BROWNFIELD, TEXAS, FRIDAY, SEPTEMBER 14, 1951

NUMBER 8

Cubs Tied In Opener; Try Crosbyton Tonite

The Brownfield Cubs failed to completely tame the Lovington Wildcats in their season opener last Friday night at Lovington, N. M., but they did hold them to a 13-13 tie.

In the game tonight with the Crosbyton Chiefs on their own field, the Cubs are expected to give spectators their money's worth—and give the Chiefs a "run for their money," according to Coaches Tobey Greer and L. G. Wilson, who have been giving the local squad the works in workouts this week.

Although the Chiefs lost to Post 39 to 7 last Friday night at Crosbyton, playing in a drizzle of rain, reports are they did not stop fighting . . . and they are ready to trample the Cubs tonight.

Local coaches are enthused over the fine spirit and hustle the

Cubs displayed in last week's game, and they are confident they will continue the same spirit through the season.

The Lovington Wildcats were just more than we expected," Coach Greer said. "But we are ready for those Chiefs."

In the game Friday night the Cubs seemed to run at will throughout the first half and part of the second to pile up a 13-0 lead. But penalties cost yardage during the second half, and the Wildcats "just wouldn't let go of the ball," to tie the score 13-13.

The game at Cub Field tonight will start promptly at 8 p. m. Residents of the area declare it's good football weather, and the Brownfield high school band and pep squad promise outstanding performances.

CHISHOLM GROCERY TO BE OPEN ON SUNDAYS

It was with some reluctance that the Chisholm Grocery decided to remain open Sundays, yet it is sort of a matter of self defense. If all grocery and other stores stayed closed Sundays, that would have been the end of the matter so far as this store is concerned.

So, you can get your groceries and meats at Chisholms on Sundays the same as any other day, and they will appreciate your patronage. Remember the location, southeast corner of the public square.

Wreck Victims' Rites Read At Wellman

Three funeral services were held at Wellman Monday and Tuesday for victims of a car-bus collision 13 miles east of Midland early Sunday.

Funeral rites were held for Jack Johnson, 17, at 2 p. m. Monday at the First Baptist church. Interment was in the Seminole cemetery beside his brother, Kenneth Le, who was killed in 1944.

Services for Mr. and Mrs. Alton Bradshaw were held at the Wellman school auditorium at 10 a. m. Tuesday. Interment was in the Terry County Memorial cemetery.

The services were conducted by Rev. W. L. Kite, pastor of the First Baptist church at Wellman, and Brownfield Funeral Home was in charge of burial arrangements.

Mr. and Mrs. Bradshaw and when the vehicle in which they were riding, was demolished in the head-on collision with the bus. Driver of the bus told officers the driver of the car apparently lost control of the vehicle momentarily. Two passengers of the bus received slight injury.

Bradshaw and his wife had been living in Big Spring about three weeks, and they had been married about a month. Johnson had been staying with them, and working in the oilfields near Big Spring. He had made his home with his uncle and aunt, Mr. and Mrs. C. L. Johnson, and attended school at Wellman for several years. Other survivors include his mother, Mrs. Mae Stinnett, and his step-father, J. Stinnett, both of Roswell, N. M.; a sister, Mrs. Florene Baker, Roswell; his paternal grandparents, Mr. and Mrs. E. L. Johnson, Wellman; an uncle, L. L. Johnson, Roswell; and an aunt, Mrs. S. W. Cates of Comby, Calif.

Bradshaw's survivors are his parent, Mr. and Mrs. A. A. Bradshaw of Wellman, three brothers, George, Kenneth and Arthur James, all of Wellman; two sisters, Mrs. Sam Adair of Brownfield and Mrs. John Spencer Beavers of Wellman.

Survivors of Mrs. Bradshaw are her mother, Mrs. Helen Chambers of Brownfield; four sisters, Mrs. N. D. Jeter, Brownfield, Mrs. Jane Sullivan of Arizona, Miss Elizabeth Berst of Indiana, and Mrs. Mary Washburn of Illinois; and three brothers, Earl Berst, California, Henry of Illinois, and Lee Berst of Arizona.

Miss Ethelene Bucy, daughter of Mr. and Mrs. Fred Bucy, 605 E. Tate, left this week to enroll as a freshman student at Texas Technological college in Lubbock.

Pastor to Attend Church Conference

Rev. Dallas D. Denison

Rev. Dallas D. Denison, pastor of the First Methodist Church, will go to Amarillo Monday where he will attend a Spiritual Life Conference at Polk Street Methodist Church.

The conference, which starts at 8:45 o'clock Tuesday morning, is sponsored by the Board of Evangelism for this area. The meetings will close Wednesday about 5 p. m.

Included on the program will be addresses by Dr. Hugh S. Townley, pastor of First Church, and district director of evangelism, of Saginaw, Mich., and Dr. E. W. Thompson, returned missionary from Japan, who was guest speaker at the Brownfield church last Sunday night.

A similar conference will be held at the First Methodist Church in Sweetwater next Thursday and Friday, September 20 and 21.

Rev. Denison is chairman of the board of evangelism for the Northwest Texas Conference.

Harvest Festival Only 5 Weeks Away

With the affair only five weeks in the future—detective work is about over in Brownfield—most people have figured out the name of the Mystery Queen candidate, in the race for Queen for the annual Harvest Festival, to be staged here Thursday, October 10, according to Paul Campbell, general chairman of the festival this year. Miss Carlon Brady and Miss LaVerne Joplin are the two other candidates for queens.

Announcement of the name of the young lady candidate will probably be made in the near future by members of the committee, of which J. O. Gillham is chairman.

The prize list is still growing, Mr. Campbell said, and "as yet we can set no deadline," as some merchants will not be contacted by the proposed deadline, Sept. 15.

Approximately 15 bands have been invited to participate in the huge parade, including bands from Reese Air Force Base, McMurray College and Texas Tech.

Trophies to be presented winners in the square dance contest, the three bands judged best, and three sheriffs' posses. The trophies will be displayed early next week in the window at Cobb's Department Store.

Attorney General Price Daniel will be guest speaker here in the afternoon, as a part of the program that is yet not completed.

MATTIE AND DOC PERRY NOW AT BEST-YET

Mattie and Doc Perry announce this week that they have resumed operation of the Best-Yet Cafe, 705 W. Main, and invite their friends and customers to stop by and see them.

Both are experienced cafe operators, and have lived in Brownfield several years.

ATTORNEYS ATTEND INSTITUTE SATURDAY

Thirty-five attorneys of the six county area of the 106th Judicial district attended a meeting here Saturday of the South Plains Bar Association.

Members of the entire court of civil appeals of Amarillo, including Judge E. L. Pitts, Chief Justice, and James Lumpkin and Herbert Martin, Associate Justices, were here. Also Judge Louis B. Reed of Lamesa, district judge, was a special guest.

During the legal institute held in the district court room, William Evans of Lubbock spoke of "Wills and Trusts" and James Milam of Lubbock discussed "Negligence."

Large Pep Squad At Lovington-Cub Game

The following girls are members of the Brownfield High School Pep Squad. They went to Lovington, New Mexico, Friday evening, Sept. 7, for the first football game this year. The members are: Sue Campbell, Kay Drennan, Gloria Little, Jane Anderson, Joanne Shelton, Toni Akers, Vivian Porter, Kaye Hinkle, Faye Thigpen, Wanda Black, Velma Rackler, Marilyn Willis, Bobbie Duke, Norma Acker, Charlotte Jones, Barbara McCraw, Betty Mitchell, Sue Salmon, Joy Walker, Deona Mabry, Nina Spears, Peggy Davis, Carole Dallas, Sandra Yandell.

Rebecca Hill, Betty Payne, Fay Stockton, Mary Sue Travis, Dorothy Phillips, Patsy Teague, Gloria Angus, Betty DuBoise, Alline Powell, Doris Missing, Mickie Absher, Betty Cabbiness, Nona Sue Overman, Ima Jean Frost, Theresa Mason, Ginger Gunn, Iva Nell Hudson, Deaun Harrell, George Martin, Billy Benton, Lily Travis, Helen Bailey, Faye Grison, Carrie Hudson, Gail Berry, Joann Knight, LaDell Moore, Wilma Rhodes, Wilean Key, and Manty Lou Bell.

The cheer leaders for the Pep Squad are: Wynelle Webb, Head Cheer Leader, and Roxane Miller, Parlee Nelson, and Kay Szydlowski.

The Pep Squad is sponsored by Mrs. David O. Flat, Jr., High School Physical Education instructor.

School Enrollment Now Totals 1,925

Total enrollment in the Brownfield schools has not yet reached the 2,000 mark, Supt. O. R. Douglas said late Wednesday, but students continue to register, making the total for this year, 1,925, over the 1,880 of last week.

In high school total number of students registering is 149; Junior High, 332; West Ward, 495; Jessie G. Randal, 582; and Gomez, 97.

The cafeteria at the Jessie G. Randal school opened Monday, and an average of 300 meals per day were served the first three days of this week, Mr. Douglas said. Meals will continue to be 25c each.

MRS. BAIRD'S BREAD POPULAR IN TEXAS

This week the Herald starts a series of ads for Mrs. Baird's Bakeries, Inc., makers of the bread that probably more Texans eat than any other bread. This bread has just recently been introduced in Brownfield and this vicinity. But it was already well advertised over most of the state, and soon took a fast stride of sales here.

Bakeries are located in Fort Worth, Dallas, Houston and Abilene. This area is supplied from the Abilene plant, and fresh bread comes in at regular intervals. Have you tried a loaf?

City Commission Has 'Quiet' Meet

The Brownfield City Commission had one of the "quietest" meetings in a long time last Thursday night at City Hall, according to Mayor C. C. Primm.

The council did vote to share with Terry County Commissioner's court the expense for the proposed industrial, economic and agricultural survey. The Commissioners' court approved the allotment of \$500 toward the survey in a recent meeting, and the city will match that amount, Mayor Primm said.

Tentative plans were made for various objects of the city, to be announced at a later date.

Farm Bureau Plans Membership Drive

Twenty-five farmers, representatives of the various communities in Terry county, met at the Esquire Restaurant at 6:15 o'clock Wednesday evening for supper and the planning of the membership drive for the Terry County Farm Bureau.

J. T. Fulford, Farm Bureau president, told the group that at least 925 is the goal for members, among the 1,500 Terry county farmers. The drive is scheduled to start November 7, continue through November 9. A similar meeting to that Wednesday night is being planned for the evening of November 6.

Leonard Lang, Farm Bureau vice president and chairman of membership drive, reported that prizes will be given to the farmer signing up the most new members in the county. Dues have been raised to \$10 instead of \$5.00 as in previous years, Mr. Lang said.

"If we ever need a strong representation of farmers in our National affairs, it is now," Mr. Lang continued. "Our greatest project at the present time is to get the Mexican Nationals in to the county to help harvest the cotton crop. We will have a definite labor shortage if those desiring Mexican labor do not contact a representative of the Farm Bureau NOW, as we plan to send an order in the very near future to contract the Mexican Nationals."

After the meeting the group went to Plains, where R. G. Arnold, Auburn, Ala., organization director of the American Farm Bureau federation, was principal speaker at a meeting of Yoakum county farmers.

"There are now 512 members of the Terry county Farm Bureau," Mr. Fulford told a Herald reporter. The organization is definitely non-profit, but the National organization has been able to work with Congressmen and other representatives in Washington in getting more equal representation of farmers in the nation.

Directors of the local organization, in addition to Fulford and Lang, are H. L. King, secretary-treasurer; Herman Wheatley, Bill Carter, A. L. McCoy and Kenneth Purtell.

Chairmen and workers for Terry county communities, announced by Mr. Lang Wednesday night for the membership drive are: Pool, L. M. Waters, Roy Barrier, Lee

Bartlett; Challis, Ed Whittiker and Tom Pettigrew; Meadow, O'Dell Valentine, Ray Castleberry; Pleasant Valley, Jess McWhirter, L. D. Hamm; Union, Jap Benthol, Terry McNeil; Foster, Carl Willis, Nathan Cheshir; Brownfield, Herman Cheshir, Bill Carter, L. M. Lang, Hub King, R. D. Jones, Sr., Earl Brown; Wellman, Charlie Rolland, Boggy Simms; Gomez and Johnson, Bill Blackstock, Herman Wheatley, F. Smith; Tocklo, R. D. Jones, Jr., and Stabby Sherrin.

Members of the Terry county Farm Bureau attended a sub-district meeting of the Texas Farm Bureau Federation at Lubbock Hotel all day Thursday. Mr. Fulford was scheduled to speak on "Our Membership Plans to Date," at this meeting.

Plans are being completed for the organization of a beginners' band to be composed of sixth, seventh and eighth grade students, Mr. Stamper said. Students who passed aptitude tests in music are urged to meet with band director F. R. Smith next Monday morning, at the Junior high school for organization of the band.

Work on the remodeling of the gymnasium at this school is completed enough that the building was used on Wednesday, Mr. Stamper said. Physical education classes had been meeting outside until the remodeling was finished. There are still some things yet to be done to the gym, he said, but they will be completed the next few weeks.

"Looks more like we might get into the 12 new classrooms by the end of this semester," Mr. Stamper added, as the plastering of the walls has started on the new addition to the school.

Miss Suzanne Morrison of Roswell, N. M., visited her grandmother, Mrs. Roy Harris last week.

Terry Farmers Recommend Few Changes In Farm Policy Program

In a report sent to secretary of agriculture Charles F. Brannan in Washington, D. C., there will be only a few recommended changes in the government farm policies in Terry County, according to Hugh H. Harred, chairman of the local Agricultural Mobilization Committee.

Meetings have been held the past few weeks concerning government agencies, and constructive criticism of the work being done in this county has been discussed. Representatives from each community, farmers, business men and civic workers were asked to suggest changes that might be needed in the farm policy program.

Changes were recommended for the Production and Marketing administration, to wit: Farmers want a fair deal in regard to the support price program, 100 per cent of parity is desired instead of 90 per cent; all cotton growing counties should be given the same percentage of the cultivated acres for future allotments, so as to give a more equal distribution of allotted acres; counties holding unused funds for conservation practices should be compelled to

Junior High Has 332 Student Now

In the Brownfield Junior High school, total enrollment reached 332 students Tuesday afternoon, O. B. Stamper, principal, announced.

In the seventh grade there are 182 students, while in the eighth there is a total of 150.

Plans are being completed for the organization of a beginners' band to be composed of sixth, seventh and eighth grade students, Mr. Stamper said. Students who passed aptitude tests in music are urged to meet with band director F. R. Smith next Monday morning, at the Junior high school for organization of the band.

Work on the remodeling of the gymnasium at this school is completed enough that the building was used on Wednesday, Mr. Stamper said. Physical education classes had been meeting outside until the remodeling was finished. There are still some things yet to be done to the gym, he said, but they will be completed the next few weeks.

"Looks more like we might get into the 12 new classrooms by the end of this semester," Mr. Stamper added, as the plastering of the walls has started on the new addition to the school.

Miss Suzanne Morrison of Roswell, N. M., visited her grandmother, Mrs. Roy Harris last week.

Lion-Rotary Clubs To Entertain Faculty

The annual Teachers' Party will be staged next Tuesday night, September 18, at Veteran's Hall, with members of the Lions' and Rotary clubs acting as hosts.

An entertaining program has been planned, and all members of the Brownfield school faculty are urged to attend. Ladies whose husbands are members of the two clubs will take specified covered dishes, and the traditional pie-eating contest will create a lot of fun.

The affair is scheduled to start at seven o'clock. Virgil Crawford is chairman of the committee for arrangements for the Lions club, and Sid Lowery, Pop Ricketts, Jake Geron, and J. T. Hoy will assist him.

L. L. Bechtel is Rotary chairman, and his assistants are Tomby Hicks, Doug Jones and James Harley Dallas.

Next Wednesday's Lions club meeting and regular noon luncheon for Rotary club next Friday will not be held, and the Teachers' night will be considered as regular meetings for the clubs.

Mr. and Mrs. B. E. Coward and daughters of Lubbock, visited in the home of his brother, A. E. Coward, and family Sunday afternoon.

2101 TERRYITES TURN OUT FOR MASS CHEST X-RAY

Residents of Terry county turned out 2,101 strong during the three-day Mass X-Ray campaign here Saturday, Monday and Tuesday, which exceeded neighboring counties, and was more than last year, according to the Brownfield Chamber of Commerce.

Dawson county reported only 719 X-Rays made of chests in the annual program, while Galnes and Yoakum counties combined only had 1,216. Last year total for Terry county was 1,600.

The program was jointly sponsored by the chamber of commerce and the Terry county TB association.

Chamber of Commerce officials, of which Harmon Howze is president and Virgil Travis, vice president, expressed their sincere thanks for the splendid cooperation they received from everyone in the county in making the program a success.

Those who assisted in any way in the Mass Chest X-Ray program, of Mass Chest X-Ray program," officials said Wednesday. "Especially do we thank Tudor Sales company for donating the site for the X-Rays to be made, and members of clubs and organizations who gave of their time in assisting with the program."

County HD Agent Arrives This Week

Miss Doris E. Mahaffey arrived in Brownfield Wednesday as Terry County's new home demonstration agent, and she will be in her office again Saturday.

In Lubbock Thursday and today Miss Mahaffey is attending a district meeting of home demonstration agents at the Hilton Hotel. She came here from Hereford, where she was assistant home demonstration agent in Deaf Smith county for two and one-half years.

Miss Mahaffey replaces Miss Helen Dunlap, who resigned in August to become home demonstration agent in Gray county.

Regular meeting of the home demonstration council is scheduled for next Tuesday, Sept. 11, in Miss Mahaffey's office.

Visitors in the home of Mr. and Mrs. Joe McGowan, 402 E. Cardwell, Thursday of last week were Mr. and Mrs. Ed Hardin of Amarillo, who spent the day with the McGowans. They are well-known in Brownfield.

Maybe the average voter has not carefully read all the provisions of the five constitutional amendments to be voted on Nov. 13. Sometimes folks fail to read them when they are printed in the local paper—not interested, or don't have the time. Then when voting time comes, we either don't vote at all, or vote against all in self defense. This is a bad condition and a bad practice. Maybe there are some that really deserve better fate. Then there are some that should never have been submitted to the voters, perhaps. We have one this time about the creation of rural fire districts. If you read the amendment when printed, you noted that the property in such districts, if and when created by a vote of the people in the supposed district, can be taxed as much as 50 cents on the \$100 valuation for equipment, etc. As we understand the matter, this is not town and city property, but only farm and ranch property within the district. Along this line, the West Texas Chamber of Commerce brings out a very efficient volunteer plan now in operation in McCulloch county,

building and maintenance, are being diverted to other purposes by the politicians in return for support at the polls. We will not vouch for the above, but if any funds whatsoever are being diverted to other things, it is too much. We are so busy trying to feed, clothe, educate and arm Europe, six years after the war is over, that we hardly have time to examine our own needs. And we are so busy playing politics, that a deep hole or two in the roads, or the fact that the road bed is fraying at the shoulders, does not amount to much—until we hit one of these holes and cause a wreck. And a lot of people are very, very busy finding ways and means to make the other guy pay the taxes, so that we can get out of it ourselves. We have always heard that charity begins at home, but it seems that our nation has transferred all its charity to Europe. If we could stop a lot of wasteful practices, probably we could get some road work done. Frankly, however, most of our roads were built for cars and light trucks. But the big mogul trucks are simply pounding our roads to pieces. Even so, the last legislature allowed a heavier load limit. At the same time, however, another law was passed making it mandatory to make a truck unload excess weight, when found to be overloaded. We sure do business in a funny way in our state and national affairs, sometimes.

Well, the little leftist paper, printed at Austin, was the only one we have seen that thought William O. Douglas, of the Supreme Court, was right, when he came out for recognition of Red China. And our course it becomes the Republicans and "Dixiecrats" for their indifference, and would you believe it, takes issue with President Truman and Secretary of State Dean Acheson. The big argument of the little 9x11 1/2 four page left wing paper is that you cannot ignore 425 million people. Anyway we have been ignoring them for the

past several years, and in that time we have not had to carry a big extra appropriation of billions of dollars to feed and clothe the big hungry, naked gang. The writer has been reading papers and magazines for the past half century and better, and there was no time during that period that we, as a nation, or the churches were not sending clothing to this benighted nation, as well as collecting food. Does the little sheet want us to start all over again, when we've had a good excuse to stop the support of these hordes for the past century or more? Let Russia feed them. Russia is the only nation that we know of that Red China would not like to put its boot on their necks. No, let's not take on a lot of other bums now.

Attorney General Price Daniell and the law enforcement officials of Texas, came in for a lot of praise from the US Senate investigating committee. The Kefauver committee unearthed a lot of crime in their investigation over the United States. And they stated that in many states nothing was being done about the matter by the officers. Texas was singled out as one of the exceptions. Especially was Mr. Daniell praised for calling this District Attorneys of Texas together early

standing accounts he has owed for some time. Cash changes hands rapidly, and prosperity is upon us. It is then that autumn is here in all its glory. We soon forget the hot days of the summer, as well as the poor to medium business, and we begin to reap what we have sown. The good fortune reaches on down from the banker to the butcher, baker and candlestick maker. Smiles replace the frowns, and all are again happy and contented. Harvest time is upon us, and so we can rejoice with the Hoosier Poet, James Whitcomb Riley, who we more or less quote: "When the frost is on the pumpkin, and the fodder's in the shock; 'tis then that man is feeling at his best."

Reports are current from both the Texas Highway Commission as well as the Texas Good Roads Association that our highways are depreciating at a fearful rate, and at the same time not sufficient funds to keep them maintained at a sufficient rate. Some of these organizations as well as the large regional chambers of commerce, say much of the funds that were formerly allotted to highway

Many of us poor but honest folks wonder why prices and taxes are skyrocketing. And sometimes, perhaps some of us wonder if the big income bracket are paying their pro rata of the taxes. In the first place there are not too many people with big incomes. And already, figures show that if their incomes were taxed 90 percent, it would bring in a bare 4 billion dollars per year of the some \$72 billion now needed, or said to be needed. Well, then, who will pay the other \$68 billion that is demanded of the taxpayers of the nation? If you ask us, brother, it will be you and me and the other chickens. Lets for a minute get down to brass tacks and toenails and see where some of our money goes. Up in Nebraska an ad appeared in the papers advising the farmers to plant beans, as there was little labor cost involved, and the support price was \$7.55 per 100 lbs. Visiting foreign students are said to be entertained by the State Department at \$8.73 per meal per person. The army hauled and bought 68 million can openers at one fell swoop; 4 1/2 million webb belts; 11 3/4 million pair boots and 60 million gallons of paint. At Los Angeles the government is starting in on a 111 million dollar building project, when there are 2,000 vacant apartments advertised to rent at \$40 per month. Then there is the 3 billion dollar irrigation project in Arizona to benefit less than 500 land owners. There is at present some 2,400,000 government employees with a large addition every day. Mister, if you will just take out your old lead pencil and get an old she box and put down some figures, you'll soon see why taxes are high and getting higher. Then there are many people working their property into organizations to escape taxes, either state or federal. And some of these are good church organizations. Church and school property is not taxed, if you did not already know this. Yet some of these non-taxpaying organizations are highly competitive to the private ownership businesses—usually called free enterprise, which pays most all the taxes, and wages, to most workmen and women.

Come the 23rd of September and autumn will be upon us. Autumn or fall as most of us call it is the happiest time of the year out here on the Plains. It is neither too hot nor too cold. Not much rain generally, at least, not too much. The area puts on its Sunday best; the migrant laborer drifts in by the thousands to the fields white unto the harvest. The gins hum by day and sometimes on a 24 hour basis, turning out the fleecy staple for the markets of the world. The combines wade down the maize rows harvesting the golden grain by the ton. As both cotton and the sorghum grains are very high, when the harvest season starts, our bank deposits begin to shoot skyward. Our merchants and clerks are busy with many customers, and sometimes more help must be placed behind the counters. Old debts are paid, and the recipient in turn can pay some out-

standing accounts he has owed for some time. Cash changes hands rapidly, and prosperity is upon us. It is then that autumn is here in all its glory. We soon forget the hot days of the summer, as well as the poor to medium business, and we begin to reap what we have sown. The good fortune reaches on down from the banker to the butcher, baker and candlestick maker. Smiles replace the frowns, and all are again happy and contented. Harvest time is upon us, and so we can rejoice with the Hoosier Poet, James Whitcomb Riley, who we more or less quote: "When the frost is on the pumpkin, and the fodder's in the shock; 'tis then that man is feeling at his best."

An Old Red Riverite Calls And Pays Up

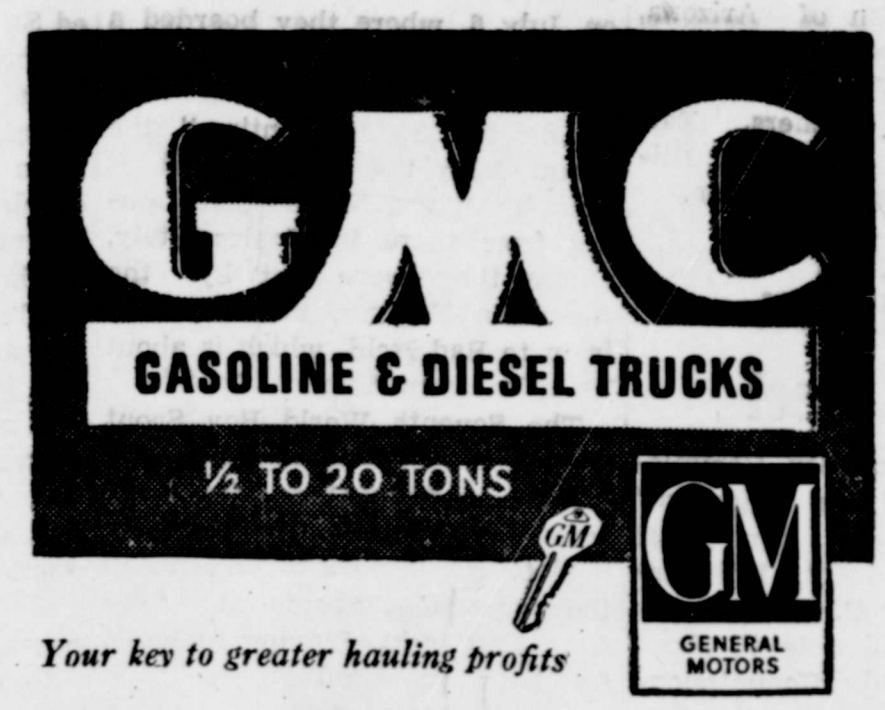

Don't get to see J. J. Gaston too often these days, as he is pretty badly crippled with rheumatism, that has badly drawn his hands. To use his own words, "I'm lame and halt, blind and deaf." But as we are on the deaf side ourself, we naturally talk loud, and J. J. and the Old He have a lot of fun when we get together. He informed us that the Mrs. was ill in the local hospital. J. J. has a fine farm out just southwest of Gomez, which he purchased when he first came out here from old Red River county, Detroit, that is. We always ask him about that section, and like we, he thinks they are going the right way in raising livestock in-

stead of trying to raise crops. He related that while he lived there, Johnson grass was gradually taking the farms, and a lot of them were too infertile to raise crops anyway. He stated, that when he lived there he was a director in a bank, and for some time after he came to Terry. He was down there several years ago, and the directors were to meet and asked him to meet with them. "I told them they were broke, then. They thought I was crazy. But in a few years the bank was broke." "Gotta go, Jack, I'm bothering you from work." Sometimes we like to be bothered a bit, as we need to rest from our strenuous labor(?) Robert Knight and Harold Denton were in Dallas on business several days last week.

DR. MARSHALL TO SPEAK AT 44th BAPTIST MEET

The 44th annual session of the Brownfield Baptist Association will be held today at the Lakeview Baptist church, and one of the features of the program will be an address in the afternoon by Dr. J. W. (Bill) Marshall, president of Wayland College, Plainview.

Dr. Marshall is scheduled to make an address on Christian Education. He recently returned from trip to the Orient, including the Pacific islands, Japan and Korea.

The evening sermon on tithing will be by Rev. Matt Hale, now of Roswell, N. M., and former pastor of the Brownfield church.

An interesting program has been planned for the entire day, starting at 9 a. m., and closing at 10 o'clock in the evening. Rev. Vance Zinn is pastor at Lakeview, and Rev. Lee Ramsour of Tahoka is moderator for the association.

Included in the program will be lectures by Dr. F. E. Swanner of Plainview, district 9 missionary, and Dr. Floyd Chaffin of Dallas, assistant executive secretary of the Baptist General Convention of Texas.

LEAVE FOR UNIVERSITY

Mr. and Mrs. J. Fred Bucy, jr., and son, J. Fred III, left Sunday for Austin, where Mr. Bucy will enroll in Texas University, working on his master's degree in physics. An Ensign in the Naval Reserve, he was graduated from Texas Tech last spring, and continued to attend school there through the summer, doing work on his master's degree. At the University he will supervise laboratory work in addition to his studies.

Altruist Study Club Has First Meeting

Tentative plans for the year's program were submitted at the first meeting of the Altruist Study Club at 2:30 o'clock Tuesday afternoon, at the first regular meeting of the year, at the home of Mrs. Bill Bilbrey, 112 North Second Street.

There were eight members present, and the yearbook was completed and approved. Officers for this year are: President, Mrs. Edgar Watson; first vice president, Mrs. Hub King; second vice president, Mrs. R. D. Shumake, jr.; recording secretary, Mrs. Glyn Bilbrey; corresponding secretary, Mrs. Harold Stice; treasurer, Mrs. Ben Monnett; historian, Mrs. Joe Havner; fine collector, Mrs. Monnett; parliamentarian, Mrs. Russell Stephens; federation counselor, Mrs. Bilbrey; an dreporter, Mrs. Stephens.

Refreshments were served after the meeting. Guests were Mesdams L. F. Buford; R. G. Darnell; A. J. Stricklin, sr.; and new members are Mrs. R. D. Shumake, jr., and Mrs. Thurman Skains.

The next meeting will be held Tuesday, September 25, at the home of Mrs. Monnett.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our many friends for your thoughtfulness, sympathy, and beautiful floral offerings at the time of our loved one's death, Warner Victory. May God bless and keep each of you.

Mr. and Mrs. J. H. Victory, Mr. and Mrs. Henry Fowler.

SOUTH SIDE OF SQUARE

BROWNFIELD, TEXAS

"I took the Blindfold Test

—that new Dodge Oriflow Ride sure opened my eyes!"

Says DANIEL F. HOWARD, JR. of New York City: "The Blindfold Test convinced me! The new Dodge Oriflow Ride really levels out the worst kind of bumps and ruts," continues Mr. Howard. "No ride has ever been so smooth."

Specifications and equipment subject to change without notice

Come in! Try it! FEEL HOW NEW ORIFLOW RIDE MAKES ROUGHEST ROADS BOULEVARD-SMOOTH!

Here's something new in riding smoothness!

Blindfolded you ride over a bumpy road. You're told the ruts are there — but you don't feel them! Gone is the pitch, bounce and jar you experience in other cars as the new Dodge Oriflow Ride levels out the rough spots. And with blindfold off you'll be amazed you traveled over such bumps and chuckholes.

Words alone can't tell it all! That's why we invite you to come in and take this daring "Blindfold Test."

You Could Pay up to \$1,000 More! As you thrill to the new Oriflow Ride, experience Dodge extra roominess . . . "Watchtower" visibility . . . ease of handling. Then you'll know why you could pay up to \$1,000 more for a car and still not get all the extra-value features Dodge gives you!

In an Ordinary Car without Oriflow, blindfolded motorists found they were pitched and bounced as they traveled rough, bumpy roads.

In New Dodge With Oriflow, the same passengers found the ride so smooth they could hardly believe they traveled the same road.

The big, dependable

DODGE

Drive it 5 minutes...and you'll drive it for years!

Brownfield, Texas

Riviera Makes Bow in Low Price Field

Buick's Special Riviera which Ivan L. Wiles, Buick's general manager and vice-president of General Motors, announced today is in quantity production. Although Buick pioneered the hard-top convertible with its introduction of the Roadmaster Riviera in 1949, this is the first time that this popular styling has been available in Buick's low-priced model.

Polio Incidence Down In Texas

Polio incidence in Texas as of August 11, was just about half what it was at the same time in 1950, according to a recent issue of Texas Polio-Grams. Last year Texas and California headed the list of States, and California is rather high this year. In fact, all states are too high if they have one case.

This year Texas had 874 cases up to Aug. 11, compared to 1648 at the same date last year. The national incidence is running about the same. To Aug. 11, last year, 8,733 compared to 8,366 this year. Other hard hit states this year were Michigan, Minnesota and Illinois.

According to South Plains Health Unit News, you have just one chance in 10,000 of having polio. There are many other diseases, this publication tells us, that carry away more people than polio, by a long shot, but people get all up in the air when polio strikes the community. The reason, of course, is its crippling effect.

But the News goes on to say that of 100 cases, 50 will recover completely; 25 to 30 will show after effects; 15 to 20 will be seriously crippled, and 5 to 10 will die of the disease.

CARD OF THANKS

Thank you, kind friends, for the many words of sympathy, beautiful flowers, food brought to our homes, and all the acts of kindness extended at the time of our bereavement — the sudden death of Jack Johnson. Especially do we thank those who sent flowers signed "To Jack — from Buddies." May our Heavenly Father watch over each of you. — Mr. and Mrs. C. L. Johnson and family, Mr. and Mrs. E. L. Johnson and family.

Mr. and Mrs. G. R. Day and son, Victor, visited their son-in-law and daughter, Mr. and Mrs. R. L. Lewis, here over a recent week end.

A daughter was born to Mr. and Mrs. J. T. Ellis of Brownfield, in a Lubbock hospital Wednesday morning of last week. The child weighed 8 pounds and 9 ounces.

"Get your Fiesta dress at Fabric Mart."

Mrs. Joe Fisher of Lubbock visited in the Leon Saffell home Monday morning.

Mrs. D. S. Carroll and children were visiting in the L. P. Carroll home Monday.

The expanded soil testing service of the A. K. M. College can handle and analyze up to 100 soil samples per day. The charge for the analysis is small but the recommendations from the laboratory may save farmers, ranchers or gardeners and others much expensive fertilizer. Low yields are not always caused by low soil fertility.

Lovell Calls In And We Just Talk

N. F. Lovell, old timer of the Tokio community, called recently, the main reason being to renew for his paper. He stated that he had been visiting in the northwest for some time, and had not been here to renew.

Then we drifted into a discussion of the old timers who used to live out at Tokio when it was situated on the old Plains road, a mile north of the present location. Some of these were old Brother Casey, who ran a store and postoffice that he designated as "The Place of Rest."

There were others who have drifted out that neither of us know where they're living at this time, if still living. In fact we got so deep in the discussion of old timers that we clear forgot to ask him about his crop.

Advertise in the Herald.

Mr. and Mrs. A. C. Copeland are visiting their daughter, Mrs. Carl Hudson in Lingo, N. Mex.

Don Neela McKee of Hobbs, N. M., is visiting friend and relatives here this week.

Mrs. Maudine Gibson of Fort Worth is visiting her uncle, J. S. Webber and cousin, Mrs. Ruth O'Neal.

Helen Ann Payne of Lubbock is visiting her parents this week and attending the Sanders-Price wedding.

Mr. and Mrs. Odis Lusk and family have returned from a week's vacation in Colorado.

Mrs. Simpson of near Amarillo is visiting her daughter, Mrs. Dick McInty and family.

The Do-Si-Do Club met in regular session Saturday evening, in the Legion Hall.

We Welcome The Brewers Home

One of the most appreciated members of the Brownfield school faculty here several years ago, was Vernon Brewer, who left here as a teacher in the high school. He moved to Tahoka to take over as principal of the high school. Later trouble brewed between the Tahoka board and the superintendent, who resigned, and Vernon was asked to take his place.

Since that time, he has filled the position of Supt. of Tahoka schools to the satisfaction, apparently, of both the board and the patrons. But Vernon just wanted to come back home, and resigned recently to accept the principalship of the Jesse Randal school, although re-elected at Tahoka.

The town as well as the patrons and pupils welcome Vernon back to our city. We already have the hobbles ready to stake him out if he ever attempts to stray again.

POOL NEWS

(Delayed)

Mr. and Mrs. Gene Lewis went on a vacation trip to Ruidoso, N. M.

Mr. and Mrs. Dean Roberson of Roswell, N. M., visited her parents, Mr. and Mrs. Sam Parks.

Mr. and Mrs. G. L. Ramsey and Gene returned home from a trip to McAllister, Okla. Gene Ramsey brought his bride, the former Inez Selee, back with him. They were married August 31.

Mr. and Mrs. J. D. Joplin of Seagraves is visiting her son and family, Mr. and Mrs. W. M. Joplin.

Mr. and Mrs. Claude Tucker and Mr. and Mrs. Winfred Tucker, both of Lockville, visited in the home of their sister and family, Mr. and Mrs. Tom Lewis.

Mrs. Homer Dunn is home now after a short illness in the hospital.

Major Howard is back in the hospital, but his condition is reported to be better.

The Young People's class had dinner at Frankie Maynard's home Sunday. Frankie, Betty Howard, and Beatrice Bolen are starting to school at a Lubbock business college this week.

Mr. and Mrs. George Bell, Sr., and Mr. and Mrs. Buddy Bell and daughters of Portales, N. M., visited in the home of their parents, Mr. and Mrs. Vernon Brown.

Mr. and Mrs. Robert Drennon of Odessa spent the week end in the home of his sister and family, Mr. and Mrs. E. J. Duncan.

Jim Trussell returned home from Brady last Friday after attending the funeral of his brother-in-law.

Mr. and Mrs. Joe Joplin and son visited in the home of his parents, Mr. and Mrs. W. M. Joplin. They live near Ropes.

Wanda Terry entertained her classmates and friends with a birthday party Sunday afternoon.

Robert Allen Small, Tommy Small, and David Haddock of Lovington, N. M., spent Thursday night with Gene Joplin.

Mr. and Mrs. G. L. Ramsey are leaving Wednesday for a trip to California where they will visit with their children.

Mrs. Rob Huddleston returned home from California Saturday.

UNION NEWS

(Delayed)

School began Monday with all teachers present. There are two new teachers, Mrs. Wilhelm of Lubbock and V. B. Hening, Jr.

Mr. and Mrs. Claud Montgomery and family visited Mr. and Mrs. F. D. Sudduth of Plains Sunday.

Guests in the J. J. Gunter home over the week end were Mr. and Mrs. W. S. Gunter and family of Odessa and Ammetta Britton of Gomez.

Mr. and Mrs. F. M. Walkup and family of Goldsmith spent last week end with Mr. and Mrs. Bonnie Kay.

Mr. and Mrs. H. J. Tankersley and family visited relatives at Abilene over the week end.

Mr. and Mrs. J. L. Newsom and family spent the week end in Lubbock with Mr. and Mrs. J. H. Ticer.

Yonne and Doris Jean Darnell visited relatives in Turkey the past week.

Mr. and Mrs. Ed Hill and family of Dallas visited Mr. and Mrs. H. H. Hill over the week end.

Mr. and Mrs. James Roe and daughter of Wichita Falls spent the week end visiting friends and relatives here.

WILL BE UNABLE TO ATTEND CONVENTION

Had notice this week that the Association of Women Bankers would meet in Chicago for their annual convention in late September. Knowing that Mrs. Ruth Ramsey, assistant cashier of the First National Bank, this city, was a member, she was contacted to see if she aimed to attend.

"Got a boss now," Ruth laughingly remarked, "so don't guess I'll be able to attend. But just let 'em bring it down to Texas sometime, and I'll be right there."

Seemingly the ABW have a fine program laid out at Chicago.

Funeral For Mrs. W. C. Brown Thursday

Funeral services were held at four o'clock, Thursday, Sept. 6, for Mrs. Will C. Brown, 73, 423 north Second, who died Wednesday morning after a prolonged illness.

Rites were conducted from the First Presbyterian Church by Rev. Tom Keenan, the pastor. Interment was in the Terry County Memorial cemetery, under the direction of Brownfield Funeral Home.

Mrs. Brown had been living in and around Brownfield since 1931. She was a member of the First Presbyterian Church.

Survivors include two sons, Will C. Brown and Earl L. Brown of Brownfield; three daughters, Mrs. Jessie Jones of Brownfield, Mrs. Vivian Brisbin, California, and Mrs. Claudie Black, of Lubbock; and two sisters, Mrs. Lillie Parks of Amarillo, and Mrs. Cora Morgan of Cuero, Texas.

Pall bearers were H. C. Jones, Ed Mayfield, W. F. Green, Ernest Hutson, James H. Dallas, and Joe Shelton.

Honorary pall bearers were Bill Zachary, Henry Chisholm, and Homer Nelson.

PFC. H. A. DEAN NOW IN GERMANY

Mrs. H. A. Dean, who spent the summer months with her husband's parents, Mr. and Mrs. Sewell Dean, at Wellman, left Friday for a visit with her parents, Mr. and Mrs. W. N. Clark, at Bend, Texas. This month she will enroll in Abilene Christian College as a senior student. She has been employed at McKinney's Insurance Agency this summer.

Pfc. Dean is now stationed in Germany, with the second division with the U. S. Army. He went overseas in July. His address is as follows: Pfc. Herbert A. Dean, U.S. 52028842, Serv. Battery, 14th AFA Bn., APO 42, c/o Postmaster, New York, N. Y.

Terry Pioneer Rites Read Sunday P. M.

(Delayed)

Funeral services for a Terry county pioneer, J. J. Whitley, 72, were held at 2 p. m., Sept. 7, in the Crescent Hill Church of Christ. Jimmy Wood, minister of the church, officiated. Burial was in the Terry County Memorial cemetery, under the direction of Brownfield Funeral Home.

Mr. Whitley passed away at his home, 602 W. Harris St., at 2:58 a. m., last Friday, following a three months illness. He was born August 6, 1874 in Young county and came to Terry county in 1909. He lived on a farm in the Gomez community until his retirement in 1941, when he moved to Brownfield. He was a member of the Gomez school board a number of years, and was a former deputy sheriff of Terry county. Mrs. Whitley passed away September 27, 1950.

Survivors include four sons, Ben and Austin Whitley of Santa Ana, Calif., Joe Bailey, Whitley of Tustin, Calif., and Richard Whitley, Brownfield; four daughters, Mrs. W. E. Parnell, Santa Ana, Calif., Mrs. Ruby Doss, Tustin, Calif., Mrs. Richard Barnett, San Bernardino, Calif., and Mrs. Zella Ernest, of Brownfield; one sister, Mrs. Lela Wheeler, Oklahama City; and a half brother, Ben Lee, Lubbock; 13 grandchildren, and five great-grandchildren.

Mrs. Doss had been with her father since he became ill about three months ago.

Pall bearers for the final rites were Pete Green of Big Spring, Earl James Brown, Willie Wynn, W. E. Harris, Ross Black, and Charles Auburg, all of Brownfield.

W. F. Christy Calls On The Herald

A very familiar, looking mug was poked into our office one day recently, but to save us we couldn't call the name, although we could tell him just where he used to live down in the Union community. But it was the early thirties when he lived here.

It was W. F. Christy and was here visiting his sister, Mrs. Shepherd, who lives in south Brownfield. Christy lives in Irving, near Dallas, at present. He reported that it had been very dry and hot in that section this summer.

But he wanted to read a bit more of our foolishness, and had us put him on the regular mailing list for the "Headache." Hope he gets a kick out of the stuff occasionally.

What are the Dollar Signs Saying?

MAYBE you've noticed that dollars don't seem to talk as loud as they used to in a lot of places.

But you ought to hear what they say about this Buick.

They say—here's the big thrill—big mileage—big power of a valve-in-head Fireball Engine—eight-cylinder performance at the price you'll pay for most sixes.

They say—here are size and room and comfort that are hard to match at anywhere near the price tag this Buick SPECIAL is wearing.

They say—here are such things as an oil filter, air cleaner, vacuum booster, built-in summer ventilation—not as "extras" but yours at no extra charge.

They say that "smart buy's Buick"—by a wide measure.

But a smart buyer will also let this dashing darling speak for itself.

He'll take the wheel and feel how it snugs to the road on turns—holds its course on the highway with big-car assurance.

He'll touch off the power of its

Fireball Engine and get firsthand the lift of its nimble response.

And he'll find out how coil springs on every wheel level out what he thought were bumpy roads.

Want to know more? How about coming in first thing tomorrow?

Equipments, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.

HOUSE OF THE WEEK

In this space, you'll find "The House of the Week" with full descriptions. This series is made possible by area firms listed here... See them to help you with your Home Furnishing Problems.

FOR MODERN LIVING

All of the light, utility, cross ventilation, convenience, and comfort that can be offered in a small five-room home is shown in this house plan.

The kitchen-workroom combination is especially convenient. The closet and lavatory in the workroom will provide a place in which the field hands can wash up and leave their outside wraps. If modern equipment is used, the laundry can be done and the family meals prepared at the same time. The four windows offer an unusual amount of window space making the kitchen very light and cool. There is 16 feet of counter space in addition to the table. The table arranged by the two large corner windows will provide an especially nice place to serve the family meals.

The bedrooms are very conveniently located — each with corner windows, thus leaving plenty of wall space for attractive furniture arrangement. Two large closets in each bedroom provide ample storage space; also the linen closet in the hall.

By arranging the living and dining area together, the effect of a very large room has been achieved and the space permits an attractive arrangement with the least amount of furniture. The large fixed window, which opens onto the entrance, could be replaced by ordinary window units or by use of glass block — either is very attractive.

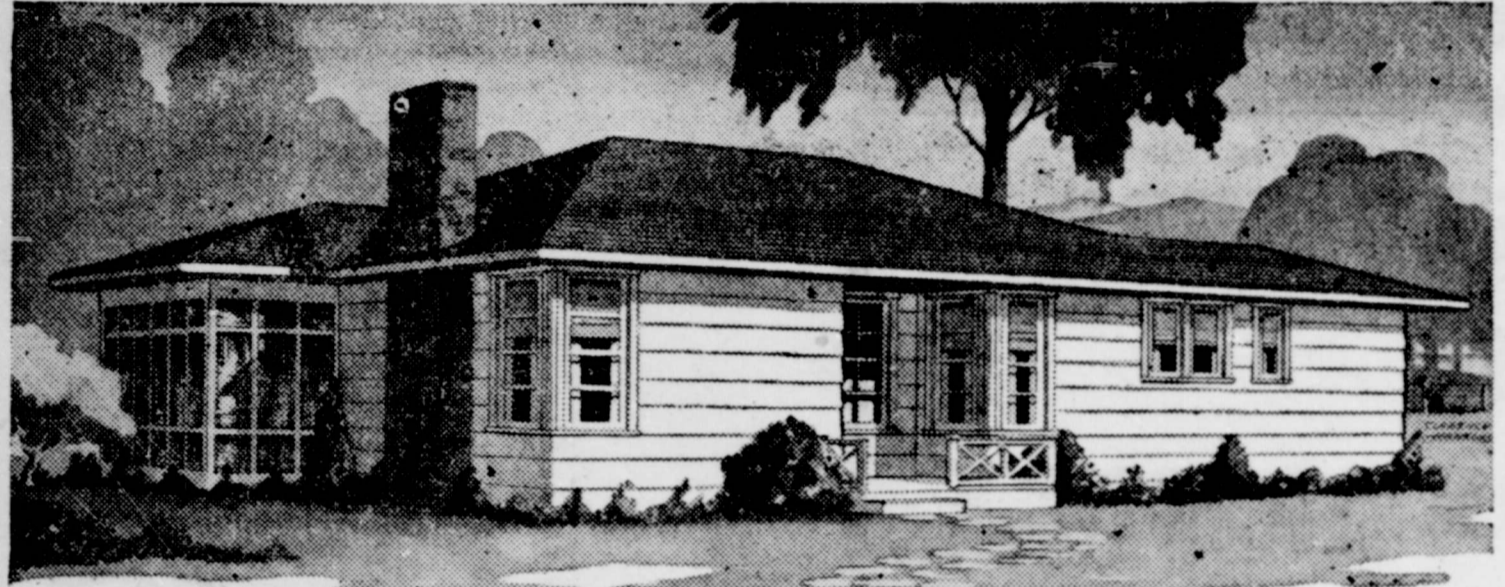

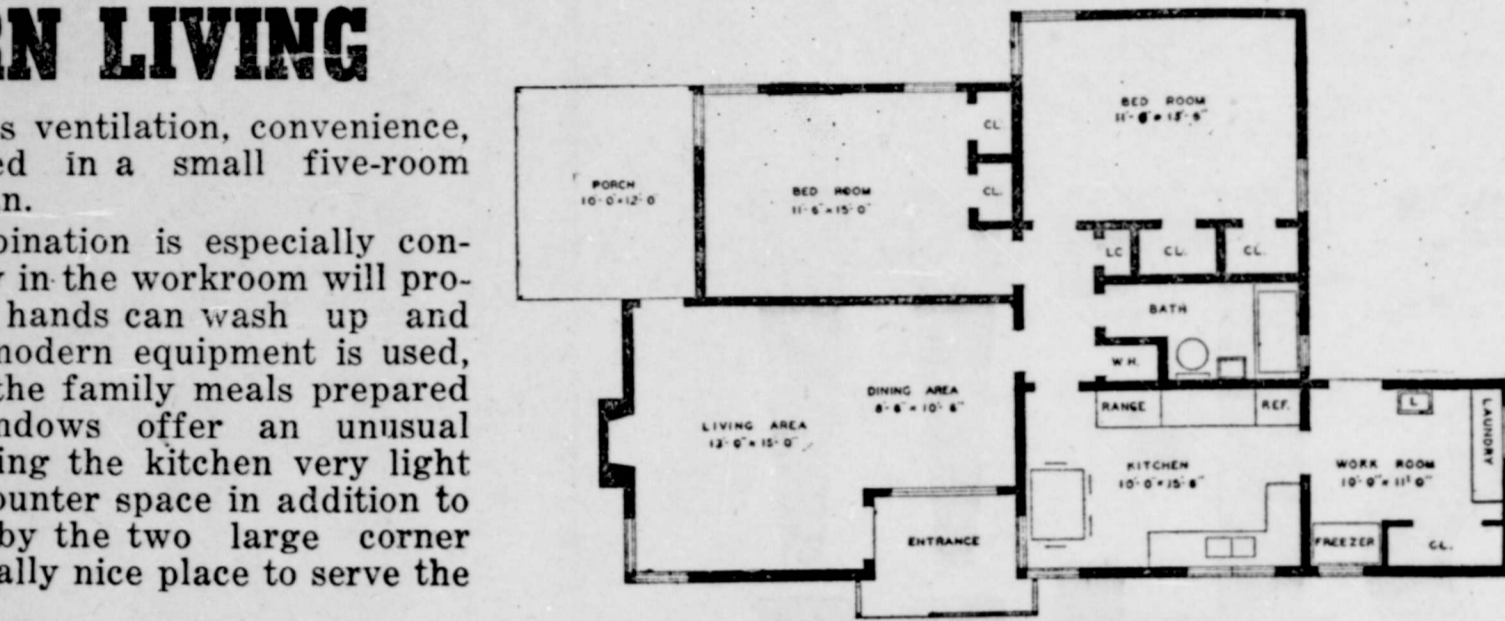

The screened porch on the back has an outside door and gives easy access to the living room; yet it is away from the entrance drive and barns. Hence the greatest possible amount of comfort and privacy is provided. A door opening into the adjoining bedroom could be very easily arranged if it is desired.

The plans on this house show a hip roof; however, the house would be equally attractive with a gable roof if the pitch on the rafters was not steeper than 5 inches rise per foot of run.

You can obtain blueprints for this TERRY COUNTY HERALD-FARM & RANCH House Plan No. 4914 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, FARM & RANCH, Dept. L-193, Nashville 10, Tenn. Order by number — plan No. 4914. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

Some Kangaroos can jump a fence eleven feet high.

A genuine diamond can be distinguished from an imitation stone by touching it with dry ice; the real gem will squeak when touched.

Feed Dealers Have Barbecue At Plains

More than 400 persons attended a barbecue in the City Park at Plains one night recently, staged by the Tri-County Feed Store of Plains.

The barbecue was jointly sponsored by the Western Farm and Ranch Store of Brownfield, and the Quaker Oats Company. Food was prepared by Joe Christian, owner of the Western Farm and Ranch Store, and Rusty McGinty and Glen Moorehouse, owners of the store that has just opened in Plains.

Talks on feeding were made by J. H. Hallen, feed sales manager for Quaker Oats Co., and Charles Griffin, livestock specialist for the same company.

Ranchers, feed dealers, farmers and others interested in farming and ranching attended from the entire area, and as far north as Tulsa and Plainview.

Attending from Brownfield were Mr. and Mrs. Joe Christian, Mr. and Mrs. Henry Williamson, R. N. McClain of the Brownfield State Bank, and Wayne Smith, chamber of commerce manager.

Herald Want Ads Got Results!

Rain Nearly Too Late

Mrs. J. J. Gunter, our faithful correspondent from the Union community was in last week with her newsy items. Before moving to the Union community, she got the news items for several years in the Pool community. So, news gathering is nothing new to her.

Asked about the crops in the Union community, said they had come out a lot since the big rain, but the rain was about one month too late. Pressed for further information, she believed with us that the small stalks would now mature what they had on them, and that the bolls would likely be larger than if there had been no rains.

Now here's one for your books that she gave us. There is a man next to their place, who deep broke his land that will make a half bale of cotton to the acre. She did not name the man.

Now we have been arguing thinking and 'sputin' for some time that deep breaking is the salvation of the sandy land in Terry county. We are still of that mind and persuasion. And it will help all land to really go down and loosen the earth to a great depth, to our notion.

Water Supplies Must Be Preserved

AUTIN—A water conservation program must be started immediately by towns, waters districts, ranchers, and farmers declared Dr. Geo. T. Cox, State Health Officer. The present situation is extremely grave and immediate action is necessary to relieve drought areas and prevent such conditions occurring in the future.

Dr. Cox said, "Our diminishing water supply, and in many places in Texas the total lack of sufficient water, brings about an emergency that imperils the life and health of the citizenship and brings about a substantial economic loss."

"Without water—industry cannot operate — homes can not exist — crops can not grow — forests would disappear — game and fish would die — the earth would become a desert — and the human race would perish!"

"Municipalities must make plans for additional water supplies. These may come from the construction of dams to impound water during the time of rains and with additional wells. However, the construction of dams is the more practical as the water level in Texas is getting lower each year."

"An immediate water conservation program throughout the state that will provide for the impounding of flood and rain water will contribute more to protecting the health of our people and add more to our economy than any other known project that could be undertaken. To wait three to five years to develop such a program could prove to be our greatest domestic tragedy."

Penalty On Marketing Excess 1950 Cotton

In accordance with Section 346 of the Agricultural Adjustment Act of 1938, as amended (7 U.S.C. 1346), and the regulations issued thereunder by the Secretary of Agriculture (15 F. R. 4162), cotton produced in 1950 on a farm for which the penalty on the farm marketing excess of cotton has not been paid is subject to the penalty of 15.5 cents a pound, and until the penalty on the farm marketing excess is paid the entire crop of cotton produced on the farm in 1950 is subject to a lien in favor of the United States.

Cotton marketing cards issued with respect to the 1950 crop of cotton became void after July 31, 1951. After that date, a person buying cotton which was produced in 1950 should take precautionary measures to assure himself that such cotton is not subject to penalty and the lien thereon. He should ascertain from the Production and Marketing Administration County Committee for the county in which the cotton was produced whether the cotton is subject to penalty and, if so, the amounts of the penalty and interest which are required to be collected and remitted. A person buying cotton which was produced in 1950 may relieve himself of liability for any penalty due with respect to such cotton only by collecting the penalty from the producer on each pound purchased and remitting the amount collected to the appropriate PMA county committee.

Issued at Washington, D. C., this 7th day of August, 1951.

Harold K. Hill,
(Acting) Administrator,
Production and Marketing
Administration.

Farmers Urged To Check Loan Program

Hugh H. Harred, Chairman of the county PMA Committee, this week asked Terry County growers to consider carefully the advantage of using the CCC cotton loan program this year.

"The loan program was established so that the farmer can receive substantial cash on his cotton after harvest and yet retain title so he can take advantage of any future price increase. The decision is up to each cotton producer. However, the loan program is most effective in spreading out marketings when more farmers use it," Mr. Harred said.

The U. S. Department of Agriculture recently announced the 1951 loan program in which the average loan rate for Middling 15-16 in. cotton produced in 1951 will be 31.71 cents a pound.

"I feel that the farmer is very fortunate in having a loan program at this particular time. It means that he will not have to market his cotton at picking time to get some ready money. The grower retains title to the cotton and can sell it any time it is to his advantage. Demands on the 1951 crop together with a large number of farmers taking advantage of the 1951 CCC cotton loan program—could result in a strengthened market during the months ahead."

The 1951 cotton loan information and forms may be obtained from any CCC approved warehouse, lending agency, or at the county PMA office.

Is Cotton Very Hard On The Soil?

At first thought, most of us who have not made a study of the matter, either from experience or scientific investigation, would conclude that cotton is no harder on the soil than other field crops, especially the sorghum families. But we have heard a lot to explode this idea. Not one but several farmers have given us another idea.

When these farmers tell us that their cotton this year is far better if it followed maize last year, than that which followed cotton, we are bound to admit that cotton in some way depletes the soil more than sorghum grains. Among those who have called this to our attention of late were Lee Bartlett, Willie Winn, Ed Thompson, and Mrs. J. J. Gunter.

Then we remembered that way back when the writer came to Texas at the turn of the century, the black land farmers in central Texas were just beginning to have trouble with patches of dead cotton. It would reach the height of surrounding cotton, then just die and the bolls never matured. If followed by cotton, these spots would spread, but more so with the direction the rows ran than crosswise.

Some said the soil had too much alkali in it. Others called it root rot fungus, but calling it names didn't stop its spread. We found the same condition on some of the older farms in the tighter lands when we moved to Jones county. But just let the farmer run wheat or corn on the land a few years and it greatly reduced the dead spots.

Out here in our sandier soils we have never noted any trouble of cotton dying. But evidently repeating cotton on land too often will lessen the yield. And that may be the reason we have noted nice healthy looking cotton on one side of the road, and half size, stunted looking stuff just across on the other side of the road, both on identical soils.

One can almost tell to the row where cotton followed cotton or maize last year. The last year's wheat land shows up even better.

LACK OF DISCIPLINE IN HUNGARIAN INDUSTRY BUDAPEST. —(AP)—Hungary's official Communist paper, "Szabad Nep" has complained again in a front page editorial about the lack of discipline in Hungarian industries.

The editorial singled out miners and construction workers, charging that many of them worked less than 48 hours weekly. The paper stated that in the Ganz Connector Plant production time was no more than 25 to 30 hours a week recently.

"Toleration of want of discipline is the sole interest of the enemy," the editorial asserted.

1950 Lubbock Cotton Defoliation Tests

Results of cotton defoliation tests conducted on experimental plots and in commercial fields at Lubbock in 1950 have been released by the Texas Agricultural Experiment Station.

Hi-Bred, Stormproof No. 1 and Deltapine (TPSA) were the most easily defoliated varieties in this test, in which Aero Cyanamid, special grade, defoliant was used, reported E. L. Thaxton, Jr., junior agronomist at the Lubbock Experiment Station.

In the test with three rates of several different chemical defoliants, best results were obtained with Sodium cyanamid at ten pounds per acre and Shed-a-Leaf at seven pounds.

Six commercial defoliants were applied on a uniform field of cotton under the direction of a representative of each chemical company. The chlorate-based defoliants gave the best results for total defoliation in this test.

Thaxton reported that at least 30 gallons of spray solution per acre were necessary to eliminate dry burn in a test on the best spray concentration.

Complete results of these experiments are given in Progress Report 1382, which is available from the Publications Office, College Station, Texas.

The true stork, the bird traditionally supposed to bring babies, is not found in the United States.

The average U. S. motorist pays 66 cents in taxes every time he buys 10 gallons of gasoline.

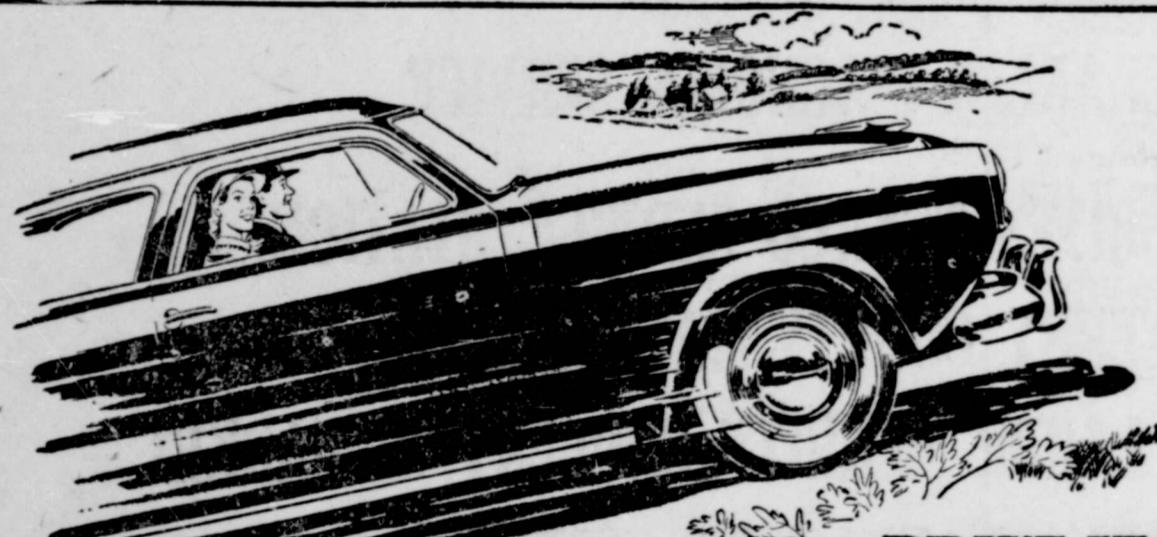

Lena Trower will be at SHELTON'S for a Free Demonstration and Skin Analysis Sept. 19th thru 22nd. Call or write for your appointment today.

719 West Broadway Brownfield, Texas

Around The Corner — And Down The Street

By Margaret Bandy Coward

Have you noticed the beautiful orange berries on the pyracantha bushes around so many homes in Brownfield? Fall of the year means beauty on these South Plains . . . and truly the shrubs, trees, evergreens and flowers could not have been prettier in this town than they are this year!

We'll see you at the first football game tonight at Cub Field.

The family is sorta on the fence . . . the daughter and son are students in Brownfield Junior high and high school, respectively, now—but it will be hard for them to remember that, come tonight, when they meet their friends from Crosbyton! They say now they will go over to the Chief's grandstand and yell for the Cubs . . . but it will be hard to do, since the Chieftan players have

been their friends all of their lives. They will probably even suffer with homesickness for a few days . . . after tonight . . . but on Monday, they will again be glad to be in Brownfield!

Mrs. Henry Fowler's father, J. H. Victory, who is visiting here from Stillwell, Okla., suffered a broken neck last February while working in Ft. Sumner, N. M., for the same construction company that had the contract on the project where the dynamite exploded up near Boulder, Colo., a few weeks ago, killing his son,

Warner Victory.

Mrs. Homer Winston planned and made all of her daughter's wedding ensemble a few weeks ago. Glenna, who married Calvin Stevenson, and now lives at Plains, made all of her attendants clothes. Glenna and Calvin were childhood sweethearts, but the romance didn't become serious until she was head cheerleader at Texas Tech, and he was on the Red Raider football team.

Marion Wingerd and Glenn Woodruff met at a Country Club dance, when he brought one of Marion's girl friends. He stopped dating the girl friend, and waited six months before he called Marion for a date!

The miniature bride and groom that were used on the mantle in the home of Mr. and Mrs. Leonard Lang, when Miss Wanda Collier, bride-elect to Pfc. Jimmie Wade, was honored with a miscellaneous shower, were dressed by Mrs. L. G. (Shorty) Forbus. Mrs. Forbus enjoys fixing unusual decorations for parties—in addition to teaching physical education in the Junior High School. She received her degree from Texas Tech this summer, too!

Mrs. Mattie Kendrick, who lives in Lubbock, plans to attend Texas Tech again this year . . . probably take another music appreciation course, with other studies. She is the mother of John J. Kendrick over at the First National Bank—has several grandchildren—her daughters live in Lubbock—She isn't enrolling in Tech, just taking courses to continue her education. Old timers remember her as she and the late Mr. Kendrick lived at Plains and Seagraves.

Mrs. M. C. Butler of Lubbock, district president of the Parent-Teachers Association, is a genuine sort of person, if you know what I mean, and it is always a pleasure to see her, and attend a conference of which she has charge. She formerly lived in Brownfield, was Temple Shepherd before she married Mr. Butler—her sister is Mrs. P. R. Cates, and her parents are the late Mr. and Mrs. S. A. Shepherd.

AN APOLOGY TO ALPHA OMEGA STUDY CLUB

The Herald acknowledges with regrets that it apparently cold shouldered the Alpha Omega study club style show, as well as the several participating merchants. But such was not the case. We believe the club, the merchants and the show should have had good publicity.

But sometimes things will happen that are beyond the desire or the control of frail humanity. There will be sickness, sometimes pretty serious as was in this case. We hope the ladies will overlook our imperfections on this occasion, and we hope that in the future we shall be able to do a better job of reporting.

Maids and Matrons Start Club Year

Forty members and guests attended the first fall meeting of the Maids and Matrons Club on September 4, at the Seleta Jane Brownfield clubhouse.

After a short business session in charge of Mrs. Looe Miller, president, Mrs. Ernest Latham introduced a Fine Arts program that was unusual in presenting talented youths.

Miss Betty Holmes gave an interpretation of Modern Dancing, which cleverly represented skill and practice.

A saxophone solo by Billy Mack Herod, accompanied by his mother, Mrs. Roy Herod, continued the Fine Arts program. Billy Mack has been a member of the Brownfield high school Band several years, winning several first places in contests.

Lanny Webb and Skeet Whitely performed Magician's tricks that created lots of interest in their ability.

After the program, Mrs. W. B. Brown and Mrs. F. G. White served refreshments to the group.

The next meeting will be next Tuesday afternoon at four o'clock. Mrs. Mon Telford will be in charge of the program, "Our Gardens," and Mrs. Leo Holmes will be hostess.

Just Some Rambling Rubbish Stuff

This is just a bit of stuff to late to classify. Perhaps it belongs to neither the fairly common stuff or the foolish. Some of it however will sound fairly sane. Maybe it was a misprint, but we saw an AP dispatch in at least two of the Texas dailies, Tuesday. It was concerning the huge amount of cotton the Texas prison system is producing on "1,100 acres" down at Huntsville. If true, the prison system have hit a world record of some 9 bales to the acre, and the irrigation of Arizona and California can now take a bow and step out of the picture.

Likewise the delta sections of the Mississippi valley. We have an idea, however, that when the matter is cleared, a young reporter for AP was on the job, and he got 1100 acres instead of 11,000 mixed, as producing the 10,000 bales on the prison system farms. If it was really 1,100 acres, that was some cotton—some cotton.

Speaking of cotton we see by the papers as the late Will Rogers used to say, that the government estimator, or statistician, as they are called, have dropped 200,000 bales off the 1951 Texas cotton crop, and have it down to 4,800,000 bales at present.

From the way the howls were going up until a week ago, we thought 2 million bales could

have safely been dropped from the August 8 estimate.

Now children, get out your old cry bandanas. There just aint no oil news to report this week. Of course we could say that such and such a well was drilling at 1,111,111 feet in lime, chert, caliche and granite. But what good would this information do?

The layity wants to hear of wells that have struck pay, how much, etc. We know just about as much about the geological formations as a bound pup, and so does the next man. Only the trained oil man knows his formations.

Well, the Harve Harris wrote us that they have finally returned from their Pacific coast cruise, and are again domiciled at Tatum and the ranch at Bronco. They report a wonderful trip over California, Oregon and Washington, according to Harve.

And to head it all, when they left Los Angeles, they had a new grand-daughter, born while they were out there to their daughter and husband.

Saw a mighty pleased little woman Tuesday. She was Mrs. Lloyd Turner, and she informed us that Lloyd was getting out of the service next Monday or Tuesday and was returning home. Lloyd was a reserve. Even baby Turner seemed happy about the matter.

Gene Forgy came in Wednesday to help as linotype operator on the Herald. He and wife come here from Strawn, but he has

DeDUSK IS NOW ABOARD A WARSHIP

Rayford L. DeBusk, seaman apprentice, USN, son of Mr. and Mrs. R. D. Deusk of 1121 North Second st., city, is serving aboard the newly re-commissioned destroyer USS Pritchett which he helped to reactivate at the U. S. Naval Station, Long Beach, Calif.

The Pritchett, along with two other destroyers from the Pacific Fleet, was placed back into active service at the mass re-commissioning ceremony last month.

After post-reactivation overhaul at a west coast Naval Shipyard, the Pritchett will become part of the Destroyer Force, U. S. Atlantic Fleet.

worked at several places in this area, Seagraves and "we believe O'Donnell, as well as Graham and other places in central west Texas.

The Mrs. is visiting old friends in Sudan this week while hubby helps out at the Herald office and looks for a home, here.

HARRIS FAMILY HAS REUNION

The Glen Harris home was the scene of a family "get-together" Sept. 2. Twenty guests, including several out-of-town relatives were present. Among those were Mr. and Mrs. M. E. Ellington of Ridge Way, Colo.; Mr. and Mrs. Paul Jones of Post, Mr. and Mrs. George Alexander and two sons of Tokio and Capt. C. H. Morrison, his wife and three children of Roswell, N. M.

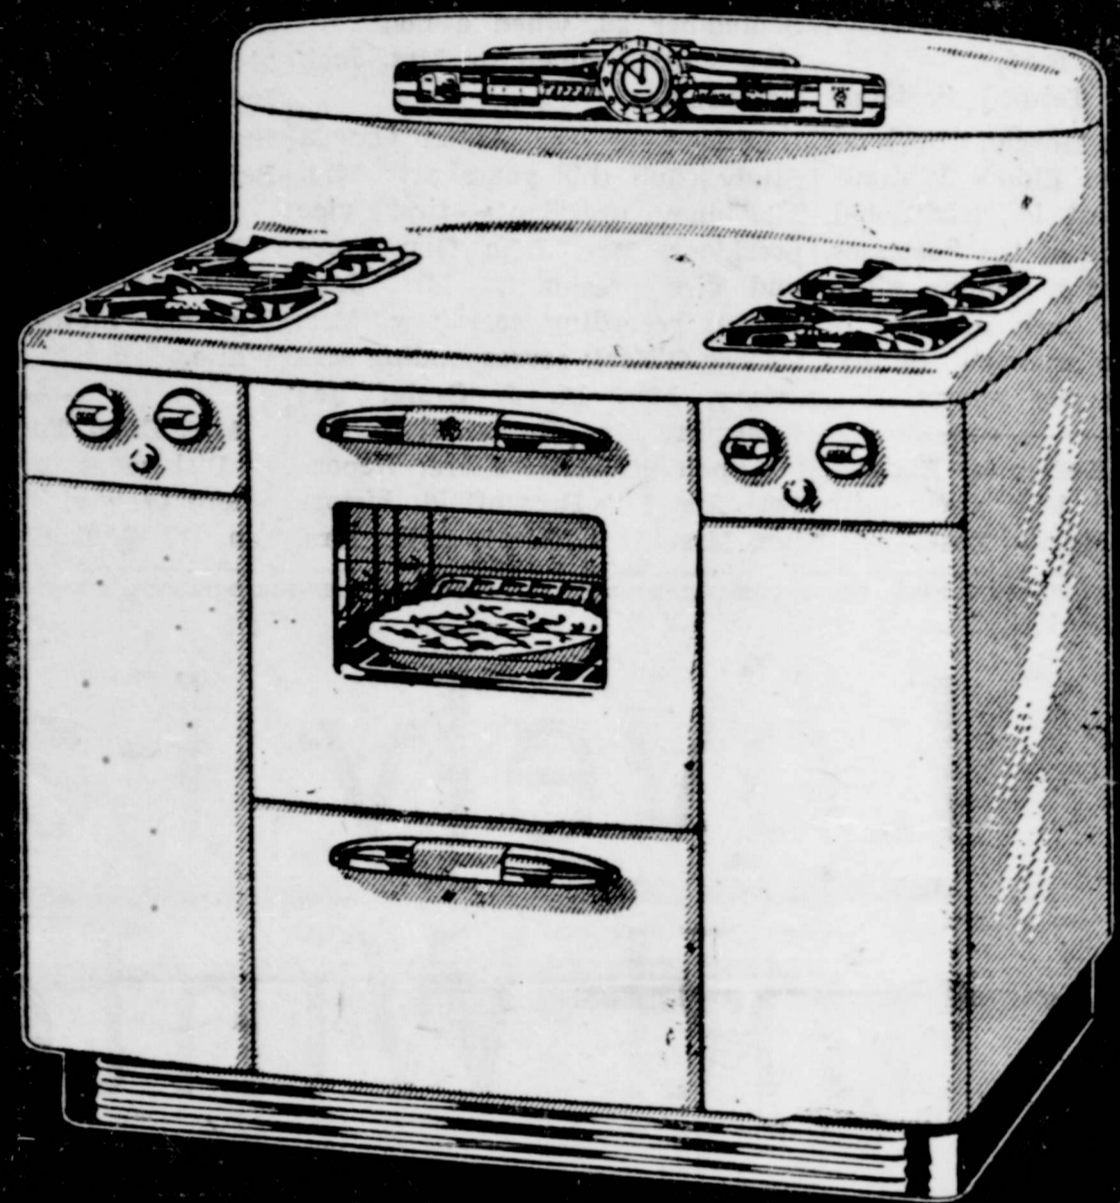

Other guests were Mr. and Mrs. Roy Harris, Mr. and Mrs. Roy D. Harris and daughter, and Mrs. W. H. Harris.

CARD OF THANKS

We wish to thank each and every one for the kind deeds shown us during the death of our loved one. May God bless each of you. —Mrs. F. M. Speed, Ira Speed, Mrs. Rosie Alexander and family, Mrs. Thelma Zachary and family, Mrs. Lucille Mack and family, Mrs. Odessa Briscoe and family, Mrs. Viola Gregory.

Baptist Church Was Scene For Wedding

MRS. GLENN LEWIS WOODRUFF

The First Baptist Church of Brownfield was the scene of the wedding of Miss Marion Wingerd and Glenn Lewis Woodruff of Matador at 8 P. M., September 8. Rev. Tom Keenan, pastor of the First Presbyterian church, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. L. M. Wingerd of Brownfield, and is the granddaughter of Mr. and Mrs. A. M. Brownfield. The groom's parents are Mr. and Mrs. J. L. Woodruff of Matador.

Church dishes were marked with white candles and gladioli and white satin streamers. The church was covered with greenery, which served as a background for triple arches. The center arch framed a large white cross, and the three arches were flanked with white gladioli, fern, and white tapers in candelabra.

Mrs. Pat Ramseur, organist, offered the traditional wedding music, and accompanied Jack Shirley when he sang "Thine Alone" and, as a benediction, "The Lord's Prayer".

Bridal attendants wore gowns fashioned of embroidered net over taffeta, worn over hoop skirts, and featured full gathered skirts and tight strapless bodices. Embroidered net stoles worn with the gowns formed sleeves and were gathered in back and caught with American Beauty Roses to give a bustle effect. Both the maid and matron of honor wore pink dresses with American Beauty rose shower bouquets, and the bridesmaids wore American Beauty gowns with pink gladioli shower bouquets. The attendants wore rhinestone necklaces and earrings, which were gifts of the bride. The junior bridesmaid wore white net over American Beauty and the flower girls wore white net over pink gowns. The candlelighters wore pink gowns made similar to those of the other attendants.

Mrs. Charles Shumate of Houston was matron of honor, and Miss Flo Stafford of Brownfield was maid of honor. Bridesmaids were Misses Margorie Moorhead and Eleanor Miller, both of Brownfield; Miss Patti Autry of Dallas; and Mrs. Russell Stephens of Brownfield. Mary Jane Brownfield, cousin of the bride, was junior bridesmaid. Flower girls were Pamela Shirley, cousin of the bride, and Elaine Flache. Misses Laura Lou Bailey of Lubbock and Sandra Bailey of Brownfield, also cousins of the bride, were candlelighters. Ring bearer was Jerry Bailey of Lubbock, cousin of the bride.

Gene Czarchinski of Buffalo, N. Y., was best man. Groomsmen and ushers were Forrest Cook of Wichita Falls, Donald Zeleny of Seminole, Morgan Copeland of

Austin, Henry Spalding of Lawton, Okla., Ted White of Kermit, and James Ed Russell and Arthur N. Casey, both of Matador.

Given in marriage by her father, the bride wore a traditional white gown of net and imported Chantilly lace over satin. The moped bodice was fashioned with a scooped neckline with looped cap sleeves and came to points in front and back. The Chantilly lace which covered the bodice fell into an apron effect over the full net skirt and extended into a cathedral train. A fingertip length illusion net veil cascaded from a stiffened lace calot with stand up brim, which was embroidered with seed pearls, and the bride wore long lace mits forming points over the hands. She carried a cascade arm bouquet of white roses centered with a white orchid and tied with white satin streamers. For something old, she carried a genuine point lace handkerchief made 50 years ago by her great aunt, Mrs. Redford Smith, and she wore a string of pearls.

A reception was held immediately following the ceremony in the home of the bride's parents. Identical tables, covered in pleated white satin, were laid in the dining room and on the terrace of the home, and featured three tiered heart-shaped cakes topped with miniature bridal couples. The cakes and punch bowls were surrounded with American Beauty roses.

Assisting with the reception were Mesdames J. L. Randal, A. J. Stricklin, sr., Eldora White, M. L. Copeland, W. R. McDuffie, Lee O. Allen, J. D. Miller, Leo Holmes, Joe McGowan, R. L. Bowers, Bill Williams, Jack Bailey, Sam Privitt, Prentice Walker, W. G. Hardin, Ray Brownfield, Tom May, Lal Copeland, I. M. Bailey, Jack Shirley, Joe Bailey, of Lubbock, Lee Brownfield, and Misses Betty Holmes, Jean Craig, Judy Griffin, Wanda Stafford, and Dorothy Nell Brownlee.

For a wedding trip to Miami, Fla., and Nassau, Mrs. Woodruff chose a red gabardine bolero suit with navy accessories and an orchid corsage. The couple will be at home in Matador after September 21.

Mrs. Woodruff is a graduate of Brownfield high school and of Stephens College in Columbia, Mo. She received her degree in radio and television from the University of Texas in June.

Mr. Woodruff graduated from Matador high school and attended John Tarleton College and the University of Texas before receiving his degree from Texas Technological College. He is an automobile dealer in Matador.

"Get your Fiesta dress at Fabric Mart."

Buffet Dinner And Bridge For Bride

Miss Marion Wingerd, who was married to Glenn Woodruff of Matador here Saturday, was named honoree at a buffet dinner and bridge and canasta party last Friday night at the home of Mr. and Mrs. A. T. Stafford, 803 E. Main.

Misses Flo and Wanda Stafford and Margie Moorehead were hostesses. Dinner was served from two tables covered with linen cloths, and centered with bouquets of pink snapdragons tied with fuchsia ribbon bows, covered with fuchsia maline. Pink tapers were in holders covered with fuchsia maline.

A hostess gift of linen was presented the honoree. During the games Mrs. Bill Gordy won high score in canasta and Miss Carolyn Harris placed high in bridge.

The guest list included Mesdames Gordy, Russell Stevens, Robert Lee Craig, and L. M. Wingerd, and Miss Harris, Jean Craig, Charlan Daniel, Norma Jo Boyd, Eleanor Miller, Dorothy Nell Brownlee, and the honoree.

MRS. MURPHY MAY NAMED HONOREE

Mrs. Murphy May was honored with a pink and blue shower Wednesday morning, September 5, when Mrs. James Finley entertained at her home, 808 East Lons.

Mrs. Tom May poured coffee from a table centered with a tiny merry-go-round surrounded with a pink, blue and cocoa floral arrangement. Four pink tapers were in holders covered with maline. On the wall behind the serving table were figures from nursery land, "Humpty-Dumpty," "Alice in Wonderland" and "Mad-Hatter." Cookies shaped like gingerbread men were served with the coffee.

Blue napkins were in the form of baby bibs, and lettered on each was a prospective name for a baby.

An electric train was on the mantle with pink and blue streamers extending from the engine. Bouquets of pastel asters completed the decorations.

Mrs. May was presented a corsage by her hostess.

More than 30 guests registered in the blue taffeta baby book, and a number sent gifts who were unable to attend.

District PTA President Conducts School Of Instruction For Local Units

"Closer relationship between teachers and parents should be stressed by each PTA unit," Mrs. M. C. Butler of Lubbock, district president who directed a school of instruction here last Thursday. "Parents should show more courtesies to teachers by inviting them into their homes for informal meals and home visits," she continued, as she talked to representatives of the Jessie G. Randal, West Ward, and Gomez Parent-Teacher Associations in a session started at 10 o'clock Thursday morning at the Esquire Restaurant.

Mrs. Butler discussed the objects of PTA—these objects of Parent-Teacher Associations in membership with the National Congress of Parents and teachers are: 1. To promote the welfare of children and youth in home, school, church and community. 2. To raise the standards of home life. 3. To secure adequate laws for the care and protection of children and youth. 4. To bring into closer relation the home and the school that parents and teachers may cooperate intelligently in the training of the child. 5. To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social and spiritual education.

O. R. Douglas, Brownfield school superintendent, O. B. Stamper, Junior High principal, and Vernon Brewer, principal of the Jessie G. Randal school, were guests at the session, and Mrs. Butler asked these men to give their viewpoints on the values of PTA. Mr. Stamper's version was: "PTA gives a child a mutual interest in child education. It is one of the best means of public relations, so the community will know the aims of the school, and the school officials will know what the community expects."

Mr. Douglas said: "PTA goes back to the philosophy of child relation of parents and teachers. The teacher guides and molds the thoughts of a child. When parents know the teachers and the teachers know the child—by closer association the child is known better in the home and the school." Mr. Brewer agreed with the other two school officials in regard to PTA.

Mrs. Butler also discussed the

policies which apply to the entire organization of the congress, national, state, and local PTA units. After lunch at the noon hour, Mrs. V. J. Patterson of Brownfield, district vice president, mentioned the various committees within the executive committee, and the duties of each, after which a panel discussion was held by the group before adjournment.

Others attending the meeting here were Mesdames Charlie Barrett, Banard Stice, and W. R. Schofield, all of Gomez; and Mesdames B. C. Frost, Carr Austin, Tess Fulfer, Tommy Hicks, W. F. Tipton, Lal Copeland, Harry Goble, Barton Evans, Jack Griggs, R. J. Purcell, Jess McWhorter, E. D. Hill, Harmon Howze, Lewis Simmonds, T. C. Livingston, Tom Harris, and Herman Chesshir.

MUSIC CLUB TO MEET SOON

The first meeting of the Music Club will be held in the near future, Mrs. J. Fred Bucy, president, announced Wednesday. Members of the club are teachers and business women, therefore meetings are scheduled to be held at night, and will be in the Seleta Jane Brownfield clubhouse, Mrs. Bucy said.

Dr. A. F. Schofield left Wednesday for Fort Leavenworth, Kansas, where he will attend a regimental reunion of Spanish-American War veterans. During his ten-day stay, the doctor stated that he expects to see quite a number of comrades from his old regiment and company, which was activated and trained at that place.

Mrs. Flache Hostess To Faith Circle, WSCS

The Faith Circle of the Women's Society of Christian Service of the First Methodist Church met at the new home of Mrs. Mitchell Flache in north Brownfield Monday afternoon for the monthly program from the yearbook.

Mrs. W. B. Downing was in charge of the program, "Economics in Latin America," and after a devotional, Mrs. Downing was assisted by Mesdames R. C. Newson, Glen Harris, Lula Singletary, D. S. Sampson, O. A. Lemley, F. E. Luckie and A. J. Boyd, in presenting the program.

After a short business session, Mrs. Flache served homemade ice cream and cookies to 17 members of the circle and two guests.

Next Monday a joint meeting of all the circles of the WSCS will be held at 3 p. m. at the church for a study of the book, "America, North and South." All members are urged to attend.

SONG FEST COURTESY TO MARION WINGERD

Forty persons were invited to a watermelon feast and song fest Thursday night of last week, honoring Miss Wingerd, at the home of Mr. and Mrs. Mon Telford on the old Lamesa road.

With Mrs. Telford hostesses were Mesdames Morgan Copeland, Loe Miller and Eldora White. The Song Fest is traditional, according to one of the hostesses, who stated that a similar affair was staged for each member of the group who married, or left Brownfield for any reason.

Mrs. Hattie Kegley of Elkhart, Indiana, visited last week with her daughter, Myrtle Yost.

Study Clubs Start Year's Activities

A new club year started Tuesday afternoon at four o'clock at the Seleta Jane Brownfield Club house for the Alpha Omega Study Club.

A business meeting was held, and members answered Roll Call with "Vacation Highlights." Mrs. W. T. McKinney, president, told of the club's objectives before Mrs. Kenneth Watkins gave the introduction to the course of study. "The Club Women" was discussed by Mrs. George Weiss.

Refreshments of lime sherbet, cookies and salted nuts were served by the hostess, Mrs. V. L. Patterson, to the following members who attended: Mesdames Lee Brownfield, P. R. Cates, M. J. Craig, jr., Truett Flache, A. J. Geron, E. C. Gertsensberger, Grady Goodpasture, Jake Gore, Jack Hamilton, Wayne C. Hill, C. R. Lackey, Arlie Lowrimore, Sid Lowery, McKinney, Robert Noble, M. R. Paddock, Curtis Sterling, Chad Tarpley, K. L. Walker, and Weiss.

The next meeting will be held September 26, when a book review will be given by Mrs. Jack Hamilton.

Officers of the Alpha Omega Study Club this year are: Mrs. McKinney, president; first vice president, Mrs. Jake Gore; second vice president, Mrs. Jake Geron; recording secretary, Mrs. George O'Neal; corresponding secretary, Mrs. M. J. Craig, jr.; treasurer, Mrs. Curtis Sterling. Appointed officers are: Reporter, Mrs. Lee Brownfield; historian, Mrs. P. R. Cates; critic, Mrs.

Jack Hamilton; parliamentarian, Mrs. H. B. Virgil Crawford; fine collector, Mrs. R. L. Noble; federation, counselor, Mrs. Tommy Hicks; appointed members to executive committee, Mrs. Grady Goodpasture and Mrs. C. R. Lackey.

DELPHIAN CLUB TO OBSERVE GUEST DAY

Guest day will be observed next Monday at the regular meeting of the Delphian Study club at the Seleta Jane Brownfield clubhouse.

The first meeting was after a covered dish luncheon on September 3, at the clubhouse. Hostesses for the affair were Mrs. W. F. Tipton and Mrs. George Steele.

Mrs. W. C. Burrow, president, presided during the business session and Mrs. James Underwood was presented as a new member.

Attending were Mrs. L. V. Patterson, an honorary member, and Mesdames Fred Yandell, Bernarr Smith, K. B. Sadler, W. T. Pickett, W. N. Lewis, Otto Butler, Burrow, J. O. Burnett, Jr., Claude Buchanan, Wayne Brown, R. W. Baumgardner, Steele and Tipton.

Mr. and Mrs. Ted White of Kermit spent last week end visiting his mother, Mrs. Eldora White.

Mrs. Ethel Tucker and Mrs. E. P. Bish went to Lubbock Sunday where they visited Mr. Tucker's son, R. M. Tucker, and family.

Lena Trower will be at SHELTON'S for a Free Demonstration and Skin Analysis Sept. 19th thru 22nd. Call or write for your appointment today.

Announcing

Stricklinly Speaking

By Old He

Frankly, we must state right here, that we have been getting too long winded the past few weeks with this department. Some things had to be left out last week on account of the fact that Stricklinly Speaking ran on an early print. Then too, our linotype man had to take the week off over at Hobbs for refreshments. But that is just a few of the incidents one runs up against in the newspaper game.

The home town college students are taking off this week. And right here is a good place to tell the world that West Texas is taking a big hand in higher education. In fact there are 33 universities and colleges in the 132 counties of what is known as West Texas.

They have over one million dollars invested in land and buildings, and a total budget this year of more than \$28 million and a payroll of over \$14 million. And eight non-tax supported senior colleges and universities report endowments of more than \$11 million dollars.

Raided the Jess McWherter peach patch on the Taboka highway Friday afternoon real late. And you know those dratted careless worms beat us to the patch, but lots of peas were left. We'll admit the things are "very careless" of where they go and what they eat. After they finish the "careless weeds" they attack anything in sight that's green.

Jess himself was off on a high falootin' tower to Washington, D. C. We know he was high because he took a plane, along with

some other business men of this area. But the good lady of the house and her two charming little daughters were there to guide us out to the pea patch.

Back to the careless worms, Mon Telford says that it don't make a particle of difference whether or not there is a careless weed in a mile. He had spots in the middle of his field that they appeared. Now, he has none as he supplemented their diet with some poison.

Saw an old friend, Ben Brannon here in town briefly one day last week. Just a few words with him, as he was hurrying to the hospital to visit some sick folks. Ben stated that he had moved back to Hamilton county, his old stomping grounds before he came to Terry some 40 odd years ago. His wife was the daughter of the late A. P. Moore and wife, who were early day merchants at Gomez.

Back to the worms, we just don't seem to be able to get off the subject. The poison racket has been running almost day and night of late. But we have found some that are not going to poison. Don't believe in murdering the poor little boogers, we guess. Just going to let them eat their fill of their 40c cotton.

Just after the heavy rains in August, the writer and wife came in off a farm after dark, and millers passed over the car like a heavy shower of rain as we drove along. We remarked that things would be popping open in two or three weeks. We had no idea then what kind of worm the things would hatch out, presumably careless worms.

You'd think that just about all

a barber cared for is to cut off your greying locks and puncture your whiskers even with the skin, kick you out of the barber chair — after you pay — and tell you to get.

But not long since, one hot afternoon, we made it to the Matt Smith shop by night and main, but soon recovered under his conditioner enough to get our work. Whereupon, Matt backed his new Buick out and brought us back to the office. Will wonders never cease?

We always like to stop in at Collins DG for a chat, especially if not on a busy day. If a customer calls, one clerk will stray from the bull session to wait on him, and another employee will take his place. They are never too busy to talk to people about the events of the day.

Oh, they'll sell you something if possible, but when they find yours is just a friendly call, they go all out to make it just that. Even the big boss, Wade Collins, will be right by your warm side when you just wish to chit-chat a bit. Even the lady clerks over on the south side of the store always have a friendly smile, and you can tell it is not just a manufactured smile.

And speaking of the people of our little city, we believe we have more splendid young businessmen than any place on earth. And we could name them, using all our fingers several times over to count them.

You take, for instance, the two boys that Mrs. Ethel (Jones) Howze raised, Bobbie and Sammie Jones. We never saw either of these young men when it looked like their fur had been stroked the wrong way. They always have a happy smile and never a frown.

We have often dwelled upon that passage of scripture in the Old Testament that says "Bring up a child in the way it should go, and they will not depart from it." Yes, the disposition of a child depends a lot upon the way it was raised.

Now, let's see if there is not just a bit of funny stuff we can close this very readable column with: "Mama," said little Elsie, "do

How People of Various Ages Hurt

The automobile, one of the greatest conveniences of modern life, has become through misuse the No. 1 accident killer for all age groups except infants and the aged.

"Accident Facts," the National Safety Council's statistical year-book, shows that autos are the leading cause of accidental death from infancy until the age of 65.

Under one year of age, suffocation is the most important accident cause, but deaths from suffocation drop to insignificance after the first birthday. The four leading causes of accidental death for other age groups are as follows:

- 1-4—Autos, burns, drowning, poisons.
- 5-14—Autos, drowning, burns, firearms.
- 15-24—Autos, drowning, firearms, airplane.
- 25-34—Autos, drowning, airplane, burns.
- 35-44—Autos, falls, burns, and drowning.
- 45-54—Autos, falls, burns, and drowning.
- 55-64—Autos, falls, burns, railroad.
- 65-74—Falls, autos, burns, railroad.
- 75 and over—Falls, autos, burns and poison gas.

MARRIAGES AND DIVORCES

Two couples applies last week for marriage licenses at the office of County Clerk, Dube Pyeatt, as follows: Stanley M. Miller and Zelma Fae Foote; Byron Cyril Casey and Evelyn Pink Sester.

At the same time, one couple filed suit for divorce.

men go to Heaven? I never see any pictures of angels with whiskers."

The mother admitted that she believed that some men went to Heaven, but she added: "They get there by a close shave." And — When Noah sailed the ocean blue; He has his troubles, same as you;

For forty days he drove the Ark Before he found a place to park.

We See The Sights Of North, Nor'west

(Delayed)

Had a Sunday afternoon trip planned for the whole generation, but Jr. said he had some things to do at the office, and as the little fellows, Robert and Mary Ann probably needed to sleep more, just the Mrs. was a bit interested—not too much—as it was pretty hot. In fact, we wiped many a drop of sweat from our honest brow. The main reason for the trip was that we wished to see Mrs. H. G. Richards and son, Afton, and family, who recently lost their husband and father.

Starting out fairly early in the afternoon, we did not try to set any speed record with the old 40ty. The main object was to see the crops other than a short visit with the Richards. And we really saw some crops, good ones, mostly, although in a few instances, they were not too hot. Between here and Levelland, both cotton and maize are generally good, and there is more maize than you might think, with a huge cotton acreage.

Right around Levelland, this side and the other, they had a severe hail and windstorm last week that left its mark on the landscape. Many fields were pretty badly beaten up by hail, a few we noted that will need no defoliant, unless new leaves grow. They were beaten off. Some damage to trees and outbuildings, and some tomb stones were turned over. They also had about 1½ inch rainfall.

Out on the Littlefield highway, the hail damage played out not far north of Levelland, and long before Whitharrell is reached. Stopped at Whitharrell for drinks (coke, you understand) and quizzed the storekeeper. They didn't crave the wind and hail, he asserted, but they didn't seem to have too much rain in that area, when we were getting over 4 inches. But they have pretty good crops, especially the irrigated crops.

But from there to Anton, being pretty hard land, generally speaking, you could but note that the long dry spell had a telling effect on the dry land feed and

CHRYSLER INTRODUCES SARATOGA MODELS

New in the 1951 Chrysler line is the Saratoga model powered by the 180-horsepower FirePower V-8 engine, which previously has been available only in the longer wheelbase New Yorker, Imperial and Crown Imperial models. With a wheelbase of 125½ inches, the Saratoga will be available in the six-passenger sedan pictured above, eight-passenger sedan, limousine, club coupe and the Town and Country wagon. Saratoga models will be available in a wide choice of standard colors and two tone color combinations.

Anton. Anton is not a large town, around 1200 to 1500 we'd say, and has oil fields west of town. We left Littlefield out of the trip, turning off on a farm-market road some 12 miles south of that city. Back to Anton, it is the hardest small place we ever saw to find anyone. And fewer people know where the other fellow lives. And as we had to use the doorbells not a few times, we found that more people keep their doors locked in daytime than any place we ever saw. Why? We did not ask, and no one volunteered the information.

But after bumping around the town some time, we finally found the residence of Mrs. H. G. Richards, but she was in Stephenville. We pushed doorbells, stopped and until the 40ty began to get hot and headed for a service station. Only one open we could find was south of the highway and railroad, a combination service station and grocery. The proprietor was a very nice fellow, and tried over the telephone to locate the Richards.

After coking up again, we headed east, and turned off the highway on a F-M road that runs from Shallowater to Wolfarth via Reece Airfield on the Levelland highway. Now you talk about cotton, they have it in that some 15 mile drive. Nearly all of it is waist high, and lapping in the middle and practically all irrigated, although they have had a rain in that area almost when needed. A lot of that cotton will make from a bale to one and a half bales per acre.

Plenty Dusting Planes
Those farmers are taking no chances whatever on losing that cotton to worms. No sir, E. Bob

Dixon. There were plenty planes in the air and in some instances, two or three planes dusting some fields. If you want to know something, Mister, there is a stench in the air in that vicinity that has a whiff like DDT. Just had to get out and examine some of that cotton. Lots of grown bolls, blooms and squares, and a few squares found on the ground. Picked up some of them thinking they had been hit by sharpshooters or fleahoppers. No sign that we could find. So decided the stuff was just overloaded, and sluffed off some.

And that cotton holds good after you get on the Brownfield highway at Wolfarth. In fact on to Ropes, Meadow and this side. But not quite equal to the huge fields in the Shallowater-Wolfarth area.

We See A Newspaperman

By gum, after driving all that distance, we were determined to see a newspaperman. So we stopped off in Ropes, to see Mr. and Mrs. Troy Morris. They had just returned from Brownfield, so like to have missed them. For about 1½ hours our tongues rattled like sheep bells in the dale. We talked of and about just about every person absent, including all the newspaper folks. But agreed that most of them are really nice guys to know.

Soon after arriving, Mrs. Morris brought in some ice water, and it was sure fine after a long, hot drive. And while Troy and the Old He continued to lash our tongues, Mrs. Morris brewed some of the best Arbuckle we ever popped our lips over. She's a whiz on coffee making. Finally we went to the printing office, turned on the air conditioner and

continued to talk and see. Troy has one of the best equipped small town shops we ever saw. But it was growing late, and farewells had to be said.

This we will say, however. Found that Troy's ancestors came from east Tennessee to Texas, hailing from Morriston, in the foothills of the Big Smokies. Yes, you guessed it, the town was named for some of his forebears. Now why in heck didn't some of those west Tennesseans think to name a town of Stricklinville?

So, on home through the fine town of Meadow in old Terry, with its splendid farming area.

G. I. QUESTIONS and ANSWERS

Q—I am a veteran and will live in France for the next couple of years. Where can I find out about VA-administered benefits, since there is no VA regional office in this country?

A—The Veterans Affairs Attache for Europe, in the American Embassy in Paris, can provide you with the answers to whatever questions you might have pertaining to veterans' benefits.

Q—I have just been discharged from service, and I plan to file an application with VA for disability compensation. Is there any time limit for filing?

A—No, there is no time limit or deadline for filing compensation claims. However, if you apply within one year from the date made retroactive to your discharge date, but if you wait more than one year, the effective date on which payments may begin will be the date of application.

Q—I expect to complete Public Law 16 vocational training sometime next year. After that, I understand I will have one year's GI Bill entitlement coming to me. Can I use that year for additional training under the GI Bill, even though the cut-off date for training has passed?

A—Yes, provided you apply for the GI Bill training sometime before you complete your Public Law 16 training.

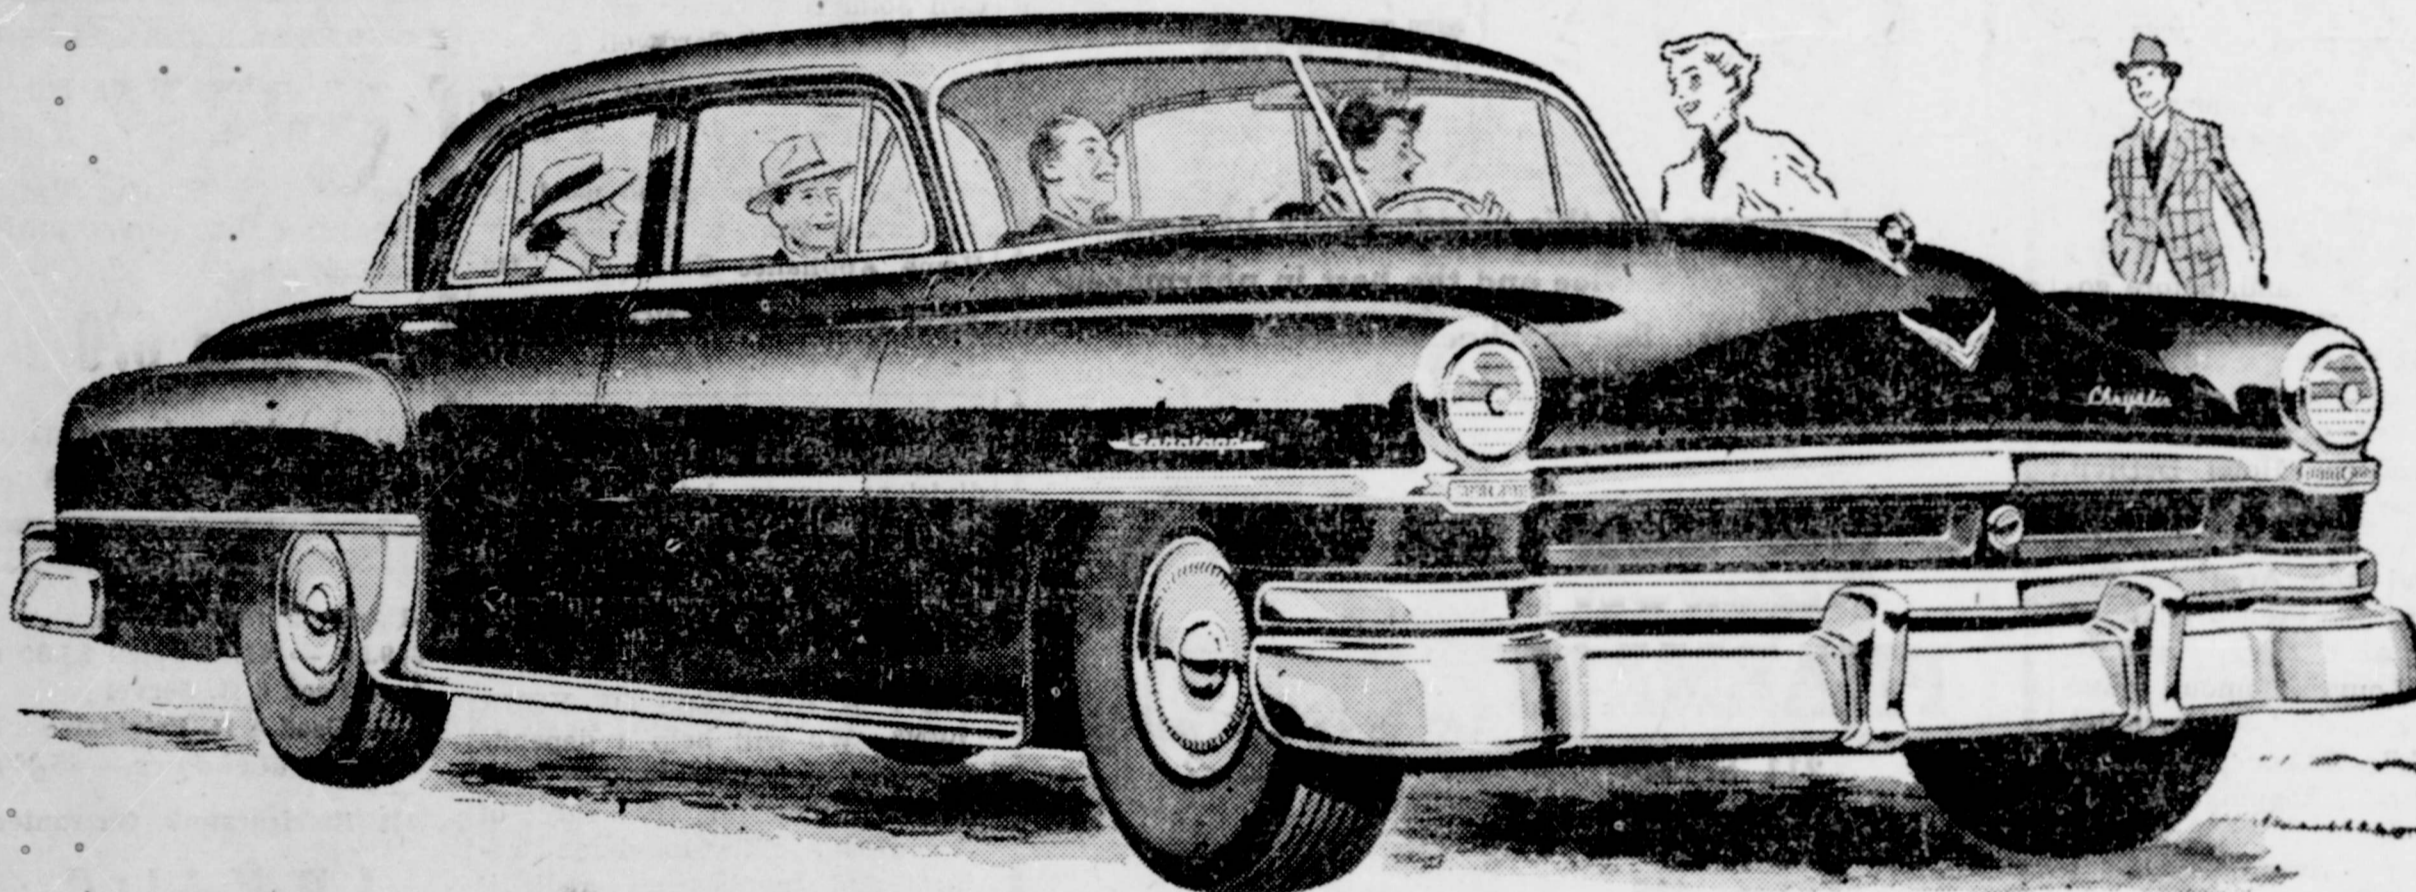

Q—I received a check for the second dividend on my NSLI term policy, which, by the way, expired in 1949 and which I renewed for an additional 5-year term period. But I don't think the check is large enough. What should I do?

A—You should wait, for you probably will receive a second check. You held two policies during the three-year period covered by the second dividend, and you should receive a separate check for each policy based on the anniversary date of each policy. If you fail to receive a second check in due time, write to the VA District Office that handles your insurance. Don't write VA in Washington, D. C.

Q—I signed a statement before my discharge that my disability existed before I entered service. Will this render me ineligible for disability compensation?

A—No. One provision of the GI Bill nullifies any such statements made at the time of discharge. Decision as to whether your disability was incurred in or aggravated by your service will be made by VA. Compensation may be awarded for service-aggravated disabilities which existed prior to service.

Lena Trower will be at SHELTON'S for a Free Demonstration and Skin Analysis Sept. 19th thru 22nd. Call or write for your appointment today.

THE OLD HOME TOWN

By MRS. W. G. HARDIN

There is something that's appealing in the nature of us all. 'Tis a kind of kindred feeling, tho our fortunes rise or fall. And it breathers a fearless spirit in the heart of pioneers, Who left home and friends to bear it to this land then fraught with fears.

Bearing hardship, facing dangers, and a heritage so free, In a land where none are strangers they bequeathed to you and me, And the fruits of all their labors with their often menial round, We may share now with our neighbors in the old home town.

Some cities may be greater than our cities in the west, They may boast their tall sky scrapers and their factories and the rest, That may go to make a city, but the lack that beaming smile, And that element of pity that makes western life worth while.

That handclasp warm and tender, that regard for one and all, With the love that they engender, making neighbors of us all, And the pioneering spirit that in all these lands abound, Soon will raise to all thy merit, thee, my old home town.

We together here have labored, seen our babes to manhood grown, There were times when fortune favored, we at times defeat have known, Then again we've watched together when some loved one passed away, While our eyes in pity rather looked the words we could not say.

And together we have laid them where the sunlight loves to shine, And together we have missed them; they were yours, dear friend, and mine, And a tie not fate can sever has been formed by this we've found, Makes us citizens forever of the old home town.

We know not what the fates may hold in store for yours and mine, We hope for them success, untold, and fortunes ever kind, But this we know, when comes the day, and this should be enough, Their pioneering ancestry gives them the proper stuff.

While blood of hardy pioneers is coursing through their veins, They'll laugh at danger, know no fears; this future then obtains, What e'er the test when comes the day, tho fickle fortune frown, They'll make us ever proud to say, "They hail from my home town."

The above poem was composed by Mrs. W. G. Hardin, who recited it from memory at the Old Timers' Party given last week for Miss Marion Wingerd.

Mrs O. L. Jones Is Outstanding Citizen

An important philosophy of life has been accepted by Mrs. O. L. Jones, who has been Terry County's Treasurer since 1939: "We can do anything we have to do, God being our helper."

Not long ago the publishers of the American Magazine asked the Herald to nominate a person from this community who has made an important contribution to the area.

The fact that Mrs. Jones has triumphed over grief, and reared a fine family after the death of her husband in 1935, makes her "outstanding."

High school days will end after this year for Mrs. Jones, as she sees her youngest daughter, Mary, receive her diploma from the Brownfield high school. "I just won't know how to act, not having anyone in public school—and I live just across the street from the West Ward and Junior high school, too."

Mrs. Jones is definitely a normal, typical American. She came to Terry county in 1917 after she and Mr. Jones had married. They lived on a farm south of Gomez five years, then moved to Brownfield in 1923, to her present address, 311 E. Main street. She has watched Brownfield grow from the prairie and old plank buildings to the modern city it is now, prospering with cattle, cotton, and oil.

Mrs. Jones passed away in May, 1935. He was manager of the West Texas Gin here 12 years.

Mrs. Jones had been "just a housewife," never working in the public. The modest, sincere per-

son that she is, she stated, "I feel the accomplishments that I've made are due to friends in this area who have been understanding and helpful, as well as supporting me in each election since 1938."

Her oldest son, Clifton Jones, who started to school here in the old red brick building, which is now West Ward, has been Deputy Sheriff since January 1, 1950.

Besides the oldest and youngest members of her family, Mrs. Jones' other children are Mrs. Geraldine Bishop, Slaton; Mrs. Caroline Patterson, Childress; Kenneth Jones, Silverton; Oscar Jones of the armed forces, stationed at Camp Mousmouth, N. J., where he is a radio operator on supply trucks; and Miss Juanell Jones, who is at home.

She has six grandchildren. Her mother, Mrs. S. E. Aytes, lives in Lubbock.

Mrs. Jones, who is a member of the Crescent Hill Church, was chairman for three years of the Terry County Tuberculosis Association, and was two years Red Cross chairman of the county. She is also a member of the American Legion Auxiliary.

Walking to work through the years, Mrs. Jones knows the hardships of rearing a family and being chief "breadwinner." "We still do our laundry at night," she said, "and manage the ironing the best way we can."

Members of Mrs. Jones' family are all normal, worthy citizens—they have accomplished, through their own efforts, and their own family spirit, a place in the records for being among those who are listed among the citizens in "the backbone of the nation."

Scouts Return—

(Continued from Page One)

from another country to the closing day program. Pigeons were released, representing Scouts going home to all parts of the world.

Since the encampment was only 20 miles from the Russian zone, American Boy Scouts released balloons, with "Non-Communists" printed on them.

On the way to the United States, the Scouts spent one day in Zurich, Switzerland, before going to Paris, France, for three days. In Paris they were met by the Mayor of the city, a woman, who extended a welcome. They were shown the Hotel DeDivil, which houses offices for city employees; and they went to Eiffel Tower, and the Arch of Triumph, where the French unknown soldier is buried. They visited the Palace of Louvre, famous museum, and Earle went to Versailles, France, while Roscoe went shopping in Paris—shopping for perfume, that is!

They left from Cherbourg, France, sailing on the SS "Homeland," formerly known as the SS "Brazil." The Statue of Liberty looked mighty good to those Scouts as they came into New York harbor. Before coming back to Texas the boys stayed a day and a half in New York City before going to Niagara Falls; then to Detroit, Mich., where they toured the famous Greenwich Village and the Ford plant; from Detroit, they came to St. Louis and Dallas.

Earle and Roscoe were informed while in Austria that only five per cent of the Russians are Communists. Vienna is the only city in the Russia sector, which has been recently taken over, to still have the scouting program.

Earle met a man, who is to become his pen pal, from Vienna, stating that as many people in Russia were trying to be against Communism as there are for it; but they were unable to be against it, since the Czars were taken over by the Communists.

One morning at the Jamboree Roscoe cooked breakfast for an American Army officer stationed in Germany, who told him of the Russian youths. The officer said Russia had strict rationing of all foods and clothing—there just is not enough to go around—but the Soviet government tries to encourage the youth to join the Youth Rallies of the Soviet Union by offering them extra rations of food and clothing.

Mr. and Mrs. Howard Thames of Big Spring visited recently in the home of Mr. and Mrs. Thurman Pickett and family.

SCOUT TROOP 47 TO HAVE BARBECUE

Boy Scouts of Troop 47 will meet tonight at six o'clock at the home of Mr. and Mrs. H. L. McKay, 221 W. Cardwell, for a barbecue supper.

Leon Painter is scoutmaster, and Troop 47 is sponsored by the First Christian Church.

Approximately 14 boys are expected to attend the barbecue.

Mr. and Mrs. D. P. Carter accompanied their granddaughter, Joyce, Ann Eubanks, to her home in Fort Worth last week, and visited their daughters there. They returned home by Anson for a visit with his sister, Mrs. L. P. Hensley.

"Get your Fiesta dress at Fabric Mart."

Kenneth Spears, Tommy Hord, president.

NO MATTER WHAT HAPPENED... WE CAN MAKE IT LOOK LIKE NEW!

Slippery highways... bad stretches of road... they cause more than their share of accidents. But whether it's a dented fender or a dismaying collision like the one shown above, we can make your car look and operate as well as the day you drove it out of the showroom! Our expert technicians, using latest tools, materials and methods can work magic with crumpled body parts and damaged motors. And remember... if you should need a tow truck, you'll want it FAST. We're on the job 24 hours a day. For service, just call 902.
