R. V. Moreman Is Named General Director For Two-County March Of Dimes Drive

R. V. Moreman has been named general director of the 1953 March of Dimes campaign for Terry and Yoakum counties, and the two-county drive has been launched with volunteer workers hoping to make it the most successful of its kind on record.

Mrs. Jack Shirley will serve as chairman of the Mothers' March of Dimes Committee, which will conduct a house-to-house canvass for donations.

Letters are already being sent out to each family in the two-county area urging that each individual contribute to the drive, whether the donation is large or small. Polio had its record year

in 1952 and although Terry county had only one polio victim for the year, Yoakum county had a number of cases reported.

Directing activities in the various towns in the area will be J. T. Bryant, Wellman; Mrs. J. M. Burleson, Meadow; A. E. McGinty, Plains and Bronco; Cecil A. Bickley, Denver City, Bennett and Allred.

Moreman pointed out that 55,000 cases of polio were recorded during the past year, and that the disease is on the increase. He is urging each resident of Terry and Yoakum Counties to do their financial part in fighting polio. "Terry County may not be so lucky this year," Moreman added.

DR. ROBERT TINLEY NAMED PHYSICIAN FOR HEALTH UNIT

Dr. Robert E. Tinley, 42, of Denver City, has been named physician for the South Plains Health Unit, subject to the approval of the Commissioners' Court and the state department.

Dr. Tinley has been in charge of the Yoakum County Hospital at Denver City for the past three years. He and his family will move to Brownfield soon.

Brownfield Mittmen Win Over Lubbock

Brownfield Golden Gloves boxers won out over Lubbock 5-3, in a 14-card boxing exhibition highlighted by five main events Tuesday night in the old high school gym.

The 135-pounders battle between Johnny Cloud and Mike Harris was the thriller of the night with the local boxer winning a decision over Harris.

Excited fans were on their feet for most of the three rounds between heavyweights Roscoe Treadaway and Bobby Hicks. The Brownfield mittman and Cub football star won a close decision over Hicks.

Lyle Shelton, named by sports writers as one of the better boxers in the area, won a TKO over Lubbock's Red Ferguson in the second round of a middleweight tiff. Ferguson is rated as one of the top prospects in the Lubbock region.

Other Brownfield winners were Charles Bratley over John Regal, and Henry Schultz over Pat Blessing.

Lubbock's wins were Ray Thornton in a close decision over Leo Hall, and Don Jay over Dewey Bradley. Lubbock's Watts Fletcher also decided Junior Brown.

Coach Tom Adams is supervising the Brownfield boxing team, and Lubbock's gloves are under the direction of O. C. Foster.

Mother Of Dying Mexican National Brought To Son's Bedside By Bureau

Manuel Marquez has gone back to his home, Porrecoah, Old Mexico, for his last sleep, but the Mexican man died peacefully, for his mother was at his bedside, due to the efforts of members of the Terry County Farm Bureau.

The Mexican National, who was employed by Alvin Herron as a farm laborer, had been a patient in the Treadaway-Daniell Hospital for almost two months before Christmas. He was suffering from an abscessed liver, and he knew he was going to die.

Christmas time is always a bad time to be alone — away from loved ones — but when you know it's going to be your last Christmas, then the loneliness is almost unbearable. Manuel's most ardent wish was to see his mother, but he was without money and, he thought, without friends. And Porrecoah, Mexico is a long, long way from Brownfield.

When members of the Farm Bureau heard Manuel's story, they decided to play Santa Claus in a very special way, and with the help of local citizens, raised money to bring the Mexican's mother and her fifteen-months-old baby to Brownfield.

On Dec. 27, when the bus arrived here a Mexican woman got off, looking bewildered and walking painfully because of arthritis. She spoke no English but clutched in her hand was the letter in which she has received the money for her bus fare so her American friends would recognize

Dr. George Sibley Assumes Operation Of County Hospital

Dr. George Sibley, who has been practicing with the Treadaway-Daniell hospital for the past two years, has assumed operation of the Yoakum County Hospital at Denver City. He and his family will move to Denver City soon.

Yoakum County Commissioners' Court met Monday, Dec. 29, and awarded a contract to Dr. Sibley to operate the hospital for the coming year, and his duties there began Jan. 1.

During the time he practiced here in Brownfield, the young doctor attended an average of 35 patients per day.

He has been active in all civic affairs, and is a member of the Lions Club and Masonic Lodge. Dr. and Mrs. Sibley are both members of the Brownfield Chapter of the Order of Eastern Star.

VENABLE NEW OWNER OF TRACTOR COMPANY

A deal was consummated recently wherein Ike Bailey and Glen N. Webber sold their Brownfield Tractor business to Johnnie Venable. Johnnie formally took over this week. And they are showing the new 1953 model Ford Tractor.

A lot of interested farmers were seen over there several times this week to see the new Ford Tractor. And many are congratulating Johnnie in his new business and are expecting great things of him.

Bailey and Webber have not stated their future intentions, but as they are interested in other matters, will likely remain in Brownfield.

CHARGES ARE SET FOR MAINTAINERS

Commissioners' Court met recently and voted to set a charge of \$6 per hour for work with county-owned maintainers in the various precincts for levelling, terracing and digging irrigation ditches. A charge of \$10 an hour will be charged for making irrigation slush pits.

These charges are effective now, according to County Judge Leonard Lang.

New Terry County Officers Take Oaths In New Year's Ceremony At Courthouse

A new slate of Terry County officials took their oaths of office in a ceremony held New Year's day at 10 a. m. in the District Courtroom of the Terry County Courthouse. County Judge Leonard Lang had his oath administered by Justice of the Peace J. W. Hogue, and Lang was in charge

of the remainder of the ceremony. Only four of last term's members remain. They are Mrs. Eldora White, district clerk; Mrs. O. L. Jones, county treasurer; Vernon Townes, county attorney; and Hogue, justice of the peace.

Judge Lang, who defeated his opponent in the election, is beginning his first term as an elected official. He was appointed to fill out the term of Herbert Chesler, who resigned last Jan. 1.

Chesler, who was tax assessor-collector preceding his judgeship, had been appointed to fill out the unexpired term of the late Judge Homer Winston. Mrs. Florene Webber was appointed to complete the tax assessor term for Chesler.

New officers taking over were: Don Cates, tax assessor-collector; Chick Lee, sheriff; and Wade Yandell, County Clerk. Yandell, as county clerk-elect, was appointed to fill out Dube Pyeatt's unexpired term as clerk in October. Pyeatt resigned and was appointed to the newly created county auditor position. Constable for Precinct 1 is Roy Moreman.

New commissioners taking office were Earl McNeil, Precinct 1; Carl Stephenson, Precinct 2; B. R. Lay, Precinct 3; and R. L. Burnett, Precinct 4. Retiring commissioners were Bruce White, Precinct 1; Sam Gossett, Precinct 2; Lee Bartlett, Precinct 3; and Horace Fox, Precinct 4.

Also beginning new terms were Burton Hackney, Democratic Executive Committee Chairman; H. B. Virgil Crawford, Chairman Precinct 1; James Harley Dallas, Chairman, Precinct 2; W. R. Tilton, Chairman, Precinct 3; H. L. Hollenman, Chairman, Precinct 4; T. A. Wartes is public weigher.

And they are still going to be right here in old Terry ready for any pitch sent over the plate, and that they are going to go right on helping make our city and county a better place to live.

Jack Levine Buys Purtell Clothiers

Jack Levine, formerly of Shamrock, has purchased Purtell Clothiers from Kenneth Purtell and assumed operation of the business Monday. Purtell will continue his farming interests.

New name of the specialty shop is Rambo's Mens' Store. Levine has dealt in the sale of mens' clothing throughout his business career.

Mr. and Mrs. Levine and their daughter, Joann, 13, moved here about two weeks ago and are making their home at 317 East Buckley. They were residents of Clinton, Okla., before moving to Shamrock.

Jake Gore and Mrs. Andrew Cooper, who have been employed at Purtell's will continue to be associated with the store under its new ownership.

DON'T FORET TO SEE THAT NEW CHEVROLET

One and all are cordially invited down to the Teague-Baily Chevrolet Co., tomorrow, to see the new, all new 1953 Chevrolet. They promise you that it will be all or more than you expect.

Courteous and competent attendants will be on hand to show you the new car.

AIR RIFLE RULING IS BEING ENFORCED

A warning to parents whose children have air rifles has been issued by Chief of Police Houston Hamilton, who stressed that anyone found shooting one of these guns within the Brownfield City Limits will be prosecuted to the full extent.

Hamilton pointed out that an existing city ordinance prohibits the use of an air rifle within the City Limits, but that approximately 20 windows had been shot out of the First Christian Church recently. A large number of broken windows has also been reported at the Shamburger Lumber Company.

Parents of offending children will be held responsible, Hamilton said, urging strict observance of the ordinance.

And Here's To Those Retiring Officials

In another place, we have an article about the new county officials taking over, and most of the men are new ones this time. They are all swell guys, honest as the day is long, and we hope and believe they will make us good and true officials.

But the object of this little piece is to those grand old boys who are retiring. Now maybe you readers may have had a little occasion in time past to disagree with one or some of them. So have we, but it was nothing that could not be fixed to suit us, and was, by a little heart to heart talk with that one.

So, in the process of retiring to private life, we want Osie, Florene, Bruce, Sam, Lee and Horace all to know that we like and respect them, and honestly believe they have tried to make good officials.

And we are tickled that they are still going to be right here in old Terry ready for any pitch sent over the plate, and that they are going to go right on helping make our city and county a better place to live.

Two Of Our Most Aged Men Very Ill

Hadn't seen Uncle Jimmie O'Connor in some time, so when the Mrs. and the writer drove down after the mail Sunday afternoon, we decided to drop by the home of he and his daughter, Mrs. Hamilton. A lot of cars in front was our first intimation that Uncle Jimmies was ill.

He had a very bad had Saturday, they reported but was thought to be improving then and Monday, but Tuesday he took another turn for the worse. A son from Missouri and a daughter from Amarillo were there Sunday, and two sons from California were expected Monday. If he lives till early Feb., he will be 97 years of age.

Then we learned Sunday that G. G. Gore, to be 87 in Feb., had a stroke, and was for a time dangerously ill in the hospital. We learned however that he was some better Monday. These are very fine citizens, and their friends are hoping and praying for them.

Two Aged Citizens Pass Wednesday

As we go to press we learn that Uncle Jimmie O'Connor, who would have been 97 early in February, passed away at 6:45 A.M. Wed. Burial 10 A. M. today.

Also, another aged citizen, Tom T. Kizer passed away at 1:20 P. M., Wednesday. Burial today at 2 P. M. And too we learned of the passing of an other old time Terryite, A. C. Harvey, who passed away at Portales, N. M. His burial will be here at 4:00 or 4:30 Friday afternoon, with Masonic services at graveside. More about these and other deaths net week.

Mr. and Mrs. Joe Shelton attended the Cotton Bowl game in Dallas New Years day.

R. L. Bowers, who has not been so well of late, is reported improving.

RED EXPECTS YOU TO SEE NEW BUICK

W. E. (Red) Tudor and his personnel up at the Tudor Sales Co. layout will be expecting you Friday to see the spanking new 1953 Buick. And they will be glad for you to see the engine, the body, upholstery and whatnot, and Red will even allow some of us to honk the honker.

Elsewhere in this issue we not only have an ad, but a large article of description of the new car. And by the way, if something else holds you off from a visit Friday, they will likely still have the car or cars on display Saturday.

Eric Rhea Yeager Is First '53 Baby

Little Eric Rhea Yeager, born Jan. 2, at 8:18 a. m. in Treadaway-Daniell Hospital, is Baby 1953 for Brownfield, for he was the first child born in Terry County this year. Parents of the boy are Mr. and Mrs. J. C. Yeager, former Brownfield residents and now of Tatum, N. M.

The baby has a five-year-old brother, Robert.

Mrs. Yeager is the former Miss Jene Thompson, daughter of Mr. and Mrs. Ed Thompson, 414 South Fifth, and has lived in Brownfield for 22 years before moving to New Mexico.

In Tatum, Yeager is chief computer with the Texas Company.

Colored Speaker Presents Opportunities for His Race

The elders of the church have extended an invitation to a colored representation of Southwestern college, Terrell, Texas, to speak at the regular service of the Southside congregation next Sunday night. The elders believe this step will accomplish a desirable effect in more toleration of other races, and also acquaint the members with the commendable work being done at Terrell.

This college is in its second year of operation, and represents the only work of its kind in the brotherhood. The schools operates on very beautiful and well equipped campus and is supported by friends and brethren of both the colored and white churches of Christ.

The public is invited to hear this man preach, and also get information regarding Southwestern Christian College for negroes.

School Board Meets Monday Night, New Furniture Slated For West Ward

Members of the School Board of Brownfield Independent School District voted to purchase new furniture for West Ward building at an estimated cost of \$6,000, when members of the board met Monday night in regular session. Attending were C. G. Griffith, president, W. J. Carter, Hubert Thompson, Alton Webb and L. V. Alexander.

The \$6,000 to be spent will be from the fund of approximately \$20,000 left over from the recent bond issue. Supt. O. R. Douglas said after the purchase is made, good sound furniture will be in all the local school buildings.

For some time the Board has been considering the possibility of converting the east building at West Ward into a cafeteria. However, from all prospects, the building will be needed for classroom space next year.

A resignation was accepted from Miss Betty Carver, sixth grade English teacher, and employment of Mrs. Mona Chambliss as third grade teacher was approved.

J. B. Curtis, curriculum coordinator, was named census trustee for 1953. Plans were discussed for taking a complete census of all local children from 0 to 18 years of age. No definite action was taken on the matter, but definite

Ground Breaking Ceremony Set Sunday For New \$300,000 Methodist Church

To the ordinary passerby it may have been just a group of workmen unloading some building tile, but to members of the Brownfield First Methodist Church, it was the beginning of a dream turned into reality. Preliminary running of lines and unloading of materials began this week on the \$300,000 church structure for which the building permit was issued in the City office last Saturday.

John T. Glover and Sons of Lubbock will supervise construction of the buff brick and masonry building to be located on East Broadway, just east of the First Presbyterian Church.

According to Jake Geron, City Secretary, issuance of the \$300,000 permit put the total of building permits for the past 12 months period well over the million dollar mark.

Formal ground breaking ceremonies are set for 2 p. m. Sunday on the building site. Rev. Dallas D. Denison, pastor of the church, will be in charge of the event, as

isted by Rev. Vernon N. Bonderson, district superintendent. All members and friends of the church are urged to attend the outside service. Rev. Denison said.

The tool house went up this week, but actual work on the church will not begin until after the ground breaking rites.

The complete and modern church structure will face north, going into the main church entrance, one will enter a foyer, a prayer room open night and day to all denominations. At the foyer's right will be a women's lounge.

Continuing into the 70 by 57 foot two-story sanctuary, a 15 by 28 foot chancel is seen, featuring two organ chambers. On the first floor, a corridor to the right of the chancel opens into an adult classroom on the south end and 11 by 17 foot choir room on the north. Additional classroom and storage space is located above this area on the second floor.

Joining the sanctuary in an L, is a two-story educational wing, extending to the east. Just inside the far east entrance is a storage and equipment area, and being north across a small parlor is an area approximately 24 by 18 feet which contains a business office, superintendent's office, book room, pastor's study and small rest room. This area is directly across the main educational wing corridor from the church parlor.

Going west up the north side of the main corridor of the wing, one finds a 22 by 18 foot kindergarten garden, flanked by an 18 by 18 foot classroom on the east and an adult classroom about 15 by 13 foot on the west.

A 20 by 18 foot kitchen is located on the south side of the far east end of the main educational wing corridor, and is joined by a serving window to the 18 by 28 foot parlor. At the west of the parlor, two nursery rooms open off a small reception room which adjoins a little kitchenette and restroom area.

Next in line, continuing west up the corridor, is an 18 by 18 adult classroom and an extensive restroom and lounge area, which also features storage and equipment space.

The entire second story of the educational wing is composed of classroom and assembly room space. Assembly areas for juniors, intermediates, and primary Sunday School students, are surrounded by classrooms for the various age groups. A 23 by 34 foot Young People's Assembly room, located at the far east of the second story wing, features a stage, off of which open smaller rooms for storage and a director's office.

Church officials anticipate that the new building will provide adequate study, recreation and worship space for some time to come. The total church membership of slightly over 800 persons, is made up of approximately 625 members, and average Sunday School attendance is about 250 persons.

In the church's future are plans to add a small chapel, reaching north from the east end of the educational wing.

THREE OF ROBERSONS ARE IN HOSPITAL

Three members of the W. A. Roberson family are still patients in the Treadaway-Daniell hospital as a result of an automobile accident which occurred Christmas Eve.

Mrs. Roberson is suffering from a broken right arm, and six-year-old Lynn is in traction for a broken left arm.

Dr. Roberson received a back injury and has been placed in a cast. Extent of his injuries has not been determined.

Cubs Lose 2, Win 2 In Tourney

The Brownfield Cubs showed up better than expected in the Tri-State Tournament held at El Paso during the New Year holidays. The Cubs lost their first game to Ysleta and this put them in the consolation bracket. They won the next two from Wink and Austin of El Paso, only to meet Ysleta again. Ysleta had been beaten by Bowie of El Paso and also thrown in the consolation bracket. The Cubs lost their only two games to Ysleta — the first one by 13 points, the last by 2 points.

The first game against the Ysleta crew was a 50-37 battle where the Cubs were eased out by a speedy little Spanish team. Profit hit 11 for the Cubs and Arzola had 16 for the Indians.

The next game the Cubs beat the Wink Wildcats 69-39 and Bailey had 24 points to 9 for Morgan of Wink. After this game the Cubs pulled an upset by beating the highly-favored, Austin of El Paso 52-44. Black had 22. Profit had 20. Afaide had 20 for the Panthers. The last game with Ysleta, the Cubs led the Indians until the last quarter, when they were nosed out after Black, Bailey and Profit fouled out. Black and Profit both had 12 points, and Arzola of Ysleta had 18.

El Paso High won the tournament front runner-up Bowie, also from El Paso, 50-45. Bernillo won consolation from Ysleta by a score of 52-49. Jefferson of El Paso won third place. The only boy from Brownfield making all tournament was Max Profit, who had 59 points in four games.

The week-end the Cubs have their own tournament, starting Thursday and ending late Saturday night. There will be about ten teams in the tournament. Among them are Levelland, O'Donnell, Seminole and Snyder.

Well, here 'tis another new year, and we were greeted by a fine old-fashioned sandy-andy Mr. Weatherman had, unthoughtfully hinted that there was a possibility of some moisture, perhaps some snow. But he forgot where he was for the time being, when he made that crack. If there were any clouds, we failed to see them, but they could have been up there behind that cloud of dust; several thousand feet lower than where the clouds ought to have been. Such carryings on! If it keeps up the way the weather has acted up the past year or two, all our Weathermen will become Timid Souls, like Mr. Milquetoast, and they'll just hem-m and haw. Maybe this and then maybe that, or the other. But from now on to May or June, you can almost bet the pair of Sox Mr. Santa brought you, that we will have plenty dusty-uppers. However, there is just no one that can do a frazzling thing about the weather. Even way back in New England, according to Mark Twain, they had some 144-odd different sorts of weather in 24 hours. And if we do not miscalculate, that is some six to the hour. Out here, we have never ran across anyone, old timer or new comer, that really stated that he liked these dusters, or that they ever thought they would become used to them. One of the mean things about the duster is its odor. To tell the truth and nothing but the truth, so help us Hannah, the doggone things stink. We have a time or two, thought perhaps we might be able to seed the wind over in New Mexico, or in Cochran or Gaines county, whichever way the breeze was from, with perfume, and make 'em a bit more bearable. Why not? Haven't we been seeding the clouds to cause it to give down with more rain? Now, if we could just get our dusters to smelling more like the rose, we might get hundreds of "towerists" to drive out here

during spring just to smell our dusters. Might even open Cub Stadium to seat the visitors, at a small fee, while they were inhaling the aroma from our sandy-andy. However, we fear that one trouble would be that the blooming things travel so fast that Roby, Merkel or some other place under the cap would get most of the whiffs from our attar of roses. Anyway, 1953 was ushered in with a good one, and you can bet your Christmas Sox on that.

For several moons now, we have heard nothing, not even from the White House, about the war over in Korea being a "police action." We believe that even HST is playing silent on that name. In terms of casualties and money cost, it is now regarded everywhere as a full scale conflict. And as most of us have come to understand, the commies just do not want peace except at their own price. For almost a year, our arbiters met with the commies, and took abuse like most of our civilized nations are taking it from the bolsies in the UN assemblies in New York. What does old Joe Stalin and his measly crowd care about how many Chinese and North Koreans are killed? There are multiplied millions of Chinese with nothing to do but fight for old Joe. They have been taught, perhaps, that if killed, they are bound straightway to some kind of hog-heaven, where good food and drink, pretty women will be at his beck and call throughout ceaseless ages. And don't old Joe and his mob have a holiday selling the Chinese their fighting equipment at inflationary prices? No Russian is getting killed, and their workmen are turning out munitions of war at prices that are filling those heathen bolsies purses with money. Blood money, it is true, but what do they care for humanity? In the meantime, allied loses have run

near 300,000, mostly US and South Koreans, and the expenditures in money has run around 15 billion dollars, most of which will be paid by American taxpayers. But, we must not win, is the attitude, if not the idea in Washington. "Might make old Joe mad, and then just look at the prosperity it is bringing our nation!" As for our part, we will do without our part of the prosperity, if that will stop having to send our young men 12,000 miles away from home to be offered a sacrifice that some may prosper. Those old GI's, Marines and Sailors are taking the gaff much better than any of us could hardly expect. We noted a picture in one of the dailies last week, where a bunch way up near the front lines, had laid empty cannon shells in such a way that when a picture was made, perhaps from a "copter," spelled out the words, "Happy New Year." But the picture didn't register happy new year to us.

The January issue of Nation's Agriculture, official organ of American Farm Bureau Federation is at hand, and we found some mighty good reading matter in this issue. AFBF is becoming one of the really big farm organizations, in fact, we believe it now the nation's largest, with just shy of 1,500,000 members. The northeast section, lying north of the Potomac and east of Ohio, and including the New England states, have 141,492 members. The Southern region, lying south of the Potomac and the Ohio, and stretching from western Texas to the Atlantic, has the second largest membership, 487,595. The largest membership is the midwest region that stretches from Colorado east to and including Ohio, with 737,902 members. The western region has the smallest membership, and includes all the territory not mentioned above, and runs to the Pacific. This section has a membership of 125,293. The report states all regions have made good progress in the past year, and all growing at a rapid rate. Some of the regions, like the southern, are holding training schools for the youth and the younger members. The older members in this work want leaders that are already well trained to take up the work where they left off, when that time comes. Let us state right here, that unlike some of the labor organizations, Farm Bureau is not trying to shake down the rest of the tax payers for every farthing they can get. In fact, last year the congress cut some \$150 million dollars off of the appropriations made by congress for parity payments. These farmers understood the burdens the average taxpayer

is undergoing, but evidently congress does not, or doesn't care, as the full amount was slipped on anyway. Election year, you know. But a lot of the congressmen who insisted on putting on the full amount failed of re-election for their pains. This farm organization knows that a lot of so-called white collar folks, particularly those with sizeable families, are having a hard time meeting the rising cost of living. It was for this reason that the AFBF wished to share the burden with them. The main purpose of the organization, aside from mutual aid, is the teaching of better farming methods, the conservation of soil, etc., and not handouts from the government.

Much has been said and written about Gen. Eisenhower's trip to Korea, what benefit it will be if any. But what we can gather from writers who have been on the spot, Ike will have to re-do much that bungling in the past has caused. To make the matter as plain as possible, most writers as well as the rest of us, now believe we have had too many people in the high places in Washington who were let's say, not commies, but who thought old Joe Stalin was a good old guy, particularly during, and near the close of World War II. In the first place, the USA was a sap to ask old Joe and his cut throats to enter the war against Japan, the last two or three months of that conflict. The USA already had Japan to her knees, and it was just a question of days before they surrendered unconditionally. Yet Russia got in the last few days of the war, in time, however, to take over Manchuria, and now making an effort with Red Chinese troops to take over Korea. The second let down the USA had, was with the aid of the Russian sympathizers then in the State Department, and a desire to do business with the Red gang in China, instead of Chiang Kai-shek. We lost the only powerful friend we had in China, and instead, gained the Red enemies with whom we cannot do business, and which in reality started a new war. We are not accusing the whole State Department or the Administration of being Reds or subversives, but when a bunch of them went over there about 1948 or the year following, and came back with the decision to abandon Chiang Kai-shek, that is where we dropped our wad. We are glad that we have a real military know-how man to take over this month. Perhaps he will find some way to end the war, which the administration terms "police action," without starting a world conflict. We know the present rulers have made things worse instead of better. Apparently, it will not be to the interest of the USA or UN at this time to withdraw and leave the South Koreans at the mercy of the Chinese brigands. To do so, would tell the Russians in plain language that we are "pushovers", and invite an attack on western Europe or elsewhere. That we were not a match for a second rate power like Red China. Let us all hope and pray that the new administration will find a way to get us out of the quagmire that the Truman regime got us into. Despite what Britain thinks, we believe China should be blockaded.

Along with other matters, we have this week a statement from State Senator Kilmer B. Corbin, which we would like for all our readers to peruse closely. And if you have any good suggestions, Senator Corbin is inviting you to get in touch with him about the matter. Here is the pitch: The highway department is asking many millions of dollars more than usual, to try to keep Texas highways in passable condition. Then there is the public school teachers, whose salaries are said to have fallen way under the trend compared to other employes, and the cost of living. Additional taxes must come from some source, and Corbin believes in getting them from sources most able to pay. Principally from people who are exploiting the natural resources of the state. It seems to us that something like that was passed two years ago, but the pipeliner who are exploiting Texas, and sending this oil and gas to other states to sell at a big profit, have entered suit to keep the State from collecting this tax. We once had a fellow for President of the USA by the name of Teddy Roosevelt, and some of the big bugs tried to pull a fast one on him with a small sized depression about 1907, but Teddy got rough with his "Big Stick," and the panic was over before it had

ly got started. We need a big stick man to get hard boiled with these pipeliner. If they would send mechanics, guarded by a bunch of Rangers and State Guards, if need be, to cut these pipe lines before they enter another state, we imagine the big boys would get on the ball poco tiempo, and pay this tax. But as long as they can bluff their way out of the matter, that's what they will do. Perhaps someone will say that this is interstate business, and no one but the federal government may interfere. Would it be interstate commerce to cut them before entering another state? We don't think so. There are ways to kill a chicken without wringing its head off. It can be chopped off. And the sooner we get tough with those pipeline boys, the sooner Texas school children will benefit from money that is justly their own.

We have a legislative session coming up, you know, this month, and one thing we have seen discussed in "Reader Columns" of late, is the pro and con banning of firearms of any nature about our premises, without a special permit. Those for such a law, do not tell us how they will keep the hi-jacker and the robber and murderer from obtaining and possessing firearms. In fact, they don't know. Their idea, it seems, is just let the householder try to defend himself, his home and family with a broomstick of the mop handle. As long as firearms are made, the outlaws will get their share. Not only guns and pistols, but bombs, grenades or any other destructive thing they may wish. These dogooders are going to ask the legislature at the session to forbid law abiding people to have of possess firearms. But as long as firearms and bombs are made, or ammunition for them, the outlaws will get their share, you needn't doubt that. We

He also knows that regular purchases of U. S. Defense Bonds equal to the annual depreciation will help him replace this machine when it is worn out.

are not in favor of disarming the law abiding people to put them at the mercy of outlaws. Let's let well enough alone. New York has tried such a fool law, and there are just as many murders and hi-jackings as there were before the law was passed.

Mary Wanda Whitney Becomes Bride Of Billy Bob Hamilton In Candlelight Ceremony Read Sunday At Baptist Church

Miss Mary Wanda Whitney became the bride of Billy Bob Hamilton of Brownfield in a double ring ceremony read by candlelight Sunday at 5 p. m. in the Brownfield First Baptist Church. The bride is the daughter of Mr. and Mrs. R. W. Whitney of 1209 Tahoka Road, and the bridegroom is the son of Mr. and Mrs. A. M. Hamilton of Route 2, Lubbock.

Harvey Pruitt, minister of the Smyce Church of Christ, read the double ring vows before an archway entwined with greenery, and pink gladioli and flanked by baskets of pink gladioli. Pink cathedral tapers burned in branched wrought iron candelabra before a background of greenery, and pink tapers tied with pink satin streamers served as markers on the bridal aisle.

Mrs. Pat Ramsey, organist, accompanied her husband, Pat Ramsey, soloist, as he sang "Because" and "Smilin' Through" as a musical prelude to the ceremony. "Wonderful One" was played as the candles were lighted by Bobby Whitney, brother of the bride, and Gene Mason, cousin of the bride. "Indian Love Call" was heard during the reading of the vows, and traditional wedding marches were used.

Given in marriage by her father, the bride wore a gown of bluish pink nylon illusion over bridal tulle in a bluish pink tone. The fitted bodice was fashioned with a sweetheart neckline caught at the sides with tiny lace medallions, detailed with sequins and seed pearls. Fastening down the back with tiny self covered buttons, the bodice came to a V in the front and had short puffed sleeves. The bouffant skirt was detailed with swirls of white lace medallions ornamented with sequins and seed pearls, and extended into a cathedral length train. Matching bluish pink mits were worn by the bride.

Her fingertip veil of French imported illusion in a bluish pink tone, fell from a band of satin ornamented with sequins and pearls, and the bridal bouquet was a single large white orchid circled by 11 small white phalaenopsis orchids showered with white maline and white satin ribbons tied with lovers' knots. The arrangement was carried atop a white Bible.

For something old and borrowed, the bride carried a linen handkerchief belonging to her aunt, Mrs. Elean Simmons of Paris, Tex. Her wedding ensemble was something new, and a garter was chosen as something blue. The bride's father placed a penny in her slipper for luck.

Miss Joanne Price of Brownfield, cousin of the bride, served as maid of honor, and bridesmaids were Mrs. Henry Zorns of Abilene, Mrs. Virgil Short of Post and Miss Bat Hamilton, sister of the bridegroom, from Lubbock. The bride's attendants were identically designed frocks of pink net over satin fashioned with strapless bodices featuring satin midriffs, and multi-tiered net skirts over satin. Short capes completing the attendants' ensembles were fashioned with three tiers of net, and their bandeaus were of pink velvet tubing.

Miss Price carried a large arm arrangement of Better-Times roses, and the bridesmaids carried smaller bouquets of a dozen Better-Times roses.

Steve Meinecke, brother-in-law

of the bridegroom, served as best man, and groomsmen and ushers were Bill Draper, Newell Baldwin and Rallo Henry, brother-in-law of the bridegroom, all of Lubbock.

A reception was held honoring the couple immediately after the ceremony at the Seleta Jane Brownfield Clubhouse. Their parents and members of the wedding party assisted the bride and bridegroom in receiving.

Mrs. Mahota Winston greeted guests at the door, and Miss Charlene Simmons of Paris, directed guests to the registry table. Mrs. Steve Meinecke, sister of the bridegroom, presided at the bride's book of shirred pink nylon tulle detailed in seed pearls.

A medley of piano selections was played throughout the receiving hours as a musical background by Mrs. N. L. Mason. Assisting in hospitalities were Mesdames Gay Price, Joe Price, Lee Fulton, Don Cross, Roy B. Collier, A. D. Rose, Merrellous Wisley and Miss Mary L. Ballard.

The bride's table was laid with pink taffeta and net covered by a three-tiered all-white cake topped by a miniature bridal couple. Circling the wedding cake were Better Times rosebuds, and tall white tapers burned in crystal candelabra. Loops of Better-Times ribbon were caught up by matching rosebuds around the edge of the table. Mrs. T. L. Treadaway and Mrs. Money Price served hot spiced tea from a silver service. Mrs. Jerrell Price and Miss Judy Griffin assisted in serving.

At the close of the reception the couple left for a wedding trip to New Orleans. The bride wore a navy blue suit of gabardine with white silk blouse, navy shoes and bag and white hat and gloves. Her hat was detailed with seed pearls and her corsage was a white orchid. On their return to Brownfield the couple will make their home at 203 North A after Jan. 20.

The bride as a 1948 graduate of Brownfield High School, where she was a member of Phi Beta Kappa, and has attended a Lubbock business college. She was formerly employed at the Melody Music Mart.

The bridegroom graduate from Lubbock High School in 1947 and for two years attended Texas Tech, where he majored in Business Administration. During two years service in the Navy, he was stationed for ten months in Japan on the USS Bairoko. He is now employed at Hoy's Flowers in Brownfield.

Out-of-town wedding guests were from Lubbock, Amarillo, Paris, Morton, Blackwell, Abilene, Plains, and Lovington, N. M.

Mrs. O. L. Jones had all her family home over the weekend with the exception of Mrs. Marvin McDaniel of Paso Robles, Calif. The gathering was to celebrate the arrival of Pfc. Oscar Leo Jones, who came in on Wednesday from Korea, where he had been stationed for the past 11 months. He has his discharge from the armed services. In attendance were Mr. and Mrs. Truman Bishop and family, Slaton; Mr. and Mrs. H. H. Patterson and family, Amarillo; Mr. and Mrs. Clifton Jones and Mr. and Mrs. Mansel Thompson, city; and Mr. and Mrs. Kenneth Jones, Silverton.

THE PAUL YOUNGS ENTERTAIN VISITORS

Recently the Paul Young family had visitors from Whitner, Alaska. They were Liman Young and family. On their way to visit his mother in Texarkana, they stopped over to visit his uncle J. M. Young, whom he had not seen in 35 years. All other kin in this area were contacted, and they had a great get-together at the Paul Young home, near Gomez.

The Alaska kin fly to Washington state, buy a car, and come on to Texas. Returning to Washington, they sell the car and take a plane for home. They liked our sun sets and surises, as they hardly see the sun in winter. They had 2 feet of snow last winter, but warm underneath all that snow.

The Terry kin hope to have a longer visit next time, and can hear more about Alaska.

A FEW TELEVISION TIPS

- By Paul Carter
- For Fewer Service Calls—
1. Be sure to get an instruction sheet with your set. And read it.
 2. Don't move your set unnecessarily. Jarring it may loosen a wire.
 3. Don't tamper with your set; it's a delicate mechanism.
 4. Place the set far enough away from the wall to prevent blocking the air cooling vents.
 5. Don't place it close to a radiator or other source of heat.
 6. Don't have the room brightly lighted when the set is in use.
 7. Teach your children how to handle the dials properly. If they are too young to learn, try to keep them away from the set.

When You Buy A Television Set—

1. Buy from a well-established, reliable dealer.
2. Find out exactly what you are buying, especially who the manufacturer is. Find out whether the advertised price of the set includes all necessary charges for installation, antenna, etc.
3. Find out what type outdoor antenna is generally good in your neighborhood.
4. Know what your manufacturer's warranty covers, and for how long. Warranties vary. Most cover you for replacement of parts for 90 days. Some cover you for a full year, usually for an extra charge. In the latter case, the warranty may cover only the picture tube, or even all parts. The warranty may or may not cover any kind of service, shipping costs, or labor.
5. If you want a service contract from a dealer, find out before you buy your set which deals offer service contracts.

When You Buy A Contract—

1. Make sure what the contract covers.
 2. Find out specifically what it does not cover.
 3. Know with whom you are signing.

Notwithstanding the fact that practically every family in the congregation has been affected by illness of some sort, within the past three weeks, the attendance has shown a remarkable righting of itself.

In the ladies class, meeting Tuesday at 10 a.m., Mrs. Walter Tomlinson gave an essay on "How To Chose a Husband" and Bro. West spoke on "The Characteristics one Should Look For In Choosing a Wife."

I Love My Mom

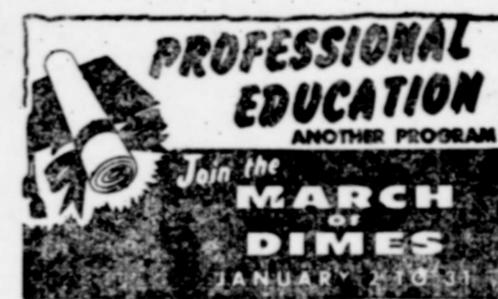

For the second time in two years, death in the form of respiratory polio has been put to flight by Mrs. Alice Jones of Oswego, Ore., with the aid of the March of Dimes. The young mother of three children had to undergo a throat operation while still dependent upon an iron lung to sustain breathing. Her six-year-old son Steven greets her as she returns from hospital still in an iron lung loaned by the local March of Dimes.

Wheel Chairs Built for Two

Mother supplies the motive power in this new "tandem" wheel chair arrangement being used by Mrs. Victor Masters, 31, and two-year-old son, Mike, both polio patients at Georgia Warm Springs where many others are recovering with March of Dimes aid. Mrs. Masters' husband, a missionary in Africa, and a four-year-old daughter died of the disease in a Southern Rhodesian hospital. Unique hookup device is used.

CRESCENT HILL CHURCH OF CHRIST

T. J. Finley, Evangelist

The new year has arrived and the group of Christians which meet at Lubbock Road and Oak are planning great things for 1953. As they look behind them to the year which is now history they see both successes and failures. In that time they have gained the lessons which time and experience alone can bring.

For many the new year holds nothing but fear and delusion, but not so with those who follow the good shepherd. They have faith in themselves, in their fellow man, and in God. True, the picture of global affairs is anything but encouraging to even the most optimistic nevertheless true Christianity rises above the fears of war or depression. There is a dependence upon God who has a great storehouse of good things when man's supply is depleted. Yes this is the atomic age and the rise and fall of worldly monarchs seems to hold the attention of the greater part of the world's population but the Christian has no real need for fear. His security is in Christ and those who have taken refuge in the cleft of the rock of ages are in an enviable position.

With the incoming year there will be those who are in need of food, clothing, and shelter. This is the Christian's opportunity as well as responsibility of doing good toward all men. The lead of the Christian is lightened as he draws near to relieve the burden of another. Their activities which cover all the periods of human life from the cradle to the grave, take them into homes of the sick, into the homes of the needy and into the lands where the Gospel has never gone — yes, the Christian's outlook for 1953 is bright.

Wellman FHA News

Wellman Future Homemakers based their first meeting in 1953 on the third purpose of their organization, "To Encourage Democracy in Home and Community Life."

Esta Fae Bevers opened the program with a talk on "How F. H. A. Responsibilities Help Us in Later Life," stressing the need to "pull together" in all undertakings.

S. A. Ribble, minister of the Church of Christ, was guest speaker and discussed "Our American Way of Life." He brought out the great number of privileges American Future Homemakers enjoy as compared with the girls of other countries.

At a business meeting follow-

ing the program, the group voted to send two delegates, Miss Wilma Hines, chapter sponsor, and one chapter mother to the State F.H.A. meeting which will be held in San Antonio April 20 through May 3 of this year. — Messie Oliver, Reporter.

Some 50 years ago, Henri Moissan, a French chemist, the Nobel prize winner in 1906, was able to make real diamonds out of sugar by subjecting some of the pure carbon form of sugar charcoal to 4,000 degrees of heat with 100 tons of pressure to the size of an inch. The finished product is a real diamond made from sugar.

As high as 20 per cent of the juice of the full-grown sugar cane plant is sugar.

Nov. Wreck Victim Dies Of Injuries

Dorothy Boyd, 21, died at her home five miles west of Tokio Monday at 7:20 p. m. as a result of injuries received in an accident Nov. 17. She suffered a broken back when the car in which she was riding overturned at the Lovington-Tatum highway intersection in Plains.

Born in Brownfield, the young woman was a graduate of Plains high school.

Services were conducted Wednesday in the Northside Baptist Church in Brownfield, with Rev. E. L. Cavo officiating.

Brownfield Funeral Home was in charge of burial in Terry County Memorial Cemetery.

She is survived by her parents, Mr. and Mrs. Tirry Wood of Tokio, and her grandfather, Marvin Kirkpatrick of Plainview.

NEW SOIL SUPERVISORS NAMED RECENTLY

Jim Foy, Terry County Agent, stated to the Herald this week, that the recently election for Supervisors for Terry County Soil Conservation Districts, were Herman Wheatley, Hubert Beard, R. J. Purcell. The State then appointed Homer Causseaux and Whit Coor, making the five needed supervisors.

Terry Ginnings 49,423 Bales

Foy also stated that Terry county ginnings up to that time totaled 49,423 bales, and the thought some 200 more would wind up the ball of yarn for the season.

We hope Foy is mistaken, and that there will be at least 577 more ginned, making a total of 50,000 bales. Anyway, the amount is already ahead of most of the guessers for the past two months.

Here and There, Then and Now

Well, we had a letter this week from that gal with a fadeless smile, Martha (McClish) Woodside, up there at Tulia. And she wants the old Herald the worst way. Says they had a fine Christmas, which included a good business at their store. Of course she made inquiry about all the folks down here, and wants us to tell 'em howdy. Also, Martha says she is going to take off some of these days and come down and make the rounds among her girlhood friends. We'll believe it when we see it.

Up there at Ropesville the Plainsman is a bit uneasy about Terry county coming across with their share of the right-of-way for the "super-highway from Lubbock to Odessa." As we understand the matter just the section from Lubbock to Brownfield is presently to be made a four-laner. The Plainsman says Terry lacks the "bash" which we take to mean "cash" to buy their part of the right-of-way. Of course we know that the "bash" was just a "typographical error," which we all make. But we think Editor Morris can go to bed and sleep soundly, as old Terry usually comes through with what it wants and needs.

That there fellow R. W. Tunnell was seen in a drug store this week buying everything that's takeable to take for a severe case of the influ-thisa-way-thataway. In fact R. W. said the stuff seemed to be moving every way, and he hoped it would move clear out of the USA.

Speaking of sickness, we note that Editor Forest Weimhold, of the Hockley County Herald, Levelland, had a heart attack recently, but was reported to be recovering, and was out of the hospital.

And going on and speaking of newspaper folks, there was Eddie Warren in one day last week, looking and talking prosperous—something unusual for a newspaper man. He is owner of the Post (Texas) Dispatch. Call again, Eddie.

Columbus introduced sugar can culture to the Americas.

Well, Here We Go With First Six Days

Most of us have heard that the first twelve days of the new year will represent the twelve months: the 1st, January; 2nd, February, etc. But so far, none of the days have been indicative of rainfall, and as this is written, it is the 6th, or June, you know.

Well, after the 12th day is over, the stand-in for December, if the first day was any indication of how January would behave, we're in for it, folks. All the cats around here had their whiskers blown off, and our housewives were sweeping out New Mexico sand, and down in the sticks, they had south Plains sand.

Up to now, the 6th, no indication of rain, so, if you farmers aim to grow any cotton, maize, beans and peas, better start on an irrigation well.
