Kick-Off Dinner Of Farm Bureau Opens Membership Drive Tuesday

Members of the Farm Bureau, their wives and special guests were entertained with a kick-off dinner and program Tuesday night at 7:30 in the Esquire Restaurant. This was the first bureau membership kick-off meeting to which wives of members have been invited.

Jake Fulford, Bureau president, serving as master of ceremonies, brought the invocation and welcomed the group. After introducing speakers for the evening, he introduced as special guests: Grady Elder, Brownfield Chamber of Commerce manager; Lester Buford, Vocational Agriculture teacher; County Agent Jim Foy and his wife; Hub King, secretary and treasurer of the Bureau; and Miss Doris Mahaffey, Terry County Home Demonstration agent.

Miss Mahaffey asked all Farm Bureau officials to participate in a skit, "Uncle Josh Died." In another short skit, County Judge Leonard Lang, who is vice president of the Bureau, demonstrated how he and Mrs. Lang "strutted the streets of New York" on their recent trip to the east coast.

Fulford briefly discussed the weight which the Farm Bureau carries in Washington, citing as an example of their efforts, the success of the R. E. A. He also urged local members to visit the bureau office at any time to discuss their particular problems or make suggestions.

Judge Lang introduced Leon Lane, Assistant State Director of the Texas Farm Bureau. "Selling the Farm Bureau to Others" was the theme of Lane's talk, describing the Bureau's strength and commenting on its organizational solidarity.

R. J. Buchanan, Field Director of District 2, spoke, giving encouragement to persons soliciting new members and membership renewals in the drive which started Wednesday, Oct. 15.

After the close of the program, members of each precinct gathered in individual groups and nominated chairmen and co-chairmen of the precincts. For the first time, women in the group will

work on the membership drive.

Precinct officers named include: Precinct 1, Vic Herring, chairman, Mrs. Leonard Lang, co-chairman; Precinct 2, Tom Pettigrew, chairman, Mrs. Jake Fulford, co-chairman; Precinct 3, Herman Wheatley, chairman, Mrs. Lee Bartlett, co-chairman; Precinct 4, Alton Loe, chairman, Mrs. Alton Loe, co-chairman.

The nomination committee for 1963 Farm Bureau officers is composed of H. L. Holleman, Jess McWhorter, R. D. Jones, Sr., and L. V. Alexander. They will nominate a president, vice-president, secretary-treasurer and four directors, one from each precinct.

On Tuesday, October 21, a check-up meeting will be held at 7:30 P. M., at the Esquire Restaurant. The goal for the county is one thousand members.

Judge Lang announced that a \$25.00 hat would be awarded to the woman writing up the most memberships, and second prize will be a \$15.00 hat.

Announcement was made that the State Farm Bureau convention will be held in San Antonio, November 10-12.

Guard Undergoes Annual Inspection

Regimental Commander Frederick Weston was in Brownfield Wednesday afternoon to make an annual Command Inspection of Howitzer Company, 2nd Battalion, 112 Armored Cavalry Regiment of the National Guard. Army vehicles and arrangements were inspected by Commander Weston.

Lt. Colonel Richard Weirus inspected the ranks at 8 p. m., Tuesday night, and checked over all administrative records.

This inspection is held each year prior to Federal Inspection Conducted by 4th Army Headquarters and scheduled this year for November 19th.

Mrs. R. O. Martin of Seagraves is spending a few days with her son, Seth and Mrs. Martin.

Proclamation

WHEREAS, Monday, October 20 is the beginning of another fiscal year for the American Legion, the largest veterans' organization in the history of mankind and

WHEREAS, the department of Texas through its executive committee and its state commander, Albert D. Brown, has set aside the above date for special emphasis upon the American Legion and its program and

WHEREAS, the local post of the American Legion has over a long period of years contributed to the welfare of this community and area and has constantly fought for veterans' benefits for the widows and orphans of veterans, I Homer W. Nelson, as mayor of Brownfield, Texas, do

HEREBY PROCLAIM Monday, October 20 as "L" Day in honor of the American Legion and urge all citizens and veterans to give special consideration to this great patriotic organization upon this day as its members go forth to get members for 1953.

Signed:

H. W. Nelson

Given under my hand and seal this day, October 13th, 1952.

You Are Invited To See The New Dodge

This paper nor the Shipley Motor Co., has received very little advance information on the new '53 Dodge car, except that which appears on three briefly worded ads in this issue. This description says that it is going to be something new and definitely good—"the nimblest piece of action on wheels."

The car is due to be here next Thursday—Harvest Festival Day—and of course you aim to be in town that day to see all the sights and one of the biggest will be the new Dodge—at Shipley Motor Co., at 814, West Broadway.

Services Today For Accident Victim

Funeral services will be held today at 2 p. m., for Mrs. Darrell P. Lewis, 27, at the Crescent Hill Church of Christ.

Mrs. Lewis was shot and killed in Cortez, Colo., according to an Associated Press release, as she helped a group unload rifles and other hunting equipment.

Trapper Harry Terrell of the Colorado Game Department said Mrs. Lewis, her husband, Darrell Lewis and nine others in a party of Texas hunters gathered Monday night at a motel in Cortez to prepare for the opening of the hunting season Wednesday.

The husband, according to the trapper, unloaded three rifles, all in scabbards, from the party's cars and handed them to his wife. A shot was heard after she had entered the cabin. Mrs. Lewis was found dead on the floor, a bullet wound in the left side of her face.

Authorities were unable to determine whether the shot was fired after she stumbled and fell, dropped one of the weapons or bumped into a piece of furniture.

Mrs. Lewis is survived by her husband, and two children, Danny and Jean, father and mother, Mr. and Mrs. G. W. Snow, Brownfield; and four sisters, Wynne Snow, Brownfield; Mrs. M. G. Roberts, Mrs. C. R. Williams, both of Lubbock; Mrs. J. B. Climmer, Hobbs, N.M.; Three brothers, Lester and Row Snow, Brownfield, Orville of Bryan.

Bro. West of Southside Church of Christ will officiate. Brownfield Funeral Home has charge of arrangements.

Democrats For Eisenhower News

Al Muldrow, District Chairman of Democrats for Eisenhower, was among the reception committee to greet Eisenhower as he stepped from the plane in Lubbock, Tuesday.

A meeting of District officers, including chairmen and co-chairmen of eleven counties, met in the Lubbock county headquarters after the speech for furtherance of campaign in each county. Terry county was represented by L. L. Bechtol, Terry county chairman, and Mrs. E. C. Davis, co-chairman, and Mrs. Maree Johnson.

A called meeting of workers for Terry county Democrats for Ike, was held in county headquarters Tuesday evening. Work was completed in county organization and films were shown. Anyone desiring to see these films are welcome to the headquarters any hour of the day. Films include Taxes, scandals, Inflation, Creeping Socialism and Korea, the price of appeasement.

Aven Sells Interest In Lumber Company

Mr. C. L. Aven announced this week that he was no longer connected with Terry County Lumber Company.

Mr. Aven wishes to thank everyone for their support during his eighteen years in the lumber and building business and wants you to know that it was you that made Terry County Lumber Company what it is.

He expects to remain in the contracting and lumber business in Brownfield and would appreciate your continued confidence and patronage. He and wife will take a short vacation and are heading toward Colorado. Aven said he would like to make New York City as he went there on his honeymoon, but would now like to go to see the city, as he had been told it was a pretty place. They will just make a short trip.

New Decorations To Be Used This Year

By December 1st, Brownfield will take on a Christmas atmosphere. Merchants of the town will decorate the city with 28 garland streamers of three-ply 8-inch aluminum, ornamented with electrically lighted stars, bells and wreaths.

Beginning with a contribution of \$150 from the county, the decoration fund has grown to \$1850. The entire decoration project is expected to cost approximately \$2100.

The town's business men believe the decoration project will pay off not only in increased holiday business, but in pleasure and pride to the citizens of the area. This year's decorations should compare favorably with those of the surrounding towns in holiday beauty.

Brownfield has been laggard on Christmas decorations in the past.

The City of Brownfield will boost the project by putting up the decorations and taking them down at the proper time, and they are also providing the electricity for the holiday beautification. The business men have expressed their particular appreciation for their co-operation.

The area to be decorated with the new equipment will be around the square and the intersections for one block in each direction. All old lights left from last year will be extended from the principally decorated area into the suburban blocks.

The decorative effect will be extended from the Lubbock-Seagraves highway down Main to 7th. Although plans have not been definitely completed, portions of the highways are also to be decorated.

Arrangements are being made to store and preserve the decorations afterward. The new decorations should last two or three years, depending on unpredictable damage done by windstorms and ice conditions. With the new equipment the town should have enough decorations that very little money will be required to make replacements after three years.

Boy, Girl Scouts Have Joint Drive

Kenneth Frazier, president of the Girl Scout Council of Brownfield is to be the chairman of the joint Boy Scout and Girl Scout Fall Financial Drive for Terry county.

This is the first time the two have held drives together, and the monies collected will be divided proportionately, according to number of each. Anyone who desires can contribute to either and it will be credited to the specified organization.

From the 20th to 25th, has been designated as the big gift week, and solicitors will contact those who will give from \$25 up. The week of the 27th, the solicitors will see 10 per cent of the population for smaller donations and on November 3rd, all adult scouts will return their cards and see about contacting those they missed.

The Girl Scouts have not had a drive in two or three years and it was decided to let them share in this one. A lot adjoining the Girl Scout Little House has been purchased for further expansion there. The money collected for their part will be used for furtherance of their projects.

W. G. Torrance of Lubbock, father of Mrs. Burton Hackney, city, is reported in a critical condition in Lubbock.

BETTY CABNESS

First official standings in the Queen's race for the 1952 Harvest Festival were released late Wednesday by Newell A. Reed, Rotary ticket chairman, as follows: Joanne Shelton, 33100; Freda Anthony, 29600; and Betty Cabness, 5600. Votes for the three Queen contestants were tallied on the basis of Festival tickets sold and candidate choices designated by ticket purchasers. Next official announcement concerning Queen contestant standings will be released in next week's paper on the morning of the Harvest Festival.

All money derived from the sale of Harvest Festival tickets is spent on civic projects. For example, funds resulting from past years Harvest Festivals were used to help finance the Cub football stadium, building a Boy Scout hut, assisting with financing the Girl Scout Little House, substantially aiding the band, and the buying and maintaining of two school buses, operated within the city limits for young school children. Also, festival funds were donated to Seleta Jane Brownfield Club House at the time it was built.

Festival day activities will officially open with a fifteen minute air show in formation from Reese Air Force Base, Lubbock, from 10:45 to 11:00. At culmination of aerial display, the parade will begin, featuring three floats for the queen candidates provided by the Rotary Club, as well as approximately a dozen additional floats and other displays.

Among the businesses sponsoring the parade entries will be car dealers and implement houses. We understand Girlstown will have a float. Forming on Main Street east of the Lubbock-Seagraves highway, the parade will move down Main to 7th, turning south to Broadway, disbanding after passing Brownfield State Bank and Trust Company.

Over a dozen bands in the area have already accepted invitations to appear in parade. All bands in the parade, other than Brownfield High School, Junior High and the college bands, will be in competition for the three large trophies to be awarded the winners.

Trophies to the winning bands will be presented at the reviewing stand on the square at close of parade. At this time, dignitaries will be introduced. Among the outstanding personages to be introduced, will be Gov. Allan Shivers.

The program for the day will resume at 2 p. m., at Cub Field, where Gov. Shivers will speak, and short talks will be made by other dignitaries. Bernie Howell, professional entertainer, will be master of ceremonies, and as the afternoon progresses, a well rounded entertainment program will be presented until the crowning of the queen. Highlights will be square dancers in competition and an old fiddler's contest.

Queen of the Harvest Festival will be named and crowned at 9 o'clock. Climaxing the day's activities will be the drawing for the panorama of prizes contributed by Brownfield Merchants.

Floats or displays may still be entered in the parade through this Saturday by notifying Elmer Brownlee or Clarence Griffith. Parade officials said that late entries would be acceptable Monday but that for a harmonious organization of the parade they would prefer to have the complete entry list Saturday.

The Circle and Square Dance Club is having a pre-festival dance at the Veterans Hall on Wednesday night. Walt Gehring and his musical entertainers will furnish music. You are cordially invited to go out for an evening of fun.

We are going to have to go right along with State Senator Jimmy Phillips down there at Angleton. He's Mah Baby, and we see eye to eye on at least one thing that is the matter with Texas, as well as a number of other states. We have reference to presidential preference primaries instead of the old convention system that is as outmoded as a 1917 T-model car. Most of us remember with shame the farces that took place at our state conventions, both Republican and Democratic, when a minority of disgruntled old party bosses walked out, and held rump conventions. As a consequence, Texas had two delegations vying for recognition at both National conventions. To quote Senator Jimmy just a bit: "You, probably like myself, have become alarmed and disgusted at our present political convention system. Texas is making a fool of itself every four years, with bolts from conventions, contests, etc. What happened in July? Both National conventions had rival delegations — Democratic and Republican — the remedy is just let the people control instead of small party cliques. . . that is exactly what the Phillips bill will do for delegates to the national conventions." A lot of states already have the preferential primaries, but some of them have some loose nuts in the machinery. For instance, in some states, the elected delegate can, if he likes, disregard the candidate he was elected to support. Senator Phillips sent us a copy of his entire bill, and from what we could get out of it, it sealed all such leaks as delegates disregarding the provisions of his election. Senator Jimmy says he is just a country lawyer in one of the smaller Texas county seat towns, Angleton, whom the people of his district have honored five times by electing him to the state legislature, with two terms in the house. But as Andy would say, he is fed up "regusted" with party conventions, as is most other Texans. So, if you agree with Senator Phillips and this writer, the next time you see your Senator or Representative from this district, talk to them, and try to get them to line up with Phillips in making a law that will allow the real people to elect delegations to the national party conventions, instead of a few so-called party leaders. And should you wish to write and encourage Senator Jimmy Phillips in this worthy undertaking, just address him at Angleton, Texas.

Speaking of reforms and changes, we will have to hand it to a woman for one of the best addresses we have seen concerning our Texas tidelands, and to whom they belong. This lady was Nan Proctor, who made a fine speech recently, entitled "Womanpower for Eisenhower", at Fort Worth. Most people in Texas, who do not value party name more than they do justice could read this address with value to themselves. Miss Proctor is, in every day life, just a good school teacher, down at Victoria, Texas. She probably does not own any oil wells, or have any interest in them. And in all probability she might not be the center of attraction at a meeting of the 400 club. But she is interested in the welfare of Texas school children, and she knows how Texas came by the title to the tidelands bordering our state. In an educational way, however, Miss Proctor is well known over the State in other ways than just a teacher, as she is a member of the Gilmer-Aiken Committee that just denuded Texas of the one-room, one-teacher school, consolidating them into better schools, where all Texas children may have the best of teachers, buildings and equipment. She is also Vice-Chairman of the Texas Democrats for Eisenhower movement. First off, Miss Proctor asks if you

are more interested in voting 'er straight as usual, or lose the tidelands? The Democratic party of the present, as well as its nominees, believes in the steal of the tidelands, whereas, the Republican platform, as well as both the nominees for president and vice-president, believes they should be retained by the state. Then she tells us that there are 2,608,774 acres of land lying 10.2 miles off the shores of Texas, reaching from the mouth of the Sabine river to the mouth of the Rio Grande. Then she goes into the history of the union as a state, instead of being an independent Republic. Texas offered all its unsold public lands to the United States in lieu of a debt it owed of \$10 million dollars. Now ten million dollars was a whale of a lot of money in 1845, and the treaty with this provision was rejected by the US Senate. Some of them were not only for rejecting the offer, but were downright nasty, describing Texas public lands as "swamps", "tadpole ponds and hog wallows." But those old guys could not look 100 years ahead and see the great oil development in these swamps. Now the Senators from some of these states, Sparkman of Alabama, for one, have changed their tunes radically, since oil has been found in Texas, and these birds covet what belongs to another state. A question arises right here: Since the USA has gone back on this treaty, are we Texans still obligated to remain in the Union? Do we still have to pay the high taxes to this nation that wants to rob us?

The vast majority of people you talk with believe the Red Cross is a great organization. They have either seen it on the job when disaster overtakes a community in the way of flood or wind, or even epidemic diseases. On the other hand, not a few have seen the other side of the matter. They have seen able bodied men and women drop in for help from the Red Cross, who are just as able as most of us, who contribute to the Red Cross. For that reason, we have found many right here in Brownfield, who are not interested in sponsoring ads for a drive. For the past two or three years, the writer has been in a position to see a lot of good as well as the adverse side of the matter. We have in that time, had the contact person as employees of the Herald. Many come in for help. Some of these do not ask for money. Perhaps misfortune has struck the family, and the main support is hurt or becomes so diseased that he is unable to provide for the family. In such a case, sometimes one of the sons are in the service, and the family comes in to try to get them home, and to help provide for the family. Then on the other hand, sometimes some nasty sucker will happen along when Mrs. Mason is absent. Those in the office try to explain that Mrs. Mason is paid nothing by the Red Cross to render services, but gets her income by soliciting advertising for the Herald. But they make as if that is no excuse and she should be on hand at all times to "look after their welfare." Such a guy dropped in last week, making it from California to Florida or some other harbor. Anyway, he was broke and hungry, "hadn't had anything to eat in several days, etc., etc." And then the bird really got nasty. He would sue for a million dollars, and this that we are tempted to take our old hickory walking stick and neatly wrap it around their solid ivory heads. In the first place, why does a guy start out some 3000 miles without funds, if he is not just a cheap bum? But these days of the Queer, New, Raw Deal, there seems to be millions of people who think someone else

should see after their welfare while they are making a tour of the continent. Twenty years ago, you never saw or heard of anything like that. People may have had to eat rabbits — some Trummites say they did — but they were not bumming their way across the nation. Yes, the Red Cross has its good points, we think, but like all organizations, as well as individuals, is often imposed upon.

It is high time that Texas people began to think for themselves instead of lolling in complacency, with a "let George do it." attitude. There is no question whatever that a majority of the powers that be at the national capital, stand four square for the doctrine of "Paramount Rights" as declared by the present packed Supreme Court. It is as plain as the nose on your face what those boys are up to, if you will just put on your think cap for a moment. Don't you understand that if the cronic government can snatch tidelands, and water rights as they attempted to do in California, that they, if re-elected, can step in and take over every state capitol in the nation? And if they can do this, they can seize any other public or private property in the nation. It is a dangerous threat to every state in the nation. And if they can take over all the State controlled property in all the states, how long will the United States of America last, before the Socialistic State of America takes over completely? Then how much better would you be Mr. Property Owner than the lowest serf in Russia or Bulgaria? Twice the Congress of the United States has passed laws by heavy majorities to correct this socialistic menace as perpetrated by the Supreme Court, but each time such a law passed by the representatives of the people has been vetoed. And so far, there has not been enough brave souls in Congress to pass the law over Truman's veto, as it takes two-thirds majority. Truman has the brass collar on enough Congressmen and Senators to stall a two-thirds majority. Now candidate Stevenson comes along and tells us that he stands right where Truman stands, so there will be no hope whatever for the State and private property rights if Stevenson takes over next January. But Sweet Adlai would have the voters believe that all the property the government wishes to swipe

from the states is the tidelands. Better beware! In the first place, the tidelands of Texas belongs to Texas by treaty when it entered the union. If the federal government can kill and forget that treaty, they can just as well forget all other conditions concerning public and private property, and take anything they wish. Think, folks!

It makes one shudder to think that our highways are saturated with the blood of 37,000 annually, and that another 2,000,000 are more or less injured. Who is able to describe the suffering, the huge expense for hospitalization of many of this two million more or less seriously wounded? Or the anguish of the relatives and friends who have to view the mangled bodies of their loved ones? Isn't it about time that laws are made with teeth in them that would deter the reckless drivers from taking chances, not only on their own lives but the lives of other people who have as much right to travel our highways as the careless, reckless and intoxicated drivers? There are a number of states with larger populations than Texas that have less highway killings and injuries. But they have very stringent laws in many instances, such as intoxication of the driver, who can be sent to the penitentiary as a murderer. Aside from the killings, injuries and the miseries and anguish to the loved ones, there is a huge cost attached to these highway wrecks. This sum runs into the multiplied millions, and last year the casualty insurance companies took a real beating. They paid out \$100 million dollars more than they collected in premiums. They can't and won't go on at this rate — not good business. They will either have to greatly raise rates, or quit writing auto insurance. There is only one answer to this parade of carnage. Pass laws with teeth in them that will bar the incompetent, careless and DWI drivers from our highways. And if these laws are violated, make the one that violates them to so pay in money, imprisonment or both, that it will be a real deterrent. Those that refuse to comply should be forbidden to use the highways.

A political plank should be wide enough for side-stepping.

Odd Things Are Happening Hereabout

By Heck

One of our city's big advertisers via postcard route, tells us come January 1st, or soon thereafter, there will be two, maybe three television broadcasting stations in Lubbock.

Well some of us poor but honest folks will perhaps have other pay-as-you-go stuff out of the way then, so we can buy a television set, so much down and so much every time you breathe for the rest of our lives.

We got tickled at a mixup in the headlines on the editorial page of the News, down at Andrews, last week. Of course, the Herald never makes errors? The paper had one article paying a glowing tribute to a local lady for some outstanding civic work. The other was a severe criticism of HST for barnstorming around over the country instead of attending to the business he was paid to see after. You guessed it — the headlines were put over the wrong article.

And according to the Seminole Sentinel, the officers there nabbed two Lubbock guys that had taken quite a pile of money off another Lubbock man, less than 60 minutes and 80 miles earlier. But the Lubbock Avalanche denied the

guys were Lubbock men. From Cowntown, says the Avalanche.

Some of the local football fans got all hot and bothered over an article in the Monahans paper of two weeks ago. It stated that our present football coach, Toby Greer, was fired down there several years ago. We understand that Toby took the whole matter in stride.

Fact of the matter is, as we understand it, Toby didn't make the kind of speech before the Quarterback Club down there that they expected, and one or more of the influential members of that organization got him canned. Well, they did us a favor, didn't they?

Senator Tamm Connally is coming back to Texas to speak for Stevenson and Sparkman. But he did pay the sort of a left handed compliment, when he stated that the work of rebuilding Europe was coming along nicely.

And too, they've lined up Cactus Jack Garner, who took time out from shelling pecans to say he was for the Democratic(?) ticket. All this after FDR kicked him out to give the Vesp job to "Loose Nut" Wallace.

But sometimes, even your old hound dog will love you after you give him a swift kick.

Tells Troubles Of Terry's Tiny Cotton

M. B. Childress was in Saturday and stated that the irrigation well on the John Black farm in the Forrester area, was completed and a good one. But was undecided about the one for the place out Lahey way. The renter was afraid he'd have to hire another hand if irrigated. Maybe so, but if he could make a bale or a bale and a half to the acre instead of a quarter, eighth or twelfth, wouldn't it pay?

Speaking of cotton, Childress informed us that a man down his way explained why our midget stalks of cotton were not doing any better than they are: "That bloom in the top shades it too much," he stated. Could be.

CRESCENT HILL CHURCH OF CHRIST

T. J. Finley, Evangelist

Services were well attended last Sunday with several visitors present. Brother Finley spoke at the morning hour on "Abraham, The Father Of The Faithful"; and at the evening hour, "Jesus At Jacob's Well".

Only temporary concessions have been made by the Italian government to our brethren in Italy. Nothing in the way of a definite answer has yet been received. Under the present circumstances only the Americans are granted the right to assemble for worship. The Crescent Hill congregation has the oversight of the Orphan Home at Frascati, Italy, about 15 miles from Rome.

Thirty ladies were reported last time for class. They continue a study in the book of Acts. Brother J. R. Chisholm taught the class in Brother Finley's absence.

In a recent meeting of the officers of the church it was decided to lend all the assistance possible to the church at Plains, Texas. This congregation is only a few weeks old and has made remarkable progress so far.

The church began its sixth year in the new location last Sunday and paused to reflect a few moments over the progress of past years. Many great things have been achieved and it looks forward with great confidence to greater accomplishments in the future.

Stricklinly Speaking

By OLD HE.

Right here, we want to take time out from "saving the country" to congratulate Eddie Bingham, of the Meadow school, for having received the American Farmers Degree. We believe this is the second Meadow lad that has won that coveted prize, and let it be known here and now that it's no easy road to win that degree.

Eddie comes from an old Terry family, and we congratulate both he and his ag. teacher, Truett Babb, on making AFD.

Among other local people we wish to mention, is William Collins Brown, or as most of us say, Will C., over at the postoffice; Will C. is coming out with another Western Thriller with the December issue of Range Riders Magazine. The new story will be entitled, "I'll Take This Land."

While we have long since passed the day of being an avid western story reader, we try to read all of Will C's offerings, so we can just wonder when and where in heck he dreamed up all that stuff.

Speaking of reading matter, the popular novelist, Edna Ferber, has come out with one she calls "Giant," in which she takes time out to hand Texas a sort of left handed compliment about its big size and great that attitude, on most things Texana.

While we have not read the book, we got a lot of kick out of reading the review of the Ferber book by the reviewers of both the Dallas News and the Dallas Times-Herald. Those boys can get a bit "sour-kraut," themselves.

This is said to be the Gold Star quote of last week: "The election on Nov. 4th, of Dwight D. Eisenhower, will derail the Acheson, Too Pinko and Santa Claus, Express that has been highballing our nation with greased rails leading toward Specialism."—Charles Edison, former Democratic Governor of New Jersey, and Secretary of the Navy under Franklin D. Roosevelt.

This old ancient model newspaper wants to know from this on

you want with information from our files that reach back into the distant past, at least 48 years. If you seek this information to give to other papers, we aim to halt you right at the vault door instead of spending a half hour or more of our time assisting you to find what you want.

Our force spent quite some time recently helping a man dig up some information we thought then was for personal use, only to see it in another paper later.

Sorry we received the information about the Eisenhower address at the Lubbock Municipal Airport too late for publicity last week. Since we now print Wednesday instead of Thursdays, we get a lot of matter too late to meet the deadline.

Personally, we are glad the "World Serious" is over, to borrow an expression of the late cowboy comedian, Will Rogers. And while we may get a licking for stating it, we are glad the Yankees won. We have always felt a bit of sympathy toward the fellows the others were against. To read what nearly all the sports writers have to say, "De Bums" must win or bust a gut.

And it always seemed the same way about the Notre Dame football team. The sports writers always seemed as if they were ready to cry their little eyes out if N. D. failed to win, even if it was a Texas writer, and the "Irish" were playing a Texas team.

We note that some of our exchanges charge for cards of thanks, even those inserted by relatives of some loved one who has passed on. Frankly, we could never figure why such could be considered advertising. Ads are usually used by persons who want to buy something, or wish to sell something. To us, a death in a family could not be so considered.

And we have also wondered why some newspaper folks will lie like a puppy about their paid circulation. Even take an oath before a JP to the Postoffice Department that their circulation is so and so, when every employee in the postoffice knows the guy is swearing a lie. Beats us.

There is a very interesting article in the current issue of Colliers entitled, "Why It Pays Off

Mr. Roy Autry, right, President of General Telephone Company of the Southwest, welcomes Mr. Walter G. Wright who assumed his new duties as Operating Vice President on September 15, 1952. Mr. Wright, prior to his recent promotion, was Chief Engineer of General Telephone Company of Michigan.

To Hate America." And the writer, who has spent many years in Europe goes on to say that the three leading Hate America nations are the ones we have helped the most: England, France and West Germany.

Among those from these nations who lead the hate chorus that swells into the millions of howling haters, are Kurt Schumacher, who spent many years and finally lost his health and eventually led to his death, in one of Hitler's Slave Camps. His plea is that the USA was trying to divide Germany.

Then there is the former Socialist prime minister, Bevan, of England. The main plea of this bum is that we are not helping England enough. Lastly, there is old Gen. de Gaulle, who says we are trying to help France, but want it as a satellite. He has forgotten—or has he—that twice in a generation, the United States has sent over thousands of young men to be slaughtered, and have paid billions of dollars to get the Germans out of France.

Then why tax Americans beyond reason to help these unappreciative yaps? Why not bring our boys home and leave them to face "Good Old Joe" alone? Yes, we are glad to admit that we are that much of an isolationist, so make the most of it.

Terry's Cotton Crop Cut To 45,000 Bales

We note that K. N. Klapp of Lubbock, the Anderson-Clayton cotton estimator, has cut the Terry county yield of October 1, to 45,000 bales, against a Sept. 1, estimate of 55,000, a drop of 10,000. The biggest drop was in counties like this, that had few irrigation farms. However, Lubbock county with a top number of irrigation wells, dropped 50,000 bales to 200,000.

Hale still holds second place with 190,000, a drop of 30,000 bales from the Sept. 1 report. Other nearby counties showed: Lynn county, same, 95,000 bales; Hockley, off 30,000 to 150,000; Dawson, off 20,000 to 40,000; Gaines, off 15,000 to 30,000; Yockum off 3,000 to 9,000 bales.

The estimate of the area of 19 South Plains counties was a drop of 230,000 bales, from a Sept. 1, estimate of 1,690,000 bales to an Oct. 1, estimate of 1,460,000 bales.

It's easy to figure a "living wage" for the other fellow.

NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES THE STATE OF TEXAS COUNTY OF TERRY

To the Resident Qualified Tax-paying Voters of Terry County, Texas;

TAKE NOTICE that an election will be held on the 4th day of November, 1952, in said County, in obedience to an order duly entered by the Commissioners Court on the 22 day of September, 1952, which is as follows: On this the 22nd day of September, 1952, the Commissioners Court of Terry County, Texas, convened in regular session, at the regular meeting place thereof in the Courthouse at Brownfield, Texas, with the following members of the Court, to-wit: L. M. Lang, County Judge, W. B. White, Commissioner Precinct No. 1, Sam H. Gossett, Commissioner Precinct No. 2, Lee Bartlett, Commissioner Precinct No. 3, H. R. Fox, Commissioner Precinct No. 4.

being present, and among other proceedings had by the Court were the following: Commissioner Lee Bartlett introduced an order and moved its adoption. The motion was seconded by Commissioner Sam Gossett. The motion, carrying with it the adoption of the order, prevailed by the following vote:

AYES: Commissioners W. B. White, Sam H. Gossett, Lee Bartlett, H. R. Fox; NOES: Commissioners None

WHEREAS, at the general election held throughout the State of Texas on November 7th, 1944, the qualified electors of the State, voting on the proposition, approved the amendment to Section 9, of Article 8, of the Texas Constitution, which amendment provides that the Commissioners Court in any county may re-allocate the County tax levies authorized in said Section 9 of Article 8, by changing the rates provided for any of the purposes authorized in said Section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed Eighty (80c) Cents on the one Hundred dollars' valuation for any one year, provided that before the Commissioners Court may make such re-allocations and changes in such levies the same shall be submitted to the qualified property taxpaying voters of any such county, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall have been approved, unless the same again shall have been changed by a majority of the qualified property taxpaying voters of such county, voting on the proposition; and

WHEREAS, the Commissioners Court of Terry County, Texas, deems it advisable and to the best interest of said County to re-allocate the county taxes authorized to be levied annually by Section 9, Article 8, of the Constitution, by changing the rates in respect to certain county taxes as herein provided;

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF TERRY COUNTY, TEXAS:

That a special election be held in said County on the 4th day of November, 1952, which is not less than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the qualified property taxpaying voters, who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon: "Shall the Commissioners Court of Terry County, Texas, be authorized to levy and collect in each year for a period of six (6) years from the date of said election, county taxes as follows:

Not exceeding Forty Five Cents (45c) on the \$100.00 valuation, in any one year, for County purposes;

Not exceeding Fifteen Cents (15c) on the \$100.00 valuation, in any one year, for roads and bridges;

Not exceeding Six Cents, (06c) on the \$100.00 valuation, in any one year, to supplement the jury fund of the County; and

Not exceeding Fourteen Cents (14c) on the \$100.00 valuation, in any one year, for the erection of public buildings and other permanent improvements."

In the event that the annual

levy of a tax not exceeding fifteen (15c) cents on the one hundred dollars' valuation for the further maintenance of the public roads of said County has heretofore been, or shall hereafter be, authorized by a majority of the qualified property taxpaying voters of the County, voting at an election held for that purpose, nothing herein shall be construed as rescinding or in any manner affecting the power and authority of the Commissioners Court to levy and to continue to levy said tax.

The said election shall be under the provisions of the Constitution and laws of the State of Texas, particularly amended Section 9, of Article 8, of the Constitution, and Section 3a, Article 6, of the Constitution, and all persons who are legally qualified voters of said County, and who are resident property taxpayers who own taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election.

The ballots for said election shall have written or printed thereon the following:

"FOR RE-ALLOCATION OF COUNTY TAXES."

"AGAINST RE-ALLOCATION OF COUNTY TAXES."

Each voter shall mark out with black ink or blue pencil one of the above expressions, thus leaving the other as indicating his or her vote.

The polling places and presiding officers of said election shall be respectively as follows:

Precinct No. 1, Courthouse in Brownfield, Texas, Lewis Simmonds, Presiding Officer; Precinct No. 2, Jessie G. Randal School, Brownfield, Texas, Charles Hamilton, Presiding Officer; Precinct No. 3, Courthouse in Brownfield, Texas, Mrs. Gladys Moorhead, Presiding Officer; Precinct No. 4, Courthouse in Brownfield, Texas, R. Hinson, Presiding Officer; Precinct No. 7, Johnson School Building, B. M. Tuttle, Presiding Officer; Precinct No. 8, Tokio School Building, George Alexander, Presiding Officer; Precinct No. 9,

Pool School Building, L. M. Walters, Jr., Presiding Officer; Precinct No. 10, Wellman School Building, Robert Hamm, Presiding Officer; Precinct No. 11, Busby's Store Building, Tokio, Texas, J. W. Sherrin, Presiding Officer; Precinct No. 12, Old High School Gym., Brownfield, Texas, Crawford Taylor, Presiding Officer; Precinct No. 13, Courthouse in Brownfield, Texas, Marvin McNutt, Presiding Officer.

The manner of holding said election shall be governed by the laws of the State regulating general elections.

Notice of said election shall be given by posting a copy of this order at the top of which shall appear the words "NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES," at the Courthouse door of said County, and in each of the election precincts of said County for thirty (30) days prior to the election, which notices shall be posted by the Sheriff or a constable, who shall make return on a copy of such notice, how and when he executed the same.

Notice of said election shall also be given by publication thereof in a newspaper published in Terry County, once each week for three consecutive weeks, the date of first publication being not less than twenty-one (21) full days prior to the date of said election.

ADOPTED AND APPROVED, this the 22 day of September, 1952.

Important Facts About PACKARD'S PROVED POWER BRAKES

Outstanding Advancement in Car Control Sets New Standard of Motoring Safety

NOT SINCE 1924—when Packard was first to offer four-wheel brakes as standard equipment—has there been so important a contribution to driving and safety as Packard Power Brakes!

- Proved faster acting, far easier to apply and completely safe at all times, Packard Power Brakes give you quicker, smoother stops with 40% less foot pressure—as thousands of Packard owners have already learned through hundreds of thousands of motoring miles!

- You don't even have to take your foot off the floor to use them. You merely pivot your toe from the accelerator to Packard's low-level brake pedal. This alone cuts 29% from the average time it takes to apply brakes! Gentle toe-tip pressure is all that Packard Power Brakes require.

- First power brakes on any passenger car that you don't have to lift your foot to apply, proved Packard Power Brakes use engine vacuum to produce 40% of the braking effort and to assure a normal "feel" to pedal action. They give you smooth, straight-line stops every time.

- The only car with these proved power brakes, today's great Packard offers you another braking exclusive in its Saffi-Set Parking Brake. This convenient hand brake is either "ON" or "OFF"—it can't be accidentally left halfway on to cause brake lining wear when the car is moving.

- SEE, COMPARE AND DRIVE A PACKARD before you spend \$2500 for a car. Only Packard gives big-car comfort, performance and safety at medium-car cost and economy. And remember—"Built like a Packard" means built to last!

Catherine Thomason Weds Carl Krotzer In Double Ring Ceremony At Big Spring

In an informal double ring ceremony in Big Spring Sunday at 9 a. m., Catherine Thomason of Big Spring became the bride of Carl E. Krotzer, Jr., of Amarillo.

Parents of the couple are Mr. and Mrs. J. F. Thomason of Brownfield and Mr. and Mrs. Carl E. Krotzer, Sr., of Pennsylvania.

The Rev. Maple Avery, pastor of the E. 4th Baptist Church, performed the ceremony at the church.

The bride wore a grey suit with black velvet trim and black accessories. Her corsage was of white carnations.

Mrs. Henry Stewart, sister of the bride, was her only attendant. She was attired in a beige suit with brown accessories and a yellow chrysanthemum corsage.

Henry Stewart served as best man.

Immediately following the ceremony a reception was held in the Stewart home, 1308 E. 15th.

The refreshment table was laid with a blue, linen and lace cloth. Serving were Mrs. Curtis Thomason and Mrs. Cecil Thomason, sisters-in-law of the bride of Big Spring and Mrs. Gerald Beavers of Brownfield.

The bride, who is a graduate of Westman high school, attended West Texas State College, Canyon, for two years. Before her marriage, she was employed by Big Spring Hardware.

Her husband is stationed with the Air Force in Amarillo and they will make their home there.

Miss Jones To Wed E. H. Crossland Nov. 1

Mr. and Mrs. Jay Jones of Brownfield are announcing the engagement and approaching marriage of their daughter, Phyllis, to E. H. Crossland, 302 Broadway of Brownfield.

Rev. Homer Haislip, minister of the Brownfield First Christian Church will perform the ceremony on November 1, at 7:30 p. m., in the church.

FORMER RESIDENT DISPLAYS PAINTINGS

Mrs. Lois Cloud of Lovington, N. M., spent the weekend with her sister, Mrs. Homer Winston, and parents, Mr. and Mrs. Jim Whisenant.

Lois, as she is known by old timers, is an amateur artist and received favorable comment on the three pictures, two westerns and one snow scene, she placed on display at the First National Bank several days after the initial showing of the other amateur artists. Mrs. Cloud also paints china and raises canaries as her hobby.

Mrs. Cloud is portrayed as Jean, (the twin that lived) in the novel, "Time Flew By," by Mrs. Homer Winston.

MRS. ODIS LARNER ENTERTAINS CLUB

Mrs. Otis Lerner, 720 East Broadway, entertained the Ideal Club at dessert bridge, Thursday afternoon.

High scorer was Mrs. Slick Collins, who also won at bingo. Mrs. Roy Herod won second high and Mrs. E. C. Davis won at bingo.

Members and guests were Mesdames Slick Collins, E. C. Davis, Joe McGowan, Bruce Zorns, Roy Herod, J. T. Anderson, Bob Land, Al Muldrow, Jim Cotton, Bob Bowlers, Kenneth Watkins, C. L. Hafer.

WSCS Met Monday At Fellowship Hall

The WSCS of the First Methodist Church met Monday at Fellowship Hall for their regular monthly Outlook program.

Mrs. Jim Griffith conducted a business session at which reports of officers were given. The group voted to give \$10 for a local project. At this meeting it was decided to have another rummage sale.

Mrs. G. S. Webber was program leader. The assembly sang "God Is Calling." Mrs. Jess Smith led the prayer. Others on the program were Mesdames Jim Griffith, D. S. Sampson, J. W. Hogue, W. B. Downing and Mrs. Anna Hare.

The members reported 72 visits made to sick people and strangers. Mrs. U. D. Gorton dismissed the meeting with prayer.

Other than above present were Mesdames A. J. Loyd, Glenn Harris, H. A. Reed, Joe W. Johnson, A. E. Proctor, B. L. Thompson, Sherman Mitchell and Mrs. Dallas Denison.

Guests in the Jim Griffith home Saturday were Mr. Griffith's two brothers, Mr. and Mrs. Theodore Griffith of Lockney, Mr. and Mrs. Roy Griffith of Plainview, and their daughter, Mrs. Pete Brooks, of Amarillo. The parties attended the funeral of Mr. Guthrie in Plains.

Western Motif Theme For Party

Celebrating her eleventh birthday party, Judy Teague entertained with a western party and talent show at her home, 310 East Tate, Saturday evening, Oct. 4th.

Guests attended the showing of "California Conquest" at the Regal, and afterward they went back to the Teague home for refreshments, talent show, treasure hunt and games. All were dressed western. Valdene Garner was winner in the costume contest. She was dressed as a California gold rush dance hall hostess, high heels, evening dress and a large picture hat with flowing plumes. Donald Todd was winner for the boys. Steve Teague won the talent show, singing "Jesus Calls Them One By One," a song he learned in Vacation Bible School.

The Western motif was carried out in the refreshments. The cake was surrounded by a coral fence and cactus, with cowboys for decorations.

Attending the party were Toni Kay Lowe, Sherry Clements, Jewel Walker, Judy Keenan, Ann Copeland, Ann Patterson, Valdene Garner, Barbara Jo Germany Latrice Teague, Shelia Primm, Rosalene Barrett, Jeannette Heflin, Allen Neal, Jerry Don Purtell, Donald Todd, Ayers Wilson and Steve Teague.

Field Director Speaks To Girl Scouts

The Girl Scout Council Association met Tuesday, October 7th, at 7:30 at the Little House. Mrs. Ben Monnett presided in the absence of the president and vice-president.

Announcement was made that Miss Virginia Burgess, regional Field Director, of Albuquerque, N. M., will be here Monday, October 11th, for meeting with leader and executive council. Discussion followed and it was decided that Miss Burgess would meet with troop leaders at 4 o'clock at the Little House, to be followed by a planned covered dish dinner, to be attended by all troop leaders, troop committee mothers and executive council. Miss Burgess will lecture immediately following the dinner.

The following committees were appointed: Menu, Mrs. W. T. Pickett, Mrs. John Happ, Mrs. David Nicholson; Telephone committee, Mrs. John Bost, Mrs. R. E. Thompson, Mrs. Loyd Hahn; Linen, Miss Norma Newman; Gift, Mrs. Ben Monnett; Tables and Chairs, W. T. Pickett and Elmer Brownlee.

It was decided that the Council would appropriate 50 cents per member for each troop, and also furnish each troop with a record and reports book. Each troop and every Council will receive the Blue Book of Policies.

Mrs. Farris Nowell and Mr. Charlie Price will represent the Girl Scout Council in the Citizens Traffic Commission.

The leaders of troop eight, served coffee and cookies to 21 attending members.

Next regular business session will be held Tuesday, November 4th, 7:30, at the Little House.

Entirely too many people try to get the upper hand by dealing from the bottom.

Fine Arts Club Meets In Park

Members of the Fine Arts Club of Plains met Thursday evening and Stanford Park for their monthly meeting.

After a covered dish supper was served, a business session was conducted by Mrs. Gene Bennett, club president. Plans were made for delegates to attend the 7th District Federation of Music Clubs Convention at Amarillo, Oct. 24th. It was also decided that the club will sell home made pies, sandwiches and coffee, at the court-house on election day, Nov. 4th.

A program on American Jazz was presented after the business session. Mrs. Gerald Anderson gave a talk on the "Kingdom of Sving," emphasizing the works of Benny Goodman. A talk on Al Jolson was given by Mrs. Thelma Ellis. Grup singing concluded the program.

Members present were Mesdames G. W. Cleveland, Cecil Courtney, Jesse Hale, G. D. Kennedy, Myrtle Patterson, Wallace Randolph, J. I. Robertson, L. O. Smith, Calvin Stevenson, Matt Williams, Gene Bennett, Gerald Anderson and Mrs. Thelma Ellis.

Dentists To Attend Annual Fall Clinic

Warm Springs Film Shown To Clubs

At a gathering of all the federated clubs of Brownfield at the First Presbyterian Church, Tuesday evening at 7:30, a movie was shown of the Gonzales Warm Springs Foundation at Gonzales, Texas.

Guest speakers for the evening were Roy Harper of the Foundation, and Mrs. John Morris, city. They were introduced by Mrs. J. M. Teague, of the Maids and Matrons Club.

Mr. Harper showed the movie of cases and methods of treatment, also of the buildings. After the movie, Mr. Harper lectured and held an open forum.

Mrs. Morris, whose son, Donald, 18, was a victim of bulbar polio, told of the wonderful work the Foundation was doing. He son, who was a patient at Gonzales, only recently returned from a checkup there, and will go back Jan. 7th. Polio affected his throat, but he is now very much improved. Mrs. Morris urges everyone to do everything they can for the Foundation, as only those who have been there can know of the good they are doing.

Mrs. Teague reports the movie will be shown again in Brownfield to the various service groups and church organizations, and a campaign put on for funds. The Foundation accepts anyone, young or old, who are crippled, where there is a possibility of helping their condition.

Air Force Unit To Meet Monday

The Air Force Reserve Unit will meet in the District Court Room at the Court House, Monday, 7:30 P. M. The meeting site has been changed due to a conflict at the Health Unit. The Reserve meetings will be held in the Court House until further notice.

Sufficient interest has been shown in the formation of a local unit that it is definitely assured. All Reservists are invited to attend and become a member of the unit.

AAUW Chapter Organized

Materials for organizing a local chapter of the American Association of University Women, have been received and a meeting for the purpose of organizing and electing permanent officers will be held Saturday, October 25th, at 3 p. m., in the home of Mrs. Gaster Spencer, 502 East Main.

All eligible women have been extended an invitation to attend this meeting by association officials. Graduates of the following Texas colleges and universities are eligible for membership: North Texas State, Baylor, Our Lady of the Lake, Southern Methodist University, Southwest Texas State College, Texas Christian University, Texas State College for Women, Texas Tech, University of Texas, West Texas State College.

Persons who are alumnae of out of state colleges and universities may call Mrs. Geo. Weiss, telephone 494, to check on their eligibility.

Services Held Sunday For Pfc. Brumley

Pfc James Devin Brumley, R. A. 36787933, Co. F, 8th Can. Regiment, was killed in action on July 24th, 1950, at Yongdong, Korea. He was 24 years of age.

For two and one-half years, the War Department reported him missing in action, then on August 28th, the family was notified he was killed in action.

Funeral services were held at the Nazarine church, Sunday, Oct. 7th. Rev. John R. Ferguson, officiating. Pall bearers were Bill Tankersley, Graham Swain, Dick Proctor, Thurman Skains, Norwood Heath, Alton Martin, all of Brownfield. Other friends were Sgt. Donald W. Price, Sgt. Blakely G. Line, Sgt. Buddy Orr, SFC Lyndall G. Miller, Lt. Fred T. Adams, all of Brownfield. Accompanying the body home was Cpl. Willis D. Ayars, of Oakland, 14, Calif.

Mr. and Mrs. Brumley have two other sons in Korea, Charles and Odell. One other son, Loyd Brumley resides at Sundown, and a sister, Mrs. Edith Martin of Childress, also survives him.

Relatives attending the funeral other than the brother and sister, were Sara, Sandra and Susan Hartin, Childress; Mr. and Mrs. Archie Smotherman, Hooker, Okla.; Mr. and Mrs. Walter Smotherman, Liberal, Kans.; Alfred Smotherman, Clinton, Okla.; Mrs. Edna Shaw and Charley Brumley, Roswell, N. M.; Mr. and Mrs. C. O. Smotherman, Plainview, Texas; Eakes Smotherman, Hollis, Okla.; Mr. and Mrs. Herman Smotherman, Lubbock; Mr. and Mrs. A. B. Carpenter and Mrs. McCutcheon of Sundown; and Mr. and Mrs. Cecil Milton of Ralls.

The Tulsa Rig, Reel and Mfg. Co., of Sundown, sent flowers.

Sugar has 1,794 calories a pound, only half as many as a pound of butter. Any food is fattening if the total calories consumed are more than the body requires.

The adversity of today is surely a man-made condition—and it is up to man to remedy it.

Episcopal Services At Veterans Hall

The Rev. Rex Sims of St. Lukes Mission in Levelland, met with members of the Protestant Episcopal Church in Brownfield and vicinity on Sunday, October 12th, in the home of Mr. and Mrs. Lanse Turner, to discuss plans for holding regular Sunday services in Brownfield.

Church services will be held each Sunday morning at 8:30, followed by Sunday School at 9:45 at the Veterans Hall on Seagraves highway. This early hour will permit Rev. Sims to meet his regular hours at the Mission in Levelland.

Those attending were Rev. and Mrs. Sims, Mr. and Mrs. A. W. Johnson, Mr. and Mrs. J. West-ham, Mrs. U. D. Gorton and the hosts, Mr. and Mrs. Lanse Turner. Anyone desiring further information about this work, contact Mrs. Lanse Turner, phone 446-J.

TOLIVERS WELCOME CARL CLIFTON

Mr. and Mrs. Coke Clifton Toliver, 1109 East Buckley, are parents of a son, born Saturday, October 11, at 9:05 p. m., in the local hospital. He has been named Carl Clifton.

The Tolivers have lived in Brownfield for the past two and one-half years, and are former residents of Lubbock. They are both graduates of Texas Tech College.

She is the daughter of Mr. and Mrs. Carl O. Stewart of Lubbock, and Mrs. Margaret Toliver, of Mullins, is the baby's paternal grandmother.

LENA TROWER will be at SHELTONS the week of Oct. 20. Phone 63-W for appointment for free skin analysis.

Mr. and Mrs. Don Harmon of Oklahoma City, are announcing the arrival of a daughter on the 10th of October. Mrs. Harmon is the former Margene Bell, daughter of Mr. and Mrs. Jewell Bell of the Needmore section. Mrs. Bell is up there at present and will remain a couple of weeks.

Time For A Change

After reading the following article from the News, down at Andrews, Texas, we believe it so appropriate, and so well in line with our own opinion, we decided to copy it in full.

But we will also agree to help kick the rascals out every eight years at least. In that time they will not have time to line up a lot of grafting cronies. But here's the article:

"After long and careful consideration of the planks of both parties and their candidates, we have decided to cast our ballot for the Eisenhower and Nixon ticket."

"We've been Democratic for as long as we can remember. We are still Democrats. In our opinion the Democrats have deserted us in favor of the other way around."

"We believe the Democrats have helped the true Democratic principles of 20 years ago."

The main reason why we're supporting Eisenhower and Nixon is because we earnestly believe that they may be able to halt or at least retard the nation's creeping toward socialism and statism."

"We believe it's time for a change if the true principles of democracy are to survive."

"We believe it's time for a change when the government can take over your business, seize your bank account, raise the wages of your employees, and pay them from your account... merely by issuing a directive instead of the proper court procedure."

"We believe it's time for a change when the government goes into competition with private business, operates at a loss, and then compels private business to make up that loss by taxes."

"We believe it's time for a change when the federal government makes a tax collector out of every employer, compels the employer to collect his taxes without pay, and then by directive, charges a fine on the poor overworked collector for making a mistake by being a day or two late with his return."

"We believe it's time for a change when the administration must keep a war of threats of war going in order to scare Congress and the people into approving billions for a defense effort that brings false prosperity."

"We believe it's time for a change when we have an administration that follows the stupid policy of trying to spend the country into prosperity... and has never made an attempt to operate under a balanced budget."

"We believe it's time for a change when the officials in power perpetrate themselves in office by flim-flamming the public with handouts, doles and subsidies, and destroying individual initiative by offering collective security instead of self-freedom."

"We believe it's time for a change when the government substitutes 'gimmieitis' for 'workitis.' They encourage featherbedding, slow down practices, and work stoppages in kowtowing to big labor bosses and labor racketeers."

"We believe it's time for a change when Texas pays into the federal treasury \$126,000,000 on gasoline, oil and the like and gets back only \$34,200,000. What happened to the extra 92 million? We could have used it to help on our state road construction, but it disappeared into the bureaucratic mill of waste, extravagance and corruption."

"We believe it's time for a change because the individual is being ruled. We were taught that everything was possible if we would study hard, work and save and dream and plan. But now the brilliant mind of the federal bureaucracy does your planning and your dreaming, tells you what to do, when to work, how much to get, sets the price, works out the program, and subsidizes the entire operation with higher taxes."

"We believe it's time for a change after 20 years. This country was founded on the two party system. Unless you let both parties share in the running of the government, corruption and graft is the result. The Democrats have been in for 20 years... that's 12 years too long. It doesn't bother our conscience one whit to vote for the Republican nominees because we haven't

deserted the Democratic party—they've deserted us. "We believe it's time for a change in spite of the fact that the Republicans have been saddled with the responsibility of the Great Depression. Actually, we believe is was no more the responsibility of the Republicans than anyone else since it was a worldwide depression and not just here in the United States. "We believe it's time for a change and that there will be a change unless too many Americans have lost their pride and love of this country and think more of their pocketbook than they do of their freedom. We think Stevenson is the best choice the Democrats could have made, and we think he has made a fine governor for Illinois, but we don't believe they would let him clean up the mess in Washington nor reverse the trend toward Socialism." — Andrews County News.

Attention Women!

New kindling has been added to the long-burning controversy over the relative merits of men and women drivers. In a recent analysis of the results of its Safe Driver Training Course for members and their families, the Auto Club of New York arrived at a decision which gives the traditionally boastful male little to brag about. This round was taken by the ladies, and the young ones at that.

The New York Club survey showed that, if you're a woman between the ages of 18 and 35, then you can learn to drive more readily than your male counterpart. It's reported that disgruntled males who took the course are now circulating the word that the results of the test undoubtedly were compiled by women—between the ages of 18 and 35. Next round, coming up!

SGT. CHAFFIN RETURNING FROM KOREAN SERVICE

1903d Aviation Battalion, Korea—Sgt. Raymond D. Chaffin, son of Mr. and Mrs. W. Halladay, Welch, Texas, is scheduled to return home next month from Korea. He has been serving as a cook with the 1903d Engineer Aviation Battalion which builds airfields for the 5th Air Force. Chaffin was inducted in November, 1950. Upon his return home after eleven months in Korea, he will be separated from the service.

Charges Not Filed In Accident Case

Robert J. Alberding of Plains is in Treadaway-Daniell hospital, and will be a patient there for some time, according to hospital attendants, as a result of an automobile accident which occurred Saturday between 2 and 2:30 p. m., eight miles west of Plains. His injuries included a concussion, extensive lacerations of the head and a fractured and dislocated left elbow.

Alberding was going east in a 1952 Oldsmobile when his car left the pavement, hit a telephone pole and turned over in a pasture. He was alone in the car, which was listed as a total loss by officials. The Plains man was thrown out of the car and landed near the telephone pole in a fence line. A Brownfield Funeral Home ambulance picked him up and took him to the local hospital before highway patrolmen arrived.

At press time, officers had not completed their investigation and charges had not been filed. It was reported to patrolmen that Alberding had been in another automobile accident Saturday morning in Plains. The car was said to have overturned, and Alberding was the only passenger. No one was injured, officers were told.

Cotton Has Been Bit Pretty Badly

Our Sunday afternoon spin was this time taken to the south, southwest, and west part of the county. And we took to the unpaved country roads most of the trip in a leisurely drive. So by doing this, we got to see quite some territory that we had not seen in years. In the drive, we found that perhaps one field of cotton would be hurt by frost or freeze worse than one adjoining. And it didn't seem to make one iota of difference if one of the fields was down in a low place, and the other on a ridge.

Just one of the freaks of nature that perhaps the weather scientists would have a job explaining. But it did seem to us that the irrigated cotton was thumped just a bit harder than dry land farms. But these irrigated farms are going to make a lot of cotton, more than a bale per acre, perhaps 1 1/2 bales. Going south over the F.M. to the Forrester Gin, we turned west there, and traversed that dirt road, which was in good shape, thus going over most of the old driveway we used to make before there was a foot of highway paving in the county.

Some mighty good farming country on that stretch of road from Forrester to where you cross the Brownfield - Seagraves highway near Wellman. Went across the highway and one west for some two miles, then worked back north, until we got some two miles south of the Brownfield-Plains highway, thence east, coming out on the B-S highway at the first railroad crossing just southwest of town. Crops in general really look better than anyone could hope, knowing what they were up against for two long months of hot, dry weather in July and August, as well as part of September, when they really needed rain.

The midget sized stalks are really full of bolls, open and unopen. But the question in our mind is, will the farmers get hands to pull those bolls, or if they get machinery, can they lower the pullers enough to catch all those bolls on the small stalks? As high as cotton is, however, we'll bet a dip of Garrett to a plugged nickel that those old farmers find a way to get it out of the fields and to the gins.

Despite the fact that Horace Fox was not re-elected Commissioner of No. 4, we found some mighty good work he is doing on the roads just southwest of Gomez. His men are putting down caliche bases on some of the sandier spots, and over some of those low lake like places that get as slick as owl grease in wet weather. Also saw some mighty good maize.

If you are afraid to admit your mistake, more likely than not, you are making another.

Kin Call, Hurry On, We Save Food

Can't say we were surprised that we had some kin call last week, as we had seen in the Bolivar, (Tenn.) Bulletin, that they were visiting relatives at Roswell, N. M. However, they had taken much of their time touring Old Mexico, and a hurry home was the result.

Caller were Mrs. Will Reaves, and son, accompanied by Mr. and Mrs. James Jacobs, all of Middleton, Tenn. Mrs. Reaves is a first cousin of the Old He, and Jacobs a grand nephew. Jacobs and wife stated that they had left their baby at home and of course were anxious to see the little lady. But they said there would be a next time, when they would come in their own conveyance, and bring the little daughter along, and visit longer.

TRUCKMEN ARRESTED FOR OVERLOADING

AUSTIN — Over 21,000 truck operators were arrested last year on Texas highways and more than a million dollars was paid in fines and additional registration fees.

These startling figures came to light in the annual report of Major Kent Odum, Chief of the License and Weight Division of the Department of Public Safety. The report, released this week, covers the fiscal year ending August 31, 1952.

Overloading, operating faulty equipment and improperly registered trucks accounted for the greater number of arrests.

TEXAS JERSEY GAINS NATIONAL LAURELS

Texas is the Lone Star State but her stars are many. One of which has a particular splendor at this time is Orland Signal Vol. Sable, an 8-year-old cow in the Victory Jersey farm herd owned by J. Chester Elliff, Tulia.

This cow has just been announced by the American Jersey Cattle Club as the national 305-day butterfat champion of the Jersey breed on her Register of Merit production record of 16,130 pounds of milk containing 1,052 pounds of butterfat. Although much of her record was made during an extended drought, she was able to capture the production title from an Oregon Jersey, Missionary Noble Alice, that had held the title since 1943.

Some Cotton Looks Pretty Good In Terry

Sunday afternoon was so pretty, that after the children and grandchildren had all went home, the Old He and wife got out for a small spin in the lovely autumn breeze. Was our intention to stop with the wife's kin, Mr. and Mrs. B. R. Lay, for a chat, and maybe a cupa Arbuckle, but they had company, and on we went. We few miles north of their place we turned east, coming into the Levelland highway where the cutoff through west Brownfield turns off.

Then up the highway to even with the John Gracey and Lense Price places, thence east on that road to the old Levelland road. Thence up if to the road running by Challis, to the Lubbock highway, and in home. Not much distance, but you know we had not in all the 43 years we have been

in Terry county been over that dirt road from the juncture of the Levelland highway and the cutoff, west to a juncture with the road running north from the old A. P. Moore place, 3 1/2 miles west of town. We had traveled roads both north and south of it many times, but never that one.

While the cotton is unusually small, we saw many fields that the small stalks were loaded from top to bottom with bolls, and many of them were opening. Then there were a few field that we couldn't tell whether or not the farmer was trying to grow cotton and maize or rag weeds and thistles. In some fields the latter really predominated. But these fields were in the minority. Most were fairly clean, and we got a lift, as we believe some one is going to be a bit agreeably surprised at the amount of cotton they will get from these little stalks.

Some did not look so full, probably not dusted for insects. And we saw some mighty good maize

and higeria. But alas and alack, we fear some of the fields are just a bit late, and the grain is not going to ripen, although nice heads on the stalks. Remember, this is October, and the nights are cool, and the maize just doesn't get up and hump on itself like it does in August and early September.

But to say the least, it will make some mighty good feed if cut before a freeze, or soon after one. The dumb brutes will go for it. If the old cows are content, and the hens happy, we'll get our quota of egg, milk and butter. And 45,000 bales of cotton at the present price is not to be sneezed at.

As recently at 300 years ago, sugar refining was considered an art, and a great deal of sugar was consumed as a syrup because of the difficulty of producing a solid product.

Pumper Oil Well Finished In Terry

The Tennessee Production Co., Dee, Ford, in section 24, block K, south central Terry, was brought in last week in the Clear Fork strata at 6,600 feet. The well is a 206 barrel pumper of 28 gravity oil. We were unable to locate a block K on our map.

Down in the Adair-Wolfcamp field of south Terry, Union Oil Co. has spotted a well known as Eva Bryan, No. 2, in section 18 block C-37. This location is nine miles south of Brownfield.

Then in southeast Terry, some 14 miles from Brownfield, Cities Service is starting No. 1, C. R. Starnes. This well will be carried to the Devonian, at a depth of approximately 12,500 feet.

Last report on the Fullerton Oil Co., No. 1, Virginia May Zorns, was that the well had reached a depth of around 8,500 feet in shale and sand. This prospect is six miles south of Brownfield.

Over in Yoakum, the drillers seem to have run into a fine prospect with a rating of some 100 barrels an hour, in the west central part of the county. This well is possibly not too far from the Ralph Lowe No. 1, Bain Price, which is to be carried to a depth of some 12,500 feet.

Anyway, we hope old Bain gets a well, and that he kills one of those fat steers and invites us over to the feast and celebration.

Area drilling is reported much more active than in the summer.

SHERIFF BROUGHTON OF ODESSA, GRANDDAD

Had a letter Tuesday and noticed "First National Bank" on the envelope. So, just thought a not payment was due. After the missle was opened, noted that it was the First National Bank, of Odessa. The writer was the assistant Vice-President, Margaret Broughton. All oldtimers will remember her, as her folks too, the Heartills as well as the Broughtons were pioneer Terryites.

Anyway, she announced the arrival of little Earnest Lynn Broughton, Sept. 30th. Of course his paternal grandpappy is sheriff Earnest Broughton of Ector county, while his maternal grandfather is Lynn Withrow who is the Fire Marshall of Odessa, thus the name, Earnest Lynn.

CARD OF THANKS

The family of the late Mrs. J. M. Young takes this means of expressing their thanks to friends and neighbors for their many acts of kindness shown us and for the lovely flowers and food, also to Dr. Daniell. May God bless each of you.

West Texas Highways Studied By Committee

ABLENE — The West Texas Chamber of Commerce highway policy committee will not make any recommendations on division funds for construction of various classes of highways, or any method of creating additional state funds the highway department

may need.

So stated Virgil P. Patterson of Amarillo, chairman of the committee.

Patterson said he wanted to emphasize that point because the WTCC has heard that reports have been circulated in several places that the organization will "take sides" in highway matters during the next session of the legislature.

"This report is not merely un-

founded; it is direct contradiction to the firmly expressed policy of our committee," said Patterson.

He said the committee will devote all of its activities to making an inventory of highway needs and conducting a public information program on the whole problem.

Patterson said Governor Allan Shivers has declared he will appoint a state-wide committee to advise him before the legislature convenes.

"We will try to be in position to give the governor's committee a complete picture of our West Texas highway needs, from the city expressways to farm roads, and that is all," said Patterson.

The boom of business is better than the boom of war.

Small Gifts Are Most Expected, Well Appreciated

BY EDNA MILES

THE sugar plums that dance through the heads of most women hopefully awaiting Christmas are not, in a majority of cases, mink coats and Cadillacs. Usually dreams are more scaled to everyday reality.

Nonetheless, there are few women who aren't wishing that life will be just a trifle more luxurious once Santa's visit is over, who aren't longing secretly for the small niceties that they never quite get around to buying for themselves.

Such gifts are abundant this year. Fine gestures needn't wreck your budget. If you can't afford to present a dress or suit bearing the label of a famous French designer, a gift of fine dusting powder from his salon is just as likely to bring a thrilled start of recognition. One firm, well-known in the fashion and beauty world, offers this season a large box of elegantly-scented powder, handsomely packaged in eye-catching hound's tooth tweed.

Jewelry gifts are a good idea for putting stars in her eyes on Christmas morning, and for adding sparkle to her appearance the remainder of the year. Choose delicately-wrought pieces set with brilliant rhinestones.

An excellent choice for the woman who has everything is an

A fine dusting powder bearing a famous name and beautifully packaged, brings thrill to recipient on Christmas Eve.

Evening purse of sumptuous brocade makes any woman feel treasured; gifts of dainty jewelry, finely-wrought, gives similar feeling of elegance.

Purse comb and brushes set, encased in handsome moire kit, offers appeal on basis of practicality as well as beauty—a gift to be long remembered.

OCT-12-18 THIS IS OIL PROGRESS WEEK

Progress 1952

Texas have a natural interest in the oil industry, which is so important in our State, and in the progress made since Oil Progress Week was last observed. Here are a few quick facts:

New Wells—During the twelve months ending August 31, 1952, the Texas oil industry drilled 17,000 new wells, at a cost of over \$700 million. Most of the heavy expense of drilling these new wells was paid from earnings plowed back into the development of the State's oil resources.

Production—Production has reached a record level. Texas currently is producing about 46 per cent of all the crude oil produced in the U. S. In the year ending August 31, Texas production totaled about 1,015 million barrels. There are now 133,800 producing oil wells in Texas.

Refining—The Texas refineries will have a big year. They now employ, in round numbers, 46,000 Texans, and process about 28% of all the oil refined in the U. S. The daily refining capacity of all Texas refineries exceeds 2,000,000 barrels. A program to expand and improve these facilities has been general throughout the industry.

Reserves—Proved oil reserves in Texas of 18 billion barrels represented 57 per cent of the U. S. total at the beginning of 1952. During 1951, the last year for which figures are available, proved reserves increased two billion barrels. These are developed oil reserves and the figure is important: developed reserves supply our needs currently and provide reserve capacity that is immediately available when we need it.

Taxes—The Texas oil industry continues to be the largest tax-payer in the State. Through the year ending August 31, gross production taxes alone on Texas oil and natural gas amounted to more than \$137 million; in addition, the industry pays large amounts in other taxes.

HUMBLE

TEXAS OPERATIONS

Twelve Months Ending August 31, 1952

Wells Drilled	891
Average Production, in barrels daily	330,100
Employees in Texas, August 31	17,775
Baytown Refinery: Average crude runs to stills, barrels daily	249,310
Humble Pipe Line Co. operates 5,895 miles of trunk lines for oil and finished products, which had transported a daily average of 722,600 barrels in the year ending August 31.	

In brief, the Texas oil industry during the past year continued to do its part in meeting the demand for oil. It has expanded pipelines to provide low-cost transportation. It has improved facilities for making more and better petroleum products for your use. Today, two gallons of gasoline do work that required three gallons in 1925; and the gasoline costs no more than it did then.

Legion Has Good Meeting, Initiation

Wm. C. Brown gave the Herald a rather glowing report on the meeting of the American Legion on the night of October 9th. He stated that there was a good crowd in attendance, 60 or more, and that 19 new members were initiated. This was followed by a fine chicken barbecue.

Since the next meeting falls on Thursday, Nov. 13, and so closely following Armistice day, the membership decided to make the usual Sunrise Breakfast take the place of the regular meeting, at which time the Vets hope to have all and sundry out in force to fittingly celebrate the closing of hostilities, on the European front, Nov. 11, 1918.

But before that date, the service men have planned a special party for all the service men and their wives, or their dates, on Tuesday night, Oct. 21. All are urged to bring along their dominoes or cards for bridge and canasta. Coffee and doughnuts will be served.

Seminole Raps Cubs For 6-0 Loss

By Jack Lucas

Seminole proved to be a little hard to handle for the boys from T-A, but it was a hard-fought nip-and-tuck game all the way. Heading the list for the Indians was big Jackie Sparks, the full-back, along with quarterback Jon Wilson. The only touchdown came in the second quarter after a 10 yard Sparks touchdown was called back because of a clipping penalty.

The second quarter saw more action than any other period. Jacky Stockton, Cub halfback, intercepted a pass from Jon Wilson in the end zone and returned it to the 20. Jerry Baily also blocked one of Gothard's kicks and Loman Jones picked it up and scampered for short yardage before being brought down. Billy Thomason also intercepted one of Wilson's passes. Wilson was being rushed, so had to throw likewise.

The Indian's second quarter TD came on a one-foot plunge by Sparks, who had taken the four full plays from the 9 yard line to do it. He still just barely hit paydirt. The extra point from the toe of Gothard failed. The Cubs then got the ball and started on the march but ended on the Indian's 40 yard line when the half ended.

The second half opened with Stockton taking the opening kickoff and nearly getting away when he was caught from the side by an Indian on the 45. From there on through the third quarter, the two teams changed the ball back and forth, having to give it up on downs.

In the fourth quarter, the Cubs came back fighting for the goal, but didn't succeed. The Cubs had control of the ball most of the period, but didn't really get started until the final three minutes of play. The Cubs took over on their own 35 yard line and carried to the Seminole 12. But on the next play, the Cubs were thrown for a 5 yard loss and two plays later, which was the last play of the game, the Cubs tried a pass, and failed, and the game ended. Next week the Cubs play the Hereford Whitefaces, who run off the TCU spread. They also boast one of the best defenses on the Plains.

Baylor-Tech At Lubbock Saturday

LUBBOCK — Baylor University plays Texas Tech's battered Red Raiders in Jones Stadium here Saturday night at 8 o'clock.

Reeling from three successive losses, the Raiders probably couldn't have picked a tougher opponent against whom to try to change their luck. Baylor, a darkhorse Southwest Conference title contender, had its visions of an unbeaten season spoiled by Arkansas, 20-17 last week.

Coach Dewitt Weaver doesn't expect the loss by graduation of Larry Isbell to make the Bears any easier than they were last year, when they took the Raiders by a 40-20 score. Three other starting backs return, and the line is sparked by Bill Athey and C. O. Bracato.

Halfback Pat Green of Paducah may make his debut against Baylor. Green, a freshman, had just about beaten out Bobby Cavazos at right half, but a chipped bone sidelined him before the schedule started. Cavazos won't be easy to dislodge, however.

Another Good Well OK'd In Adair Field

The Union Oil Co., brought in a good well in the Adair-Wolfcamp field recently. It was the No. 3 T. I. Miller, in block D, section 21, and came in as a \$29.44 barrels per day at a total depth of 8,511 feet. It was high grade, 44 gravity oil.

Just over in northeast Yeakum county a well was brought in on the Lee Brownfield land by Cherry Drilling Co., on section 20, block K, at a depth of 5,998 feet. It was a pumper, and was producing 220.8 barrels per day of 30.5 gravity oil, no water.

Speaking of oil and what it means to this section, a geologist, whom we have known for some three years, and is a good friend, remarked lately that if he had any land in Terry county, he would not lease it for a small sum. He mentioned a figure that is more per acre than most land sells for, outright.

COLORED SCHOOL RESUMES STUDIES

The Wheatley colored school began holding classes Tuesday morning after being dismissed so the children could help in the harvest.

Mr. Douglas, Superintendent of Brownfield schools stated hours for the Wheatley school to be in session was Monday through Friday, from 7 a. m., to 1 p. m., until further notice. This gives pupils a chance to work and also go to school.

Why Does Your Car Burn Too Much Gas

AUSTIN — If you think your car is using too much gasoline, service experts of the Texas Division of the American Automobile Association may be able to give you the reason.

Besides the well-known causes, excessive speeding on the open road and fast getaways at stop lights, there are certain mechanical reasons for gasoline wastage, the Three-A experts say.

- (1) Worn ignition cables; (2) sticking valves; (3) faulty choke control; (4) defective breaker points; (5) leaky, clogged or poorly adjusted carburetor; (6) weak coil; (7) leaky gaskets; (8) poor oil circulation; (9) fouled spark plugs, and (10) ignition timing.
