

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

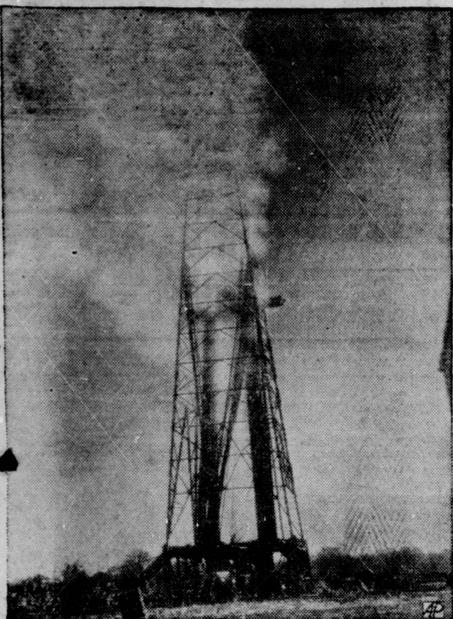

Best Advertising Medium

The Herald has the largest paid in advance circulation of any weekly newspaper on the South Plains.

VOLUME 45

BROWNFIELD, TEXAS FRIDAY, MARCH 24, 1950

NUMBER 35

WILDCAT BLOWS OUT—A fine spray of oil and gas is spouting from this wildcat oil well that blew out near Tyler, Tex. A nearby school disbanded classes and police evacuated an area of one-square mile, hoping to keep the mist of oil and gas from igniting. The well is the Bobby Maniel No. 1 John Campbell, a Paluxy formation discovery. It had been drilled to 8,000 feet. (AP Photo)

Plans In Making For JC Calf Show

Plans for the annual Junior Chamber of Commerce calf show to be held April 22 were announced this week by Lester Buford, general chairman of the show. Other members of his committee are R. N. McClain, who is calf superintendent, Jake Geron, swine superintendent, and Jim Foy, assistant chairman.

Judge for the show will be Ray Mowery of Texas Technological college in Lubbock. Judging will begin at 1:30 p.m., April 22, with the auction following at 3 p.m. Kenneth Bozeman of Lubbock will be auctioneer for the show.

The calves will be classed as usual, according to market classes, with ribbons and prizes being given for the choice, good, and medium calves. The choice calf will be named grand champion of the show.

Buford said that the last three years of the show have proved that about one fourth of the calves fall into the choice group, one half of the calves fall into the good group, with the remaining one fourth of the calves falling into the medium group. He said they expect between 30 and 40 calves to be entered this year.

In the barrow (swine) group, places in both the light and heavy classes will be given from first to tenth places. Ribbons and prizes will also be given in the barrow group. The first place barrows in both the light and heavy group will then compete for grand champion of the show.

Buford said probably 25 to 30 barrows will be entered. Each person entering calves or swine in the show must have their entrants at the Jaycee show barn by 10 a.m. April 22. Alfred Gord, who is in charge of weighing in, has not yet announced where the calves and swine will be weighed, but the place will be given later.

Buford said that the Jaycees expected this year's show to be the best they have ever staged.

Dr. W. A. Robertson is president of the Jaycees.

Three Escaped Injury In Fire

A mother and her two young children narrowly escaped serious injury Sunday when fire broke out in their trailer house at the Moore Camp at 201 E. Main.

Mrs. Levi Meadors Jr., and her two daughters, Marian Lee, 3½, and Pamela Kay, 1½, were treated at Treadaway-Daniell hospital for burns about the arms and legs. They were not hospitalized.

Cause of the fire was unknown. Mrs. Meadors discovered the blaze when she returned home from the grocery store at about 6:30 p.m. Sunday. The two children were alone in the trailer at the time. Mrs. Meadors screamed for help, and Roy Clark, a filling station attendant, went into the burning trailer and rescued the children.

The Meador trailer was completely destroyed, and a trailer just north of it was damaged on one side.

Mr. Meador is employed as a truck driver.

Funeral Services Held for A. W. Early

Last rites were conducted in O'Donnell at 3 p.m. March 17 for A. W. Early, 70, who died at his home here March 16, following a long illness.

Mr. Early had been a resident of Brownfield for four years, having lived in O'Donnell for 15 years before moving here. He was a retired farmer.

Funeral services were held in the O'Donnell Methodist church. The Rev. E. H. Crandall of Lubbock officiated, assisted by the Rev. A. J. Franks of Brownfield and the Rev. Alby Cockrell of O'Donnell. Burial was in the O'Donnell cemetery, under the direction of the Brownfield Funeral Home.

Survivors include his wife; three daughters, Mrs. Laura Brunson of Lubbock, Mrs. Addie Vandell of Brownfield, and Mrs. Maggie Mixon of Woodson; a son, James V. Early of Fort Worth; and eight grandchildren.

Fabric Mart To Open Saturday

Every woman in Brownfield and Terry county will have a chance to receive a free dress or free draperies Saturday, March 25. This special opening offer is being made by Mrs. Roy Fleming and Mrs. Homer Winston, who will open the Fabric Mart in the Fleming Typewriter and Gift Shop at 208 S. Fifth at 9 a.m. Saturday.

Mrs. Fleming has been operating her gift shop in Brownfield since last fall. Mrs. Winston was formerly employed at the Fair Department Store here. Both women have had experience with materials.

A full line of all sorts of dress prints, as well as sutting, draperies and linings will be carried. Mrs. Winston, who will manage the fabrics department, said that they hoped to carry all sorts of sewing notions, such as shoulder pads, buttons, thread, etc., in the near future.

The public is cordially invited to attend the opening of the Fabric Mart. An advertisement in this issue of the Herald gives in detail some of the Easter specials.

PROGRAM GIVEN BY BHS CHORUS

Members of the Brownfield high school chorus presented an assembly program at the Levelland high school Monday at 10 a.m.

Soloists for the chorus were Ann Snedeker and Martin Line Jr. Bobbie Helen Bryan is accompanist for the chorus.

The group is under the direction of Richard Young.

Mrs. Chad Tarpley and daughter Joan, are in Dallas this week on business.

BIG AND LITTLE SHOTS—Louie Miller, 19, of Central high of Oklahoma City and Richard Zeek of Lamesa high, Lamesa, Tex., pose before taking their turns in the shot-put preliminaries at the Southwestern track and field meet in Fort Worth. Miller, largest entry in the high school division weighs 349 pounds while Zeek weighs only 160 pounds. (AP Photo)

Program Announced For Band Benefit

Leah Jackson, general field director of the Midwestern area in St. Louis, Mo., American Red Cross, will be a special guest at the Red Cross benefit band concert to be presented March 30 at 8 p.m. in the high school auditorium by the Brownfield high school bands and chorus.

The concert is being presented by the bands and chorus to benefit the 1950 Terry County Red Cross Fund campaign. Admission is one dollar, and all proceeds will go to this year's fund. The quota for Terry county for 1950 is \$3222.

Richard Young, director of the band and chorus, has announced the following program: "We Thank Thee Lord"; "Oh Jesus Grant Me Hope and Comfort"; "Go Down Moses"; "Angels of Mercy"; a soprano solo by Ann Snedeker; "Sylvia"; and "With a Hey and a H and a Ho-ho-ho," all by the high school chorus.

The junior band will then play the following numbers: "Chorale" by Bach, "Junior Band March," "Shadowland Waltz," "Carnival King Overture," and "America the Beautiful."

Closing the concert, the senior band will play "Come Sweet Death," a chorale by Bach; "Nobleman March"; "Mountain Majesty Overture"; "Gianini Mia," a soprano solo by Ann Snedeker; "Lt. L'Arliessene Suite" by Fardell; "Marcho Poco," a concert march; and "The Star Spangled Banner."

Tickets for the concert are now on sale at the chamber of commerce office, the Herald and News offices, the county superintendent's office, and with members of the bands and chorus.

The public is cordially invited to attend.

Eleanor Lynn Cary To Present Program

Eleanor Lynn Cary will be the artist on the "Stars of Tomorrow" program to be presented over KTFY Saturday at 9:45 a.m.

Her piano selections will be "To A Wild Rose" by McDowell, "Sonata in G Major," first movement, by Haydn, and "Valse Brillante" by Mana Zuca.

She is a student of Mrs. Richard Young. Her parents are Mr. and Mrs. Tracy Cary.

Canyon Man Will Conduct Clinic

M. J. Newman, director of the West Texas State Teachers college band at Canyon, will conduct a band clinic for the Brownfield high school band here Mar. 31, according to Richard Young, director.

Newman will hold clinics for both the junior and senior bands, Young said. It will be an all day session. He will clinic members of the senior band for the contest to be held in Canyon April 26.

The last formal concert of the year will be presented by the band April 24, according to Young.

Mrs. Bernice Huckabee visited her son, Du Bois, and wife in Snyder Sunday.

Mar. 25 Deadline For Board Filing

Local Boys Win Places In Shows

J. D. Moore, a vocational agriculture student at Brownfield high school, won first place in the light barrow division at the Junior Livestock Show at Lubbock Tuesday. He received 25c per pound for the barrow.

Second and third places were won by Glen Reid in the heavy division in the same show. He received 21c and 24c per pound for his swine.

Max Miller placed tenth and 25th with two club calves in the show, and received 34c per pound for both calves.

Another VA student was paid 19c per pound for a pen of three Berkshires, that were placed second in the show.

Senior Class To Present Plays

The senior class of Brownfield high school will present two one-act plays tonight (Friday) at 8 p.m. at the high school auditorium. Admission is 60c for adults and 30c for students, and the public is cordially invited to attend.

"Automatic Man," a hilarious comedy involving a robot, will be presented first. The cast includes Dick Proctor, Donald Moore, Don Andrews, Phyllis Boshear, and Bobbie Helen Brian.

The second play, "I'm A Fool," is a comedy about horse races. The cast is made up of John Thompson, Janelle Thompson, Marie Perkins, Annie Grace Nicholson, Wanda Collier, Lyle Shelton and John Lee Bailey.

Sponsors and directors of the plays are Otis Davis and Mrs. Ruth Dykes.

Proceeds from the plays will defray expenses of the annual senior class trip.

C of C Board Meeting Set

There will be a meeting of the board of directors of the Brownfield Chamber of Commerce in the district court room Tuesday, March 28, at 7:30 p.m., according to Wayne (Red) Smith, manager of the chamber of commerce.

The purpose of the meeting will be the appointment of a nominating committee to select candidates for the forthcoming election of nine new board members.

Outgoing members are C. G. Griffith, Paul Campbell, E. G. Akers, W. E. Latham, Homer Winston, J. O. Gillham, R. J. Purcell, Hiram Parks and George Wade.

H. B. Virgil Crawford is president of the organization.

VFV BINGO PARTY SLATED TONIGHT

The public is cordially invited to attend a bingo party, being sponsored by Hand Bros. Post 6794 of the Veterans of Foreign Wars, Friday, March 24, at Veterans Hall at 7:30 p.m.

Proceeds from the bingo party, which is to be a monthly feature from now on, will go to the building fund.

The post has recently purchased a four acre plot southeast of the city limits for the construction of a new home.

Mrs. Roy Fleming is in Dallas this week on business.

Hubert B. Thompson of 821 E. Cardwell has filed his name with Terry county school clerk, Raymond Simms, as a candidate for trustee in the trustee election to be held Saturday, April 1. Thompson has farmed in Terry county for several years.

L. V. Alexander of the Johnson community has indicated that he will also be on the official ballot, but has not completed his filing at the time we go to press. Also indicating that he will be a candidate for re-election is Harlan L. Glenn, whose term expires this year.

The other vacancy on the board is R. D. Jones Sr., who resigned last year. Midnight, Saturday, March 25, is the deadline for filing for the election. The election is to be held in the office of the county superintendent, Lee Fulton.

Trustee elections will also be held at Wellman, Union, and Meadow school districts on April 1.

Nancy Wier Wins District Contest

Miss Nancy Wier, daughter of Mr. and Mrs. Frank Wier, won first place in ready writing, Mar. 18 in the Interscholastic League of District 2, Conference AA, held in Lubbock. She is a senior at Brownfield high school.

She qualified for the regional meet, which will also be held in Lubbock, by nosing out Nancy Dealey of Lubbock and Bennett Corley of Lamesa in the contest.

Lynne Sturgess and Freda Ann Anthony placed second in spelling and plain writing in Saturday's contest. First place winners were Connie Phillips and Frank Ford Jr., of Lubbock, and third place winners were Lou Prouty and Mary Ann McRae of Midland.

This is the second consecutive year that Brownfield has won first place in ready writing. Doug Tankersley having won first last year in the Interscholastic League contest.

The regional meet will be held April 22, and the state contest will be held in Austin May 4, 5, 6.

Mrs. Ruth Dykes is Miss Wier's coach.

VFV BINGO PARTY SLATED TONIGHT

The public is cordially invited to attend a bingo party, being sponsored by Hand Bros. Post 6794 of the Veterans of Foreign Wars, Friday, March 24, at Veterans Hall at 7:30 p.m.

Proceeds from the bingo party, which is to be a monthly feature from now on, will go to the building fund.

The post has recently purchased a four acre plot southeast of the city limits for the construction of a new home.

Mrs. Roy Fleming is in Dallas this week on business.

Babyland Coronation Held Last Thursday

Katherine King, daughter of Mr. and Mrs. H. L. King, and Tommy Williams, son of Mr. and Mrs. Coleman Williams, were crowned queen and king of Babyland in coronation ceremonies held March 16 at 9 p.m. at the Rialto Theatre.

The ceremony climaxed a contest held by the Beta Theta chapter of Epsilon-Sigma Alpha.

Last year's queen, Carol Cates, daughter of Mr. and Mrs. P. R. Cates, crowned Queen Katherine and presented her corsage. Tommy Hicks, son of Mr. and Mrs. Tommy Hicks, last year's king, crowned King Tommy.

Trophies engraved with their names were also presented the new queen and king. Each contestant was presented an engraved bracelet and an Easter bunny from the chapter.

Griffith's Variety Store awarded the new queen a doll and the king a bicycle.

Other contestants in the contest were Lynn Robertson, Teena Gillham, Stefanie Ann Stinnett, Toni Lynn Brazen, Penny Sue Schwartz, Juaneva Smith, Charlotte Ann Campbell, Donna Sue Morris, Linda Campbell, Dickie Kendrick, Michael Lee Thomas, Herebert Lee Gore, Corky Burnett, Tommy Thomas and Michael Ray Paddock.

Heap Big Crops This Year, Maybe, Yes

Well, there was a test of Indian lore vs. the science of the Weatherman up at Lubbock Tuesday morning. Judge Clark Mullican and his tribe says the wind was out of the north at sunrise, but once veered a bit to the east. The US Weather "Boorow" says it was exactly out of the east, and gave the speed as being in low gear. So they say it's an average crop or better this year.

But we are not so much interested in Lubbock as old Terry. Frank Jordan says he and wife went outdoors and built a fire before sunrise (feature getting up that early) and the wind was out of the southeast. He was backed up by Pat Patterson of Piggly Wiggly, who had Ernest Burnett for a witness. We didn't suppose either got up that early, but stranger things have happened. But Pat didn't use smoke. He just grabbed a fist full of good old Terry county sand, stood about under the traffic light at Broadway and Sixth and tossed the dirt into the air. The dirt headed toward the Bargain Center, therefore the wind in that case was from the southeast.

Speaking of the Bargain Center, maybe the sand was headed for that \$19.95 all wool spring suit in the window we have been admiring. It is really getting

down toward the capacity of our pocket book. Went in Wed. afternoon with the proposition to buy that suit, or one that would fit us if Sam Kirschner would throw in an extra pair of pants. But he was busy selling farmer R. L. Stallings a bath robe and didn't pay much attention to us.

We promised to call later about the suit. And by the way, it is about time for Sam and the Old He to be going to plant our crops.

Anyway, Terry is in for a good crop according to the Indian sign, even if Lubbock county just has a medium one.

McMURRAY BAND WILL PRESENT CONCERT

McMurray Indian college band will present a concert in Brownfield high school auditorium at 2:30 p.m. Monday, March 27, Richard Young, high school band director said this week.

Opening their tour of this area at Big Spring Saturday night, the band will play at Midland, Andrews and Kermit on Sunday, and at Seminole, Brownfield and Levelland Monday.

The band will return to Abilene Wednesday.

Mr. and Mrs. Joe Price of Lovington, N. M., visited his mother, Mrs. Sally Dee Price Sunday.

J. M. Williamson, 75, Observes Birthday

Three score and fifteen years ago, a youngster was born back east in Texas, we believe, but in young manhood took the wanderlust and spent many years yapping around with the Indians in Oklahoma. Along about 1924 the Indians either got after him, or wanderlust struck again. Anyway, J. M. and Mrs. Williamson and two girls, Belle and Blanche moved to Brownfield.

It just so happened that the eldest girl, Belle, later to become Mrs. Ben Hilyard, learned the printing trade in a small town called Mingo. So, when they moved here we persuaded Belle to help the Herald. She probably worked longer for the Herald than any other hand, some ten years.

But back to J. M. He has during the time he has been a citizen of Brownfield worked at various things, principally gins, as long as he was able physically. And he knew the gin business from A to Z, and was a very faithful employee.

Congratulations, old friend on your 75th birthday which was on the 16th, a day ahead of St. Patrick. And may the Mrs. feed you as well for the next 75 years. Program is printed elsewhere.

LEGION PLANS PARTY FOR LADIES NIGHT

At their last regular meeting the Howard-Henson Post, American Legion voted unanimously to hold an opening meeting on ladies night. The date was set as April 13 at 8 p.m. at the Veterans Hall. All veterans and their families are cordially invited, and bring their dominoes.

The plan is to have some singing, quartets, games and a night of fun. You can bring a buddy and his wife with you. For further information in regards to the program, contact C. L. Lincoln, chairman of the entertainment committee.

Mrs. Chad Tarpley and daughter Joan, are in Dallas this week on business.

DISCUSS RANGE PROBLEMS—Range management practices were discussed by this trio of West Texans during the annual meeting of the Texas and Southwestern Cattle Raisers' Association at San Antonio. Left to right, they are W. W. Brunson, Lubbock, W. W. Cardwell, manager of Luling Foundation, Luling, and Elgin Eckert, Mason rancher. (AP Photo)

Meadow Family Enjoys Herald

Had a letter and the cash to put their paper up to March 1951 last week from Mrs. W. J. Hinson of Meadow, for which she has our sincere thanks. It is not much of a bad dose to lose a reader that has been with us a short time, but when we have to extract an old name that's been with us constantly for years, it's like having the eye-teeth pulled.

Mrs. Hinson stated in the letter, she wondered if many enjoyed the writeups of our trips. She says she especially likes the one we have when we go down to Brownwood. Their only child, a daughter lives there (Brownwood), says Mrs. Hinson. And she says the scenery in the fall in that area is gorgeous.

Mrs. H. is right. When the leaves turn every color of the rainbow in the fall, the woods around Brownwood and area, are a riot of colors. And for Mrs. Hinson's information, we really do not stop to ask our-

NO SIR, IT'S NOT DOG FENNEL SAYS HOMER

Had a press release from the U. of Texas this week, giving some ideas for Texas farmers to follow in growing some other cash crops to take the place of cotton and other farm crops that were cut. Among them was some of the old and new seasoning plants like sage, coriander, etc.

In the article was mentioned fennel, and we carried the article next door to Pharmacist Homer Nelson, an Arkansas native. 'Is that the old fashioned dog-fennel,' we allow.

"Heck, no," says Homer, "that is some sweet smelling stuff. The dog-fennel Homer and the O. H. were raised around would stink a dog off a gut wagon."

self whether or not anyone will like our stuff or not.

The law of average says we have to get so much stuff back to the linotype to fill up the paper each week, or he might quit and go fishing. We do, however, hope that most people read it with either aversion or avidity.

Thanks for your kind words, Mrs. Hinson.

Texans In Washington

By Tex Pasley
AP Special Washington Service
WASHINGTON, Mar. 24—(AP)—Residents of the national capital who fear extinction from the dreaded H-bomb have been advised to take a lesson from the courage of Galveston in facing death-dealing hurricanes.

Under the title of "Bombs Over Washington," the Washington Times-Herald published an editorial citing the experiences of the Texas island city and nothing that its people have learned to live calmly and normally under threat from hurricanes.

After asserting "we are less than five years away from the biggest and most terrible war in all human experience," the editorial went on:

"That is why, every now and then, somebody upon Capitol Hill brings up the subject of an alternate capital of the Republic, and that is why everybody in town knows the ill-kept secret that the Department of Defense is working on just such a proposition."

With the observation that most of the million residents of the Washington area must remain here whether they like it or not, the editorial continued:

"For the instinct of survival, we offer you the real American case of Galveston, Texas . . ."

"On Sept. 8, 1900, a hurricane and tidal wave killed 6,000 of its residents and devastated the property of nearly all. . . What do they do about it? They work hard and build seawalls. But that is not all."

"In Galveston there is a rule: you can cross the causeway to the mainland anytime, unless the weather bureau has run up a storm warning. If you cross the causeway then, just keep on going. For if you come back to town after the danger has passed, you are dead so far as Galveston is concerned. Nobody will do business with you or even speak. They won't even let their children marry your children."

"OH, WELL . . ."

Reaction and rigor mortis set in as Ruth Perrotti learns that Lucille Ball's CBS comedy ailer "My Favorite Husband" is moving from its current Friday night spot to Sundays over CBS, starting March 5th. As the maid on the show, Ruth bemoans the fact that she'll be responsible for moving "Liz Cooper" (Lucille Ball) and "George" (Richard Denning).

However, it's not the first time Ruth has looked glum. In 1920, when she set out to be a model, Ruth was sent to Atlantic City for a job and envisioned herself parading across the stage of Convention Hall in a bathing suit to the strains of "A Pretty Girl Is Like A Melody." But . . . instead of a bathing suit she wore a shroud . . . and the music was composed of undertakers at their annual convention!

The first time Ruth met Lucille Ball, she had the same glum expression on her face. When she auditioned for her current role of "Katie" on "My Favorite Husband," the producer said he liked her work but was afraid of the fact that she had the same reddish-orange tresses as Lucille, which would confuse the studio audience. This might not meet with Miss Ball's approval.

When Lucille Ball first met Ruth, however, her reaction was definitely the unexpected, for she came out with: "Hey, what a beautiful head of red hair . . . and hers is real." Thus, Ruth got the job—and the moving job on March 5th.

Mrs. Barkley Uses Easter Seals

Cheryl Ann Chisholm, 6, who has had cerebral palsy since birth, presents the first sheet of 1950 Easter Seals to Mrs. Alben Barkley, wife of the Vice-President. The 1950 Easter Seal campaign, which runs from March 9 to April 9, is sponsored in this state by the National Society for Crippled Children and Adults through its state society and local affiliated units.

Even Levellanders Enjoy Our Tripe

Went out to Ed Thompson's to see if the duster of Monday before had covered them up heads and cars, but they were all there and breathing fairly well. Ed looked like he had just recovered from a Sunday PM nap, and all appeared to have had a pretty hefty meal, for which the Mrs. is famous.

Anyway, we struck up with the A. M. Parkers from Levelland, who were there for a Sunday call. The Parkers get the Herald and alleged (not under oath) that they enjoyed the kind of tripe the Old He puts out weekly, as well as other matter appearing in the Herald from week to week.

Sunday is the day for the Thompson tribe to foregather under the parental roof, and they were all there except the eldest daughter. We drove on around by Johnson thinking we'd get a free coke from the boys, but they had homooosed to parts unknown. Found the wheat as a whole holding up remarkably well considering the kind of weather it has had to endure.

LIVESTOCK SHIPMENTS UP 20 PER CENT

AUSTIN, Tex.—Livestock shipments in Texas rose 20 per cent from December to 4,226 carloads in January, the University of Texas Bureau of Business Research reported.

Shipments of calves dropped 25 per cent in January from December. On the other hand, December-January shipments of cattle rose 30 per cent; hogs, 29 per cent; and sheep, 26 per cent.

In comparison with January 1949, livestock shipments stepped up 6 per cent in January of 1950. During the yearly period shipments of hogs were up 14 per cent; cattle, 13 per cent; and sheep, 3 per cent. Shipments of calves fell 29 per cent in January compared with January a year ago.

Phillip Rogers and family left Monday of last week with the first stop at Arlington with his sister, then to another sister, Mrs. B. Stricklin at Paris, Texas, and thence on to Middleton, Tenn., to visit Pa and Ma Will Rogers and the whole generation of kin.

Dynamiting of Post Not Mentioned

The Star-Telegram had quite a writeup about Post city last Sunday week, which was well written and illustrated. Of course, comparatively newcomers would not notice that a bit was eliminated, whether accidentally or on purpose, we would not know. But if someone gets it into his head that trying to make it rain when the drouth hits, is something very modern, forget it. Trying to get good shower on an area did not come in with dry ice.

We believe it was in 1909 during the summer that the late C. W. (Toastie) Post tried out the bombing process with huge charges of dynamite. And we mean huge, for the charges rattled windows here in Brownfield 52 miles away, as will be certified by many old timers. At that time, the Herald office was domiciled in a 14x30 wooden building where the State Bank was located so long at Main and Sixth. The charges not only rattled the windows, but shook the little building.

In those days we often wondered what the charges were doing to buildings in the vicinity of Post. As stated in the article in the S-T, the Post ranch had been cut up into farms, and buildings put on them. They were sold to real farmers. But dry weather hit hard that summer, and it looked as if most of that sod land was in for a failure. Thus the dynamiting experiment.

As we remember the incident now, there was not any rain to amount to anything near Post, but in a few days we had a gully washer over here. Whether from the bombing, we wouldn't know. But, if the exploding of dynamite was ever repeated over it or near Post, we never heard of it. The charges were set along the rim of the caprock.

TOO MUCH FOR PETE

Old Pete had spent most of his life wrangling cows in his native Colorado, but the bug bit him to travel a bit before really "settling" down. So he came to Texas.

About five months later Pete appeared on his old range and in reply to a question as to how he liked Texas, he spat and said:

"Waal, Texas is too dangd big, too brash, too wet, too hot, too dry too long and worst of all—too dangd many Texans."

Have news? Call the Herald.

THE AMERICAN WAY

A Bear, Not A Bull, By The Tail

Here is the quality you can see—hear—and feel! Take the wheel at your Ford Dealer's and feel for yourself the get-up-and-go of the '50 Ford's 100-horsepower V-8 (the engine that whispers while it works)—ride in Ford's "Mid Ship" comfort—and listen to Ford's "sound-conditioned" quiet. A few minutes at the wheel will convince you: Ford's the one fine car in its field for '50.

Its hushed power whispers quality!

—and it feels like America's costliest cars!

NEW "HUSHED" RIDE—the 13-way stronger "Life-guard" Body and "sound-conditioning" oil around make the '50 Ford so silent you can talk in whispers while you ride.

"FASHION CAR" STYLING—sporting new upholstery fabrics are a decorator's dream.

QUIET NEW 100-h.p. V-8—it's the same type engine used in America's costliest cars . . . yet the '50 Ford sells for less than most "sixes."

FOAM-SOFT COMFORT—new foam rubber cushioned, non-sag front seats add to the '50 Ford's luxurious "Mid Ship" Ride—to make trips really relaxing.

KEEPS YOU SAFE—Ford's 35% easier-acting King-Size Brakes can stop you on a dime. The 13-way stronger, "Life-guard" Body is safer, too.

"TEST DRIVE" the
'50 FORD
at your FORD DEALER'S
... it will open your eyes!

Announcement Made of Recent Marriage

Announcement has been made of the recent marriage of Miss Monta Jo Ayres of Gruver to Arnold Dalton of Brownfield. The bride is the daughter of Mr. and Mrs. J. M. Ayres of Gruver. He is the son of Mr. and Mrs. Scott Dalton of Brownfield.

The Rev. Herbert Hughes of the First Baptist church of Gruver read the double ring ceremony before an improvised altar decorated with baskets of gladiolus and snapdragons, flanked with candelabra, in the home of the bride's parents.

Music was provided by Mrs. Kenneth Dowdy.

The bride, given in marriage by her father, wore a navy blue gabardine suit with navy and white accessories, and a corsage of pink rosebuds.

Miss Patsy Rafferty, maid of honor, wore a rose gabardine suit and a gardenia corsage. Mrs. Harold Dalton was matron of honor. She wore a black velvet

St. Patrick Motif Followed at Party

Mrs. Jack Bailey was hostess to the Ideal bridge club March 15 at the Esquire restaurant. The Saint Patrick motif was carried out in decorations.

A chicken salad plate with lime sherbet and cakes with white and green icing were served to Mesdames R. L. Bowers, Joe McGowan, R. N. McClain, Harold Crites, Prentice Walker, Wilson Collins, Roy Herod, Walter Hord, E. C. Davis, Tommy Zorns, Roy Wingerd and Jerry Kirschner.

Mrs. McGowan received high prize and an bingo prize. Mrs. Wingerd was second high, and Mrs. Crites bingoed.

Viola Smith visited her parents, Mr. and Mrs. Hyatt, at Breckenridge over the week end.

dress with a gardenia corsage. Harold Dalton of Stinnett served as his brother's best man. A reception followed the ceremony.

Mrs. Abel Pierce New Auxiliary Head

Mrs. Abel Pierce was elected president of the women's auxiliary of Hand Brothers Post 6794 of the Veterans of Foreign Wars at a recent meeting.

Other officers elected were Mrs. Andy Anderson senior vice president; Mrs. Bill Dugger, junior vice president; Jo Pete May, treasurer; Mrs. J. W. Moore, sr. chaplain; Mrs. H. B. Virgil Crawford, conductress; Mrs. Allan Mitchell, guard; Mrs. Bill Webb, one year trustee; Mrs. Jiggs Tankersley, two year trustee; and Mrs. H. L. King, three year trustee.

The new officers will be installed at a meeting in April.

GOMEZ GOSSIP

Mr. and Mrs. Lloyd Franklin and children visited in the home of his sister, Mrs. Aubrey Fore, and family at Seagraves Friday.

Mr. and Mrs. L. H. King and children spent the week end in Plainview visiting with their children, who are students in Wayland college.

T. S. Doss and daughters, Misses Janie and Maxine, spent the week end visiting with relatives at Mineral Wells and Fort Worth.

Mr. and Mrs. Earl Brown and children spent the week end fishing at Possum Kingdom.

Mr. and Mrs. E. Buchanan spent the week end visiting at Plainview.

Mr. and Mrs. R. W. Wilson of Glendale, Ariz., moved to this community last week.

Mr. and Mrs. Clyde Golston of Bronco were visitors Sunday in the home of Mr. and Mrs. Wyatt Hanson.

Mrs. A. V. Britton visited last week with relatives in Wolforth.

Charles Britton, son of Mr. and Mrs. C. H. Britton, who has been ill the past week, is reported better.

Mrs. Wes Key and Mrs. Denver Kelly and Patricia were Lubbock visitors Saturday.

Mrs. T. L. Burns spent several days in Hobbs, N. M., last week with her daughter, Mrs. T. Buckley and family, who are ill with flu. Mrs. Burns brought her small granddaughter home with her to keep a few days until her mother is recovered.

The Rev. H. Burns of Texline, who suffered a heart attack several weeks ago while visiting his brother, Rev. T. L. Burns, is continuing to improve and hopes to be able to return home this week.

The training union of Gomez Baptist church is sponsoring a social Friday night at the church. Everyone has a special invitation to attend.

Have news? Call the Herald.

PREPARING FOR HOLY YEAR TRADE—A woman lace worker sets up her stand in Genoa's street of Porto Fina. The entire Italian Riviera is preparing for what they hope will be a record tourist year.

Pleasure Club Met March 15

The Pleasure club met March 15 at the Esquire restaurant, with Mrs. George Germany as hostess.

Pecan pie and coffee were served to Mesdames Tommy Zorns, Bill Anderson, Jack Hamilton, Clyde Truly, Mike Barrett, C. C. Primm, Sam Teague, Lee Brownfield, Ed Sturgess, Walter Hord, and Tom Harris.

Mrs. Anderson was high and Mrs. Teague was second high. High cut prizes went to Mrs. Hord, Mrs. Sturgess, and Mrs. Brownfield.

Mrs. Zorns Hostess To Wednesday Club

The Wednesday Afternoon bridge club met March 15 in the home of Mrs. Tommy Zorns.

A salad plate was served to Mesdames Bill Anderson, Sawyer Graham, George Germany, C. L. Hafer, Jim Finley, Clyde Truly, Murphy May and John Kendrick.

Mrs. May was high for the guests, and also bingoed. Mrs. Anderson was the high member, and Mrs. Germany bingoed.

MR. AND MRS. GERMANY ENTERTAIN WITH PARTY

Mr. and Mrs. George Germany entertained with a bridge party Monday night at the Esquire restaurant.

Texas cream pie and coffee were served to Dr. and Mrs. Royal Kiofanda, Dr. and Mrs. Jim Finley, and Messrs. and Mmes. Clyde Truly, George O'Neal and Tom Harris.

Dr. and Mrs. Finley scored high and Dr. Kiofanda and Mrs. O'Neal received bingo prizes.

Mr. and Mrs. Elvin Burnett of Tullia visited his parents, Mr. and Mrs. Jim Burnett, Sunday.

J. M. Williamson Birthday Honoree

A group of friends surprised J. M. Williamson with a party March 16 on his 75th birthday. He said it was his first birthday party.

Mr. and Mrs. Williamson are "old timers" in Brownfield, having moved here in 1924. They will celebrate their 53rd wedding anniversary in October.

One of their daughters, Mrs. W. T. Karr, and family was here for the party. Another daughter, Mrs. Bell Hilyard, of Kerrville was unable to attend. One of their four grandsons, Carroll Karr, was also here for the party.

Coffee and cake were served to Mr. and Mrs. George Merrill and Lloyd Roy, Mrs. Doris Brazen and Toni Lynn, Mrs. Lizzie Black, Mrs. Ben Hill, Rev. and Mrs. W. T. Sparkman and Travis Ray and Mary, Mr. and Mrs. Grady Karr and Gary and Yevett, J. P. Jackson, and Mesdames Ethel Bates, W. W. Day, E. E. Burris and Evelyn and Sue, R. H. Bailey and Bobbie Earl, Mr. and Mrs. W. T. Karr and Carroll and the honoree and his wife.

Many friends who were unable to attend sent gifts.

Mrs. Alton Webb Hostess To Club

The Gomez Home Demonstration club met March 9 in the home of Mrs. Alton Webb.

Mrs. Kelley Sears gave an interesting council report.

It was decided that each member would paint their mail boxes white with black letters and also seeing to it that they are the right height.

The next meeting will be the 23rd of March in the home of Mrs. A. F. Herron.

Bridge Club Met With Mrs. Williams

Mrs. Coleman Williams was hostess to the Friday Afternoon bridge club March 17.

Pecan pie and coffee were served to Mesdames Bill McGowan, Phil Gaasch, W. A. Roberson, George O'Neal, Clyde Truly, Tommy Hicks, Dick Chambers, and Truett Flache.

High score was made by Mrs. Flache. Mrs. Hicks received a traveling prize, and Mrs. Chambers bingoed.

Mrs. Opal Hyman and children visited her parents, Mr. and Mrs. W. T. Goree, in Stamford over the week end. Mr. Goree has been seriously ill with pneumonia.

Mrs. N. T. Dalton of Littlefield visited Mr. and Mrs. E. D. Ballard Sunday.

Gee Gee's Chit Chat

As of 10:36 p.m. Monday, March 20, it is spring. If they are speaking of the fact that someone "sprung" the trap on the Mojave Desert, then it is possibly true that "spring" has come to Brownfield. Anyway, something happened Monday. The tomato vines in my ears are coming along fine, thank you. I hope to harvest them sometime in June.

Spring is officially here, but to the people who have lived in these parts all of their lives, we take the news with a grain of sand. Personally, I do not intend to crawl out of my woollies for some time yet. Nor do I intend to clean the sand out of my house until July 4. Then I'll blow it out with some firecrackers.

Although I refuse to believe that it is springtime around here, I will admit that it looks good to see the grass peeking out and the little trees getting buds on them. Little do they know that they are in danger of getting their heads nipped off even with the ground just any time now. Little do they care, probably. With so many signs of spring appearing, I've been spitting on the end of my pencil and writhing around in my chair, trying to decide WHICH catalogues to order. As it turns out, I've already ordered a big batch (ten cents, not counting stamps each time,) and will, no doubt, order more. Mr. Gee Gee was just asking me today when I was going to set up my "greenhouse" in the dining room. You know what I mean—tin cans and paper cups with seeds planted in them.

I can't decide about the greenhouse this year, though. Last year I was quite dismayed to find, after nursing about a million cans full of dirt and seeds and then transplanting them, a healthy bunch of weeds. Guess I'll never turn out to be much of a gardener. To me, all cats are gray in the dark, and everything green and about an inch high is a tomato.

Congratulations to Lester Buford's bunch of Future Farmers of America who showed the boys down at the state contest in Hunstville where Brownfield is. The FFA team from here took second place in the greenhand farm quiz, nosing out 46 other teams. Herbie Moore and Richard Rigeway tied for third place and Orville Miller won fifth place in the individual quiz for greenhand farmers. The local team took third place in the chapter farmer quiz, and Jerrel Rowden tied for first place for the individual winner in that quiz. Boys who made the trip from Brownfield were Moore, Ridgeway, Miller, Rowden, John Burrow, Donald Hucklebee, Charles Cabiness, Bryce Waggoner, Charles Bartley, and Glen Paden. They competed against teams from 48 areas, in which 1328 individuals were entered.

Congratulations also to Nancy Wier, daughter of Mr. and Mrs. Frank Wier, for having won first place in ready writing in the annual Interscholastic League meet of District 2, Conference AA, in Lubbock last week. Nancy is a senior at Brownfield high.

Don't forget that benefit band concert to be presented March 30 at 8 p.m. in the Brownfield high school auditorium by the junior and senior bands and chorus. All proceeds go to the 1950 Terry County Red Cross Fund Campaign. Get your tickets from students or me—only one buck.

And speaking of good music, be sure to attend the Easter cantata to be presented April 7 by the Brownfield Community Chorus, under the direction of Richard Young.

Are you still with me? Good, I have another little project to plug. The Hope circle of the First Methodist church plans a "house beautiful tour" on April 5. A tour of several homes in Brownfield will be made, and it's sure to be of interest, especially to the ladies. More about it later.

One of the cheapest, and easiest (if you have the knack), things in the world is friendliness. And I believe that, if you can smile and treat the world gently through a sandstorm, you have it made, Bub. I can't, but I know some persons who can. A wonderful trait, believe me.

Spring Opening SALE

Due to the great demand, we will continue our great SPRING OPENING SALE this week only. Take advantage of the big Bargains during this Big Sale! These are just a few of the many bargains we have in store for you. Come in and visit with us. "You ALWAYS do Better at the Bargain Center."

Bob Wills Hears Folks Tell Of Hadacol's Many Blessings

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Carol Jean White, 3636 West Park St., Oklahoma City, is a good example:

"One of the luckiest days of my life was when I heard Bob Wills tell about the wonderful blessings of HADACOL. I had lost my appetite, my energy was down. I suffered with gastric disturbances and indigestion. I took the advice of Bob Wills and took HADACOL. I felt better right off and have felt better and better as I have continued to take HADACOL. I now recommend HADACOL to my friends."

Miss White suffered with a deficiency of B Vitamins and certain Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are

Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Carol Jean White, 3636 West Park St., Oklahoma City, tells Bob how much HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

surely and certainly the symptoms and signs of the lack of the B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands

have already been benefited by this amazing tonic, HADACOL. So, it matters not who you are . . . it matters not where you live . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

Denver City Student To Get DAR Award

Dorothy Allison, senior student at Denver City High School, has been chosen the outstanding good citizen in Texas high schools, according to an announcement made by the Nancy Anderson chapter of the Daughters of the American Revolution in Lubbock.

Miss Allison, who is the daughter of Mr. and Mrs. T. Allison of Denver City will be awarded a \$100 bond from the national DAR. She will also receive a good citizenship pilgrimage pen in Dallas March 27.

Faculty members of senior

CZECHS SEEK SLAV NAMES

PRAGUE—(P)—Czech philologists and geographers are digging up old Slavic names to replace German and Austrian place names which abound throughout Czechoslovakia.

The German and Austrian names are a heritage of the long time Austrian rule of Bohemia and Moravia followed by the six year war-time German occupation.

classes in all Texas high schools choose the candidates for the honor on the basis of dependability, service, leadership, patriotism, and scholarship, and then submit the information to the state board.

Terry Boys Place High In FFA Quiz Competition

HUNTSVILLE, March 18—West Texas towns placed high in quiz contest conducted Saturday at a meeting of the Texas Association of Future Farmers of America here.

In the greenhand farmer quiz in which 48 teams participated, the FFA team from Uvalde placed first; Brownfield second; Robert Lee third; Redwater fourth; Nacogdoches and Lamesa tied for fifth.

Individual winners in the greenhand quiz were Paul Harris, Uvalde; Pierce Arthur, Uvalde; Herbie Moore and Richard Ridgway, both of Brownfield, tied for third; Orville Miller, Brownfield, fifth, and Jerry Langford, Uvalde, sixth. There was no fourth-place winner.

In the chapter farmer quiz, in which 48 teams also participated, Jasper was first; Redwater second; Brownfield third; Paradise fourth; Athens fifth, and D'Hanis sixth.

Individual winners in the chapter farmers quiz were Ivan Dale Schultz, D'Hanis, and Jerrel Rowden, Brownfield, tied for first; Lynn Libby, Redwater, third (there was no second place winner); Thomas Durdin, Jasper, fourth; Arthur J. Raney, D'Hanis and Archie Dennis, Athens tied for fifth place.

About 1,328 individuals competed in the contests.

Earlier Governor Shivers—who received the honorary Lone Star farmer degree—warned the youths against planned economy which he said would snuff out the initiative of the little man.

He urged them to resist "paternalistic government" which he said could make them "wards of the state." —Star Telegram.

The English Bill of Rights was passed by Parliament in 1689.

World Plant Catalogue in the Making

Plant breeders now can learn about any variety of wheat or rice through the World Catalogue of Genetic Stocks, developed by the Food and Agriculture Organization of the United Nations (FAO), at Washington. The Catalogue, set up to aid breeders develop new varieties of plants, consists of information stored on punched cards, from which data can be furnished to growers. Here FAO staff members inspect machine which handles the cards of the Catalogue.

FLYING NEWS AND VIEWS

By EDWIN E. DUNCAN

So often I hear someone say: "I wouldn't go up in one of those airplanes for any amount of money!" The temperature under my collar starts to rise when I hear such as that, and I can't help but start asking questions. Usually I find that such remark is caused by one of two reasons.

Either that party has never had more than one foot off the ground at one time (that's the most common reason) or some wise guy pilot took them up for their first plane ride and scared the socks off them with a lot of fancy maneuvers.

In either case I can feel nothing but sympathy for that individual. If they've never been up, they have no idea how much genuine pleasure they have been missing. If they have been up and were scared half to death by their pilot, then I feel they were certainly done a great injustice.

Any pilot who takes passengers up for their first ride and then gets a thrill out of seeing them cringe with fear while he takes his plane through everything he ever heard of is certainly no credit to private aviation. I've taken a lot of people for their first ride in my time, and the biggest thrill I get is in seeing my passengers enjoy their ride, and then come down looking forward to the time when they can go up again.

Too many people have the idea that flying should be compared to a wild ride on a roller coaster, and should be attempted only by the brave at heart. What tickles me is so many guys who are afraid to go up in a plane would think nothing of driving from here to Lubbock in their automobile at nothing less than 85 or 90 m.p.h. Personally, I have seen a lot of times when I have felt a lot safer to make a trip in an airplane than to attempt it in a car. But when I bring up that point and try to convince someone of it, I'm usually talked down and end up with someone calling me a braggart. This is the first opportunity I've had to stress the point, but I'm afraid time and space would not permit it here.

One more thing that is still in question in some parts of the country is the practicability of the light plane. "Sure, they may be a lot of fun," they usually say, "but are they practical?" My answer to that question is "Yes, if given the opportunity!" In January of last year the worst blizzard in history struck western Nebraska, Wyoming, Idaho and the adjoining states. It was there while thousands of ranch and farm homes were snow-bound that the light plane proved its value. Light planes throughout the area went into operation as soon as the skies had cleared doing a job that only a light plane was capable of performing. It was my misfortune to be living in western Nebraska at that time, and from our small town airport, with only three planes at our disposal, we kept vigil over more than 1,000 square miles. Patrol flights were made daily over the area and when signals were sighted in the snow, food, fuel oil, medicine or whatever was needed was dropped. When conditions permitted we would land in the isolated areas to leave the supplies or carry out individuals.

For nearly two weeks this operation went on with private pilots, aided by the Red Cross, making the only sort of rescue effort possible under those conditions. Then the Army, with its "Operations Snowbound," moved in and relieved the private pilots. Although most of the Army's work was with bulldozers and weasels, it was still the light plane that led the way when all other means were still unavailable.

Last Friday was the big day for Bill Noble. That was the day he completed his flight training and passed the flying test for his private license. This is the license which grants him the privilege to carry passengers. He made several flights Sunday afternoon carrying his friends for rides.

Bill Gorbey, who is taking flight training under the GI bill, made his first solo flight last Sunday. Bill is also an apprentice mechanic at the field and is well on his way toward earning an A&E mechanic rating.

Another future mechanic and student pilot is Darrel Green, who can usually be seen about the field taking care of any odd job that may crop up. He is pretty handy at cranking the planes, but too often he comes up on the short end of that job.

Claude Gore flew the PA-11 to Sudan Sunday morning. He returned to Brownfield late in the evening.

Mrs. R. C. Harris was piloted to Abilene by Roy D. Harris on Monday of last week. R. C. Harris and J. J. Handley accompanied them on the trip. Mrs. Harris remained in Abilene for an extended visit.

MAYOR WANTS DOGCATCHER ON THE LOOSE

BUTTE, Mont.—(P)—A dog's life is going to get complicated here soon if Mayor Thomas R. Morgan can find another dogcatcher. Butte has only one now. He works at night—and is badly outnumbered by the pooches even when he's on duty. But when he's home sleeping in the daytime, Morgan says, many householders who keep their pets shut up at night allow them to run loose in the daylight hours.

DR. WHITE CHOSEN TO DELIVER TECH'S COMMENCEMENT SERMON

LUBBOCK, March 24—Dr. W. R. White, president of Baylor University, will deliver the baccalaureate address at Texas Technological college May 21.

Pres. D. M. Wiggins said the former Lubbock minister will deliver the sermon at 8 p.m. on the Sunday preceding the awarding of degrees to approximately 960 Tech seniors. On the following day, Russell B. Brown, Washington, D. C., lawyer, will speak at the commencement ceremonies scheduled for 8 p.m.

Dr. White is former president of Hardin-Simmons university at Abilene and one-time secretary and director of the Texas Baptist General Convention.

Attended Meeting of Area Bank Women

Ruth Huckabee attended a conference of the Association of Bank Women in the South Plains area which was held in Lubbock last week end.

Ruth E. Ford of Lubbock, membership chairman, was in charge of the meeting.

Mrs. J. G. Nisbett of Dumas, regional vice-president of the southwestern division, reported on the ABW national convention, held in San Francisco last October. She also discussed matters of interest to women in banks.

The meeting included a dinner Saturday night and a luncheon Sunday. Plans were also made for a convention to be held in Fort Worth May 6-7.

Only women who hold executive positions in banks are eligible for membership in the association. The purpose of the organization is to promote interest of women in banking.

Others from this area who attended the conference were Helen Hearne and Loyce Renfrow of Seagraves.

Explanation Sought For 'Cardboard' Taste Of Plains Sweet Milk

Texas Technological College's milk experts at Lubbock, are seeking an answer to the research problem now under way concerning the so-called "cardboard" taste that soon develops in milk produced on the South Plains.

Dr. J. J. Willingham, head of the department of dairy manufacturers, says the research deals with the oxidized flavor in milk. "South Plains milk has as much oxidation as any produced in Texas—at least our findings indicate that—and we want to know why," he said.

Dr. Willingham indicated that possibly feed, water or local conditions accounted for the flavoring.

Dr. White Chosen To Deliver Tech's Commencement Sermon

LUBBOCK, March 24—Dr. W. R. White, president of Baylor University, will deliver the baccalaureate address at Texas Technological college May 21.

Pres. D. M. Wiggins said the former Lubbock minister will deliver the sermon at 8 p.m. on the Sunday preceding the awarding of degrees to approximately 960 Tech seniors. On the following day, Russell B. Brown, Washington, D. C., lawyer, will speak at the commencement ceremonies scheduled for 8 p.m.

Dr. White is former president of Hardin-Simmons university at Abilene and one-time secretary and director of the Texas Baptist General Convention.

To Help Asthma and Hay Fever Sufferers

GALVESTON, Tex., Mar. 24—Respiratory allergy sufferers—those who battle hay fever, asthma, and hives—will be aided by a research discovery of University of Texas scientists.

The process, allowing physicians and researchers to watch actual allergic reactions on living human tissue, was developed by Drs. J. M. Rose and C. M. Pomcrat.

"The technique may be used to find what causes a person's allergy by testing his sensitivity to possible irritants, and to find new allergy-stopping drugs," Dr. Chauncey Leake, University Medical Branch vice-president said.

In testing a sufferer, minute pieces of tissue are clipped from his nose with little discomfort. They are kept alive in a chick embryo fluid culture.

Scientists introduce a possible

SHARKS PLAGUE CALIFORNIA FISHERMEN

SANTA BARBARA, Calif.—(P)—Local fishermen have had one of the poorest seasons in years. And recently their troubles have been doubled by huge backing sharks which move in close to shore and interfere with dragnet operations.

William Adler, president of Farralone Fisheries, reports that some of the big fellows, six and seven to whoppers as long as 20 feet, have nipped halibut and sea bass nets to shreds. "The sharks can be caught, Adler says, "but they are of no earthly use."

Irritant in the culture and use a special-phase microscope to watch for an allergic reaction. If the tissue swells and stops living on the culture, the cause of the patient's discomfort is found.

New drug cures may be discovered by checking their effectiveness in stopping allergic reactions started on tissue samples.

★ Born on a Williamson County farm, the seventh child in a family of 13 (six brothers and six sisters).

★ Farmed in Central and West Texas.

★ Worked his way through Lamesa High School and Texas Tech College.

★ Married and father of two children.

FREE WITH EVERY STAR Sky Ride TIRE

STAR Heavy Service Pure Crude Red Rubber INNERTUBE

Not since before the War have you seen an offer as liberal as this. The Star Sky-Ride is our premium Line Tire—a tire that is giving satisfaction far beyond expectations. The Star Heavy Service Tube is of Pure Red Crude Rubber—a commodity that has not been seen in recent years.

There's Safety and Comfort Plus Long Wear in the Sky-Ride

Riding on Star Sky-Ride Tires is like floating on a cloud. The low pressure chamber absorbs the jolts, jars and vibration. The all-Cold Rubber tread gives up to 80% more wear than regular first line tires. The Star Sky-Ride is truly the premium tire in the low pressure field.

AMAZING GUARANTEE

Every Star Sky-Ride Tire carries a written unconditional pro-rata guarantee up to 24 months. This is one of the most liberal guarantees ever offered and covers tire failures caused by:

- BLOWOUTS
- FABRIC BREAKS
- GLASS CUTS
- RIM CUTS
- FAULTY BRAKES
- STONE BRUISES
- MISALIGNMENT OF WHEELS

... and any other road hazards which might cause tire failure.

OUR FREE TUBE OFFER

The tube we offer free with each Star Sky-Ride is regular pre-war quality. Made from pure red crude rubber, it offers the utmost safety in driving plus long, hard service.

Stricklin Speaking

by Old He
A fellow told us that the word "complacency," would have to be removed from future editions of our dictionaries. This is caused from two notorious bums—no, believe it is bombs, A & H.
By the way, our edition of Ladies Birthday Almanac puts its OK on Monday as being the first day of Spring, or as it puts it,

Vernal Equinox. It was officially opened with a rip, roaring sand-storm, nor'west, north.
Speaking of dusties, and who ain't these days, they tell us we missed a dumhinger Saturday while we were at Brownwood. While there was no wind to speak of there until about night, then no dust, we could get out on a high place and see the muddy looking skies back in this area.
And to add insult to injury, the

Plainview Daily Herald called up the printing force here to inquire about a cyclone here. As if a mere cyclone could have stood up against that raging sand-storm?

A. B. (Ah Boy) Davis, manager of the Lubbock Chamber of Commerce sent in his three buck check for another year of the Herald recently, thanked us for the cooperation the Herald had rendered, etc. We just wonder if A. B. really gets time to read the stuff we write?

Hardly fit to report in this paper, or even the Police Gazette, was the incidence of two rough youths who took a Crosby county high school girl away from her escort, carried her to a secluded spot and committed criminal assault upon her. The escort hastened back to town, informed the girl's father and officers and after a chase the youths were apprehended, and lodged in jail.

We hope that the stronger assault laws the recent legislature passed will put those boys where they can't molest decent people for a long, long time. And we might add, someone was a bit derelict in raising their boys.

Just as we expected, the Gaines County News down there at Seagraves, is claiming our oil well, east of Wellman. Some gall. We have to have a fuss with Editor Vanzant over every well in that vicinity, until the hole proves dry, and strangely both of us shut up like a clam.

Not too much wearing of the green or the shamrock was in evidence here last Friday, according to the ones who were here. And that all the Irish were on good behavior. Frankly, about the only persons to promote any event, are the ladies who have decorations at their parties that are reminders of days like St. Valentine, etc.

So sorry Ruby Capron of Glasco, Kans., can't afford to read the Herald another year. She says she enjoys the paper and particularly the Stricklin Speaking-hash. Will have to use the three bucks to take the little home town paper she says. Now we call that real patriotism.

Mrs. Ola Tainter, who put on our subscription campaign last spring sent the Herald to her, she says. This lady also told her that Texans were just about the best people on earth, but Ruby had never been in Texas.

Didn't you smell that mouse, Ruby? Ola was a Texan herself, so don't let that gal fool you too much. Admittedly there are some mighty fine folks in Texas just as there is in Kansas. Of course the Old He is rather saintly, but most Texans are just the run of the mine.

Here's a new wrinkle for the indulgent mother. Just have teacher box the brat next to little Claudie. That should scare mama's precious into obedience.

Two guys were out quail hunting on Sunday. One allowed that they could be lost for hunting instead of attending church on Sunday. The other, however, was more optimistic. "I could have

been at home with a sick child instead of church."

Some complaints: We hope the time will soon be here when one can get through Abilene without feeling you had been trying to follow a racer snake through the woods in your car. And they are busy on a by-pass of the main part of the city, if they can just get the highway straightened out toward the airport.

And where 180 and 87 juncture at Lamesa, the highway department tried to do too fancy a job by putting evergreens out. Now they are so high that they obscure the view of possible cars on the other highway.

Reverting back to the sand-anties, some of the more pessimistic want to give this section back to the Indians. Fact is, the Indians would not have it unless we got some grass growing on every acre again, like it was 50 years ago.

Much complaint from social sources have come to the fore about "crime" funny books now on sale at most places. And we might add that in some instances some juveniles have acknowledged that they had their inspiration from such sources.

Then of late the radio has joined the march of crime programs. Even the inmates of the Connecticut penitentiary say that crime programs either printed or on radio should be stopped. And we might add that some of the "comics" in the dailies are not exactly Sunday School picnic stuff. To say the least, a lot of it is blatantly debasing.

Well, let the wags at Washington say that Texans oppose the admission of Alaska as a state as it would be larger than Texas. So darn few people will ever see Alaska that they'll never know the dif.

And in closing, let us remind oldtimers as well as newcomers of that bountiful harvest old Terry produced last year. And, a lot of times in the past 41 years the writer has seen sand storms howl until mid-April, then it would haul off and rain, and produce an average or above crop. Don't sell old Terry short, yet.

Mr. and Mrs. Buell Price and Kathy of Lovington, N. M., visited his parents, Mr. and Mrs. Money Price, Sunday.

Film Strips Brings United Nations to Classrooms

Film strips are now being used by teachers and speakers as one of the most practical ways of telling the story of the United Nations to their audiences. The U. N. Department of Public Information has released 15 different subjects explaining the aims, structure and work of the World Organization. More than 50,000 copies of these are now in use in 62 countries in the five official languages of the U. N.—Chinese, English, French, Russian and Spanish. Here a class of ten-year-old children listen and look as a teacher shows one of the U. N. film strips mentioned above.

Notice of City Election

On the Alert For Grasshoppers

It may be a little early to start talking about grasshoppers, but farmers and ranchmen are urged to be ready to stop them this year before they leave their egg beds. Once they begin moving out of the areas where they hatch, effective control becomes more difficult, says H. G. Johnston, extension entomologist of Texas A & M college and state leader for the grasshopper control program in Texas.

He says recently completed surveys show heavy infestation of grasshopper eggs in at least three areas of the state and warns that hoppers can again build up

upon the weather conditions at hatching time—late May—says Johnston. He urges farmers and ranchmen in that section to be ready for an all out fight should the hoppers become a menace to their crops and pastures. He says the program in Texas will operate the same in 1950 as it did last year. Special emphasis will be placed on the use of insecticides for control rather than on the bait method. Results from last year's program show that toxaphene and chlordane are excellent grasshopper killing chemicals if used at the right time. The use of these chemicals plus neighborhood and community-wide cooperation can make control of local infestation a simple and inexpensive job, he says. Every farmer in infested territory should be ready to spray or dust his field margins, fence rows

HAS TROUBLE WITH LAST NAME
DENVER—(P)—William J. Zwigart has the last name in the Denver telephone directory—and this is about the only reason he regrets leaving Pittsburgh, Pa., to come west. Several times a week, he says, strangers playfully call him up just to ring variations on the last place theme. Back in Pittsburgh there was a whole page of names after his, Zwigart said.

Mt. Sinai is 200 air miles southeast of Cairo, Egypt. and roadsides just as soon as the hoppers begin to hatch. The migratory hoppers must be controlled before they leave the egg beds. They soon scatter over wide areas and thus control becomes a difficult problem.

Use of Iodized Salt Recommended

Many people think of iodine as a brown liquid and a mighty good disinfectant rather than an essential food. Small but steady quantities of iodine are needed by the body for normal growth and development, healthy skin and hair, mental alertness, physical vigor as well as a preventative for goiter. The simplest, most practical and least expensive way to make sure that all people, especially growing children, have the iodine they need is the use of iodized salt, says Louise Mason, extension foods and nutrition specialist of Texas A & M college.

She points out that fruits and vegetables grown on iodine-rich soil, seafoods and some drinking water contain iodine but many people lack these sources. There are many large areas in the nation that are deficient in iodine and it must therefore be supplied by other means.

Miss Mason says the USDA, the U. S. Public Health Service, physicians, nutritionists and other groups concerned with national health are cooperating in a campaign to increase the use of iodized salt. She urges homemakers to look for the word "iodized" on the container the next time they buy salt for their assurance that this is getting health protection for their families. Only one part of iodine in 10,000 parts of salt is needed for protection and this small addition does not increase the cost.

Iodine is essential for a healthy thyroid gland which in turn affects the growth and general well-being of the body. Iodine hunger is the cause of much fatigue among adolescents, physicians say. The use of iodized salt in areas where goiter was prevalent has proved a most effective means of preventing the disease.

Iodine is naturally present in salt from the ocean and in many local salt deposits in the earth but is lost in refining. Returning iodine to salt, concludes Miss Mason, is similar to enriching flour. Here vitamins and minerals removed from the grain during the milling process are restored.

MOSLEMS HAVE MARRIAGE TROUBLES

SINGAPORE—(P)—Fifty per cent of Moslem marriages in Singapore over the last 28 years have ended in divorce. The rate of revocation of divorce has been 10 per cent, statistics reveal. An authority on Moslem marriages said the high rate of divorce was due to: Husband and wife tiring of one another. Failure of the husband to maintain his wife and children. Incompatibility due mainly to age differences. Lack of moral restraint on the part of the husband.

Have news? Call the Herald.

BIG WIND DID THIS—Ray Koerner, Chenoa, Ill., farmer stands knee-deep in corn which leaked from government storage bin at Chenoa after a freak 50-mile-an-hour wind drove a fence post through the bin wall. The storm wrecked 20 empty grain storage bins and caused other damage in the town.

Buy Quality Eggs, Says New Leaflet

The egg is one of the most valuable of foods, for it has high nutritional value. The mild, delicate flavor, availability and the versatility which can be used in cooking eggs add to its advantages as a food.

Myrtle Murray, extension specialist in home marketing of Texas A & M college, points out in a new leaflet that the careful buying of eggs deserves the attention of the homemaker who plans and prepares meals.

"Quality eggs may be bought directly from a farm family or from a retailer," she points out. "An informative or descriptive label on the carton is the best guide you have as to the quality of eggs."

Eggs may be graded according to federal, state or private standards, the leaflet says. Only eggs officially graded according to U. S. Standards, by an official grader, may use the prefix "U. S." on the label.

The leaflet gives a description of U. S. Grades, suggestions as to how to know the quality of eggs and how to keep the eggs after they are bought.

Miss Murray suggests that it is well to compare the price in relation to the amount of food value. "Large eggs weighing 2 1/2 ounces to the dozen contain 1 1/2 pounds of protein rich food, and if these eggs sell for 60 cents per dozen, you are really paying only 40 per cent for protein rich food," she points out. The leaflet, "How to Know Quality Eggs," No. C-273, may be obtained through county home demonstration agents, or from the Texas Extension Service, College Station.

The Amazon is the world's largest river in volume.

4-H Plaque Awarded Hall Co. Boys, Girls

The 275 boys and girls of Hall county who took part in the 4-H Better Methods Electric program last year had a hand in winning the handsome bronze and green plaque recently presented to the County Extension Office by Westinghouse Educational Foundation. Hall was selected by the State Club office at Texas A & M college for doing the most outstanding job in the project. Every year one county in each state is given this recognition.

An increase of more than 200 homes in one year energized by electricity was revealed in a survey of Hall county farm homes made by 4-H club members, according to W. B. Hooser, county extension agent. Work done in the better method project has done much toward educating 4-H'ers and their parents in the use of electricity, he declared. Typical jobs analyzed were watering and feeding livestock, milking, drying thresher grain for storage, caring for pigs at farrowing, and brooding baby chicks.

A long list of household uses of electricity reported by club girls included cooking, sewing, preserving food, cleaning, washing, ironing, clocks, radios, refrigeration, and dehydration of foods. Both boys and girls were keenly interested in the program, and acquired a basic knowledge of uses and care of electrical equipment. They also learned how to make minor repairs, reported Mr. Hooser. County medals were presented

SKELETON IN THE IMPORTS

CHICAGO—(P)—A new Chicago import directory shows that, among the many things shipped from abroad, are human skeletons, Irish shillelaghs, grave cakes and Swedish hardtack.

Grand Teton National Park, in Wyoming, is about 27 miles long.

to 48 boys and girls throughout the state for individual accomplishments in the project.

Name of the program has been changed this year to "4-H Farm and Home Electric." Westinghouse will continue to provide all awards offered in the project which include trips to the National 4-H Club Congress in Chicago next fall and six \$300 college scholarships.

to 48 boys and girls throughout the state for individual accomplishments in the project.

The American Gas Association is putting out some very optimistic reports on natural gas reserves. Yet with all this encouraging news, Texans, particularly those living in central, south and west Texas are apprehensive of the day, when it comes, that some other fuel will have to be used, and how much will the cost be. That is the reason that many Texans are in favor of stopping the piping out of all its gas, particularly when they get nothing for this natural resource that is going to other states, some of which states are abundantly supplied with both coal and wood. Could be that AGA is putting out these glowing reports to reassure Texans, and stop any agitation looking toward taxing gas that is piped out of the state. Anyway, they say there is a reserve now in the United States of 180 trillion cubic feet of gas, as against 473 trillion a year ago, and that Texas provides 55 percent of this 180 trillion feet, or more than half. Louisiana stands second to Texas with 11 percent of the reserves. The consumption of gas last year was said to be \$2.2 trillion cubic feet. If gas consumption did not increase, few of us now living would have fear of cold in winter. But it is increasing at a terrific rate, and will continue to do so as long as John L. Lewis and his UMW rule the roost in Washington. Canada now reports reserves of more than 10 trillion cubic feet. This will be a big help.

We don't suppose there is a man, woman or child in Terry county that is not proud of the feats our Future Farmer boys did down at Huntsville, and published elsewhere in this issue. A lot of our people thrill greatly when some athletic contest is won by our boys and girls. But the thrill is of short duration. Maybe the next year, we will be poorly represented in athletic contests. But future generations may live happier and more prosperous lives because of what our FFA boys did in east Texas recently. Supposedly, most of these boys are off the farms of Terry county, and after high school or college, most of them will settle on farms

in the area. What they do toward better cultural and soil conservation will benefit not only themselves, but all the farmers of their community. With high priced farm machinery, better methods will be welcomed by even the older farmers. The only headache we see in the matter is that these boys' teacher is going to be widely advertised as an instructor, and some of these oil rich towns and communities may outbid Brownfield schools to obtain his services. It is natural for all schools to want the best.

Collier's had a fine editorial in the current issue. However, it was not at all encouraging for the present generation. Many of us have heard of dotting mothers whose ambition was to see their son become the president of the United States. But with the present trend to elect and elect, as long as the president lives, then continue the dynasty through the vice-president, only a few presidents will be seen in a lifetime. All of them put in appointees and cater to minority groups to keep themselves in office until death do separate them. It has even come to the point that when another good man is mentioned for the office, like Ike Eisenhower, President Truman blows up, and comes out with a long string of oaths. It appears that like a cornered rat, all the ins and outs of the show world with the installation of milking facilities for all of its exhibitors.

The National Democratic (?) committee has to have a lot of unmitigated gall to ask southern Democrats to throw a \$25 plate dinner in order to cut their own throats. But a lot of them, the office holders and hangers on will do just that. No bones need be or are being made about the use of the money thus derived. That the funds are to be plainly marked for the election of fair dealers in the north is not denied. Yet all the "faithful" will be there to help slit the throats of the south. It is Truman's idea to elect enough on the liberal or so-

cialistic fringe in the north this year in order to put over his pet schemes, such as FEPC, so that he might better approach the ragamuffin minority groups two years from now when he gets ready to ask for a life time job in the White House. Truman hates the south, and nothing would please him better than to be able to put the squeeze and embarrassment on it. This is a fair warning from this humble sheet to those who may attend any of such events in Texas. We aim to simply obliterate your name when we get our ballot in July. You are a traitor to Texas and the south when you attend such functions. If all for any office attend one of the \$25 affairs, we'll scratch all of them. We don't crave such representation.

Most editors like a cupa Ar-buckle, or maybe a coke will take the fringe of nervousness and tension of the Fourth Estater for a time. But what gives him a lift up in the stratosphere is to get a new subscriber, particularly one that says he has seen some copies of the paper and likes it. Or he tells you that farmer so-and-so recommended your paper. The reason it gives such a boost to the tired editor is that it leads him to think that after all, his efforts are not in vain, and that while they may not say much about the matter, they seem to appreciate the little county seat weekly, and think it worth the two bucks they pay, for themselves and family. Frankly, we like for a reader to come in and make a little roar about not getting his paper. Goes to show the reader actually misses his paper when he accidentally fails to get it. This happens almost weekly, and is more likely to happen when a person changes his address, as old timers who have been getting this paper for 40 years and more and live at the same place all that time, seldom complain of the paper missing them. And those who renew year after year for periods anywhere from five to forty years also hold the heart of the editor. They are simply lovely folks.

Announcing P-P Dairy Show at Plainview

PLAINVIEW — The nation's third largest dairy show has once again moved into the front of the show world with the installation of milking facilities for all of its exhibitors. In cooperation with the Surge Milking Machine company, the stalls at the Panhandle-Plains Dairy Show have been provided with vacuum pipes and stall cocks. It is believed that these are the only show facilities in the nation so equipped.

The Panhandle-Plains Dairy Show will be held from April 10-14, 1950, and a record number of exhibitors from Texas, New Mexico, and Oklahoma are expected for this year's event.

Mrs. C. L. Sutton of San Angelo and Mrs. Ben Casey of Lubbock spent last Wednesday with Mrs. Tobie Helms.

Announcements

The following political announcements are subject to the Democratic primaries the first to be held July 22, which is the fourth Saturday thereof:

Service Office News

By C. L. Lincoln

The first positive action on veterans legislation in the present session came when the House passed by voice vote and sent to the Senate H. R. 3205. This bill would extend until June 30, 1951 the time for filing applications for terminal leave pay. The present date is Sept. 1, 1948 and some 16,000 applications have been rejected since that time.

In the meantime the House Committee on Veterans Affairs, on January 25, without formal hearings, favorably reported for House action the following bills:

H. R. 1941, to exclude from insurance benefits parents who have deserted or abandoned their families for a period of seven or more years.

H. R. 6559, to provide a minimum rate of compensation to World War II veterans who suffer from service-connected tuberculosis.

H. R. 6561, to extend certain veteran benefits to or on behalf of dependent husbands or widowers of female veterans.

H. R. 6562, to provide additional compensation in the nature of a statutory award for the loss or loss of use of a creative organ.

H. R. 6673, to amend the GI Bill to provide "treble damages" in suits instituted by World War II veterans against persons who knowingly participate in sales of property purchased with the help of the GI Bill and where false appraisals or other misrepresentations are shown.

Since both house of the present congress has extended the time on making application for the terminal leave bond from Sept. 1, 1948 to June 30, 1951, your county service office feels that there are several veterans in Terry county who failed to make application before the deadline date of Sept. 1, 1948.

Two and one half days for each month's service is allowed at last pay grade for all veterans less terminal leave received while in

JOHNSON NEWS

Mr. and Mrs. B. M. Tuttle and children and Barbara Parker spent last week end in Quemado Valley.

Mr. and Mrs. A. G. Camper and girls and Mr. and Mrs. R. A. Sparkman and family of Brownfield have returned from a five day fishing trip and a visit with relatives at Corpus Christi. About 150 pounds of fish were caught.

Mr. and Mrs. L. V. Alexander visited in the Lee P. Burger home in Lamesa Sunday afternoon.

Mr. and Mrs. L. J. Holloway visited relatives in Littlefield Sunday.

Mrs. Katie Mae Winn and girls visited in Big Spring Saturday.

Mrs. Grady Patton has been quite ill with flu.

Herman Wheatley, along with several others, left Monday for a fishing trip to Possum Kingdom.

Several from Johnson attended the school of music and the Baptist Workers Conference at Brownfield last week.

The WMU of the Johnson Baptist church met with Mrs. Merle Grigsby Monday afternoon.

Mr. and Mrs. C. F. Adams and family spent the week end in San Angelo.

Mr. and Mrs. D. Bick of Crosbyton visited in the O. A. Pippin home Sunday.

Mr. and Mrs. Lloyd Norris and baby of Lubbock visited in the L. G. Norris home Sunday.

Mr. and Mrs. Sam Bullard and children visited in the Wyatt Hanson home at Gomez Sunday.

Mrs. C. F. Adams has the mumps.

Mr. and Mrs. Earl Adams and children visited in Idalou Saturday.

Thomas Cargle of Brownfield

service.

If you know of any veteran who has not applied for this benefit please advise him to report to our office at the Courthouse, Brownfield, Texas. We will be glad to assist him in filling out the proper form for application on terminal leave bond.

What's Busier Than a Bee?

A Telephone Line, of Course!

A whole flock of beehives can't match the buzzing of today's busy telephone lines. Telephone traffic continues to roll along as heavy as ever. This means we still have a huge job on our hands—but we're glad. This continued heavy traffic is proof that more and more people think of the telephone as their first and fastest means of communication. That's just the way it should be.

Behind the Scenes In American Business

By Reynolds Knight
NEW YORK, Mar. 24—Tax-harassed business men, still plagued by high "wartime" excise imposts, are wondering if the "war" is ever going to end. When Congress passed the Revenue Act of 1943, they point out, it was specified that excise tax increases should terminate "six months after hostilities ended." It's been a long six months, say the industrialists.

One sore spot is the fact that those industries which bear the burden of the taxes—furs, cosmetics, liquor, jewelry, luggage, etc.—are forced to carry a disproportionately large share of the nation's whole tax load. Also, these industries argue quite logically, the motive which prompted the imposition of the charges no longer exists. In 1943 the idea was to discourage production in order to conserve manpower and critical war material. But the reverse condition applies now; the cry is to increase production.

The truth is, many excise taxes are actually self-defeating today, because they depress consumption, production and employment and the net result is a drop in federal revenue. Distilled spirits, which bear the heaviest excise tax load of all commodities and services affected by wartime emergency tax measures, are a case in point. The tax rate was upped in 1944 from \$6 to \$9 per proof gallon. This was a 50 per cent rise (and incidentally

brought the rate to 718 per cent above the post- repeal rate of \$1.10); but the result has been that since 1946 federal excise receipts from this source have dropped 25.8 per cent, or a half-billion dollars a year.

Worse yet, the industry warns, is the fact that today's tax virtually amounts to a subsidy for moonshiners. Unbothered by crushing tax burdens, the bootleg business is making a strong comeback, and is weaning more customers away from legitimate dealers every day. In just the last four years, for instance, the number of illegal stills seized by federal investigators has climbed 34 per cent.

Other excise-hampered industries, equally disturbed, are currently raising stiff protests against the continued imposition of what they charge is "an abnormally unjust portion of the country's tax burden." Congress at last is beginning to lend a more attentive ear to their cries, and there'll probably be some relief forthcoming this session. But any across-the-board canceling of excise levies is a real long shot. Don't count on it.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending March 11, 1950, were 21,877 compared with 21,606 for same week in 1949. Cars received from connections totaled 10,271 compared with 11,419 for same week in 1949. Total cars moved were 32,148 compared with 33,025 for same week in 1949.

Santa Fe handled a total of 31,638 cars in preceding week of this year.

HEN ADOPTS GUINEA PIGS—Betty Jane Robb, of Colorado Springs, Colo., kneels down to feed her motherly pet hen who is a busy biddy these days. The hen has adopted 20 full-grown guinea pigs and treats them as she would her own brood of chicks.

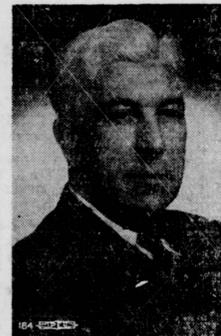

SHELTONS FROM CISCO VISIT BROTHER HERE

Mrs. J. E. Shelton of Cisco, was a visitor here this week with her son, Joe and family. Also visiting here with Mrs. Shelton, was another son, Captain Jim Shelton and wife. The visitors called at the Herald office, but the writer was out of pocket.

Mrs. Shelton of Cisco, is the wife of the late J. E. Shelton, early day real estate man here, and who perhaps served longer than anyone else as secretary of the Chamber of Commerce. J. E. was a tireless worker for the advancement of the town and community as church and club worker.

Capt. Jim is a graduate of A&M, having military training, entered the service soon after war was declared, being steadily promoted in the ranks as he had military experience. While in the occupation forces overseas he married a Holland girl.

This lady speaks English fluently, and those who saw her say she is very beautiful. They have no children. Presently Capt. Shelton is on leave with no location assigned.

ROBERT S. CALVERT OF AUSTIN

Announces his candidacy for Comptroller of Public Accounts, an office he has held by appointment by the late Governor Beauford H. Jester since the death of Geo. H. Sheppard in January 1949.

Calvert, a veteran public servant, has served nineteen years as Financial Statistician and Chief Clerk in the Comptroller's Office which he now heads.

A native Texan, born in McLennan County and reared in Brown and Nolan Counties, Calvert is seeking his first elective term for the office of State Comptroller. He is a World War I veteran, a member of the American Legion, Veterans of Foreign Wars, the Lions Club, and the Masonic Lodge. He is a member of the First Christian Church of Austin where he is presently serving as Chairman of the General Board.

Many Cases of Venereal Diseases In Texas

The more than 2,000 cases of syphilis and 3,000 case of gonorrhea reported throughout the state since the first of the year signifies the pressing need for continuing public education in matters of venereal disease, State Health Officer Geo. W. Cox, Austin, believes.

Cox appealed for state-wide participation in making "Better Health for Texas" a year long program. A "Better Health for Texans Week" was officially designated by Gov. Allan Shivers last December.

Cox said the response of the public, the press, radio, motion picture theaters, television, and "other agencies and individuals during the campaign was excellent."

"But," he said, "the continued success in reducing the incidence of VD requires the full support of all the public."

The veteran of more than 13 years as state health officer said his department was continuing an "intensified" campaign against venereal infections through "all media of mass education—newspapers, radio, feature releases, and talks to luncheon clubs and civic organizations."

"We've even gone into television to carry our VD warning to the people," Cox asserted. He said his division of public health education had recently produced a color film and a motion picture trailer which were available for loan to television stations through local health agencies.

He said any organization desiring informational pamphlets, posters, and prepared speeches on the subject of venereal diseases could get them by writing to the State Health Department in Austin.

THE SAWYERS SAWING THROUGH GEORGIA
The Old He's Mrs. had a card last week from Mr. and Mrs. Arthur Sawyer. Of course it was written by Irene as old Arthur is like the Old He, too doggone lazy to write here at home, much less when he's off on the road "resting." They had already visited in Ol' Miss., Alabama, Florida, and was at that time at Columbus, Ga.

And according to Irene's card, the woods had become a riot of dogwood blooms, and things were looking pretty that far south. Irene of course may not know it, but they sure missed a blooming sandstorm Monday the 6th.

We hope the gas holds out as well as a bit of money for the tourist court folks, and they get back without wiring for help.

As much as 30 per cent of the energy from the feed of swine may be given off as heat.

Postal Jackpot

Five-year-old David Fisher holds aloft concrete evidence of the nation-wide wave of friendship that swept his way after a radio appeal for greeting cards to go to the bed-ridden little boy. David's Aunt asked Jack Berch, of NBC's "Jack Berch Show" to tell listeners about David at Christmas—and the mail's still pouring in.

Low Down From Hickory Grove

Congressmen and fellow citizens, hear ye! This seminar is to be devoted to the selfish interests and desires of the average congressman—but it will be okay for a voter to listen in too, if he chooses.

I have researched deep and I have the answer on "how to get elected or re-elected—sure fire." So listen—you jittery one who are voting "yes" on every hand out bill introduced—you scaredy persons who shiver when you hear a noise in the woods, fearful it is a vote getting away from you.

Boys, here is how it is—and keep it in mind I am not mad at any of you, I just sometime feel sorry—some of you have a little to learn yet, but your heart is in the right place. When you sit down at home with the sweet little woman and dope out how you are to manage your private exchequer in the coming year—how you will trim expenses if you are ever to get the interest payments reduced on the mortgage, you use gumption. You and the little woman decide you will pull in the belt.

So boys, just be yourselves there away from home—use home economics on Govt. affairs. And if it looks like Sambo can't make both ends meet on his colossal 42 billion budget, it is up to you to lower the boom. If you do so, all the king's horses and all the king's men cannot prevent you finishing as top man, as the frost

PRICE AND FAMILY IN FPOM PUERTO RICO

Mr. and Mrs. Marner Price and two children, Luis, 5, a son, and Doris D., 2 year old daughter, arrived last week by plane from San Juan, Puerto Rico. They will be here six or seven weeks visiting with their father and mother, Mr. and Mrs. W. W. Price, the former being ill. Also his grandmother Price and other relatives.

Marner met and married his wife, a native of Puerto Rico, while he was in the air corps during the war. They lived here a few years and moved back to Puerto Rico to make their home.

Mrs. Mary D. Price, ad solicitor for the Herald, and an aunt of the two children, says she gets a kick watching them play checkers, using the Spanish language while doing so.

VIDEO LAUGHS WITHOUT SCRIPT

CHICAGO—(AP)—Animals can get laughs on television without any help from gag writers. Take, for instance, Herbert, the orangutan. He was in the midst of his unicycle ride on the Super Circus show when he decided to pad his part. He stopped, picked up the wheel and threw it at the band leader.

Herbert was doing a roller skating turn when the urge to ad lib seized him again. He snatched off a skate and hurled it through the bass drum. He got his laughs—and the hook, too.

Yours with the low down, JO SERRA.

TERRY COUNTY HERALD, FRIDAY, MARCH 24, 1950

Growth of Farm Bureau Since 1944

Over one and one third million farm families of the United States have put their OK on Farm Bureau, says a statement recently put out by the organization. They remind their vast membership that the quick change from high prices in 1919 to ruinous prices in 1920, must never occur again. Most of us older people remember that period. In 1919 cotton was 40c a pound and beef cattle 17c. The next year cotton went to 8c and beef cattle 7c by 1921. Wheat dropped more than half, and other farm products in proportion. The Farm Bureau has grown

PIKE'S PEAK OR BUST!
CAIRO—(AP)—The Cairo post-office refused to accept a letter addressed to Denver, Colorado. "No such place as Colorado," the clerk wrote across it. An atlas finally convinced him.

St. Catherine's monastery, near Mt. Sinai, is believed to be the world's oldest Christian monastery.

from 7,843 members in 1944 to 33,852 in Texas by 1948. Their membership is perhaps around 100,000 at this time. The national membership was 1,325,826 in 1948. In the south Georgia headed the list with 73,000 members. North Carolina, Alabama and Kentucky all stood ahead of Texas in membership.

Even the COLORS sing of Spring!

Too bad a newspaper has to be printed in black and white.

For here we can show you only half the picture you can make this spring, this summer and for a long time to come.

True, you can see the lines of this tidy 1950 SUPER Convertible.

You can, perhaps, imagine the top-of-the-world feeling you'd know with the wind combing your hair, a great valve-in-head straight-eight filling your ears with its song, these spinning wheels cradling each mile of your going in soft, coil-spring comfort.

What we can't show you here are the

bright, gay colors we have made ready just for you and just for this year.

We can't show you how they dress you up, clothe you in the very spirit of the season, add their own special plus to that unmatched I-drive-a-Buick feeling.

Best we can say is they won't cost you one cent extra.

They are part and parcel of this gorgeous Buick package, like the Fireball-in-head power of our new F-263 engine—the level going of all-coil springing—the steady roadability of Buick's solid structure—the handy controls for top, windows and front seat, the satiny smoothness of Dynaflo Drive.*

*Standard on all Roadmaster models, optional equipment at extra cost on Specials and Supers.

Why not come see the whole package for yourself? Your Buick dealer can get right down to cases—prices, trade-in, terms and all.

See him—and this year you'll want to meet spring in the gay Buick manner.

Only Buick has Dynaflo—and with it goes!

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

Terry Election Judges Appointed

At a recent meeting of the county commissioners court, judges for general and special elections in Terry county during 1950 were appointed.

Judges for the 11 precincts in the county, with the presiding judge named first in each precinct are as follows:

Southeast Brownfield: H. M. Bell Jr., Darrell P. Moorhead, C. L. Aven Jr., R. M. Moorhead.

Northeast Brownfield: Clyde Bond Sr., D. A. Lowe, L. C. Heath, Alton Webb.

Southwest Brownfield: R. B. Perry, G. C. Aschenbeck, Tobe Helms.

Northwest Brownfield: E. B. McBurnett, Alton O. Webb, Val Garner.

Union: H. G. Garner, Raleigh Luker, Frank Sargent.

Meadow: Rev. Cecil Tine, Mrs. Cecil Tine, Will Hinson, Mrs. Fred Finley.

Johnson: M. L. Murry, J. A. McCraw, B. M. Tuttle.

Tokio: George Alexander, O. A. Pipkin, N. H. Lovelace.

Pool: L. M. Waters Jr., Thurman Solsberry, Curtis Hulce.

Wellman: J. R. Thomas, Sewell Dean, Glendon Brown, Clarence Welcher.

Gomez: Mrs. A. J. Lloyd, Mrs. Denver Kelley, Jeff McQueen.

GIRL SCOUT TROOP WORKS IN POTTERY

The president called the meeting to order and the secretary called the roll. The treasurer collected the dues.

The girls continued to work on their pottery badge. They are also working on some ash trays.

Those present were Betty Daniels, Nelva Borsher, Betty Criswell, Betty Cabbins, Louise Brawley, Teddie Johnson, Olive Ruth Wood, Patsy Teague, Gail Davis, Rita Apolonize, Sandra Uandell, Annette McCollough, Vona Patton, Jerri Catherine Dumas, Gwendolyn Thompson, Veda Ritchey, William Key, Myrtice Jones, Carolyn Warren, Ima Jean Frost, and Royda Dumas. Mrs. H. P. Parks, assistant leader, met with the girls.—Reporter.

Mrs. Wingerd Gave Club Book Review

The Maids and Matrons Study Club met Tuesday, March 21, in the Seleta Jane Brownfield club house, with Mrs. Redford Smith as hostess.

Mrs. L. M. Wingerd gave a review of the book, "I, My Ancestor."

Coffee and cake were served to the following members: Mesdames W. M. Adams, Eunice Jones, E. O. Nelson, E. C. Davis, Barton Evans, Leo Holmes, E. F. Latham, Loe Miller, Forrest McCracken, Money Price, A. A. Sawyer, L. M. Wingerd, J. W. Spreen, G. W. Terpley, J. M. Teague, F. G. White, hostess and guests, Mrs. W. J. Atariary and Mrs. A. W. But.

Orchestral Music Studied by Club

Orchestral music was the theme of the program when the Cent-Tex Harmony club met Tuesday night in the home of Mrs. Grace P. Wood, Mrs. R. A. Brown was program director.

Unique Contributions of Haydn, Mozart and Beethoven was given by Miss Mabel Davis. Recordings of "Surprise Symphony" by Haydn, "Symphony in G Minor" by Mozart, and "The Eroica Symphony" by Beethoven were played.

Following the choral rehearsal, refreshments were served to Mesdames Brown, Jim Griffith, Marier Price, N. L. Mason, Mary Ruth Nelson, and Misses Davis and Edith Creighton.

Mrs. and Mrs. Harvey Gage and Mrs. H. L. Thurston attended church in Big Spring Sunday. The Rev. Thurston, who has been conducting a revival there for the past week, returned home with them.

Mrs. Roy Harris visited her daughter, Mrs. Carmen Marson, and family in Abilene last week end.

Roy Fleming was a business visitor in Snyder Tuesday.

WORLD IN SLAYING—A man who identifies himself as Jose Villalobos, 24, a Mexican national (above) was jailed in Ojinaga, Mex., following his arrest in Mexico at the climax of a border region manhunt. Villalobos reportedly admitted the fatal shooting of Presidio county, Tex., Sheriff O. W. Morrow. (AP Photo)

SPORTSMANSHIP

Doak Walker, recipient of Collier magazine's award as football Player of the Year for Sportsman-ship, bred up to his award when he purchased Texas' first sheet of 1950 Easter Seals from 4-year-old Benny Kaiser, Dallas, a victim of cerebral palsy. Sale of the Easter Seals finances the work of the Texas Society for Crippled Children. During the period of March 12-April 9, Texas are urged to buy and use Easter Seals.

"MOVE OVER, PAL"—The second postwar Crufts International Dog Show drew world-wide interest in kennel circles, but these two boxers just couldn't seem to get excited over the event. They were found half asleep at the height of the London show.

A Grand Old Couple Visit the Herald

Saw Mr. and Mrs. J. J. Gaston of the Gomez community alight from their car Monday in front of the Herald office. Didn't pay any particular attention to them at first, as people are getting in and out of cars almost constantly to visit the hospital, pharmacy or to get hardware or groceries.

But as we don't see Mr. Gaston too often, we hesitated at the door to wring their honest old hands. They were headed for the office, OK, and J. J. stated that his time was up or about up on the Herald, and he feared we would not extend credit.

It has been many years since the Gastons landed in old Terry from Red River county, and settled just southwest of Gomez. Several of their children were still at home at that time. They entered into the spirit of up-building of the community in this new country, and made friends fast.

For the past few years, J. J. like the Old He, is not as young as formerly, and does not come to town, often and scoot around like a young thing. But he still has that jolly old laugh, and enjoys a chat with friends. One advantage he has is a very faithful wife. Come again, folks.

Jordan Is Deep Breaking His Land

Spotted Frank Jordan eating pie and drinking coffee up at a cafe this week, so we sidled in an inquired if he had an extra nickel. He did, and invited us to have a seat by him. Soon the conversation drifted into deep breaking, and we soon found that Frank is a true blue believer.

He is deep breaking from 125 to 150 acres a year of his land, and says he aims to keep this up or do even better till he gets over all his land. He stated that he believed deep breaking is going to be the salvation of Terry and other sandy soiled counties, if we are to keep our farms fertile and producing.

He said his wheat had begun to suffer some, and a rain soon, would cure that condition, and he'd make a fair wheat crop. Frankly folks, we thought two months ago that the wheat would have been a goner by now without rain.

What turned the trick was that 8 1/2 inches of rain we had in September and October, followed by shorter and cooler days and little wind during the fall and winter. That moisture is still down there, lots of it.

Frank said that when he was deep breaking, he could ball the clap up. He spent some time about Christmas with his daughter out in Arizona. And while the Herald did not arrive until Tuesday the next week, he said he really learned what is was to appreciate the old home town paper.

Mr. and Mrs. Roy Holden of San Antonio, Texas, were here this week visiting his sister, Mrs. Stricklin Sr. and family. They talk of selling out their home in SA and move back to Los Angeles, where he served his 25 years on the police force before retiring on a pension.

Had a card that Phillip Rogers had landed in Tennessee, and found all the folks fairly well, and raining plenty back there. Believe we will go back there and watch it rain a bit, as the water sprinkler is a poor substitute for the natural stuff.

Mrs. Clayton Beadner of Lubbock and Mrs. Vic Atwood and son, David, visited their parents, Mr. and Mrs. Emmett Bennett, in Sweetwater over the week end.

Mr. and Mrs. Roy Jenkins visited her brother, C. J. Carter and family in Hobbs, N. M., over the week end.

Mrs. Ruby Bomar of Lubbock visited her daughter, Mrs. Edgar Self, and Mr. Self, Sunday.

Mrs. T. L. King and Linda Lee of Odessa visited Mrs. Ethel Tucker Sunday.

Take a Powder and Drop Off the Caprock

Most of us mortals sooner or later begin wondering what is down the road a head, and we itch to get on a car seat and head in some direction, usually where we can pick up a few free meals and a good bed. That was exactly what happened as soon as we could get ready to hit the road last Thursday, when the Old He and the Mrs. headed for Brownwood. Hadn't seen the daughter and hubby since back in January, you know.

Most of the time we go via Lamesa and Gail to Snyder, as the roads are a bit straighter, and up to recently less traveled. Not much difference in travel now with the oil boom at Snyder, Tahoka and Post are going along in the even tenor of their way. Post growing faster, as they have oil fields. But Snyder is the place they are really putting on dog. Uncle John Santa Fe is allowing oil wells to be drilled on their right of way, and presumably the State Highway department will finally allow them.

As we had not been over this highway in some time, the growth along it north of Snyder was astonishing. There are businesses of various and sundry kinds way out north of the country club. We quizzed a few natives while there a few minutes, and none seemed to think Scurry county would legalize beer. As it was noon, we found a parking place pretty handy, while the Mrs. visited a few minutes with the Ollie Brutons.

But we decided that we had rather find some place with less hustle and bustle to eat, and some told us to stop at the Silver Spur at Roby. All recommended their food and service. And we were not disappointed that we drove the extra 32 miles before lunch. The place is run by a man, his wife and daughters. We found the food tasty like home cooking, and the service fine. The Silver Spur is welcome to this bit of advertising plug.

Anson too, is enjoying some oil play, and is growing. Some rather pretentious buildings are going up there, such as churches and a \$300,000 hospital, as well as residences. They have oil play both west and south of Anson now. Down at Abilene we have learned a new way through that hustling city without the bother of "STOP" and "GO" signs on the main drags. They already have a nice four lane truck and express by-pass from the north part of the city to the Tee & Pee railroad, and are working on an overpass. At this point by turning east over an unpaired but fairly well graveled street, you get into highway 80 out toward the airport with few if any stops.

We had a great time down at Brownwood. There was plenty of food and we killed a whale of a lot of time napping. But doggone it we took another cold—a bad one—as if there ever was a good cold. Perhaps our fault, as was rather warm going down after noon, and we probably let too much draft in.

Everything of course is much greener down there, especially the grass and grain as they have had more rain and less sandstorms. Came back via Ditto residence in Abilene. All gone but Vona Lee. She messed around in the kitchen a few minutes and drummed up a wonderful meal. The rest of the family was visiting in New Mexico.

Mrs. D. W. Bailey Entertained Club

The Tokio Home Demonstration club met in the home of Mrs. D. W. Bailey March 15.

The business meeting was short and Mrs. Derrah Gaudin gave the "Control of Insects" for the program.

There were five members and one new member, Mrs. Leslie McGee, present.

Mrs. Troy Farquhar will be hostess to the next meeting, on April 5.

Mrs. T. L. King and Linda Lee of Odessa visited Mrs. Ethel Tucker Sunday.

Wellman FHA Held St. Patrick Tea

The Wellman chapter of Future Homemakers of America had their annual St. Patrick's Day tea Thursday, March 16. Guests were parents, teachers and friends of the FHA.

A centerpiece of white gladiolus and green candles was used on the lace covered tea table.

The program consisted of songs by Glynita Brown, Charis DuBose, Velma Jean and Joyce Bruce. Marjorie Scales had charge of the guessing game in keeping with St. Patrick's day.

Refreshments of punch, cookies and open face sandwiches were served.

Favors were green hats with the name of each written on them.

Betty Brisco, reporter.

Notice to Bidders For Time-Warrants

Notice is here given that, at 10 o'clock A. M. on the 10th day of April 1950, in the Commissioner's Court room in the County House in Brownfield, Texas, the Commissioner, Court of Terry county, will receive bids for the purchase of the following Terry county time-warrants, awarding them to the highest bidder for all cash:

Six warrants for \$1,000.00 each, all maturing April 10th 1955

Five warrants for \$1,000.00 each, all maturing April 10th 1956

Five warrants for \$1,000.00 each, all maturing April 10th 1957

Five warrants for \$1,000.00 each, all maturing April 10th 1958

All of said 21 warrants bearing date of March 1st 1950, bearing interest at rate of 3% per annum, containing the usual legally required conditions and provisions.

The issuance and sale of said warrants have been authorized by order of the Commissioners Court, on the 28 day of Nov. 1949, recorded in Vol 5 at page 398 of the Minutes of the Commissioners Court of Terry county.

The Commissioners Court reserves the right to reject any and all bids.

Witness my hand, this March 21st 1950.

H. R. WINSTON
County Judge of
Terry county Texas.

Congratulations to ...

Mr. and Mrs. Arel Wilmerth Williams of Tokio on the birth of a daughter, Karen Sue, born March 15 at 5:30 a.m., weighing 6 lbs., 15 1/2 oz.

Mr. and Mrs. Jesse Wilburn Lasiter of Brownfield on the birth of a son, Johnny Wayne, born at 12 noon March 15, weighing 6 lbs., 6 1-4 oz.

Mr. and Mrs. Robert Irvin Burley of Santa Rosa, Calif., on the birth of a son, Keith Duquesne, born at 7:30 a.m. Mar. 15, weighing 7 lbs., 10 oz.

Mr. and Mrs. Emil Opieola of Brownfield on the birth of a son, Rhondi Pete, born at 8:25 p.m. March 16, weighing 9 lbs., 3 oz.

STEPHEN YOUNG HONORED WITH BIRTHDAY PARTY

Mrs. Richard Young honored her son, Stephen, on his seventh birthday with a party in her home.

Cake and punch were served to Carolyn and Don Cary, Rita Lou and Deenie Goodpasture, Ann and Don Copeland, Linda and Mary Jane Brownfield, Kathy and Becky Glick, Thomas Bruce Zorns, Karen Young and the honoree.

Favors of magic cameras and toy trucks were given each guest.

POOL HD CLUB MET MARCH 14

The Pool Home Demonstration club met March 14 with Mrs. W. F. Terry. Roll was called with 7 members present. There were two visitors, Mrs. Vernon Brown and Mrs. C. E. Patton.

The next meeting will be held March 28, with Mrs. Bill Stokes.
