

MAKE THIS THE BIGGEST AND BEST

The finest parade in Brownfield's history, led by the Reese Air Force band of Lubbock, starting at 11 o'clock will begin the day's activities for the fifth annual Harvest Festival next Thursday, October 18.

The Harvest Festival is sponsored by the Brownfield Rotary club as a fund raising campaign. Money taken in through the festival is used for various community and civic projects, including maintenance of a school bus that carries children from the west side of town to and from school.

Carlton Brady leads in the Queen's race, with 145,000 votes, with the other two candidates trailing by a small margin. Kay Sydoski is second with 137,400, and Laverne Joplin is third with 128,400 votes. Anything can happen between now and next Thursday! Publicity chairman

Dave Worley released the above figures late Thursday afternoon. Voting will continue until 7 p. m. on Harvest Festival Day.

Paul Campbell is general chairman of the Harvest Festival and he stated the parade would be at least 12 blocks long, including the McMurry College Band, Texas Tech band, Brownfield high school band, and area high school bands, making a total of 11 bands to appear here.

Twenty floats will be entered in the huge parade, and Sheriff's posses from Lubbock, Tahoka, Seminole and Littlefield, with the Brownfield group, will make a total of at least 75 horses.

According to a late report Thursday from the program committee, Bernie Howell, well-known organist and head of the music department of radio sta-

Harvest Festival

tion KCBD, Lubbock, will be in the parade, with his portable organ in his jeep. He will present organ interludes throughout the day, according to Dave Worley, publicity chairman, and an organ recital is scheduled on the program for three o'clock in the afternoon in the program planned at the Cub stadium. Baldrige Bakery of Lubbock is sponsoring Bernie's appearance

here. Howell formerly was with KGNC, Amarillo, until the first of 1951, when he returned to Lubbock. "We believe Bernie is one of the best organists in the southwest," Mr. Worley said, "and everyone will enjoy having him in Brownfield."

Al Muldrow, Rotary president, will welcome visitors, and introduce dignitaries before the awarding of prizes to winning bands.

Sheriff's posse and floats, immediately following the parade, from the grandstand on the north side of the square.

Attorney General Price Daniel will be guest speaker, and the main program is scheduled to start at 1 p. m. at the football stadium. Variety shows, children's program, band concerts, square dance contests, and Old Fiddler's contest will be included in the

program to be given through next Monday, as each ticket for the day's activities.

Coronation of the Harvest Queen at 9 p. m. will complete the program at the football stadium. There will be a dance at Veteran's hall following the crowning of the queen.

The winning queen candidate will receive a complete cruise wardrobe, from Cobb's Depart-

ment store here and Gordon Edwards, Inc., of Dallas, in addition to a \$100 diamond ring from Nelson's Jewelry, and an all-expense paid Caribbean cruise for two.

Second place winner will receive a \$300 merchandise certificate redeemable in local stores. Third wins a \$200 merchandise certificate.

Anyone interested in entering the Old Fiddler's contest, scheduled for 3 p. m., is urged to contact Tobe Howze immediately.

Square dance teams from Plains, Levelland, Lamesa, Seagraves, Sundown, Denver City, Seminole and Littlefield have been invited to participate in the contest at 7:15 p. m. The Brownfield Square Dance team will not compete in the contest, but will be hosts to the visitors.

Double value of votes will count in contest purchased by 6 p. m. Monday will count 200 votes.

Tuesday and Wednesday, tickets will count 150 votes each, and on the day of the Festival, only 100 votes each. Tickets will be sold in the Queen's race until 7 p. m. Thursday night, Chairman Campbell said.

See pictures and stories about the Harvest Festival elsewhere in this issue of the Herald.

The entertainers who will appear on the Variety Show are stage, screen, recording and radio stars: Al Rogers and his band (formerly with "Grand Ole Opry"); Alfredo Cassares and his Rhumba Band; The Crinoline Girls, featuring Miss Helen Phelps, blind pianist and singer; Herald "Cuz" Goodman, star of Saddle Mountain Roundup; and "Pop" Watts, Pantomime Comic.

Herald "Cuz" Goodman is master of ceremonies of the variety show.

THE OLDEST BUSINESS INSTITUTION IN TERRY COUNTY - - - - ESTABLISHED 1903

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

VOLUME 47

BROWNFIELD, TEXAS, FRIDAY, OCTOBER 12, 1951

NUMBER 12

WHAT OIL PROGRESS WEEK MEANS TO THIS SECTION

We have to go back only 20 years to find this a strictly farm section in most of Terry and Hockley, and ranching mostly in Gaines, Yoakum and Cochran counties. Total tax valuations were down from one to three million dollars. In some areas farm and ranch homes were far apart, and most we had small one and largely two teacher schools in the rural area.

What Have We Today? We have taxable valuations running from \$15 to \$45 million dollars. We have some of the finest school buildings to be found in the nation; fine courthouses (Yoakum county has two, a record, perhaps) to be found, many of them running up to a half million dollars. We have fine hospitals, well managed, mostly built by OIL DOLLARS.

Many Miles of Paved Highways and F-M Roads Back in 1934 when it was discovered that oil underlays this section, there were few paved roads. There were no Farm to Market roads. But today we can get most anywhere either on a highway or a Farm-Market road that is paved. And even our country roads are kept in passable condition, with caliche on the sandier spots. One does not start out now expecting to get "STUCK IN THE SAND" before you get to your destination.

The influx of new people to work in the many headquarter offices, geophysical sections and out in the oil fields as engineers, drillers and roughnecks (why such a name for the latter good guys) and what have you? They have caused our towns and cities to expand and grow, as never seen before.

Our towns are well lighted, modern mercantile buildings with fine stocks, hundreds of well arranged and well manned service stations. The streets are well paved, or being paved. There are some very modern homes, well laid out parks and other places of amusement. Our churches are modern and new and still expanding. OIL HAS MADE IT POSSIBLE.

So, What is Wrong About Being An Oil Company?

Nothing if you ask the average man in this area. They are leasing land of the farmers and ranchmen, giving extra dollars. Many are already receiving royalties on production. Millions of dollars are being spent for oil tests in "wildcat territory," and the workmen are being paid good wages—in cash.

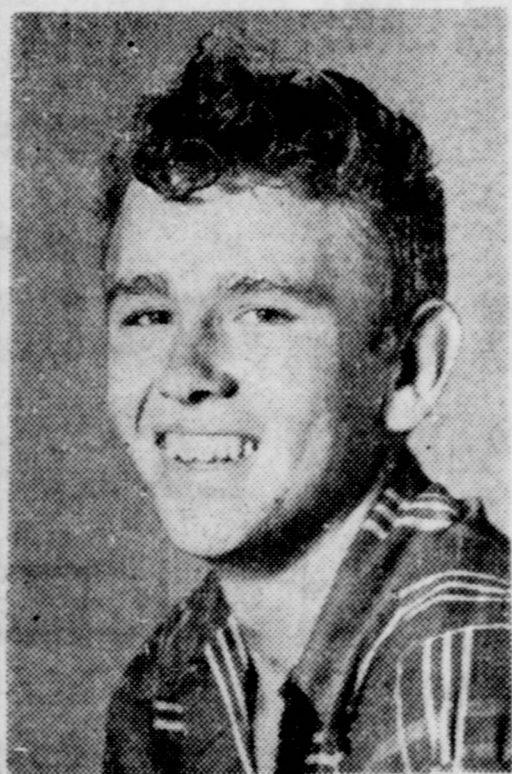

School Bands In Parades In Area

The sixtythree members of the Brownfield high school band will go to Levelland Monday where they will participate in the parade at 2 p. m. for the opening day of Levelland's Oil Progress Week observance.

According to Fred Smith, band director, the local band will compete with other bands in this area in a contest for best performances. At 3:30 p. m. Tuesday the Brownfield band was among those in the parade at Seminole, opening day of the Gaines County Fair. The Hardin-Simmons Cowboy band was also at Seminole.

Our good friend, Mrs. J. H. Morris of Plains, was over this week and renewed for her Herald. "Can't do without the Herald," she stated. Mrs. Morris was our former Plains new gatherer, and a good one.

GOLD STAR 4-H CLUB BOY—

Jimmy Benton, who was recently named Gold Star 4-H Club boy for Terry County, has been in club work the past seven years. His parents are Mr. and Mrs. W. L. Benton, route 2, Brownfield, and he is a Junior in the Union high school. He completed projects in tractor maintenance, beef cattle and swine, and now has one brood sow with five pigs that are Du-rocs and Poland China. He helps his father farm a section of land, and Jimmy has 25 acres of cotton. He is a leader in the Union 4-H Club that has 27 members. He attended the annual 4-H encampment at Lubbock and was a member of the Terry county Rifle team that placed first.

Price Daniel to Open Harvest Festival

Texas Fighting Attorney General Price Daniel will officially open the annual Harvest Festival in Brownfield on October 18. Daniel has gained nationwide attention in his fight to save the Texas tide-land for the public schools and in praise from the Kefauver Crime Committee for his work against organized crime.

Attorney General Price Daniel Gains Nation-wide Reputation

Texas Attorney General Price Daniel will open the Harvest Festival in Brownfield on October 18. Daniel will spend most of this week in the South Plains area.

Burton Hackney, Chairman of the Program Committee for the Harvest Festival, announced Daniel's acceptance as opening speaker for the festival and also stated that Daniel would fill several speaking engagements in other South Plains cities.

Daniel gained national prominence in his determined fight against federal seizure of the tide-lands and has recently been in the national spotlight again because of his crime-busting activities.

The Senate Crime Investigating Committee had this to say in its recent final report: "Activities against organized criminal elements in Texas are worthy of considerable praise. Notable among the achievements in Texas was the Conference called by the Attorney General, Price Daniel, in March which was attended by District and County Attorneys from all parts of the State.

"The Legislature furnished commendable cooperation by enacting practically all of the legislation recommended by the group, which included bill outlawing possession of slot machines, punchboards, and policy games. "The Attorney General sought and secured injunctions against both the telegraph and telephone companies, prohibiting gambling information from being disseminated over their wires."

IMPORTANT NOTICE

Directors of the Terry County Farm Bureau are scheduled to meet next Tuesday night at 8 o'clock at county agent Jim Foy's office, J. T. Fulford, president, announced. Several important matters are to be discussed, Mr. Fulford said, including the discussion of possibilities for the opening of a Farm Bureau office in Brownfield, which will employ a clerk who can assist farmers in working out their rebates on gasoline.

Miss Alda Mae Steen, local manager of the Southwestern Telephone Co., came in this week to renew for the company Herald.

Yes, Herman's Gin Is Now Ready, Folks

After Herman Chesshir ran a full page last week with two pretty gets announcing his gin was rearing to go, he says he keeps meeting folks on the street asking if his gin is ready. Heck, yes, been ready over two weeks.

So don't ask Herman such foolish questions on the streets. He'll think our advertising aint worth a fiddlestring. Was down there one day last week, and Herman sure has a swell layout. The quietest, smoothest running gin we ever saw. And we have seen them ranging from those old horse-powered gin on up to now.

And we don't mean this HP is the measured capacity of some kind of engine or motor. But some 8 horses or mules down under the gin machinery, going round and round pulling the bullwheel and creating the power. All except the press, and that was run by one mule power, or manpower.

Anyway, quit picking at Herman and go see his gin plant.

Hey Kids! Don't Forget Free Show Tomorrow

Every youngster and prospective member of the Hopalong Cassidy Savings Club, sponsored by the First National Bank, are urged to attend the Theatre party—FREE—tomorrow morning, Saturday, at the Regal Theatre at 9:30. One of Hopalong Cassidy's pictures will be shown.

Officials of the bank urge that boys and girls start a savings account NOW. When the youths in this area open an account with \$2 or more, they become members of the famous Hopalong Cassidy Savings Club. When they join they are immediately given a fine Hoppy savings bank, saving rodeo badge and club account book.

Soon after starting a savings account, the postman brings to members' homes a present from Hoppy—a big Thrift Kit. This kit includes Hoppy's secret code, his autographed photo, Official Membership Certificate and other wonderful prizes.

Opening an account with just \$2.00 earns a Tenderfoot rating and badge. The faster the youngsters earn and save the sooner they will be wearing Hoppy's own badge Bar 20 FOREMAN!

Mrs. F. E. Forgy, 415 N. 2nd, returned home on Monday from Strawn where she spent last weekend with relatives and friends. Accompanying her home was her daughter-in-law, Mrs. Raymond L. Jones and baby daughter, Marlona LaVerne, who will spend some time here.

To Preach At First Christian Sunday

Rev. Homer Haislip will preach at both the morning service and the evening worship hour at the First Christian Church Sunday, according to an announcement made late Wednesday.

Rev. Haislip is a graduate of Texas Christian University, Fort Worth, and has been a member of the TCU Board of Christian Education the past four years. The public is invited to attend both services Sunday.

Herald Want Ads Get Results.

Grand Jury To Meet Next Friday

Members of the Grand Jury will convene next Friday, October 19, before District Court will open on Monday, Oct. 22.

District Judge Louis B. Reed of Lamesa will preside at court, when several civil and criminal cases are scheduled.

Members of the grand jury are: G. E. Ashburn, foreman, Marvin L. McNutt, Sam Teague, W. O. (Bill) Webb, J. E. Smith, B. G. Jones, M. J. Craig, Jr., Charlie Caswell, C. H. Johnson, E. F. Schwartz, J. A. Benson and I. L. Hamm.

The powerful Brownfield Cubs hope to keep their undefeated record intact tonight, as they claw the Rotan Yellowhammers at Cub stadium before they start the round in the conference next Friday night at Levelland, against the Levelland Lobos.

Coach Toby Grear stated this week that each team the Cubs have played this season has been stronger than the last squad, and he is expecting the Rotan eleven to be true to form, in spite of the fact that Rotan has several defeats on their scoreboards.

The Yellowhammers may be a Junior ball club, but they have a 170-pound line, with a 150-pound backfield that may deal misery to the Cubs. Against the Seminole Indians last week in the Cub's own den, they had to come from behind twice, but they led at the last 28 to 20. The Indians had previously been undefeated.

Big Howard Swan, a 170-pound fullback, engineered the Cubs to victory. But the big difference between the two teams was in the line, where the Cubs refuse to budge. They stopped the Seminole ground game cold in the second half, and threw up a stubborn defense to halt the Indians on the Brownfield one yard-line on a third period drive.

About tonight's game, Coaches D. V. Marcum and John Ford have the following players, Harold Hamlin, 125 lbs., James Mann, 140 lbs., Jerry Waggoner, 135 lbs., Darrel Boen, 140 lbs., Mickey Martin, 145 lbs., Bud Montgomery, 145 lbs., Eldon Dowell, 170 lbs., Cecil Weems, 165 lbs., Ted Posey, 150 lbs., James Carter, 168 lbs., Jimmy Counts, 155 lbs., Gerald Roe, 155 lbs., Kent Westbrook, 175, Edward Velez, 190, Kerry Weems, 160, Richard Posey, 175, Stanley Nowlin, 190, Charles Vittitow, 155, John Gray, 175, Loyd Cross, 135.

WELL, HERE THE SIMZES GO AGAIN

Mrs. J. L. Sims of the Loop section, was in this week to get the old reliable pointed down toward Port Isabel, where they have been spending the winter for few years past. Mr. and Mrs. Sims have become great gababouts.

But we are glad they can spend the winter down there and fish and loll around. They put in many years of hard work on the farm in south Terry.

AN EDITORIAL

Harvest Festival Means Much Locally

After this week and then comes Thursday 18th, and we arrive at the DAY OF ALL DAYS IN BROWNFIELD. That will be a gala day long to be remembered, in which one of three young ladies, the pride of the girlhood of the city and county, will be crowned QUEEN. She will have a long cruise down in the tropical island vacation grounds of north America, with all expenses paid.

The other two young ladies will be given prizes of \$400 and \$300 each at any store they wish here in Brownfield, where they can really rig themselves out in the height of fashion for fall and winter. The old town will no doubt be lit up and decorated in holiday apparel, and all of us big, little, old and young will enter into the Harvest Festival with enthusiasm.

When the Rotary Club of Brownfield started this matter back in 1948, there were many who thought it would be just another holiday. Some even thought it would be a decided bust. None, even including the Rotarians, thought it would be so very hot. But we were all fooled more or less. It was a great day, and the second affair for the next year began to be talked at once.

As we that have been here for the full period of the Harvest Festival know, each succeeding year has far exceeded the past one. Presently, if some one should have the hardihood to even suggest a discontinuation, he would be laughed to scorn. The Harvest Festival is just as much a part of Brownfield and area today as Christmas. No one would even suggest that it be discontinued anymore than they would that the nation stop celebrating on the Fourth of July or Thanksgiving. It is a DAY that is a YEAR TO YEAR event.

Hundreds of the business men here are even remotely connected with the Rotary Club by membership, enter wholeheartedly into the event as if a charter member of that great organization. There are other good clubs here which have instituted measures that help the town and community, such as our Lions Club. And let us state that the Lions have put over many great programs for the betterment of the community. Many of them you are already familiar with. One great one we might mention is the supplying of glasses to the underprivileged, and many others. They work at their job.

Also, we cannot pass without a mention of the many beneficial projects of the Junior Chamber of Commerce, such as the annual soft-pig show for instance. Or the benefits that our women clubs render the community. But we are talking about the Rotary Project this week.

Some of the projects the Rotarians have sponsored is a school bus that picks up the little fellows in sections of the city far removed from the school buildings and transports them to school mornings and back home in the afternoon. You are perhaps aware that Texas has a law that prohibits picking up students if in so many miles of the school building. The little fellows just inside that area were left to get to school the best way they could, hot or cold, rain or snow.

They have also helped in many other undertakings, such as building a Scout House for one of the Boy Scout organizations which they sponsor. They also gave a large check for the erection of the Little House near Coleman park for the Girl Scouts, and made possible its erection long before it could have been undertaken otherwise. These are just a few of the many blessings the Rotary Club has been to our city.

The idea of a harvest festival while new here, runs back to perhaps the middle ages and in many

TO ATTEND SP DENTAL CLINIC AT LUBBOCK

ourselves with the abundance a Wise Father has provided us with from day to day.
 We can therefore conclude that the idea of a Harvest Festival in the minds of the originators here, was not only to have a good time, but also to do service to those who cannot help themselves, and to show our appreciation to Jehovah for his many blessings. Let us therefore realize that the three-fold purpose of the Harvest Festival: Thanks to God for His blessings; make merry because we have abundantly received these blessings, and follow out the Rotary motto, "Service Above Self."

DR. E. J. ORBAN

This week, the Herald has dropped the usual line of editorials which usually have some political significance, and has chosen to fill this usual space with something in which we can all agree. That we shall here and now thank the Maker for His abundant blessings, and try in our modest way to point out the three-fold purpose of the Harvest Festival. Our fields for the most part are white unto the harvest—we have been abundantly blessed by a Provident Father, and we enter into a program of proving that most of us believe in Service Above Self, and at the same time have a great day with our neighbors, friends and loved ones.

In closing, the Herald joins the host of people of Brownfield and area to ask all to come join us

Dr. W. A. Roberson has indicated that he will attend the South Plains Dental Clinic at Lubbock today and tomorrow. This is the fall meeting of the organization.

The guest clinician will be Dr. Balint Joseph Orban of Colorado Springs, Colo., who is recognized as one of the world's leading dental authorities.

How to Avoid Party Line Traffic Jams

For better party-line service, use your telephone sparingly. When you do have a lot of calls to make, remember to space them. When your call is finished, hang up the receiver carefully.

This kind of cooperation is the keynote of good party-line service. Try it on your party line. You'll enjoy the smoothly running service it helps to create.

LOTS OF LEAVERS, VERY FEW COMERS

Three new folks came in last week according to one source of information. A party said to us lately that this source never had reported their moving here. Supposedly many come in that no source of newgathering gets. But you are welcome along with the rest, just the same:

Don Ophoim from Colorado City; Boyd J. Noel, Plainview, and John A. Towle, Oakland, Calif.

Ten persons reported to have left to various parts of the country.

"Get your Fiesta dress at Faber's Mart."

Homer Dunn Sunday. Mr. and Mrs. Sam Park also ate dinner in the Dunn home.

Mr. and Mrs. Tom Lewis are remodeling their home.

Mr. and Mrs. David Dunn and children from O'Donnell visited her mother and family, Mrs. Major Howard and children, Sunday.

Mr. and Mrs. Lawrence Dunn visited her mother and family, Mr. and Mrs. Lawrence Dunn live at Wells where works at a gin.

Mr. and Mrs. Bernard Bishop and girls of Snyder visited her parents, Mr. and Mrs. Roy Barrier and family.

Mr. Homer Dunn and girls attended the funeral of Mr. Dunn's uncle at Kermit Thursday.

Mrs. R. R. Gentry and daughters, Peggy and Mrs. Leon Herrin, of Slaton visited in the home of W. M. Joplin last Wednesday. Mrs. Gentry is Mrs. Joplin's sister-in-law.

Mr. and Mrs. Gus Drennon and children of Odessa and Mrs. Drennon from Spur visited their sister and daughter and family, Mr. and Mrs. Ervin Duncan and family.

A Close Look At Colorado Dam

As windy as it was, the son-in-law, Herman Trigg of Snyder, decided to take his family and the Old He and wife out for a look at the Colorado river dam last Saturday afternoon. We had an idea that the dam was located somewhere between the Lamesa highway and the highway to Big Spring. Although we quizzed a filling station man before we left we slipped up on the trip.

Of course it made no particular difference, as we were out for a drive and outing. We evidently turned off on the right country road, but continued too far south, ending up at Ira, a small town in southwest Scurry county. We should have turned west just before reaching an oil refinery out some eight miles southwest of Snyder. But we got better directions at Ira, and made it OK.

This huge lake when completed, will furnish water for Snyder, Big Spring and Odessa. We do not know why Midland did not participate. It is said that when completed will empond 4 1/2 times the amount of acre feet of water as the Brownwood lake, and that lake is no small potato by any man's measure. The earthen dam, reinforced by lines of huge boulders at intervals, is already 30 or 40 feet high, and must be nearly a mile long. Cost will be around 8 1/2 million dollars.

Dirt is being moved at a terrific rate, and some ten huge 17

INSPECTORS CAPTURE 3 ILLICIT STILLS

The Texas Liquor Control Board Inspectors in August reported the seizure of three illicit stills.

With the stills, which had a cubic capacity of 210 gallons of mash and made 1 arrest. Three gallons of moonshine liquor were destroyed.

Two stills were taken in Titus county and one was taken in Smith county.

yard capacity trucks can just barely keep pace with the enormous machine that bites into the earth at the bottom of the lake. This merry-go-round of trucks circle toward the east bank, where they go onto the dam, and on down it until the place to dump is reached. As each truck leaves, another machine pulverizes and levels the dirt.

Listen, You Fishing Boys

There are nice level areas on both sides of the lake for cabins when the lake is finished and is filled with water. And had you ever thought that this will be the closest place you guys will find to Brownfield—about a two hour drive—or rather 2 1/2 for our old bus? We understand that Snyder and Scurry county will have a paved road out from No. 180 this side of Snyder some ten miles, that will carry one direct to the lake.

Wasn't near as much trouble to get back to Snyder from the lake, site, as it was to find the place. Some signs up if you watch close.

Mrs. A. C. Crowe of Seagraves visited her niece and family, Mr. and Mrs. Jack Stricklin, Jr., and children last weekend. Her son, Ceton Crowe, who lives in Plainview, visited here Sunday.

FEDERICO CASSERAS Y SU BANDA DE RHUMBA—Frederico Casseras y su Popular Band es uno de los Grupos de Musica mas atractivos de hoy en dia. OIL PROGRESS WEEK OCTOBER 14-20

OIL—IS VITAL TO OUR NATION'S DEFENSE

And Makes Our Every Day Way Of Life Possible

Oil to this section means taxable valuations from 15 to 45 million dollars, fine, up-to-date schools, churches, courthouses, hospitals, paved highways and paved farm-to-market roads, mercantile buildings, service stations and private residences. Then too, last but not least, it brings a lot of new people to this territory—people who make up a substantial part of the community and are ready and willing to aid in every way in the development and improvement of the area—people who make good citizens and good customers.

MARGARET BANDY COWARD, SOCIETY EDITOR

EASTERN STAR MEMBERS TO ATTEND GRAND CHAPTER

Mrs. J. W. Nelson, worthy matron of the Brownfield chapter of the Order of the Eastern Star, and Mrs. John Portwood, Mrs. Grady Goodpasture, and Mrs. W. F. McCracken will leave Sunday, October 21, for San Antonio where they will attend Grand Chapter, which convenes Oct. 22 through Oct. 26.

On Thursday night, October 25, Mrs. Pat Boone of Littlefield will be installed worthy grand matron of the state of Texas.

At the regular meeting of the Order of the Eastern Star here Tuesday night, "Ruth's" night was observed, honoring Mrs. Milton Addison. Mrs. Nelson was in charge of the service. A duet was sung by Mrs. K. B. Sadler and Mrs. Wayland Parker.

Mrs. Nelson gave a reading appropriate to Ruth's station in the chapter.

After the meeting a social hour was enjoyed by 30 members. Mrs. Portwood, Mrs. J. T. Bryant and Mrs. Parker served homemade pie and coffee.

A stated meeting of the OES will be held on Tuesday night, October 23.

Methodist Circles Meet Monday P. M.

The Faith Circle of the Women's Society of Christian Service met at the First Methodist Church Monday afternoon at 3 o'clock. After the group sang "Softly and Tenderly," Mrs. D. A. Lemley led the lesson, assisted by Mrs. Ida Bell Walker and Mrs. A. J. Loyd.

During the business session, various reports were made.

Attending were: Mesdames G. S. Webber, Walker, Loyd, Lemley, Cleve Williams, J. W. Hogue, J. H. Carpenter, Glen Harris, Griffith, D. S. Sampson, Lucky, R. L. Cornelius, Ana Hare, S. M. Tomlinson, Reed, and W. B. Downing.

Members of the Love Circle of the WSCS met Monday afternoon at the home of Mrs. Roy Herrod, 520 Lamesa road, and Mrs. James Warren, circle chairman, presided.

Mrs. Ernest Latham led the devotional on "God is no Respector of Persons," and Mrs. James Underwood was in charge of the program on "Christian Missions and Human Rights."

Refreshments of iced cokes were served to Mesdames Glen Davis, R. J. Purcell, Sue Hunter, Latham, Underwood, Warren, and Wayland Parker.

All circles of the WSCS will meet next Monday at 3 p. m. in Fellowship Hall at the First Methodist church for the continuing of the study, "America, North and South," led by Mrs. G. S. Webber.

Dr. and Mrs. T. H. McIlroy were in Lubbock Sunday and Dr. attended a naturopathic meeting at the Hilton Hotel.

MR. AND MRS. LANG ENTERTAIN GUESTS

Mr. and Mrs. Leonard Lang, 718 east Broadway, entertained guests after the Seminole Indians played the Brownfield Cubs here Friday night.

Cake and coffee were served to Mr. and Mrs. Amos Turnbow, Mr. and Mrs. Bill Crisman and children, and Mr. and Mrs. Clyde Mansfield, all of Seminole; and Mr. and Mrs. Pat Patterson and children, Mr. and Mrs. Jake Gore and children, and Mr. and Mrs. Hub King and children.

CHRISTIAN FELLOWSHIP MISSIONARY PROGRAM

The Women's Fellowship of the First Christian Church met Monday afternoon at three o'clock for a missionary program.

Mrs. Bill Ashenbeck, president, presided at the meeting at the church, and she urged all members to attend the district convention at Floydada First Christian Church next Tuesday, October 16.

Mrs. John Jennings was in charge of the worship service Monday. Mrs. Arthur Sawyer discussed Puerto Rico, Mrs. W. C. Burrow told of missionary work in the Congo, Japan, India, and the Philippines.

Others attending were Mesdames John Venable, W. O. Salmon, McBurnett, W. H. Moore, Kenneth Stevens, Sam Murphy, Joe Forbes, Joe Christian, K. B. Sadler, Alben Hallbeaurer, Herman Denson, Leon Painter, Truett Flache, and W. A. Roberson.

Monthly Luncheon Held By Women

The monthly luncheon was held by the women's organization of the Brownfield Country Club Wednesday, October 10, at 1 p. m. Hostesses were Mesdames Glen Akers, J. K. Applewhite of Tahoka, C. L. Aven and Buddy Teague.

Following luncheon and a business meeting, bridge and canasta were played. Mrs. Otis Larner scored high in bridge and Mrs. Mon Teiford was second high. Mrs. Teague was high in canasta. Mrs. Larner and Mrs. Akers binged.

WMU Circles to Have Joint Meeting Monday

All circles of the Women's Missionary Union will meet at the First Baptist Church next Monday afternoon at 4 o'clock for a Royal Service program. Mrs. Carl C. Johnson, president, announced this week. Members of the Bagby circle will present the program, and the Lois Glass circle will be hostess to the group.

All members of the various circles are urged to attend, Mrs. Johnson said.

Maids and Matrons To Entertain Clubs

The Maids and Matrons Club will be hostesses to members of all the local federated clubs next Tuesday afternoon at 4 o'clock at Seleta Jane Brownfield clubhouse.

Mrs. Looe Miller is program chairman, and the subject for the program is "Races."

Dr. Ernest Wallace, head of the history department at Texas Tech, nological college, Lubbock, will be guest speaker, and he will discuss "The Local Indian."

All members of the local clubs are invited and urged to attend.

Delphian Study Club Hears Book Review

"Rain on the Wind" by Walter Macken was reviewed by Mrs. Jack Hamilton to members and guests of the Delphian Study Club at the regular meeting Wednesday afternoon, October 3, at Seleta Jane Brownfield clubhouse.

Mrs. W. C. Burrow, president, presided at the meeting, and Mrs. J. O. Burnett, jr., introduced Mrs. Hamilton to the club. After the review, Mrs. H. H. Bearden, hostess, served refreshments of cherry pie, ice cream and coffee.

With Mrs. Hamilton, guests were Mrs. Jerry Stoltz and Mrs. W. H. Moore. Other members attending were: Mesdames C. L. Aven, Jr., Robert Baumgardner, Wayne Brown, Otto Butler, Herman Denson, Martin Line, J. D. Mitchell, W. T. Pickett, K. B. Sadler, Bernarr Smith, W. F. Tipton, James Underwood, and Fred Yandell.

The group will meet next Wednesday afternoon at 4:15 o'clock at the clubhouse, when Mrs. Geo. Steele will be program chairman.

"World Freedom" is the subject for the program, to be discussed by Mrs. Bearden, Mrs. Smith and Mrs. Denson. Mrs. Claude Buchanan will be hostess.

Altruist Club to Have Bake Sale

An interesting discussion on re-finishing of furniture was given at the regular meeting of the Altruist Study Club Tuesday night at the Esquire Restaurant.

Mrs. Edgar Watson, president, presided during a business session, and three new members were named by the club: Mesdames Bill Glick, Bill Jones, and John Waddell.

A report of the district meeting of Federated Clubs was given by Mrs. Bill Lile, who with Mrs. Glyn Bilbrey, attended in Lubbock recently.

The club voted to sponsor a Bake Sale next Friday morning, October 19, which will be held at the Brownfield State Bank at 10 o'clock. Mrs. Ben Monnett was named chairman of a committee for the sale.

Mrs. Watson was hostess for the evening, and after the meeting coffee and cake squares decorated with an "A" were served. Guests with Mrs. Germany were Mesdames Norman Grine, H. G. Weatherford, David Platt, and A. E. Coward.

Members attending were Mrs. Monnett, Mrs. Lile, Mrs. Thurman Skains, Mrs. Harold Stice, Mrs. Watson, Mrs. Russell Stephenson, and Mrs. Tom Dougle.

JOHNSON HD CLUB MET OCTOBER 2

The Johnson home demonstration club met in the home of Mrs. R. D. Jones on October 2. Seven members answered roll call with a Drivers' Quiz.

Miss Doris Mahaffey, home demonstration agent, gave a very interesting program on culling poultry for profit.

Refreshments of cake and cokes were served.

The next meeting will be on Tuesday, October 16, with Mrs. Wood.

Advertise in the Herald.

Around The Corner — And Down The Street

By Margaret Bandy Coward

Mrs. Frank Weir and Mrs. Russell Stephens and daughter, Sydney Suzanne, left Wednesday morning for a week's visit with the little four-months old girl's great-grandmothers, Mrs. R. R. Weir at Itasca, and Mrs. J. M. Jordan at Waxahachie. They also plan to visit in Fort Worth. Nancy University in Austin, plans to be in Dallas this week end for the football game between Texas and Oklahoma University. Jane Russell is hoping she can maneuver tickets to attend with her sister-in-law!

Bouquets this week to Mrs. Margie Milburne and Mrs. Jean Turnage, who work with Looe Miller at the Terry county PMA

RUTH SUNDAY SCHOOL CLASS ENTERTAINED

Members and associate members of the Ruth Sunday School class of the First Baptist church were entertained with a coffee by Mrs. James Fitzgerald at her home, 607 N. 5th St. Thursday morning of last week at 10 o'clock.

Mrs. Fitzgerald has been teacher of the class the past year. Mrs. C. L. Green is the new teacher.

The class song, "Bringing In The Sheaves," was sung, accompanied by Mrs. Billie Moore at the piano. A prayer was offered by Mrs. Leonard Willis. After a social hour, refreshments were served to the following: Mesdames C. W. Denison, Lloyd Thomason, Lester Buford, L. C. Webster, Billie Moore, Delton Tatum, Hubert Culberson, A. L. Johnson, Glyn Bilbrey, W. D. Pierson, Ruben Leitch, J. B. Roy, Harrist Sherrod, Leonard Willis, W. F. Tipton, J. J. Morgansen (guest), C. L. Green (teacher) and James Fitzgerald (hostess).

"Get your Fiesta dress at Fabrice Mart."

clubs, and various entertainments—his mother usually accompanies him on the piano. He first started practicing piano, but gave it up to enter the band, as he reads treble cleft music now. Would be wonderful to have him learn to play the organ! His talent comes "naturally," as his mother has taught music a number of years . . . in fact . . . Marcella Burleson Reed, secretary to the First Methodist church, was one of her first pupils . . . Time does go by . . . Billy Mack is the grandson of Mr. and Mrs. W. B. Downing, 315 Tahoka road.

Mrs. Max Wood was recently admitted to the bar in Lamb county, and she took the oath of attorney at the court house in Littlefield before Judge E. A. Bills. She passed her bar examination in Austin last June, after studying law at the University of

Texas. She will practice law at Perryton, where her husband, Dr. Max Wood, is a dentist.

When we told County Attorney Vernon Townes about Helen, as we used to know her, he said "No doubt, she earned her admittance to the bar. There were several women in a class with me when I was studying law, but I doubt if one of them is practicing now!"

INITIATION TO BE PLANNED BY FHA

Members of the second and third year classes of Future Homemakers of America at the Brownfield high school will meet at 7:30 next Monday night in the homemaking department to make plans for initiation of new members.

Miss Wanda Terry and Miss Dorothy Smith are homemaking teachers, and Miss Paralee Nelson is president of the chapter.

NEW SAWYER RESIDENCE
Was out to see the fine new residence of Mr. and Mrs. Arthur Sawyer, being built on the heights northwest of the city, one half mile. About all we can tell about the residence is that it's going to be a humdinger.
But we gave notice that we were not going to guess how it would

look when finished. When that time rolls around, we aim to come out some time when coffee and cake can be furnished, we informed them.
Mr. S. (Irene) stated that they would like for other congenial people to build homes out there near them.

County Ginnings Total 4500 Bales

With an estimate of 35 per cent of the cotton open in Terry county, gins have turned out 4,500 bales, according to Earl H. Zieger of the Texas Employment Commission who has headquarters in Brownfield for the cotton harvest.
The new Plains gin, recently completed, had ginned 117 bales through Wednesday night, and the Denver City gin reported 232 bales, making a total of 349 for the season's ginnings in Yoakum county.

An acute labor shortage still exists in this area, Mr. Zieger said, who is assisting in the placement of migratory workers in Yoakum and Terry counties through the Texas Employment Commission. He has headquarters in the stand on the courthouse square, and sends daily reports of ginnings and number of workers arrived to the district offices in Lubbock.

He has been with the employment commission since June 1, 1946, and previously has worked in South Texas, as this is his first year on the Plains. His home is in Austin. He stated that many of the laborers who come to this area every year from the south be-

Women's Golf Tourney to Begin

The annual women's golf tournament at the Brownfield Country Club will be held next week, according to Mrs. Jack Bailey, chairman. Mrs. Fred Baldwin is defending champion.

All qualifying scores must be turned in at the pro shop by Wednesday, October 17. Medalist play will be Wednesday only, but other players may qualify any time between now and Wednesday.

A barbecue and Galcutta pool will be held at 7:30 Wednesday night, preceded at 4 p. m. by putting and long driving contests. Play will be held Friday, Saturday and Sunday (finals). Trophies will be awarded Sunday night to winners of both the women's and men's tournament.

All club members are invited to attend the barbecue Wednesday night.

Believe that the cotton is not ready for harvest, as it has been later in the past. Due to the dry hot weather this year, the cotton is opening earlier.

According to the Texas Employment Commission, Terry and Yoakum counties will gin an estimated 120,000 bales this year.

GONE TO CHICAGO—Mr. and Mrs. R. M. Baumgardner and children, Barbara Ethel and Bobby, who are attending the National Family Life Spiritual Enrichment Conference of the Methodist Church of America, in session in Chicago, Ill., October 12 through 14. The Baumgardners are not only representing the local Methodist Church, but also the entire Lubbock District of Northwest Texas Conference. After spending a week in the conference at Chicago, they will return to their home in Brownfield.

P-SP Fair Sets A New Attendance Record

LUBBOCK—All attendance records were broken for the first time in 16 years when the 34th annual Panhandle-South Plains Fair closed here Oct. 6 after a six-day run.
Total attendance was 148,937 for the week exceeded by 3,664 the record total of 145,273 which had remained unbeaten since 1935.

The record was made in spite of a chilly night and windy afternoon on the last day of the fair. But despite cold, officials announced that 23,990 persons had entered the gates Oct. 6 to exceed by 2,252 last year's gate of 21,738 for the last day.

Services For W. R. Mangrum Wednesday

W. R. Mangrum, 79, a retired farmer whose wife passed away only two weeks ago, died at his home Monday after a 10-day illness.

Funeral services were held at 10 a. m. Wednesday in the First Methodist Church with Rev. J. N. Hester officiating.

Burial was in Terry County Memorial cemetery under the direction of the Brownfield Funeral home.

Mr. Mangrum is survived by three daughters, Mrs. R. L. Helton of Tokio, Mrs. W. D. Holmes of Winnsboro and C. McWilliams of Brownfield; and three sons, J. E. of Dallas, W. W. of Melissa and J. T. of Sacramento, Calif.

FHA and FFA See Sights At Fair

Members of the high school chapters of Future Homemakers and Future Farmers and their sponsors enjoyed their trip to the Texas State Fair at Dallas last week, and several educational tours were included in their itinerary.

The group left Brownfield Friday night after the football game with Seminole, arriving in Dallas Saturday morning. They went to the Fair in the afternoon, and among the sights, they went to the medical building, the aquarium, livestock exhibits and one of the most interesting exhibits was in the automobile building, where they saw many old model cars that had been re-juvenated, sponsored by the Horseless Carriage Club.

After "spending their time and money" on the huge midway, the boys went to the YMCA and the girls stayed in the Balli stadium.

Sunday morning the students accompanied their sponsors to churches in Dallas for the morning service. In the afternoon they returned to the fair ground, and attended the Broadway sage show, "Guys and Dolls."

About 9 a. m. Monday the group left Dallas, stopping at the zoo in Fort Worth, where they enjoyed seeing the many animals, especially the "babies"—cubs, monkeys, and a baby alligator. They arrived in Brownfield about nine o'clock Monday night.

Miss Wanda Terry, Miss Dorothy Joan Smith and Lester Buford, teachers who accompanied the group, were complimentary of their behavior during the entire trip. "We would not mind taking this group on any trip, as there was no disorder, and the students are all well-mannered," they said.

PMA Committee Elections Announced

PMA farmer-committee elections will be held in Texas during Nov. 1 to Nov. 23, B. F. Vance, chairman of the State PMA committee, announced Thursday. These elections will be held in each of the 1468 designated agricultural communities in the State.

In each community, a PMA committee, consisting of three regular members and two alternates, and a delegate to a county convention will be elected. At a succeeding county convention the delegates will elect a county committee, consisting of a chairman, vice-chairman, member and two alternates. County conventions must be held by November 29. Newly elected committeemen will take office December 1, 1951.

The committee elected at this time will administer the 1952 Production and Marketing Administration programs in their respective counties and communities. These PMA programs include the agricultural conservation program, price support operations, and the sugar program. Currently PMA committees also have many responsibilities in connection with defense activities, and with field operations of the Federal Crop Insurance Corporation.

Any farmer who is participating in any of these programs is eligible to vote in the election held in his community. Places and dates of elections in each community will be announced by county PMA committees.

"Get your Fiesta dress at Fabric Mart."

Mexican Nationals Arrive This Week

Leonard Lang and J. T. Fulford, officials of the Terry County Farm Association are in El Paso this week, conferring with authorities in regard to Mexican Nationals contracted for the harvest season for the association in this county.

Approximately 1,226 laborers will have arrived this week, and the association could place at least 1,000 more, if they had been contracted for in time. After the last group arrives today, about 1,900 Mexican Nationals will have been placed here through the association.

The local men will return this weekend.

FFA NEWS

The Brownfield district of the Future Farmers of America met in an organization meeting for the 1951-52 year in Sept. 26, in Brownfield. Phillips of Wilson was elected president. Vice presidents for the new year present were: Warren of Weadow, Richard Ridgeway of Brownfield, Carter of Tahoka, and Fannin of O'Donnell. The district officers from Post, Plains, New Home and Wellman were not present.

A Junior and Senior chapter conducting is scheduled for November 14, at Post; and farm demonstrations and FFA quiz is to be in Brownfield on December 5. Date for the district banquet, time, place and program will be announced after the December 5th meeting.

Members of the local FFA chapter now have the use of a bright red, 1951 Ford pickup, courtesy Portwood Motor Company, according to Ray Hensley, assistant advisor. The pickup is used to haul livestock, and Mr. Hensley said one of the main objectives was to encourage the boys to take their livestock to market when the animals are ready, instead of at the convenience of the owner.

FFA boys with calves and hogs ready for market will leave Ray Hensley's Sunday for Dallas, where they will enter the commercial show at the Texas State Fair next week.

The calves and hogs will be on exhibit from Monday through Friday, and will go through the ring on Friday. The animals will

CLYDE BRILEY IS VISITING IN SECTION

Had the pleasure of meeting up this week with Clyde Briley, who, way back, sold Chevrolet cars for Ralph Carter. He has been living in California for many years, but talked like he might move back to Brownfield. Presently, he has a very sick brother over in Lamb county, who may not recover, Bill Tilson stated, who was with Clyde at the time. But Clyde mentioned for us to not bring up something that happened way back there, that had escaped us. Well, at least it was just a bit of mild meanness.

Advertise in the Herald.

be judged Wednesday. W. A. Wagner will accompany the group, taking the stock in his trailer truck.

Earl Brown will take two Hereford steers, each weighing 1,050 lbs. One Aberdeen Angus weighing 1,000 pounds will be taken by Coy Pennington. Others having animals for the show are: John Burnett, one Hereford, 1,150 lbs.; Orville Miller, one Hereford, 1,150 lbs.; Tommy Winn, one Hereford, 900 lbs.; Roy Latham, two Herefords, 1,000 lbs. each; Van Perry, one Hereford, 1,100 lbs.; and Adrian Henson, one Hereford, 1,200 lbs.

All calves expect to be in the prime or choice class, as local advisors believe the Terry county boys have among the best stock in their class in this area.

Boys exhibiting hogs include Byron Wise, with five Berkshire barrows; Richard Ridgeway, two barrows; Glen Reed, three spotted Poland China barrows. All of these hogs will weigh about 200 pounds each.

A new calf show barn is being completed at the State Fair grounds, just north of the hog barn. When the FFA group attended the Fair last week they saw the new barn.

To Be At Harvest Festival

Another mystery? She's one of the Crinoline Girls!

Herald Goodman and His Crinoline Girls

Featured in the Variety Show, scheduled for two performances at the annual Harvest Festival next Thursday, October 18, will be Herald Goodman and his Crinoline girls.

Herald Goodman, Radio, Television and movie actor has produced a new stage show unit featuring an all girl cast.

The Crinoline Girls are a group of entertainers who have prepared especially for stage show performances, radio, television and rodeos. Both in entertaining and in appearance they are unsurpassed.

Miss Veda Warren is the National Champion Trick yodeler and has had many years of professional experience in top road shows throughout the nation.

Miss Patti Dunn is a singer who recently filled an engagement at the Shamrock Hotel in Houston, Texas, where she won great acclaim. Miss Dunn is now in training along with her professional work, for a screen test in Hollywood.

All of the featured girls are beautiful to see and are excellent showgirls. They know how to please an audience.

The Crinoline Girls get their name from the style of costume they wear during their perform-

Yep, Fall Is Here: Count the Renewals

We can always tell when it is fall of the year. It is then that our farm folks begin renewing their papers. They are just like us, only different. They don't have much money in late spring and summer, but plenty in autumn. We don't have any, anytime.

Here are recent new ones: Troy Noel, Jesse Bryant, Wolfe Shaw, Jay Jones Motors, Hi-Way Cafe, Southerland Radio & Appliance, O. W. Kelly, Doris Mahaffey, Sam Houtchens, city and routes. Mrs. J. E. Peek, Meadow; Mrs. J. L. Sims, Port Isbell; O. D. Thomas, Alice; C. H. Johnson, Meadow; Mrs. Coy Maroney, Hollywood, N. M.

Renewals: W. A. Tittle, Jack Cleveland, A. W. Montgomery; S. R. Bearden, Howard Hurd, Texas Compress (3 years), Glen N. Webber, city and routes. Ted Schuler, Seminole; Ola Mobley, Tokio; Mrs. T. A. Williams, San Diego, Calif.; Grady Davis, Meadow; Miss Almira Goodman, San Jose, Calif.; Dr. R. B. Parish, Hobbs, N. M., and Chester Osgood, Long Beach, Calif. Thanks a lot folks.

ances. They are beautifully dressed in Crinoline dresses which everyone admires. Each girl has a dress especially designed and made for her.

Herald Goodman, known as The Mayor of Dribble Springs, Texas, on his Television show is reported to have in this act, the best stage show in the Southwest. There's music and comedy a-plenty when Herald Goodman and his Crinoline Girls entertain.

Come try it yourself . . .

Chrysler's
new

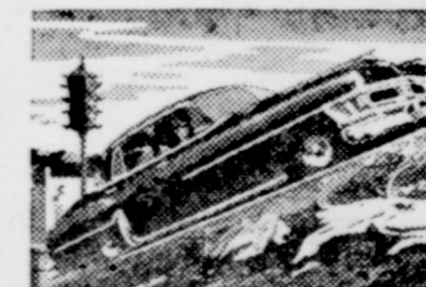

Hydraguide Power Steering!

Chrysler this year introduces the first power steering ever offered on an American passenger car. Many owners tell us it is the greatest advance in car driving since the self-starter! To a person who hasn't tried it, it is actually impossible to describe what a difference it makes. Driving becomes a new and wonderful experience. At your touch on the wheel, hydraulic power instantly provides four-fifths of the energy needed to steer the car. Gone is all sense of tug strain, tension. In its place you find a wonderful sense of absolute front wheel control with almost no effort on your part. Hydraguide is regular equipment on Crown Imperials, optional at extra cost on other 8-cylinder models. Whatever car you're driving now, we invite you to . . .

Come TRY Chrysler Hydraguide . . .
First power steering ever offered on an American passenger car!

Come TRY Chrysler FirePower . . .
180 Horsepower, finest and most powerful passenger car engine on America's highways today!

Come TRY Chrysler Power Braking . . .
Power from the engine helps apply the brakes . . . cuts foot pressure required as much as two-thirds!

NEW EASE! No more whirling or twirling, tugging and straining. The littlest lady you know can actually park the biggest Chrysler with her thumb and one finger on the wheel . . . drive all day with new freedom from arm-and-shoulder fatigue!

NEW CONTROL! Hydraguide gives your hands on the wheel a new feeling of complete command at any speed. In city traffic . . . on awkward drive-ways . . . in snug-fitting garage entrances . . . you never felt such steering control in any car before!

NEW SAFETY! Even off the road onto a soft shoulder, Hydraguide helps keep your car steady and true with almost no effort . . . takes the jolt and strain out of driving in ruts, snow, or sand . . . makes steering many times safer than ever before!

Stricklinly Speaking

By Old He

Had a letter last week from Judge W. A. Morrison of the Court of Criminal Appeals of Austin, stating that he enjoyed his short visit with us last summer, and the courteous manner in which we received him. We also appreciated Judge Morrison's call.

That one about the henpecked husband tossing his hit in the front door and waiting to see whether or not it was sailed out, before entering, himself, in now an old chestnut.

According to Afton Richards of the Anton News, the Milquetoasts of his town tosses in their Sietsons, then sprint to the back door to see if any other gent comes out.

Sometimes a little good is mixed with a lot of hard luck. That happened to the Old He and wife last Friday afternoon when we stopped in Tahoka at a stop light where 87 and 380 cross each other. Our timing gears blew up and we thought the old 40y was done for, judging by the noise.

After the light changed a nice fellow pushed us across the street to the H. B. McCord Motor Co., Pontiac dealer, and a mechanic

soon told us our trouble, and a possible five hours wait with time and a half for the night part. Nothing else to do, we shuffled off to the Lynn County News office. Found it devoid of proprietor or customer at the time, but plenty seats. Soon Billie Hill appeared on the scene.

After chewing the rag for some time, Billie's wife came in their car and carried us to the home, where we found E. I. Hill the Elder. Editor Hill entertained us showing us some mighty pretty scenes down in the Big Bend State Park, where he has recently vacationed. He has a good camera, and he had the pictures printed in colors.

The elder Hill spends most of his time visiting around over the state with others or by himself. He is to make a trip to Alabama soon, as one sister has a hobby of collecting data about the Hill generation. Maybe they are related to U. S. Senator Lister Hill. Who knows? Frank Hill, who manages the News, was off on a fishing expedition.

Found Mrs. Billie Hill a very entertaining lady with two sweet little children, a girl and boy. We soon decided to get down to Snyder, if possible, and let the mechanics finish the car Saturday. Billie and two young friends

who work in the News office were aiming to attend the Post-Ralls game at Ralls, and proposed to take us to Post, our daughter to meet us there. Billie even offered to carry us on to Snyder, as he allowed he'd as soon see the Snyder-Andrews game.

So, that's the way we got to Snyder about nine Friday night. But Billie Hill will always have our highest regards. In the meantime, our car was to be finished up and left at the Hill residence, as the McCord Garage would not be open Sunday. And the Hills were all gone Sunday, but they left our car key near the back door on a table, and also our bills for new parts and labor from McCord. Didn't know we had credit in Tahoka, did you?

Right here we have to change the subject from good folks to bad ones. And the subject is that jerk of a cafe man up at Lubbock that shot and killed his wife and wounded three other people in the cafe—because he lost his head. He is in jail without bond at Lubbock.

Yeah, they have a little hot seated chair down at Huntsville where they take guys that go off the beam and kill people. But we look for a long drawnout trial with insanity pleas, costing the

people of Lubbock county and the state thousands of dollars. If we had our way that big bad man would walk the last mile, and soon.

Up in Washington they set a precedent for all and sundry in power to follow in the dispensation of jobs, gifts and grafts. So, we are not greatly surprised that a very prominent County Judge and Democratic Chairman for Maverick County, was caught red handed, feeding canned dog food to Mexican wetbacks.

It seems that the Mexican nationals chosen to work in the USA, and at Eagle Pass, in Texas in particular, had to be fed on this side of the river until the processing was finished. The dog food was made in Mexico, shipped across to the USA, as it took a low entrance rate. The labels were removed, and the contents fed to the Mexican laborers.

In all probability this County Judge is a staunch Tru-Dealer and he was just suspended as "official feeder" as of Nov. 1. He will likely be re-elected by the some 60 per cent Latins in the Eagle Pass section. To our notion, it is a good horsewhipping he needs, and then kicked out of the country. But the ins get by with murder down there.

After reading letters received by boys from the "police action" front over in Korea, whose names were withheld to keep them from being disciplined, it makes us sorter boil. It is no little job to fight those fanatic Chinese and Korean Reds, who think their patriotism or rather fanaticism will carry them to a happy hunting ground.

One writer was an engineer, whose job was hunting planted land mines. He got one foot blown off at the ankle, and the other badly shattered. But his sympathy was for the infantrymen, who had to slog up those muddy hills, and literally route those Reds out of holes with flames and gas. Many fell, and sometimes but 50 per cent returned to the lines.

In the meantime, the heads of this nation yell for more money, more taxes, more sacrifices. What does he sacrifice? He has some \$150,000 tax free money to spend. He sails happily up and down

Testing Rabies Serum

Dr. Herbert E. Hipps of Waco, Tex., is testing his theory that rabies shots might help prevent polio by giving five vaccinations to 265 volunteers in Frost, Tex. Dr. Will Miller, acting director of the Corsicana-Tarrant County health unit, underwrote the program. Some doctors called the experiment dangerous. But Dr. Miller said the volunteers were given only five rabies shots, whereas the regular anti-rabies treatment is 14 to 21 shots. (AP Photo).

the Potomac in his furnished yacht, and spends many weeks leisurely in the West Indies.

Lots of farmers and business men that we talk to are getting highly fed up on conditions. One business man this week stated that he went along two years ago against his better judgment for HST—but he is done, quit, took-out.

Speaking of farmers reminds us that our own Terry County Farm Bureautes (not bureaucrats) are the third largest in District 2. This district includes 17 south Plains counties, and we stand behind Hale county with over 1210 members, Lubbock county with

820 and Terry with 804.

While Bill Tilson is an official of the organization, he stated this week that Terry must go ahead of Lubbock county when the drive starts, and stand either first or second next year. By the way, district 2 stands head and shoulder above any other district in Texas in membership.

Garza county has only one member, several belonging to Lynn county organization, however, Bill stated.

What's the fastest-growing
line of trucks in America?

LOOK around you—in cities, on farms, at terminals and loading docks—wherever goods are moved on wheels.

More and more, the pay load's packed on a GMC.

YOU see those letters on medium and heavy Diesels, the most economical workers in their field. For GMC means first in Diesel power. You see gasoline-powered GMC's front-running the highways of America—pace-setting delivery of the necessities of peace and war.

You see nimble bantamweights of the family—the highest-powered ½- to 2-tonners made—outpulling, outhauling every other truck in their class.

EVER wonder why GMC is gaining a greater percentage of the industry than any other truck-maker?

Ask the truck drivers themselves.

See the confident way they talk of the power plants, the broad-shouldered chassis—the way a GMC handles.

Ask about the tons they've hauled, the miles they've logged—the nip-and-tuck schedules they've licked time and again.

Ask these cost-wary haulers why they've made GMC the fastest-growing fleet in the land.

They'll tell you it's because GMC is the finest motor truck made.

If you'll come in, we'll show you why we think they're right.

MEADOW NEWS

Mr. and Mrs. C. E. Grimlan of Artesia, N. M., spent the weekend with their daughter, LaVerne, in the home of L. P. Carroll and family.

Mr. and Mrs. J. H. Gober were in Brownfield Monday evening on business.

Mr. and Mrs. R. E. Rutledge and daughter, Nancy Lou, spent Sunday in Lubbock and visited W. A. Whisenhunt at the hospital.

Mr. and Mrs. Edd Peek and Mr. and Mrs. Pearce Warren and Bob were visitors in the J. H. Gober home Friday night.

The Meadow Sewing Club met in the home of Mrs. Pearce Warren Thursday. The "Secret Pals" names were revealed, and new names were drawn.

Mrs. R. E. Rutledge now has a full line of well-known cosmetics and wants her customers to see her in Meadow.

Mr. and Mrs. Willis Turnipseed and son, of Lovington, N. M., visited Wednesday evening with her grandmother, Mrs. Lela Mackey.

Mrs. Glendell Simmons was a visitor in the home of her aunt, Mrs. Edward Mackey, and Mr. Mackey, Thursday evening.

Mr. and Mrs. L. P. Miller and daughters of Lubbock spent Sunday in the home of her grandparents, Mr. and Mrs. W. A. Hinson.

Mr. and Mrs. Claud Nixon and his mother of Brownfield and his mother of Mexico attended services at the Methodist Church Sunday morning.

Mr. and Mrs. Edd Ashburn are spending the weekend at Stamford with relatives.

The Meadow school will dismiss classes at noon to allow the children to help with the cotton pulling. Classes will start at eight o'clock each morning.

We are glad to report that W. A. Whisenhunt is improving. He is in Lubbock Memorial Hospital.

UNION NEWS

Janice Newsom entertained several of her friends with a slumber party in her home Friday night. The guests were Winnie Shults, Ruthie Benton, Lee Frances Montgomery, Jerry Perkins, Genell Cornett, Sue Dell Jones, and Priscilla Cornett.

Mr. and Mrs. J. J. Gunter attended the Rowe funeral in Lubbock Tuesday.

Mrs. Lee Shults spent the past week with Mr. and Mrs. J. L. Bass of Plains.

The Union Home Demonstration club met Thursday with Mrs. W. F. Jones. Miss Mahaffey, the new home demonstration agent, was present.

The Wildcats were defeated last Friday night by Idalou with a score of 26 to 6.

Visitors in the home of Mr. and Mrs. E. W. Liles Thursday night were Mr. and Mrs. Gene Gladden of North Cowden, Texas.

Mr. and Mrs. E. O. Liles of Odessa and Mrs. Johnnie Anderson and children, who have been residing lately in San Bernardino, Calif.

Mrs. Thurman Bardwell and little daughter, Linda June, and Miss Valeta Lanious, all of Valejo, Calif., were visitors in the Lanious home one day last week.

Mrs. Birdsong, Hockley county librarian at Sundown, visited Miss Olga Fitzgerald at the Terry county library here Monday afternoon.

Farm Bureau Launches Membership Drive

Kitchen of the farm home of E. W. Stevens, Reagar Springs, President Ellis County Farm Bureau, where J. Walter Hammond, President Texas Farm Bureau Federation, launched the organization's fifth annual membership enrollment program Thursday morning, October 11, in a broadcast over the Lone Star Chain Network. W. A. (Doc) Ruhmann,

farm editor, Station WBAP, was master of ceremonies. This is typical of some 1,700 other such groups assembled at kickoff breakfasts throughout the state to whom the broadcast was directed. It is estimated that approximately 17,000 voluntary workers are today participating in the drive. State membership goal is 70,000. Left to right are: Glen Odum,

Ellis County Farm Bureau Service Agent; Mrs. Wynell Gibson, county office secretary; E. V. Stevens; W. A. (Doc) Ruhmann; Mrs. Stevens; President Hammond; Mrs. Doyle Robinson, a community worker; W. D. Bozek, county membership chairman; Mrs. L. B. Splawn, chairwoman for the Reagar Springs community.

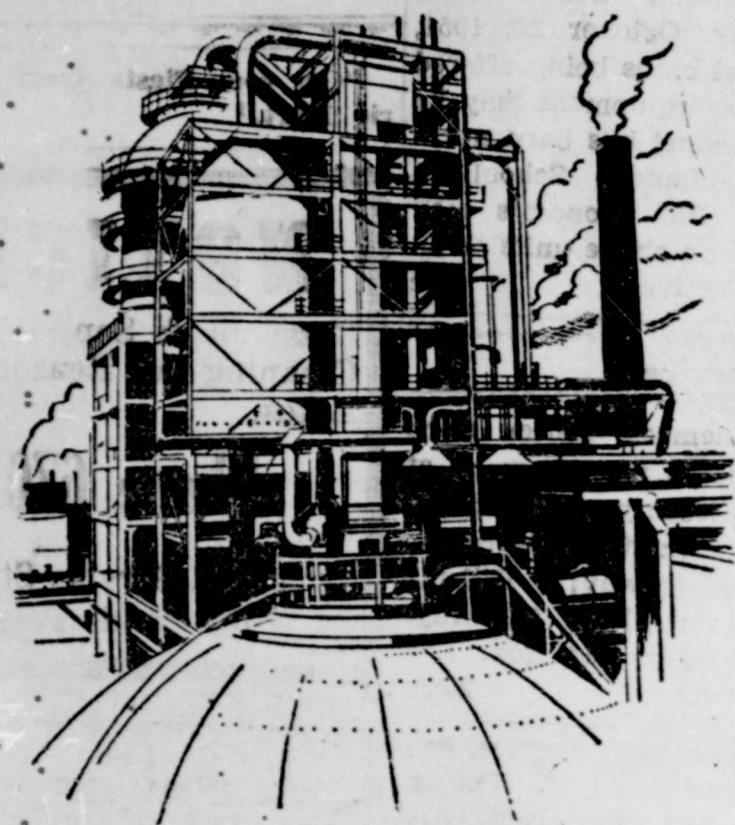

Heads Mid-Continent O. & G. Association

BEAUMONT.—Robert F. Windfohr, 57, independent oil producer of Fort Worth, was elected President of the Texas Mid-Continent Oil & Gas Association here late Monday.

Windfohr became the 13th Texas oil man to head the Association of oil and gas operators. He succeeds R. B. Anderson, Vernon, manager of the W. T. Waggoner Estate, who ended four years service as president.

Local Health News

Through the courtesy of the Editor of the Terry County Herald, a column will appear each week in this paper under the heading of "Local Health News." This column will be prepared by members of the South Plains Health Unit.

The purpose of this column will be to inform the local residents and the residents of the South Plains Health Unit Area of the Health Activities within Terry County.

A brief history of the South Plains Health Unit began as a movement for a cooperative local Health Service in five counties on the South Plains early in 1939, when a representative from the Public Relation Division of the State Health Department came to Brownfield and discussed the establishment of such service with county and city officials. These officials were interested in the unit plan of public health; and, after investigating the operation of existing units in other areas, agreed to share in the financing and establishment of a unit to serve Terry and surrounding counties.

These officials worked with the State Health Department representative in presenting the plan to similar groups in Lynn, Dawson, Gaines and Yoakum counties. The program for public health was adopted in all these counties.

and financial support for the establishment of a unit was shared by Brownfield, Terry County, Lamesa, Dawson County, Gaines County, Lynn and Yoakum Counties.

The State Health Department supplemented these local funds according to the State plan at that time, and a budget for the operation of a five county unit was approved late in 1939.

Operation of the service began early in January of 1940, with headquarters in the Terry County Courthouse. Personnel for the service consisted of a Director and Sanitarian for all the area, and a nurse and clerk at Brownfield, Tahoka, Lamesa and Seminole. A Sanitary Engineer was added to the unit staff in April of 1940.

Hockley County became a part of the unit in 1941 to replace Lynn County and add considerable population and rapidly developing territory.

Early in the war years, the unit was left without the services of a Director or Sanitarian, and the minimum required staff was not available until 1946.

The unit name was changed in 1946 from Five County Health Unit to South Plains Health Unit.

In 1947 the Sanitation program expansion indicated that additional workers were necessary. Hockley, Gaines, Yoakum and Dawson counties and the City of Lamesa added finances to the budget, and sanitarians were trained to serve these areas from the offices in Lamesa, Levelland

and Seminole.

A movement to secure a health center building for the Unit Headquarters and a Regional Laboratory was started early in 1949. Terry County and the City of Brownfield furnished finances which were matched by the State Health Department, and a contract for the construction of a complete health center building was awarded in December of that year.

The Health Center building is now complete with all offices and equipment, including a regional public health laboratory, and trained workers for efficient health service to the entire area.

Headquarters personnel of the Unit is: Dr. Frank P. Miller, Director, Walter Breedlove, Public Health Engineer; William B. Cope, Laboratory Director and Jake Wilson, Assistant Laboratory Technician. The Terry County personnel includes: Viola Simmonds, R. N., Public Health Nurse, Mrs. David Nicholson, Secretary and John H. Happ, Sanitarian. Gaines and Yoakum County Personnel includes: William F. Cox, Sanitarian, Annie Belle Foster, R. N., Public Health Nurse, and Opal E. Richardson, Clerk; Dawson County Personnel includes: Robert L. Goodsoy, Sanitarian, Janice B. Bradford, R. N., Public Health Nurse, and Jackie Yarbrough, Clerk; and Hockley County Personnel includes, James L. Bear-den, Sanitarian, Virginia S. Moore, Senior Public Health Nurse, and Ollie B. Evans, Clerk.

West-Ward-Junior High P-T Association Starts New Year With 65 New Members

Sixty-five new members were enrolled in the West Ward-Junior High Parent-Teachers Association at the first regular meeting of the year last Thursday afternoon at 4 o'clock at the Junior high school.

Mrs. Tess Fulfer, president, presided during the business session, and Mrs. Herman Denson was elected treasurer, to fill the vacancy created by the resignation of Mrs. Ed Mayfield. Tentative plans were made for a school entertainment night, November 13, and final arrangements were made with city officials for the completion of a safety project at the schools.

The safety campaign included the marking of street crossings and bus stops, to further the safety of school children during the busy hours at both schools.

Principal O. B. Stampe of the Junior high introduced the teachers in the school, and C. L. Davis, principal, introduced teachers in West Ward. Mrs. Fulfer introduced officers of PTA. Plans were made to conduct a parliamentary procedure course some time this

month, and the date will be announced later.

Mrs. Jack Griggs was program chairman for the meeting, and "Do We Know Each Other" was the subject. Group singing was led by Mrs. R. W. Summers, before a playlet was presented, "Back to School," with Mrs. Griggs, Mrs. Mike Kelly and Mrs. Al Muldrow, teachers.

During a social hour, Mrs. Bruce Zorns and Mrs. Clovis Kendrick served refreshments.

The next meeting will be Thursday, November 1, when Mrs. Wayland Parker will be program chairman, and a panel discussion, "Who Bends The Twig," will be presented.

Mrs. J. M. Teague will give the parent's view in this discussion, L. C. Davis, teacher's view, Jimmy Wood, minister's view, and Virgil Crawford, lawyer's view.

Barber Shop Changes Hands

Announcement was made last week that J. W. Wade and J. L. Proctor, had purchased part interest in the Buck and Perry Barber shop, and name of the establishment has been changed to East Side Barber Shop.

Buck Andress is still associated with the shop, while Mr. Perry sold his interest.

Mr. Wade and Mr. Proctor have both been barbers in Brownfield since 1947, and they, with Mr. Andress, invite their friends and customers to stop by to see them in the shop on the east side of the square.

Rev. Jones Weathers To Preach Sunday

Rev. Jones Weathers will preach at both services at the First Baptist Church Sunday. He is considered outstanding as a preacher and a pastor, according to members of the pulpit committee of the church.

A graduate of Baylor University, Waco, and the Baptist Seminary, Fort Worth, he has been pastor of the Field Street Baptist Church at Cleburne the past seven years. He is coming to the local church on the invitation of the pulpit committee and all members are urged to attend and hear him at both services.

Mr. and Mrs. L. M. Lang visited in the home of Mr. and Mrs. Amos Turnbow in Seminole Sunday, and attended the singing convention at the Seminole Church of Christ in the afternoon.

17,000 Pullers Needed On South Plains

Labor shortages are already hitting the cotton farmer as warm weather matures South Plains cotton to full harvest condition.

More than 17,000 cotton pullers are needed on the South Plains, according to the estimate of the Texas Employment commission and K. N. Clapp, agent for Anderson and Clayton company in Lubbock, estimates labor is short by two-thirds.

Clapp, cotton authority of long standing in Lubbock, said progress of the cotton crop is "excellent." He added, "Summertime temperatures around 90, dry weather and moderate drying winds are just what the doctor ordered to mature the crop." Temperatures last week were unseasonably high before the cool front moved in Saturday morning.

The warm days "popcorned bottom bolls," Clapp said.

Crop conditions remain unchanged. Irrigation cotton is good and dryland is poor to fair with 10 per cent of the dryland crop good.

Movement of cotton from fields to gins and from gins to the area classing office in Lubbock nearly tripled the previous week. The classing office received samples last week from 31,000 bales of cotton. Peak day receipts were 8,000.

Some Migrants Leave

Clapp believes the immediate labor picture is aggravated because "some migrants are leaving because of the child labor law."

Most rural schools have advanced closing to 1 p. m. to give the youngsters a chance in the fields, but this advance is not keeping some of the migrants with children. Clapp said that several schools will close for the cotton season and he believes the number of closings will increase.

Labor needs estimate by TEC checking points include:

Lubbock 4,500, Spur 500, Olton 1,200, Littlefield 2,500, Morton

Noble Insurance Set For Formal Opening

Formal opening of the new offices for Robert L. Noble, Insurance, is scheduled for Monday, October 15, from 9 a. m. to 6 p. m. and everyone in the entire area is invited to attend.

Favors will be given to all attending, and personnel of the establishment urges that residents stop by the new offices in the new Copeland building on west Broadway, and see the new office, which is modern in every respect.

Mr. Noble has been in the insurance business here since 1940, maintaining offices in the Brownfield building on the west side of the square since 1943. His establishment represents capital stock insurance companies that write all types of insurance, including automobile liability, fire, workmen's compensation and bonds.

Bob Colson is associated with Noble in real estate, both farm and city property. Sid Lowery handles the insurance and city loans. Mrs. Noble assists in the office, and Mrs. Beth Cosby is secretary.

Don't forget the formal opening, next Monday, Oct. 15.

Mr. and Mrs. J. Fred Bucy Sr. recently visited several days in Austin with their son, J. Fred Jr. and family. Their son is working on his masters degree at the University of Texas.

Guests arrived Thursday for a visit in the home of Mr. and Mrs. Lee O. Allen. Mr. and Mrs. J. Frank Roberts of Dallas are visiting here, and they will attend the Tech-TCU game in Lubbock Saturday night.

750, Ralls 600, Paducah 300, Leveland 1,000, Seminole 500, Hale Center 500, Tahoka 1,000, Lamesa 650, Snyder 500, Floydada 300, Lockney 200 and Brownfield 1,980. —Sunday Avalanche-Journal.

All Things Are Ready, Come to the Festival

Bunting is up over the streets; decorations are on most of the stores and other business places. You now know all the girls in the Queen contest. The several committees are busy as a bunch of hunting hounds getting the last minute arrangements in apple pie order. All of us are assigned a part. Our part, for instance is publicity, and we are not going to lay down on the job.

Tens of Thousands of Dollars Involved

When you are spending a lot of money on a one-day event, every corner must be up to Hoyle. No piece or part of the program can or will be overlooked. Every feature of the big event must be checked and double checked. Where thousands of dollars are involved, no part or portion can be neglected. No one must fall down on the job.

Not only will two college bands be here, the Texas Tech and McMurray bands of Lubbock and Abilene, but the famous Reese Air Force band at Lubbock will participate, as well as many high school bands of the area, including the local high school band. These will be in the long parade, along with many floats and Sheriff Poses.

As you will note from the program printed herewith, most of the program will take place this year out at Cub Field Stadium. This was done for several reasons. It has been found that roping off streets when a large crowd is in town congests traffic, and causes all kinds of confusion. Out at Cub Field many can be seated that would otherwise have to stand during a long program, and the cars parked.

The Rotarians joined by the entire citizenship of Brownfield are expecting you to come next Thursday. We know the farmers are going to be very busy in the field, but perhaps some arrangements with the field might be made for them to come in Thursday and make up Saturday that week. But that part is up to our farmers.

Come one, come all, to the Brownfield annual Harvest Festival.

VFW Post Starts Membership Drive

At a regular meeting of the Hand Bros. post of Veterans of Foreign Wars Tuesday night at Veteran's Hall, a membership drive was launched, and Dr. A. H. Daniels has been appointed membership chairman.

The group voted to send the proceeds from cotton harvested on a cotton patch leased by the VFW to the Gonzales Warm Springs Foundation. This is Texas' own center for the treatment of polio and other crippling diseases.

In another story this week in the Herald is the official and personal endorsement of the second annual statewide fund raising campaign sponsored by the Department of Texas, Veterans of Foreign Wars, by Gov. Allan Shivers.

Visitors in the home of Mr. and Mrs. Carl C. Johnson, 314 N. 5th St., last weekend were their daughters, Miss Luella Johnson, who is a student nurse at Hendricks Memorial Hospital, Abilene, and Miss Willa Johnson, who is a freshman student at Hardin-Simmons University, Abilene. Mrs. Johnson and Mrs. Gladys Moorhead accompanied the girls back to their schools Sunday.

Mr. and Mrs. Geo. Wade left Wednesday for Dallas to attend the Texas State Fair. They will go to Huntsville Saturday for the rodeo. They are celebrating their 26th wedding anniversary this weekend.

Alton Webb is now co-owner of Newton & Webb Implement company dealers for J. I. Case implements and Krause plows, according to an announcement this week. The business establishment has formerly been known as Red Newton's Implement company.

NOTICE

Members of the home demonstration council of Terry county will meet at the office of Miss Doris Mahaffey, home demonstration agent, in the court house Saturday afternoon at 2 o'clock. Members are urged to attend, as there is important business to be discussed.

English Teachers to Meet in Lubbock

English teachers of District 4, which includes Brownfield schools will hold their annual workshop conference at Texas Tech Saturday, with registration slated for 8:30 a. m.

Dr. Autrey Nell Wiley, head of Texas State College for Women's English department, will address a luncheon session in the Skyline room at Lubbock Municipal airport as main speaker of the day.

Subject for the workshop conference is "English Teachers Role in Relation to Mass Media," stressing that teachers must adapt their methods to include: use of newspapers, magazines, radios, and motion pictures.

From the high school, English teachers to attend are Mrs. Christine Franks, Mrs. Seth Brown, Mrs. Bernice Martin, and Miss Rachel Dunaway.

From Junior high school will be Mrs. Olive Rackler, Mrs. Marie Cornett, Donald Haogland and Miss Margie Morehead.

CANCER EDUCATIONAL DRIVE STARTS NOW

In cooperation with the American Cancer Society, Mrs. Trilby Kincaid, Publicity Chairman, and Mrs. Wayne Smith, Activity Chairman, were appointed by Terry County Lay-woman, Mrs. Wayland Parker. With a meeting of county and city organization representatives meeting Thursday at 7:30 p. m. at the Esquire Restaurant, the society launched its Educational Drive.

All the resources of medical science are being thrown into a battle to halt the continued spread of cancer. In laboratories all across the country research workers probe deeper into the mysteries of cell growth to find out why certain cells of the body suddenly go astray and form malignant, death-dealing growths. The echoes of why?—why?—why? resounding down through the years, stimulate the scientists to seek new weapons for retarding the disease, and continue to study the fundamental problem of why cells go bad.

The public, too, is asking why. Increasing numbers of people upon learning as such as they can learn about cancer. Their interest becomes more specific . . . more personal. Cancer threatens them, and they demand arms against it. Their best weapon . . . and they are beginning to realize this . . . is knowledge. The knowledge that cancer can be cured, if discovered early and promptly and thoroughly treated.

In response to this vast quest for knowledge has come from a flood of new cancer information. The finds are characterized by promise and performance . . . by achievement and failure . . . but through them all has fluttered a banner of hope . . . a red sword held high with confidence of final victory.

About the turn of the century, man ceased to flee from cancer, the ogre, and turned to join battle with cancer, the disease. In 1913 the American Cancer Society was established to coordinate the attack and to put an army of volunteers into the field. Now, every month this army of specialists and trained volunteers is winning new skirmishes. Science is

SIXTEEN NEW CARS REGISTERED LAST WEEK

The Tax-Collector over at the courthouse registered 16 new cars last week for licensing, as follows: Jasper Moore, Buick; W. H. Smith, Plymouth; C. W. (Red) Brown, Ford; Donald W. Price, Pontiac; H. A. McGinnis, Buick, and Geo. W. Weiss, DeSoto.

Lee Beard, Plymouth; Emmitt Smith, Nash; S. A. and Billy Metcalf, Plymouth; Martin Motor Co., Chevrolet; H. S. Moss, Ford; Loyd W. Yowell, Ford; W. L. Ingram, Chevrolet, and Reed Roller Bit Co., Chevrolet.

Ha, ho! no marriage license issued last week, no divorce suits filed. Dull week at the courthouse.

ENGINEERING COURSES TAUGHT IN HIGH SCHOOL

Boys who are taking Agriculture Engineering in the Brownfield high school are making some interesting and worthwhile projects this year, according to their advisor, Ray Hensley.

The group is making furniture, starting with just pieces of wood, and completely finishing end tables, chests, etc. They have built several trailers and Tuesday they painted one of the trailers with a spray gun.

Feeders for hogs, cattle and chickens have been built, and a fattening house for the brood sow owned by the FFA chapter is under construction. Courses in welding are being taught, and Mr.

Hensley stated he usually kept a boy welding in each class. Fundamentals of carpentering and welding that the students are learning will be of value to them in later life, he said.

Those in the class this year are: Chester Albert, Charles Bartley, Dennis Beadles, Bobby Carter, Johnny Cloud, Douglas Forbes, Donald Huckaby, Royace Kelley, Clancy Martin, Joe Moore, Bryce Wagner, Lanney Webb, Glen Paden, Joe Swan and Lonnie Mantooth.

There are 15,000 students enrolled in 52 college and university Navy ROTC units.

Crops Are Poor Off the Caprock

While the crops between here and Snyder have improved some since our last trip down there in September, they are the poorest perhaps since 1917, when little or nothing was made. Indeed, Lynn county's best crop are in the west side of the county, at least as far as one can see from highway 380.

In spots the crops in east Lynn look fair, and this includes the feed crops, but it was either irrigated, or had more local showers. As one gets nearer Post, conditions grow worse. We noted in the Post Dispatch not too long ago, that they had less than 4 inches of rain this year.

After one hits the breaks there are no crops to speak of, as it is a ranch country. On toward the Scurry county line, one begins to see farms. But the crops are very poor. Good land but no rain. By the way, we left highway 84 Sunday afternoon between Post and Snyder, and took a F-M road to Fluvanna.

This was our first sight of Fluvanna, and it had been in our memory for years. Indeed back before we got a railroad when the Roscoe, Snyder & Pacific was built, we heard talk, and dreamed that some day the little road would be extended on through O'Donnell, Brownfield and to Roswell—

Comparison of Postal Receipts, 1950-1951

September Quarter 1951, \$15,460.34; September Quarter 1950, \$13,741.43. Percentage increase, 12.7.

Letters and advertising pieces mailed (exclusive of newspapers): September Quarter 1951, 422,182; September Quarter 1950, 324,569; percentage increase, 30 per cent.

Money Orders issued: September Quarter 1951, \$118,675.11; September Quarter 1950, \$113,929.25.

Welcome to Newcomers, Foreign or Domestic

According to information we received, at least six new people arrived in Brownfield to make it home last week. One of the new arrivals was from Salesburg, Austria, and can speak no English. We made no inquiries, but supposed he is a displaced person: Josef Dormuth, Salesburg, Austria; Troy Noel, from Plainview; Mrs. Neline Coburn, Colorado City; R. C. Pierce, of Jacksboro; Raymond D. Jones, Post; Thomas C. Handley, Clifton.

Six persons left for other places.

maybe the Pacific coast. Wasn't Pacific part of its name?

Poor crops out there too. Anyway, Fluvanna rhymes with Suzanne the gal the guy left in Alabama when he went to Louisiana with his banjo on his knee.

Oct. 11-18 Texas Farm Bureau Federation Week; Terry to Have Drive Nov. 7, 8, 9

J. Walter Hammond, president of the Texas Farm Bureau Federation, launched the Federation's fifth annual membership enrollment program yesterday morning in a state-wide radio broadcast from the farm home of a county Farm Bureau president, E. V. Stevens, Reagor Springs, Ellis county.

Although most counties started their annual membership drives after the broadcast, Terry County Farm Bureau will not start their membership campaign until November 7. J. T. Fulford, president, said. The local organization felt that farmers in this area will have more money after their crops are harvested, so the enrolment work in Terry county will not be until November 7, 8 and 9.

Gov. Allan Shiver, in an official proclamation, designated the week of October 11-18 as Texas Farm Bureau Federation Week in Texas.

There are 172 organized Texas counties, with 17,000 workers. There are 1,500 farmers in Terry county, and at least 925 is the goal for members here.

In addition to Fulford, directors of the local organization are Leo-

Mr. and Mrs. Robert Meek and children visited relatives in Crosbyton last weekend.

nard Lang, vice president, and membership chairman, H. L. King, secretary-treasurer, Herman Wheatley, Bill Carter, A. L. McCoy and Kenneth Purtell.

New Home Pastor Moves to Plains

Rev. C. E. Strickland, who has been pastor of the New Home Baptist Church for the past three years, recently accepted the pastorate of the First Baptist Church at Plains.

Rev. W. T. Brian, former pastor at Plains, and his family moved to Dos Altos, California, where he accepted the pastorate of the Baptist Church.

BAKE SALE SAT. OCT. 13

The Room Mothers of the Third Grade of Wellman is having a bake sale in the lobby of the courthouse at Brownfield Saturday morning, Oct. 13, starting at 9 o'clock.

Anyone wishing to buy fresh bake cake or pies may see Mrs. R. J. Rowden, Mrs. Moorhead or Miss Kirby, teacher of the third grade.

Mr. and Mrs. Ira Hahn and children visited his parents, Mr. and Mrs. Bob Hahn, at Spur last weekend.

AN ACT
To establish a rate of pension
for aid and attendance under part
III of Veterans Regulation Num-
bered 1 (a), as amended.

Be it enacted by the Senate
and House of Representatives of
the United States of America in
Congress assembled, That (a)
paragraph 1 (f), part III, Veter-
ans Regulation Numbered 1 (a),
as amended, is hereby amended
to read as follows:

"(f) The amount of pension
payable under the terms of part
III shall be \$60 monthly, except—

"(1) That where an otherwise
eligible person shall have been
rated permanent and total and in
receipt of pension for a continu-
ous period of ten years or reaches
the age of sixty-five years, the
amount of pension shall be \$72
monthly;

"(2) That where an otherwise
eligible person is or hereafter be-
comes, on account of age or phy-
sical or mental disabilities, help-
less or blind or so nearly helpless
or blind as to need or require the

**Fire Department Is
Organized in Ropes**

The Ropes Volunteer Fire De-
partment was organized last week,
and Sebe Ready is chief, with
Buck Ready, assistant. Other
members are Mickey Martin, Wel-
don Tudor, H. C. Rice, Tommy
Cox, Charles Russell, Virgil
Wright, B. J. Thomas, W. R. Hall,
Harold Pope, L. E. Guthrie, Ev-
erett Wallace and Leslie Watson.
The second meeting of the fire
department members was sched-
uled for last Monday night, when
Fire Chief H. B. Johnson of Lev-
elland, addressed the group. The
City of Ropes recently purchased
a modern fire truck, which is to
be delivered about Oct. 25.

HERALD GOODMAN
Master of Ceremonies, Herald
"Cuz" Goodman, radio, televi-
sion and movie actor, who will
be master of ceremonies for the
program here the day of the
Harvest Festival, next Thurs-
day, October 18. He is reported
to have the best stage show in
the Southwest.

regular aid and attendance of an-
other person, the amount of pen-
sion shall be \$120 monthly."

(b) The provisions of subsec-
tion (a) of this section shall ap-
ply to veterans of both World War
I and World War II.

Sec. 2. Where eligibility for pen-
sion or increase of pension is es-
tablished by virtue of this Act,
pension shall be paid from date of
receipt hereafter of an applica-
tion in the Veterans' Administra-
tion, but in no event prior to the
first day of the second calendar
month following the enactment of
this Act.

this will hold the soil next spring
when the March winds pitch a
high note.

Right around Wellman, they
have had about the maximum
rainfall of the county, we believe,
and the crops look well. The
same may be said of the Willow
Wells community, but they evi-
dently have not had quite as
much rain as the Wellman com-
munity. In most places where the
grazing has not been too heavy,
the grass is good, and will carry
the dumb brutes well into early
winter.

As one approaches Yoakum
county on this road, they find

more and more ranching, or at
least stockfarming. But out near
old Sligo, there is considerable
farming. By the way, we turned
down a F-M road to the old Sligo
school, and it was being torn down
Seemed to have been built of tile.
A new brick building was being
erected nearby, whether for school
or a residence, it was not far
enough advanced to tell. As we
understand it the higher grade
pupils have been attending the
Denver City schools, and the low-
er grades of the small fry taught
out there.

There is still some oil in them
hundreds of wells in the Bennet

pool—we could smell it. And we
tried to locate well No. 1, that was
brought in during 1934, being not
only the first well in Yoakum
county, but the first one in what
is now known as the North Per-
mian Basin. But there are too
many wells now to pick the origi-
nal. Our remembrance was that
it was in a kind of depression.

From where one enters 380 east
of Plains to within some six miles
of Tokio, it is mostly ranching,
with scattered oil wells. But the
crops are good. When the Tokio
community is reached, however,
it is mostly farms, and there is
not only some mighty fine cotton,

but some very fine maize. We are
fearful, however, that some of it
will not reach full maturity, as
from October on, maize don't
seem to mature much from week
to week.

While most of us have always
been taught that cotton is a hot
weather plant, it sometimes ap-
pears that it will mature more
in October than a neighboring
field of maize. We're going to
argue this matter with Jim Foy
and Looe Miller some of these
days.

Tokio was a busy little place
with a number of cars parked
around. Indeed it showed much

more life than Gomez, the latter
all seemed to have been off som-
ewhere else, probably to a matinee
at Brownfield, as we began to
meet a lot of cars along about
then.

But there is going to be a lot
of the fleecy stuff made from five
miles over in Yoakum county to
Brownfield along 380 and adja-
cent. Just write that down in
your book and watch.

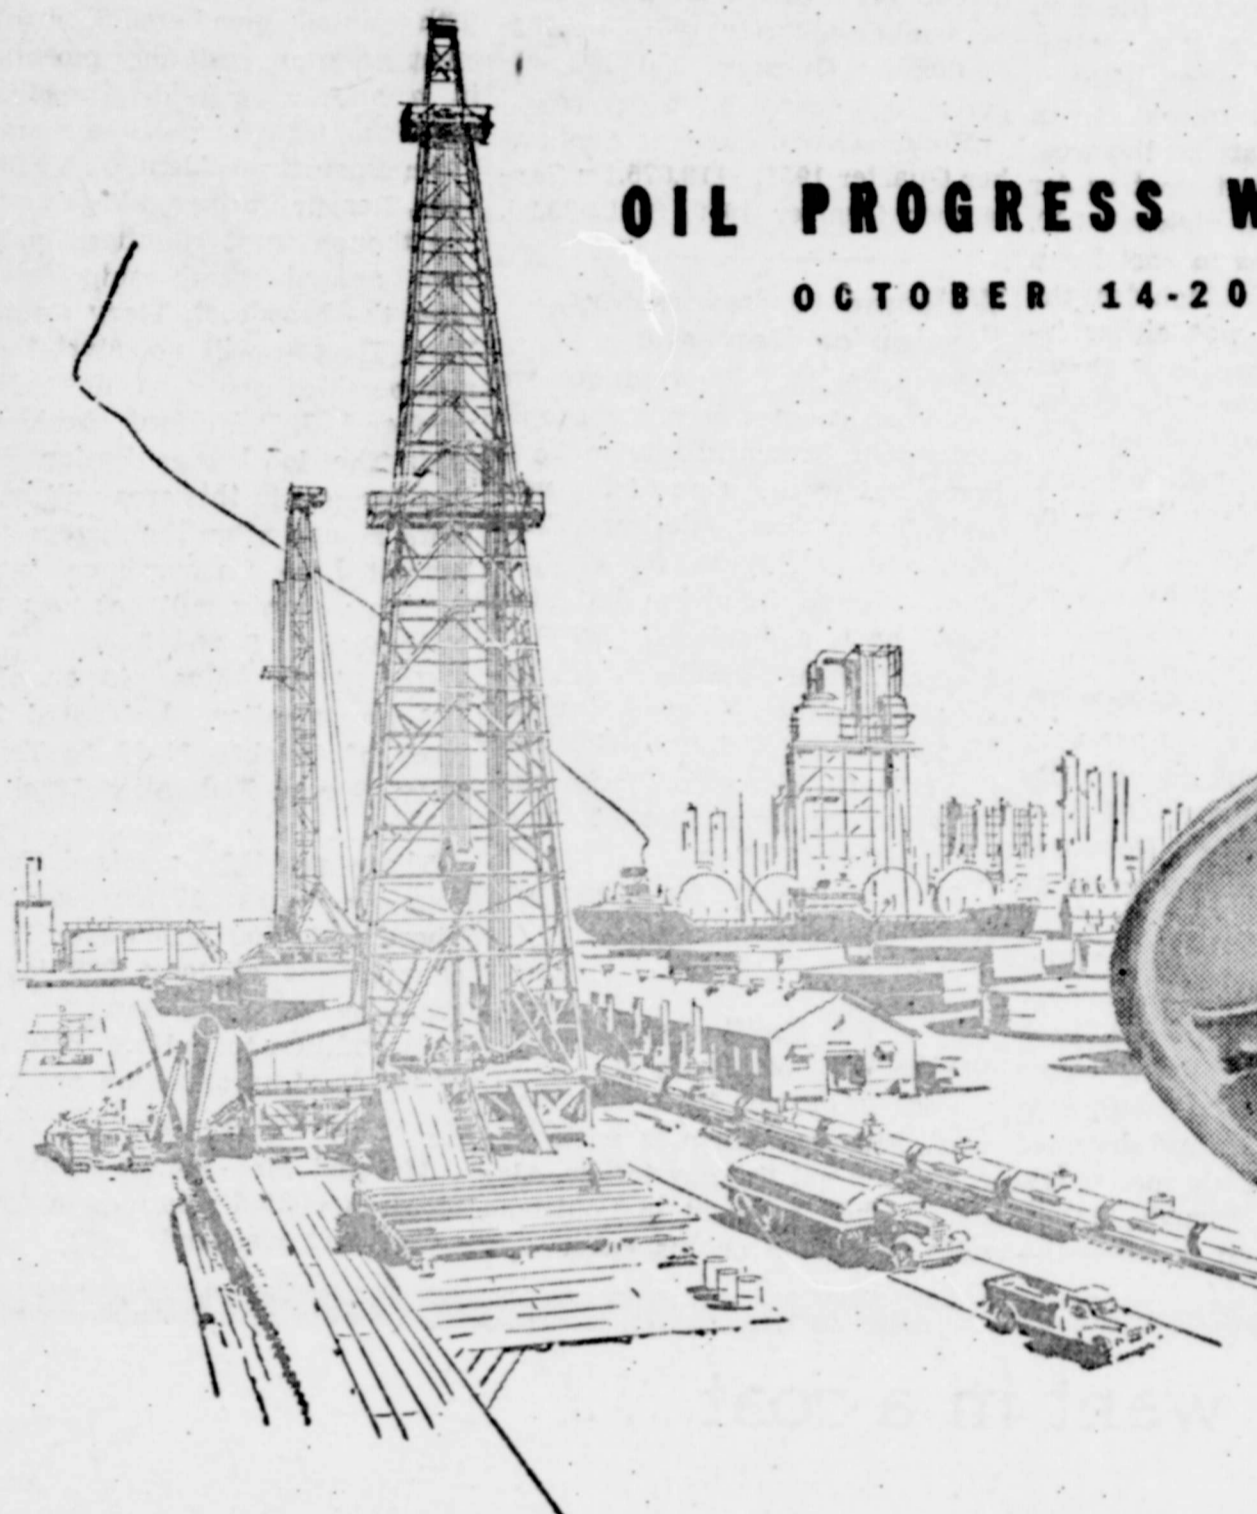

By the way, we admired Hugh
Porterfield's cotton on the Terry
County Experiment farm, out
some eight miles on 380. But
most of all, we got a kick at his
maize. It is simply fine.

**We Saw Some Might
Good Cotton Sunday**

(Delayed)
After a good dinner for a coun-
try editor, Sunday, consisting of a
forward wall of some of the ten-
derest roast we have yammed over
in some time, followed closely
with a nice catnap (not catnip),
we were ready to look at some
Terry-Yoakum crops. We got that
forward wall stuff from reading
about football games.

So, here's the route: Took the
F-M to below Forrester Gin, thence
right hand swing to Wellman.
Crossed the highway and Santa
Fe, and on the F-M toward Den-
ver City until the Bennett oil
fields were reached. Thence north
on another F-M road to the
Brownfield-Plains highway. And
thence east into Brownfield. Did-
n't stop at Tom Warren's store at
Wellman as per usual to get candy-
drinks and snuff. We've talked
about him so much lately we fear-
ed he might have his gun loaded.

Now as to the crops, those south
and west have shown a great big
comeout since we were over this
road a couple months ago. Of
course there are areas that have
blown out. Some of these have
been planted to wheat, and the
grain is up to a nice stand in
most places. With some fall rains

OIL PROGRESS WEEK
OCTOBER 14-20

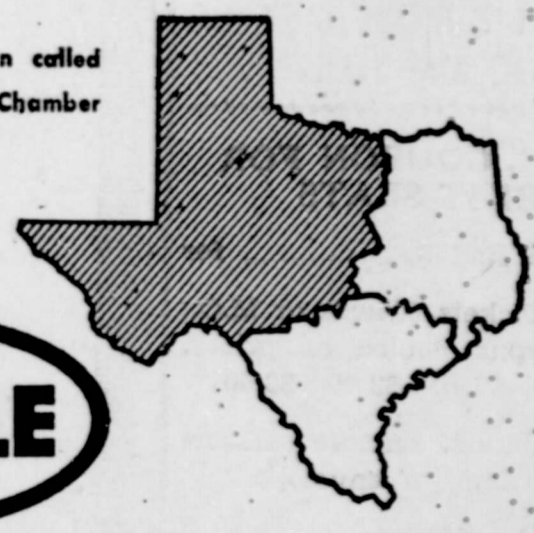

**Oil Progress
means more
to Texans!**

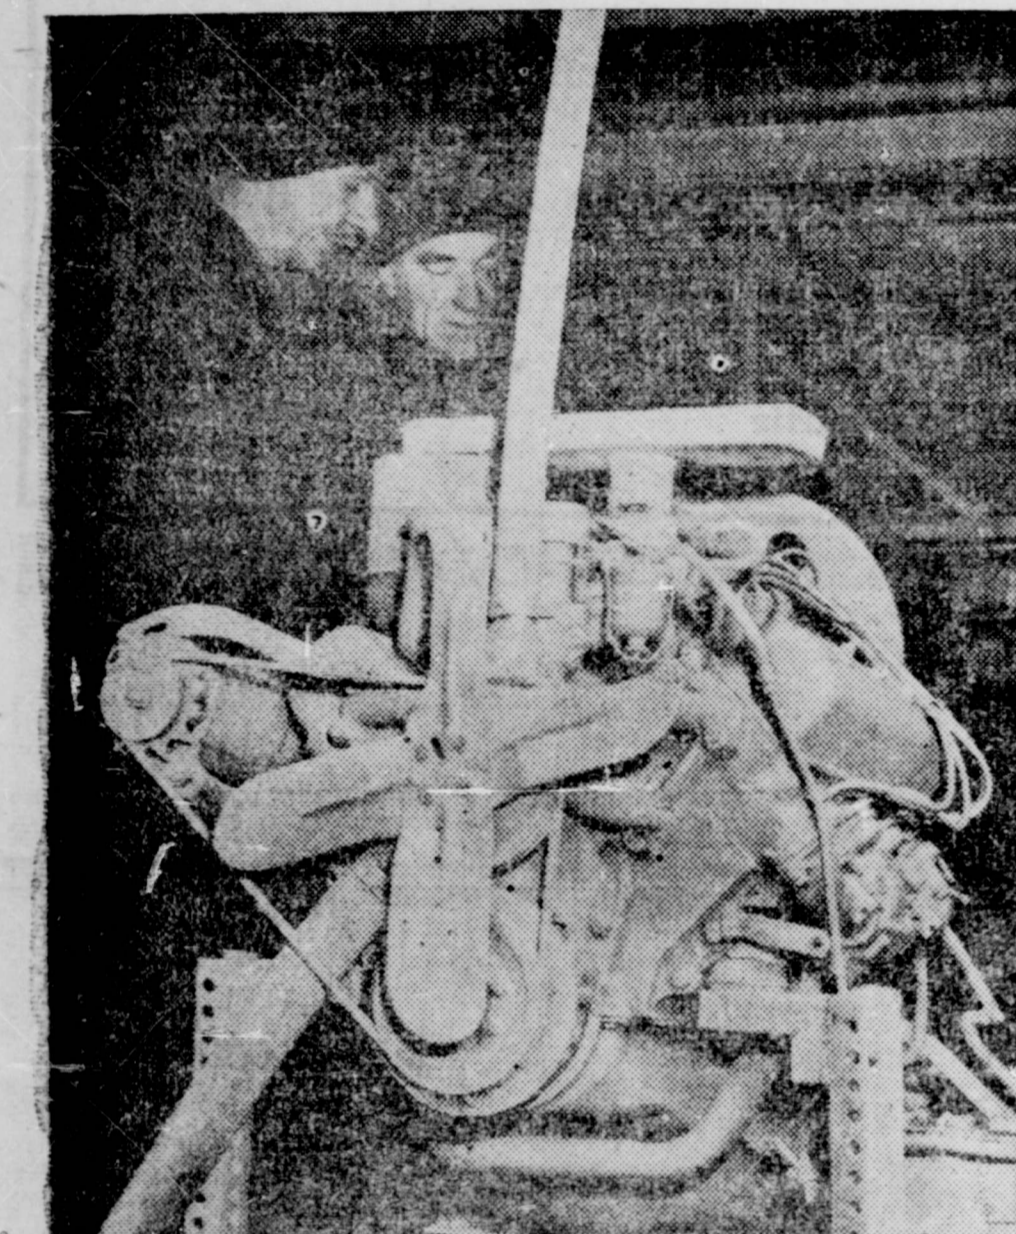

This week the United States will focus its attention
on the oil industry's contributions to the high American
standard of living, to the nation's industrial progress, and
to the national defense. *This is Oil Progress Week.*
Texans know the story well: as home folks in the oil
country, they share the oil industry's pride in supplying
the resource that powers a major share of the country's
industries, all its airplanes and automobiles, most of its
ships and trains.
Texans realize, moreover, that oil's progress means
even more to them than it does to many other Americans.
For example, the value of the crude oil produced in *West
Texas** in 1950 was approximately a billion dollars. This
is not "boom money." West Texas uses it to pay taxes,
salaries and wages; it buys homes, groceries, light and
heat; doctors collect a portion of it; landowners receive

royalty and lease payments; a sizable portion of it is
reinvested in the further development of the region's oil
resources.
In a word, the progressive development of the pe-
troleum resources of West Texas has enormously stimu-
lated its thriving industrial, commercial and agricultural
development, and this is the *more*, the plus, that oil's
progress means to West Texans. Modern, efficient produc-
tion practices will conserve the oil and gas resources of
the region, and oil's progress will continue to mean more
to West Texas for many years ahead.

*The shaded area is the region called
West Texas by the West Texas Chamber
of Commerce.

HUMBLE OIL & REFINING COMPANY

REFRIGERATED STUDEBAKER V-8 ENGINE! Dressed in flying
suits, Grant Bolen and J. P. Hetman inspect a well-frosted 120-horse-
power Commander V-8 engine that's been "soaked" for 24 hours at
32 degrees below zero in the Studebaker engineering department's
giant refrigerator in South Bend, Ind. (Outside temperature was
crowding 90 degrees above.) Two 65-ton compressors enable engineers
in Studebaker's research department to conduct cold weather tests
all summer—in temperatures as extreme as 70 degrees below zero.

When the Electric Power Is Off

COLLEGE STATION.—Many a homemaker has gone through frantic moments when suddenly the home freezer failed to operate or when the power remained off for a long time.

Foods and nutrition specialists with the A. and M. College Extension Service suggest that dry ice be placed inside the freezer until the service man arrives or the power is turned on again. One or more 50-pound cakes of ice will hold the temperature to about 15 degrees for 48 hours. If dry ice cannot be obtained, do not open the freezer.

Saw or chip the dry ice into pieces and divide them among the compartments, placing the dry ice on a board or heavy cardboard set directly on the packages. Wrap quilts, blankets or other coverings around the freezer to retard a warm-up, but do not cover the air circulation openings around the compressor unit.

If the packages of food have to be refrozen, the specialists advise doing it as quickly as possible. Take the food to a commercial cold storage or locker plant and get down to zero degrees Fahrenheit. When it is returned to the home freezer, see that the packages contact the sides or coils, with air circulation to expedite the freezing.

"Get your Fiesta dress at Fabric Mart."

Terry HD Women Attend Workshop

Miss Doris Mahaffey, county home demonstration agent, and several members of home demonstration club in Terry county attended the Home Ground Beautification workshop in Plainview Tuesday.

Miss Sadie Hatfield, home improvement specialist, and E. C. Brown, assistant agricultural engineer, Texas Extension service, A. and M. college, were included in speakers at the workshop, which was held at the College Heights Baptist Church, sponsored by the extension service and Wayland College. Discussions were held by groups on lawns and watering, identification of shrubs, pruning for better shrubs, controlling insects on ornamentals, safety in service area, control chlorosis and homestead planning.

SANTA FE CARLOADINGS

Santa Fe carloadings for week ending September 29, 1951, were 27,420 compared with 24,781 for same week in 1950. Cars received from connection totaled 13,253 with 13,919 for same week in 1950. Total cars moved were 40,673 compared with 38,700 for same week in 1950. Santa Fe handled a total of 38,861 cars in preceding week of this year.

The aircraft carrier Wasp, recommissioned Sept. 10, 1951, follows eight forerunners of that name, but is the second to be commissioned as a carrier.

HOUSE OF THE WEEK

In this space, you'll find "The House of the Week" with full descriptions. This series is made possible by area firms listed here... See them to help you with your Home Furnishing Problems.

So You Want to Sew A Plaid Dress

COLLEGE STATION.—If your selection of fall fables includes a plaid, take a little advice from Nena Roberson, clothing specialist for the Extension Service of Texas A. and M. College before you buy.

Choose a simple design with few seams in the pattern for a plaid. Use a very small plaid for designs with many seams, and study your pattern in relation to the slant of edges to be matched in the seams. It takes more material for matching larger plaids, and more material for an unbalanced plaid.

Before you cut out the fabric, decide where the dominate vertical lines and the horizontal lines of the plaid look best by trying the material on the body. Remember for perfect matching in both directions, the angle of both edges of a seam must be the same. Consider the position of darts and alter the pattern, if necessary, to avoid distorting the plaid.

Know that the plaid of either a plain one-piece or two-piece set-in sleeve can be matched at the back and front armseye in a jacket or blouse with shoulder dart or gathers. The plaid in a two-piece set-in sleeve can be matched at the front seam, but not at the back. Consider the position of the plaid at the front edges of collars and the effect of the plaid in the collar against that in the front.

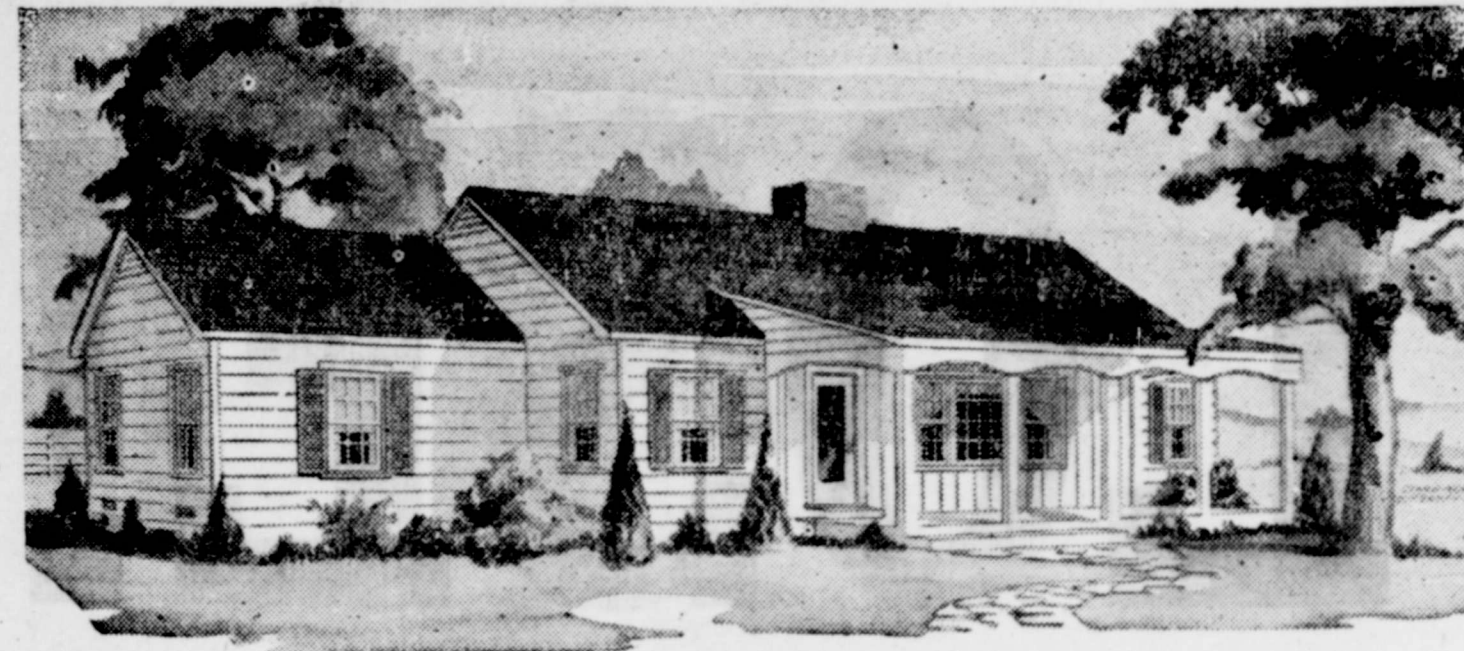

Then, when you cut the plaid fabric, match the plaid at underarm seam and at front and back armseye in a blouse with a shoulder dart by placing the armseye corner of front, back, and sleeve on the same stripe. Match the plaid at side seam and front armseye in a blouse with an underarm dart by first matching at the side seam below the dart. Then place the front notch of sleeve armseye on same stripe as notch of armseye in blouse front.

When you sew plaids, for perfect matching of seams baste as a lapped seam. Turn under the seam allowance on one edge and lap over the other. Pin accurately and top baste with a slip stitch. Stitch the grain on bias or particularly bias seams, as from the hem of a skirt to the waist line.

See your county home demonstration agent for further help on sewing with plaid.

For the first time in the present emergency, active duty orders are being issued to a number of Naval Reserve chaplains on other than a voluntary basis. The Navy said that news of and expanding service, together with a drop during recent months in the number of chaplains volunteering made the move necessary.

Herald Want Ads Get Results. Advertise in the Herald.

STRAIGHT LINES FOR ECONOMY

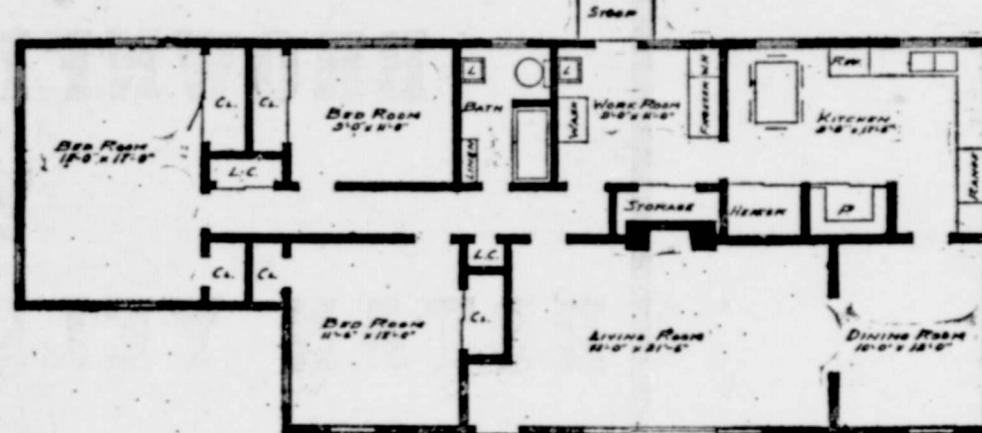

This FARM AND RANCH Plan No. 19 is a convenient and well-arranged, and can be built at a minimum cost, yet it has the little extras that mean so much in daily living.

The floor plan of the kitchen shows space for a heater. It may be a gas or oil fired hot air heating unit. Placing the heating unit here makes the trunk line air duct lead over the central hallway, supplying hot air to the rest of the house. The returning air is brought back under the floor, with a minimum of duct work required. However, if you do not want this kind of heating unit, the space can be used for a closet.

The workroom, adjacent to the kitchen, is big enough for a washing machine, lavatory, hot water heater, and freezing chest. Also, the re in a large storage closet.

Since the kitchen, workroom, and bathroom adjoin, the plumbing is run a straight line along the real wall, which is an economy.

The bedrooms are roomy and well-ventilated, and have an un-

usual amount of closet space.

Two large linen closets open into the hall, and the bathroom contains storage space for bathroom linens.

In the living and dining rooms a sense of spaciousness is created by the wide opening between them. The front entrance in the small off-set in the living room offers a certain amount of privacy when someone calls at the door. And the large front porch will always be a comfortable spot for warm summer evenings.

If you like this general arrangement but prefer a smaller house, just leave off the large bedroom

with its closets. Your house will still be attractive, and the bedroom can be added later without making any structural changes.

You can obtain blueprints for TERRY COUNTY HERALD and FARM & RANCH Plan No. 4919 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, Farm & Ranch, Southern Agriculturalist, Dept. L-193 Nashville, Tenn. Order by number—Plan No. 4919. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

NOW--

You can build that extra room, put up a fence or remodel your home throughout for only 10% down with 36 months to pay the balance.

DO IT NOW WHILE THIS REGULATION IS SLACKENED

BROWNFIELD, TEXAS

Small Grain Pastures For Winter Grazing

COLLEGE STATION.—Recent rains over most of the state have provided enough moisture to insure a stand of the small grains. Supplemental grazing crops are badly needed at this time to take the place of the pastures that have become victims of the drought. M. K. Thornton, Extension agricultural chemist of Texas A. and M. College, says don't forget to use fertilizer in the small grain crops. Using plenty of the right kind of fertilizer will increase yields and give the plants a fast start, he adds.

Scarce feed items in the winter rations are abundant in small grains such as wheat, oats, barley and rye, says Thornton. These grains contain over 20 per cent protein when they are at their best stage for grazing. Rye grass and rescue also supply good winter grazing in the areas where they are adapted.

Give Dairy Cows A Needed Rest

COLLEGE STATION.—The dairy cow is a highly complicated piece of machinery and unless she gets a good rest between lactation periods she may not produce a strong healthy calf nor her full quota of milk.

During her rest period, the dairy cow has three important jobs to do, says R. E. Burleson, Extension Dairy Husbandman of Texas A. and M. College. She must recover from a heavy milk producing period, build a calf and store up reserves for the next lactation period. How well she does these jobs depends upon the length of the rest period and how well she is fed and cared for during the dry period. She needs from six to eight weeks rest, good care and a good ration.

A good cow, during heavy peak production, will deplete her body reserves of minerals and nutrients, says Burleson. Unless she is given

sufficient rest and proper care and the right feeds, lower production during the next milking period will result.

The problem of feeding the dry cow is practically solved if she has access to a good pasture. If a good pasture is not available, hay and silage should be fed liberally, says Burleson. The amount of grain to feed will depend upon the condition of the cow, but generally the same grain mixture can be fed to the dry cows as is fed to the milking herd.

Burleson says, every dollar that is put into a good, dry cow ration is a wise investment. Here's the reason; a dairy cow that is well fed and cared for during the dry period will often produce 25 per cent more milk during her next lactation period. And it's milk in the bucket that counts in the dairy business.

In 1975 Congress authorized a Navy with strength of 50 officers and 500 enlisted men. Authorized strength on July 1, 1952, was 810,000.

Experts Still Trying Out Rainmaking

Up at Woodward, Okla., on Oct. 13, during the Range and Field Day, some of the main experts on rain making and weather control will be on hand, and tell at least some of the things that is at least thought to be possible along this line. Many now that were a bit skeptical a few years ago, believe that seeding clouds will produce rain somewhere in a given area.

This idea has been tried to some extent in the high plains of Oklahoma, Texas and New Mexico. But the experts say you have to know your clouds. According to some of the matter received by the Herald, Drs. Irving Langmuir and Vincent Schaeffer of General Electric Cirrus Project will be on hand as will Irving P. Krick, director of Water Resources and Development of Pasadena, Calif.

These men will discuss the possibility of increasing rainfall. Krick is said to be the man who gave Gen. Ike the lowdown on weather conditions on D-Day.

There is however another colored man in the woodpile. We have heard that some of the people along the Missouri river valley are accusing the rainmakers back farther west of seeding the clouds that gave them their floods two months ago.

Texasans are becoming rather wiser since the prolonged drought, this summer, and that conditions seemed to prevail from El Paso to Texarkana, and from Dalhart to Orange. Many of these conditions were gone over in the Texas Water Conservation Association that met in Houston this week. The keynoter of this meeting was Guy C. Jackson, president of Texas Water Conservation Association.

Married Navy personnel are using 760 Navy-owned trailers at six installations in the continental U. S.

Ten per cent of the total weight of a U. S. Navy submarine is rubber, most of it used in the 252 storage batteries on board an underseas attacker.

Who's the Donkey?

County Attorney Vernon Townes said, "Only case I ever saw where the prosecuting attorney and defense attorney received more punishment than did the defendant!"

Members of the Lions Club served as jurors in a trial at a recent luncheon when Wayne, "Red" Smith, president received a sentence to lead the Harvest Festival Parade on October 18. He will ride a donkey—don't know who is to furnish the donkey—on the animal will be planned, "This is the donkey" . . . on

Smith, "This is Red."

When Smith went to Austin recently he mailed post cards to local citizens from Lubbock, signing fictitious names. Herbert Chesshir, Clovis Kendrick, Dr. Gordon Richardson and Townes signed a complaint—Deputy Sheriff Cliff Jones served a warrant, and Smith was brought to trial.

Townes was prosecuting attorney, Virgil Crawford spoke for Smith's defense, and Crawford Taylor acted as judge. The judge offered the following suggestions to the jury—that Smith ride the donkey—which will be led by Townes, Crawford must follow

the animal . . . while complaining witnesses must follow him with signs reading . . . "Not the Donkey."

SHOULD BE A GOOD STARTER FOR THE PARADE!

New Oil Well Fairly Close to Montgomery

A. W. Montgomery (no relation of Ward) was in this week to renew, remarking that we would not let him rest until he did so. We hate like heck to aggerfret a good friend and reader, but we hate like blazes to lose an old reader.

By the way, he remarked that a new oil test was to be made out his way, the Pleasant Valley community, not too far from him. Naturally he was disappointed when it was declared the Lowe well was a failure.

Mrs. R. D. Goins of Brunswick, Ga., and Mr. and Mrs. J. L. Norwood of New Smyrna Beach, Fla., are visiting their sister, Mrs. Grace Maston.

Texans In Washington

By Tex Easley
AP Special Washington Service

WASHINGTON—(P)—Prospects are slim that Congress will do anything definite this year about the controversial submerged offshore coastal lands.

The House has passed a bill giving the states clear title to them, but Senate opinion is so divided that the bill isn't likely to come up for a vote on the Senate floor this session.

Since any measure that might pass the Senate this year would in all probability be only for tentative control by either the federal government or the states, it would have to go back to the House for a compromise of differences. Only a state interim control measure would stand any chance of acceptance from a majority of House members—and such a bill undoubtedly would run into a presidential veto.

The chances are the real showdown scrap will come early next

year. Such timing would have some political significance; it would give legislators on both sides of the issue something to speak about that would get into the newspapers and set well with their constituents.

While almost every state, as an official body, has endorsed the states' ownership position in the tidelands fight, many lawmakers here think the man-on-the-street in their individual states would prefer federal control. Under that solution, inland states would enjoy revenues that would originate from along the shores of a few coastal states, primarily Texas, California and Louisiana.

LET THE OLD BOY REST

PARAKEETS NOW FOR SALE BY WALTER MARTIN, 414 N. SECOND

Want a buy a Parakeet? . . . Walter Martin, 414 north Second, is now in the business, and has Parakeets for sale . . . \$8.00 per pair.

It all started like this—Walter is a victim of arthritis, that crippling disease that he has had since he was 10 years old—he is 21 years old now—not being able to work in lots of vocations, he acquired 36 pairs of parakeets last January, when the division of Vocational Education and Rehabilitation, Texas Education Agency, helped him get started in the business. J. B. Stricklin, with headquarters in Lubbock, is counselor in this area for vocational rehabilitation, which is a program for those physically handicapped. Mr. Stricklin was instrumental in having the agency help Walter, and the result is—Walter is now selling his birds, and will soon have his business on a paying basis. He really borrowed the money to start his business, but he will soon have it paid back!

The birds, which are members of the parrot family, are housed at Walter's address . . . where he lives with his parents, Mr. and Mrs. G. L. Everson. The Parakeets can be taught to talk, if they are purchased and trained while they are young, according to Walter.

"Parakeets always live in pairs," Walter said. "If one dies, or is taken away, the one left will probably grieve itself to death." The average birds lay six eggs for hatching, one egg every other day. At the end of 18 days, the first egg laid will hatch, then every other day, one will hatch. By the time the last egg pops open, the first bird hatched is ready to fly, Walter added.

The rooster feeds the birds until they are old enough to take care of themselves. When they are five or six weeks old they are ready for sale.

Parakeets are fed red and white (German) millet.

Walter was born and reared in Brownfield. He attended school here, going through the 10th grade. He started his senior year, but was not physically able to continue his

studies and graduate. He has received treatment at John Sealy hospital at Galveston at two different intervals. He is not able to work much, but will soon be able to be on his own.

Memorial Services For J. B. Ricketts

At the meeting of the Lions Club Wednesday, Oct. 3, at the Esquire Restaurant, a Memorial Service was held for J. B. (Pop) Ricketts.

Herbert Chesshir read the following resolution, which was passed by the members of the club:

Whereas it has pleased Almighty God in His infinite wisdom to take unto Himself a member of the Brownfield Lions Club, J. B. Ricketts; and

Whereas he was one of Brownfield's finest citizens, who stood for the best things of life, and during his life here did much to make our town a better community in which to live and rear our children by his service in many places; and

Whereas he was one of our dearest friends, a truly Christian gentleman, whose life, able leadership, and generous spirit we highly admired and shall deeply miss;

Therefore, be it resolved: That we, the members of the Brownfield Lions Club, will strive to do more for our club and our community;

That we regret the loss of such a noble citizen and friend in the prime of life; but we submit to God's will;

That we express to his family our appreciation for the good man, and we extend to them our love and sympathy;

That a copy of this resolution be made a part of our permanent record, a copy sent to the local papers, and a copy be sent to Mrs. J. B. Ricketts.

Respectfully submitted,
Brownfield Lions Club Resolution Committee
Herbert Chesshir, Chm.
Jack Griggs
Dr. T. H. McRoy
Wayne B. Smith, Pres.

President Wayne Smith read the Service Club Fellowship, which is printed below:

SERVICE CLUB FELLOWSHIP
One of the chief benefits of the service club is the opportunity which it presents for the full enjoyment of fellowship. Fellowship in the service club is the creation brought about by friendship.

Fellowship must begin with friendship. It is possible to practice fellowship without saying much about it and instead create it through friendly relationship between individuals.

It was upon such a principle that the service club arose to create a fellowship among men of similar interests. Other service clubs followed in the path of the first, all striving to overcome the barriers which separate class and class, race and race and religion and religion. The weekly contacts made at club meetings represent friendly intercourse which develops harmony, mutual trust and appreciation.

If the service club has accomplished nothing more it has served to bring friends together where otherwise they might not see each other in a brotherly fashion for weeks or maybe years on end. Too often we are apt to neglect our friendships in the busy rush of the workaday world.

TO POP
Around the corner I had a friend,
In this great city that has no end.
Yet days go by and weeks rush on
And before I know it, a year has gone,
And I never see my old friend's face,

For life is a swift and terrible race.
He knows I like him just as well
As in the days when I rang his bell,
And he rang mine, we were younger then
And now we are busy, tired men,

Methodist Revival Dates Announced

Rev. D. D. Denison said last week that Rev. Dr. John Deschner had been assigned to assist the Brownfield First Methodist Church in the forthcoming Texas United Evangelistic Mission which is getting under way throughout the state. Dr. Deschner is District Superintendent of the Corpus Christi District. Four years ago, Dr. Deschner was inspirational speaker in the Northwest Texas Spiritual Life Conference. He is a very prominent deeply religious preacher, and is sought for as a guest preacher for many special occasions throughout Texas. You and your friends will not want to miss hearing Dr. Deschner, and be blessed by his great ministry.

Local church committees are preparing lists of prospects for church membership. Trained visitors will call on the prospects in behalf of Christian commitments and membership in the church.

Preaching services will be held each evening in the First Methodist Church, Brownfield, beginning Sunday morning, October 28, in which the Rev. Dr. Deschner will be the preacher.

The First Methodist Church morning services, from 11-12 o'clock, will be broadcast over KTFY, starting October 7, and every Sunday through October.

Horace Heidt Shows To Be in Lubbock

A Horace Heidt show will be held in Lubbock at Texas Tech Gym Oct. 18 at 6:30 p. m. and 9 p. m., according to an announcement from Harold Chapman, president of the Lubbock Junior Chamber of Commerce.

According to Mr. Chapman, this is the regular Horace Heidt two and one-half show with the Philip Morris radio and television stars, composed of a cast of 50. They will feature such stars as the Heidt Steppers, Ralph Sigwald, Bud Messéne, Johnny Standley, Ernie Camerota (six-year old star) and many others.

Attended National Superintendent's Meet

E. G. Brownlee, Terry county school superintendent, and J. L. Lyon of Wellman, president of the Terry county board of education attended the National County Superintendents' convention in Dallas, Sept. 29 through Oct. 4.

Representatives from all over the United States were expected to attend. O. H. (Bob) Stowe, president of the Texas County Superintendent's and Supervisor's association, wrote Mr. Brownlee, "Our planning committee has done everything possible to insure our guests that 'Texas Brags' can be a reality."

Miss Elizabeth Jo Anthony, accompanied her brother-in-law and sister, Mr. and Mrs. Grady Terry of Midland, to New York City for a week's vacation. They flew from Midland last weekend. Miss Anthony is employed at Nelson's pharmacy.

Tired of playing the foolish game, Tired with trying to make a name. "Tomorrow," I say, "I'll call on Him"

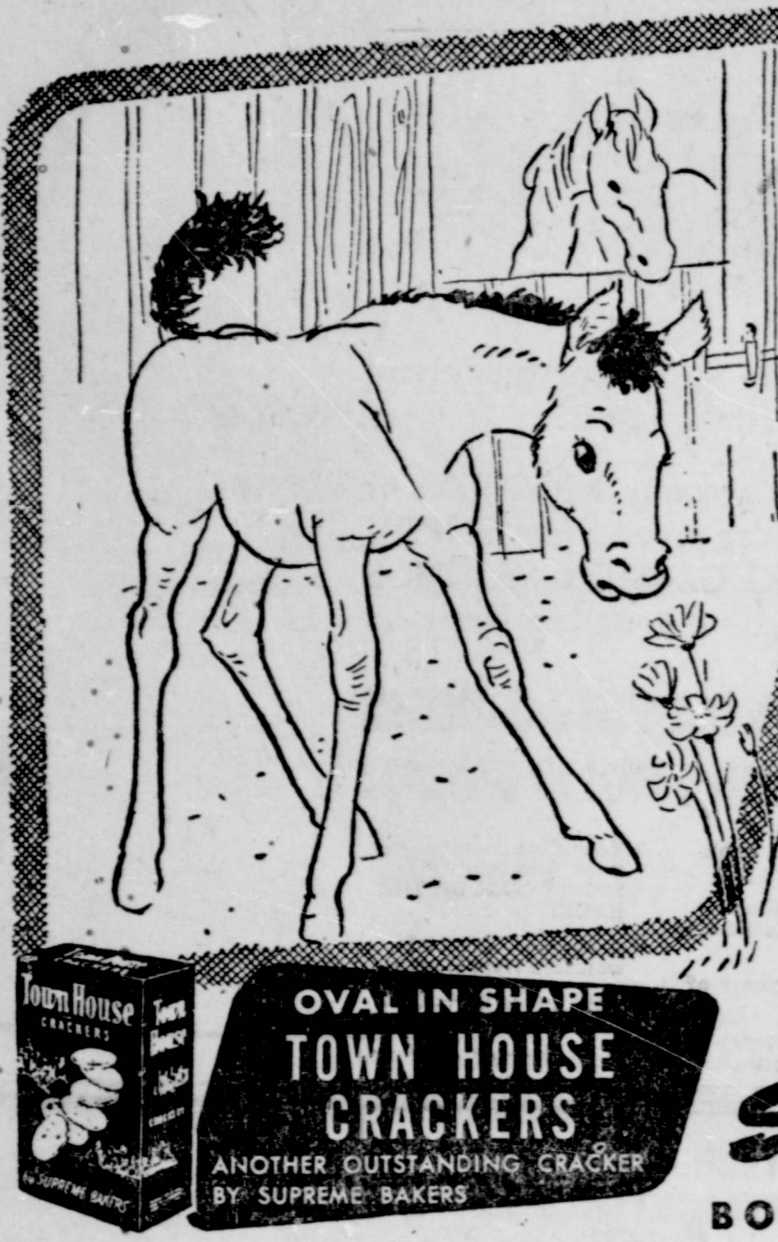

Just to show him that I think of him,"
But tomorrow comes, and tomorrow goes,
And the distance between us grows and grows.
Around the corner — yet miles away

"There was a phone call, sir," Pop died today.
And that's what we get and deserve in the end,
Around the corner, a vanished friend.

Virgil Crawford offered the closing prayer, dedicating it to Mr. Ricketts, who passed away in a Laramie, Wyoming, hospital Friday, Sept. 28.

IT'S A FIREBALL ENGINE

Some-where a Road is Call-ing

If the purr of a great-powered engine is music to your ears —

If command of two tons and more of nimble-footed and beautifully balanced automobile can step up your pulse beat —

You are just the man for whom a ROADMASTER was engineered.

Whatever it takes to give you a sense of complete and carefree freedom behind its wheel, you'll find in this proud master of the highways.

Added to the breadth and length that any fine car can give you are four soft-action coil springs to cushion the wheels, and a

torque-tube to banish rear-wheel wander. Added to its high-compression, valve-in-head engine are eight exclusive Fireball combustion chambers that get extra power from each whirling charge of fuel.

Added to the convenience of clutch-free driving is the torque-converter principle of Dynaflo Drive—that feeds a steady flow of power without lag or falter ever.

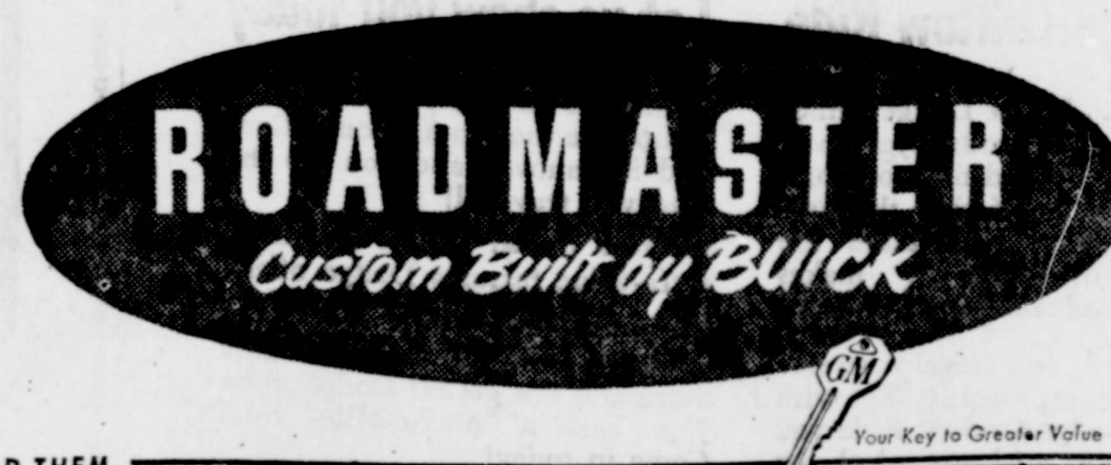

Added to the light responsiveness of its steering wheel is a Buick-engineered "front-end geometry" that gives this phenomenal performer a sense of direction straight and true.

But no roll call of engineering accomplishments can tell you the feel of a ROADMASTER out on the road.

That's something that only firsthand acquaintance can bring. Not just a trip around the block—but enough time and enough miles to let you discover what a joyous companion this great car can be.

That's something that is easily arranged. If you're truly interested, a phone call will bring a ROADMASTER to your door.

Equipment, accessories, trim and model are subject to change without notice.
