## Midland Man Speaks To Terry Teachers

The Terry County Teachers Association met in the Meadow school auditorium Monday. Lester Buford, president, presided.

S. P. Cowan, school superintendent, spoke briefly on the Gilmer-Aiken bill. Miss Ann Sneaker, accompanied by Mrs. Grace P. Wood, sang two selections. Main speaker for the occasion was Delbert Downing, manager of the Midland Chamber of Commerce.

O. R. Douglas, Brownfield High School principal, presented facts on the state school board election, which will be held November 8. The group endorsed E. H. Boulter, who is a candidate for the State Board of Education from the 19th Congressional District. Approximately 150 teachers attended the meeting. Brownfield will be hosts to the next meeting, with the date of the meeting to be set in the near future.

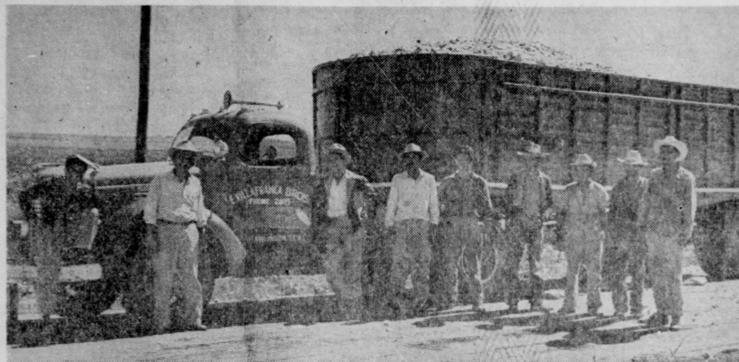

## WOOD FAMILY HAVE NICE VACATION

Jimmy Wood, wife and small daughter left here the latter part of September for the first vacation they have had since he came here as minister of the Crescent Hill Church of Christ some two years ago. On their trip north, they stopped one day each at St. Louis and Springfield, Illinois, and spent two days in Chicago.

Thence on to Detroit where he was scheduled for a meeting from Oct. 2 to 12 with the Fairview church in that city. Good crowds attended this meeting, and much interest shown, with two baptisms. He stated that the brotherhood were very much alike, north or south, and that they were received with open arms. They returned via Niagara Falls, thence down through the states of New York, Pennsylvania, West Va., and on to Greenville, Tenn., where he preached on Sunday, thence home the regular route, through Nashville, Memphis, Little Rock, etc.

Last week we had an article about the boll pullers on the Milton Briscoe 600 acre cotton-farm. The above shows the large truck

filled with cotton, and belonging to Evillafranca Brothers, of Harlingen, Texas, who have helped Milton with his crop for several

years. The picture shows just a few of the some 75 pullers that the brothers brought with them.

## Registration For Lecture Series School Auditorium Begins Today

Friday morning registration of all persons desiring to attend the three sales training and personal efficiency lectures to be given here on Tuesday night, November 1, Wednesday night, November 2, and Thursday night, November 3 by E. C. House, sales training expert and nationally famous inspirational speaker will begin. No person will be admitted without an identification card which will be issued as the individual is registered for attendance, said David Nicholson, manager of the Chamber of Commerce. All persons interested should telephoned the Chamber of Commerce. Each lecture will begin at 7:30 p.m. and last just one hour. The topics to be discussed in this series by Mr. House are "The Way to Win," "Good Sales Technique" and "Extensive and Intensive Selling." All school teachers and preachers will be admitted as guests of the merchants and may secure their identification cards without cost at the door of the auditorium before 7:30 p.m., on the night of the first lecture.

In commenting on the significance of the forthcoming lectures, House, who is currently engaged in a study of the retail stores, said:

"Not only in Brownfield, but all over the nation customers' reactions and remarks about the treatment they commonly experi-

## Cubs Take Another Severe Thrashing

Yep, the Cubs took another lacing from the Levelland Lobos last Friday night to the tune of 27 to 7. While that is not quite as bad as some defeats they have received, coming from an A school, it sure warts the fans.

In fact, a lot of the fans have put in a call to Dogpatch for at least two kiggies, one with the brand Littlefield Wildcats and the other Levelland Lobos on their rear ends.

But the fans promised to stay with the Cubs through thick and thin, and that's what they're doing. No game tonight. Midland comes next Friday night here. Here's hoping.

ence in retail stores reveal the fact that they are more than fed up with inefficiency in all its forms. This indicates two very clear facts:

"1: Every sales person who prepares himself for efficient pleasing service to customers, makes more friends and is able to sell a much larger volume of merchandise.

his personal expert training and inspiration will show an increase in goodwill, volume of business and profits.

It is easy to improve sales technique when one takes advantage of every opportunity to get ideas and inspiration. We hope for a large attendance at all three lectures here."

House, who recently addressed a joint meeting of the Lions and Rotary Clubs, Junior Chamber of Commerce and Chamber of Commerce membership here, is in constant demand for convention and civic club programs. He has recently addressed several of the service clubs in Abilene and San Angelo and is now being sought by the Rotary, Kiwanis and Lions Clubs on San Antonio, Houston, Beaumont and Galveston for lectures while he is in this section of the country.

"The sales people, office personnel, and merchants have a rare opportunity," said Nicholson, "in having this series of sales training lectures by Mr. House right in their own town."

## Mrs. Inez Richards Buried Here Monday

Funeral services for Mrs. Inez Richard, 38, were held Monday in the First Baptist Church, with the Rev. A. A. Brian officiating.

Mrs. Richard died in a Hobbs, N. M. hospital early Sunday morning, from injuries received in an automobile accident late Saturday three miles north of Hobbs. The accident occurred when the 1947 DeSoto convertible, driven by J. D. Perkins of Seagraves and in which Mrs. Richard was a passenger, sideswiped a 1947 Buick driven by J. W. Findley of Hobbs. Perkins was critically injured.

A resident of Brownfield since 1942, Mrs. Richard owned and operated the Blue Top Cafe, located on the Tahoka Highway. Her husband died two years ago.

Survivors include a daughter, Mrs. Ozelle Tucker of Brownfield, and two grandchildren. Interment was in Brownfield Cemetery, under the direction of Brownfield Funeral Home.

## Red Cross Chapter Sets 49-50 Budget

Members of the Terry County Chapter of the American Red Cross met in the district courtroom Monday night to approve the budget for the coming year, according to Mrs. Sam Privitt, chairman.

The budget, which was set at \$1800, will be sent to National headquarters where the quota for the fund drive, to be held in March, will be fixed. Plans for a first aid class, to be held in the Spring, were discussed by Lewis Simmonds, First Aid chairman.

We are sorry to report that one of the old timers, W. C. Smith, suffered a heart attack Monday. He is reported to be resting fairly well in the local hospital. He lost his wife last spring.

## Hallowe'en Parade to Be Monday

### Rev. Brian Released For Wayland Drive

West Texas Baptists will be attending the three meetings scheduled for them in different districts next week to discuss Wayland's enlargement program, accreditation and student scholarship campaign, which is being carried through from October 10 to December 10.

Rev. A. A. Brian has been elected chairman of the campaign which includes districts eight nine and ten. This is the second time in two years that the First Baptist Church of Brownfield has released Rev. Brian to lead a financial drive for Wayland.

"If the campaign is to be a success, there will definitely not be another similar program in the future," states Rev. Brian. "Wayland College in her crucial transition period from a junior to senior college standing has been caught in the critical period of the Texas Baptist Enlargement Program. If the sum is raised, and the embarrassing indebtedness retired, Wayland College will be on a cash, pay as you go basis, and remain there!"

The District IX executive board meeting held at the First Baptist Church in Lubbock October 15 when Rev. C. T. Aly of Tahoka's First Baptist Church; Dr. J. Ralph Grant, pastor of the First Baptist Church in Lubbock and president of the Wayland Board of Trustees and Rev. Brian presented the purposes of the campaign.

### Attend Convention In San Francisco

The Gillhams will return by way of Pueblo, Colo., where they will spend several days with their daughter, Mrs. Robert N. Tipps, and family before returning home November 7.

### CARS DAMAGED IN WRECK THURSDAY

No one was injured in an automobile collision at about 6 p.m. Thursday morning when a 1940 Chevrolet, driven by Lettie Gould of Hobbs, N. M., was sideswiped by a 1949 Ford, driven by Lewis Haddock of Lovington, N. M.

Patrolmen Vic Atwood and Amos Eagen, who investigated the accident, said that Mrs. Gould stated that the lights on her car went out and when Haddock drove up behind her car and swerved to miss the trailer that she was pulling behind the car his car sideswiped hers.

Only light damage was done to either vehicle.

### PTA TO MEET THURSDAY

The West Ward P. T. A. will hold their next meeting Thursday Nov. 3, at 8 o'clock in the Jessie G. Randal auditorium. This meeting is to be held at night so that the fathers will be able to attend.

At 10:25 a.m. Wednesday, November 2, several members of the PTA will hold a round table discussion over radio station KTFY.

Cliff Johnson, who was seriously burned on his arm and leg in a butane fire several weeks ago, has been released from Veterans Hospital in Amarillo, where he has been receiving treatment.

City secretary Bill Aschenbeck and city superintendent Eunice Jones attended the Texas League of Municipalities meeting in Galveston the first part of the week.

Rough preparation of cotton at the gin is costly to both the ginners and farmer. Cotton picked green or wet and taken directly to gin not equipped to handle such cotton may be reduced in value from \$5 to \$35 per bale.

### Mrs. M. B. Sawyer, 81 Year Old Pioneer, Dies Monday

It has always been a sad matter to chronicle the passing of an old friend, even when that transition has been expected for some time. This is very true of Mrs. M. B. (Rebecca) Sawyer, one of the early pioneer ranch women of this County. Mrs. Sawyer had a light stroke early last week, but it was thought she would recover from it despite her advancing age. She was 81 years of age.

Mrs. Sawyer departed this life about 4:30, Monday 24th. Truly a good mother has been called away. Indeed, the large family of children were intensely devoted to their mother. They were very positive that no better mother ever lived upon this earth. Even the in-laws were hardly less devoted to their mother-in-law. Beyond that, she was one of the best neighbors a person ever had. She had nothing too good for them. Therefore the whole countryside loved Mrs. Sawyer. Her home was always open to friends and neighbors. The latchstring was always on the outside for them.

It is hard to imagine a better matched couple than she and her late devoted husband who passed on several years ago. They were both of the pioneering stock that made the west a livable place

## SPWGA Tournament Opens Here Saturday

The South Plains Womens Golf Association tournament will open at 9 a.m. tomorrow (Saturday) at the Brownfield Country Club. Approximately 50 women are expected to participate, Mrs. Jack Shirley, chairman, said Wednesday.

### ROTARIANS HAD CALL MEETING TUESDAY

In a call meeting held Tuesday night at the Esquire Restaurant, members of the Rotary Club Harvest Holiday committees met to select pictures and other material to be sent to the national magazine, Rotary International.

Hemphill-Wells Company in Lubbock received a gift in the celebration last week, which they donated to the Rotary Club to be used for helping a needy family.

The regular meeting of the Rotary Club is scheduled at noon Friday (today).

**OFFERS \$50,000,000 TO SCHOOL**—Geo. W. Armstrong Sr., (above), rich Mississippi planter and oil man who lives in Ft. Worth, Tex., has offered Jefferson Military College, Natchez, Miss., \$50,000,000 if it will promise to teach states rights and "superiority of the Anglo-Saxon and Latin-American races." for those who came later. They left the farming area of Williamson county as a young couple, and settled for awhile on a ranch north of Coshoma in Howard county. They came to Terry about 1902, and accumulated a ranch of some 50 sections, 10 miles southwest of town. They were still living on the ranch when the writer came to Terry county 40 years ago, but soon moved a mile west of town, and still later moving into town, as the children married and moved to themselves.

Survivors include three sons, A. A. Brownfield, U. D. of Cross Roads, N. M., and O. L. Sawyer of Lubbock, and nine daughters, Mmes. Laura Cotton of Seagraves, Nettie Barrier of Dallas, Christova Stitt of Miami, Fla., La Rue Tankersley of Lubbock and Allie Graham, Ora Lewis, Ida May, Ima Lewis and Ticia Givens, all of Brownfield.

Funeral services were conducted at the First Baptist church, Tuesday afternoon at 2:30, as the auditorium was much larger than the Presbyterian church building presently used. Her pastor, Rev. J. Preston Murphy officiated, assisted by Rev. A. A. Brian, Baptist pastor. Burial followed in Terry County Memorial cemetery beside the body of her beloved husband.

All children are urged to enter the parade, and the public is cordially invited to attend the Hallowe'en celebration.

### JESSIE G. RANDAL PTA TO SPONSOR CARNIVAL TONIGHT

The Jessie G. Randal Parent-Teachers Association is sponsoring a Hallowe'en carnival at the school tonight (Friday) beginning at 7 p.m.

One of the main attractions to be offered will be the cafe in the school auditorium, featuring a floor show. Sandwiches, coffee, cake, pie, and candy will be sold, according to Mrs. James Warren, finance chairman.

Each room in the school will sponsor a concession at the carnival, including bingo, cake walk, ring toss, fishing pond, fortune telling, and others.

The public is cordially invited to attend.

### FALL RAINS HOLD UP HARVESTING

Fall rains over the weekend held up cotton gathering, and meant lost time for both the pullers and the cotton farmers. In the meantime the town was full of laborers waiting for the sun to shine.

Saturday there were showers that amounted to 10-100, and Sunday there was 64-100, making just about three-quarters for the two days. The moisture will be fine on wheat.

There were some showers last week that amounted to about a tenth of an inch.

### O. O. VALENTINE GETS HERALD'S 50 BUCKS

O. O. Valentine, Rt. 1, Meadow, was the lucky cuss that got our last \$50, in the Harvest Queen contest, that closed the 19th. And by the way, he was a winner two ways. His choice for queen was Ann Sneeder.

His ticket was No. 4051. Well, that will be nearly enough money to pay to have a bale of cotton picked, won't it O. O.?

### THANKS FOR THE FISH

Our good neighbor, Mrs. Luther Cruce brought us a nice mess of fish on her return from home No. 2 at Possum Kingdom lake. Gosh, they were sure good, and thanks a lot.

### ATTENDS MEETING OF CROSLY DEALERS

J. D. (Jot) Akers attended the "Kick-Off" dinner, which was held Monday in Amarillo to launch the million dollar giveaway Crosley contest.

The dinner was attended by all Crosley dealers in the Amarillo area.

### Awards To Be Made For Best Costume In Childrens Class

A Hallowe'en parade will be staged on Oct. 31, around the square, according to David Nicholson, secretary of the Brownfield Chamber of Commerce.

Preceding the parade, the Brownfield High School band will present a concert in the band stand on the courthouse lawn at 7:30 p.m.

The parade, which will begin at 8 p.m., will form in the front of the Broadway Cleaners, and all children are requested to parade in costume. No automobiles, floats, motorcycles or motor scooters will be allowed in the parade, but bicycles and tricycles can be ridden. Also, Nicholson said, children may take their pets, on leashes, with them in the parade. Everyone in the parade must come in costume, but parents may accompany small children without having to wear costumes.

Prizes are being offered by the Lions Club for the best costumes, in age groups three to six years; seven to ten years; and eleven up. In each group, the first prize will be \$5; second prize, \$3; and third prize, \$2. Judging will begin at 8:30 p.m.

All children are urged to enter the parade, and the public is cordially invited to attend the Hallowe'en celebration.

You can spot a so-called "liberal" or "left wing" paper just as far as you can read the editorials printed by candle light. We got one that is strictly political, printed down at Austin, which takes the rag off the bush. Surprising too, as his dad used to be a very popular member of the Texas press association before his untimely death, and no session was complete without his address, which was usually both witty and along an optimistic line. In the last issue, this small 4 page weekly took Senators Connally and Johnson of Texas to task because they refused to go along with President Truman and confirm the nomination of Olds, who is at least a fellow traveler; was originally a Republican, then a "liberal" picked up by the late FDR. Funny thing, this little political weekly sup-

BROWNFIELD, TEXAS, FRIDAY, OCTOBER 28, 1949

ported Sen. Johnson against Coke Stevenson because it thought Lyndon had a brass collar on his neck. The Jr. Senator has gone along with a lot of the administration dope, but when one doesn't suit him, he lets it be known in no uncertain language. This was true of his vote against the confirmation of Olds.

It has been about one year now since a Russian school teacher in New York, who was held at the Russian embassy without her consent, leaped from one of the upper stories to freedom, and almost to death. She was taken in charge by American police and of course became a political refugee. But she is still enjoying the first real liberty she has had for years, and has gotten to the point that she can even smile

some. She takes pleasure in talking to and entertaining children. This affair caused some sharp words and quite a lot of diplomatic handling, as of course the Communies were irked by the fact that the lady no longer loved the Russian way of life. Speaking of jumping, the lady is now to make her biggest hurdle. Congress must pass on whether or not she is to become an American citizen. We hope every Texas congressman comes out with a resounding yea!

We have heard many wonderful things about radio, some of it slightly colored, and a bit greatly exaggerated. But it remained for a Long Beach, Calif., minister to get greatly worked up by police calls interfering with his Sunday sermon broadcasts. And we can imagine that the gentleman of the cloth had valid reasons to get exasperated when maybe one of his sermons of the Beatitudes of the sermon on the mount got mixed with an order to stop a blue sedan, license number so and so, and known to be stolen, heading toward the border. Might not exactly fit the old expression "enough to make a preacher cuss," but it could be headed in that direction, to say the least.

Could the Secretary of Commerce, Sawyer, be a bit old fashioned? That cabinet member has been visiting down in some of the good neighbor countries to the south of the border. In one of his addresses at Mexico City, he advocated trade fairs to be put on in that and other Latin countries. In them, he advocated that their colorful and romantic histories, as well as their wares be displayed, and that invitations be sent out to importers from the USA to be on hand. In other words, the ax could cut with both edges; the tourist dollar, and the trader dollar. He also asked that they forget a sort of Marshall plan, for the time being, and make their own efforts to get badly needed dollars for something that the US would buy and pay for in dollars. Now,

frankly does anyone expect any other country on earth save the USA to work, save and give away what they produce? We hardly expect that Mr. Sawyer's message went over any too strong.

One of the nastiest things that has come up in many days is now going merrily along between the three groups for national defense, the army, navy and air corps. It is not only calculated to hurt the morale of these three services, but the civilians as well. Right when the people of this nation expect its armed forces to be tops, they quarrel among themselves, and it is related that some of the high brass don't even speak when they meet face to face. Such doings is not calculated to put the fear of God in the heart of any potential enemy country, but more nearly would subject us to ridicule. Such stuff was even going on in the Pacific when Pearl Harbor was attacked, between the army and navy brass. What we think should happen, but likely won't, is that those in authority ask some of these straight laced military high ups to step down off their high horse or resign.

While the 81st congress may have been considered conservative by many, on the other hand it could just as easily have been considered liberal among the more conservative people. As a matter of fact, the 81st has, among other matters, extended farm aid, provided for better housing, higher pay for the civilian and military forces, and provided for more extended public works. On the other hand, it turned down a lot of President Truman's pet hobbies like the repeal of the T-H. law, the so-called civil rights, health and hospital insurance, and federal aid to education. But despite the conservative trend, Mr. John Public has been handed a bill for 51 billion dollars that must be met with a big dent in his purse. Despite this huge peace time appropriation, Truman nevions holds a press conference, or a fireside chat that he does not advocate more and more taxes.

Two-thirds of the voting members of the United Nations turned down Czechoslovakia, and at the same time voted a membership to Yugoslavia, despite the recognized dictatorship of Tito. The former nation (we are not going to spell them any more than necessary) while under what we could call a dictator, is at least nationalistic. In fact it fights a dictatorship from Moscow just as hard as any real democratic nation, which goes to show that they want no rule of their own people outside of Belgrade. On the other hand the Czech nation has voted and worked consistently with the Kremlin and her satellites. It is becoming pretty alarming to Russia that some of the nations that once stood with her, have either broken off or are becoming dissatisfied. This is true both of the Czech and Polish nations. It is all very well to co-operate, but when all the ruling and planning happens to come from one nation, that is no longer co-operation.

### SO SORRY WE WASN'T AT CHURCH

Earl McCollough, park supervisor called us Monday, and informed us that Mr. and Mrs. D. Y. Blanton of Lubbock were at church Sunday and expected to find the Old He there. We layed out—so sorry—we layed out. Like most men we attend church most when the wife is at home. The Blantons are old time Terryrites way back about 1909-12, then moved over to Crosby county. Blanton and R. H. Banowsky, two old timers here married two of the late Uncle Dave Benton's daughters. Mr. Blanton holds a position with Tech college in some capacity. And we understand he has a son who drives a truck for Furr's, and makes Brownfield.

The Blantons spent the day with Jack Benton, who is a cousin of Mrs. Blanton.

Jacob Sandage called last week to have three copies of the Herald sent to as many relatives back in old Arkansas, where he was reared or as we usually say "raised." He didn't say what might be in that issue he wanted the folks to see.

## Wenzel Sweeps Boards At Dallas Fair

One of the most noted swine breeders of this area is none other than A. D. Wenzel, who lives on the old Krueger farm about nine miles north of Brownfield. Mr. Wenzel bought out Krueger some ten years ago. He originated down in old Bosque county but whether or not he came direct from there to Terry, we do not know. Clifton was his old postoffice.

Anyway, he was in the hog business when he came to Terry. He has just extended his rep as a swine breeder and raiser as he goes along. And if he has not carried a full share of ribbons from each contest he has entered since he came to Terry county, we are not aware of it.

Anyway, his latest contest with his Berkshires took place at the State Fair at Dallas, just closed, and here are his winnings:

Ten first prizes; 3 seconds, six thirds; 1 fourth; 1 fifth; 5 champions; 2 reserve grand champions, 2 grand champions and 2 reserve champions.

We have been promising to visit the Williams farm just west of the Wenzel farm for some time, and we hereby promise when we do, that we go on over to the Wenzel farm and see his pigs.

## A Banker Drops Us A Letter

One of the leading bankers of this burg dropped us a letter this past week in which he lamented the fact that among other things, that hills had been erected where none formerly existed; that it was becoming increasingly hard for him to take one step of a stairway much less two at a time.

Even the mirrors were getting out of plumb, according to his letter. They revealed that he had developed quite a paunch in his front view, instead of the athletic figure he used to sport. An so on and on infinitum.

But why remind the Old He of all these trials and tribulations that befall those that pass middle life? Ain't it hard enough to take without such a discouraging reminder? We have even reached the point we no longer take a second look at a well rounded female ankle.

## Herbert Bells Up From Marshall

Mr. and Mrs. Herbert Bell, of Marshall, have been here the past week visiting their son, Milton and family, as well as their sister-in-law, Mrs. W. A. Bell and family. Herbert is purchasing agent for the T. & P. railroad, and is of necessity on the road considerable of his time.

They are visiting daughters at Ft. Worth and Mineral Wells, and as they were about half way from Marshall to Brownfield, decided to come on up and visit as well as take in the Harvest Festival. Herbert remarked to the writer that Brownfield has something really big as well as surprising in the festival staged here each fall.

Herbert and family made their home here in the early days of the county, farming in the Union community. We believe he introduced the small pony built red hog, now mostly known as the red jersey.

In conclusion, we wish to quote Herbert on his opinion of Terry county and this area in particular. "The more I see and visit Terry county, the better I like it." He believes there are still big things in store for this area.

### A BIG WHEEL

DENVER—(AP)—"He could not do it," insisted Elmer Johnson, Sr. "He isn't big enough."

"Oh, yes, I did," said Elmer, Jr. "I'll show you."

So little Elmer showed his dad and an assistant fire chief how he turned in a false alarm. He just stood on the seat of his tricycle and reached into the box. The chief let Elmer, Sr., carry on from there.

### Stricklinly Speaking

By Old He

Well, here we go again on this here colyum. Just what we had in mind, or how the thing will wind up, is your ball of yarn as well as ours. That is, we'll both be guessing.

Anyway the jewelers say that women have twice as much trouble with their watches as men. Reason, that uncurable habit of putting their watches in their purses with a lot of other junk.

Now if you ladies think this is an insult, don't attack us. Nor is Nelson, Bayless or Allmon our authority. It was a national jewelers clip sheet.

We sometimes wonder if anything ever turned out just as we planned it. But we are told that it takes just as long to prepare to be late at a function as on time. We wouldn't know, as parties are out with us.

Many times we plan out things that seem air tight at the time, but before the eventful day or hour, we have to make many revisions and alterations.

It is said that a mother always worries about her son when he is out after midnight, with a fast car and a fast girl and a bottle of sloe gin. Well, as for that matter, we can't imagine the mother of the fast girl retiring for the night without some uneasiness.

Have you ever noted that it is mostly town people that worry when harvest time comes, and there comes a spell of wet, drizzly, cool weather like we have had the last few days. The farmers may also worry, but they say little. Perhaps they think the sun has always broke through the clouds and will do so again.

Then there is another kind of miserable person that goes through life on the edge of a razor, as it were. It is those whose feelings are easily hurt. There are so many ways to get under the skin of a thin skinned person that their friends have to always be on the P's and Q's.

A friend of ours was calling at the Herald office this week. He lived in another city far removed from Brownfield. The subject came up about Red Cross help. He related that his wife was the investigator in their city. Recently she supplied groceries and some clothing to a family. In a few days the old man of the family appeared and asked if he could get enough money to buy a carton of cigarettes.

But a case like the above must not allow prejudice to develop toward all cases. There are some that are worthy, and should be helped. There is enough misery in the world already. Perhaps the old man decided that his cigarettes were just as necessary as food and clothing.

While most of us think we have something in the Harvest Festival and Merchant's Jubilee that no other town in the area, or perhaps Texas has, many of us are really glad when it is over and the old town settled down to normal. Then you can poke your

Mrs. Tess Fulford, wife of the proprietor of the Hotel Coffee Shop and the Esquire Restaurant, struck up quite a friendship with Lt.-Gov. Joe Montoya, of New Mexico, while that gentleman was a guest of Brownfield last week. It happened like this:

She was herself waiting on the N. M. official, and something was said about Rod Cameron, a radio-screen star when she asked if he wasn't the Lieutenant Governor. Then she told him she was a native New Mexican, having been reared in the vicinity of Albuquerque. Further conversation disclosed the fact that both had many mutual friends.

head out of the door without someone wanting to sell you a ticket for something.

On the other hand, we must consider what these tickets will buy. In the first place it sends some local young lady on some thrilling vacation, all expenses paid and dressed to kill. This gives the old town plenty advertising. But the main thing is that it leaves thousands of dollars that has been collected by ticket sales that helps the Boy and Girl Scouts, the schools, and various and sundry other institutions.

Yes, everything seems so quiet when it's all over. Nobody trying to sell you a ticket for anything. Just the usual traffic and the gin whistles and smoke. Come to Terry. Come to Brownfield.

### Official Memorandum

BY  
Governor of Texas  
ALLAN SHIVERS

These groups recognize the necessity and supreme importance of having an educated, prosperous and organized agricultural husbandry in our State.

WHEREFORE I, as Governor of the State of Texas do hereby request the observance throughout the State of October 20 through 27, inclusive, as

TEXAS FARM BUREAU FEDERATION ORGANIZATION WEEK

AND I urge that our citizens do cooperate in the recognition and observance of this week in an effort to publicize this important phase of our Texas life.

In official recognition whereof, I hereby affix my signature this 10th day of Sept., 1949.

### MEADOW HD MEETS WITH MRS. MOSS

The Meadow HD Club met with Mrs. W. J. Moss on Monday afternoon.

Mrs. Lillian Doak gave the council report. Plans were made for a Thanksgiving Party. Mrs. D. D. Qualls will be hostess to this party with a supper and "42" on Nov. 19th.

Miss Dunlap was present. Her subject was "Cheese in the Diet." She demonstrated and served cheese biscuits, cheese sandwiches, and a cheese sauce for vegetables. She presented each lady present with a sample bottle of Nescafe, together with 25 new coffee-flavored desserts starting the product.

### POSTOFFICE IN NEED OF LABORERS

The old saying, "The Mail Must Go Through," is a very true statement, however, the people who do this job need your help. The Civil Service Commission has announced an examination for Laborer (to fill positions of Janitor, Charman, Charwoman, and Custodial Laborer), with an entrance salary of \$2150.00 a year.

If you have had experience in this type of work and are interested in employment with the Post Office Department, contact your local Post Office or the Regional Director, 14th U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas, immediately for application forms.

### THREE-FIFTHS OF HOMES IN NATION MORTGAGE FREE

NEW YORK—(AP)—Nearly three out of every five of the nation's home owners have no mortgages on their property, according to a Title Council of America report. About 64 per cent of small town or rural homes are mortgage-free, says the report which is based on recent government surveys. In metropolitan areas, 44 per cent have no mortgages. The over-all national figure is about 57 per cent.

Today's average mortgage of \$3,700 is nearly 50 per cent higher than 1940's. But this doesn't mean home owners are more heavily mortgaged than before the war, the council says. The "livability" value of American homes has been increased by such improvements as automatic heating, modernized baths and kitchens, and better insulation.

Mrs. G. P. Black has returned after two weeks' visit in Arkansas and other places.

Mrs. Gertrude Taylor is in Brownfield hospital with pneumonia.

### WELLMAN HOME DEMONSTRATION CLUB

The Wellman Home Demonstration Club met October 21 in the clubroom with seven women present. After admiring the lovely new draperies and shades, a business meeting was conducted. Miss Dunlap gave a very instructive and appetizing demonstration on the use of cheese in the diet.

**ALBERT THOMPSON AND WIFE VISIT HERE**

Albert Thompson and wife of Dallas, were here over the weekend, a guest in the home of his brother, Ed Thompson and family of the Harmony community. Albert was driving a brand new car and was dressed like a Dallasite should dress.

Being as Albert and the Old He hunted chestnuts and huckleberries together as boys in the New Hope, Tennessee hills, as well as attending the three months' sessions of public school in the summer, we had a talkfest. Ed was only three or four years old when their dad moved the family to Texas.

So, when Albert calls, we always have a lot to go over together. He was not with us long this time, however, just an hour or so of tongue wagging Saturday afternoon.

**AIR FORCE NEWS RELEASE**

A 10-ton trailer containing an exhibit of training materials used by Fourth Army Food Service School for instructing Army and Air Force personnel in correct methods of food-handling will be on display at Brownfield on the 7th of November. The van will be located on the courthouse square and will be open for public inspection from 10:00 o'clock in the morning till 9:00 in the evening.

Charts pictures and several types of Army rations are among the exhibits.

Gasoline-burning stoves displayed come complete with utensils nested in a space-saving pack for easy transportation during combat maneuvers.

A Food Service career man from Food Service School, Fort Sam Houston, Texas, will be on hand to answer questions about military food service and Food Service career program.

Meat cutters, Pastry bakers, and cooks in military service are entrusted with tons of costly food. Technical training in correct preparation is a form of insurance that food will reach the soldiers at its best in appetite appeal.

Courses offered for Cooks, Bakers, Pastry-bakers, Meat-cutters, Mess Stewards and Mess Officers are attended by students ranging in rank from recruit to colonel.

Of course in Spanish, he is Jose Manuel Montoya, but he is so thoroughly American that Joe, plain Joe, suits him much better, and that is just what his friends call him. He inquired Mrs. Fulford's family name. Her dad is a railroad man, and Joe promised to look him up and make his acquaintance.

"Of course, I guess he won't," Mrs. Fulford stated to the writer while she made a business call to the Herald office. On the other hand, we'll bet he does. Joe Montoya is a guy that is going places, much higher than the Lt.-Gov. of New Mexico. And he knows how to make and hold friends.

Yes, Joe will look up Mrs. Fulford's dad, and he'll relate how he met his daughter at Brownfield. A friendship will ripen, and Joe Montoya will get another vote; perhaps several.

But Joe will be so diplomatic that it won't look like he is seeking a vote, and perhaps he won't even feel that he is.

**STARS AND BARS FLIES AGAIN**

BALTIMORE, (AP)—The fad-conscious motorist in this northernmost southern city is replacing the foxtail on his antenna with a new emblem—the Confederate flag. The hawkers of balloons and other novelties is adding quantities of one-foot square Stars and Bars to his line of goods.

No one seems to be able to explain the sudden popularity of the Confederate banners here although they did return to a certain prominence in 1948's political campaign as the emblem of the States Rights Democrats. A wholesale dealer in flags here says his business in the Confederate banners has increased by about 200 per cent in the past six months.

The flags he distributes are manufactured in Verona, New Jersey.

Rough preparation of cotton at the gin is costly to both the gin and farmer. Cotton picked green or wet and taken directly to gin not equipped to handle such cotton may be reduced in value from \$5 to \$35 per bale.

**WANTED TO KNOW ABOUT 3 LICENSES**

LINCOLN, Nebr. (AP)—It was no idle stroll that took the young man in Army uniform to the Lancaster County Courthouse here. With a pretty girl and a clipped white poodle in tow, the man wanted to know where to:

1. Get a dog license.
2. Register his pedigree poodle.
3. Get a license to remarry if his marriage in Germany was not valid here.
4. Get an automobile license.
5. Get a driver's license.

Tulsa, chief clerk of the manufacturing department; J. B. Galbraith of Tulsa, comptroller; H. W. Ladd of Tulsa, superintendent of materials; C. M. Whitmore of Houston, proration engineer; and all district superintendents of the North Texas-New Mexico division.

Also present were 150 prominent contractors and other persons who have given special services to the oil industry, including Carl Wordson of Sundown, superintendent of Denovin Oil Company; Harvey Lee superintendent of Magnolia Oil Company in Brownfield; T. J. Drew of Midland, divisional superintendent of the Texas Company; R. P. The party was given as a tribute to Bechtol, who has been with Stanolind since its organization in 1931. Before joining Stanolind, he worked for Midwest Refining Company which is one of the many companies from which Stanolind Oil Company was formed.

Bechtol, who has been in the oil industry since 1904, has lived in Brownfield since 1940, and from that time until his recent retirement, served as field superintendent for Stanolind.

Although he has no definite plans for the future, Bechtol and his wife plan to continue living in Brownfield.
