

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

Best Advertising Medium

The Herald has the largest paid in advance circulation of any weekly newspaper on the South Plains.

VOLUME 45

BROWNFIELD, TERRY COUNTY, TEXAS, SEPTEMBER 2, 1949

NUMBER 6

Auto Accident Fatal to James Parks, Ranger

James L. Park, 21, of Ranger, was killed at 5:25 a.m. Tuesday when the automobile in which he was riding ran off the highway five miles south of Brownfield and struck a tree.

Texas highway patrolmen Amos Eagen and Vic Atwood investigated, but definite cause of the accident was not known.

Billy Joe Reed, 21, who gave his address as Route 3, Decatur, was also a passenger in the car, and received head injuries. Reed told the officers that Park picked him up in Hobbs, N.M., at about 2 a.m. Tuesday morning and that they were en route to Panhandle at the time of the accident. Reed said that Park was driving when the car hit the tree.

The car, a 1942 Chevrolet, was completely demolished.

A Brownfield funeral home ambulance brought Park to Treadaway-Daniell hospital, where he was pronounced dead upon arrival.

The victim's parents are Mr. and Mrs. James P. Park, Ranger.

New Game Warden Visits Brownfield

The Herald was pleased to have our new game warden, N. J. Head, call last Wednesday. Mr. Head is a young man. In fact, he almost looks boyish, although a summer graduate of A&M college. He has nothing about him to indicate gruffness or discourtesy, but we imagine Head could get hard-boiled if the occasion came.

Terry is no longer in the same group as Dawson county, but we believe with Gaines and Yoakum, and perhaps Hockley and Cochran. Mr. Head stated that he knew the hunters were looking forward to a good season, and he hoped all sportsmen bagged their limit. At the same time, he kindly asked that all stay within the law.

The dove season opened September 1 in this the northern half of the state, and will last until October 15. But remember that doves are classed as migratory birds, and also come under federal regulation. Here is just a few things to remember, Mr. Head stated:

Migratory birds may be taken with a shotgun only, not larger than ten gauge. If a repeating or automatic shotgun is used, it must be plugged, and a total of three shells is allowed in the gun, two in the magazine and one in the chamber. The plug must be fixed so that it cannot be removed from the loading end of the magazine.

Closed season on all migratory birds shall be in or on all state game preserves, statutory state wildlife sanctuaries, United States wildlife sanctuaries and on public roads and highways within the state.

Two Cases Of Plague Reported In Mexico

The United States public health department announced last week that two cases of bubonic plague have been reported in New Mexico and that a state-wide drive has been opened to control the rats. The cases were reported in Taos and Santa Fe.

Officials urged that every means to control rat-infested areas be taken. In a few Texas counties, traces of plague have been found in rats in the field. A spokesman for the health department stated that it is possible for whole cities to be stricken with plague, as fleas from infected field rats can transfer to city rats and will spread much more rapidly in closer quarters.

Dr. J. P. Miller, county health doctor, stated Tuesday that so far no traces of bubonic plague have been found in any rats in Terry county, but, of course, a close check is being kept.

Dr. Miller also said that no cases, or suspected cases of polio have been reported so far this year in Terry county.

Local Scouts Hold Court Of Honor Here

Brownfield troops 49 and 74 of the Boy Scouts held their court of honor Friday, August 26, in the district court room at 8 p.m.

Ray Benson, playing "To The Colors," opened the ceremony, after which Dale Crockett brought in the American flag, with the parents and scouts standing at attention. The group then sang "America."

Johnny Kendrick presented the second class awards; Leo Holmes presented first class awards; Virgil Burnett presented Star Scout awards, and Cecil Hill, scoutmaster of troop 74, presented the Life Scout awards. Ralph Bailey, the scoutmaster of troop 49, presented merit badges.

Raymond Simms, district advancement committeeman, was in charge of the court.

Near 1800 Register For School

The Brownfield schools opened Monday with an approximate enrollment of 1,790 students. This is almost the same enrollment as in 1948. Although records are not yet complete, since new students are enrolling every day, a rough estimate of enrollment in high school is 360; of West Ward, 575; of Randal, 590; of Gomez, 155, and of Phyllis Wheatley, 110.

The list of the new teachers is as follows: Jesse G. Randal school, first grade—Mrs. Betty T. Boydston, Miss Edith Creighton, Mrs. Norene Hudspeth, Miss Creola Moore, Mrs. Byron Rucker, and Mrs. Thelma Taylor; second grade—Mrs. Mozelle Fitzgerald, Miss Peggy Davis, Mrs. Frank Miller, Mrs. W. W. Miller, and Mrs. Joe Murphy; third grade—Miss Ieola Couch; Miss Marie Gracey, Mrs. A. G. Gree, Miss Ludie Morgan, and Miss Mary Shropshire; fourth grade—Mrs. Guy Walker, Mrs. Evelyn Stanfield, Mrs. Mary Ruth Nelson, and Mrs. Perry Moseley; music—Mrs. Grace Wood, and exceptional children—L. C. Davis Lawrence Boyd is principal.

West Ward: fifth grade—Mrs. E. R. Anderson, Mrs. Beatrice Brown, Miss Jessie Harris, and Miss Marjorie Morehead; sixth grade math—L. D. Spradling; seventh grade social science—Miss Dorothy Elam; seventh grade (Turn to Page 4 Please)

Have You Seen The New Dodge Cars?

We like to look at the new cars. Who don't? So we took a trip over to the Brownfield Motor Co., 7th and West Broadway, to give the new Dodges the once-over. They are beauties, and their utility is too well known to the general public to question.

On the floor at the time, but not likely to stay long, was a two-door Wayfarer and a four-door Coronet, the latter being the top quality model of Dodge production. Then there is a roadster, the first to be seen of any make in several years. It is a beaut.

If you have not visited this place since the advent of the new '50 models, do so at once, as they are likely to be cleared out most any day. However, the owner, Sammy Teague, says he can get any model and coloring pronto now.

Accidentally, we learned that this firm, the hospital and others are very anxious to have the block from Broadway to Tate paved, but some property owner seems to be holding up the deal.

PBC Completes Plans For Presentation

The Phi Beta Craesus club met Tuesday, August 30, with Annie Grace Nicholson.

Final presentation plans were made and completed at the meeting. Various committees which had met during the week gave their reports.

Cokes and sandwiches were served to Nelda Brown, Phyllis Boshier, Glenda Blevins, Patsy Hill, Nan White, Joan Blevins, Harlene Glenn, Onagene Walker, Barbara Stice, Dixie Brown, Sandra Bailey and Janelle Thompson.

Ad Valorem Tax Rate Set By Board

The board of equalization, composed of the commissioners' court and county judge Homer Winston, met Monday to approve the budget for the coming year.

State and county ad valorem tax has been set at \$1.92, with the county rate being 80c, the road bond 40c, and the state, 72c.

Union Schools to Open September 5

Supt. M. G. Gary of the Union schools, was in Tuesday and informed us that their schools would open next Monday, September 5. Convocation will be held in the school auditorium. Union will have a faculty of nine teachers, same as last year, with an expected enrollment of some 200 students. Union is home ten miles a bit southeast of Brownfield, and off the Lamesa highway, but to be on an F-M road to be built this year.

Mr. Gary stated that buses will start running Monday, but that they would deliver students back home that day at noon. The lunch room will not begin serving until Tuesday. The following faculty will start teaching Monday: Odus Waiser, high school principal; Mr. Meyers, high school math; Mrs. Helen Gray, home economics; Mrs. Reece, high school English; Mr. Craig, sixth and seventh grades; Mrs. Odus Waiser, Mrs. Vivian Hudson and Mrs. Doak, primary grades.

NEW MAIL SCHEDULE AT THE LOCAL P.O.

On account of the discontinuance of one of the Santa Fe trains out of Lubbock, the outgoing mail schedule will be changed as follows:

First class mail must be in the office by 4 p.m., air mail by 4:30 p.m. Attention is called to the return to the 6 p.m. closing time, beginning September 1.

Bears Still Lose; Cubs May Snap Out

As August drifts into September, usually regarded as the first autumn month, the Bear baseball team of the Oil Belt league, is deep in the cellar. In fact, they have a ladder to see out of the half windows of the dugout. They have two games out of some 30 to their credit for the season.

But we maintain that the Bears have had their value. While they have at least been the means of being defeated by some of the other weaker teams, which not only was a tonic to the opposing team but their fans as well. Better luck in '50.

If there are any prophecies coming out of the Cub bunks we have not heard it. At about this time of year most all football teams are just about as reticent of publicity as the gestapo. But one cannot judge what will happen through the season by the results of the first game of the season, win or lose.

Many, however, have expressed hope that the Cubs will show up better this season than for several years past.

As we have stated time and time again, a 500-pupil high school is greatly handicapped in trying to play high schools of from 1200 to 2500 high school pupils.

Let's say that half of the 500 in high school are girls. Usually the percentage is greater in the girl's favor, as so many boys drop out when the grammar school years are finished.

That leaves around 250 boys. Let's estimate that some 50 per cent of the boys in high school care nothing of the game. Then there will still be another fairly high per cent that are ineligible, or unfit for the game physically. This leaves too few reserves.

But a lot of mighty fine sports here who knew more about football at eight years of age than the writer will ever know, want the Cubs to keep right on in class AA, although we have fallen under the 500 mark in high school, as we understand it.

Whatever the belief, all are pulling for the Cubs as usual. Can you imagine a large bunch of business men who dunned overalls, picked up the paint and a brush to paint the stadium, that weren't interested.

Show us a man or woman who attends football games regularly that is not sold on the Cubs and we'll show you a white blackbird.

PANHANDLE, SOUTH PLAINS FAIR CATALOG

The Herald has received our 1949 edition of the Panhandle-South Plains fair catalog. This year's fair will be the 32nd annual fair, and the officers and directors are covering the ground to make it one of the best, including a lot of ballhoo along the midway.

The fair will run from September 26 to October 1, inclusive, and the exhibits will consist mainly of livestock, crops, culinary and textiles, aside from the merchants' individual shows. A large premium list is awaiting the above as well as HD, 4-H, and Boy and Girl Scouts, including plants, flowers, art, curios, etc.

The admission prices for the season, or if you wish, any day or night, will be sold at popular prices.

Patsy Stice visited relatives in Midland over the week end.

Reunited--After 25 Years

A father and his daughter, who had not seen each other for 25 years, were reunited here Monday.

Mrs. Cleve Darlin, who, with her husband and family, moved to Brownfield recently from Eloy, Ariz., was awakened early Monday morning by a knock on the door. Upon answering, she was surprised to find her father, A. V. Brown, whom she had not seen in 25 years.

Brown, with his family, were en route from California to their home in Beggs. Mr. and Mrs. Brown and a son, Alva, had met another son, Sgt. Jackie Brown, in California. Sgt. Brown has just completed an 18-months' tour of duty in the South Pacific.

Mrs. Darlin's father is a dealer in stock near Beggs, and Mrs. Brown teaches in the school system there.

Fall Fashion Revue Will Be Presented

The Alpha Omega Study club will present their annual style show Thursday, September 8, at 8 p.m. at the Rialto theatre, Mrs. Clarence Lackey, club president, has announced.

Direction of the show will be under Mrs. V. L. Patterson, chairman, and Mmes. Jack Hamilton, E. C. Gerstenberger, Arlie Lowmire and Russell Nelson.

Mrs. Jake Geron has charge of publicity.

The newest fall clothing from the following stores will be displayed: Collins, Lathams, Brownfield Bargain Center, Cobbs, the Duchesse Style Shop, Go're Fashion Shop, Sheltons Ready to wear and the Fair Store.

Jewelry shown will be from Nelson Jewelry Store and Bayless Jewelry Store. Flowers will be from Hays Flower Shop and the Brownfield Florists. The Western Boot Shop will also be represented.

Hair styles will be shown from the Duchesse Beauty Shop, Reba's Beauty Shop, the Cinderella Beauty Shop and Andress' Beauty Shop.

Hiram Parks, manager of the local theatre, has billed the show "The Brownfield Fall Fashion Revue."

"No Minor Vices" starring Dana Andrews and Lili Palmer will be shown before and after the style show.

Plains Woman Hurt In Auto Accident

Mrs. Durwood McGinty, Plains, was slightly injured last Wednesday, August 24, when she lost control of her 1949 Buick and it overturned about a mile west of Plains. She was alone at the time of the accident.

The car was a complete loss. Mrs. McGinty was brought to Treadaway-Daniell hospital by a Brownfield funeral home ambulance, where she received treatment.

Terry County Boys To Attend Feeder Course

Representing 18 counties, including Terry, approximately 250 farm boys will participate in the fourth annual 4-H feeder short course at Texas Technological college Saturday, September 10.

The program, which will last all day, will begin at 9:30 a.m. when the boys will be shown around the campus of the college. They will also visit the college farms before beginning classes. The youths will be divided into interest groups, and classes covering various phases of feeding will be conducted by competent instructors.

Several Terry county boys plan to attend.

STORE HAS NEW NAME

Euland Eaves and C. W. Denison, owners of Wrigat & Eaves Radio and Refrigeration company, have announced that in the future they will operate under the name of Appliance Service.

Mrs. O. L. Stice and Mrs. Edwin Sturgess went to Abilene Friday to get their daughters, Barbara Stice and Lynn Sturgess, who attended band school at Hardin-Simmons college.

Marion Wingerd returned Sunday from Boulder, Colo., where she had been attending summer school at the university of Colorado.

Legion Auxiliary Met Tuesday Night

Members of the American Legion auxiliary met Tuesday night at Veterans hall in a called meeting. Mrs. Mon Telford, president, presided.

Milton Bell, chairman of the convention committee, made a talk in which he outlined duties of the auxiliary for the 19th district convention, to be held here October 1 and 2.

Mrs. A. M. Aldrow is head of the building committee; Mrs. J. T. Bowman is head of the registration committee; Mrs. L. M. Wingerd is head of the entertainment committee, and Mrs. Sam Privitt is head of the reception committee.

A Chance To Elect State School Board

Texas State Teachers association, under date of August 29, is sending out a release notifying people that they will have a chance to help elect the state school board November 8. This announcement came from Joe C. Humphrey of Abilene, president of the state association. This election of 21 members, corresponding to congressional districts, is a result of the new Gilmer-Alken setup.

Here is the burden of the message the teachers are trying to put across to the people. Don't elect some "prominent politician" just because he is a good speaker or promiser. Elect some man or woman that you know has the school of the state at heart. Someone that has practiced what we now preach—better schools for Texas children.

The Herald advises one and all here in this area to select a man or woman who has been prominent in school work of one nature or another, such as Parent-Teacher associations. Heretofore, a nine man board has always been appointed by the governor.

The new electees at the November 8 election will hold office until January 1, 1951. They or their successors will be elected in November, 1950, to take their seats in January, 1951.

MANAGING CAFE

J. H. (Bull) Stinson announces that he is now managing the Western Inn in Levelland. Bill Power, former Brownfield cafe owner, is the cook.

The Western Inn will specialize in Spanish foods.

Mr. and Mrs. Walter Skiles and family returned home Sunday after a week's vacation with relatives in Texas and Oklahoma.

Tentative Rotary Bus Schedule Is Mapped

The Brownfield Rotary club will start their regular school bus operation in the city on Monday, September 5.

The schedule is tentative, and may be changed quite often for the first few days until the number of children riding the bus at certain times is determined. The schedule will be arranged to accommodate as many children as possible. It will be necessary for the parents to arrange their children's time to coincide with the set bus schedule.

The bus will not stop at each street intersection, but regular stops will be set up. This year's bus stops will be the same as those of last year.

The schedule as now set is as follows: For 8 a.m. classes, the bus will leave the barn at 7:30 a.m. For 8:45 a.m. classes, the bus will leave at 8:15 a.m. For 12:30 p.m. classes the bus will leave at 12 noon.

For the return trip, the bus will leave the school at 12:35 p.m., at 3:35 p.m. and at 5:05 p.m.

B. S. Morris will drive the bus again this year. He will be in complete charge of the bus operation and will expect and demand the same discipline on the bus as the teachers have in the school room. Members of the Rotary club ask the cooperation of each parent and of the teachers in this measure.

Any further changes of the bus schedule will be duly reported by this paper.

Mrs. Rose Brogdon Passes Away Friday

Mrs. Rose Brogdon, 79, died in the home of her daughter, Mrs. J. T. Herod, here Friday, August 26, at 11:45 p.m. She had lived here with Mrs. Herod for the past six years.

The body was taken overland to Throckmorton where services were held at 5 p.m. Saturday.

Survivors include two other daughters, Mrs. W. E. Blair of Throckmorton and Mrs. Walter Thompson of Paducah; one brother, Dan Smith of Carlsbad, N.M.; and three sisters, Mrs. Molly Moore, Mrs. Effie Moore and Mrs. Blanch Morris, all of Bend, Tex.

Some Local Officials Discredit Theory of School Boy Pranks

An attempt to burn the West Ward School Building late Wednesday night was thwarted due to the timely discovery of the fire by Mr. and Mrs. Thomas Crudup, who were returning home from a late show and turned in the alarm.

The local fire department responded and quickly brought the flames under control. It was at first thought that the fire was caused by defective wiring and the firemen were almost ready to leave the building after extinguishing a small blaze which damaged the floor of the classroom on the first floor in the northwest corner of the building and the ceiling of the basement classroom directly beneath it.

Mayor Primm and a night officer went up to the second floor to open some windows in order that the building might be cleared of smoke and discovered that an attempt had been made to start fires in every room on the second floor. A desk in one of the upper floor rooms had been burned; was still smoldering; and flared up again when the windows were opened.

A complete and thorough investigation of the incident is underway.

Funeral Services Held For Ronnie Coats

Funeral services were conducted Saturday, August 27, for Ronnie Coats, four-year-old son of Mr. and Mrs. Charles Coats of 621 E. Buckley, at 2 p.m. in the First Baptist church. Rev. A. A. Brian officiated.

Ronnie had been ill of leukemia for the past four months. He had been under treatment in a Lubbock hospital, but was at his home at the time of his death.

Burial was in Terry County Memorial cemetery, under the direction of the Brownfield funeral home.

Install Terry County Short Wave Station

Workmen representing a short wave radio supply company, are here this week installing the short wave radio station for the county. As we understand it, the car of Sheriff Ocie Murry and that of his chief deputy, Buel Powell will be equipped to take messages anywhere within 40 miles. We believe the highway patrol car here is already equipped.

An aerial will be erected on top of the courthouse and someone will be in the sheriff's office at all times to answer messages received from the cars of the official or to send them messages. In case of wrecks, these stations have been found very efficient as well as necessary. If a wreck victim, for instance, is bleeding profusely, the car may call for ambulance, with a doctor and nurse. Some lives have already been saved in this way.

Judge Homer Winston stated that the equipment will cost the county around \$500, which would be much cheaper than hiring another deputy.

The focal point of official radio short wave will, as now be at Lubbock, with all south Plains stations using same wave length. If intended messages for officers gets without the Lubbock radius, others can pick up and relay the messages as far as they reach, and perhaps after doing the same.

James Skiles spent a two-week vacation visiting in Clovis, N.M., Crosbyton, Haskell, Munday and Stamford.

Miss LaRue Ross left Friday for Port Arthur where she will teach school in the elementary grades this year.

Mr. and Mrs. Jess Woosley of Brady visited his sister, Mrs. Jack Cleveland, and family Tuesday.

James Putty Gets Premium Bale Second Year

It seldom happens in any man's country that the same farmer gets the prize on the first bale two years in a row. But that is just what happened in the case of James Putty of the Forrester community. He was the first on deck in both 1948 and 1949. You other cotton growers better watch that man in 1950. He's a whirlwind in a cotton field.

Anyway, Mr. Putty is receiving the congratulations of the business and professional men of our city, as well as his own cotton competitors hereabouts. And by the way,

he is some \$744.75 richer than he was early last week, which includes another year's subscription to The Herald, our donation for the past 20 years, all paid up until next year same time. The cash donations of the business men of the city amounted to \$516.25.

The Herman Gin here ginned the bale and wrapped it free, and paid Mr. Putty 50c per pound for the cotton. The bale weighed 455 pounds and was graded as strict middling, 7/8 inch staple.

The cash donations ranged from \$25 by the banks and larger firms

down as low as one dollar. Each and all seemed to want to be of all the help possible in making it worth while to Mr. Putty to plant early, work late and go over a lot of acreage to gather the first bale.

The first bale of cotton ever ginned at Brownfield was turned out by the West Texas Gin, now the Herman Gin, either in late August or early September, 1919. The gin was to have been finished in 1918, but the extended drought following 1917 saw little cotton planted. There was something like 600 bales ginned in 1919.

Before that time most Terry county cotton was hauled to Tahoka to be ginned and marketed. Collins Dry Goods Co. \$25.00
Brownfield State Bank \$25.00
Cobbs Dept. Store \$25.00
Brownfield Bargain Center \$25.00
J.B. Knight Co. \$25.00
First National Bank \$25.00
Latham Dry Goods Co. \$25.00
Teague-Bailey Chev. Co. \$25.00
Kyle Grocery \$10.00
McGowan & McGowan \$5.00
Higginbotham Lumber \$10.00
Pigley Wigley \$10.00
(Turn to Page 3, Please)

Wings Approved For Texas Tech Building

LUBBOCK, August—The Texas Technological college board of directors approved plans in a recent meeting at the college for a \$750,000 addition of two wings to the administration building and voted to accept bids on the project until 3 p.m. September 23.

A special meeting of the board was called by Chairman Charles C. Thompson of Colorado City to be held in San Antonio September 24, at which time the board will consider the bids.

M. L. Pennington, newly appointed comptroller at the college, will receive bids until 3 p.m. the day before the special meeting, which will be held in the St. Anthony hotel.

The plans for the new construction were drawn up by Wyatt C. Hedrick of Fort Worth, acting as college architect. They call for two wings to be added to the south side of the administration building, stipulating that each wing will be 60 feet wide and 130 feet long. They will be of the same type Spanish architecture as the rest of the building and will also be three stories high. The first floor of the east wing will be used for office space alone, and the first floor of the west wing will have both office and classroom space. The entire second floor of both wings will be used for classrooms, and the third floors will be for offices and classrooms.

The world's record for sub-freezing temperatures is believed to be 90 degrees below zero, registered in Verkhoyansk, Siberia, in February, 1892.

The balance of the West Texas ports are a bit jealous of Snyder. In the first place, we would all be glad to have an oil well popping off south, east, west and north of town weekly, now almost daily. But the Snyder folks worked their publicity for all it is worth.

For instance, a Fort Worth citizen got Bob Hope and Bing Crosby interested in some acreage down there, also Henry Ford II. Bob was on hand last week to witness bringing in one of their gushers. Bob remarked "that California could have its orange juice."

Well, we are thinking of sending off after Red Skelton, Jerry Colona and H.V. Kaltenborn when one of our new deep test gushers come in. We just won't let Snyder by-pass us.

Our good friend, Editor Troy Morris of the Ropes Plainsman, had a lot to say recently about "capital punishment," and it was not pro. His subject was the recent electrocution of a Floydada man. Editor Morris don't think the Bible will approve capital punishment. Too bad he went there for argument against capital punishment for murderers. They didn't even have to be murderers to get the death bill in Bible times.

Did Troy ever read of Lot's wife turned into a pillar of salt merely because she turned to look back at Sodom, or of the death of the 20 and 4 thousand Israelites in the wilderness who turned to idols; of two guys, who after the raid on Jericho, and their swag in the tent, and when found out, not only lost their lives but money, marbles and chalk. There were many others.

Skipping to the New Testament we find Jesus being crucified between—not two murderers—but thieves. At least that was the only charges. Then there was the case of Ananias and Saphira, just two common liars, who died and were carried away. But they happened to lie to the wrong person—the Holy Ghost. We have read the New Testament pretty closely and have never been able to find where any capital punishment

laws were condemned by any of the Apostles, and some of them, notably Paul, suffered much because he insisted on preaching the Gospel. And he and other Apostles always told their hearers that to be good Christians, they must obey the laws of the land.

No, we think the Bible a very poor book to find argument against capital punishment.

Saw Homer Nelson on the streets one day last week with that peculiar grin on his face when he has something up his sleeve. It was a fine story, sans Arkansas.

We thought some teenagers had put a lot of "Chicken, Here's Your Coop," signs on a new car we saw on the street 'other day. That's quite unusual, as such cars are generally ready for the junk pile. As this was a shiny new car, we opened our eyes the wider.

It was either Sammy Teague or some of his men driving the beautiful new Dodge. One of the signs we made out on the rear of the car was, "It is narrower on the outside—wider on the inside." There were others telling the prospective buyer about the advantages of the Dodge.

As we "et" out Editor Morris, we did so because Editor J.C. Estlack, and also the postmaster up at Clarendon took a crack at us. Jaycee accuses us of stealing some of his thunder. But even if we do borrow his ideas and translate them into off-brand king's English, he even acknowledges that he takes some time on Uncle Santa Claus' payroll to read our "screed."

Estlack says the Old He writes like an old-time West Texan, which Mr. Estlack can rightfully claim. He came to old Tascosa in 1883, and has been a citizen of West Texas and New Mexico ever since. But if there is anything that will salve Bro. Estlack's wrath for stealing his stuff, it is eats. He has a wonderful appetite. Probably developed down in Jack county in childhood.

Anyway, we had a bit to say about Grandma Price's corn pone lightbread in this column recently, and Jaycee is anxious for the recipe. He'll try anything once, and we are asking Mrs. Price for the recipe to send him and hope he has half the luck Mrs. P. has with it.

Here's the pitch. Estlack's grandmother was a Virginian, and she made a sweet corn pone lightbread which she stored in crockery to keep moist. This sweet old lady raised Jaycee, and naturally a slice of that fine bread was a great favorite when he was growing up. Says the request may sound childish. It doesn't. Even a grown man loves to eat good chuck, and we hope the Estlacks have good luck with their first batch. We are also publishing the recipe in The Herald should others like to try their hand on corn lightbread.

Tuesday was the birthday of the Old He, and strangely, a lot of folks somehow or other remembered. Naturally, as we expected, the wife and children were in on the good news—or is it? We just lack one year now of the coveted "three score and ten."

There was a coincidence in cards received from two nieces in Tennessee. They were as alike as two white puppies, but sentiment is what counts. And we'll bet a dime to a doughnut that neither of the nieces knew what the other sent, although they live only half a mile apart.

As the cards were sent first class, they sent some other than birthday greeting information. Crops none to good, weevils in cotton, corn drowning out in bottoms, rain most every day. A good meeting in progress at New Hope. But sad to relate, some of the kin had been ill, but better.

Then there was a package and greeting card therein from our sweet little girl friends, Jonelda and Becky, down at Colorado City. It was a drinking glass with just about all the "Texas First" brags thereon. And to localize the glass more, they personally drew Brownfield in a vacant place on the glass with "Daddy Jack" as a more or less permanent fixture in this city.

Thanks a lot, little friends. And we promise that nothing stronger than milk, lemonade or iced tea will ever be sipped from this glass. Intended for last week.

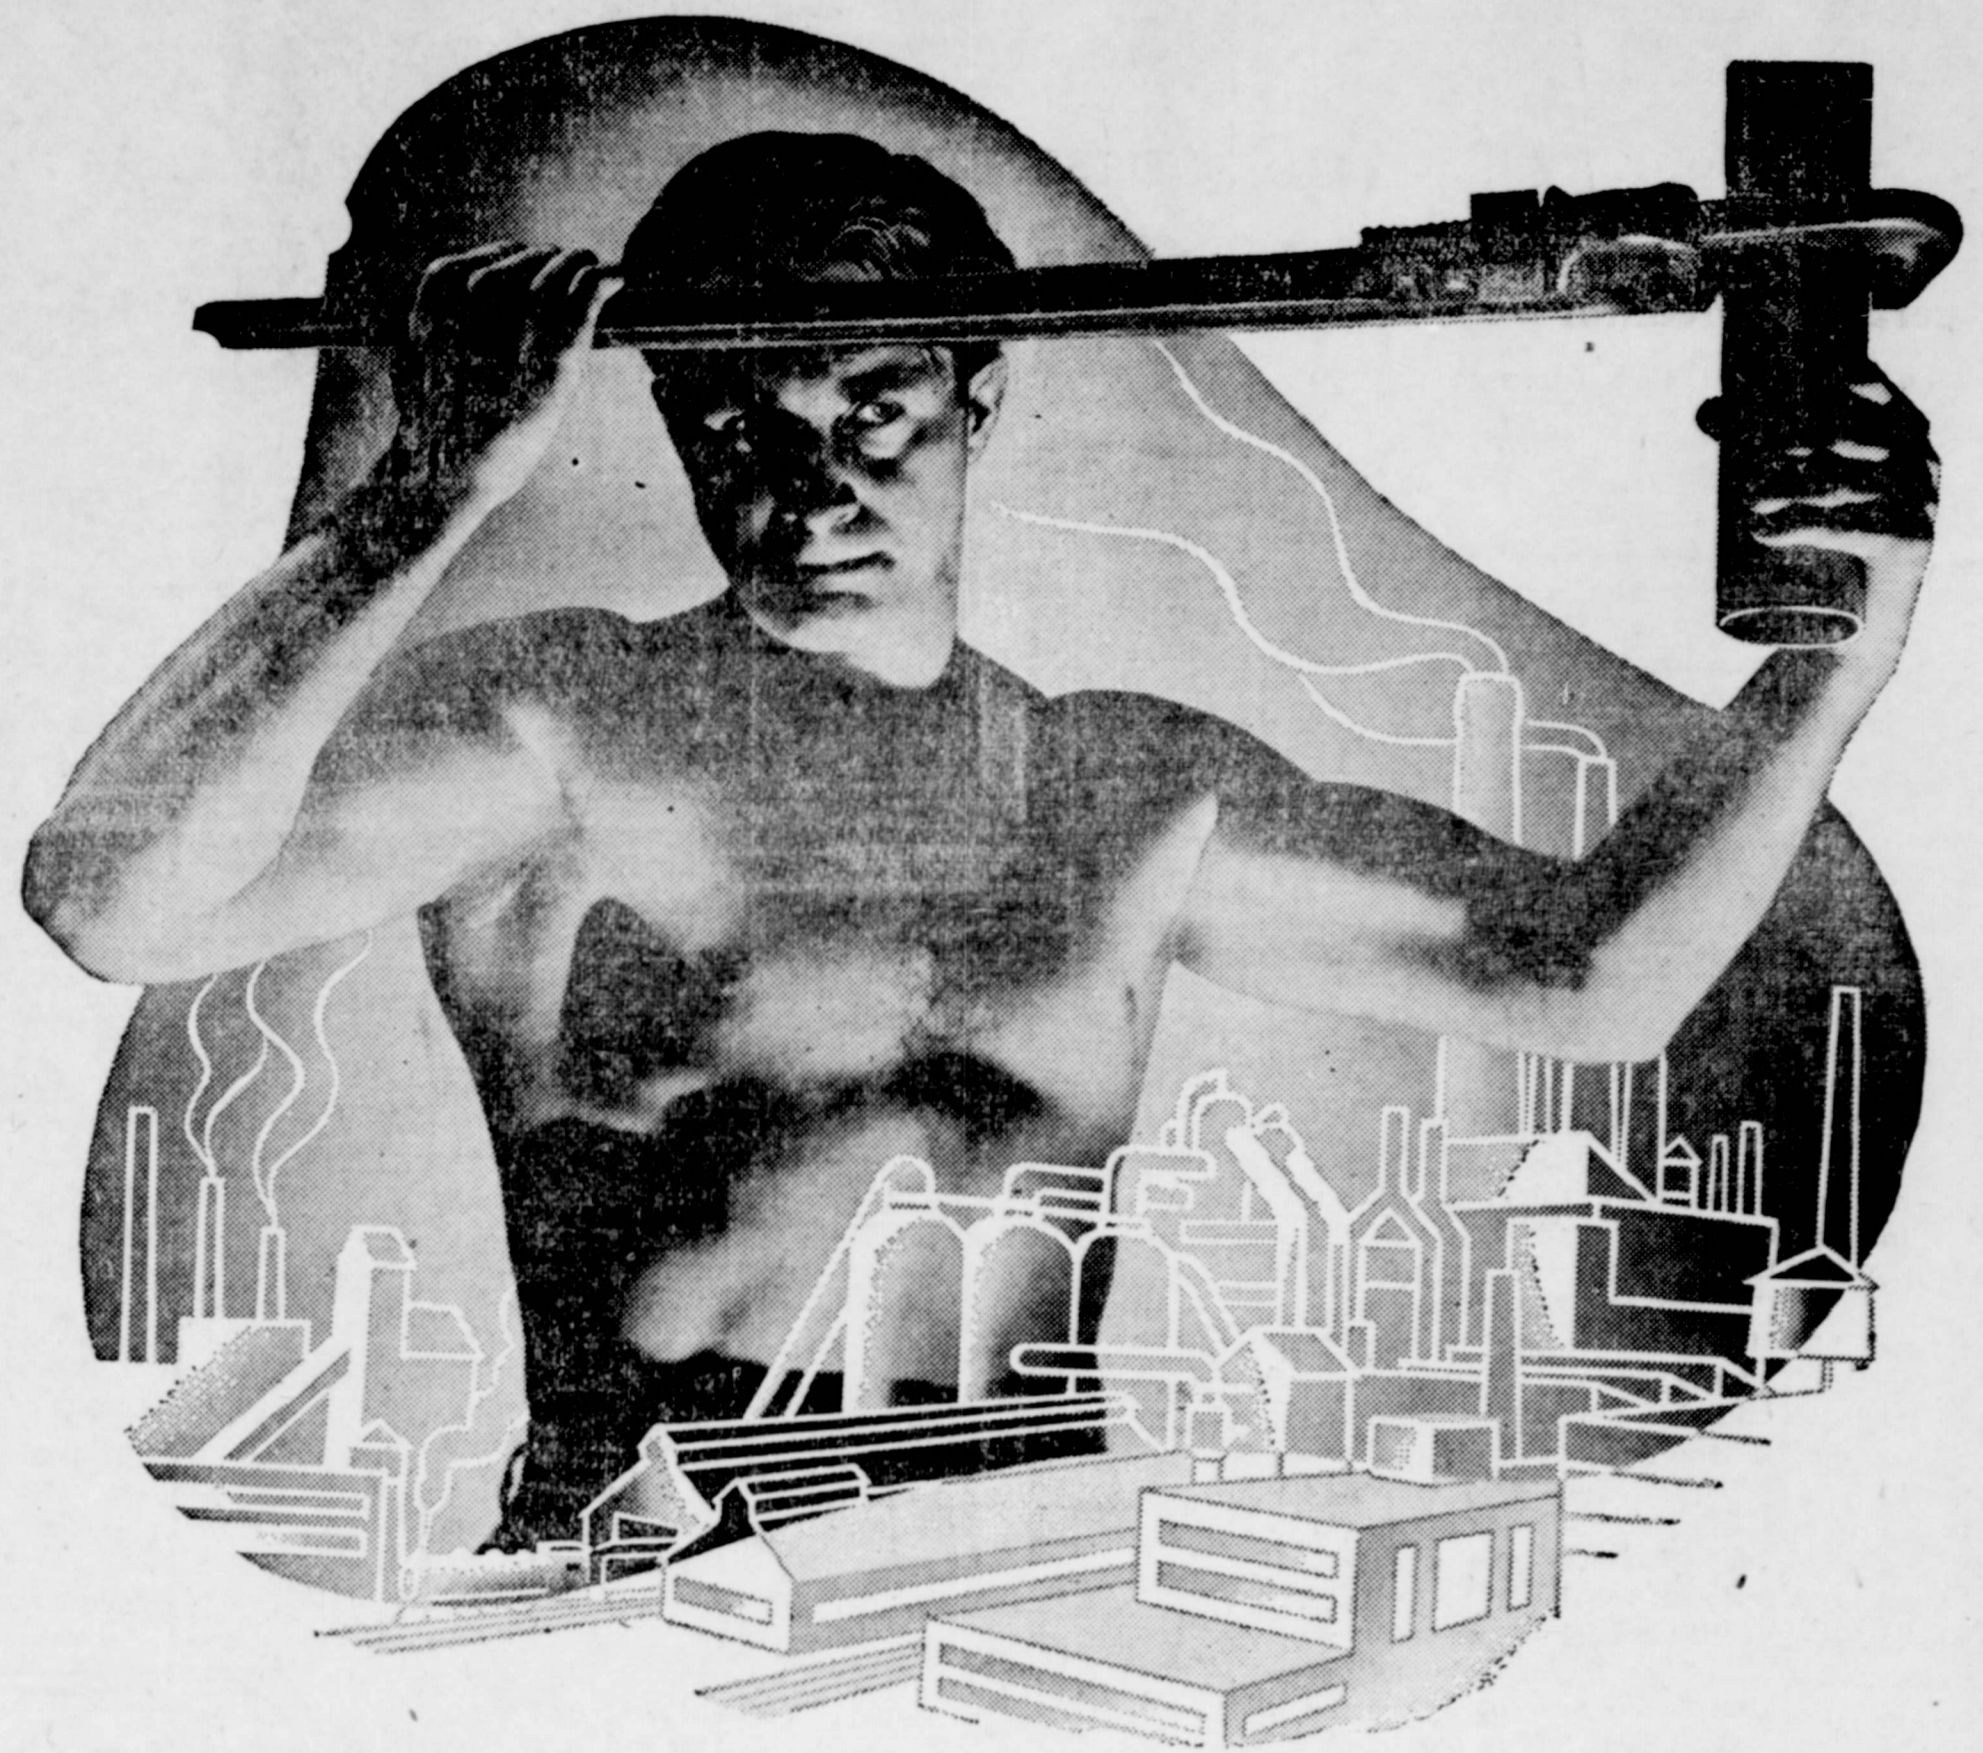

OLD HARRISON BACK IN RUNNING

The Texas liquor control board inspectors in July reported the seizure of eight illicit stills.

With the stills, which had a cubic capacity of 405 gallons, inspectors captured 930 gallons of mash and made seven arrests. Two gallons of moonshine liquor were destroyed.

Two stills were taken in Harrison county, two in San Jacinto county, and one was taken in each of the counties of Anderson, Van Zandt, Angelina and Comanche.

Natural Resource Tax To Build Rural Roads

BROWNWOOD, August 12 — Immediate enactment of a program providing a tax revenue from natural resources to assure future stabilization of the state's economy by investing in permanent improvements, such as rural roads, soil and water conservation, state hospitals and public buildings, is the pressing need in Texas today. This recommendation came from Gilbert Smith, former president of the Texas County Judges and Commissioners and now executive director of the Texas Rural Roads association, speaking today before the 19th annual convention of the West Texas Press association.

In sounding a warning, Smith

said: "The day is inexorably coming when the natural resources of this state will be exhausted, as oil and natural gas are being drained off to other sections of the country in such a rapid fashion that within 25 years Texas will be a great blighted area." He urged action to stabilize this condition before it was too late.

"As our natural resources are depleted," the director of the association said, "the state will have to rely more and more upon its agricultural economy, and certainly no one can disagree that rural roads are the arteries feeding our agricultural economy." "The state highway department has been doing a splendid job in building one of the finest highway systems in the country," Judge Smith declared. "But it is now time to bring the rural roads of this state up to par and that to take Texas out of the mud we must balance the scales between the highway and the rural roads programs."

"The Texas Rural Roads association, following a meeting of the board of directors in June, recommended a plan embodying the sound business premise, that natural resources, Texas' greatest assets, should leave capital gains to the state in the form of permanent improvements, as they are drained away," Smith continued. "These should include soil and water conservation, rural roads and such public and institutional buildings as the legislature finds necessary."

"They should be paid for out of a reasonable severance tax on natural resources," he stated. "The

FROM "JAWN'S ROCKING CHAIR"—Rocking John Whitehead, ex-Chicago White Sox star now pitching his third season for the Sherman-Denison Twins of the Big State league, warms up for his pitching chore as he sits in his rocking chair on the mound in the Sherman-Denison baseball park. Umpires

Bill Brockwell (left) and Bill Tiemann (right) watch. The rocker was a gift from Sherman and Denison newspapers at "Jawn's Rocking Chair Night" in honor of the 40-year-old former major leaguer. After receiving the chair, Whitehead defeated the Temple Eagles 5-1 for his 11th win of the season.

WOMEN SOLDIERS RETURN TO FT. BLISS

FORT BLISS, Tex.—The Wacs have returned to Fort Bliss. For the first time since the war years, the trim uniforms of women soldiers are in evidence at this border post.

The initial ten of a detachment of 50 Wacs assigned to duty at Fort Bliss arrived this week. Their commanding officer, Capt. Marjorie B. Bryant, preceded the enlisted women to the post. The group came here from the Wac training center at Camp Lee, Va., and will be given clerical duty assignments.

During World War II, Wacs were a familiar sight at Fort Bliss where a detachment was stationed from March, 1943, to December, 1945. Their duties at that time covered a wide range, from clerical tasks to work as medical and dental assistants, and as vehicle drivers.

GREEN SHADE THE FAVORITE FOR CARS

Preference of younger motorists for the 1949 Pontiac line is causing a widespread change in the traditional color choices, L. W. Ward, general sales manager of Pontiac Motor Division, said recently.

In a periodic check of Pontiac color preferences on a national basis, Mr. Ward learned that Wellington green, a dark opalescent shade, now accounts for 14.6 per cent of closed model sales and is ordered by 10.4 per cent of convertible buyers. Sage green, an almost pastel hue, is ordered by 10.3 per cent of closed car buyers and 9.6 per cent of the open car devotees.

MRS. WELLS IS THE RAILROAD IN STANHOE

STANHOE, England — (AP) — Railroad trains just couldn't get through this Norfolk village without Mrs. Allen Wells, 48-year-old grandmother and mother of six. For eight years she has been the stationmaster, signalman, ticket taker, porter and lamplighter.

She is on the job 17 hours a day and watches a dozen trains pass through. She also finds time to send four children to school or work, keep house and tend a flowerbed.

SCANTILY-CLAD GIRL HOLDS UP TRAFFIC

BOSTON, August 19, (AP) — A pretty blonde — nude except for white panties — stopped traffic at Beacon street and Massachusetts avenue.

Horns sounded and motorists whistled. Then traffic officer Joe Ahearn took her to the back bay police station.

There she explained — after much prompting — that her name was Brigid McHugh of Cambridge, daughter of Massachusetts Institute of Technology student.

She was hustled home — some distance from the scene of her traffic conquest.

Oh, yes, her age—five years old. Her mother said she'd done it many times before.

U.S. POPULATION IS NEARING 150 MILLION

WASHINGTON, Aug. 19, (AP)—The United States population is growing at the rate of 200,000 a month and may reach 150,000,000 by November 1.

This report from the census bureau said that the estimated population was 149,215,000 on July 1.

The bureau also estimated that in April this year there were 38,537,000 families in the United States, as compared with 32,168,000 in 1940.

10 Amendments To Vote On November 8

AUSTIN—The 51st legislature has broken one record on submission of constitutional amendments. The current session has submitted ten proposals to an election November 8, the most ever submitted at a given election.

The ten amendments to be voted on Tuesday, November 8, are to appear in this order:

1. Repeal of the poll tax as a requirement for voting.

2. Permitting women to serve on juries.

3. Authorizing fire prevention districts to be set up by local option elections, with a tax limit of 3 cents per \$100 valuation.

4. Providing annual sessions of the legislature and annual salaries of \$3,600 for members.

5. Authorizing city-county health unions on local option elections, with tax limit of 20 cents per \$100 valuation.

6. Authorizing civil service systems for appointive county employees in counties over 75,000 population—on local option.

7. Providing district judges shall try cases in county seat of county in which case pending.

8. Permitting waiver of jury trial in lunacy cases.

9. Authorizing creation of county hospital districts on local option election.

10. Authorizing statewide retirement and disability pensions for appointive officers and employees of counties of the state.

Cost Of Airports Taxpayers Headache

The cost of maintaining public airports which are capable of handling the huge commercial planes of the present day is a problem which is coming home with a vengeance to the taxpayers of the country.

An editorial in the Newark, N.J., Evening News, recently said, "No publicly owned airport in the United States is self-supporting today, in large measure because the scheduled airlines have successfully dodged terminal fees which would represent payment of a fair share of actual airport costs."

The situation is excellently illustrated in New York. Last year the port of New York authority had an operating loss of \$436,312 on its airports at La Guardia and Idlewild, and \$296,000 at Newark.

A congressional committee has stated that, as of the end of 1945, the net cost to the taxpayers for the operation and maintenance of airports was in excess of \$56,000,000 a year. The figure is undoubtedly higher now. And many exist-

TERRY COUNTY HERALD, FRIDAY, SEPT. 2, 1949

ing airports will have to be enlarged and rebuilt for the larger, faster planes that are coming into use. About one-third of the operations on major airports are attributable to the commercial carriers.

Remarkable as it may seem, the landing fees paid by commercial passenger planes are not much

more than you pay to park your car on a downtown lot in a city. The situation is analogous to the highway problem, where enormous trucks are beating the roads to death, and the taxpayers must foot most of the bill. The question is how much longer and to what extent we can subsidize commercial businesses.

CARD OF THANKS

To the people in and around Brownfield, we wish to write this letter of thanks.

Words cannot express our sincere appreciation for the kindness shown us during the four months of illness and at the death of our little son, Ronnie.

To everyone who contributed to the Ronnie Coats trust fund and to the blood donors who gave their blood to prolong our darling's life, we say thank you from the bottom of our hearts.

We also wish to thank those who sent food and all the beautiful flowers.

It is a joy to know that we live in a community of such wonderful people.

Mr. and Mrs. Charles Coats

Miss Patsy Ferguson of Abilene has been visiting her brother, Richard Ferguson.

Miss Mary Lena Winston will leave Saturday for Abilene, where she will teach the first grade in the Abilene school.

Mrs. Shorty Brown and Mrs. Bob Brown were in Lubbock last Monday.

Paden, and music—Robert Overstreet.

R. H. Brannan has been employed as general supervisor over all academic work, and William Conlee will be the visiting teacher.

In the Phyllis Wheatley school Curtis Tucker is principal; Miss Thelma Lee Peters, intermediate teacher, and Miss Ella D. Sayles, primary teacher.

Some Of The Crops Of Terry Seen

Friday, or at least a part of it, was used in seeing a small portion of Terry county crops. One of the main reasons in the first: jaunt was to see the damage from hail out about the county experiment farm. Frankly folks, we are delighted to find the damage covered as small area as it did. But we feel for Mr. Porterfield and his crew, who had a lot of varieties of cotton, feed, etc., destroyed, which would have helped matters with farmers selecting the varieties best suited to their soil.

We found that while the experiment farm crop was badly damaged, it did not extend a great way in any direction that we saw, east, west and south. In fact, the west side of the farm does not show the damage that befell the central and east side, or the farms adjoining on the south and east. But there was plenty evidence that the rain that night in that vicinity was heavy and fell in a short time. Washing damage was bad in the area where land was not terraced or contoured.

Other than this damaged area, the crops along the F-M road via Johnson, Pool and Needmore are fine. And at Johnson, we found they had a fine shower, half-inch or more the night before. Fact is, that community has had a shower every time one wanted it this year. Cotton on non-irrigated land is almost waist high and full. We examined one field a bit but found no bollworm sign. We had sworn almost to the Avalanche-Journal man the night before that there was no rain—just a bit of thunder.

No Rural Telephone

It is hard as heck to check on rains and other weather matters nowadays, as there are scarcely any rural telephones. There were more rural telephones working back in 1909 when there were less than 1,500 people in Terry county than there are today. A

lot of times we want to communicate with some one out in the country, but can't. Well, sometimes when our telephone rings a lot, we almost reach the point that we don't want one either. Then again, we wouldn't trade our phone for a new model car.

Anyway, we found that some of the real old maize in the Pool-Needmore area had burned badly before rain came, but their young maize looks like a bumper crop. At Needmore store and gin, we took the Levelland highway into Brownfield.

See a Bit of South Terry

As we had not seen very much of south or southwest Terry since the crops got well underway, we decided last Friday afternoon to take a jaunt that way. This time we took the F-M to Forrester gin, then south to where this farm road makes a junction with the Union-Wellman road, taking the Wellman end of the road.

We found some mighty fine crops on this drive, but a part still bare, but nothing like the percentage that was evident last year and for several years. In some of these bare areas, they were still trying to get the maize or higer to come along and hide the naked earth and make a protection for next year, but most any kind of wind will stir this loose sand. Some of the farmers were at work with plows and harrows as if preparing the bare places for a wheat crop this fall. If they can get a good stand of wheat on this land in September or October, they can hold it next year. We saw some wheat or other small grain up in our rounds.

But the farmers have really tried to hold their land and get something on it this year. In some places there is good cotton and grain, where the ground was bare as a desert last year. Some of this land may have been deep broken since that time, bringing up a harder soil to the surface and mixing it with the shifting sands. We doubt if a lot of this little stuff will have time to mature.

TROUBLE IN MUNICH—In this ominous scene of postwar German unrest, Jewish DPs are marching on the office of a German paper which had printed an anti-Semitic letter. The rioters have just finished painting the hated swastika on a police car as 1100 Jews and German police fought. Five Jews and 20 police received injuries. (Photo by Werner Christman, NEA-Acme staff correspondent.)

Plains School To Open September 5

Roy Elliott, superintendent of schools, has announced that the Plains schools will open Monday, September 5.

He urges that all children who are six years old but not on the school census have their birth certificates with them when they register.

There will be an important meeting of the school faculty at 10 a.m. Saturday, September 3, in the auditorium.

Texas leads the nation in the production of spinach for fresh market sale.

If not, it will be a deterrent to blowing next spring.

Coming back on the Seagraves highway from Wellman, we turned north at Lahey in order to see where Kellie Sears got the roasting ears that he brought us last week. Well, Kellie as well as his neighbors have good crops this year, but we doubt seriously that they get any help in their cotton pulling from us, as we promised a farmer over at Johnson that morning to help him. We just can't get around to all of it.

Seriously, old Terry is fixing to put on its Sunday best this fall, if the hails, bugs and worms don't get too rough. We'll have one of, if not our banner cotton crop, and the biggest grain crop in history.

Irrigation Too, Has Its Many Headaches

To those who think that all a man with an irrigation well has to do is sit back and just let the water run, we copy the following from last week's Trends in Crosbyton Review that well illustrates some of the irrigator's troubles, and what it might lead to:

Henry Kirksey of Lorenzo, who has recently put down an irrigation well on his farm, told this one in Crosbyton Wednesday. It seems that Mr. Kirksey has run into a number of difficulties and problems, being new at the business of irrigated farming, and for this reason decided to go up to Plainview and talk to some of the farmers around there who have been irrigating for a number of years.

Driving past a fine farm home with a friend from Plainview who knew all the irrigation farmers, he noticed a man in the yard going through all the motions of catching and pitching a baseball, but there was no baseball in sight. "What's that guy doing," he asked the friend.

"That's Mr. So-and-So," said the friend. "He was a fine man; a hard worker and intelligent in every way until he started irrigating about ten years ago. Now he thinks he's a baseball catcher, and spends all day going through the motions out there."

"Well, you tell him not to worry," came back Mr. Kirksey. "In another 30 days he'll have a pitcher if I have to keep irrigating."

We didn't hear Mr. Kirksey say that he had abandoned his irrigation well, however.

Lithuanian Collectives Pushed MOSCOW — (P)—The newspaper "Soviet Lithuania" recently announced that great progress had been made in organizing collective farms in Lithuania. Official reports say 4,100 collective farms had been organized in the republic, uniting in themselves 130,308 peasant farms.

HEADS MOTOR GROUP

SENATOR JAMES E. TAYLOR

Austin (Spl.)—James E. Taylor of Kerens, former newspaper publisher and chairman of the Senate Finance Committee, resigned this week to become executive director of the Texas Motor Transportation Association. Governor Allan Shivers in calling a special election November 8 to elect a successor described him as "a leader in the Texas Legislature and one of the state's most able and earnest public servants."

As chairman of the Gilmer-Aikin Committee on education Taylor pushed its public education reform program successfully to legislative adoption over strong opposition. He leaves the legislature to head one of the state's major industry groups. It is the largest employer group in Texas and the second largest taxpayer, he said.

The new motor transportation executive is a graduate of Baylor University. He served two terms in the House of Representatives before the war, commanded a field artillery battalion of the 36th Division in Europe during the war and was elected Senator before he returned in 1945. The Taylors will make their home in Austin. Their daughter, Shirley Ann, is a fresh man at Baylor.

Collins Gets Job In North Carolina

Mrs. Fred Smith has received word from her son, Roy Collins, of recent date that he has secured a position with a large cotton mill at LaFayette, N. C. The mill is a new one, costing three million dollars, and has all the latest machinery.

He will be located 175 miles from his brother, Lt. Jessie Collins, who is stationed at the Charleston, S.C., naval base. The brothers can therefore make frequent week-end visits with each other. The young man who left with him also got a job in the same mill.

After being discharged from the army, Roy, or better known to his kin and close friends as Toots, entered Tech college and finished in June a course in textile engineering.

Having finished his degree during the first summer course, Toots will not return for the graduating exercises, which take place after the second six weeks summer course.

FISHERMAN GETS SNAKE

HELENA, Mont. — (P)—James Cline went fishing, caught no fish and didn't want to return empty-handed. So when he saw a rattlesnake beside the trail as he headed home, he lassoed it with his fish line, brought it to town and gave it to a carnival.

Brazil's area exceeds that of the continental United States by about 250,000 square miles.

Uncle Jimmie O'Connor Oldest Citizen?

Since the death of Mr. DuPuis here a month or two ago, at the age of 103, the question of who is the oldest citizen of Brownfield, or perhaps Terry county, has come up. Uncle Jimmie O'Connor, who lives with his daughter, Mrs. Nannie Hamilton, on W. Powell, is believed to be oldest. Uncle Jimmie will be 94 on his next birthday—February 6.

Uncle Jimmie is a native of Sparta, Tenn., but came to Texas when a comparative young man, where he reared his family. In his younger days, he was an official whisky gauger, and traveled over much of that portion of the state where there were government distilleries.

He is still very active for a man his age, attends the Crescent Hill Church of Christ regularly, and can often be seen down town attending to business. His mind seems as clear as the average.

Temperatures of 150 to 180 degrees have been taken in the sun along the coast of the Persian gulf in southern Iran, but these are unofficial records since official records must be taken in sheltered and ventilated locations.

Balance Helps Dairymen Walk "Tight Wire"

With many dairymen walking a "tight wire" along the narrow margin between profits and losses, balance is as important to them as to the trapeze artist in a circus.

Livestock authorities say that good feeding is the most important single job on the dairy farm, and it takes careful planning and skill to keep milk production high and feed costs low.

They recommend productive breeds and good roughage as the foundation for all good dairy rations. However, high producing cows cannot obtain all of the nutrients they need from good pastures and roughages. A good concentrate mixture, balanced in protein and minerals, is needed by any cow capable of producing two gallons of milk or more. Such a mixture enables the cow to maintain production and corrects deficiencies in pastures and roughages.

Mixing home-grown grains with protein concentrates, such as cot-

NEW MECHANIC AT PRICE IMPLEMENT

Clyde Pruiett, formerly of Guyman, Okla., has been employed by Money Price in the capacity of mechanic at Price Implement Co. Pruiett has had ten years' experience as a mechanic for both automobiles and tractors.

He is a brother of Mrs. Thad Swink.

toneed meal, provides low-cost, efficient rations. Home-grown or locally-bought grains usually cost less than carbohydrates that must be shipped in, and local supplies of cottonseed meal provide economical protein of good quality.

Home mixing also enables dairymen to regulate the amount of protein in the grain mixture. This is important because pasture forage often drops 50 per cent or more in protein content as pastures begin to "play out" or as grasses mature.

Experiment stations have proved that simple mixtures of grain and protein concentrates are frequently more economical and promote milk production as well as more complicated mixtures.

MAYOR TAKES UNEXPECTED DIP — Orange's 250-pound mayor, Raymond Sanders, manages a grin as he emerges fully clad and dripping wet from the city's new municipal swimming pool after falling off a diving board during formal opening ceremonies. The mayor decided

that it would be appropriate for Fred Hanson, who initiated the campaign for the pool seven years ago, to have the first swim and pushed Hanson into the pool. But in so doing he lost his balance and plunged in himself, much to the amusement of the crowd. (AP Photo)

Innocent Negro Serves 20 Years

Sometimes we are amused, but more often riled, by what we read in the big slick magazines published in the north. Some of them get real insulting about the benighted south, and the way we treat negroes. But so far as we know, no southern state has sent a negro to the "pen for life for something he did not do.

But such a case came to light this past week about one who had spent 20 long years in a northern pen before the case was investigated by people who had no other interest than to see that justice was done. When the case was put under the power of light, it was found that doctors at the time stated the white woman in question had not been raped.

It was further found that the prisoner had been threatened with the KKK if he or his lawyers resorted to habeas corpus to get him out on bond. Now, if you can, just feature the way that story, given a two and a half inch notice by the Associated Press,

High Blood Pressure

Hardening of Arteries. Pains in Left Arm and Side—Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes, on Feb. 20, 1943:

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here, has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. T. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

Hundreds of other testimonials of similar nature. Sold by
PRIMM DRUG STORE
Brownfield, Texas

would have been played up if it had happened in the south.

But some of the northern people are willing to learn, and learn first hand instead of by hearsay. Just recently, four senior boy students from a New England state were sent to the south to see first hand. They visited Atlanta, Ga., and not only interviewed whites, but negroes, working people and business men of both races. They had been prepared to find a real nazism of the white people toward the negro race. After the trip, these students reported such accusations as "utter nonsense."

In order to be a bit sensational, and with the idea of carrying this hoax on the south still further, a current issue of one of the magazines the Herald gets contained an account of some kind of chemical formula that would, if used or taken, turn the negro white.

TERRY COUNTY HERALD, FRIDAY, SEPT. 2, 1949

We wonder if the negro of pride wants to be a false man?

Such things as this may not only be dangerous to health, but is a distinct disservice to the negro race in the south or north. While it might turn the pigments of his skin from black to white, it could never change his physical features, such for instance as thick lips and flat nose.

There is one big magazine, however, (Colliers), that has softened up considerably toward the south in the last year or two. They have found that the thinking of southern people is more in line with the policy makers of Colliers than the radicals of the north.

UNION GIN

W. L. REGAN, Owner

SEE IT and you want it - PRICE IT and you'll buy!

FOLKS take a look at those bumper-guard grilles—built as a unit and proof against "locking horns"—and say "Hmmm! Nice!"

They sweep their eyes over tapering fenders, with a suggestion of jet power in their after contours—and say, "That's for me!"

Their eye-measure windshields that are 48% bigger and rear windows with 56% more area—and know without being told they can see the road up closer, both fore and aft.

So they say—"That's for me—IF!"

"What does it cost me to get this handy-sized dandy with the roomiest interiors ever found on a Buick Special?"

"What do I pay for high-compression, high-pressure Fireball power from a big Buick straight-eight engine?"

"What's the tag on that swell Buick ride, with coil springing, extra-wide rims, seats between the axles and all that?"

"And what about Dynaflo Drive—

understand I can have that at extra cost—how much?"

Well, sir, the news is good. Plenty good.

Because this honey's priced well under your expectations. It's a straight-eight that's priced under a lot of sixes—over the years your investment will be no more than for any other car.

So better not stop with looking. Better price it too—delivered at your door. Your Buick dealer will give you the figures, even demonstrate.

After which you'll do as others are doing—you'll get a firm order in.

TEN-STRIKE! Only Buick SPECIAL has all these Features!

TRAFFIC-HANDY SIZE • MORE ROOM FOR THE MONEY • DYNAFLOW DRIVE optional at extra cost • JET-LINE STYLING • NON-LOCKING BUMPER-GUARD GRILLES • HIGH-PRESSURE FIREBALL STRAIGHT-EIGHT ENGINE • COIL SPRINGING ALL AROUND • LOW-PRESSURE TIRES ON SAFETY-RIDE RIMS • GREATER VISIBILITY FORE AND AFT • SELF-LOCKING LUGGAGE LIDS • STEADY-RIDING TORQUE-TUBE DRIVE • THREE SMART MODELS WITH BODY BY FISHER

Alta Phillips and Jack Hastings Wed Friday

In a single-ring ceremony performed by the Rev. Calvin Partain, Miss Alta Fay Phillips, daughter of Mr. and Mrs. Gibbs Phillips of 616 So. Pecos, Seminole, became the bride of Jack Hastings, son of Mr. and Mrs. Tom Hastings of Grants Pass, Ore. The wedding took place at 7 p.m. Friday in the Seminole First Baptist church.

The organist, Miss Hattie Mae Dunlap, played traditional wedding marches and accompanied Miss Jo Beth White, who sang "Because."

Bridesmaids were Mrs. Clarence Livesay of Brownfield and Mrs. Roy Roberts of Seagraves, both college and high school classmates of the bride. Mrs. Roberts wore orchid taffeta and Mrs. Livesay, aqua taffeta frocks, fashioned alike and with white accessories. They carried nosegays of white rosebuds and gardenias.

Miss Marion White, a college classmate of the bride, was maid of honor. She wore a rose taffeta dress made on the lines of the bride's gown. She carried a colonial bouquet of white rosebuds, centered with a gardenia.

Given in marriage by her father,

the bride wore a white taffeta gown with navy accessories. She carried a colonial bouquet of pink rosebuds and stephanotis.

Dr. C. P. Alexander served his brother-in-law as best man, and ushers were Roy Roberts of Seagraves and Clarence Livesay of Brownfield.

After a wedding trip to the west coast, the couple will be at home at Forest Grove, Ore., where they will both attend Pacific university.

Linen Shower Fetes Miss Jerry Lindsey

Mrs. Kenneth Purtell and Mrs. Les Newberry honored Miss Jerry Lindsey, bride-elect of Walter Davis, with a linen shower Tuesday, August 30, from 6:30 p.m. until 8:30 p.m.

The bride's colors of blue and yellow were carried out in yellow flowers decorating the house and other appointments.

A sandwich plate and cokes with tiny bags of rice, tied with blue ribbons, as plate favors were served to several guests.

HONORED ON BIRTHDAY

Mrs. W. W. Cheatham of Union honored her son, Leon, on his 15th birthday Friday evening, August 26, with a party.

Ice cream and cake were served to approximately 25 guests.

Mrs. Roy Herod went to Abilene Friday to attend the concert which was held at the close of the band school at Hardin-Simmons college. Her son, Billy Mack, and Ronnie Daniell returned home with her Saturday.

SEALNAPED—This month-old baby was sealnapped out of the water at Vancouver, B. C., by the crew of the tanker J. L. Hanna. When they turned "George" loose, out of the kindness of their hearts, he barked to be taken on board again. He was met in San Francisco by pretty Rosamund Willsey with a bottle of warm milk. Now he'll "serve a stretch" in the Steinhart Aquarium there.

BILLIE FAYE FINNEY IS NAMED HONOREE

Misses Betty Holmes and Dolores Gillham honored Miss Billie Faye Finney, bride-elect of Billy Gorby, at a personal linen shower at 8:30 a.m. Sunday at the Esquire cafe.

The table was centered with an arrangement of three shades of pink asters and a miniature bride and groom standing under an arch of orange blossoms. The oval centerpiece was edged in three shades of pink tulle.

Breakfast was served to several guests.

Mr. and Mrs. Gene Hill of Midland and Mr. and Mrs. Kenneth Hill and Wade of Lubbock visited their mother, Mrs. Ben Hill, Sunday.

ICE ON THE DESERT?—The kind of "ice" that lovely desert-grown Jean Marie Pettit waves around at Las Vegas, Nev., won't melt from the sun. She is displaying locally-mined selenite during the annual Las Vegas Gem and Mineral Show. The museum specimen is one of the show's chief attractions.

Miss Glenola Murphy Complimented Tues.

A miscellaneous bridal shower honoring Miss Glenola Murphy, bride-elect of C. B. Reed, Jr., of Dallas, was given in the home of Mrs. R. L. Bowers Tuesday, August 30. Other hostesses were Mmes. Jot Akers, Homer Winston, Ray Hughes, T. H. McIlroy, Buck Andrews, Ocie Proctor, John Dick Moorehead, and the Misses Daina McIlroy and Glenna Winston.

The bride's colors of pink and silver were carried out in the summer flowers decorating the house and the appointments.

Mrs. Bowers, the honoree and her sister, Mrs. R. E. Jordon of Lubbock, and Mmes. Winston and Hughes greeted guests at the door.

The refreshment table was laid with a lace cloth and centered

with pink asters in a crystal bowl. Pink tapers in crystal holders flanked the centerpiece. Misses Winston and McIlroy presided.

A miniature bridal scene set in a frame of pink tulle net and tiny pink flowers decorated the buffet.

Miss Delma Murphy, sister of the honoree, registered the guests. Mmes. Akers, McIlroy, Andrews, Proctor and Moorehead alternated in displaying the gifts.

Betty Holmes left Monday for Pampa where she is spending this week with her roommate at Stephens college. Miss Francis Jean Gilbert. Miss Holmes will be a bridesmaid at Miss Gilbert's wedding next Sunday.

BRIDE-ELECT COMPLIMENTED AT MISCELLANEOUS SHOWER

Miss Billie Faye Finney was the honoree at a miscellaneous shower Saturday, August 27, in the home of Mrs. J. O. Gillham. Co-hostesses were Mmes. Leo Holmes, Hubert Thompson, Ed Garnett, A. W. Turner, Tobe Helms, R. L. Harris, A. F. Dungan, Tommy Zerns and Miss Larue Ross.

The bride's colors of three shades of pink, ranging from pale to dark, were carried out in the decorations throughout the house. A gold wedding ring with three shades of pink asters clustered at its base was placed on the mantle. Pink tapers in crystal candelabra flanked the arrangement.

Mrs. Holmes received guests, and the honoree, her mother, Mrs. Dave Finney, and Mrs. W. G. Gorby, Mrs. Paul Fisher, and Miss Doris Gorby, all of Odessa, and Mrs. Gillham making up the receiving line.

Mrs. J. E. Smith offered piano selections during the hours of 4 and 6 p.m.

The refreshment table was laid with a cut-work cloth and featured an arrangement of pink asters set on a glass reflector which was

See BRIDE-ELECT, page 4)

ADDITIONAL SOCIETY ON BACK PAGE, THIS SECTION

FILLS THE BILL—At home, on the campus, or on a week-end bicycle trip, this sweater set fits many occasions. The pastel pullover has short sleeves, a club collar, and a five-button convertible neckline. The cardigan, done in darker shade, is finished with pearl buttons. A neat tweed skirt completes the costume.

Runez Patton Feted At Birthday Dinner

Mrs. W. E. Patton of Meadow honored her daughter, Runez, at a dinner Sunday, August 21, the occasion of her 14th birthday.

The group enjoyed a sangiest, numerous games, and a treasure hunt. The girls found the treasure first.

Those who attended the dinner party were Vernon and Doyle Aldridge, Leroy and Neil Barrier, Laverne and Patricia Joplin, Ethel and Velma Fuller, Wilmet and

Mrs. Harris Honors Daughter On Birthday

Mrs. Roy D. Harris honored her daughter, Duanne, on her second birthday anniversary with a party Saturday, August 27. Mrs. R. C. Harris assisted with hospitalities.

Birthday cake, baked in the form of a lamb, punch and plate favors of balloons were served to Charlotte Ann Campbell, Elaine Flache, Charlotte McKenzie, Ann Webb, Linda Beth Geron, and Dick and Dianne McPherson.

Elvise Duncan, Warren and Mildred Young, Bobby Stokes, Betty June Howard and Maurine Lewis.

Rita Lou Goodpasture Honored On Birthday

Mrs. Grady Goodpasture gave a picnic supper and slumber party Wednesday, August 24, honoring her daughter, Rita Lou, on her eighth birthday anniversary.

A sandwich plate, birthday cake and ice cream were served to Jill Walker, Linda Lee and Mary Jane Brownfield, Karen Young, Linda Bost, Lynn Carey, Martha Chapman, Donna Jane Newsom, Judy Glenn, Yvonne Parker, Deenie Goodpasture and the honoree.

MEADOW NEWS

Mr. and Mrs. Ray Castleberry and family returned home Thursday after spending a few days at Ruidoso, N.M.

Mr. and Mrs. J.M. Burleson and family, accompanied by Mr. and

Mrs. Lewis Peeler, returned home Friday from a vacation in New Mexico.

Mr. and Mrs. Jess Pendergrass are the parents of a baby girl, Susan Marie, born Saturday, August 27, at Treadaway-Daniell hospital in Brownfield.

Meadow high school football teams are in Fort Stockton this week for football camp. They were accompanied by coaches J. E. Franks and D. E. Simson. They plan to return September 2.

Mrs. Betty Burleson, mother of J. M. Burleson, is reported to be improved from her recent illness. She lives at Anson.

Mr. and Mrs. Pierce Warren are

in Dallas visiting their son, Steve Warren.

Mr. and Mrs. J. E. Franks moved to Meadow this last week. They will both teach in the 1949-50 semester.

Mr. and Mrs. D. E. Simson are new residents of Meadow. He will be a teacher in grade school. Meadow schools open for the 1949-50 school term Monday, September 5.

Mr. and Mrs. Andy Dunlap and family returned this week from a vacation in Carlsbad, N.M., and Colorado.

W. A. Bartlett visited Tom Tinto, who is a patient in an Amarillo hospital.

SEWELL LAUNDRY MEADOW, TEXAS

WAITING THEIR TURN—This long line of trucks, loaded with cotton, are waiting their turn to be unloaded at the Port Compress Co. in Corpus Christi, Tex., Aug. 24. Texas' bumper

cotton crop has flooded in on this gulf town in such volume that the city's two compresses have slapped on an embargo. The Port Compress is still receiving cotton shipped by trucks

but a wait of several hours is necessary before a truck can get up to the docks to be unloaded. The other compress will take no more cotton by either rail or truck. (AP Photo)

Meadow School Opens September 5

The Meadow schools will open Monday, September 5, according to S. A. Wilson, superintendent. Opening exercises for the grade school will be held Monday at 9 a.m. at the Baptist church.

The list of teachers in the high school are: eTrry Redford, principal; J. E. Franks, social science; Mrs. J. E. Franks, English; Truitt Babb, vocational education; Elmer Watson, mathematics; Miss Maude Alice Zorns, homemaking; Lloyd Hunt, coach and history.

Teachers in the grade school are A. L. Pace, principal; Mrs. D. E. Samson, Raymond Patterson, Kate Doad, Mrs. Guy Nowlin, sixth

MEADOW 4-H CLUB MET AUGUST 25

The Meadow 4-H club girls met in the home of Runez Patton at 2:30 p.m. August 25.

Runez Patton was elected vice president, upon the resignation of the former vice president. Ethel Fuller and Runez Patton gave a demonstration on the prevention of fire. Ethel Fuller also handed out folders on that topic. The members worked on metal bracelets and copper plaques.

Soda pop and cookies were served by the hostess.—Reporter.

grade; Miss Summers, fourth; Miss Buchanan, third; Miss Ruby Kenton, second; and Miss Nettie Golden and Mrs. Wade Turnbough, first grade.

FALKNER SERVICE STATION CYLDE FALKNER, Owner Meadow

How Meadow Texas Received Its Name

By Old He

Way back about 1800, a bunch of families came in from down around Erath county, Texas, and settled along a narrow strip on the line of Terry and Hookley counties. Later some vacant land on the north and east side of the 17 ranch was opened to settlers. In fact, in a short time there were so many families, together with ranch hands, that a postoffice was demanded.

The late W. N. Copeland moved into the section and took up some land. He was from Coke county. He applied for a postoffice and was to be the first postmaster of Meadow. But there was no Meadow, Texas. There was just a lovely, virgin country, with big ranches and a few settlements. So, a name was to be chosen that would not be confused with the name of any existing postoffice in Texas. It was at the time of year when the grass was luxuriant, with scattered wild prairie flowers. What a pretty meadow!

Furthest P.O. From a Railroad Thus, someone said: "Why not name the place Meadow?" Thus, Meadow, Texas, was born, as the name suited the postoffice authorities. Supplies were soon received, and people began to receive mail at Meadow, Texas, said to be the furthest postoffice from a railroad in the United States. It was about 125 miles from Colorado City or Big Spring on the Texas & Pacific, and it was a bit further to Canyon, the nearest railroad point on the Santa Fe.

Hardy pioneers began to roll in. These afraid of wide open spaces, the lazy and indifferent do not settle and pioneer anything. They come later when the going gets easy. So, the above was about as related to us by Judge Copeland, who was one of the county commissioners when the writer came here in 1909. But the judge had moved to Brownfield in the meantime, and he helped in the organization of the county in 1904, and served as the first county judge.

In the meantime, a man came out from Mississippi, in the Pontotoc section of that state, by the name of J. W. Peeler. He bought out the late S. T. Jackson. At one time there was a one stand gin and mill at old Meadow, some three or four miles east of present Meadow. The gin burned some time ago, about 1910. When the railroad built through Terry in 1917, the town was moved to its

present site. For a while, Mr. Peeler had the only store at the new site.

The Cream of Terry County The Meadow section, northeast Terry, has always been regarded by most people as the cream of the county. Most of the land is hard or mixed catclaw, and very rich and productive, and many farms that were in cultivation 40 years ago and more, are still going strong, with no fertilizing. Those who first settled there, or came later, were also "the cream of the crop." Most of them were substantial farmers or business men where they came from, and that is the reason Meadow to this day is a compact community of good law-abiding people, with few off-brands in their midst.

Loyal To Their Community Meadow has always had one of the best schools in this area, for the reason they are intensely loyal to their school. They not only believe it among the best, but the BEST. And if you don't think they stand behind their football, baseball or basketball teams, or for that matter any other athletic or literary division of their school, just match a contest with them some of these days. They are to the man or woman squarely behind the team, and they are not afraid to yell for their school.

Not only has Meadow a good school, but they have some very substantial churches and church buildings of the leading denominations. Their pastors and ministers are always among the best, and their membership is behind them 100 per cent. These churches all have nice buildings, with plenty classrooms for present needs.

This loyalty to Meadow can also be traced down along the sidewalks of the hustling little city. The merchants and business men are made of the same clay as the school and church people. Indeed, they are a part and parcel of the schools and churches. They have nice stocks of goods, which are sold in line with quality and price of nearby towns and cities. And you'll be able to find something in most every line of merchandise in Meadow.

We do not wish to intimate that Meadow people are boastful. They are not. They are modest enough in their claims. But the productive land around the little city, the fine schools and churches, and the many fine business firms speak volumes in themselves. They have the stuff to show you.

IS NEW CORRESPONDENT

Don Swafford, owner of the Swafford Drug Store in Meadow, is now the Herald's Meadow news correspondent.

All churches, clubs, schools, and other organizations are asked to report their parties and other activities to Mr. Swafford.

This page belongs to our readers, and we want to dedicate it to your activities. The success of it will depend upon your cooperation with Mr. Swafford. We will appreciate your consideration.

Garden Club To Hold Clinic Sept. 2

The Cochran County Garden club, Morton, will hold a garden clinic at the Veterans hall Friday, September 2, from 10 a.m. until 4 p.m.

The morning session will be lectures and demonstrations on horticulture, which will include preparing soil, planting, feeding, spraying, budding and curing diseased plants; and flower show practice, with instructions on how to exhibit in and stage a flower show.

Corsage making and flower arrangements with special attention to table settings and color harmony will be given in the afternoon.

This clinic is open to all women whether garden club members or not, and will be conducted by Mmes. R. C. Badgett, John Powers, J. A. Fortenberry, Claud Keeton and John Fry, all of Lubbock, and all recognized authorities in their fields.

Women in the Brownfield area who are interested in a garden club are invited to attend this clinic where they may obtain information on organizing a club.

Terry County Library Adds Five New Books

Several new books have been added to the county library, according to Miss Olga Fitzgerald, librarian. Among them are three best-sellers.

The new books are "Fraternity Village" by Ben Ames Williams, "Voice of the Coyote" by J. Frank Dobie, "Peace of Soul" by Fulton Sheean, all best sellers; and "The Deer Stalker" by Zane Grey and "Phunology" by E. C. Harbin.

Harbin's Phunology is a book of one thousand games and entertainment plans for every occasion. If you are looking for an unusual idea for a party, this book may be of help to you.

Few Texans will have to be told that J. Frank Dobie is an authority on Texas history and its habits. His latest book on coyotes is an interestingly presented study.

Although many people do not realize it, our county library has one of the most complete Zane Grey collections in this section of the country. "The Deer Stalkers" is his latest book to be released.

Jack Bynum, who is attending SMU at Dallas, is visiting his parents, Mr. and Mrs. Shag Bynum.

CLASSY CATCH—Fishing is good on the Colorado River below giant Hoover Dam. At least it was for Marilyn Eldridge, left, and Bonnie Bonner, seen displaying their catch at a Las Vegas, Nev., hotel. The trout average about three pounds each.

JOHNSON NEWS

Mr. and Mrs. W. R. Parker visited relatives in Big Spring last Sunday.

W. B. Goza is recovering from the mumps.

The Misses Ludie and Mattie Morgan and Mrs. Winnie Copeland of Brownfield were guests Sunday in the home of W. H. Stallings.

Mr. and Mrs. Alton Loe and girls visited in the R. E. Thomas home at Morton Wednesday.

Mr. and Mrs. R. M. Gillintine of El Paso are visiting in the home of his parents, Mr. and Mrs. E. V. Gillintine.

Mrs. W. E. Johnson, Carroll and I. B. left last Thursday on a business trip to California.

Mr. and Mrs. W. L. Melton of Abernathy and Mr. and Mrs. J. L. Smith of Lubbock spent the week end in the J. L. Smith home.

Mr. and Mrs. Tom Calwell of Snyder visited the Tuttles and other relatives over the week end.

Mr. and Mrs. Still Hancock of Hearne visited in the Marshall Holmes home last week.

Mr. and Mrs. Alton Loe and girls visited in the Paul Loe home at Plains Sunday.

Mrs. R. D. Jones, Sr., returned from Stratford last Saturday.

Mr. and Mrs. L. V. Wheatley returned last Saturday from an extended trip through the western states.

Party Honors Mr. Smith On Birthday

Redford Smith was honored on his 75th birthday anniversary at 6:30 p.m. Monday, August 29, when friends and relatives surprised him with a lawn party.

Mr. Smith received many gifts, including three birthday cakes.

Home-made ice cream and cake were served to Mr. and Mrs. Basil Webb and Sherrill Ann, Patsy Marilyn and Basil Lee, Jr., all of Levelland; Mr. and Mrs. Paul Campbell and Charlotte Ann; Mr. and Mrs. Arthur Sawyer; Mr. and Mrs. L. M. Wingerd and Marion; Mr. and Mrs. Jack Shirley and Pam; Mr. and Mrs. Lal Copeland and Ann, Don, and Mike; Mr. and Mrs. Ike Bailey and Sandra; Mr. and Mrs. Lee Brownfield and

Miss Jackie Little Honored Friday

Miss Jackie Evelynne Little was honored Friday morning, August 26, at a "hen party" given by her mother, Mrs. Jan Kirkland.

Guests gave the bride-elect advice and were served coffee and doughnuts.

Miss Little will be married to Kenneth Jackson of Wellman Sunday, September 11.

Mary Jane; Mrs. Madison Weaver; Mrs. Smith Murry; Mr. and Mrs. Vaughn White; Mr. and Mrs. Cecil Smith and Mike; Mr. and Mrs. A. M. Brownfield; Mr. and Mrs. Raymond Speegle and Shirley of Garland, and Steele Bayless.

CHALLIS NEWS

(Delayed)

Our revival closed Sunday night with two additions to the church and four conversions.

Mr. and Mrs. Newby Corley and Mr. and Mrs. Word Price of Brownfield visited here Sunday.

John Garner returned Sunday from Stephenville where he says the heat was unbearable.

Mr. and Mrs. J. D. Garner of Brownfield spent Sunday in the home of his parents.

There will be a church social at the home of Mr. and Mrs. C. S. Carroll August 27.

Mr. and Mrs. J. C. Armstrong, Sr., and family of Ropesville were visitors here Sunday.

Mrs. John Garner and Mrs. C. S. Carroll and Avenell Garner are spending the week at Kress.

Bride-Elect-

(From Page 1, Section 2)

edged with pink tulle. It was flanked with pink tapers set in crystal candelabra. Pink napkins, lettered in silver, announced "Billie and Billy." Misses Jean Garnett, Norma Jo Boyd, Carolyn Harris, Betty Holmes and Dolores Gillham alternated at the table. A miniature bridal couple, complete with a minister, decorated the buffet. The bridal scene was set on an oval mirror and was surrounded with pink asters and tulle net.

Mmes. Harris, Thompson, Turner and Garnett displayed the gifts.

Mrs. Ulee McPherson of White City, sister of the honoree, presided at the bride's book. The book, which was made by the mother of the honoree, was covered with an oval of shirred crepe, edged in pearls and lace, and tied with a rosette of white satin ribbon.

Approximately 40 guests called.

Grandma Price's Corn Pone Lightbread

Take a pint of water, put dry meal in it and cook it until it makes a good mush. Take off and cool with cold water until you can hold your finger in it. Add meal and make a good stiff batter. Let rise (keep it where it will be kept warm overnight) next morning dough will be risen to the top, and watery at the bottom. Take 1 cup sugar, 2 tablespoons of salt and 2 teaspoons of soda and one-half cup sour milk. Add little flour and meal to make a little thicker (about as thick as you would make cornbread).

Grease pan and pour in, use aluminum or some thick vessel, set in oven 250 degrees, let bake about one to one and a half hours.

And don't be impatient, Grandma adds: "If at first you don't succeed, try, try again."

Mrs. Brown Hostess To Homemakers Class

Mrs. R. A. (Bob) Brown entertained the Homemakers' Class of the First Baptist church Thursday, August 25, at 5 p.m. in the back yard of her home.

Ice cream and cake were served to Mmes. Jack Holt, Smith Murry, L. M. Rogers, C. R. Warren and Bobbie, M. G. Tarpley, R. L. Foster, Marvin McNutt and E. G. Black.

Mrs. M. E. Jacobson and her mother-in-law, Mrs. Antoine Jacobson, both of Amarillo, visited in Brownfield last week.

For High or Low Blood Pressure Hundreds have found RELIEF with **BOAZ TABLETS** If not satisfied after taking one full bottle . . . your money refunded. **Wilgus Drug Store**

Mr. and Mrs. Bill Collins and children of Lubbock visited his parents, Mr. and Mrs. W. H. Collins, Sunday. Wade stayed for a longer visit with his grandparents.

Mr. and Mrs. A. A. Sawyer and daughter, Shirley, of Garland left Monday for points of interest in Colorado and Arizona.

Mrs. Tom May returned Saturday from a visit with her son-in-law and daughter, Mr. and Mrs. Dyar Oakley, in Colorado. Her granddaughter, Jonelda, returned home with her for a week's visit.
