

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

VOLUME 47

BROWNFIELD, TEXAS, FRIDAY, SEPTEMBER 7, 1951

NUMBER 7

1,880 Students Enroll In Brownfield Schools

Total enrollment in the Brownfield schools Wednesday afternoon was 1,880 students, and at least 120 more are expected to enroll in the near future, according to O. R. Douglas, superintendent.

In the high school there is a total of 415 students; Junior High, 318; West Ward, which includes the fourth fifth and sixth, 486; Jessie G. Randal, the first three grades, 564; and Gomez, 97.

Supt Douglas reported that the faculty is complete, with the exception of the late resignation of L. T. Sewell, who had been named Junior high coach; and the school still lacks an elementary supervisor.

The cafeteria at the Jessie G. Randal school is scheduled to open next Monday for students in that school only. Supt. Douglas announced that meals would be served for 25c as long as possible.

NEW COUNTY HD AGENT ARRIVES SEPTEMBER 15

Terry County's new home demonstration agent will arrive here next Wednesday, September 15. Miss Doris E. Mahaffey, who has been assistant agent of Deaf Smith county, Hereford, since 1949, has been appointed home demonstration agent by Terry County Commissioners.

Miss Mahaffey will attend a district meeting of home demonstration agents in Lubbock next Monday and Tuesday, September 13 and 14, and will report for duty here on Wednesday.

A native of DeWitt, Cotton county, Okla., she is a home economics major, graduating from the University of Oklahoma. She taught vocational home economics at Tipton, Okla., and Wheeler, Tex., before she became Electrification with the REA at Wellington. Later she went into Extension Service work as assistant home demonstration agent in Deaf Smith county.

Miss Mahaffey replaces Miss Helen Dunlap, who resigned in August to become home demonstration agent in Gray county. Miss Dunlap came to Terry county five years ago, and much progress was made in organizing new home demonstration clubs and work with the girls' 4-H clubs.

Rex Headstream of Brownfield and Jack Greenfield of Tatum, N. M., left Tuesday for a few days visit in Dallas.

Ellen May Greenfield, who had an appendectomy at the local hospital last week, returned to her home Monday.

LOCALS IN GRID OPENER TONIGHT AT LOVINGTON

The football season opens officially tonight when the Brownfield Cubs journey to Lovington, N. M., for their first game of the season. The game is scheduled for 8 o'clock, Texas time, which will really be 7 o'clock in the New Mexico town, mountain time.

Members of the squad feel that football started on Monday, Aug. 27, when Coaches Toby Greer and L. G. Wilson started giving the boys the "works" in strenuous workouts and heavy drills. Thirty boys started for the A and B teams, but one of the lettermen, Bobby Latham, suffered severe injuries when he broke his collar bone, and has been confined to the local hospital.

Coach Greer reported that 17 lettermen are among the squad this year, and all the players look good and have lots of spirit. He is not optimistic, but the team should go places in the district.

Next Friday night the first home game will be played—the Cubs tangle with the Crosbyton Chiefs.

Sam Chisholm Given Big Farewell Party

Well, the many friends of Samuel Whitten Chisholm, just plain Sam to most of us, and on occasion we have even called him Sambo, when he was in an especially good humor and that's about all the time, gave the young Professor a big send off before he left for his teaching job at Hardin college, over at Searcy, Ark. Or is it Dr. Chisholm?

Levity aside, we are truly glad that this splendid young man is taking to higher things. Dr. Benson, head of the college, wanted to see Sam before any contracts were signed. As we have it, both Dr. Benson and Sam were filled with mutual admiration for each other when he had his personal interview with the veteran educator. Dr. Benson is well known over the USA, as a public speaker, and while he has never visited this immediate section, many have met him and heard his addresses, or read his syndicated articles.

Harding college is a comparatively small college, but because of the prominence of its president, it is known far and wide. Sam will teach accounting at the college, which he learned in college, and has made a life work since he finished.

We are expecting great things of Sam Chisholm, and we know we are not going to be disappointed.

Guessing At The Terry County Cotton Crop

Struck a fellow over in front of Joe Shelton's post office one day recently who asserted with no little vehemence that our guess the cotton crop of Terry county was entirely too high. That he had examined field after field in west, north and northeast Terry, and that the worms were really going after it, and that was where our best cotton was located.

"We'll do well to get 40,000 bales," he asserted.

After we got him calmed down just a bit, we informed him that we, personally, had made no estimate in the paper. That we had merely quoted others. We had said privately, however, that we believed Terry would produce from 60 to 65 thousand bales. And frankly, we still think so if the worms are killed—maybe more.

Anyway, we tied into Grady Goodpasture at our old timer's shindig Monday night as to why in heck he stopped his worm poison ad right when the complaint of them was greatest. "Just haven't got the poison," he said, "slap dab out, and no more immediately in sight—but he was keeping the wires and mail hot after more."

But he stated what he was not going to buy something just to sell. It has to be a proven worm killer. The conversation drifted to Blackleaf 40. But Grady says it can't be bought in quantity. Then the conversation turned to J. O. Gillham's estimate of 85,000 bales for Terry.

And we quote Grady again: "If things run on as of now, and we can hold the worms down to a minimum, J. O.'s estimate is too low. We'll make 100,000 bales." Then there was Herman Chesshire, while Herman did not place an estimate, he did say that the Terry county farmers would never get through gathering this crop. Tellye what. We will let you know how many bales Terry county raised sometime next spring—for sure.

New Manager At Bargain Center

W. A. Wolf has been named manager of the Bargain Center in Brownfield, and officially took the management over last Saturday.

Mr. Wolf is an experienced dry goods man. Before coming here he was employed by the Brown-Duncan Company, Tulsa, as buyer. He has had much experience with the New York markets; and for seven years he was with C. R. Anthony Stores in Oklahoma and Texas. This is first venture in West Texas.

Mr. and Mrs. Wolf are moving to Brownfield. They have two daughters, Phyllis Kay, 6, and Linda Gayle, 2. They are members of the Baptist church, and Mr. Wolf is a Mason and Shriner.

SCHOOL PURCHASES TWO NEW BUSES

Two new school buses arrived in Brownfield last week to be used by the Brownfield Independent school district, and Fred Arnold, bus foreman, and returned from Georgia with the new buses. Supt. O. R. Douglas announced.

The new buses will replace old one, he said. The school is adding a bus in the city limits, and with the Rotary bus, many of the students living a long distance from the school will be accommodated. The addition of the bus in the city was made available through consolidating some of the bus routes in the rural areas, Mr. Douglas added.

MISSIONARY AT LOCAL CHURCH SUNDAY NIGHT

Guest speaker at the regular Sunday night service next Sunday, September 9, at 7:30 o'clock, at the First Methodist Church will be the Rev. Everett W. Thompson, Methodist Missionary, who will tell of his recent experiences as a social worker, evangelist and teacher in the war-damaged areas of Japan and in Okinawa.

Rev. D. D. Dennison, local Methodist pastor, made the announcement that Rev. Thompson

Rev. E. W. Thompson

will visit here, and the public is invited to attend the services.

A New Hampshire minister, who recently established a community center and church in Yokosuka, an industrial city south of Yokohama, Rev. Thompson has returned to the United States on furlough.

TUDOR SALES SITE OF CHEST X-RAY SEPT. 8-10-11

Starting tomorrow—September 8, residents of this area 15 years of age and older are urged to have free X-Rays made of their chests.

The mass X-Ray is sponsored by the Brownfield Chamber of Commerce, and will continue next Monday and Tuesday, Sept. 10 and 11.

The mobile X-Ray unit of the State Department of Health will be set up from 8 a.m. until 5 p.m. on the three days at Tudor Sales Company, 622 West Main. Secretary of the Chamber of Commerce Wayne Smith stated that unless more interest is shown in the program this year, the unit would not return another year. No disrobing is required, and pictures will be made of anyone desiring, fully dressed.

Purpose of the program is to detect cases of tuberculosis early enough to cure or arrest the case. The X-Ray pictures show presence of a tubercular condition long before the disease reaches an advanced stage and before more easily recognized symptoms develop.

In addition the X-Ray detects other chest abnormalities which might need treatment.

Those who had their X-Rays made last year are urged to do so again, in order that a continuing check on their lungs might be had. Officials sponsoring the mass X-Ray requested that all food handlers, school personnel and others who would be a hazard to others if tuberculosis were present to take advantage of the free service.

Responsibility assignments were assigned at a recent meeting of officials sponsoring the mass X-Ray. The following plans were made for those being responsible for their particular group:

Eastern Star, Mrs. J. W. Nelson, clerk; V. F. W. Auxiliary, Mrs. H. B. Sparks, clerk; Delph-

kosuka, an industrial city south of Yokohama, Rev. Thompson has returned to the United States on furlough.

Both Mr. Thompson and his wife—the former Miss Zora E. Goodman, also a missionary—had 12 years of missionary experience in Japan before World War II. In 1941, when the war with Japan seemed imminent, they were among the missionary group called to the United States by the Board of Missions of the Methodist Church, and thus escaped internment. During the war period, Mr. and Mrs. Thompson worked among the displaced American Japanese at Twin Falls Idaho.

Shortly after peace was declared, the Thompson returned to Japan, and then organized the Community Center in Yokosuka. Housed in a building that had once been a club for Japanese naval officers, the Center provided the underprivileged community and especially its children and young people with good reading, recreational facilities, classes in child and adult education, religious services and some clinical assistance. For eight months in 1949 (while Mrs. Thompson conducted the center) Mr. Thompson was engaged in relief work in Okinawa, which he described as "a 100-mile-long slum."

Speaking of the work at the Center, Mrs. Thompson reported: "We have joined two rooms and (Continued on Back Page)

Dollar Day Some Better Than Aug.

While the traders who came Monday for \$\$\$Day did not exactly make any record, there were many more than were here the first Monday in August or any other of the Mondays in any recent month. The merchants had some real red hot specials, and they were just too tempting to lay down on.

It is indeed amazing just how quickly a community can forget a long, hot and dry spell that is burning the life out of crops and grass. Let the glorious showers come, and a frown turns to a smile over night, and the birds sing sweeter, and the bees buzz prettier.

Anyway, while \$\$\$ Day could not classify as sensational, the merchants did a much better than average Monday business.

Officials To Meet With Railroad Com.

Representatives from Brownfield Chamber of Commerce and Mayor C. C. Primm will go to Austin next week end and they will meet with members of the Railroad Commission Monday, Sept. 17, in regard to permits for the Curry Motor Freight Lines, Inc.

The freight line company filed application several weeks ago with the Railroad Commission to extend their services from San Antonio to Amarillo by way of Brownfield, according to W. H. Dickenson, agent of Curry Motor Freight Lines. The new route would give Brownfield 16-hour service on a direct north and south route.

Business men and Chamber of Commerce representatives who plan to go are: John Kendrick, Dewitt Stafford, Geo Steele, Douglas Jones, Dr. W. A. Roberson, B. G. Hackney, Virgil Travis, H. H. Howze, Wayne Smith, Lee Lidzy, and Mr. Dickenson.

Bryant Tractor Co. Shows New Ferguson

The Bryant Tractor Co., out on the Tahoka road, showed the new Ferguson "30" tractor to the general public here Wednesday. There was a large crowd of farmers on hand to hear the talk of J. B. Smith, of Dallas, who is a special representative. Approximately 400 people called and ate lunch served in the building.

In the afternoon one of the models was run out to a field in the north edge of town, where it was fully demonstrated. The claim is that it develops 20 percent more power than the old model. This tractor don't appear very large or powerful, but it was demonstrated pulling one, two and three mold board turning plows, and it carried them in stride.

Many farmers who have run the older model were allowed to use the new "30" in the demonstration, and all were more than pleased. It will be remembered that up to a few years ago, the Ford-Ferguson interest were in on tractors and farm machinery. In 1947, the company desolved, and Ferguson is developing its own farm machinery.

This includes just about every kind of farm implement you ever heard about. Perry Bryant is the owner of the store here, with Jesse Bryant as manager, and Claude Bryant as sales manager. Perry Bryant and Henry Cargill will open a Ferguson store at Tahoka, Saturday, with J. B. Smith as the manager.

Vernon Townes is secretary of the South Plains Bar Association, and the group meets every three months.

BETTER THAN \$1,000 FOR 1ST BALE TERRY COTTON

Tom Warren Jr., of the Wellman community, is a lucky scamp this year. He had the first bloom brought in and got a year's subscription and another on his having the first bale ginned. On top of all that good reading matter, look below what he got.

The bale, weighing 525 pounds was sold to the Brownfield State Bank and Trust Co., J. O. Gillham, president doing the bidding, the sum of \$1.05 per pound, which netted Warren \$551.85. On top of that, Tom Jr. received \$469.50 in cash or its equivalent. It was auctioned off on the Courthouse square at 2:30 P. M., Tuesday.

This was the highest ever paid for a bale of cotton in Terry county. The following is a list of the firms and amount donated:

Travis Gin, \$20.00; Brownfield Chamber of Commerce, \$25.00; Primm Drug Store, \$25.00; Brownfield State Bank & Trust Co., \$25.00; First National Bank, \$25.00; McKinney Insurance Agency, \$5.00; Western Cottonoil Co., \$10.00; Newton Implement, \$5.00; Farmers Implement, \$10.00; Steele Machine Shop, \$5.00; Shipley Tractor Co., \$10.00; Gene Gunn Tire Store, \$10.00; Sid's Cleaners, \$3.00; Collins Dry Goods Co., \$10.00, J. B. Knight Co., \$15.00; Piggly Wiggly, \$5.00; Johnson Implement Co., \$15.00;

Co-Op. Gins Are Ready To Go

The Farmers Co-Op. Gins, No. 1 and No. 2 are ready to gin cotton, according to an announcement made this week by E. A. McCutcheon, manager.

All gin machinery has been completely overhauled and reconditioned, McCutcheon said, and new burr burners and new hot rolls and vacuum motes have been installed at the south gin.

The Farmers Co-Operative society has been operating in Brownfield since 1929, and in 1936 was converted into a stock cooperative. W. A. Campbell is bookkeeper for the Co-Op's and members of the board of directors are: J. S. Smith, president; Andrew Cooper, secretary; Bill Blackstock, Ed Whitaker, James Thurman, R. C. Young and Wood E. Johnson.

More than 1,400 farmers are members of the co-op society here.

SURVEY APPROVAL SEEN AFTER SEAGRAVES MEET

Probable approval of an agricultural, economic and industrial survey of Gaines, Yoakum and Terry counties was forecast following a meeting in Seagraves Thursday night, August 23 of county officials and business leaders of the tri-county area.

The Seagraves chamber of commerce was host to the group at the meeting, which was called by Wayne Smith, manager of the Brownfield chamber of commerce. A barbecue was served to those attending prior to the meeting, which was held in the back yard of the Cliff Henry home.

A delegation from the division of business administration at Texas Tech was present to outline the scope of the survey. If approved, the survey will be made by Texas Tech.

Dr. Vernon Clover, a member of the Texas Tech faculty, told the group that factual, authoritative information could be collected concerning the resources of

Nelson Pharmacy, \$5.00; Nelson Jewelry, \$5.00; Tarpley Insurance Agency, \$10.00; Jack Cleveland Wholesale Agent, \$10.00; Tudor Sales Co., \$25.00; Akers & Dallas Insurance, \$5.00; Furr Food Store, \$5.00; Robert L. Noble, \$5.00; Hackney & Crawford, \$5.00; Kyle Grocery, \$15.00; Goodpasture Grain Co., \$15.00; M. J. Craig Motor Co., \$10.00; Herman's Gins, \$25.00; Texas Compress, \$25.00; Jack Hamilton, \$10.00; Cobb's Department Store, \$20.00; Stetson Hat; Plains Liquified Gas, 300 gals. butane; Melody Music Mart, \$5.00 in merchandise; Purcell Clothiers, \$5.00 in merchandise; Frank Daniel Furniture, \$20.00 in trade; Farm & Home Appliance, \$5.00 in trade; Hoy's Flowers, 1 dozen roses; Jones Theatres, 15 free movie passes; Herald, 1 year's subscription.

FAIR DEPT. STORE PERSONNEL NAMED

In the Fair Department Store in Brownfield, which recently staged a Formal Opening, all of the personnel is experienced and capable in their positions, according to Floyd S. Burda, who was recently named manager.

Mrs. Hazel Parker is in the ready-to-wear department; Mrs. Dovie Neal has charge of the men's wear; J. C. Watkins is in charge of the shoe department, and Miss Bernice Martin and Mrs. Hazel Hosea are general clerks. Cashier is Mrs. Evelyn Patton. Mrs. Opal Parker is in charge of the alterations, and Mr. Burda pointed out that no charge is ever made for alterations on purchases at the Fair Store.

NEW BUILDING FOR SHEET METAL CO.

Work is progressing on a new concrete brick building on the Plains highway, just west of the Farmers Co-Op. Gin No. 1, which will house the Sheet Metal Shop, owned and operated by O. A. Petsick.

Mr. Petsick, who has operated a tin and sheet metal shop here several years, will probably salvage the building housing his business just east of the new building.

Geo. Nicholson is contractor for the new building, and building materials are being supplied by a local lumber company.

Any erroneous reflection upon the standing of any individual, business or corporation will be gladly corrected if brought to the attention of the publishers.

Just sit down and read ancient, medieval and modern history for a few hours, or maybe you still keep in mind those you read when a student in high school or college. After this you will learn that any freedom that was taken from people at one time or another is hardly ever restored without force with firearms or with concerted effort at the ballot box. And you will also recall that people have had just about as hard time keeping their freedom in their own country as they have against some foreign aggressor. We have been reading of late that some without due study have advocated that all countries draw up a constitution for United Nations, and all join in accepting this constitution. All the UN now has is a charter, which some refer to as a constitution. In many ways it seriously conflicts with the constitution of the United States as well as the individual states. We believe that most people in the United States have just about reached the conclusion that the US is the goat of the organization. We have all seen that demonstrated in the fighting in Korea. The USA has not only put up about nine-tenths of the armed force, and furnished most of the money to keep the troops in the field, supplied with arms and ammunition, as well as food and clothing. Practically all the airforce is made up of US airmen. In the meantime, some of the nations of the UN, particularly England and France are actually stirring up trouble in some foreign countries, notably Iran and Indo China. Of course our US senate ratified the UN charter, but if a constitution were adopted it would not only have to be ratified by the US Senate, but by the legislatures of two-thirds of the states of the Union. Frankly, we believe that would be an almost impossibility. Most of the citizens of the US remember the words of Washington—"have no entangling alliances with any foreign nations." Yes, most of us are for peace, but not peace at any price. The burdens we are now bearing will almost wreck our nation.

President Truman asks for more money nearly every time he breathes. The latest is for 10 billion more money for foreign aid. But the congress has cut this down to some 7 billion. Most of this tax will fall on those in the lower income bracket, as those in the middle and higher incomes have about reached the limit. We wish to quote just a bit from a statement of Noah Smith, a member of the House Ways and Means Committee: "The policy of destroying by taxation the middle and upper groups has been practiced by the Socialist Party in England with disastrous

results. Today, practically the entire tax burden in England is being carried by the lower income groups. The administration's (of USA) tax advisers advocate 'killing the goose that lays the golden egg'—the middle and upper income bracket taxpayers, who furnish the capitol and provide jobs, wages and cheaper goods for the workingman." Most of us will agree that another 12 1/2 percent increase in revenue rates is unfair and destructive, and all of us should try to drive this idea through the heads of those few who think the powers that be up at Washington can hear no evil, see no evil, or do no evil. They can, however, and are at it without mercy to the taxpayer. But as long as the people of the USA undertake to feed, clothe and arm half the world, we are going to be in deep water up to our eyes. Let's see just a minute where we are: in 1913, the surtax rate on \$500,000 was 6 percent. By 1940 they had risen to 75 percent of \$2 million dollars; 1945, 91 percent of \$200,000; present law 88 percent of \$200,000, and the proposed law, 94.5 percent of \$80,000. These prosperous people are being taxed out of existence.

Time to pray, seems to be the watchword. We have it on good authority that one of our Texas railroads has been running a series of advertisements that appeal, even down to the candle stick maker. These series of ads have attracted a lot of attention of the people who live along the Texas & Pacific, as the ads have been run in papers in their area. They are based on the idea that in order to make and keep America strong, we must do four things—work, save, vote, pray. Let us quote one of these ads: "First we must work. We must work harder. We must work better. We must produce more. Second, we must save. We must save money. We must save materials. Third, we must vote. We must vote for statesmanlike leaders. We must vote for men who have courage. Fourth, we must pray. We must pray to God for guidance. We must pray to God for peace. We must pray to God in gratitude for all He has done for us and our country. That is our job. Yours and ours. If we do it well, we'll help make America strong." This may appear to be old fashioned, backwoodsy, to some people. But it was the kind of doctrine that carved out the greatest country on earth from a primeval forest in the course of 175 years. We have never known a nation that denied the divine Providence that ever reached the greatness of the United States of America. It is a drift away from the modern idea that the world owes us a living. It is the antithesis of the anti-God philosophy of Communism.

RUBBER EXPORTS REPORTED

BANGKOK.—(P)—Thailand exported 41,712,635.8 kilograms of rubber in the first quarter of 1951 compared with 34,951,945.5 kilograms in the period last year. The United States imported the largest amount—36,780,505.9 kilograms. Malaya imported 4,224,249.8 kilograms.

Curling, a national Scottish game, was introduced in the 16th century from the low countries.

Let's all learn how to work, save vote and pray.

Along in December, according to the National Safety Council, the Millionth man, woman or child will have met a violent death in these United States in one form or another, mostly traffic accidents. The Safety Council is keeping a tab to the best of its ability on fatal accidents since the advent of the automobile. Along in December, a child will dart out from between two cars; some man in a big hurry will try to pass a slow truck on a hillside; or some woman will become confused in the traffic in crossing a street, and the millionth person will have met his death. The Labor Day and Thanksgiving holidays will add a lot of victims to bring the millionth victim nearer. Did you ever think, or do you think how many people a million people are? That would constitute a large size of Detroit or Baltimore. And a million people is almost twice as many people as have been killed in all wars the USA has ever fought. But when it is announced that from 35,000 to 40,000 people are killed in one year from traffic accidents in the USA, most people don't even bat an eye. They assume an attitude of, "Well, what are you going to do about it?" But as more and faster cars hit the highways, the rate of death increases terrifically. It will have taken almost fifty years to wipe out the first million, but just 30 years to kill the second million. We may never know who was the millionth victim. The Safety Council intimates that it may not announce it, even if it knows the minute and second the millionth victim passes into eternity. The idea would give the family of the victim too much notariety. Let's all be careful of our driving during the school term particularly. Let's be careful at all times. And those who refuse to co-operate should be summarily dealt with by the law enforcement officers, no matter how prominent he is; how big his bank account, or how many lodges and clubs he belongs to. That's the only sure way of making reckless and heedless drivers think.

J. E. Gibson of near Wellman was dismissed from the Treadaway-Daniell Hospital Friday, after receiving treatment for a week for a heart ailment. He will have to stay in bed for about two weeks. His son, Pvt. Billy Gibson, who is stationed at Fort Leonard Wood, Mo., visited his parents several days last week.

Falcon Dam Progresses

Earth moving machines continue work on the international Falcon dam being constructed on the Lower Rio Grande near McAllen. Except for spillways and power plants in the river bed, the five-mile-long structure is earthen. (AP Photo).

Rules and Regulations Of VA Hospitals

In order to provide prompt and effective medical care and treatment, your cooperation in observing the following rules and procedures is requested and expected, so that the care and treatment necessary to your case may be efficiently and quickly accomplished.

1. Admission—(a) Upon admission to the hospital the clothing clerk in the basement will check your baggage, clothing and other personal effects for safekeeping. You will be given a receipt and a claim check for the items. You will be told what clothing can be taken on the wards. Valuables will be stored in a safe.

(b) The hospital is not responsible for cash or other valuables retained in your possession. Deposit cash, endorsed checks and money orders with the agent cashier who will issue you an official receipt for the sum involved. If you are admitted to the hospital after regular office hours the admission clerk on duty will take your valuables and issue to you a temporary receipt for them.

(c) Because of limited space on the ward, patients are urged to maintain only sufficient clothing to care for their immediate needs. Pajamas and bathrobes will be furnished each patient for wear during his stay in the hospital. Personally owned pajamas and bathrobes may be worn if desired. Bathrobes must be worn with pajamas at all times when patients are out of their room.

(d) You are requested to have the following papers and information available at the time you report for hospitalization.

- (1) Discharge certificate or

certificate of service.

(2) If you have ever filed a claim with the Veterans Administration, bring your claim number and the address of the Veterans Administration Office where your claim file is located.

(3) If you are requesting hospital treatment for a disability which is not service-connected and you have insurance which provides hospital benefits, bring in your policy number and the name and address of the insurance company.

Visiting Hours — (a) Visiting hours are from 2:00 p. m. to 4:00

p. m. and from 7:00 p. m. to 8:00 p. m. daily. All patients are requested to inform their relatives and friends of these visiting hours, and to ask them to come only during visiting hours, so that necessary medical examinations and treatments will not be interrupted. Only two visitors will be permitted to see a patient on the ward at any one time. Children under 15 years of age will not be permitted to visit the wards because of the possibility of contracting various diseases.

(b) Under exceptional circumstances and in the case of serious-

ly ill patients, friends and relatives may obtain permission to visit at hours other than those specified by contacting the manager's office or medical officer of the day.

(c) Ambulatory patients, their relatives and friends will visit on the ward or in the patients' recreation hall or visitors' lounge toward the rear (basement) of the hospital. This space is specifically arranged and set aside for this purpose. Visiting in the front lobby is prohibited. Ambulatory patients will use the patients' recreation hall for lounging purposes and not the front lobby.

(d) Visitors with children will please use the visitors lounge. The patients' recreation hall is primarily set aside for patients and adult visitors.

(e) Visitors will leave the Hospital promptly at the close of visiting hours. This applies equally to visitors in the visitors' lounge and the recreation hall.

(f) Visitors with colds, infections, diseases, or who are under the influence of drugs or intoxicating beverages will not be permitted in the wards.

(g) All visitors to patients must obtain permits to visit the wards or other portions of the hospital by stopping at the information desk located in the main lobby.

G. I. QUESTIONS and ANSWERS

Q—During my service in the Navy, I received two service-connected disabilities—one one during peacetime and the other during World War II. Now that I have been discharged, could I get two separate disability compensation checks from VA, one for each disability?

A—No. Only one compensation award may be paid to an individual veteran; regardless of the number of disabilities he may have incurred. However, if VA approves your claim for disability compensation, payment for your combined disabilities will be made at wartime rates, despite the fact that one of the disabilities occurred during peacetime service.

Q—Does a veteran with a dishonorable discharge have the right to file a claim for a VA benefit?

A—It is always the privilege of any veteran to file a claim with VA. But in order to establish eligibility for VA benefits he must prove he was insane at the time he committed the act for which he was dishonorably discharged.

Lena Trower will be at SHELTON'S for a Free Demonstration and Skin Analysis Sept. 19th thru 22nd. Call or write for your appointment today.

Eclipse PARK HOUND

21" CUT

Power driven wheels, power driven reel, power driven sharpener, positive action clutch, all controls on handle at operator's fingertips.

Every part of the Parkhound is designed and constructed to make this mower outstanding in the commercial cutting field. It is especially designed for use in small parks, cemeteries and large lawns. Long life and smooth power in its Briggs & Stratton four-cycle engine for years of trouble-free service.

Stricklinly Speaking

By Old He

Finally got a letter from down in old Johnson county. Brother Meeks Stricklin had rather take a whipping any day than write. But we know how to hear from him. We just write his daughter-in-law, the wife of Alton, and we get a letter, and a nice long one, and full of news from Bettie, almost by the next mail. She stated that Meeks and Violet were right then preparing to hit the highroad to Tennessee, where M. hopes to make contact with some blackeyed peas and blackberry cobbles. He'll miss the latter as the blackberries didn't even bloom this year.

Anyway, the day before, we had a belated birthday for Zeb-dee M., that told us of the Tennessee trip. Back to Bettie's letter. She let out a deep, dark secret. Along during the month that

we celebrate Mr. Geo. Birthington's Washday, they are expecting another heir apparent. As Nancy and Judy are girls, we'll bet they hope it's a boy. So do we.

And she was wishing that they'd had the glorious rains we had two weeks ago, as crops and grass are burning up—also herself, as the mercury pointed up to 105 that day, last Thursday. Then she gave us some other matters that started a train of speculation that almost blew our top. She stated that the word had gotten around that their uncle, Will Benton, had in some manner gotten wind that there was some property back in old Kentucky belonging to his mother's family, the Johnstons, and that some of the heirs were right there in old Johnson county, among them the offspring of the late Mrs. J. Y. (Johnston) Benton. So, Will was corresponding

for the rest of the family.

But the reason we got to speculating was: Now what if that property consists of a huge blue grass farm, a large stable of racing horses? Will being both very moral and a good Methodist, wouldn't think of training and gambling on those steeds—not on your tintype.

On the other hand, suppose it is a big distillery? Will has been a total abstainer and ardent pro all his life. What would he do with all that legal whiskey? Why of course he could sell it to people who think it just as right to make whiskey within the law, as it is to raise cotton.

Still speculating, suppose the will called for Will's marriage to a 7th cousin, last removed, in order to keep the property in the family? Will is now around 60, and as near as a confirmed bachelor as one ever got to be, if there is such a thing as confirming a bachelor. Then we just decided to just wait and cross the bridge when we get to it. To say the least, we hope the Benton family gets the property, little or great. They are really deserving folks.

Yep, school is tending again. In just a few days all of us poor mortals that live near a school will know it. There will be paper cups and napkins all over our yards. And this reminds us of the Lubbock Avalanche-Journal that had a row of eight youngsters in line on the front page one day last week, who were "happy" to get back to school. Bunk—pure bunk. The photographer likely had promised the posing youngsters an ice cream cone to grin.

But the photographer got good pictures of the kiddoes. And speaking of newspaper pictures, we see a lot of them that we know pretty well, but we have to read the "from left to right" de-

scription thereunder before we are able to recognize the birds.

Well, that man, Dr. Alfred A. Brian, finally called on us, and he had a crow, or maybe two of them to pick. In one place in reporting him being vice president of Howard Payne College in Brownwood, we'd Dr. and in another, Rev. It cost us a 10c cupa coffee to get out of the scrape.

As he was hurrying along to the Brian reunion over at Plains, he did not tarry long. The Brian family is getting kinder scattered. Reason: Baptist preachers are called and "son!" as the old dorker says. The one at Plains is moving out in sight of the Pacific ocean, and still another is an army chaplain almost in sight of the east coast.

Man is a peculiar animal. Sometimes he forgets how he happened to be here and ties into things he can't do. We read recently that some architect had tried to plan a tabernacle like the one the children of Israel had in the wilderness, and for years after they reached the land of promise. But he couldn't "cut the mustard." No wonder, so far as we are concerned.

God himself gave the plans to Moses just as he gave the plans to build the Ark. Men have to have plans and specifications, just as women go by patterns to make garments. God gave no one the plans of the Ark or tabernacle save the men who built them. Moving on down to our time, how many men do you know who could plan such a church as Christ built?

The Cruces, Luther and Bessie, moved out in the wee small hours Sunday for their second home on Possum Kingdom lake. They were trailing a concrete mixer, as he aims to do a little concreting

about his place down there. But Luther will just see that the other fellow does it. He is not physically able to do such heavy work. But he can still fish.

We had a communication this week from a fellow editor, but this one happens to be encased, being the inmate editor of the Texas Prison Echo, that is. The burden of Editor Emil Bock's request is concerning their rodeo, at the prison plant in Huntsville, which runs every Sunday in October.

We believe a fellow Terryite, Milt Good, had a great deal to do with the origination of the prison rodeo. Old timers will remember that he and the late Tom Ross of Gaines county were sent up for killing two cattle inspectors in a hotel in Seminole some 25 years ago.

Milt was a natural born cowboy and cattleman as well as Ross. But Milt had played the rodeos in this area for many years. So, when he went to prison, the idea of thrills and spills still lingered, and he soon had the prison rodeo under way.

But it has grown up and now instead of one weekend, they have each weekend in October each year, and only prison inmates ride, rope and bulldog, and more than 100,000 people from out side the walls, now pay to see the rodeo each year. They include some of our most notable citizens, from the governor on down.

Well, labor day has come and went, but outside of the barber shops and banks closing, and a few flags out, you'd hardly recognize it here. In fact, most all the natives just kept on laboring on that day. This holiday is generally more diligently kept in towns with lots of union labor. Brownfield has not reached that point to now.

This and we close. An officer approached a drunk who was trying with might and main to get his key into the car door, and said: "Look here, you don't mean to tell me you aim to drive that car?"

"Sure," replied the soak. "Can't you see I'm in no condition to walk?"

Crescent Hill Church Of Christ News

Bible School attendance was slightly higher than the week before, we had 363 present in the Bible classes yesterday morning. There was a building full for the regular services. Yesterday there were six additions to the local Church, four baptisms, and two to place membership. About four hundred came for the services Sunday evening.

An afternoon singing was enjoyed by a crowd of about 200. Visitors were present from Seminole, Wellman, Seagraves, Loop, Ropesville, Tahoka, and other places. This singing is a regular monthly feature of the Church of Christ of this area, being held on the first Sunday of each month. The next First Sunday singing will be held at the Church of Christ in Seminole.

On Thursday evening of this past week, the Young People's class of the Church gave Bro. Sam Chisholm a going away party. The party was organized by Glen Paden, Wesley Price, Deane Harrell, Orville Miller and others of the Young People. As a going away present Sam was given a small radio. Sam has taught the Young People's class for the past year, and has been instrumental in building it up to its present size. There are about 60 in this class of high school young people. He will be teaching this fall in Harding Christian College at Searcy, Ark. Bro. O. B. Stamper will take this Young People's Class.

Make Use Of Your Home Freezer

Leave room in your home freezer for plenty of fruits and vegetables, says Macona Cox, foods and nutrition specialist for the Agricultural Extension Service of Texas A. & M. College. The nutritive value and flavor of frozen foods are nearer that of the fresh product than any other means of preservation, the specialist adds.

Miss Cox suggests five steps to successful freezing of foods: first—start with a good quality product. Freezing does not improve quality, just preserves it. So select fruits and vegetables of good variety and harvest at the right stage of maturity.

The second step is careful preparation and speed. Prompt handling, chilling and freezing helps retain quality.

The third step is select containers which are moisture and vapor-proof to keep the product from losing flavor, color, food value, and changing in texture.

Then, freeze quickly at the right temperature. Home freezers are designed primarily for storing foods, but you can freeze small quantities of vegetables and fruit by placing the packages against the bottom or sides of the freezing chamber with space left around them, for air circulation.

The last step in successful freezing of fruits and vegetables is to store them at zero degrees F. If the temperature rises, the food changes in color, flavor, and loses food value.

For these five steps, detailed tables and directions for different fruits and vegetables, get a copy of the bulletin B-175 "Frozen Foods, How to Freeze, How to Cook," from your county extension agents' office.

Late Summer Care Of Fruit Orchard

The heavy end of the peach season in most sections of the state is about over—but there are jobs in the orchard that shouldn't be neglected. According to John Hutchison, Extension Horticulturist of Texas A. & M. College, now is the time to check each tree for San Jose scale.

This tiny sucking insect often spreads throughout the orchard during the late summer and early fall. It may be carried from tree to tree by the wind, on the feet of birds or the insects may move about on their own. It soon becomes established and may do serious damage to the trees. The scale is first noticed as a gray ashy surface on the bark of the tree.

Hutchison says if it is found, steps should be taken to control it or else check its spread until effective control measures can be applied. He recommends the use of a solution made by mixing one pound of dry lime sulphur in three gallons of water. The solution should be applied to the trunk and framework branches of the tree and he adds, an old paint brush makes a good applicator. He cautions against allowing the solution to come in contact with the foliage because it will burn the leaves.

This is only a stop-gap remedy but will help hold the insects in check. Effective control can be obtained by spraying the trees with a three per cent oil spray during the winter season when the trees are dormant.

Weeds should not be permitted to take over the orchard. Shallow cultivation will take care of them even though the soil may be very dry. Trees need all the moisture and plant food that is available, says Hutchison. During this period, the fruit buds that will produce next year's fruit crop are being differentiated. Plant food is being stored in the tissues of the plants which will help keep the tree healthy and insure a good fruit crop next year.

The dry, hot weather, points out Hutchison is all the more reason why the best of care should now be given to the peach orchard. All fruits that are still on the ground should be collected and removed from the orchard for the mummies or dried fruit may contain both insects and diseases that could cause lots of trouble later on.

The care given orchards at this season may well determine the productive life of the trees and with it success or failure of the orchardist.

TRAIL BLAZER - with plenty on the ball

How long since you lifted the hood of a car, and took a good look at what's beneath?

We like to have folks do that with a Buick.

You'll find that broad bonnet isn't put there for show. It's packed with horsepower—high, wide and handsome—more horsepower than normal drivers will ever use in full.

And—if you're up to date on modern features—you'll find that this bonnet is packed with these too.

Do you know, for example, that every new engine introduced or previewed in recent years is built on the valve-in-head principle?

Score one for Buick. No Buick engine has ever been built in any other way.

Do you know what it takes to make full

use of high compression? A valve-in-head engine!

Score two: Buick has been stepping up compression ratios for years.

But Buick has blazed one trail which other engines still haven't followed—don't ask us why.

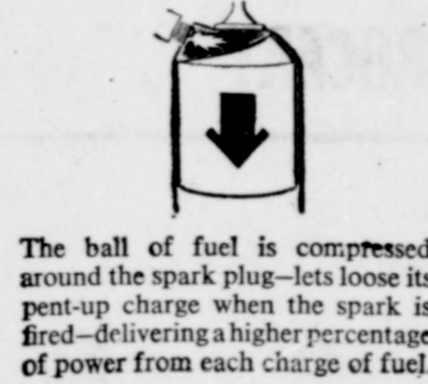

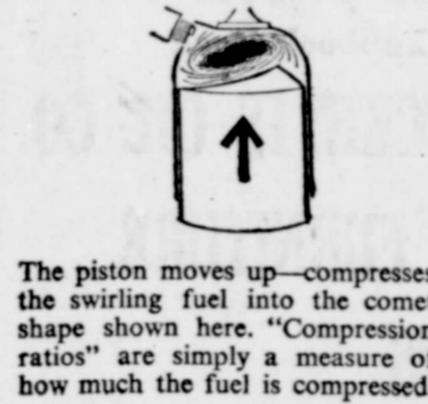

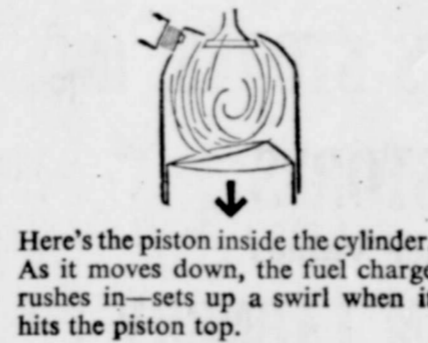

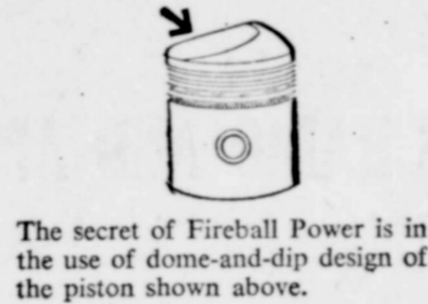

Every Buick has a Fireball Engine which, as we've said before, is like having a string of comets by the tail.

Fact is, in every flame-packed cylinder there is a comet—rolled into a swirling ball by a special turbo-top piston—touched off by a flashing spark every 5 inches you travel in a Buick.

That's why we're proud to show folks that Buicks have a Fireball Engine—and prouder still to have them take one of these thrilling performers out on the road.

Want to try it? Come in and see us soon.

Equipment, accessories, trim and models are subject to change without notice.

It's Everyone's Job To Prevent Fires

The continued hot, dry weather has created a situation that is "tailor made" for grass and range fires. Grass and other plants along the highways, in parks and pastures and ranges are all tinder dry and there are a lot of ways fires can get started. However, just plain carelessness or failure on the part of people to observe the rules of safety as they relate to fire account for a majority of the destructive grass fires.

The State Farm and Ranch Safety Committee of Texas, headed by J. Walter Hammond of the Texas Farm Bureau Federation and E. C. Martin of the Agricultural Extension Service are very strong in their plea for every citizen of the state to join with them in conducting a campaign to hold down grass fires. They point out that the livestock industry of the state is basically dependent upon the grasslands of the state for its existence. A livestock producer without grass for his cattle is fighting a hard battle with a short stick. A blackened range caused from a fire that was started by a carelessly thrown cigarette, cigar or match can put a producer or producers out of business. Most would not be able to purchase feed to maintain their head over any considerable period of time.

The nation needs every pound of meat that can be produced, say the committee leaders, and grass is our cheapest source of livestock feed. It must be protected. They urge the organization of community and county groups for combating grass fires. The local neighborhood groups should be coordinated on a community and county basis so that if necessary, an effective fighting force could be gotten together in the shortest possible time in case of a major outbreak.

Ranges should be protected by fireguards. Hazards that might possibly cause fires should be eliminated. Glass bottles have started many fires. They act as a magnifying glass and when the sun's rays reach the proper angle, almost any bottle may concentrate the heat from the sun sufficiently to ignite dry grass. Fires, for any reason, should not be started, says Hammond unless they can be controlled. Trash should be burned in a closed incinerator so as to eliminate the possibility of starting a grass fire.

Motorists are urged to snuff out the fire on cigarettes or cigars before tossing them onto the highway. Many fires are set by motorists who never know what they have done for they are usually miles down the road before the fire is discovered. Those who drive in the country are urged to be on the lookout for fires and should report them when found. A small fire can usually be put out before it has a chance to spread, while on the other hand, if permitted to go unchecked, it may be out of control before it is discovered.

The leaders think the situation is critical enough in many sections of the state to warrant the beginning of a widespread campaign and warn that the next big fire may be right in your community unless steps are taken to prevent or put out a fire should one get started.

George Washington had sandy hair and blue eyes.

When a coot is being chased by a hawk or an eagle, it sometimes dives at full flight into water.

19 Years or Under

Little Nita Wilson (left), 4, and Tom Bouchier (right), 7, couldn't seem to convince three Junior Rodeo officials in Post, Tex., that they were old enough to enter the rodeo. The entry blanks said "19-years-old or under," but the judges ruled the children were a bit too young to compete. Show officials (left to right) are: Jack Schmidt; Jack Kirkpatrick, Junior Rodeo manager; and Roy Josey, Rodeo Association president. (AP Photo).

Behind The Scenes A Texas Gal To Fight The Bulls

By Reynolds Knight

NEW YORK—Among all the astronomical million and billion-dollar figures tossed around in discussing the defense rearmament program, \$25 wouldn't seem to mean much. But when it comes to paying for the defense program, \$25 is the figure that does a tremendous part of the job.

The Treasury's latest report on defense bond sales shows that purchases of \$25 and \$50 bonds—the standby of the working man—are currently 11 per cent higher than last year. On the other hand, sales of the giant \$1,000 bonds—favorite denomination of the big investor, have dropped 39 per cent below last year.

So it would seem that the working man is the one who is doing most of the digging-down to support the government's program. Even so, plans are all set to put on a major selling campaign for defense bonds in the fall. One of the ways suggested by the government to boost sales would be asking workers to take their overtime pay and "productivity" bonuses in bonds instead of cash. This, of course, would be strictly on a voluntary basis, but could be a very effective way of saving some of that extra cash.

"Prohibition?" The Senate Finance committee heard in Washington this week that bootlegging is again big business. Ralph T. Heymsfeld, general counsel of a distillery company, told the Congressional group that present federal liquor tax rates are resulting in "prohibition by taxation." Speaking as vice-president of a distilling institute, Heymsfeld argued against a House proposal to raise the federal liquor excise from \$9 to \$10.50 per gallon. He estimated that if the tax were raised to \$10.50, as proposed in the House bill, it would mean a \$67,000,000 gross loss in revenues; \$17 million to the federal government and \$50,000,000 to the states. Already, he said, federal revenues from the present \$9 tax have started to decline. And he pointed out that bootlegging today is nearly as prevalent as it was at the peak of prohibition, when government agents were seizing about 22,000 stills annually.

Hot Rod Drivers Warned By TSA

The Texas Safety Association today made an appeal for safe and sane driving to drivers of "Hot Rods." A. W. Breeland, TSA president, stated that quite a number of complaints have been received from throughout the state regarding reckless and dangerous driving committed by hot rod drivers. Many of these vehicles are said to have illegal equipment, such as muffler cut-outs and straight exhausts. Speeding, racing and a flagrant violation of the rules of the road have been reported in several communities.

Parents should counsel with their teen-age children to see that they drive according to state and local traffic regulations, and that the vehicles themselves comply with the law relative to lights, brakes and other equipment.

President Breeland appeals to parents to encourage their children, of legal driving age, to enroll in driver education classes when school convenes this September. He stated that nearly half of the secondary schools of Texas now offer these courses, and that more will probably offer them if enough interest is evidenced locally. Records, thus far, prove amazing results from this training, as young drivers who are trained in school are seldom involved in accidents, while thousands of untrained teen-agers each year are involved in serious traffic mishaps.

Two new traffic laws are expected to help curb accidents, and they may effect hot-rod and their drivers who do not comply with safe driving rules. The vehicle inspection law will require all vehicles to have a thorough mechanical inspection and make any repairs and adjustments that might be needed. This inspection must be done before the vehicles can be registered. The Safety Responsibility Act, effective January 1, 1952, may be invoked against drivers involved in accidents with a resulting death, personal injury, or property damage of one-hundred dollars or more.

Miss Collier Honored With Bridal Shower

Miss Wanda Collier, bride-elect to Jimmie Keith Wade, was honored with a miscellaneous shower from four to six o'clock Friday afternoon, August 31, at the home of Mr. and Mrs. Leonard Lang, 710 E. Broadway.

Tentative date for the wedding is September 21, to be solemnized in Cheyenne, Wyo., where Pfc. Wade is stationed in the air force.

Hostesses for the party Friday with Mrs. Lang were Mesdames L. B. (Shorty) Forbus, A. J. Stricklin, Sr., Herman Chesshir, H. R. Winston, Jess McWhirter, Joe Chisholm, Norene Hudspeth, Anna Belle Barrow, Ches Gore, Jimmy Wood, Olive Rackler, and Earl Brown, and Miss Creola Moore.

Guests were greeted at the door by Mrs. Lang, who presented Miss Collier, her mother, Mrs. Roy B. Collier, and Mrs. D. V. Wade of Lamesa, mother of the prospective bridegroom.

The bride elect's chosen colors, wine and white, were used in floral arrangements and decorations in the entertaining rooms. A large mirror above the mantle reflected a heart-shaped arch covered with silver lace blooms, flanked with wine dahlias. A miniature bride and groom stood before the arch, and the groom was dressed in the air force uniform.

Miss Carole Wade of Lamesa, sister of Pfc. Wade, presided at the guest register in the den. The bride's book was on the desk, beside a crystal vase holding large wine and white dahlias. Approximately 250 guests were invited.

The refreshment table was covered with a white linen Italian cutwork cloth. Miss Dixie Brown served wine colored punch from a crystal bowl surrounded with silver lace blooms. Wine and deep dahlias in a crystal bowl surrounded with silver lace blooms. Wine and deep pink dahlias in a crystal bowl formed the centerpiece, with streamers of wine ribbon extending from the flowers with "Wanda and Jimmie" printed in white on the ribbon. Wine colored candles in crystal candelabra flanked the centerpiece. Dainty white and wine rolled sandwiches, nuts and mint completed the refreshments. White napkins were inscribed "Wanda and Jimmie."

On the credenza in the dining room was a light wine dahlia in a crystal bowl, with one wine candle burning in a crystal holder.

Gifts of china, pottery, crystal, silver and numerous others were attractively displayed in the bedrooms. Red roses in a Marine globe centered the table displaying the china. Bouquets of pink, white and wine dahlias, and pink foxgloves were arranged in the display rooms.

Gift Party For Miss Collier Given At Lamesa

Mrs. H. H. Wright entertained with a gift party honoring Miss Collier at her home in Lamesa on August 22.

Assisting Mrs. Wright with hospitalities were Mesdames R. E. Sellers, Jack Miles, C. C. Medlock, Lewis Prather, Marvin Grasham, Garner Jones and W. A. Rowan.

Miss Collier, her mother, and Mrs. Wade were presented by Mrs. Wright as she greeted guests at the door.

Bouquets of deep red roses made the entertaining rooms more attractive. Punch and cookies were served by Miss Vernelle Ball from a table laid with a lace cloth. Music selections were offered by Miss June Wright during the calling hours, from three to five o'clock.

A large array of beautiful gifts was received by Miss Collier.

MRS. FRANK BALLARD ENTERTAINS CLUB

Mrs. Frank Ballard entertained members of the Gala Bridge Club at eight o'clock Thursday night, August 29, at her home, 702 E. Cardwell.

During the games Mrs. Mike Barrett placed high, with Mrs. Harmon Howze scoring second high. Mrs. Crawford Taylor and Mrs. Barrett won the bingo prizes.

Refreshments consisting of a sandwich plate were served by Mrs. Ballard to Mesdames Barrett, Taylor, Howze, Orb Stice, Doug Jones, Herbert Chesshir, T. J. Hoy and Miss Sue Jones.

PERSONAL ITEMS

Mr. and Mrs. B. L. Hunter and Roy Lee of Amarillo visited his mother, Mrs. E. Hunter, and his brother-in-law and sister, Mr. and Mrs. Frank Jordan here last week. They went to Ruidosa, N. M., on Tuesday, and came back to Brownfield on Thursday.

Mr. and Mrs. Frank Jordan and Mrs. Clemmie Hamilton visited Mrs. H. G. Smith in San Antonio last week end. Mrs. Smith is the daughter of Mr. Jordan. Mrs. Hamilton also visited her daughter, Mrs. Mildred Irene Reich, and Mrs. Oscar Adams, in San Antonio.

Mrs. Norman H. Grine went to Tulsa, Okla., Thursday of last week and returned home Sunday. She attended the wedding of a friend in Tulsa. Mr. and Mrs. Grine moved here in June, and she is secretary to Supt. O. H. Douglas at the Brownfield school, and Mr. Grine is employed by Stanolind Oil company.

Mr. and Mrs. Loe Miller visited her sister and family at Brownwood several days last week. Mr. Miller was confined to the Treadaway-Daniell Hospital here a few days, and was dismissed last Friday.

Miss Gracie Jordan of Los Alamos, N. M., visited her sister, Mrs. Frank F. Weir, here several days last week. Mrs. Weir and daughter, Nancy, accompanied her home on Thursday and visited last weekend in the homes of Mr. and Mrs. Jackson C. Jordan and Mr. and Mrs. Hugh Jordan in Los Alamos.

Mr. and Mrs. Charles Bilby and family of Ballinger, Mr. and Mrs. Emmett Bennett of Sweetwater, and Mr. and Mrs. C. W. Bednar of Lubbock visited recently in the home of Mr. and Mrs. Vic Atwood.

Tom Verner's smiling countenance invaded our sacred sanctimonious this week. First time that Meadowite has called in several new moons. Just had a little ad he wanted to run in this well read weekly. Tom is one of the old timers up there, and a good Meadow and Terry booster.

Brian Family Has Reunion At Plains

A family reunion was enjoyed at the home of Rev. and Mrs. W. P. Brian at Plains, Saturday. Rev. and Mrs. Brian are leaving next week for Dos Palos, Calif., where he has accepted the pastorate of First Southern Baptist Church. He has been pastor of the First Baptist Church at Plains the past three years.

Those attending were Dr. A. A.

Ruth Class Honors Miss Sydney Allison

Miss Sydney Allison, who is studying for missionary work at the Bob Jones University, Greenville, South Carolina was honored with a surprise shower last Friday night, August 31, when members of the Ruth Sunday School class of the First Baptist church entertained in the home of Mrs. Sid Lowry, 806 E. Hester.

Assisting Mrs. Lowry as co-hostess was Mrs. W. F. Tipton.

Miss Allison is an honorary member of the Ruth Sunday school class. She left Saturday to return to the university, after a visit with her sister, Mrs. George Pennington.

Gifts were presented the honoree in a unique manner, when she was chosen "Queen for a Day," and she received a large basket containing many beautiful gifts.

Those present were: Mesdames Ted Odum, R. D. Shewmake, Hubert Colbert, E. E. Preston, W. D. Pierson, C. W. Dennison, L. F. Buford, Delton Latum, Leonard Willis, Robert Darnell, Eulace Farrar, Bill Jones, H. H. Sherrard, Lucy Cowan, George Pennington, Elvis Moore, Glyn Bilberry, Reuben Leach, and W. Ray.

Mrs. James Fitzgerald is teacher of the class, but she was unable to attend the party. A number of gifts were sent by persons who could not attend.

Mr. and Mrs. Foster Shirley and daughters of San Angelo visited in the C. E. Mitchell home last week end. Mrs. Shirley is Mrs. Mitchell's sister. Also Mr. Roy Campbell of Sweetwater, Mrs. Mitchell's father, visited with them.

Mr. and Mrs. Jim Graves of Seminole, accompanied by his mother, Mrs. G. W. Graves of Brownfield, visited in Amarillo last week end.

Mr. and Mrs. Gene Leach visited with his parents, Mr. and Mrs. Ras Leach, and her grandparents, Mr. and Mrs. S. R. Thrasher, in Kilgore over the Labor Day holiday.

Brian of Howard-Payne College, Brownwood; Rev. and Mrs. Walter L. Brian and family of San Angelo; Rev. and Mrs. D. D. Brian and family, Turlock, Calif.; Mr. and Mrs. J. F. Briscoe, Morton; and Mr. and Mrs. A. A. Howard and family of Silverton. Rev. Brian's brother, Sam, who is a chaplain-captain in the air force, stationed at Fort Benning, Ga., was unable to attend the reunion.

Mr. and Mrs. James Shepherd left Sunday for a ten day visit with Mr. and Mrs. Joe Shepherd in Los Angeles, Calif.

Bridal Shower For Mrs. Gene Foust

A bridal shower, honoring Mrs. Gene Foust, the former Miss Patsy Bowlin, was given in the home of Mrs. Milton Briscoe, August 16, with Mrs. J. G. Cabel as co-hostess.

Guests registered on a table decorated with pink and green, the bride's chosen colors. Mrs. Junior Briscoe presided at the register.

Misses Betty and Peggy Briscoe presided at the refreshment table, which was covered with a white linen cloth. Pink carnations formed the centerpiece.

Gifts were displayed by the hostess, and approximately forty guests called during the afternoon.

Mrs. Ray Hughes Is Party Honoree

The Bill Blackstock home was the scene for a coffee Tuesday, August 28, honoring Mrs. Ray Hughes, who is moving to her ranch near Tulsa, Okla. Hostesses with Mrs. Blackstock were Mrs. Addie Isbell and Mrs. Robert Walker.

The entertaining rooms were decorated with huge dahlias from the Blackstock garden, and Mrs. Hughes was presented many lovely gifts.

Guests included Mesdames W. H. Dallas, Tom May, Frank Weir, Allie Graham, A. T. Pickett, Virgil Bynum, Sherman Mitchell, Weldon Ridgeway, E. G. Black, Paul Blackstock, John Calvin Shinn, Leroy Grawander and Annie Hunt.

Mr. and Mrs. James Evans visited his father in Corpus Christi last week end.

Mrs. H. R. Winston and Mary and Johnny returned last week from Socorro, N. M. Mrs. Winston's parents, Mr. and Mrs. J. C. Whisenant, were in Brownfield for the marriage of Miss Glenna Fae Winston and Calvin Stevenson, and Mrs. Winston and son and daughter accompanied them home to New Mexico.

Mr. and Mrs. Hubert Lewis and daughter, Jeanette, of Monohans, visited last week end with his mother, Mrs. Eula Lewis, and her parents Mr. and Mrs. Rube Anderson.

Mr. and Mrs. James Shepherd left Sunday for a ten day visit with Mr. and Mrs. Joe Shepherd in Los Angeles, Calif.

Zelma Foote And Stanley Miller Wed

Mr. and Mrs. Stanley Miller
(Photo Courtesy Mary Winston)

In an impressive ceremony read at the Calvary Baptist Church at 5 o'clock Saturday afternoon, Miss Zelma Foote became the bride of Stanley Miller. Dr. A. A. Brian, vice-president of Howard Payne College, Brownwood, officiated with the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Ernest Foote, route 2, Seagraves, and the groom is the son of Mrs. Mary L. Miller, 502 E. Oak St., Brownfield.

Vows were exchanged before the altar, which was flanked with baskets of white gladioli and tropical foliage.

Before the ceremony, Miss Joan Nipp played "Deep Purple" and "Star Dust," and she accompanied Alton Webb as he sang "Because and 'I Love You Truly.'" She also played the traditional wedding marches.

Given in marriage by her brother, Leon Foote of Brownfield, the bride wore a street length white satin dress, with Chantilly type lace over the skirt. She also wore a halo of small flowers with a veil of bridal illusion net. She carried a white Bible, topped with white roses and white carnations on blue lace net. For "good luck" she wore a penny in her shoe; something old and borrowed was a string of pearls belonging to Miss Marlene Starnes; and for "something blue" she wore a blue garter.

Miss Wilda Foote of Seagraves, was her sister's maid of honor. She wore a light blue taffeta dress with white accessories, and her corsage was of pink carnations.

Cpl. Darrell Dodson of Fort Hood, Texas, served as best man. Ushers were Boyd Pearce and Frank Gorton, both of Brownfield.

The home of Mrs. J. B. Jeffery

MR. AND MRS. HUGHES DINNER HONOREES

The Terrill Isbells entertained in their new country home recently with a fried chicken dinner and all the trimmings, honoring Mr. and Mrs. Ray Hughes, who are moving to their ranch home near Tulsa, Okla.

The living room was beautifully decorated with wine gladioli and greenery. The entrance table contained a large horseshoe with an inscription, "Good Luck, Ray and Edith", a huge white cake with the Hughes' insignia made of red cherries.

Guests included Mr. and Mrs. Robert Walker, Mr. and Mrs. Pat Cunningham, Mr. and Mrs. Bill Blackstock and daughters, Mr. and Mrs. Weldon Ridgeway and sons, Mrs. Annie Hunt and the honorees.

Bridal Showers Given Miss Foote

Honoring Miss Zelma Foote, who became the bride of Stanley Miller in a ceremony read at the Calvary Baptist church last Saturday afternoon, a miscellaneous shower was given at the home of Mrs. F. G. Cypert, south Tenth street, Thursday afternoon, August 30.

Assisting Mrs. Cypert was Mrs. Leon Foote and Mrs. Myrtle Johnson.

Mrs. Cypert greeted guests at the door, presenting them to the bride, her mother, Mrs. Ernest Foote, and her sister, Miss Wilda Foote, both of Seagraves, and the bridegroom's mother, Mrs. Mary L. Miller, and his sister, Mrs. Nathan Evans.

Guests called between five and seven o'clock, and 115 were invited. Miss Lena Ruth Cypert presided at the guest register.

Clusters of red verbenas and orchid flowers decorated the entertaining rooms. Punch and cake were served from a table covered with a white linen cloth, centered with red verbenas. Crystal and silver appointments were used.

A large array of gifts were presented the honoree.

PERSONAL SHOWER HONORS BRIDE

Misses Lena Ruth Cypert, Ann Brooks, and Winnie Jeffery entertained with a personal shower on August 23, honoring Miss Foote. The shower was given in the home of Mr. and Mrs. F. G. Cypert.

Brownies and punch were served to the following who attended: Mesdames Truman DuBose, J. J. Brooks, J. B. Jeffery, F. G. Cypert, Ernest Foote, and Misses Wilda Foote and Ella Wood, and the honoree.

Costume Party To Be At Country Club

A "suppressed desire" costume party will be held for adult members of the Brownfield Country Club and their out of town guests at the club house Thursday, September 13, at 8 p. m., it has been announced.

All members are requested to wear costumes representing their "suppressed desire," such as pirate, ballet dancer, prima donna, etc. A fine will be levied on members not appearing in costume, and prizes will be given for the best costumes.

As added entertainment at the party, two bathing beauty revues will be held. The winners of the revues will be crowned "Miss Well Done of '51" and "Miss Over Done of '51", and will be awarded trophies. The revues will be conducted according to Atlantic City rules, with contestants being judged for both beauty and talent. There will also be additional entertainment.

This party will also be the christening of the newly redecorated recreation room. The room has been paneled in sand-blasted knotty pine and double doors and a picture window have been installed in the south wall. A concrete terrace will open off the south entrance of the room.

All members are urged to attend this "suppressed desire" party, which is the first main club event for the fall season. Curtis Sterling, president of the club, announces that several other entertainments are being planned for the fall and winter.

Visitors in the home of Mr. and Mrs. Virgil Absher are her grandmother, Mrs. M. E. Tapp, and her uncle and aunt, Mr. and Mrs. Horace Williams, all of Houston.

Check Party Honors Lois Marion Wingerd

The largest group of "Old Timers" were together for the first time in a number of years Monday night, when Miss Marion Wingerd, daughter of Mr. and Mrs. L. M. Wingerd, who is to marry L. M. Woodruff of Matador Saturday, was named honoree at a "Check" party at the home of Mr. and Mrs. A. J. Stricklin, Sr., 106 E. Broadway.

The original "Check" party was given in December, 1922, when members of the Old Timers club honored Mrs. Wingerd, the former Miss Lois Brownfield, Terry county's first baby. Mrs. J. L. Randal and the late Mr. Randal entertained at that time, and Mrs. Randal originated the "Check" party.

Members of the houseparty for Monday night's affair were Mesdames Stricklin, A. R. Brownfield, J. L. Randal, Geo. E. Tiernan, L. R. Pounds, Percy Spencer, Ann Hunt, W. H. Dallas, W. A. Bell, W. B. Downing, E. A. Graham, J. C. Criswell, and A. A. Sawyer.

Approximately 300 persons were invited, and Mrs. Criswell presided at the guest register. On the table with the Bride's book was an arrangement of princess feathers and silver lace blooms, beside an antique lamp that has been in the family of Mrs. Stricklin, Sr., a number of years.

Garden flowers and wild flowers were used in all the entertaining rooms, including attractive arrangements of sunflowers, zinnias, princess feathers, silver lace blooms, cosmos and crepe myrtle. On a mantle in one of the bedrooms was a bouquet of blooms that are crossed between orange and lime tree blooms, reflected in a large mirror.

Visiting and recalling old times, guests spent an enjoyable evening. After the group assembled in the spacious yard at the Stricklin home, Mrs. W. G. Hardin, great-aunt of the bride-elect, read two original poems, one entitled "My Home Town," which is printed in this week's issue of the

Herald. The other was "Tenderfoot." She composed both poems and recited them from memory.

Mrs. Randal presented Miss Wingerd a silver tray, similar to the one presented her mother 29 years ago. She also showed the tray the Old Timers club gave Mrs. Wingerd. Marion's tray will be engraved similar to that of her mother's, which read "Wedding Gift from Old-timers of Brownfield to its first child, Lois." Miss Wingerd accepted the gift and thanked those bringing "checks" for the purchase of the tray.

Many of the guests and members of the house party were appropriately dressed in "checks" and the check theme was used in window curtains and other decorations.

Refreshments of cookies and cakes were served from the table covered with the same checked cloth that was used at the original check party. Princess feathers in a crystal basket centered the table, and crushed ice around the cakes was placed in containers covered with silver lace blooms.

James Harley Dallas, John Bill Spencer, Joe Shelton, and Jack Stricklin, Jr., served the refreshments.

Old timers agreed that the "Old Timers Club" should be revived, and all of them get together more often.

Mrs. W. H. Dallas and Mrs. Roy Herod offered numerous piano selections during the refreshment hour.

OLD TIMERS PARTY

The following was copied from the December, 1922 files, regarding the above story:

Though busy be the times, John and Jessie quit rolling pills long enough to entertain the old timers in their regular revelry of 42ing at their home last Monday night. The meeting took on an added feature, when it was suggested that each old timer might bring a check of not less than 25c and not more than \$100

to create a fund to purchase a nice piece of silverware with a fitting engraving as a wedding gift from the old timers to Miss Lois Brownfield, following the party. In harmonious keeping with this idea, the men were to wear "cotton checked" ties and the ladies "checked" dresses, which they all did except some of the recently married ladies, and upon noticing same, one old sister remarked, "Well, when they have been married as long as I have they will be glad to get a checked dress." Some of the men's ties were formed from the apron strings—but that's all right. Jessie had the tables neatly covered with checked covers, checked window curtains, and checked score cards, but all this did not check the game.

Soon after the game was underway, punch was passed to all, and then Pappy John, acting as toastmaster in his amiable way and eloquent words, made known this feature of the occasion and tendered the gift, and then amidst tinkling glasses and cheerful applause, they all drank to the health and happiness and prosperity of the baby-bride-to-be, who promptly responded with her thanks and appreciation, and reaffirmed her remembrance of the old timers of Brownfield and invited all of them to her wedding.

Then the interesting games went on, sweetened by cake and tea, till the wee hours bid them go home.

And thus, many of the neighbors and old friends, too numerous to mention, passed another joyful and harmless evening.

The next party will be at Mrs. W. C. Smith's under the joint invitation of Mrs. Smith and Mrs. Raymer, on Monday night, Jan. 1, 1923. There is no telling what

you will miss by not coming... Wuf-uv-em.

MRS. ELDORA WHITE BREAKFAST HOSTESS
Sunday morning, Mrs. Eldora White, 415 East Hill, entertained at breakfast for Miss Wingerd and her fiancé, Glenn Woodruff of Matador. Besides the honorees, guests were Mr. and Mrs. L. M. Wingerd and Mrs. Morgan L. Copeland.

TROUSSEAU MODELED FOR HOSTESSES

Mrs. Wingerd and Marion entertained at their home, 221 E. Cardwell, at six o'clock Tuesday evening, when a part of the trousseau for the wedding was modeled.

About 35 persons attended the informal party, including hostesses for the bride elect the past few weeks.

REHEARSAL DINNER AT CLUB HOUSE TONIGHT

Aunts of Miss Wingerd will be hostesses to the rehearsal dinner for the bridal party tonight at Seleta Jane Brownfield Clubhouse. Hostesses will be Mesdames Ike Bailey, Lee Brownfield, Lal Copeland, Jack Shirley, and Joe Bailey of Lubbock.

CARD OF THANKS

We wish to express our heartfelt thanks and appreciation to our friends for the many deeds of kindness rendered during the hours of sorrow during the illness and death of our loved one, Mrs. A. D. Murphy—A. D. Murphy, Mrs. E. E. Baker, Mr. and Mrs. E. M. Murphy, Mr. and Mrs. W. C. Smith's under the joint invitation of Mrs. Smith and Mrs. Raymer, on Monday night, Jan. 1, 1923. Freezer Odors Hard To Remove

If your home freezer accumulates unpleasant odors from spoiled food, you may have difficulty removing them.

Mrs. Bernice Claytor, Home Management Specialist for the Extension Service of Texas A. & M. College suggests several methods of dispelling the odor from the freezer. First, try washing all the interior surfaces of the freezer with plenty of soap and water. Then go over them with a cloth wrung from clear water. Wipe dry. If this doesn't dispel the odor, wash the freezer with soda water, using one teaspoon baking soda to each quart of warm water. Then, if the odor persists, try vinegar, using about one cup to a gallon of water, or household ammonia in the same proportions.

But if none of these suggestions prove effective, don't give up. Try using heat to bring out the odor particles and get them into the freezer to heat. Then use an electric fan for about two hours to blow the air out.

The specialist says activated charcoal in the warm freezer will absorb odors released by the heat or a commercial wick-type air freshener may be used.

When the odor has been removed or reduced to where it is of no consequence, the specialist suggests a final washing of the inside surfaces of the freezer with soda water. Activated charcoal left in for a while will pick up any residual odor.

FARMERS HAVE TO START PLOWING AGAIN

Yes, sir, that rain last week was a humdinger and mended the feelings of the general public hereabouts. But we don't know the number of farmers who have told us that they will have to start the plows again.

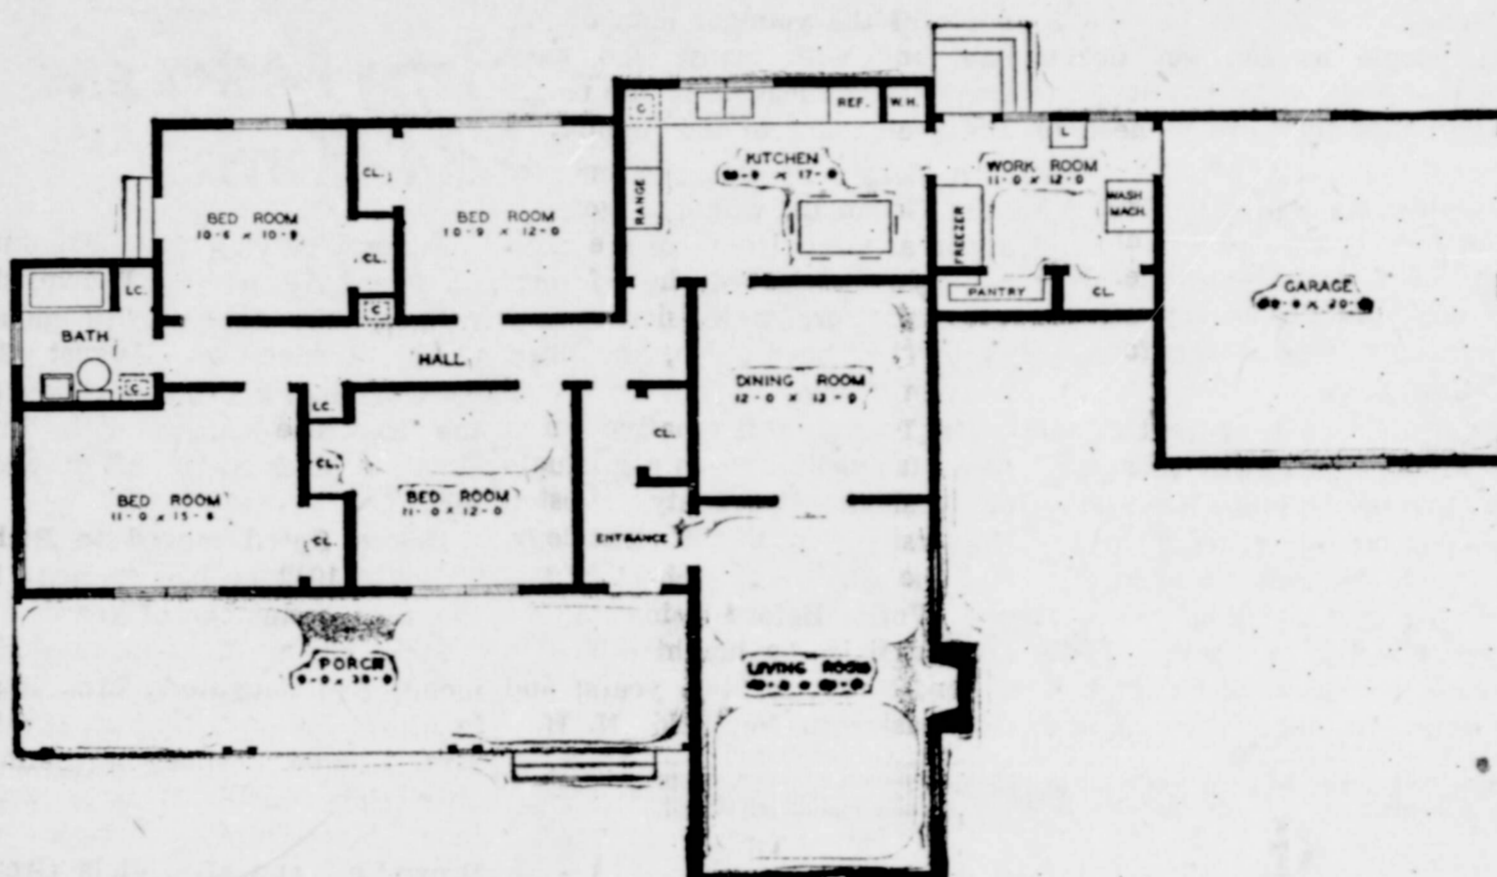

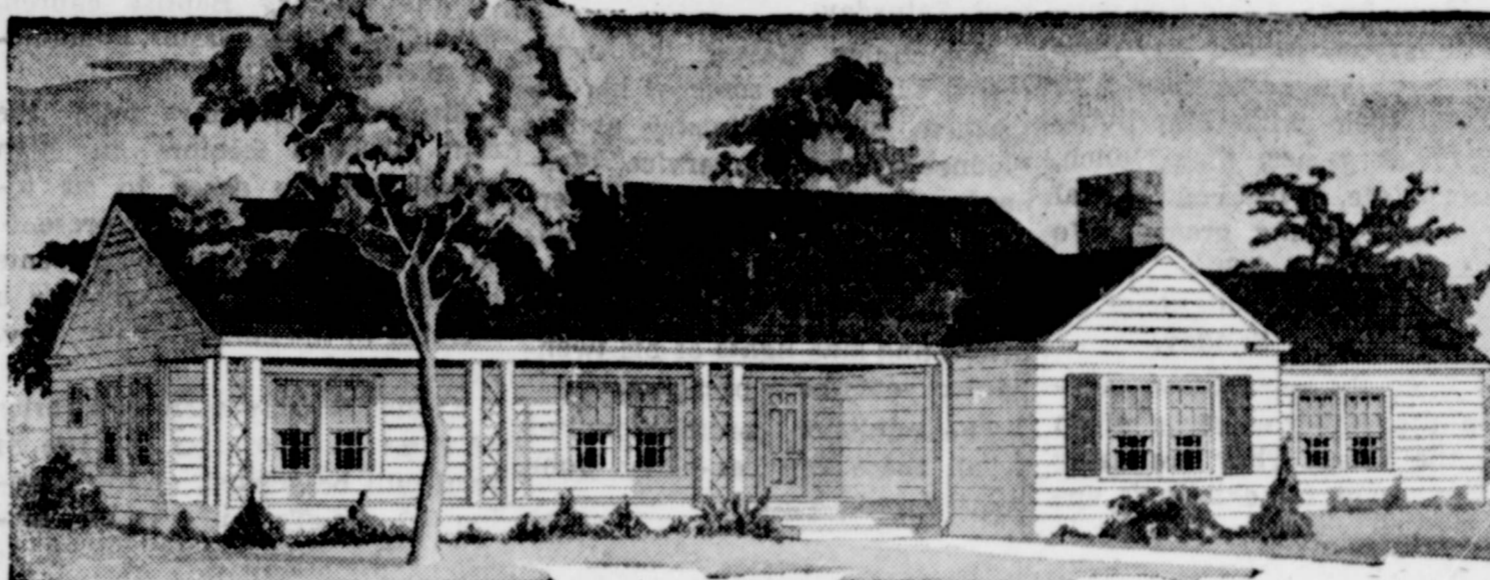

Since the rain, grass and weeds have sprung up as thick as hair on a dog's back. And as we will have a month of pretty warm weather ahead, that will give the stuff time to head out and make seed.

next spring. The pay-off in the cattle business depends largely upon the half crop and no crop just simply means no pay-off and less meat for the American table.

To help this situation, Thompson recommends that livestock producers feed their cows a daily ration of one and one-half to two pounds of 41 per cent protein cake; two to five pounds of green leafy alfalfa hay and keep bone meal available at all times along with granular stock salt. Where the pasture or range grass is short, sorghum, prairies hay or other roughage should be fed at least once a day. It is not necessary to feed the cake and alfalfa hay if sufficient green grazing is available. However, when the pasture or range starts turning brown, the above named feeds should be given to the cattle.

Stage, sudan or Johnson grass or other temporary grazing will aid in supply the cheapest source of protein, mineral and vitamin A, says Thompson. Cows are able to draw for a time from the fat of the bodies and their livers vitamin A. When this supply is exhausted, there is trouble ahead, says Thompson unless other sources of vitamin A are supplied. Since cottonseed cake contains no vitamin A, such feeds as green alfalfa hay or yellow corn are needed in the cow's ration to help prevent blindness and many calving problems.

The situation is a tough one, he adds, but good herd management, in times such as now exists, will not only keep the herd in good condition but will also mean a better and bigger calf crop next year. The expense will be high but the results will offset the costs.

A HOUSE FOR A BIG FAMILY

Plenty of room is required for a big family and this house was designed to fit their needs. It has 4 bedrooms of comfortable size with ample storage space. If you do not need the chimney (see dotted squares labeled "c"), you can easily utilize these spaces for storage.

You will like the arrangement of the rooms. The front entrance hall has a large closet for wraps and anything you need to store there. The central hallway saves unnecessary travel through other rooms and simplifies housekeeping considerably. The dining room can accommodate a large family, and quite a few guests; but if you prefer it may be converted into a very nice

bedroom by cutting a door into the hall.

The living room, which has a wide opening into the dining room will comfortably hold large groups. A lot of window area makes it very cheerful to live in, and three walls are unbroken by doors, which makes furniture arrangement easy.

The conveniently arranged kitchen gives ample eating space for the family, plenty of counter top and work area, and enough room so that several people can work there without stumbling over each other. If you want a chimney, we suggest you place it in the corner as shown on the floor plan.

A very helpful feature is the workroom, which contains a good-sized pantry, a large closet, space for laundry equipment, home freezer, and a lavatory — for the menfolks after work.

The front porch may be screened in to provide summer living space without detracting from the appearance of the house in any way.

In case you do not want the garage, you still can have an attractive house without it.

You can obtain blueprints for this TERRY COUNTY HERALD — FARM and RANCH House Plan No. 4918 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, FARM & Ranch, Dept L-193, Nashville 1, Tenn. Order by number — plan No. 4918. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

Methodist Missionary

(Continued from Page One)

made a circle room large enough to accommodate 60 pre-school children whose mothers are working out side the home. We have many war widows here as this was naval headquarters. In the Day-Care Center we are attempting to mould 60 little wills into living regularly at games, play, lunch, nap, snack, etc. It has been a trial but we are gaining ground. We have them from 8:30 a. m. to 4:00 p. m. Most of them come for Sunday School on Sunday.

"We have six war widows sewing up the left-over flags given us by the Navy. They are using even the scraps for children's aprons, dresses, shirts, skirts, cushion covers, cloth slippers, belts for carrying baby on the back, etc. These things will be sold to such people as can get tickets from the Welfare Department indicating that they are in need of very reasonable clothing. This makes employment for these six women and puts clothes into the hands of the needy people. Women with families to support are grateful for help in the form of part-time work."

Mr. Thompson first went to Japan in 1926 and was associated with Aoyama Gakuin, the leading Methodist college, situated in Tokyo. Later he entered evangelistic service and teaching service at Chinzi Gakuin, a similar institution of the Methodist church in Nagasaki. In these two centers

NAZARENE REVIVAL IN PROGRESS

The revival at the Church of the Nazarene, corner of 2nd and Tate streets, will continue through next Sunday evening with services each evening at 8 o'clock and at 10 o'clock each morning except Saturday.

Rev. Haley Messer, the evangelist, will relate some of his experiences in the ministry at the Wednesday evening service. Wednesday marks the 25th anniversary of his activities in the ministry. He will tell how he obeyed the call and will give some interesting side lights of his twenty-five years as a preacher.

The public is cordially invited to all these services.—Rev. John R. Ferguson, pastor.

he came into contact with hundreds of the younger men of Japan, and with many who have since become leaders in the trades and professions of the Empire.

In Tokyo, he met and married Miss Goodman, who had gone to Japan as a missionary of the Philadelphia branch of the former Women's Foreign Missionary Society. They have a son, Lawrence, born in Tokyo.

Mr. Thompson is a native son of New Hampshire. He is a graduate of Wesleyan University, Boston University School of Theology, and the New York School of Social Work. Before going to the mission field, he taught school in Tilton, N. H., for two years; and was pastor in Newfield, N. H.

Calvary Baptist To Have Special Service

A special "Back to School" service has been planned for the 11 o'clock hour Sunday morning at the Calvary Baptist church, Rev. Jack Pearce, pastor, announced Wednesday.

Students attending from the first through seniors in high school will be asked to sit together, and gifts will be presented each youth. All school students are invited to attend, whether a member of the church or not, Rev. Pearce said.

At 6:45 Sunday evening a series of films in colors on the life of Paul will be started, at the opening of the Training Union service. The showing of the films will be continued for 12 weeks.

Terry Pioneer Dies In California

Funeral services for Franklin M. Speed, 70, pioneer Brownfield farmer, who died in Richmond, Calif., Wednesday, August 29, were held at 2 p. m., Monday at the Nazarene church with Rev. Frank J. Mack of Kermit officiating.

Before Speed moved to Richmond in 1942 he had farmed in this area a number of years.

Survivors are his wife of Richmond, five daughters, Mrs. Roseie Alexander of Greentree, N. M.; Mrs. Thelma Zachary of Salina, Calif.; Mrs. Lucille Mack of Seminole; Mrs. Odessa Briscoe of Brownfield and Mrs. Viola Gregory of Richmond; a son, Ira Speed of Richmond; and several brothers and sisters.

Interment was in the Terry County Memorial Cemetery under the direction of Brownfield Funeral Home.

Another Old Timer Called To His Reward

One by one, those old timers, who were comparatively young men 40 years ago, are taking off of late from this vale of tears and sorrows and heartaches. Our old friend, Joe J. Whitley joined that throng last week. Joe Whitley was a true and tried friend, and a great neighbor, who really practiced neighborliness. His good wife preceded him in death some two years ago.

The first time we ever remember seeing Joe, was at preaching one afternoon at Gomez. It was either 1909 or 1910. Joe was in charge of two small children, presumably, at this time, we believe they were two of his own children. There was a thunder storm and quite a bit of rain.

Later on, many of us old timers would tease Joe, and call him the Mayor of Gomez. That was after the village was moved to its present location. He always took all jokes in his stride, and had just as much fun as the next one about the office of mayor of Gomez.

After he move to Brownfield, the honor was kept up. We saw more of him as he purchased a home south of the draw, and would pass by our office frequently. He always had a good word for all, and a smile that was contagious.

Peace to his dust.

NEWCOMERS AND WAY GOERS

The Herald welcomes the following as new citizens. Hope you like Brownfield: Curtis Wayne Robertson, of Roswell, N. M.; Oliver M. Parker of Meadow, and Clarence Eugene Ward from Oklahoma.

At the same time, two left, one for Longview and the other for Odessa.

Attend Funeral Of Blast Victim

Mr. and Mrs. R. L. Lewis attended the final rites Wednesday in Big Spring for Sidney Johnson, 28, who died instantly Monday while exploring a cave near Artesia, N. M., on a family picnic. Johnson and his sister, Mrs. Thelma Madron, 30, of Artesia, entered the cave to examine it. He lit a match and and fumes from oil, which had been dumped into the cave, exploded.

Mrs. Johnson had remained out of the cave with Mrs. Madron's children and her own two. Mrs. Madron is in Artesia hospital in extremely critical condition.

Besides the wife and sister, Johnson is survived by two daughters, three and 10 months old, and by another sister, Mrs. Grady Jones of Big Spring, and his father in California.

Oil Business Is Just About As Usual

We are sorry that we are unable to give readers, away from this section, any frills and thrills about the oil business. About all we can say is that the matter of oil location has about been settled for the time being, and they are just drilling for it.

When we do have anything of special news about the oil situation, don't think we will fail to print it.

CARD OF THANKS

We wish to thank each of you for your many kindnesses, words of sympathy and the beautiful floral offering during the illness and death of our loved one. Especially do we wish to thank Dr. Treadaway and Dr. Sibley for their untiring efforts during his illness. May the Lord bless and keep all of you in our prayer.

Mr. and Mrs. Ben Whitley and family, Mr. and Mrs. Richard Whitley and family, Mr. and Mrs. W. E. Parnell, Mrs. Ruby Doss, Mr. and Mrs. Austin Whitley, Mr. and Mrs. Richard Burnett, Mr. and Mrs. Joe Bailey Whitley and family, Mrs. Zella Ernest and children.

Mrs. C. E. Mitchell is now employed at the Fabric Mart, and wishes her many friends to meet her there.
