BROWNFIELD, TEXAS FRIDAY, SEPTEMBER 8, 1950

NUMBER 7

Cubs Open New Season Tonight

The Brownfield Cubs will open their football season tonight at 8 o'clock in the Cub stadium against the Lovington, N. M. Wildcats.

Coach Greer stated that the Cub team is in top notch condition with the exception of Paul Billings who received a sprained ankle in work out this week. Bobby Latham who was injured in a scrimmage game last week will be ready to play in the opening game. Coach Greer added that the boys are in fine spirits and have been working hard in preparation for the game tonight.

Nine returning lettermen in the probable starting line for tonight are Orbra Rowden, Graves Nelson, Howard Swan, Dale Cary, Jimmy Milner, Clyde Chambliss, Dean Murphy, Charles Mayfield, and the other letterman is Paul Billings. Other in the probable starting line up are Lomas Jones, Bobby Latham, Max Black, E. H. Crossland, Charles Cabbiness and Don Jones.

Other members of the team are Jerry Bailey, Clark Cypert, Douglas Forbes, Donnie Boyd, Adrian Henson, Jackie Stockton, Doyle Bradley, John Burris, Bobby Carter, Jerry Blake, Royce Kelly, Roscoe Treadaway, Billy Thomson, Olen Chambliss, Don Auburg, Ray Latham, Jesse Warren, Joe Sharp, Leroy Little, Jerry Brown, Sidney Moore, Perry Cowan, Jimmy Walker, Jack Lucas and Joe Swan.

Dean Murphy will serve, the Cub team as captain for the 1950 football season.

Head Coach A. G. (Toby) Greer has attended NTSC in Denton, Texas Tech in Lubbock and has done extension work at Eastern New Mexico college. Assisting Coach Greer is Coach Faris Nowell who is a graduate of Abilene Christian college. Coach L. G. Wilson has been coaching the ends in addition to the B team.

The Lovington Wildcats are under the coaching of head coach Virgil Boether and assistant coach L. C. Cozzens.

The Wildcats in the probable starting line up are John Anderson, Jackie Bevers, James Bingham, Tommy Bingham, Jimmie Durham, Lewis Kirkland, Jimmie Lister, Alton Ply, Kenneth Lawson, Bill Lawson, and Weldon Millsap.

Co-captains for the Wildcats are Tommy Bingham and Lewis Kirkland with Eddie Hooper as team manager.

Bids Are Wanted For New \$132,000 City Hall

On Monday, Sept. 25th, the City Council of the city of Brownfield will open sealed proposals for the erection of a 50x140 City Hall building on the west side of the 200 block, west Main, and across the street from the First Baptist church. The building is to cost in the neighborhood of \$132,000, that amount being voted in bonds in June for this building.

The city hall building will be a beauty architecturally, and built for utility and convenience as well. The front part of the building on Main street will be subdivided, and one side used for offices of city utility section, and the other for the police department.

The south end of the building some 50x70 feet will be used for the fire department, where the fire fighting equipment will be kept. When the fire station in the babyhood days of the city was opened at the power plant, it did not require much room for the fire department. And at that time the location was fairly centrally located.

With the expansion of the city eastward, northeast and southeast, this is no longer true. But the new location will be very centrally located, both as regards the business as well as the residence section.

When this new city property is completed, all of us will be proud of it, and proudly show it to visiting friends. The little red

City Accepts Bids for Water-Sewer Work

The city council met Wednesday evening and accepted two bids; one for water works and sewage and one for a new water well.

Bids were received from five construction companies for the water works and sewage. Bidders were Standard Const. Co., Lubbock; Panhandle Const. Co., Lubbock; Austin Const. Co., Dallas; Euix Const. Co., Amarillo, and Utilites Const. Co., Fort Worth. The bidders made three proposals: A for water works; B for sewer with gravity; C for sewer at left of station. The contract was awarded to the Euix Construction Co. of Amarillo on the proposal of A and B for a combined bid of \$155,793.50. The sewer will be a gravity system.

The three bidders and their bids for the new water well to be located in the Flacher tract were as follows: J. S. Tarkenton of Lubbock bidding \$2,372.25; Geo. L. Taylor of Plainview, \$2,130.00; and Peerless Pump Division of Lubbock, \$3,571.00.

George L. Taylor was granted the drilling of the water well for \$2,130.00.

City Asking Bids For Warehouse Building

On Sept. 21, the City Council will receive bids for the construction of a warehouse to care for the supplies belonging to the city. Heretofore, the supplies, tools and other property of the city had to just root-hog-or-die for a place for protection against weather and theft. This is to be remedied with the erection of the fire proof warehouse.

Mayor C. C. Primm stated that the warehouse would be rather odd shaped affair, wider at one end than the other, and along a railroad siding. The warehouse will be a large affair, containing 7700 square feet of floor space, built of concrete blocks, brick and steel roof supports; also concrete floors.

Supt. Eunice Jones of the utility department informed us, that the warehouse was to be on the property near the power plant, presumably the old Williams & Bowers warehouse property.

McGinty-Stephens Buy Abstract Co.

W. W. Price, retiring lawyer and abstractor, sold his Guaranty Abstract Title Co. to D. B. McGinty of Plains and L. Dene Stephens of Lovington, N. M. last week.

Price has owned this company since 1924 when he purchased it from George W. Neill. The Prices who have made many friends during this time, would like to suggest the new experienced abstractors to their friends. McGinty has been in the abstract business for the past 25 years, and Stephens has had five years of experience.

The new abstractors announced that their office will be opened from 8 a.m. to 8 p.m. For the time being the company will be known as the McGinty-Stephens Abstractors.

They have joint offices in Seminole which covers Gaines county and in Gail which covers Borden county.

Low will have his real estate, oil lease and royalty office in the new location, and will sub-lease the excess space.

Harold Denton and Tracy Cary were in Dallas this week on business.

The Regal Theatre which will be the No. 1 Jones Theatre when it is completed is to be located on South Fifth next door to the

Festival Plans Near Completion

The annual Harvest Festival sponsored by the Brownfield Rotary club is set for October 31. Since that date falls on Halloween, special activities are being planned.

Tentative plans are made for the Harvest Queen nominees to represent the various schools in the county. The prizes this year

Last Rites Held For Mrs. Jesse Smith

Mrs. Jess Smith, who had been a Brownfield resident since 1920, died Monday, September 4, at 8:45 a.m. at the local hospital. Mrs. Smith had been ill for several months.

Funeral services were held in the First Baptist church Tuesday afternoon at 3:30, with Rev. Fred Stumpff, pastor, officiating. Assisting in the services was Rev. Jack Pierce, pastor of the Calvary Baptist church of Lubbock.

Interment was in the Terry County Memorial Cemetery under the direction of Brownfield Funeral Home.

Mrs. Smith was born in Parker county June 4, 1887 and was married to Mr. Smith in Gibtown in January 1910. Mr. Smith is a former sheriff of Terry county. The couple came to Brownfield in 1920 and were living on a farm near here when Mrs. Smith died.

Survivors are her husband; two daughters, Mrs. Guthrie Allen of Sudan and Mrs. Ruby Nell Clapp of Baltimore, Md.; two sons, J. E. and Payne, both of Brownfield; two sisters, Mrs. Hershell Eichler and Mrs. G. D. Brownlee, both of Jacksboro; two brothers, Virgil and C. W. Denison, both of Jacksboro, and five grandchildren.

TUDOR LEASES OFFICE SPACE TO W. N. LOWE

W. B. (Red) Tudor leased the east end of his building, Tudor Sales Co., to W. N. Lowe, this week. Lowe will convert this building to office space.

Lowe will have his real estate, oil lease and royalty office in the new location, and will sub-lease the excess space.

The complete front of Tudor Sales will be remodeled.

Melody Mart. The \$125,000 theatre will have a seating capacity of 966 people. This location is the same spot that the Jones Theatre began 28 years ago. The first theatre was owned by the late Earl Jones and Arnett Bynum. The opening date of the new theatre is still pending, but Manager Sammy Jones stated that they are hoping to stage their formal opening around October 15.

Court House Payments To Be Complete In '54

The Terry county courthouse in Brownfield will be completely paid for April 10, 1954 which is eleven years sooner than the

bonds were voted. The present bond was voted on in 1925 for 40 years which would make the bond due in 1965. The county commissioners court refinanced the bonds, and they will be paid off in four years.

November 7 is the date set for voting on the bonds for the new 50x60 foot addition to be built on the east end of the present structure. Approximately \$250,000 in bonds with a 10 year option and which will not run over a period of 25 years will be voted for at the designated time. The bonds are not to exceed 3 per cent interest, and interest payments will be made out of the 14 cent tax from the courthouse and jail fund. Payment on the bonds will not begin for 7 years, and by that time the oil fields of Terry county should have developed to such an extent that no increase in taxes will be necessary. If the oil fields do not develop, the evaluation will not increase and taxes will have to be raised.

The new addition to the courthouse will be four stories high with the first story being the basement floor. All of the south east corner will be designated the county clerk's office. The basement floor and street floor will double the size of the present office.

Other improvements in the basement will be large storage rooms and the men's rest room will be enlarged. On the street floor the ladies lounge will be modernized and a new tax collector's office will be built. The present office will be turned over to the Maids and Matrons Study club for their public library which is located in the basement at present.

The third floor will have a new District Clerk's office added. It will be equipped with a vault and adequate space for office work.

The fourth floor will be designated as the jail with a capacity for sixty prisoners. The present one can accommodate only 20 prisoners.

The bonds will go on sale Monday, Sept. 11, and will be subject to the election held Nov. 7. Citizens will have plenty of time to discuss the issues both pro and con before voting.

Approximately \$250,000 bonds will be voted for, but if it will take less money to meet expenses, the excess bonds will be burned.

Benthall Sells 1st Bale In Terry Co.

First Induction Set For September 26

Sixty men will report for their pre-induction physical today, Friday, Sept. 8, in Amarillo. These men were called by the local selective service board No. 116, and includes men from Yoakum, Hockley and Terry counties.

Mrs. Joyce Glick, clerk of the local board, submitted the following list of registrants to be inducted Sept. 26 from the above named three counties.

The list included Floyd Mosely of Odessa, Pete Allen, Denver City, Albert Kenneth Wood, Brownfield, Charles Clayton Hayes, Shallowater, Reuben August Miller, Anton, Denver Bolles, Brownfield, Henry E. Rushing, Plains, Darwin B. Hobbs, Ropesville, Bobby Ray Hunter, Shallowater, Beryl Dean Harris, Levelland, Euel Elkin Palmer, Levelland, Waymon Leslie Hardin, Denver City, Walter Junior Tomlinson, Brownfield, Samuel Elvin Day, Loop, Joe Ura Seymer, Homer, La., Clarence E. Casebeer, Brownfield, and David Crockett Albertson Jr. Sundown.

The above 17 men are the first group of men to be inducted from the local board.

Senator Corbin To Address Rotarians

J. O. Gillman, President of the Brownfield State Bank and Trust Co., stated this week, that Senator Kilmer Corbin of Lamesa, is to be the guest speaker at the Rotary Club today at the regular meeting.

The subject the Senator has chosen is "Legislative Needs of

Senator Kilmer Corbin

West Texas." The local club is desirous of having a full quota of the membership, and as many guests as possible.

We understand that Senator Corbin is a good after dinner speaker on most any subject, and his services have been in demand for such over this Senatorial district.

Mr. and Mrs. James Gunn and Mr. and Mrs. M. L. Howard returned this week from a fishing trip to Woodson.

THE COTTEN WELL OFFICIALLY GAUGED

Many Offsets To Cotten Well Are To Be Drilled

A lot of us sidewalk oil men who know no more about drilling an oil well and testing it out than a hog knows about a side saddle, were all taken down a button hole or two on the official test of the Cotten well. But even with 1812 barrels per day, that is a good well in all languages, and we are proud of it.

As stated last week, the Phillip Petroleum Co. has started a west offset to the Cotten well, and a permit has been obtained to drill an offset on the Christova Stitt land south of the discovery well.

This week, permits were granted to drill three wells on the A. M. Brownfield holdings, one three miles east of town, just this side of the city county airport on the Tahoka road. The other two will be drilled on a couple of sections

J. A. Benthall of Union brought in the first bale of cotton for Terry county August 31. The bale was ginned by W. L. Reagan at the Union Gin and was auctioned at 3 o'clock Tuesday afternoon on the courthouse lawn.

The bale was sold to E. D. Ballard of Brownfield, for 65c a pound and with the merchants' prizes the bale sold for more than a dollar a pound.

The bale weighed 475 pounds, and was picked from the Benthall farm 13 miles southeast of Brownfield on the Lamesa highway. The cotton seed weighed 1475 pounds. Benthall planted his cotton on April 24, using Paymaster cotton, and has used irrigation for raising it.

T. J. Burrow, auctioneer, started the auction at 50c a pound. The high school band participated in the program.

Merchants contributing to the fund are as follows:

Chamber of Commerce	50.00
First National Bank	25.00
F. & L. Butane	15.00
Primm Drug	25.00
Union Gin	25.00
Brownfield State Bank & Trust Co.	25.00

Shelton's Ready-To-Wear merchandise	10.00
This is a total of \$353.00 in cash, \$90.00 in merchandise, 15 free show passes and 300 gallons of butane.	

SCHEDULE SET FOR SCHOOL CHILDREN EXAMINATION

Schedules of clinics for examination of school children in Terry county have been set this week by Dr. Frank Miller, director of the South Plains Health Unit. Physical examinations are done in the first and fourth grades each year by Dr. Miller. Children at Wellman will be examined Monday, Sept. 11, and those at Meadow on Tuesday, Sept. 12.

There has been much loose talk of late, coming especially from the negro singer, Paul Robeson, that Communism means equality in all things for the negro, and that none of his race would fight for the USA if in a war with Russia. Josif White, another negro singer in a recent press release, stated that he took issue with Robeson, and that he, for one, as well as thousands of other negroes would fight against Russia or any other enemy of the United States. He stated that Robeson was kidding himself when he tries to speak for all negroes. White stated that he admired Robeson as a singer, but felt sad when he thought of all he had rendered to a nation that despise America. White went on to state that the Communies had a great way of using big words to mislead the uninformed, and in this topsy turvey way to cover up their real intentions. And that simple folks don't understand the art of turning words inside out to catch them unaware. Carrying this argument

a bit further, only this week several of the negro troops, who have been doing a jamb up job of fighting in Korea, were captured, along with their white officer from south Texas. This officer finally made his escape, and stated that while the Red Koreans treated him as an equal, they treated the negro troops with contempt. He emphasized that he did not mean that they mistreated the negroes, but refused to equalize themselves with them. Yet, the negroes from one end of the nation to the other have been hearing the false doctrine that all races, creeds and colors were on equal basis in the Commie countries. But this is just another instance when the Communies will tell a big lie when the truth would probably answer better. But lying seems to be their only means of making converts.

The proposal to call up the old boys who served in the last World War does not set too well with a lot of people, and we don't

imagine it gives the old boys themselves a thrill, exactly. Of course the idea is just to take those under 35 and with no dependents. It looks like a case of riding a good horse to death to us. Last Saturday we met a mother who did not mince words about the matter. She stated that her son was now past 35, and had a family. But she was thinking of other people's sons that had layed in trenches in War II. She was a little blackeyed woman and meant every word she said. She stated that all those with "heart trouble" got well as soon as the war was over. She was also sore because the government had frittered around trying to appease this and that aggressor nation instead of trying to train an army and arm them with the best weapons. She believed this fact had gotten us into this mess. Of course many of these ex-soldiers would volunteer if this nation was in danger, but it looks little to most people to draft men who have already risk their lives and sacrificed much of their time and lost money while doing two, three and four year stints in the army, while others stayed at home and coined the dough. We have lost business by expressing our opinion on this subject before, and may lose more. But this is the way the good lady felt, the way we feel, and the way millions of others feel about the matter.

Some of the Congressman and US Senators, particularly old Senator Byrd of Virginia, have been tackling the idea of bureaucrats in Washington. This idea is to spend every dime they can get their hands on, and try to get Congress to give them more malaka to spend. Some of these spending ideas are just about on par with digging holes and then filling them up again. True, some departments have given orders to stop some needless spending while the nation is in peril and threat of another world war. This is particularly true of the Interior Department—if—and there are a lot of ifs, the plans and the projects have not already been started, and not for hydro-electric power plants, and many other ifs of this that and the other. In the meantime, the rearmament program is going to take billions of dollars in additional taxes. Those fellows who are spending overhanded to garner votes for the big bosses, are not even thinking of economizing. They give little reason for their extravagant spending of other people's money. And some of them seem to care little whether or not our boys in the trenches over in Korea have another round of ammunition or not.

For some 150 years this government of ours operated on the theory that they started out with, that the people of this republic are above the state. That the state is subservient to the people and not vice versa. That condition, of letting the people rule, is now sometimes called a democracy, but more correctly speaking is a republic, or republican form of government, and only recently has the word "democracy" been substituted for "republic." The latter word was used in the constitution of the United States. For the past 20 years the two administrations have tried to place the state over the citizenship. The braintrusts have suddenly discovered that after 175 years of great progress in which this nation has caught up with and passed nations several hundred years our seniors, these supposed leaders have decided that we've been badly wrong all the time. They are advocating things that would gag our founding fathers. They

Absolute Social Security

want state socialism, which is a first cousin of communism. Conservative old England has drifted into socialism. They find that production has dropped; taxes are hiked; men lay off jobs that should be working, for no good reason; their money has depreciated on the world market; all landed estates that used to pay most of the taxes have folded, because of unbearable taxes. No one can afford to own property on account of high taxes. It is our opinion that if a more conservative government is not formed in England in the next few years, the nation will drift into absolute communism as a satellite of Russia.

The military must be constantly on its toes to keep silence, while the State and Defense departments at Washington gives out what the people need to know. Unfortunately, at this of all times, Atcheson and Johnson are at loggerheads despite all HST can do. Nonetheless, the gag rule has been applied to two high military men of late, one being Gen. MacArthur, and the other an air force authority. These men spoke their own opinions out of turn on things they understand far better than Truman, Atcheson and Johnson. These boys remind us of a fice trying to keep a rabbit in a hollow log with several holes in it. Instead of turning the matter over to men who are trained for the job of making war, T. A. & J. are trying to run things from Washington. Why? If you ask us, they are afraid something will come out of this affair that is calculated to lose the administration some votes. Politics must be served, come hades and high water.

There are some extreme cases stressed by the monthly Clip Sheet of the Board of Temperance, Methodist church. But there are some glaring truths whether we take them home and ponder them or not. The last issue had an article about the waste here and there, when we are in war with a small nation that could take on world wide conditions very suddenly. For instance, the Clip Sheet tells us that the American people annually spend 8 billion, 500 million dollars for intoxicants, that could be eliminated and not hurt anyone. Had you ever noticed that the guy that never touches the stuff seems to have just as gay time as those that indulge? More than those

The Low Down From Hickory Grove

Bolled down—devoid of big or difficult words—our USA is in its present state of confusion, and on thin ice, for 2 main reasons. We been reading Freud and Marx when we should have been reading Aesop.

Freud—and the lack of discipline—has given us our horde of delinquents. Marx has filled the Bureau chairs there on the left bank of the Potomac, with socialists. And a socialist is just a freshman Communist. And both these menaces came from the neglect of our Aesop. We been a sucker of the first water. We have listened to pink palaver about letting the Govt. cover the Nation with great and gigantic river-valley Authorities. Congress spellbound, says, go ahead. We remain mum. Mum until income tax day when we don't find the Govt. elbowing us there at the tax window to pay its share. It pays no taxes—we dig a little deeper.

We stand by as the Govt. potato wagon backs up at the river edge and dumps its huge train loads to the fish. We buried one OPA and its agonies—congress now flirts with reviving the corpse.

But American can yet be salvaged. We must get our horse sense out of the mothballs—also our Aesop. That is you and me I am talking about.

Yours with the low down,
JO SERRA

WE GET ANOTHER CRATE OF LETTUCE

Joe Roberts of Big Spring, came through one day recently before this gentleman of liesure got out of bed. Joe had been visiting and vacationing in Colorado with his uncle, David (Jack) Holden of Toponas, Colorado. David sent a crate of his superior lettuce, to his sister, Mrs. Stricklin and perhaps to his other sister, Mrs. Roberts of Cohoma.

The brand name on the crate was "Our Kids Brand," Christine and Johnny, and the kids' photos were lithographed on the label. Grown and packed by Holden Produce Co., Toponas, Colorado. The lettuce was fine and "crisp

as the mountain air," with not a trace of bitterness. David is said to be the biggest spinach grower in Colorado. Thanks a lot.

Mr. and Mrs. Virgil Bynum, Jack and Donald attended the wedding of Joan Cobb and Clifton McMillan, who were married in the chapel of the First Methodist Church in Lubbock. Mrs. McMillan is the niece of Mr. Bynum.

Mrs. Barney Steele and son, Richard, Mrs. Ray Cox and daughters, and Mrs. Lilly Parks, all of Amarillo visited this weekend with Mr. and Mrs. William C. Brown and Mrs. Emma Brown.

INDEX OF TEXAS BUSINESS ACTIVITY ADJUSTED FOR SEASONAL VARIATION 1935-39=100

INDEX OF TEXAS BUSINESS ACTIVITY—Texas business activity reached the all time high of 235 per cent of the 1935-1939 base period in June according to the seasonally adjusted index compiled by the University of Texas Bureau of Business Research. Six of the seven components of the composite index registered May to June increases (AP Photo Chart)

Delphian Study Club Holds First Meeting

The first fall meeting of the Delphian Study Club was held Monday afternoon, Sept. 4, in the home of Mrs. J. O. Burnett. Mrs. Burnett was hostess for the first meeting.

Refreshments were served before the meeting with Mrs. Leonard Chesshir, president, giving a message to the club for the beginning of the year.

During the regular business meeting Mrs. W. N. Lewis, a new member was welcomed. Mrs. Lewis Simmonds presented and reviewed the new year books. The club collect was read together and then the business meeting adjourned.

Members attending were Mesdames R. W. Bumgardner, Wayne Brown, W. C. Burrow, Herbert Chesshir, H. B. Parks, W. T. Pickett, Kenneth Purtell, K. E. Sackler, L. D. Spradley, George Steele, Fred Yandell, W. N. Lewis, Leonard Chesshir, Lewis Simmonds and the hostess.

MARRIAGE OF DUDLEY REPP ANNOUNCED

Friends of the A. D. Repp family have received invitations to the marriage of Miss Joan Fay Prouty to Dudley Paul Repp, both of Lubbock, at St. Paul Episcopal church at Lubbock, Thursday of this week.

Miss Prouty is the daughter of Mr. and Mrs. Parker F. Prouty, of Lubbock. Her father is president of the Avalanche-Journal publications of that city.

All the old timers of some ten years ago, will remember that Dudley is the son of Mr. and Mrs. A. D. Repp. Mr. Repp was Supt. of the compress here for a number of years. Dudley's mother served quite some time as society editor of the Herald.

After leaving Brownfield, the Repps lived in Roswell, N. M. and California for some years before moving back to Lubbock.

CHALLIS NEWS

Mr. and Mrs. M. L. Pate and family and Mr. and Mrs. J. T. Henderson and family visited Sunday with their parents, Mr. and Mrs. W. J. Henderson.

Rev. and Mrs. Vance Zinn visited Sunday afternoon with Mr. and Mrs. W. J. Henderson.

Oscar Evans visited Saturday night with Billy Bagwell.

Wayne Bagwell visited friends at Amhurst over the week end.

Mr. and Mrs. C. S. Carroll and Linda Kay and Melvin Carroll visited relatives in Crowell this week.

Mr. and Tom Stephens, Mr. and Mrs. A. L. Stephens and children of Stephenville visited Mr. and Mrs. Bill Bagwell last week.

Mr. and Mrs. Short Stevens of Morton visited Mr. and Mrs. L. R. Bagwell last Sunday.

Mr. and Mrs. Tommy Pettigrew attended the Adams reunion at Sonora last week.

Mr. and Mrs. J. E. Evans visited Mr. and Mrs. C. C. McGee of Gomez Sunday.

Mr. and Mrs. John Garner spent Sunday with their son and family, Mr. and Mrs. Robert Garner.

Mr. and Mrs. C. S. Carroll and Linda visited Mr. and Mrs. Happy Garner and family of Brownfield Sunday.

Mr. and Mrs. J. C. Armstrong spent their vacation in Colorado last week.

CARD OF THANKS

Our heartfelt thanks to our many wonderful friends for your material and spiritual help to us during the hospitalization of our beloved mother. We hope you will share our joy in her recovery as you shared our anxiety in her illness.

Mr. and Mrs. Logan Redford
Mr. and Mrs. T. C. Redford
Mr. and Mrs. W. A. Redford

Jack Bynum graduated August 31 at SMU in Dallas. Jack is now employed with the McAdoo Chevrolet Co., in Seminole.

MEADOW NEWS

Rev. Wheeler of Levelland preached at the Methodist church Sunday.

Several out of town people were here Sunday to attend the funeral of Lee Mabry, among them was Judge Reed of Lamesa.

Coffee Treats for Television Fans

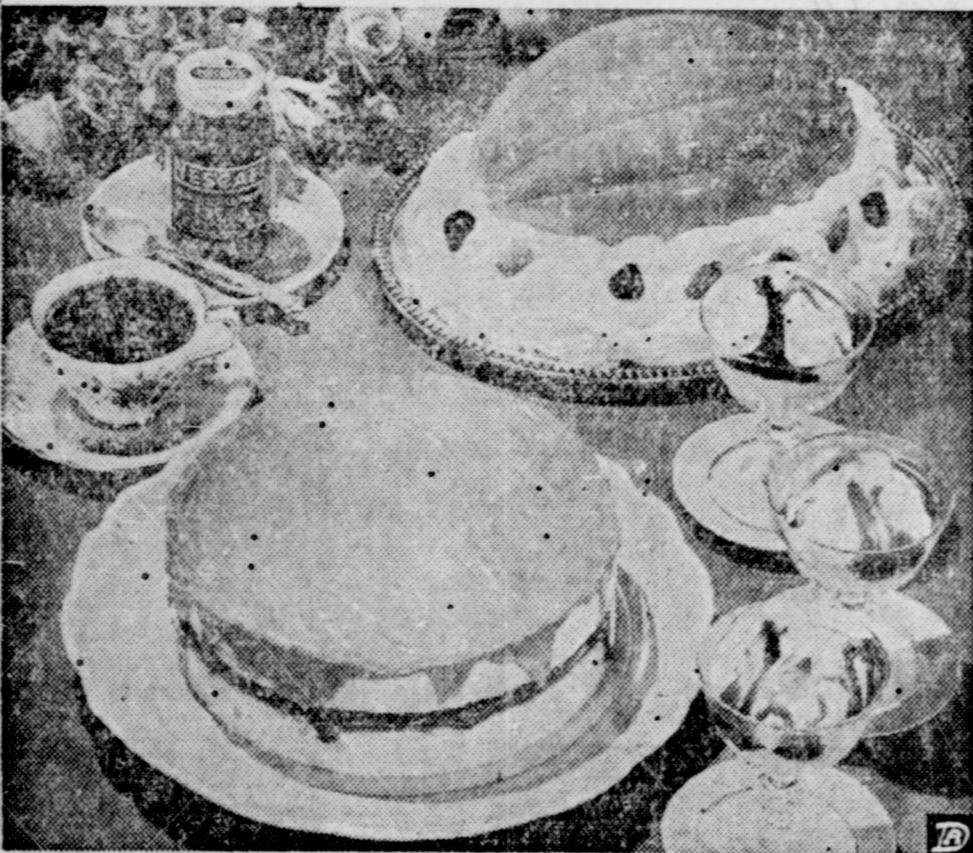

Photo by Nescafé

When your favorite television programs are over, good coffee should always be on tap for family and friends to serve with something "special" as a fitting finale to a perfect evening. Any one of the coffee-flavored desserts featured will be just right for late evening refreshments. Easy to prepare and impressive for any occasion are these desserts that combine modern cooking with old-fashioned goodness.

You can serve one or many with fresh, flavorful coffee in a flash. Just measure one teaspoon of soluble coffee (more or less rounded according to strength desired) in a cup, and add freshly boiling water and stir. To make six cups of good coffee, just pour one quart of boiling water on 6 teaspoons of soluble coffee and stir to assure a brew of even strength.

Coffee and Cream Cake is a delicious accompaniment for coffee-flavored ice cream, made simply and quickly by blending 1 tablespoon of soluble coffee with one package of ice cream mix. This is a neat trick that wins compliments every time. For an extra special evening, surprise your guests with Marshmallow Supreme, a simple dessert with a sophisticated flavor of fresh coffee.

COFFEE AND CREAM CAKE

Make your favorite plain cake mix recipe and then use:

COFFEE CREAM FILLING

- 6 tablespoons sugar
- 3 tablespoons flour
- 1/4 teaspoon salt
- 1 egg yolk
- 2 teaspoons soluble coffee
- 1 cup scalded milk

Combine first 4 ingredients in a small pan. Stir in milk. Cook until thickened. Place over hot water, cook about 15 minutes.

COFFEE ICING

- 1 tablespoon butter
- 1 egg yolk
- 2 teaspoons soluble coffee
- 1 tablespoon milk
- 1/4 cups sifted confectioners' sugar

Mix butter and egg yolk. Add sifted confectioners' sugar which has been mixed with soluble coffee. Gradually add milk, beating all the while, until a smooth, creamy consistency is reached.

MARSHMALLOW SUPREME

- 1/2 lb. marshmallows
- 1/2 cup sherry
- 1 envelope unflavored gelatin
- 1/4 cup cold water
- 1/2 cup sugar
- 1/4 cups undiluted evaporated milk
- 2 teaspoons soluble coffee
- 1/4 cup hot water
- 1 tablespoon sliced, toasted almonds

Cut marshmallows in quarters and let them stand overnight in sherry. In top of a double-boiler, dissolve gelatin in cold water. Cook for 10 minutes, stirring constantly. Dissolve soluble coffee in hot water. Add to the milk mixture. Fold in marshmallows. Pour into one quart mold rinsed with cold water and chill. Unmold, garnish with whipped cream, cherries and almonds. Yield: 6-8 servings.

Plant Good Baking Quality Wheat

Good baking quality, as well as good yield, is important in the selection of a variety of wheat for planting, says E. A. Miller, extension agronomist of Texas A. & M. college.

Most of the wheat produced goes into the flour trade, and about 85 percent of the flour is used by commercial bakeries. The bakeries require a quality of flour with which they can bake the kind of bread that their customers demand.

Miller says that Texas formerly had a reputation for producing fine quality wheat, which was in demand because it was nearly all produced from good baking varieties. This reputation has been temporarily lost, because new wheat varieties with poor baking qualities have been brought in from other states.

However, Miller reports that recent surveys by the Texas-Oklahoma Wheat Improvement Program reveal that Texas is now regaining its reputation. The surveys show that there has been a 30 percent, or approximately 1,500,000 acres, increase in the acreage of good wheat varieties planted in Texas from 1947 to 1950.

As recommended varieties for the main wheat area of Texas, he lists Comanche and Westar for baker's flour and Wichita and Triumph for family trade flour. Tenmarq and Turkey produces excellent quality baking flour, but do not give as high yields as Comanche and Westar.

Young Terryite Joins the Marines

The U. S. Marine Corps recruiting office has announced that Thos. L. Hungerford, son of Mr. and Mrs. P. H. Hungerford, Route 5, Brownfield, was enlisted in the Marines recently.

The Brownfield Marine has been transferred to the Marine Corps recruit depot, San Diego, Calif., where he will undergo his ten weeks of recruit training. He will study such subjects as map and compass reading, first aid, field sanitation, rifle marksmanship and many others. His courses of study are designed to furnish him with the needed knowledge to assume his place in the Marine Corps wherever he is assigned.

Private Hunregford has a brother, A. B. Hungerford, who is an ex-Marine. He also had a cousin who served with the Marines during the last war, Fred E. Splawn, who gave his life for his country on the bloody island of Iwo Jima.

Prior to enlistment, Hungerford attended school at Union high school.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending August 26, 1950 were 24,490 compared with 23,138 for same week in 1949. Cars received from connections totaled 13,571 compared with 11,195 for same week in 1949. Total cars moved were 38,061 compared with 34,333 for same week in 1949. Santa Fe handled a total of 37,325 cars in preceding week of this year.

HATCHED BY WEST TEXAS SUN?—Drakey, the solar-incubated duckling, waddles away from Barbara Bolden of San Angelo, Texas, while his mother, Minnie, is restrained by Stanley Bolden. The Boldens are a little dubious, but they say the can't come to any conclusion other than that Drakey was hatched by the hot San Angelo sun. Stanley found an egg laid by Minnie in the chicken yard. Instead of throwing it away as his mother told him,

he placed it between two boards the corner of the chicken yard where the sun could beat down on the egg. In a little less than four weeks the duckling was seen following its mother duck around the yards. Mrs. Curtis Cook, the children's mother, says she is certain Minnie didn't sit on the egg because the duck had failed to hatch some chicken eggs. The Boldons don't have any other ducks and there are no setting ducks in the neighborhood.

Notice To Bidders

Sealed proposals addressed to the Honorable Mayor and City Council of Brownfield, Texas, will be received at the City Hall until 8:00 p.m. September 21, 1950, for furnishing all necessary superintendence, labor, materials, tools, and equipment for constructing a warehouse building, at which time and place the proposals will be publicly opened and read. Any bid received after the closing time will be returned unopened. The building will have approximately 7700 sq. ft. of floor space; wall will be of brick and concrete block masonry, floor of concrete, and roof deck will be supported by steel joists, beams and columns.

Each proposal must be accompanied by a Certified Check, Cashier's Check or Proposal Bond, acceptable to the Owner, in an amount equal to at least five percent (5%) of the total amount of the bid submitted, made payable without condition to the City of Brownfield, Texas, as a guarantee that the bidder, if awarded the Contract will promptly execute such contract in the form provided and will furnish good and sufficient bond for the faithful performance of the same. Bids without the required bid security will not be considered.

The successful Bidder must furnish bond on the form provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

Proposals must be submitted on the form provided and, in case of ambiguity or lack of clarity in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. The Owner reserves the right to reject any or all bids, to waive any formalities, and to accept the bid which seems most advantageous to the interest of the Owner.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the

WILL THE REEF GAS RUIN CARLSBAD CAVERNS?

Of late we have heard much about the "reef formation" a lot of it brand new to us. Some of it sounded like mere speculation. But anything that is new and rather sensational will cause talk. Some of the talk may be "loose" and some of it put out by those who have studied geology.

One of the cracks we have heard a time or two lately, is that geologists believe that as the reef formation is developed, enough gas may penetrate the Carlsbad Caverns to ruin them, so far as visiting them is concerned.

These people report that the reef in which oil is being found in Terry and containing a lot of natural gas, leads southwest toward and to the Caverns. But the ruining of the caverns may be years ahead.

work is to be done.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Articles No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for Bidders, proposal forms, specifications and plans are on file at the office of Eunice Jones, Superintendent of Utilities, City Hall, Brownfield, Texas, and may be secured from Parkhill, Smith & Cooper, Consultant Engineers, 1414 Avenue J, Lubbock, Texas, upon deposit of \$15.00 as a guarantee of the safe return of the plans and specifications. The full amount of the deposit will be returned to the Contractor on submission of a bona fide bid on the work, with such plans and specifications; or upon returning the plans and specifications prior to the receipt of bids; otherwise, the deposit shall be forfeited.

Ticklers

By George

"I had a little cloth left over after sewing my drapes!"

Price Increases Not Chargeable to Farmer

Too often the public holds the farmer solely responsible for high prices, little realizing the enormous spread between what the producer gets for his products and what the consumer pays.

J. E. McDonald, commissioner of agriculture, came to the defense of the farmer with that statement today.

Said McDonald, "Americans are worried about these matters at this time—the Korean war, shortage of goods and advancing prices.

"The Korean war is in the hands of capable military leaders and authorities in Washington. The shortage of goods will depend upon the hoarders and the civilian demand for critical war materials. The prices of commodities and manufactured goods will be governed by future developments.

"Last year this nation produced, under no government restrictions, 16,115,000 bales of cotton, the lint of which brought the farmer \$2, 658,975,000. This year, under government planting restrictions, the estimated cotton crop is 10,308,000 bales. At the present price, this will mean an income of \$1,958, -420,000 or \$700,000,000 less than the farmer received for last year's cotton crop."

The commissioner pointed out that this means the farmers of the nation will have that much less to spend for goods, services and wages—yet the retail prices of their commodities are higher. "The spread between the farmer's price and that which the consumer has to pay is terrific, and to blame the farmer for high prices is decidedly unfair to our food producers," McDonald stated.

To emphasize his point, the commissioner called attention to the fact that statistics released Aug. 1 by the U. S. Department of Labor show a drop in commodity prices of 7.9 percent, and U. S. Department of Agriculture figures show farm income 7 percent less, or only nine-tenths percent difference—which is virtually no difference at all.

Control Insects In Stored Grain Sorghum

Much of the bumper crop of grain sorghum being produced in Texas this year will be stored on the farm. J. A. Deer, assistant extension entomologist of Texas A & M college, recommends that farmers give special attention to controlling insect infestations in the stored grain.

Thorough cleaning of the bins is necessary to prevent the new crop of grain being mixed with old grain which is already infested. If the bins are constructed of wood, apply a residual spray to the walls and floor at the rate of two gallons of spray per 1000 square feet of surface area. Spray steel bins around the door frames and other places where the insects may be concealed.

Deer says that sprays consisting of 2½ parts DDT or chlordane as emulsions or water suspensions have been found satisfactory for treating grain bins. A water suspension of 50 percent wettable DDT powder in 25 gallons of water.

A further precaution against

TERRY COUNTY HERALD, FRIDAY, SEPT. 8, 1950

insects, Deer advises removing all sources of infestation, including feed, waste grain and other materials stored or accumulated near the bins, before the new grain sorghum is moved in.

Deer warns also that the grain sorghum should be as dry as possible when stored. If the moisture content is higher than 12 percent, the insect infestation will be heavier.

Mr. Mrs. L. B. Forbus and Von returned this week from vacationing in Brownwood.

1951 WHEAT ALLOTMENT IN TERRY ALMOST DOUBLED

Terry county's wheat allotment for 1951 has been almost doubled, according to Looe Miller, county administrator for the Production and Marketing Administration. A total of 24,883 acres for 1951 has been allotted, compared to 13,361 acres for 1950. The gains is 11,522 acres.

Individual wheat allotment for 1951 are expected to be mailed growers within the next few days, Miller said.

RMA Purchased By Bob Tobey

Bob Tobey, former commercial manager of the local radio station, has purchased the Retail Merchants Association from A. W. Turner. The office is in the Brownfield State Bank and Trust Co. building, office number 207. The same telephone number, 782, of the Association will be used.

Tobey, who has been with the radio station since it opened in August of 1949, stated that the aim of the association is to make one of the best Retail Merchants Associations in Texas. He added that it will take the full cooperation of all the merchants.

Each week the members of the association will receive a list of all new comers and removals in Brownfield, and the list will also include new car registrations, marriage licenses that are issued and divorces.

Tobey is a member of the Chamber of Commerce, Lions Club and a member of the board

of directors of the Junior Chamber of Commerce. He is also on the board of education of the First Methodist church, and also teaches a Sunday school class.

ATTENTION DISABLED VETS:

Charles J. Walker, department organizer for the Disabled American Veterans is in Brownfield to assist veterans with any problems they may have.

Walker has arranged for a meeting at the courthouse Monday, Sept. 11, at 8 p.m.

The organization of a chapter of DAV is planned, together with an auxiliary for ladies of DAV members families.

In conjunction with the DAV meeting a sale of for-get-me-nots the national flower of the DAV will be held on the streets of Brownfield, Saturday, Sept. 9.

The proceeds go to the local DAV and their families for welfare.

Sam C. White is now to be found at the Stell Grocery. Sam has had years of experience in the grocery business.

Plains Public Schools Begin Fall Term

Plains public schools opened their 1950-51 term Monday morning, Sept. 4, at 9 o'clock with a brief program in the school auditorium.

Enrollment and issuance of text books was completed by noon, and buses returned the students home. Regular class work began Tuesday morning.

Supt. James A. Ellis announced the following teachers composed his faculty:

High school: Travis Mason, principal; Coleman Huffman Jr., football coach, social science and physical education; Mrs. Lois Mason, English; Clayton Huntsucker, basketball coach, assistant football coach and natural sciences; Josephine Verden, home economics; Wallace Randolph, vocational agriculture; Betty Jay, commercial subjects; Dale Reynolds, band director.

Elementary school: Alvin Wolfenberger principal; Ella Zinn, Mrs. Grace Wolfenberger, Keith Anderson, Mrs. Myrtle Patterson, Mrs. Dovie Moreland, Mrs. Myrtle Willis, Mrs. Thelma Ellis, Mrs. L. O. Smith, Mrs. Hazel Lackey.

Miss Tommie Pride is school secretary.

Bus drivers are Albert Rushing, Elmer Cross, foreman, Clayton Lovelace, Walter Smith, E. E. Sloan, Johnnie Robertson and Glenn Morehouse.

Miss Williams To Wed September 9

Mr. and Mrs. Phillip Williams of Tokio are announcing the engagement and approaching marriage of their daughter, Dorthea, to Bill Gray of Snyder.

The wedding will take place Saturday, Sept. 9 at Lovington, N. M. Attendants will be Mrs. Alfred Bearden, matron of honor, and Bobby Gray of Snyder, best man.

The bride elect is a graduate of Plains high school and attended business college in Lubbock. Mr. Snyder is a graduate of Snyder high school and attended Texas Tech in Lubbock.

UYLESS SAWYER OVER ON BUSINESS THIS WEEK

Uyless Sawyer of Crossroads, N. M., was over to the old home town this week to see if our oil wells smelled any different to those on his ranch. However, he claimed to be looking for displaced dollars.

But he added right quick before we hit him up for a loan that he hadn't made a dime. The three wells finished and drilling are on his sisters' places, the finished one and the west offset on Mrs. Laura Cotten's land, and the south offset on Mrs. Christova Stitt's place.

This land was once a part of the M. B. Sawyer ranch, which consisted of some 45 sections when the writer landed in Terry.

Pvt. Gosdin Leaves for Port Of Embarkation

Pvt. Harold Gosdin, son of Mr. and Mrs. Clarence Gosdin left Tuesday night to report to Stone-man which is a port of embarkation. Harold re-enlisted last month and has been taking a refresher course at Ft. Raleigh, Kans.

Prior to this he served 3 1/2 years in the Infantry and was stationed with the Quartermaster Division of the 36th Infantry most of the time. While with this division, he added achievements of high marksmanship in the Caribbean, permanent cook certificate, and received the rank of Corporal while with this division in Ft. Louis, Wash., he also received the Victory Medal for World War II.

McWILLIAMS MOTOR CO. HOLDS OPENING

The formal opening of the McWilliams Desoto and Plymouth Motor Co., was held Saturday, Sept. 2 from 8 a.m. to 9 p.m. The new motor company is located at 1019 Lubbock road, and displayed two new Desotos and one Plymouth at the opening.

McWilliams wishes to thank everyone for the floral arrangements presented to them on their opening.

Between 700 and 800 guests were registered in the guest book. Presiding at the guest book was Mrs. C. McWilliams, and Mrs. E. L. Moore served coffee to the guests.

EX-HIGGINS EDITOR CALLS AT HERALD OFFICE

Ed W. Coulson, wife and son, passed through Wed., and made a short call at the Herald office. He was former editor-publisher of the Higgins News. We had met him at the Panhandle Press Association at Amarillo.

For some time he has run a job printing shop at Springdale, Ark. Right now he is looking for a similar job to open at Plainview.

MRS. SHIRLEY ELECTED PRESIDENT OF SPWGA

Mrs. Jane Shirley was elected president of the South Plains Women's Golf Association Wednesday, Sept. 6, at a meeting in the Lubbock Country Club.

Mrs. Shirley succeeds Mrs. Ethel Herriage, who resigned several weeks ago. She officially served as vice president during the past year.

Farm Bureau To Hold Sub-District Meets

According to J. Walter Hammond, the State Bureau president, a lot of sub-district meetings will be held over Texas this month. The two nearest to Terry county are at Plainview, Hilton Hotel the 14th and another at the Lubbock Hotel, Lubbock the 15th. Likely most Terry county members will attend the latter as it

is nearest. W. R. (Bill) Tilson of Meadow, one of the directors, will preside at the Lubbock meeting, from 10 A.M. to 3 P.M. State and national officers will be present. Farm politics will be discussed. Hammond stated that the farm business was becoming more complicated all the time. If farmers want a democratic form of government, fair prices, taxes, etc., as well as rural health, Texas must have a stronger Farm bureau.

Parking In Alleyways Is Bad Business

We have paid no particular attention to the alleys in other sections of the town, but we have had on several occasions, to note conditions in the rear of the 200 block on Sixth street. This alley comes in off Broadway and runs south to the hospital.

This is particularly true of Saturdays or other times when there is a large crowd in town. It would be an impossibility for a property owner to get a truck in to unload merchandise. And a lot of the times the property owners have to find car owners that park on the back of their lots, and get them to move, so merchandise can be unloaded.

In view of the fact that the property owners give several feet off their lots for this convenient means of reaching the rear of buildings, we believe the city officials should keep the alleyways clear of parked cars, even if they have to impose a light fine.

This would soon teach people to seek other parking places. We would be the last one to inconvenience those who come in to trade, and parking meters are the last thing we want. But the alleyways should be kept clear.

BYNUM LEASES PRINT SHOP

Ralph Bynum stated the past week that he had leased the printing plant on the east side of the square from Rex Headstream, and immediately took charge.

As we understand it, the lease will do commercial job work only for the present at least.

Chambers Has Been Going Rounds With Worms

Mack Chambers of the Forrester community, was among others seen on the streets last Saturday. As he seemed to be kinder relaxing from some battle royal, we quizzed him. Yep, it was the dagnabbed worms. He had poisoned three times, and hoped he had the little boogers licked.

Like a lot of other farmers we have talked with, Mack thinks a snappy, cold rain would be a better detergent than most anything to both the worms and the millers. He got it early this week. We wished for a fire Monday night, and finally fished an old vest out of the closet.

P. SP FAIR CATALOG HAS BEEN RECEIVED

The Herald has received its copy of the Panhandle, South Plains Fair catalog, with many prizes offered, covering the field of farm and stock. Also a full quota of prizes for the ladies section, covering every item almost, from pantry to parlor.

A large crowd of Lubbock boosters will be here just before the fair dates, which will appear in a later issue of the Herald.

LOGAN REDFORD GETS MASTERS DEGREE

The Herald was notified this week by the University of Texas, that Logan Redford of this city had received his Masters Degree at the close of the summer session August 31.

Congratulations go to Mr. Redford.

Sid Wheeler, of Ft. Worth, was here over the week end. His dad and family resided here for several years, some time ago.

Brownfield Shriners Entertain Club

The Brownfield Shriners entertained approximately 150 South Plains Shriners and their wives Friday night, Sept. 1, with a buffet dinner at the Brownfield Country Club.

A menu featuring hickory smoked turkey was served to the guests and was followed by dancing and a bingo party. A special feature on the program was a group of fifth grade boys' and girls' square dance team, led by Mr. and Mrs. Clyde Lindsey of Lubbock.

Clovis Kendrick, vice president of the organization, gave a short talk on the plans of the organization for the following year.

Harry Goble was chairman of the committee of Brownfield Shriners in charge of "Ladies Night."

The South Plains Shriners club, which was organized several months ago, meets once a month, and its membership includes Shriners from Levelland, Littlefield, Abernathy, Crosbyton, Tahoka, Slton, Sundown, Lubbock, Meadow, Ropesville and Brownfield.

Shriners in the Brownfield area who wish to join the club are asked to contact Bill McKinney, Clovis Kendrick or Harry Goble.

Cargill To Plant 1000 Acres In Wheat

Met up with H. M. Cargill one day recently. He was showing us a sample of the wheat he aims to sow on his place to the tune of 1000 acres. Just the past few years have farmers found that wheat is a great agricultural item for old Terry.

We understand that Mr. Cargill still has some 4000 bushels of wheat for sale that he raised last year or the year before. We did not ask him the name of the wheat he was sowing this year, but the sample in the paper bag he had was fine.

Farmers have learned that if they can get a good stand of wheat up in the fall, that it will keep the sandiest kind of soil from blowing in the spring. Just a few years ago, they thought it was the other way around.

Crops Sprays May Result In Damage

More harm than good may result from indiscriminate use of 2-4-D weed killers and might even result in damage suits, a Texas Tech college plant expert said today.

Dr. A. W. Young, head of Tech's agronomy department, said under Texas laws persons who spray 2-4-D with power driven machines must have a license from the state before they can begin operation. Only hand operated sprayers are exempted from the licensing restriction.

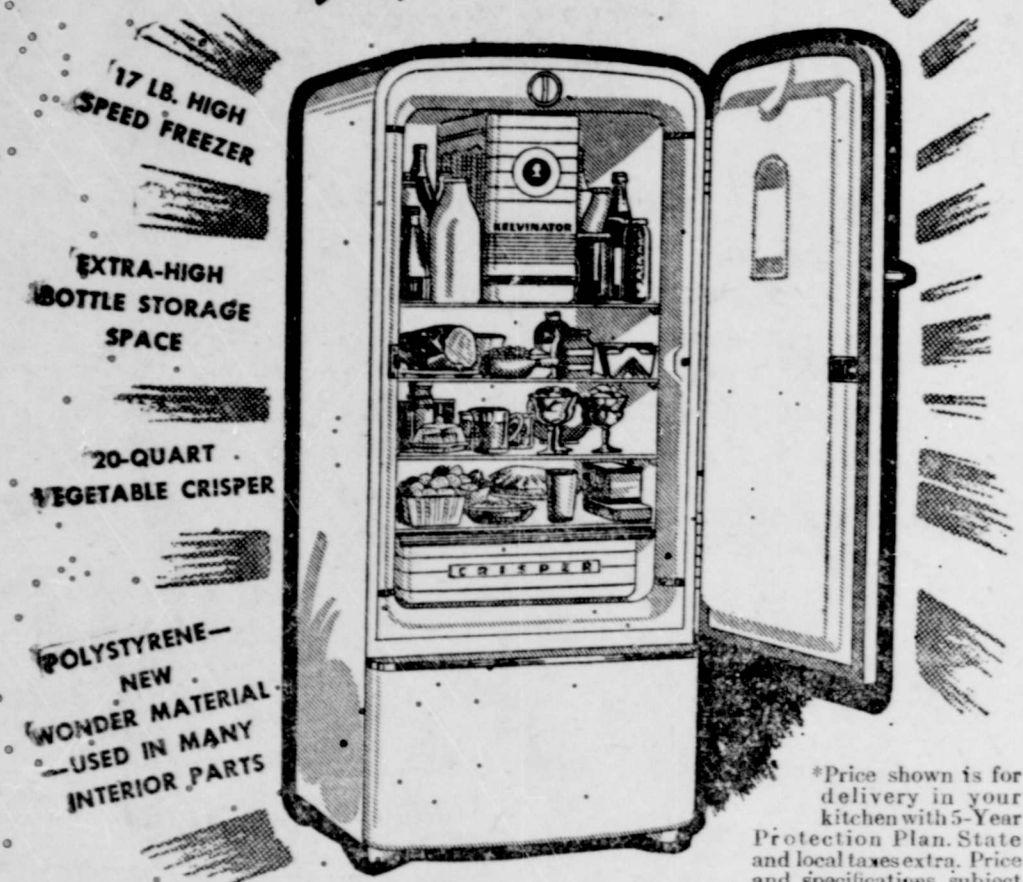

Dr. Young exhibited cotton plants which had leaves with finger like extensions. He said they were caused by weed killers which had "backfired" on the growers, particularly the stronger forms like amine and ester 2-4-D.

"Wind can cause droplets of 2-4-D to drift into fields where serious damage can result, although ammonium and sodium compounds are not as potent as some forms," he said.

He suggested that persons planning to use the weed killer write the commissioner of agriculture's office at Austin before they begin operation of the power driven sprayers.

Stricklinly Speaking

By Old He

Atty.-Gen. Price Daniell got nearly 8,000 more votes than any candidate in the State races who had no opponent. Do you suppose it could be possible that some of the boys "from the forks of the crick" thought they were voting for Pappy Wilburt Lee O'Danell?

An unwelcome guest visited Texas the past week, being the big gambler, Mickey Cohen of Los Angeles. His welcome was far from royal. He was hounded by police, rangers and sheriffs all the time he was in Texas.

He was in quest of oil play, so he said, but was arrested in Fort Worth, Wichita Falls and El Paso. Finally gave up in disgust and took a coast-bound plane for home. Was not allowed to land in Arizona, where a sheriff awaited him.

Most folks don't like the likes of Bro. Cohen.

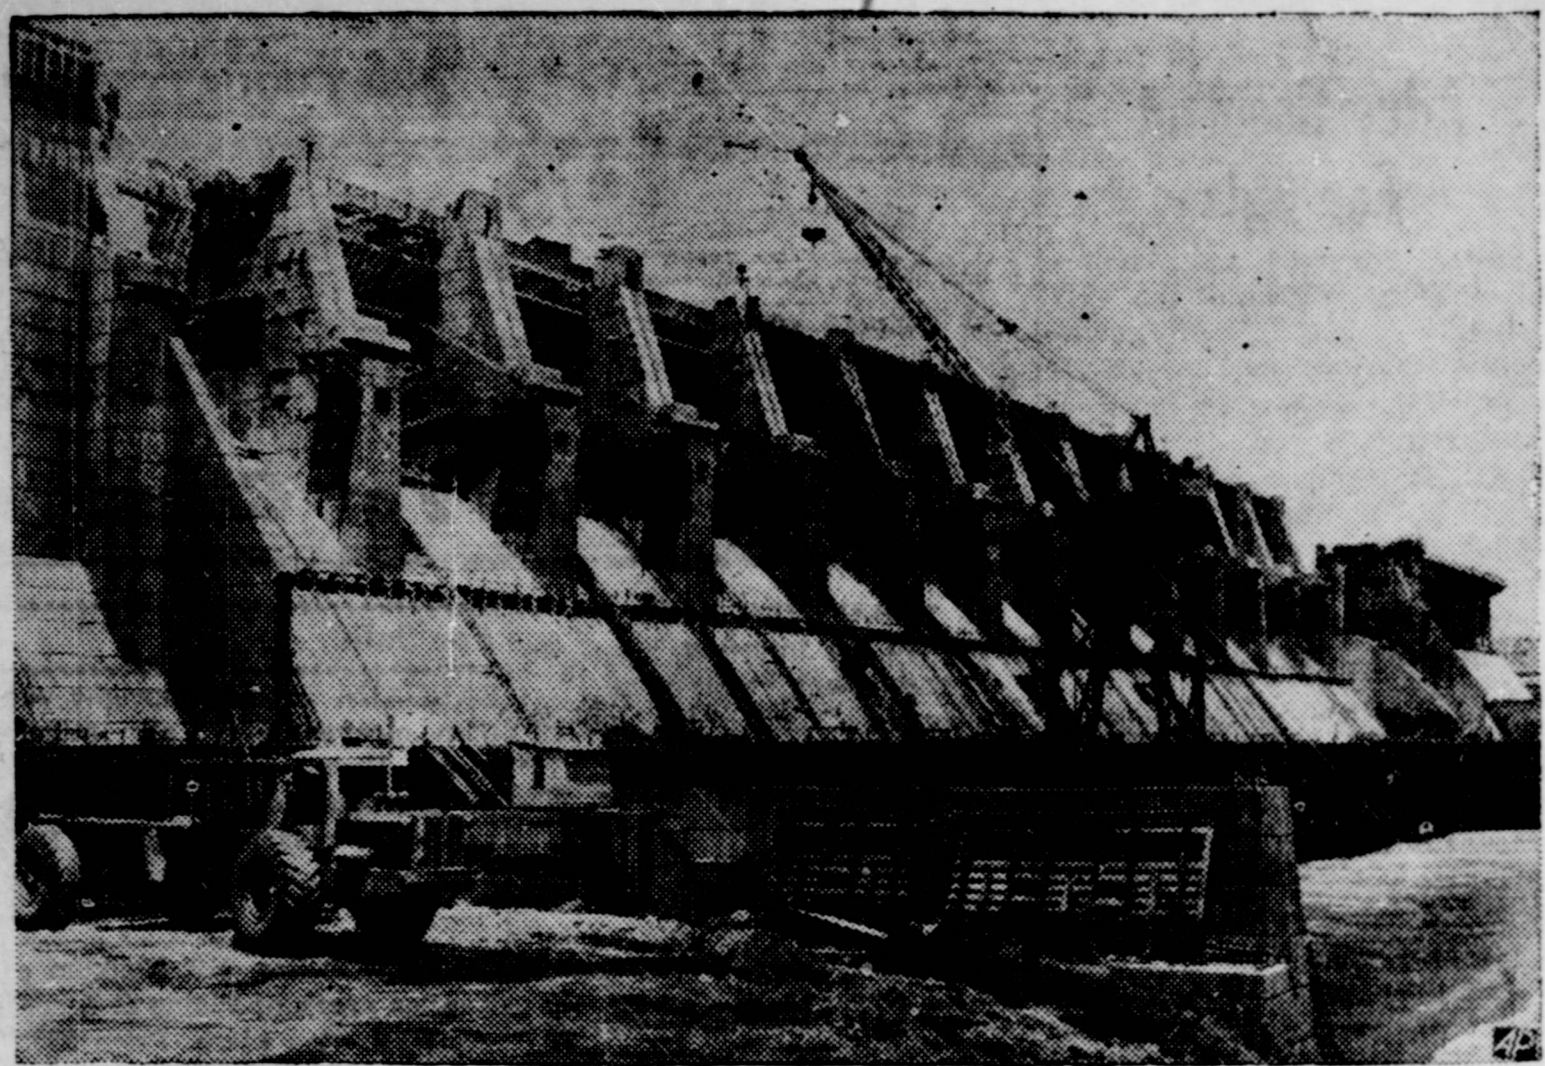

"Equal rights to all and special privileges to none," is being widely quoted at present here in America. But the United Nations has gone further to include all nations. For instance, let's read Article 24: "Everyone has a right to rest and leisure, including reasonable limitations of working hours and periodic holidays with pay."

The Dallas News brings out some contrasts that might interfere with some of the provisions of the charter, in putting darkest Africa and low-class East Indians on a par, say with the United States and Great Britain. Many of the people of the earth live little better, if as good, as America cattle. Who would provide them with a paid holiday? The US taxpayers?

And how would Sister Roosevelt, who helped to write the 30 articles provide cheaper wives for the Arab youths? Wives over there are now bringing the equivalent of \$1500 on the market. Will US taxpayers be called on to put up the parity to cheapen wives for Arabs?

It is all right for the Americans to talk about human rights, including "freedom from want." But it is hard to change human nature. Since a youth we have been pictures of emaciated people of India and China that looked like skeletons. They have made no progress in that 50 years, except perhaps have more undernourished children. The leopard don't change its spots, fast.

The current issue of Dunn's Review has a graph chart about a yard long that proves interesting to us. This chart covers wholesale prices, manufacturers sales, industrial production, business failures, and employment for

WHITNEY DAM MORE THAN HALF COMPLETED—The \$42,000,000 Whitney dam, near Whitney, Texas, is rapidly rising above

the past 100 years.

Each graph shows zig-zags up and down all the way across the sheet, and the name of the president then in power, was named above, some of course Democrats and some Republicans.

One of the most surprising things we saw about the graphs, was the steady trend—not zig-zag—of employment. The only change was a gradual upward trend for the entire century, 1850-1950. War seemed to effect the other four badly. Business failures, were most effected by economic conditions.

Now changing from the indifferent to the lucious, we have begun to see a lot of good old Terry county melons on the market. A bit late but worth waiting for. Perhaps, as usual, we'll have the regulation melon feed for the Lubbock fair boosters, when they come through.

We are, cutting these tirades rather short this week, on account of linotype trouble that tied us up like a bow knot for the first five days of this week. We hope it's not longer. When one of them contraptions decide to "discontinue" they are as contrary as Borwn's old mule.

The Old He perhaps got the most upset of any about the matter, but there was doggone little we could do to help along. The trouble—an oversized new metal well pump that was ordered. It got stuck, and the whole crucible had to be torn up to get that pump out of the well. Just the same as being welded in there.

So, if your paper reaches you a bit late, credit that fact to more headaches we have had in this office in several blue moons.

CENTENNIAL

Out of the past... the refined and proper manner of this all-worsted gabardine coat. Up-to-the-minute... the clever handle bar mustache collar, arrow-detailed pockets and charming back flared from an intricate yoke... high style touches that tune it to the time of the mid-century. Black, walnut brown, cinnamon brown, iron gray, Druid gray, Burgandy wine, cherry red, R. A. F. blue, forest green, beige, rust or navy. Sizes 7 to 17.

Legal Notice

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: W. F. WILSON AND HIS WIFE, BEULAH E. WILSON, THEIR HEIRS AND LEGAL REPRESENTATIVES, W. C. DONEGAN, HIS HEIRS AND LEGAL REPRESENTATIVES, J. J. SLEAD AND HIS WIFE, LELAH SLEAD, THEIR HEIRS AND LEGAL REPRESENTATIVES, FARMERS' POOL ROYALTY SYNDICATE, INC. ITS SUCCESSORS, ASSIGNS, STOCKHOLDERS AND LEGAL REPRESENTATIVES, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 25th day of September, A. D., 1950, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 12 day of August, 1950. The file number of said suit being No. 3776. The names of the parties in said suit are: Lois Wingerd, joined by her husband, L. M. Wingerd as plaintiffs, and W. F. WILSON AND WIFE, BEULAH E. WILSON, THEIR HEIRS AND LEGAL REPRESENTATIVES, W. C. DONEGAN, HIS HEIRS AND LEGAL REPRESENTATIVES, J. J. SLEAD AND HIS WIFE, LELAH SLEAD, THEIR HEIRS AND LEGAL REPRESENTATIVES, FARMERS' POOL ROYALTY SYNDICATE, INC. ITS SUCCESSORS, ASSIGNS, STOCKHOLDERS AND LEGAL REPRESENTATIVES as Defendants.

The nature of said suit being substantially as follows, to-wit: Suit in trespass to try the title to all of the southwest quarter of section 101 in Block T, D & W Ry Co. survey, except the south half of the southwest one-fourth of the southwest one-fourth of said section 101 in Block T, D & W Ry Co. survey, in Terry County, Texas.

KITCHEN MEMO BY JEAN CLARK

COMPLETE oven meals cook automatically while the cook is out of the kitchen. An automatic clock control turns the gas on and off at whatever time you decide. A hearty oven meal with all dishes baking at the same time and temperature of 350°F. for 1 1/2 hours includes Stuffed Pork Chops, Succotash, Sweet Potato Pudding and a Cherry Cobbler for dessert. Sweet Potato Pudding: mix 2 beaten eggs, 1/2 cup sugar, 1 cup milk. Add to 2 1/2 cups grated raw sweet potato. Then add 1 tsp. nutmeg, 2 tbsps. butter, 1/2 orange, sliced thin, Succotash: mix together 1 cup canned corn, 1 cup canned or cooked lima beans, 1 cup canned tomatoes, 1 tsp. salt, 1 tbsps. minced onion, 1/2 cup liquid from vegetables, 3 tbsps. butter. Cover both dishes before sliding into the oven with the Pork Chops and Cherry Cobbler.

Keep cooked rice in covered container in your gas refrigerator. Handy for stuffed peppers, rice puffs, any fruit desserts using rice.

It saves time and gas to separate light weight fabrics from heavier clothes when drying them in the automatic gas dryer because the lighter laundry dries faster.

Cheese keeps fresh longer if it's wrapped in cloth that has been sprinkled with vinegar, dipped in water and wrung out. When cloth dries out, repeat vinegar and water treatment.

There's very little bother with ashes when garbage is burned in a gas incinerator because with average family waste, it takes nearly two weeks for the ash tray to fill up.

Tabasco Butter: Cream 1/4 tsp. Tabasco into 1/4 tsp. butter. Delicious with any seafood, chicken, meat or vegetables.

ty, Texas, and for the title to and possession thereof plaintiffs pleading the five and ten years statutes of limitation, for writ of restitution, for damages and costs of suit.

Issued this the 12 day of August, 1950. Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 12 day of August, A. D., 1950.

ELDORA A. WHITE, Clerk District Court, Terry County, Texas. 8c

CAN'T ENLIST AFTER NOTIFIED TO REPORT

"Will I be able to enlist after I'm notified to report for physical examination by my draft board?"

This is a question which a lot of men are asking Selective Service local boards in Texas.

The answer is "no," Brig. Gen. Paul L. Wakefield, state director of Selective Service said today.

Gen. Wakefield referred to Section 15 (d) of the Selective Service Act of 1948, which prohibits acceptance of a registrant for enlistment after he has received orders to report for induction.

G. I. QUESTIONS and ANSWERS

Q—Does the July 25, 1951, cut off date for starting GI Bill training also apply to disabled veterans planning to enroll under Public Law 16?

A—No. However, disabled veterans may not be furnished training under PL 16 after July 25, 1956.

Q—I am a World War I officer, retired under the Emergency Officers' Retirement Act. Am I entitled to out-patient treatment for a service-connected disability?

A—Yes. Persons retired under that Act have the same rights to hospital and out-patient treatment as other veterans.

Q—May I get eyeglasses through the VA?

A—Yes, if they are determined by the VA to be necessary for (1) a service-connected disability; (2) as incidental to hospital treatment or domiciliary care, or (3) for continuation of Public Law 16 training.

Q—I misplaced the envelope that VA sends me for my National Service Life Insurance premium payments. What identifying information should I send with my remittance?

A—Include your full name and address and insurance number. If you don't remember the insurance number, include the service serial number you had in the armed forces.

THOUGHT NURSE WAS ONE TO TAKE CHARGE

The business of being a fine nurse is generally a serious affair, but occasionally they run up on something that is at least amusing, often humorous. The past week a negro woman came to have her head dressed, where the old man had plunked her with a piece of pipe.

The wounded one was accompanied by a younger woman, who said: "Now while the nurse is dressing that place on your head, you as well tell her all about how this racket happened, as she is the proper one with which to file charges against you husband."

However, the nurse at the T-D hospital informed the woman that her duties ended with dressing her wound, and that Sheriff Ocie Murry was the proper authority with which to file charges of assault.

Slow Rains Make For Ideal Wheat Planting

The slow rains that have fallen intermittently in Terry and area since Sunday, have put a fine wheat sowing season in the ground, and we expect many bushels of the grain to go into the ground in the next few days.

We have noticed that quite a bit of acreage has been sown already, and some sown two weeks ago should be up. In the meantime, maybe the cold rain with some wind, will do up the worms and millers for the season. Most farmers state they do not need rain, however.

The Sunday night's measurement was 21, Monday night 14, and the Tuesday night measurement gave us .60 inch, making .95 to that time. Still cloudy and threatening.

Indeed, we often have just such conditions here on the Plains when the Gulf coast is having hurricanes.

STRICTLY FRESH

JUST before President Truman signed the 2nd year military aid bill, he removed a false tooth from his pocket and inserted it among his uppers. Guess the bill didn't have enough teeth in it.

Some women don't have time to keep their house clean because they're so busy picking up the local dirt.

A Michigan paper carries a front page table of contents entitled,

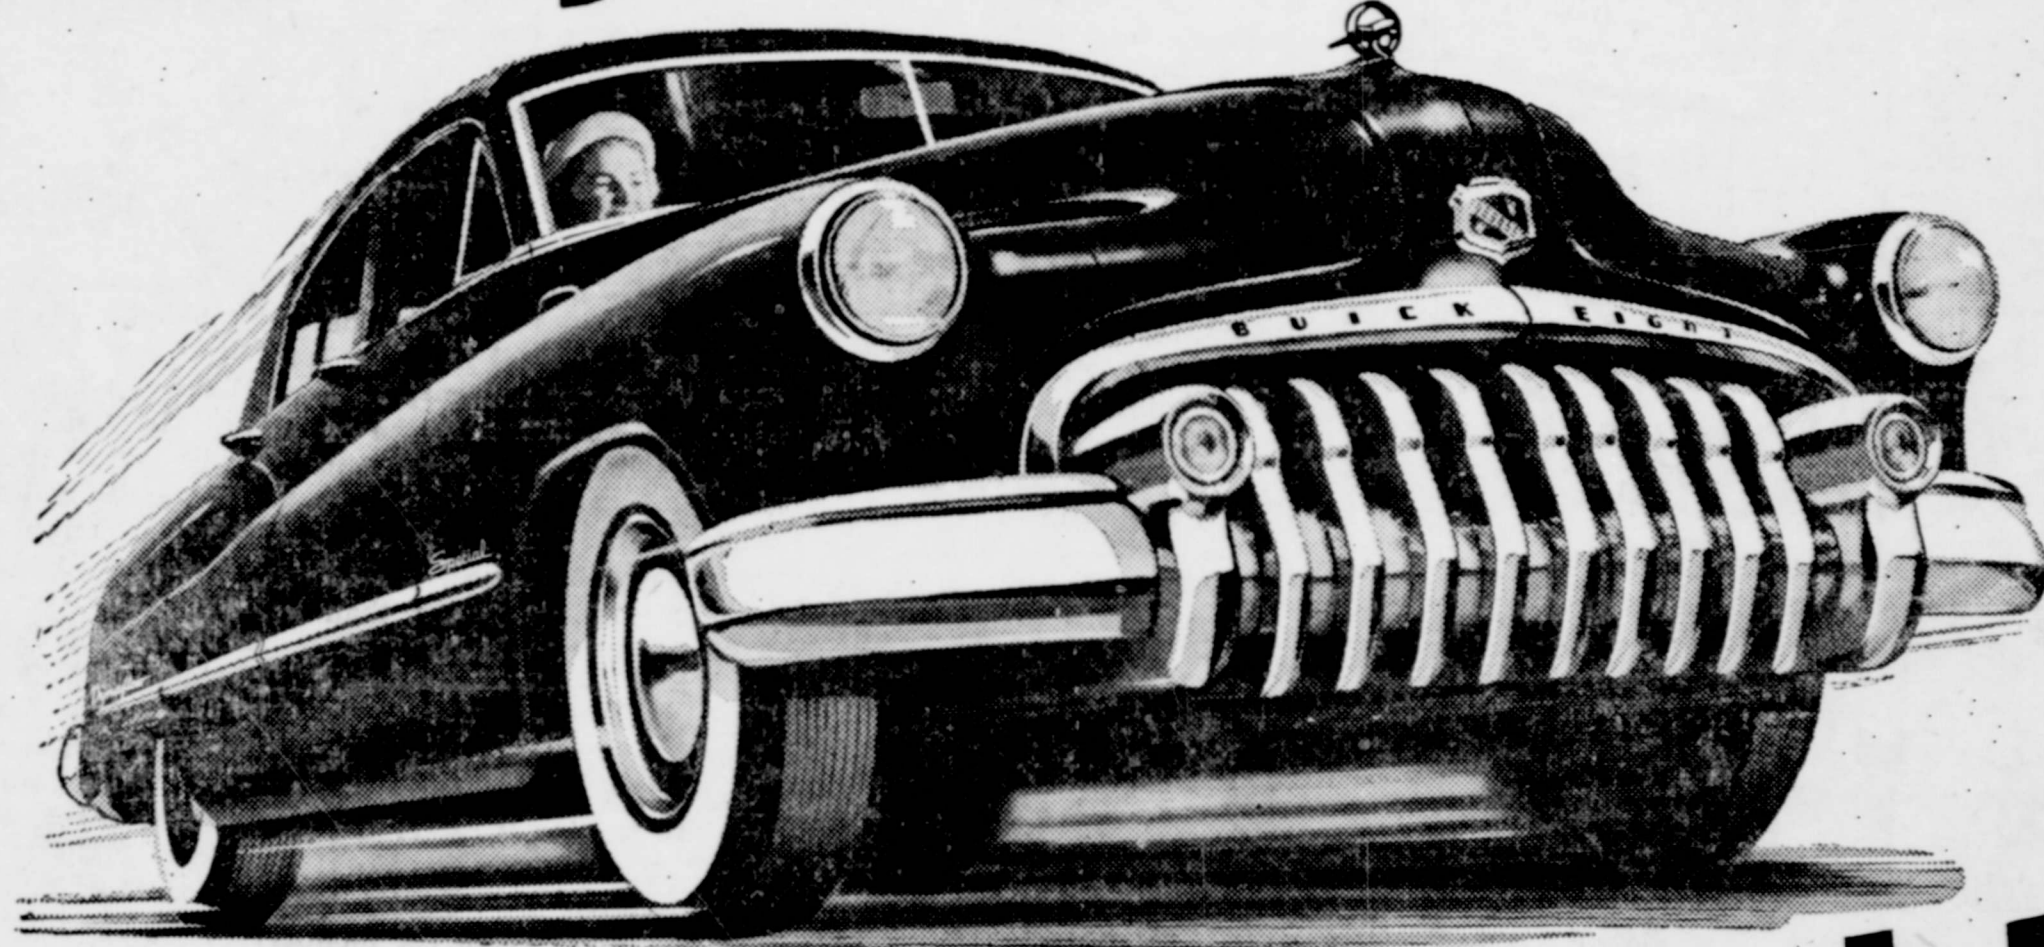

"Behind Page One." That's where you usually find hubby eating breakfast.

A general in Korea has announced that each man under his command will receive a bottle of champagne for every Red tank he knocks out. It isn't often that an officer urges his men to get tanked up.

Seattle fishermen, who hauled in a giant Japanese mine, have since been unable to dispose of it. Guess it will turn out to be a net loss.

Thinking of the Long Pull?

Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motor-car with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and through—a husky

that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?
