Rumors Can Become Greatly Exaggerated

A young fellow working for one of the business firms of the city, stated to one of the Herald force the day last week: "Well, I heard over the radio that you ran short of power and like to never gotten out the paper this week?" That was just the result of paying half attention to what one hears.

The truth of the matter was, what the young fellow heard all happened down at Brownsville, Texas, some 700 miles away, during the Gulf hurricane last week. And it was the Brownsville Daily Herald and not the Terry County Herald. The Brownsville daily did not have power as the power lines were disrupted, and had to have their paper printed at Harlingen.

But rumors can start, and while this one amounted to nothing, sometimes they can injure the innocent.

Attend the Rodeo, July 7-8-9-10.

Contracts Let For Meadow Elementary School And Gym

Three firms were awarded contracts totaling \$241,641 for construction work on a new Meadow elementary school and accompanying gymnasium and lunchroom building.

R. J. Bell and Co., Kilgore, was given the \$203,125 general contract in competition with eight other bids. Anthony Co., Lubbock, was awarded the \$29,619 plumbing and heating contract over five bids. Fand Electric Co., Lubbock, won the \$8,897 electrical contract, which bettered five other bids.

A \$260,000 bond issue voted this spring by Meadow residents will finance the two new buildings. Construction is expected to start in a week or 10 days and completion is expected within 340 days of the starting date.

Attend the Rodeo, July 7-8-9-10.

Bechtels Arrive In Fairbanks, Alaska

Them there L. L. Bechtels are still growing strong. The last card we had from them was under date of June 13th, at which time they had arrived in Fairbanks, Alaska, at 6 p.m., a time four hours later than here. They went from Seattle to Fairbanks on a Douglas Clipper, with 80 passengers aboard.

The big four motor 10-M hp. plane had them above the clouds part of the time, the card stated. Saw several glaciers at times while drifting through the clouds. Had been dry there, but had a good rain the night before their arrival. Area of city quite level and has good stores.

Pretty hot here the day the card arrived, and the scene of the dog sled was quite restful to the eye.

Mr. and Mrs. Warren Scudday, and daughter, Pam, 611 North Bell, will spend this week end in Oklahoma City, visiting with his brother, Wendell Scudday, and wife.

THE GOODE-RAYMER FAMILY ARE FIFTY-YEAR READERS

Had a card from Mrs. John Raymer of Lubbock the past week, stating that her dad, the late I. J. Goode, was an early day settler about the time the county was organized, and was a reader of the Herald. Mrs. Raymer and her late husband have taken the paper for the 45 years we have published it. So Mrs. Raymer can qualify as a 50-year reader. Her dad came to Terry County in 1902, 52 years ago.

Early in our young married life, we were visiting a brother and family who then lived at old Meadow. We had no car, but the Raymer's did, and as they were also visiting with our brother, Tom and family that Sunday afternoon, the Raymer's asked us to spend Sunday night at their home, and they would bring us to town next morning.

John was then manager of the old L7 Ranch, so we got to spend the night at the ranch house.

TEXAS HAS RECORD ROAD BUILDING PROGRAM, 1955-56

According to Highway Highlights put out by Texas Good Roads Association, plans in Texas Highway Department call for expenditures of \$211 million dollars in highway construction in 1955 and 1956. Among the building projects is the Fort Worth-Dallas Turnpike.

Some interesting data was given in a map of the USA, about the gasoline tax as assessed in the several states. Missouri and New Jersey have the lowest rate, 3c per gallon. Of course all states have the 2c federal tax. Texas and four other states, Wisconsin, Indiana, Connecticut and Massachusetts, are in the 4c state tax area.

Seven states have the highest rate, 7c, being Louisiana, Mississippi, Tennessee, Kentucky, North and South Carolina and Florida. Most of the states north and west of Texas have from 5c to 6½c rate.

ANNOUNCE BIRTH

Mr. and Mrs. Clancy Martin, 313 South Third Street, announce the birth of a son weighing 6 pounds, 10½ ounces at 7:05, Friday, in St. Mary's Hospital. The father is in the laundry business.

The Snyder kids, the Herman Triggs and little Sara Beth, not to mention Rover, were up to see us about four hours Sunday. Herman also brought his last chin-chilla, as he has decided the parakeet business is all he can handle. The chin was turned over to R. A. Martin, local dealer, as he is prepared to keep them during hot weather.

A question for the Dallas News: If, as the News and Herbert Hoover contend, the nited Nations cannot assure peace and security for the world, what good is it?—except a terrific expense.

JUST 'JAWING' WITH SOME OF THE EDITORS

We surely did not aim to make Editor Morris consider it a great honor to be born on the sacred soil of Texas, and we agree, let us not forget that such old Tennesseans as Houston and Crockett made the inheritance of Texas sure, just to mention two.

Come to see us sometime Bro. Morris, and we'll discuss the matter over a bottle of Koque.

And while on the subject of Editors, we have a question for Bro. Afton Richards of the Anton News. Afton mentioned in his column that a telephone man by the name of Blatz visited him recently and stated that his family formerly published a newspaper in Pennsylvania.

Next time that guy drops in, Afton, ask him if part of his family are not making something presently to keep Milwaukee famous.

Harve Harris Came To Terry in 1902

Had a nice letter last week from Harve Harris out at Tatum, N. M., answering our inquiry for those now living who came to Terry County 50 years ago or more.

Harve says he landed in Terry, in the fall of 1902, and filed on a section of land just across the line in Yoakum County in the spring of 1903. His brother, C. V. Harris settled in south Terry in 1904. C. V. is dead but his widow lives in El Paso.

By the way, Harve cited several around in the Tatum area that were early day Terry County settlers, such as Gus Foreman, Dennis and Roy Peebler, Dawson and Sweetly Bess, as well as others he could not call to mind. We might add that the James family at Tatum, were not exactly new comers in Terry, before moving over in New Mexico.

He also reminds us of the Old Folks reunion over at Prairie View, N. M., Sunday, and wants the wife and myself to attend, and go home with them to see the new home they've built. But this Golden Anniversary edition is going to keep our head to the grindstone until after the 16th of July.

Mr. and Mrs. Harris plan to visit in New York state in July, and while away, Mrs. Harris will get a checkup at Mayo Clinic at Rochester, Minn.

**S-W Life Policies
Exceed \$300 Million
Mark in West Texas**

Southwestern Life Insurance Company this month reported its policy owners in the territory embraced by the West Texas Chamber of Commerce were protected by \$317,004,317 of Southwestern life insurance at the end of 1953. This figure and other statistics relating to the 132-county West Texas area were released following a study made especially for West Texas Today.

West Texans last year purchased \$46,953,062 of Southwestern Life insurance, almost one-third of the total sales of \$153,000,000 by the Company's agency force during the year.

In 1953, Southwestern Life paid a total of \$2,115,176 to West Texas beneficiaries of deceased policy owners who had wisely provided life insurance to keep their families together, pay off home mortgages, educate their children or guarantee the attainment of other life objectives.

Southwestern Life has always had faith in West Texas. During its early years almost all of the Company's investment funds were placed on loans on Texas real estate. As early as 1913 when most lending agencies considered the area too dry for safe investments, loans were extended to farmers and ranchers on the Great Plains west of the 100th meridian. The wisdom of the company's course was proved by the unusually low number of foreclosures during the depression years. Of the larger companies in the nation, no other had relatively as few foreclosures.

Today Southwestern Life has \$54,361,872 invested in loans on West Texas real estate. These funds are being used to finance the construction of homes, the purchase or improvement of farms and ranches, the development of business property, and the building of needed hospitals and churches. New real estate loans in the amount of \$13,185,618 were made in West Texas during 1953.

In addition, Southwestern Life has invested at the present time \$8,973,600 in the bonds of political subdivisions of West Texas: counties, cities, school, road and other special districts. These investments have made it possible for citizens all over West Texas to use and enjoy more public improvements now and to pay for them out of future tax revenues as the bonds mature.

(The above was reprinted from West Texas Today, March, 1954, issue. W. Graham Smith is local representative of Southwestern Life Insurance Company.)

**More Cotton Blooms
Brought In Wed.**

James Thurmond, who farms down the draw southeast of town, brought in a red cotton bloom, Wednesday morning, and later that day Jimmy Mackey, who farms some 10 miles north of town, but lives here in town, reported blooms.

Well, anyway, these hustling Terryites are all so near together, we have decided to give each a free ride for one year on subscriptions. Thurmond's dad has taken the Herald for years. Cornbise is also a long time reader.

CARD OF THANKS

Words cannot express our feeling of sincere gratitude to our many friends and neighbors whose many kindnesses made our sorrow a little more bearable during the recent passing of our loved one.

We would like to convey our special thanks to Bro. Alvin F. Hamm, of the Wellman Baptist Church; Bro. Crosby of the Brownfield Methodist Church, the Odd Fellows of the Brownfield lodge, the Hope and Love Circles of the First Methodist Church, the Methodist Choir, and to all who brought such lovely food and sent so many beautiful floral pieces.

May God richly bless each of you in our sincere prayer.

Ever See around a Corner?

THE stunning new windshield you find in every 1954 Buick does a lot more than merely keynote the most modern beauty of the times.

Just take the driver's seat in any one of these tomorrow-styled cars and you'll feel positively eagle-eyed.

That spectacular sweep of glass broadens your point of view to the right and to the left.

It puts more safety in your seeing. It lets you see more of what's coming from the sides—and quicker and easier, too—because the corner posts are pulled 'way back.

This, you realize, is true panoramic visibility—and makes anything else seem as outdated as long skirts.

But you ought to look into what else goes with the dream-car styling of these great new Buicks.

You ought to look into the whip-like performance of true high-compression V8 engines that reach new horsepower highs.

You ought to look into the silky new ride, the sweet new handling ease, the utter smoothness and instant response of Twin-Turbine Dynaflo.

Most of all, you ought to look into the sensational new Buick CENTURY that's taking the country by storm—the great new Buick performer that gives you more horsepower per dollar than any other car in America.

We cordially invite you to come in today or the first thing tomorrow—to see and drive one of these great new Buicks—and judge for yourself that here is the beauty and the buy of the year, by far.

GIN OWNERS AND THEIR WIVES are shown above, left to right, Harry Cornelius, owner Needmore Gin; Nathan Chesshir, owner Foster Gin; Mrs. Nathan Chesshir, Mrs. Herman Chesshir, Herman Chesshir, co-owner Herman's Gin; Mrs. Leonard Chesshir, Leonard Chesshir, co-owner Herman's Gin, and Mrs. Cornelius.

THE HERMAN GINS BEGAN WITH BUYING WEST TEX. GIN IN '35

This week we are starting out to feature the Herman Gins, which all who have been here any time, will at once know we are talking about Herman Chesshir. He started out with the oldest gin in Terry County, the West Texas Gin, that for several years, from 1919 to 1935, belonged to the West Texas Gin Co., owners of numerous gins on the South Plains. However, it was not the oldest gin. One was run at Gomez by the Adamases, Uncle Horace and son, Will, until about 1910. It was a one-stand affair, and powered by a gasoline engine, but sometimes ginned 150 bales or more in a season. The modern West Texas Gin was to have been erected in 1918, as lots on Tate Street were purchased in that year, but as there was a crop failure, the structure was not erected, and made its

first season's run in 1919. There was a whale of a crowd for that day and time to see the first bale ginned, much to the disgust of the builder and the manager for the first season, and he ordered us gawkers out of the way like we were cattle. But we would titter and snicker, adding fuel to his wrath. The gin ran up until 1935, when Herman Chesshir bought it, with different managers, among them John Gathings and Frank Weir, and the gin always had a good business, even after it had many competitors. In 1950, Herman sold an interest in the gin to his brother, Leonard Chesshir.

Other gins with which Herman has been connected, was the Foster Gin, which he sold to Leonard Chesshir in 1943. Herman and Harry Cornelius ought the Need-

more Gin in 1948, but Herman sold his interest to Harry in 1949. Then in partnership with Virgil Travis, they bought what was then called the Northside Gin, in 1948. It was sold to Travis in 1951, and has been called the Travis Gin since. In the Chesshir partnership, Herman owns 2/3 interest and Leonard a 1/3 interest.

The Chesshir family came to Meadow from Nashville, Ark., in 1919, and settled on a farm close to Meadow. Herman married a Meadow girl, Miss Thelma Avary, and they lived in Meadow two years, thence to Lamesa and Childress with different gins, but came to Brownfield in 1935, where they made their permanent home. He became manager of the West Texas Gin in 1935.

Herman is a member of the Masonic Lodge, City Council, and is a Volunteer Fireman. The children are Mrs. Rena Faye Proffitt, of Brownfield, and still at home are Barbara, 16; and Glenn, 14. They reside at 1006 E. Tate.

Herman is a general favorite among the people here, as he is just as able to take a little kidding as he is to dish it out. Leonard is a chip off the same old block, and both have excellent families.

Leonard married Miss Marie Wood, a Meadow girl, in 1937, and lived there until 1940 when he accepted a position as bookkeeper for the Jordan Motor Co. in Brownfield. He began keeping books at the West Texas Gin in 1942. The couple moved to Hedley, Texas, in 1945, where he managed the West Texas Gin at that place until 1950, when he moved back to Brownfield and bought an interest with his brother, Herman, and began work.

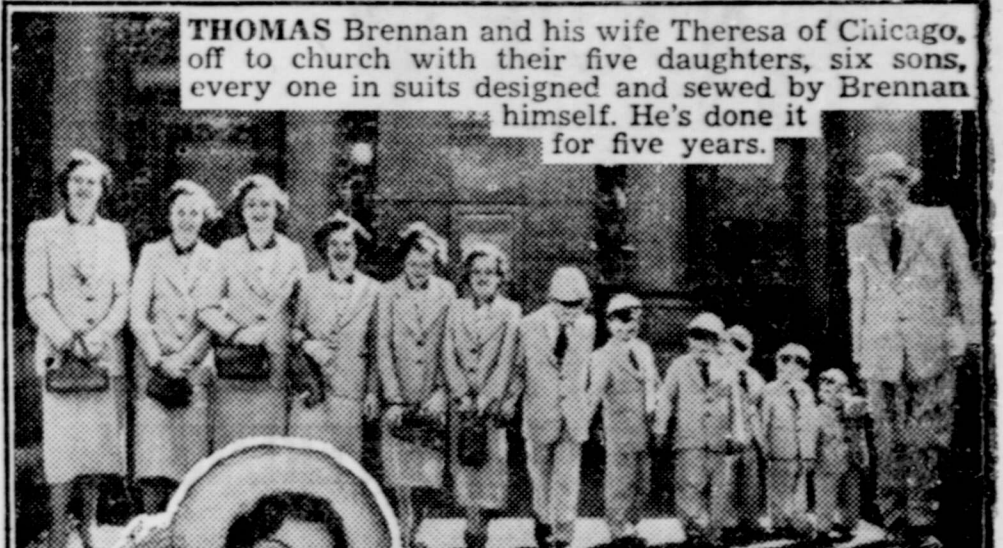

They have two children, Leenell, 12, and Claudia, 10. They live at 707 E. Buckley. The Chesshir brothers are farming several hundred acres out on the Al Muldrow farm, 20 miles northwest of town.

JUST NO SLEEP?

George McManus, creator of Bringing Up Father (Jiggs), wrote in Collier's: "I like to do my own drawing, and in ink. It's one reason why I work seven days a week and always have, and why I get up each morning by six o'clock and always have. (I'm lucky in that I need little rest; often an hour or two of sleep is enough.)"

Can anyone top that? Elsewhere in the article, McManus says he takes a nap after lunch, even though he may not eat lunch. He may also do a bit of dozing in the evening? We are asking him.

What! Brownfield Had No Delegation?

Had a communication this week from Bill Lee of Dimmitt, publicity director of the International Parks Highway Association, stating that at a meeting held recently at Hereford. The bridge opening over the Canadian near old Tascosa, has been delayed pending a conference with Texas Highway Department officials. Seems some steel is lacking.

In the meantime, a motorcade to other states through which Highway 51 passes, was proposed, in order to work up interest in those states north of Texas, which have allowed interest to die. The meeting at Hereford reported that much interest in Texas is still in the fore, and some communities have increased membership as much as 85 per cent, and they now have some \$500 in the treasury.

Forty-two members from 13 towns were reported to have been on hand at Hereford, including Dalbert, Channing, Vega, Hereford, Dimmitt, Littlefield, Levelland, Seagraves, Seminole, Andrews, Odessa, Iraan, and Boy's Ranch at Tascosa. There was no delegation reported from Brownfield.

FAMILY CAREERS

The professional humorist was having his shoes shined. "And is your father a bootblack, too?" he asked the boy.

"No, sir," replied the bootblack, "my father is a farmer."

"Ah!" said the humorist, reaching for his notebook. "He believes in making hay while the sun shines."

Rites Held For Mrs. M. Ferguson

Funeral services for Mrs. Mollie Ferguson, 71, of Plains, who died Saturday, June 12, following a stroke suffered a week before, were conducted at the Plains Baptist Church at 2 p. m., Monday, June 14, with Rev. C. E. Strickland officiating, assisted by Rev. F. R. Pickens of Levelland.

She had made her home in Plains with her niece, Mrs. Sallie Hague, for quite some time, after having lived in Fort Worth a number of years. She was preceded in death by her husband and six children.

Survivors include a daughter-in-law, Mrs. Agnes Ferguson, and a grandson, Scotty Ferguson, both of Fort Worth, and a number of nieces and nephews.

Brownfield Funeral Home was in charge of burial in Plains cemetery.

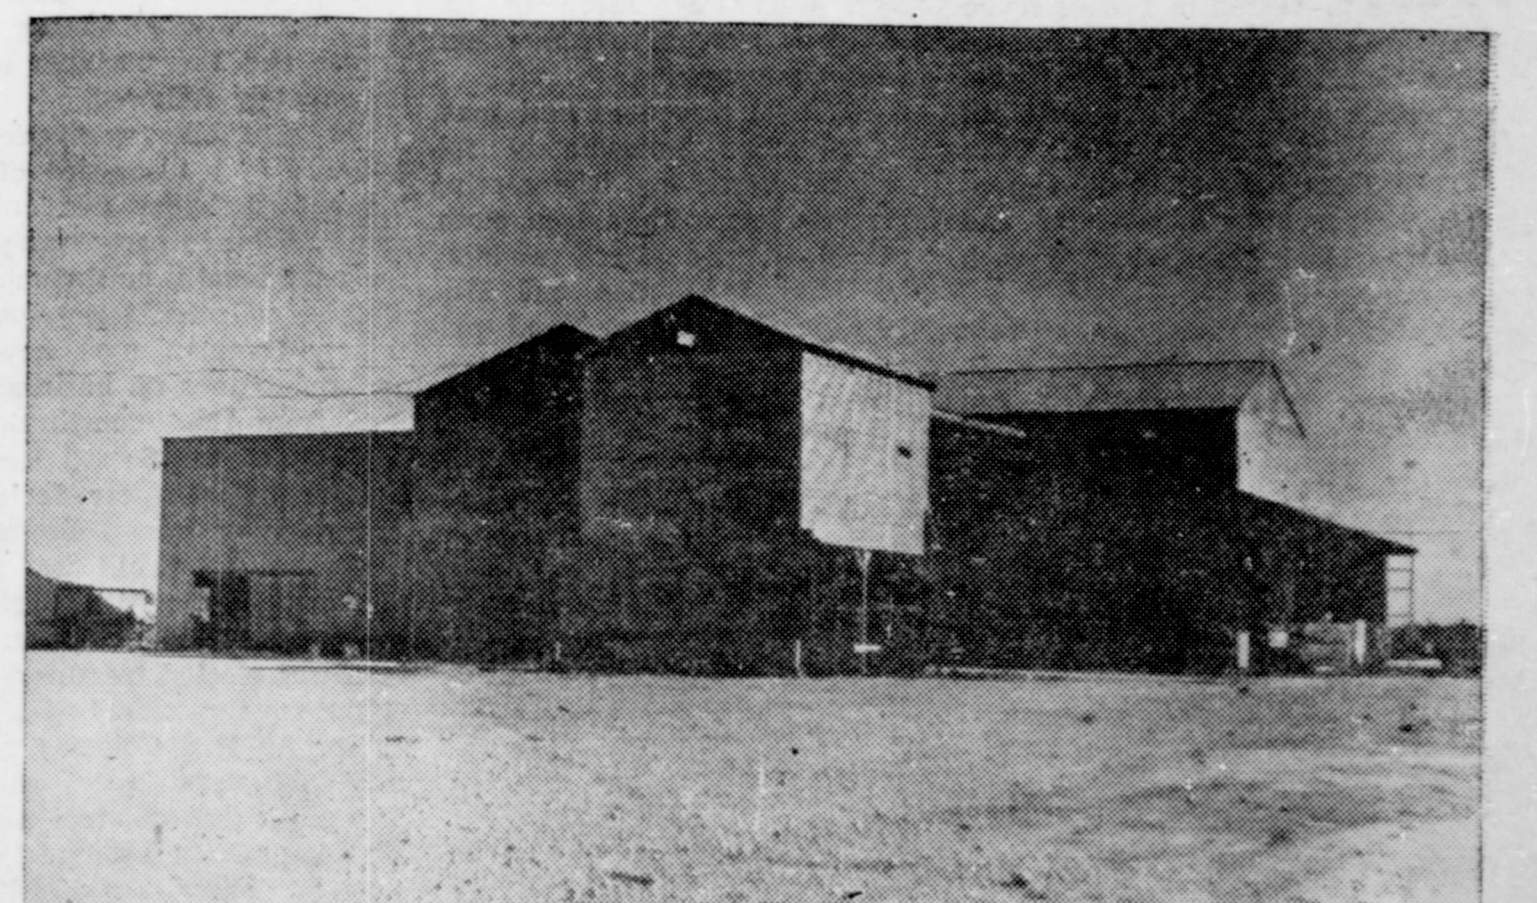

Palbearers were E. O. Reeves of Brownfield; and D. McDaniel, Ralph McClellan, Cecil Courtney, Otis Lusk, and John B. Hague, all of Plains.

SANDS OF TIME

Jimmy's mother was arranging her hair. Jimmy's father sat in the chair, looking at the evening paper. "Are those curls?" Jimmy asked his mother. "No, dear," she replied. "Oh, the curls." Looking at his father's bald head, Jimmy sighed, "Poor daddy! His head is all beach."

Sister of Brownfield Woman Dies

Funeral services for Mrs. R. G. Stoerner, 56, of Plainview, and sister of Mrs. Adolph Wenzel of Brownfield, were conducted at 3 p. m. June 21, at the Trinity Lutheran Church in the Providence Community, northeast of Plainview.

Mrs. Stoerner, a resident of the Providence Community the past ten years, died at 7 a. m., June 19, at the Plainview Hospital and Clinic after a two weeks' illness.

Surviving Mrs. Stoerner, other than Mrs. Wenzel, are two sons, Wilfred and Hubert Stoerner, both of Providence Community; a brother, Reinhardt Buroof, Clifton; two other sisters, Mrs. Otto Behnke of Lorena, and Mrs. Albert Kelniske, of San Diego, Calif.; and two grandsons.

MATCHED ROPING CONTEST AT PLAINS DRAWS BIG CROWD

Approximately 750 spectators attended the biggest matched roping contest in the history of the Plains Roping Club at Plains, Sunday, June 13. Taking part were 12 of the top ropers in the country.

Taking first prize was Bill Teague from Crane, Texas, with a total time on his four calves of 54.4 seconds. Second was Jack Lowe of Plains, with a total of 60.8; and coming in third was Bill Price, of Lovington and formerly of Brownfield, with a total of 66.6. Lee Cochrell of Ozona placed 4th with a total time of 76.1.

WANTED

We want the names of all families as well as individuals who were residents of Terry County prior to or during 1904, for our 50th Anniversary Edition. Also, Mrs. Roy Brownfield Wingerd wants them for the 50-years or more Honor Roll. Write, phone or bring the names to Terry County Herald, Box 52, Brownfield, Texas.

We would also like the names of all 50-year subscribers, either living here or elsewhere. It will count if your father or mother, or grandparents were the original subscribers, and you are still getting the paper.

The history of any county is important, and soon all the original old time settlers will be gone. PLEASE HELP US IN THIS MATTER!

Let's all go to Church Sunday where we are all one with the Lord

MEET YOUR MINISTER AND FAMILY—Paul Farrell, minister of the First Christian Church of Brownfield, moved here 3½ years ago from Mexia. He was reared in Bakersfield, Calif., and his wife in Portland, Ore. His hobby is raising bees and Mrs. Farrell crochets and sews. A Youth Round-up will begin July 4 at the church under Bro. Farrell's direction, to last one week, and he served as director of the Dist. 2 Christian Church's Junior Camp, held Sunday through Thursday of this week at Ceta Glen Camp. Bro. Farrell has his BA and BD degrees from Texas Christian University, a BTh degree from San Jose Bible College, and attended Pacific Bible School. The Farrells are shown above with their children, Claudia, 9½ months, and Ben, 9, at their home at 403 East Tate. (Staff Photo.)

SEARCHLIGHT ON T-B FOCUSED ON SO. PLAINS

"Searchlight on T.B." a statewide study of the disease which is called Texas No. 1 health problem, was focused on this South Plains area at a meeting in Lubbock recently.

Seventy-four representatives of the 19 counties which comprise survey Area 2 attended a meeting in the ballroom of the Caprock Hotel, Lubbock, to discuss means of bringing to light all information bearing on tuberculosis in their home counties.

Mrs. D. B. Webster of Lubbock is general chairman for Area 2, composed of 19 counties, including Terry and Yoakum. For purposes of the study, Texas has been divided into 22 geographic regions, with a central headquarters and chairman for each.

In the area meeting county representatives were briefed on the information desired and sources for obtaining it and each county was asked to designate its own

chairman. Mrs. Earl Jones was named Terry County chairman. She will delegate responsibility for various sections of the information schedule to persons or agencies here best equipped to obtain it and will preside at a subsequent meeting when the data will be completed.

No fund raising is involved and 14 other state organizations concerned with some phase of tuberculosis control are sponsoring and assisting with "Searchlight on T.B." The purpose of the study is "to review the advances against tuberculosis to date, to take stock of existing measures for its control, to consider what remains to be done towards eradicating the disease in Texas and to chart specific moves for reaching this goal."

Attending the meeting from Terry County were Mrs. Viola Simmons of the Terry County Health Unit and Mrs. Earl Jones, executive secretary of Terry County TB Assn.

A Business Trip To Lubbock Last Week

Made a short business trip to Lubbock one morning last week, using Jr. the III as the driver. Most of his moments going and coming was the radio. Our big kick was the fine crops along the road between here and there. Didn't have too much time to see the Hub City, but it made some real strides since we were there—oh, some two years ago.

While we were attending business, Master J. T. got with some of the young blades of Lubbock, and we had to wait for him better than an hour, but we finally got started home about 11 a.m. Got out to the 19th Street Y, and decided to go via Reece Army Air Base. Crops were looking so good we decided to go on home via Levelland, although some 12 miles out of the way.

Well, the crops just keep looking good to us, and the music was sublime to J. T. But we made it home around noon.

Welcome to 8 New Families To City

Last week, the local Welcome Wagon had the good sign out for eight new families who came to Brownfield, all of which were connected with the oil business in one way or another. They were mostly drillers, but one was designated as a welder, and another stated he was a roughneck.

As all either took apartments or houses, they were married couples. Six of the eight reported from one to two children, some of school age, and one or two infants.

Welcome Wagon, however fails to get the single boys. Two of them who had upstairs rooms at our abode a month or two ago, but were sent to San Angelo, have returned and wanted their room again and got it. They are with a geological crew.

Disaster struck in 45 states last fiscal year a total of 319 times—and each time the Red Cross was there to relieve human suffering among those still stunned by sudden catastrophe.

Approximately 70 cents of every Red Cross disaster relief dollar is spent for rehabilitation aid in the local community, and is given on the basis of need to victims who cannot finance their own rehabilitation without hardship.

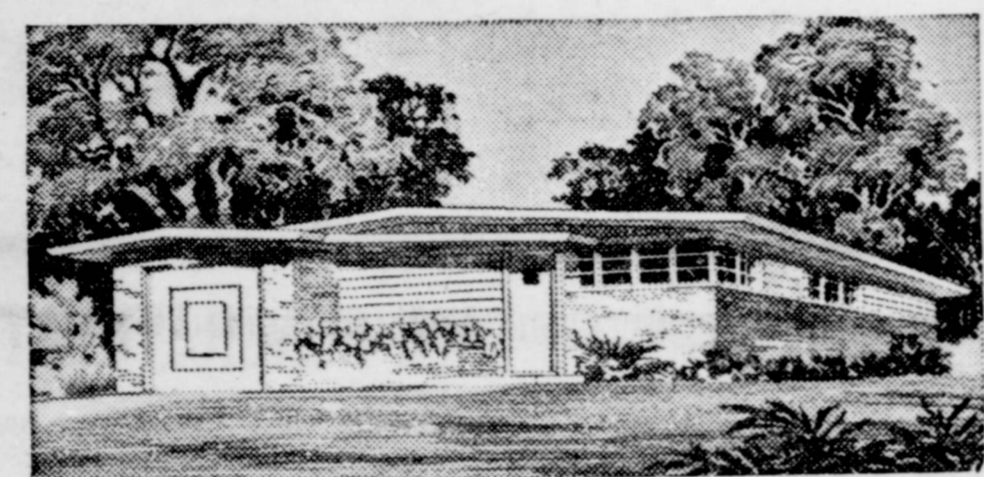

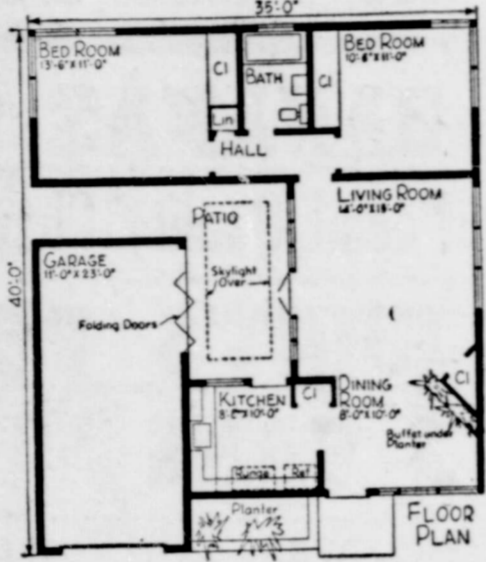

If you want something badly enough, the "small carrying charge" seems infinitesimal.

Distinctly Modern Is This Small Homes Guide Design

A "built-in" patio and low roof lines mark this house plan by Architect Gene Holt as distinctly modern. It appears in the current edition of Small Homes Guide. Note the skylight over the walled patio and the folding doors that allow it to expand into the garage. Total area is only 852 sq. ft. Information on blueprints and their cost may be obtained by writing to Small Homes Guide, Dept. 1450, 621 N. Dearborn, Chicago 10, Ill.

Castleberry To Make A Trip To Colorado

Our good farmer friend, R. H. Castleberry, of the Meadow section of Terry, was in to see us the past week. He wanted to know if Highway 51, now called the International Parks Highway, was completed between Vega and Channing. We felt sure that paving was done, and that the bridge crossing of the Capadian River was passable, but not complete.

The last we heard of the matter, was some steel, perhaps for banisters, was lacking, and for that reason the official opening of the bridge was delayed. Mr. Castleberry wished to make that route to his destination, as it is nearer, and one misses the traffic of Lubbock and Amarillo.

The Castleberrys will visit in Colorado.

4 BIG DAYS

Red River County Reunion At Lubbock

The annual reunion of former residents of Red River County will be held at McKenzie State Park at Lubbock, Sunday, July 4th.

All former residents of the county and their families are invited to participate in the event. A large crowd is expected, including some present residents of Red River County.

Those attending are urged to bring baskets. At noon, dinner will be served picnic style. Arrangements have been made for water, ice, picnic tables and other necessary things.

While most of the day will be spent in visiting, a program has been arranged that will provide entertainment and a general good time.

W. D. T. Storey, former postmaster of Littlefield, Lamb County, is the present president and he stated that approximately 500 persons from this surrounding neighborhood are expected to be present. When you arrive at the park look for the sign, "Red River County Reunion." Bring your lunch, family and renew acquaintances.

DON'T TURN THE FOURTH INTO A DAY OF MOURNING

"The Fourth of July is a day of celebration. Don't turn it into a day of mourning!"

Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation, made a plea to motorists today in announcing a traffic safety program, "Vacation Driving," which is being sponsored this month by the Texas Safety Association and Texas Department of Public Safety in cooperation with the National Safety Council.

"Independence Day calls for extra care in traffic," he said. "Such holidays always result in greater highway travel, and because the Fourth fall on Sunday this year, the roads will probably be crowded with pleasure drivers throughout the weekend."

Accident records for past years show that the toll of traffic deaths and injuries always rises on holiday weekends, he pointed out. The increase in traffic and the sometimes careless holiday spirit form a dangerous combination.

"Specifically," Col. Tilley said, "fatigue from trying to cover too

many miles during the weekend, excessive speed and excessive drinking are contributing factors in many holiday accidents."

According to Col. Tilley, July is a high accident month anyway. "This is largely due," he said, "to the vast amount of driving done by summer vacationists at this time. "Add a special holiday weekend like the Fourth to this month," he said, "and for two or three days the motorist who wants to drive safely and avoid accidents will have to be especially alert."

For those who plan an auto trip over the Fourth, he made the following suggestions:

1. Don't try to cover too many miles.
2. Be prepared for heavy holiday traffic.
3. Get an early start, pause for rest occasionally.
4. Don't speed.
5. Don't drink before driving.
6. Remember that the application of common courtesy to traffic situations will prevent many accidents. Make courtesy your code of the road and be sure to acknowledge the courteous acts of others.

"This last point is especially important," Col. Tilley said. Highways will be a lot safer if motorists will keep in mind the July slogan of the Texas Safety Association, the Texas Department of Public Safety, and the National

Sen. Johnson Leads In Belden Poll

According to a state-wide survey made recently by the Belden Poll on the race for United States Senator between Senator Lyndon B. Johnson and former State Representative Dudley T. Daugherty, the figures show that Senator Johnson is far ahead, there being 66 per cent of the Democratic voters interviewed who said they would certainly vote for him. On the other hand, only 10 per cent indicated a preference for Daugherty, and the remaining 24 per cent were undecided.

It should be noted, however, that the campaign is just getting underway and that Daugherty, having inherited several million dollars from his father, will spend a large sum of money in making the campaign. Also, he has recently enlisted the support of former Governor Coke Stevenson, who was defeated by Johnson in 1948.

Most Austin observers, who are in rather close touch with the political situation, concede that Senator Johnson should win by a record vote. Their thinking is that he

has done an outstanding job in Washington, and his position as Democratic leader certainly places him in a position to render outstanding service to Texas. Most observers believe also that the entry of former Governor Stevenson into the race will not materially help Daugherty's cause.—Contributed.

Another Fifty-Year Subscriber Visits Herald Last Week

Grover Lewis, local farmer, who lives west of the city, was in one day last week, and stated that the Lewis family had taken the paper for 50 years. The original subscriber was his father, Rev. J. C. Lewis, a Primitive Baptist minister, who with his wife passed on many years ago. When we came to Terry, the Lewis family lived about two miles west of town on the north side of what is now the highway to Plains.

Many years ago, Grover being one of the older boys, "sparked" and won his wife, then Miss Lena Green, daughter of the late W. M. Green. They settled down, and have made Terry home since. And of course began taking the Herald themselves. But speaking of W. M. Green, Mrs. Lewis' father, we never think of him but what we think of a tremendous loss he took on some 40 bales of cotton back about 1919-20.

Early in the spring of 1920, cotton was quoted at around 37½¢, but Mr. Green wanted 40¢. The cotton was stacked across the street from the Herald office on a vacant lot. That fall, cotton dropped to 5¢ and 6¢, and finally wouldn't hardly sell at all. As we remember, he took 6¢ a pound for the some 40 bales. The offer of 37½¢ per pound on an average of 500 pounds per bale for the 40 bales would have brought him \$7,400.00. He got \$1,200.00 or a loss of some \$6,200. No one blamed him at that time, as early in 1920, everyone thought cotton would go higher. Instead, the bottom dropped out.

ANNOUNCE BIRTH
Mr. and Mrs. Dean Neugent, city, announce the birth of a daughter, Malenie Dinneen, born June 9th in a Lubbock hospital. Mrs. Neugent returned home Tuesday.

Red Cross, during the last fiscal year, aided on an average of one person every five minutes among those suffering disaster injury or loss.

This compares with \$11,899,000.000 owned in this state a year before and \$5,246,000,000 at the start of 1946.

basic military training course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the site of Air Force basic military training for men and women, headquarters of the Human Resource Research Center, and home of the USAF Officer Military School.

His basic military training is preparing him for entrance into Air Force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

G. I. QUESTIONS and ANSWERS

Q. I am a Korean veteran with a service connected disability serious enough to prevent me from getting commercial life insurance. Will my disability also stop me from obtaining GI permanent insurance available to disabled Korean veterans?

A. No. No matter how severe it is, your service connected disability will not bar you from permanent plan GI insurance. But you could not get it if you had a non-service disability that would prevent you from meeting the good health requirements of the GI insurance law.

Q. I understand I can pay off my GI loan in advance, without penalty. Can these advance payments be of any size, or is there some minimum amount below which they can't go?

A. There is a minimum amount. It is the amount of one regular monthly payment or \$100, whichever is less.

Q. I'm planning to add the total disability income provision to my GI insurance policy. I pay my insurance premiums once a year. Could I pay the extra amount for the disability provision on a monthly basis?

A. No. You must make your disability income payments in the same manner as your regular insurance payments. If you pay your premiums yearly, you must pay the extra amount for disability coverage yearly, also.

Q. I am a Korean veteran, and I got out of service in July, 1952. What is my cut-off date for starting Korean GI Bill training?

A. You—and all Korean veterans separated before August 20, 1952—must begin training under the Korean GI Bill by August 20, 1954. Veterans separated after August 20, 1952, have two years from separation in which to begin.

Mrs. Gillham Attends ESA International Convention in Ohio

Mrs. Frances Gillham was delegate for Beta Theta chapter of Epsilon Sigma Alpha, Brownfield, at the International Convention in Columbus, Ohio, June 17-20.

Mrs. Gillham was accompanied by Miss Mary Paul Long of Lubbock. They flew to Ohio Thursday morning and returned the following Monday morning.

The convention agenda consisted of a number of business meetings, assembly meetings, brunches, work shops, awards, displays, memorial services, question and answer hours, luncheons, mixer parties, and a formal banquet and installation of new officers.

The guest speaker for the luncheon, Saturday, was Mrs. D. Blood, from International Polio Foundation of New York.

Mrs. Blood has also promised to present ESA's new honorary members in person, with her membership pen. Miss Helen Hayes, movie star, was selected for this honor. She has been a firm supporter of the ESA Polio Projects. Miss Hayes was unable to attend the convention because she was busy making a picture. However, she did call from her Los Angeles office and expressed her appreciation for the honor given her. The girls were in general assembly when the call came through and were able to hear her message over the loud speaker.

The surprise speaker for the formal banquet was E. Robert Palmer. As he entered the hall the girls began to chant his name, thus forming an impressive welcome.

The most distinguished delegate present was Miss Agnes Sadovna from Kaneohe, Aahu Hawaii. Although she was ineligible for the "Traveling Trophy" which was given to the girl traveling the most train miles to the convention, she was given a duplicate trophy. California delegates won the trophy mentioned above.

The State of Kansas won the "Philanthropic Trophy," which is given each year to the state contributing most to philanthropic work.

Martha Ann Goodman of Beaumont, was the only Texas officer appointed. She will be International Rush Chairman for 1955. There were sixteen delegates from Texas present.

Frances Gillham was honored and recognized at various meetings for her contribution of her first novel, "With God's Help," to ESA to be sold and the profit retained for ESA work. Several chapters from all parts of the United States have ordered her book for their chapters to sell.

A well known newspaper of Columbus, Ohio, took pictures of Mrs. Gillham to be run in their paper, complimenting her on her achievement in being named "First Lady" of the year in the January issue of the "Joungil," the sorority's magazine. Her picture was on the cover of this edition.

Flowers and congratulations were sent to the convention halls by merchants in Columbus, welcoming the girls to the State of Ohio.

The Governor of Ohio and the Mayor of Columbus, sent congratulatory wires to the convention, congratulating ESA on their "Silver Anniversary," and for their good services to the community.

The next International Convention will be held in Wichita, Kans., in 1955.
