

RECRUITS TAKE NAT'L. GUARD OATH—Four recruits repeated the National Guard oath at the regular weekly meeting of the Howitzer Company of the Second Battalion of 112th Cavalry of Texas National Guard, last week.

## THE TWO BROWNFIELD BANKS ARE IN FINE CONDITION; REPORTS SHOW

We find after going over the statements of the two banks here that they are in prime condition, and despite the drouth, their statements are not too much below their showing at the same time last year.

ROTARY HONORS BHS PRESIDENTS AND HEARS NATIONAL INFANTILE PARALYSIS FOUNDATION SPOKESMEN at the regular meeting, Friday, at Nick's Cafe.

## COUNCIL ORDERS POLICE ENFORCE TRAFFIC LAWS

At the regular meeting Thursday night, Jan. 7, the City Council, by a 100 per cent majority, ordered the Chief of Police to enforce the "Double Parking" law.

"Double Parking" traffic ticket attached thereto by the Police Department. Also, the Chief of Police was ordered to enforce the 15-Minute Parking in Front of the Postoffice.

## Townes Asks For Promotion To Dist. Attorney's Post

Vernon Townes, Terry County Attorney, this week announced his candidacy for District Attorney.

VERNON TOWNES of the 106th Judicial District. Townes, a 32-year-old native Texan, has practiced law in Brownfield since 1948.

## \$4,110 In Motor Vehicle Damage In December Reported

Nine motor vehicle accidents were reported to the City Police department during the month of December, making a total of \$4,110 in estimated damages.

Date, time and damage of each accident are as follows: 12-03-53; 11:30 a.m.; \$75 damage. 12-05-53; 10:30 a.m.; \$225 damage.

## SAVING AND LOAN ASSOCIATION HAS A GOOD STATEMENT

One of the new institutions showing a fine statement at this time, and published elsewhere in this paper, is the Brownfield Saving & Loan Association.

You will note by a perusal of the condensed statement that their resources are over two and a half million dollars. And this good showing is made after it is understood that they paid a dividend of 3 per cent on the saving and investment accounts.

## Southside Church Of Christ Lectureship Program Completed

The Southside Church of Christ announces a lectureship program to begin Monday, Jan. 18. This lectureship program will feature a different speaker each evening for five nights.

## Herbert Chesshir Asks Re-election As Terry County Judge

To The Voters of Terry County: In making my announcement for the candidacy for the office of County Judge of Terry County, I do so with the realization of the many duties and problems that go with the office.

## Roy Moreman Asks For Re-Election As Constable, Prec. 1

To The People of Terry County: I would like to take this means of announcing my candidacy for re-election to a second term as Constable of Precinct One, Terry County.

## THE RAINFALL FOR 1953 BETTER THAN YEAR 1952

Terry County, that is Brownfield had 3.18 inches more rain in 1953 than in 1952, or as the Weather folks say, precipitation. We have always preferred rainfall, and everyone understands what we are talking about.

Table showing monthly rainfall for 1953 compared to 1952. Total for 1953 is 12.72 inches, while 1952 is 9.54 inches.

## January 18 Set For Farm Labor Day

Brownfield has been selected as the place for our special Farm-Labor-Day service to farmers and workers during 1954. The first special day will be Monday, Jan. 18, between the hours of 9 a.m. and 12 noon.

Although every TEC Office offers daily placement service to farmers and workers, we believe that this kind of scheduled special day will provide much greater convenience in that we hope to have available a sufficient supply of unemployed workers together at one time and in one place to allow you to interview more than one worker.

## Tuesday's Shine Goes To March of Dimes

Perry Cee Livingston, who has lived here for the past five years and is shoe shine boy at Western Boot and Shoe Shop really showed the old fashioned spirit that is rarely exhibited nowadays.

Perhaps such generosity, from a man that has a wife and four children to support, will open the hearts of others to help in the worth while drive for funds to be used in the fight against polio.

Sincerely, HERBERT CHESSHIR.

Advertise in The Herald.

## TERRY GETS THREE OIL WELLS; FIVE NEW LOCATIONS

Old Terry did very well the first week in the new year, pulling down three new oil wells, all in the Prentice field of northwest Terry.

Placid Oil Co., No. 7 Al Muldrow, section 20, block D-14. This well was carried to a total depth of 6,003 feet, and the pump test showed 467 barrels of 30 gravity oil, no water.

Kay Kimbell No. 3-A Murphy, section 22, block K with a total depth of 6,816 feet, which took in the Clear Fork strata. On test the well pumped 154 barrels of 29 gravity oil, with a bit of water.

## Hospitals For Non-Service-Connected Medical Attention

Under new order, VA requires that veterans of all wars seeking hospital treatment for non-service-connected ailments must furnish detailed information as to their financial status.

## Brownfield Boxing Team Wins 6 Bouts Out of 11 Monday

The Brownfield Boxing Team won six bouts out of eleven over the Lubbock team in an exhibition card at the Junior High gym here January 11.

BURNETTS FROM CALIFORNIA TO WYOMING AT REUNION—Five sons and the daughter of Mr. and Mrs. Jim Burnett, and their families were home recently.

To many the leaps of impulse are considerably greater than the bounds of reason.

Well-timed silence is more eloquent than speech and most silence is well-timed.

Successful is the man who can get plenty of money without letting money get him.

## BETWEEN CLASSES AND 'ROUND TOWN

with Jane Griggs

Hello again!!! Mid-terms are over this week and everybody at BHS is dreading next Wednesday (the day of reckoning—report card day). With all the re-arranging of classes started, and checking in old books, etc., we'll all soon be settled down to the four and a half months more of school.

Mrs. Carr's class had projects as their tests. Several of them were witches, a jail, dolls depicting famous literary characters, and sketches or drawings of poems.

Some of the daters lately have been Bobbie Quigg and Tommy Chisholm; Roma Farris and Bryce Wagner; Linda White and Jimmy Walker (they're going steady now); Karen White and Terry Hobbs; Gail Davis and Cary Hobbs; (Cary and Terry are twin Tech students—they dress alike a lot of the time) and Rudene Rich and Don Flippin, "55" on the Colorado City basketball team.

Mike Hamilton got his bronze

Palm in the Boy Scout Court of Honor last Monday night. He had so many badges on his badge sash that they not only covered his chest but halfway down the back, too.

Redheads, redheads, redheads!!! A bunch of boys got together with a bottle of peroxide last Monday afternoon and really doused themselves good. However, most of them were so dark headed that it didn't bleach out white—so they're redheaded now, along with some of the "A" squad basketball team.

Speaking about our basketball team—they received second place in the Brownfield tournament. Robert McIntyre and James Meeks were elected to the All-Tournament Team.

Going steady now are Rebecca Herndon and Bobby Fielder.

Last night (Thursday), the Jr. and Sr. girls of the Baptist Church had their monthly Sunday School class meeting and party. Bye.

### WRITES FOR A. J. DYE, BROTHER MRS. HAVRAN, HELD IN SEYMOUR

Seymour.—Funeral services for A. J. Dye, World War II veteran, who died at a Big Spring hospital after a year's illness, were held at Seymour at 3:30 p.m., Jan. 1, at the First Methodist Church. The Rev. Rollo Davidson, pastor, officiated.

Burial, under direction of the Mahan Funeral Home, was in Riverview Cemetery.

Dye, a native of Munday, lived in Seymour for a number of years. He moved in May to Hobbs, N. M. He leaves a widow; two sons, A. J. Jr. and Lewis Wade; a daughter, Sharon Kaye; his mother, Mrs. Emma Dye, Seymour; two sisters, Mrs. Ona Pearl Havran, Brownfield, and Mrs. Maggie Ervin, of San Paulo, Calif.; and four brothers, Charlie Dye of Hobbs, Eddie Dye of Natalie, Clyde Dye of Abernathy, and Claude Dye, Plainview.

### Altering Patterns Is Union HD Club Topic

Union Home Demonstration Club met in the school lunchroom at 2 p.m., Jan. 7, with twelve members and Miss Mildred Cox, County Demonstration Agent, and Mrs. Aubrey Russell, District Demonstrator, present.

Following the regular business session, Miss Cox presented a demonstration concerning the changing and altering of patterns, assisted in the discussion by Mrs. Russell.

Refreshments of tea, coffee, and cookies were served by Mrs. M. Singletery, and Mrs. Russell, hostesses.

Next meeting of the club is scheduled Jan. 21, at the home of Mrs. Frank Sargent, according to Mrs. Singletery, club reporter.

### To Clean Up, Scrub Down

DOES JUNIOR SHOW UP with "maps" on his arms from having let the soap and water drip back above the wrists? Show him the method taught by the Red Cross for washing "down." Doctors and scientists and lab technicians all have to learn to scrub off dirt and germs by washing downwards, from elbow to fingertips.

It won't hurt a growing boy to know that super-cleanliness is the rule on ships, airplanes, factories, and in all labs and hospitals. While he's dreaming of the career he'll choose, let him know that in most jobs cleanliness is a very real part of the work.

Junior can understand the meaning of a "ship-shape" bathroom, too, and should learn to pick up and wipe up when he's through using it. And if he's really washed the dirt down the sink, and thus down the drain, it won't show up on the towel afterwards!

Work in a bit of reality as you listen to Junior's plans for becoming a man in a hurry. The best careers have high standards of cleanliness. He might as well make it second nature now to scrub himself and keep his surroundings tidy. It's a fine first step to the bigger work ahead.

### BACK FROM ALASKA

Cpl. and Mrs. Curtis Bingham have returned here from Anchorage, Alaska, where they have lived the past 18 months. Mrs. Bingham is the former Lillian Hamilton, daughter of Mr. and Mrs. Houston Hamilton. The Hamilton's son, Cpl. Joe Hamilton and wife are still in Alaska, but will also return home next week.

### ATTENDS SPRING MARKET

The local Fair Store manager, Doc Burda, left Sunday to attend the Spring Market in Dallas, along with area Fair Store managers. He returned Wednesday.

### WAFs WILL BE TV FEATURE

Women in the Air Force at Lackland Field, San Antonio, Texas, will be the feature subject on the Humble Oil & Refining Company's TV program, "Texas in Review," next week.

The feature will show the training and duties of WAFs.

Films of events and people in Texas news will also be shown on the program.

The two-dollar bill used to have a bad reputation, but today it is the only one that will pay for a dollar's worth of anything.

TO ADDRESS TEXAS PRESS—One of the nation's best known newspapermen, Falmer Hoyt (left), publisher of the Denver Post, will deliver one of the major addresses at the Texas Press Association convention in Austin, January 16. Also scheduled to address the newspapermen are Dr. George S. Benson (center) of Searcy, Arkansas, and Ben Guill (right) of Washington, D. C. Guill is a former Texan, now executive assistant to Postmaster General Arthur E. Summerfield. Dr. Benson is a columnist of note and president of Harding College. The occasion will be TPA's 7th Annual Mid-Winter Meeting.

### Dawson County Now Included In AWC

E. D. David, president Lamesa National Bank; G. C. Crawley, president First National Bank; Leroy Colgan, County Agent; Celson Montgomery, Vocational Agriculture instructor, and Dewayne Davis, manager Chamber of Commerce, represented Dawson County at the Agriculture Workers Council meeting held Tuesday morning at Nick's Cafe.

This was the first meeting since Dawson County was voted into the council, which now includes Terry, Yoakum, Gaines and Dawson counties. Leo L. White, Yoakum County Agent, was elected president, to succeed Lester Buford, who resigned to assume duties as Area Supervisor of FFA. Homer Jones, vocational agriculture instructor at Wellman, was elected vice president, and Dennis Q. Lilly, First National Bank, Brownfield, will continue as program chairman.

Leonard O. Coleman, spoke to the group of 25 members on "Flood Irrigation vs. Sprinkler Irrigation." Mack Ross, Jess McWherter, C. E. Ross, Noah Lemley, and R. J. Purcell, local businessmen and farmers, were present at the meeting.

Next Agriculture Workers Council meeting will be held in Lamesa on February 9th.

Mrs. A. U. Turner and Mrs. Jesse E. Smith were in Dallas last Thursday. Mrs. Smith's sons, David and Jesse, underwent allergy tests while there.

Today's work that is put off until tomorrow probably got the same treatment yesterday.

### Leaders See Etching Method—Plan Scout Dignitary's Visit

Etching on glass was demonstrated by Mrs. Cleo Burnett at the regular monthly meeting of the Girl Scout leaders, Jan. 6, at the clubhouse.

Fly-up group of the Girl Scouts have experimented with the hobby, and Mrs. Barnett's demonstration showed the leaders how beautiful results may be obtained and that even a child can master the craft.

Mrs. Jane Shirley showed the group the three speed record player which was purchased with part of the \$60 recently given to the Girl Scout Organization by the Alpha Omega Study Club.

A short business session was conducted by Mrs. J. M. Teague, president of the leaders group. Mrs. Pete Crump, program chairman, made several announcements, stating that the Girl Scouts voted to give the leaders 50¢ per year for each child in the various troops to help defray expenses and supplies and to carry on work in the groups; that an examining board will meet with each Girl Scout troop every two months to determine whether the girls are qualifying on badges or not; and if any leaders desire special training or more instruction, they should contact her.

Mrs. Crump stated that Virginia Burgess, Region IX member of the National Field Staff of the Girl Scouts of America, from New York, will meet with the local Girl Scout Council and Leaders during March 11-12. Mrs. Coke Toliver, organizational chairman of the Council, will announce next

week a complete schedule of meetings to be held during the staff worker's two-day visit here.

The forthcoming Girl Scout cookie sale date was discussed and complete details will be announced later this month. Mrs. Teague appointed a program committee whose chairmen will be Mrs. Barnett, Mrs. William C. Dougherty, secretary and reporter, gave a short talk concerning group work.

Mrs. Toliver announced appointment of the following troop leaders: Mrs. Harold Crites, Mrs. Jack Bailey, and Mrs. Bill Williams; co-workers with Mrs. Robert E. Thompson, Jr., and Mrs. Jimmy Shook, worker with Mrs. John Happ.

Approximately 12 leaders attended the meeting.

### Ladies Group Will Host Oil Men's Wives

The Board of Directors of the Brownfield Chamber of Commerce met at 6 p.m., Thursday, Jan. 7, at Nick's Cafe.

Work is now being carried out for ladies civic group to entertain wives of oil men and businessmen once a month. The program will be devised to better acquaint wives of oil men and business men.

Arrangements are also being made for the annual banquet to be held sometime in February.

Attend church Sunday and have your faith lifted.

Folks used to deny themselves luxuries to have money in the bank—today they go without money to have luxuries.

FUEL FOR A GROWING EMPIRE

**THE INSECT HORDES**  
Fifteen years ago hordes of grasshoppers invaded the growing fields, the countryside and the communities of an area of Southern California. Crops were a total loss, trees were denuded, shrubbery killed. The hoppers crawled en masse across the land, billions of them moving like a stream of lava, consuming everything in their path. The people of the area were mobilized. They fought the destructive insects with burning oil, garden tools and brooms. It was a modern-day version of the locust plagues and the terrifying marches of the ants out of the pages of history.

But in the span of 15 years science and American industry have almost caught up with the insect scourge. Today such a grasshopper invasion could be blotted out by newly developed insecticides and techniques for using them have begun to raise farm production—both field crops and livestock—by an astonishing amount. The available new chemicals and those in the process of development, however, still have a big job to do in the control of insects.

Probably few people realize the extent of man's battle against the insect hordes. Man could still lose the battle, although in the past decade, thanks to America's chemical industries, he has definitely gained the upper hand. The insects have been on earth from the beginning. They outnumber man overwhelmingly, they outweigh all the animal life on the globe, and not a single species ever has been eradicated.

There are 82,000 insect species and 2,600 different ticks and mites at work in the USA, multiplying, destroying vegetation and livestock, killing human beings, and generally making a costly nuisance of themselves. In 1952, they destroyed \$4 billion worth of crops in the US. Their capabilities are almost beyond belief. Du Pont entomologists calculate that the accumulated production springing from a single pair of flies could, in a few months, if nothing interfered, cover the earth with a blanket of flies three feet thick!

**Key To Plenty**  
Food to nourish the world's growing population is a tremendous world problem. Scientists working in America's great chemical plants believe that chemistry—and chemistry alone—holds the key to plenty for all mankind. In recent years they have produced evidence to bolster their beliefs—fertilizers made from inexhaustible chemical elements, insecticides which further boost farm productivity, and processes and techniques for preserving food stuff which only a few years ago was a perishable value.

The boll weevil has destroyed as much as \$1 billion worth of cotton and nutritious cottonseed oil a year in America alone. The Hessian fly, chinch bug and other pests preying on America's wheat crop have been destroying millions of bushels of wheat annually. Corn earwoms, borers and other insects have cut drastically into the productivity of the midwestern corn belt. Production of alfalfa, potatoes, fruits, vegetables, grains of all kinds, and livestock, has been crippled by the insect pests. We have the figures for America. For the whole world, the insect inroads on food production are staggering.

Regardless of farm policy, of politics, of so-called land reform in the backward areas of the world, the productivity of an acre of land—in America, in China, India, Africa, Europe or the Middle East—is of great importance. Whatever makes it possible to double the production on each of the two-and-a-half billion acres now growing the world's food is a greater boon to human progress than all the governmental economic blueprints ever drafted.

American industry, because it is free, competitive and dynamic, thus becomes a great world social force as it brings forth from its experimental laboratories the mechanical tools, the chemical fertilizers, and insecticides which promises to double and perhaps triple the productivity of farm acreage around the world. Why can't the world's political leaders all catch the vision which shines forth from such progress? It is the vision of a free world and a world of plenty. And any nation can achieve it which will place its faith in God, its political destiny in a government of citizen-made law, and its economic welfare in a system of private enterprise.

## G. I. QUESTIONS and ANSWERS

Q. I'm planning to train under the Korean GI Bill, and I want to claim my mother as a dependent. She earns a little money, but not enough to get along without my help. What are the requirements to dependency of parents?

A. Dependency is held to exist if your mother does not have an income large enough to provide for her "reasonable maintenance." That term includes not only the bare necessities of life, but also a reasonable amount of the conveniences and comforts in keeping with her standard of living.

Q. I am the widow of a World War II veteran. In figuring out my yearly income for VA pension pur-

poses, am I supposed to count the proceeds of my late husband's commercial insurance, which I receive each month?

A. Yes. Commercial insurance proceeds must be included as income, in determining whether you meet the income ceiling requirements of the law for a VA pension.

Q. If I go to school under the Korean GI Bill, will I be allowed to earn money on the side, to supplement my GI allowances?

A. Yes. There are no restrictions on the amount of money a veteran may earn, to supplement his monthly GI education and training allowance. But there is a ceiling for on-the-job trainees only. If training pay plus allowances exceed \$310 a month, the VA allowances will be pared down accordingly.

Q. I understand that I'll need my original discharge paper, in order to get a GI home loan. I lost mine. What should I do?

A. Apply for a certificate in lieu of the discharge paper from the branch of service from which you were discharged. This is acceptable, in place of your original discharge.

Q. I'm planning to take a correspondence course under the Korean GI Bill. How much will my GI training allowance be?

A. Your training allowance will be computed on the basis of the established charge which the school requires non-veterans to pay for the same course.

Q. As a member of the organized reserves, may I count time spent on training duty—as opposed to regular active duty—in figuring how much entitlement I'll have

for Korean GI Bill training?

A. No. Time spent on training duty does not count in determining entitlement under the Korean GI Bill. However, if you were recalled for regular active duty—and not training duty—that time would count.

Q. I understand that if a Korean GI trainee's entitlement runs out past the mid-point of a school term or semester, he'll be allowed to finish that term or semester under the Korean GI Bill. Will entitlement be extended for an on-the-job trainee whose entitlement expires before he finishes his training?

A. No. Entitlement may not be extended under any circumstances for veterans taking on-the-job institutional on-farm-training under the Korean GI Bill. The law permits such extensions only for veterans in school.

# 1954 WILL SEE NEW IRRIGATION WELLS IN TERRY COUNTY

If anyone thought the height of activity in irrigation was reached in 1953, he has another thing coming. The fact that neighbor Brown failed utterly last year with dry farming, and neighbor Smith on an adjoining farm made from one to 1½ bales per acre and worlds of feed, made the urge greater to have an irrigation well. As one farmer stated to us recently, "Even though the cost of a well and equipment is very high, if I had gone ahead and put in irrigation two years ago, I would, with present prices, have paid out, and had something to show for my labor."

In talking with some of the soil conservation officials, we learn that presently there are 450 irrigation wells in Terry County, 200 of which were put down during 1953, and the prospects are good presently for a lot of them during this year, rain or shine. Presently those who are putting in wells, or will start at once, are:

Eulice Farrar, President of Terry County Farm Bureau, 2½ miles northwest of Gomez; E. A. Joplin, 7 miles northwest of Brownfield; and S. C. Patterson, 9 miles southwest of Brownfield.

To say the least, the dealers here are doing all they can to encourage this "sure crop method," and the people who really have some get up and pep about them can easily make the arrangements to have the wells drilled and the equipment provided for the wells.

Right now there is no certain way to judge the number of wells that will go in this year, as that will depend largely on the amount of moisture that falls between now and regular planting time. But we look for a lot of them, come what may.

As one of our irrigation equipment dealers says in his motto: "Irrigation doesn't cost; it pays!"

A. H. Herring and Mrs. Herring, of Union, were in Wednesday of last week after supplies, when he

called to insert an ad about the sale of cows. Quizzed about the new irrigation wells in that community, A. H. stated several had already been drilled or were in process of drilling since the writer visited them in the fall. His idea is that farmers who can get wells are taking no chances on another dry year and no crop.

Asked about their productivity, he stated that in certain places in his area, perhaps they would get a weak sister, but they had a sizeable place, say a half section or more, a change to another part of the farm, and a good well would be finished. Wells in general, range around \$400, but of course does not include engine, piping, etc., which runs around \$10,000.

Another farmer stated to us recently that he had been waiting for rain the past two years, and if he had put in irrigation at that time he would almost have made enough to live, pay other necessary debts, and just about pay out

expense of a well. That would have depended, of course, on farm products being as high as they are.

We have not checked on other portions of the county, but presume that irrigation wells, are also being put in. At least local dealers seem to be doing quite nicely. Taking counties from Hockley on the north, they made almost, if not normal crops last year with irrigation. The south half of the South Plains was a failure except the small area under irrigation.

Of course if rain comes, in normal quantities, the wells will not be needed so badly, and can be used in getting permanent pastures, etc., underway.

Let us say right here that farmers cannot take "Their Ease in Zion," after they get an irrigation well, but those who have used them say they have to work like heck, almost day and night, during the irrigation process. But it pays.

## Plenty of Moisture in 1954? YOU CAN BE SURE OF IT IF YOU IRRIGATE!

1954 MIGHT be the year we will receive the right amount of moisture at exactly the right time. BUT DON'T DEPEND ON IT! If you have been planning the installation of an irrigation system, by all means, carry on through with your plans. What better crop insurance could you ask for than an irrigation system standing by ready to take over during the dry periods?

FOR OVER a quarter of a century, J. B. Knight Company has been serving the farmers of Terry County. From beginning, we have studied climate and soil conditions of this section. Our representatives have traveled over the country to study the operation and maintenance of farm machinery. We are fully equipped to take care of your entire installation—from planning to completion—and we will be here at all times to give you prompt and efficient servicing of your equipment at all times.

### MEADOW NEWS

Mr. and Mrs. Acie Davis, their daughter, Mrs. Milton Burleson and husband of Whitesboro, spent Friday night and Saturday with Mr. Davis' sister, Mrs. Bob Castleberry and husband.

Mr. and Mrs. Cletus Caswell are the proud parents of a new daughter, Deborah Rudene, born Dec. 29 at the hospital in Brownfield.

Mr. and Mrs. Edd Peek spent Thursday at Panhandle visiting his sister, Mrs. Betty Cunningham and her son, Bill Cunningham and wife.

Mr. and Mrs. S. C. Carroll and son and daughter, of Challis, visited Sunday with his parents, Mr. and Mrs. L. P. Carroll and son, Melvin.

Ham Castleberry and son, Paul, of Lovington, N. M., visited his brother, R. E. Castleberry and wife, Tuesday.

Mr. and Mrs. John Roberts had visitors from Amarillo over the week end and attended the Sunday morning services at the Baptist Church with the Roberts.

Mr. and Mrs. J. T. Boyd and family, of Odessa, visited over the weekend with his parents, Mr. and Mrs. Tod Boyd.

Mrs. L. J. Carruth spent the week end in Lubbock with her son, Elwood and wife and daughter, Carla Sue; and Mrs. Idelle Westbrook and sons, Mike and Joe.

Mrs. Fletcher Pendergrass, of Lubbock, was visiting in Meadow, Friday, she went to Brownfield, Friday night, to spend the weekend with her sister-in-law, Mrs. Pearl Blevins.

Mr. and Mrs. Frank Massey spent the weekend in Lubbock with his son, J. B. Massey and family, and her sister, Mrs. Ben

### AMERICAN LEGION TO MEET IN AUSTIN, 16-17

Austin.—Four national officials of the American Legion will be on the program with chairmen of state committees at the Sixth Annual State Post Officers' Conference to be held in Austin, Saturday and Sunday, Jan. 16 and 17, State Commander L. E. Page of Carthage, has announced.

National American Legion figures who appear on the program will be Addison Wagner of Battle Creek, Mich., chairman of the national Americanism Committee; W. C. Daniel, Danville, Va., chairman of the National Economic Commission, and Rogers Kelley of Edinburg, Texas, chairman of the National Foreign Relations Commission.

Representatives from most of the 800 American Legion posts in Texas are expected to be present, Commander Page stated.

It's a safe bet that the man who is around asking for sympathy will make bad use of it.

Wallace and family.

Mrs. Peeler, of California, who has been visiting her daughter, Mrs. J. D. Hinson in Lubbock for some time, spent the week end with her son, Louis Peeler and wife and other friends here.

The WMS met at 4 o'clock Monday at the Baptist Church for a program from Royal Service, with the leader, Mrs. Ed Ashburn in charge. Those taking part on the program were: Mmes. Lockett, West, Peek, Fore, Hinson, Hicks, Holder.

Mr. and Mrs. F. C. Lowrie and family, of West Plains, Mo., spent the past week here with her parents, Mr. and Mrs. Walter Holder and family.

### Four Texas 4-H'ers Win High Honors

HIGHEST honors for Texas were awarded to four 4-H Club members in the 1953 National 4-H Awards program, as follows: Ruth Anderson, 16, Agua Dulce; Jerry Weatherby, 15, of Ft. Worth; Pauline Hanson, 20, of Huntsville, and Jack Acker, 16, Nazareth.

#### Name 2 for Achievement

The 4-H Achievement award for the State of Texas has been received by Jack Acker, 16, of Nazareth, and Pauline Hanson, 21, of Huntsville, for superior records.

Jack and Pauline each received from the Ford Motor Co. a set of two miniature statues symbolizing achievement.

Selection was based on overall project accomplishment, production records and club and community activity.

Jack is president of Nazareth Senior 4-H Club, county council delegate and president of the district 4-H council. He drew the Grand Champion award for calf and pig at the Hereford Show this year and Reserve Champion calf at Lubbock.

Jack Acker

Jerry Weatherby

Pauline has carried projects in clothing, foods and garden in nine years of 4-H work. She has presented 60 separate demonstrations on sewing and food preparation. She is a member of Riverside Club, whose leader is Mrs. Vernon Curtis. She has received many awards and junior leadership honors and was district winner in the public speaking contest.

All these programs are conducted under the direction of the Cooperative Extension Service.

A 4-H'er for eight years, Ruth has served as president and vice president of her local club and president, vice president and treasurer of the county club. Under her leadership her club won a state recreation and rural arts award. She has been an eager and ceaseless worker in advancing many club projects.

A 19-jewel wrist watch was presented to each by Edward Foss Wilson, Chairman of the Board, Wilson & Co., Chicago.

All these programs are conducted under the direction of the Cooperative Extension Service.

**MANY VIEW THE NEW AUTOMOBILES, TRUCKS**

From what we can gather, the people really flocked in to see the new Ford cars and trucks at Portwood Motor Co., the new Buicks at the Tudor Sales Co., and the new GMC trucks at the Ross Motor Co., the past week end. And from what we could see and hear ourselves, none were disappointed.

The cars were right up to the minute, and every line and curve there just to give them the better look. There is no question that many improvements mechanically have been made on both cars and trucks in the past few years, with many added the past year.

It feels good to look at new cars and trucks whether or not you are in the market for them.

**MRS. BOST'S FATHER DIES**

Mr. and Mrs. Johnny Bost and children, Linda, John Jr., and Bob, will attend the funeral, Friday afternoon, of Mrs. Bost's father, who died Tuesday night, in the Masonic Home near Fort Worth. Services will be conducted in Royce City.

**ENGINE ROOM NEARS COMPLETION**—The light plant building is expected to be completed by February 1 and the new engine installed by May 1. H. B. Stubblefield, one of the operators, is shown above as he admired the large structure, which measures 122 feet by 60 feet, and is 30 feet high. Stubblefield has worked at the plant for the past 14 years and helps operate the engines on the day shift. The \$38,000 creme colored brick building will house a new engine and switchboard costing approximately \$362,000. A. V. Black, chief engineer at the plant, is assisted by Leonard Isaacs. Other operators include R. E. Carrouth, Scott Dalton, and James Hill; and assistant operators are M. L. Ivey, E. H. Minshew, and E. S. Donaldson. (Staff Photo).

**Hospitals For—**

(Continued from front page.)

means—calls for detailed statement of current earnings and property holdings.

The five questions posed in the addendum are:

1. What is the total current value of your property, both real and personal?
2. What is the current amount of your ready assets, in the form of cash, bank deposits, savings bonds?
3. If you own real property, what is the approximate amount of the unpaid mortgage or other indebtedness owed thereon?
4. What are your average monthly expenditures, including your mortgage payments and all other personal expenses including your expenses for your dependents?
5. What was your average monthly income for the last six months from all sources?

It is pointed out in VA Circular No. 11 (Nov. 4, 1953) that all information given on the addendum is confidential. It also says that "this addendum may be used in no way whatever to deny hospitalization to a veteran as the law specifically provides that the statement under oath of the applicant... shall be accepted as sufficient evidence of inability to defray necessary expenses."

Another paragraph of the same Circular 11 says "No investigation of such cases shall be made or requested at the local level, and no report of them will be made to any other Government agency or official, except as authorized by Central Office."

Definition of terms to fix financial status are clarified by VA. Personal property includes such items as motor vehicles, business fixtures, clothing, jewelry, etc. Value of savings bonds to be set down, is the current value, not the face value. "Average net income" must include the average total amounts received from all sources wages, salaries, fees, commissions, bonuses, earnings other than wages, dividends, interest annuities, retirement benefits, rents, gifts, public assistance, and income from profession, business or a farm. Separate income of wife or children may not be included.

In reporting wages or salary, only the "take home" pay and not the gross wages should be reported, deducting amounts withheld for a retirement plan, income taxes, social security, etc.

In commenting on the VA order calling for a financial statement from non-service-connected veterans, National Commander Arthur J. Connell declared that the policy of The American Legion is to support the program of hospitalization for service-connected veterans who need such care, and for the non-service-connected veterans who need such care, and are unable to pay for hospital treatment." He continues, "There has been considerable criticism of the VA because of unsupported charges that many veterans who could afford to pay for their hospitalization have been treated in VA hospitals. . . . The American Legion investigations do not find any basis for supporting such an accusation. . . . the American Legion supports and will do its utmost to protect the program of hospitalization for veterans. The Administrator of Veterans Affairs has taken steps to tighten the procedure and protect those who have entitlement to hospitalization under VA auspices. . . . I believe the new procedure should be given a reasonable trial."

**Primm Hears Plans Of Financing Water Project at Meeting**

C. C. Primm, of Brownfield, attended the Jan. 11 meeting of the Canadian River Municipal Water Authority's board of directors, held at Plainview. Other directors attended from Amarillo, Borger, Pampa, Lamesa, Plainview, Levelland, O'Donnell, Tahoka, Slaton, and Lubbock.

Primm said the group voted to invite investment bankers and engineers to the next meeting scheduled Feb. 8 at Plainview, to present methods of preliminary financing for eventual construction of the dam.

The directors kept the way clear for possible government sponsorship of the project so that if federal financing becomes necessary it can be done without further legislation. However, directors emphasized that all avenues of private financing should be explored before consideration is given to federal sponsorship.

The directors adopted a resolution calling for the assessment of up to \$1 per water meter to the various cities to meet interim financing. A vote was also carried to authorize the drafting of a budget after the Feb. 8 meeting, so the exact amount of funds needed for interim operation of the authority may be determined.

Brother and Mrs. Bill Andrews, of Brownfield, were visitors in Lubbock, Wednesday.

**County Court Finds Three Guilty In First Session of New Year**

Three cases were heard and disposed with, Tuesday, in the first session of the 1954 County Court, with County Judge Herb Chesshir presiding.

Robert Garner, of Brownfield, pleaded guilty to driving while intoxicated and was fined \$50 and given a 6 months suspended sentence in jail.

Elizeo Chico Padillo plead guilty to illegal transportation and possession of liquor, but waived a jury trial and was tried before the Judge and found guilty. He was fined \$1,000 and sentenced to a year in jail on each charge.

Mrs. Billy Suggs plead guilty of negligent homicide concerning the case of two Odessa youths, who were killed in an accident on the Levelland highway last fall. She was fined \$100 and court costs.

**KIRSHNERS LEAVE FOR BUYERS MARKET**

Attending buyers market this week and next week for Bargain Center and Factory Outlet Store includes Mrs. Sam Kirshner, of Martin Dept. Store, Plainview, who will leave Sunday for Dallas and New York. Martin Kirshner, of Tyler, who is attending the men's market in Dallas, and will leave Sunday for New York; and Jerry Kirshner, of Brownfield, who will leave Sunday for the shoe market in Boston.

147 pounds: Jim Odum, Brownfield, decision Chuck Edwards, Lubbock; James Boyd, Lubbock, decision Leroy Little, Brownfield; Dewey Bradley, Brownfield, decision Frank Dunlap, Lubbock.

160 pounds: Joe Black, Lubbock, scored KO over E. V. Murphy, of Brownfield, in second round.

175 pounds: Jackie Miller, of Brownfield, scored KO over David Martin, Lubbock, third round.

Heavyweight: Lester Bruner, of Lubbock (Texas Tech), scored KO over Glen Estep, of Brownfield (Plainview).

THE WEATHER: Cloudy and cold, but little moisture so far on this Thursday A. M. People still talking about the weather, however, but little is done about it.

Herald advertising gets results.

**Funeral Services For Mrs. Irvin Oliver Held At Wellman**

Funeral services were held at 3 p.m., Sunday, at Wellman, for Mrs. Dessie Oliver, who passed away suddenly in her home at Wellman late Friday night. Rev. J. M. Morton, pastor of the First Methodist Church of Matador, conducted the services. Burial was in the Brownfield Cemetery under direction of the Webb Funeral Home of Seagraves.

Mrs. Oliver resided in the Wellman community and was 66 years of age. Born O'Dessie Maude Malone, at Greenville, Tenn., June 19, 1887, she came to Allen, Texas, at the age of 13. She was married to Irvin Oliver on Dec. 17, 1905. To this union were born 9 children, seven of whom are living, two having died at birth.

The family moved to Terry County in January, 1922, where they still reside. Mrs. Oliver was a member of the Wellman Methodist Church.

Survivors include the husband, Irvin Oliver; sons, H. T. (Lum), D. B. (Dat), and R. L. (Sam), of Wellman; J. B. (Mutt) of Brownfield; three daughters, Mrs. A. L. Fleming of Wellman; Mrs. Mack Hill of Seagraves; and Mrs. Paul Castleberry, Hobbs, N. M.; 14 grandchildren and three great grandchildren. All were present at the funeral except one grandson, Donald Ben Currie, who is serving in the armed forces in Korea.

Pallbearers were C. E. Fleming, Mont Hamm, J. R. Thomas, S. C. Adair, Elmo Adair, Hamilton Bell, Sonny Willingham, and W. R. Smith. Honorary pallbearers were Clyde Lewis, Clarence Lewis, J. C. McCullough, Robert Little, T. A. Hulse, Diro Trigg, Roy Moore, Jimmy Thomason, Glen Baker, Harvey Smith, R. L. Burnett, Stanley Emerson, and Harvey Emerson.

**Council Orders City Election Held April 6**

The city general election to be held April 6 was ordered at the Jan. 7 meeting of the City Council. The election will be held to elect a mayor, two city councilmen, a city secretary, and a city marshal.

Councilmen and members present at the meeting were Herman Chesshir, Henry Chisholm, V. L. Patterson, Sam Murphy, Virgil Travis, E. D. Jones, city superintendent; Joe McGowan, city attorney; and Jake Geron, city secretary.

Next regular meeting of the council will be held Jan. 21.

**CANDIDATE FOR JUDGE, COURT OF CRIMINAL APPEALS**

ALAN HALEY

Wichita Falls.—District Judge Alan H. Haley, of Wichita Falls, announced Saturday that he is a candidate for the Democratic nomination for judge of the Texas Court of Criminal Appeals.

Judge Haley was elected to the 89th District Court (Wichita County) bench in 1951, and is, at 36, one of the youngest district judges in Texas.

Preceding his election as district judge, Haley was District Attorney of Wichita County for one term and investigated and prosecuted a narcotics ring whose operations extended into the Wichita Falls high school. This resulted in 12 convictions in the latter part of 1951 and the early part of 1952.

**CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION**

Sealed proposals for constructing 11.880 miles of Gr. Strs., Flex. Base & Three-Crs. Surf. Treat. from 5.9 mi. East of Yoakum C. L. to Brownfield on Highway No. US 380, covered by F 1022 (5), in Terry County, will be received at the Highway Department, Austin, until 9:00 A. M., Jan. 21, 1954, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of Carl R. Hart, Resident Engineer, Brownfield, Texas, and Texas Highway Department, Austin. Usual rights reserved. 26c.

**Terry Oil Wells—**

(Continued from Front Page)

was carried to a depth of 6,745 feet and pumped some 43 barrels of 28 gravity oil daily, with about 50 per cent water.

The new locations, all in the Prentice, Terry County side, as follows: Kimball 4-A, S. T. Murphy, section 22, block K, to be carried to 7,000 feet at once. Placid Oil Co., No. 9, Muldrow, section 20, block D-14, rotary, to 6,000 feet at once.

Honolulu Oil Corp., No. 7, Ella Covington, section 21, block D-14, to be drilled to 6,100 feet at once. Honolulu No. 3-C, F. M. Ellington, on section 19, block K, rotary, to 6,900 feet at once. Great Western No. 7, Brit Clare, section 22, block D-14, rotary to 6,100 feet at once.

Yoakum County got two locations, one in Bronco-Devonian, to be carried to 12,300 feet at once. Also a second well on the line of Terry-Yoakum in the recent Wolfcamp discovery, just south of the Barnes No. 2, Terrentine, to 10,000 feet at once.

By the way had a letter from a reader with her renewal, M. Ruth Davis, out at Santa Monica, Calif. She is always anxious to get oil news from northwest Terry. Said the wells are getting nearer to her holdings.

Since the above was written, it develops that an offset well to the new Wolfcamp find on the line of Terry-Yoakum counties, the Terrentine No. 1, will be drilled. The new location on the Terry County side is the Humble O&RCo. No. 1, Mattee S. Thompson, located on section 42, block K.

Also a new well, a real weak sister, is being tried out by the Texas Pacific Coal and Oil Co., the No. 2, N. M. Williams, section 13, block K. It produced 4 barrels of oil and 12 of water in 24 hours. Too much water, not enough oil. But we wish we had a 2-barrel oil well.

**Gas-saving 1954 Studebaker! Experts call it the most modern car in America!**

Read what some of America's foremost authorities say:

"In the spare department, Studebaker is 50 miles ahead of any other American car!" —Mechanix Illustrated.

"We have awarded Studebaker our Gold Medal for outstanding design and distinctive styling." —N. Y. Fashion Academy.

"Studebaker, which was a big factor in setting early-postwar auto styles, may now be setting the pattern for the next few years." —Wall Street Journal.

"There can be no question about it—Studebaker has, with its new model, made every other American car look ten years older!" —Motor World.

NEW YORK'S MUSEUM OF MODERN ART CHOSE STUDEBAKER for exhibition as one of the 10 most beautiful cars in the world.

Own this car that insures you top resale value!

Get the most advanced automobile in the world. Get a 1954 Studebaker. Its out-ahead new styling is like money in the bank for you as insurance of high resale value. Studebaker's design saves gas because it's free from power-wasting excess bulk. Quality workmanship makes Studebaker a stand-out car in low upkeep cost.

**ATTENTION! BUYERS OF USED CARS!**

Sound, solid craftsmanship and dependable gasoline economy are even more important in a used car than in a new one.

That's why the experienced buyer of used cars always keeps an eye out for a late-model Studebaker.

It feels good to look at new cars and trucks whether or not you are in the market for them.

MRS. BOST'S FATHER DIES

Mr. and Mrs. Johnny Bost and children, Linda, John Jr., and Bob, will attend the funeral, Friday afternoon, of Mrs. Bost's father, who died Tuesday night, in the Masonic Home near Fort Worth. Services will be conducted in Royce City.

ENGINE ROOM NEARS COMPLETION—The light plant building is expected to be completed by February 1 and the new engine installed by May 1. H. B. Stubblefield, one of the operators, is shown above as he admired the large structure, which measures 122 feet by 60 feet, and is 30 feet high.

Hospitals For—

(Continued from front page.)

means—calls for detailed statement of current earnings and property holdings.

The five question posed in the addendum are:

- 1. What is the total current value of your property, both real and personal?
2. What is the current amount of your ready assets, in the form of cash, bank deposits, savings bonds?
3. If you own real property, what is the approximate amount of the unpaid mortgage or other indebtedness owed thereon?
4. What are your average monthly expenditures, including your mortgage payments and all other personal expenses including your expenses for your dependents?
5. What was your average monthly income for the last six months from all sources?

It is pointed out in VA Circular No. 11 (Nov. 4, 1953) that all information given on the addendum is confidential. It also says that "this addendum may be used in no way whatever to deny hospitalization to a veteran as the law specifically provides that the statement under oath of the applicant... shall be accepted as sufficient evidence of inability to defray necessary expenses."

Another paragraph of the same Circular 11 says "No investigation of such cases shall be made or requested at the local level, and no report of them will be made to any other Government agency or official, except as authorized by Central Office."

Definition of terms to fix financial status are clarified by VA. Personal property includes such items as motor vehicles, business fixtures, clothing, jewelry, etc. Value of savings bonds to be set down, is the current value, not the face value. "Average net income" must include the average total amounts received from all sources, wages, salaries, fees, commissions, bonuses, earnings other than wages, dividends, interest, annuities, retirement benefits, rents, gifts, public assistance, and income from profession, business or a farm. Separate income of wife or children may not be included.

In reporting wages or salary, only the "take home" pay and not the gross wages should be reported, deducting amounts withheld for a retirement plan, income taxes, social security, etc.

In commenting on the VA order calling for a financial statement from non-service-connected veterans, National Commander Arthur J. Connell declared that the policy of The American Legion is to support the program of hospitalization for service-connected veterans who need such care, and for the non-service-connected veterans who need such care, and are unable to pay for hospital treatment." He continues, "There has been considerable criticism of the VA because of unsupported charges that many veterans who could afford to pay for their hospitalization have been treated in VA hospitals... American Legion investigations do not find any basis for supporting such an accusation... the American Legion supports and will do its utmost to protect the program of hospitalization for veterans. The Administrator of Veterans Affairs has taken steps to tighten the procedure and protect those who have entitlement to hospitalization under VA auspices... I believe the new procedure should be given a reasonable trial."

Primm Hears Plans Of Financing Water Project at Meeting

C. C. Primm, of Brownfield, attended the Jan. 11 meeting of the Canadian River Municipal Water Authority's board of directors, held at Plainview. Other directors attended from Amarillo, Borger, Pampa, Lamesa, Plainview, Levelland, O'Donnell, Tahoka, Slaton, and Lubbock.

Primm said the group voted to invite investment bankers and engineers to the next meeting scheduled Feb. 8 at Plainview, to present methods of preliminary financing for eventual construction of the dam.

The directors kept the way clear for possible government sponsorship of the project so that if federal financing becomes necessary it can be done without further legislation. However, directors emphasized that all avenues of private financing should be explored before consideration is given to federal sponsorship.

The directors adopted a resolution calling for the assessment of up to \$1 per water meter to the various cities to meet interim financing. A vote was also carried to authorize the drafting of a budget after the Feb. 8 meeting, so the exact amount of funds needed for interim operation of the authority may be determined.

Brother and Mrs. Bill Andrews, of Brownfield, were visitors in Lubbock, Wednesday.

County Court Finds Three Guilty In First Session of New Year

Three cases were heard and disposed with, Tuesday, in the first session of the 1954 County Court, with County Judge Herb Chesshir presiding.

Robert Garner, of Brownfield, pleaded guilty to driving while intoxicated and was fined \$50 and given a 6 months suspended sentence in jail.

Elizeo Chico Padillo plead not guilty on illegal transportation and possession of liquor, but waived a jury trial and was tried before the Judge and found guilty. He was fined \$1,000 and sentenced to a year in jail on each charge.

Mrs. Billy Suggs plead guilty to negligent homicide concerning the case of two Odessa youths, who were killed in an accident on the Levelland highway last fall. She was fined \$100 and court costs.

KIRSHNERS LEAVE FOR BUYERS MARKET

Funeral Services For Mrs. Irvim Oliver Held At Wellman

Funeral services were held at 3 p.m., Sunday, at Wellman, for Mrs. Dessie Oliver, who passed away suddenly in her home at Wellman late Friday night. Rev. J. M. Morton, pastor of the First Methodist Church of Matador, conducted the services. Burial was in the Brownfield Cemetery under direction of the Webb Funeral Home of Seagraves.

Mrs. Oliver resided in the Wellman Community and was 66 years of age. Born O'Dessie Maude Malone, at Greenville, Tenn., June 19, 1887, she came to Allen, Texas, at the age of 13. She was married to Irvim Oliver on Dec. 17, 1905. To this union were born 9 children, seven of whom are living, two having died at birth.

The family moved to Terry County in January, 1922, where they still reside. Mrs. Oliver was a member of the Wellman Methodist Church.

Survivors include the husband, Irvim Oliver; sons, H. T. (Lum), D. B. (Dat), and R. I. (Sam), of Wellman; J. B. (Mutt) of Brownfield; three daughters, Mrs. A. L. Fleming of Wellman; Mrs. Mack Hill of Seagraves; and Mrs. Paul Castleberry, Hobbs, N. M.; 14 grandchildren and three great grandchildren. All were present at the funeral except one grandson, Donald Ben Currie, who is serving in the armed forces in Korea.

Pallbearers were C. E. Fleming, Mont Hamm, J. R. Thomas, S. C. Adair, Elmo Adair, Hamilton Bell, Sonny Willingham, and W. R. Smith. Honorary pallbearers were Clyde Lewis, Clarence Lewis, J. C. McCullough, Robert Little, T. A. Hulse, Doro Trigg, Roy Moore, Jimmy Thomason, Glen Baker, Harvey Smith, R. L. Burnett, Stanley Emerson, and Harvey Emerson.

Terry Oil Wells—

(Continued from Front Page)

was carried to a depth of 6,745 feet and pumped some 43 barrels of 28 gravity oil daily, with about 50 per cent water.

The new locations, all in the Prentice, Terry County side, as follows: Kimball 4-A, S. T. Murphy, section 22, block K, to be carried to 7,000 feet at once. Placid Oil Co., No. 9, Muldrow, section 20, block D-14, rotary, to 6,000 feet at once.

Honolulu Oil Corp., No. 7, Ella Covington, section 21, block D-14, to be drilled to 6,100 feet at once. Honolulu No. 3-C, F. M. Ellington, on section 19, block K, rotary, to 6,900 feet at once. Great Western No. 7, Brit Clare, section 22, block D-14, rotary to 6,100 feet at once. Yoakum County got two locations, one in Bronco-Devonian, to be carried to 12,300 feet at once.

Also a second well on the line of Terry-Yoakum in the recent Wolfcamp discovery, just south of Tokio, in section 41, block K, the Barnes No. 2, Terrentine, to 10,000 feet at once.

By the way had a letter from a reader with her renewal, M. Ruth Davis, out at Santa Monica, Calif. She is always anxious to get oil news from northwest Terry. Said the wells are getting nearer to her holdings.

Since the above was written, it develops that an offset well to the new Wolfcamp find on the line of Terry-Yoakum counties, the Terrentine No. 1, will be drilled. The new location on the Terry County side is the Humble O&RCo. No. 1, Mattye S. Thompson, located on section 42, block K.

Also a new well, a real weak sister, is being tried out by the Texas Pacific Coal and Oil Co., the No. 2, N. M. Williams, section 13, block K. It produced 4 barrels of oil and 12 of water in 24 hours. Too much water, not enough oil. But we wish we had a 2-barrel oil well.

Council Orders City Election Held April 6

The city general election to be held April 6 was ordered at the Jan. 7 meeting of the City Council. The election will be held to elect a mayor, two city councilmen, a city secretary, and a city marshal.

Councilmen and members present at the meeting were Herman Chesshir, Henry Chisholm, V. L. Patterson, Sam Murphy, Virgil Travis, E. D. Jones, city superintendent; Joe McGowan, city attorney; and Jake Geron, city secretary.

Next regular meeting of the council will be held Jan. 21.

CANDIDATE FOR JUDGE, COURT OF CRIMINAL APPEALS

ALAN HALEY

Wichita Falls—District Judge Alan B. Haley, of Wichita Falls, announced Saturday that he is a candidate for the Democratic nomination for judge of the Texas Court of Criminal Appeals.

Judge Haley was elected to the 89th District Court (Wichita County) bench in 1951, and is, at 36, one of the youngest district judges in Texas.

Preceding his election as district judge, Haley was District Attorney of Wichita County for one term and investigated and prosecuted a narcotics ring whose operations extended into the Wichita Falls high school. This resulted in 12 convictions in the latter part of 1951 and the early part of 1952.

CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 11,880 miles of Gr. Strs., Flex. Base & Three-Crs. Surf. Treat. from 5.9 mi. East of Yoakum C. L. to Brownfield on Highway No. US 380, covered by F 1022 (5), in Terry County, will be received at the Highway Department, Austin, until 9:00 A. M., Jan. 21, 1954, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of Carl R. Hart, Resident Engineer, Brownfield, Texas, and Texas Highway Department, Austin. Usual rights reserved. 26c.

Gas-saving 1954 Studebaker! Experts call it the most modern car in America!

Read what some of America's foremost authorities say:

"In the sole department, Studebaker is 50 miles ahead of any other American car!" —Mechanix Illustrated

"We have awarded Studebaker our Gold Medal for outstanding design and distinctive styling." —N. Y. Fashion Academy

"Studebaker, which was a big factor in setting early-postwar auto styles, may now be setting the pattern for the next few years." —Wall Street Journal

"There can be no question about it—Studebaker has, with its new model, made every other American car look ten years older!" —Motor World

NEW YORK'S MUSEUM OF MODERN ART CHOSE STUDEBAKER for exhibition as one of the 10 most beautiful cars in the world.

Own this car that insures you top resale value! GET the most advanced automobile in all the world. Get a 1954 Studebaker. Its out-ahead new styling is like money in the bank for you as insurance of high resale value. Studebaker's design saves gas because it's free from power-wasting excess bulk. Quality workmanship makes Studebaker a stand-out car in low upkeep cost.

ATTENTION! BUYERS OF USED CARS!

Sound, solid craftsmanship and dependable gasoline economy are even more important in a used car than in a new one.

That's why the experienced buyer of used cars always keeps an eye out for a late-model Studebaker.

GET MORE UNUSED MILEAGE! GET A USED STUDEBAKER!
