## Mrs. George E. Tiernan Honored On Birthday

Mrs. Geo. E. Tiernan, 315 north 5th, who has been in Terry county 50 years, was honored on her 81st birthday last Wednesday, October 17, when Mrs. C. L. Green entertained a group of old-timers at her home, 501 east Stewart.

The party was given from two to five o'clock in the afternoon, and several games of "42" were enjoyed by the group before refreshments of cookies and lime sherbet were served.

Those attending were: Mmes. Ray Brownfield, Tom May, Pearl Scudday, Roy Collier, Perla Cardwell, G. S. Webber, A. J. Stricklin Sr., Minnie Williams, I. M. Bailey, Allie Rigway, Annie Hunt, Lillie McPherson, John Hill, Vada Mitchell, Gladys Moorehead, Alie Graham and R. M. Kendrick.

Mrs. Tiernan received many lovely gifts, and a number of persons sent gifts who were unable to attend her party.

The widow of Terry county's first elected sheriff, Mrs. Tiernan came here in a covered wagon, and she and her husband made the trip in nine days from Dundee, Archer County, a trip that would take all of six hours at the present time!

Before coming to Terry county on July 15, 1902, Mr. and Mrs. Tiernan lived on two sections of land that was later included in northwest Terry county. At that time this county was attached to Martin county, and they went to Stanton to file claim on some school land. They built and lived in a half dugout in the northwest part of the county. When Mr. Tiernan was elected sheriff in 1904, they moved to Gomez and lived in a dugout until the next spring. When the courthouse was finished, Mr. Tiernan and Lee Allison purchased the lumber that was left and each built a two-room house in northwest Brownfield, where they lived a number of years.

Tom Bess served as Terry county's first sheriff, being appointed in the spring of 1904, then Mr. Tiernan was elected to fill that office in the fall of 1904, serving 16 years, then refusing to run again.

Mr. and Mrs. Tiernan were married at Dundee on February 17, 1899. She was born in 1870 in Missouri, and Mr. Tiernan was born the same year in Jack county, Texas. He passed away August 24, 1942.

Asked if they ever kept criminals in their home in the early days, Mrs. Tiernan told of keeping two boys charged with stealing horses. Mr. Tiernan always said, "treat a mean person good and maybe make a good person of them or treat them bad and make them worse." The boys lived away from here and she could not recall their names!

Mrs. Tiernan has two sons, Jackie, who is a pharmacist in a drug store in Lovington, N. M., and Elwood, who resides here with his mother. She has one grandchild, Deanna, 13, daughter of Elwood.

Mrs. Tiernan has been a member of the First Methodist church a number of years, and is still active in church work.

Oh, yes! Mrs. Tiernan has been a subscriber of the Herald since it was the Terry County Voice, printed at Gomez.

## Terry and Yoakum Gins 14,226 Bales

Earl H. Ziegler of the Texas Unemployment Commission was in this week, and reported that the cotton harvest was going along pretty well in Terry and Yoakum counties, but still more hands are needed. He also stated that there was enough frost one night recently to turn the cotton plants black in places.

He also reported that through Wednesday noon the total ginnings for the two counties was 14,226 bales, of which 12,950 had been ginned in Terry and 1,270 in Yoakum county.

Visitors Sunday in the home of Mr. and Mrs. J. H. Griffin, 204 east Broadway, were their son and daughter, and their families. Mr. and Mrs. Andy Griffin of Kermit, and Mr. and Mrs. D. A. Peachee and daughter, Dona, of Lubbock.

## CITY PLANS GARBAGE PICKUP SERVICE HERE

Another progressive step, toward the betterment of conditions in Brownfield, is being taken by the City Council, and plans are being completed for a more complete and regular garbage pickup service to start after November 1, according to an announcement made Thursday morning by Mayor C. C. Primm.

In an effort to make Brownfield a cleaner, better place to live, the city commission is completing extensive plans for the new garbage service, hoping to eliminate alley fires, and the many breeding places for rats, flies, and other insects. The city recently purchased a new packer garbage truck that will be delivered here this weekend. O. E. Floyd, city employee, went to Detroit, Mich., for the truck, which will make a total of three packer trucks and two open-bed trucks to be used in garbage pickups.

Several thousand 30-gallon covered garbage cans have arrived and residents of Brownfield are urged to place their deposits for the cans, with clerks at the City Hall. Deposits will be \$4.75, Mayor Primm said, and starting December 1, a small fee will be attached to city utility bills for the garbage pickup service. "Enough cans are available for every resident in

the city limits," Mayor Primm said, "and we know that people will cooperate with us in carrying out this new service. We hope every residence in Brownfield will have a covered garbage can by the first of the year."

Many towns in this area have had this service for sometime, Mr. Primm added, and the City Council feels that it is indeed a step forward for Brownfield to plan at least two regular garbage pickups per week in the residential section, and in the business area, at least once a day, and in many instances, twice a day. He stressed the need for residents purchasing the covered garbage cans, and he pointed out that frequent burning of trash in the new cans would cause them to deteriorate quicker than an ordinary barrel. Wet garbage should be wrapped in paper before being placed in the cans, and a large pile of newspapers or magazines can conveniently be placed by the side of the cans, to be picked up with other trash.

The city commission met in regular session last night and completed plans for the new service offered by the city. Complete details will be in next week's issue of the Herald.

## 'Miracle' Horses To Be Here

Sammy Jones of the Jones Theatres announced this week that the amazing "Miracle" horses are to be here today and tomorrow at the Rustic Drive-in Theatre on the Plains highway. The owners promise that you will see horses do things out there that is unbelievable.

One horse will see-saw on a plank that together with the horse weighs about a ton. "Frosty" will pose on three legs 7½ feet off the ground.

Watch Silver, the man-killer attack the villains, and many other stunts too numerous to mention. See that the kids go to this show.

## First Christian to Have New Pastor

Rev. Homer Haislip, who is a member of the Texas Christian University board of education, Fort Worth, will preach his first sermon at the First Christian Church here Sunday, as the new pastor.

Members of the church voted to call Rev. Haislip in a meeting Wednesday night. He and his wife will move to Brownfield in the near future.

Rev. Haislip preached here several weeks ago.

## Labor Shortage Still Exists in Area

(Delayed)

Earl H. Ziegler of the Texas Unemployment Commission, who has headquarters in Brownfield for the cotton harvest, reported late Wednesday that a total of 9,171 bales of cotton had been ginned in Terry and Yoakum counties since the start of the ginning season.

Terry county gins have turned out a total of 8,354 bales, with Yoakum county, 817 bales.

Mr. Ziegler stated that the Bronco gin, operated by Mr. Barton of Lamesa, will start ginning this week. Repairs have been made on the gin, including an overhaul of the cooling system.

The labor shortage still exists in both counties, Mr. Ziegler said, with approximately 50 per cent of the cotton open.

## First Methodist Church Revival to Start Sunday; Dr. Deschner Is Visiting Preacher

Dr. John Deschner, district superintendent of the Corpus Christi district, will be the visiting pastor at the Brownfield Methodist church when the revival services start at the 11 o'clock hour

DR. JOHN DESCHNER

Sunday morning. The public is invited to attend services that will continue each night next week, starting at 7:30 p. m.

The Brownfield First Methodist Church will be host to visiting ministers and pastors of churches in the Lubbock district tonight at 6:30 p. m. and each morning next week they will meet here to discuss the evangelistic program and take part in a training school. Members of the Women's Society of Christian Service of the local church will serve supper tonight to the visiting ministers, and plans have been made for the serving of lunch to them every day next week.

The pastors and visiting ministers will return to their respective churches in the afternoon for visitation evangelism, then the preaching services at night.

The following reports were made from the local church:

Rev. Dallas D. Denison, pastor of the First Methodist Church, Brownfield, will take part in a school of evangelistic preaching to be held in the First Methodist Church, Brownfield, October 26-November 2. He will be one of a group of pastors from the Lubbock district and visiting pastors from the Austin and Corpus Christi districts. The pastors will discuss methods in visitation and preaching types of evangelism, led by successful pastors from churches in the nation. Two of these will be Dr. Deschner and Dr. Hinson.

Preaching services and evangelistic visitation will be held in the churches of the Lubbock district, led by Rev. J. E. Shewbert, district superintendent. Visiting pastors will assist in the various churches.

The aim of the training program is "to discover effective methods of evangelism for reaching the unchurched masses of our day," said Dr. H. I. Robinson, executive chairman of the Northwest Texas Conference, Dallas-Fort Worth area.

The school is part of the Texas United Evangelistic Mission of the Methodist Church, headed by Bishop William C. Martin of Dallas, Bishop A. Frank Smith of Houston and Bishop Robert N. Brooks of New Orleans.

## BIGGEST PA-A-RADE EVER PULLED IN B-R-R-NFIELD

Way back yonder somewhere about 1910, we had a very small frontier town here, some 250 people. But they were a proud bunch and loved their little town and county. At that time we had a good old fashioned cornfield Baptist preacher here, Parson Williams. In his earlier days he had been a sleight of hand artist with some kind of small show or carnival, as we remember.

At that time the Woodman lodge was booming. They decided on a big picnic and set the date. But, says the Parson, we must have a parade the biggest ever pulled off in Brownfield. But he still more or less used the hawker style of carnival spielers, and what he said about the parade, sounded something like the heading of this article.

The day arrived, and the good Parson hitched his fat roans to the wagon with a float, or hay bed. Up on the spring seat rode the Parson, who was driver. The front end was curtained off, and a local young man in an old faded red dress was scrubbing clothes on a rub board. The sign read, "my dad had no insurance in WOW."

The rear scene of the float showed a nice parlor, with books on the table, and one of our prettiest young ladies of the time sat at the table knitting. Sign: "My dad had insurance in WOW!"

Uncle Tom DeShazo marched by twos to the rear.

When the float reached the point on the northeast corner of the square where most of the few hundred picnickers were located, Uncle Tom struck up "Ryestraw" on his fiddle. Of course this tickled the marchers, as the occasion became undignified with the rendition of that unnamed tune sometimes designated as "Ryestraw," or "The Unfortunate Pup." Anyway, the young lady evidently mistook the merriment, and hopped off the float and beat it for home.

What a Contrast to Last Thursday

In the first place, this was one of the few parades we have been able to see in some time. Most of the time when Mary Dee and Gee Gee worked for the Herald, they planned a float for the Herald, and always had us ride on it. Admittedly our floats were more comical generally than beautiful, but it was part of the parade. So we sat on the sidelines last Thursday and enjoyed the big parade to the fullest extent.

But a parade never goes by that we do not think of that one the good old Parson designated back in 1910 as the "biggest parade ever pulled off in Brownfield." As it took almost one hour for the parade to pass a given point, we carried our chair up to the corner of Sixth and Broadway to watch it, and we enjoyed the whole thing. In fact we can hardly say who had the prettiest float, or who had the most spectacular band, as there were plenty of them—16 we believe.

Of course we admired the Queens' floats most of all, but the mercantile firms, banks, implement and auto firms did themselves proud with their fine layouts. And we must not forget the miniature freight train of Uncle John Santa Fe, and especially the Agent, Bob Harris up in the cab with the engineer, and another "crewman" in the caboose. The local Jr. high band got a lot of attention. They did not have navy uniforms, but just plain white shirts and levis with the imprint of the mule's two hind feet on the two rear pockets. You've seen them?

But if we be any judge, the parade was immense from the leading band to and including the last section, which was the Sheriff Posse from Levelland and Brownfield. If there had been any more, guess we would have had to move.

As is usually our luck, the first horse right next to our chair had

## Homecoming Here Next Friday; Student Queen To Be Crowned

### Poultry Expert to Talk Tonight

Plans are being completed for the annual home-coming of ex-students of Brownfield high school next Friday night, when the Brownfield cubs will meet the Muleshoe Mules in their last home game of the season.

The homecoming is sponsored by the student council, and during the half time ceremonies at the football game, the school queen will be crowned. Miss Leah Dale Portwood is the senior candidate for queen, and Miss Joan Shelton is junior candidate. Duchesses are Miss Patsy Rogers, sophomore, and Miss Betty Cabiness, freshman.

The queen's race closed this week, and identity of the winner will be announced at the high school today.

During the ceremony next Friday night, the queen will be crowned by Dean Murphy, president of the student council. Presidents of the classes will escort the queen and her attendants. Chris Burda is senior class president, Herbert Kendrick, junior, Ted Hardy sophomore, and Kelly Mack Sears, freshman.

Mrs. J. D. Miller is sponsor of the student council, and she announced that a pep rally will be held next Thursday night.

Cubs To Rest Tonight

Tonight is an open date on the schedule of the Brownfield Cubs, after winning over the Levelland Lobos in their first conference tilt, 27-13.

Next Friday night the Muleshoe Mules will invade this city for the last game to be played in the Cub's Den. Coach Tobey Greer told a Herald reporter that the Muleshoe squad out-weighted his boys, he is expecting a hard fought game, as Muleshoe has reversed their tactics of previous years . . . in the past the teams won at first of the season, then lost out in conference play, but this year they started slow, but are improving in each game. They lost only a few of their players last spring.

The mighty Cubs and the Littlefield Wilcocks took the lead in District "AA" standings last week-end. Littlefield, loser of only one game in seven starts, whipped Muleshoe 32-19. The Cubs have the top offensive record, ranking up 233 points in seven starts and are tied with Levelland for the defensive record, 66 points scored against them.

In an Associated Press report Tuesday, sports writers placed Brownfield in the lead in the state in class AA, ranking the Cubs with Arlington and Lavega.

Coach Greer stated, the squad are working hard, in perfect harmony, the boys have a splendid attitude, and on the field always play like 11 brothers. Greer does not fail to send in the complete line, or backfield, when he makes substitutions in a game. They are headed for district champions this year, but Greer does not fail to remind the team, as well as the fans that from now on the Cubs are a "marked" balled club. Seems everyone in the state is expecting great things of these Terry county boys!

## American Legion To Stage Drive

An intensive campaign to enroll every war veteran in this community in the American Legion for 1952 was announced today by Commander John J. Kendrick of the Howard-Hinson Post No. 269 of Brownfield.

"Our objective is to establish a record membership for 1952," Commander Kendrick said. "The American Legion today is the greatest bulwark of genuine Americanism in this country. Every eligible veteran should belong to the American Legion. It is his organization. It exists primarily to promote the interests of America and of the defenders of America. There is a job waiting for every war veteran in the American Legion—a job that has to do with making this community a better place in which to live as a part of a nationwide program of keeping America stronger, more secure, more prosperous and always American!"

Commander Kendrick said that Cecil Hill, membership chairman of the local American Legion post would be in charge of the 1952 enrollment drive.

"An intensive recruiting program will be carried on during the period of Nov. 5th to Nov. 11th," Commander Kendrick said. "We will have several teams of membership workers calling on all local war veterans. The teams will compete with each other. The losing team will have to dine the winners."

The local American Legion post mustered a membership of 387 in 1951.

"We have set our quota much higher for 1952," Commander Kendrick said. "Other posts have enrolled all eligible veterans in their communities. We can do it here. The more members we can enroll, the more we can do in serving our community, our state and our nation. There has never been such need for a strong all-American organization as there is today when the tide of Communism is running high all over the world. As long as a strong American Legion exists, the Constitution of the United States of America is assured of a powerful champion and protector."

Please turn to pages 6 and 7 of this paper and read the Preamble to the Constitution of the American Legion.

### Baptist to Meet Monday Night

At the Sunday morning service at the First Baptist Church, the congregation voted to call Rev. Jones Weathers of Cleburn, and he will meet with members of the church here Monday night to discuss the probabilities of coming to Brownfield as pastor of the local church.

Rev. Weathers, who preached here a few weeks ago, came at the invitation of the pulpit committee. He is a graduate of Baylor University, Waco, and the Baptist Seminary, Fort Worth. He has been pastor of the Field Street Baptist Church at Cleburne the past seven years.

Members of the pulpit committee stated that calling Rev. Weathers does not mean that he will accept the pastorate here. Members of the church are urged to attend the meeting at the church Monday night.

## Gilt Show to Be Saturday, Nov. 3

The first annual Gilt Show for 4-H and FFA Club boys in Terry county is scheduled for next Saturday, Nov. 3, and plans will be completed this next week for prizes, judging, etc.

According to Lester Buford, Brownfield Future Farmers' advisor, the show will be held on the lot owned by Herman Chesler, former location of Herman's Gin, Tate and Sixth streets.

## FFA Boys Bring Home Honors From Commercial Steer Show at State Fair

Orville Miller, president of the local chapter of Future Farmers of America, placed fourth with his Hereford steer in the entire commercial show at the State Fair in Dallas last week, according to Lester Buford and Ray Hensley, advisors of the local chapter.

Ray Latham, Earl Brown and Tommy Winn all showed choice steers at the fair; while those exhibited by Coy Pennington, John Burnett, Van Perry and Adrian Harrison all were in the prime class.

The Terry county calves sold for an average of 45 cents per pound, and Earl Brown received the highest price paid, 47 cents for one of his Hereford steers.

All of the hogs taken to Dallas by the local boys were sold for the high price of 25 cents per pound, Mr. Buford said. Byron Wise placed fourth and seventh with his five Berkshire barrows, and Glen Reid placed third and fifth places with Spotted Poland China barrows.

The commercial steer show piled up approximately 70 tons of prime choice meat for beef-hungry bidders in the sale.

### Taxpayers Taking Discount Advantage

According to report given us this week by the three tax collection places in the city, many are taking advantage of the 3 per cent discount on taxes paid this month, up to midnight, Oct. 31.

R. A. Simms for the Brownfield Independent school district reports around 30 per cent, and he anticipates a rush from now to next Wednesday night. He feels that by that time 40 per cent or more will be paid.

Mrs. Florence Webb, State and County Collector, states that a third of the taxes were paid up to Wednesday, and by the close of the month perhaps half of State and County taxes will be paid.

Bill Aschenbeck, Collector for the City, reports that some \$13,000 in taxes have been paid to Wednesday, and that they were coming in fine. Beginning November 1, the discount will be only 2 per cent.

The Hon. Tom Connally, senior senator from Texas, finally stiffened his backbone, and made a whaling good speech in the senate against the federal government taking over Texas and other state tidelands. This is one of the administration's pet hobbies. But he denies that the oil barons and the lobbyists are for state ownership, but shows from many records that they are for the interim holding by the federal government, according to many reports, says Senator Connally. But in reality, the oil companies just want the matter cleared up to where they will know where they are at. And the Senator goes on to show that this seizure of State land need not stop at oil, but could include fishing and oyster tidelands of many states. Or for that matter if any scarce high priced mineral happened to be discovered on the interior of any state, the same could be taken over by the federal government in their kidnapping tactics. In other words, become claim jumpers, and most of us who have read the history of the west know in what contempt a claim jumper was held. And according to Senator Connally, here is just a short list of the many organizations in the United States that still believe in states rights; Council of State Governments; National Governors Conference; National Association of Attorney Generals; National Conference of Mayors; American Municipal Association; The American Bar Association; US Chamber of Commerce; US Junior Chamber of Commerce; National Water Conservation Association and National County Officials. One of the Senators from Wyoming is leading the Truman fight for possession of oil rich tidelands, but he was absent when the Connally speech was made. Now that Wy-

oming is cashing in on a lot of oil, the Senator from that state may change his tune, especially if the same people rule the roost at Washington.

Many of the writers who have been over in England of late, and interviewed the doctors as well as the people first hand, say the British are getting fed up on socialized medicine. As most people know, this socialized stuff was first politically conceived, and now politically administered. And let it be stated right here that politics and medicine don't mix any better than water and oil. In the meantime, the bureaucrats have inaugurated a raft of questionnaires, forms and red tape that the doctors, already burdened with too many patients, have to fill out daily, weekly and monthly. Socialized medicine therefore, has not overcome the doctor shortage, but has hindered it. Some physicians are actually quitting. One stated that "he could not adequately serve the number of patients assigned him. You must have just sufficient patients to look after them properly." Another headache is that doctors are not allowed to prescribe what he really thinks patients should have. They are assigned a maximum panel of 4,000 patients, and that gives them some five minutes each, far too short a period for the real sick, who should have hours of checking and rechecking. Cost? The planners estimated 500 million dollars, our money. But it is now costing \$1,960 million. The inability of many people to see a physician, has led to a "bottle of pills," self prescribed. Do you want that in America? The Washington gang want to get more and more people under their thumb. But there are so many people against the idea, that the gang

has to do most of their work under cover.

Senator Lyndon B. Johnson, the Jr. US Senator from Texas, is made up of different material than what we thought when he made his race. At that time we believed him a bit left of center, and for that reason we voted for Coke Stevenson in the primary. We are glad that Senator Johnson has more than redeemed himself in our estimation, our estimate of which will cut no ice with him one way or the other, for that matter. Sen. Johnson recently made a speech on "oil as the life-blood of national defense." In a portion of this address, Senator Johnson veered a bit to castigate the brass of the Pentagon for the use of so much red tape that sometimes renders our efforts to impotency. For instance, he brought back to the memory of many of us of that instance in 1949 when the Turkish ambassador died at Washington, and the US wished to carry his body back to his homeland on the battleship Missouri. But, it was found that there was not enough fuel oil aboard the battleship to even move it out of the harbor. This was a very embarrassing situation. The most powerful and wealthy nation, producing 65 per cent of the world's oil did not have enough for its fighting fleet. Even back in 1946 there was a daily shortage of 127,000 barrels of oil for the US navy. And the navy shortage was not all. Three times in one week in the New York harbor it was reported that they had no fuel oil. Senator Johnson goes on to state that if such things happen in peace time, what would be the situation in war time? He stated that "this is no time for tinkers and tamperers to take over the tidelands of the states to which they rightfully belong, for some bureaucrat to cut down depletion allowances, would not fit no wise contribute to security of the nation."

We seldom have the time or inclination when our working hours are at hand to listen to a radio. In fact we rarely tune in except at 10 p. m. to get the newscasts. And frankly they are usually about the same as our afternoon paper, the Lubbock Journal, except perhaps a few brief bulletins. But as the crew at the office wished to listen to the program of the Harvest Festival at Cub Field, we drew up a chair in front of the radio and listened to the address of Attorney General Price Daniel. After listening to his frank disclosure of affairs as he has found them while arguing with the Democrats at Washington, and other affairs of the State Department that don't know where it is going—just wants to look back and see where its been—we concluded that the attorney general had been reading some of the Herald editorials. He is clicking right along with us, and this goes for Gov. Allan Shivers.

R. N. McClain, Assistant Vice-President of the Brownfield State Bank and Trust Co., stated in one of his articles that are released with the customers' statements at the first of each month, that was enticing to us at least. He gave a bit of information about the different breeds of cotton, and their relative yield at the Lubbock Experiment station. Deltapine hit the high with 313 pounds of lint per acre, dry farming, and the irrigated cotton produced 557 pounds. Paymaster was second with 298 and Stoneville 2nd with 286, dry land farms, no irrigation figures were given. No figures were given on relative length of lint. We are anxious to hear how Hugh Potterfield's sandy land out at the Terry county farm tallied with the harder lands of Lubbock county. McClain also gave little encouragement to cattle feeding in view of the high price of feed and feeder stock. Probably the only ones who might make a profit are those who own both cattle and feed produced on the farm.

Ha, ha, ha! He, he, he! Well, the fat's in the fire now. A good brother of one of the prominent denominations was in Monday, and just asked slyly how this writer

and Truman were getting along. Then he mentioned that Truman had appointed an ambassador to the Pope. We informed our friend that the appointment did not surprise us in the least; that Truman had been toying with the idea for a year or two, and he figured that it would get him more votes than he would lose. But knowing our visitor as we did, we certainly got a chuckle at his expense. Well, well, so the worm has turned again. In 1928 we went along with Al Smith even if he was a Catholic, as we believed him to be a good Democrat, and we knew Herbert Hoover was a dyed-in-the-wool Republican. We still believe that Al Smith would have made a good president, and if the voting was to be done again this week, we'd vote just like we did in 1928. But we do NOT think Truman is a Democrat.

# Double Surprise for a lot of folks

EVERY time we publish the price of a Buick, it seems to surprise a lot of people, because they come in and tell us so.

They just can't believe that so little money buys such a lot of car—but it's true.

And that brings us to the second surprise—which is how much power and performance—how much comfort and room—what a long list of standout engineering features you get for the price.

Take power. You'll find that no other car at the price of the Buick SPECIAL pictured here delivers the horsepower you get from its high-compression, valve-in-head Fireball Engine.

Take comfort. The best thing to do is try

the depth of its seats—their width—and the headroom you get in this Buick SPECIAL, and judge for yourself.

Take the ride. This Buick has big soft coil springs on every wheel, plus the solid firmness of a torque-tube keel—and the way this combination smoothes the bumps is something that's hard to match in cars costing a thousand dollars more.

Take the way it steers. Buick engineers have given this light-handling beauty a special "front-end geometry" that almost does the steering for you—even brings the front wheels back to a straight line when you come out of a turn.

And you can add to all this Dynaflov Drive\*—that puts magic smoothness into every mile you drive—and practically repays its extra cost by the way it protects the whole driving mechanism, and by the dollars it adds to trade-in value.

So if you have been hoping, some day, to own a Buick—what's holding you back? If you can afford any new car—better come in and see us now.

Equipment, accessories, trim and models are subject to change without notice. \*Standard on ROADMASTER, optional at extra cost on other Series.

### CUBS WIN 27-13 OVER LEVELLAND IN FIRST 7-AA CONFERENCE TILT

The Brownfield Cubs are still in the top ranks, undefeated after slaying through to victory Friday night over the Levelland Lobos, bringing home a 27-13 lead.

The victory protected the Cub's share of the top spot in the 7-AA district race standings with two other powers in their class, Mor-ton and Littlefield.

The Cubs, playing the most alert kind of defense, recovered

four Lobo fumbles and turned two of these into important touch-downs. Then, they intercepted a pass by Langford Sneed to set up another marker.

Levelland also recovered four enemy bobbles, but could do nothing after getting the ball. The Lobos scored once after blocking a Brownfield punt and scored the other on a sustained drive.

### CRESCENT HILL CHURCH OF CHRIST

Jimmy Wood, Minister

There were 340 present for Bible Classes last Sunday morning. The auditorium was filled for the morning services with the crowd overflowing into the balcony and annex rooms. The Sunday evening crowd was near the 400 mark. Bro. Wood preached Sunday morning on "The Power of Influence," and Sunday evening on "Coming to God."

Bro. and Sister Wood and children returned to their work this past week after nearly two weeks' absence. Bro. Wood had been doing evangelistic work in Columbia, La., and Sister Wood and the children had been visiting her mother in Nocona, Texas. Bro. Wood reports a very successful meeting in Louisiana with two responses to the invitation there.

Four placed membership with the Crescent Hill Church of Christ Sunday morning. They were Mr. and Mrs. M. R. Lee, Mrs. A. B. Green and Mrs. James Martin.

### SERMON TOPICS FOR NEXT SUNDAY

Bro. Jimmy Wood, minister of the Crescent Hill Church of Christ, announces the following sermon topics for next Sunday:

Sunday morning, "From Death to Life."

Sunday evening, "The Marred Vessel."

All are invited to attend the services of the Crescent Hill Church of Christ at 10:45 Sunday morning and at 7:00 p. m. Sunday evening and hear Bro. Wood discuss these subjects.

Glad to add M. M. Hand of Loop area to our mailing list this week. The Herald has a pretty good list along the Gaines-Terry line.

Mrs. Dewitt Stafford received one of the Herald's free three year subscriptions given at the Rotary drawing as a prize. This will extend their paper to 1954.

This time it took four plays for the Cubs to score, Boyd hitting Joe Swan for 18 yards to cap the advance. He was standing all alone in the right side of the defensive secondary and wasn't touched. Howard Swan rammed over for the extra point to give the Cubs a 13-0 lead.

Levelland surged in to block a punt by Doyle Bradley to set up the first score for the Lobos. Taking over on the five, Phelan lost to the nine on an attempted sweep play, but then skirted left end on the next play for the score, after getting a great block by Sneed on the five to spring him free. LaVon McAuley booted the placement to cut Brownfield's margin 13-7.

Levelland held the Cubs on the next series of downs and took over on their own 22 after forcing Brownfield to punt. On the first play Sneed tried a running pass which was intercepted by Boyd on the Levelland 42. He returned it to the 19 with time running out in the half.

Howard Swan lost seven then Boyd hit Joe Don Auburg over the goal for a score. Howard Swan made it 20-7 as the half ended.

Another Lobo fumble, this by McAuley set up another marker for the wide-awake Cubs. Jerry Bailey recovered on the Lobo 12 early in the third period.

Howard Swan rammed center for three but Jerry Anderson lost one on the next play. Joe Swan moved to the six and then Howard Swan spurted through the right tackle slot for the touch-down. He fumbled over the goal, but reserve center Jack Lucas recovered to save the score. Anderson went over tackle for the extra point.

The Lobos staged a 56 yard sustained drive in the opening minutes of the final period to end scoring for the night.

The Levelland crew took over on their own 44 following a punt and went to work. Kenley Fortner, in for the injured quarterback Howard Phelan, got two through tackle and then a pass from Fortner to Pierce carried to the Brownfield 28. Pierce fumbled on the play, but Leroy Bishop dove on the ball for the Lobos.

McAuley and George Branch combined their talents for another first down on the 15 and then McAuley carried for nine and two yards to set up the possible score on the four.

Fortner could not gain on the first play, but McAuley went over in two plays. His attempted placement try was wide and the game ended at that score, 27-13.

### Weiner Roast; Party Had By Brownies

Colorful Hallowe'en costumes were worn by members of Brownie Troop 20 from 3:30 to 4:40 o'clock Tuesday afternoon, when their annual party was staged at the Girl Scout Little House. Troop 20 includes second grade-seven year old girls, and Mrs. Farris Nowell is troop leader, assisted by Mrs. Lal Copeland and Mrs. L. G. Wilson.

Mothers assisting with the party Tuesday were Mesdames Jess McWherter, J. W. Eastham, Harry Hyman, L. V. Langford, and W. F. Pickett.

Brownies had an enjoyable time playing games in their hallowe'en costumes, and Mrs. Morgan Copeland told them a story, with Brownies acting parts of characters in the story.

Refreshments were served to

Becky Burnett, Janice Denison, Louann Conlee, Sharon McWherter, Melba Murphy, Marla Parker, Anne Moore, Rebecca Glick, Linda Lee Brownfield, Sandy Irvin, Lindsay Hyman, Linda V. Langford, Joyce Dunlap, Ann Neal, Mary Bell, Janet Bussey, Peggy Andrews, Judy Pickett, Cheryl Hilburn, Kerry Nowell, Janice Hill, Shirley Thompson, Jan McLaughlin, Janelle Eastham, and Sherryanne Kuehler.

Troop No. 20 meets each Tuesday afternoon at 3:30 o'clock at the Girl Scout Little House.

### Shower Honors Recent Bride

A miscellaneous shower honoring Mrs. Richard Leon Lepard, recent bride, was given from four to six o'clock Tuesday afternoon at the home of Mrs. Herman Chesshir, 1006 east Tate. Those assisting Mrs. Chesshir as hostesses were Mesdames Roy Collier, Homer Winston, Geo. Hudspeth, Anna Belle Barrow, Tress Key, Leonard Lang, Joe Chisholm, Bill Webb, L. B. Forbus, Elton Cornelius, Ed Mayfield, and Miss Creole Moore, and Mrs. Green Gomez.

Guests were greeted at the door by Mrs. Chesshir, who presented the bride, her mother, Mrs. Earl J. Brown, and her aunt, Mrs. W. C. Brown.

Miss Shirley Brown, cousin of Mrs. Lepard, presided at the guest register.

Yard flowers decorated the entertaining rooms. The serving table was covered with a cut-work cloth, centered with a pink dahlia, flanked with pink candles. The bride's chosen colors, pink and silver, were carried out in the color scheme in house decorations. On the buffet in the dining room were pink flowers and candles.

Miss Beverly Brown, sister of the bride, served refreshments of tea and sandwiches.

The hostesses had planned for the groom's mother, Mrs. M. C. Lepard, his sister, and his grandmother, all of Big Spring, to be in the receiving line to greet guests, but they were unable to arrive here until late in the evening, due to car trouble.

Miss Dixie Earlene Brown and Richard Leon Lepard were married October 5 at the 14th and Vine Street Church of Christ in Abilene. Mr. Lepard was inducted into the armed forces on October 9.

### Delphian Has Study On World Freedom

"World Freedom" was the subject for the program presented at the regular meeting of the Delphian Study Club Wednesday afternoon, October 17, at Seleta Jane Brownfield clubhouse. Mrs. Geo. Steele was program chairman.

"In Russia They Call This Living" was discussed by Mrs. H. H. Bearden; Mrs. Bernard Smith told "Why The Negro Won't Buy Communism", and "Freedom or Communism" was the subject discussed by Mrs. Steele.

After the meeting Mrs. Wayne Brown served refreshments to the following members who attended: Mesdames C. L. Aven, Jr., Bearden, Claud Buchanan, J. O. Burnett, Jr., W. C. Burrow, Otto Butler, W. N. Lewis, Martin Line, J. D. Mitchell, H. B. Parks, K. B. Sadtler, Smith, Steele, W. F. Tipton, James Underwood, and Fred Yandell.

The next meeting will be Wednesday, November 7.

### Alpha Omega Has Federation Day

"Federation Day" was observed at the regular meeting of the Alpha Omega Study Club Tuesday afternoon at the Seleta Jane Brownfield clubhouse.

Mrs. Lee Brownfield was program chairman for the day, and Mrs. Jake Gore told the history of general and state federation. Mrs. Tommy Hicks gave the departments and divisions of the federation, and Mrs. H. B. Virgil Crawford discussed parliamentary drill.

During the business session, at which Mrs. W. T. McKinney, president, presided the resignation of Mrs. E. C. Gerstenberger was accepted. Mrs. McKinney will attend the state federation of Women's Clubs at Denton from November 12 to 15.

Hostess Mrs. C. R. Lackey served refreshments to Mesdames Brownfield, M. J. Craig Jr., Crawford, Truett Flache, Gore, Jack Hamilton, Hicks, Arlie Lowmore, Sid Lowery, McKinney, George O'Neal, Robert Noble, V. L. Patterson, Curtis Sterling, K. L. Watkins, George Weiss and Sam Teague.

### Wesleyan Service Guild Meets Wednesday Night

Members of the Wesleyan Service Guild held their regular meeting in Fellowship Hall of the First Methodist Church on Wednesday evening, Oct. 17, and a pledge program was presented.

Mrs. Bea Brown, president, presided during a short business session, before leading the program. A dialogue was presented by Mrs. Frances Gage and Mrs. Brown, and Mrs. Minerva Chesher gave a talk on the "Week of Prayer." After the program, members placed their pledges on a table.

Hostesses Mesdames Virgil Bynum, Jack Browder and Bernice Huckabee served sandwiches, pecan rolls and coffee to the following who attended: Mesdames Sarah Banks, Jim Griffith, M. V. Walker, D. D. Denison, Brown, Gage and Chesher, and Miss Mattie Morgan and Miss Ludri Morgan.

The next meeting will be held on Wednesday night, Nov. 20.

### Annual PTA Hallowe'en Carnival At Jesse G. Randal School Tonight

Ghosts and goblins, witches, clowns, fairies, Red Riding Hood, and Spanish seniors and senioritas, will invade the Jesse G. Randal school tonight, as the annual school carnival gets underway, and the kiddies will be "spookin'" all over the school.

The affair is staged by the Parent-Teachers association of Jesse G. Randal school, and is the annual project for raising funds to carry on PTA activities.

Mrs. Jess McWherter is president of the PTA this year, and Mrs. W. F. Tipton is publicity chairman. All members of the organization are cooperating in plans to make this the biggest and best carnival ever staged at the school.

Supper will be served in the cafeteria, starting at 6:30 p. m. tonight. A child's plate will be served for 40c, and adults will pay 75c per plate for their meals. The menu includes ham, beans, potato salad, and hot rolls. Drinks of coffee, milk and soda pop will be 10c extra, and slices of pie and cake will be sold for 15c each.

Students in each room will have a part in the carnival, and plans have been made for a country store, cake walk, fishing pond, grab bag, beauty and barber shop, picture show, bean jar, witch's tea room, old jewelry sale, popcorn balls, and homemade candy sales. Prizes will be awarded in the various events.

The public is urged to attend the carnival and enjoy the contests as well as watch the small fellows have a good time in Hallowe'en costumes.

This is the only money-making event of the year, sponsored by the Jesse G. Randal PTA, and a large crowd is expected to attend the carnival, especially since there is no football game scheduled for the Brownfield Cubs tonight!

### Altruist Club Hears Book Review

"Time of Peace" by Ben Ames Williams was reviewed by Mrs. Ben Monnett at the regular meeting of the Altruist Study Club at the home of Mrs. Harold Stice, 1204 east Repetto, Tuesday night.

Mrs. Edgar Watson, president, presided during a business session, and a report was made that the club made \$12.50 at a bake sale held last Friday. Announcement was made that a film, "Traitor Within," will be shown at the next meeting. The film will be shown in cooperation with the educational drive sponsored by the American Cancer Society.

New members accepted by the club include Mesdames Alvin King, Woody Tudor, David Flatt, A. E. Coward, H. G. Weatherford and Norman Grine.

Pumpkin pie and coffee were served by the hostess to the following who attended: Mesdames Glyn Bilibrey, Hub King, Bill Liles, Monnett, Thurman Skains, Watson, Bill Jones, John Waddell, Bill Glick, Tudor and Alvin King.

### INTERMEDIATES ENJOY HAY RIDE TUES. NIGHT

Intermediates of the Young People's Division of the First Methodist Church enjoyed a hayride Tuesday night to the home of Mr. and Mrs. C. E. Bartley, five miles north of Brownfield.

The group went in a truck, owned by Lynn Smith, and they "sang all the way out there — around the campfire while they roasted wieners and marshmallows—and all the way back," said Mrs. Dallas D. Denison, who is counselor for the intermediates. She enjoyed the affair as much as the youths did.

Attending the affair were Joanna Cook, Linda Moore, Beverly Issac, Linda White, Mary Ann Holmes, Donna Newsom, Claudene Williamson, Jessie Mary McClellan, Mary Jo Gilley, Russell Portwood, Jimmie Don Syzdloski, Ronnie Sloan, Lynn Cary, Dick Latham, Eugene Owens, Ronnie and Lonnie Bartley, Mr. and Mrs. Bartley and Charles, Mrs. Leonard Chesshir, and Rev. and Mrs. Denison.

Mr. and Mrs. Les Newberry and Mr. and Mrs. S. J. Murray enjoyed a trip to Plains, Denver City and Seagraves Sunday afternoon.

Mr. and Mrs. Lee Short and daughters visited in Lubbock with their son and family, Mr. and Mrs. Dwayne Short.

### Couple Adopt Son; Shower Given Oct. 17

Mr. and Mrs. Sawyer Graham recently adopted a son, Edward Duane, who was two weeks old on Wednesday, Oct. 24.

Honoring Mrs. Graham with a miscellaneous shower on Wednesday morning, Oct. 17, hostesses were Mesdames J. O. Burnett, Tom Harris, and Murphy May, and Mrs. William Richmond of Lubbock.

The party was staged at the Seleta Jane Brownfield Clubhouse from 9:30 to 11 a. m., and an attractive and clever arrangement of decorations was used, carrying out the "football theme."

Guests registered in a book made in the shape of the pigskin, covered with blue corduroy, made by Mrs. May. On the piano was a football and helmet; while yellow mums and daisies were in a football vase on the mantel, flanked with candles. The centerpiece for the refreshment table was a little boy doll, dressed in uniform in a helmet, holding a miniature football. The helmet was flanked with candles wrapped in blue and yellow ribbon, for goal posts. A white madiera cloth covered the table. Favors were tiny footballs wrapped in blue ribbon.

Mrs. E. A. Graham presided at the serving of rolls and coffee. Napkins were blue, with a monogram, "Rah! Rah! Duane Graham." The hostesses presented the honoree with a yellow mum corsage centered with the letters, "MOM." The hostess gift was a card bed, and many other lovely and useful gifts were received.

Approximately 60 persons were invited.

### METHODIST CHOIR TO SING IN LUBBOCK

Twenty-five members of the First Methodist Church will sing with choirs from 77 churches in the Lubbock and Plainview districts at the mass meeting that will climax the evangelistic program, in Lubbock Sunday afternoon, Nov. 4.

Mrs. Newell Redd, local choir director, urges all members to attend the final rehearsal to be held next Thursday night at the church. A group of Brownfield singers went to Lubbock last Sunday afternoon for rehearsal with other church choirs, in preparation for the mass meeting.

The general mass meeting will be held at 3 p. m. on Nov. 4 in Jones stadium in Lubbock, and more than 15,000 persons are expected to attend, said Dr. H. I. Robinson, pastor of Lubbock First Methodist Church and general chairman of the revival in the Northwest Texas conference.

A choir seated in the form of a cross will sing at the mass meeting. The 77 churches are being asked to provide 1,200 voices for the choir, said Dr. Robinson. Sunday's rehearsal was attended by approximately 200 choir members from 15 churches. Mrs. R. O. Short, choir director at First Methodist church, rehearsed them in two anthems they will sing at mass meeting, "Beautiful Savior" (Christiansen) and "Battle Hymn of the Republic." Mrs. Short will direct special music for the mass meeting.

### MRS. J. H. GRIFFIN ENTERTAINS FRIENDS

Mrs. J. H. Griffin entertained a group of friends at her home, 204 east Broadway, Wednesday afternoon of last week and several games of bridge were enjoyed by the guests.

Refreshments were served to Mesdames W. B. Downing, L. Shropshire, M. J. Craig, Sr., J. O. Gillham, J. B. Knight, W. H. Collins, R. M. Kendrick, A. J. Stricklin, Sr., and Leo Holmes.

### Brownie Leaders Meet October 16

Members of the Brownfield Girl Scout association met at the Girl Scout Little House on Tuesday night, October 16, for their regular meeting. President John Bost presided, and others attending were Mrs. Wayne Smith, secretary, E. G. Brownlee, treasurer, Mrs. J. H. Akers, organization chairman, Mrs. Bost, Mrs. Herman Chesshir, Mrs. Lal Copeland, Miss Margie Moorhead, Miss Rachel Dunaway, and Miss Eleanor Miller.

The group voted to sponsor the selling of snow cones at the Harvest Festival, and Mr. Brownlee was in charge of sales by Girl Scouts and Brownies.

Mrs. Akers reported that all troops had been organized and had started their meetings for the year. Plans were discussed for the continuation of the remodeling and cleaning of the Girl Scout Little House and the yard.

The association meets at 7:30 every third Tuesday night each month, and anyone interested in Girl Scout work in Brownfield and the entire county is urged to attend these meetings.

### Stricklinly Speaking

By Old He  
(Delayed)

We cannot help having a bit more to say about that Constitutional Amendment to be voted on November 13, purporting to give the aged a bit more pension money. As we stated last week, this is the last amendment on the ballot that will be handed you. And if there ever was a joker, this amendment is it.

Former County Judge Jim Cantrell, of Collin county, is leading the fight on this amendment, for the reason it will not help Texas old people; but lets the bars down for others to come in from other states, and even foreign countries to share in the pension for the aged. Now this is not just the opinion of Jim Cantrell, but

a lot of our best legal talent. Former Atty-Gen. of Texas, Grover Sellers, of Sulphur Springs, says: "The proposed amendment eliminates the requirements for citizenship. The amendment would greatly enlarge the pension rolls of Texas. . . it would admit citizens of foreign countries, as well as other states of the union, as long as they reside in Texas."

We had to send County Atty. Vernon Townes the second notice about that four-bits he owed us on the "fail to rain ad" weekend back in August. And dagnabit, we just missed out about a week. Just failed to "seed the clouds" soon enough.

This week, Vern send in the dough, but not without a long drawout protest, in legal phraseology, barring us from ever at-

tempting to, try to or attempt to try to, collect a two-bit, four-bit debt any time in the future memory of man. He hardly trusted the Jr. Editor to bring the mazzooka.

But heck on it. We can't get our three cokes a day over at Nelson Pharmacy without the dough, Vern. The do-hickey is a slot machine affair.

Among the other new things brought to life is a new burmuda grass that is said to be much better than the old kind for putting greens. Perhaps a lot of our golfers need all the aids available.

And while on the grass subject, the last issue of Acco Press, house organ of Anderson-Clayton Co., had a fine story about Indian John. John happened to be born in New Mexico on the Apache reservation, to which tribe he belonged. His mother was a pure Apache and his dad Spanish.

Anyway, Indian John drifted into eastern New Mexico where he worked on a ranch, along with a brother, and finally into Hockley county, Texas.

His father began to lose his health, and the boys were advised to get him to a lower altitude, and they landed in central Texas. Here a good white man with sympathy for John and his father, turned over some lands he aimed to move on when he retired from business.

The white man, who would not allow his name to be used, stated that the land, north of Itasca, was badly run down and eroded. John started operations with an old second hand tractor. He now has all the gullies leveled up, the land terraced, and in a high state of cultivation, by rotating with the better grass soil builders, followed by row crops.

John now has all his new implements of all kinds paid for, and has the home and outbuildings in fine shape, with all modern conveniences. And we can add that John got out from that old notion of both white people and Indians, that the Indian man does the hunting and fishing, and let's his Squaw do the work. May not have been much to that old saying in the first place.

Our old ex-Arkansas friend, Jacob Sandage, was in Saturday and had us mail out four copies of the las week's Herald to as many relatives back in the old home state. He made no explanation of the whys and wherefores. Supposedly he just wanted to show 'em how we do things way out here in west Texas.

Maybe after reading about the Harvest Festival, some of them will crank up the old lizzy and head out here for the affair. Hope they bring a home cured ham

### MORE ACCIDENTS AT CERTAIN HOURS

CHICAGO. — Accidents don't punch a time clock on the job—but more accidents check in during certain hours of the day.

According to the 1951 edition of "Accident Facts," statistical yearbook of the National Safety Council, more workers suffer disabling injuries on the job between 10 and 11 o'clock in the morning and between 3 and 4 o'clock in the afternoon than during any other hours of the day.

Mr. and Mrs. Albert Thompson, of Dallas, were here last week visiting his brother, Ed Thompson, and family, Harmon community. Mr. and Mrs. Albert T. make it out about once a year for a short visit.

along, and we get a bit of it.

We don't have the least idea whether or not the idea has ever registered with any of the leaders here in Brownfield or not. But we have thought about "Trade Trips" a lot. And we have always believed they will pay off. The idea came to us even more forcibly Sunday on our tour of the Newmore-Wells section of Terry and Lynn counties.

Our idea of the best time would be while school is in session, and preferably after the harvest rush has subsided. The community school superintendents could be notified say a week in advance of the coming. Perhaps Supt. all or part of the high school band go along to make music.

Souvenirs to hand out to the children would not cost a lot, and printed matter concerning our Dollar Days and other events could be handed to the adults who happened to be present. In our talk with Mrs. Moses who with her husband runs one of the stores at Newmore, we learned we are the same distance as Lamesa to them, 21 miles, while it is 23 by paved road to Tascosa.

This is just a thought we pass along to the Chamber of Commerce and the civic organizations here.

Ran across an item somewhere this week, entitled, "Be imaginative with salads." We had occasion to try it out this week on a kind of cooked salad. The Mrs. cannot eat greasy stuff, so she cooked some cabbage and carrots that looked like salad.

Of course we asked what it was, when she explained, she asked us to try some of it. "Better than you think." And it was, although we are not particularly fond of cabbage—except the kraut form—and we got all the carrots we'll ever want in our teenage.

It is really heart rinding to us to see some of our fine young men gradually digging their own graves, while indulging liquor. There are a few who can take it or leave it—but they are not in droves. Most think they can but can't. If these young men will lay off now while they are young and have some resisting powers, they will be OK. There is however no salvation for the old toppers . . . too far gone.

To close this week's episode, here's a dilly that appeared in the classified ad section of the Thompsonville, Conn., Press: "WANTED—Man to wash dishes and two waitresses." That ought to do to close on.

### Limiting the Income Of American Press

Running a newspaper these days is a form of incorporated hazard, so to speak. And, one by one, all over America, newspapers which have been published for generations are ceasing to be published at all.

A bill now before a committee of the National House of Representatives would probably result, should it become a law, in the serious embarrassment of all newspapers and in the death of not a few which have thus far survived the difficulties of obtaining white newsprint and of meeting mounting payrolls.

Senate Bill 2176, as The News understands it, would give to some swivelchair gentleman up in Washington the power to decide what customers could buy advertising space in The News and how much they could buy. As you know, when you subscribe to The News delivered at your door each morning you pay to the delivery boy a sum which will just about meet the cost of delivering to your door that a-

mount of blank white newsprint. Counting the overhead, taxes and managerial expenses properly allotted to circulation, apart from all editorial, news composition, and press expenses, your money does not pay for the white paper delivered.

The News, quite obviously, is able to tell you about Iran, Egypt and the SMU-Notre Dame game, along with weddings, funerals and the price of cattle, cotton and wool, simply because advertisers in Dallas pay for the space they use to tell you about their business and what their business can do for you. The News is probably selfish in wanting to go on being a newspaper. But it is thoroughly American in wanting to go on being a newspaper free from dictation or strangulation at the hands of Mink Coat Row, Washington, D. C.—Dallas News.

Wayne Pharr of Lubbock, representing the Borden Co., was a visitor at the Herald office one day last week. Says he is a nephew of Judge Pharr of one of the District Courts in Lubbock, but the Judge probably would not admit he's Wayne's uncle.

### The Herald Must Put Capital 'C' on Coke

Under date of October 11, we have a letter from a Mr. Edgar S. Bayol, press counsel, up there on Madison Ave., NYC, calling our attention to the fact that when we mention Coca Cola in the shortened way, we must say Coke—not coke. Get it?

They also sent the clipping gathered up by a Clipping Concern up there at Pendergast City, Mo., that the Old He wrote that we offered a "coke" to one George Cleveland of Yoakum County, State of Texas, but that gentleman turned it down, stating he did not even drink milk, as that was for "wimmen" and children. Anyway, the NY gentleman gives us a lot of usages of trade marks, etc.

Well, down here in Texas they sometimes call a dollar bill a bathide; a small child a kid or irat; a tough guy a ring-tailed tooter, etc. The Herald is sometimes called the "Weakly" Blackder—not the spelling of weekly. It is also referred to as the Headache, the Rag, and various other

### HUGH HULSE UP FROM GRAND PRAIRIE

Hugh Hulse—or was it Lee—was up last week from Grand Prairie, where he now resides. Said he came up with one of the boys. Probably one of his own boys who keep the Hulse farm going. State that he had a fair crop on his place.

Hugh and Lee dropped in for a chatfest. He stated that it was awfully dry this year down at GE, and you'd almost burn up day and night. Very poor crops.

The Hulse boys originated Hown in old Brown county, but have been in Terry a long time, and have made us some mighty good citizens.

### Stricklin Calls On The Stricklins

(Delayed)  
 J. B. Stricklin, of Lubbock, calls on the Herald most every time he is in the city. He has a job with the government to help rehabilitate those afflicted, and tries to find ways and means for them to make their own way in life. He has a case or two here in Brownfield, and he seems to be making good headway. J. B. would easily pass as a brother of a nephew we have in Cleburne.  
 Like all the rest of the family that spell their name like the writer, his ancestors originated in North or South Carolina. We have met them whose forebears came through Tennessee and on to Texas, or as in his case through Georgia or Alabama on to Texas. And one family that used to live in Amurillo, that came direct from Illinois. But all say their folks originated in one of the Carolinas.  
 A few years ago, when the old bachelor Stricklin down near Houston, with a lot of oil under his land, died, a lot of the history came out about the family that we have never heard or even tried to find out. It seems that four Stricklin brothers came over from England about 1800, and bought land along the line of the two Carolinas.  
 They settled down to raise crops and evidently kids. Anyway, we're the first one to meet that says his forefathers came from some other place than one of the two Carolinas.  
 Coincidentally, we noted in Publisher's Auxiliary a few years ago that a Stricklin & Son were publishers of a South Carolina paper. And the son was appointed as secretary to the governor of that state.  
 Mrs. Ola Tinkler of Lamesa visited Sunday in the home of Mr. and Mrs. Virgil Bynum. She is Mr. Bynum's sister.

### Negro Gets 2 Years In Murder Attempt

A rather short term of the district court was in session Monday and Tuesday this week. The only criminal case tried before Judge Louis B. Reed was the case of an alleged attempt to murder. The jury gave Jack Dodson, negro, two years in the penitentiary.  
 Sixty-two men were summoned for this jury, the following being selected: A. J. Wyatt, M. A. Timmons, D. J. Yowell, Milton Addison, J. D. Oliver, Milton Briscoe, Frank Brown, Elmo Adair, Cecil A. Hill, Hardin Joyce, Don Martin and Cullin Forbes.  
 Others to be tried plead guilty, among them Ruben G. Merritt for alleged auto theft and burglary. He received 2 1/2 years in each case. Two men were probationed for cow theft, for 5 years. Another was probationed for removal of mortgaged property.

### Two Seagraves Youths Plead Guilty

Two Seagraves youths plead guilty of theft of tires and tubes worth \$100. Given 3 years, suspended. In the civil docket eight divorce cases and several suits were disposed of.

### O'Donnell Man Electrocutted Sunday

V. D. Thompson, 34, of O'Donnell, was electrocuted Sunday a. m., when he attempted to pull Vernon Barton, 34, of this city, from a short circuited conveyor belt. The accident happened at the Pioneer Salt Works, 12 miles southeast of the city. The accident happened about 8 a. m. Thompson's shoes were wet at the time.  
 Artificial respiration was tried, and Barton revived, but Thompson did not respond. Both were rushed to the local hospital, in a Brownfield Funeral Home ambulance. Barton is recovering.  
 Thompson, a resident of O'Donnell for the past five years, is survived by his wife and five children as well as other relatives. His body was carried to O'Donnell by Brownfield Funeral Home, where services were conducted

### Herbert Bell Calls On the Herald

(Delayed)  
 Herbert Bell and Mrs. Bell are

visiting here from Marshall, in the home of their son Milton and family, as well as his sister-in-law, Mrs. W. A. Bell. Herbert generally pays the Herald a call when he visits here. However, Milton maintains that his dad usually rests and sleeps most of the time when he first gets out here.  
 Anyway, we always have a lot

to say when he calls. Both like to exercise our vocal cords. He had a lot of Marshall C. of C. propaganda to give us, but came off and forgot it. Now Herbert maintains that Marshall and Harrison county is famous for more things than illegal distilleries, which we make so much publicity about, for pure meanness. We hope Herbert sends the stuff he spoke

of by mail.  
 Anyway, the housewives of Marshall have put that good old east Texas city on the map for rebelling against the Internal Revenue department, when they refused to be tax assessor-collector for their servants. Herbert says the lady manufacturer in Connecticut who first inaugurated the move, has visited Marshall sev-

eral times to encourage the fight, and try to get a suit in court. But the government knows it has no case and will avoid a suit as long as possible. If the whole nation of employers would rebel, the government would likely lose a case, despite the nudeal supreme court.  
 Back to illegal distilleries, Herbert tells us that they are finding

**Lots of Rattlesnakes Found This Fall**

(Delayed) Phillip Rogers stated recently that his cotton pickers had quit his cotton pulling because they found and killed some six or seven rattlesnakes as they neared the north part of the field. They got scared and took out for the time being.

For several years now we have heard little of rattlesnakes, but Rogers stated there were more this year in east Terry than for many. We had asked several farmers whose places we visited, Fred Bucey, for instance, about them. No, they had not seen any. Supposedly when the prairie dogs were killed, we would be rid of rattlers, but Rogers stated there were more "dogs" than usual this year. Perhaps another poisoning of these pests will have to take place.

We call them pests for two reasons: They destroy a lot of grass around their mounds, and they provide a winter harbor for rattlesnakes, in the old abandoned holes.

Mrs. Eula Lewis and her son and family, Mr. and Mrs. Clyde Lewis and daughters, Nita Gayle and Sharon Kay, visited their sons and brothers and their families in Hobbs, N. M., and Monohans Sunday.

Mr. and Mrs. J. E. Gibson and son and daughter of Welch, and Mrs. Bill Todd of Brownfield spent several days last week in South Texas, visiting in Austin and Rising Star. They return home Sunday.

**Local Health News**

The results of the Mass Chest X-Ray have been received from the State Health Department and we are happy to state that only 2 per cent of those X-rayed were found to have questionable tuberculosis.

It is important that all of you who have received letters from the Texas State Health Department, stating that a recheck is necessary, do so as soon as possible.

A mass chest X-ray survey is primarily a screening procedure and not diagnostic; consequently, a letter from the Health Department, stating that a recheck is necessary, does not always mean you have TB.

For further information, contact the South Plains Health Unit at 101 South D Street, Brownfield, or call 409.

It has been brought to the attention of Dr. Miller that head lice are infesting some of the pupils of our schools. It would be wise for parents to be on the lookout for these pests by frequent inspections of their children's scalp.

**Some Late Stuff We Rounded Up**

Probably this stuff should have appeared in our column, Strictly Speaking, but that column was crowded out last week, and is being run this week as a delayed matter. One crack we want to make is that the Hon. Price Daniel, Attorney General of Texas, and the Old He see eye to eye about state and national matters, and this also goes for Governor Allan Shivers, who gave the "Total" Democrats a good name—"Trumocrats."

Editor Wade in his Jayton Chronicle column, "Wading Around in the News" last week, remarked that no occasion for a celebration whatever, some one in Jayton had been firing giant firecrackers. It is a well known fact, says Mr. Wade, that such noises greatly disturb old people, or those who are sick and nervous.

Then he asked what people would think of him if he got out his old 12-gauge shotgun and marched up and down the streets shooting it? He also called attention to the fact that Jayton has an ordinance against shooting fireworks in the city.

So does Brownfield, and the firecracker folks get especially rank when the Cubs win a game, and that has been quite frequent this year. Being quite hard of hearing it does not greatly disturb us, but like Editor Wade, we think of the aged, sick and nervous when the explosions start.

A Korean veteran was heard to remark recently that the Truman Police Action Property war could go on 100 years without hurting either Red China or Russia. A Jayton Chronicle reader has suggested that a box with black type be kept standing in that paper, with the name of each man killed or wounded added to the box so the people may know what this Prosperity War is doing for its blood as well as money.

The same paper remarked that Kent county with a population of approximately 2500 had 94 boys and girls in the armed service. The reader wondered what these boys and girls would say about the matter. On the same basis of population, Terry county should have some 500 boys and girls in the service. Some of them are in Korea where the Police Action is taking its heavy toll.

Supposedly the sport writers of the Hubbock Ambulance-Shurball and the Swimminghole Skintines will have to revise their figures on how the Brownfield-Levelland game would go. Both had Levelland winning. And the A-J had the game being played at Brownfield instead of Levelland.

After all, any old guy that doesn't even claim to be a sport writer can do just about as well at the advanced guessing game. For instance, who thought TCU would thrash the heck out of A&M?

We are glad to add George A. Wheatley of the Johnson community to our regular mailing list. George lives at the old Wheatley homestead on the Gray, just west of Johnson store and gas, and has a good crop.

Visitors last weekend in the home of Mrs. O. L. Jones were her daughters and their families, Mr. and Mrs. T. D. Bishop and children of Slaton, and Mrs. H. H. Patterson and children of Childress.

### Wishes For More Editors With 'Guts'

(Delayed)  
Had a letter and a check for \$3 for another year of the Herald from a man who did not wish his name used, who lives a piece down side this week. Says he reads all our editorials and Stricklingly speaking each week. He used to live here.

But, he does not want us to be heard on Harry, as HST was elected on a platform to carry out the work of FDR. The reader said that he felt sure that would carry with it a little dishonesty, corruption and graft. He also stated that his county went for the Republican candidate in the recent congressional election to fill the place of Ed Gossett. And he says that puts that county in the communist column.

When the writer adds, "I wish we had more editors with the guts to write the truth," and in a postscript wants to know why we do not let Ed Thomson express his opinion of Harry in our columns.

That last one is easy. We could make the mails over at Joe Seebach's postoffice if we printed what Ed has to say about Harry.

Visitors in the Fred Smith home Oct. 24, were Dr. and Mrs. John F. Andrews and son, John Collins, of Blinnview; Dr. and Mrs. Wayne E. Smith, of Lovington, N. M., and L. and Mrs. Jesse Collins of Charleston, S. C. Lt. Collins and family left Tuesday for assignment in San Diego and Mr. and Mrs. Fred Smith also left Thursday for an outing around San Antonio. They will be accompanied by Mr. and Mrs. McKinley of San Angelo.

### New Labor Laws Made to Fit Unions

We don't suppose it will do any good to say anything about it, but at least we can get it off our chest. The child labor laws as it pertains to children of transient cotton pullers, has turned out to be just about the biggest farce yet foisted on the agricultural south, of all the farces dished out by the administration. With education as its publicized purpose, the law was in reality conceived by powerful labor unions that know not where they are going and care less, mothered by the administration, and hatched by a Congress afraid of the labor vote.

Instead of education for these transient Latin American children, what do we have? Every rural school in Crosby county, as well as most others all over West Texas, have been forced to close in order that their patrons, the cotton farmers, could get hands to pull their cotton. Two of the independent schools of the county are operating on short schedules. Only two schools, Ralls and Crosbyton, continue to operate on regular schedule—of course, the best thing for the schools but a decided detriment to the farmer.

And what about the transient school children the law was to help. Most of the Latin Americans have flocked to districts that have been dismissed in order that the law can be evaded. Those who have enrolled in the schools of the area, knowing little English and having little educational foundation, pass the day and that is all. They overcrowd the rooms and make the teacher's task, which is always difficult, even more so.

If the same old story of too much concentration of power in a far off place Washington cares nothing about what happens to us out here in West Texas because we always vote Democratic. If the power were closer to home, vested in state government as it should be, then it might be possible to work out a solution of this problem fair to everyone. But as it looks now about the only solution is—plant that stormproof cotton and wait for frost to use that mechanical puller.—Crosbyton, Review.

### Violations of Child Labor Law Is Not Alarmingly High

DALLAS.—While most public schools in the Southwest have been in operation a full month or more, violations of the Federal law dealing with child labor in agriculture during school hours have not been alarmingly high, a government spokesman here reports.

William J. Rogers, Regional Director of the Labor Department's Wage and Hour and Public Contracts Division for five Southwestern states, said that while his investigators had found some violations, most reports indicated that farmers generally were complying with the law and that, as good citizens, they wanted to comply with it.

Some newspapers, he said, are reported to have given the erroneous impression that violation of the law subjected violators to a minimum fine of \$10,000. That, he pointed out, is the maximum assessment under the law, and it can only be assessed by a Federal court.

"We understand that penalties provided by the law have been imposed elsewhere in the United States," he said, "but no employer of farm labor in this region has been fined for violation of this provision of the law."

Rogers said he hoped that record of good citizenship in the Southwest would remain unbroken.

# HOUSE OF THE WEEK

In this space, you'll find "The House of the Week" with full descriptions. This series is made possible by area firms listed here . . . See them to help you with your Home Furnishing Problems.

**THIS HOUSE HAS INDIVIDUALITY**  

A room with a view may be the feature of this house of many attractive features. You will like the picture window whether or not you have a building site with a view of mountains, hills, or river. You will like it simply because it is smart and modern and lets in a lot of this Dixie sunshine.

The arrangement of the living and dining areas permits a comparatively small section to serve as a dining room, and adds much to the spacious proportions of the living area.

Both bedrooms are designed for casual comfort and for an attractive furniture arrangement. Ample closet space in each room is supplemented by the large closet opening into the hall.

The kitchen-workroom area has an abundance of storage room, plus space for a freezer chest, laundry equipment, a hot water heater, and a lavatory. Plenty of wall cabinets can be arranged around the double windows over the sink. The kitchen arrangement permits a counter or work surface approximately 18 feet long.

The screened porch is designed to be an addition to the living-dining area when you desire. Large double doors open onto it from that section of the house.

For those who prefer some form of central heating system, the hall closet can serve as space for gas heating equipment. Any necessary duct work will be at a minimum. It will be equally feasible to install an attic fan type furnace. If oils or solid fuels are used, a small basement under the kitchen area will be all that is needed for the furnace.

**NO JOB TOO BIG**  
**No Job Too Small**  
 from quick repairs in your home to installing a new heating plant in a busy store. You can depend on our skilled men for rapid, reliable work at low cost.

**Cash Income of Farmers Higher**  
 AUSTIN. — Cash incomes for Texas farmers and ranchers in the first eight months of 1951 was 37 per cent higher than in the same period last year, the University of Texas Bureau of Business Research reports.  
 Most impressive were cumulative gains in income from cattle sales—half again as large as in 1950—and in income from cotton, cottonseed and wool production—all up more than 50 per cent from the preceding year.  
 Other commodities which yielded greater revenue during the first two-thirds of 1951 included mohair (up 41 per cent), hogs (up 36 per cent), sheep and lambs (up 12 per cent), poultry (up to 44 per cent), eggs (up to 45 per cent), and milk and milk products (up 10 per cent).  
 Except for cotton, cottonseed and grain sorghum, all commodities that registered year-to-year gains were animals or animal products. In general, vegetables, fruit and field crops fared worse this year than last.  
 Grain sorghum brought raisers twice as much income in 1951 as in 1950.  
 Incomes from wheat and oats, victims of widespread drought, were down 57 and 18 per cent, respectively. Revenue for rice, peanuts, fruits and vegetables dropped 15 per cent. Corn income declined only 2 per cent, but flaxseed growers were hard hit, netting only 5 per cent of the 1950 yield.

**Price Support Rates Announced For 1952**  
 Secretary of Agriculture Charles F. Brannan announced an increased level of price supports on 1952 crop oats, barley rye and grain sorghums, in order to assure adequate supplies of feed grains to support high level livestock production.  
 The following national average price support rates for oats, barley, rye and grain sorghums to be harvested in 1952 were announced:  
 Oats, 75 cents per bushel for Grade No. 3 or better.  
 Barley, \$1.22 per bushel for Grade No. 2 or better, with discounts for lower grades.  
 Rye, \$1.40 per bushel for Grade No. 2 or better or Grade No. 3 on test weight factor only.  
 Grain Sorghums, \$2.38 per cwt. for Grade No. 2 or better, with discounts for lower grades.  
 The feed grain price supports announced are the equivalent of 80 per cent of the latest parity price (August 15, 1951) as compared with a 1951 support level of 75 per cent of the January 15, 1951, parity. The supports for 1952 will be implemented by Commodity Credit Corporation farm storage loans, warehouse storage loans, and purchase agreements. The Commodity Credit Corporation will determine discounts for lower numerical grades of barley and grain sorghums.  
 Price support rates for these commodities are announced at this time in accordance with "forward pricing" provisions of the Agricultural Act of 1949. Eligibility requirements and operating provisions are substantially the same as those for the 1951 crops.  
 Loans and purchase agreements will be available through the offices of PMA county committees from time of harvest through January 31, 1951.

**Keep Your Fruit Salads Pretty**  
 COLLEGE STATION. — Fruit salads are popular with most families, especially when they appear fresh and colorful. Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, points out that fruits often discolor rapidly and for this reason they should be prepared just before using.  
 If a fruit salad must be prepared a good bit ahead of time, Miss Reasonover recommends following this procedure: In cutting up the pieces of fruit use a stainless steel knife. Sprinkle the fruit with a tart fruit juice or dip each piece into a salt and vinegar solution. This solution is made by mixing one teaspoon salt, one teaspoon vinegar, and two and two-thirds cups of cold water. Drop the fruit into the liquid, allowing it to remain there for about one minute.  
 Miss Reasonover suggests this combination for a tasty fruit salad. Place three slices of apples on a salad plate. Top them with slices of peeled oranges. Cut grapes in halves. Remove seed and place the halves on top of the orange slices. A small bunch of grapes may fill the center of the plate. Lettuce and dressing may be placed to the side as a garnish.

**Grass, Forest Fires Hard on Wildlife**  
 COLLEGE STATION. — Recent showers over the state have diminished somewhat the threat of grass and forest fires, but general rains are still needed. According to R. E. Callender, Extension Specialist in Wildlife conservation of Texas A. and M. College, the drought and fires have been hard on Texas wildlife.  
 Valuable wildlife refuge areas have been damaged and others practically destroyed by fires. Areas recently stocked with deer and wild turkey and which would have normally provided excellent food and cover for the game have been reduced to almost barren wastes because of fires. This condition, says Callender, has forced the wildlife that was not destroyed to migrate to other areas where the habitats are less favorable and has lessened the chances for the restocking programs to be successful. Valuable grass and other plants along with forest resources

**Saving the Fall Harvest Essential**  
 COLLEGE STATION, October 26.—Storing foods properly to retain maximum food value as well as preventing spoilage can save dollars in the family grocery budget. Louise Mason, foods and nutrition specialist with the Texas Agricultural Extension Service, recommends storing foods in cool dark, dry places. Even though food is canned or dried, heat, light and moisture destroy vitamins.  
 The specialist recommends a ventilated pantry where foods can be arranged conveniently with air circulating among the containers. High kitchen cabinets are poor storage areas, she says, because hot air rises to ward the ceiling. Cardboard boxes are inadequate, too, because no air can circulate in them.  
 Plans for a ventilated pantry may be obtained by writing to local county Extension agents or to the Agricultural Extension Service, College Station, Texas.  
 Keeping weevils and other insects out of dried vegetables can be a problem. Miss Mason says that beans or peas can be protected from insects by heating them in an oven set at 150 degrees for 30 minutes. Cool and store the beans or peas in air tight containers. These will not be useable for seed, she points out, because the heat will have killed the germ.

**Electric Ranges Require Care**  
 COLLEGE STATION.— Housewives who are lucky enough to have a shining new electric range in their kitchen, might like to have a few tips on keeping it in good condition. Home management specialists with the Texas Agricultural Extension Service stress cleanliness as the most important item.  
 Clean the heating elements by burning off any spilled food and brushing with a soft brush, they say. Never scrape it off or use

water to clean the unit. The specialists suggest keeping the drip pans beneath the surface units clean, too, to prevent burning of wires which lead to the surface units.  
 The porcelain top should be cleaned after it has cooled with warm, soapy water or wiping. Be sure to wipe off lemon, vinegar or other acids immediately, use a dry cloth if the range is hot. The oven may be cleaned with soap and water, followed by rubbing the inside with unsalted fat to prevent rusting. The broiler pan should be stored clean in a utensil drawer when not in use.  
 The specialists recommend rotating the use of surface units, just as automobile owners rotate the use of tires. Use the largest unit when a large pan is being used, and protect the porcelain around the unit with an asbestos sheet which has a hole in the middle.  
 Avoid using higher heat than is necessary, the specialists urge, and be sure that the deep well cooker has water in it before turning on the switch.

## Around The Corner — And Down The Street

By Margaret Bandy Coward

Mary Winston, who teaches in Meadow, has an interesting hobby, that of making pictures. According to her mother, Mrs. Homer Winston, Mary became interested in photography while a student at Texas State College for Women in Denton. She majored in advertising design, and won first place in a statewide contest with some of her pictures. She had photos displayed in the Dallas Arts Building at one time. Through the past summer she made a specialty of taking wedding pictures. She is an elementary teacher at Meadow, and also has classes in Art and Penmanship.

Mrs. Hub King is also interested in photography, and enjoys the hobby so much that she is insisting that Hub include a dark room in the plans for a new home, to be built in the near future!

Want to know who the Harvest Festival Queens were in the past? Miss Glenna Faye Winston, who is now Mrs. Calvin Stevenson over at Plains, crowned first queen of the annual event, back in 1947. In 1948 Miss Diana Ruth McL-

roy, daughter of Dr. and Mrs. T. H. McLroy, was named queen. For the 1949 Festival Miss Ann Snedeker was the chosen young lady.

Miss Peggy Black of the Brownfield senior class, and Miss Peggy Kay of the Union High school were selected queens in 1950.

George Germany and John Ritchey returned Friday from their "Havana Holiday," the all-expense trip they won through the Ford company. Their wives wish the company had included them on the trip!

This is the second all-expense trip won by Mr. Germany, and his wife, Docy, says "maybe third time will be the charm." Back in 1941 when he was working for the Ford dealer in Wichita Falls, Mr. Germany won a deep-fishing trip . . . went to New Orleans . . . Said maybe every ten years were his lucky ones.

The men brought interesting souvenirs from Cuba to their families.

## DO YOU KNOW WHERE I CAN GET COTTON PULLERS?

The above is a question you hear more and more each day, as the 1951 cotton crop pops open, and the fields become white unto the harvest. From the looks of things here Saturday afternoon and Sunday, looks like we have enough Latins and Negroes to not only pull all the cotton, but pull all the mesquites and shinnery oak out by the roots. But we learn that there are a lot of farmers without a hand, yet.

We understand that the employment people are making efforts to get more hands here. Most farmers and others who have thought about the matter are of the opinion that the new federal labor laws are at the bottom of the whole matter. We want you to read an article in this week's Herald reprinted from the Crosbyton Review. We think Editor Curry has sized the situation up pretty well. Perhaps mechanical pickers will be the answer for a lot of farmers.

One of the Herald's bunch was talking to Keith Groe recently. He stated that he had 300 acres of cotton in the Johnson community that he figured on getting 150

bales from. On the other hand, he had some cotton south of town that would make very little. But a lot of cotton will depend on how late the freeze, or whether a freeze or frost, on the amount made.

By the way, we had been told that a field of irrigated cotton out on the Levelland highway had nothing on it. We stopped Sunday and made an examination of this field of cotton that is waist high. It has some cotton on the lower branches, and the middle and upper sections are loaded. This field will make plenty cotton, if we have a late light frost instead of a freeze.

It remained for Mrs. Mon (Kate) Telford to pull a good one on the little dried out cotton in their field. One guy remarked that he did not understand how one white bloom in the top of the stalk could so shade it as to stunt its growth. But Kate added that there had been a big outcome in that cotton since the heavy August rains, and they are praying for a late light frost before a freeze.

An that frost or freeze is where the rub comes.

## M. J. Craig Motor Co. Receives Merit Award

M. J. Craig Motor Company, local Chrysler and Plymouth dealers, Wednesday received a medal of merit service award from the Chrysler Sales Corporation, in appreciation for the outstanding work accomplished by all departments of the local business establishment.

Frank L. Garard, Jr., of Amarillo district manager of the Chrysler Sales Corporation, made the award to M. J. Craig-Motor Company, for outstanding and superior over-all dealer operation, including their facilities, such as their building, service, parts and entire organization, which is far above the average. Mr. Garard stated that only three awards had been made to dealerships in the Amarillo district, Lubbock and Amarillo Chrysler dealers were given the same award. He also reported that only six awards had been made in the Dallas region, comprising 140 dealers. There are 55 counties in the Amarillo district, with 40 dealerships, and it is an honor that M. J. Craig Motor Company received the recognition by the Chrysler Sales Corp.

Mrs. Mon Telford and Mrs. Roy Winger visited Mr. and Mrs. G. L. Woodruff in Matador Wednesday.

## Cancer Society to Show Films

Announcement was made this week by Mrs. Wayne Smith, activity chairman of the local unit of the American Cancer Society, that an educational film, "The Traitor Within," will be shown to civic clubs, study clubs, Parent-Teacher groups, home demonstration clubs, and other organizations in Brownfield and Terry county, at their meetings the next few weeks.

An educational drive to acquaint people with symptoms, causes and cures of cancer was launched by the American Cancer Society recently, and the national motto is "Fight Cancer with Knowledge."

Mrs. Wayland Parker is lay-leader of the local group, and Mrs. Tribby Kincaid is publicity chairman. The local unit had a display in the annual Harvest Festival parade here last Thursday.

Schedule for the showing of the film to various groups is as follows: Lions Club, Oct. 31; Maid and Matrons Study club, Nov. 6; Rotary club, Nov. 2 (tentatively); Delphian Study club, Nov. 7; Jaycees, Nov. 5; American Legion, Nov. 8; VFW, Nov. 13; Jesse G. Randall PTA, Nov. 8; West Ward Junior High PTA, Nov. 1; Alpha Omega Study Club, Nov. 13; Altruist Study Club, Nov. 13.

At each of these meetings a registered nurse will explain the film, Mrs. Smith said.

## Methodist Revival--

(Continued from Page One)

tion evangelism will be conducted in the First Methodist Church, Brownfield, under the leadership of the visiting pastor, Dr. John Deschner.

"We have just received an incomplete report of the south half of the All-Texas Methodist Revival, known as the Houston-San Antonio area. There was something near 12,000 commitments and additions to the church, with more than 8,000 laymen taking part in the visitation evangelism work. Over 10,000 young people attended the Youth Rallies; 42,000 attended the District Mass meetings, with a total local church attendance of 563,000.

"We are expecting and praying for even greater results in our revivals in the north half of Texas," said Rev. Denison.

The first service of the pastors will be this Friday evening, 6:30, and there will be seventy-five pastors of the Lubbock District in session at the First Methodist Church, Brownfield, at that hour. For the entire area, there will be some 1,500 pastors and 10,000 laymen and women working. This will include visitation in homes in the interest of Christ and His church.

The first preaching service in all local Methodist churches will be Sunday morning at the 11 o'clock hour, Oct. 26.

The Lubbock District Youth Rally will be at First Church, Lubbock, this Saturday night, Oct. 27, at 7:30 p. m.

The general public is invited to attend these revival services in the Methodist church nearest you, October 28-November 4. Dr. John Deschner of Corpus Christi will be preaching in the First Methodist Church, Brownfield.

## Brownfield Firemen Hosts to Convention

Denver City Voluntary Firemen carried away the top honors in two races at the semi-annual convention of the Permian Basin district firemen's association held in Brownfield Saturday.

In the six-man pumper race, in which six teams entered, the Denver City team set the record for that day at 21 seconds, while in the six-man hose race, where the firemen hooked up hose connections, they also were the fastest team. J. C. King is chief of the Denver City Voluntary fire department. Denver City received a traveling cup, inscribed and given by Olin Cufferson, who is secretary to the state firemen's convention. The cup will go to the winner in races at the next semi-annual meeting, which is scheduled to be at Crane next April.

## Biggest Parade--

(Continued from Page One)

a "call of nature," and obeyed. And every other horse in the parade from that time on, also had a call on reaching that point. By the time the last horse passed, there was quite some odor, and a farmer might have fertilized a large garden spot from the combined resources.

We have heard many visitors say, and some of them were from Lubbock, that Brownfield, with its Harvest Festival has decidedly the biggest and best one-day affair on the South Plains—maybe in west Texas.
