BROWNFIELD, TEXAS, THURSDAY, AUGUST 6, 1953

NUMBER 3

PMA Committeemen Election Important To Terry Farmers

Stressing the importance of getting out a big vote for PMA farmer committeemen, the week of Aug. 17 through 22, R. D. Jones, county chairman, said, "Among their duties, our county and community committeemen are responsible for the administration of price-support programs, and for the determination of acreage allotments on any crops for which allotments are in effect. Secretary Benson has already warned that acreage allotments are likely for wheat and cotton."

Terry county community and county committeemen must approve price-support loans available for grain sorghum, wheat and cotton. Storage facility loans available to farmers needing additional storage space for grains on their farms must also be approved by the county committee. These loans are intended to supplement regular sources of credit, to increase farm grain storage capacity.

"The kind of a job the county committeemen do means a whole lot to each of the 3,000 Terry county farmers participating in agricultural programs administered by the Production and Marketing Administration. And all these farmers have a chance to vote in electing the men who supervise the programs at the farm level," the Terry county chairman advised. "Every farmer who has an interest in a farm—owner, tenant, or sharecropper—is eligible to vote, if he is participating in or carrying out farm practices, in accord with programs administered by local county PMA committeemen."

TEXAS DRAFT DUTY DEADLINE ANNOUNCED

Draft age fathers will be subject to military duty after Aug. 25, under regulations announced recently by state selective service headquarters.

However, present deferments from military service will be granted any potential draftee who fathers a child prior to Aug. 25—and reports the fact to his local board. After that date, the fact the subject is a father will no longer be grounds for deferment.

The child need not be born prior to the Aug. 25 deadline. Until that date, pregnancy will be considered grounds for deferment.

Brig. Gen. Paul L. Wakefield, state draft director, pointed out any draft-age Texan who has a child—or conveys one—before Aug. 2, and does not notify his local board before that date "is and will remain eligible for draft."

TOMMY HICKS CHECKED IN AS CONSIGNEE OF GULF OIL CORPORATION

Gulf Oil Corporation office at Houston has announced change of consignee from the late R. L. Bowers to his son-in-law, Tommy Hicks, who has been employed at the Gulf Oil wholesale warehouse in Brownfield as bookkeeper for the past seven years. Bowers was consignee of the local Gulf corporation for 30 years.

Hicks graduated from Brownfield High School in 1940, and attended Texas Technological College two years, majoring in business administration. He was in the army three years during World War II, and served 19 months in the European theatre.

He is a member, deacon and song leader, at Crescent Hill Church of Christ, where both he and his wife teach a Sunday school class. Hicks is also a member of the Chamber of Commerce and Rotary Club, and is the nephew of Mr. and Mrs. L. R. Pounds.

His wife is the former Bobbie Bowers, and they have two children, Tommy III, and Linda Bess.

L-145, Cotton Defoliation Guide in Texas, revised, is now available at county agents' offices.

Legion Officers Attend Convention

Attending the 35th state convention of the American Legion, July 30 through Aug. 2, at Houston, from Howard-Henson Post 269 of Brownfield, are Burton Hackney, deputy adjutant; Lynn Nelson, post commander; J. B. Huckabee, building committee chairman; and T. P. Brown, reporter.

The group heard addresses made by Atty. Gen. John Ben Shepard; Maj. Gen. Hayden L. Boatner, commanding general Fourth Army; Rep. Bill Daniell in the place of U. S. Sen. Price Daniel; U. S. Sen. Lyndon Johnson, and Lyndon W. Brandon, national commander.

New officers elected were L. E. Page of Carthage, deputy commander; W. G. (Bill) Abbott of Midland, deputy judge advocate; Speedy Speagle, treasurer; Ryne Keithley, chaplain; Tom Sealing, historian; and Carlos Vaughn, Fort Worth, sergeant-at-arms.

All veterans are asked to remember that the second Thursday, Aug. 13, is legion night at Howard Henson Post 269.

AREA MAN RECEIVES MULTIPLE FRACTURES HEAD ON COLLISION

G. E. Laney, route 1, Brownfield, who was seriously injured in a car accident, June 19, about 17 miles south of Levelland, was taken home Thursday from Lubbock Memorial Hospital in a Rix ambulance.

Laney was alone when the head-on collision occurred, and he suffered a broken hip, multiple fractures of the left pelvis, broken ribs, broken foot, and a cerebral brain concussion. Mrs. Laney reported Friday that he seems to be doing fine. Mr. and Mrs. Doc King were in the other car involved in the accident, but no further word has been received of them.

Cleatis Laney, a son who is attending a medical school in Maryland, flew here when his father was injured, and helped care for him. The Laney's also have a daughter, Mrs. Mont Hamm, box 36, Wellman.

The GI school of farm mechanics and other stuff that a farmer needs to learn, is now taking a two weeks' vacation. Not as long as the public school kids get—three months—but the GIs only meet two hours on Tuesday and Thursday nights.

Wheat producers will vote Aug. 14 on whether or not they want marketing quotas on the 1954 crop.

INITIAL CONSTRUCTION has begun on the n w road north of Johnson, under the supervision of Mrs. B. R. Lay, commissioner of precinct 3, who is pictured above with three of her co-workers, left to right, Pete Evans, driver of the maintainer with elevator, James Bragg and Alvis Paton, drivers of maintainers. (Staff Photo)

SCHOOL STARTS AUGUST 31; 2 RESIGN, 12 NEW TEACHERS ARE ACCEPTED

O. R. Douglas, superintendent of Brownfield Schools, announces that school will begin Monday, Aug. 31. Registration will be as follows: High school—Registers Aug. 25-28, students are to pick up schedule at Principal Byron Rucker's office during the morning hours. New students who have moved into town must go by the principal's office any day between Aug. 15 through Aug. 22 to register.

Junior high—Principal D. Webb will be in charge. Eighth grade register Monday, 8:30 a. m., Aug. 24; seventh grade, Tuesday, Aug. 25; sixth grade, Wednesday, Aug. 26.

Elementary school—Fifth graders will report to register Monday, Aug. 31, at East Ward building, located directly east of the junior high school. Report to Principal Bryan Jones.

Third and fourth graders report to West Ward building Monday, Aug. 31, at 8:30 a. m., to their respective rooms.

Second graders will attend Jesse G. Randal School, where Mr. Vernon Brewer, principal, and staff will register Thursday morning, Aug. 27.

First graders will report the same place as second graders at the same time.

Randal School parents are reminded pre-school students must have birth certificates and small-pox vaccination slip. Parents need not purchase school supplies, because these and "Think and Do" workbooks are purchased by the school, and are paid for through a \$2 fee, which is due at the time of registration.

Wheatley Colored School registration will begin Monday, Aug. 31, 8:30 a. m., in their respective rooms.

Gomez school will not be open this year, and students will follow instructions given above and report to the places indicated.

The Brownfield school board met Monday night, and the annual budget was presented and adopted by the board, the tax rate will be the same as last year, and the following resignations were accepted and new teachers approved:

Resigning were H. R. Willis, East Ward principal, moving to Midland; and Harold Mulkey, choir director, to be elementary principal at Beville.

New teachers elected were Mrs. Norris Kissinger, seventh grade language arts; Mrs. Leola Petty, third grade; Mary Alice Price, junior high home economics; Patsy

Husband, sixth grade; Mrs. Ella Carr, high school English; Mrs. Kathleen Weiss, high school English; Mrs. Golda M. Blackstock, fifth grade; Orville Hale, high school social studies; Mrs. Reba Hale, third grade; Bryan Jones, East Ward principal; Calvin McIntosh, distributive education; and R. T. Wilson, science and assistant junior high coach.

THREE PUBLIC BAND CONCERTS SLATED

Registration for the program of Brownfield High School's annual band summer school was held from 8 a. m. until noon, Saturday, and classes for the school began Monday morning, in the band hall, according to Director Fred Smith.

The well-rounded schedule, which will be participated in by both junior and senior bands, will include sectional rehearsals, band rehearsals, football drill, and three public concerts, to be staged on the front high school lawn.

Smith urged all former band students, and any new ones who may have moved to town during the summer, to participate. August is actually the most important month on the calendar for the band, Smith pointed out, since the summer study will not only give the band time to reorganize, but also to prepare for their full schedule of public performances.

South Plains Health Unit reported 1,729 persons X-rayed during the four-day stay of the state mobile unit.

241 Vehicles Go To Fire Last Week

Local fire department was summoned to a blazing house fire last week, 1½ miles north of town on the Levelland road. The house was owned by Mr. Duncan, and it was totally destroyed.

The local police department urges Brownfield citizens not to follow the fire truck. At this particular fire, 206 cars were jammed around the house, along with 33 volunteer firemen's cars, one police car, one ambulance, and one fire truck, causing great confusion, and a blocking of fire facilities to be administered.

The police department also reminds us that, if it were our house, we would want everyone to stay at home, and give the firemen as much chance to extinguish the blaze as possible.

Classing School To Be Held August 19

Announcement has been made through the office of Jim Foy, county agent, for the sixth annual farmers' classing school, which is sponsored by the Texas extension service, College Station, to be held Wednesday, Aug. 19, at the government classing office at Lubbock. All veterans' classes and county co-ordinators have been notified.

All farmers are urged to attend and classes will be held from 9 a. m. to 3 p. m.

Some of the topics that will be discussed relative to classing will be:

1. What causes a two-sided bale.
2. What is a "dusty, oily, seedy, grassy, gin cut, mix-pack," etc.
3. Why does a person get more than one grade and/or staple from a multiple load.

Local Man To Attend San Francisco Meet

W. Graham Smith plans to attend the 50th anniversary convention, to be held in San Francisco the latter part of September. He is actually the most important person on the calendar for the month, Smith pointed out, since the summer study will not only give the band time to reorganize, but also to prepare for their full schedule of public performances.

Two hundred agents qualified from Texas to attend the convention, therefore approximately 500 persons will attend. Mr. Smith has been affiliated with the company since 1939.

Mrs. Smith plans to accompany her husband to San Francisco.

52 Accidents Are Reported To Police

Fifty-two motor vehicle accidents, totaling \$15,593 in damages, no deaths, and one serious injury within the city of Brownfield, January through July of 1953, has been announced by the local police department. Accidents per month were as follows:

Month	Accidents	Damages
January, 6	\$1,507.00
February, 12	4,304.00
March, 8	2,991.00
April, 8	1,259.00
May, 4	1,085.00
June, 7	1,366.00
July, 8	2,080.00

16 AREA SELECTEES TO LEAVE FOR PHYSICALS

Seventeen area selectees will leave from the local draft board office by chartered bus promptly at 7 a. m., Aug. 6, for Amarillo, to take physical examinations for the army.

Leaving are: William Aionzo Brothers, Levelland; James Albert Rushing, Jr., Plains; Alvin Dean Medlin, Anton; Elmer Eugene Brumley, Brownfield; Albert Earl Agnew, Soudown; Billy Joe McGlasson, Denver City; Theria Leon Mitchell, Levelland; Howard Ray Parker, Anton; John Boyd Cloud, Jr., Brownfield; Billy Royce Rusk, Soudown; James Ross Hisaw, Whiteharral; Lonnie Earl Mantooth, Brownfield; Bennie Lee Phillips, Soudown; Wyndell DeWayne Glass, Denver City; Jose Luis Ramirez, Smyer; Jimmie Carroll Dennis, Denver City; and Kenneth Wayne Spears, Brownfield.

Mr. and Mrs. L. D. Bullard, 708 South Eighth, left Saturday for California, with their son, Erwin, who has been in the service for the past six years, having served 11 months in Korea, and now will return again. He visited with his parents and sister, Bonnie, during the past three weeks, and prior to his leaving for Korea, was stationed in Florida.

Mr. and Mrs. Vernon Townes and children left last week for a two weeks' vacation at Garner Park, Texas.

Mrs. Commissioner Lay Gets Johnson Road Through

As we understand the matter, more or less efforts have been made in the past two or three years to get a road laid out and graded from Johnson community in a northwest direction. But there always seemed to be a last minute hitch somewhere. Recently, Mrs. B. R. (Annie Bell) Lay, who was appointed commissioner of precinct No. 3 when her husband died recently, got everyone interested and the landowners on the dotted line in about three days of work.

Here seemed to be the rub: For some time the mail carrier of No. 4 has had to make a long detour to get mail to some 15 of his patrons. The government didn't allow the carrier one red penny for the long detour mileage. It came from his own time and pocketbook. As a consequence, these people were about to lose their mail privilege, and would have had to make a long distance trip of some 10 or 12 miles to town after their mail.

Right now Mrs. Lay and the people interested in the community are clearing the right-of-way, and as soon as it is clear, several big graders will be put on the job, making a good dirt road, so the mail carrier can easily get to his customers.

Mrs. Lay stated that she met with no difficulty in getting the right-of-way, that the people were very co-operative.

Ex-County Judge Sworn In By Lang

Something a bit unusual happened over at the courthouse last Saturday morning at 10 o'clock, when County Judge L. M. Lang swore in Herbert Cheshsir as the County Judge, as Judge Lang wished to retire. The unusual feature was that, less than two years ago, the then Judge Cheshsir swore in Judge Lang, Cheshsir was sworn in as County Judge following the death of the late Judge Homer R. Winston. He was then elected at the first election, but decided to go into the automobile business.

Judge Lang stated that he decided to retire, so that he might devote full time to his farm operations, which are becoming quite extensive. Cheshsir was the unanimous choice of the commissioners' court to succeed Lang. Officers present when Cheshsir took the oath, other than Judge Lang, were County Clerk Wade Vandell, and Commissioners Earl McNeil, No. 1; Carl Stevenson, No. 2; Mrs. B. R. Lay, No. 3; and Bob Burnett of No. 4.

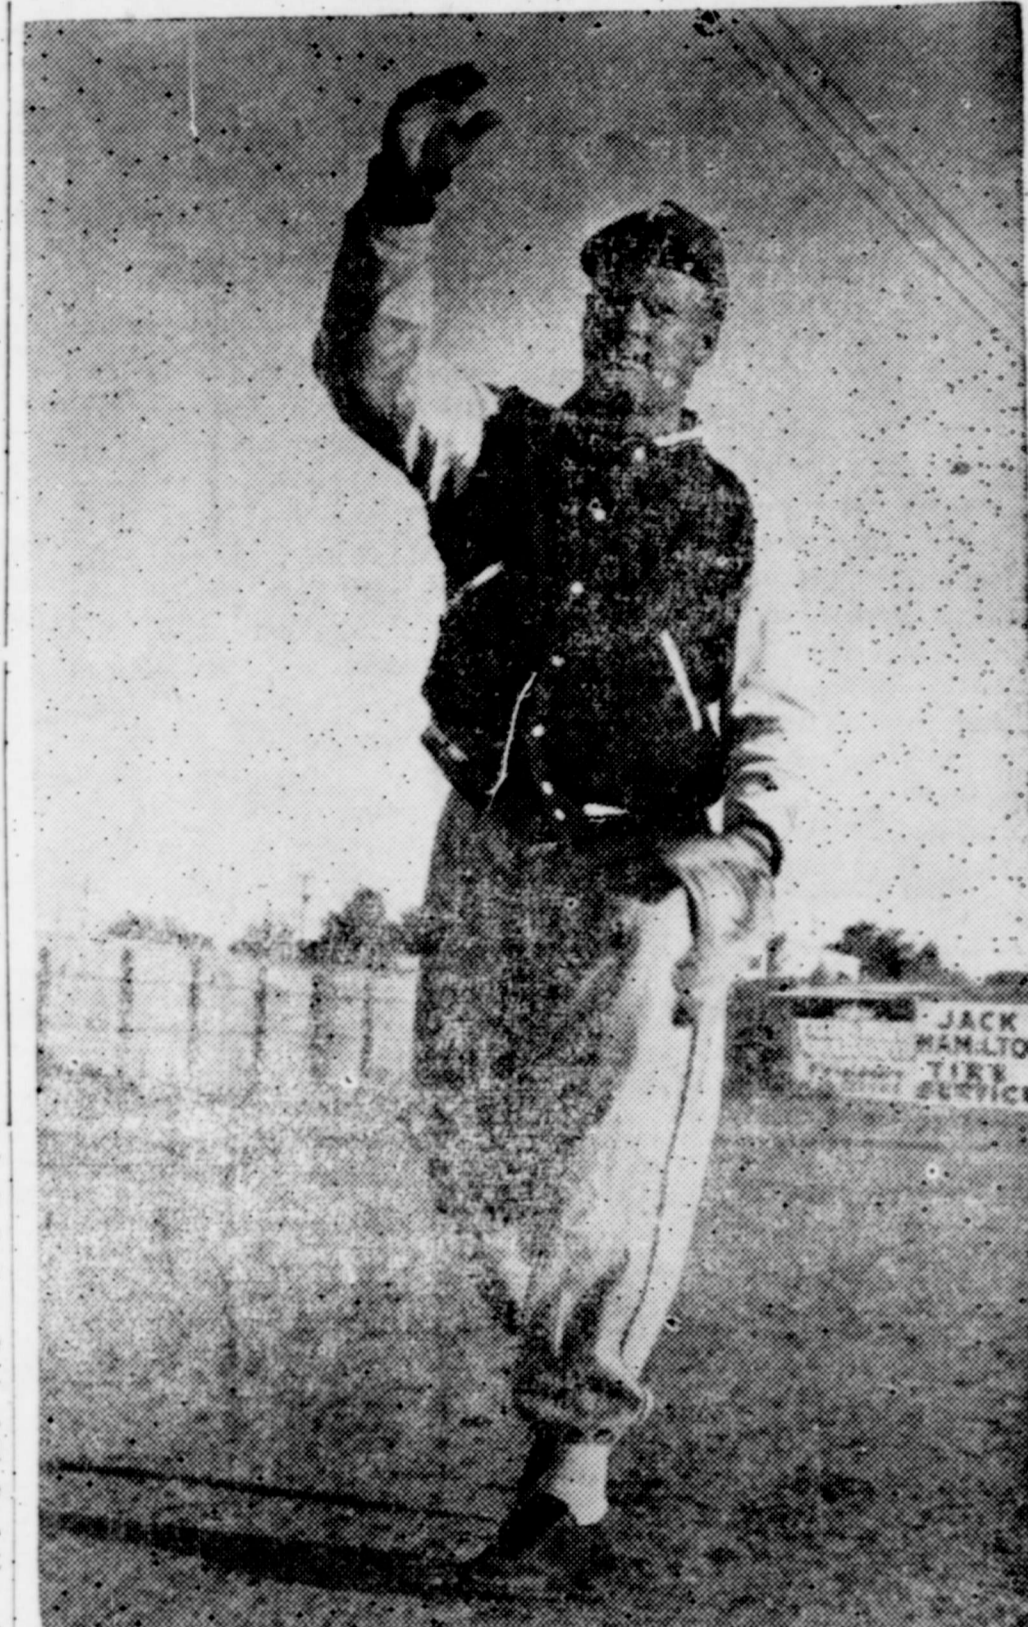

The new judge stated that he felt honored that he was called upon again to take over the duties of county judge, and that he would do his best to make the kind of official the people of Terry county expected. Judge Cheshsir was serving as tax assessor and collector at the time he was sworn in as a county judge, following the death of Judge Winston.

AREA BOY ELECTED 4-H CLUB OFFICER

Jerry Henson of Tokio was chosen secretary-treasurer of the 20-county South Plains 4-H Club, at the close of the annual encampment Thursday, at the Panhandle-South Plains fair grounds at Lubbock.

The approximately 15 delegates also elected, Wilton Green of Floydada as president, and Delbert Davidson of Big Spring vice president.

The three-day meeting was closed early in the afternoon, after a series of educational and recreational activities. The boys were selected for the encampment for outstanding club work during the past year. Twenty counties were represented with members, county agents and adult leaders.

"THE ARM"—Red Denham hurled Primm Drug into first place in the Texas Softball League at the double-header game, played Thursday. The team will play the top four Texas teams of the league, sometime after the state tournament, which they have entered. Red has made the all-state team for the last five years. In 1950, he was chosen the most valuable player in the world tournament in Greeley, Colo. Primm Drug placed fifth in the ISL world tournament held in 1952. (Staff Photo)

ISL SOFTBALL TOURNEY IN FULL SWING, FINALS TO BE SATURDAY, AUGUST 15

Farmer All-Stars and National Guard of Brownfield opened the state softball tourney last night at Lions' park at 8 o'clock. The A. C. Ward Cattle Company of Denver City and Wolfarth All-Stars contest rounded out the night's activity.

Tonight, Ince Oil of Lubbock and Atlantic Oil of Brownfield open play at 7:30, followed by the Lorenzo Lions-Grassland All-Stars, and Primm Drug-Midland Rotary Engineers affair.

Amherst All-Stars, Levelland and Arlington near Fort Worth drew first round byes. Second round games start Friday and third round on Tuesday. Finals will be held Saturday, Aug. 15.

No games are scheduled this Saturday, because of conflicting Texas Softball League games.

Sponsored by the Brownfield be a double elimination affair, Lions Club, the state meet will be with Jake Geron, club president, Clyde Bond, Jr., tourney chairman, and Ralph Bumpass of Lubbock, state ISL commissioner, running things.

The winner of the tournament will be certified as the Texas entry in the world ISL meet, to be held in Selma, Fresno county, Calif., the first week of September. The runner-up can also go to the California tournament, but only the winner will have all expenses paid.

Some of the outstanding pitchers in the state will be in the tourney. Heading the list are Red Denham, Buddy Russ, Loy Hubbard, Weldon Haney, G. W. Warden, Kenny Scott, Donnie Campbell, Cecil Ellis, Bobby Spell and Jimmy Allock.

Last year's world meet was held in Plainview, with the Hoak Packers of Fresno winning the championship from the Long Beach Nitehawks. The 1952 state tourney was held in Lubbock, with Murrell Furniture Company of Plainview winning.

There will be a new champion this year, however, Murrell's not fielding a team. Most of the Fur-

niture players are with the Lorenzo Lions, member of the strong Texas Softball League.

An added feature of the state meet this year is Pepsi-Cola presenting each winner with a huge trophy. The trophy is now on display in Primm Drug.

Admission to each session will be 50 and 25 cents, except for the finals, which will cost 75 and 25 cents.

Umpires for the tournament will be E. L. Lewis of Reece Air Force Base, Bill Willis and Curtis Barrett, both of Lubbock.

JULY GIVES US THE CHAMPION RAINFALL

While July was giving us the maximum monthly rainfall of the month, it was far from being evenly divided. Brownfield got a total of 2.28 inches, an dmany sections of the area didn't get half that. Perhaps some sections of south Terry got more, a few areas up to 4 inches.

June was the next best month with 1.20 inches, the first month this year to go over an inch. Now, if August will show such a proportionate increase, we will be very happy, and maybe fall rains will even up matters. So far, here is the amount of clatter on the roof tops, month by month:

Month	Rainfall
January21
February56
March61
April90
May91
June 1.20
July 2.28
August (so far)26

Total

Note that there has been a slight increase in precipitation each month, so far. Visiting in Pueblo, Colo., last weekend were Rep. and Mrs. J. O. Gillham, daughter, Mrs. Robert Lee Craig, and son, Robert Lee, Jr., and the Gillhams' granddaughter, Cheryl Powell. They visited Mr. and Mrs. Robert N. Tipps. Mr. Tipps is now manager of a plow company in Pueblo.

The American Creed

We believe in the United States of America as a government of the people, by the people, for the people...

We have read the editorial opinion of all the dailies that come to our desk, about the death last week of Robert Taft, US Senator from Ohio...

So far as we can learn, there were few, if any, portions of our great nation that put on parades, blew their horns, or wore crocked hats after the recent armistice was signed...

tired of his persistency, just as many, including some Republicans, grew tired of the persistent candidacy of Mr. Taft for presidency every four years...

We guess we are a bit old fashioned, too much so to take up with the latest modes of travel, via the air. For that reason, we may have some preconceived notions not prevalent with the majority of folks...

We always sing the praises of our railway systems without the semblance of a blush or apology. We can always go back a half century and longer, and many of us in our lifetime, can remember the new areas opened to settlements...

Washington—Texas wheat plantings for 1954 harvest would be slashed 622,137 acres lower than this year, under an agriculture department production control program.

The department announced today a breakdown among states of the 62 million acre wheat allotment set for 1954 by Secretary Benson last week.

But they wanted Johnny Patterson as well as Wilford Wallace to help vote an immense lot of bonds to build these great landing and take off fields. Well, we'd have no objection whatever for the airlines or those who use them to vote these bonds for future generations to pay.

STATE FOURTH IN ACREAGE ALLOTTED FOR 1954 WHEAT

Washington—Texas wheat plantings for 1954 harvest would be slashed 622,137 acres lower than this year, under an agriculture department production control program.

The department announced today a breakdown among states of the 62 million acre wheat allotment set for 1954 by Secretary Benson last week.

By COKE R. STEVENSON, JR. Administrator, Texas Liquor Control Board

It may be that some laws are unpopular—I do not know. But I have always considered it my responsibility to enforce the laws as passed by the Legislature.

When I am glad to say that our agents, generally speaking, have been able to work right along with other officers. There has been a few exceptions. One police official recently told the press that he would not participate with our agents to enforce what he called "unpopular laws."

Describes Duties Of Liquor Control Board

(Editor's note: This is the first in a series of articles describing the authority and operation of the Texas liquor control board...

Austin—It is the business of the Texas liquor control board to see that consumption of liquor, beer, and wine is according to law.

That is not, however, our responsibility alone. Every law enforcement officer is charged with the duty of upholding the liquor law, as well as other official regulations.

We are also concerned with collecting and accounting for taxes on alcoholic beverages. Revenues collected by this agency will amount to more than \$19 million this calendar year.

Who, ME? by Robert Osborn

IT'S THE LAW!

Know Your Indorsers "Let's see the check," said Joe, the service station operator. The stranger handed him a check made out to Ray Gar, for \$68.10, and signed by John Jones.

Two weeks later, the bank returned the check. The stranger who had signed the name "Ray Gar" on the back of the check was not Ray Gar.

When is the holder of a check an "innocent, good faith, or bona fide" holder? When anyone receives a check from a person other than the drawer of such check, for value, and without knowledge of any defenses which such drawer may have against the payee named in the check...

When is the holder of a check an "innocent, good faith, or bona fide" holder? When anyone receives a check from a person other than the drawer of such check, for value, and without knowledge of any defenses which such drawer may have against the payee named in the check...

Miss Olga Fitzgerald spent the weekend in Lubbock, visiting relatives, and attended the opening of the new hospital Sunday.

Lorenzo Leads Primm Drug By One Game

Weldon Haney and Loy Hubbard hurled a double win to give the Lorenzo Lions first place again in the Texas Softball League, defeating Standard Oil Company of Snyder, 11-3 and 20-1, at Lions park Saturday night.

Hubbard hurled the opening win, giving up three hits, walking two, and fanning 12, as teammates Buzz Warren and Wally Fowler were helping him in the hitting department. Each got two hits, one of Warren's being a homer, and one of Fowler's a double.

Ted Masters, loser in both games, hurt his own cause by hitting five men—two more in the second tilt—and walking two. His mates made three telling errors.

The Lions scored three runs in the first, then added five in the fifth, for the win. They came back in the first inning of the nightcap with five more runs—two of them on homers by Haney and Dub Warden.

Warden got two other hits, and Haney two more homers, to pace the winners. Fowler and Jackson got two hits apiece, and J. B. Nance had a homer and two singles.

Ed Holt got a four-master for the losers in the second game, and manager Ed Hight in the opener.

Haney allowed four hits, fanned 14 and walked one. The winners got 16 hits off Masters and High, who relieved in the fifth.

The double win gives Lorenzo a 15-3 record, a game lead over Primm Drug, of Brownfield.

Attending the 50th wedding anniversary of Mr. and Mrs. Riley Curmatt at Gould, Okla., last weekend were their nephews and their families: Mr. and Mrs. Earl T. Jones, and daughter, of route 2; Mr. and Mrs. Woodrow Jones and daughter, of route 4; and Mr. and Mrs. Riley Jones, Brownfield.

ITALY AWARDS STAR TO PRESIDENT SEWING MACHINE COMPANY

In recognition for the part he has played in aiding the post-war economic recovery in Italy, Leon Jolson, president of the Necchi Sewing Machine Sales Corporation, has been awarded the "Star of Italian Solidarity," it was announced today by the local Necchi dealer, Charlie Price's Western Auto Store in Brownfield.

Consul general of Italy, Carlo de Ferraris de Salzano, conferred the decoration on Mr. Jolson in behalf of the president of the Italian Republic, in a ceremony at the consul's New York offices.

In making the presentation, the consul declared that Mr. Jolson and the Necchi Company have contributed considerably to the economic recovery of Italy by "developing Italian industrial exports to the United States."

Mr. Jolson was responsible for introducing the famed Italian-made Necchi sewing machine to the American market six years ago. The company is one of America's largest importers of foreign manufactured products.

Mr. Jolson came to the country as a penniless displaced person in 1947. He persuaded a New York relief agency to lend him \$2,000 to go into business and to import his first Necchi sewing machine.

In accepting the decoration, Mr. Jolson declared that his success here is the result of the ability of Italian industry to produce a precision sewing machine, which filled a gap in the American market, and the willingness of the American public to accept it.

"The United States is spending billions of dollars for economic aid abroad. There is no question in my mind that we would be doing more than help foreign countries' economy, if we made it easier for them to trade with us," Jolson stated.

In lauding the Necchi president, the consul general said that not only efforts of men like Jolson helped the economic situation in Italy, but they have also helped promote better understanding between the people of Italy and the United States.

PRIMM DRUG LOSES TO MINERAL WELLS TEAM

Reynolds of Mineral Wells handed the Primm Drug softball team a double loss Saturday night, winning both games by the whitewash route, 3-0 in the first, and 4-0 in the second.

Red Johnson hurled both victories, allowing only four hits in the opener, and only three in the nightcap. Red Denham was touched for five hits in losing the first game, and Dalton Touchette dropped the other on six safeties.

Reynolds sewed up the initial game on a two-run outburst in the fourth, putting together a double and two singles for a pair of runs.

FORMER CAFE OWNER HAS LIGHT STROKE

Alex Karl, 220-A West Main, former owner of Alex Cafe, has been under treatment at Treadaway-Daniell Hospital for the past month, since he suffered a light stroke on the morning of July 14. Friends and former employees that have been at his bedside are Mrs. B. O. Neal, and Mrs. Vada Nettles, of Brownfield. At press time Mr. Karl was reported to be in fair condition.

Visiting him during his illness were his step-children, daughter at Paris, Texas, and son from Fort Worth. Mr. Karl came to the United States several years ago, from Bulgaria.

STRAIGHT ROADS MARK MAJORITY OF MOTOR ACCIDENTS LAST YEAR

Chicago—The straight and narrow path can lead to trouble! Seventy-seven percent of the fatal motor vehicle accidents last year occurred on straight roads, according to the 1953 edition of "Accident Facts," the National Safety Council's statistical yearbook.

Unfavorable road conditions, such as wet, muddy, snowy or icy surface, were reported in only one out of five fatal accidents.

Mrs. Hall Haglund and son, Mickey Primm, of Tucson, Ariz., and Mrs. Beulah Scudday of Sweetwater, Texas, were guests of Mrs. Jessie G. Randal and Mrs. Percy Spencer, Saturday of last week. Mrs. Haglund is the daughter of Mrs. Scudday, who, in turn, is a niece of Mrs. Randal's, and a cousin of Mrs. Spencer. Mrs. Scudday was a former Brownfield girl. She is moving to Tucson, Ariz.

NO WATER SHORTAGE HERE—Lobe Miller, manager of Brownfield Production and Marketing Administration, inspects a valve connected to a water storage tank, located on the farm of Roy Golden, 12 miles south of Brownfield. This tank facilitates watering of crop, livestock, and poultry. Mr. Miller stated that he knows of only one other such water supply device in Terry county, and it is on the farm of Glen Mason, northwest of Brownfield. Mr. Golden also uses a sprinkler system in conjunction with the storage tank. (Photo courtesy Clint Grant of Dallas Morning News)

Ten Articles Given On Selective Service

Article VIII.

Every man registered with a draft board after his classification is determined by the board, must have an opportunity to appear in person before the member or members of the board designated for the purpose, provided he files a written request within ten days after the board has mailed him a notice of classification.

Brig. Gen. Paul L. Wakefield, state draft director, points to an exception. The registered man cannot request a personal appearance after classification which is the result of a personal appearance.

No person other than the registered man shall have the right to appear in person before the local board. But the local board, in its discretion, may permit any person to appear before it, with or on behalf of a registrant, except that no registrant may be represented before the board by anyone acting as attorney or legal counsel.

The registrant may bring an interpreter with him, if he does not speak English adequately.

When he appears, the registrant may discuss his classification, direct attention to other classes in which he thinks he should be placed, point out information in his file which he believes has been overlooked, or which he believes has not received serious enough consideration, or any other information.

Such information must either be in writing, or oral and summarized in writing. In either case, the information is placed in the man's file.

Regulations provide that the local board, or member or members hearing the case, may impose such limitations upon the time which the registrant may have for his appearance as they deem necessary.

After a registrant is heard, the local board may determine to reopen the case or not reopen it, being guided by information received in the appearance. The registrant must be advised by notice of classification in either case.

Mrs.adora White spent the weekend with her son, Ted, and his family, at Odessa. Reba Gall and Sydna Willis accompanied her. Reba Gall stayed for another week.

MRS. WINN HAS OUT-TOWN VISITORS

Visiting Mrs. Willie Winn, who is in the local hospital suffering from a broken hip, were her sister, Mrs. Stacy Scott and her daughter, Mrs. Annie Laurie Weaver and daughter, Vicki Ann of Canyon, Mr. and Mrs. Walter Black of Lubbock, and Mrs. Frank Bowman and foster daughters, Frankie Joy and Edith Sue, of Spring Lake. The two girls are Mrs. Winn's nieces.

KNOX-HASKELLITES TO MEET, EAT, TALK AUG. 9

From way over at Pep, Texas, comes word from one A. A. G. Bartlett over the weekend.

Mrs. S. McDonnell was a patient in Treadaway-Daniell Hospital in Brownfield this week.

Mr. and Mrs. O. G. Lewis were in Borger Tuesday to attend the funeral of a cousin of Mrs. Lewis.

PLAINS

Mr. and Mrs. Dale Green of San Angelo are visiting her aunt, Mrs. G. D. Kennedy, this week.

James Overton spent the weekend in San Angelo, visiting the Guy Jackson and H. C. Carter families.

Mrs. J. H. Beshears, who has been a patient in a Lubbock hospital, returned home Friday.

DENISON FEATURED SPEAKER AT FINAL MISSIONS MEETING

Rev. Dallas D. Denison, pastor of Brownfield Methodist Church, spoke on "Commitment to Christian Discipleship" at the final meeting of the school of missions and Christian service of north-west Texas conference, Friday morning at St. John's Methodist Church in Lubbock. Following Rev. Denison's speech, a communion service, concluded the week-long workshop, which began Monday.

Rev. Denison opened his discussion with the scriptures, "She hath done what she could," and "Go ye, into all the world and preach the gospel to every creature."

He used the first scripture to emphasize that, no matter how small a place a person occupies, he has a purpose in that place that is important. The second scripture, the great commission of Christ, exemplified the need for missionaries to spread Christianity throughout the world.

In reference to John Wesley, who laid the foundation for Methodism, the Rev. Denison said, "The heritage we have received (from Wesley) is like an inheritance of finance. If we are unable to administer it, we lose it. We must be aware of the danger, if this should happen."

The church, declared Rev. Denison, is a fellowship, not an institution.

"Too many of us in the United States do not accept the fellowship of the church," he challenged.

It is becoming more apparent that lay men and women are good evangelists. With the advancement of this knowledge, more missionaries are being sent out every year.

Rev. Denison concluded by saying, "We must take the message of what we have learned here (at the school of missions) to those in our communities. We must dedicate our lives to the high purpose of giving all to the cause of Christ."

Methodist ministers of Lubbock and areas in the NTC were seated on the platform with the Rev. Denison.

A final total count of enrollees in the week-long workshop, clinic, and fellowship school numbered 405 women.

REVIVAL IN PLAINS CHRISTIAN CHURCH BEGINS SUNDAY

A revival meeting, under the direction of evangelist K. Earl Voiles, of Tampa, Fla., will begin Sunday morning, Aug. 9, at the Plains Christian Church. There will be services every night at 8 o'clock, and on Sunday at 10 and 11 a. m. Mr. Voiles not only preaches, but leads singing and sings solos.

There will be special music at each service, and other special features will make the services inspiring and helpful. Rev. Mr. Voiles will teach each night from charts on "The New Testament Church," "Baptism," etc.

Everyone is most cordially invited to attend every service.

Mr. and Mrs. Amos Eggin, and Mr. and Mrs. Cliff Jones, of Brownfield, returned Wednesday from a fishing trip at Red River.

Meadow Missionary To Sail For Italy

Former Meadow Church of Christ minister, Gerald Paden, and his family, now of route 1, Lubbock, received notice Saturday morning that they have been granted two-year visas in Italy.

Mr. and Mrs. Paden and children, Joe Michael, 5, and Cynthia Sue, almost 3, left Lubbock the first of the week for New York, where they will sail Aug. 12 for Le Havre, France.

The notice arrived from Washington, D. C., after a cable had been received there from Italy that visas had been granted to the Paden family, and also to the John Butts family of Nashville, Tenn., and the L. V. Pfeifer family, Santa Cruz, Calif. Paden, Butts and Pfeifer will be missionaries of the Church of Christ.

Paden addressed the men's fellowship luncheon of the Churches of Christ at Lubbock, Saturday, and spoke Sunday at the New Home Church of Christ, which, with Meadow and Wichita Falls churches, will support his work in Italy.

Wasn't Expecting A Snake, And Chug, Went A Frog

When a child there lived an aged man back in Tennessee who loved to reach a great climax in telling the simplest story.

We remember that one of his surprising stories was that he was moving along the banks of the creek—"not expecting a snake, and chug, went a frog" as it dived into the water.

Which all reminds us of a niece, husband, one of their children and two grandchildren that visited us last week.

They had visited Carlsbad Caverns, and a niece and husband who have an irrigated farm in west Gaines county.

We have passed through Wichita Falls numerous times, on our way to Tennessee, but was not sure whether they lived there or at Holiday, where they lived so long.

Just Owing To Who's Farming The Land

This month West Texas Today, official publication of WTCC, had a very illuminating front cover.

In the top row, right to left, was a ranch scene. The left showed an old cow with bones showing, with nothing except thistles and beargrass.

In the second row, left, was a farm scene near Odessa, land that was formerly cultivated but neglected.

The bottom row showed, left, a sand buried home near Stratford, with just a part of the windmill tower showing.

What contrasts? And we might say that people who have been viewing some of the desolate scenes out here in the dailies and mags, think all farm and ranch houses look the same way.

Mr. and Mrs. Billy Thompson, sons Stevie and Jodie, and daughter Monet Roney, from Albuquerque, N. M., visited with his mother, Mrs. W. E. Patton, Mr. Patton, Roney, and Arnold of Meadow recently.

Mr. and Mrs. Tommy Hicks, accompanied by Mrs. Hicks' mother, Mrs. Bob Bowers, left Monday for a week's vacation in Colorado.

Better Examine That Mutual Fire Policy

Austin—Holders of mutual fire and casualty insurance policies may find that the "non-assessable" provision in their policies has no meaning, if the company gets into financial difficulty.

Forest S. Pearson, president of the Texas Association of Insurance Agents, issued the statement following a district court decision handed down here Wednesday (July 22) by Judge J. Harris Gardner.

The court's decision clearly points out certain liabilities which a mutual company policyholder may not be aware that he is assuming, when the policy is bought," Mr. Pearson said.

Pearson pointed out, however, that mutuals meeting and maintaining certain financial requirements, can issue policies that aren't assessable. Such policies may be issued by mutuals having free surplus equal to, or in excess of, the amount of capital required of a stock company writing the same line of business, he said.

"It's the mutual with the no-sound financial structure whose policyholders should understand that the words 'non-assessable' printed on a policy don't always mean what they say," Mr. Pearson said.

Chief Mwanawina II of Barotseland, Africa, carries a fly whisk as well as a sword on state occasions.

Two Fire Fighters Get Free Watches

College Station—A village fire-fighter and a city fire marshal are wearing new wrist watches today, because they believe that education is the best way to prevent fires.

J. J. Scheffelin, a fireman from Village (near Texarkana) was awarded a watch at the state firemen's training school here this week for suggesting the use of a new type training film for fire-fighters.

The other watch went to Fire Marshal Ben F. Van Pett, Jr., of Wichita Falls, for suggesting a comprehensive fire prevention educational program, involving public speeches, newspaper articles, and television films.

WE CONGRATULATE:

Mr. and Mrs. Phillip Wylie Abney, 306 North Powell, on the birth of a son, Charles Roy, weighing 12 ounces, at 11:22 a. m., July 14. The father is employed at a body and fender shop.

Mr. and Mrs. Pete Dominguez Hernandez, route 3, Brownfield, on

19 Counties Each Allotted 448,711 Acres Wheat

Nineteen south Plains counties last week were given individual wheat allotments totaling 448,711 acres for the renewal of planting controls.

The new controlled acreages were announced by Dale Carter of Plainview, Production and Marketing Administration field man for the south Plains district.

All but 2,792 acres are earmarked for farmers who have planted wheat the last few years. Farmers with fewer than two crops will be counted as "new growers," and share the special allowance.

County totals ranged downward from Floyd's 173,222. Terry county's figure was 23,023.

Other totals are as follows: Bailey, 23,611; Borden, 2,304; Cochran, 3,855; Crosby, 46,989; Dawson, 3,010; Gaines, 10,280; Garza, 2,692; Hale, 103,097; Hockley, 1,759; Howard, 2,299; Lamb, 11,605; Lubbock, 7,390; Lynn, 6,888; Martin, 565; Mitchell, 8,951; Scurry, 12,584; and Yoakum, 4,607.

Carter explained these figures were determined in the state PMA offices. The county committees will use the farmer's previously filed acreage reports in determining his pro rata share.

HEALTH QUESTIONS AND ANSWERS

Q—What is a "nodular goiter"? A—A lump or lumps in the thyroid gland, which cause swelling of the throat. Nodular goiter may cause trouble, if growths become large enough to cause pressure which interferes with breathing, or if, later, cancer develops within the growth.

Q—Has breast cancer been completely controlled? A—No. In America, 15,000 women still die from the disease annually. Women are becoming more alert to the possibilities of breast cancer, however, and are reporting for examination and treatment sooner than they did, even 10 or 20 years ago.

Q—Are newborn infants too delicate for surgery? A—No. When they are born with conditions that are likely to destroy life unless corrected, they can stand operations only hours after birth surprisingly well.

Q—Is the gallbladder necessary to life? A—No. Q—Why is the gallbladder removed? A—One of the most frequent indications for cholecystectomy, or removal of the gallbladder, is to get rid of gallstones.

Visitors for the summer in the home of Mrs. Homer Winston are her parents, Mr. and Mrs. J. C. Whisenant, of Socorro, N. M.

Mrs. G. W. Harris has recently returned from Arkansas, where she visited with her daughter.

the birth of a daughter, Janie, weighing 5 pounds 8 1/2 ounces, at 9:03 a. m., July 26. The father is a farm laborer.

Mr. and Mrs. Billy Don Riley, 301 West Hill, on the birth of a daughter, Billie Fay, weighing 7 pounds 13 1/2 ounces, at 4:22 p. m., July 26. The father works at the salt plant.

Approximately 30 officers and members were served punch by Geneva Bryant, Elouise Bearden, Hattie Bish, and Lena Bryant.

X-RAY SPONSORS THANK LOCAL ORGANIZATIONS
Terry County Tuberculosis Association, Brownfield Chamber of Commerce, and South Plains Health Unit wish to thank the following local clubs and businesses for their assistance during the past week's mass chest x-ray:

Tudor Sales Company, KTFY Radio Station, Terry County Herald, Brownfield News, American Association of University Women, Alpha Omega Study Club, American Legion Auxiliary, Brownfield Boy Scout Association, Brownfield Girl Scout Association, Brownfield Junior Chamber of Commerce, Brownfield Lions Club, Brownfield Rotary Club, Cen-Tex Harmony Club, Delphian Study Club, Eastern Star, Maids and Matrons Study Club, Parent-Teachers Association, Rebekah Lodge, American Red Cross Association, and Ministerial Alliance.

QUEEN CONTESTANTS REHEARSE AT MILLER'S
Eleanor Miller was hostess last week to 16 Farm Bureau queen contestants and committee members, at the J. D. Miller home.

The girls rehearsed for the forthcoming judging, that will be held Aug. 14, at Veterans Hall, which will determine winner of the contest.

One of the things discussed at the meeting, was that the contestants would wear cotton dresses, and carry handkerchiefs, for the judging. Committee members and Miss Nancy Arnold acted as critics as the girls rehearsed, and, all in all, everyone considered the evening time well spent.

Lemonade and cookies were served to approximately 40 guests.

POOL NEWS
Rev. Ray Douglas preached here Sunday, with 65 attendance for the morning service.

Mr. and Mrs. Leroy Barrier spent the weekend in Snyder, visiting his sister and family. Mr. and Mrs. Banard Bishop.

Dale and Carrol Huddleston of Hillsboro, Texas, formerly from the Pool community, and Beverly Rodgers of Wellman attended church here Sunday.

Mary Helen Weaver of Meadow spent the weekend with Janie Brown.

Mr. and Mrs. R. R. Gentry and children of Slaton, and Mrs. J. D. Rackler and children, spent Wednesday night in the W. M. Joplin home.

Mr. and Mrs. James Trimm and children of Lubbock spent Sunday in the home of her parents, Mr. and Mrs. J. M. Trussell.

Mr. and Mrs. J. D. Howard and girls, and Mr. and Mrs. Tom Howard and Elzie Howard, attended a reunion at MacKenzie State Park at Lubbock Sunday.

Mrs. Raymond Brown and children of California, are visiting the Mr. and Mrs. Jack Browns.

The young people's class ate dinner in the home of Mr. and Mrs. Odis Aldridge Sunday. Everyone enjoyed the day.

A sing-song was held in the home of Mr. and Mrs. Homer Dunn Tuesday night. A good crowd attended, and was enjoyed by all.

WOMENS' EDITOR, MARY WINSTON PHONES 2244 and 2859

AMONG HER SOUVENIRS—Mrs. Lois Wingerd purchased many lovely articles while on her recent tour through Europe, accompanied by her husband, Roy, and their daughter, Mrs. Glen Woodruff of Matador. Pictured above are a number of the souvenirs: The table is laid with the Brussels lace linen cloth from Belgium, and in the extreme background is a full dinner service of green Venetian glass, decorated in silver. In the foreground on left is a wooden shoe from Bolandam, Holland, and to the right of the shoe, an inlaid carved wooden music box-cigarrette combination from Sorrento; directly in front of the music box is a Lamogse China miniature pitcher from Paris, and to the right of it an antique jewel box from Amsterdam. Two wine decanters from Venice are pictured, one directly in front of Mrs. Wingerd, and one to her left—these have matching small serving glasses, one set in blue, the other in green. The large decanter at extreme right was given to Mrs. Wingerd by the craftsmen. Between the two small wine decanters are a Venetian glass figure-urne inlaid with gold, from Venice, and an antique bear stein, 1881, from Heidelberg, Germany. Mrs. Wingerd is holding a Black Forest cuckoo clock. The entire group was elaborately detailed and made a stunning display. (Staff Photo)

GOOD TIME TO SHED YOUR POUNDAGE
Summer, with its abundance of low-calorie fruits and vegetables, is a good time to shed those few extra pounds put on during the winter months, Dr. Geo. W. Cox, state health officer, states.

People do not need as many starchy foods, which produce energy in warm weather as they do in the winter, he said, because, in the summer, the warmth which starchy foods give to the body is not needed.

"Green leafy and yellow vegetables, and all types of fruit, which are plentiful during the summer months, provide an excellent, low-cost diet for the person who is overweight," Dr. Cox said. "Many of these foods can be eaten raw, and are very nutritious this way, provided the food is carefully washed, to remove all dirt and insecticides which may be present."

Dr. Cox stressed the importance of properly storing food during the summer. He explained that certain foods, such as cold cuts, cream desserts, potato salad, and sandwich spreads, have a tendency to spoil quickly during hot weather. Foods of this type should be kept in the refrigerator until just before they are served.

"By using good common sense in choosing and serving the proper kinds of food, you'll feel better, and have a much more enjoyable summer," Dr. Cox concluded.

WSSC HEARS TALK OF MISSION SCHOOL
Woman's Society of Christian Service met at 8:45 a. m., Monday, at Fellowship Hall, for a 15-minute prayer service, conducted by Mrs. Jess Smith, followed by the regular meeting of the group at 9 a. m., with Mrs. Ernest Latham presiding, and Mrs. J. H. Carpenter leading the opening prayer.

Mrs. Latham, program leader for the meeting, gave the devotional, "From the Upper Room," and read scripture readings from Matthew 25:14-23.

Members who attended the school of missions at St. John's Methodist Church in Lubbock last week, gave short talks on the various subjects covered at the school. Mrs. Latham and Mrs. D. Denison spoke on "Alcohol and the Christian Responsibility." Mrs. Hobart Lewis talked about "The Task Around the World," Mrs. Joe Johnson and Mrs. Smith spoke on the prophet Jeremiah, and Mrs. G. S. Webber gave a discussion on "Spanish Speaking Americans."

Attending were Mesdames R. J. Purcell, Jim Griffith, C. L. Wil-

Miss Betty Jackson and Jerry Kehoe Vows Read in Denver
Miss Betty Jackson, daughter of Mr. and Mrs. W. F. McCracken of Brownfield, was married to 18/1c Jerry Kehoe, son of Mr. and Mrs. John W. Kehoe of Rochester, N. Y., in a double ring ceremony read by Rev. Asa J. Ferry at 4 p. m., Aug. 1, at the First Presbyterian Chapel in Colorado Springs, Colo.

The bride wore a strapless pink organdy street length dress, which was fashioned with a removable bodice with shawl collar. She wore a pink Juliet hat, covered with pink taffeta daisies with rhinestone centers, and she carried a white prayer book topped with white rosebuds.

Her dress was the something new, something borrowed was a white lace handkerchief from Miss Jo Ann Shelton, something old, a string of pearls, she wore a blue garter for something blue, and for luck she wore a penny in her shoe.

The bride's maid of honor, Miss Jo Ann Shelton of Brownfield,

Taylor-Ulery Vows Read in Lovington
Lois Taylor of Brownfield and Lon Ulery of Long Beach, Calif., were married Aug. 1, in a ceremony read at 10 a. m., by Rev. Watts, pastor, in the Baptist parsonage at Lovington, N. M.

The bride wore a navy blue suit with pink and navy blue accessories, and a pink rosebud corsage.

Attending were Mrs. E. D. Yeatts, 209 East Main, mother of the bride; Mrs. Levi Gray, the bride's sister; and Miss Sallie Gray, niece of the bride, both of O'Donnell.

The couple left Monday for a two weeks' trip to Wyoming and Colorado, and after Aug. 15, they will make their home in Brownfield.

The bride is a co-owner of the Palomino Gift Shop at Brownfield. The bridegroom is a driller for the Nobel Drilling and Oil Company.

The couple was honored with a wedding party Saturday at 2 p. m., at Nick's Cafe, given by the bride's mother, Mrs. E. D. Yeatts, and the bride's sister, Mrs. George Wade. All persons mentioned above attended the party.

DREAMS OF GOING ABROAD COME TRUE FOR ROY WINGERD FAMILY
By Mrs. Roy Wingerd

Our family had dreamed for years of a trip abroad, but a few small matters like the depression, the responsibilities of educating a daughter, and the late unpleasant relations between nations in Europe, culminating in the war itself; had kept us on this side of the water.

Now, at last, we were on our way; my daughter Marion and I bubbling over with enthusiasm, and Roy resignedly, going along doggedly to look after his two women folk who would, without him, he thought; be a prey to all sorts of evils in a strange land.

The crossing on the Empress of Scotland was smooth and uneventful, and finally we were rewarded. Late in the afternoon of the fifth day, we picked up the forbidding and craggy coast of Ireland on our left. Not here the green and lush fields of song and story, although an occasional patch of growing grain could be sighted, or an occasional lighthouse blinking its solitary warning from some forbidding point.

On the morning of April 3rd, we were up early, knowing that the day would be that red letter one on which we first set foot on foreign soil.

We anchored at Liverpool, under grey cloudy skies, and the big sprawling, dirty port itself seemed to absorb something of the drab greyness of the day outside.

As our ship edged into the dock, we noticed, in particular, the thousands of little chimney pots upon the house roofs; each one the symbol of the open fire so dear to the hearts of the Englishman who makes no compromise with central heating. We were to find these same acres of chimney pots in London as well: arch villains playing a star part in making the famous fogs of London so black and so murderous.

It was raining as we went down the gang plank and through customs; but, just as we came out of the station to take the boat train to London, the pale anemic sun came out for a moment, and there was the traditional English Bobby in his patent leather hat directing traffic; there was a long line of foreign made and very ancient taxicabs driving on what to us, was surely the wrong side of the street; and there was our small and inadequate looking train drawn up ready to take us at a fast sixty mile and hour clip toward London.

For the first time, we felt that this was IT. We were really in a foreign country; and we berated the rain which had closed in again and prevented us from taking pictures of the scene.

Although we, mercifully, could not know it then; that was to be the pattern of our behavior toward the weather for the complete time of our stay in England. As one of our guides in London told us: "There is nothing certain about British weather except that it is uncertain."

How right he was! But what he neglected to tell us was that it was also cold; cold with a damp clammy chill that bit right down into marrow of our bones, and which the fitful and timid English sun did little or nothing to alleviate.

Before our party had been in London for a week, we felt that we knew why the Britisher had been such an empire builder. He was willing to fare forth adventurously throughout the world to escape from his impossible climate at home.

Of course, all the rain dumped so constantly and unceremoniously on this tight little island makes the countryside a wondrous green, and the daffodils were out in all their bright spring glory. The stately homes of England, as we flew by them in our speedy little train, looked as though they had been fashioned lovingly for ages; and the persistent island sun broke through the clouds just often enough to encourage us in the belief that sometime during our visit, it would route the low

Lions Hear Spots Before Their Eyes

Brownfield Lions Club was entertained by a local magician, at the regular weekly luncheon, held Wednesday, July 29, at Nick's Cafe. Routine business was discussed, with Pres. Jake Geron presiding. Mention was made of the committee that appeared on television at Lubbock the following day. Those on the TV program were John Hansard, Doc Lewis, Clyde Bond, Jr., and Skeet Whitely.

Ted Odom, program chairman for the week, introduced Skeet Wheatley, of Brownfield, who presented the program of magic, which included his mixing up pudding in a member's hat and making the pudding disappear, making bottles disappear, and changing colors on a number of handkerchiefs.

One of the topics of discussion was the ISL state softball tournament, under the local Lion sponsorship.

Two Lion members transferred into the Brownfield club: From Seymour, J. L. Kemper, district manager of the local telephone company; and from Hobbs, N. M., C. V. Flemings; E. B. McBurnett, Jr., reported.

Thirty-nine members and guests were served a lamb chop luncheon.

HOBO DANCE TO BE HELD BY DANCE CLUB

The Circle and Square Dance Club of Brownfield will have a hobo dance Friday, Aug. 7, at Veterans hall.

Walt Gehring and his musical entertainers of Lamesa will furnish music, and the public is cordially invited to participate, and wear hobo or hillbilly costumes.

Approximately 20 callers are expected from Lubbock, Levelland, Lamesa, Plains, Midland, Slaton, and Sundown.

VISITORS NEXT TWO WEEKS IN RANDAL-SPENCER HOME

Visitors for the next two weeks, beginning Saturday, with Mrs. Jessie G. Randal and daughter Mrs. Gaster Spencer, will be Mrs. Spencer's children, Ann Lingle of Bartlesville, Okla., John Spencer of Dallas, Mrs. S. P. Coffey and son, Spencer Lingle, of San Antonio, Mr. and Mrs. Henry Elkins of New Orleans, will also come in Sunday for a two weeks' visit with her mother, Mrs. Spencer.

CHICKEN FRY TO BE HELD BY NEEDMORE H-D CLUB AUG. 7

Needmore Home Demonstration Club met Friday afternoon in the home of Mrs. Willie Blair, and a program of woodcraft was featured. Each member answered roll call by naming her favorite flower and the council report was made by Mrs. Doc Settle.

Plans for a wiener roast for the group and their families were announced by the losing side of and attendance contest, which has been staged by the club for the past two months.

Also, a family chicken fry will be held Aug. 7 at Coleman Park by the club.

Refreshments were served to: Mesdames D. C. Flowers, Norvel Hulise, Settle, A. J. Bell, Ralph and Woodie Tudor.

The home of Mrs. Homer Causeaux will be the site of the next meeting of the club, Sept. 11.

Mr. and Mrs. Harvey Gage, and Mr. and Mrs. Martin Line attended the opening of the new hospital in Lubbock Sunday.

Mr. and Mrs. Elvin Burnett and family of California spent a few days with their parents this week, Mr. and Mrs. Jim Burnett.

August-September First Baptist Dates Slated

Forthcoming major activities at the First Baptist Church are announced by Jones W. Weathers, pastor. Things to look forward to are: Aug. 30-Sept. 3—Training union study course meeting, in Baptist doctrines. Sept. 23—Installation service for new church officers. Sept. 27—Promotion day in Sunday school and training union. Sept. 27-Oct. 4—Revival, preacher, M. F. Ewton of Enid, Okla. Oct. 7, 14, 21—Teacher and officer preparation for stewardship study. Nov. 15—Adopt budget. Nov. 22-Dec. 6—Every member canvass. Dec. 6—Victory day. Dec. 13-20—Lottie Moon Christmas offering.

DIRECTORY—DROUTH—AIR SERVICE—TOPICS AT C. OF C. MEETING

Brownfield Chamber of Commerce held the regular monthly meeting, at 7 a. m., Monday, at Nick's Cafe. Grady Elder, manager, addressed the group concerning "phases of the southwestern institute," commenting on his first-hand knowledge, as a result of his having attended the school for the past three summer sessions. Group discussion was held with reference to (1) drouth publicity, (2) whether or not the C. of C. will have a city directory printed this year, (3) establish dates for monthly meetings, and (4) financial monthly reports turned in to the board of directors. Pro and con of "single-engine air service by 1954" was delivered by John Odell, and one director was elected.

Bridal Courtesies Given Mrs. Kehoe

BRIDAL SHOWER AT PORTWOOD HOME

Mrs. Kehoe was named honoree at a bridal shower from 4-8 p. m., Wednesday, July 29, in the home of Mrs. John Portwood, 620 Reppto. Hostesses were Mesdames George Steele, T. L. Treadaway, Wayland Parker, J. L. Randal, Percy Spencer, J. W. Nelson, Ida Bruton, Wayne Brown, A. A. Sawyer, Leo Holmes, Milton Addison, J. C. Criswell, W. N. Lewis, and Portwood. The receiving line was composed of Mrs. Portwood, Mrs. McCracken, mother of the honoree, the honoree, and Mrs. Fletcher Hester of Lubbock, sister of the bride-elect. Mrs. Parker registered guests in a bridal book, made by Mrs. Criswell and Mrs. Addison. The book was covered with gathered lace, and decorated with pink rosebuds and white satin streamers. Punch was poured by Mrs. Treadaway and Mrs. Randal, assisted by Misses Jo An Shelton, Carolyn Griffith, La Dell Moore, and Janelle Lewis. Bride's table was laid with a white linen cloth, and at one end a large crystal bowl held three candles in holders and baby pink roses. The bride's colors of pink and white were also carried out in iced cookies, mints, and napkins, and, on the buffet, one candle was beside a bowl of roses. Miniature Swiss angel chimes were placed at the registry table, with small burning candles which caused the wheels to revolve and chime. Hostesses showed gifts in the den, and Mrs. W. N. Lewis and Mrs. Charles Kersh furnished piano selections throughout the calling hours.

KITCHEN SHOWER BY SCHOOL FRIENDS A kitchen shower was given recently in her honor by Carolyn Griffith, and Janelle Lewis, at the Clarence Griffith home. A decorative scheme of miniature pots, pans, rolling pins, spoons, forks, etc., was carried out

MEADOW BAPTISTS TO BEGIN REVIVAL AUG. 12

The First Baptist Church at Meadow will begin a meeting Aug. 12 to 24, with one of the south's outstanding religious leaders, J. Frank Davis, who is well known as Bible scholar and radio evangelist. Lyall Campbell will direct the music, and Dr. J. Harvey Scott, pastor, will assist the evangelist. Evening services are at 8 p. m., morning services at 10 a. m.

CHURCH OF CHRIST HAS SOCIAL HOUR, DINNER

Sixteen ladies from the Crescent Hill and Southside Churches of Christ met at 8 p. m., Monday at Nick's Cafe, for a social hour and dinner. Mrs. Mohota Winston acted as mistress of ceremonies, and the opening prayer was given by Mrs. Boyd Howze. Group singing was led by Mrs. Charlie Bevers. After the dinner, which consisted of ham with sliced pineapple, creamed potatoes, assorted vegetables, hot rolls, and lime sherbet, a talk was given by Mrs. Joe Chisholm entitled, "Mother and Home." Mrs. Hub King reported on her recent trip to New York, giving a brief review on her visit with the Church of Christ at Brooklyn, N. Y. The meeting closed with a dismissal prayer by Mrs. King. A special guest was Mrs. Carmen Goff of Enid, Okla.

ALPHA OMEGA PLANS FALL FASHION REVUE

Alpha Omega Study Club will combine autumn news in fabric, line, and color, in a superb new collection of dresses and suits, in the fall fashion revue, to be held at 8:30 p. m., Sept. 13, in the Veterans Hall. Jimmy Isaacs, KDUB-TV announcer, will serve as narrator and master of ceremonies, Bernie Howell, KCDB-TV musician, will render organ selections. An intermission will be held and refreshments served. Participating stores are Cobb's Department, Collins Dry Goods, Dunlap's, Franklins, Go're Fashion Shop, Rambo Men's Store, and Shelton's Ready-To-Wear. Tickets will be on sale this weekend from members of the club.

Mrs. D. L. Pemberton is chairman of the arrangements committee, and others on the committee are Mesdames Jack Eastham, Lance Turner, George O'Neal, and C. R. Lackey. Publicity chairman is Mrs. W. T. McKinney. Local merchants met at the Veterans Hall last week to draw up preliminary plans, and they plan to have all models selected by the end of this week.

HORDS HONORED AT LAWN BRIDGE PARTY

Mr. and Mrs. Walter Hord, who are moving to Tahoka, were honored by Mr. and Mrs. Orb Stice and Mr. and Mrs. Al Muldrow, with a lawn party recently in the backyard of the Stice home. Mr. and Mrs. Hord were presented twin television tables as a going-away gift. After enjoying a supper composed of ham, salad, beans, relish plate, and ice tea, the group enjoyed bridge.

Attending were Mr. and Mrs. Clovis Kendrick, Mr. and Mrs. Winston Wharton, Mr. and Mrs. Lal Copeland, Miss Sue Jones, Mrs. R. V. Lowe, Mr. and Mrs. Jack Hamilton, Mr. and Mrs. Edison Wilders, Mr. and Mrs. Frank Szydloski, Mr. and Mrs. Burton Hackney, Mr. and Mrs. Bruce Zorns, Mr. and Mrs. Stice, Mr. and Mrs. Muldrow, and Mr. and Mrs. Hord.

WE CONGRATULATE:

Mr. and Mrs. Bobby Joe McWilliams, Box 2449, Odessa, on the birth of a son, Danny Jo, weighing 6 pounds 14 1/2 ounces, at 9:02 a. m., July 29. The father works with a seismograph crew.

Mr. and Mrs. Job Edgar Robinson, 316 West Main, on the birth of a daughter, Judy Kathleen, weighing 5 pounds 12 1/2 ounces, at 2:22 p. m., July 30. The father is a printer.

Mr. and Mrs. Richard Walter Krampert, Sr., Box 653, City, on the birth of a son, Walter Richard, Jr., weighing 7 pounds 8 ounces, at 6:15 p. m., July 30. The father is a petroleum engineer for Stanolind.

Mr. and Mrs. John William Cox, Sr., 316 West Powell, on the birth of a son, John William, Jr., weighing 6 pounds 9 1/2 ounces, at 7:30 p. m., July 31. The father is a truck driver for the salt plant.

Mr. and Mrs. Calvin Cooledge Frazier, 1005 South Seventh, on the birth of a daughter, Connie May, weighing 8 pounds 3 ounces, at 8:30 p. m., Aug. 1. The father is a truck driver for Curry Truck Company.

The hospital reports there were 32 babies born during the month of July.

DR. DAVID M. COWGILL assumed duties as director of South Plains Health Unit, Saturday, Aug. 1. He has been working as director in public health service for the past 20 years, in such countries as Cameron and Taylor, the city of Amarillo, and 11 years in Tennessee. A staff conference was held at the health unit Tuesday, and it was decided that immunization of pre-school children will be held from 1 to 4:30 p. m., Aug. 14, at the health unit. The staff recommends that parents have their family doctor perform the immunization. However, if they do not have a doctor, the services of the health unit are free.

BRIDAL SHOWER was given honoring Mrs. Jerry Kehoe, the former Betty Jackson, in the home of Mrs. John Portwood, July 29. The couple were married Aug. 1 at Colorado Springs, Colo. Pictured above are Mrs. T. L. Treadaway; the honoree; her mother, Mrs. W. F. McCracken; Mrs. Fletcher Hester of Lubbock, sister of the bride; and Mrs. J. L. Randal. (Staff Photo)

QUICK NEWS FEATURE FOR WOMEN ONLY

Consider the suggestion made in cactus cushions, and spark plug jewelry are only a few of the timely topics and fashion trends discussed in the Aug. 11 issue of Look Magazine. Titled the same as this article, it advised women to: Look forward to less austerity in modern furniture, with more "provincial modern" and "country modern" replacing the machine-like purity of modern design. Consider the suggestion made by the National Federation of Business and Professional Women's Clubs that "women must learn the personal attitudes which enable them to meet men on a basis of equality without sacrificing their femininity—a task in which women excel when they try. The article goes on to say to check yourself against the nine motives for feminine buying cited by a retailer: "Because hubby says I mustn't; because nobody has one like it; because everybody has one; because it makes me look thin; because it's imported, so it must be good; because it's going to be scarce; because it's pretty; because it's a bargain; and just because."

The royal page boys at the coronation inspired an at-home fashion that could sweep the United States, exact copies of their gold-buckled black patent-leather pumps with bright red heels will be introduced shortly at Bonwit Teller in New York City. A new fad in autograph collecting in Cincinnati, Ohio, started by a businessman when he sent his autographed copy of Dwight D. Eisenhower's "Crusade in Europe" to all the important people mentioned in the book, and asked for their signatures. As a summer belt for cotton dresses, the article tells of a teenager who "borrowed" one of her brother's neckties, buckled it with her own large hoop earrings. Glass neckties and cactus cushions were two new surprises from the chemical laboratories. The fiberglass yarns used in fishing rods, sports cars and curtains have been made into neckties, and thorny cactus has been turned into shock-absorbent cushions for lawn furniture, mattresses and upholstery. The article tells fashion-conscious people to look for: Gladioli with fringed petals, developed by a California grower—a revival of the soviet art. Indications are that Malenkov is relaxing Stalin's dic-

tatorship of the arts, which may encourage new Russian talent—men in black sports shirts, weskies, jackets and sweaters in town and on the campus—spark plugs dangling from feminine ears and arms. Copies of real spark plugs have been made into earrings and charms by Coro—cinnamon-flavored soft drinks. The article concludes by stating that shirt-jackets are slated for a top role in winter wardrobes. Half jacket, half blouse, they have any number of shirrtail variations, ranging from Lorraine Budny's curved cutaway and Wrage's mid-dy effect to Tina Leser's jacket-blouse.

BOLLWORM THREAT TO FARMERS

Bollworms are the present major threat to Terry county's cotton production this year, Jim Foy, county agent, announced Monday. However, he stated, that they can be controlled, if growers will use the right poisons at the right time.

After an inspection of area farms, he found that the bollworms are showing up on the irrigated cotton. County officials are estimating that there are 25,000 acres of irrigated cotton and 8,000 acres of dry-land cotton, which is up to a stand. Questionnaires were sent to farmers in early July to determine the estimate. No leaf worms have shown up as yet, and Mr. Foy estimates that one out of every four farmers in Terry county has a stand of cotton.

He stated that farmers have planted 150,000 acres of grain sorghum, and are expecting a crop from it.

Mr. Foy thinks Terry farmers will make 20,000 to 25,000 acres of cotton if weather conditions are favorable, and there is no early freezes in October. Terry farmers do not seem too discouraged over the whole drouth situation, and their hope is in the next year, rather than the present time. Mr. Foy noted that very few farmers, if any, have pulled out and left their land.

Farmers interested in controlling cotton insects on their land may obtain a very detailed pamphlet concerning such in Mr. Foy's office, issued by the agriculture extension service at College Station. Under the late season control program, the following treatment is recommended:

Bollworms—When eggs and four or five worms are found per 100 terminals, dust program should include 20 percent toxaphene—40 percent sulfur, or 3-5-40 mixture, or calcium arsenate, or lime-free calcium arsenate plus 1 percent parathion, or 2½ percent aldrin—5 percent DDT—40 percent sulfur, or 2½ percent dieldrin—5 percent DDT—40 percent sulfur, or 2½

percent heptachlor—5 percent DDT—40 percent sulfur, or 10 percent DDT—40 percent sulfur 7, 10 to 15 pounds, 5-day intervals; or 2-10-40 mixture 8, 15 pounds per acre preferred for heavy infestations, 5-day intervals.

Spray program—Based on active ingredients per acre includes, 2-1 mixture 1, 3 pounds; 3-5 mixture 6, 1.2 pounds; dieldrin-DDT (1-2), 1½ pounds; aldrin-DDT (1-2), or heptachlor—DDT (1-2), 2 pounds; or DDT 7, 1 to 1½ pounds per acre, 5-day intervals.

Poisons must cover the plant to kill the bollworms, and when they put on new growth, or the poison is washed off, plants are no longer protected. On fertile soil where damaging infestations of bollworms occur, big profits have nevertheless been made by controlling these pests. This has been proved when a large number of poison applications was necessary for maximum yields.

Late season control depends on the severity of infestation and insecticides should be applied when needed no matter whether early season control was followed or not.

When most of the corn silks begin to dry, or at the time bollworms usually appear, start examinations for bollworm eggs on cotton. Continue every five days, until the crop has matured.

If bollworm eggs are found on the terminals and four or five young worms are found in small squares, or on tender top leaves, infestation is high enough to start treatment. When they are first deposited on the plants, bollworm eggs are white, and about the size of mustard seed. As hatching time nears, they change to a dirty white color, and these eggs usually will be found scattered on the terminal portion of the plant.

Past experience has shown that the use of DDT alone for bollworm control greatly increases the possibility of injurious aphid infestations. Any grower who uses DDT alone should be prepared for a "knockout" control for aphids. An aphicide can be used alone, or in combination with other insecticides.

Fluorescent powder has been sprinkled on money to catch the thief—it worked.

DENVER CITY COUPLE HAS NEW SON

Mr. and Mrs. George Chisholm were in Brownfield recently, showing off their newest prized possession, a son, Bobby George, born July 15, weighing 7 pounds 7 ounces. They are now living in Denver City, and Mr. Chisholm is employed with the Shell Oil Company.

Paternal grandparents are Mr. and Mrs. Henry Chisholm of Brownfield, and maternal grandparents are Mrs. Sam Tankersley of Lubbock.

The Chisholms have a small daughter, also, Mikie Suzan.

FEW NEW TEACHERS AVAILABLE FOR JOBS

Austin—A survey just completed by the Texas State Teachers Association indicates that there will be only 2,550 new teachers available for approximately 8,000 vacant teaching jobs in Texas next September, research director, E. L. Galyean announced Saturday.

The 8,000 figure is an estimate based on previous records, Galyean explained. The survey showed that there were 3,508 vacant teaching jobs—almost 1,000 more than the supply of new teachers—as of June 1.

"There are usually more than twice as many teaching jobs vacant on Sept. 1 as on June 1," Galyean said, "because so many teachers find new jobs, outside the teaching profession, during the summer."

The survey showed that the annual turnover in teaching personnel is nearing 25 percent. Records of the Texas Education Agency show that school made 12,754 replacements during the 1952-53 school year. That means that one out of every five Texas teachers changed jobs during the past school year.

Mrs. J. R. Hissom, Magnolia Camp, visited in Pawnee, Okla., recently attending the wedding of a niece. A sister of the bride, Mrs. Charlotte Burkdoll, returned with Mrs. Hissom for a two weeks' stay.

Mr. and Mrs. Lal Copeland and family left Friday for a vacation in Colorado.

POLIO INCIDENCE LOW—BUT TAKE NO CHANCES

Austin—Polio isn't running wild in Texas this summer, as it did in '52, but it is still smart to play safe with the kids, state health officer, George W. Cox, will tell you.

There are several common sense items parents ought to keep in mind during the polio "season," Dr. Cox lists them like this:

Don't get panicky. Keep in mind that half of all polio victims recover completely, and 30 percent of the other half recover with only slight weakness. Only 14 percent have lasting paralysis.

Realize that gamma globulin is not a cure for polio. There is no cure. GG is intended only as a temporary preventive against paralysis. At best, it is effective only for five weeks, after which it has all been eliminated by the body.

Gamma globulin has been tested on more than 54,000 children, and the results are now under study, but once the polio virus has reached the nerve cells, GG cannot alter the course of the disease.

You can find out whether or not your child is eligible to receive gamma globulin by asking the health officer in your county. He is familiar with the formula for GG distribution in effect in Texas.

Meanwhile, don't isolate your youngsters when you hear of a case of polio in the community. There is no point in letting them contact strangers, but they ought to be allowed in their usual circle of friends.

Keep them clean, and see that they rest in the afternoon. A nap is fine, but even playing quietly part of the day will help conserve their strength.

Last, but highly important, call your doctor at the first onset of any of these signs: Headache, fever, sore throat, upset stomach, stiff neck or back. The earlier a case of polio is diagnosed, the better are the chances for recovery without lasting damage.

Great strides are being made toward the development of a vaccine, but until it is finally developed, Dr. Cox believes this opinion is still valid:

"A high level of environmental sanitation and personal hygiene is the individual's best defense against polio."

Agriculture Head States Need for Four Times As Much Hay

Agriculture Commissioner John C. White said Monday Texas ranchers and stockmen have an immediate need for 868,716 tons of drouth-relief hay—four times the amount shipped into the state, as part of a disaster relief program last year.

White pointed out the initial call far exceeds the 65,956 tons of surplus hay reported available in Texas last year.

The agriculture commissioner released his report, following a week-long survey of drouth needs.

The surplus hay was reported from 17 counties, spotted mostly in central and east Texas. Of the 254 counties in the state, 84 said no hay was needed, and 13 counties failed to report. The remainder were asking aid.

White emphasized the 868,716 ton figure represents only the first call.

He predicted a 25 percent increase in the first figure may be needed before the year is out "to give stockmen the kind of relief they really need."

The report showed surplus hay now in Texas was being offered at prices ranging from \$22 to \$50 per ton for legumes, and \$12 to \$35 per ton for grasses and mixed hay. The average asking price for the legume surplus was \$30-\$35 per ton, and \$20-\$25 for grass and mixed hay.

"The prices are in excess of what the stockmen can actually afford to pay, considering the present cattle market. I hope we can work out an arrangement to make reported small acreages available to the hay available to the stockman for open grass leases. However, two counties, Lamar and Titus, at a lower figure," White said, no prices were quoted.

Ruskies may purge and purge—but the National League is still a fight down to the wire!

Economic Highlights

(Happenings that affect the future of every individual—national and international problems inseparable from local welfare).

Some historians have divided the presidents of the United States into two rather arbitrarily-defined groups. The first consists of the so-called "weak" presidents; the other, of the so-called "strong" presidents. The difference is not one of ability or character or resolution on the part of the presidents concerned. It is, instead, a difference in attitude toward the philosophy of government. The first group consists of chief executives who believed that the presidential duty is to suggest courses of policy and legislation, and then to abide by whatever congress decides, with a minimum of controversy. In other words, they regarded the presidency as primarily an administrative job. The second group worked on the principle that the president has the right, and the obligation, to dominate and direct congress, using every means at his command toward that end.

To take specific cases, these historians often cite Calvin Coolidge as a near-perfect example of the first group, and Franklin Roosevelt as a near-perfect example of the second group. The latter reached something of a new high in efforts to totally dominate all branches of the government in his unsuccessful supreme court packing plan.

It is no secret that some segments of the Republican party—made up, for the most part, of younger elements—have been gravely disappointed in resident Eisenhower's conduct of the executive-congressional relationship. They expected that he would be an extremely "strong" president, who would move heaven and earth to get his ideas over, and would brook no delay or opposition. The fact that Mr. Eisenhower had been a soldier of the highest rank, whose orders were instantly translated into action, no doubt

fed this belief. Now, after watching the administration at work for a few months, they are feeling and saying that, unless the president shows much more force and initiative, congress will dominate the White House, and the country will be without dynamic, effective leadership. The Democrats, naturally, have tried to make hay out of this, with such wise-cracks as the one that says Harry Truman left the White House on Jan. 20, and no one else has moved in.

On the other hand, there are a great many men within and without the GOP, and this includes some of the most influential editorialists and commentators, who believe that Mr. Eisenhower's course is close to 100 percent right. During previous administrations, they believe, the balance between the executive and legislative branches went all askew, and very dangerously so. The new president, as they see it, is trying, and trying successfully, to restore that balance, in accord with constitutional ideas. This does not mean that he will jettison his program, or any part of it. It does mean, however, that he is convinced that honest compromise and amicable settlement of differences through negotiation are a vital factor in the democratic process. In sum, he does not seem to be a "whole hog or none" man.

Actually, the fact that parts of the presidential program are moving through the legislative mill more slowly than anticipated is no sign of weakness on anyone's part. There is simply much less evidence of steam-roller tactics than in previous congresses. And there is more thorough debate and consideration of the issues and problems, in all their incredible complexity.

Mrs. Henry Chisholm was called to the bedside of her father again last week at Burnett, Texas, and was accompanied by her daughter, Martha. He has recurrent heart attacks, and is in a very serious condition.

SANTA FE CARLOADINGS

Santa Fe carloadings for the week ending July 25, 1953, were 23,684, compared with 23,912 for the same week in 1952. Cars received from connections totaled 11,413, compared with 10,183 for the same week in 1952. Total cars moved were 35,097, compared with 34,095 for the same week in 1952. Santa Fe handled a total of 35,744 cars in the preceding week of this year.

Runez Patton of Meadow is spending a few days in Carlsbad, N. M., with an uncle, and is going from there to Albuquerque, to spend two or three weeks with her brother and family, Mr. and Mrs. Billy Thornton.

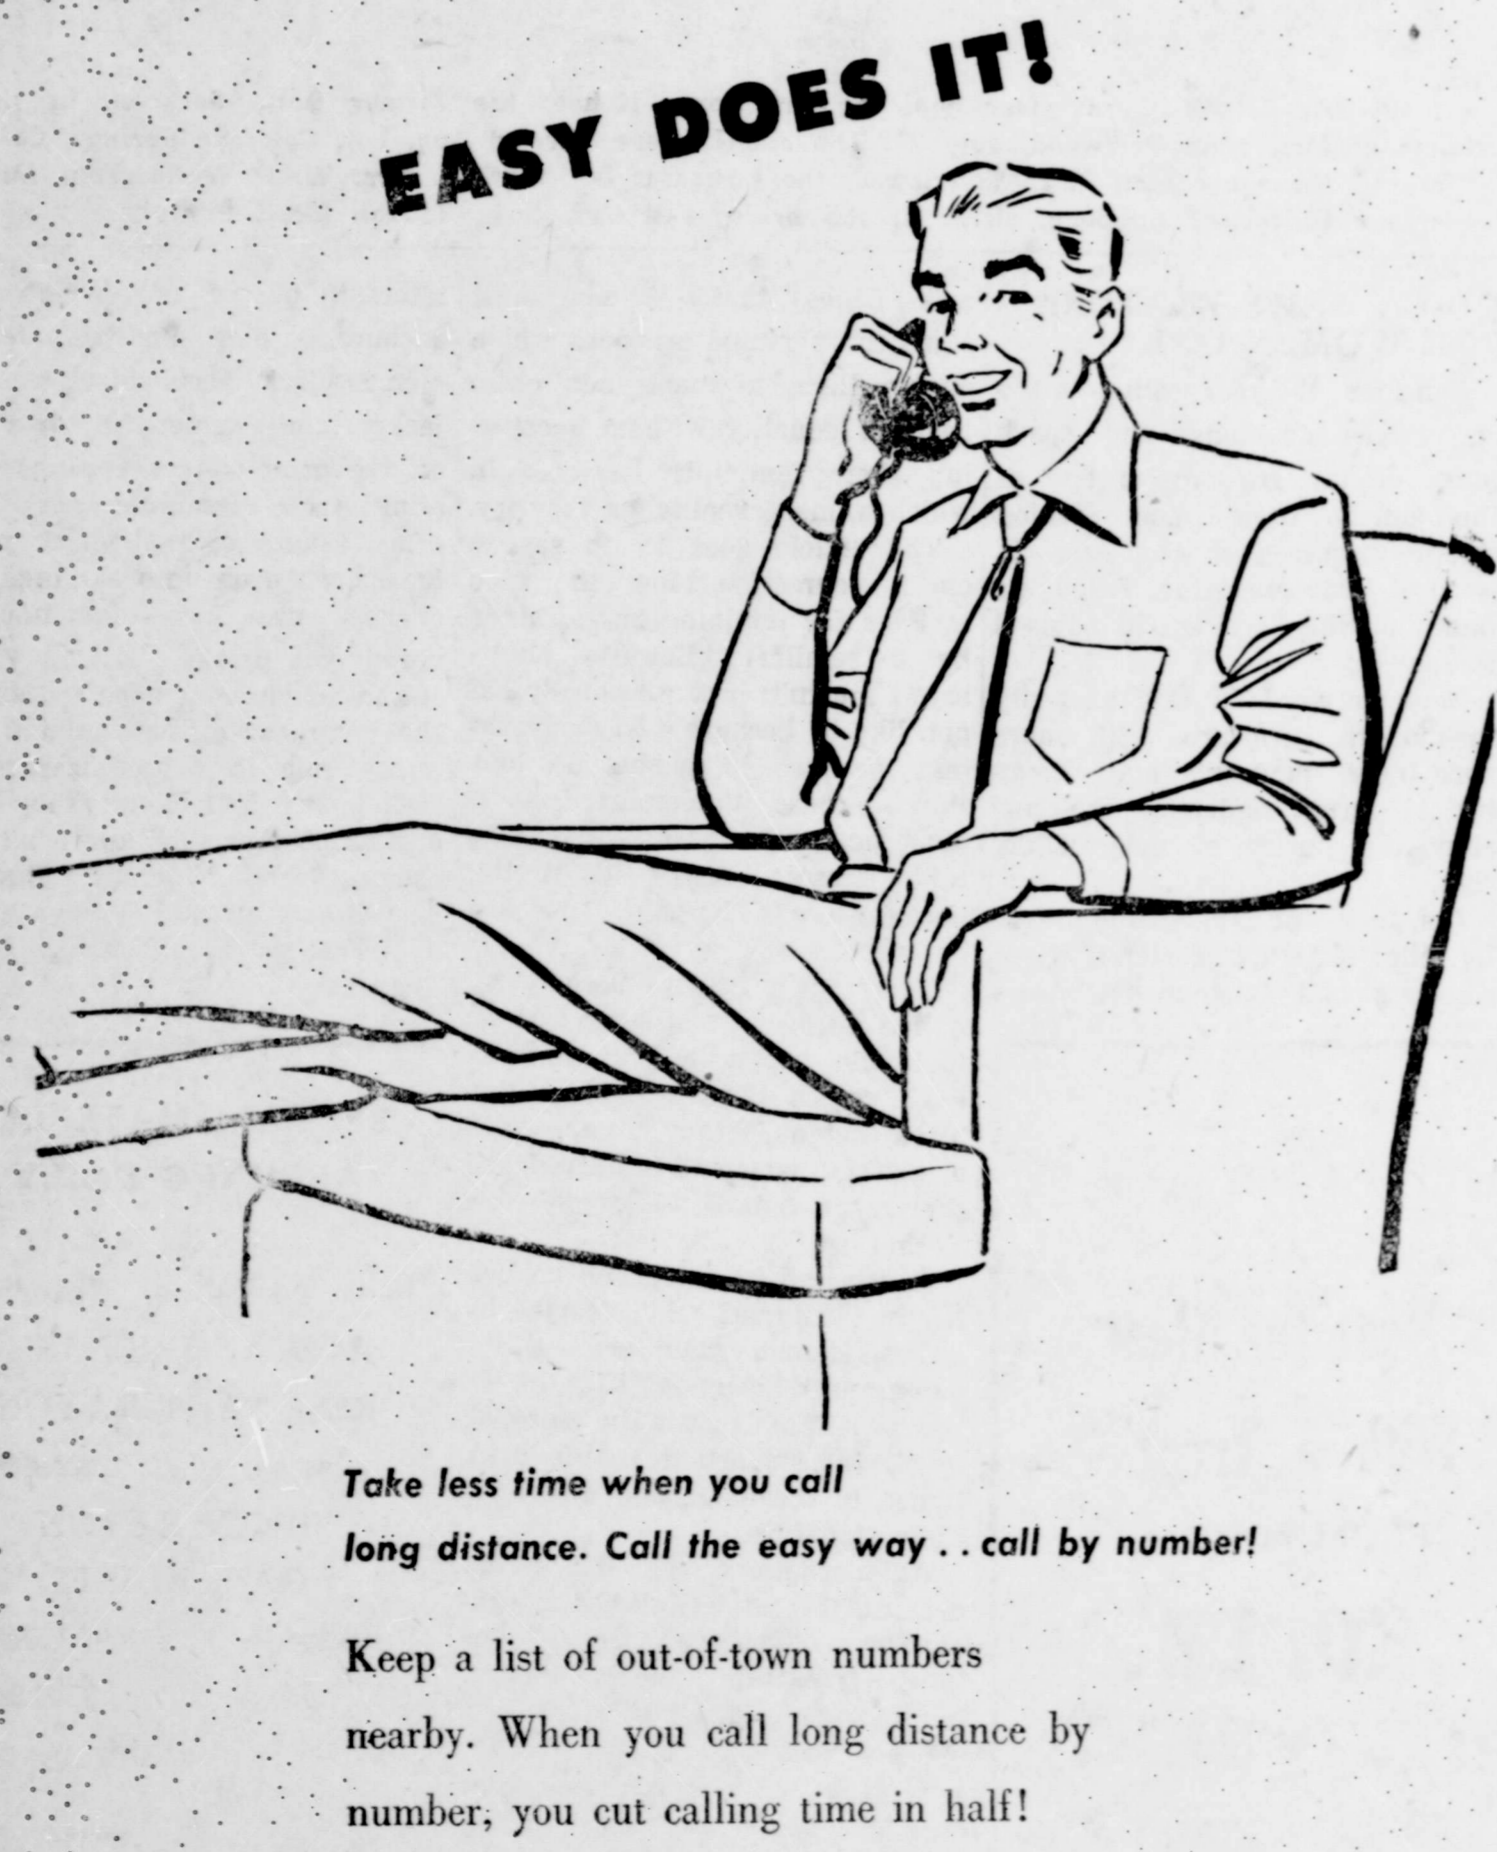

Mr. and Mrs. C. T. Hall, daughter, Bonnie, sons, Archie and Ronnie, left Saturday for a week's vacation in Oklahoma, where they will visit Mrs. Hall's mother.

CONTEST DATE—Aug. 10th to midnight, Sept. 20th

FORMER SHERIFF IS INJURED IN CAR-TRUCK ACCIDENT NEAR PLAINS

Joe B. Ellison, a former sheriff of Yoakum county for 14 years, was injured Friday, July 24, about 7 a. m., when the tractor he was driving to his farm, east and south of Plains, was run into from the rear by an old model Chevrolet, driven by A. M. Miller of Lubbock.

Apparently Miller's attention was directed some place other than the road, and he did not see the tractor in time to avoid the collision. He was released from county jail after being charged with aggravated assault with a motor vehicle, and will appear before the grand jury.

Mr. Ellison was taken to the Yoakum County Hospital in the

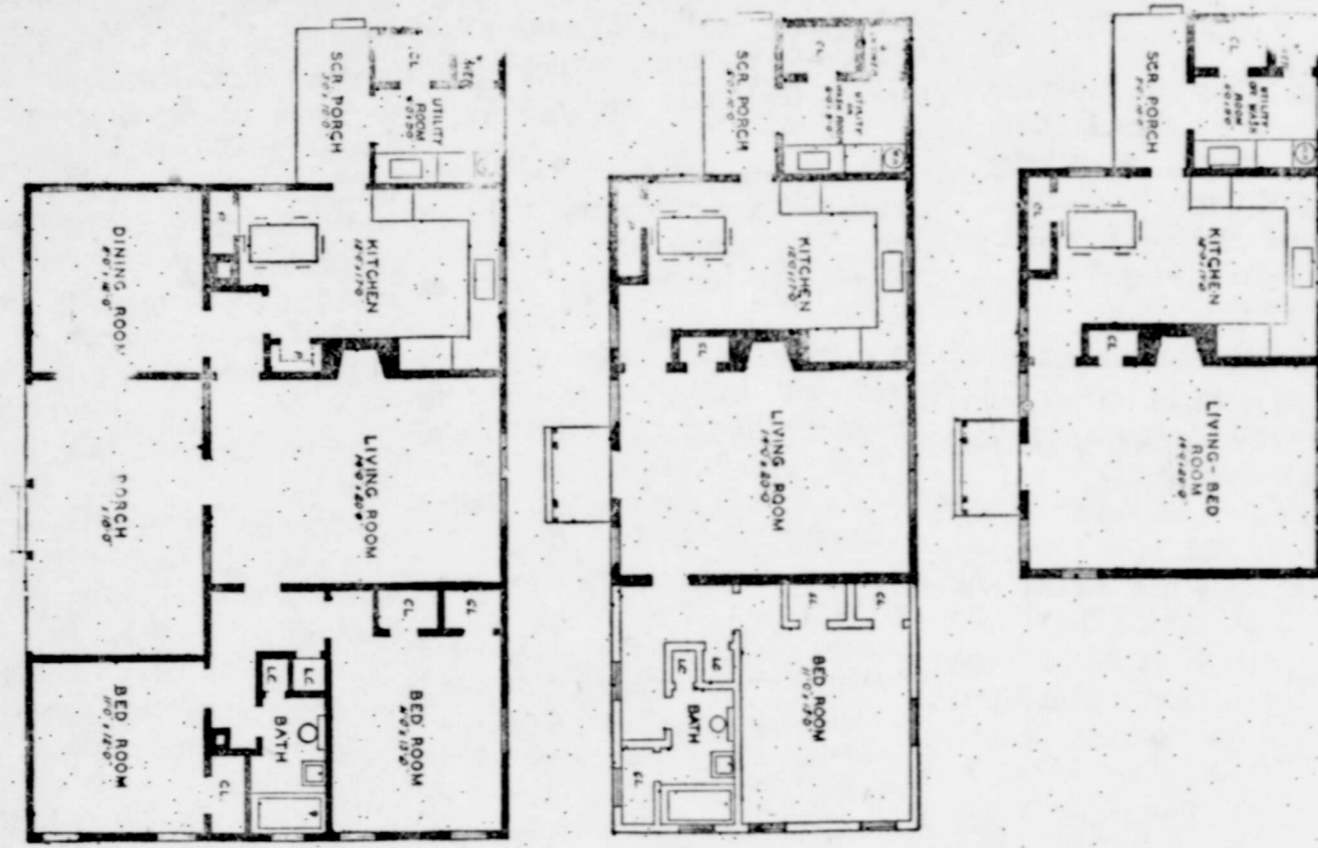

Plains ambulance, and released Saturday. His condition is not reported as critical, although he will be confined to his home for some eight weeks, and then it will be six more weeks before he will be able to do any work.

Ellison suffered two broken places in his shoulder, a broken ankle, and various cuts and bruises that required several stitches.

Mrs. Tom Chrestman, of Meadow, and Mrs. W. E. Patton, of route 3, Meadow, were visiting in the Herald office Saturday afternoon, and while here, Mrs. Chrestman became one of our newest subscribers.

Don't miss the ISL softball tournament, now going on at Lions Park.

THIS HOME TAILOR-MADE FOR ADDITIONS OR CHANGES

Many farm families have wanted to add to their homes, but they have discovered, too late, that it couldn't be done, without making major alterations in the framing. This house is designed to eliminate that extra expense; the floor plans can be developed step-by-step, thus enabling you to adjust your income and your building plans to conform to each other.

Each step has been planned, so that your house will be attractive at all times, as convenient as possible, and will not require any structure or framework changes when you are ready to make the alterations that you decide are necessary.

For instance, in every case, win-

dows in the original house are replaced by doors in the new addition. The window sizes were selected so the windows could be removed and the doors set in their places. The lines of the room have been kept as simple as possible, thus eliminating any tearing out of its parts, when your addition is made.

The back porch and utility room are optional. Ample provision is made for chimneys to heat the living room, bedroom and dining room. The dining room chimney does double duty, since the kitchen stove pipe goes through it, thus saving the cost of another chimney, and eliminating smoke from the chimney.

Waste lines are divided in two

groups. One carries wash water from the kitchen and washroom, and can be disposed of with a grease trap and tile line. When the bathroom is added, this will reduce the size of the septic tank and disposal area.

You can obtain blueprints for this Terry County Herald farm and ranch plan No. 4802, and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to the Building Editor, Farm and Ranch-Southern Agriculturist, Department L-193, Nashville, Tenn. Order by number—plan No. 4802. Blue prints are adequate for any farm carpenter, or for any farmer handy with tools.

Aug. 14 Slated For Wheat Referendum

Wheat referendum is to be held Aug. 14. However, the local county Production and Marketing Association committee has not decided where it will be held, due to a lack of vital information that has not been received from the state office.

Wheat acreage allotments will be mailed before the referendum from the PMA office. Approximately 300 allotments will be issued, and all eligible to vote in the referendum will be notified.

The principal change in the law was the amount of acreage to be seeded to wheat in 1953.

If more than two-thirds of those voting in the United States vote in favor of wheat marketing quotas, then such a program will become effective, and the secretary will so proclaim.

If more than one-third of those voters in the United States vote against such quotas, then such a program will not be effective, and the secretary will so proclaim.

If quotas are approved, these items will apply:

(1) Co-operators may market all of the wheat produced, without payment of any marketing quota penalty. They will be entitled to price support equal to 90 percent of the parity price for the 1954 crop.

(2) Non-cooperators will be required to (a) pay of (b) to secure payment of the total farm marketing quota penalty before a marketing certificate or card is issued, allowing the selling of the 1954 farm marketing quota of wheat penalty free. They will not be entitled to price support.

If quotas are rejected in the national wheat referendum, these items will apply:

(1) No marketing penalties or deductions will apply to any wheat farmer in the United States.

(2) The price of the 1954 wheat

FUTURE FARMERS ELECT OFFICERS—The 3,000 Future Farmers of Texas, who attended the 25th annual FFA convention, July 22-24, in Fort Worth, elected Jon Hagler of La Grange, center of front row, as state president for 1953-54. The new 17-year-old son of Mr. and Mrs. J. A. Hagler of La Grange, will be a high school senior this fall. He plans to attend A. and M. College after his graduation. The other Future Farmers, pictured above, will serve as state vice-presidents under Jon. In the back row, left to right, are Damon Campbell, Hamilton; Hugh Spragg, Luling; Bobby Beathard, Kirbyville; Derrell Rogers, Lamesa; and Raymond Hinders, Canyon. In the front row are Ardia Barnes, Commerce; Kenneth Reynolds, Pittsburg; the new president; Kenneth Richardson, LaPoynor School at LaRue; and John Pezz, Alamo.

ROTARY CLUB HEARS AGRICULTURAL TALK

Brownfield Rotary Club held the regular weekly luncheon Friday at Nick's Cafe, with Raymond King as featured speaker, who showed slides and gave detailed discussion concerning insect control and other agricultural matters with reference to this immediate area. Approximately eight farmers were guests of the club to hear the discussion.

Mention was made of the soliciting during the past week, and this week, of prizes from the local merchants, to be used in the forthcoming Harvest Festival, in October.

Forty-four attended the luncheon.

Oil Lab Paces Jet Flight Progress

SUPERSONIC STANDSTILL—Oil lab scientists log thousands of hours of "ground flying" to develop the fuels and lubricants for jet flight. Long before the new jet engines are flight-tested their needs are predicted by studies which duplicate actual flying conditions. Tomorrow's swift intercontinental jet flights are being blue-printed at Texaco's main research center where "round-the-clock" tests are run on a gas turbine combustion section. Seen during a night run, the unit glows white hot.

Fewer Cases Of Polio Reported This Week

Another light week of polio was reported by the state health department last week.

The department counted 86 new cases for the week ending July 25, the same as the week before. It raised the year's total to 853, two-thirds less than for a year ago.

State health officer, George Cox, attributed the drop, in part, to "a sound program of home and community sanitation."

Seven counties reported their first cases. They were Hale, with three cases; Henderson and Sabine, two each; and Cherokee, Coryell, Parker and Williamson, one each.

Other counties reporting polio included Tarrant 9; Galveston and Dallas 7; Harris and Taylor, 6; Jefferson, 5; Bexar and Nueces, 4; Coleman, 3; Potter, 2; Bell, Bowie, Brazoria, Erath, Reagan, Tom Green and Wichita, 1.

The public health service in

Washington reported that 1,352 polio cases were reported last week over the nation.

The number of cases reported was 8 percent more than the previous week, but 20 percent below cases in the corresponding week last year.

No case was reported in Montgomery county, Ala., where the first mass immunizations of children with gamma globulin was conducted several weeks ago.

Caldwell and Catawba counties in North Carolina, which also held mass inoculations of youngsters, reported 8 and 79 new cases, respectively, last week.

The public health service said the totals of polio cases since the polio "season" started in April, is below last year, with 6,720 cases this year, compared with 7,088 for the corresponding period of 1952.

Mr. and Mrs. P. C. Goza and family, and Eliasville, visited Rev. and Mrs. Jones W. Weathers, and Mr. and Mrs. Lee Lyons, this past weekend.

Last Rites For W. G. Curtis Conducted

Funeral services for one of Meadow's best-loved pioneers, W. G. Curtis, 71, were conducted at 3 p. m., Monday, at the Meadow Church of Christ. Mr. Curtis died Saturday, Aug. 1, about 2 p. m., in a temporary residence at 1610 14th Street, in Lubbock. He had been in ill health for about six months.

Officiating at the services were Bro. Adrian McKroy, Kress minister, assisted by Bro. Gerald Paden, former Meadow minister, and Bro. Melton Brewster, Meadow minister. Burial was in the Meadow cemetery, under the direction of Brownfield Funeral Home.

Mr. Curtis was born March 4, 1882, in Selina county, Arkansas, and he and his family moved to Quanah, Texas, in 1919, in a covered wagon. After four years there, they moved to Meadow, and have lived in and around Meadow since that time. In 1946, Mr. Curtis became a member of the Meadow Church of Christ.

Survivors include his wife, Pearl, three sons, Alfred and Arthur Curtis, both of Meadow, and Freeman Curtis, Dhamit; two daughters, Mrs. Russell Hendricks, Meadow, and Mrs. Etter Collins, Meador; two brothers, John and Luther Curtis, both of Little Rock, Ark.; two sisters, Mrs. Rena Brown and Mrs. Lula Dodson, both of Little Rock; 22 grandchildren and four great-grandchildren.

Among relatives attending the funeral, were Mr. A. B. Moore, Mr. and Mrs. Oren Moore, all of Colorado City; Charlie and Leon Moore of Lubbock, and Mr. and Mrs. Hudson Hendricks of Amarillo.

Pallbearers were grandsons Pete Curtis, Sonny Curtis, Eugene Frank, George, and Reuben Collins.

HOSPITAL NEWS
Following is a list of patients in Treadaway-Daniell Hospital the past week:

Medical: Mr. W. H. Brown, Mrs. Chappell, Mrs. Frank Jordan, Mrs. J. W. Sullivan, Mrs. J. W. Cox, Ben Keeler, Delfier, Gierrabianca, Eleanora Lopez, Mrs. Bille-Morris, J. Varguez, and E. C. Harris.

Surgical: Mrs. Wilson Marchbanks, Bobby Jones.

ATTACK FATAL TO YOAKUM OFFICIAL
Clarence Brown, 58, Yoakum county commissioner from precinct No. 1 for the last 4½ years, died suddenly at Denver City, Saturday night, of a heart ailment.

Brown had suffered several heart attacks during the last two or three years. He was brought to Yoakum County Hospital at Denver City two weeks ago, and, apparently, was improving, when he suffered another attack Saturday night, and died at 9:20 p. m.

In addition to his service as county commissioner, Brown was a member of the Yoakum county school board for eight or ten years, before assuming his commissioner's duties.

He has lived in Yoakum county for the past 29 years, and farmed.

Minor surgery: Ben Wilkins, Mrs. G. S. Shultz, Gary Brackett, and Jerry Brackett.

Accident and medical: Mrs. Willie Winn.

Accident: Randall Gilbreath, O. L. King, and Roland McFarland.

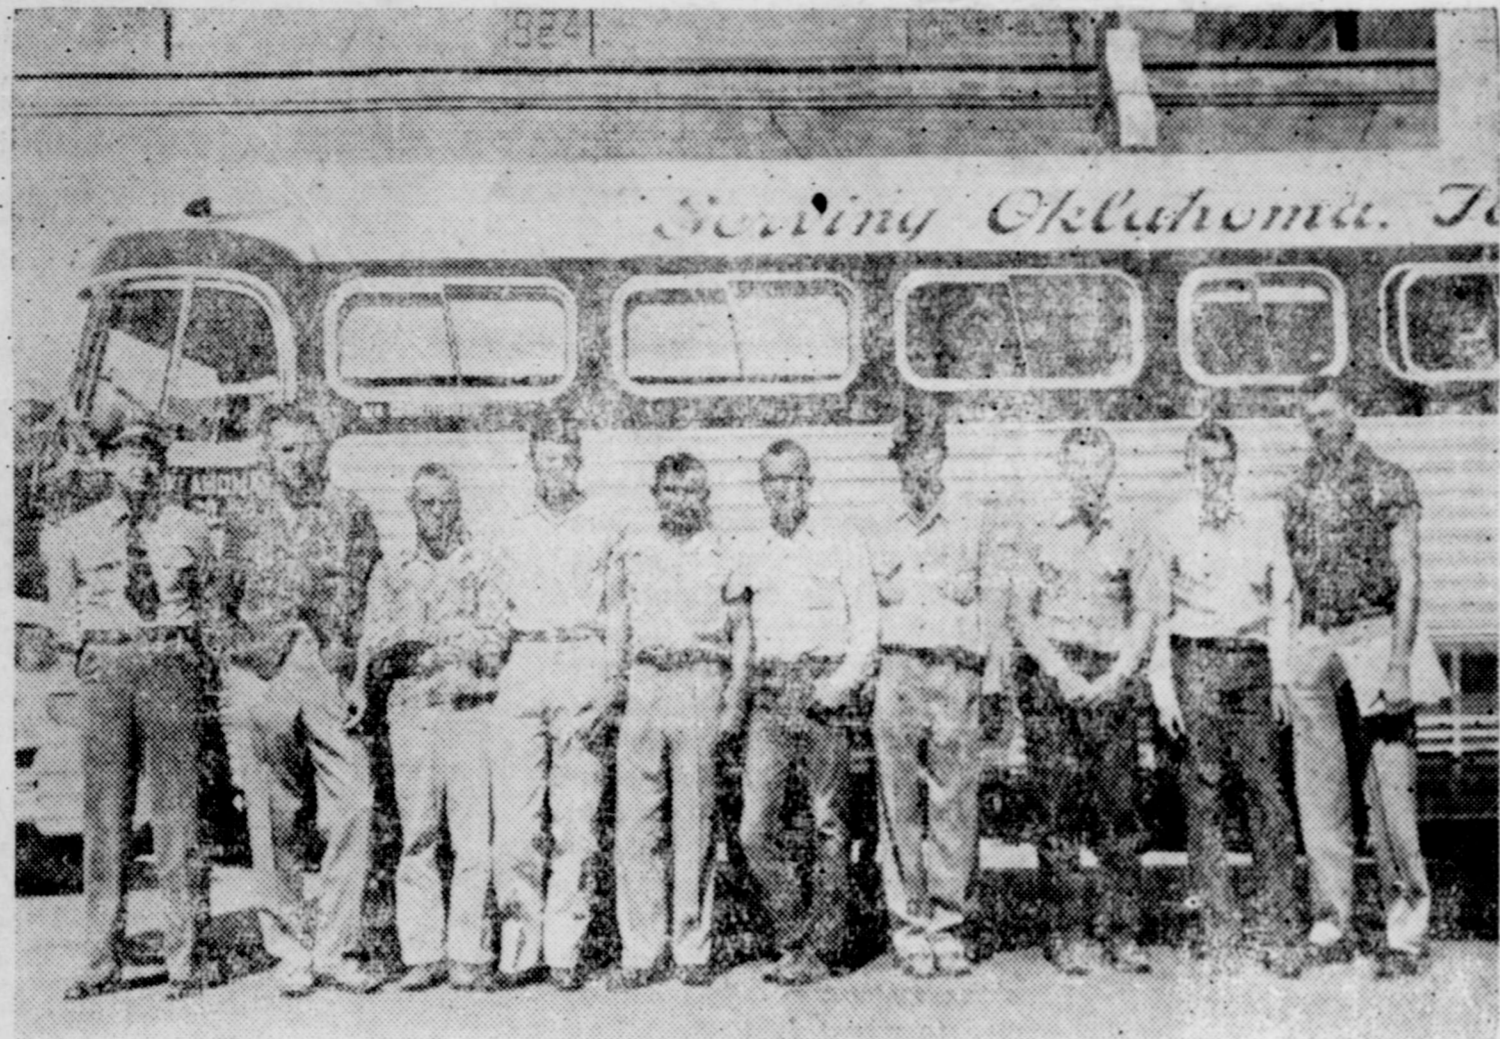

Yonder He Comes And There He Goes
Most weekends it is sickening to read of the many wrecks over Texas that takes the lives of many people; injures even more, and destroys property worth millions of dollars. But almost every day, in the southeastern part of the county, his only son, Vance Brown, farms in the same area.

A native of Cook county, Brown came to Denver City from Clay county.

In addition to his son, he is survived by his widow, and four grandchildren.

Funeral services were held Sunday, Aug. 2, at the Seagraves Methodist Church, officiating were Rev. Preston Florence of Seagraves, Rev. Aubrey Haynes of Seagraves, Rev. J. T. Pickens of Plains, and Rev. C. L. Gaide of Denver City.

Burial was in the Seagraves Cemetery, under the direction of Joe Webb Funeral Home.

NINE INDUCTEES left Brownfield July 28, to be inducted into the army. They are pictured above, left to right, Harold Adams, bus driver; Wendell George Knopfel, Brownfield; Jimmie Dale Rogers, Meadow; Charles Wendel Mason, Meadow; Roland Burnett, Bennie Moore, Levelland; Marion Newlon Rowland, Plains; James Delbert Wagley, Plains; and E. H. Crossland, Brownfield. Not pictured are four other men, who were transferred to another draft board: Bobbie Ray Boudreaux, Alvin Strickland, Jr., Kenneth Gene Lee, and Archie Wayne Moore. (Staff Photo)

Some Good Cotton Viewed Sunday P. M.
Late Sunday afternoon, Mr. and Mrs. Hayden Griffin asked the lady and the writer to drive out to the Noah Lemley field, where the old county-city airport was located, to see his fine field of cotton. We have no idea how much land Mr. Lemley has under irrigation, but looks like some 320 acres or more in cotton. And is it fine? About waist high, and loaded from top to bottom with forms, blooms and bolls, from tiny ones to full grown.

Mr. Griffin got out of the car, and counted the squares, blooms and bolls on a number of stalks, and said they average 62. For many years, it has been said here that blooms that come on cotton here up to Sept. 15, will, of an average year, mature and open. Will make bolls usually after that time. We want to get a picture of that field before next issue.

FARMERS TO VOTE IN PMA OFFICE
The wheat quota referendum will be held on Aug. 14. The only voting place in Terry county will be at the PMA office, Brownfield, Texas. The polls will be open from 8 a. m. until 7 p. m.

Who Can Vote in the Referendum?
Any wheat producer who would be affected by marketing quotas—more than 15 acres—is eligible to vote in the referendum. Husband and wife are both eligible to vote.

All wheat producers in Terry county will receive their allotments during the latter part of the first week of August. The allotment factor in Terry county is 90 percent of the base acreage.

Any wheat producer who is eligible to vote may vote an absentee ballot, if he is not going to be in the community on the day of the referendum, Aug. 14, by calling at the PMA office, located in the basement of the Brownfield postoffice, room 10, for a ballot.

Election of Community and County Committeemen
The county committee has set Aug. 19 as the election day for selecting delegates to the county convention, and the election of community committeemen. For this election, there will be voting boxes at the following places:

Meadow community, Meadow Co-Op Gin office; Challis, Pleasant Valley and Lahey communities, PMA office in basement of postoffice; Union community, Union Gin office; Wellman community, Wellman High School building; Johnson and Gomez communities, Gomez Gin office; Pool community, Pool school house; Tokio community, Tokio postoffice.

All farmers in Terry county should make a special effort to vote for the committeemen who will represent them in the 1954 program. The men you select will have the responsibility of assisting in the marketing quota program, the loan support program and other programs administered through the PMA office. Husband and wife are both eligible to vote.

Mrs. Winn Suffers From Fractured Hip
Mrs. Willie Winn, Route 2, has been suffering from a fractured hip for the past two weeks, in the Treadaway-Daniell Hospital. At present time, she was in fair condition.

The accident occurred when she fell in her home, as the result of a dizzy spell. Her sister, Mrs. Stacy Scott, who arrived Friday from Canyon, and Mr. Winn have been at her side constantly.

Mrs. Winn has been in failing health for several years. She can have a few visitors.

Some Good Cotton Viewed Sunday P. M.

Late Sunday afternoon, Mr. and Mrs. Hayden Griffin asked the lady and the writer to drive out to the Noah Lemley field, where the old county-city airport was located, to see his fine field of cotton. We have no idea how much land Mr. Lemley has under irrigation, but looks like some 320 acres or more in cotton. And is it fine? About waist high, and loaded from top to bottom with forms, blooms and bolls, from tiny ones to full grown.

Mr. Griffin got out of the car, and counted the squares, blooms and bolls on a number of stalks, and said they average 62. For many years, it has been said here that blooms that come on cotton here up to Sept. 15, will, of an average year, mature and open. Will make bolls usually after that time. We want to get a picture of that field before next issue.

The crops on the paved P-M road out to the country club, on both sides of the some four-mile stretch, are pretty good, most of it being irrigated. They had some good rains out there the past week, and things are greening up nicely. Coming back to the Tahoka highway, we kept on north, rambling round in the Pleasant Valley community, as well as the northeast part of the farming area nearer town.

Some mighty fine irrigated crops in this area, as well as some dry land stuff, feed especially, that is coming along fine. Some of the dry land cotton is what we used to call the bumble-bee variety, but with the good rains they have had, they will make a lot of feed out there, as well as lots of irrigated and some dry land cotton. We noted that Dr. Daniell now has his half section under irrigation, and it is fine.

Back to town, we turned west on the Plains highway to see the Griffin farm, 1½ miles west of town. The farm just west of the Rustic Drive-in is irrigated, but the rest of the land from there on much of the distance between Brownfield and Tokio is either bare, or with young feed from recent rains. This was the condition of the Griffith farm, some mighty fine land, but lack of water.

FARMERS TO VOTE IN PMA OFFICE

The wheat quota referendum will be held on Aug. 14. The only voting place in Terry county will be at the PMA office, Brownfield, Texas. The polls will be open from 8 a. m. until 7 p. m.

Who Can Vote in the Referendum?
Any wheat producer who would be affected by marketing quotas—more than 15 acres—is eligible to vote in the referendum. Husband and wife are both eligible to vote.

All wheat producers in Terry county will receive their allotments during the latter part of the first week of August. The allotment factor in Terry county is 90 percent of the base acreage.

Any wheat producer who is eligible to vote may vote an absentee ballot, if he is not going to be in the community on the day of the referendum, Aug. 14, by calling at the PMA office, located in the basement of the Brownfield postoffice, room 10, for a ballot.

Election of Community and County Committeemen
The county committee has set Aug. 19 as the election day for selecting delegates to the county convention, and the election of community committeemen. For this election, there will be voting boxes at the following places:

Meadow community, Meadow Co-Op Gin office; Challis, Pleasant Valley and Lahey communities, PMA office in basement of postoffice; Union community, Union Gin office; Wellman community, Wellman High School building; Johnson and Gomez communities, Gomez Gin office; Pool community, Pool school house; Tokio community, Tokio postoffice.

All farmers in Terry county should make a special effort to vote for the committeemen who will represent them in the 1954 program. The men you select will have the responsibility of assisting in the marketing quota program, the loan support program and other programs administered through the PMA office. Husband and wife are both eligible to vote.

The feed is up to a good stand, and while neither Mr. G. nor his tenant expect any grain to amount to anything, they do expect some maize stalks large enough to hold the soil, and keep it from blowing next spring.

In our rounds, we found just a few farm homes with sand piled up and like the pictures the Associated Press and some magazines put out lately. In fact, we don't believe that more than a half dozen farms was half as bad as the scenes noted above. Generally, such farms start with trees that are not pruned high enough, and fences, where tumbling weeds are allowed to grow and catch sand. And once the sand has started, you have a headache on your hands.

About the best way to handle the matter is to tear down all the fences, prune up the trees, keep down vegetation, and use the harrow frequently to keep the sand loose, so that it will move on. But once the sand has made a mountain in your yard, you are in for it. Better move the houses and barns to some other location.

Notice to Contractors
Of Proposed Construction For The Soil Conservation Investigations Laboratory, Brownfield, Texas.

ARTHRITIS?
I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here, but if you will write me I will reply at once and tell you how I received this wonderful relief.
