will be available at post offices, veterans' service organizations, American Red Cross, veterans' county service offices and throughout the West Texas area served by the Lubbock region office of Veterans Administration, Manager Robert W. Sisson announced.

These simplified application blanks are in the form of a three-fold card; the veteran will retain one third of the card, which contains the instructions, and after filling in his full name, service number, C-number if any, and insurance number or numbers if available, and address, he will place a one-cent stamp on the remaining two-fold card and mail to Veterans Administration, Washington, D.C.

It is expected the dividend style. adv.

**22 Million Paid Texans In Insurance**

Texas families received \$22,606,000 in life insurance death benefit payments in the first half of this year, compared with \$22,077,000 in the corresponding period of last year and \$13,589,000 in the first half of 1941, it was reported today by the Institute of Life Insurance.

The number of policies becoming claims in the first six months was 16,738 which compares with 15,365 in the corresponding period of the previous year and 12,592 in the first half of 1941.

"These payments reflect the growing use of life insurance by the American people to establish their family security plans," Holgar J. Johnson, president of the institute, said in announcing the figures. "Death benefits paid in the first half of this year countrywide are 48 per cent greater than in the corresponding period of 1941 even though mortality among the policyholders generally is at or near a record low rate. Many more people are now protected and those who are insured own, on the average, considerably more today. During the past 18 months, life insurance has continued to expand at an unprecedented rate."

check distribution will begin in January and will be substantially completed during the first six months of 1950. "Making application on the first day of distribution of the forms does not necessarily assure early receipt of the special dividend check," Mr. Sisson emphasized.

Beneficiaries of deceased veterans who are presently receiving insurance benefits will not be required to make application for the special dividend.

Veterans Administration will mail direct to beneficiaries of deceased veterans whose insurance was not in force at time of death, the necessary application form for any accrued dividend payable.

One application only is necessary, although the veteran may have had more than one policy of insurance or more than one plan of insurance. It is further pointed out that where the insurance number is unknown, the veteran's application will be identified through his service number.

Mr. and Mrs. C. W. Dennison and family are on a vacation to Grand Canyon this week.

**Dairy Feed May Be Much Cheaper**

AUSTIN, Tex., Aug.—Farmers, here's a bargain!

Dr. A. B. Cox, university of Texas cotton marketing professor, points out that an exceptionally large supply of cottonseed meal and hulls resulting from an expected bumper crop may offer farmers a bargain in these feeds.

This is the situation, he says: During the past five years, the wholesale price of three pounds of cottonseed meal and four pounds of cottonseed hulls in Fort Worth averaged 85 per cent of the

wholesale price of a gallon of milk. In some places in Texas this unit of feed can now be purchased as low as 23 per cent of the price of milk.

Research has shown that three pounds of cottonseed meal plus four pounds of hulls fed to dairy cows on pasture will result in the production of one gallon of milk. In some places in Texas, he says, three pounds of cottonseed meal can now be bought wholesale for nine cents, and four pounds of cottonseed hulls for six cents.

HERE SATURDAY AUGUST 27th  
*The "next look" in cars*

**Announcing the NEW 1950 STUDEBAKER**

The leader leads again! A breath-taking new car! A dynamic new triumph of Studebaker's overwhelmingly popular new ideas on automobile designing! A 1950 Studebaker styled ahead—and engineered ahead—for years to come!

AMERICA expects the unexpected from Studebaker—and here it is—the "next look" in cars! Dynamically new in form and substance, this is a truly inspired 1950 Studebaker. Its styling is more distinctive than the "new look" that Studebaker originated three years ago. This is a complete line of completely new 1950 Studebaker cars—paced by a sensationally advanced Studebaker Champion in the low price field. Stop in for a look. New in eye appeal and new in drive appeal, this breath-taking 1950 Studebaker is starting another Studebaker buying wave. The 1950 Studebaker stands out in advancements! A new longer Champion and Commander! A new longer special Land Cruiser sedan! Self-stabilizing coil spring front wheel suspension! Higher compression Commander and Champion engines of increased horsepower! Wide-rim wheels and extra-low-pressure tires! Self-adjusting brakes! Symmetrically centered variable ratio steering! Over-size windows and windshield! "Black light" instrument panel dials! Wear-resisting Studebaker craftsmanship! Automatic hill holder (extra cost on Champion only)... Gas-saving automatic overdrive transmission, Studebaker Climatizer heating and ventilating, Studebaker-engineered Philco radio, available on all models at added cost.

What To Do With A Crate Of Lettuce

What would you do, folks, if the expressman should roll a large crate of head lettuce into your office, or store or home some afternoon? On top of that, you had no cold storage place. Just study an instant and think how many vegetable salads a large crate, some two bushels, would make.

The lettuce came from the mountain plains of northern Colorado, and were grown by David J. Holden, brother of Mrs. Stricklin, who many of the old-timers will remember as a lad. After being discharged from the army of World War I, David went to Colorado, took up land and began improvement of it along with dams for irrigation water. Today, the Denver Post calls him the largest spinach and lettuce grower in Colorado state.

Anyway, we divided with the hands, neighbors, etc., and kept all we could find room for in the refrigerator. Next came neighbors and friends. Many pronounced it the sweetest, tenderest lettuce they ever ate.

1950 Studebaker offers a new adv.

GOMEZ GOSSIP

Mrs. J. H. Blevins of Phoenix, Ariz., who had spent the summer visiting in the home of her granddaughter, Mrs. Tress Key, and family, returned home recently. Mr. and Mrs. Kenneth Hodges and sons, Charles and Eddie Mack, of Hale Center, were recent visitors in the Tress Key home.

Mrs. Denver Kelly, Patricia and Mrs. Otis Kelly and daughter were hopping in Lubbock Monday. Mrs. Lois Buckley and son, Terry Lee, of Hobbs are visiting in the Rev. Burns home.

Misses Eura Lee and Billie Ruth Burns returned last Saturday from a cheer leaders school in Huntsville.

Rev. and Mrs. Tom Burns, Mr. and Mrs. A. Buchanan, Mr. and Mrs. McQuarry and children, Mrs. Kellie Sears, and Jean Evans attended the Baptist workers meeting at the West Side Baptist church in Brownfield last Thursday.

Mr. and Mrs. Kellie Sears left Friday night for California to attend the funeral of Lloyd Sears, who was drowned while on a fishing trip. Lloyd was a younger brother of Kellie and formerly lived in this community.

The revival is now in progress at the Gomez Baptist church. A welcome is extended to all.

Mrs. C. J. McLeroy has as her guest this week her sister and family, Mrs. J. G. Hugg, husband and children of Henderson. Mrs. McLeroy accompanied them to Carlsbad Caverns Monday.

Mr. and Mrs. E. J. Hubbard and boys, Mrs. A. A. Furginson and children visited Mary Etta Arwine in Lamesa who has rheumatic fever.

Mr. and Mrs. Howard Blake and children visited in the Hubbard home.

Leon Abath, who was playing with his sister, fell through a window and cut his arm.

Mr. and Mrs. A. A. Furginson and children left for New Mexico where they will remain until their daughter-in-law gets better.

We are glad the Howells were not seriously injured in their car wreck Saturday night.

Mr. and Mrs. E. J. Hubbard and son visited Mr. and Mrs. Jack Harvey and children.

SHANNON TO HOLD TOKIO REVIVAL We have been requested to announce that the Rev. R. L. Shannon, former pastor of the Baptist church at Meadow, is now engaged in holding a revival at Tokio. You are invited to hear him.

High Blood Pressure Hardening of Arteries. Pains in Left Arm and Side. Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes, on Feb. 20, 1948: "Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here, has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble." Hundreds of other testimonials of similar nature. Sold by PRIMM DRUG STORE, Brownfield, Texas

Prepare Children For School Now

AUSTIN, Texas — The month of September brings a return of school days, and thousands of Texas boys and girls will be returning to classrooms for the next nine months. Every one of these children, according to Dr. George W. Cox, state health officer should be as free as possible from all physical defects that can be corrected, and protected against diseases which frequently spread through classrooms.

A complete medical and dental pre-school check-up is of the utmost importance in getting the child ready for school. Eyes, ears, nose, throat, and teeth should be carefully examined, and all remediable defects corrected or placed under treatment. Such defects can lead to serious impairment of growth and progress academically, socially and emotionally.

Defects of hearing and vision handicap a child in his class work, and often result in the false impression that he is backward and unable to learn. Such defects can often be corrected, and the child is not only more progressive in his school work, but is a happier, better balanced individual as a result of being more socially acceptable. Dental defects should be corrected not only for cosmetic reasons, but because good teeth enable a child to chew his food properly and thus promote good digestion and bodily nourishment.

"In addition to correcting such defects as already exist, young children should be protected by immunization against disease, if possible," Dr. Cox said. "Immunization is safe and dependable, and every child is entitled to this protection against disease."

DAN DAVIS PAYS A VISIT TO THE HERALD It had been some time since the Old He had the pleasure of seeing that smiling, good natured countenance always worn by Dan Davis, who originally came here from Tahoka, and remained a few years, and then moved to Amarillo. Like his last occupation here, Dan is running a truck line in the metropolis of the Panhandle.

Dan will make good anywhere he goes; he's that kind of a guy, but he's lowed he sometimes wanted to come back to Brownfield. He likes his friends, is not the least selfish, and wants to see them get along in the world.

While we did not quiz Dan too closely, we nevertheless would hazard a guess that he still is not a "Truman" democrat.

Mrs. Davis and daughter, Nancy Lou, have been here visiting Mrs. Davis' sister, Mrs. Jack Cleveland.

THOSE ROASTING EARS WERE SURE GOOD, KELL Kellie Sears came wagging in a large grain sack of his roasting ears one day last week for The Herald family and Mrs. Fred Smith. They were sure nicknailing to our old taster, Kellie. We do not have much use for canned corn, but do dearly love roasting ears.

We sure have received a lot of good eating stuff at the hands of our good farmer friends this year. Peaches, apricots, tomatoes, beans, peas and what have you, Doggone it, we have been trying to diet during this hot weather, but how in heck are we going to do it with all this stuff coming in?

By the way, we know the location of a lot of corn patches along the farm by-ways that are just now getting ready to raid.

THAT STORY ABOUT ANDY LEE LAST WEEK When a person writes a story, it should be carefully read. In the one about an old-timer who was here last week from Crosby county, there was some confusion, not to another old-timer, but to any comparatively newcomer. For instance, we said:

The Lees had come to Terry, later moved back to the Rotan section, where both died. Possibly, it made one wonder how Andy regained the natural life and moved to, and was now living over in Crosby county.

Here are the facts: In speaking of the Lee family, we meant Andy's parents, brothers and sisters. Andy at that time, about 1912, was a mere lad. Therefore, it was his parents that are dead. Andy stated that his brothers and sisters were kindly scattered, some in Texas, Oklahoma and New Mexico.

CIVIC CLUBS WILL ENTERTAIN TEACHERS The Brownfield Lions club and Brownfield Rotary club will entertain the teachers of Brownfield Independent school with a basket lunch Monday evening, August 29, at 7 o'clock in Coleman park.

James Harley Dallas will be the master of ceremonies, and T. J. Griggs and C. K. Kendrick will give the address of welcome. The response will be given by S. P. Cowan, who will also introduce the teachers. Invocation will be given by Jimmie Wood, after which lunch will be served.

Second World War Commemoration To Be September 1

As there has been some confusion in the dates of the ending of World War II, there has never been an annual date established universally in the United States, at least. It will be remembered that the Germans and satellites surrendered in May of 1945, but that it was August before the Japs struck their colors. In first world war, the entire central power collapse came on the 11th of November, which has always been termed Armistice Day.

According to Glen Akers, a veteran of War I, the American Legion and the Veterans of Foreign Wars have decided that the ending of the second world war should be celebrated from now on on the first day of September each year, and the members of both organizations will so start out this year.

Veterans of both wars will therefore meet at the Legion hall at 6 p.m. September 1, which will be Thursday of next week. There will be a short program followed by a stag feed, which will last until 9 p.m.

Then beginning at 9 p.m., there will be a dance to last as long as desirable for veterans, their wives and friends at the hall. All veterans of both wars in Terry county are cordially invited.

Children's Posture Is Important

AUSTIN — Correct posture in school children, and adults as well, is necessary to proper physical and mental development, says a warning from the Texas state department of health. "Good posture is a sign of self respect and plays an important part in winning the respect of others," said Dr. Geo. W. Cox, state health officer.

"Many of the ills of childhood and the deformities of adult life have their beginning in poor posture acquired during childhood," he said, "and it is particularly important that the child's posture conform to nature's dictates. Most children are born in good physical condition and yet examination of large groups of school children show a high per cent to be suffering from poor posture. Malnutrition and fatigue are productive of poor posture. These lessen the size of the chest and decrease the lung capacity. Abdominal organs may also be pushed out of natural position, which may seriously interfere with their action. These conditions must be corrected before the body is able to attain normal weight and nutritional standards.

"School children who have poor posture are said often to average lower in attendance and in school mental and physical activities than those who have good posture. A child may be forced to hold his body in an unnatural position by a desk that is too high or too low. Desks and work tables should be just high enough to allow the feet to rest on the floor and the forearms and hands to rest upon the tops without the shoulders being bunched up. Begin early in life to teach your children to stand straight and sit straight for health and self-confidence, and they should grow into strong, well-built men and women."

CHARLES ARTHUR HAS ACCEPTED A POSITION IN DENVER CITY and has moved his family there this week.

Mr. and Mrs. J. R. McBeth, Kenneth Jackson and Miss Jackie Little visited Carlsbad Caverns Sunday.

Mrs. Lynn Nelson and children spent the week end with her mother, Mrs. Era B. Lewis, in Littlefield.

Rev. and Mrs. H. A. Nichols of Stratford visited her niece, Mrs. Otis Davis, and Mr. Davis Monday.

Mr. and Mrs. Tarzan Crossland returned Sunday from Phantom Lake, where they had spent several days fishing.

Joe H. Scott of Nugent is visiting in the home of his daughter, Mrs. Raymond Reynolds.

Mr. and Mrs. Carl Evans of Big Spring visited in Brownfield Sunday.

Mr. and Mrs. H. C. Jones are spending this week in Marlowe and Oklahoma City, visiting with relatives and friends.

Tracy Cary visited relatives in Pampa last week.

Mrs. Jack Thomas and Mrs. Bill Settles and Tommie were in Dallas last week.

Mr. and Mrs. Bill Settles and Tommy Thomas were in Stephenville and San Angelo last week.

Mr. and Mrs. Perry Bryant are on a week's vacation.

GOV. SHIVERS TO SPEAK TO DE MOLAYS

DORANCE GUY

LUBBOCK, Aug. 22—Governor Allan Shivers is scheduled to speak at a West Texas-wide convocation of the order of DeMolay here August 30, officials of the Lubbock E.Y. Lee chapter have announced.

The convocation, which is expected to attract DeMolay representatives from such widely-separated West Texas cities as El Paso, Fort Stockton, Wichita Falls, and Pampa, will include an initiation service and a barbecue. The governor's address and flower sermon will highlight the night program of the group.

Initiatory degrees will be presented by a combination of all the chapters attending the session and the DeMolay degree will be presented by the Amarillo chapter.

The public will be invited to hear Shivers' talk, Dorance Guy, area master counselor reported, although it will be aimed at the teen age DeMolay members.

News From The Service Office

Monday, August 29, will be the first day of distribution of application forms for the NSLI dividends to be paid to veterans who carried their GI insurance for three or more years prior to January 1, 1948.

The application blanks are in the form of a three-fold card. The veteran will keep one third of the card for his file, and will mail the remaining two folds to Veterans Administration, Washington, D.C. His full name, service number, C number if any, and the certificate number of his insurance, and an address that he will probably have for at least nine months will all be written on the card.

Application blanks will be available at the post office and at the veterans' service office.

It is believed that checks for the insurance will begin to be sent out in January and may be completed by June.

Beneficiaries of deceased veterans will be mailed the necessary forms from the VA for applying for the dividend.

One application is all that is needed, even though a veteran may have had more than one policy. If the veteran does not have his certificate number, it will be processed by his service serial number. The VA urges all veterans to refrain from writing in about dividends as this will only delay payments.

If you have need of anyone to do any type of work, contact your service officer or if you are in need of work. The veterans service officer is on the ground floor of the courthouse in Brownfield. The phone number is 247-M.

JOHNSON NEWS

Miss Charlotte Jones spent last week in Tulsa with her uncle and aunt, Mr. and Mrs. Roy Bell.

Mr. and Mrs. C. R. Moore of Moses, N.M., visited in the home of their son-in-law and daughter, Mr. and Mrs. Lloyd Holloway, last Sunday.

Mr. and Mrs. Lynn Murray and daughter of Clayton, N.M., visited with her parents, Mr. and Mrs. M. L. Murray, over the week end.

Mr. and Mrs. Bert Tuttle and children went through the Carlsbad Caverns last week.

Mrs. Alton Loe and children visited her parents in Spur last week.

Mrs. Rile Jones leaves Tuesday for Stratford for a week's visit with her parents.

Mr. and Mrs. L. V. Alexander left Monday for Springdale, Ark.

Troy H. Carrington is visiting in Portales, N.M.

Mr. and Mrs. Dan Stone of Fort Worth arrived Saturday for a visit with their son, the Rev. J. W. Stone.

Cotton Estimate

(Continued from Page One) We asked why the last three figures, 973, Well, says R. M. with a grin, the ag. dept. always figures down to a gnat's bristle of one-half of one per cent, etc., and that's what I did. Here is the way Mr. Kendrick went after the figures and what he brought up. And after you analyze it, you won't think his figures a bit radical, if the cotton crop goes on as at present:

There are a total of 367,000 acres in the 30 square miles. Still in grass, estimate 126,000 acres. In cultivation, 450,000 acres. In wheat this year, 28,000 acres; blown out, 12,000 acres, leaving a balance for cotton and grain of 410,000 acres. Now here is where some may not agree with R. M. He believes that there are from 200,000 to 225,000 acres of this in cotton.

If you take the south part of the county, there is a much more grain than cotton, especially in the blowout areas. But in the west and north half of the county, the cotton acreage will run four and five to one in grain. Mr. Kendrick's July guess was 60,000 bales. So you can see he has raised his guess quite a bit since July.

In conversation with Grady Goodpasture, another man that watches crops in the county very close, says even with some bad luck, the county should come up with 60,000 bales. Mr. Kendrick says that it is entirely possible, with favorable conditions, for Terry to reach 100,000 bales for the first time in its history. The biggest recorded crop was in 1957, some over 57,000 bales.

After all, if there is as much as 225,000 acres of cotton in Terry county, that would only be approximately a bale to every two and a half acres. We have seen dry land cotton run as much as a bale to the acre in Terry.
