

A MAN DROPPED OFF HERE IN THE EARLY 20TIES

A man dropped off here in the early 'Twenties from the Waxahachie section of the Lone Star State, although a native Kansan, he had spent a great portion of his life in Oklahoma, where he had engaged in the drug business. He was impressed with the South Plains section so much that he decided to locate and later purchased the Palace Drug Store.

Many of us thought the name was rather ambitious in those good old days, but then we recalled that Brownfield itself was far from a kingdom, or even a principality. But we soon learned to like the man with the smile, that even if he had opened in a much less elaborate building, we would have liked him. The "doctor" part was honorary.

Finally, he was joined in the business by Ike Bailey, and the Palace was moved to its present location, where it really developed into a Palace affair. These men were partners for many years, or until Dr. Webber's health began to fail. So they sold to Mr. Nunn several years ago, and Dr. Webber began to take life easy. But some few months ago, his health began to fail again, and he spent some time last fall in the local hospital.

Glenn Samuel Webber was born in Perth, Kansas, June 25, 1888. Moved to Oklahoma and located at Cordell in the old Epworth University in Oklahoma City, which is now the Oklahoma City University, after which he received his State Degree in Pharmacy in 1908.

He was married to Rubelle Fox in Mangum, Okla., on Sept. 19, 1909. To this union one child was born, a son, Glenn Noble Webber. Webber united with the Methodist Church in Okenee, Okla., in 1916. Was a 32nd Degree Mason with membership in McAlester, Okla. A Shriner of the India Temple Shrine of Oklahoma City.

So, it was with great reluctance that we had to bid adieu to the mortal body of Dr. Webber, last Thursday, the 4th of March, as his spirit fled to its Maker that morning at 9 o'clock.

This week, we are all trying to console his splendid wife and very likeable son, Glen, as well as other relatives. But they have a great hope in the resurrection, and expect to meet husband and dad again, where no sad partings come.

We believe we told you last week about the advance arrangements for the funeral at the Methodist Church, with his former pastor, Rev. Dallas D. Denison, of Abilene, in charge, and the present pastor, Rev. Uel D. Crosby, and Rev. Geo. W. Turrentine, of Ralls, assisting. Brownfield Funeral Home was in charge, with burial in Terry County Memorial Cemetery.

He was preceded in death by his father and mother, the late Dr. and Mrs. John C. Webber.

Surviving are his wife and son, and a daughter-in-law, Lillie Mae; one sister, Mrs. W. D. Parks, Ponca City, Okla.; and three brothers, Gail T. Webber, Perry, Okla.; John C. Webber, Jacksonville, Texas; and Cordell S. Webber, Miami, Okla.; all of whom were present at the funeral except Cordell S. Webber.

Other out of town relatives attending were: W. D. Parks, Ponca City, Okla.; Mrs. G. T. Webber, Perry, Okla.; and a nephew, Jack Webber, of Houston. Also Mrs. Abel Ruga and Mr. Ruga, of Dallas; Mrs. Ruga, the former Kathryn Acker, of Hereford, who had been in the Webber home so much since infancy that she was looked upon as a part of the family.

Mrs. J. A. Bowman and son, Lloyd, of Amarillo; C. C. Acker, Mrs. Austin Rose, Mrs. J. T. Carroll, Mrs. Homer K. Fox, all of Hereford. Mr. and Mrs. E. A. Kesinger and Kay, city; and others attending were:

Mrs. Sing Lawrence and son, Charles of Seagraves; Mr. and Mrs. Roger Curry and children and H.

Al Muldrow Came Down To Fuss With Us About An Article

Al Muldrow, one of the biggest oil men of our city, and we hope soon to be in a class with some of the Houston Cadillac owners, dropped in Monday to raise a fuss with us, but we laughed him out of the matter. Made out like he was highly insulted by an article we had last week, in which we took a whiff of his coat to see if he smelled like oil.

Al stated that they finished one well last week on his holdings and started the 11th well this week. Well—speaking of wells—tell us, if he goes out there every few days and leans up against one of those pumps, if he don't get to smelling like oil, we'll eat some garlic. However, Mrs. M. may make him change clothes when he comes in home.

Al enlightened us on some things out in northwest Terry. He stated that there was really two stratas in the Prentice field, one some 6,000 feet and the other some few hundred feet deeper. As they are of near the same specific gravity, around 30 degrees, both may be pumped into the same containers or pipe line if any.

And he got us all hot and bothered about politics, race creed and color before he left, bringing us a copy of the North Star, an Oklahoma City publication from his car, in which, it was stated that Hal Muldrow, Al's brother—not twins—might be a Democratic candidate for governor of Oklahoma. Al informed us that it was true his brother and himself were one-eighth Choctaw Indians, and he says his brother looks it. Some of Al's close friends here call him a "white Indian."

Anyway, the editor of the North Star and Hal were veterans of the European war, and defending the bloody Anzio beach. Hal was commanding officer of the 45th division. Also saw service in Korea. Naturally the editor thinks Hal is a swell guy, and would make Oklahoma a fine governor.

But just think of Hal running on the Democratic ticket when Al and the Old He supported Ike in 1952—as we consider Ike a better Democrat than many who vote 'er straight as per grandpappy on down to the doom of days.

DUMP BED FALLS ON MAN THURS.

Herman Cottrell, Rt. 1, Brownfield, miraculously escaped with only minor bruises when a dump bed fell on him Wednesday night, as he worked on his truck at the Wilson Garage on the Seagraves highway.

He was rushed by ambulance to the local hospital, where he was x-rayed, Thursday morning. He was released that morning and is resting well at his home.

The accident occurred when Cottrell bumped a catch with his elbow, causing the hydraulic lift to come loose and fall on him.

RED CROSS DRIVE OFFICIALS OPTIMISTIC—PLAN TO END DRIVE EARLY

PLANNING COMMITTEE for the second annual Country Club Spring Style Show is shown above as they mapped final plans for the March 17 Show, to be held at 1:30 p.m., Wednesday, at the Country Club, at a dessert luncheon. Models from four local stores: Go're Fashion Shoppe, Shelton's Ready-to-Wear, Collins Dry Goods, and Dunlap's store, will present the latest in Spring and Summer play and formal apparel. A rehearsal will be held Monday at 7 p.m., for modeling timing. Tickets will sell for \$1.50 and may be obtained by phoning Mrs. Frank Ballard at No. 3154. Pictured above, left to right, Mrs. Tommy Zorns; Mrs. Jerry Kirschner, vice president of the Women's Country Club Auxiliary, and general chairman of the show; Mrs. J. T. Bowman, president; and Mrs. Joe Henderson, program chairman. (Staff Photo.)

RED CROSS WORKERS GET MATERIAL—Red Cross workers and chairmen received literature and membership cards Monday that they will pass out to contributors during the drive, this week. Representatives from Terry County communities, Brownfield residential areas and businesses were present at the kick-off coffee held at Nick's Cafe at 9 a.m. B. F. Hutson, general chairman, shown with back to camera, welcomed the workers and chairmen and gave a pep talk. Prior to the meeting he received a \$100 donation to the drive. He is pictured above passing literature to (left to right) Malcolm Thomason, Shorty Collier, and Mrs. Clyde Bond, Sr. (Staff Photo.)

McKinney's Ins. Agency Now Jones-Copeland Agency

Earl Jones and Archie Copeland announced this week their purchase and re-naming of McKinney's Insurance Agency.

Jones has been associated with the agency since 1950, when he moved here from Lubbock and became an employer. Later in 1952, he purchased half interest, and now with Archie Copeland as co-owner, has bought the entire agency.

Mr. and Mrs. Bill McKinney to their farm north of Brownfield. Mr. and Mrs. Jones are members of the First Presbyterian Church and he is a Mason and a Jaycee.

Mr. and Mrs. Copeland and their 17-year-old son, Jimmy, formerly of Lubbock, plan to make their home here. Copeland was West Texas agency manager of Southland Insurance for 17 years, and for the past three years has been on personal production, managing his farm on the South Plains. He is a Shriner in the Masonic Lodge and a member of the First Christian Church.

CITY ELECTION BE HELD APRIL 6

The city election to now has been so quiet that you could hear a half grown mouse run across the floor and sound louder than a big wagon crossing a wooden bridge. Of course as the Herald is not the "official publication," all the noise of the contest—if any—is far to the background, from where we sit.

But by prying around the City Hall a bit this week, we learned that Hon. Nelson is not a candidate to succeed himself, as mayor, and that former mayor, C. C. Primm, is seeking election.

There are two places to be filled on the City Council. It seems that Pat Patterson is not seeking re-election, but Henry Chisholm, whose time expires, is asking for re-election. Johnny Kendrick is asking for the other place on the ballot.

Alva J. Geron is up for re-election as City Secretary, and Luther Jones, City Marshal. The election will be held at the City Hall during legal hours for all elections in Texas. Absentee ballots can be cast from March 17th to and including April 2.

Lee Brownfield will be the election judge.

Six Delinquents Plead Guilty To 5 Vandalism Charges

Six boys, whose ages range from 10 to 16 years, plead guilty in Juvenile Court, Tuesday morning, to five charges of vandalism, namely: Breaking in the Presbyterian Church, and Country Club. Destruction of property at Grady Goodpasture Grain Co.; and driving tractors at Herman's Gin, and Brownfield Sand and Gravel Co.

All boys denied guilt or having anything to do with shooting out automobile windshields at Jack Bailey Chevrolet Co.

The Court declared the boys delinquents and put them in the custody of their parents; and all of whom were present; and warned them if the boys get into any more trouble, stricter measures will be imposed.

Reports show that vandalism has slowed down, and Judge Herb Chesshir stresses that all parents should know the whereabouts of their youngsters at all hours; and parents should check on their children to be sure they aren't aimlessly running around.

County Attorney Vernon Townes assisted officers in investigations and was present at the trial.

Six Tots Entered In Baby Contest

At press time this week, six local children had entered the big baby contest, sponsored by Gold Star Dairies of Texas. Winner of the contest, which is open to any child living in Terry County, will receive a \$100 Defense Bond and be named Gold Star Baby of Brownfield for 1954. Second place winner will receive a one-month's supply of Gold Star Milk.

Instead of eliminating all but five of the contestants, as stated in last week's issue of the Herald, all children entering will participate throughout the entire contest.

The deadline for entering the contest is midnight, March 25. For next week's paper, bring the snapshot in by Monday, March 15.

Winner is determined by vote based on the number of carton or bottle tops of Gold Star Products turned in. Tops may be placed in sack or other container with name of child plainly written on it. The gallon top counts four votes; half-gallon, two; and quart tops have a one-vote value. Tops are to be left at the Herald office, where they will be picked up and counted.

Entered so far are: Patti Gail Starnes, 2-year-old daughter of Mr. and Mrs. Harley Starnes; Vernon

POLICE DEPT. ASKS AID OF PARENTS TO CURTAIL JUVENILE DELINQUENCY

The local Police Department is making an appeal for the cooperation of parents, teachers, civic organizations and the press, to help curtail juvenile delinquency in this community.

It seems that Brownfield has had a taste of juvenile delinquency in the past few months. However, the whole affair has been serious enough that the citizenship is asked to face the issue.

City law officials and public school officials have been trying to determine juveniles involved in the delinquency. The purpose of the investigation has been to promote better understanding between the juveniles and organizations which are trying to help them keep on the straight line loyally and socially.

Incidents of bad behavior and violation of the law have been reported now and again in the past few months. Public property has been damaged, auto parts have been reported stolen. Several of these violators have been apprehended and the subjects were either put on probation or taken to their parents.

The "Lakewood Rats," youthful terrorists in East Dallas, began in the same way as the incidents that have occurred here in Brownfield in the past few months.

The Law authorities stretch every point possible to help the juveniles, especially first offenders, brought in on minor charges, because one offense, though seemingly not of a serious nature, can hurt a person all through their lives.

"SLAVE AUCTION SALE" TO BE HELD TODAY ON COURT HOUSE SQUARE; RED CROSS CHMN. TO GIVE 2 HRS. SERVICE

A "slave" auction sale will be held at 2 p.m., Friday, March 12, on the Court House Square. Approximately fifteen local Red Cross chairmen will be ready for two hours service to the highest bidder, and all money derived from the auction goes to the Red Cross funds, it was announced at Terry County's Red Cross Campaign drive which got off to a flying start, Monday morning, at a kick-off coffee at Nick's Cafe. Fifty-seven volunteer workers were present at the meeting.

Prior to the auction sale the BHS Band will circle the Square, starting at 1:30 and continuing until the sale begins.

Wade Yandell, Terry County Chapter Chairman, stated that Terry's goal for this year is \$3,280.

Directors of the Association include J. O. Gilliam, president and chairman; Leo Holmes, first vice president; Bruce Zorns, second

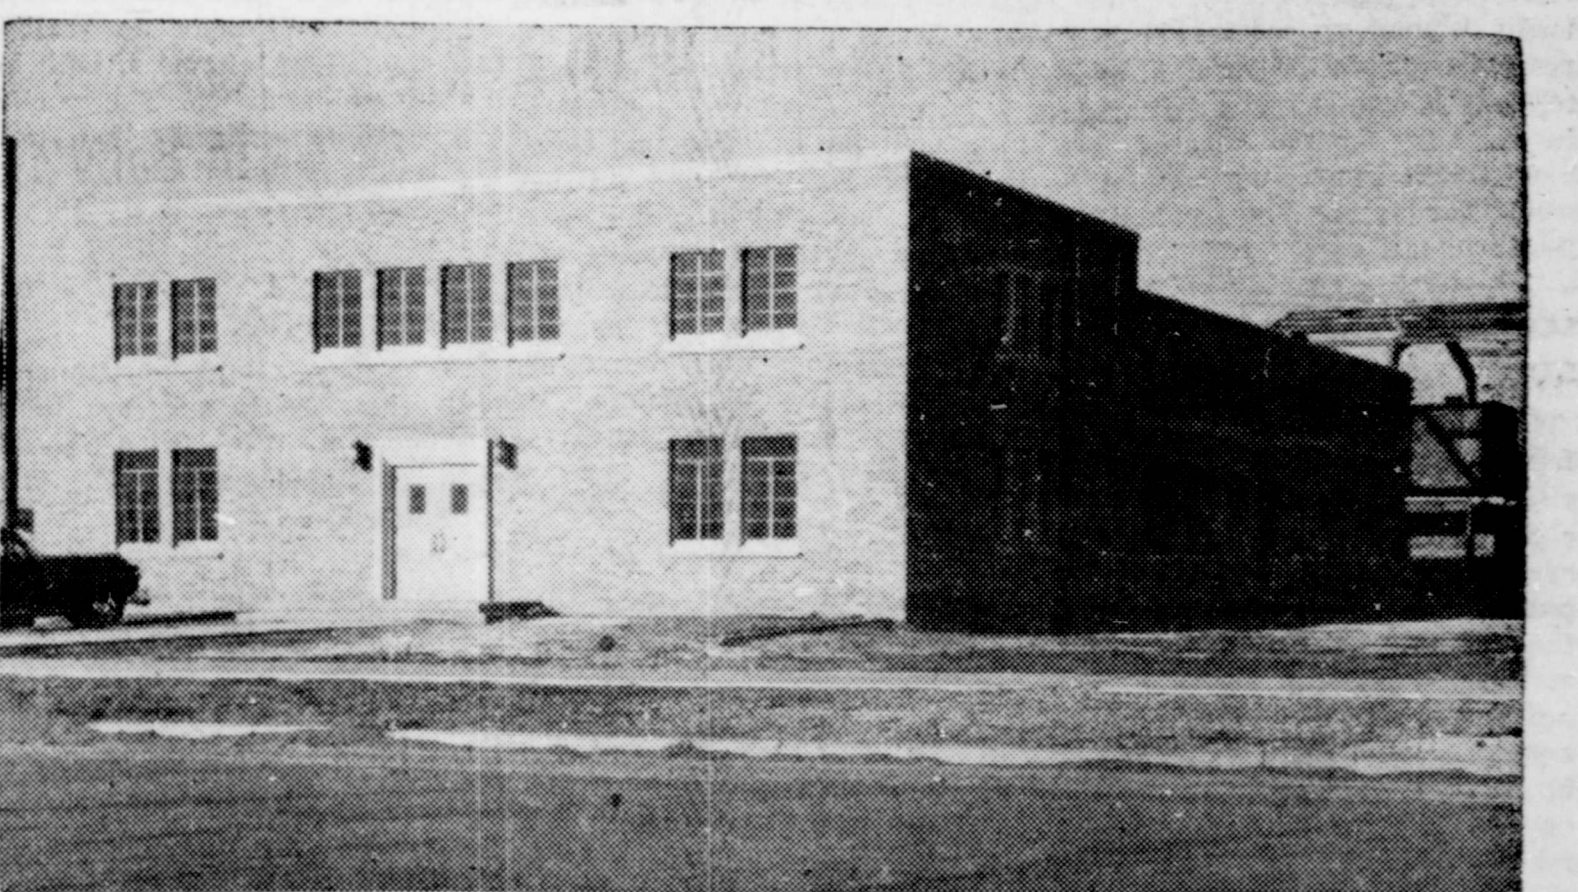

vice president; Newell Reed, third vice president; Grady Goodpasture, J. B. Knight, Joe McGowan, William McGowan, A. M. Muldrow, C. C. Primm, and J. M. Teague, Jr.

almost \$1,000 lower than last year's goal, but about the same amount was actually collected. The County keeps 35.8 per cent of the proceeds and 64.2 per cent is sent to national headquarters. The local chapter keeps 50 per cent of all money collected over the goal.

The drive, which regularly lasts a month, will be held only through this week so as not to prolong the collection. Contributors are urged to have donations ready when contacted by a worker or home or office, so that the town can be canvassed in so short a period.

The first donation of \$100 was given to B. F. Hutson, Terry County Red Cross Fund Campaign Chairman, even before the coffee. With a start like that, he stated, and the number of volunteer workers participating, the group should be able to top the goal this year.

Final instructions for the drive were given, Monday, by Mrs. Walter Hord, Brownfield Residential (Continued on Back Page)

FIRST SERVICES HELD SUNDAY in the new Methodist Church building, located at 1004 East Broadway. With the moving of the pulpit and Bible, Sunday night, from the old church building on Main Street, to the new building, went along experiences, wisdom, and memories of the old church. To begin the work of the Church in its new home with prayer and dedication, a 24-hour Vigil of Prayer was conducted, beginning Sunday morning, continuing all night, and closing at 7 a.m. with a service of prayer, conducted by Rev. Uel D. Crosby, pastor. At the Sunday night Testimony Service, two charter members, Mrs. Jesse G. Randal, and Mrs. J. C. Criswell, Sr., were recognized along with many of the older members. Rev. Crosby spoke on "My Church," which was a resume of the beginning of the Methodist Church, and its history up to this period. Five favorite old hymns of the Church were flashed on a screen while the congregation sang, accompanied by Mrs. C. V. Fleming at the organ. One hundred and sixty-five persons attended the old-fashioned Methodist Experience Meeting. Shown above in the foreground is the Educational Unit, which contains classrooms, offices, kitchen, and the Fellowship Hall, in which the congregation is meeting; and which seats 240. The steel framework pictured in the right background, will be the sanctuary, which when completed, will seat 750 persons. (Staff Photo.)

SCHOOLS GUILTY OF STRESSING POPULARITY

Columnist Ruth Millett, who offers "The Feminine Viewpoint" elsewhere on this page daily, declared the other day that "brains" are out of fashion in present-day public schools. Miss Millett blamed the schools—not the parents—for making scholarship the least important part of school life.

Miss Millett doubtless has aptly described the situation in many schools, but we don't believe the situation has quite reached that stage in South Plains schools. For one thing, we know of no area high schools which have ceased listing honor rolls. However, some junior high schools no longer employ them. Outstanding scholars in Lubbock's schools certainly get recognition. However, Miss Millett's criticism deserves some consideration, and doubtless applies to some extent

here. Every high school has its "social set" and as a result, popularity ranks above scholarship in the minds of many students.

Such an attitude is deplorable; whenever and wherever it exists, the schools without question are due a large share of the blame. There is nothing wrong with giving publicity to outstanding athletes, beautiful girls, and other popular students, but the recognition of ability and intelligence should be sufficient to maintain its rating as the number one reason for being in school.

We have always clung to the idea that schools were designed primarily to prepare students for later lives as responsible, adult citizens. To put scholarship and citizenship in their proper places at the top of the list of school objectives would not necessitate a "de-emphasis" of athletics, or anything else. All that would be necessary would be to put MORE stress on learning.

Habits acquired in high school are hard to break in later life. Our schools should be institutions of learning first, with social and other extra-curricular activities further down the line in importance.—Lubbock Evening Journal.

OLD GANGSTER ROUTINE

Loot has been a principal objective of every tyrannical militarist since the beginning of time, and the technique of preying on the helpless was applied by the Axis trio of imperialists—Mussolini, Hitler and Japan's Tojo. The policy of grab has been carried into the present by the late Soviet Premier Stalin and his successor, Malenkov.

That old gangster routine of looting occupied territory continues today has been brought to public attention in Russian occupation of a part of Austria. Both Eastern Germany and the Russian zone of Austria have been drained of all that the Soviet forces could pick up and haul back to Russia. The process would be extended in Austria under the proposal advanced by Soviet Foreign Minister Molotov at the recent Berlin conference. The Russian diplomatic representative insisted that foreign troops, including Russian of course, stay in Austria after a peace treaty. He also demanded that Austria be forced to turn over to the Soviets its principal oil fields, refineries, other oil installations, main Danube shipping facilities and \$150 million for other properties already seized by the Russians. Those demands, which impressively show the nature of modern tyranny, should be publicized throughout the world so that even the gullible and the blind will be aware of the result of falling into the Soviet sphere of influence.

Major power conferences have their benefits when they expose to the world Communist design, as was revealed by Mr. Molotov at Berlin, with respect to prostrate Austria.—Star Telegram.

Hoover Sees No Evidence Of An Approaching Depression

Former President Herbert Hoover says that there is no sign of a depression on the economic horizon of America. Naturally, there must be a breathing period and readjustment from a war time to a peace time basis, he declares, but he poo-hoos the idea of a depression.

Hoover says that he should know since the last major depression bears his name. As a matter of fact, all Americans realize now that Hoover had nothing to do with making the depression a reality in 1929. When the stock market crashed, it was because we were living in an age of champagne appetites with beer incomes. Every person was throwing his earning to the winds and spending like drunken sailors. Just take a look at the bank deposits now and see what situation exists. Every bank has larger

deposits than ever before; more people have bank accounts; the buyers are buying only what they need and not what they think they need; sales are down, but staple merchandise is available to those who need these goods.

Eisenhower's Secretary of Labor spoke the other night in Flint, Mich., the second largest automobile manufacturing city in America. He chided the Democrats for trying to bring on a depression simply because they wanted to get control of Congress in November and to block the Eisenhower program.

This may or may not be true. We are of the opinion that any party which is more interested in a depression than they are in a sound administration is bound for defeat.

We have heard the funeral oration over both the Democratic and Republican parties so many times in the past that we have no confidence in either of these measures to attempt to kill off either party. Senator Wayne Morse thinks he has the solution by proposing that all of the liberals join him as against the so-called reactionaries—that is, those of us who are opposed to Morse. He will get no farther than Teddy Roosevelt when he split with President William Howard Taft and ran on the Bull-moose ticket.

We are firm in the opinion that there will be a readjustment along many lines, but no depression as we had in 1929. Such another depression would be tragic.—Canyon News.

PRESIDENT MAKES POSITION CLEAR

Now that President Eisenhower has made it clear that he expects all employees in the executive department to respond cheerfully to investigations by Congress, perhaps the public will learn what the facts are in the Peress case.

The people know, the President said, that the military services and their leaders have always been free of suspicion of disloyalty. That is essentially true, which makes it all the more important to discover if it is true in the Peress case.

Some months ago the President directed that any federal employee who sought refuge in the Fifth Amendment be fired. Peress, who claimed that protection, was not fired. He was promoted and honorably discharged.

There seems to be a discrepancy between the intent and the execution of the President's orders. Perhaps Army brass booted the ball, but why smear Senator McCarthy for that?

Perhaps they believe release of the facts might endanger national security. If so, a frank statement to that effect is due. If not, full revelation is in order.

The following very important point ought to be kept in mind by the public in consideration of the charges being brought by, for and against Senator McCarthy: No man ever rode to dictatorial power making investigations. Indeed, the road to distastefulness is usually quite the opposite—one of intrigue, connivance and suppression of facts. If Senator McCarthy is overdoing his role of investigator, the public will soon recognize it. If most of the protest against him comes from those who are fearful of investigation, or are embarrassed by it because of their past records, then the public will come to realize that, too. There is some of both in the general situation. The public will come to recognize that, too. The results of investigation always seek their own water level.—Dallas News.

TEXAS THINKING

"Texans must think independently if they are to preserve their freedom," said Gov. Allan Shivers in his Texas Independence Day talk at Huntsville. This applies to all peoples and all freedoms. It applies to all democratic government. But Texans have an especial reason for thinking independently. They have an economic background for such thinking.

The area covered by Texas is probably the most independent area of its size, economically, in the entire world. You could build a wall around Texas and it would sustain itself with a high standard of living. It has the fuels, the fibers, the food. It has a tremendous diversity of vegetable, animal and mineral products. It produces a greater volume of raw materials above its own needs than any other like area in the world.

We frequently talk about States' rights as something that applies equally to all states. It does in pure theory under the Constitution. But in application of the theory, there is a great difference between the small state with an ebb and flow of interstate com-

merce across its borders and a state like Texas, which is primarily a terminal area for commerce and point of origin for natural wealth. Politically, we have the same States' rights as West Virginia or Rhode Island. But we have an opportunity to do more about developing ourselves economically and civically under this theory than any other state in the Union except possibly California. We have a terrific opportunity to work out our own destiny. We should cherish and develop this opportunity. Independent, forevisioned thinking is the way to this goal.—Dallas News.

Tag Plant Opens After Shutdown

After a shut-down of nearly a month and a half the local License Plant fired up again here Monday morning, February 15th.

Scraped and freshly painted during the lay-off the plant will not immediately begin on the 1954 tags but will work on additional plates, run-overs and special tags. While only slightly over 20 gallons of paint were used in the repainting the work of scraping and cleaning required some 738 man hours.

A total of 7,178,260 tags were produced by the plant for '54. Of this number 5,354,640 were passenger plates; 924,410 truck; 162,680 trailer; 39,530 motorcycle and the balance for farm trucks, highway and city buses, house-trailers, dealers, radio operators, truck-tractors and state officials.

Nearly two and one-half million pounds of steel went into the making of the plates which were covered with 19,852 gallons of back-ground and 4,059 gallons of numeral enamel.—"The Echo," Texas Prison publication.

change of course. Q. I want to go to college under the Korean GI Bill to take courses that do not lead to such an objective.

A. No. Under the law, your training program must lead to a single, identifiable educational, professional or vocational objective. You would not be permitted to take courses that do not lead to such an objective.

Q. My wife and I both are World War II veterans. May we buy a business together, with a GI loan, and thereby increase the amount which may be guaranteed? I would not be a real estate loan.

A. Yes. However, the guaranty may not exceed 50 per cent of the loan, up to \$4,000, which is the maximum for your combined business loan guarantees.

Q. May a seller charge me more for a house than it has been appraised for by the VA, if I buy it with a GI loan?

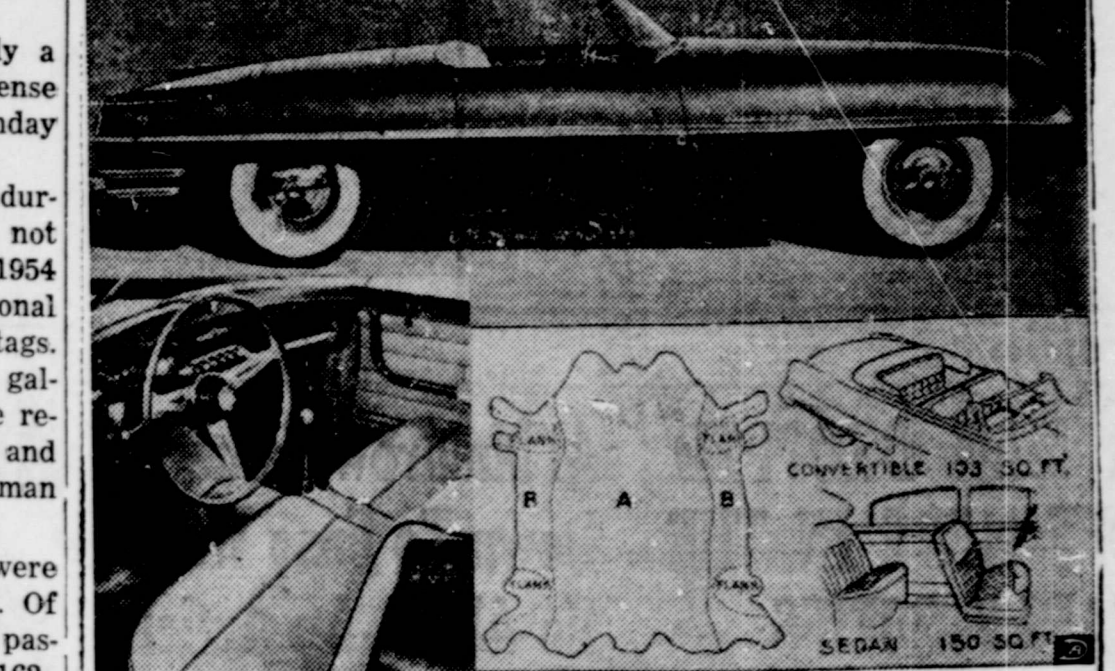

A. No. Under the law, the purchase price may not exceed the reasonable value determined by VA appraisal. It is illegal to pay more.

YOUR SENATOR REPORTS

By LYNDON B. JOHNSON

RE-STATEMENT

As the tempo of congressional activity increases, I would like to state again my idea of the proper role of the Democratic minority in this Congress.

It is the right and responsibility of the minority to point out the weak and the strong points of this program. But opposition and support must be based on principle—not on partisanship.

FARM PROGRAM

This means that in considering farm legislation, for example, now the subject of committee hearings in both Senate and House, we must work for a program which will protect our farm economy without being unfair to other groups in our national life.

I oppose the sliding scale price support system—not for the sake of opposition, but because I know farmers already are in trouble and I don't want to see them pushed farther down the economic ladder. We can't get away from the record of history, which shows that the lower farm prices go—the higher farm surpluses rise.

TAXES

This concept of the minority's rightful role means that in considering tax reduction, to take another example, our purpose—during this period of "economic readjustment"—should be to seek the fairest means by which to increase consumer purchasing power.

That is why I favor increasing the personal income tax exemption. A \$200 per year increase would mean an annual saving of about \$160 for a married man with two children. Every family would have proportionately that much more money to spend for goods.

TREATY POWERS

Debate and voting on the Bricker Amendment was almost wholly along non-partisan lines. The amendment reported by the Senate Judiciary Committee never came to the floor for a vote. After voting for several provisions designed to close the constitutional loophole with respect to treaty-making powers, I urged Senator George to introduce a substitute amendment that would attain the basic objectives of Bricker Amendment supporters.

He did so. His amendment was supported by Senator Bricker and others among the sponsors of the original amendment. We lost by just one vote.

Nevertheless, a valuable purpose has been served. Americans have been alerted to the need for action to protect the constitutional rights of the States and of the people generally. The issue will be with us again, and I predict that some such measure as proposed will finally be enacted.

FOR TEXAS

I believe Texans generally feel, as I do, that all of us are Americans before we are members of any political party. As your Senator, I want to act in the best interests of Texas and of America. I have no higher ambition.

Young Bonham Coming Home From Korea

W. W. Crabtree was in this week and informed us that their grandson, Jackie Ray Bonham is coming home from Korea. His mother, Mrs. C. J. Bonham, lives at Seagraves.

In the other matter sent home was a form letter being used by a number of the Korean vets, that is right laughable. It is purported to tell the people what they may expect of their neighbor boys, who have been overseas for a few years.

Among the things is that they prefer the floor to a chair, and eat their rice with fish, heads, tails and all.

Local D-E Club Is Represented At State Convention

Mr. and Mrs. Calvin McIntosh, Doyle Criswell, Mary Ellen Cornelius, and Roma Farris attended the Distributive Education State Convention, held February 26-27, in Galveston.

The DE headquarters were in the Buccaneer Hotel, across the street from the Gulf of Mexico. The convention was held in the hotel ballroom. Introduction of officers, the contests, a fashion show for working students, and skits were put on by the Denison and Snyder High Schools.

The convention banquet and dance was held at the Marine Room, Galveston Pleasure Pier. The introduction of the duchess and presentations of awards to contestants were given during the banquet.

The dancing and crowning of sweetheart was held from 9 p.m. until 12 p.m., with Richard Bavio and orchestra.

Saturday morning, more skits were given by Texas City, Brownwood, Palestine and Victoria schools. The state officers and national convention delegates were introduced by the president of this year's club, Roy Ruffield.

While in Galveston, the DE students participated in boat riding, parties and swimming in the Gulf. They spent Saturday night in Austin and arrived home on Sunday afternoon.

SERVICEMEN MISSING IN KOREA DECLARED DEAD AS OF DEC. 31ST

By C. L. Lincoln, County Service Officer

As of Dec. 31, 1953, more than 3,500 servicemen missing in action were declared to be presumed dead by the Defense Department.

Nearly 3,000 others now carried as "missing" will be declared dead in Korea for more than one year within the next few months, or after being carried a full year as "missing." Survivors and dependents of these servicemen are entitled to full death benefits when this action is taken and reported to VA. VA has already sent out all notices and forms needed to apply for the benefits to the dependents and next of kin of the men on the "presumed dead" roll of December 31. Others will be cared for when the necessary action is taken by the arms of the Defense Department.

Benefits, accruing include death compensation, and Servicemen's Indemnity or insurance as the major items. For payment of compensation or pension, the date set by the service as "presumed dead" will be accepted by VA as the date of death, because pay and

allowances were continued by the Armed Forces through that date. Compensation payments will be made to widows for themselves and children at rates established by law upon receipt of claim and proof of relationship. Dependent parents must file a claim submitting proof of dependency in addition to proof of relationship.

POW PAY PROPOSED IN BILL FOR K-VETS

Senator Homer Ferguson, of Michigan, has introduced a bill (S. 2605) to grant additional compensation to US servicemen held as prisoners-of-war by the Communists in Korea. The bill is patterned on the WW2 POW measure and provides for \$1 a day for each day a POW failed to receive adequate meals as prescribed in the Geneva Convention, also an additional \$1.50 a day for each day of inhumane treatment while a prisoner. Claims to be handled by the War Claims Commission, which was set up to handle the payments to WW2POWs. Experts say the maximum cost of the benefit for 4,684 servicemen reported as prisoners would be \$7,500,000.

VA PLAN TO REHABILITATE MENTAL PATIENTS

VA's plan to put long-term mental patients back on a self-sustaining basis through a program of paid hospital work has been declared successful in the pilot study. The plan is being expanded for general use. Long-term patients, although medically rehabilitated, are often fearful of leaving the hospital because they have lost contacts and job skills and experience during their stay under treatment. These patients are transferred to a member-employee status so they may take necessary unfilled hospital jobs at set wages and regular hours while they continue to live in the institution, with medical care, board, room and recreation furnished them. Some patients who have been hospitalized for 10 years or more, who are included in the trial plan now have regular jobs away from the hospital and are making good adjustment as self-supporting citizens.

PART III PENSION RATES OF PAYMENTS

Provision for payment of Part III pensions for non-service disabilities of a total and permanent nature does not include additional sums for dependents. The rate is fixed by law and is not increased or diminished in any way by the number of dependents a veteran may have. The rate is a flat \$33 a month, which is automatically increased to \$75 when the veteran reaches the age of 65 or when he has been on the rolls for ten consecutive years. Disabled veterans of the two WWs and Korea at any age are eligible for the benefit.

ARMY RE-ENLISTERS KEEP GI BENEFITS

Veterans who re-enlist in the Armed Forces before the present emergency is ended by Presidential or Congressional action will not lose out on their Korean GI Bill educational training. Deadline date is August 20, 1954, or two years after discharge—whichever is later. The date of discharge or release from active service means the release from the last period of service, any part of which occurs during the present emergency. Example: If the President or Congress ends the Korean emergency on June 30, 1954, vets still in active service have two years after discharge or release with which to begin training. All training must be completed by June 30, 1961.

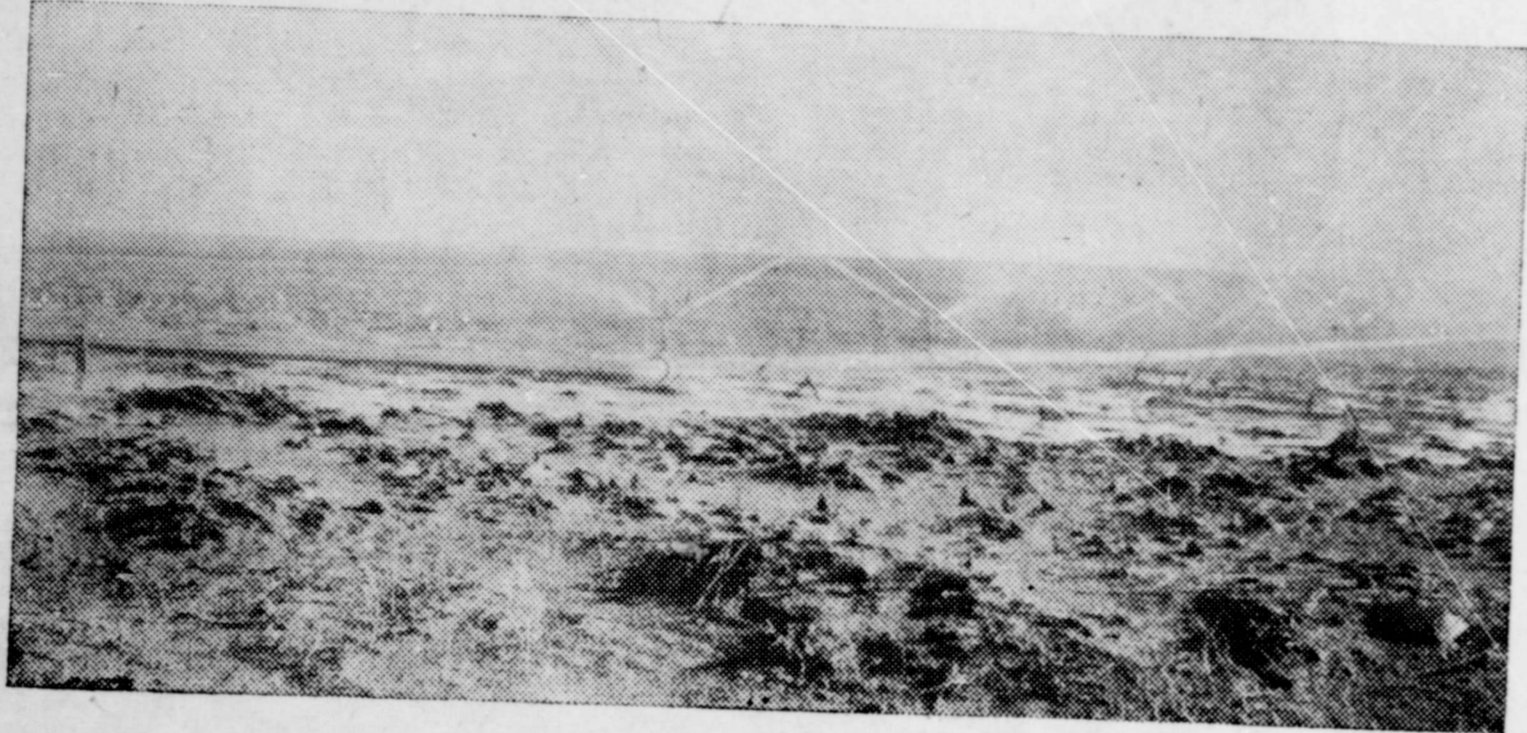

MISCONDUCT AS A BAR TO VET BENEFITS

"What is the meaning of misconduct as a bar to pension rights?" is a question often asked. In general, misconduct disabilities, including chronic alcoholism, or social diseases not considered to have been incurred in line of duty, although the law makes exception in some cases if the serviceman complied with the Army and Navy regulations in receiving treatment. Other instances of "willful misconduct" are injuries or diseases contracted while in desertion, AWOL, or while confined under sentence of court martial or civil court. In borderline cases, misconduct and suicide in service are causes for which VA may make its own determination.

Approximately 40 cents of every dollar of Red Cross national expenditures last year provided services to the armed forces and to veterans.

Plenty of Moisture in 1954? YOU CAN BE SURE OF IT IF YOU IRRIGATE!

1954 MIGHT be the year we will receive the right amount of moisture at exactly the right time. BUT DON'T DEPEND ON IT! If you have been planning the installation of an irrigation system, by all means, carry on through with your plans. What better crop insurance could you ask for than an irrigation system standing by ready to take over during the dry periods?

FOR OVER a quarter of a century, J. B. Knight Company has been serving the farmers of Terry County. From the beginning, we have studied climate and soil conditions of this section. Our representatives have traveled over the country to study the operation and maintenance of farm machinery. We are fully equipped to take care of your entire installation—from planning to completion—and we will be here at all times to give you prompt and efficient servicing of your equipment at all times.

BE SURE YOU GET ALL OF THIS WHEN YOU BUY YOUR IRRIGATION SYSTEM:

- GOOD ENGINEERING properly planned for your available water supply and with full consideration given to the location of your wells and maximum contour and character of your land, load.
- GOOD SERVICE season after season, combined with an absolute minimum of costly replacement and breakdowns showing up when equipment is in use and time is a vital element.
- WELL ESTABLISHED LOCAL DEALER with a long-standing reputation for standing behind the products he sells and for maintaining a staff of adequately trained service men, who are immediately available to get your equipment back in operation in the event of a breakdown.
- MANUFACTURED BY SUBSTANTIAL COMPANY, backed up by years of experience in the irrigation field, ever alert to changing conditions and geared to go into rapid production of improvements and new developments.

All of these advantages are yours when you buy your AMES irrigation system from J. B. KNIGHT.

GMC HYDRA-MATIC TRUCKS

THIS new '54 GMC light-duty wasn't born just to win beauty contests. Sure, its sleek lines, full-width grille and panoramic windshield are handsomely un-trucklike. There's the same dashing air about the inside, too. Two-tone color scheme. Harmonizing, supple-leather upholstery. Smart instrument panel, with dials clustered for instant reading. But mister—take another look! A burly, brawny brute of an engine—a real truck engine—makes you think of a Miss America who also can bend horseshoes. 125 horsepower says that this beauty can heft a top load with ease and dash. That's more power than some makers pack into their two-ton models. That's more usable power than in any other 6-cylinder engine in its class! And its wide, deep box holds at least 8 cubic feet more than the roomy '53 model. That tail gate is grain-tight—and sand-tight. Finally, it offers Truck Hydra-Matic Drive* that saves you, saves your cash, saves your time. (Note to the luxury-minded: there's a DE LUXE model at extra cost, with chrome grille and trim, two-tone paint, curved rear corner windows—the works!) Come in and drive this great GMC. It will do all its own selling! *Truck Hydra-Matic Drive standard on some models, optional at extra cost on others.

HALL-BUTLER PLEDGE DOUBLE RING VOWS AT BRIDE'S HOME, MARCH 5

Tall white baskets of white Calla Keenan, at 5 p.m., Friday, March 5, unites Miss Norma Dell Butler, daughter of Mr. and Mrs. Otto Butler, to Ernest Leo Hall, son of Mrs. John Shepherd, of St. Helens, Oregon, at the bride's home, 719 East Broadway.

The bride, given in marriage by her father, wore a pastel blue linen dress, trimmed in white embroidery and rhinestones, with navy accessories, and a corsage of white carnations and pink buds. For something old, she carried a 28-year-old white voile handkerchief that belonged to her grandmother, Mrs. Betty Ward. For something new, she wore a sweetheart bracelet, a gift from her husband; something borrowed, a watch belonging to her aunt, Mrs. J. O. Fraiser; and for something blue, a garter belonging to her mother. Her father placed a penny in her slipper for luck.

Miss Betty Daniell served as her bride's maid and wore a dress of pink taffeta, trimmed in rhinestones and seed pearls, and a corsage of white carnations.

Arthur B. Brown, Jr., served as best man and Miss Beverly Wartes furnished piano selections.

A reception was held following the ceremony at the bride's home with Miss Sandra Yandell, Miss C. P. Woody, and Mrs. Frasier assisting in hospitalities.

Guests were registered in a bride's book covered in white satin with an overlay of white tulle and satin streamers.

The bride's table was laid with a linen cloth of hand-embroidered cut-work with a crystal punch bowl placed on a mirror at one end.

Refreshments of spiced apple cider with red apples afloat, a recipe of old colonial Williamsburg written down in 1766, was served. The double-tiered wedding cake topped with a miniature bride and groom was trimmed in pink rosebuds and sweetpeas.

Out of town guests included Mr. and Mrs. J. O. Fraiser, of Fort Worth; Mrs. C. P. Woody, of Weatherford; and John F. Hall, of Lubbock.

Mrs. J. O. Gillham, 804 East Tate, was hostess to the Leisure Bridge Club, at 2:30 p.m., on March 3.

Mrs. W. H. Collins won bingo.

Coffee cake and coffee were served to Mesdames J. H. Griffin, Fred Smith, L. L. Bechtel, R. M. Kendrick, Mon Telford, A. W. Butler, Jess Smith, Collins, and the hostess.

Paul Campbell, L. L. Bechtel, Marion Bowers, George Weiss, Virgil Travis, and Dusty Kemper, all of Brownfield, attended the annual convention of Rotary International, held at Childress last Thursday through Saturday.

FRIDAY BRIDGE CLUB MET AT MRS. POWELL'S

Mrs. J. C. Powell, 907B East Repetto, entertained the Friday Afternoon Bridge Club at 2:30 p.m., on March 5.

Mrs. Coleman Williams made high score; and Mrs. Phil Gaasch and Mrs. Robert Lee Craig bingoed. Ice cream refrigerator cake and coffee were served to Mesdames Tommy Hicks, Sam Teague, Dick Chambers, George O'Neal, Sherwood Gill, M. J. Craig, Jr., Morgan Copeland, Earl Jones, Gaasch, Williams, Robert Lee Craig, and Robert N. Tipps, of Denver City.

H. R. Rea has been in the Veterans Hospital, Big Spring, for two weeks. He is expected to be released this week.

AAUW STATE PRESIDENT SPEAKS TO local chapter—Mrs. Murkella Wells Ochsner, pictured at right, is shown as she talked with the local president, Mrs. G. B. Evans at the meeting last week in her honor. Mrs. Ochsner is a native Texan, a graduate of Randolph Macon, and has taught in Greenville and Amarillo high schools. She is a charter member of the Amarillo Branch of AAUW and was president of the local chapter during 1947-48. The State President was State International Relations Chairman during 1951-53. COPELAND'S HOST TO COUPLES BRIDGE CLUB

Tuesday Night Couples Bridge Club met at 8 p.m., March 2, with Mr. and Mrs. Morgan Copeland, Jr., 1103 East Tate.

Mr. and Mrs. M. J. Craig, Jr., made high score, and Mrs. J. C. Powell and Robert Lee Craig bingoed.

Sandwich plate and coffee were served to Messrs. and Mmes. Earl Jones, J. E. Smith, Sammy Jones, Powell, M. J. Craig, Jr., and Robert L. Craig.

News of Harold and Carroll Hinson is that they are with a convoy making a trip around the world. They started from the East Coast and are now in Okinawa, with the United States Navy. They are the sons of Mr. and Mrs. Dick Hinson, formerly of Brownfield, and now of Seagraves.

B. F. Hutson Wins Toastmaster's Cup

B. F. Hutson, Brownfield manager of the Pioneer Gas Company, won the president's cup at the Monday meeting of the Toastmasters Club, held at 6:30 p.m., at Nick's Cafe.

Hutson's speech was extemporaneously given on the subject, "How to Build Self-Confidence and Destroy Self-consciousness." This subject had been given Hutson by the Toastmaster of the evening Bill R. Neel.

In the absence of the club's president, Arlie Lowmore, the meeting was opened by the vice president, James Evans. The invocation was given by Joe Stevens.

Grady Elder presented the Table Topic for discussion, which was "What Should be Done with Cpl. Bachelor?"

Bill R. Neel, introduced the speakers for the evening. They were Wade Yandell, "The Learning Time of Your Life," criticised by Bobby Jones. David Nicholson, "Brownfield's Public Health Dept.," criticised by Earl Jones. Herbert Chesshir, "Problems of the Juvenile Court," criticised by Marion Bowers. B. F. Hutson, "How to Build Self-Confidence and Destroy Self-consciousness," criticised by Joe Stevens.

The general critic for the evening was Morgan Copeland.

Anyone who is interested in becoming a Toastmaster should contact one of the members of the club. The club has a limited membership, not to exceed 30 members, but at the present time there are a few vacancies. The club's purpose is to train its members to be at ease before a group and to be able to express themselves clearly, effectively, and in an interesting and entertaining manner.

Roy Campbell, Jr., of Albuquerque, N. M., visited with his sister, Mrs. C. E. Mitchell, Sunday.

Mr. and Mrs. Jimmie Phillips, of Tullia, and Mrs. Laura Adkinson visited in the Louie Clay home, 201 South Ninth, Thursday night on their way to California.

"PLANTING SPIRITUAL SEED," PROGRAM AT LOVE CIRCLE MEETING

Love Circle of WSCS met Monday, March 8, at 3 p.m., in the home of Mrs. J. C. Criswell, Jr.

Mrs. Vernon Henderson opened the meeting with a prayer, and a short business meeting was held by Mrs. Wayland Parker, president.

Mrs. Fred Miller led the program on "Planting Spiritual Seed" and the devotional "Sowing Seeds of Love" was given by Mrs. Frank Jacobs.

"Our Spanish Speaking Neighbors," was the lesson taught by Mrs. Ernest Latham, assisted by Mesdames Hobart Lewis, J. L. Newsom, and Miller.

Refreshments of cherry pie and coffee were served by the hostess to Mesdames R. V. Gilley, Ernest Latham, Frank Jacobs, Mitchell Flache, Fred Miller, Vernon Henderson, R. J. Purcell, A. W. Butler, Wayland Parker, C. E. Bartley, J. L. Newsom, and Hobart Lewis.

Mrs. Lewis closed the meeting with a prayer.

Eleven Blocks Added To City Delivery

The local post office has received communication from the Division of Post Office Services in Washington that mail delivery service has been authorized for the following areas of the city, effective upon erection of street markers and proper mail receptacles:

East Hill, 1300 and 1400 blocks. East Main, 1300 and 1400 blocks. East Broadway, 1000, 1100, 1200, and 1300 blocks.

East Tate, 1100, 1200 and 1300 blocks.

These areas will receive what is known as "mounted" delivery service, that is delivery from a truck, and it will be necessary for patrons of the service to erect mail receptacles at the curb, such as the rural mail box or similar type of box. The areas authorized for service will include the Mar-San Apartments, and also the trailer courts.

While the announcement of the service may seem immature at this time due to the fact that the local post office is informed by City officials that erection of the street markers may not be completed before June 1, the purpose of this announcement is to inform residents of the areas involved that progress has been made in efforts of the local post office to obtain the delivery service.

Resp., Joe L. Shelton, Postmaster.

Mr. and Mrs. J. P. Sullivan, formerly of Leonard, Texas, have moved to Brownfield to make their home. They and their son-in-law, Mr. Jackson, will be in business at their location on Lamesa "Y."

EDUCATION COUNSELOR SPEAKS AT WESLEYAN GUILD ON MARCH 17TH

J. B. Strickland, counselor for the Texas Education Agency, will be the guest speaker, when the Wesleyan Service Guild, of the Methodist Church meets, March 17.

Strickland will present "The Texas Program of Vocational Rehabilitation for Disabled Persons."

Many people are not aware of the guidance and assistance given by this agency to enable the handicapped to resume a useful and productive life.

This program will include a technicolor movie entitled, "Comeback," which shows how some of our famous people, such as Jane Froman, Ben Hogan and Bill Stern, have overcome their handicaps and resumed a career in their chosen fields.

All members and friends are urged to attend. Perhaps this information will enable you to assist some one you know in gaining a new way of life.

Petition To Build Cafeterias At All Schools In City

Many have been wondering for years why cafeterias were not built at the school buildings now known as Junior High and West Ward. This is especially true of people who live within a few blocks of these buildings, who have paper cups, bags, and other rubbish scattered over their yards.

And many of the students don't take the trouble to keep to the streets or sidewalks, getting to some place where food is dispensed. They walk right through your yard. It is a hard matter to get grass to grow at best.

Then there is the question of the children from the rural areas having to bring in their lunch or buy it. And from what we have noted at lunch time, these students do not obtain the best of food with a maximum amount of vitamins and wholesomeness. We know children just don't like a cold lunch at noon, especially in cold weather. They need a well balanced diet, and should have it. Of course the town children who do not live too far from the schools, can make it home and back, at lunch time.

Three good ladies, whose children attend the local schools are circulating a petition this week, and they are really getting people on the dotted line. The idea is to build cafeterias at both the Junior and Senior high schools, and we hope they get this done before another term of school.

The ladies circulating the petition are Mrs. Loyce Floyd, of Rt. 4; Mrs. Earl Brown of Rt. 2; and Mrs. W. L. Stephens of Rt. 2. If they have not already seen you, they will do so.

Gaines Co. Agent Speaks At Council

L. H. McElroy, County Agent of Gaines County, was the principal speaker at the monthly meeting of the Agriculture Workers Council, held in Brownfield last Tuesday.

McElroy spoke to agriculture workers representing Terry, Yoakum, Gaines, and Dawson Counties. He spoke on fertilizer, and explained that most farmers primarily considered fertilizer as that which is in a bag. He explained that even though many farmers were using a portion of their land for experiment, there is still a great deal to be learned about agriculture.

R. J. Purcell, owner of Plains Liquefied Gas Company, discussed the application of fertilizer and banning. It was explained at the meeting only by testing the soil can a farmer find out what benefit he is receiving from fertilizer.

Dennis Q. Lilly, program chairman, announced that the next meeting would probably be held in Seminole. The council now consists of approximately 55 agriculture workers in the four-county area.

Another argument for the cafeteria is, it would stop students crossing a dangerous highway for food.

LET'S "ATOMIZE" AMERICAN INDUSTRY

President Eisenhower has asked Congress to give American industry the go-ahead for development of atomic energy for non-military production. When Congress approves sometime this summer it will mark another milestone in human progress. Within a generation, I predict, the revolutionary new power will have extended its benefits, directly or indirectly, into every community, every urban and farm home in America. It promises, in time, to make virtually everything that is manufactured less costly to the manufacturer and consumer.

The United States News and World Report estimates that already more than 1,000 industrial firms, including many of the nation's largest businesses, are employing the new atomic science in everyday factory and shop operations and are thus effecting remarkable savings in production costs. But these usages are relatively minor sidelights to the major possibilities that engineers foresee through the development of electric energy in atomic-fueled power stations, and through other development avenues.

Lifeblood of Production

Electricity is the very lifeblood of modern progress. You only need to walk through a modern industry today to realize the importance of this pulsing, surging current that Ben Franklin brought down out of the sky on a kite string 200 years ago, and which Thomas Edison put to work a century later. Almost 100 per cent of the manufacturing job, in most American industries, now is performed with the energy from electricity. The primary job of the factory employees is to guide the electric energy, with buttons, and levers, and gauges, on production machines which get the work done.

In this industrial job, the atom's big importance is in supplying the heat, to make the steam, to turn the turbines which whirl the generators, that send out currents of electricity, to bring to life the great machinery of modern American industry.

Way to Cut Cost

Not far from my office in Searcy there is a sprawling aluminum industry. Arkansas produces 97 per cent of the aluminum ore in America. To transform aluminum oxide into aluminum metal for its thousand-and-ones, vast amounts of electricity are required. In a single plant near Hot Springs, more electricity is used than is required for a city of 250,000 population. This electricity is produced by burning natural gas for heat in steam turbines. The gas must be piped from Texas, Louisiana and South Arkansas.

Atomic engineers tell us that heat can be generated in an atomic reactor at a great deal less cost per heat unit than in any other manner, and thus electricity can be produced at drastically lower cost per kilowatt. There are other important advantages in the atomic reactor for power generation. With electricity playing a predominant role in American production, substantial reduction in its cost should bring a new era to "the industrial revolution."

Enterprise Needed

In his message to Congress urging revision of the Atomic Energy Act of 1946, President Eisenhower said that for the swift development of atomic power, "the enterprise, initiative and competitive spirit of individuals and groups within our free economy are needed to assure the greatest efficiency and progress at the least cost to the public. . . . The creation of opportunities for broadening industrial participation may permit the government to reduce its own reactor research and development after private industrial activity is well established."

After all, it was America's industrial know-how which permitted us to lead the world in the development of atomic energy. Du Pont, Westinghouse, General Electric and other great industries have built and operated the government's atom installations. Sparked by the competitive spirit, and the promise of revolutionary new developments in manufacturing, private enterprise can now take the uranium atom and begin to give mankind the fullness of its constructive benefits.

Let's all go to Church Sunday where we are all one with the Lord

IMMANUEL BAPTIST CHURCH, 506 East Stewart, has as its pastor Bro. Boyd Pearce, who attends the Southwestern Baptist Theological Seminary in Fort Worth during the week and preaches at the church every Sunday morning and evening. Bro. Pearce began preaching here February, 1953, replacing Bro. E. Denton. The Church, which was organized June 8, 1952, with 32 charter members, received 20 additions by letter, and 19 by baptism last year, and lost 5 members who moved to another town, and 2 members by death. Deacons include C. H. Merritt, Geo. Merritt, E. L. Burris, Luther Hinkle, C. A. Huckabee, and Ralph Bailey. Bro. Pearce, who is a junior student at the Seminary, is the son of Mr. and Mrs. Wade Pearce, 1309 East Broadway. Extensive repairs of the interior and exterior of the Church have been underway by members in their spare time for several months, and it is hoped the job will be completed by April. (Staff Photo.)

MEADOW NEWS

Mr. and Mrs. Harris Massey, of Lubbock, spent Thursday night with her brother, Frank Massey and wife.

J. H. Gober, who has been employed in New Mexico for some time, spent the past week here with his family.

Mr. and Mrs. Cletas Caswell, of Plainview, was honored Wednesday night at the Baptist Church with a pouncing. Mr. Caswell brought the message that night after the services. The gifts were opened and viewed by all present. Refreshments of coffee, punch and cake were served in the dining room of the church.

Word was received here Saturday of the death of Mrs. Joe Bob Johnson of O'Brien, Texas, who was a former resident of Meadow. Funeral services were held Sunday, at 2:30, in Lubbock. She leaves her husband, Rev. Joe Bob Johnson, and a daughter, Phyllis Jean; her parents, Mr. and Mrs. C. C. Davis of Ronton; three brothers, four sisters. Mrs. Dale Brown is one of the sisters.

Mr. and Mrs. Tom Brown and Mr. and Mrs. McCraw, of Lubbock, attended services at the Baptist Church, Sunday night, to hear John Thames preach his first sermon in his home church.

Mr. and Mrs. J. M. Jones and Mr. and Mrs. Doc Settles and children were visiting in Plainview in the home of their daughter and sister, Mrs. Mike Kirk and family,

Sunday.
The WMS met Monday at 10:30 a.m. for an all-day meeting of Week of Prayer for Home Missions. Mrs. Swartz, Mrs. Rose Henson, Mrs. Eubank and Mrs. Cato were in charge of the program at which sixteen were present. A covered dish lunch was served at noon.

Mrs. J. M. Jones spent a few days with her brother in Oklahoma City. He has been sick but is some improved at present.

Mr. and Mrs. John Armontrout of New Home were Sunday visitors in the home of Mr. and Mrs. W. J. Hinson.

Mr. and Mrs. H. V. West left Sunday after the Sunday School hour to go to Munday to visit his parents, Mr. and Mrs. J. L. West, and to help his mother celebrate her 89th birthday. All of her children except one son in California, were to be present.

Mr. and Mrs. Edd Peek visited Mr. and Mrs. Garland Peek and family of New Home, Sunday afternoon, and met their new granddaughter, Melody Kay, who was born Wednesday at a Lubbock hospital.

Miss Fay Snaddon, of Lubbock, spent the week end in the Carl Russell home, and attended services at the Methodist Church, Sunday morning.

Mr. and Mrs. Terry Redford and family, of Ropes, were visitors at the Baptist Church, Sunday morning.

There was a large crowd in attendance at the fish supper at the Baptist Church, Monday night.

Stricklinly Speaking
By OLD ME

The Dispatch over at Post has received a government booklet or perhaps better said, a recipe from the government on how to cook rabbits. For the past two years now, we have been hearing of "Hoover rabbits," and perhaps this is the instructions on how to prepare such animals for "Moster's" table. Anyway we were told in plain words, back in 1952 that if Ike was elected we would be back on a rabbit diet.

Despite the New, Fair Deal prosperity, with two wars to put it over, rabbits, both here on the baldies and down in the brakes, have gradually been getting scarcer and scarcer. Even skunks can be seen along the highways just about as often as hare. So, we have just about reached the conclusion that people like rabbit during a Democratic (?) administration as well as under the GOPers.

Anyway the Post Dispatch editor, Eddie Warren, wants to know how to catch rabbits in the first place. Why, Eddie, we thought you were reared and raised in West Texas, and knew from infancy that you had to place salt on a rabbit's tail Bro. Scott furnished the fish, the Brotherhood cooked them, the ladies served the cakes and pies and salads. The meal was enjoyed by all present.

Mr. and Mrs. W. A. Hinson had visitors from Dimmitt, Sunday.

to catch him?

But if catching rabbits, scarce and wild as the hares are, a thing has come up in the past year that has us mystified. We have seen at least two instances where men were changed into women over in Europe, where on account of war, men are already in the minority. But we have seen nothing about women being made male.

Despite the fact that the last one to presto change in England is the pappy of two youngsters. We have never seen one of these freaks that we were aware of. In fact, we've not been out looking for them, but we are astonished that nature should make such a faux pas to start with.

We have often wondered what kind of a make-up strict partisan has. Apparently their idea runs in such a narrow channel that they conclude that no matter how good a measure is for their State or Nation, if put forward by the opposition, it is "no bueno," if on the Democratic side of the aisle.

On the other hand, if you roost on the GOP side, for gosh sakes kill all the nasty legislation that comes from the other side of the aisle, especially if a Demo introduces it. And this reminds us of the kind of reasoning put out by the little Socialist sheet down at Austin. It heads the "Honor Roll" of Texas with six Congressmen from Texas, who were elected on the Democratic ticket and vote Democratic on all measures. They are, of course, Patman, Brooks, Sammy Rayburn, Albert Thomas, Clark Thompson, and Homer Thornberry. Most all deep Eas' Texicans.

On the other hand, sixteen of Texas' Congressmen are said to vote Republican most of the time on men and measures. These men are mostly from Central, South and West Texas, and include our Representative, George Mahon, and nearby districts, such as Fisher, of San Angelo; and Burleson, of Anson. Glad we have men and not robots to represent us.

And speaking of Democrats, the time was when the party was really "democratic," surely enjoyed a good fight. But just a few weeks back they were saying the Repubs were ribbing too much. So, President Ike called for a softening of criticism.

But from what happened down at old Miami, Fla., last week, the Demos want one-sided affair, where the big politicians were able to fork over 100 a plate for Messrs. Jefferson and Jackson. Man, they fairly took the old GOPers apart, and nailed them up to suit themselves.

Pore ol' Jayton Chronicle's Worst 1/4th. He was going to hit the mails on time last week, come hail or sandstorm. So, he left his lino pot "biling," and the heat on in the heaters, and was going to get a good start next AM, and in the mails in a juffy. But lo! and behold, next AM when he reached the Chronicle office, the office was cold as old get-out, the metal in the pot congealed, and it took two long hours to get rolling again.

Yep, the butane had run out in the tank during the night. We are glad to say that up here at "Brownly," we have several of the city employees stay up and keep the "leexsumtricity" circulating up and down the wires. In addition, we keep the Pioneer Natural Gas Co. on a 24-hour shift to see that gas flows into the circulating heater in the office. If it don't, some one gets a chunk of a "cussing," under our breath, of course. But Brother 1/4th Wade better watch his butane tank from this on. In the way of an explanation, for the benefit of Herald readers, 1/4th Wade designates the Mrs. as the 1/4th part of the arrangement down there.

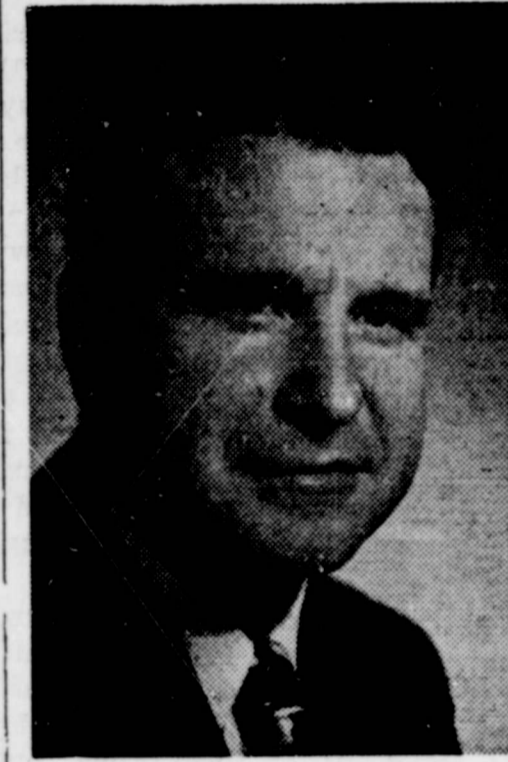

By the way, we didn't mention some of the figuring on the paper the Hon. Al Muldrow handed us, printed up in Oklahoma. Over at the left hand top was considerable figures, and to save us we were never able to tell whether it was his income figuring, or his oil royalties. Anyway, the figures were impressive—to us.

And now comes Nash Motors that tell us all old style heating, conditioning and cooling systems are obsolete. On their new cars you have one unit that takes care of the heating, cooling and conditioning. Now if some car makers will just get up a system that will turn a 1940 model into a 1954 streamliner overnight, they have our vote. Howsomever, we really like the one-unit instead of three to be crowded in one car.

And Atty. Gen. John Ben Shep-

41 Band Students Will Compete In May League Contest

Forty-one Brownfield High School Band students will play solos at the Interscholastic League contest scheduled the first of May in Lubbock. Seventeen will not have to audition and the rest of the soloists, made up of Sophomores and Freshmen, will audition sometime before April 30 in Lubbock.

Band members who will play solos are Tommy Nipp, Joe Pat Cunningham, Jimmy Pickett, Eddie McKay, Russell Portwood, and Ledell Gorman, trombones; Barry Burrows and Billy Nipp, baritones; Skeet Whitley and Charles Higdon, basses; Royda Dumas, Jane Griggs, and Jo Beth Dumas, french horns; Leslie Hallbauer, Kenneth Murphy, Norris Lewis, Marie Boots, and Kenneth Cary, cornets; Billy Mack Herod, John Hill, Charles Gunn, Dick Latham, Rosalyn Lewis, Beverly Wartes, Thad Risinger, and Jack Purtell, saxophones; Sandra Collier, bass clarinet; Rudene Rich, Bassoon; Brenda Weathers, Alta Merritt, Lolly Bryant, Mary Waters, Jane Turner, Linda Moore, Carole Johnson, and Macky Eaves, clarinets; and Ann Griggs, Vona Patton, Josie Grissom, Carole Jacobs, and Cecil Blankenship, flutes.

perd has not been exactly idle. He tells us that he received 167 requests for opinions on law and evidence in February, and all were answered. If the courts would get such a stir on themselves as John Ben, probably we'd have less crime. Long delays in courts are often an incentive to more crime.

And while on the subject of Austin, the Texas Federation of Labor (AFL) is offering a scholarship of \$500 as the top award to high school senior students of a public, private or parochial school. Catch is, that the student must be a member of an AFL family. If interested, write the above at 412 Littlefield Building, Austin, Texas.

Still on the subject of Austin, we had it in our heads per articles in this and other papers, that Texas was to have a new State Health Officer come March 1. We are still getting releases from Dr. Geo. W. Cox, whom we thought was retiring at that time. How come?

MEADOW-CHALLIS HOME DEMONSTRATION CLUB MET TUESDAY

The Meadow-Challis Home Demonstration Club met with Mrs. Floyd Joplin, Tuesday, March 2. Roll call was answered with a favorite labor-saver.

Old and new business was disposed of and Mrs. Tommy Pettigrew had charge of the program, in which she discussed civil defense.

Refreshments of cakes, doughnuts and potato chips were served to Mesdames W. J. Moss, Loyal Henson, Tommy Pettigrew, Sam Gossett, W. J. Henderson, and the hostess. The next club meeting will be March 16, with Mrs. Tommy Pettigrew.—Reporter.

Mr. and Mrs. Roy Perkins and daughter, Toni Lynn, were in Amarillo, visiting over the week end.

INTERFACINGS AND BUTTONHOLES ARE STUDIED AT HD CLUB

Union Home Demonstration Club held its regular meeting Thursday, March 4, in the home of Mrs. Bill Holliday, with Mrs. Frank Sargent in charge of the business meeting, in the absence of the president, Mrs. Puryear.

Miss Mildred Cox, Terry HD Agent, conducted the program and gave a demonstration on interfacings and bound buttonholes.

Refreshments were served to Mesdames B. Y. Howze, Rufus Dill, J. C. Titus, Paul Gracey, Doyle Moss, Oliver Miller, Will Holliday, M. Singletary and a new member, Mrs. W. F. Jones, and to Miss Cox and the hostess.

Wilburn Day and family from Franklin City visited relatives here last week.

West Side Baptist Church observed Week of Prayer last week. Under the leadership of Brother Respass, the church is progressing nicely. Fifteen have been baptized lately.

Robert Patrick and Mr. and Mrs. Burl Harrelson and children went to Carlsbad Caverns last week. While there, they spent the week end with Mr. Harrelson's brother and family.

Mr. and Mrs. Charles Tharp have assumed management of Jack's Grill, just off the Plains highway.

Mrs. M. E. Brewer and daughter, Ruth Ellen, of Freeport, Texas, visited with her aunt, Mrs. Ray Schmidt, on Tuesday of last week.

We're not mincing words... we say

It takes father-and-son craftsmanship to make Studebaker the best built car in America!

THIS is a challenge we are glad to sign—a challenge from South Bend to Detroit. It is a challenge to all cars for a comparison of quality and durability with Studebaker—the best built car in America unquestionably.

Care that counts! Outstanding citizens—many of them unique father-and-son teams—proudly man the great modern Studebaker production lines.

They are home-town people mostly—nearly all of them are Indiana born and bred—and they're the most painstaking craftsmen anywhere in automobile manufacturing.

Thanks to the constant care they take, Studebaker means, not only a great car, but a quality way of building.

See what you gain! Come in and examine the superb construction of the new 1954 Studebaker. See how solid and sound it is throughout. It's more than the best built car in America. Its far-advanced style is like money in the bank for you as insurance of high resale value.

STUDEBAKER THE GREAT INDEPENDENT... PIONEER AND PACEMAKER

Father-and-son teamwork puts long life into every Studebaker

For over 102 years, father-and-son teams and other able craftsmen have been proudly protecting Studebaker quality.

Get ahead of the parade! Get more when you trade!

BETWEEN CLASSES AND 'ROUND TOWN

with Jane Griggs

Spring fever is really getting everybody down now, they all walk down the halls with droopy eyelids and great big yawns!!!

Rena Blocker, a Freshman, has been in the hospital lately, after an appendicitis operation. They took her home this week.

The BHS Golf team, coached by Coach Smith, Fred Sedgwick, Berns Womack, Trucene Crowder, Hoyt Day, Leon Falls, David Hamm, Johnnie Moorhead, Lee Perales, Leywayne Rowden, Virginia Thornton, Barbara Watkins, Velda Hill, Karen Hamm, Alton Carmichael, Peggy Burnett, Opal Ruth Hawkins, Sammie Adair, Barbara Bishop, Dixie Bowlin, Buddy Hawkins, Tommy Loe, Patsy Runnels, Cynthia Smith, Denny Loe, Godfrey Baldwin, Glenda Christopher, Lynnada Watts, Bill Adams.

A salute to the girls that work in the Jessie G. Randal Cafeteria—they are Maxine Beades, Theresa Mason, June Moore, and Frances Floyd. These girls help the older ladies in serving the noon meals to grade school kids.

Monday night, only four boys, Johnny Johnson, Doyle Criswell, Billy Mack Herod and Harold Rich, tried out for the Senior play, "Creeping Shadows." However, later in the week, several more tried out for parts and I'll tell you their names next week. The girls cast in the play are Marilyn Miller, Kay Drennan, Sandy Castevens, Norma Acker, Alta Merritt, Demeris Little, Beverly Wartes, Nancy Gaston, Charlotte Jones, and Jacqueline Fulgum. The play date is April 23.

Congratulations to Patsy Teague and Delma Rinehart! Patsy was chosen to represent our Spanish Club at the Fiesta to be held April 3, in Levelland; and Delma was high-point girl in the girls' PE classes basketball tournament, held last Saturday at the Gym.

Some of the daters lately are:

Louella Baker and Walter Brinson; Royda Dumas and E. V. Murphy; Glenna Moore and Theo Brinson; Janie Dickson and Nicky Greer; Virginia Daugherty and Travis Tyler; Betty Hargrove and Virgil Hughlett; Gail Davis and Jesse Scott; Pat Green and Sammy Key; Connie King and Mike Baker; Mary Jane Brownfield and Don O'Neal; Sandra Collier and Johnny Speer, and Virlene Sharp and Crandal Young (both boys are from Seminole); Jo Anna Cook and Ronny Johnson from Meadow; Karen White and Kenneth Davis; and Carol Childress and Bob Stewart from Sundown.

More daters were Rita Prescott and Duane Galloway; Demeris Little and Lloyd Wilson from Union; Peggy Meetze and Ray Toney, and Wanda Hadaway and Wayne Reaser (both boys are from Clayton, N. M.); and Joann Hardin and Joe Tongate, both from Meadow.

Mr. Culp sent word to us that he sure is getting lonesome. He's going to meet the Seniors at Ruidoso on May 7, when we go on the Senior trip. His address is 333 West Missouri, El Paso, Texas; if you want to write him and show him how much we're missing him, too.

The Seniors of the Church of Christ were invited to eat with the ACC band when it was here to present a concert last Monday. Not all of them came, but the ones that did really enjoyed it.

The school calendar is really messed up now, but the tentative date and place of the Jr.-Sr. Banquet and Prom is April 2, at the Veterans Hall, so boys, you better really get on the ball. The girls will all be being especially nice to you until then. Enjoy it while you can! —Bye.

The Low Down From Hickory Grove

Of all the things a free USA citizen should have, is the right to make a living versus standing by as a scared mayor refuses to let his Chief of Police remove from the scene the imported picket blocking his progress. Avoid trouble, the mayor says. He should say, "if the blockading guy wants trouble, I will give him same," then throw the obstreperous gent into the cooler. Avoid trouble, the mayor says, as he tries to carry water on right and left shoulder.

Now this big palaver in Congress on the pros and cons of the right of labor—it boils down to the rights of the labor temple. To assist in clearing a menace, Uncle Ike's suggestion to Congress is that a free and secret vote by the worker himself if he chooses to walk out or keep on working, should be adopted 100 per cent.

So, the essence is—get the labor rules adjusted so each State can run its own shebang—get a flock of mayors with a core in their backbone—get over the notion we must be elbowed off the sidewalk by a bully.

The police chiefs of the land, with the proper type of mayor backin' em up and with proper laws on their book—with open season on pickets—could give this fair and flustered USA a much more grown-up look.

Yours with the low down,

JO SERRA.

Mr. and Mrs. Jim Griffith, 208 W. Main, had as their guest last week, his brother, Fred Griffith from Anchorage, Alaska.

Mrs. C. J. McLeroy and Mrs. Kelly Sears, of Gomez, visited with their granddaughter and niece, Miss Edith Sue Bozman, of Springlake, when she appeared here with Abilene Christian College Band, Monday, at the high school.

Agri. Stabilization and Conservation News

By Loece Miller, County Office Manager

The county and community committees worked on the final adjustments of the cotton allotments for Terry County, Monday and Tuesday, and it is anticipated that the allotment notices will be mailed to each producer around the 15th of March, and any producer who has cause to believe that the allotment established for his farm is incorrect, has 15 days from the date the notice is mailed in which to file an appeal to the review committee. After the fifteen-day period no appeals will be accepted, as this is the limit allowed by the marketing quota law.

There are still funds available for carrying out of agricultural conservation practices. All farmers who anticipated carrying out a practice should make his request while funds are still available. In order to be considered in the next sign up period, applications must be filed by April 1, 1954.

The total allocation for ACP practices for Terry County is \$70,300.00. Of this amount \$50,836.36 has already been obligated for 312 applications which have been received to date, thus leaving an unobligated balance of \$22,163.64.

Miss Landra Burnett, of Lubbock, visited last weekend with Miss Barbara Eaves, 1017 East Cardwell.

Mr. and Mrs. R. Q. McWilliams and son, Dicky, 1020 Seagraves Road, were in Midland, Monday, on business.

WE LIKE THAT NEW ROUTE TO SNYDER

Our daughter, Mrs. Herman Trigg down at Snyder, doesn't exactly admire the new way to come to see Pop up here at Brownfield. Says she can't figure that it's much neater, and its "lonesome!" To save us we can't see where the lonesome stuff comes in, as we believe there are more farms and nice farm homes on the route via O'Donnell, than either by Lamesa or Tahoka and Post.

The best we can figure it, the distance is 96 miles via Post and Tahoka, 101 via Lamesa, and 94 via O'Donnell. One big advantage one has on the O'Donnell route is little traffic. Sunday afternoon coming home, we don't believe we met a dozen cars from the time we left 180, seven miles west of Gail, until we came into the Lamesa-Brownfield road some 11 miles southeast of town. We saw or met more cars every two miles after we hit the highway, than all the way from 180 to Union.

Anyway, it was a delightful journey to Snyder and back for the weekend. The little granddaughter, Mary Ann, decided to go with us, but Master Robert backed out. He's quite a mother-daddy boy. Miss Ann was particularly struck by the shelving rocks that hang over the new route, and wants to get out of the car sometime when we make the trip, and crawl back under these shelving rocks. But we reminded her that after warm weather, that would be a fine harboring place for the deadly rattlesnake.

About a month ago, both Stricklin families came back that route under the impression that we

would have some unpaved roads until we got to O'Donnell, but discovered it was paved all the way. But as dark overtook us after we climbed the cap on that trip, we could see little of the terrain of the country. Of course we knew it from O'Donnell in home. So, this time we got to see the country going and coming in daylight hours. There are many fine farms and fine farm homes after you climb the cap, in both Borden and Lynn counties, as well as some good looking school plants.

Well, we had a whale of a time down at the city of Snyder. Of course the kids were expecting us, and had a whale of a great welcome from all including Miss Sara B. and Rover. And it was an agreeable surprise to that little lady that Miss Mary Ann was along, as that meant long hours of play for the little cousins. And we got lots to eat, and Sallie is just about the best roast cooker this side of Roastville. That was an extra good one she had Sunday. But it cooked slow all the time we were at church, and was as tender as a broiler chick.

But time flies past, and we had to take off about 4:40 P.M. (P minus X means after bean time.) By the way, saw that antelope herd to the side of Gail, for the first time in about a year. They were some 100 yards from the highway, grazing, and as usual the Buck Boss was standing "watch." We stopped so Mary Ann could see them, some 12 in a bunch, and others out some distance. But she never saw them, even after Mrs. S. honked the car, and they stirred about. She saw some calves, she said. Had to explain that it was antelope—not calves—she saw.

TERRY GOT NO NEW LOCATION LAST WEEK

According to the dailies, Terry like to have missed out again on oil wells last week, but we one, with no new locations. You could see little of the terrain of the country. Of course we knew it from O'Donnell in home. So, this time we got to see the country going and coming in daylight hours. There are many fine farms and fine farm homes after you climb the cap, in both Borden and Lynn counties, as well as some good looking school plants.

Well, guess you are tired of this tale of woe, so will sign off. We killed a lot of space.

STILL GOING STRONG

The people of the area seem to appreciate our cutting the price of the Herald on account of the drouth to—

\$1.50 per year

Until further notice we shall continue the rate in our TRADE AREA ONLY. You'll have to hurry. We appreciate those who have responded with their renewals as well as the many new readers we have obtained.

As soon as conditions change, we aim to go back to the old rate of \$3.00 per year in the trade area, as we really lose money at \$1.50 per year.

Let's Have a Party

You love parties... and you want your friends and children to love them. But too often the busy host is so concerned about planning a party that he (or she) neglects to consider the most important thing—keeping guests happy.

How do you find out how to throw a good party? As in everything else, experience counts. The makers of Tupperware containers have a million parties a year. From these parties and from conversations with anxious and imaginative mothers they've distilled the Ten Golden Rules for successful children's parties.

1. Let your child make up his own guest list.
2. Keep the guests within a year of the host's age.
3. Consult your child on the party's theme, and let him help with the preparations.
4. Don't turn the party into a mother's social.
5. Prepare food in advance and store in Tupperware containers which go directly from refrigerator to party table.
6. Keep a reserve of games to be played when the children lose interest in the one at hand.
7. Stock up on inexpensive prizes and see that every child goes home with something.
8. Make it a luncheon or supper party to eliminate the I'm-not-hungry-any-more complaint at mealtime.
9. Children have no sense of time.

so announce when the party is over, softening the blow by wrapping up their take-home loot.

If you worry about your rugs, china and coffee table, hold the party in the playroom, cellar, porch or kitchen.

These are the general rules. To get complete party information simply write Tupperware Home Parties Inc., Orlando, Florida and you'll receive the "Let's Have a Party" booklet free of charge.

Texas Highways Must Be Provided For

Austin.—The Texas Good Roads Association will immediately begin to develop a program for a one-cent increase in motor fuel revenue for highways and a constitutional amendment which will freeze the entire amount for highway purposes only. This announcement was made by J. H. Kultgen, of Waco, who has been elected for the third time as president of TGRA.

Other officers elected with Kultgen were Bronson Morgan of Morgan & Lindsey, Jasper, first vice president; W. Hoyt Baird of Mrs. Baird's Bakeries, Fort Worth, second vice president; H. B. Zachry of the H. B. Zachry Company, San Antonio, third vice president; and George G. Smith, Texas Construction Materials Company of Houston, fourth vice president. Howard T. Cox, president of the Capitol National Bank of Austin, was elected treasurer, and Gen. Ike Ashburn, of Austin, executive vice president.

New members of the executive board also include the following: Jerome K. Crossman, Dallas; Tom K. Eplen, Abilene; John D. Harper, Rockdale; Russell L. Jolley, Houston; John C. Jones, La Feria; Joe M. Leonard, Cr., Gainesville; James D. Piper, Austin; Charles E. Simons, Dallas; Ed C. Sullivan, San Antonio; and Fred Wempel, Midland.

The association also went on record asking for a study of the present motor vehicle fees and of the existing road user tax levies with a view of recapturing amounts now being diverted to other than road purposes.

"We are also making a strong demand on the Governor and the Legislature to recognize highways in the first order of business in the 54th session," President Kultgen said.

Mrs. Roy Herod, 520 Lamesa Road, spent last week end in Amarillo, visiting with Mrs. M. E. Jacobson, Mr. Herod and son, Billy Mack, and M. C. Herod of Snyder, spent Thursday through Sunday in Austin, where they attended a ball tournament.

James Murdough — Cotton and cotton equities. Half block west of Brownfield State Bank.

Mr. and Mrs. Charlie Price, 301 S. Fourth, had as guests during last week, Mr. and Mrs. F. E. Rivers, from Norwalk, Calif.

Mr. and Mrs. John Milner, formerly of Brownfield, and now of Lubbock, visited Sunday with their daughter, Mrs. James Robert Burnett and husband, of Brownfield.

Local FTA Members District 4 Teachers At Big Spring Meet

The local chapter of the Future Teachers of America is attending the District IV Teachers meeting, being held today, March 12, at Big Spring. The following girls are attending: Karen White, Sandra Yandell, Rudene Rich, Alta Merritt, Demeris Little, Betty DuBose, Jane Griggs, Royda Dumas, Ginger Gunn, Betty Daniells, and Gail Davis. Boys attending include Nicky Greer, Bill Montgomery, Cecil Blankenship, and James Szyloski.

Letters have been sent to different schools around the area asking for representatives who would be interested in organizing a FTA Club. A trophy will be given to the club organizing the most new clubs in the district before the convention next year.

Kuder preference tests will be given to the members present at the next club meeting.

SEAGRAVES SOLDIER RE-ENLISTS FOR 3 YEARS

Camp Crawford, Japan.—Cpl. Alfred D. Alder, 23, whose wife, Verneta, lives in Abernathy, Texas, recently reenlisted for three years in the Regular Army, while serving with the 1st Cavalry Division in 1951 for security duty.

Corporal Alder, a clerk in Headquarters Company of the 5th Cavalry Regiment's 1st Battalion, has been overseas since Nov., 1952. Alder is the son of Mr. and Mrs. Don Alder, Seagraves.

Miss Laura Chisholm and G. W. Chisholm returned Sunday from a week's stay in Las Vegas, N. M., where they visited his son, Sam, wife and baby.

Medical Milestones

Old-fashioned liniment, Grandma's standby remedy, is sometimes better than the wonder hormones to relieve pain of arthritis and rheumatism, a new medical study has reported.

It is credited with relieving pain and permitting more movement in 82 per cent of 148 arthritis and rheumatism patients tested at the New England Medical Center and Holy Ghost Hospital in Cambridge, Mass. The report was made in the Connecticut Medical Journal.

The liniment is a famous one (Sloan's) first developed 75 years ago for horses.

Most of the 148 were patients who had not been measurably benefited by the Antiarthritis hormones, Cortisone and ACTH or other treatments, they said.

Some had been bedridden for years. After a few weeks of liniment treatment many were able to leave their beds and most were able to

move affected joints with greater freedom.

Applied locally to affected joints and muscles, the liniment is credited with raising temperature in body tissues and increasing blood flow.

Physical therapy experts then can give more effective exercises and training to restore usefulness or present deformities of arthritic joints.

The announcement was made in connection with a current national campaign by clinics and hospitals for more men and women to take training in physical therapy to aid millions of arthritis victims.

The liniment treatment was compared with other lotions and ointments to see which brought the greater improvement as measured by objective tests.

The liniment also relieves pain and muscle spasm in patients with lumbago, bursitis, gout and other ailments, the physicians said.

CAST ANNOUNCED FOR "BALCONY SCENE"

Interscholastic League one-act play, "The Balcony Scene," had try-outs for parts during the last week, at Brownfield High School.

Parts have been cast to the following: Skeet Whitley, Nelva Boshier, James Brandon, Charles Wilks, Lajuana Bryant, Johnny Johnson, Wanda Black, and Marilyn Miller.

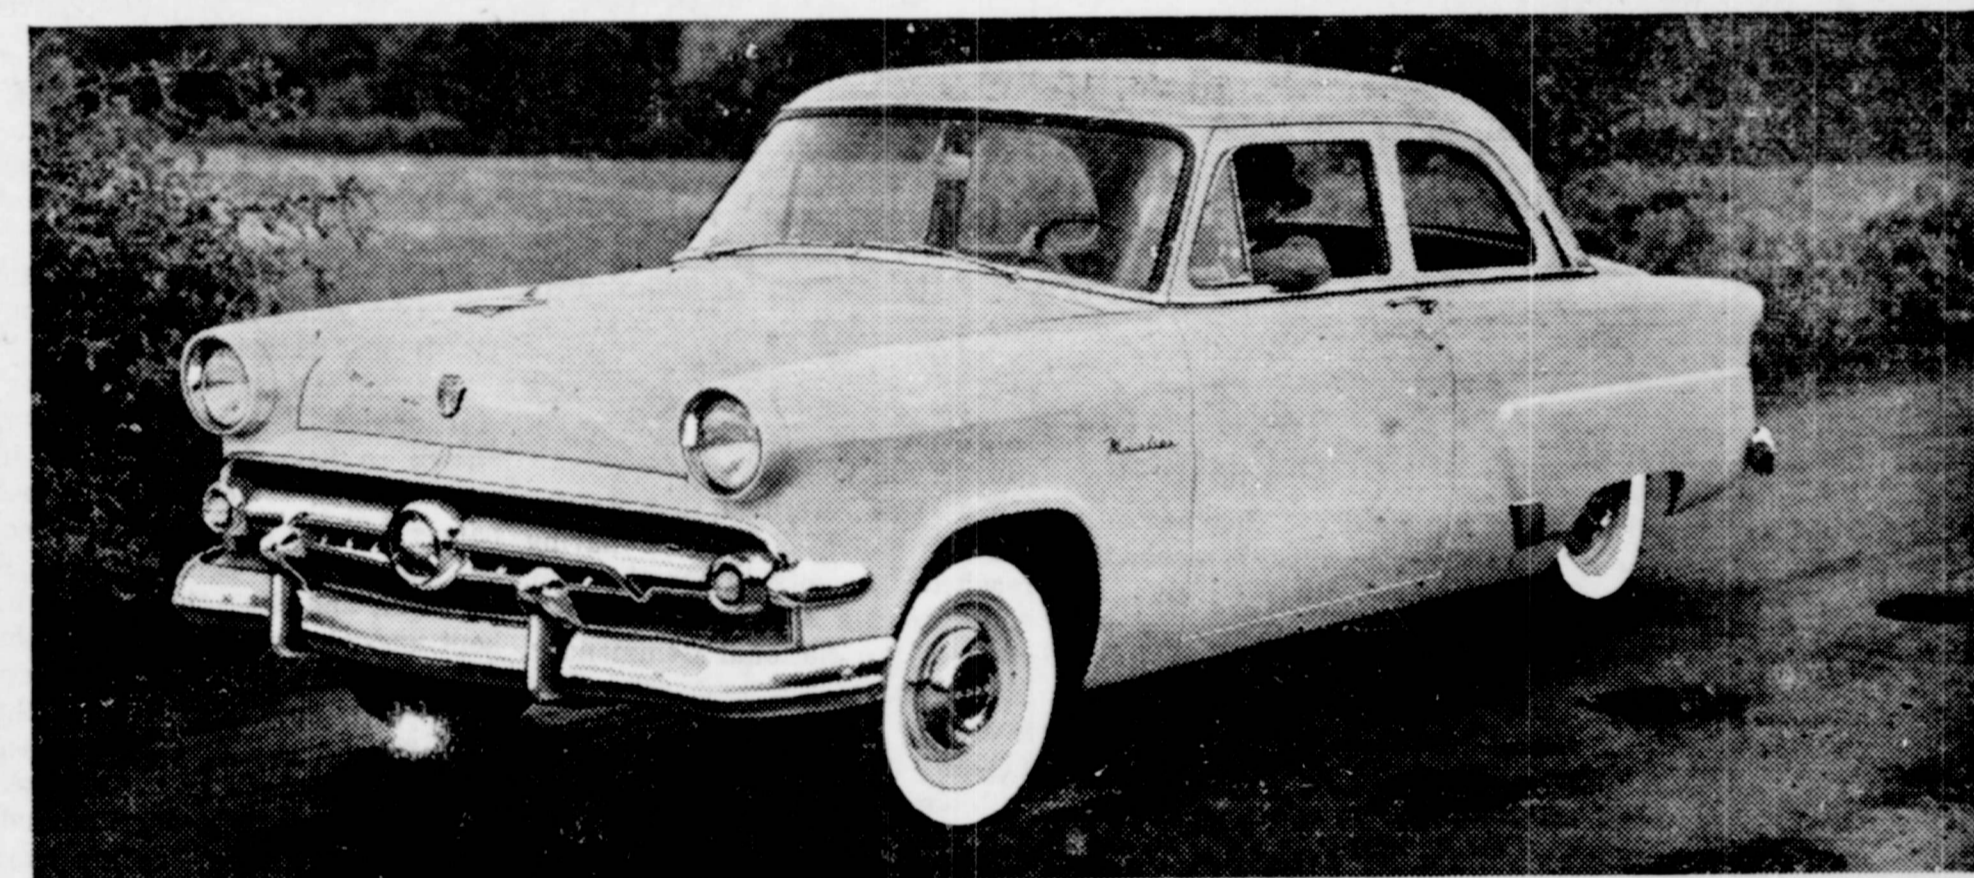

The play will be in competition against schools from this region at the annual Interscholastic League contest to be held in April.

STUDENT COUNCIL HAS RADIO PANEL PROGRAM

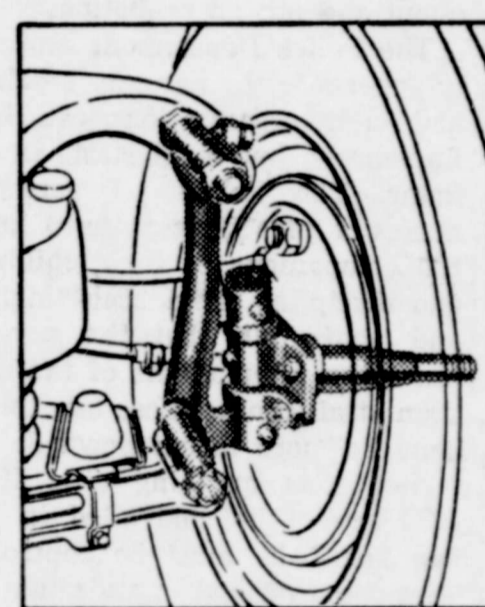

Brownfield High School Student council participated in a round-table discussion broadcasted over KTFY Radio Station during last week which celebrated Public Education Week.

Council members who took part in the discussion were: Billy Thomason, who introduced the panel, Kay Drennan, chairman; and members, Janelle Lewis, Ernest Hyman, Carole Dallas, Lee Allen Jones, Beverly Brown, Beverly Wates, Melba Willis, Billy Mack Herod, Jerry Don Brown, Vernon Brewer, Betty DuBose, and Charlotte Jones.

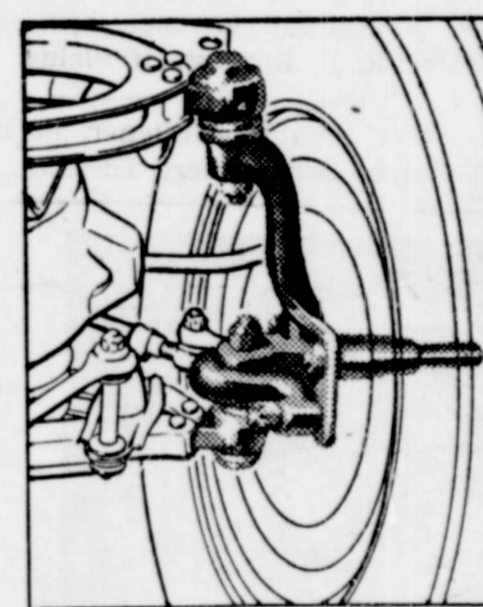

Ford rides on a Ball-Joint cushion

... and it handles with ball-bearing ease

CONVENTIONAL KINGPIN SUSPENSION depends on hinge-like joints for movement of front wheels up and down or right and left. This system also requires lubrication at 8 points of wear at each front wheel. Doesn't permit maximum up-and-down wheel travel and is not sealed against dirt and water.

NEW FORD BALL-JOINT FRONT SUSPENSION replaces "hinges" for pivoting and up-and-down wheel movement with sealed ball joints. This eliminates 12 points of wear... helps keep front wheels in line longer. You get a smoother, more level ride. Your Ford keeps that new car "feel" longer.

It's THE GREATEST chassis advance in 20 years. And only the '54 Ford in its field has it! It pays off with the smoothest ride you've ever experienced in a low-priced car... easier handling... fewer service worries... and many, many other advantages.

And besides this revolutionary advance, Ford offers two brand new deep-block power plants: the 130-h.p. Y-block V-8 and the 115-h.p. I-block Six. You'll also find a new stronger frame... a beautiful new Astra-Dial control panel... new styling inside and out... plus all the other fine-car features that have already established Ford as America's "worth more" car!

Mrs. Wilder Elected Cen-Tex President—At College Program

Officers for the coming year were elected at the March 4 meeting of the Cen-Tex Music Club, held at 4:30 p.m., at the Seleta Jane Brownfield Clubhouse. Heading the group will be Mrs. Edson Wilder, who will serve as president.

Others elected were Leonard Chesshir, first vice president; Mrs. Pat Ramseur, second vice president; Mrs. Roy Harris, secretary; Mrs. Bob Thurston, corresponding secretary; and Mrs. Roy Fleming, treasurer.

"Music in our colleges," the subject of the Thursday meeting, was highlighted by presentations from six guest artists from Texas Tech: Tim Magness, vocal; Ned Hardin, piano; Guy Knowles, David Wiggins, Kathleen Gilbert, and Gordon Collins, horn quartet; all under the direction of Robert Taylor.

Mrs. Bill Cope, president, conducted a short business session. Angel food cake and coffee were served by the hostess, Mrs. Ray Lackey, and Mrs. Cope.

Guests were Virginia Gunn, Jane Griggs, Demeris Little, and Alta Merritt, from the High School Band; Mrs. Sally Venters, Mrs. Harold L. Meadors, and Mrs. Leonard Ellington.

Members present were Mesdames R. A. Brown, Chesshir, Cope, Roy Fleming, Jim Griffith, Roy Harris, Ray Lackey, D. S. Sampson, Lulu Singletary, Bob Thurston, C. A. Winn, and Pete Crump.

90 From Brownfield Schools Attending Teachers Meet Today

Ninety administrators, principals, and teachers from the Brownfield Schools will attend the West Texas Teachers Association's annual meeting, which will begin at 9 a.m., today (Friday) at Big Spring.

Highlighting the morning session will be an address from Dr. L. D. Haskew, Dean of School of Education at the University of Texas, whose subject will be "A Century of Progress in Texas Education," and Honorable Lyndon B. Johnson, who will discuss "Some of the Problems We Face."

The second session, beginning at 7:30 p.m., will feature an address by Robert A. Voelger, vice president of International Telephone and Telegraph Company, whose subject will be "Seventeen Months of Despair."

A luncheon for administrators will be held at noon in the ballroom at the Settles Hotel, and a classroom teachers association luncheon will be held in Fellowship Hall of the First Methodist Church.

A house of delegates banquet was held Thursday at 7:30 p.m., in the Settles Hotel ballroom, in preparation for the next day's sessions.

Mr. and Mrs. J. W. Nelson and Donna Sue attended the wedding of Mrs. Nelson's niece, Gloria Ellen James to Harold Crooks at the First Baptist Church in New Home, March 6, at 7 p.m.

Out of every 101 Red Cross workers, 100 are volunteers.

B'FIELD GIRL SCOUTS AND BROWNIES CELEBRATE NATIONAL 42D BIRTHDAY DURING SCOUT WEEK ACTIVITIES

Brownfield Girl Scouts and Brownie Troops will join with thousands of girls over the nation in celebration of the national organization's 42nd birthday, today, Friday, March 12, during Scout Week. Local troops are engaging in various activities in commemoration of the birthday and week.

The local Girl Scouts number approximately 120 girls and the troops and their leaders are as follows: Troop 1, Mrs. Jack Shirley and Mrs. Jerry Kirschner; Troop 2, Mrs. Crawford Taylor; Troop 9, Mrs. John Happ and Mrs. Jimmy Shook; Troop 11, Mrs. Alice Harding; Troop 20, Mrs. R. E. Thompson, Jr., Mrs. Harold Crites, Mrs. Jack Bailey and Mrs. Bill Williams; Troop 15, Mrs. Lal Copeland, and Mrs. Ike Bailey; and Troop 8, Mrs. Charley Scott and Mrs. Donna Bagwell.

When Boy Scouting became popular in England, the boys' sisters decided they would not be left out of the fun. They tagged along until Sir Baden-Powell realized the need for a program especially for girls. In 1910, Juliette Low of Savannah, Ga., met Sir Baden-Powell in England and learned of the "Girl Guides" as they are known in England. While Mrs. Low was in England, she started three Guide companies.

On March 12, 1912, Mrs. Low invited twenty-four girls to tea in Savannah, to talk about Scouting for girls. Two troops were formed

at that meeting. From this little band has grown the two-million member national Girl Scout organization, which is part of the 32-nation World Association of Girl Guides and Girl Scouts.

The first official uniform was dark blue duck, with light blue ties. In 1913, the first khaki uniforms were worn, and were used with the blue uniforms. The official uniform now is the green cotton covert dress.

In 1918, the International Council of Girl Guides and Girl Scouts was formed, and in July, 1920, the first International Conference was held in Oxford, England. In 1926, the fourth International Conference was held for the first time outside of England, at Camp Edith Macy in New York. In 1927, an International Camp was held at Pare D'Ariana, Geneva, Switzerland. Twenty-four Girl Scouts from the United States attended. In 1929, Our Chalet in Adelboden, Switzerland, was announced as a gift from Mrs. James J. Storrow to the World Association. In 1939, Our Ark, a world hostel, was opened in England.

In 1916, the Brownie Scouts were organized. This is for girls seven to ten. And in 1938, the Senior Scout program was launched for girls of high school age.

The Girl Scout slogan is "Girl Scouts—A Growing Force for Freedom."

Former Methodist Minister Died Monday

Back many years ago, when this town was much smaller, and the First Methodist Church, with no ambition to undertake such a fine and costly building as presently, the Northwest Texas Conference sent a man by the name of Hanks here as pastor. While most knew him as just plain H. W. Hanks, his name was Horatio Watt Hanks. Rev. Hanks passed away at a Sweetwater hospital, Monday, after 38 years of work with a number of churches.

Rev. Hanks, 68, was born in Bell County, but migrated to Nolan County 44 years ago. Among his charges have been Sweetwater Heights Church, Sylvester, Brownfield, Hamlin, Westbrook, Lockney, Post, Paducah, Clarendon, Snyder, Hale Center and Muleshoe.

He is survived by his wife, a son and daughter and several grandchildren. Burial at Sweetwater.

SEISMIC CREW WANTS 20 2-BEDROOM HOUSES

The Chamber of Commerce informed the Herald this week, that a bunch of Phillips Drilling and Seismic Crew men and families were coming in this week end, and would want twenty, 2-bedroom houses.

Our informant stated that this crew was formerly located here for some three years, and would probably be here for a long period again. If you have such a house to rent, get in touch with Grady Elder, Chamber of Commerce manager, phone 4410.

Mrs. Herman Horscheler and Mrs. John Cadenhead, both of Meadow, were Brownfield shoppers, Tuesday.

Preparations Under Way For Legion Meet

The officers and leaders of the American Legion movement here, stated this week, that everything was moving along nicely in preparation of the 19th District American Legion Convention, to be held here the 3rd and 4th of April. They have learned that Art Connel, National Commander, will be in attendance, as will also the State Commander, L. E. Page, of Carthage, Texas.

An elaborate program is planned for the two-day event, which will consist of a parade, a big dance with a big name band of the area, playing. If you want a float, either as an individual or firm, get in touch with Murphy May, who heads the float committee.

Forty-one bands have been invited as well as all the area sheriff posses. Also National Guardsmen, Air Force Bands, as well as the Tech Band, are invited to have a part in the parade, at least, even if unable to be in attendance throughout the convention.

We were informed that Brownfield Post lacks some of having reached its quota in membership, and that is a must before the arrival of the National Commander. If you have not paid your 1954 dues, or have never joined the Legion, please see Lynn Nelson, William Brown or C. L. Lincoln, at once.

Nelson stated that he thought sufficient bedrooms had been secured or promised, for around 300 visitors and delegates.

A Tuesday shopper here was Mrs. R. D. Romans, of Plains.

Mrs. Sam E. Whitener, of Levelland, shopped here Tuesday.

POLICE ASK—

(Continued from Front Page)

The Navy or Marines—when he has to go into Service. It's impossible to enter any branch other than the Regular Army. It is difficult for a boy with a bad record to get a job, particularly in any line of defense or government work.

However, authorities have little sympathy when it comes to gangster type violations. The Police Department has several names of subjects who are known to have been involved in some minor violations. These names will be kept on file, pending any further behavior that is doubtful, and the subjects will be kept under surveillance. Should the violations become critical, the subjects will be taken before the juvenile judge, and their disposition will be up to him. They will more than likely be institutionalized. Once these subjects are brought before the judge, officially, it means that they have a court record—whether they are put in an institution or declared delinquent and put on probation.

The Police Department especially appeals to the parents. Teachers and civic organizations can help immensely, but it all starts in the home. The Police Department makes a plea that parents know the companions of their children, and discipline them accordingly—and above all, that the parents know the whereabouts of the children at all times. These two things alone do more to cut down delinquency than anything else. If a child cannot be controlled in his own home, he must be controlled from some official organization or be put in some kind of an institution. Because, regardless of what, he must be kept under control—by someone—in order to protect society.

Parents should use special care in the early training and later supervision of their children.

AND—to the boys and girls—IT TAKES MORE COURAGE TO DO RIGHT THAN TO FOLLOW THE GANG—but it pays greater rewards.

The above story is not written to offend any person who is trying to do right. It is written to try to help the few who do not know or those who do not care to know what they should do in order to be a part of this great Nation, whose population loves freedom and health and despises gangsters and law violators.

CinemaScope Is A Movie Milestone—"Robe" Opens Here

History was made last night when a capacity throng jammed the Regal Theatre for the local premiere of the most eagerly-awaited motion picture of all time, the Twentieth Century-Fox production of Lloyd C. Douglas' "The Robe" in CinemaScope.

The fortune ticket-holders for the first showing, numbering civic, social and religious leaders as well as a good sprinkling of the general public which had managed to wangle admission stubs, began arriving by eight o'clock.

Certain aspects of this event are definite news. For one thing, the crowd—even those sitting in the farthest corners of the house—felt itself an intimate part of the proceedings on the screen, so magnetic and ingenious is the CinemaScope process. With this comes the realization that there are no longer "center" seats, but that all seats are equally choice. Packed houses, such as "The Robe" will be drawing, will welcome this bit of news.

The system, a combination of anamorphic lens, stereophonic or directional sound and Miracle Mirror screen achieves a brilliant life-size and life-like reproduction of both visual and aural nature. The screen extends the full width of the theatre, and fairly engulfs the viewer, who, it should be noted, does not need to use special glasses. The sense of scope, depth and new dimension is enhanced by the sound which emanates from any point on the screen desired. Immediately one senses a participation in the action which, at the same time, never uses gadgetry to detract from the substance of the story being revealed.

That story, of course, is "The Robe," the most popular book of modern times, fully realized under the guiding hand of Producer Frank Ross. Last night's audience response made it evident that the film would duplicate the wide acceptance enjoyed by the book. It also confirms the faith of Twentieth Century-Fox in the CinemaScope process, which was pioneered by the company under its President, Spyros P. Skouras and Vice-President in Charge of Production, Darryl F. Zanuck. It is abundantly clear this morning that the next great era of motion pictures was inaugurated locally last night.

MOTHER OF A LOCAL MAN CLAIMED, MON.

Mrs. D. E. Grant, 76, of Levelland, passed away Monday, the 8th. She was the mother of H. B. Grant, the parcel post man at the local post office. Funeral services were held at the First Baptist Church at Levelland. Burial followed in Levelland cemetery. Mrs. Grant was a citizen of Brownfield for several years.

Survivors are T. E., W. M., and T. O. Grant, of Levelland; J. W., of Los Angeles; and H. B. of this city; as well as a host of grand and great grandchildren.

DAILY NEWSPAPERS, A TRAIL OF MURDER

Along with the other news about this, that and the other, we have a lot of stuff that almost makes your blood run cold. There is the hot and heavy assaults of the Demos and Repubs, and many other twists and turns of the politicians, that leaves the average reader "regusted" as Andy would say. Now take Tuesday afternoon's daily as an example:

We have a threat on the life of McCarthy in New York. From Miami, Fla., a girl says her mother tried to murder her. From Water-ville, Maine, is the account of a woman killing three children. Third victim of a plane crash up at Silverton dies. Twelve bandits and three bystanders slain in Mexico. Texas woman found dead in a trailer camp at Victoria.

That is just a sample of page one. What is the world coming to?
