Well, what did we tell you? Last week, we had a few words to say about how the socializers would come back after their defeat at the polls and tell us just how it happened, and what to expect in the future. It is a well known fact that the Austin American is just about the only daily in Texas, that goes along with a lot of the left-winger stuff. In a recent issue it makes a lot of what Representatives J. Blake Timmons of the Amarillo district had to say. Timmons of course says that the defeat of the amend-

ments was planned and carried out by Republicans, Texas Regular-Dixiecrats, with the help of the pipeline-petroleum-sulphur lobbies. In other words, according to Bro. Timmons, it was a Big Business day at the polls, and the people played into their hands. And, further, according to the irate state representative, the next step is sales tax to meet needs of bad conditions in our state elementary institutions. There you are in a nutshell. But we talked with not few folks here in Terry county, which we have always considered among the run of the mine people, many of whom supported FDR four times and HST the last time. But they were agin' the amendments, first, last and all the time. Therefore, we don't think BIG business had any more to do with the defeat of the amendments, or most of them, than the hundreds of struggling country weeklies, most of the dailies and a vast majority of clerks, farmers and what have you. Some of the legislators just tried to put a mean one over on the people and failed. So, that's that.

Since the Russos have claimed about every modern invention known, such as the telephone, telegraph, radio, etc., most of us are willing to hand them the lead in at least one profession, or invention, if you like. That one is extreme cruelty methods they employ on their enemies. We can almost say that they might give old Satan a few pointers in this line. Their long suit of cruelties seem to be visited upon churchmen, both Catholics and Protestants, along with the Jewish people. If there is such a place as hades, and we believe there is,

Left Holding the Bag

TERRY COUNTY HERALD, FRIDAY, NOV. 25, 1949

it will be heavily peopled by Russian stalwarts.

Many people are coming to believe that the junketing trips by congressmen and senators are a waste of the taxpayers money. In fact, a lot of people believe they are worse than useless. That the visiting legislators know no more when they come home than when they left our shores. There has been some reports of late that a few, not a majority by any means, have conducted themselves on

such trips in such a way that they not only have made an ass of themselves, but have been a reflection on the government of the USA. In fact, it has come pretty straight, that some of the solons have spent more time in hunting women and wine than they have tried to see what the government appropriations are doing for the folks abroad and in military held Germany. It is said that our representatives, both military and civilian that are over there trying to get those countries on their feet, have been thoroughly disgusted with some of the visiting lawmakers. Still the old idea goes on, and from year to year, more than 100 congressmen and 30 or more senators take these junketing trips at the government's expense.

We still don't think the left-wingers have anything to boast of in the recent New York elections. Since the final analysis have been made the proposition has been boiled down that Senator-elect, Lehman owes his election to three New York counties, with two others fairly evenly divided, but carried by Lehman. This out of 62 New York counties, 57 of which were carried by Mr. Dulles the Republican candidate. But the three that gave Lehman the overwhelming lead were Manhattan with Harlem, Brooklyn and the Bronx, 70 percent of which are foreign born, their descendants along with their alien ideologies. These and two others gave Lehman a lead of about three fourth million votes. In the 57 counties that Dulles carried, which are made up of almost pure American stock, with American ideals, they gave him a lead of over 600,000 votes. Now that American people everywhere, no matter what their former country, or how their name is spelled, know what they are up against in the way of leftists, it is time they wake up to the fact that our nation, with encouragement from the administration is being led into the polyglot ideas of portions of Europe that would be a shame for us to ape. Mr. Truman says this is an endorsement of his socialistic, politically managed, coercive economy. Personally this writer believes that the ideals of the people who elected Mr. Lehman, by less than 200,000 majority, no more represent the ideals of government as put forth by Jefferson, Jackson, and yes, Lincoln than a jackrabbit knows how many eyebrows John L. Lewis has.

We saw a copy of the Lovington (N.M.) Leader recently, and really it was an eye opener to a Texan. We knew that since the new law requiring couples that intended to get married, not only to declare their intentions for a period of time, but also required a physical examination from both, that might take a week or more in some cases, was the reason a lot of them are visiting our neighboring state to get hitched. But we hardly dreamed what met our eyes. In a three day period, Nov. 14-16, ten couples from Texas, some as far away as Snyder, had visited Lovington to buy their license and get married. A few couples were mixed, one from Texas and the other New Mexico, and there was one Tennessee man and a New Mexico lady mentioned as candidates for marriage. Well, maybe our neighbor state is not satisfied with the big drain of dollars from Texas for liquor and beer, and wants a bit more marriage license as well as preacher-J. P. fees. At that rate they are going to town. Now this is not to mention a lot of other New Mexico border towns, such as Por-

tales, Clovis, Roswell, Tucumcari, Raton, etc. And they could be invading Old Mexico, Louisiana, Arkansas and Oklahoma in other sections of Texas. From most any section of Texas, another state or nation is easily reached. So, we don't know whether the law is going to prove beneficial or not. We do know that our county clerk reports a dearth of applications for marriage license in Brownfield since the law went into effect.

As much as John L. Lewis hates President Truman, and as much as Truman hates Lewis, Harry hates the Taft-Hartley act more. And despite the fact that some radio commentators and columnists keep saying that Truman will finally use the T-H act to put Lewis in his place, this has been denied from the White House. You know last fall he promised the voters, especially organized labor that this hateful law would be repealed, but congress did not see eye to eye with the president along this line. In fact, the president has gone beyond the law to appoint a board of counselors or fact finding board to do the work of the law of the land, the T-H law. But there is nothing behind the fact finders to enforce their decisions. Neither labor or management pay very much attention to them. If it suits them to meet with the FF, they do so, otherwise they ignore it, knowing it is just another board. But Harry knows that after basting the law last fall, if he now turns to it to force labor and management into line, that labor will decide he played traitor, and he will lose their votes. And losing votes is one thing that Mr. Truman will not stand for, no matter how it affects the nation.

TEACHERS' PROBLEMS CONSIDERED FLATLY

BALTIMORE—(AP)—Two dozen school teachers heard a lecture on the "The Emotional Behavior of Children" and, aglow with new understanding, marched from the lecture hall to their parked automobiles.

They found there were two flat tires on each of the teachers' cars.

Walter Hord and son Tommy flew to Dallas Wednesday of last week on business.

FINER FEATURES Make GMC Your Best Buy!

Real truck features . . . designed and engineered by truck specialists for the truck business . . . are packed into GMC's light and medium duty line. Gov. Shivers Urges Christmas Seal Buying

AUSTIN, Texas (special)—Gov. Allan Shivers today issued an official memorandum urging the people of Texas to be "generous" in their support of the 1949 Christmas Seal Sale of the Texas Tuberculosis Association and its affiliated county associations. The Seal Sale opened Monday, Nov. 21, and continues through December 25—the period officially designated by Governor Shivers as Christmas Seal Month.

Stressing the fact that tuberculosis is spread from person to person, the Governor praised the tuberculosis control program of the Texas Tuberculosis Association, particularly its projects, and those of county associations, directed at helping to find the estimated 25,000 "unknown" cases of tuberculosis in Texas. These unknown cases, he explained, are those not reported to the health authorities. Many of them are early cases and the people themselves may not know they are ill since tuberculosis has no obvious symptoms in an early stage, he said.

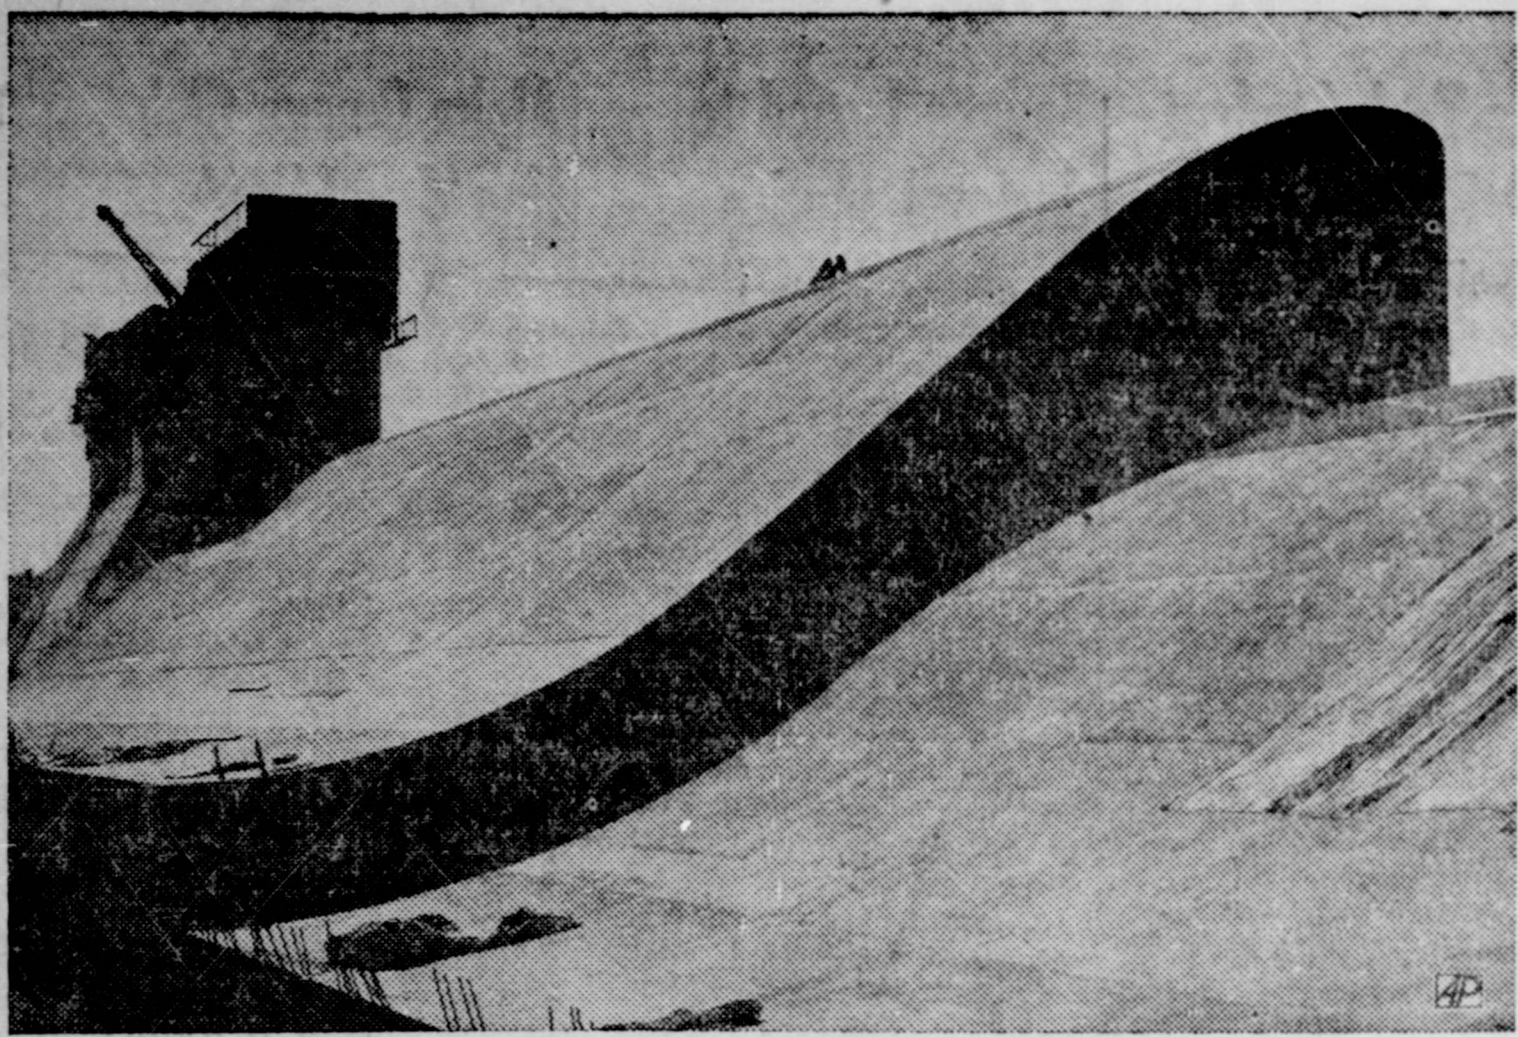

In issuing his official memorandum the Governor said: "The more we support the work of tuberculosis associations, the closer we shall be to victory over tuberculosis. Since the annual Christmas Seal Sale constitutes the sole support of the State and local associations, we take an active part in the fight against this disease every time we buy and use Christmas Seals."

MEXICAN LED TEXANS IN CAVALRY CHARGE

AUSTIN, Texas, Nov. 25—A Mexican led the Texas cavalry charge against his own people at the San Jacinto battlefield.

That is one of the little known Texas history facts revealed in a new book by University of Texas Prof. Carlos Castaneda.

"Fight for Freedom, 1810-1836" is the sixth in a series of seven volumes on which Dr. Castaneda has been working since 1933. The final book will be ready for the press by next Spring.

TO HELP CONTROL TRINITY RIVER—This is the partly finished spillway section of the Trinity River's Benbrook Dam. The 600-ft. is one of four flood-control projects being constructed along the Trinity River in the Fort Worth-Dallas area by the Galveston District of the Corps of Engineers.—(A-P Photo)

CORPORATION CHARTERS NUMBERS 288

AUSTIN, Texas, Nov. 24—Charters were granted to 288 firms with a capitalization of \$5,469,000 in September 1949, the University of Texas Bureau of Business Research reported.

In August 349 corporations were formed with a capitalization of \$8,087,000, and 273 charters with a capitalization of \$5,007,000 were issued in September 1948.

Merchandising businesses received 56 charters in September 1949; real estate, 30; manufacturing, 28; construction, 16; banking and finance, 12; oil, 11; and transportation, 9.

Corporations with a capitalization of \$5,000 to \$100,000 received 154 charters in September. Businesses with a capitalization of less than \$5,000 totaled 74 charters, and 3 charters were issued to firms with a capitalization over \$100,000.

Austria, in 1948, had 69,000 marriages, 119,000 births and 82,000 deaths. The only figure to decrease since 1937 was deaths.

WATCHING OVER CLEO—Sunny Hill's Queen, right, watches over her calf, Sunny Hill's Grand National Cleopatra, at the Cow Palace in San Francisco, Calif., during the Grand National Livestock Show. Cleo, 11 hours and 55 minutes old when her picture was taken, was the center of attraction for the kiddies at the show.

INSPECTORS CAPTURE THREE ILLICIT STILL

The Texas Liquor Control Board inspectors in October reported the seizure of 3 illicit stills.

With the stills, which had a cubic capacity of 165 gallons, inspectors captured 350 gallons of mash and made four arrests. 2 1-4 gallons of moonshine liquor were destroyed.

One still was taken in each of the counties of Smith, Harrison and Marion.

Thomas A. Edison lit the world's first electric light on a Sunday afternoon in October 1879. He watched it burn until Tuesday noon, and then deliberately burned it out by increasing the current

REDS STRESS ANTARCTIC CLAIMS
MOSCOW—(P)—"Red Fleet" says the Soviet public will permit no one to divide Antarctic territories without the Soviet Union. "And," it adds, "they will not recognize as valid a single decision concerning the Antarctic taken behind the back of the Soviet Union."

The Jackson Memorial Research Laboratory at Bar Harbor, Maine, has the world's oldest purebred strain of mice, covering 220 generations. It was started in 1909. The same number of generations in men would have had to start in 3500 B. C.

ELECTED—Harold M. La Font, above, of Plainview, Tex., was elected state representative from the 120th district on the basis of unofficial returns of the recent general election.—(AP Photo)

Tech Expansion Program Continues

LUBBOCK, Nov. 24—Architect's plans for three new buildings at Texas Technological college are expected to be ready when the board of directors meets here Dec. 10.

Pres. D.M. Wiggins said preliminary work on six structures is now underway, but only three will be advanced enough for the board's consideration next month. They are the new Engineering and Music buildings and additions to the Home Economics building.

Plans for a Student Union building and new Science hall will be discussed at a later meeting. Additions to the present Petroleum Engineering building are also in the "drawing board" stage, he said.

The Engineering building will be erected opposite the present structure. A two-story building, it will provide classrooms and offices for mechanical, civil and architectural engineering departments. Additions to the Home Economics building will include classrooms and cooking and nutritional laboratories.

Present plans call for the location of the Music building on the south edge of the campus. Band and practice rooms, an orchestral hall and offices would be included in the structure.

Tech's \$4,000,000 building program was launched this fall with the start of construction of two wings for the Administration

Just How Much Is \$42 Billion Dollar Budget

With U. S. government expenditures estimated at 42,000,000,000 for the fiscal year 1949-50, the question arises, just how much does \$42 billion really amount to in understandable terms.

The family economics bureau of Northwestern National Life Insurance Co. estimates it would make a stack of \$10 bills 240 miles high.

It would equal the combined wages of 1,000,000 manufacturing workers at present average wage rates, for 15 years.

It is a third greater than the total cash receipts for all the produce of America's 6,000,000 farms in 1948.

It is slightly more than the U. S. government spent in World War I.

It is slightly more than the U. S. government spent in the 142-year period from 1776 through the fiscal year of 1917-18, inclusive.

It is more than one-sixth of our present total national income.

It is \$700 per American worker.

It is \$1,050 per American family.

Spending \$42,000,000,000 in a year means spending \$80,000 a minute for 24 hours a day for seven days a week for 52 weeks.

building. They are scheduled for occupancy next September.

Texans in Washington

By Tex Easley

AP Special Washington Service

WASHINGTON, Nov. 25—(AP)—Texas members of congress are doing their part to keep up the population.

They definitely are an exception to the general rule that college-educated family heads have the smallest number of children, that the highest birth rate is among those with the lowest incomes.

A new addition to the family of Rep. Wingate Lucas of Fort Worth and Grapevine, on Nov. 4, makes five children for the strapping, six-foot World War II veteran and Mrs. Lucas. The eldest is an eight-year-old daughter. The youngest is also a daughter eight pounds at birth.

It's a tie now between Lucas and his colleague, Rep. Ed Gossett of Wichita Falls, among the Texas delegation.

The Gossetts also have five children, and their eldest is an

Local Boy on Duty With Army in Japan

CRICASAKI, Japan—Private Joseph E. Smith, 20, son of Mr. and Mrs. J. J. Smith, 1001 North 3rd Street, Brownfield, is serving with Company A, 71st Heavy Tank Battalion, which is the famous First Cavalry Division. This organization is stationed about twenty five miles southeast of Yokohama, Japan on the shores of Sugami Bay, which is a part of the Pacific Ocean.

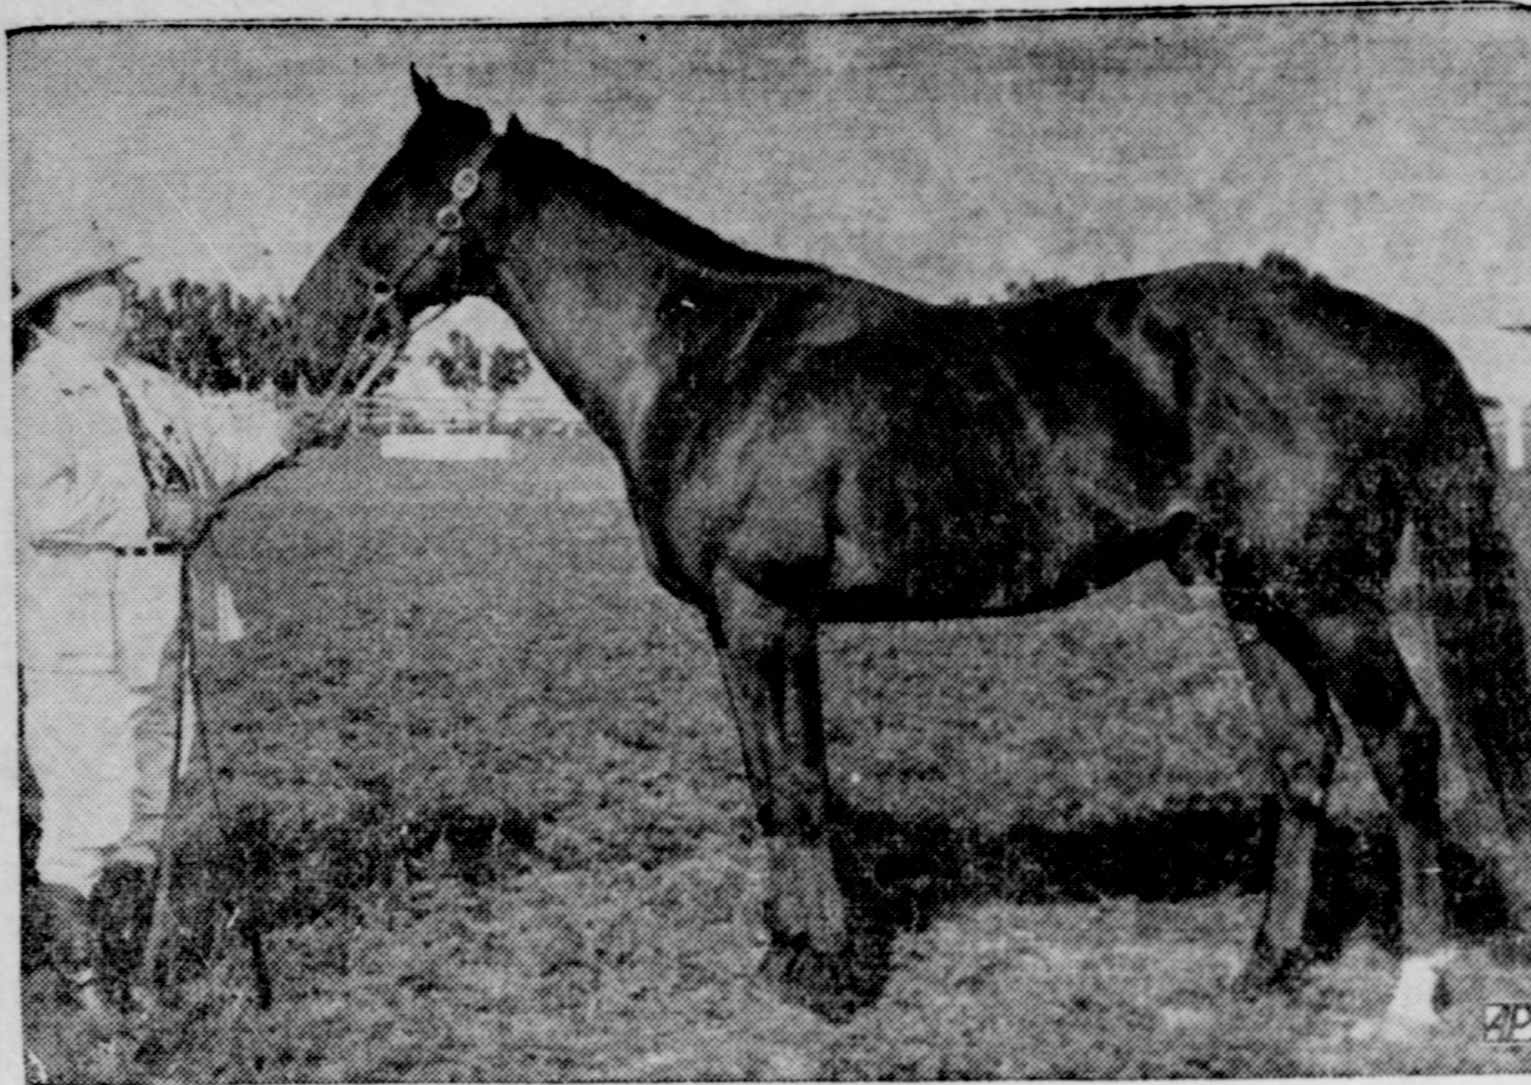

Private Smith first enlisted in May, 1946, and took his basic training with the Navy, where he spent his first enlistment. After completion of his tour of duty in the Navy he enlisted in the U. S. Army, and volunteered for the occupation of Japan, arriving here to take up his occupational duties on September 30, 1949.

Private Smith's duty assignment is that of half-track driver, and he is responsible for the maintenance of his vehicle, as well as driving it on all maneuvers in this unit's schedule. Before entering the service Private Smith worked as an assistant on the staff of Southern Geocollitic Company at Fort Worth. When asked about his future plans, he said that he was undecided, but that he would probably reenlist in the Army.

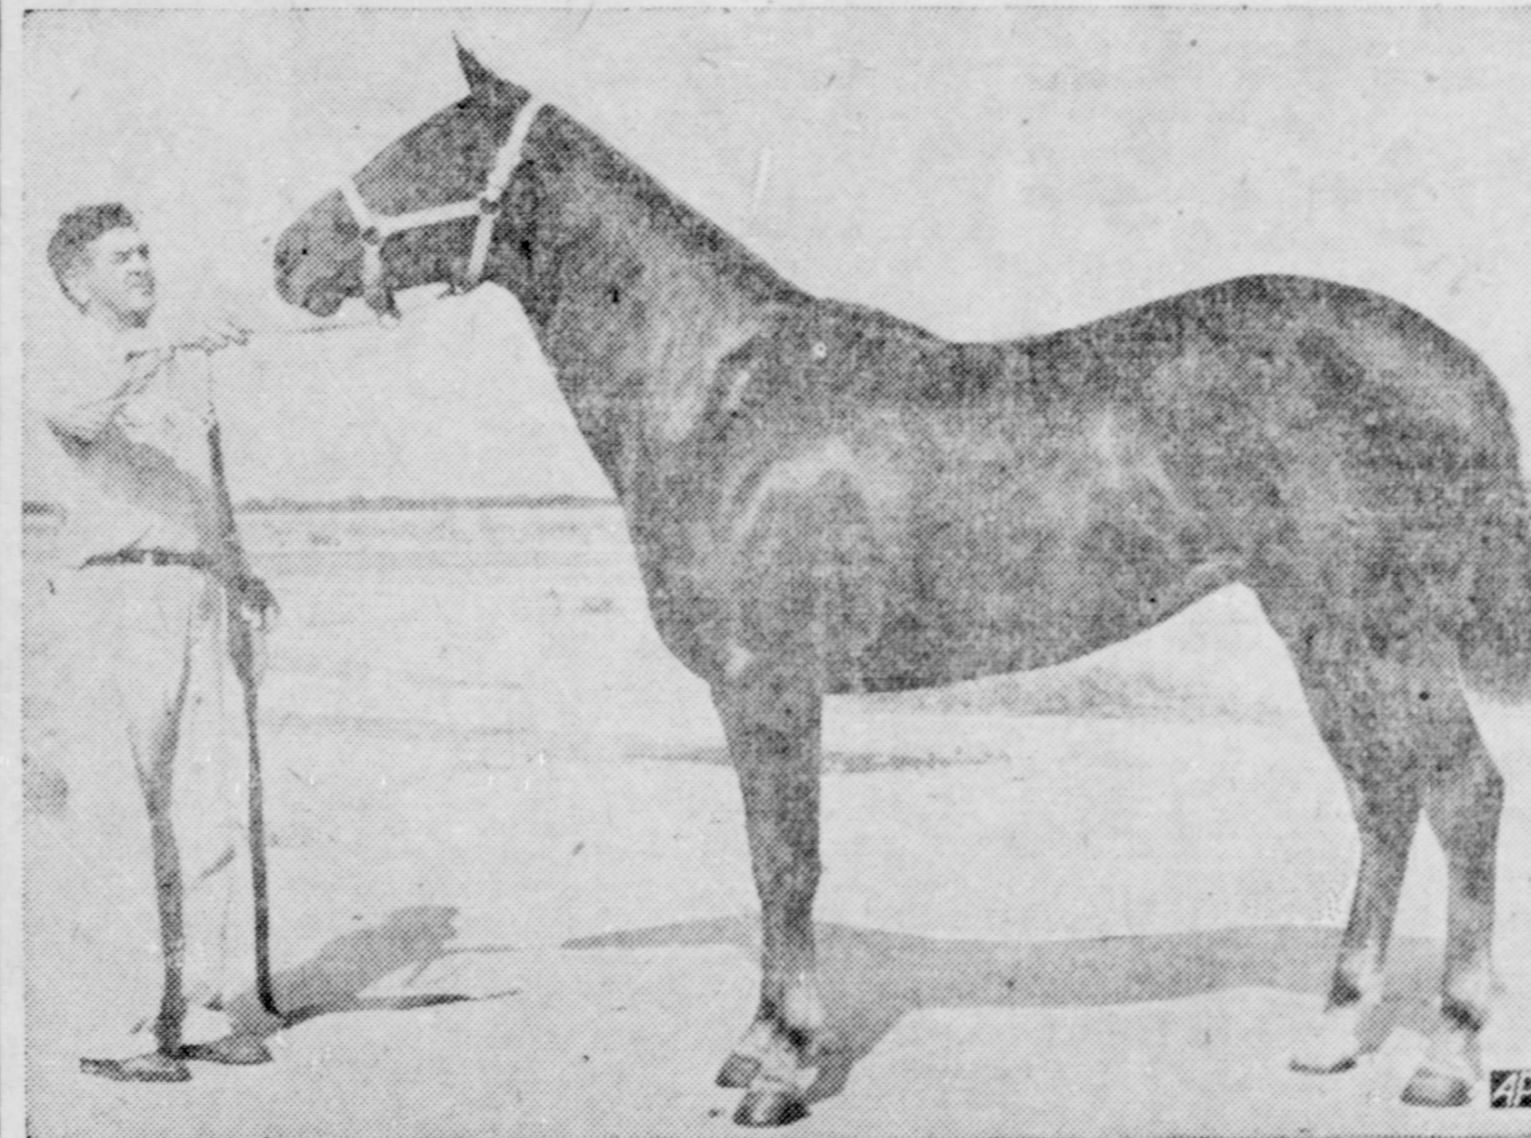

8 year old boy. There are three girls and two boys in each family. The older children in both families are enrolled in public schools here. The Lucases wanted the newest child born in Texas, so they went home for the occasion. Mrs. Lucas' mother is taking care of the other children.

As for the rest of the Texas delegation of 21 representatives and two senators, only four have no children. House Speaker Sam Rayburn is single; the others without children are Reps. Poage, Burleson and Regan. Everyone of them, incidentally is fond of children and they are favorites with the children of their colleagues.

Those with grandchildren are Senator Tom Connally of Marlin, and Reps. J. M. Combs of Beaumont and Clark Thompson of Galveston.

ASSAULT COMES HOME—Assault, six year old triple crown winner of the King Ranch, is shown with veterinarian Dr. J. K. Northway, as he returned to the south Texas ranch to be retired permanently. The veteran campaigner won a total of \$672,520. —(AP Wirephoto)

KING RANCH SQUAW—Grand champion mare is the Quarter Horse Show at the South Texas Fair and Exposition is King Ranch Squaw, shown by Lloyd and T. C. Jenkins of Fort Worth and owned by the King Ranch. At the halter is Leo Price.—(AP Photo)

GI Questions and Answers

Q—As a World War II veteran with a bad conduct discharge, am I entitled to any benefits under the GI Bill?

A—You should contact your nearest Veterans Administration office for a decision as to whether you were discharged under conditions other than dishonorable. Or you may apply to the armed service from which you received review of your discharge under your bad conduct discharge for a Section 301 of the GI Bill.

Q—I am now receiving compensation from VA but feel that I should be getting more. Can you advise me as to who may assist me in presenting my claim before the VA rating board?

A—Any organization accredited under P. L. 844, 74th Congress, any attorney or agent recognized by VA, or a VA contact representative may present your claim before the VA rating board. VA will recognize anyone you want to represent you in your particular claim providing he files a proper power-of-attorney with the office where your claim is located and a statement that no fee will be charged for the service rendered.

Q—I am taking on-the-job training under the GI Bill in a hazardous occupation. Will VA

pay for my hospitalization if I am injured while in training? A—No. Any disabilities incurred while in training under the GI Bill are considered no-service-connected. Of course, if you are otherwise eligible for hospitalization by the VA as a war veteran, you may be furnished such hospitalization in a VA facility if a bed is available.

Nearly All of Us Have Colds

AUSTIN, Texas—Dr. Geo. W. Cox, state health officer declares there's hardly anyone who hasn't caught cold at one time or another. The common cold is common indeed! Besides making you feel miserable, colds steal your time and your money. They fool you, too, because the early signs are often the same as those of more serious illnesses. And long continued colds may pave the way for an attack of pneumonia, tuberculosis, or a chronic infection of the nose, throat, ears, or sinuses. So, do your best to keep from catching cold. And if you do catch one, take proper care of yourself so you can get rid of it.

- When you have a cold:
1. Get as much rest as possible. Stay in bed or indoors for the first day or so if you can.
 2. Keep comfortably warm and dry. If you must go to work, wear clothes that will protect you adequately when you go outdoors, and avoid drafts and sudden chilling when overheated.
 3. Drink plenty of citrus fruit juices, water and other liquids. Eat simple foods which agree with you.
 4. Protect other people as much as possible. Cover your mouth and nose when you cough or sneeze. Use paper handkerchiefs or paper napkins that can be burned. Wash your hands frequently with soap and water.
 5. Blow your nose gently. If you don't, you may force infected material from your nose into your sinuses or middle ear and develop sinus trouble or serious ear infection.
 6. If a cold starts with chills, fever, or aching, or seems more severe, or lasts longer than usual, consult your physician without delay.

FARM CASH INCOME SHOOTS UPWARD

AUSTIN, Texas, No. 24—Texas farm cash income for September 1949 totaled \$253,107,000, rising 42 per cent from August, the University of Texas Bureau of Business Research reported.

Cotton was the greatest source of income, bringing Texas farmers \$163,980,000 during September. Income from cattle amounted to \$16,591,000.

In comparison with September a year ago, farm cash income for September 1949 stepped up 10 per cent.

ENGINEERS PREDICT 1955 PLANE

LOS ANGELES—(AP)—Society of Automotive Engineers' view of the passenger planes of 1955: Speed, 500 miles an hour; load, 50 passengers; cost of plane, 2,000,000.

MAY VOTE ON RAISE IN ATHLETIC AGE

AUSTIN, Texas, Nov. 25—Interscholastic League member schools throughout Texas may be given a chance to vote on a 19-year age limit for athletic competition and a change in the semester rule, if a League legislative advisory council recommendation is approved by the League's executive committee.

Other recommendations under consideration are limitations on member schools' basketball games, prohibiting college tryouts for high school athletes and increasing League membership fees.

VA MAKES URGENT APPEAL FOR NURSES
The Veterans Administration today issued an urgent appeal for nurses for the VA Hospital in Houston.
Patient load of the Houston VA hospital will be much greater in the immediate future under a recent order increasing the number of beds available in the institution to 937. The increase will almost double the number of beds presently available to veterans of the area.
Nurses employed under the expansion program can expect a minimum salary of \$3400 per year, a forty hour work week, thirty days of paid vacation annually, pleasant housing accommodations for single nurses and other attractive working conditions, VA said.
Applicants were asked to contact the Chief Nurse, Veterans Administration Hospital, Houston, Texas.

FILMS ARE AIRED
LOS ANGELES—(AP)—Motion picture films are getting plenty of space on television.
For example, this community now has seven TV stations estimates that 700 westerns and features were transmitted within a single year.
Few late release films have been made available to television, however.

Home Tailoring Leads In County Style Show

Twenty-one women and girls took part in the county coat and suit style show held at the Presbyterian church November 12. Each of the five leaders, who were trained by the State Extension Specialist in Clothing, Miss Mary Roth, wore the suits they made under her direction in a training school last spring. These five women lead in the style show: Mrs. W. J. Moss, Meadow; Mrs. H. R. Fox, Wellman; Mrs. D. D. Qualls, Meadow; Mrs. J. H. Massingill, Pleasant Valley; and Mrs. Lillian Doak, Meadow. These five leaders were taught the tailoring course in four lessons during March and April this year. Four leaders from Yoakum county took the training in Brownfield with these leaders.

Since the training school these women have made other garments for themselves and others. Mrs. W. J. Moss brought a gray tweed coat and Mrs. Lillian Doak bought a tan suit and a wine suit she had made. These garments were on display at the show.

Leaders which these five women trained, who took part in the county style show were: Mrs. J. T. Bryant, and Mrs. Harmon Scales, Wellman; Miss Betty Kinney, Willow Wells; Mrs. A. J. Bell, Harmony; Mrs. M. E. Hinson.

CABLE PROTECTS PIPES
NEW YORK—(AP)—Electricity has stepped to the fore as a protector against frozen water pipes. A special type heating cable has been developed which either can be wrapped around the pipe or buried alongside it. Connected to a house lighting outlet, it holds the temperature in the vicinity of the pipe high enough to prevent freezing. Current consumption is low.

Texan Will Direct National Truckers

HENRY E. ENGLISH

Austin (Spl.)—A Texas man, Henry E. English of Dallas, was elected president of the American Trucking Association at the truckers' national convention in Boston, it was announced this week.

English, who started out in the transport business in 1929 with a second-hand touring car and is now president of Red Ball Motor Freight, Dallas, terms trucking "a business nobody knows."

"Even truckers, men who are intimate with the business, seldom realize how important the industry 'that just grew up' is to the nation's economy," he said.

"There are approximately 7,500,000 trucks in this country today. "Though trucks constitute only 17 per cent of the total number of vehicles, they pay over 30 per cent of the taxes on roads."

The newly elected president of ATA has held an office in the national trucking organization for the last ten years and is past president of Texas Motor Transportation Association and a member of the association's board of directors.

BROWNFIELD, TEXAS, FRIDAY, NOV. 25, 1949

Brownfield H. S. Puts on Program

The student council of the high schools of this district are having an exchange of assembly programs this year to create a more friendly feeling among the high schools. Brownfield high students put on a program for the Lubbock high school assembly Thursday morning of last week.

Dale Cary, vice-president of the student council here was the star of ceremonies. The program consisted of a trombone solo by Lyle Shelton; two vocal solos by Ann Snedeker; Jack Holmes was announced as the cutest girl of B. H. S. and did a good performance of Minnie Pearl; a recruiting skit was performed by Jerry King, Gilbert Nunn, Donald Anders, Doc Scudday, and Robert Wilgus; Freida Anthony and Carol Dale Brady gave a tap dance duet; a vocal sextette presented two vocal numbers. In the sextette were Ann Snedeker, Dorothy Albert, Nancy Weir, Peggy Black, Mary Alice Moore, and Ethelyn Bucy. Joan Machen was the clown throughout the program.

The Lubbock, Midland and Odessa high schools have already put on programs here for the high school.

Music Teachers Will Present New Program

Several music teachers in Brownfield will launch a new radio program "Stars of Tomorrow" Saturday, November 26, at 9:30 a.m., over the local station. The program will be presented at that same time each week, and will be composed of local musicians.

Saturday's program will feature Mrs. Wayne C. Hill, who will sing a group of familiar and classical songs.

Local teachers who have charge of the program are Mesdames John Luckie, Richard Young, Mae Dallas, and Grace P. Wood. The programs will be presented by their voice and piano students.

THOS. CARGILL FETED ON TENTH BIRTHDAY

Mrs. Henry Cargill honored her son, Thomas, on his tenth birthday November 21 with a party from 3:30 p.m. to 5 p.m.

Birthday cake and soda pop were served to Kay Arthur, Bobbie Ann Garner, Wanda Jay Barrett, Patricia and Russell Jackson, Evelyn Jo Lyles, Pat Swann, Jimmy Sherrin, Mont Muldrow, Billy Jo Green, Ellis Cox, Wendall Newman, Glen Chesshir, Thomas Conway, Joe Allen Colbert, Eldon Johnson, Johnny Taylor and Joe Cloud.

Plate favors were racer cars for the boys and miniature dolls for the girls.

KOLONIAL KARD KLUB MET NOVEMBER 18

The Kolonial Kard Klub met November 18 in the home of Mrs. Mike Barrett.

Breakfast was served to Mesdames Walter Hord, Jack Shirley, Ike Bailey, Roy Wingerd, C. C. Primms, Money Price, A. A. Sawyer, Phil Gaash, E. C. Davis, N. L. Mason, Bob Tobey, and R. C. Norris.

Mrs. Shirley was high scorer and Mrs. Wingerd was second high. Mrs. Primms scored high for the guests.

LOCAL WOMEN'S MOTHER HONORED ON BIRTHDAY

Mrs. Jess H. Harris of Comanche, mother of Mesdames Roy Collier and Lee Orvill Lewis, and G. C. Ellis, all of Brownfield, celebrated her 80th birthday recently and was honored with an open house from 3 until 9 o'clock. Approximately 50 relatives and friends called.

A lace cloth covered the dining table and the centerpiece was a bowl of small chrysanthemums of white, orchid yellow and rust. Coffee, hot spiced tea and cake were served. She received many nice gifts and cards. Mrs. Collier was the only daughter from here who was able to attend.

Etta Ann McCracken of Odessa visited her cousin, Annie Grace Nicholson, here Friday and attended the Odessa-Brownfield football game.

Members Will Attend District Convention

Several members of the ladies auxiliary to the local post of Veterans of Foreign Wars plan to attend the district 7 VFW convention in Lubbock this week end, November 26 and 27, Mrs. A. H. Pierce, president of the local auxiliary said Monday.

Registration will begin Saturday, November 26, and will continue through Sunday. A dance, to be held at the post home at 34th Street, and Avenue N in Lubbock will be on the program for Saturday night.

The Coolettes, an honorary organization within the VFW auxiliary, will play hostesses to auxiliary members Sunday morning at a breakfast in the home of Mrs. W. H. McDonald at 3516 Twenty Seventh Street.

A joint meeting of the comrades and auxiliary members will be held at 10 a.m., followed by a luncheon served at the post home, Sunday.

Beginning at 2 p.m. Sunday, there will be a closed meeting of instruction for auxiliary members. All departments officers will be present, as will the El Paso drill team. Mrs. R. O. Moore of Lubbock, district 7 auxiliary president, urges that all members attend the convention.

MRS. HOWZE HOSTESS TO DELPHIAN CLUB

Mrs. Harmon Howze was hostess when the Delphian Study Club met Monday at the Esquire Restaurant.

Mrs. L. D. Spradling had charge of the program "Environment is the Barometer of Happiness," which was given by Mrs. James Warren.

Final plans for a country style dance, to be given Tuesday, November 29, at Veterans Hall, were discussed. The dance committee is headed by Mrs. Sawyer Graham, and is composed of Mesdames Ted Hardy, Herbert Chesshir, Ken Sadler and James Warren.

Refreshments were served to Mesdames Robert Baumgardner, Wayne Brown, Crawford Burrow, Leonard Chesshir, Herbert Chesshir, Graham, Hardy, Sadler, Lewis Simmonds, Spradling, Warren, Crawford Taylor, Claud Buchanan and Martin Line. Mrs. David Nicholson was a guest at the meeting.

MRS. DICK CHAMBERS ENTERTAINED CLUB

Mrs. Dick Chambers was hostess to the Friday Afternoon bridge club November 18.

Pecan pie and coffee were served to Mesdames Sam Teague, R. E. Kiofanda, M. J. Craig, Jr., George O'Neal, Phil Gaash, Tommy Hicks, Clyde Truly, and Coleman Williams.

Mrs. Williams won high prize, and Mrs. Truly won low. Bingo prize went to Mrs. Kiofanda.

RETURNS FROM VISIT

Opal Fitzgerald returned Monday from California, where she visited friends and relatives for two weeks.

While in Rio Vista, Calif., she and her sister, Mrs. Ted Stokes, whom she was visiting, celebrated their birthdays together.

Gee Gee's Chit Chat

So many things to be thankful for. Big things and little things. Most of all for being Americans, with the right to do and say and think what we please. The right to gripe at the butcher because his Thanksgiving turkey and ham cost too much money. At least we have turkey and ham. Sometimes, when the cost of living gets so high and the deeds of some of our statesmen get so low, maybe we forget to be thankful for what we have. But we still have it pretty good and let's remember it. Not just Thanksgiving, but always.

And while I'm in that frame of mind, my grateful thanks to Mrs. Walter Hord for "subbing" for me last week while I had the flu.

With Christmas just around the corner (and if anything makes me mad, it's the people who say "I have my Christmas shopping ALL finished") don't ignore the sheets of stamps that you receive from the local Tuberculosis association. And by that I mean: don't toss them aside without sending in your contribution to Ruth Huckabee and DON'T TOSS THEM ASIDE period. Use them on all your Christmas packages and your correspondence. Use them and use them and use them and if you run out, there are some more to be had. Also available are mailing labels bearing the familiar seal. These tuberculosis seal stamps are also valuable to add to your stamp collection. I understand that some people have an extensive collection of nothing but tuberculosis seals. There's an idea for an interesting hobby, and one that will help one of the most worthwhile organizations in the world. Tuberculosis is one of the world's biggest killers, especially in Europe, and it must be stamped

out. Please, please give generously to this cause. The tubercular person whom you help may be some of your family. Or a friend, or you. So when you get your stamps, buy them and use them.

Like to have a recipe for using up leftover turkey, dressing, cranberry sauce, fruit salad, mashed potatoes, and mince pie? So would I. And so would a lot of people. But if you're tired look at it and you have a home freezer, sack it up in aluminum foil, and come next April, it might make pretty good eating.

Week before last, we had already gone to press when we learned that Dr. W. A. Robertson was named one of the 50 dentists in the state who were chosen to attend a cancer clinic at Houston November 13-15. We were sorry to have not gotten it in. And even sorer, when, early this week I saw "Rock" and asked him what he knew. "If I told you, you wouldn't put it in the paper" was his snappy reply. Truchay, as Jimmy Durante would say.

One of the finest projects we've heard of lately is the Christmas Extra School which is to be sponsored by the Brownfield Chamber of Commerce in co-operation with the Distributive Education Department of the local high school. This school is designed to instruct all persons who plan or hope to work as extra help in local stores during the Christmas rush in sales promotion, package wrapping stock arrangement, etc. Not only will this help the new personnel, but it will lighten the load on the employer, if the new workers know where they are with stock, sales slips, etc.

And don't forget, kiddies, that old Santa Claus with his sleigh and reindeer will be in Brownfield Saturday, December 3, for the big Jaycee Christmas parade!

All Nylon.... All Aboard!

This is the dress you've dreamed about! We think Donovan of Dallas has created the Wonder Fashion of 1949! This Prima Donna dress is fashioned of INDESTRUCTIBLE BUTTERFLY NYLON by National Mallinson. It is sheer and airy, with air spaces (that allow it to "breathe") in its different, wonderful weave. It launders so easily—dries back into its pristine crinkly look without any ironing. A boon to travellers and girls with a job... prized for its simple good lines, its timely fashion, its eternal freshness. Black, brown, navy. Sizes 10 to 20.

BROWNFIELD, TEXAS

NEW TYPE SIGNS ARE NOW TO BE SEEN ON TEXAS HIGHWAYS

AUTIN, Nov. 21—A few months ago a new type of highway sign, an advisory speed sign designed to aid traffic safety, made its appearance on Texas main highways. This was part of the Texas Highway Department's program of informing motorists of the maximum safe and comfortable speed on curves and turns which are not considered safe to travel at speeds above 50 mph. It is a sign with a yellow background and black numerals and letters and is placed below curve signs.

The speed indicated on the sign is not the maximum at which a turn may be taken, but is the maximum at which the average car can take the turn without an uncomfortable side-throw of its passengers and still stay on its side of the road.

The Governor's Highway Safety Conference held last spring recommended that the Texas Department institute a program of speed zoning and marking curves with safe speeds, and these signs are a result of that recommendation.

Motorists using speeds indicated on the signs are enthusiastic in praise of them. Letters commending the signs as part of the highway safety program are received daily in the Austin office of the Texas Highway Department.

Marine Corps Enlistments Open Despite Quota Cut

The Marine Corps wants top men and women for recruits and would prefer younger men and women so that they may give more services to the corps, Sgt. W. N. Burnette, non-commissioned recruit chief of the Lubbock area, said in Brownfield last week.

M-Sgt. Burnette, in summarizing his mission here, said the corps was seeking men and women who wished to make a career of Marine work.

"We are a proud outfit," the recruiter said, "and intend to stay that way if we enlist a bunch of misfits. We can afford to be choosy because of limited recruiting quotas."

The Marines' recruiting quota was cut approximately 40 per cent October 1, M-Sgt. Burnette said and requirements for enlistments have been increased and made more rigid.

In order for a man to enlist in the corps, he must be between the ages of 17 and 28 years, pass a thorough physical and mental examination and be accepted by Dallas headquarters. Women must be between 20 and 30 years of age, unmarried, high school graduates and without dependents.

"The Marine Corps is pretty

well a handpicked outfit and we intend to keep it that way, M-Sgt. Burnette said.

"We want men and women who want to make a career of the Corps. A man can join the outfit now at 17, retire at 57 years of age after 20 years of service, still a young man," the sergeant said.

The service with the Marines offers practically every type of training plus correspondence courses that can be taken with the object being either completion of high school education or accumulation of college degrees.

Sgt. Burnette's office is located in the Post Office Building, Lubbock, where he keeps office hours from 8:00 a.m. to 4:30 p.m. week days and from 8:00 a.m. to 12:30 p.m. Saturdays. He will be in the Brownfield Post Office the 1st and 3rd Thursdays of each month from 9:30 until 11:30 a.m. to interview applicants for enlistment here.

Preparations For Christmas Are Now Well Under Way

Folks, you only have to half open your eyes to see that the Christmas season is just in the offing here in Brownfield. The decorators have begun to make the windows of the stores look Christmasy, and people are beginning to talk about what to get for cousin Maude, uncle Jerry and aunt Minnie.

But most of the business firms are getting the Thanksgiving Day thoughts off their chests and will therefore slash into the Christmas season next week and on through the holidays, which will include Happy New Year greetings.

Christmas Parade Coming Up

The Junior Chamber of Commerce is preparing a real thrill for the small fry here on Saturday night, Dec. 3. And maybe a lot of us older ones might get a kick out of watching the bugging eyes of the youngsters, if it

does not indeed make us call back a few years. There will be a real sleigh pulled by eight reindeer, a Santa and the Sr. and Jr. bands, as well as the Sheriff's Posse.

Climaxing the holidays, will be a Treasure Hunt staged by the Jaycees here on December 20th. Going on from there, and taking up the usual customs, will be the prizes of \$25, \$15 and \$10 in the best decorated home contest. This alone has caused many excursions by parties in cars over the town before and after Christmas to see the beautifully decorated homes in the city.

Serving as committeemen in the Jaycee Christmas affairs will be a bunch of live wires with Lewis Simmonds acting chairman, and others consisting of Conrad Vernon, Bob Toby, Crawford Taylor, David Nicholson and Frank Szydloski.

Damage from early killing frosts in the fall, or the spring for that matter, can be avoided generally by covering plants with newspapers.

Many Draftees Being Classified

AUSTIN, Texas, Nov. 23—A total of 10,558 men of draft age were classified and 5,420 18-year-olds were registered by the state's 137 selective service boards during October.

This was revealed in the monthly reports of the 137 local boards to the state director of Selective Service—consolidation of which was completed at state headquarters here last week.

Colonel Pal L. Wakefield, state director, commenting on the state of readiness of the state Selective Service System to deliver men in case of emergency, said that reports showed that 1,357 men could be inducted after 10-day notice. The state director said that reports showed that Texas has a pool of nearly 42,000 men who

The Radio Pioneers, formerly the Twenty Year Club, is an organization of veterans associated with broadcasting and radio in general.

could be sent for armed forces physical examinations prior to the legal induction process.

"This group of men could be sent for armed forces mental and physical examinations as fast as the armed forces could handle them," Col. Wakefield said. "These are the men which our local boards say are fit for military service."

The local board reports showed that Texas had registered 514,594 men under the provisions of the Selective Service Act of 1948 by the end of October. At the same time the local board members had classified 336,161 of these men.

50 WAYS NEW FORD for '50

The one fine car in the low-price field

Yes, the 50-way-new '50 Ford is the one fine car of the low-price field. It's the only low-priced car designed in perfect 3-way balance... with (1) top fashion car styling... with (2) top power in the new 100 h.p. V-8 and 95 h.p. advanced Six... and (3) top provision for roomier comfort. But your Ford Dealer is the man to see, he'll let you drive it!

<input type="checkbox"/> New front-seat springs of non-sag construction are firmly buoyant for restful posture.	<input type="checkbox"/> New foam rubber front-seat cushions hold their shape, provide added comfort.	<input type="checkbox"/> Style note—that's the new, rich Ford medallion on hood and rear deck—it's beautiful!	<input type="checkbox"/> New rotary door locks as in costlier cars—doors close silently and securely.	<input type="checkbox"/> New ornamental deck-lid handle forms attractive frame for license plate.	<input type="checkbox"/> Deck-lid latch, too, is new. Luggage Compartment opens with finger-tip ease.
<input type="checkbox"/> New rubber seals and molding on windshield and back window add snugness.	<input type="checkbox"/> Arm-rest door closer now provides a finger-fit grip to close doors easier.	<input type="checkbox"/> Touch-button latch. Yes, a touch on the button is all it takes. Sleeves can't catch.	<input type="checkbox"/> New exterior handles, anchored at both ends, have the grace of fine silverware.	<input type="checkbox"/> New colors—your choice of 11. They're baked on to keep that "Showroom Complexion."	<input type="checkbox"/> Additional strengthening at 13 vital points increases safety of famous "Life-guard" Body.
<input type="checkbox"/> Long life has been added everywhere to the engine, frame, and body. That's Ford quality!	<input type="checkbox"/> Parking lights are now re-positioned and re-styled—another touch of beauty you'll like!	<input type="checkbox"/> New streamline details in good taste bring new beauty to the "Fashion Car."	<input type="checkbox"/> New bumper guards and new bumper support arms keep you safer... in style.	<input type="checkbox"/> Head ornament of new design adds a touch of distinction to Ford's famous beauty.	<input type="checkbox"/> "Magic Air" Heater for 1950 has higher speed motor to increase air flow 25%.
<input type="checkbox"/> New fabrics are a decorator's dream—your choice of long-wearing broadcloth or mohair in rich clear colors.	<input type="checkbox"/> Horn ring is smart looking and of new shape to prevent snagging of sleeves or lady's bracelet. Needs only a touch.	<input type="checkbox"/> New pistons—super-fitted and designed to start more quietly, run more quietly.	<input type="checkbox"/> New 3-blade fan—it's designed to scoop in more air of a slower, quieter fan speed.	<input type="checkbox"/> New lined luggage locker offers more baggage space than any other car at Ford's price.	<input type="checkbox"/> New rear bumper has rib and new mounting arms for greater protection against impacts.
<input type="checkbox"/> New timing gear—it's made of new "hushed" material for extra engine quiet. Try to hear it!	<input type="checkbox"/> New camshaft—its lobes are specially designed for quieter, more efficient valve operation.	<input type="checkbox"/> Finer Six, too—95 h.p.—the most advanced Six you can buy. Gives greater economy.	<input type="checkbox"/> New concave instrument knobs have brilliant, new contrasting colors.	<input type="checkbox"/> Interior light switch now located on instrument panel. It saves groping in the dark.	<input type="checkbox"/> Improved front suspension with new torsional stabilizer adds to Ford's roadability.
<input type="checkbox"/> New color styling in a steering wheel that's a pleasure to touch. Positive grip.	<input type="checkbox"/> Automatic courtesy light goes on when you open either of the front doors.	<input type="checkbox"/> More head room results from new bows that hold top lining across full width of roof.	<input type="checkbox"/> New interior appointments—Smart ornaments. New rich treatment on door panels.	<input type="checkbox"/> Brake pedal is well away from steering column to allow greater driving freedom.	<input type="checkbox"/> New wider sun visors for more protection from glare—more safety when sun is low.
<input type="checkbox"/> Deafener openings are 44% wider and air-flow rate is 25% higher—for wider vision.	<input type="checkbox"/> Interior light switch now located on instrument panel. It saves groping in the dark.	<input type="checkbox"/> Improved front suspension with new torsional stabilizer adds to Ford's roadability.	<input type="checkbox"/> Smart hardware, inside and out, has been designed to give you more than beauty.	<input type="checkbox"/> New double-walled glove compartment door has new piano-type hinge. Looks and works better.	<input type="checkbox"/> New floor coverings in both front and rear, are made of rich and durable materials.
