

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

Best Advertising Medium
The Herald has the largest paid in advance circulation of any weekly newspaper on the South Plains.

VOLUME 46

BROWNFIELD, TEXAS FRIDAY, AUGUST 11, 1950

NUMBER 3

New Mail Routes Begin August 16

The local postmaster, James H. Dallas, has been notified by the department in Washington of the granting of extensions bringing delivery service to 57 additional blocks in the city of Brownfield. Most of this involves new city additions recently built up, while sections of the Lubbock and Tahoka roads, formerly served by Rural Route 1, will be included in the new service.

Patrons living within the area of the new extensions are urged to provide boxes and house numbers as soon as possible. Those persons are also asked to turn in change of address at the post offices and in the case of those receiving newspapers and magazines, the publishers should be notified of the new address. When a person wishes mail delivered by carrier, it is very important that publishers and correspondents be notified.

Dallas is glad to announce this new service, and it is believed that after the new service is put into effect, some congestion due to a shortage of post office boxes, will be relieved at the post office.

Below is a list of street and block numbers included within the area of extension: Lubbock Road, 600 to 900 blocks; North Bell, 300 to 900 blocks; East Ripley, 400 block; East Oak, 300 to 700 to 1000 blocks; East Lake, 300 to 500 and 700 to 1000 blocks; Tahoka Road 300 to 1100 blocks; North Atkins, 300 to 500 blocks; North A., 300 to 500 blocks; North B., 300 to 400 blocks; South C., 700 to 800 blocks; South Fourth, 300 block; East Hester, 700 to 900 blocks; South D., 600 block; East Buckley, 1000 to 1100 blocks; E. Cardwell, 1000 to 1100 blocks; East Tate, 1000 block.

Patrons of the new service will please note that the service is to be started August 16, and the post office should be notified by that date by those wishing to avail themselves of the new service, Dallas said.

Scout Troop 45 Returns From Camp

Boy Scout Troop No. 45 returned Sunday, August 6, from Conchas Dam, N. M., where they had been attending camp since August 3.

The scouts attended camp to make preparations for earning merit badges. They enjoyed three days of outdoor cooking, camping and sightseeing. Babe Lincoln accompanied the troop and gave instructions in swimming.

Those scouts attending were Doyle Frazier, Ray Cargill, James Conway, Brian Brady, Jimmie Pickett, Joe Pat Cunningham, Richard Duncan, E. V. Murphy and Niles Lackey. Those accompanying the scouts were Thurman Pickett, Coke Tolliver, Abel Pierce, Babe Lincoln and scoutmaster, Dr. T. H. McClroy.

Last Rites Held For Tokio Youth

Last rites were held at 3 p.m. Monday in the Tokio Baptist church for Ray Mullings, 12 year old son of Mr. and Mrs. J. R. Mullings, who died early Sunday following an accident.

Young Mullings was fatally injured at about 8:30 a.m. Sunday when he fell off a one way plow he was riding behind a tractor and was crushed to death. His brother, Paul, 14, was driving the tractor and the plow which Ray was riding struck a rock and tilted, causing Ray to fall off and fall under the plow. He was taken to the hospital in Brownfield where he was pronounced dead on arrival. The accident occurred on the Jim Cunningham farm just across the line in Yoakum county.

Services were conducted by W. P. Brian, minister of the Plains Baptist church. Interment was in Terry County Memorial Cemetery under the direction of Brownfield Funeral Home.

Pallbearers were Paul Cobb, Frank Upton, Jim Burke and Thomas Bearden. Survivors other than the parents and the brother, are two sisters, Lillie and Ellen, and four brothers, Ed, William, Jerry and Gene, all of Tokio; his maternal grandfather, W. A. Collins of Dexter, N. M.; and the paternal grandparents, Mr. and Mrs. T. R. Mullings of Walton, Ark.

Services Held For Mrs. W. L. Cousineau

Funeral services were conducted in the First Baptist church at 3 p.m. Saturday for Mrs. W. L. Cousineau, 60, who died at 4:30 p.m. Friday in her home, following a long illness. Jack Pearce, minister of the Calvary Baptist church, and Fred Stumpp, minister of the First Baptist church, officiated.

Mrs. Cousineau had been a resident of Terry county for 27 years. She was a member of the First Baptist church.

Survivors include one son, Jim, of Brownfield; one daughter, Mrs. John Markham of Lubbock; one sister, Mrs. J. S. Brock of Lawton, Okla.; and two brothers, Dean Click of Seminole and Kelly Click of Lovington, N. M.

Burial was in Terry County Memorial Cemetery under the direction of Brownfield Funeral Home.

Active pallbearers were Horace Rambo, Sawyer Graham, John Markham, J. H. Aschenbeck and Frank Szydoski.

Mr. and Mrs. Joe Hamilton visited Mrs. Hamilton's parents, Mr. and Mrs. B. O. Black in Clovis, N. M., last Sunday.

TO THE RESCUE—Mrs. Louise McCabe, above, wades through water almost to her armpits to rescue her pet dog, Fanny. The dog was caught by the flood waters of Holliday Creek in Wichita Falls, Texas, and was stranded big hand dry on the fence at the McCabe home. (AP photo)

Man Injured In Fall At Oil Mill

Manuel Garcia suffered a broken left and right wrist and a fractured left knee cap Tuesday night when he received a twenty foot fall at the Western Cottonoil Mill in Brownfield where he is employed.

The accident occurred at 7:20 p.m., and Garcia was taken to the local hospital in a Brownfield Funeral Home ambulance where he is receiving treatment.

Tatum Boy Injured in Coyote Chase

Seventeen year old Jimmy Dunlap, son of Mr. and Mrs. J. O. Dunlap Jr., of five miles east of Tatum, N. M., received a leg wound Monday when a 410 ga. shotgun accidentally went off.

When the accident happened, Jimmy was helping his family chase a coyote in their pasture that had been found Monday morning. When the chase started, Jimmy had picked up the gun and laid it in the back of the pickup with him. While he was shooting at the coyote with another gun, the pickup drove over the rough field which caused the 410 to bounce and shoot. The charge hit Jimmy's leg and lodged around his knee.

He was immediately brought to Brownfield where he is receiving treatment in the local hospital.

Lions Club Sponsors Golf Tournament

A golf tournament was held Tuesday, Wednesday and Thursday evenings of this week at the miniature golf course. It was sponsored by the Lions Club to raise money to pay for the course.

There were 40 entries in the tournament, and each entrant paid an advance fee of \$1.00. The winner of the tournament received a trophy presented by the Lions club. Second and third place winners received medals. The winners of the quarter finals Wednesday evening were Virgil Wilson, Alfred Bond, Jim Bayless and Curtis Sterling. Wilson defeated Sonny Wall; Bond defeated Fred Baldwin; Bayless defeated Kenneth Watkins, and Sterling defeated James Chesshir.

LOCAL BOARD CALLS 120 MEN IN AUGUST

Mrs. Joyce Glick, clerk of local selective service board No. 116 said this week that 24 men from Terry, Yoakum and Hockley counties left Thursday morning for Amarillo, where they reported for physical examinations. The next call for physicals will be for 36 men on August 17, and 60 men will be called August 25, Mrs. Glick said.

The local board serves the three counties listed above.

COUNTY 4-H CLUB TO HOLD TALENT SHOW

The county 4-H club girls will have a talent show and party in the Wellman gym Monday night August 14.

Members of the 4-H club will be participants in the talent review. The club cordially invites the public to attend.

Citizens Urged To Take Part In X-Ray Service

Do you know that tuberculosis is preventable? Curable? Not inherited? Tuberculosis is contracted from another active case. It is a "catching" disease. It is caused by a germ which usually attacks the lungs, but may attack other parts of the body.

When the mobile x-ray unit, staffed by members of the state health department, is in Brownfield August 30 through September 2, citizens are urged to go to Tudor Sales Co., between the hours of 9 a.m. and 5:30 p.m. on any of those days and have a free chest x-ray.

Early TB is without symptoms. It occurs in all walks of life and at any age, but is least likely to be present in serious form between the ages of 4 and 14 years. By discovering early cases of TB in persons over the age of 15 years, younger children in the family may be saved from becoming victims of the disease.

If coughing and loss of weight are present, the disease is well advanced, and a person has lost his best chance for complete recovery.

TB kills more people than all other communicable disease combined. There is no more emphatic proof of the power of ignorance and carelessness to spread disease than is shown by the continued ravages of tuberculosis, which is responsible for more deaths between the ages of 15 and 45 years than any other disease.

The Terry County Tuberculosis

Association and the Health and Safety Committee of the Brownfield Chamber of Commerce are jointly sponsoring the x-ray survey, in which five counties will participate. The counties are Terry, Hockley, Gaines, Yoakum and Dawson.

The Public Health and Safety committee of the chamber of commerce urges that everyone over 16 years of age be x-rayed on one of the four days that the mobile unit will be in Brownfield.

Most persons found to have an advanced case of TB have a slim chance of recovery, but if it is discovered early and is given proper treatment at once, the chances of recovering your health are very good. "The best way to find out if you have TB is to have your chest x-rayed. It takes only a few seconds, and you do not have to disrobe," says Wayne (Red) Smith, manager of the chamber of commerce.

After the x-rays are examined by a qualified physician employed with the state health department, persons whose x-rays are negative are notified. In cases of suspicious or definite TB, or if traces of any other conditions show up, the report is sent to the person's family doctor, who in turn, will contact the person for a complete examination.

The sponsors of the survey urge all citizens to co-operate with the project. "It will take so little of your time, and it may save the life of one of your family perhaps your own," the said.

Guardsmen Moved Into New Armory

Members of the Assault Gun Company, Texas National Guard, moved into their new armory Monday night, according to Capt. Sam Privitt, commander.

The armory, which was paid for by the city and county, is an addition to Veterans Hall on the Seagraves highway. Glenn V. Paden was contractor.

Privitt said that at a later date, the public will be invited to inspect the new armory.

There are still several openings for enlistments, Privitt said, and any person interested may contact Cpl. Virgil Short at the armory or Capt. Privitt.

HI-HO CHANGES NAME TO RIG DRIVE IN

The Hi-Ho Drive in theatre became the Rig Theatre Wednesday morning when the electricians completed installing the new neon sign.

The neon sign is fashioned after a huge oil derrick with a white background. The drive in theatre is one of the four Jones Theatres which are managed by Sammy Jones.

SWIMMING POOL TO REOPEN SUNDAY

The swimming pool will reopen Sunday afternoon at 1:30 o'clock. It has been closed the past week due to the polio scare, and it will remain open until the latter part of August.

"Little Cooperation" Is Slowing Clean Up Drive

Health Center To Open About Oct. 1

Had a little confab with Dr. Frank P. Miller, head of the Five County Health Unit this week, and among other things he informed us that the new \$91,000 unit now under construction would be ready for occupancy approximately about October 1.

Of course he stated, the building will be completed before that time. It is nearing that stage now, but fixtures are being delayed somewhat, and no opening can be made until they are received.

Elaborating, Dr. Miller stated that this one would be the second finest in the state of Texas. Corpus Christi has one that cost \$96,000. Of course such cities as Houston has four, but none of them compare in beauty or cost with the Five County unit here.

We feel that the people of the community will be very proud of this health center. And we might add that after its removal from the courthouse the crowded conditions will be somewhat relieved there.

Six Polio Cases In County This Year

Dr. Frank P. Miller, director of the South Plains Health Unit, said this week that contrary to rumors which set the number higher, only six cases of polio have been reported for Terry county in 1950, as of August 6.

According to information released by the state health department, in the first six weeks of 1950 there were 68 deaths due to acute poliomyelitis, as against 69 deaths for the same period in 1949.

Thirty-two of this year's polio deaths occurred in children under five years of age; 13 among the 5-9 years age group; 14 in the 10-19 age group; and 21, or one-fourth of the total, in persons 20 years of age and over.

County 4-H Boys Attend Encampment

Jim Foy, county agent, took seven 4-H boys from this district to the annual 4-H encampment which was held at the Panhandle-South Plains Fair ground Monday, Tuesday and Wednesday of this week.

The 4-H boys who accompanied Foy were Bobbie Horton and Claude Montgomery of Union, Wayne Sanders and Arnold Patton of Meadow, Kelly M. Sears and Max Miller of Brownfield, and Ronnie Graham of Wellman. Ronnie won second place in the district diving contest, and Wayne Sanders won second place in leather craft. These boys were selected to attend the encampment because of the outstanding club work they had accomplished during the past year.

W. L. Stangel, dean of agriculture at Texas Tech was awarded this year's recognition for being a leader who had made outstanding contributions to 4-H club work. He was presented with a spur shaped tie clasp bearing the emblem of the 4-H club in a program Tuesday night.

The 4-H boys will be guests of the 4-H girls Monday night at their talent show and party to be held at the Wellman gym.

FOOTBALL BOYS TO MEET IN GYM

All football boys are urged to meet with Coach Toby Greer at the gym Sunday afternoon at 4 o'clock. This will be the first meeting of the boys this year, and it is important that every boy attend.

The football field is now being prepared to begin fall practice Tuesday morning Aug. 15. Coach Greer stated that there will be two practices daily, one from 9 to 11 each morning and the other from 7 to 9 each evening.

Dr. and Mrs. R. E. Parrish of Hobbs, N. M., visited friends in Brownfield last week.

Local Minister Will Lead Meadow Revival

Rev. Fred Stumpp of the First Baptist church will begin a revival meeting in the Meadow Baptist church Monday, Aug. 14 through Sunday, August 20.

Rev. Stumpp will have as his sermon topic Sunday morning "The Cry of a Christless World," and his topic that evening will be "The Result of Redeeming Love."

Friday evening the young people of the Baptist church will meet at the church at 7:30 o'clock to go to Gomez to attend their revival.

Two More Counties Heard from—Both Dry

This newspaper was prepared to tell you this week that old Lubbock had again gone dry by an overwhelming majority, some 3 to 1 or 5 to 1 or some such figures. But the dries couldn't even muster a two to one majority this time. The vote was 9,759 to 5,480. The vote was heavier than in the recent Democratic primary.

Then there was old Andrews county, some of whom liked the foaming glass of beer and light wine, and was all they craved at present. But the legalizers took a real shellacking down there from the "wimmin, preachers and bootleggers," to the tune of 864 to 169.

We heard a young man remark recently that he told his mother that she always voted on the side of the bootleggers in prohibition elections. Could be, and most likely the youngest was teasing his mother. But we happen to know that there are always a lot of shady characters on the anti side.

Attention Young Men!

If you served with any of these divisions, 1st Cavalry, 2nd Infantry, 24th Infantry, or 25th Infantry Divisions and would like to get back into your old outfit contact Sgt. Charles Stroud at the recruiting station located in the courthouse.

The city wide clean up campaign, which was called for by Mayor C. C. Primm last week, is not being met with much cooperation, according to Primm. He said Thursday that very few persons have "even made an attempt to clear off their vacant lots or clean up around their premises."

Six tons of DDT compound were dropped on the city early Sunday morning from planes belonging to Pete Harris and Buddy Norris. Pilots of the planes were Kelton Miller, Charles (Chock) Hamilton and Neil Utberg.

With the many rains which have fallen here in the past month, weeds have grown up on vacant lots, creating breeding places for flies and mosquitoes. Primm said that the city has been completely fogged each week or ten days during the summer, but that in order to completely stamp out the flies and mosquitoes, the citizens must cooperate in cleaning up their premises.

The clean up campaign was called by the mayor in an effort to avoid any sort of an epidemic. Six cases of polio have been reported in the county this year, with four of those occurring in July.

Primm is asking that all citizens cooperate in cleaning up the city by beginning at home. He urges that all vacant lots and alleys be cleared of weeds and that any pools of standing water be eliminated. Each house should have a covered garbage can. Primm said. By each individual taking the responsibility of cleaning up his own premises, the campaign can be successful.

Information concerning procurement of weed cutting machines can be obtained from city secretary J. H. (Bill) Aschenbeck at the city hall.

"I urge each citizen to do his part in cleaning up Brownfield before we have a serious epidemic," Primm said Thursday.

Rites Held For Debra White

Debra Ann White, three-day old daughter of Mr. and Mrs. Ted White of Kermit died Tuesday evening at 7:20 in the local hospital where she had been since birth.

Funeral services were held Wednesday afternoon at 6 o'clock at the First Baptist church in Brownfield with Rev. W. J. Spreen, pastor of the First Christian church and Rev. Fred Stumpp, minister of the First Baptist church, officiating.

Survivors included her parents, her paternal grandmother, Mrs. Eldora White of this city, and her maternal grandparents, Mr. and Mrs. J. L. Baker of San Angelo.

Burial was in Terry County Memorial Cemetery under the direction of Brownfield Funeral Home.

Jack Holt from California is visiting relatives here this week.

Any erroneous reflection upon the standing of any individual, business or corporation will be gladly corrected if brought to the attention of the publishers.

It comes to us on fairly good authority that the Du Ponts are soon to erect a huge hydrogen bomb plant on the Pacific coast, presumably in the state of Washington. And the contracts call for a completed job at cost plus fee. Now let the Daily Worker and the "liberals" get out their little popguns and get busy on the "idle rich capitalists." Let them start their denunciations. But before they get worked into a mighty lather, let us state here that the fee will be exactly \$1.00. We may need a lot of such plants before this little thing is finished up. Could any little business firm build a plant such as the one mentioned above calling for millions of dollars expenditures? We, the American people should be proud

that we have some large business institutions at such a time. We won the other two World Wars because we had the production facilities. Yes, war plants cost money, any kind of warring costs money. But it is better to pay for it than to have a lot of foreign bosses ordering us around, whose language we don't even understand.

If nothing comes to light between this time and the August runoff primary that we do not know at present, we think we shall support Pierce Brooks for Lieutenant Governor. Brooks promises faithfully to help west Texas get its true representation in the Texas House and Senate, according to population. The state

has not been redistricted since 1920, 30 years ago, when west Texas had much less population. During a lot of that time, Ben Ramsey, his opponent, has been in the legislature, and if he has ever made much effort toward redistricting, we haven't heard of it. Now, Ramsey is making some broad promises about redistricting. If the legislature fails to do that job from this time on, the new constitutional amendment adopted two years ago provides that a committee of disinterested persons be appointed to redistrict according to population. It is believed by many that the legislature will not permit any committee to do what they are expected to do every ten years—not 30. As most people know, Brooks is at least a good business man.

We sometimes wonder what is behind the anti-lynch law except a putrid rat aimed at the South. There was a period back when south hating had not invaded the White House that there was really some excuse for such a law. For instance, the ten year period ending in 1930, there were 276 lynchings, mostly in the south, we believe. But there was a big improvement with the decade ending in 1940, when only 124 were lynched. And for the five year period ending in 1945, there were only 16. Since that time the record has been steadily improving, until now only one or two lynchings per year is recorded. Anyone not biased or looking for a political plum would guess that the whole thing is purely political stuff, and like the FEPC would already be on the statute books if the southern delegation had not had the help of northern Republicans. At present, Texas has before it the rape of a little 8 year old white girl down in Coleman county by a black brute in his thirties. Coleman county had better remember to put some blacks on both its grand and petit juries or the Truman Supreme Court will reverse any verdict that is brought in.

Anent the Truman appears in the south, one speaker at the Dallas county convention stated that his crowd, "liberals," were just as opposed to an anti-lynch law, FEPC, and as strong for state rights as any of "you conservatives." That they recognized Truman's provocation to act and try to get such laws put on the statute books. All of which sounds good, perhaps, but does not stand up under the facts. For instance, Let's take the anti-poll tax bill. The president as well as a lot of misled northern people had an idea that the law was instituted, in Texas, for instance, to keep negroes from voting. If the truth was known, perhaps it keeps a lot more poor whites from voting than negroes. Let's just examine the record and find why Texas made such a law way back in the 19th century. Facts are that it was instituted by Texas prohibitionists to "purify the ballot," and to keep citizens of old Mexico, who had registered their intention of becoming American citizens, from voting in wet and dry elections. They mostly voted wet then, and do to this day. So, we find, contrary to the "queer deal" that the poll tax law in Texas, at least, was never intended as a bar to negro voting.

The Bear Finds Summer Unbearable

This week we received a letter from a prominent Houston man in which he enclosed with his letter a copy of the Southern Weekly, we had already seen, in which that paper had copied one of our editorials, entitled, "We Must Vote As We Talk." Evidently the gentleman endorsed our editorial, and marked one in the same issue from the Dallas Morning News, entitled "Tidelands Fight Resumed." We are glad the gentleman agreed with our editorial, and wished us to press the fight further, which we shall do as long as liberty and free press and speech remain in this land. After our mouths have been closed and our presses smashed, we don't care what happens. It will no longer be "the land of the free and the home of the brave." By the way, we shall reproduce the Dallas Morning News editorial in an early issue of the Herald.

The Communists are considered clever, but sometimes their ruses misfire, and do not pan out as planned. Take for instance the recent Korean situation. The Commies thought the UN was dead and buried, and the Kremlin has maneuvered to reduce the United Nations to impotency. But five days after hostilities started in Korea, the UN was very much alive. Those who figured that air-planes and bombs would do the work of armies the past several years, found that ground troops must be used in such countries as Korea. They have no large concentration of population or factories in their mountain fastnesses. As for the atomic bomb, it would be like shooting a mouse with an 8-gauge shotgun, to drop one in Korea. The men with the tanks, recoilless rifles, mortars and grenades have been the ones who have held the Commies from north Korea in check until more men can be brought in to help them. But the navy with its "obsoleto" carriers and old piston engine planes used in World War II are giving the ground force good support. Korea is just not good hunting ground for jets and such like.

While Representative Ben H. Guill, the new Republican congressman from the Amarillo district may not be re-elected this fall in the general election, as a "dealer" will likely grab the seat, he is showing the rest of the Texas delegation how an independent Texan should do and act, and probably put to shame some of them. But Mr. Guill has gone along with the rest of the delegation on most issues. Below we wish to reproduce some extracts from one of his recent speeches: "The shameful decision of the United States Supreme Court in the Tidelands case yesterday 'legalized' the cold blooded theft of an estimated \$1,000,000,000 by a vicious and totalitarian administration which falsely calls itself democratic. The 'raw deal' administration has stooped so low as to pick the pockets of our Texas school children and to break the most solemn word of the United States Government . . . Mr. Speaker, there is something

Tells How His Dad Got Their Land In 1872

W. D. Weaver of Hanover, Ohio, was the first response to our appeal to Ohioans and others for that matter, whose folks obtained Terry county land back in the 19th century. We thank Mr. Weaver and hope others will write us a short article, even if they do not have time for a longer article, and tell us the story of how they came in possession. Mr. Weaver's letter follows:

Dear Sirs:
An article in the last Herald requested information about the Texas land owned by people of Ohio. Will tell you how I obtained my 320 acres, which is the east half of section 71 in block D-11 in Terry county.
In 1872 Peter S. Weaver (my father) purchased four sections of land in Terry county, through a land agent named Lentz, acting for the C. & M. Ry. Co. He passed this land on to eight children, each being given a half section. All my brothers and sisters disposed of their land many years ago. I am the only one that still possesses this land.

At the time Lubbock county was young and Terry county unorganized. The first rental money my father received for grazing this land was from Wolffarth Bros., who had the entire county as a ranch. They paid 5c per acre for grazing privileges.

Later the Brownfields came, who had purchased many sections of land and engaged in cattle raising. I have had several good offers in the past two weeks to lease my land for oil. I am taking offers under advisement, and up

the traditions of the southern part of these free United States are held up to scorn by the "raw deal" administration in contrast to the principles of the Soviet Russian Government, we may well pause and consider along what dangerous roads our so-called Democratic leaders are driving us."

RECORD ON PRODUCTION OF CHRYSLER CARS

It is announced by the Chrysler Corporation that the month of June, 1950 set an all-time high for the production of Chrysler cars. The figure is slightly over 10 percent better than that for the previous month, Sept. 1949, and approximately 16 percent over the third highest month, January 1941.

Another record was set by Chrysler in the week ended July 15, 1950, which brought the largest number of retail deliveries of Chrysler cars ever made in a period of seven days. This new all-time high for retail deliveries tops by 5.4 percent the previous mark set in the week ended May 17, 1941.

And then there was Jacob Sandage in the past week telling us a few tall stories about Arkansas, of which he claims to be a native. It is noticeably strange how reticent Jacob and Homer Nelson get, when they are together, as concerns happening in old Rackumsack. Arkansas is a great old state, no matter what people say.

to now have made no decisions. Thanking you for your past courtesies, I remain,
W. D. Weaver,
Hanover, Ohio.

Santa Fe Crop Report Not Too Good

The 1950 wheat crop in north-west Texas was one of the nearest failures ever experienced since wheat growing became a fixed practice in that area many years ago. Total production for the state is estimated at 20,000,000 bushels.

Much of the usual wheat acreage has been planted to grain sorghums and the remainder is being summer fallowed for the

1951 crop. Light to heavy rains have placed most of the land in good condition for planting the new crop and indications point to an adequate supply of subsoil moisture.

The sorghum crop in the northwest presents a varied picture with many fields heading out on the South Plains, while to the north a late frost date will be required for the crop to mature. Cotton is much in the same condition, due to the drought and failure to secure stands on early plantings but with favorable weather good yields are expected.

Except for a few days, weather over the state proper the past month has been cool and mostly damp, causing slow growth of crops and permitting heavy insect damage. As a result, conditions are spotted with everything pointing to a general reduction as compared with last year, although the outlook is highly favorable in some sections.

Considerable difficulty was experienced in harvesting the potato crop around Hereford in the northwest, due to heavy rains the last half of July, but yields and quality were good. Planting of the fall lettuce crop in the same general area of Hereford, Plainview and Lubbock, is underway.

LLOYD'S EXPANDING ITS QUARTERS

LONDON—(AP)—An insurance business that started some 350 years ago in a smoky coffee house is to expand into a big new office building. Lloyd's of London, world famous group of underwriters that will insure almost everything you can mention except your life, is negotiating for a lease on a bombed plot across Lime Street from its present building in the financial district.

FOR EXPORT—THE CARS NOT THE GIRLS

These French models (the cars) will be on exhibit at the First United States International Trade Fair, Chicago, August 7-20. The RENAULT (left) and SIMCA (right), displayed in front of the Arc de Triomphe du Carrousel, Paris, are examples of recent improvements in the French Automobile Industry.

PMA Announces 1950 Crop Loan Program

Federal price support loans on 1950-crop upland cotton will be available to eligible producers at 90 percent of parity price as of August 1, 1950, the Terry county

office of the Production and Marketing Administration reports this week.

Hugh Harred, county PMA committee chairman, explains that the 1950 loan program will operate much the same as the 1949 program except that eligibility to participate will be limited to producers who are cooperating with

the 1950 acreage allotment-marketing quota program approved overwhelmingly by producers in last fall's marketing quota referendum.

PMA announced that the Commodity Credit Corporation will make interim price support loans available to eligible producers in the early harvesting areas on 1950 crop uplands cotton prior to Aug. 1, 1950, at 27 cents per pound, basis middling 7-8 inch at average location.

The basic loan rate also will apply to middling 7-8 inch cotton at average location, and that loans will be available through April 30, 1951, and will mature July 31, 1951, or earlier on demand. Otherwise eligible cotton that is stored in warehouses approved by CCC and in farm storage structures approved by the county PMA committee will be eligible for the loan. As in 1949, approved lending agencies may make advance loans to producers prior to the time loan values can be determined.

"Although the loan rate is established by law on the basis of middling 7-8 inch cotton, the base quality used by the spot and future markets is middling 15-16

inch," the chairman points out. "For that reason, the basic loan rate is converted to a middling 15-16 inch basis by adding the average market differences between the two staple lengths to the middling 7-8 inch loan rate. The rate for 1950 crop middling 15-16 inch will be 155 points, (1.55 cents per pound) above the middling 7-8 inch cotton."

Harred says that schedules of base loan rates for middling 15-16 inch cotton, gross weight, by counties and warehouse points will be issued after Aug. 1. The schedule of premiums and discounts for all qualities of 1950 upland cotton is available at the county PMA office in Brownfield. The premiums and discounts have been determined in the same manner as in 1949, based upon the actual market differences for the various grades and staples. Loans will be made on the gross weight of the cotton bagging to compensate for the lighter weight bagging.

Persons desiring more detailed information are asked to contact the county PMA committee. Detailed information about the pro-

gram will be available during the loan period from warehouses approved for the storage of cotton, from lending agencies approved for making loans and from offices of the PMA state and county committees in the cotton producing areas.

CHALLIS NEWS

Mr. and Mrs. Lewis Sanders visited Mr. and Mrs. W. J. Henderson over the week end.

Mr. and Mrs. F. A. Robertson sr., of Lubbock, visited Sunday with Mr. and Mrs. Andy Robertson.

Elijah Henderson spent the week end with his parents, Mr. and Mrs. W. J. Henderson.

Mr. and Mrs. John Garner, Mr. and Mrs. J. C. Armstrong, Billy and Wayne Bagwell, and Melvin Carroll visited Mr. and Mrs. C. S. Carroll Sunday.

We had a wonderful time at the social given by Mr. and Mrs. Bill Bagwell last Thursday evening.

Miss Mary Sanders of Muleshoe is spending a week with her grandparents, Mr. and Mrs. W. J. Henderson.

Mr. and Mrs. Dee Langford, Mr. and Mrs. Frank Gray and Mr. and Mrs. L. V. Langford visited their parents, Mr. and Mrs. J. L. Langford, Sunday.

TEXANS CARRY \$4 BILLION INSURANCE

Texas families owned 7,590,000 life insurance policies, totaling \$8,250,000,000 at the start of this year, a new record high of such protection, the Institute of Life Insurance reports. This represents an average of \$3,800 per family in this state, compared with \$2,800 per family at the start of 1946. Total life insurance owned in the state at the start of 1945 was \$4,936,178,000.

This is a striking demonstration of the thrift-mindedness of American families, said H. J. Johnson, president of the institute, and of their reliance on the do-it-yourself philosophy of financial security achieved through individual initiative. Through life insurance, they are providing not only for their own futures, but as the money they put back into life insurance is invested, for the future growth of the nation's production.

STRICTLY FRESH

A CLEVELAND couple bought a maple highboy in a used furniture store for \$10. Inside it they found \$80 wrapped in an old newspaper. Guess the money had been a top-drawer secret for years.

In Vienna, Austria, an architect inadvertently omitted plans for a staircase and only ground floor tenants could move into the finished apartment house. Sounds like an ideal place for ladder-equipped elopers to move into.

In Chicago, a young mathematics teacher resigned to give birth to twins. As far as we can

see, formulas aren't much different from equations.

A magician in Calcutta, India, rode three miles blindfolded through the busiest part of town. Bet everyone mistook him for a woman driver.

Police are searching for a thief who stole 350 phonograph records in Atlanta, Ga. It's our guess that he's running around in circles.

TEST YOUR I. Q.

1. How much snow, on the average, would it take to equal an inch of rain?
2. What was the U. S. population at the time of the first census in 1790?
3. Who is credited with the invention of the first successful American gasoline automobile?

4. What is the difference in miles between the longest coast in the ocean to the highest mountain peak?
5. How many women were in Congress last year?

1. Ten inches.
2. Less than 4,000,000.
3. Charles E. Duryea, who set the first successful test of the car. April 10, 1897 as the date for his first successful test of the car.
4. More than 12 miles.
5. When the first Congress convened in 1789.

LOCAL NAVY MAN IN KOREAN WATERS

In the thick of the Korean campaign is Carroll P. Bryant, chief boilerman, USN, of Brownfield, a crew member of a Naval aircraft carrier which is spearheading Navy attacks against Korean Communist forces.

The U. S. aircraft planes of the Navy have flown from the carrier on numerous strikes, inflicting great damage by use of rockets, bombs, and incendiary projectiles against enemy ground and air installations.

OUR ERROR

Last week in making our report about the rainfall in these columns, we failed to mention a rain of 27 inch that fell July 6. We also had to revise our report that goes monthly to Houston.

This brings the July precipitation in Brownfield to 4.87 inches, some 3 inches over the average.

Rev. Carrol Johnson preached at the Plains Baptist church both morning and evening services Sunday in the absence of the pastor, Rev. Ted Brian.

Mrs. A. E. Marshall is convalescing from a recent operation in the home of her sister, Mrs. J. A. Bench.

Senator LeBlanc Does It Again!

Senator Dudley J. LeBlanc, creator of famous HADACOL is shown above breaking ground for the new HADACOL factory now being built alongside the present plant in Lafayette, Louisiana. This new building will be 80x235 feet, two stories, steel and concrete construction. The remarkable growth of HADACOL has forced the immediate construction of this new building. Only last spring Senator LeBlanc opened the present HADACOL plant and now less than a year later, HADACOL requires a 100% increase in factory

LYON SAYS POISON WON'T WASH OFF

Last week about the time the farmers of Terry county had put out thousands of dollars worth of poison on their cotton to stop leaf and boll worms, it began to get pretty cloudy one afternoon, and looked considerably like rain.

We happened to meet Lee Lyon, Hunter community farmer, and stated our hopes that it would not rain and wash thousands of dollars worth of poison that farmers had spent many hours putting on their cotton.

Says Lee: "Why the new kind of poison does not wash off, Jack? You could've knocked us over with a straw. Anyway, we guess the new poison mixture is the "clinging vine" variety.

Mr. and Mrs. Sid Machen and Jo Ann, and Miss Annie Grace Nicholson returned this week from Seymour where they visited Mrs. Machen's sister, Mrs. Virgil Rhame and family.

Strikingly Speaking

By Old He
Death has struck in our midst again, and another old pioneer lady has been claimed, the wife of the late beloved Uncle Jimmy Green. Mrs. Green usually referred to as "Mother" Green, by young and old, old timer and new comer. She was so possessed of that sweet motherly spirit that it seemed as second nature for her to bear that name.

Her deeds of kindness and motherly spirit did not begin in recent years. Way back when there were no hospitals, and doctors were far between, she sat with the sick and applied cold packs to a fevered brow. Many times her presence was a great encouragement to a young lady who was soon to become a mother. She was there when many of the present day fathers and mothers of this community came into this old world. "Mother" Green fitted her superbly.

Then there were the occasions of rejoicing, the big picnics and the barbecues when the whole countryside got together to talk, renew old acquaintances and hear some of the coming young men make their maiden speech to the assembly. You could always see her smiling and encouraging countenance somewhere in the audience. And the hemming and halting speech of the youngsters were praised by her as she grasped their trembling hands.

And you were always welcome to her home. If it was just a meal, you got the best, and if you possibly could do so, you was persuaded to spend the night also. And the persuasion was genuine. We have spent many, many nights in the Green home, although we lived less than a half mile from them. Everyone loved "Mother" Green.

If there ever was "a mother in

U.N. Radio Presents Atomic Broadcast

United Nations Radio documentary feature on atomic energy, entitled "Year of Decision," will be heard over many radio stations all over the world. The program features excerpts from U.N. meetings and includes statements on atomic armaments race and the future use of atomic energy by such authorities as Albert Einstein, whose voice is heard; David Lilienthal; J. Robert Oppenheimer; and Robert M. Hutchins. Movie actor John Garfield (left) and U.N. Radio personnel are shown here recording the program.

Israel! In modern years, we can't help but feature her as one. She never forgot her friends. She had no enemies. Her example of grace and virtue paid off too. She reared a family of three boys and two girls that were a credit to the community, to their state and nation. Mother Green has passed on, but her memory will linger with all those who have known her as long as their time shall last.

We have often wondered why it was that we were so handsome, and yet the Maker failed to endow us with any great amount of wit. The current issue of American

Magazine advises that the handsome are seldom witty. But we were advised not to worry. We won't.

Another great "efficiency" of HST showed up last year when the high air force officials wanted a 70 group air force. Harry said we didn't need it—40 was plenty. We might add that the 40 group was far short of being equipped for a shooting war.

While down at Brownwood this last time, we called the residence of Rev. A. A. Brian, long time pastor of the First Baptist church here, and now vice-president of Howard-Payne college. He had asked us to do that, as he wanted to show us over the campus. But Mrs. Brian stated A. A. was over at Leonard in old Fannin county, holding a revival. She stated however, that the family got much pleasure from the weekly visits of the Herald.

There is plenty trouble right here in Terry county among people who hired an income tax maker-upper to make out their income reports. The government under cover men are now trying to force those whose income reports he made out to swear that they expected he'd cheat the government on their reports. Nothing could be further from the truth in most cases.

What the government won't step into next to molest and harass people is hard to figure out. Recently the Labor Relations Board held that a saddlery company over at Chattanooga, Tenn., should have given union employees figures why their income would stand another raise. For some 165 years this government did fairly well without employers having to tell their employees all about their business affairs.

In the meantime, the administration is so busy swooping down on the people who have to do business with them, that they may be even now delivering too-little-too-late to the near east, Arabia and Iran in particular, who hold the world's greatest oil reserves. We have promised aid for two years and delivered nothing. At any time Russia may decide not to lend—but to take.

News dispatches tell us that Forsyth, Ga., recently paused one full minute on the streets and in

Mitchell, author of "Gone With the Wind," who was run over by a drunken cab driver in Atlanta, Ga., a year ago. And the taxi driver had a lot of demerits before he ran over Miss Mitchell. Yet that guy is out today, driving as usual.

In comparison a man in Johannesburg, South Africa, did not fare so well with the law, when apprehended for DWI. He was given ten years imprisonment and fined \$2800. We imagine that cab drivers as well as other souls let liquor alone in that country if they drive.

We have no idea how your sympathies lay as to royalty, but the Old He don't think too much of it. It is a well known fact that their offsprings cannot of themselves make a living if thrown on their own resources. The latest appeal comes from the ex-queen of Bulgaria. We imagine King Leopold carried plenty dough when he had to flee Belgium, after his traitorous surrender of his troops to Germany during the war. He is back in Belgium now drawing his salary, at least temporarily.

Some say and rightly we guess that for some reason the Catholic majority party of that nation is supporting Leopold. All others are Communists, they say. If so, there are a lot of Communists in the USA, who don't like royalty, or do they?

And while we are about it, there is much being said these days about the dictatorial methods of the Catholics. And we have just about decided that in some of the Protestant churches, the same rule works, except that it is by the local officials of the church instead of a hand across the sea.

Something to think about: Received an article this week on the H-Bomb from the committee on Atomic Energy. No savvy. Hit a nearby wastebasket. Another entitled "Three Years of Industrial Peace," by C. E. Wilson, the president of General Motors. A bit more in our line. An agreement of production and no strikes for five years between GMC and AUCIO and affiliate unions.

Mrs. Viola Smith had as her house guest Friday night, her mother, Mrs. W. H. Hight and her sister, Mrs. E. A. Rolings and family.

Miss Black Honored With Bridal Shower

Miss Patsy Black, bride-elect of J. E. Eakin, was honored with a miscellaneous shower Thursday afternoon from four to six in the home of Mrs. Leonard Lang at 718 E. Broadway. Those honoring Miss Black were Mesdames Jim Nelson, Pat Patterson, Leonard Lang, Tommy Hicks, Henry Chisholm, James Burnett, Tress Key, Joe Chisholm, Thomas Livingston, Jimmie Wood, Lee Ful-ton, T. H. McIlroy, B. S. Morris and L. B. Forbus.

Mrs. Pat Patterson and Mrs. Lee Ful-ton alternated in greet-ing the guests, and introducing them to Mrs. Lang. Miss Patsy Black, Mrs. Ross Black, Mrs. J. E. Eakin sr., and Miss Peggy Black.

Mrs. W. H. Black, grandmother of the bride-to-be, registered the guests in the white sheer chiffon bride's book.

A theme of hearts was carried out in the decorations. The man- tie piece featured two white heart-shaped plaques with net- ruffles which were centered with yellow daisies. The refreshment table was centered with a white lace heart in a bed of yellow gladiolus and daisies. The yellow and green color scheme was continued in the refreshments of lime sherbet punch, heart shaped cookies and nuts.

Those alternating at the punch bowl were Misses Mary Chisholm and Wanda Stafford, and Mesdames Thomas Livingston and Tommy Hicks. The hostesses displayed gifts.

The hostesses presented the honoree with a corsage of Rubrum lilies, and other members of the receiving line with pastel colored corsages of gladiolus. The members of the house party wore corsages of pasell shades of asters which carried out the bride- elect's chosen colors.

Mrs. and Mr. Buddy Gilham and daughter, Tena, and Norma Jo Boyd left Saturday for a two weeks vacation in Canada.

Earlene McClintock Feted With Shower

Miss Earlene McClintock, bride-elect of Tommy Scott of Odessa, was honored with a kitchen shower from two until five Saturday, August 5, in the home of Mrs. Lee Short, 106 North B. Mrs. Lee Short was co-hostess with her daughter, Dorothy Short.

Mrs. Lee Short greeted the guests and introduced them to Dorothy Short, the hostess, Earlene McClintock, the honoree, and Mrs. E. E. McClintock of Santa Anna, mother of the honoree.

A floral display of Chasta daisies and white sweet peas flanked by white, candles in crystal holders were featured in the living room. The refreshment table was laid with a white Madeira table cloth centered with a miniature clothes line and kitchen linens. The bride-elect's chosen colors of green and white were carried out in the refreshments with green punch and white cake squares, nuts and mints.

Those assisting in the house party were Lorene Hargrove who presided at the punch bowl, Mrs. Johnny Hargrove who displayed gifts, and Jo Ann Short who reg- istered approximately twenty guests in the white leather bride's book.

MISS MARIAN WINGED HOSTESS AT BARBECUE

Miss Marian Wingerd entertained with a barbecue Wednes- day evening at the home of Mr. and Mrs. Mon Telford.

Those invited were Betty Holmes, Jean Craig, Eleanor Mil- ler, Bob Conley, Jack Burrows, Judy Griffin, Jim Farley, Schar- lyn Daniell, Dick Hunt, Morgan Copeland, Jane Wier, George Barnes, Wayne Rogers, Wanda Stafford, Billy Wartes, Mr. and Mrs. Alvin King and the hos- tesses.

Ross Black and Noel Clananan and son, A.C., returned Saturday from a fishing trip, near Hot Springs, N. M.

Sub Deb Club Plans Friday Night Dance

Miss Jo Ann Shelton was hos- tess to members of the Sub Deb Club in her home, 910 E. Broad- way, Monday afternoon.

During the business meeting plans were made for a sport dance to be held Friday night at 8:00 o'clock in the Veterans Hall. The tickets will be 75c stag or date, and all the teenagers and college set are invited.

Members of the club will also hold a bake sale Saturday morn- ing at 9 o'clock at Furr's Food. Committees are still working on the plans for presentation which will be held some time this month.

The Sub Deb club is planning a surprise for the public two weeks from Saturday, and every- one that is interested in this project will meet in front of Primm Drug that afternoon.

Layette Shower Honors Mrs. Doss

Mrs. T. S. Doss, jr., was honor- ed with a surprise layette show- er Thursday, August 4, at 621 E. Buckley with Mrs. C. W. Coats and Mrs. Ernest Burnett as hos- tesses.

The traditional pink and blue theme was carried out in the decorations. Bowls of pink roses and baby breath were featured throughout the house and a large stork centered the gift table.

Refreshments of pink punch with blue ice and pink and blue angel food cake squares were served to Mesdames Ralph Coe, Carol Doss, Bryan Cabiness, Walter R. Gandy, J. O. Rodgers, W. S. Morris, W. E. Martin, B. S. Morris, Carol Rowden, Jim Nelson, A. T. Pickett, Leng Walker, John Dick Moorhead, Bessie Irene Nel- son, Jack Griggs, and Raymond Pickett, mother of the honoree.

Other guests were Misses Max- ine, Winnie and Janie Doss, the hostesses and the honoree. Favors for the guests were marshmallow buggies.

Ruth Huckabee, organist, offer- ed the traditional nuptial music for the ceremony.

The mantle of the rectory was decorated with greenery and white gladiolus. Satin bows ex- tending to the floor were attached to each end of the mantle.

Miss La Rue Ross was maid of honor. She wore a pink embroid- ered organza street length dress with a pink tulle veil caught to a tiara of pink tulle and a garland of red roses tied with satin bows. She carried a colonial type bou- quet.

Given in marriage by her father, the bride wore a white

Mrs. John W. Murchison, Jr.

Miss Rambo Married To John Murchison

Miss Frances Rambo, daughter of Mr. and Mrs. Ervin Rambo, became the bride of John W. Mur- chison Jr., son of Mr. and Mrs. John W. Murchison of Gal- veston, in a single ring ceremony read at 8:30 a.m. Saturday, Aug. 5, in St. Elizabeth's Catholic church at Lubbock. The Rev. Rob- ert J. Ramsey officiated.

Ruth Huckabee, organist, offer- ed the traditional nuptial music for the ceremony.

The mantle of the rectory was decorated with greenery and white gladiolus. Satin bows ex- tending to the floor were attached to each end of the mantle.

Miss La Rue Ross was maid of honor. She wore a pink embroid- ered organza street length dress with a pink tulle veil caught to a tiara of pink tulle and a garland of red roses tied with satin bows. She carried a colonial type bou- quet.

Given in marriage by her father, the bride wore a white

street length dress of embroidered organza, fashioned with a ber- tha neckline and a full, gathered skirt. Her shoulder length tulle veil was caught to a tira of white tulle trimmed with satin orange blossoms. She carried a white orchid surrounded with tuberose and showered with white satin streamers.

Charles Hightower of Houston was best man, and Gene Hays of Midland was usher.

For traveling, Mrs. Murchison chose a silk shantung dress and jacket trimmed in red and white printed silk.

Mrs. Murchison is a graduate of Brownfield high school and attended Texas Tech, where she was a member of San Souci social club. Previous to her marriage, she was employed with the First National Bank.

Mr. Murchison attended schools in Galveston, and is a graduate of Texas A & M college. The couple will be at home at Pa- ducah, where he is employed with Seismic Explorations.

Out of town wedding guests were present from Houston, Gal- veston, Brownfield and Honey Grove.

MRS. CLAPP HONORED AT PARTY MONDAY

Mrs. J. E. Smith Jr., entertained with a party honoring her sister- in-law, Mrs. Roger W. Clapp Monday evening at 7:30 o'clock in her home, 802 E. Rippetto.

A sandwich plate was served to Mesdames M. J. Craig, Jr., Bob- by Jones, George Weiss, Sammy Jones, Truett Flache, George O'Neal, the honoree and the hos- tesses.

MISS GASTON HONORED AT KITCHEN SHOWER

Miss Charlie Gaston, bride- elect of Jarvis Roach, was honor- ed with a kitchen shower Friday afternoon from four to five in the home of Mrs. L. G. Moore, 702 W. Lake.

Mrs. Moore, hostess, presided at the punch bowl. Punch and cook- ies were served to twenty guests.

ELENBURG-HARRIS TO MARRY AUGUST 12

Mr. and Mrs. Cecil Elenburg o' Jacksboro are announcing the en- gagement and approaching mar- riage of their daughter, Nell Elenburg to Deryl Harris, son of Mr. and Mrs. A. L. Harris of Brownfield.

They exchange vows August 12 in the home of the bride in Jacksboro.

La Fiesta Club Met With Mrs. Schellinger

Mrs. O. W. Schellinger enter- tained the La Fiesta club with a dinner at a local restaurant last Thursday evening.

After dinner the ladies returned to Mrs. Schellinger's home at 316 E. Broadway where they enjoyed playing bridge. Those attending were Mesdames George Germany, Bill Anderson, C. L. Hafer, Ted Hardy, Johnny Haynes, Terry Redford, Clyde Truly, Tommy Zorns, Ralph Ferguson and the hostess.

Mrs. Anderson won high score and Mrs. Haynes followed with second high. Mmes. Ferguson and Hafer binged.

Bridges-Black Holds Reunion In Park

A reunion of the Bridges and Black families was held last Thursday in Coleman Park. The families began gathering about ten o'clock, and a basket dinner was served to friends and relatives. The day was spent talking over old times and picnicking.

The next reunion will be held at Breckenridge the third Thurs- day in August of 1951.

Out of town guests included Messrs. and Mmes. J. A. Robbins, A. J. Knight, W. A. Knight, Mmes. Jack Ellis, Stoke Hamill, Misses Lanell, Eliza and Ruby Knight, all of Breckenridge; Edd Black of Paradise, Calif.; Mrs. Sallie Huffman of Whitney; Mmes. Kate Colwell, V. E. Dodson, Misses Jo Eddy and Kay Lynn Scott, all of Hereford; Mrs. Stacy Scott of Canyon; Mr. and Mrs. Rub At- kins, Clay Atkins, Misses Bettie, Paula Jean and Gayle Atkins, all of Causey, N. M.; Mrs. Bonnie Melton, Delbert and Bruce Mel- ton, and Miss Kathrine Melton, all of Seagraves; Mmes. J. W. Strickland and J. A. Strickland, and Ross Allen Strickland, all of Seminole; F. F. Bozeman, Sue Bozeman of Spring Lake; and Mr. and Mrs. N. M. Busby and sons of Seymour.

Those attending from Brown- field were Misses Lorene and Connie Jo Key, W. R. Bridges, Mmes. Aleena Black, Ella Bush, Messrs. and Mmes. Charlie Moore, Willie Winn and Tres Key.

Chambliss Family In Reunion Sunday

The children of Mrs. L. D. Chambliss met in reunion Sun- day, August 6, at Coleman Park. Children and their families who attended were Mr. and Mrs. Rich- ard Jones and family of Clovis, N. M.; Mr. and Mrs. G. G. Gunter and family of Union; Mr. and Mrs. Loyd Chambliss and family Mr. and Mrs. Sam Chambliss and family, Mr. and Mrs. Robert Chambliss and family, Mr. and Mrs. Roy Chambliss and family of El Paso, and Mr. and Mrs. M. S. Chapin and family of Ojo, Calif.

Fifty five persons attended the reunion.

Mr. and Mrs. M. S. Chapin and family of Ojo, Calif., left Thurs- day after spending several days with her mother, Mrs. L. D. Chambliss and other relatives.

Bill Williams and Jack Shirley spent the first of this week in Dallas on business.

Gee Gee's Chit Chat

By popular request, although I am no longer the chief ferret for the Herald, I am continuing my Chit Chat as long as I am allowed to remain in Brownfield.

The reason for all this all grew out of a simple and friendly little card game. I suppose you are familiar with "Old Maid." Well, it's a card game, and sometimes I will even go so far as to wager a bit on my ability to play "Old Maid." So this is how it all came about. Last week I was sitting on the 19th hole of the Brownfield Country club and chanced to strike up an acquaintance with one Harry Finewheels, a rubber tire mag- nete from New York. After chat- ting about this and that for a bit, he happened to say that he was an inveterate "Old Maid" player, so we fell to.

Immediately the cards were shuffled, I felt that Harry was confident of his game as I am of mine, so we agreed that we would make a small wager, and we got down to work. I will not trouble you with all the gree- some details of the game, but, four hours later when the game was over, Harry pulled out his wallet, preparing to pay me off. An embarrassed grin slipped over his face and he finally mumbled that he only had five thousand on him. Never one to press a per- son for his debts, I said magnani- mously, "I'll be happy to accept a check." After fully discussing the subject, Harry said that he just happened to have a carload of automobile tires with him and perhaps I would accept the tires, but, as someone has said before, any old port in a storm, so I graciously accepted the tires.

And there is where the rub comes in. Here I am, stuck with a carload of automobile tires and nothing to do with them. So I hit upon the idea of giving these tires away to some of my good friends. Since I have so many of both, I decided that the only fair way to do it is to run a sort of little contest. And here's the way it works.

Each Monday morning when I wake up, the first thing I do is think of a time. For instance, this week the time was 11:03 a.m. So I hit upon the idea of giving these tires away to some of my good friends. Since I have so many of both, I decided that the only fair way to do it is to run a sort of little contest. And here's the way it works.

Since I have so many of both, I decided that the only fair way to do it is to run a sort of little contest. And here's the way it works.

Each Monday morning when I wake up, the first thing I do is think of a time. For instance, this week the time was 11:03 a.m. So I hit upon the idea of giving these tires away to some of my good friends. Since I have so many of both, I decided that the only fair way to do it is to run a sort of little contest. And here's the way it works.

Now each week, the first person who asks me when is "Sam leaving to join the Army at that precise time, wins a set of automobile tires. Very simple, don't you think? This contest can go on in- definitely and I can get rid of all those nasty old automobile tires and make all my little pals happy.

I have been busy nosing around in the various shops this week, looking at all the lovely Fall clothes everywhere. It looks like velvet is taking the country by storm this year, so if you new Fall ensemble ain't velvet, get out. I have also seen some very Chris- mas items that merchants have received, and the one that has completely captured my heart is a small electric toy organ, with about three octave keyboard and a lovely tone. It actually plays, and should delight some little girl's heart come Christmas morn- ing. It is such a fascinating toy that, every time I go by Griffith's Variety Store, I have to go in and play with it. Another cute little item there is a toy electric stove that will really boil water and bake miniature biscuits. What they won't think of next!

Mayor Primm has asked me to urge all of you citizens to clean up your premises and keep them cleaned up, in the city-wide clean up drive, which was officially launched Sunday morning when three airplanes dumped about six tons of DDT compound on the city in an effort to stamp out flies and mosquitoes. He also would like to thank Pete Harris and Buddy Norris for furnishing the planes and Keltton Miller, Chock Hamilton, and Neil Uberg, who flew the planes for the dust- ing mission, and Herman Chesshire who furnished the trucks for transporting the dust from Piffin- view to Brownfield. The mayor is requesting that citizens of Brownfield co-operate with this clean up campaign and prevent a serious epidemic of polio and other diseases. I, personally, have noticed that many vacant lots in the residential areas are still neck high in weeds, to say nothing of snakes, flies, mosquitos, and heaven knows what else. It's not only a disgrace—there should be a law against it.

I have come to the conclusion that, if one more person brags to me about how many pounds of sugar, dozens of sheets, etc., they have laid up so far, and if one more merchant boasts to me about, how much and how many of these items they have sold in the last week, I'm going to give my throat a good clearing and spit right in their faces. I wonder what would happen. It couldn't be worse than verging on apoplexy, do you think?

FLASH! This week's winner of a fine set of automobile tires, courtesy of yours truly: VLADIMIR KUSTOKOWSKY.

Stafford's Teentime Lines

Hi Kids!

This is your old nosy reporter at the Herald, and I thought I would relate some of the activi- ties and gossip about the vicio- cious teenagers.

Since the Community Drug seems to be the favorite "hang out" for most teenagers, you can find almost anyone you are looking for there. If they aren't there when you arrive, just wait a few minutes, and they will stroll in. The girls that are giving you prompt curb service are friendly Cora Riely and her cousin, Norma.

Some of the recent dates seen about town are Lynne Sturges, ex-twirlor of B.H.S., and Billy Joe Lewis, ex-cub. Cute Harlene Glenn and Dickey Lees often double date with them. They make a charming foursome.

Doyle Drake has returned to his old stomping grounds from Brownsville, and everyone is glad to have him back. If you can catch him with a few spare min- utes, have him sing some of your favorite songs. Who knows we may have another Frankie Lane in our midst?

Remember our friend Willis McNeil who joined the Marines last month, well, Charles May- field, one of our favorite cubs, received a letter from him this week, and with Charles permis- sion, I am going to copy it for you to read. I will also enclose his address and why don't some of you drop him a line in your free hours?

Dear Charles,

Well, I guess you will be start- ing football pretty soon, won't you? I sure wish I was there to play. But I guess I couldn't if I wanted to.

Say I will get my high school courses finished in about two weeks from now. Then I will have to take a test to see whether I get my diploma or not. I think I will though.

I've sure been lucky out here. I made the baseball team the oth- er day. They have me playing second base. We played El Tors the other day and beat them 4-2. We sure have some good pitchers. I am going to try out for the foot- ball team in August, but I don't think I can make it. Charles when you see Coach Greer and Coach Nowell tell them I wish them all the luck in the world next year. I will be home for one of the

games in Sept. I don't know which one though. Tell Donnie to write me. Also tell Paul to write me. Give them my address. Lots of luck in foot- ball.

Your friend,
Mac
His address is:
Pvt. Willis F. McNeill-1115814
Platoon No. 33
1st Recruiting Training Bat- talion
Marine Recruit Depot
San Diego 40, Calif.

Now don't forget to make him one of your pen pals because he would just love to know all the news from home.

Sandra Bailey is celebrating her sixteenth birthday today. San- dra, Robert Wilgus, Onogene Walker, and Freddie Mitchell are planning a picnic and evening's entertainment in Lubbock tonight. Happy birthday Sandra and many happy returns.

Everyone seems to be talking about the Sub-Deb sport dance that is being held at the Veterans Hall tonight. You guys and gals don't forget that it starts at 8 o'clock, and the tickets are 75c stag or date; so come on out and make it a huge success. (Just a tip for the boys—why not cut the stag line shorter and dance more so the dances won't lag?)

I have a dead line to meet, so I'll see you next week.

Supreme Court Sets Perilous Precedent

Ownership of the basic resources of the nation has been imperiled by the Supreme Court Tidelands decision, the Texas Manufacturers association asserted recently in calling upon business associations of other states to take action to help return the submerged oil lands to Texas, Louisiana and California.

"If the federal government, through court decisions, establishes the policy of expropriating state lands without just compensation, only a slight additional step will be required for the government to exercise the same powers over private property, irrespective of its type or location," Ed C. Burris, TMA executive vice president, said in a statement. "If the federal government can acquire oil properties in such a manner, there is every reason to believe that in the course of time it will take over other basic resources of the nation."

He made the statement by direction of the TMA board of directors, which voted unanimously to urge associations in other states to "take such action as is advisable to bring about the active support of their congressional delegations in the interest of legislation that will definitely remove the federal government's claim to the Tidelands."

SEEKS VEGETABLE PROTEINS FOR INDIA

LOS ANGELES —(AP)— Plants which can supply proteins for India are being sought by Dr. P. K. Vijayaraghavan. He's a biochemist from India who is doing research at the University of California here.

India's religious beliefs prevent use of animal proteins, he says. He thinks the nation is starved for proteins because of this belief. But he thinks it will be easier to find plant proteins than to change the beliefs.

Insecticides are most effective on sheep when sprayed while the wool is short.

World Labor Leaders Meet

Six leaders of labor take an informal time out from the General Conference of the International Labor Organization (I.L.O.), which met recently at Geneva. The Conference of I.L.O., a United Nations Specialized Agency, brings together representatives of labor, management and government from more than 50 countries. Shown here are (left to right) Syndolpo de Azevedo Figueiro, of Brazil; John J. Moreschi, U.S.A., Building and Common Laborers' Union; J. H. Oldenbroek, the Netherlands, International Confederation of Trade Unions; Fernando Ibañez Aguilá, Chile; George F. Delaney, U.S.A., American Federation of Labor; and Paul Finet, of Belgium.

ROYALTY SAYS IT'S BROKE

RANGOON —(AP)— Burma's aging princes and princesses, hard hit by high living costs in the Republic of Burma, want increased Royal pensions to help them get by. These descendants of the once mighty King Mindon who ruled Burma before the British, banded themselves into the Burmese Royal Family Association and decided to approach the Burmese government for "sympathetic consideration" because they are unable to earn a livelihood.

Mrs. Charles Randal of Seymour was a recent visitor to Mrs. J. L. Randal.

Not Much Oil News Again This Week

With the exception of a new location of offset well of the Anderson-Pritchett well near Wellman, nothing much that's new. This new location is on the Harmon Scales land, and is Magnolia Co. No. 1. By the way, we learn that Magnolia is to drill several wells in that area in the near future. This information was given by a local man, who is considered very reliable, and in the know.

This well will be about 10 miles southwest of Brownfield and is scheduled to go 9,850 feet, deep enough to hit the upper Pennsylvania reef, or about the same depth as the No. 1 Bevers a 2280 barrel finished well. This is a high grade oil, being 42.5 percent gravity.

The Amerada No. 1 Willard being drilled some few miles southeast of the Bevers well, struck pay at about the same depth, but as their contract depth called for deeper well, they are drilling for a probable 10,000 plus depth. As we understand it, if

oil in paying quantities is not encountered at the lower depth, they will cease off, and finished the higher strata pay in the Wolf-camp.

The mile west offset of the Mound Lake field in northeast Terry is now reported down several thousand feet. There are already two producers in this field. The new well is a farm out by the discovering company.

And in the southeast Terry field with two wells completed, another, the No. 1 Lucile Moxley is being drilled below 6,000 feet. This is known as the Corrigan-Fusselman pool and was discovered by Tidewater Co. The new well is slated to go some 11,600 feet. This field is 14 miles southeast of town.

The well on the draw three miles southeast of town is down ? ? ? . But this much we find out. They are going down very carefully about a half a foot an hour, evidently giving the formation a close inspection. Maybe there'll be something to announce soon.

In the meantime the "rock hounds," geologists to you, are as busy as cranberry merchants. We saw two sets, evidently working for different oil companies out

on the Plains highway week before last, and then early last week two different crews working each side of the Tahoka road a few miles out.

Reminded us of the two bums that met on the sidewalk. One told the other that he was working that side of the street, and for him to get back in his own territory. We have no idea just how many seismograph crews are working in Terry county at present.

INSPECTORS CAPTURE 15 ILLICIT STILL

The Texas Liquor Control Board inspectors in June reported the seizure of 15 illicit stills.

With the stills, which had a cubic capacity of 825 gallons, inspectors captured 2,310 gallons of mash and made 9 arrests. Four gallons of moonshine liquor were destroyed.

Two stills were taken in Harrison county, two in Marion county, two in Franklin county, two in Titus county, and one each was taken in the counties of Bowie, Hunt, Wood, Red River, Montgomery, Henderson and Dallas.

Ramsey Gets Manford's Backing

SPEAKER ENDORSES RAMSEY—Speaker of the House Durwood Manford of Smiley, left, announced this week that he would support Ben Ramsey of San Augustine, right, for Lieutenant Governor. Manford said Ramsey's experience as a House member and as a Senator made him the best qualified man in the race. (Pol. Adv.)

Low Down From Hickory Grove

You know folks, 17 years is no short spell—and especially to be standing on your own foot. We been doing same here in this land of the free and easy. We been our own worst enemy.

I am on this subject on account of Korea. In spite of the way we have allowed Govt. to elbow in on business—make it tough for same, big and little, to carry on—we are still the world's best when it comes to type of Govt., also to when it comes to having the means for turning our fighting machinery.

Now, today with Korea on our hands, where would we have gotten off if we had no big factories for turning out big shootin' tools. I am for encouraging little business but I am also against discouraging big business. But above all, I am against Govt. in business—little or big. After 17 years of Govt. wandering—interfering here, and tinkering there, with business, it is a marvel that we are today what we are—full of pep and vinegar.

I see in Korea a lesson—one to take home and mull over. We gotta do more to stop the Smart Boys in Govt. from further tinkering with the carburetor—we been halfway lucky up to now.

Yours with the low down,
JO SERRA

Green hay is made by removing the moisture as fast as possible while still retaining the green color.

It says SUCCESS-with SPIRIT

First of the Fine Cars in Value

YOU can see this man has made his mark in life, and while his heart's still young.

You can tell he likes action for his money—that he knows a fine car needn't be the most expensive to give the greatest value.

Yes, such are the things you know of any man, when you note that his car is a ROADMASTER.

Follow him on his spirited way as he pilots this lively motorcar through traffic. Even the lightweights are no match for this road-steady husky—not with the 152-horsepower straight-eight Fireball engine that purrs beneath its bonnet.

Maneuver beside him at the next stop light. Then just try to get away as smoothly, swiftly and silently as Dynaflo Drive gets his ROADMASTER going—and keeps it rolling without shifting, even automatically.

But don't waste time merely envying

the man in this great car! Why not emulate him?

With all its outside room, interior luxury and exterior grace—with all its front-rank prestige, rare performance and matchless ride—a ROADMASTER can be yours for less than some smaller cars cost.

In fact, even if you had a fortune to spend, you couldn't make a more fortunate buy in the fine-car field.

So we suggest you try a few minutes behind the wheel. We're confident they will convince you that ROADMASTER has everything you could ever ask for in any motorcar—although your Buick dealer asks a good bit less for ROADMASTER than you might pay for other top-line cars.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) mates parking and garaging easier.
