Employees Win Free 'Havana Holiday' Trip

Two representatives of Portwood Motor Company, local Ford dealers, George Germany and John Ritchey, will leave next Saturday, October 6, for a "Havana Holiday," an all-expense paid trip awarded to them as winners in a recent sales and labor contest, sponsored by the Ford Motor Company.

Announcement was made Saturday that Mr. Germany, parts manager of the firm, and Mr. Ritchey, who was service manager at the time of the contest, were awarded the free trip to Havana, according to John Portwood and Clyde Truly, owners of Portwood Motor Company.

The contest was slated for June, July and August, this year, when Ford dealers in the southwest region were to exceed previous sales in parts and service by 20 per cent.

Portwood Motor Company was listed among the top 25 per cent in the contest, which included approximately 1,000 dealers in the region, which comprises seven states.

Mr. Germany has been parts manager of Portwood Motor Company the past six years. He came to Brownfield from Fort Worth, where he was employed during the war with Consolidated Aircraft Corp. Prior to that time he was associated with Ford dealers in Lubbock and Wichita Falls. Mr. and Mrs. Germany and two daughters, Barbara Joe, 10, and Jane Dee, 3, reside at 806 east Lake in Brownfield.

Mr. Ritchey has also been associated with Portwood Motor Company since 1945. He was service manager, during the contest, as the present manager, Harold Wilson, was in the army. When Wilson returned from the army, he resumed the management, and Mr. Ritchey is employed as mechanic in the service department.

He resides at 821 west Lake with his wife, a daughter, Veda Ann, 15, and three sons, Johnnie, 10, Cherry Don, 8, and Valdeen Roy, 6.

The two men plan to leave Brownfield on October 6 for Dallas, where they will board a plane

on Sunday, October 7, at 7 a. m., and are scheduled to arrive in Havana, Cuba, at five o'clock on Sunday afternoon. They will accompany other winners from the seven states.

Portwood Motor Company has excelled in various sales and service the past six years, since Mr. Portwood and Mr. Truly purchased the firm. For several years they have earned the Four-Letter award, offered by Ford Motor Company for outstanding merits.

There are 25 employees of the firm at the present time.

We Think B Cubs Deserve Mention

So far we have not seen any mention in this good old journal of the B team of the Cubs. Frankly, we think they should be mentioned in these columns about their games. Won't these boys be the main team in another year or two?

Their first game was with Denver City B team, which the Cubs took to a 27 to 0 cleaning. The following Thursday they took on the Plainview B team, and knew they had a hard row to hoe, but nosed out the PV bunch, 7-6.

Meadow and Wellman
Meadow lost last Friday night to the strong Sundown Roughnecks, 19 to 0. Meadow seems to be getting a bad start this season, but may wind up among the top B teams. Can't ever tell about Meadow.

Wellman only entered football last season, and rather late in the season if we remember aright, and were defeated in all games. Last Friday they played Tatum, N. M., and won the game 14 to 6.

Had a time the past week getting an egg stamp for Mrs. Floyd Perry. And when it came in, it was about twice what we thought it would be. We used to buy them for Terry county farmers at 75c each. But Mrs. Perry says they soon pay for themselves, as a stamped egg brings a lot more on the local market.

First Methodist Church Plans For Texas United Revivals, Oct. 26-Nov. 4

The Brownfield First Methodist Church is cooperating in the Texas United Revival, Reverend Dallas D. Denison said Thursday.

This statewide activity, which will be carried on simultaneously in each of the Methodist churches in Texas, is under the general chairmanship of Bishop William C. Martin of the Dallas-Fort Worth area, Bishop A. Frank Smith of the Houston area, and Bishop Robert N. Brooks of the New Orleans area.

Reverend Dawson Bryan of Houston and Reverend Leslie Ross of Nashville, Tenn., are executive co-chairmen of the Houston area; and Reverend Howard Ellis and Reverend Joe Edwards, both of Nashville, are co-chairmen of the Dallas-Fort Worth area; and Rev. J. W. Golden of Memphis, of the New Orleans area, Central Jurisdiction.

Committees from the local local Methodist church have been named to assist the Rev. Denison in the various phases of the campaign:

Visitation Evangelism Committee: R. W. Baumgardner, chairman, Joe W. Johnson, Mrs. E. F. Latham, Miss Mattie Morgan, Jane Anderson, James Watson, W. T. Briscoe, Mrs. W. T. Briscoe.

Public Service Committee: R. J. Purcell, chairman, W. W. Glick, Jerry Anderson, Mrs. Roy Herod,

Mrs. Newell Reed.
Financial Committee: Joe W. Johnson, chairman, Martin Line, Mrs. Glenn Harris, Miss Elizabeth Jo Anthony.

Spiritual Preparation Committee: Kenneth Purcell, chairman, Mrs. Wayland Parker, Malcolm Thomason, Mrs. O. A. Lemley, Mrs. R. J. Purcell, R. A. Simms, Mrs. J. H. Carpenter, J. O. Gillham, Mrs. John H. Portwood.

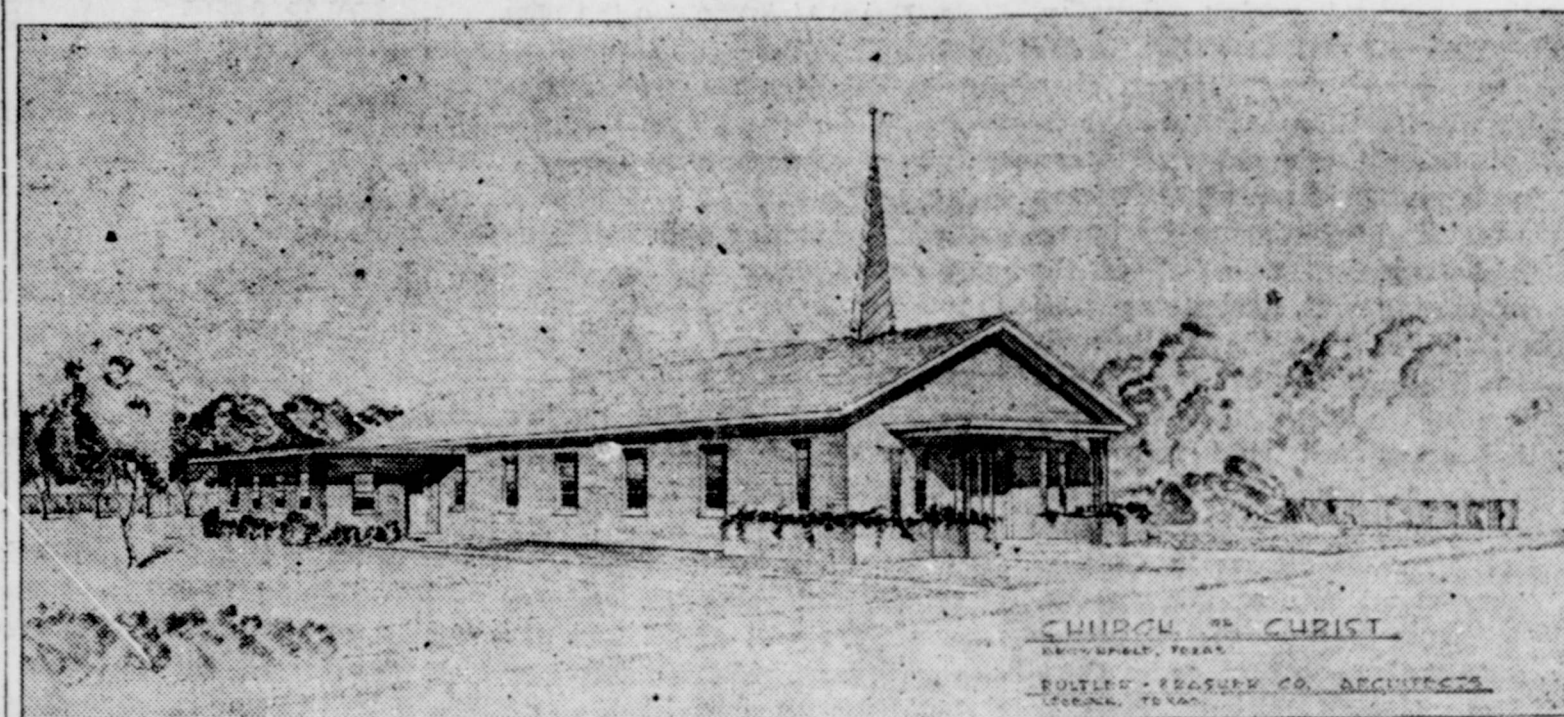

Spiritual Life Committee: W. M. Thomason, chairman, M. J. Craig, Mrs. J. M. Telford, Mrs. Ida Belle Walker, Mrs. E. F. Latham, Mrs. A. E. Proctor, Mrs. James Warren, Mrs. Bernarr Smith, Mrs. T. P. Brown, R. J. Purcell.

Sunday School Classes: Mrs. Betty Criswell, Miss Maude Bailey, M. J. Craig, Lynn Nelson, Harmon Howze, Mrs. W. W. Glick, Mrs. Wayland Parker, Miss Mattie Morgan, Mrs. D. D. Denison.

The above committees will meet September 30, 6:45 p. m., at Methodist Church.

September 28 to October 7 has been set for the Texas Conference of the Central Jurisdiction. The week of Oct. 5-14 will be used by the churches of the Houston area for nightly visitation evangelism and preaching services. The Dallas-Fort Worth area and West Texas Conference will hold their revivals Oct. 26 to Nov. 4.

Work Started on New South Side Church of Christ Building

Pictured above is the new church building being constructed by the Crescent Hill Church of Christ in South Brownfield. The building is located on the Old Lamesa Rd. at Club St., and will be known as the Old Lamesa Rd. Church of Christ. Construction on the building was begun last week by the Paden Construction Co. of Brownfield. Estimated time of completion is five months. The architects are Butler and Bra-shaer of Lubbock. At present the walls have been raised to window height all around the building, and construction is going forward rapidly.

This building is the result of plans that were laid over two years ago by the Crescent Hill Church of Christ. Their present building that is only four years old has been overflowing for the past several months, and this expansion seemed necessary. The new congregation will be an independent Church of Christ in Brownfield as soon as they begin to meet. Several of the members of the Crescent Hill church have expressed their intentions of meeting with the new congregation.

The building is to be of brick and tile construction, and will have a composition roof. It will seat some 300 people, and will have seven class rooms, a minister's office, and two rest rooms. The overall length of the building will be almost 100 ft. and the width of the auditorium will be 36 ft. It will be built in a "T" shape with the class rooms located in the "T." Interior finish will be plaster with red oak trim. The baptistry will be located behind the pulpit in the front of the auditorium. The window will be met-

al with stone trim. Recently the Crescent Hill church purchased the property adjoining their building site on the east belonging to Mr. Cooper of Tahoka. This property included a lot 75 ft. by 200 ft. and a four room stucco house. For the present this house will be used as a minister's home. The lot will furnish additional parking space and room for expansion.

Site Bought For Colored Church
In addition to this work in South Brownfield the Crescent Hill church purchased this week lots in the Flats for the building of a colored congregation. These lots were purchased from C. D. Gore, and will be located just west of the colored school. They front the street that runs East and West and are 300 ft. long and 150 ft. deep. They plan to begin construction of the church building in the very near future.

Cubs Add Another Victory, 23-7, Over Phillips: Journey To Snyder Tonight

It wasn't in the books, but Brownfield's Cubs won 23 to 7 in a game here last Friday night against the Phillips Blackhawks. The boys from the oilfields were slated to win, with heavier men, and past records piling up wins in their district, but Coach Toby Greer's forces added another victory to the Cubs' den!

With a tie and two wins behind them Coaches Greer and L. G. Wilson will take the Cubs to Snyder tonight to try to hold the Tigers in another non-conference game. They have tried to iron out their mistakes, and are going to Snyder with the determination to add another victory to their score cards.

The Snyder Tigers tied Lakeview last Friday night, but they will have their first home game tonight, and in their own backyard they are liable to deal the Cubs some misery. The Lakeview Snyder played to tie last week was not the small town near Memphis, as some fans here believe, but it is a suburb of San Angelo, and they are reported to have a strong team.

According to an associated press report this week, Brownfield was chosen one of the Big Four in the state. After watching the Cubs play, they could be right. Other schools chosen by the AP were Arlington, Van and Wharton. Who knows? Brownfield has a good chance to be in the top bracket in Class AA football this year.

Square Dance Club To Have Guest Night

Everyone in this area who likes to square dance is invited to attend Guest Night at the Country Club Tuesday night, October 2, at 8 o'clock, according to Mrs. Leo Holmes, secretary of local Square Dance Club.

County Agent To Attend Field Day

County Agent Jim Foy will go to the Lubbock Agricultural Experiment Station on October 8, when Don Jones, supervisor of the station, and his staff will conduct an orientation for county agents in this area who will act as guides on the annual Field Day.

Various groups will attend the annual event, which is scheduled for Tuesday, October 8.

P-SP Fair At Lubbock Starts Monday

Homer E. Hunt, President of the Panhandle South Plains Fair, as well as A. B. Davis, Manager of the Lubbock Chamber of Commerce, have written the Herald personal letters, stressing the fact that the 34th annual fair is going to be the granddaddy of all. And they naturally want as many from this area as possible to attend.

In the first place, some big improvements have been made in the grounds and buildings, and the prize purses will exceed any yet offered, for most anything that will be displayed up there from next Monday, October 1, to Saturday, October 6.

Not only that, but many new features will be offered this year in the way of amusements, both for the youngsters and grownups. Some of them perhaps are being shown for the first time this year. And the usual big fireworks display will take place each night during the fair.

As usual the front gate entrance will be absolutely free as will everything else inside the grounds with the exception of the carnival, shows and rides. The P-SP Fair has made big plans for the entertainment of the people of this area, and we hope they have a heavy attendance from the Brownfield section.

Remember Monday Is Dollar Day

Here 'tis again folks. Yes, \$\$\$ Day is right upon us. Monday will not only be the first day of October, but Dollar Day too, and some of the merchants are offering some rare bargains for the occasion.

So, just look over this issue of the Herald, and keep in mind those who have offered specials for that day. They will be waiting for you with a smile as well as bargains.

Mystery Queen to Be Unveiled Oct. 2

The Mystery Queen will be unveiled next Tuesday night at a dance at the Veteran's Hall, and guessing as to just who the young lady candidate is, will end, according to members of Rotary Group 1, with J. O. Gillham, chairman.

Admission to the dance will be a ticket for votes for the Mystery Queen candidate for the annual Harvest Festival Queen. Bailey Ireland's orchestra of Lubbock will play for the dance, which will be held from nine to twelve o'clock.

700 More Cotton Pickers Needed

Representatives of the Terry County Farm Association will go to El Paso on three different dates in October, Wednesday, Oct. 3, Monday, Oct. 6, and Monday, Oct. 15, to recruit more Latin American workers for harvesting crops in Terry county.

According to Hub King, member of the Terry County Farm Association, there are approximately 700 workers in the county at this time, and about that many more, or 700 additional workers have been contracted.

Mr. King stated that \$1.50 per 100 pounds was the price being paid for cotton pulling this year. This price is the amount paid per hundred in the field, and does not include hauling to gins.

Harvesting of Terry county's estimated 65,000 bales of cotton is going into full swing, as most of the gins in the county have already ginned a number of bales.

Troy Noels Move Back to Brownfield

Mr. and Mrs. Troy Noel and two children, John, 7 and Nancy 6, moved back to Brownfield this week, and effective October 1, Mr. Noel will become owner and operator of the Broadway Cleaners.

Moving here from Plainview, Mr. and Mrs. Noel formerly lived in Brownfield, and they had the tailor shop, known at that time as Noel Cleaners. They reside at 201 east Broadway, and their many friends welcome them "home."

Mr. and Mrs. Doug Jones, who have owned and operated the Broadway Cleaners the past several years, plan to operate their farm south of Gomez.

LaVerne Joplin Leads Festival Queen Race

In the first tabulation on the sale of tickets for votes in the contest for Harvest Festival Queen, Miss LaVerne Joplin leads in the race by a small margin over Miss Carlton Brady and the Mystery Queen candidate, according to members of the Rotary club, sponsors of the fourth Harvest Festival to be staged here Thursday, October 18.

The 4-H Club girl candidate leads in the race with 80,600 votes; Miss Brady has received 79,800 votes, while the Mystery Queen is in the lower bracket with 45,800 votes. A total of 206,200 votes have been cast to date.

Votes were counted on the basis of each ticket counting 200 votes, an idea adopted by the ticket committee this week. Each ticket purchased in the voting from now until 6 p. m. Monday, October 15, will count 200 votes, as the committee urges every one in the area to vote while the tickets will count the most.

On October 16 and 17, tickets will count 150 votes each, while on the day of the festival, October 18, tickets will only count 100 votes each.

Members of the Queen committee voted to offer the winning queen a choice of receiving first prize either the money of a Caribbean Cruise.

Also—the winner will receive a \$100 bond diamond from Nelson Jewelry.

Perhaps one reason for the Mystery Queen candidate lagging behind in votes is that the identity of the charming girl has not yet been revealed. Members of the committee feel that when her name is revealed, votes will increase, and who knows? She may be the leading candidate next week!

Included in the day's activities will be a beautiful parade, with floats entered by various local clubs, and at least three bands that are famous in this area for their outstanding performances. The Reese Air Force band, which is one of the best concert bands in the United States, will reappear here on Festival Day, along with bands from McMurray College, Abilene, and Texas Tech. There will also be numerous high school bands in the parade.

The parade will start at 10:30 Thursday morning. The program is to be staged at the football stadium this year, and will include an address by Attorney General Price Daniel; professional acts in the afternoon and evening; members of the Square Dance Club will stage a blackface act; an Old Fiddler's contest is open to all contestants in the area; and a greased pig race in the evening for the kids.

A complete list of prizes offered for various contests during the festival is printed elsewhere in the Herald, a partial list on each page.

Members of the Rotary Club urge that everyone purchase tickets NOW—Watch for tabulations on the Queen's contest each week until time for the annual event.

Baptist Brotherhood Plans Activities

The First Baptist Church Brotherhood is planning a year of accomplishments of this past year. The program is arranged so that each committee member may serve in some major capacity. This will also include the members not on committees.

A few of the accomplishments of this past Brotherhood year are as follows: This past October, members met for an early morning breakfast at the church and visited members of the church and unchurched men; fruits and other foods were furnished for church Christmas boxes and distributed to the needy of the community; programs were sponsored at the local New Hope (Negro) Church and the Central Church; and song books and Bibles were furnished for the Negro church. Other things sponsored by the Brotherhood were: Purchased worship; banners of the church, assisted in hospital and operation expenses of a local boy, added the WMU in expenses to send two girls to the Baptist Camp at Ridgecrest, and assisted the WMU in sending a girl to college.

Officers were elected and committees were appointed at the Sept. 27 meeting.

THE HARVEST FESTIVAL IS REALLY A BIG EVENT

Time To Count Your Blessings
It is the season of the year when the golden harvest of cotton and sorghum grains began to roll in, and money becomes more plentiful and the deposits at the banks zoom upward. There is just enough pinch in the aftermath of a torrid summer, and the sphere to make one feel good, people are ready to enter into some play for one day at least.

It is also time to count your many blessings that a Wise Father has provided for the people. It is time to render unto Him who cares for you, for many things He has done, and is doing for you in the way of food and raiment, as well as an abundant harvest. All of us should be glad we live in a country where the people are inclined to pay tribute to whom tribute is due. We are glad this is not a Godless nation.

So, in our big holiday and celebration October 18, let us not forget who careth for us, and has visited us with health, happiness and all the material things of this world, as well as the promise of an eternal home of bliss in the world to come.

Officers were elected and committees were appointed at the Sept. 27 meeting.

The Board of Insurance Commissioners have come out in a statement that there can be no rebates in the Texas Motor Vehicle Safety Responsibility Act. Nor can insurance be written lawfully at a lower rate than the law specifies. While no local insurance firms so far as we know have had any advertising about the matter one way or another, or have even stated whether they will write such insurance, it appears that some papers over the state have had such advertising, some of which the Commission did not think would meet legal requirements, and cited Section 7 of Article 4682b of the law. And also that it possibly violated Section 22, Article 5062b. This law goes into effect January 1, 1952, and carries with it responsibility damage up to \$15,000 in a wreck that causes death or serious injury to people traveling the highways. The Herald has read much criticism of the law in the "People's Columns" in many of the dailies. Most of these writers seem to think the law was created for the means of making insurance companies of Texas rich. On the other hand, we have read articles that were strong for the law, and cited the fact that they had had personal experience. That some careless or drunken driver had run into them causing much damage, injuries and perhaps a death or two in the family. The driver of the car that caused the havoc, perhaps an old wreck without brakes, didn't have a dime outside his old jalopy. Therefore, the injured ones not only had to endure death, injury and wreck of their own car, but all other monetary damages, such as hospital bills, a new car, etc. A great majority of the States already have such a law, and it will not be many years until all have such laws, and people might as well resign themselves to such a law. Yes, it is \$35 per year or more. But there is nothing compulsory about the law. If you are worth \$15,000 already, you do not have to take out the insurance. But if not, and you are not worth anything, you

are liable to wind up in more trouble than Carter had oats, and he had lots of oats, according to tradition. Fact of the matter is, the law was passed by the past legislature in order to protect people from irresponsible and penniless drivers.

When the time arrives for the sale of Christmas Seals, most Texans just remember that the idea is to help take care of the paupers with the disease within our state, or the USA. Such was not the case back in 1908, as many of us old timers will remember. An idea prevalent then, was that if the legislature appropriated \$150,000 to start a tuberculosis sanitarium in Texas, TB people from all the surrounding states would flock in, and Texas would have to care for them. Many papers from Maine to California highly criticized Texas for its then attitude against our "quarantine against people with tuberculosis." And we might mention that the then Dr. Brumby, State Health Officer, was criticized by people all over the state because he had asked the legislature to make the appropriation of \$150,000, which they turned down. But an organization was born on a train between Texas and Washington and the new baby was named, International Congress Against Tuberculosis. Most of the criticism came, Dr. Brumby at that time stated, because in his enthusiasm, he neglected to state that it was the duty of every community in the United States to care for their own paupers. But the ideas of that ICAT took hold of the nation, and his dream came true in 1914 when the first unit of Sanitarium at Carlsbad was built from money appropriated by the Texas legislature, and Texas became one of the first states to provide for the cure of TB patients. But there is much work in this line outside of the Carlsbad plant. And last year Texans bought seals to the amount of \$697,000 to carry on the work provided for those afflicted with the disease, whether in the cur-

able stage or otherwise. So, the baby born on the train in 1908 is now quite a husky chap.

All work and no play makes Jack a dull boy. Or was it all play and no work? Anyway the old saw as stated, applies, and gives Jack a balanced daily task, which is good for all of us. Even the lawyers have decided that many of the legal profession are becoming stale on some of the new laws now on the Texas statute books, and so school bells are to ring again for the lawyers. The idea is to hold at least six regional schools, in which some of the greater legal lights of the states will explain to the "scholars" just what the new laws are, and how to handle cases in which they are involved. They are to last from October 28 to November 3, and are to be held at Lubbock, Midland, Waco, Tyler, Houston and Harlingen. The pupils will get the latest word in legal technique and procedure. If weather permits, all modes of travel from one place to the other, especially air, will be used. The faculty will include 50 speakers, according to State Secretary John Ben Shepperd, and will feature leading bar officials, not not only of state, but federal courts as well. Featured especially will be gas and oil laws, probate, civil procedure and taxation. Also special attention will be paid to the practice of law by unlicensed persons, and practice before both state and federal courts. We take it that all local attorneys will be notified the day and hour, as well as the place of the "school" when it comes to Lubbock, which happens to be the nearest to this area.

Most of us worry very little about our life insurance policies, some of which have long since been paid out, unless perhaps and alas we have borrowed money on them. When we took them out, if they happened to be a \$1000 policy, we knew they were worth one hundred cents on the dollar to our loved ones, if we happened to kick off this vale of tears, even though we had not taken the time to read the fine print. But there are folks who have, already experienced the real thing. Let us take a now

aged couple who 30 years ago raked and scraped to pay for a retirement policy, that would pay them \$150 per month when the man reached 55. Yes, the headlines of the ads are still familiar, "Retire on \$150 per month at the age of 55." They dreamed of a rose covered bungalow, fishing and no more work. And the insurance companies are keeping their part of the contract to the letter. The old couple gets the \$150 alright, but those dollars are worth only 50 cents on the dollar now. Seventy-five dollars won't buy much these days. Instead of the cottage, boating, fishing and golf, the aged couple have a small apartment, cheap food and patched clothes. They are not asking sympathy. Perhaps at that they live better than some they know, even though they live on bare necessities. So, all this old couple can do is warn others of the cheap and still cheapening dollar. Many good financiers now believe the cheapening will never stop until we are back on the gold standard. There never has been a nation in the history of the world that abandoned gold for cheap printed money that survived. But it is too late for many who are living on 50c dollars to do anything about the matter. It remains for the younger generation to do that. Such men as he President of Frost National Bank in San Antonio, in our own state, as well as thousands of others, want to again see the return of the gold standard.

United Nations is displaying a bit more backbone toward Russia and its satellites. Indeed they have now reached the point in preparedness in western Europe where they are not afraid to make the Bolshes mad. In fact, the UN has about reached the point when they can tell the Russians to "please fall dead." At San Francisco, in making the peace treaty with Japan, that old Snapping Turtle, Grompsky was told in nice diplomatic language where to head in, as he was limited to one hour for his tirade against all free nations, and especially the USA. But he used all his time in the tirade, and was supported by a hard "biled" gal from one of the satellites,

Poland, we believe. Of course the delegates politely clapped their hands, but the loaded galleries booed old Grompsky to a fare-you-well. And it was reported that the White Russians in the USA were out to get old Grompsky, and he had to be guarded all the time he was in his palatial headquarters, or on his way to the meeting place. Of course all this riled old Tom Cat Grompsky, especially when a reporter handed him a map showing the location of all the slave prison camps in Russia. Of course HST had to spout off a lot about our new "fantastic" weapon we have, but never used in a war that should have been over months ago. Much praise was given Secretary of State, Dean Acheson for the way he handled the peace affair—and he deserves the praise. Acheson is a shrewd man no matter what he has been in the past. But it has been kept in the back ground concerning the two men who really drew up the Peace Treaty with Japan, Gen. Douglas MacArthur and John Foster Dulles, both Republicans. All nations except Russia and its few hirelings signed the treaty. Of course old fence straddler and beggar, India, did not attend. Soon a peace treaty with west Germany will come up, and the free nations will again take the Commies for a ride, is freely predicted. Also on a revision of the treaty with Italy, allowing that nation a freer hand in getting an army and navy ready to keep slave driving Russia out of west Europe.

There surely is a big mistake and a conflict somewhere down the line. To use an old song theme that doesn't look so good in print, but in this case is true, "Somebody Lied." On the front page of one our favorite dailies of last Friday, under a two-column head on the left side of that page, we found that President Truman in defending his policies and his appointees, stated that he had utmost confidence in the integrity of Democratic National Chairman, William Boyle. That Boyle had never accepted fees in connection with RFC loans, and he, Truman, believed in Boyle. On the right hand side of the same page, and under another

similar headline, it was admitted by a St. Louis printing concern that had received a large RFC loan, that fees of \$65,000 had been paid to Boyle and three other government employees. This was while they were still in government employ, and two months before Boyle became Democratic Chairman. Since it was stated that payments of fees was made by check, it surely will not be hard to find those cancelled checks. Of course HST will say that the cancelled checks are just "red herrings." He usually falls back on that old chestnut.

Perhaps none of us, even those inclined to believe in Santa Claus, are ready to admit that the big oil companies, or even the independents are in the process of sprouting wings to become angels. In reality, they are made up of flesh and bone human just like the rest of us. As stockholders in these companies, naturally the people holding such stock want a profit—a small one at least. These companies have taken no little abuse, particularly such leftist columnists as Drew Pearson, as well as politicians with an ex to grind. Alack and alas the oil companies got fed up on being the "whipping boys," and have started an offensive of their own. For one thing, we all have to admit that the oil companies was one concern that had what it takes during both World Wars. True, most of us had our gadding about limited, but we had enough gas to stay at home, and attend to needed business as usual, and a bit for an occasional short trip to see the wife's kin folks. Yes, those pirates have been rather elaborate spenders, up in the millions and millions for leases, royalties and pensions. For the development of new oil territory in order to keep our reserves high. Then too, they employ a lot of people at good wages, build a lot of pipelines, drills a lot of wells, many of them dry as Sahara. They also spend millions on research to make a better gas and oil for our cars and other machinery, as well as the development of new products from petroleum. Since the last World War closed, the oil companies have spent 12 billion dollars in improvements and expan-

sions, and now have an investment of 32 billion dollars in our oil business. That, folks, is \$200 for every man, woman and child in the USA. It will perhaps take years to make this 12 billion pay off, but these folks are gambling that there is more crude oil under the ground, somewhere. And this shows what free enterprise,

"Get your Fiesta dress at Fabrie Mart."

if not molested by too much red tape can do. The whole Communist world have only 3 per cent of the production of oil. Why not let well enough alone?

NO MARRIAGES AND THREE DIVORCE SUITS
Poor old Dube Pyeatt. He didn't sell a single marriage license last week. On the other hand look

what District Clerk Eldora A. White did. She filed three divorce suits.
Two were for Anglo couples, and one Latin couple wanted to be free of their present mate.

Easy does it!

YOU'RE going to be surprised about lots of things the first time you and this Buick get out on the road.

Take the easy way it responds to your every wish—steps away from a stop light—soars up a hill—lets loose a surge of power at the touch of your toe on the treadle—or gentles to a stop at the touch of the brakes.

Take the way it rides the road—with an easy stride, sure-footed on turns, level as a lance on straightaways.

Take the way it steers—so light and true that it seems to guide itself.

Take its ease of control. More than a million owners now know the wondrous freedom from tension and strain that goes with Dynaflow Drive.*

It's easy to see where this eager beauty gets its standout performance, when you glance at the list of all-star engineering features shown above.

But how about price? Can you afford it?

"Easy does it" is the answer to that one too.

Fact is—if you can afford a new car, you can afford a Buick. Better come in to see us soon.

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.

BROWNFIELD, TEXAS

Stricklinly Speaking

By Old He

It appears that as much as has been said and written about careful driving that all should know that racing up and down the streets in front of the schools is not only against the law, but positively dangerous. Two cars, evidently high school students, were seen racing from the high school building in the east part of the city, to the Lubbock-Seagraves highway, where cafes are located.

At that time, Broadway was crowded with youngsters crossing the street to get some place along the highway, or first street, where they could get lunch or refreshments. Many of them had to do some tall dodging to escape the racing young bloods in their cars. Pity some officer was not on hand, or that some one did not take the trouble to get the car numbers.

But we understand that some one had evidently talked with officers about the matter, and that some of them will be in the vicinity from this on. And when some of the parents are called to pay a fine for their offspring, they are going to be mad as heck, especially at the officers for those reporting them. Such people usually think the streets were made for their sons to race their cars, and let the little fellows crossing the streets get out the best way they can.

Some weeks ago a lady dropped in to have the Herald sent to Editor R. J. Spadafore, publisher of the Proctor (Minn.) Journal. We had not thought much of the matter until last week, when we got a letter from Mrs. Spadafore, who before her marriage lived near Tokio, but just over in Yoakum. Mrs. Spadafore had just visited relatives at Tokio, Brownfield, Grandview and Dallas. She is the daughter of the late Arthur Cobb and a sister of Paul Cobb, well known in this area.

But what interested us was a copy of the Journal. After reading it just a bit, we wondered how in heck Editor Spadafore ever learned to spell some of the names, much less pronounce them. And we wondered too, if

our old Mergenthaler linotype would take them without wrecking. So, just for fun we are going to try out a few of the names, presumably mostly Swedish and Norwegian.

First, there was Ernest Kuhlmei, Mrs. Iver Kjellman, but the Rev. Carl Ericson was not too hard, having known some Ericsons around Stamford 40 odd years ago. Lots of folks, including the Swensons there at that time. But how do you say Blikstad and Bohnenstingl, and what's that last "l" for? But there was another preacher whose name we could handle easily, the Catholic Priest, the Rev. John O'Connell, as Irish as the Shamrock.

But the Minnesota governor had a report to the people, and he too, is Swede, Gov. Luther W. Youngdahl. But a few more and we are through. There was Harry E. Helquist. Strange that so many of the jawbreakers have easy, familiar sounding given names. And we can't leave out Jim Janicula, Joe R. Sramek, Kenneth Parenteau—oh, oh, they ran a French name in on us; Cecil Fahrni, Robert Wombacher, Theodore Ofstedahl—bet he's a Republican named for Teddy R.

Last but not least we give you a real tongue twister, and we'll bet there are not a half dozen people in Brownfield that can pronounce it: O. Bjornaas. We ran these in without consulting the linotype operator. Won't he be sore?

The American people are fast learning that freedom is not a cheap two-bit affair, and they are scheduled to learn even faster. Freedom sometimes includes, sweat, blood and tears, despite the fact that the high up new dealers will tell you it can be bought for cheap 50c dollars.

Many years ago, a great soldier, Gen. Garibaldi of Italy, had a great ambition to free his country from foreign rule. It is said that his soldiers shouted at him, asking what he'd give them to follow him into a war. Garibaldi's reply was: "I'll give you wounds, sickness, suffering and death, but with them, I'll give you the freedom of Italy." Freedom sometimes is not cheap.

Our old former Arkansas sidekick, Jacob Sandage, was in

last Saturday complaining that this great religious weekly had failed to make contact with his farm mail box. Our peace offering was another Herald — same model.

Crops not so good down his way. Too much sunshine; too little rain at the right time. But Jake was in a good humor as usual. Arkansawyers are great people, at home or transplanted in Texas.

The British Labor party claims that Winston Churchill is backed in the coming elections by "big business." As the Laborites have now been in power some five years, or since the close of War II, we had no idea there was any "big business" left.

Speaking of the British, we had a form letter release this week from the Canadian or Dominican Press Agency, stating that young Count Martyn De Beaumont was to enter the University of Texas soon. Object, the study of American business methods and culture.

The rather long article goes on

and says the Count is of French descent, as the reader has perhaps already surmised from the name. During his years at Oxford, Count Beaumont was editor of the university paper, the "Cheerwell." And he is said to be the only editor in recent years that put the paper on a paying basis.

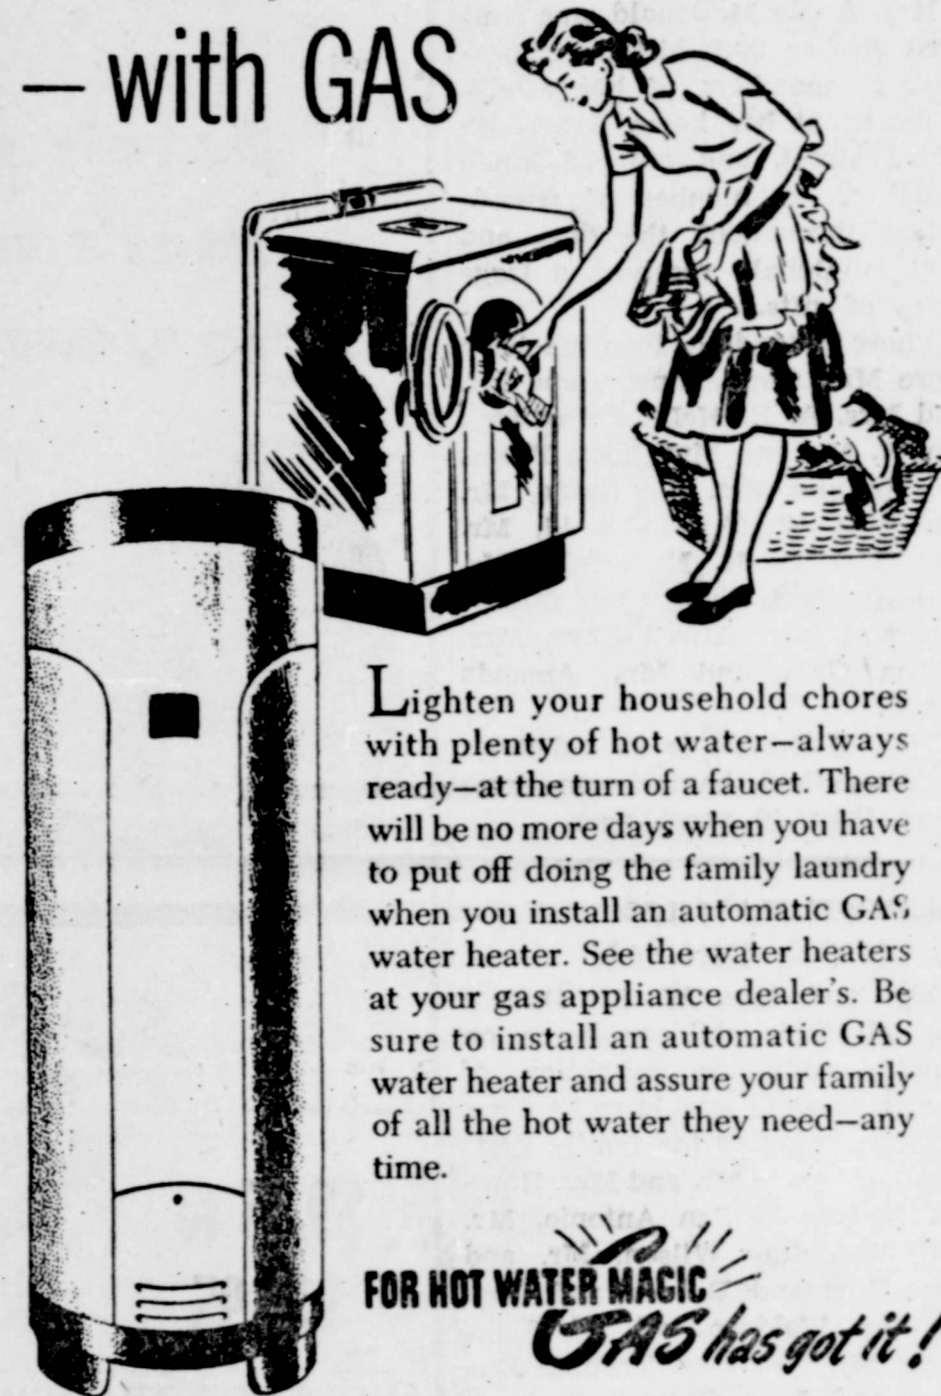

Oh, well, we could go on and on telling about the Count while you count up to a thousand. And we could be a bit hateful and suggest that if any of you oil rich have a charming daughter of marriagable age, send her to the U. of T. by all means. Maybe the Count is also interested in Texas oil.

Now, with just a little postscript, we'll close. The title is, THEY CALL IT PROGRESS:

"When the white man first came to the New World, he found a country peopled by happy, contented Indians who paid no taxes, had no debts, and whose women did all the work. Now the white man is trying to improve on that system."

Tells How Trapped Troops Suffered

TYLER, Texas.—(AP)—Divine help is the only possible explanation seen by Capt. Joe Reynolds for the escape of 10,000 American troops who fought their way through 200,000 Chinese to the Korean coast and safety.

The twice-decorated World War II veteran is now assigned temporarily to the Naval Air Base at Kingsville, Texas, after many months of hospitalization for frost bite and frozen feet following the withdrawal from the Chinese trap in the bitter Korean cold.

He is the son of Mr. and Mrs. J. G. Reynolds of Tyler.

Reynolds told of the retreat through the frozen Korean mountains to the safety of the American fleet guns on the coast at a youth revival meeting recently.

"On the third day of fighting," he said, "we reached the company of Marines that had been cut-off and surrounded for days. When we reached the ridge overlooking the company the lieutenant in charge fell to his knees in a prayer of gratitude. He was joined by every man in the outfit."

"For 12 days we fought our way to the coast," Reynolds continued. He told how food was short

WILLIAM C. BROWN WRITES WESTERNS

Had a little press notice from the publishers last week that Bill Brown of Brownfield had a story recently published in the Complete Western Book, entitled, "Bushwhacker's Holiday." The book is now on sale, and if any wish to see how Bill gets off, just visit your favorite book store.

That "Bill" Brown had us faded for awhile, as we always called him Will C. Jr., his second handle being "Collins," we think. He is the first assistant PMG over at the postoffice, that is, Joe Shelton's right hand bower.

Anyway, read "Bushwhacker's Holiday." Might give you some new ideas.

and the water froze in their canteens. The only way they could get water was to mash snow between their hands and catch the drippings, he said.

"On reaching the sea we knew our fire power had not accomplished our delivery from the hands of the enemy, but it was the will of God. Our prayers, and those of our families, were answered."

Reynolds is a graduate of Tyler Junior College and Baylor law school.

Here, There, This That and T'Other

For the 21st time, according to our old sidekick, Knox B. McWilliams, of Hillsboro, he has donated to the welfare of the Terry County Herald, and he did it again. Says he's going to write some of these days. But he won't. He'll get busy sampling cotton and forget all about us.

Then there was Wilson Collins, better known as "Slick," down this week to have it out with us. He'd paid for his paper the same day as Edgar Self paid for his, and he wanted some credit. He got it, and all hands parted happy.

Had a letter from Fred H. Husbands, Executive Vice-President and General Manager of the West Texas Chamber of Commerce, down at Abilene. The burden of his letter was that his attention had been called to a piece we had written in the Herald about the big todo concerning cotton to gather the enormous cotton crop in west Texas.

At the time the editorial was written it was hot as hades and dry as Sahara all over west Texas, and the cotton crop was deteriorating at a very rapid rate. We still say most of West Texas won't need many Mexican Nationals, especially in view of the fact that our farmers will have to handle them with kid gloves or get themselves in trouble with some Mexican Consul in this section.

We firmly believe that the cotton crop, being light in central and west Texas, their hands can mosey on out here in plenty time to handle the South Plains crop.

Anyway, most farmers think the big advantage of the nationals is that they hold labor prices in the bounds of reason.

Our long time subscriber, Mrs. Frank Tuttle sent in her renewal this week and stated that she would just forget the matter when she was in own. Very few of us are not guilty, Mrs. Tuttle, and thanks a lot.

J. B. Mackey of the Needmore section, was in last week to renew and stated he had a pretty good crop, and Mack isn't altogether convinced about the merits of irrigating in this county. Says he could be wrong, but when extra costs are added to the per acre production, he will have to see more years of one against the other. But, he says he still has an open mind on the matter.

Then there is the case of Mrs. J. K. Applewhite of Tahoka. She's Gee Gee Privitt's ma, and got seperated from this weekly sheet some how or other. She had Gee Gee march right down and get the old reliable started again. We also welcome J. T. Fulford of Meadow on the mailing list.

Among others not mentioned elsewhere that have renewed the past week are Fred Smith, Lynn Nelson, City; L. J. Brooks, Meadow; Carl Knight, Seagraves, and G. Chapman, Rush Springs, Okla.

U.N. Fellows Get Some Medical Secrets

A surgeon and a pretty blond physician, both from Yugoslavia, say the United Nations program of technical assistance is helping their country in its efforts to restore nearly 500,000 disabled persons to as fully a normal life as possible. Dr. Mikoslav Zotovic, Belgrade traumatologist and orthopedic surgeon (center), and Dr. Valerija Franjo Pavletic, 29-year-old doctor and lecturer in pathological anatomy (right), get a practical demonstration of the latest methods of rehabilitation of the physically handicapped from a world authority, Dr. Henry H. Kessler, who is a U.N. consultant in this field.

GOMEZ WMU AWARDED EFFICIENCY BANNER

The efficiency banner was awarded members of the Women's Missionary Union of the Gomez Baptist church at the 30th annual meeting of the WMU auxiliary of the Brownfield association, held at the Tahoka First Baptist church recently.

Mrs. T. L. Nipp and Miss Joan Nipp had parts on the program, and Miss Nipp was awarded the WMU scholarship.

Others from Gomez who attended were Mesdames Tyler Martin, A. B. Buchanan, W. G. Swain, Wes Kay, and Misses Avel King and Winnie Doss.

G. I. QUESTIONS and ANSWERS

Q—What is the difference between a lapsed GI term policy and an expired GI term policy? Which one means that I, as a veteran, may not get any more GI insurance?

A—A lapsed GI term policy is one on which premiums have not been paid, but for which the term period covered by the policy has not yet expired. These may be reinstated or converted. An expired policy is one on which the term period has expired. This means the holder no longer is entitled to GI insurance as a veteran.

Q—I have a small GI loan on my home which is located on an unpaved street. My neighbors and I would like to pave the street and pay for it ourselves. We already have approval of the local government. May I use the remainder of my GI guarantee to get a loan for my share of the cost?

A—Yes, if the project complies with the loan guarantee provisions of the GI Bill and VA regulations. Check it with the loan guarantee officer in your nearest VA office.

Q—May the burial flag, which drapes the casket of a deceased veteran, be given to the veteran's friend after burial?

A—No. The flag is to go to the next of kin.

Q—I am considered totally disabled for insurance purposes, but receive only 20 per cent for service connected disability compensation from VA. Can my VA award be increased?

A—Only if the service-connected disability is shown to have increased in severity. A total rating for insurance purposes may include other disabilities, not service-connected.

Miller Says Some Cotton Not So Hot

Looe Miller was in this sanctum one day recently. His business was urgent. Their Herald had run out, and the Mrs. was on his neck until he came in and straightened matters out. Rahl for Mrs. Miller. Then we got started on crops as usual, and our tongue wagging lasted for some time.

Looe says that there are spots in south and southeast Terry that won't make any cotton. In the first place, they had little rain, and the stalks were small with nothing much on them. So the owners were averse to going to the expense of poisoning when the careless worm struck, and therefore they have no crops.

And he added that a lot of the cotton in other sections of the county, some irrigated has nothing on it, although the stalks may be from knee to waist high. Did not poison. Just got a big, healthy looking stalk.

We then got to talking about the Baumgardner farm, which each of us has seen very recently. This crop is not irrigated, but is good, and the stalks have plenty of fruit on them. He has poisoned his field either three or four times. Then the talk drifted in to the deep breaking and leveling

BILLY KEESE, USNR, IN TRAINING PERIOD

Billy J. Keese, seaman recruit, USNR, son of Mr. and Mrs. Joseph Keese of Box 122, Meadow, is undergoing a two-week reserve training course at the U. S. Naval Training Center, Great Lakes, Ill.

The training given the reserve recruit closely parallels that given the regular Navy recruit with consideration for the time limitations.

Upon completion of the training course, the reservists will return to their home and jobs.

Mrs. G. W. Graves and her son-in-law, Jack Holt, accompanied by Mrs. Jim Holt of Seminole, returned home Thursday night of last week after a week's visit with Mr. Holt's daughter, Mrs. C. L. Horn, and Mr. Horn, at McAllen.

method.

Like Fred Bucy, Loee says that it does no good to deep break our sandy fields unless they are leveled, and all the high bumps eliminated. These bumps just start the blowing all over again. And he added that the Soil Conservation Service is refusing to pay part of the breaking expense to those who refuse to level the ground.

A New Newspaper—The Oil Daily

In tabloid form, a new daily newspaper on slick paper is to appear on or about Oct. 1. It will be published in Chicago, and will be called The Oil Daily, and is to be distributed to 52 cities by plane. The publisher will be Keith J. Fanshler, and he states that it will not be a trade paper, in any sense, but will concern itself about petroleum all over the world.

Mr. Fanshler states that the oil business in the United States is a \$3 billion dollar concern, and the fourth largest in the USA. He also calls attention to the fact that oil today is a world question of both political and economic importance. Fanshler has had lots of newspaper experience, and was until recently oil editor of Chicago Journal of Commerce.

Mrs. Stricklin Sr. was called to San Antonio recently on account of the serious illness of her brother, Roy Holden, of that city. Holden and wife have lived in the Alamo City since he retired from the Los Angeles police force several years ago. Being a Spanish War Vet., he is in the Brooks General Hospital. He was pronounced a sufferer from ulcers.

State Fair to Be Greater Than Ever

DALLAS—"Guys and Dolls," the fabulous musical that already has won all of Broadway's major awards for 1950-51, is "out for" the box office record set by "South Pacific" during the 1950 State Fair of Texas. "Guys and Dolls," the 1951 State Fair Auditorium attraction for State Fair visitors, already, through advance ticket sales, is threatening to topple the national box office record set by its predecessor during the State Fair run.

In New York, the musical based on Damon Runyon's "The Idyll of Sarah Brown" walked away with the New York Drama Critics Award, Antionette Perry Award, Aegis Theatre Club Award, Outer Circle Critics Award and Show of the Month Award.

The national company will visit the Texas State Fair for 24 performances, Oct. 6-21, will make the musical's only southwest stop at Dallas.

UNION NEWS

Word was received here Saturday from Galveston of the death of Bud Brock, a former resident of Union, and the brother of Mrs. G. W. Holman.

Mr. and Mrs. Jim Verner of Fort Worth spent the weekend with his parents, Mr. and Mrs. J. T. Verner. Mr. Verner is in very poor health and has been confined to his bed for four months.

Some of the folks called on Will Adams last week. Will has been confined to his home now for several years, and he is as proud as a child with a new toy when old friends call. It cheers him up. All of us should call on the indoors people a lot more than we do. They had the Herald sent to their daughter, Mrs. W. L. Auvenshine, and family at Gorham, Kansas, for a year.

The Young People of Pool went to Denver City Monday night for a church rally.

Mr. and Mrs. David Dunn and children of O'Donnell spent Sunday in the home of her mother, Mrs. Major Howard.

Mr. and Mrs. D. R. Smith gave a bridal shower Thursday night, honoring Mr. and Mrs. Gene Ramsey. A large crowd attended, and the couple received lots of nice gifts.

Jack Brown spent a few days in Waco visiting his parents.

Ben Brannon Calls In to See Us

Mr. and Mrs. Ben H. Brannon and son, L. B., and daughter, Mrs. R. E. Webb, of Indian Gap, down in old Hamilton county, have been up recently visiting relatives and friends. Hamilton county was the boyhood home of the Brannons, after they migrated to Texas from Tennessee.

Ben beat the Old He to Terry by two years, having arrived in 1907. He says they settled first in the old Harris community in northwest Terry, but moved later to Gomez community, where we first met him.

Ben, like all of us, regrets the departure of so many of the old timers since he left here many years ago. But we discussed the virtues of the departed ones, and passed up their imperfections, if any. Both agreed that the old pioneers of Terry were the cream of the crop.

WELLMAN FHC TO BUY A CAMERA

The Wellman Future Homemakers chapter are buying an argoflex flash camera to be used in making pictures of the chapter's various activities throughout the year. Homemade candy is to be sold at school Wednesday, Sept. 26, to help finance payment of the camera.

The chapter members are bringing gifts on Monday, Oct. 1, to be mailed to the World Xmas Festival, New York City. These packages will be sent overseas in time to reach their destination before Christmas. Each year the Wellman chapter participates in this activity to help fulfill one of the FHA purposes. This purpose is "to promote international good will."

The FHA chapter held formal initiation services Monday afternoon, Sept. 24, in the homemaking department. New members initiated were:

Nila Dale Rich, Dessie Mae Oliver, Edna Mae McBeth, Bobby Joyce Weaver, Jo Frances Earp, Gloria Fae Ingram, Margaret Ferguson, Mary Lou Bass.

Those present other than chapter members were Mrs. Nita Golden, chapter mother, and Miss Willie Mae Hines, chapter sponsor.—Donna Weldon, Chapter Reporter.

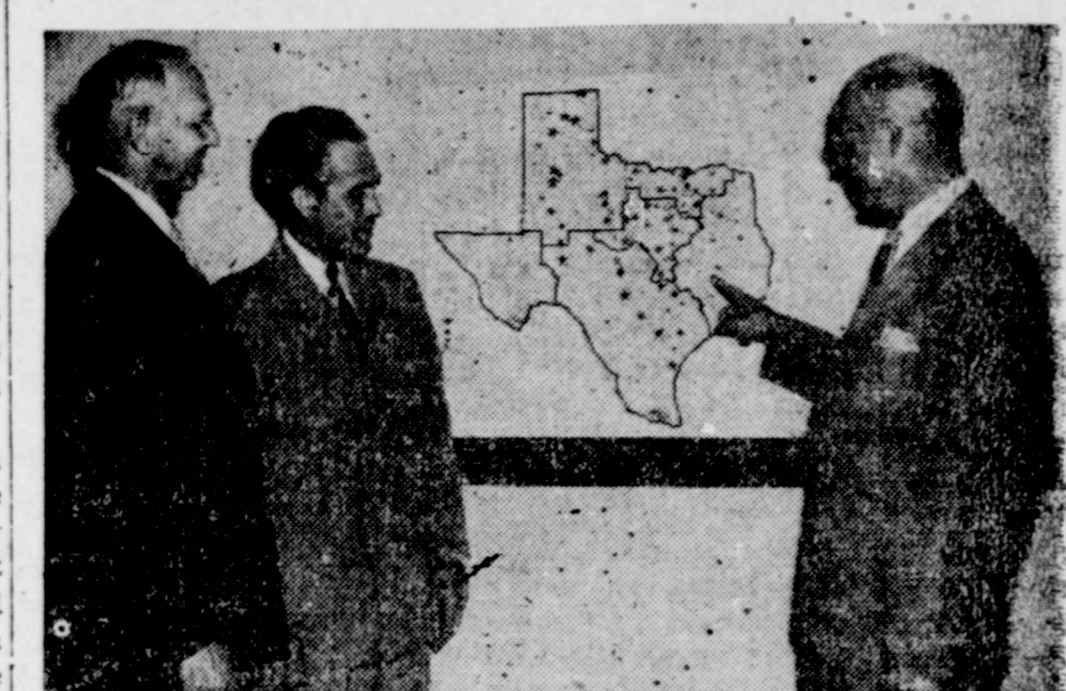

Another Deep, Dark Mystery Develops

Whosit goin' to be for? That is a question we have heard asked and not answered for the past week. We are talking about the most western building on the south side of the square that is being remodeled. But the boys are at least having some fun about the matter.

They are telling Mayor Primm and Homer Nelson that it is to be another drug store. And they pore it on Henry Chisholm that it is to be a grocery. But they tell J. B. Knight that it is to be a hardware or furniture, and we look for someone to mention another printing plant as going in there.

But there are already so many of each kind the guy boys don't make much headway. Maybe that is where the Rotary Club aims to install the mystery girl they are running for Harvest Queen. Who knows?

Annual Meet of Cancer District Set For Midland

MIDLAND.—The second annual meeting of District 2 of the American Cancer Society, Texas Division, will be held Wednesday, October 3, in the Reception Room of the Nurses' Home, Midland Memorial Hospital in Midland, Dr. Roscoe B. B. Cowper of Big Spring, district medical director of the Society, has announced.

Representatives of twenty-one counties of West Texas will participate in the one-day meeting. An informative program on cancer, from 10 a. m. to 12 noon, has been arranged, with the public invited. A discussion of county cancer control programs and a business session will occupy the afternoon session. State leaders of the Society are expected.

The meeting will precede a special cancer teaching conference for physicians of the district, to be conducted by staff members of the Baylor University-Jefferson Davis Hospital-Tumor Clinic of Houston. This cancer conference will attract many of the Cancer Society's medical leaders in the district Wednesday evening.

Arrangements for the meeting of American Cancer Society volunteers are being made by the district directors of the Society, Dr. Cowper, Mrs. Paxton Howard of Midland, and Charles C. Thompson of Colorado City.

J. Fred Bucy, Sr., and his son-in-law, R. W. Baumgardner, returned home last Friday night after a trip to South Dakota. They visited friends in Capitol Peak, and did some fishing, and looked at the beautiful ranches in the state.

Floydada Man to Head Boy Scout Finance Drive

Dr. F. B. Malone, president of the South Plains Council, Boy Scouts of America, announced this week that Mr. J. M. Willson Jr. of Floydada has been selected as Campaign Chairman of the simultaneous Council-Wide Scout Finance Campaign to be conducted from October 8 to November 5 this fall.

Mr. Willson is associated with his father, Mr. J. M. Willson Sr. in the lumber business, and is general manager of the Builders Mart in Floydada. Mr. Willson has been very active in Boy Scouting affairs for the past several years and currently is serving as Chairman of the Council's Finance Committee. Mr. Willson is active in Lions Club, Rotary Club, American Legion, and is an active worker in the Methodist Church.

The Council-Wide Scout Finance Campaign for the support of the Council's work for the year 1952 will start with the Big Gifts Committee's Kickoff in all of the committees of the 20 counties on October 8. General solicitations groups will kick off on October 15. All communities will report and check in their results at the Annual Council Business meeting and banquet to be held at the First Baptist Church in Lubbock on November 5.

Roy Fitzgerald Calls for Jaw Fest

Roy Fitzgerald of Plains, called this week to get on the right side of our subscription ledger, and we can't help tying into these old timers for a little jawbone-tongue exercise. His dad lived out in the old Harris section of Terry-Yoakum, when the Old He landed here in 1909.

Roy's ranch joins the Plains town section on the northeast, and you have probably admired some of his dumb brutes watering at a well right down in the draw as you passed along highway 380. But Roy is a city man—lives in town. On the other hand, his brother, Johnnie is a suburbanite, having a nice brick veneer ranch home on the south side of the highway about a mile this side of Plains.

A Methodist preacher that was here from about 1914 to 1917, Rev. J. M. Fryar, who was a printer and publisher before he became a minister, used to ask us to go with him some Sundays to old Harris for an all day service and dinner on the ground. Fryar would help us in a tight in the office, and we became fast friends.

Such meals as we would get out there. Such hearty welcomes! Those old pioneer ladies sure knew their business in a kitchen. Rev. Fryar never had much trouble persuading us to go with him on that appointment. His wife seldom went as they had several small children and they were near the church here for Sunday School.

He gave two Sundays per month to Brownfield and one each to Gomez and Harris. By the way, preacher Fryar was also a Tennessean by birth, his old home being at Huntingdon, where he learned the printer's trade.

So, old timers like Roy, Johnnie, Bill as well as the Harris boys, Ellingtons and others, always make us think of the good dinners we used to get at the old school house and church, near the little Harris store and post office in northwest Terry.

TRANSFERRED TO AMHERST WITH SC5

Miss Pat Steen, who has been with the Soil Conservation Service in Terry county the past four years, has been transferred to the district office in Amherst. A clerk to take Miss Steen's place has not been named.

Five Constitutional Amendments to Be Discussed

ABILENE.—Frank H. Kelley, Chairman of the Taxation and Legislation Committee of the West Texas Chamber of Commerce, has announced a meeting of his committee in Abilene, on Thursday, October 4, at 1 p. m.

The purpose of this meeting will be to discuss and analyze the Five Constitutional Amendments which will be submitted to the voters of Texas November 13, Kelley stated further that the committee will take some positive action on each of the amendments.

THREE-YEAR RENEWAL FROM OLD SUBSCRIBER

Mrs. L. R. Pounds, efficient clerk at Cobb's Dept. Store, handed in \$5 for a three-year renewal this week. She remarked that she had been taking the Herald for some 30-odd years. That's a long time, but Mrs. Pounds is still going strong.

She also remarked that she appreciated the Herald as it had always been nice to her church—the Baptist. We have always tried to be nice to all the churches, as we are not running a church paper, but trying to put out a newspaper for all the people.

Accidents Kill Most Of the Young Folks

CHICAGO, Ill.—Accidents kill more persons aged 1 to 35 than any disease!

In fact, among children 1 to 14 years of age accidents kill more than the first six most important non-accidental causes combined.

The figures for the 1-14 age group in 1948, the latest year for which a comparison can be made, are listed as follows in the 1951 edition of "Accident Facts," the National Safety Council's statistical yearbook:

Accidents, 10,741; pneumonia, 3,354; congenital malformations, 2,089; cancer, 1,381; tuberculosis, 1,311; leukemia and leukemia, 1,137; heart disease, 1,129; poliomyelitis, polioencephalitis, 999; diarrhea and enteritis, 957; nephritis, 714.

Services For Mrs. W. R. Mangum Held

Funeral services for Mrs. W. R. Mangum, 80, who died at 3:20 p. m. Tuesday, were held Wednesday morning at 10 o'clock at the First Methodist church, with Rev. H. W. Hanks of Muleshoe officiating, assisted by Rev. D. D. Denison, pastor.

Interment was in the Terry County Memorial cemetery under the direction of the Brownfield Funeral Home.

Mrs. Mangum passed away in the local hospital after a 10-day illness.

Survivors are her husband; three daughter, Mrs. R. L. Helton, Tokio, Mrs. C. McWilliams, Brownfield, and Mrs. W. D. Holmes of Winnsboro; three sons, J. F. Mangum of Dallas, W. W. Mangum of Melissa and J. T. Mangum of Sacramento, Calif.; three sister, Mrs. Carrie Butler of Cumbly, Mrs. Fred Snyder of Brasher, and Mrs. Pearl Deakin of Dallas.

LOCAL MEN TO HUNT IN CANADA

Ches Gore, Clovis Kendrick and Glen Akers left Tuesday for a four-week big game hunt in Canada. They will be joined in Wyoming by L. L. Bechtel, who went up there last week. The party will hunt for bear, deer and elk.

Of course L. L. will have his movie camera along, as well as a full quota of firearms, so many can see the results of their hunt after their return and the movie reels are developed.

Anyway, the Herald hopes these men have a great hunt, with no accidents.

GONE TO DENISON—HERE FROM SNYDER

The Junior Editor wife and the two little fellows, Robert and Mary Ann, took off Friday for Denison, to visit Edith's parents, Mr. and Mrs. S. R. Taylor and family over the weekend.

To keep us gramps from being too lonesome, our daughter, Mrs. Herman Trigg, Herman and little daughter, Sara Beth, came up from Snyder Friday night to remain for the weekend.

LOWEST CAR REGISTRATION IN SOME TIME

According to information we have at hand, there were only ten new car registrations with the County Tax Collector last week. This is the lowest number in some time, if time does not play a trick on our memory:

They were: Charles C. Jacobs, Mercury; W. R. Benton, Plymouth; Clyde J. Davis, Plymouth; J. O. Gillham, Chrysler, and Walter Hord, Pontiac. Chester F. Jackson Jr., Chevrolet; Lloyd T. Pickett, Chevrolet; Joe W. Davis, Plymouth; Dr. A. H. Daniell, Buick, and Tom Barron, Dodge.

To Study City Government In A Democracy

AUSTIN.—Three mayors and two other city officials from Germany will arrive September 28 at the University of Texas for a five-week study of city government in democracy.

Educational phases of their visit have been planned by the University's Institute of Public Affairs, while social activities are under direction of the International Advisory Office.

OLD TIME TERRYITE PASSES AT BRADY

Had a letter last week from R. C. Burlison of Lubbock, renewing his paper. He incidentally mentioned that he had just returned from Brady, where he attended the funeral services of J. H. Fisher, for many years a resident of south Terry.

Fisher was near 75, Burlison stated, and was ill only three hours of a heart attack before he died. Joe McGowan stated that Fisher finally sold out in south Terry, and moved to town, building east of the Magnolia Petroleum Co. production headquarters.

TOMMY DEE HARDY HAS 8TH BIRTHDAY

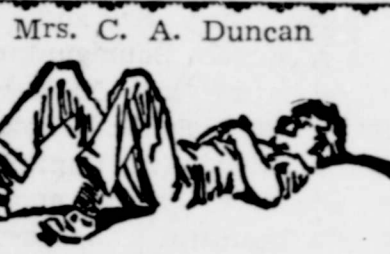

Tommy Dee Hardy was honored on his eighth birthday Monday when his mother, Mrs. Ted Hardy, entertained after school at the Hardy home, 411 Seagraves road.

Various games were enjoyed, and in the contest for pinning tail on Donald Duck, Jerry Don Purtell won the prize.

Soda pop, ice cream, and a cleverly arranged Circus Cake were served to the following who attended: Jimmy Hackney, Jim Brannon, Doug Mason, Donald Carruth, Jerry Don Purtell, Howard Hurd, Tony Beardon, Billy Bob Graves, Eddie Brazier, James Hill, Dennis and Terrell Givens, Joe Davis, Donald Settles, and the honoree, Tommy Dee Hardy. Favors were cellophane bags of candy, gum and balloons.

Among those attending the Texas Tech-A&M football game in Dallas this weekend will be Mr. and Mrs. Harmon Howze, Mr. and Mrs. Buddy Gillham, Mr. and Mrs. Tommy Zorns, Mr. and Mrs. Sam Privitt, Mr. and Mrs. Clyde Truly, and Mr. and Mrs. Bill Anderson.

Visitors in the home of Mr. and Mrs. Vic Atwood last weekend were her parents, Mr. and Mrs. Emmett Bennett of Nolan; and her brother-in-law and sister, Mr. and Mrs. C. W. Bedner of Lubbock. David Atwood, small son of the Mr. and Mrs. Vic Atwood, accompanied his grandparents home for a week's visit.

Part of Terry to Be In Water District

James Adams, of Meadow has been appointed to represent Terry County as a member of the temporary board of directors of High Plains Underground Water District No. 1 by C. C. Chessher of Littlefield, temporary director for Precinct No. 2.

Only a very small area in the northeastern corner of Terry County is within the proposed district.

The temporary board was appointed by the State Board of Water Engineers to serve until organization of the district permanently. The temporary directors voted, said Chessher, to have each director name a committee of one or more for each county of his precinct. The district includes all or parts of 21 Plains counties.

McFarland said the county committees will assist in providing complete information to the voter on all matters pertaining to creation of the district. After its creation, it is intended that the county committees will advise the directors in all matters pertaining to management of underground water, said Chessher.

Qualified voters who own property within it will vote Sept. 29 to decide whether it shall be made a political subdivision for management of underground water. At that time, the voters will levy a tax not to exceed five cents per \$100. They also will elect a director in each precinct to serve until the second Tuesday of Jan-

Pork Should Be Well Cooked

AUSTIN. — As the weather turns cooler our thoughts turn to pork roast dinners, or perhaps to waffles and sausage suppers. Pork is a palatable food, rich in protein, fat and vitamins. Properly prepared, it is a wise choice of food. Properly cooked pork is gray throughout. Undercooked pork is pink in color and should not be eaten because it is a common source of the disease trichinosis, says Dr. Geo. W. Cox, State Health Officer.

"You are perfectly safe from this disease as long as you eat of hogs that did not have trichinosis when they were butchered. But, the danger is real as long as you buy pork and pork products without finding out where they came from. It is equally real as long as you are not careful about what your own hogs eat. Most hog trichinosis comes from hogs eating uncooked garbage.

uary, 1952. At that time an election will be held to name a director for each precinct. Those then elected will draw straws to determine length of terms — one, two or three years. Thereafter, an election will be held each year to fill vacancy or vacancies. Thus, the terms of all five directors will not expire at the same time.

HOUSE OF THE WEEK

In this space, you'll find "The House of the Week" with full descriptions. This series is made possible by area firms listed here... See them to help you with your Home Furnishing Problems.

EXPANDABLE, TWO-BEDROOM HOUSE

If your family is small or large, here is a plan that offers you a lot of house for a small initial cost. If the family is still small, only the first floor need be completed when the house is built. When more space is needed, the two closets on the first floor can be removed and there is adequate room for a stairway which will provide convenient access to the second floor. You will be amazed at the small amount of money required to complete the two bedrooms and large closets on the second floor at some future date.

This house was designed to hold the winter fuel bill down. Any heat lost through the ceiling of the first floor will help warm the rooms above and the compact arrangement prevents any excessive heat loss through the walls. A full or part basement can be very conveniently made under this house. If the basement is used, a gravity flow furnace

could be centrally located and the minimum of metal or duct work would be required.

The kitchen is provided with three windows to make it light and pleasant place to work. There is a lot of work counter and storage space. The chimney in the kitchen will not only serve for a furnace in the basement but can also serve the kitchen stove or for a space heater which might be placed in the living room.

The small bedroom or future workroom on the first floor will make an ideal space for a freezer chest, laundry equipment, or for storage after the two bedrooms on the second floor have been finished.

The porch at the end of the living room will serve as a very comfortable spot on summer evenings and will make the living area seem larger during warm weather. It can be screened without detracting from the appearance of the house.

For the Soil's Sake Help Prevent Fire

COLLEGE STATION.—For the good of the soil, as well as preventing the loss of grazing crops, it is the obligation of everyone to help prevent destructive fires during the current drought emergency. All available range and pasture grasses and legumes are badly needed now for livestock feed, says A. W. Crain, associate extension pasture specialist of Texas A. and M. College. In addition, he emphasizes need of protecting the soil.

A vegetative cover, points out Crain, is protection against soil erosion. It forms a cushion to absorb the beating and washing from heavy, driving rains. This cushion or mulch also absorbs moisture very rapidly and allows for deeper moisture penetration into the soil. This residue of vegetation also replaces deficient organic matter which Crain says, is common to most Texas soils. The addition of organic matter helps to improve the physical and chemical condition of the soil and if this cover is lost by fire, the soil as well as the livestock suffer.

Crain urges that in areas where there still is a good vegetative cover, every possible means be used to keep out fires. He adds serious erosion losses, from wind or water, can occur where large areas are burned over.

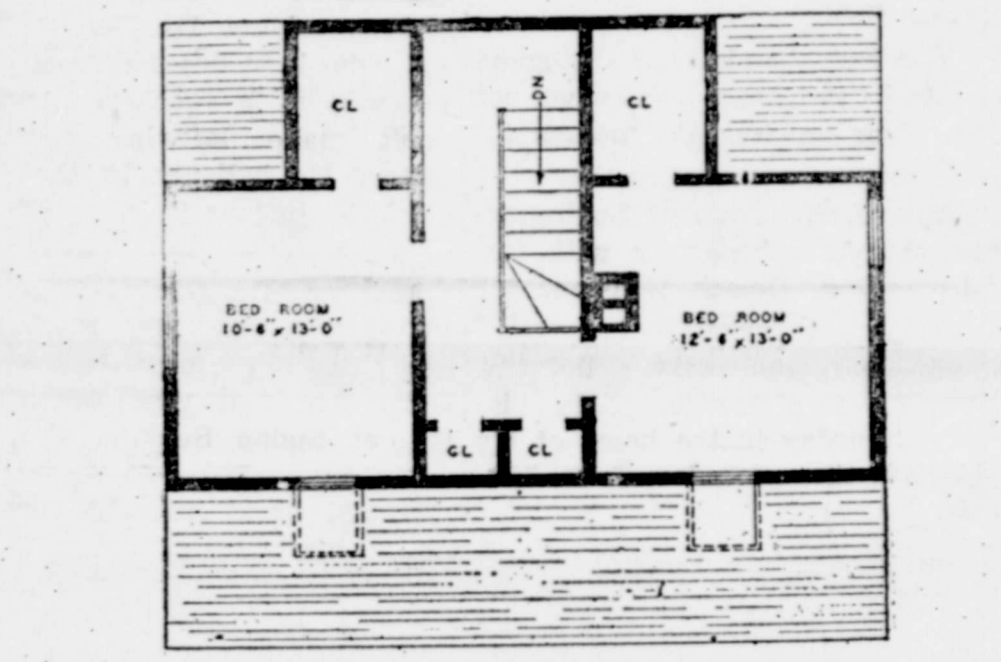

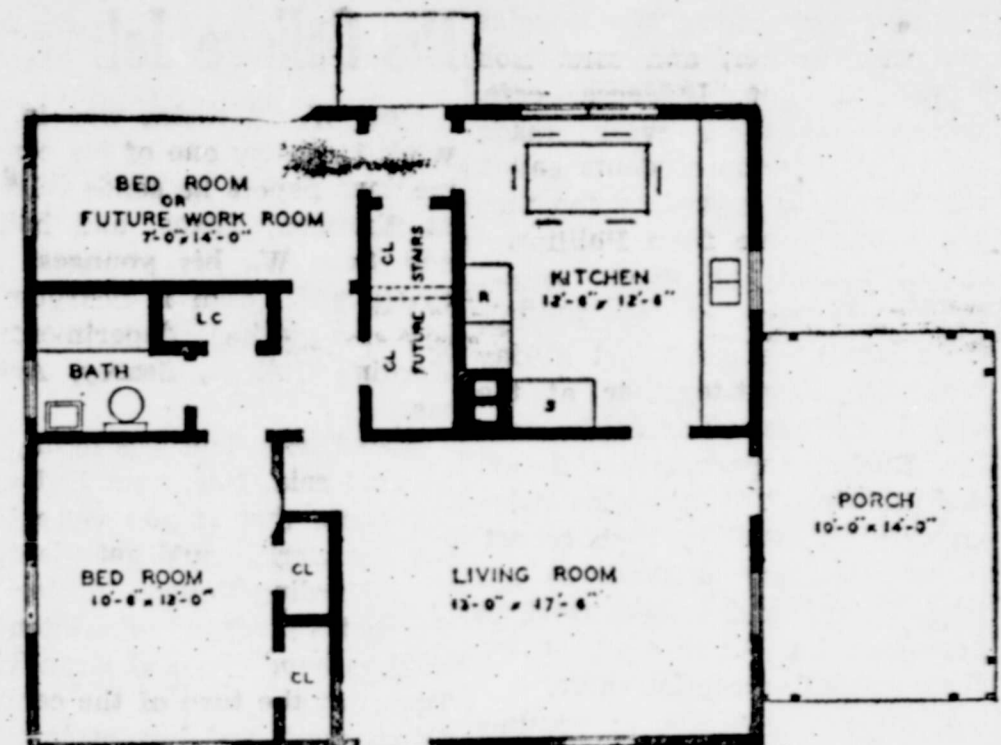

Crain emphasizes that plants now are in a very critical condition due to drought and hot weather and that many of them will be killed if subjected to fire. He says there is no practical way to police pastures and range lands of the state but urges every citizen to make it his business to see that the already short supply of forage is protected. Many stockmen have already been forced to sell a part or all of their livestock and this, in the months ahead, will have its effect upon the meat supply of the nation. It doesn't make any difference whether you live in the city or country, he says you still have a stake in preventing grass fires. So, for the sake of the soil, and to preserve the short supply of livestock feed and to insure a good growth of grasses and legumes when the rains do come, let's do our bit to prevent needless fires, says Crain.

Plant Quality Wheat Varieties

COLLEGE STATION.—Wheat producers are reminded that the wheat they plant this fall should be a variety that yields well and produces a quality product. According to Fred T. Dines, Extension wheat marketing specialist of Texas A. and M. College, the strongest wheat market is for the high quality varieties which are suitable for flour production.

Dines points out that approximately 85 percent of Texas produced wheat flour is used by commercial bakers and the quality, therefore, must be good.

The Texas Agricultural Experiment Station variety tests show that the better quality varieties are also among the highest yield-

Rats Are A Serious Menace to Homes

variety and is of highest quality. It also does well under irrigation in the Panhandle and South Plains areas.

Seed wheat is scarce in some areas of the Rolling Plains, North and Central Texas but is ample in most South Plains and Panhandle counties. County agents, grain elevator operators and seed dealers have available lists of seed producers, says Dines and he recommends that the quality varieties be used to seed the increased acreage asked by the USDA.

AUSTIN.—Because of the economic losses they cause to industry and commerce and the annoyance they create in homes, rats have been considered a serious menace to mankind since long before their role as vectors of disease was understood. Today at least six diseases which are transmitted to man from the rat are known to medical science, according to Dr. Geo. W. Cox, State Health Officer. These diseases include the dread plague, typhus, trichinosis, a form of jaundice, tapeworm, and food poisoning. The whole history of the role rats play in the transmission of disease remains as yet unknown.

"It is necessary to public health," Dr. Cox said, "that a continuous rat control program be maintained in every urban and rural area throughout Texas. This is of especial importance on farms where rats may flourish by feeding on grain and other farm products.

The doctor pointed out that rats like other living things, require food and shelter if they are to propagate an increase in number. Destroying their shelter and breeding places includes the employing of ratproof methods of construction and installation, and providing for periodic inspection of buildings to insure permanent safety. This program will force the rat out into the open where its destruction may be accomplished.

Of equal importance as a control measure is the elimination of all food supplies. This consists of storing all foods in ratproof buildings or in ratproof containers, the proper storage and disposal of garbage, and careful feeding of stock to prevent waste feed from being picked up by the rats. By observing these control measures, the community will benefit not only in the eradication of a nuisance and economic menace but in improved health conditions and the prevention of rat-borne diseases.

Student Council-Queen Candidates Elected In Brownfield High School Last Week

In an impressive ceremony in general assembly Tuesday morning at the Brownfield high school, members of the Student Council were installed, with Byron Rucker, principal as installing officer. Dean Murphy was elected president of the council in an election last week, and in Assembly Tuesday morning he told of his trip to Austin last June, when he represented the Brownfield high school at the annual "Boy's State."

Mrs. J. D. Miller, sponsor of the student council, also reported that two queen candidates had been selected from the Senior and Junior classes, and duchess' will be named in the near future by the Sophomore and Freshman classes.

The school queen will be crowned at the annual Homecoming football game, when the Brownfield Cubs will meet the Muleshoe team here.

Members of the students elected and queen candidates named are as follows:

STUDENT COUNCIL
President, Dean Murphy; vice president, Jerry Anderson; secretary-treasurer, Freda Anthony; band, Billy Mack Herod; athletic, Denny Boyd.

HOMEROOM REPRESENTATIVES

Senior, Bobbie Bingham, Howard Swan; Junior, Jerry Bailey, Loman Jones, Faye Thigpen; Sophomore, Jerry Brown, Charlotte Jones, Janelle Lewis, Karen White; Freshman, Rita Apollinar, Nicky Greer, Dennis Knight, Jerry Parker, Sandra Yandell.

President of classes also serve on Student Council.

Class Officers are:
Senior Class: President, Chris Berda; vice president, Charles Mayfield; secretary-treasurer, Joy Walser.

Junior Class: President, Herbie Kendrick; vice president, Macky Ford; secretary-treasurer, Jane Anderson.

Sophomore Class: President, Ted Hardy; vice president, Delbert Bradley; secretary-treasurer, Sammy Key.

Freshman Class: President, Kel-

ly Mack Sears; vice president, James Morris; secretary-treasurer, Virlene Sharp.

Queen candidates are: Leah Dale Fortwood, Senior; Joanne Shelton, Junior.

Byron Rucker, Brownfield high school principal, announced late Wednesday that 238 reserved tickets for the Snyder game were on sale at Primm Drug, or at the high school. The local band and pep squad will accompany the team to Snyder, and the east stands of the stadium will be for Brownfield fans.

WELCOME TO SIX NEWCOMERS LAST WEEK

Among others last week that we possibly did not get, we welcome the following six persons, amount of family, if any, unknown:

Billy J. Randles, from Bowie; Laura Hightower from Memphis; Charles Blocker, from Odessa; Lester A. Rogers, from Colorado City; Virgil Robbins, from Wichita Falls, and Alvin P. Lewis from Seagraves.

The removals were, William H. Bird to Odessa and Ralph D. Hardman to Midland.

Phillips Students Are Complimented

Compliments were handed both ways last week end, after the Phillips Blackhawks football team played the Brownfield Cubs, and the Blackhawks band accompanied the squad here. The group spent Friday night here, the girls of the band stayed at the McNutt Courts, boys in the band had reservations at the Settle Inn, and the football boys stayed at the Deluxe Motor Inn.

Supt. O. R. Douglas and high school principal Byron Rucker were very complimentary in statements issued the Herald concerning the conduct of the Phillips visitors. "We have never played a football team, or had members of a band visit our school that have been more agreeable, nice, or well-behaved," they both said.

Owners of the courts where the students spent the night were of the same opinion as Mr. Douglas and Mr. Rucker, and Mrs. Bob Brown of the LaMecca cafe, where reservations were made for meals for the students called the Herald in regard to the nice group that came from Phillips.

The Brownfield Band entertained members of the Phillips band after the game last Friday night, in a get-together at the school, and served refreshments. Mr. Rucker reported that Saturday morning J. T. Kimmins, principal of the Phillips high school, called him long distance to extend thanks and appreciation in behalf of the Phillips school, for their cordial reception here.

Supt. Lee Johnson of Phillips also expressed his sincere appreciation for the courtesies extended them while they visited in Brownfield.

The Blackhawks lost the game to the Cubs, but they have not lost their courtesy and manners!

Mrs. J. H. Cloud of Lovington, N. M., visited Monday with her sister, Mrs. Homer Winston.

Mr. and Mrs. Larry Miller and son, Rusty, of Proffett, Ark., visited Saturday in the home of his parents, Mr. and Mrs. J. D. Miller.

Brother of Local Lady Gets Bronze Star Medal

With the 1st Cav. Div. in Korea.—Sfc. James A. Farquar, brother of Mrs. C. L. Holoway of Brownfield, Texas, has been awarded a Bronze Star Medal in recognition of his outstanding performance of duty in Korea.

Farquar won the decoration for his service with the 7th Cavalry Regiment's Company C, from July 22, 1950, to April 10, 1951.

The citation accompanying the decoration states, in part: "The bronze star medal awarded to Sergeant 1st Class James A. Farquar, for meritorious achievement in connection with military operations against an enemy of the United States."

Sam Chisholm Likes His College Job

Geo. W. Chisholm was in this week to renew one of his complimentary papers he sends relatives at Sherman, Texas, and had us add Sam W., his youngest son, to our list. Sam is instructor in the accounting department at Harding College, Searcy, Arkansas.

Asked how Sam was liking, and his dad said, fine. Sam had written home that if you were looking for work, you'd get plenty of it at Harding College. Sorter like the motto a school superintendent used to have down at Grandview, Texas, at the turn of the century: "More work and less pretention."

Perhaps Harding is one of the best known comparatively small colleges in the USA, on account of its president, Dr. Geo. S. Benson, who is in demand from coast to coast as a speaker. And he don't make leftwing speeches, either. He believes in the good old USA just as it is.

Mr. and Mrs. Harvey Gage visited his mother, Mrs. S. J. Billings, and her brother-in-law and sister, Mr. and Mrs. Earl Chester, at Sudan Sunday.
