

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

VOLUME 46

BROWNFIELD, TEXAS

FRIDAY, SEPTEMBER 29, 1950

NUMBER 10

Crowded Condition May Cause School Expansion

Supt. S. P. Cowan announced this week that the members of the Brownfield school board met Monday evening to approve the tax roll and discuss crowded conditions in the schools.

The board is making a study of these conditions to determine the most economical and practical means of taking care of the excess students enrolled in the local schools this year.

The board is of the opinion that it will be necessary to add class rooms to the present school buildings if enrollment continues to increase, eight or 12 to the present high school, and seven or eight to Jessie G. Randal building.

Serious consideration is being given to the construction of a new colored school.

If all developments continue to increase as predicted, the board may possibly buy a school site for a new elementary school. Architects will be interviewed at the regular board meeting Monday night, Oct. 2, for the purpose of having a selection ready in case the board should find it necessary to call a bond election.

If the board finds this step necessary, the architect will be prepared to give them estimated costs and help determine the amount of the bond issue needed in case a bond election is called. The board feels that it would not take more than \$250,000 to \$300,000 to meet the conditions mentioned.

Cowan added that the new high school will relieve some of the crowded conditions, but if students continue to enroll in the grades our facilities will not accommodate the students next year.

The board also hopes to be able to open a cafeteria in Jessie G. Randal next fall since the present classrooms designated for lunches will not continue to meet the state requirements indefinitely.

Crowded conditions have not compelled half day schedules, but if enrollment continues to increase this schedule may have to be followed in the grades.

Risinger Resumes Operation of Laundry

Thad. Risinger has resumed the operation of the Brownfield Steam Laundry located at 201 North Seventh, Monday Sept. 26.

Mr. Risinger purchased the laundry in 1943 and operated it for about two years and then leased it to Wade Pearce who purchased an interest in the business in 1947. Mr. Pearce has been in charge of the laundry for the past four years and had a partner in the business until recently.

Risinger has resumed the full operation of the laundry and will strive to give the very best service and quality work to the people of Brownfield. He wishes to thank everyone for their patronage in the past and wishes to invite everyone to let him show you his quality of work.

For further information please consult this week's ad in the Herald.

HEALTH UNIT SETS TRAILER PARK RULES

The sanitation division of the South Plains Health Unit compiled a set of standards for suggested model trailer coach parks.

Anyone wishing to construct a trailer park in accordance with location, water supply, sanitation facilities, laundry facilities, sewage and refuse disposal, garbage receptacles and fire protection, will find this explained in an information sheet given free at the South Plains Health Unit in the courthouse.

Oil News This Week Mostly On Good Side

First off this week, we will give a bit of disappointing news. That mite west offset to the Mound Lake pool, was not exactly a duster, but it amounted to something like the same thing. It was plugged and abandoned.

It seems that the reef was not solid anywhere after the drill hit it, but in streaks, and the oil show was spurring.

In that particular area, there is nothing else to report except a 2 1/2 mile northwest offset on the McCormick land that a drilling company has applied for and will start soon. Nor, so far as we are aware has any well in the area just southeast of town reached pay. And this goes for some five locations in the Wellman area.

Two Producers In Wolfcamp

But down in south central Terry, just north of the shallow Adair pool, the Wolfcamp area is finishing two producers this week. On the first drillstem test, the W. O. Miller, offset of the Willard No. 1 rated 56.19 barrels of oil in three hours. Probably the finished well will rate much higher.

In the same area, the Willard No. 2, west offset of Willard No. 1, was finished this week and rated for production at 912.29 barrels of oil in 24 hours, of high 43 gravity oil. These wells are some 3500 feet deep, while the Pennsylvania reef is better than 10,000 feet. All are producing a very high grade crude, 41 gravity and better.

We note that there are four derricks up in the neighborhood of the Cotten well, but one is not drilling as yet. No report has been put out on the well six miles east of town, but they were getting down pretty deep the last report from there. That is considered a purely wildcat venture.

We understand that the first rig of the series of three wells on the Dick Brownfield land three miles east of town, will be up soon, and probably all three by November 1st. There should be around 50 or more wells drilling by the first of January.

CLEARING THE GROUND FOR NEW FURR STORE

Workmen with bulldozers were busy the first of the week ripping out large trees and leveling off the quarter block on south Fifth street for the big Furr Food store that will be rushed to completion as fast as possible. We understand that their last new branch store in Lubbock was built in 42 working days.

Also, the stakes have been set for the foundation, and digging of them will likely start before the week end. Some material is also being assembled on the ground, such as brick and tile.

HERE VISITING PARENTS

Miss Kathleen Hardin, R. N., of Houston, is here visiting her parents, Mr. and Mrs. W. G. Hardin. Kathleen was in to renew this week and stated that her dad had a sinking spell Sunday, and had not come out from it Wed. She will be here about two weeks. No, she had never taken on a hubby. Stated she knew when she was well off.

Postmaster Dallas Asks To Be Released

Postmaster James H. Dallas informed the Herald this week, that he had asked the postoffice department to release him as of September 30th. As we understood, Assistant Postmaster Joe Shelton was suggested as Acting Postmaster until a successor of Dallas is named by the President.

Mr. Dallas also announced that he had formed a partnership with Glen Akers in the Akers Abstract and Insurance business, one of the oldest in the city. Mr. Akers started the business back soon after World War I, in which he served in the armed forces.

Dallas, himself disregarded his exemption in War II, and did service in the Navy until the war ended. James H. has made the town a fine postmaster, and his many friends wish him all kinds of success in his new field of endeavor.

And we know Joe Shelton well enough that we predict he will make Brownfield an All Acting Postmaster.

Graves Nelson In Wheat Contest

Graves Nelson, local member of the FFA club, is entering a contest to improve the varieties of wheat in sections of Oklahoma and Texas. He is the son of Mr. and Mrs. Homer Nelson of this city.

All wheat entered in this contest will be hard red winter wheat. Nelson will plant the certified seed on his 25 acres near Brownfield. Throughout the year his wheat project will be scored by an elevator operator, a businessman, and a disinterested person in the project.

When the wheat reaches maturity, he will collect samples of it and send them to various fairs and shows held over the country. He will also send a sample to milling companies to see if it produces good flour.

At each of these places his wheat samples will compete with those sent by boys all over Texas as well as Oklahoma. These various samples will be used to develop better seed and to improve flour for baking purposes.

Four Harvest Queen Candidates Named

Four new queen candidates have been named for the 1950 annual Rotary Harvest Festival to be held October 31. The new candidates selected this week from Brownfield high school are Misses June Whitaker, Leahdale Portwood and Juan Nell White.

Miss Whitaker who is the junior class nominee, is the daughter of Mr. and Mrs. Ed Whitaker, Route 1. She was the 1949 FFA sweetheart of the local high school chapter.

Miss Portwood is sophomore class candidate and the daughter of Mr. and Mrs. John Portwood. She has been a majorette with the high school band the past two years and is beginning her third year as majorette.

Miss White, freshman class nominee, is the daughter of Mr. and Mrs. L. L. White. Juan Nell has recently moved to Brownfield from Childress and her pleasing personality has won her the honor of representing the 1950-51 freshman class.

Miss Peggy Black was named senior class nominee last week and was the first to receive 1950 queen nomination.

Harmon Howze announced Thursday morning that Miss Peggy Kay will represent the Union schools in the queen's race.

Candidates to represent Wellman and Meadow schools are still pending, but they will be announced by the end of next week.

Sam Privitt, ticket chairman, will issue Harvest Festival tickets for the queen's race Saturday. Each ticket will sell for \$1.00 and there has been 25,000 tickets printed to be sold. Ticket committees composed of school parents will be in charge of selling tickets for the potential queens as students will not be excused from classes to sell tickets.

Each queen nominee will be presented a \$100 wrist watch by the Rotary club.

The prizes will be presented to the sponsors this year instead of the queen with the first and second prizes being \$750 and the third prize \$500.

Prize list for the festival will be completed this week, and the prize list posters will be made

JAMES ODOM ENTERS LOCAL LAW FIRM

James T. Odom, Jr., has joined the Hackney and Crawford law firm.

Mr. Odom, who is a 31 year old veteran, received his pre-law training at East Texas Baptist college in Marshall. He was a member of the Aug. 17 graduating class at Baylor University at which time he received his bachelor of laws degree cum laude.

Odom is a native of Cass county and is a graduate of Queen City high school.

He is married and has three children, James T. III, Gail, and Glendya.

E. HARVEY LEAVES FOR ARMY SERVICE

E. E. (Buddy) Harvey, co-owner of the Food Mart, left Tuesday for Fort Hood where he has been called back into active service.

Harvey, 32 years old, is a World War II veteran. He served four and one-half years with the paratroopers, with two years overseas. Harvey has been in the reserves since 1945 and left for active duty this week.

Harvey moved to Brownfield one and one-half years ago from Haskell and has been in the grocery business. Mrs. Harvey will remain in Brownfield to continue her husband's work in the Food Mart. Harvey wishes to thank his many friends for the support they have given him in the past. He hopes they will continue to support him in the future.

Mrs. LeRoy Thomas and Mike of Snyder were week end visitors of Mrs. Thomas' parents, Mr. and Mrs. Johnny Baggett.

Mike Blair was in Amarillo Sunday on business.

J. K. Applewhite

Funeral Services Held For J. K. Applewhite

Funeral services were held for J. K. Applewhite, a prominent Tahoka business man, Sunday afternoon, Sept. 24, at 3 o'clock in the Tahoka Baptist church.

Mr. Applewhite, 60, died last Friday night while witnessing a football game at Morton stadium. He was attending the game between Morton and Tahoka with a group of Tahoka businessmen when he was stricken with a heart attack just after Tahoka's team had made a touchdown.

Mr. Applewhite was a Buick automobile and farm implement dealer at Tahoka and had been a prominent civic worker since he moved to Lynn county. He was born Jan. 5, 1890 at Goldthwaite and moved to Lynn county from Mills county in 1916. Mr. Applewhite was a Mason and Shriner.

Officiating at the services was Rev. Joe Preston Murphy, minister of the First Presbyterian church of Brownfield. Burial was in the Tahoka cemetery under the direction of a Tahoka funeral home.

Survivors include his wife; one son, J. K. Jr., of Tahoka; three daughters, Mrs. Sam J. Privitt and Mrs. Prentice Walker of Brownfield, Mrs. Sonny Roberts of Tahoka; a sister, Mrs. Ben Peak of Lampasas and six grandchildren.

Brownfield Tops State In Aug. Postal Gains

Postal receipts in Texas stepped up 9 per cent in August from July, the University of Texas Bureau of Business Research reported.

Brownfield, with a 64-per cent gain over July, tallied the largest monthly increase in postal receipts, Austin, Texarkana and Uvalde presented 32 per cent increases over the month. Other Texas cities turning in notable increases in postal receipts from July in August were Nacogdoches, 29 per cent; Luling, 26 per cent; San Angelo and Temple, 17 per cent; Odessa, Dallas and Lamesa, 16 per cent; and Houston and Cleburne, 12 per cent.

On the other hand, July to August decreases in postal receipts ranged from 1 per cent in Del Rio to 25 per cent in Gladewater.

August postal receipts for 72 Texas cities totaled \$4,005,963, or 12 per cent higher than in the same month of 1949.

Snyder, with a 123 per cent jump in August 1950 postal receipts, continued to mark up the biggest increase over year earlier levels. Receipts climbed 82 per cent in Brownfield, 45 per cent in Lufkin, 35 per cent in Lamesa, 33 per cent in Luling, 32 per cent in Cleburne and 30 per cent in Midland.

Mrs. J. L. Cruce was in from Possum Kingdom lake last week end. Said Luther decided not to come home, as he does not have hay fever down there.

Sam Tankersley who was taken ill Thursday morning is now in the veterans hospital at Big Spring in a serious condition, it is reported.

Eleven New Companies To Locate In Brownfield

Seminole Man Held On Burglary Charge

M. B. Murphree, 22, of Seminole is being held for burglarizing the M. J. Craig Motor Co. and the Farmers Implement Co. last week.

Murphree, who was accompanied by Billy Joe Berry, also of Seminole, left Brownfield last Tuesday night after taking \$65 from Craig Motor Co., and \$40 from the Farmers Implement Co. and were on their way to Leveland when police caught Murphree. Berry got away and has not been located.

Berry was held in Brownfield last January and remained here 90 days for burglarizing business house, and at present is out on bond. In the January episode he was accompanied by Riley Smith of Seminole.

Murphree has made a written statement confessing the burglaries. He is being held in the Terry county jail at the present time.

Cubs-Mules To Play At Muleshoe Tonight

The Brownfield Cubs will journey to Muleshoe tonight to meet the Mules in a 4-A conference tilt at 8 p.m.

The Phillips Blackhawks defeated the Cubs 19-0 last Saturday night at Phillips stadium. Weather conditions hindered the Cub eleven since the first half of the game was played in a strong wind and rain.

Coach Greer stated that the freshmen and sophomore players showed a lot of improvement, and the team as a whole showed more hustle and scrap in the Phillips game than any other game this season.

Clyde Chambliss, backfielder, will still be out of the game tonight since his injured knee is not completely healed. Paul Billings will be back in the starting line this week as he has completely recovered from an injury received in a scrimmage earlier in the season.

The Cub probable starting line up remains the same with the exception of Bobby Latham replacing Chambliss in the backfield.

The probable starting line up for the Mules was not given this week. Head coach for the Mules is Woodie Green with T. J. Bailey and W. Hedges as assistant coaches.

The band and pep squad will accompany the team to the game.

Last Rites Today For Mrs. Whitley

Funeral services will be held for Mrs. J. J. Whitley this afternoon at 2 p.m. in the Crescent Hill Church of Christ with Jimmy Woods, minister, officiating.

Mrs. Whitley died Wednesday morning at the local hospital where she had been a patient for the past two weeks. Mrs. Whitley was a native of Young county and has been a resident of Terry county since 1909. She was born April 9, 1877 in Young county.

Burial will be in the Terry County Memorial Cemetery under the direction of Brownfield Funeral Home.

Survivors are her husband; four sons, Richard of this city, Ben, Joe and Austin of California; four daughters, Mrs. W. E. Parnell, Mrs. Richard Burnett and Mrs. Ruby Doss all of California; and Mrs. L. B. Ernest of Rotan; a brother, Dan Henderson of Vernon; thirteen grandchildren and five great-grandchildren.

Station Operators Organize Credit Assn.

The Brownfield Service Station operators met Tuesday evening, Sept. 21, an organized a credit bureau association.

Dick Hogan of Amarillo, field representative of the Texas Service Station Operators Association presided at the meeting and explained that the purpose of the association was to eliminate the taking of bad accounts and collection of delinquent accounts.

The main office of the association is in Brownwood where the organization originated. It was formed to operate a board of trade for service station operators and employees in the state of Texas.

C. K. Bailey was named secretary and will have a file on all bad accounts of the local service stations. A list of secretaries is filed in Brownwood and a member may call upon them at any time for information concerning credit standings of men.

This is a non-profit organization with its own lawyers to promote new laws in the state legislature for bettering the service station business.

Eleven members paid their membership fees last Thursday night. They are Jack Thomas, Charlie Yoast and Dick Falls, C. K. Bailey, R. D. Copeland, D. T. Patton, Jack F. Hamilton, Henry Fugitt, R. L. Nelson, Farmers Co-op under L. L. White, E. W. Ward and S. B. Collier.

Another meeting was held Thursday to increase their membership and become fully organized.

PMA Election Coming Up

With the annual election of Production and Marketing Administration community committees coming up in the next few weeks, H. H. Harred, chairman of the Terry county PMA committee urges all eligible farmers to get their sights set on the best possible farmer candidates. The date of the election and polling places will be announced later.

The communities for which will be elected and present committeemen are:

MEADOW: Carl Russel, Ben J. Henson and A. L. McCoy. CHALLIS: J. S. Smith, Leonard Lang, Hubert Hinson. PLEASANT VALLEY: Cecil O'Neal, Roy Sparkman, E. V. George. UNION: Frank Sargent, W. L. Benton, Whitt Coor. POOL: L. M. Waters Jr., Curtis Hulse, Raymond Green. WELLMAN: Victor D. Watts, Glendon C. Brown, Glen Baker. LAHEY: Elmer R. Edwards, Willie Hyman, A. R. Baldwin. TOKIO: Wayne Sherrin, Bern A. Floyd, Heywood Smith. JOHN-SON: Bill Blackstock, C. A. Winn, Alton O. Webb.

The farmers elected in the coming election will take office Jan. 1, and serve throughout 1951. Committee chairmen assist in the administration of PMA and other assigned programs in their communities, including the Agricultural Conservation Program, storage and loan programs, Federal Crop insurance and sugar program. All farmers taking part in these programs are eligible to vote, Harred says.

Mr. and Mrs. Hub King are vacationing in Georgia, Alabama, Tennessee and Florida. They are to return this week.

Alvis Bentley spent the week end with his parents, Mr. and Mrs. Bentley, and is now a student at West Texas State College.

Folks, they are coming, and coming fast. This week we were supplied with a list of eleven new companies, mostly oil field supply houses, that have decided that Brownfield is the place to locate. This list was supplied by the Chamber of Commerce as already ready sure. They are:

Wm. Cameron & Co., Tulsa Rig, Reel & Mfg. Co., Acme Lumber Co., Midland Home Loan Co., Houston Oil Field Supply Co., Vana Sibley & Co., Bruce Burney, Gaasch Construction Co., HEB Construction Co., Mid-Continent Supply and the United Supply Co.

Home People Also Building Out on the Seagraves highway, we found that the construction of some of the above supply houses were already under way, mostly in the foundation stage. And then we found that home people are doing something as well.

For instance, R. L. Bandy is building a 50x80 concrete block building on the north side of the Terry County Mattress Co., building. Mr. Bandy also purchased the Three-Point Trailer Camp from George Wade recently, and the whole hillside is covered with them.

Pull your old hat down over your ears folks, and take a good grip on your seat. In the next few months, Brownfield will spread all over the map.

FFA Club To Have Exhibit - Initiation

The Brownfield FFA chapter will enter an exhibit in the Panhandle-South Plains Fair Oct. 2-7.

Ray Hensley, assistant vocational teacher, is in charge of the exhibit which will be displayed in a FFA booth on the fair grounds. The title of the exhibit is "Good Pasture vs Poor Pasture and Milk Production." The third year aggies will assist Hensley in preparing and setting up the exhibit. They will also keep the exhibit in order during the week of the fair.

For the past two years the Brownfield chapter has won fourth place in exhibits and received a \$45 prize last year.

Officers of the local FFA club met Tuesday evening at the high school and made plans for the greenhands' initiation which will be held next week.

Glenn Paden, parliamentarian, presided at the meeting, and committees were appointed for each part of the initiation.

Wellman Loses While Meadow Wins Game

Wellman got off to a pretty bad start on her football career, but they will get used to disappointments. They are entering their first season, and of course all are green hands. The Tatum, N. M., team took them to 29 to 0 cleaning Friday night. This was a non-conference game. We hope better luck as the season advances, and the team gets more practice.

On the other hand, Meadow roared over O'Donnell by a score of 39 to 6. The visiting team was out played and maneuvered at every turn. We believe this was Meadow's second game for the season, and they have won all of them.

Whether it is baseball, football or basketball, Meadow just does not play for fun. They go in to win. Doss, Gas, Rogers and Vaughn were the outstanding O'Donnell players. Bingham, Bell, Ashburn, Roberts and Joplin, were the Meadow stars.

S. K. Turnbough spent the week end in Seminole with his son.

Stricklinly Speaking

By Old He
Elsewhere in this paper, is a short article about what Senator Tom Connally had to say to the Federal Power Commission on their hearing when a bunch of Texans visited Washington to get permission for a water district to be formed, and to build dams, above the Whitney Dam.
It has sorter been the idea of the FPC that the Brazos is navigable; also the Trinity up to Dallas and Fort Worth. Connally informed them that it would not be possible to navigate the Brazos north of Waco, and unless their boats could climb, they'd never get over Whitney dam.
They certainly have some wise old birds at Washington, some perhaps never saw the Brazos during a long dry spell when it was a mere trickle. Senator Tom was raised along its banks down at Marlin, and should know. Of course the present powers that be up at Washington claim everything in sight they figure to spend some money on.

While down at Snyder we read of the four printers at Hereford, Tullia and Dimmitt, who were arrested for making dollar bills, and were in jail at Amarillo pending bond.
So naturally we began to look around in suspicious places for some of this brahd new mazooka of the bathide variety when we got to the office Monday. Evidently the Herald force is behind the times.

We were all set to view the moon eclipse Monday night. The moon came up clear and pretty OK, and was "full" or just past. But about the same time a rain cloud came up out of the northwest, and began to shower about 8 p.m., and continued to rain until after the eclipse period was over.

Got a notice this week what our 1950 city taxes are going to be, and us birds here in Brownfield perhaps had a choice cuss word in store when we opened the documents. Or if we are a bit better than the average, maybe we offered a short prayer.
Anyway, the city rate is still below a dollar; 95c to be exact, which is a whole of a lot lower than most cities hereabouts. A few years ago some of the area cities ran around \$2.25, when our's was then 75c on the \$100 valuation.

Nothing daunted after predicting the home team would win 26 to 20 from Pecos week before last, the Andrews News went right on and predicted a 19 to 7 win over Wink. Pecos pulverized Andrews by an almost reverse score, and Wink winked out Andrews 34 to 12.

We have long since learned to keep our neck in our shirt on football predictions, especially for the past half dozen or more years. About the nearest deviation we can think of is just say, the Cubs will be beat by at least three touchdowns and let it go at that.

Some here are saying that when the open date comes up, if Wellman has one at the same time, to match a game with them, and bet our shirts the Cubs would win.

Texans should remember that we have a "march of dimes" of our own coming up. It is our sacred duty to keep up the good work that is going on down at our own "Gonzales Warm Springs Foundation," where hundreds of young victims of polio are being restored to normal.

Not only is the youngsters treated to restore them to normal conditions, but teachers use all time possible to keep the youngsters up with their school classes back home. Of course it is not a nine to four school, like at home, but many hours are devoted to study under competent teachers. These unfortunate little fellows, are learned something useful, taking the place of athletics at least for the present, such as the arts, music and handiworks.

Our old friend A. H. Herring was in recently, and told us of a thrilling experience he and the boys had recently while moving a herd down near Stanton. A. H. says he never say it hail and rain as hard in his life as it did that day, something like 6 or 7 inches of rain in a very short period.
He stated that the lightning got right down on the ground and was blinding, while the peals of thunder were deafening. While he did not admit that he was scared, the way he talked, he would have felt better if it had been a clear, calm day.

We note the Association of Bank Women held the convention up at the Biltmore hotel in New York recently. They named a Miss Marion E. Mattson of Minneapolis, Minn., as president, and Mrs. Gladys R. Nisbett, of Dumas, Texas, as vice-president.

Mrs. Ruth Huckabee of the First National Bank of this city, is a member of the organization.

Speaking of the Democratic Convention down at Mineral Wells last week, Tim Parker of the AP says that while all the cigar stubs, tally sheets and pop bottles have been cleared from the convention hall, they left behind them a puzzler.

"What is a Conservative? A Liberal? A Dixiecrat? A States Righter? A Loyalist? A Fruitjar Democrat?" We had heard definitions of most of them elsewhere, some not sounding so good, but when they jumped the Fruitjar variety in on us we got curious.

Yes sir, he was one that had the marking of the fruitjar still on his nose from drinking corn whiskey back during the "dry era," when that drink came on in glass jars. They not only drink their corn whiskey straight, but vote the same way—Democratic of course.

Maybe if we ran old Jeems Hurley Dallas, P. M., out of town a bit more often, we'd show bigger and better postal gains. He was gone during August, when Brownfield made a gain of 84

per cent over August 1949.

We get letters of late enclosing orders for the Herald from people and places we never heard of. Oil news does it of course. One came in from a place called Sarepta, La. Maybe as well known down there as Brownfield is in this area at least.

Then there are some from readers we have had on the subscription list for 10, these many years, like Miss Almira Goodman of San Jose, Calif., who has property here. She says she finds the Herald interesting and useful in keeping tab on the oil and crops.

Mrs. S. H. Holgate is in San Angelo this week visiting her daughter, Voncille Williams and family.

WAR INCREASES ROTC ENROLLMENT

Lubbock, Texas — The Korean conflict has brought an increased interest in military training on the Texas Technological College campus.

Enrollment in the Reserve Officer Training Corps at Tech, both in the Air and Army units, shows a large increase over previous years. Total enrollment for both branches for the fall term is 638, and increase of 131 over last year.

The military program at Tech is divided into Air Force and Army units. The Air Force unit includes both administrative and armament training, while the Army branches include infantry, signal and engineer groups.

Billy Hyman spent the week end with his parents, Mr. and Mrs. Willie Hyman. He is a student at West Texas State College at Canyon.

Mrs. Flache Hostess For A Series Of Parties

Mrs. Truett Flache has entertained with a series of parties in her home, Wednesday, Friday, and Monday.

A coffee held Wednesday morning Sept. 20, at 10 o'clock honoring Mrs. W. B. Toone began the series. Mrs. Arthur Sawyer was co-hostess with Mrs. Flache.

Cinnamon pecan rolls and coffee were served to Mesdames W. A. Bell, Tom May, J. L. Randal, Roy Wingerd, G. S. Webber, Lal Copeland, A. R. Brownfield, W. B. Downing, Lee O. Allen, J. H. Carpenter, the honoree and the hostesses.

Mrs. Flache entertained with a coffee and bridge party Friday morning, Sept. 22, at 9:30 o'clock.

Breakfast rolls, coffee and fruit juice were served to Mesdames Arthur Sawyer, Joe J. McGowan, A. J. Stricklin Sr., R. L. Bowers, Jesse McMillan, Roy Herrod, Harry Cornelius, Roy Wingerd, John L. Cruce, Jack Hamilton, V. L. Patterson, J. T. Bowman and the hostess.

Mrs. Wingerd won high score and Mrs. J. T. Bowman second highest.

Friday afternoon at 2:30 she was hostess at a bridge party for Mesdames Coleman Williams, George O'Neal, Sam Teague, Tommy Hicks, M. J. Craig Jr., Edgar Self, Sammy Jones, Ben Monnett, Logan Redford, Bobby Jones, Phil Gasch and Robert Lee Craig.

High scorer for the afternoon was Mrs. Logan Redford with Mrs. George O'Neal second highest.

Completing the series of parties was a coffee and bridge party Monday morning, Sept. 25, at 9:30 o'clock.

Mrs. Conrad Vernon won high prize and Mrs. W. T. McKinney won second high.

Fruit juice, coffee and cinnamon rolls were served to Mesdames Bruce Zorns, Murphy May, Grady Goodpasture, Lal Copeland, John Portwood, W. T. McKinney, Lee Brownfield, R. E. Kofanda, M. J. Craig Jr., Conrad Vernon, Dick Chambers, Arthur Sawyer and the hostess.

Mike Blair was in Amarillo Sunday on business.

a maroon knit suit with a black velvet hat and black accessories and a white orchid corsage. Following a wedding trip to points in New Mexico and Colorado, the couple will be at home in the Gilpark apartments.

The bride is a Brownfield high school graduate and has attended TSCW and Texas Tech where she was a member of the DFD social club and a 194-50 Tech beauty. Mr. Stephens is a graduate of Ralls high school and will be a January graduate from Texas Tech. He is a member of the Wrangler social club at Tech. He is now employed as a bookkeeper at the Independent Gin in Brownfield.

Out of town guests attending the wedding and reception were from Lubbock, Austin, Ralls, Lorenzo, Abilene, Plainview, Wichita Falls, Hobbs, N. M. and Los Alamos, N. M.

Have news? Call the Herald.

Stafford's Teentime Lines

Hi Kids!

The Alpha Omega Fashion Review highlighted this week's activities for teenage models. The girls are now on their fashion g's to have something in tweed, corduroy, velveteen or velvet in their wardrobe. Fashion critics say sloppy Joes are a thing of the past; so back to the moth balls with those big sweaters. Those in the review were Pat Truly, Carolyn Griffith, Leahdale Portwood, JoAnn Shelton, Wynelle Webb, Patsy Stice, Betty Ferguson, Nelda Brown, Joy Chisholm, Peggy Black, and Nelda Miller.

A young foursome that are frequent skaters at the skating rink are Shirley Jean Miller, Ann Lilly, Mary Chisholm, and Barbara Miller.

Wellman high school will crown their school queen in their gym Oct. 3. The candidates from each class are Darlene Thornton, senior; Margie Roberts, junior; Beth Golden, sophomore and Joyce Newman, freshman. The Wellman seniors held a pie supper for their candidates Wednesday night.

The Wellman FHA and FFA will leave Oct. 6 for Dallas where they will attend the State Fair and will return Oct. 8.

Norma Jo Boyd has been elected head girl cheerleader at West Texas State Teachers College at Canyon. Jo was cheerleader for the Buffalos last year.

Things are in full swing at BHS for the school queen's election. Congratulations to Patsy Lewis, senior candidate, and Roxanne Miller, junior candidate, and good luck in the race.

Jackie DuBose and Billy Hamilton were Thursday night daters last week. Jackie spent the week end in Lubbock and Plainview visiting friends.

A little birdie told me that Daina McIlroy and Harley Starnes are going steady now.

Leahdale Portwood, JoAnn Machen, Carlon Brady, and Jean Welch attended the Cub-Phillips game last Saturday night in Phillips.

Nelda Miller and Martin Line were movie daters last week. Nelda seems to be a very popular teen-ager.

We are sorry to hear that Barney Doss received his orders to report to Camp Hood Oct. 12, and we will all miss that witty personality.

Mrs. Russell Stephens

Miss Wier Marries Russell Stephens In Church Ceremony

In an impressive candle light ceremony in the First Presbyterian church Friday evening, Sept. 22 at 7 o'clock Miss Frances Jane Wier, daughter of Mr. and Mrs. Frank Files Wier, and Russell Aubrey Stephens, son of Mr. and Mrs. Haskell Stephens of Lorenzo, were united in marriage.

Rev. Joe Preston Murphy read the double ring ceremony before an altar centered with a gold cross flanked by tall burning tapers. Banking the altar on each side were four seven branch wrought iron candelabra. The pews were designated with white tapers in aisle markers.

A medley of prenuptial organ selections was played by Mrs. Ruth Huckabee who also played the Wrangler club song while the candles were lighted. Mrs. Huckabee accompanied Miss Ann Snedeker as she sang "I Love Thee" and "One Alone." The traditional wedding marches were played and the DFD club song during the ceremony.

The bride, given in marriage by her father, wore a gown of white satin and lace designed with a fitted satin bodice, high rolled collar, long tapering sleeves extending into points over the hands and tiny satin covered buttons to the waist. Her full ballerina length skirt was of white lace over satin and extended into a cathedral length train. Her fingertip veil of fine illusion flowed from a small satin Windsor cap with porcelain orange blossoms outlining the face. The bride wore a single strand of pearls which were a gift from her paternal grandparents, Mr. and Mrs. J. M. Jordan, for her high school graduation. She carried a white orchid topped with a white orchid centered in lace and showered with stephanotis and satin streamers.

Miss Nancy Wier attended her sister as maid of honor. Her ballerina length gown of ice blue lace over satin was fashioned with a rolled collar and cap length sleeves with matching lace duffel cap and mitts. She carried a nosegay of white gladioli and tamarisks mingled with lace.

Bridesmaids attending the bride were Misses Mary Anne Kelley of Colorado City, Joann Stephens of Lorenzo, sister of the groom, Joan Booth of Hobbs and Marian

Wingerd of Brownfield. The bridesmaids' dresses were of sky blue lace over satin fashioned identical to the maid of honor's frock. They carried nosegays of white gladioli mingled with lace.

Toni Kay Lowe and Sue Lowe were ring bearers dressed in identical ballerina length sky blue net dresses with cut out ruffled sleeves and sweetheart necklines. Ruffles and sprays of pink and blue flowers accented the full skirts. They wore matching bandeaus of pink and blue flowers and carried ice blue satin pillows with the bride and groom rings.

Jess L. Warren of Abilene attended the groom as best man. Ushers were Austin O. McCloud of Plainview, Dick Phillips of Lubbock, William Duff of Wichita Falls and James Dennison of Lubbock. Mr. McCloud and Mr. Duff were also candle lighters for the ceremony.

Immediately following the ceremony, a reception was held in the Seleta Jane Brownfield club house. Mrs. Loee Miller greeted the guests and receiving the guests were Mrs. Frank Wier, Mrs. Haskell Stephens, and the bride and groom.

The mantepiece featured three bridal bouquets flanked by two tall blue tapers. The piano top was centered with a bridal bouquet and two blue candles. The bride's table was laid with an imported white hand made Chinese grass linen cloth over blue. The three tiered wedding cake decorated with blue and white daisies and punjas was topped with a doom bearing two white wedding bells tied with satin bows with white angels and cupid's spates on the cake. Mrs. L. M. Wingerd cut the cake and Mrs. R. L. Harriss served assisted her in the serving. Mrs. Leo Holmes presided at the punch punch bowl.

Members of the house party assisting in the reception were Cohle Marion Schmidt or Brownfield, Pat Jennings, Aurelia Ann Cobb and Mrs. Bill Parsley all of Lubbock. Miss Marion Wingerd played piano selections during the reception.

Miss Carolyn Harriss presided at the ice blue satin bride's book. Approximately 200 guests were registered. For traveling the bride chose

Church Circles Hold Birthday Luncheon

The Faith, Hope and Love Circles of the First Methodist church held a birthday luncheon Monday in the Fellowship Hall of the church.

Centering the tables were the birthday cakes of each circle with the Faith cake bearing ten candles, the Love with two and Hope with one. A candle light service was held before the luncheon with officers of each circle participating. Floral arrangements of autumn flowers also decorated the hall.

Each member brought a penny for each year she was old for a birthday contribution.

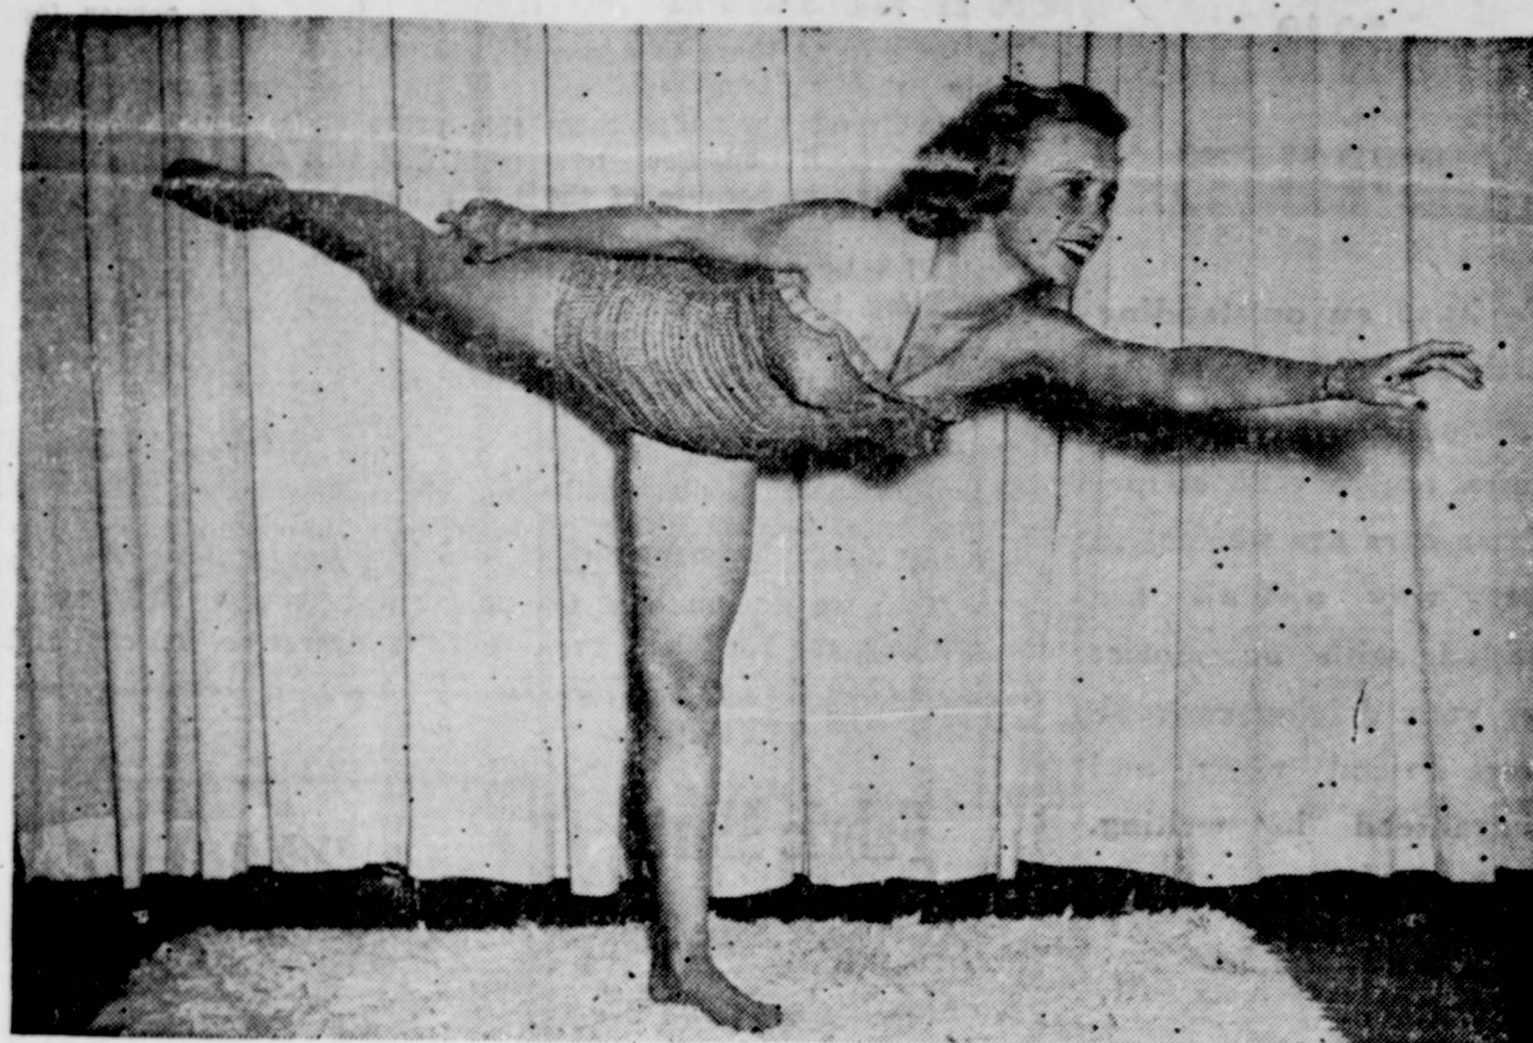

Forty-eight members attended the luncheon.

Ideal Club Met With Mrs. Herod

Mrs. Roy Herod entertained the Ideal Bridge Club in the home or her mother, Mrs. W. B. Downing, Thursday afternoon, Sept. 21.

Mrs. R. N. McClain was high scorer with Mrs. R. L. Bowers second highest. Mrs. Joe McGowan won traveling prize and Mrs. W. A. Roberson bingood.

A salad plate and coffee were served to Mesdames Wilson Collins, R. N. McClain, Joe McGowan, Walter Hord, R. L. Bowers, E. C. Davis, W. A. Roberson, A. A. Sawyer, Kenneth Watkins, Prentice Walker, Murphy May, Tom Harris and the hostess.

Pictured above is Miss Janice Blake, daughter of Mr. and Mrs. W. M. Blake of Cain Terrace in Lubbock. She will open a dance studio in Brownfield Tues., Oct. 3, at the American Legion Hall. Registration was held Monday, and she will be giving instruction

in ballet, acrobatic, modern, tap and toe ballet dancing twice each week, Tuesday and Thursday. Classes are open to people from the age of three on up.

Miss Blake has studied at the Boston Conservatory of Music, and studied with the following well known teachers: Jan Veen, Adele

Hooper and Jerome Andrews. She also studied with the famous New York dancers Charles Weidman, Jean Erdman, Ted Shawn, and Valerie Bettis.

Miss Blake has danced in the operas Aida and Carmen for the Boston Opera Company.

Altruist Study Club Met Tuesday, Sept. 26

The Altruist Study Club met Tuesday afternoon with Mrs. Ben Monnet and Mrs. Milton Bell as co-hostesses.

Mrs. Jack Thomas, president, presided during the business meeting. Mrs. Vernon Townes was chairman of the program, "Politics in the Home" with Mrs. John Labouricade and Mrs. Kenneth Threet participating.

An autumn centerpiece of miniature dahlias, cat tails, and fall leaves were featured on the table. Bronze mums and dahlias decorated the living room.

Cake, nuts and coffee were served to Mesdames Harold Stice, Bill Gorby, George Chisholm, Kenneth Threet, Jim Bayless,

Tommy Hardy Honored On Seventh Birthday

Tommy Hardy was honored on his seventh birthday Saturday afternoon by his grandmother, Mrs. George Neill, with a party at her home.

Ice cream, punch and birthday cake were served to Dougie Mason, Kenney Baldwin, Don Warren, Curtis Didway, Tony and Fuzzy Bearden, Donald Wayne Stewart and the honoree. Balloons were given the guests as favors.

S. K. Turnbough spent the week end in Seminole with his son.

Vernon Townes, Tom Dorrough, John Labouricade, Jack Thomas, Gene Walker, Guffy Stinnett and the hostesses.

Mrs. Louise Watson was guest for the meeting.

Mrs. Bowman Hostess To Pleasure Club

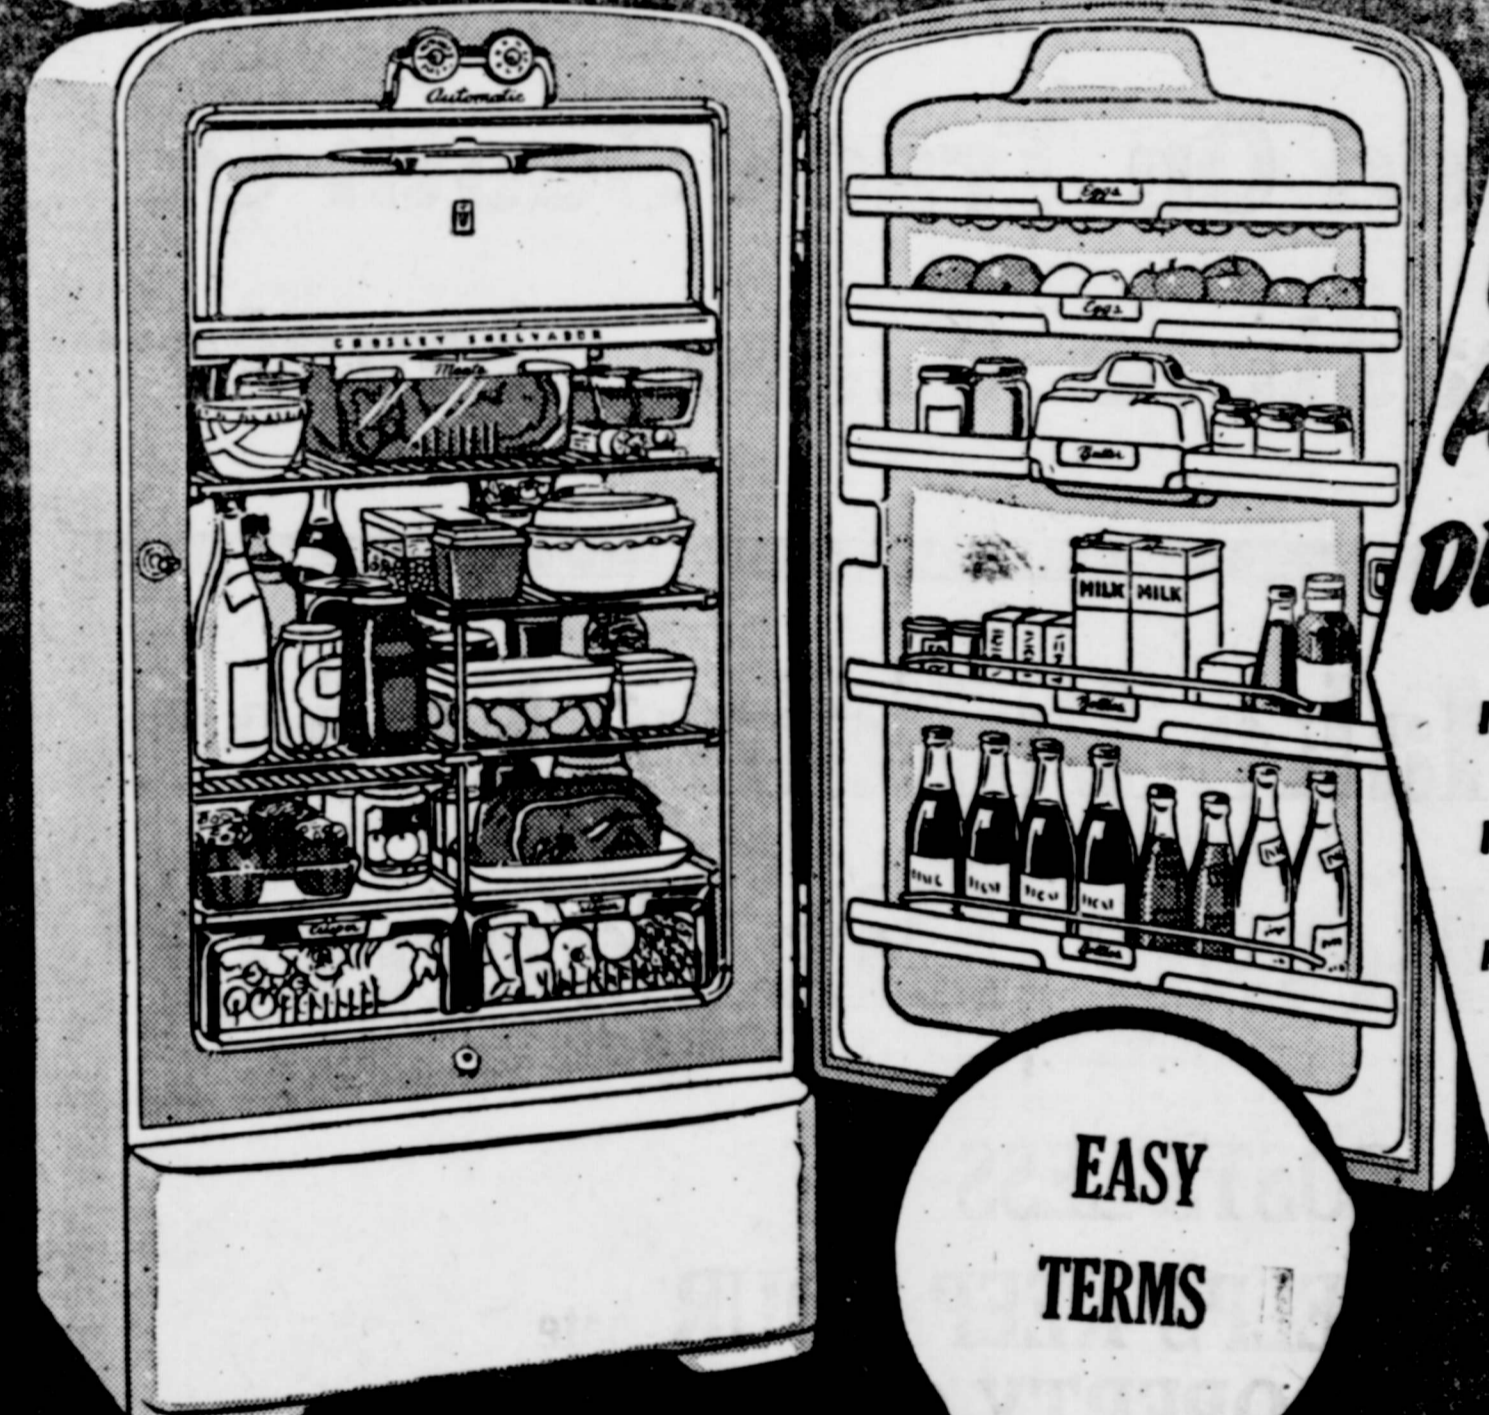

Mrs. J. T. Bowman entertained the Pleasure Club Wednesday evening in her home, 903 East Broadway.

Mrs. Jack Hamilton was high scorer with Mrs. Mike Barrett second highest. Mrs. George Germany bingood.

Fruit cake rolls topped with whipped cream and coffee were served to Mesdames John L. Cruce, C. C. Primm, Mike Barrett, Harry Cornelius, George Germany, Walter Hord, Lee Brownfield, Jack Hamilton, and the hostess.

Mrs. LeRoy Thomas and Mike of Snyder were week end visitors of Mrs. Thomas' parents, Mr. and Mrs. Johnny Baggett.

TEAGUE-BAILEY

Wouldn't Believe a Lie If We Told It

We understand there is a guy making the various business houses in Brownfield telling them that the Herald opposes new people coming in because of the new oil discovery, either to work or establish new industries. The whole thing is a fabrication of the more or less sober mind of the distributor of this prevarication.

What we did say and still say, was that all honest people, whether they were roughnecks or oil magnates were welcome to this town. That we do not care for the gambler, the honkytonk promoter, the thugs and the thieves.

Brownfield is now a decent place to rear a family. We don't want the kind of people here who would brain you in a dark corner for 50 cents.

If the guy that is spreading this propaganda wants the element that will rob and steal and kill people because they are too lazy to make a living themselves, that is his business. We believe the decent people of Brownfield feel like the Herald. They DO NOT WANT THE OFF BRAND ELEMENT.

We think we have made ourself clear enough that those who want to will understand our position. But one rule with the late unlamented Adolph Hitler was, "tell the biggest lie you can, and

the people will come nearer believing you."

About That Triple A Stuff

The Herald was also rated XXX. So was over a hundred other Texas weeklies. But we didn't think that fact was worth \$25 to us, especially after we saw how some papers had stretched the blanket on circulation. Want to see our copy?

Yep, the Herald was here boosting Brownfield and Terry county when some of our would be defamers were wearing three cornered pants. And it may still be here for quite some time yet.

A PRETTY GOOD CHECK FOR TWO YEARLINGS

Saw Pony Crowder eating at one of the snack bars last week, and as we were in for a cuppa arbutuckle, naturally we old timers drifted into a conversation. He showed us a check for a bit over \$351 that Murphy Meat Co. had paid him for two yearlings.

In fact, they were just out of their calfhood. Pony stated that they were very fat.

Billy Hyman spent the week end with his parents, Mr. and Mrs. Willie Hyman. He is a student at West Texas State College at Canyon.

THE WADES OFF ON THEIR HONEYMOON

Mrs. George Wade was in this week to bid us farewell for some three weeks while they are off on their honeymoon. Yes, that's right—their honeymoon, although they are also celebrating their 25th or silver anniversary. They were married in Sweetwater, Texas, Sept. 22nd, 1925. They moved to Terry county in 1935 in the Union community, and to Brownfield in 1941. Mrs. Wade stated that they would visit Arkansas, Tennessee, Kentucky, Florida, Mississippi and Louisiana. They will spend a week on a house boat in Arkansas, which has been their ambition for years.

Mrs. W. said she would look after George and keep him out of all the trouble she can. Good luck and a happy honeymoon.

TECH ENROLLMENT CLIMBS TO 5,387

Lubbock, Texas — Enrollment at Texas Technological College has reached 5,387 students in its six divisions. W. P. Clement, registrar, announced. Some late enrollments are expected.

Men greatly outnumber the women on the campus. A breakdown shows that 3,969 men and 1,418 coeds completed registration during the first week of the fall term. This 3-to-1 ratio is considered about normal.

BOZEMAN SAYS LAND NOT EVEN LEASED

Frank Bozeman of Springlake, dropped in this week to jaw a minute, and renew for his Herald. He noticed an article in the Saturday Star-Telegram than an oil well was to be drilled on his land. He stated the land, so far, has not been leased to anyone.

He owns the east quarter of section 70, block T. Frank is running a 4-well irrigation farm at Springlake, but it developed that some Mexicans did most of the work—just as we expected.

Tommy Hardy Honored On Seventh Birthday

Tommy Hardy was honored on his seventh birthday Saturday afternoon by his grandmother, Mrs. George Neill, with a party at her home.

Ice cream, punch and birthday cake were served to Dougie Mason, Kenney Baldwin, Don Warren, Curtis Didway, Tony and Fuzzy Bearden, Donald Wayne Stewart and the honoree.

Balloons were given the guests as favors. While at Snyder last Sunday, we had a short visit with Mr. and Mrs. Jack Green. Mrs. Green is the former Ola Bell Brown, whom all the old timers will remember. They are doing well; have about 16 cots that pay them \$8 per week each. Ola Belle had us send the Herald to her mother, Mrs. E. Brown at Dumas, Texas.

Cen-Tex Club Met With Mrs. Bucy

Cen-Tex Harmony club met with Mrs. Fred Bucy Tuesday evening Sept. 19, at 605 E. Tate. Mrs. Bucy, president, presided at the business meeting. The program included a talk, "From Madrigals to Modern Music" by Mrs. Grace Wood; Mrs. W. C. Hill sang "By the Waters of Minnetonka." Mrs. John F. Lucky sang the following three selections: "You Are Free," by Victor Jacobi; "A Gypsying Into the Sun," by A. Louis Scharmolin; and "A Brown Bird Singing," by Hayden Wood.

Officers for the 1950-51 year are Mrs. Fred Bucy, president; Mrs. Grace Wood, vice president; Mrs. Thomas Livingston, corresponding secretary; Mrs. Jim Griffith, recording secretary; Mrs. Clemmie Hamilton, historian; and Mrs. Eldora White, parliamentarian.

Those attending were Mesdames Eldora White, Mab Dallas, W. C. Hill, Jim Griffith, D. S. Sampson, Edith Creighton, John Lucky, Grace Wood, D. D. Denison, John Taylor, Minnie Williams and the hostess.

Lt. Burnett To Wed New England Girl

The Rev. and Mrs. G. Rowell Crocker of New Bedford, Mass., announce the engagement of their daughter, Helen Wells, to Lieut. Walter Dee Burnett, son of Mr. and Mrs. J. R. Burnett of Brownfield.

Miss Crocker is a graduate of Keene Teachers College, Keene, New Hampshire, and during World War II she served one and one-half years in the WAVES as spritkeeper 2nd class. She is now employed in the business office of a telephone and telegraph company in Denver, Colo.

Lieut. Burnett is a graduate of Texas Tech, majoring in Commercial Art, and has nearly a year of post graduate study in the field of education at the University of Colorado, Boulder, Colo. A veteran of World War II with service in Okinawa, he is now with the Air Force, and is stationed at Scott Field, Ill.

The wedding will take place Oct. 14, in St. Martin's Episcopal church, New Bedford, Mass.

Have news? Call the Herald.

Young-Dunn Vows Read In Meadow

Miss Mildred Young, daughter of Mrs. H. L. Young of Meadow, became the bride of Lawrence Dunn, brother of D. C. Dunn, of Brownfield, Sunday afternoon, Sept. 16, at 3 o'clock in the home of Mr. and Mrs. David Dunn. Rev. John Ferguson, pastor of the local Nazarene church, read the single ring ceremony before an altar banked with flowers tied with blue and white streamers flanked with blue candles.

The bride chose a dress of aqua taffeta with black accessories for her wedding ensemble. She wore a white bandeaux in her hair and a white carnation corsage.

Miss Billie Dunn, cousin of the groom, was the bride's only attendant. Miss Dunn wore a dress of black and white taffeta with black accessories and a corsage of pink carnations.

Lee Franklin, brother of the bride, attended the groom as best man.

Following the ceremony Mrs. D. C. Dunn honored the couple with a dinner and reception. The bride's table was centered with a blue and white wedding cake topped with a miniature bride and groom.

Alternating at the punch bowl were Misses Marcia Dell Dunn, cousin to the groom, and Dorothea Earlene Howard.

Guests attending the dinner were Messrs. and Mmes. Dee Jackson, Raymond Jackson and children, Claude Guinn and children, all of Lamesa, Horace Johnson and son, Rev. John Ferguson, Messrs. and Mmes. Carol Jones and daughters of Brownfield, H. H. Dunn and children, Charles Dunn and children, D. C. Dunn and son, Mrs. J. W. Young and children, Lee, Warren and Edwin, Misses Jamie Tilger, Velma Fuller, Dorothea and Neva Joe Howard, all of Meadow.

MRS. ADAMS HOSTESS TO M AND M CLUB

The Maids and Matrons Study club met Tuesday afternoon, Sept. 19, in the Seleta Jane Brownfield club house for their second meeting of the club year.

Mrs. Money Price, president, gave the greetings and presided during the business meeting.

Mrs. W. M. Adams was hostess to Mesdames W. A. Bell, W. B. Brown, A. W. Butler, E. C. Davis, Barton Evans, Lee Fulton, Leo Holmes, Looe Miller, A. G. Moriarty, Mary Ruth Nelson, Money Price, J. L. Randall, A. A. Sawyer, A. R. Smith, W. J. Spreen, Jack Stricklin, sr., M. G. Tarpley, J. M. Teague, Mon Telford, Eunice, J. R. Turner and F. G. White.

Mrs. Nina King of Odessa visited in the Leonard Lang home this week.

Mr. and Mrs. Bland Liles

Dohon-Liles Marry In California

In a double ring ceremony read Saturday, August 12, at 8:30 p.m., in the San Bernardino First Christian church, Miss Glenda Lee Dohon, daughter of Mr. and Mrs. Chester L. Dohon of San Bernardino, Calif., and Bland Liles, son of Mr. and Mrs. E. W. Liles of Wellman, were married.

Rev. Lowell Haggard, minister of the San Bernardino First Christian church, read the ceremony before an altar banked with baskets of gladioli and white tapers burning in wrought iron candelabra.

Pre-nuptial selections including "I Love You Truly" and "Because" followed by the traditional wedding marches were played by Gerald Wright.

The bride chose as her wedding ensemble a powder blue floral printed organza dress with a fitted bodice, cap sleeves and a ballerina length skirt. Completing the ensemble was her white net hat, nylon mitts, and white slippers. Yellow roses showered with white ribbons made up her bridal bouquet.

Attending the couple as best man and matron of honor were Mr. and Mrs. James Tallaferra. She wore a dress of yellow organza with matching lace mitts. She wore a yellow floral bandeau and carried an arm bouquet of yellow carnations.

Ushers were William Wright and Charles Dohon, cousin of the bride from St. Louis, Mo.

Immediately following the reception the couple left for a honeymoon in Yosemite National park and the Grand Canyon. They are at home at 4755 Dewey St., in Riverside, Calif. where the groom is employed with the Carnation company.

Mr. Liles attended Wellman schools until he entered the armed forces during World War II. Mrs. Liles is a 1944 graduate of San Bernardino high school.

Study Clubs Observe Federation Day

Federation Day was observed by the Alpha Omega, Delphian, and Maids and Matrons Study clubs Tuesday afternoon at the Seleta Jane Brownfield club house.

Receiving the guests were Mesdames Grady Goodpasture, V. L. Patterson, E. C. Davis, Leonard Chesshir and Money Price.

The afternoon program included a book review "The Peabody Sisters of Salem" by Mrs. O. M. McGinty, first vice president of the seventh district. Mrs. J. O. Burnett introduced Mrs. E. C. Davis who in turn introduced the guest speaker, Mrs. McGinty.

The refreshment table was centered with an autumn arrangement of dahlias, and pyracantha decorated the club house.

Mrs. M. G. Tarpley presided at the silver coffee service. The guests were served coffee, individual cakes and assorted nuts.

Mrs. Truett Flache played piano selections during the afternoon.

Faith-Hope Circles Hold Joint Meeting

The Faith and Hope Circles of the WSCS met in the Fellowship hall of the Methodist Thursday afternoon, Sept. 21, at 3 o'clock for another study on the "Near East Panorama."

Mrs. Bob Tobey, president, presided, and Mrs. G. H. Carpenter gave the devotional which was followed by the group singing "In Christ There Is No East Nor West."

Mrs. Joe Johnson led the prayer and Mrs. G. S. Webber assisted by Mrs. George Weiss, gave a very interesting lesson.

A committee decorated the hall giving it an atmosphere of the Far Eastern Countries. Coffee and dates were served to Mesdames Bernard Smith, Joe Johnson, G. H. Carpenter, Lillian Loyd, Harry Longbake, Williams, G. S. Webber, Bob Tobey, George Weiss, and Miss Maude Bailey.

Mmes. Carpenter and Williams were hostesses to the group.

Alvis Bentley spent the week end with his parents, Mr. and dent at West Texas State College.

Faith-Hope Circles Hold Joint Meeting

The Faith and Hope Circles of the W.S.C.S. met in the Fellowship hall of the Methodist Thursday afternoon, Sept. 21, at 3 o'clock for another study on the "Near East Panorama."

Mrs. Bob Tobey, president, presided, and Mrs. G. H. Carpenter gave the devotional which was followed by the group singing "In Christ There Is No East Nor West."

Mrs. Joe Johnson led the prayer and Mrs. G. S. Webber assisted by Mrs. George Weiss, gave a very interesting lesson.

A committee decorated the hall

QES HOLDS REGULAR MEETING TUESDAY

The regular meeting of the local chapter No. 785, Order of Eastern Star, was held Tuesday, Sept. 26, at 8 p.m. with Mrs. John Portwood, worthy matron, presiding.

Initiation ceremony was held for Mr. and Mrs. Charles Kirsch and Mrs. Aurora Carter.

giving it an atmosphere of the Far Eastern Countries.

Coffee and dates were served to Mesdames Bernard Smith, Joe Johnson, G. H. Carpenter, Lillian Loyd, Harry Longbake, Williams, G. S. Webber, Bob Tobey, George Weiss, and Miss Maude Bailey.

Mmes. Carpenter and Williams were hostesses to the group.

Altruist Study Club Met Tuesday, Sept. 26

The Altruist Study Club met Tuesday afternoon with Mrs. Ben Monnet and Mrs. Milton Bell as co-hostesses.

Mrs. Jack Thomas, president, presided during the business meeting. Mrs. Vernon Townes was chairman of the program, "Politics in the Home" with Mrs. John Lahourcade and Mrs. Kenneth Threet participating.

An autumn centerpiece of miniature dahlias, cat tails, and fall leaves were featured on the table. Bronze mums and dahlias decorated the living room.

Cake, nuts and coffee were served to Mesdames Harold Stice, Bill Gorby, George Chisholm, Kenneth Threet, Jim Bayless, Vernon Townes, Tom Dorrough, John Lahourcade, Jack Thomas, Gene Walker, Guffy Stinnett and the hostesses.

THE SMITHS VISIT MANY RELATIVES

Mr. and Mrs. Fred Smith returned last week from a many promised visit to his and her relatives. They visited her sons, Lt.-Com. Jesse Collins at Charleston, S. C., located at the naval base. Also Roy, who after graduating last year from Tech college, took a job as engineer in a large cotton mill at Lancaster, S. C.

Going and coming they visited Fred's sister at Hollis, Okla., and relatives in his old home section of Kentucky. His daughter, Mrs. Bob Packard and Mrs. Packard at Greerton, Texas, and his son, Wendell and family at Plainview.

Weekend Visit To See New Grand Daughter

Just had to make a visit to see the new grand daughter the past weekend; that is, the grandma had to, of course making little difference by the Old He. Didn't we have three grand younguns right here at home? Yep, but it is like the Bible story of the shepherd. One will leave the ninety and nine to seek out the one that is away.

But going to see the Trigg family is not what it ustabe. Now we are there before the old 40y Chev. is hardly limbered up. Snyder is just a good start toward going to Brownwood 96 compared to 260 miles. Anyway, we found them in their neat little home, their first real home. Most of their time has been spent in an apartment house which they managed for his mother.

Not a large home, two bed rooms, but can easily be built on, or sold and a home built to specifications. It was built two years ago before the boom hit Snyder, and it is well built. All were feeling very well, and Miss Sara Beth now weighs over 9 pounds, and its ma and grandma imagine she will smile and coo. A very sweet baby, but will cry at times. Nothing especially strange about a baby crying. And she favors—nobody in particular at this time, which is fortunate for the youngster. There would be nothing particularly fascinating for the little mite to favor some of her kin, the grandpa expected of course.

Now if any of you old jerks are tired of reading this, just take a siding switch and read something else. Crops good to excellent all the way down both via Tahoka and Post, and via Lamesa. However they did not have the rain down there we had last week, or else more of it ran off, which could be.

Anyway, when the ball of twine is rolled up on the crops this season, the old farmers are going to have some surplus dough, if labor does not get too scarce and high.

NEAR INCH RAINFALL EARLY THIS WEEK

Sometime after midnight Sunday, a shower fell amounting to .47 inch. Monday night from about 8 to 10 p.m. another that measured .35 fell. A bit of hail reported in some sections.

Tuesday afternoon the skies cleared, and since that time the wind veered from the east, southeast for the first time in some two weeks. Farmers are hoping for a long period of clear weather.

Notice of Bids For Road Machinery

Notice is here given that the Commissioners Court of Terry county will receive bids at their office in the Courthouse in Brownfield, Texas at 10 o'clock a.m., October 9th 1950, for the purchase of the following machinery:

One John Deere, G, row crop tractor, One 7 1/2 foot one way disc plow, power control, with rubber tires.

Commissioners reserve right to reject any and all bids. Witness my hand this Sept. 25th, 1950.

H. R. WINSTON
County Judge.

(SEAL)

Notice To Lease County Land For Oil Development

Notice is hereby given, that I, H. R. Winston, County Judge, of Terry County, Texas, by virtue of an order of the Commissioners Court of said county, recorded in Vol. 5 at page 373 of the Minutes of said Court, will on the 23rd day of October 1950, at the Court House door in Brownfield, Texas at 10 o'clock A. M. sell to the highest bidder for all cash, an oil and gas lease, on the following real estate belonging to Terry County, Texas as follows: one half interest in

The West One (1) Acre in Tract Two (2) of the Bandy Subdivision of the Northwest part of Section 114, Block T, D & W RR Company Survey, as per plat recorded in Volume 83 at Page 81, Deed Records of Terry County, Texas, and being the only land owned by Terry County, Texas in the above subdivision.

The oil and gas lease on above tracts to be standard Texas form Producers 88, for five years term, to carry \$1.00 per acre annual delayed rental. Cash bonus for lease to be paid in cash, on completion of title.

I reserve on behalf of the County, to reject any and all bids. Witness my hand this 25 day of September 1950.

H. R. WINSTON
County Judge of Terry County, Texas and Commissioner, appointed for this sale.

(SEAL)

Mr. and Mrs. Ned Self and Mrs. Harvey Gage were in Lubbock Sunday.

Just A Few Of The Texas Brags

Texas occupies all of the continent of North America except a small part set aside for the United States, Canada and Mexico. Texas is bounded on the north by 25 or 30 states, on the east by all the oceans except the Pacific, on the south by the Gulf of Mexico and South America and on the west by the Pacific ocean and the rest of the world. Undeniedly Texas they have at this writing been down, out in Upton county, only 13,000 feet so far oil and up in the air Texas has Guadalupe Peak, 9,500 feet above sea level the highest hill in the United States east of the Rockies.

Texas is so big that the people in Brownville call the Dallas people "Damyankees." It is farther from El Paso to Texarkana than it is from Chicago to New York, and Texarkana is closer to Milwaukee by airline than it is to El Paso. The United States with Texas left out would look like a three-legged Boston Terrier.

The chief occupation of the people of Texas to try to keep making all the money in the world, and at that the wealth of Texas increased 539 per cent between 1900 and 1927. At one time Texas was so wild that not even the law of gravitation was obeyed and the chief pursuit of the Texans was Indians, and Mexicans, but now it is crop records and oil production. It is so healthful in Texas that out in Eastland a hunched frog lived 30-years sealed in a waterstone without food, air or water.

Texans are so proud of the Lone Star State that they cannot sleep at night. If a Texan's head should be ceped the map of the state would be found on his brain. The word Texas is of Indian origin and means Friends, and the Texan people are that way yet unless you take a slam at their state. Down on the King ranch the front gate is 150 miles from the front porch and the owner is thinking of moving the house

back so as not to be annoyed by passing automobiles. Other Texas landlords have whole mountain ranges on their ranches and one Texan has 40 miles of navigable river on his farm. If the proportion of cultivated land in Texas were the same as in Illinois, the value of Texas crops would equal that of the other 47 states combined. If all the people of the United States were to move to Texas it still would be no more densely populated than Massachusetts. Texas has land enough to supply every man, woman and child in the whole world with a tract 20x200 feet, and have enough left over for all the armies of the world to march around five abreast.

To move the Texas corn crop would take a string of box cars longer than the distance between New York and San Francisco. If the 1,500,000 tons of sulphur mined in Texas annually were in the hands of his Satanic Majesty, they would solve his fuel problem. If all the cotton grown in Texas were baled and built into a stairway, it would reach to the Pearly Gates. If the 485,339,998 barrels of oil produced in Texas in 1949 were made into gasoline, it would run a well known make of light car throughout eternity. If all the hogs of Texas were one hog, he could dig the Panama Canal in three roots and one grunt. If all the Texas steers were one steer, he could stand with his front feet in the Gulf of Mexico and his hind feet in Hudson Bay, and with his horns, punch holes in the moon, and with his tail brush the mists off the Aurora Borealis.

If it comes from Texas it has the world cheated whether it's the best, the worst, the longest, the shortest, the wettest or driest. Ask and Texas—he knows!

Mr. and Mrs. J. E. Gibson, of southeast of Wellman, were in last week shopping. Mrs. Gibson stated they were on the edge of the Adair oil field and wells were on adjoining land to theirs.

Advertise in the Herald!!

TERRY COUNTY HERALD, FRIDAY, SEPT. 29, 1950

Thousands of American homes are becoming strangely quiet as the "kid brothers" of World War II servicemen take their places in our growing defense forces. Like these young sailors shipping out, they look to the Red Cross for help when duty and distance separate them from their families.

Terry County Boy Trains at Lackland

Pvt. William I. Smith, 18, son of Mr. and Mrs. L. C. Smith, Rt. 1, Seagraves, has begun a course of indoctrination training at Lackland Air Force Base, "The Gateway to the Airforce," San Antonio.

In the basic training at Lackland, Pvt. Smith will receive a well rounded military preparatory schooling for progress in a specialized Air Force career. During this initial course he will be given complete vocational and aptitude testing along personal guidance counseling to determine his entrance into a suitable technical training assignment on leaving the Gateway Base.

Besides constituting the only Air Force station for indoctrination training of all new airmen, Lackland is a reassignment center and training center for re-enlistees, home of USAF officer candidate school and the human resources research center.

YOAKUM TAX ROLL ABOVE LAST YEAR'S

Monday the county commissioners completed the tax rolls and such will be taken to Austin soon for approval so that the property owners may begin paying their taxes immediately. You will be pleased to know that the assessed property is \$355,921.00 above what it was last year. Which means that the amount on which we pay taxes this year is \$42,200,010.00. And this means that we have the lowest tax rate of any county you may mention.—Yoakum County Review.

HEALTH REPORT ENDING SEPT 9

According to the Health Bulletin, Texas morbidity for the week ending September 9th was as follows: Chickenpox 2 cases; influenza 4; measles 1; pneumonia 1; whooping cough 2. Yoakum county reported no cases of communicable diseases.

WOMEN NEWS
SIX for supper and what to serve? Easy on the budget is Macaroni Meat-In-One. To 3 qts. actively boiling water, add 1 tsp. salt. Gradually add 6 oz. elbow macaroni. Cook until tender (about 12 mins.). Drain and rinse. While macaroni is cooking, melt 3 tbsps. butter or margarine in top of double boiler. Stir in 3 tbsps. enriched flour. Gradually add 1 1/2 cups milk, stirring until thickened. Add 1/2 tsp. dry mustard, 1 tsp. Worcestershire Sauce, 1/2 tsp. salt, 1 cup grated cheese. Stir until cheese is melted. Add macaroni and blend well. Pour half of macaroni mixture into bottom of well-greased 2 qt. casserole. Cover with 2 1/2 cups cooked drained green beans (1 No. 2 can). Top with remaining macaroni. Arrange 6 strips bacon over top. Cover and bake in moderate gas oven (350°F.) 15 mins. Remove cover and bake 15 mins. more.

No matter how clean your home, there's bound to be some dust in the air. An air filter, easily installed, on your forced warm air gas furnace screens out dust, keeps it from going through the house.

Emergency plumbing: A handle of soda and a half glass of vinegar poured down a stopped-up drain usually clears it.

A new control for automatic gas water heaters is marked Warm Lukewarm, Hot and Very Hot to guide the householder to correct temperature hot water.

The equivalent of a 2 1/2-ton tractor is lifted every year when women hang laundry on the line. An automatic gas dryer, controlled to set drying temperature, eliminates such laundry drudgery.

Quicker than a knife, and safer too, are kitchen shears for cutting up chicken, ham, salad trimming; and such.

Service Office News

C. L. Lincoln

VA Examination Is Definite:

Every veteran rated for disability is entitled to and must have one physical examination made by the VA. Regulations now require that if initial rating was based on Army and Navy medical records. A VA examination must be given within 6 months, in a convalescent case, otherwise within one year.

POW's Are Warned To Keep Current Address:

The War Claims Commission has urged all former POW's who have filed claims to advise the Commission promptly of any changes of mailing address. A great number of checks have been returned with a notation on the envelope "Moved—no forwarding address." The letter or post card advising of a change should give old address, new address and claims number, if any. (This is the number on acknowledge card). The signature on the communication should be the same as that on the original application.

Location of Records of Former POW's

We have received several requests as to where records and information concerning former POW's camps, etc., may be obtained.

The Provost Marshal's Office maintains a complete file on all former prisoners of war. Information from this file will be released to the veteran when he makes the request direct to that office. The letter of request should contain all information regarding identification and the reason for requesting the information.

The veteran should write to: Provost Marshal General, American Prisoner of War Section, Washington 25, D. C. Also we have learned that inquiry can also be made by the veteran direct to "Central Records Agency for Prisoners of War, International Red Cross, Geneva, Switzerland. We have heard of some cases where they were able to give information or to inform him if and where the information could be obtained elsewhere.

VA Revises Regulation On Poultry Farming
Some months ago the VA issued a regulation that "single enterprise" establishments, such as poultry raising only, would not

qualify a veteran for institutional-on-farm training and that only the veteran who had started a training course for only poultry raising before May 15th, could continue training. This also included livestock raising, only and that any veteran who started training for a single enterprise such as poultry or livestock raising after that date would not be approved for institutional-on-

farm training. It goes without saying that this regulation was bitterly protested and so the VA has issued a revision restoring some of the main wording and defining eligible farming as "tilling of soil" and/or breeding, management of livestock, including poultry."

Mr. and Mrs. A. T. Stafford and Mr. and Mrs. Joe Hornak and sons visited relatives in Pecos Sunday.

U.N. FLAG LEGAL IN SINGAPORE

SINGAPORE—(AP)—The United Nations sky blue and white flag may be flown by any organization or private person desiring to show support of the United Nations Organization, the Attorney-General for Singapore, has declared. This British colony has prohibited the display of all national emblems without the permission of local authorities.

Looking for honest-to-goodness COMFORT?

Better Buy Buick!

You've probably heard a lot of talk about comfort in 1950 cars.

But we'd like to offer one suggestion, which is—let a Buick speak for itself.

We'd like to have you settle yourself (your family too, if you have one) on a Buick's soft, deep, comfort-angled cushions, and see how restful they are.

More than this, we'd like you to sample that comfort in motion. Slip your fingers around that slender steering wheel, touch toe to treadle and take off in the smooth, unbroken surge of power that Dynaflo Drive* delivers.

We'd like to have you hunt out some of the less-smooth streets or back roads that never seem to get fixed—and put Buick's soft coil springing and solid underpinning to tough and practical test.

All the while, be thinking about what such riding and driving ease can mean on long, all-day trips, and compare it with what you've been used to.

This whole experience is bound to make you want a Buick—and when you ask "how much" you'll get a second pleasant

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

surprise in the low delivered prices your dealer is quoting—prices that start at a level that is actually lower than you'd pay for some sixes.

Your Buick dealer is the man to see and this is the best of all times to see him. Drop in, won't you, to see about getting an order signed?

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Tune in HENRY J. TAYLOR, ABC Network, every Monday Evening.

Phone Your BUICK Dealer for a demonstration Right Now!

One of the most desirable organizations rural Texas could have perfected was inaugurated at a meeting called by Gov. Shivers early this month. The organization will be known as Better Texas Pastures, Inc. Officers representing various sections of the state were elected to serve the new organization. One of the best talks was made by Bob Kieburg of the famous King ranch. He advocated that the new organization make effort to supply the pasture grass all over the state, best suited to the varied climates of this vast state. In the meantime, the Texas A & M college is studying grasses from the four corners of the world. Those not suited to south or southeast Texas are sent to the Childress experiment farm, and are tried out for west Texas. It was also recommended that the organization work closely with the farm youth organizations of the state, such as 4-H and FFA. The state committee will be made up of three

each from the various federal crop reporting districts of the state. For the past several years, many farmers of Terry county become interested in pasture grasses. That is where the beef type cattle are started on the road to income, with the least possible expense to the raiser. And the best milk type cattle have a better start if there is plenty grass for them in their growing stage, as well as later when they have reached the milk production stage. Many of the older states are making progress in the cattle industry by providing better pastures. Texas must not lag in this race.

Providing the boys and girls who are just now entering school a seat and desk, as well as teachers, is going to be one of the prime headaches for school officials and boards for the next several years. One reason is that more children were born during the war years, 1941-45 than was ever known to have been born in the like period. These children are now entering school, and will continue to do so for the next few years. Then there is the problem of teachers, particularly elementary teachers. Many of these who start out as professional teachers, quit to get married, or to go into some other profession with better pay. There is no known law that we are aware of, that could or would control either the birth rate, or the number of teachers available. We were down at Snyder over the week end, and we found that with an oil boom to augment the natural scholastic growth, they have a compound headache, and the same could happen right here at home. They have just finished a large new elementary school building out in north Snyder, and

already a long string of one room cottages without partitions are being built on the grounds to care for the excess. Still they come, sometimes as many as a hundred a week, including elementary and high school. But even the staid old towns back east with no sensational growth in 50 years, are finding their school facilities including rooms and teachers overcrowded. It has been estimated that billions of dollars in buildings will have to be provided in the next few years to take care of the war born children. They are ours, of our own flesh and blood, and while the patrons and school officials have their headaches, it will or should be a work of pleasure to provide the additional facilities for these new citizens.

Recently after a secret confab with the high mogul labor leaders, President Truman let Robert N. Denham out of the National Labor Relations Board. Supposedly this was the payoff to labor or labor leaders for their support in congressional elections in November. Denham was the only member of the board that was really fair to both labor and management. What is netting very close friends of the administration more than any one thing is that book by Flynn earlier in the year, entitled, "Down the Road." And down the road can and might mean that a labor dominated administration is heading right down the road to absolute socialism, the same as they now have in England, with its miseries, woes, scarcities of money, food and clothing, and still rationing, five years after the close of the war. Yes, the leaders of the administration would forbid the mail to go Down the Road. Now this is not just the idea of this paper, or papers in general. Here's what Wingate H. Lucas, congressman from the Fort Worth district said: "Denham's resignation is further evidence of the power of labor union monopolists over the president." Lucas is a Democrat, Truman and the labor bosses want the Taft-Hartley law repealed. Will it be done? Very unlikely.

While the Mineral Wells Democratic convention may not have suited the conservative element in many ways, it was less satisfactory to the liberal element. But it more represented the rank and file of the Democratic party in Texas than that of the "ultra liberal" bunch that took over and refused to seat duly elected delegates two years ago. There was little fire during the deliberations, about the only time was when the seating of the regular delegations from Harris, Dallas and Tarrant came to a vote. The liberals were so badly out voted that their squawks were little noticed from then on. Many of us old line Democrats, however, would certainly like to have had some kind of pretty strong resolutions on the federal tideland "steal," the abolition of segregation by the Supreme Court in institutions of higher learning, and which come in our public schools only too soon, FEPC, and other Truman ideologies. At least there was no hip-hip hurray for the Truman administration. Of course this was the so-called Governor's Convention. The Trumanites and anti-Trumanites will have their inning two years from now. Shivers was elected by an overwhelming majority in the first primary without a runoff. Therefore, the governor and his leaders had the floor, and they did what they wished to be done, and adjourned.

Manufacturing news notes tell us that we as a nation are fast

Uncle Sam Puts His Foot Down

drifting into the habit of push button buyers. The vending machine that first put out peanuts and candy and later cigarettes, coke, etc., started the ball to rolling. Then came those that gave you a piece of pie for your nickel or dime. Now in the larger cities, such items as stockings are vended. And in New York and Philadelphia for the present, you can get a full meal via the push button route. Many people, while not particularly fond of standing and pushing buttons do it nevertheless, as the novelty is just about as much of a must as visiting Grant's tomb or the Brooklyn bridge in New York, or the Liberty Bell in Philadelphia. With this idea in vogue, we are now talking of push button warfare, with guided missiles. But maybe the fellow at the receiving end of the guided missile will also have some kind of a "guider." To turn the missile of destruction around and head it back toward the enemy. This might be a game that two or more can play at. Anyway, all the push button affairs, will, in the final analysis, have to have the human touch to keep them "loaded."

Newspapers, especially the small weeklies like the Herald, are having a hard time of it keeping a supply of newsprint paper, such as this paper is printed on. Week before last, we had to use some odds and ends that was shorter and narrower than our regular 36x46 size. The last week our supply had to come out of the San Antonio house of the paper company that supply the Herald. A carload is expected by the company at Lubbock some time this week, some 30 days late of expectations. In the meantime, the bureaus in Washington continue to waste paper in a prodigal manner. Just to cite two examples, some 150 million forms for income tax returns were printed, together with some 130 million forms explaining how to make out income taxes. There were so many of these and other printed forms that an additional large warehouse had to be rented at Washington to store these forms that were not needed. Another waste is that of the many bureaus duplicating their work. For instance, the Herald gets dope about the draft and VA's from three different sources, all of them about alike and of course duplications. It is reliably report-

Overplanting Cotton Voids ACP Aid

Farmers who knowingly overplant their cotton acreage allotments will not be eligible for payments under the Agricultural Conservation program, Hugh H. Harred, chairman of the county PMA committee, reminded growers today.

"There seems to be some misunderstanding about this part of the program," Harred said. "While farmers generally know that they may not obtain cotton loans or other cotton price supports if they overplant their cotton allotments, they don't seem to realize that overplanting cotton also affects their participation in ACP."

Harred explains the operation of the law on which the cotton program is based in this way:

Where it is found that a grower has overplanted his cotton acreage allotment, a notice is mailed to him and he is given the opportunity of adjusting his cotton acreage within a period of 15 days. While the adjustment is not mandatory, the grower who does not adjust his cotton acreage to his allotment will not receive as a purchase order for cover crop seed, lime, or phosphate—a refund of the amount of the advance will be required.

Since marketing quotas are in effect for the 1950 cotton crop, another effect from overplanting cotton allotments is that a penalty of 15.5 cents per pound must be paid on the cotton produced in excess of the farm marketing quota. Until this penalty is paid, or until the cotton acreage is adjusted to the allotment, a lien will be levied on the farm's entire cotton crop and none of the cotton may be marketed penalty free.

In a referendum last December, 89.4 per cent of the growers voting approved the use of marketing quotas in marketing the 1950 cotton crop.

SAYS HERALD BEST WEEKLY IN TEXAS

A letter and remittance from an old subscriber, who at one time lived in Terry county, was received last week. Among other things, the writer stated: "This is not for publication or for political reasons, but I believe you have the best weekly in Texas." Thanks a lot Mr. D.

ed that the taxpayers of this nation are supporting an enormous army of more than a million people making out this form or writing this and that propaganda that are entirely worthless, and most of it is consigned to the waste baskets of newspapers and magazine offices. Congress needs to wake, quit passing new laws long enough to kick out a bunch of these feather-bedders.

FREE X-RAY IN PLAINS OCT. 26

Bill Cox, representative of the Five County Health Unit was here this week advertising the chest X-ray examination to be held in the old courthouse October 26. All over 15 years old are urged to take the examination. The work begins at 9 a.m. and will continue until 5 in the afternoon.

If the people of Plains want this free service, remember that it must be patronized. If it is neglected as in the past, this will be the last one for our city. It was only through the work of the Lions club assisted by Judge Derryberry that this date was given our people. —Yoaikum Co. Review.

SLIGHT DROP IN TEXAS POPULATION CHECK

WASHINGTON (AP)—Preliminary figures, checked by the Census Bureau here from field reports, place the Texas population as of April 1, 1950, at 7,672,432.

This figure is 4,628 fewer than first reports from the field. How-

ever, it shows a 19.6 per cent population gain for the state in ten years. The new figure gives Dallas 432,927 instead of 432,805. The recount showed few major changes in county or city figures from field reports. Most were less than 1 per cent.
