

## STRICKLINLY SPEAKING....

By  
OLD  
HE

Here we go this beautiful, rainy August morning of 1954. Ain't rained much so far, but every little drop helps. One fellow allowed as how they got an inch out at Johnson, Saturday night, however, and we have a stinking idea that portions of south and southeast Terry fared a lot better than here. But it appears that the elements are really trying to get in shape again to where it can rain if it wishes. To say the least, hasn't the last two nights been fine for drifting of to Nappy's House?

We have a note from the Panhandle South Plains Fair Association that the premiums of more than \$14,400 will be offered this year at the Fair, to be held along about the 1st of October. R. N. McClain of this city has been chosen as the judge of dairy cattle.

And drifting from the sublime to the ridiculous, we notice where that gal, Gracie Allen announces that she was unable to talk for a year and a half after she was born. No doubt but she has made the time up since the end of the first year and a half.

We note from the Hubcock Ambulance-Shurnal, that our old friend, Jack Reeves has gone into the tobacco growing business, having one stalk in his yard as an experiment. Three plants were received from friends in South Carolina, and Jack planted or at least got one to live, and from the photo, it is a husky one. But you know everything grows big in Texas, especially here on the South Plains.

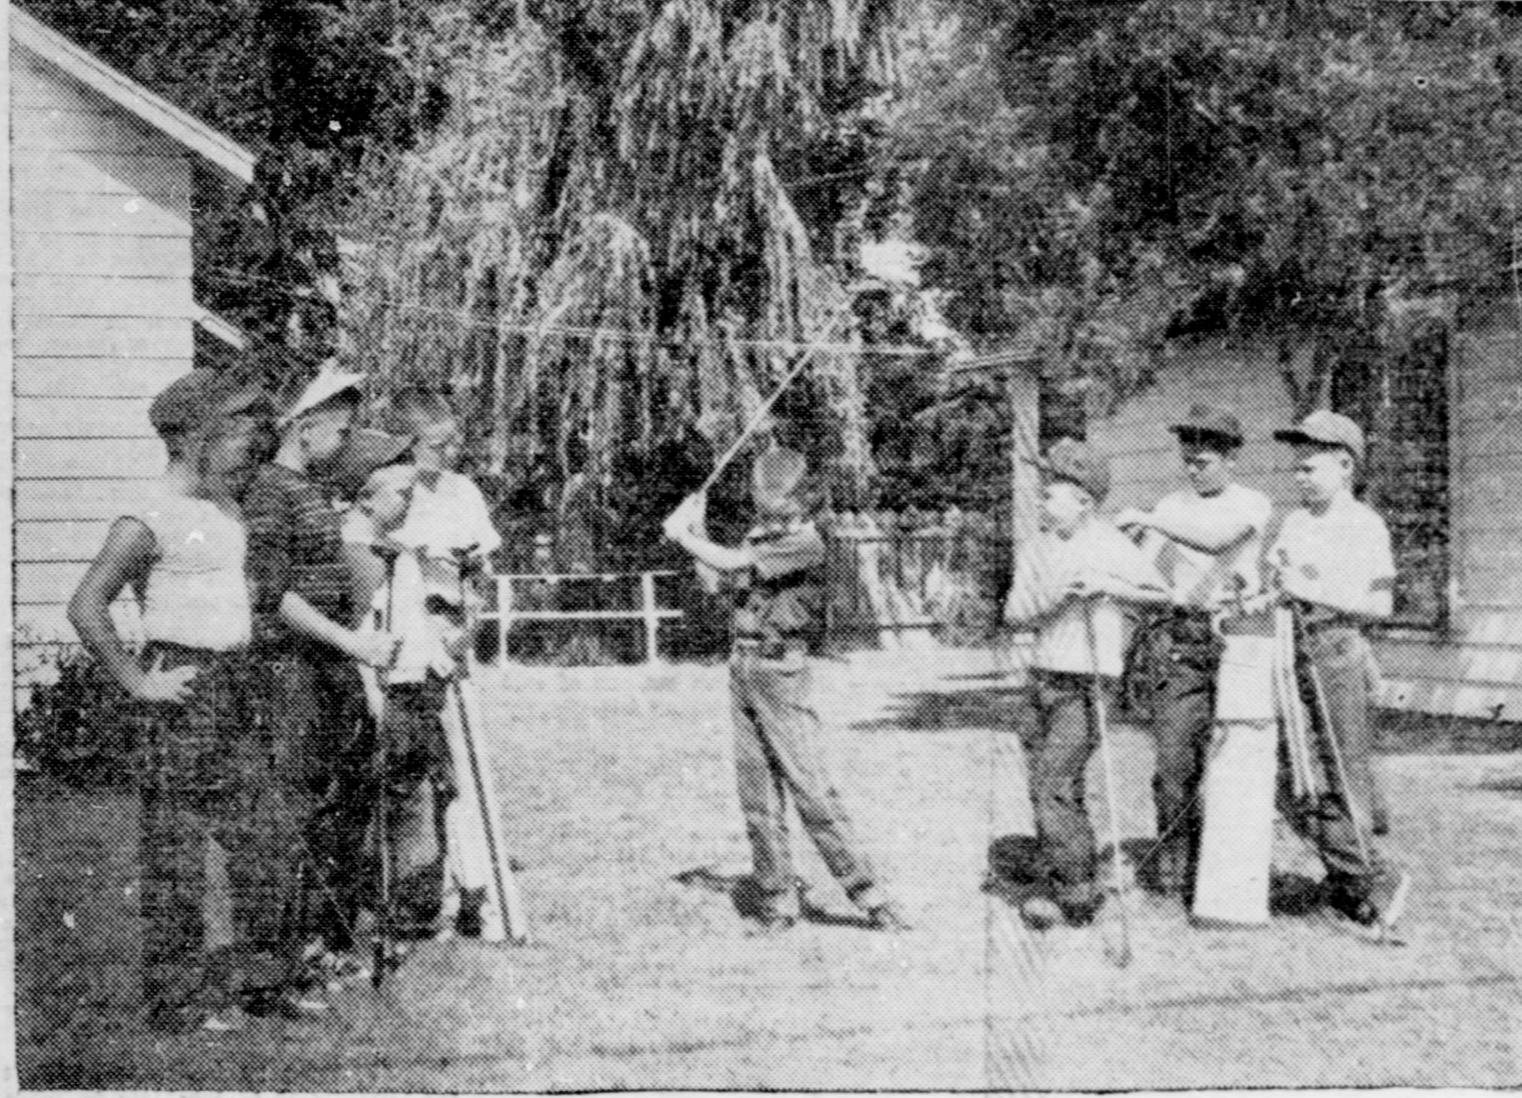

The plant was taller than Jack, who isn't any dwarf, being between 7 and 8 feet tall. The leaves were 29 inches long and 17 inches across. We expect to get up there when the 'backer is ready to harvest, and us two Jacks, maybe a full house of us, will try our hand on rolling our own from some of those giant leaves, or at least packing a pipe of it—and see which gets the sickest, quickest.

Jack used to be our favorite hamburger maker here in Brownfield in the early days. In fact, we believe he was just about the original 'burger maker here in our fair city, being located along where the east front of the present Cobb Store is now located. And he made good ones. Finally Jack got tired of smelling hot grease, and went off up to Hubcock, and soon "jined" the highway cops, and did fine 'till he wrecked his motorcycle, and got hurt. Will have to investigate what Jack is doing when we go up to chaw 'backer and other chawing and jawing.

Speaking of tobacco, a preacher who once lived here and tried to keep us in line, and made several slighting remarks about our "chawing 'backer," while here, went to Clarksville, Tenn., where they make just about all the snuff in the world, including, Honest, Dental, Levi P., Rooster, and what have you. Just to hear him denounce the "weed," we asked him to send us some "tobacco," as he pronounced it, when he got back there. He answered with some derision, but sent two shirt boxes of it in a week or two.

Well, that 'backer was too much for us, as we soon learned, or anyone else that tried it. Rich Bennett, a local barber tried it, and had agreed it was really "a man's tobacco," but before he could finish the next victim in his barber chair, he had to call for his brother, Biggins to finish the job.

## Brief Sketch of Yarborough's Career

RALPH W. YARBOROUGH

Gubernatorial candidate Ralph W. Yarborough, campaigned in Brownfield, Wednesday morning, speaking before a crowd of approximately 325 persons, on the Courthouse square. He came here after a swing through West Texas in his campaign for the democratic nomination for governor. He and Governor Allan Shivers meet in a run-off election, August 28. Yarborough spoke later, the same morning, at Lamesa, and led the 7th annual Southwestern Championship Junior Rodeo parade at Post, Wednesday afternoon.

By JUDGE GEO. W. NEILL

Ralph Yarborough is 51, a native born Texan, as is his wife, who was a graduate of the Denton College, and school teacher, when they married.

Yarborough, in boyhood and early manhood, felt the pangs of poverty. He did farm, and oil field work. He knows what "sweat on your brow" means. Went through the common schools of Henderson County, graduated from Tyler High School, attended the Sam Houston State Teachers College. Graduated from the University of Texas Law School with high honors, at the age of 24; through all of which he worked for the highway department.

After marriage in 1928, moved to El Paso, for three years private law practice. Was then appointed by James V. Allred as Assistant Attorney General, in the department over the school systems. It was there he wrote the first legal opinion pertaining to the Texas claim for the Tidelands, in 1933, advising the Land Commissioner to lease for oil, the off-shore lands—which he did. In many cases defended the permanent school fund, and the University permanent funds, in financial litigation.

In 1935, was appointed Lecturer in Land Law at the University which he held for some time, resigning to accept membership on original board of directors of the Colorado River Authority, which

later constructed six dams north of Austin—thus became acquainted with our water needs and how to save it. Then he was elected District Judge of the Travis District, serving five years. In 1938, made his first state race, for Attorney General, but lost it.

In War II, he volunteered, saw three and a half years' service in Europe with General Patton. After VE Day was sent to the Pacific, serving eight months as Military Government officer, before VJ Day, under McArthur.

Returning to Austin for private law practice, he has been president of Travis County Bar Association, director of State Bar of Texas, and a member of the State Board of Law Examiners. Been active in civic works and an ardent member of a Protestant church. With all these experiences, he certainly knows the art of Government. He is a strong party man, an old time Democrat, believes in supporting its ticket.

Yarborough has a strong program for conserving our soil and water and says "we don't owe the Gulf another acre of our fertile soil, which floods have fed it for many years." He favors building many dams on all our rivers and larger creeks. And we should bring our school facilities up to fit our increased population, for the last few years. We are lagging. Let the State aid, share some of the expense of our already heavily loaded local schools. Keep up and increase our Highways and Farm-to-Market roads, many of which are now wearing out.

Remove the constitutional ceiling on old-age pensions, raise it so the old folks can live decently—let them earn an income without losing their checks, to meet the high cost of living. Advocates an aggressive public health program. Much has been done, but much is yet increasingly needed. We must keep our State Government up on a par with advancing times and developments. Much needed improvements is obvious in our Eleemosynary institutions. We are lagging far behind, shamefully, their annual increasing numbers of inmates. He is positively out spokenly opposed to a sale tax or personal income tax, and always has been. He has repeatedly said, as Governor, he "will veto any such bills, if passed." Like 99.9% of all Texans, he is opposed to Communism. Being a grandson of a Confederate veteran, white native born Texan, he, with all Texans, wants Segregation in our schools, favors that left as is, but thinks if we will give the colored people better schools and facilities, that famous Court ruling will never be enforced in actuality. Had we heretofore done that very likely that case never would have gotten to the Courts. He has stated his position on this many times.

He promises, in all details, a clean, honest, progressive administration.

## MOST OF TERRY COUNTY WILL GET TELEPHONES WHEN PLANS COMPLETE

Lee Bartlett, one of the leading farmers promoting the Poka-Lambro rural telephone co-op of the area, handed us the within publication, this week. We hope all of Terry is soon lined up for telephones. Some 3,000 people attended the meeting at Tahoka, Tuesday. A road show entertained the visitors, and barbecue was served. Mr. Dunn's letter follows:

To Member and Prospective Members of the Telephone Cooperative—Living North, West and Northwest of Brownfield, Tex.:

Our request for funds to construct telephone lines and exchanges in your area has been approved by REA in Washington, however, the money will not be advanced until we have about 55 more paid members to make the project feasible. In other words, before the REA will deposit the money in our bank for us to start to work in this area, we must have a total of 251 \$50.00 members. It will be necessary for those having paid just \$5.00 to pay the additional \$45.00 as well as the 55 new members to pay \$50.00.

It is to your advantage to pay your membership now instead of waiting until the line is started, because after the contractor starts work, it will be impossible to add members to the lines until some time after the entire system is

## AN EMERGENCY MARCH OF DIMES AUGUST 15 TO 31

Due to a shortage of funds and the critical need of aid to polio victims at this season of the year, an emergency drive for March of Dimes funds will be made in Terry and Yoakum counties, August 15 to 31. The following campaign directors have been named:

Brownfield: Donald R. Cade, care of Brownfield State Bank and Trust Co., Brownfield, Texas; Marjorie Williams, care of Radio Station KTFY, Brownfield, Texas; and Dorothy Kirschner, 504 E. Tate, Brownfield, Texas.

Gomez: Mrs. K. Sears, Rt. 2, Brownfield, Texas.

Challis: Mrs. Money Price, Rt. 1, Brownfield, Texas.

Pool: Mrs. Major Howard, Rt. 4, Brownfield, Texas.

Johnson: Mrs. V. H. Wheatley, Rt. 2, Brownfield, Texas.

Pleasant Valley: Mrs. M. E. Hinson, Rt. 1, Brownfield, Texas.

R. V. Moreman is Campaign Director for the Terry-Yoakum county drive.

ue through August 29, with two services each day at 10:00 a.m. and 8:00 p.m., except for Sunday evening services, which are at 8:30 p.m.

Everyone is invited to attend these services. The Bible will be the text and standard of each sermon. Brother Hailey is well qualified to deliver these messages. He is on the teaching staff of Florida Christian College, at Tampa, Fla., and has preached the Gospel for many years. He has preached in every part of the United States and in foreign countries.

TERRY COUNTY 4-H BOYS ENJOY THREE-DAY CAMP—The boys shown above enjoyed baseball, swimming, horseshoes and washer pitching Monday afternoon at the Lubbock Fairgrounds with other 4-H Club boys from 20 South Plains counties, at the annual three-day District 2 Boys' 4-H Club Camp, which continued through Wednesday. A total of 250 boys and 48 adult leaders and county agricultural agents registered. Boys attending from Brownfield were Jimmy Foy, Larry Dan Sims, J. T. Howard, Hilbert Briscoe, Robert Lee Petty, Spencer Morley, James Leslie Bryant, Jackie Dill, Freddie Sedwick, Rodney Herring, C. L. Stockton, Tommy Dale Stockton, Larry Brazel Johnnie Moorhead, Peter Green, Herman Wheatley Jr. Rals Loe, and County Agent Jim Foy. (Staff Photo.)

## Harvest Festival Prizes Total Over \$8,000; Chmn. Seeks Entries For Amateur Hour

With about six weeks time still to elapse before the Brownfield Harvest Festival scheduled for Oct. 28, prize lists have already reached \$8,000 in merchandise from local business men, and another \$1,000 in prizes is expected to be added before Festival Day, according to Clarence Griffith, general chairman of the event.

"The program is already filling up, and we believe we will have an entertaining day's program," Griffith predicted, as he explained that the entire festival proceedings will be run on a time schedule to assure packing the most entertainment into the shortest possible time. He added that a number of professional entertainers have volunteered their services, and went on to say that anyone who would like to help out with the program in exchange for the advertising they will get out of it should contact festival committeemen, since there are still some entertainment spots open.

A new feature this year will be a special amateur hour open to any amateur entertainer in West Texas. Whether the individual has a voice, musical, dancing or magic act, any person of any age may enter the contest as long as he has some type of "good clean entertainment," Griffith said. Contestants may apply by writing Amateur Hour, Box 89, Brownfield, or telephoning 2747 in Brownfield.

Approximately a week before festival day, contestants will be screened and the best ones will then be eligible to compete on the Festival Amateur Hour. Prizes to Festival Day winners of the contest will be \$75 first prize, \$50 second, and \$25 third. Approximately an hour and a half will be devoted to the actual contest.

Humble Oil Company has already confirmed the fact that they will have photographers here to record the Harvest event for the program "Texas In Review," the general chairman announced.

Since Terry County is celebrating its Golden Anniversary this year, a special frontier aspect will permeate the Festival plans. Griffith explained that he and his co-workers on the event are making an attempt to locate all types of cars, wagons, carts, carriages and clothing reminiscent of frontier days. Anyone having any properties of this type, which they would be willing to display in a Frontier Day Parade, is asked to get in touch with Rotary Club members sponsoring the harvest program. If the individual is unable to show the clothing, vehicles, etc., in the parade, the club will find someone who will display

them. The program for Festival Night is under the direction of Mrs. Roy Winger, who is working up a pageant re-acting highlights of Terry County's history for the past 50 years. A series of one-act plays will make up the pageant program which is shaping up to be a full evening's entertainment.

All proceeds from the Harvest Festival will be used by the sponsoring Rotary Club for community improvement projects, as has been the club's custom for the past eight years, since the inception of the festival.

During this time the Brownfield High School Band has benefitted from festival proceeds by approximately \$18,000, and an additional \$6,400 has been loaned to students of the school for the purpose of purchasing instruments. All of the latter amount has been repaid to the club. A total of \$5,000 has been loaned to the school athletic department for construction of additional seating at Cub Field.

Local Boy Scout Troop 49 is sponsored by the Rotary Club, and equipment and housing to the extent of \$3,500 was initially put into the troop organization, and the amount of \$200 is placed in the club's annual budget for assistance to the troop.

Rotary members believe that perhaps their most important community services benefitted by the Festival funds is the operation of the Rotary school bus, the equipment for which originally cost \$8,000. Operation is carried in the annual Rotary budget for the amount of \$2,500, and during the regular school terms this bus transports approximately 350 of the smaller children from over the community twice daily.

Each fall the club presents college scholarships in the amounts of \$300, \$400, and \$500 to Harvest Queen candidates. Also during the past eight years the Rotary Club has been able because of the festival program to donate amounts of \$2,500 to the organization of Girl Scouts; \$500 to the Seleta Jane Brownfield Clubhouse, and \$500 to the Lions Club athletic program.

## HI-WAY OFFICIALS FROM 46 TOWNS EXPECTED HERE

Representatives of 46 towns are expected to attend a meeting of the Texas Highway Association at 12 noon at Veterans' Hall in Brownfield today, Friday, at which final plans for the Sept. 26 dedication of Highway 51 will be made.

The new highway will open a route from Regina, Canada, to the Big Bend National Park. Tickets for the dedication to be held at Boy's Ranch are available at the Brownfield Chamber of Commerce office.

Final traveling and publicity arrangements will be worked out for the International Parks Highway Association tour into five member states.

The group has chartered a bus for the tour, which will begin at Odessa the morning of August 30, and will continue through the Oklahoma Panhandle, Colorado, Nebraska, South Dakota, North Dakota, and into Regina, Canada. The tour, which is designed to reactivate other states in the national organization, will be made by approximately 100 members of the association.

Also to be discussed at the meeting today is the Tascosa bridge dedication set for September 26, and members reports from county committee chairmen will be heard.

## Wrestling Returns To City Tonight

American Legion sponsored wrestling returns to Brownfield tonight at 8 p. m., when Georgeous George McKay, who earned himself the reputation of being the best-hated man in these here parts upon his first appearance here, takes on Pedro Martinez, who appeared in the prelims on the initial card here and who engaged McKay in an impromptu but lively setto at the conclusion of last month's program.

Rivaling the main event in interest when Blanche Fain places her Texas Colored Female Championship on the line against Lee Perry, the challenger, will be the semi-final event.

Elephant Boy, possibly the best-known of the entire card to local TV viewers, and almost as unpopular to local wrestling fans as George, meets Sammy Baldwin in the preliminary bout.

Site of the bouts has been moved from the Lions Softball Park to Cub Stadium. Admission will be: ringside, \$1.50; general, \$1.00; and children, 50c.

## G. I. QUESTIONS and ANSWERS

Q. Two years ago, a friend of mine filed an application for disability compensation. VA asked him to come in for a physical examination, but he never showed up. Recently his disability started bothering him. Can he still follow through on that original application?

A. No. VA considers a claim abandoned, if the veteran makes no response within one year after he was requested to take an examination. Your veteran-friend will have to file a new application. If it is approved, his compensation will start as of the date of the new application.

Q. My mother and father are dependent on me. If I go to school under the Korean GI Bill, could I count them as dependents, for GI allowance purposes? Or are the dependency allowances limited to wives and children?

A. Under the law, you would be permitted to include your par-

ents as dependents, so long as they are in fact dependent on you.

Q. I am drawing a VA pension as the widow of a World War I veteran. I have a small endowment policy that has just matured. Must I count the monthly payments as income, for VA pension purposes?

A. The monthly payments will not be considered as income, at first. But after you have received an amount equal to the money you paid into the policy, any further payments that you receive will have to be counted as income.

Q. My son is receiving a pension for a total and permanent disability. He is entitled to an additional amount of money because he needs constant aid and attendance. Will he receive the extra payments even though I give him the attention he needs? Or must we hire a nurse?

A. He will receive the extra allowance even though you perform the necessary services for him. You are not required to hire an outsider.

## "Behind the Scenes in American Business"

NEW YORK, Aug. 9.—Anyone who has been wondering just how the US economy is doing can sit back with the comforting assurance that its state of health is "as good as can be expected."

After last year's "slump," "dip," "recession" or "readjustment"—whichever you prefer—1954's first six months did much to brighten the business picture. While no boom is in the offing, the makings of a gradual rise are apparent.

First reports reveal that, while sales of many companies still were heading downward, net profits were up, thanks to the ending of the excess profits tax last December 31 and cuts in operating costs. In many instances, companies that lost ground in the first three months regained it in the second quarter.

Steel production, as reliable a barometer as any of business health, is down to 64.5 per cent of rated capacity, but early model changes in the automobile industry are expected to give this industry a needed stimulant in September. Metals and machinery making are down, too.

Textiles are still weak, and building supplies are spotty despite a near-record housing boom, but aircrafts, chemicals, and foods are doing well. And department store sales in recent weeks have been topping those of a year ago.

**States' Rights Win**  
In the tangle of approaches toward solving the problems of making interstate highway freight pay its share of road construction and maintenance costs, one thing seems certain.

Individual states will continue to exercise their right to tax interstate trucking as they see fit, without interference from Washington. This recently became clear from two directions.

In one instance, the House Rules Committee decisively tabled a resolution calling for a House investigation of state taxes imposed on interstate trucks. The resolution was sponsored by Ohio Republican William H. Ayres, who charged that Ohio's refusal to exempt out-of-state trucks from its newly enacted axle-mile tax

## Know The Signs Of Life—Is New Safety Program

The Texas Safety Association is talking this month about a Signs of Life traffic safety program.

The title is a catchy one, but more than that, the program is important to the business of saving lives on our streets and highways. With last year's traffic death toll at 38,300 there is certain need for improvement on the part of every individual driver and pedestrian.

The Signs of Life program focuses attention on the importance of knowing and obeying traffic signs and signals. The main point of emphasis is placed on the five basic traffic sign shapes and their individual meanings.

The Signs of Life program points up the need for a universal sense of individual responsibility in the fight for life on our highways.

A knowledge of traffic signs, signals and pavement markings will help save lives. The fact that the eight-sided traffic sign always says "Stop" and nothing else is of more than academic interest. Any driver approaching such a sign can know immediately what its message will be long before he can see the wording.

The other basic traffic sign shapes include the oblong signs that state traffic laws and regulations; diamond-shaped warning signs that tell of dangerous or unusual conditions ahead; round signs that indicate the approach to a highway-rail intersection; and the cross-buck at the highway rail crossing.

If motorists—and pedestrians—will take to heart this month's Signs of Life message begin sponsored in Texas by the Texas Safety Association, the Texas Department of Public Safety and the National Safety Council, we CAN reduce traffic accidents.

"Know your signs of life" is good advice for everyone—the only thing that's asked is that we put that advice to work for us personally every time we use our streets and highways.

**UNITED FRUIT PRODUCTION**

The Justice Department has brought a civil anti-trust suit for dissolution of the United Fruit Company, alleging that the company had violated both the Sherman Anti-Trust Act and the Wilson Tariff Act in controlling 85 per cent of Central America's banana production.

**STEEL**

All major producers in the steel industry followed the lead of the United States Steel Corporation in signing new contracts with the United States Steel Workers of America that called for a wage increase of from nine to 12 cents an hour. Higher steel prices and more cooperative labor-management relations in the steel industry are forecast.

For a healthy economy in the United States, the production of goods and services must be increased by at least \$25,000,000,000 over the next 12 months, according to a recent National Planning Association report. Either increased defense spending or further incentives to consumers would be needed, it was stated.

## Bynum's Son In Polio Center

Donald Bynum, son of Mr. and Mrs. V. A. Bynum, of Brownfield, was diagnosed as having a mild case of polio and was admitted to the West Texas Polio Center in Plainview, July 27. Relatives report that thus far there is no paralysis.

Donald is on the editorial staff of the Lubbock Avalanche-Journal. He and his wife, Barbara, have two children, Donald, Jr., 2, and Nancy, seven months.

## Mrs. Crawley Is Still In Hospital

Mrs. Mae Crawley, former resident of Brownfield, who was injured in an automobile accident, July 14, is reported by relatives as "holding her own."

She has been given about 20 blood transfusions, and her right leg was amputated above the knee. In the accident, all her ribs were broken or fractured, her left leg and her jaw were broken, and she received lacerations all over her body and face.

Mrs. Crawley's sister, Mrs. D. O. Neal, of Brownfield, has been at her sister's bedside since the accident. Other visitors included her mother, Mrs. Ollie Dunn, and Mrs. Archie Waddell, both of Brownfield; her daughter, Mrs. John Cox and husband, of Wimberley, Texas; and her brother, D. D. Baggett and wife and daughter, of San Angelo.

For those who wish to drop her a card or letter, she is in room 407, Methodist Hospital, Lubbock.

## Mr. and Mrs. John W. Jenkins Observe 50th Anniversary

Mr. and Mrs. John W. Jenkins, 507 East Oak, celebrated their 50th wedding anniversary, Sunday, at an open house held at the home of one of their sons, R. L. Jenkins, 208 East Broadway. Six of the seven Jenkins' children were present.

Friends sent flowers and cards and about 125 relatives and friends called between 4 and 8 p.m.

The couple cut a three-tiered anniversary cake and helping in hospitalities were their granddaughters, Linda Gauntt and Helen Jenkins, and their daughter, Mrs. Johnny Gauntt.

John W. Jenkins and Miss Dora Worley were married August 4, 1904, in Hawley, Texas, and moved to Brownfield in 1928 on Thanksgiving Day. Mr. Jenkins has been caretaker at the Randall School for the past thirteen years.

Their sons attending included Howard, wife and daughter, of Anson; George, wife and three children, of Odessa; and one daughter, from Amherst; Virgil and wife of Lovington, and daughter of Abilene; R. L., wife and children, of Brownfield; and a daughter, Mrs. Gauntt and children, of Brownfield. Unable to attend was their daughter, Mrs. Johnny Clark, of Oregon, and their grandson, Jimmy, who is stationed with the Marines in Japan.

Among out-of-town relatives attending included those from Hamlin, Aspermont, and Lubbock.

## There's A "Tiba Wishing Well" At Shelton's Store

Ladies, there's a Tiba Wishing Well at Shelton's Ready-to-Wear. You may register every time you go in the store, and drop your name and address into the bucket in the well. On Oct. 16, there will be a drawing for lucky names and beautiful prizes will be awarded.

The first prize will be a \$54.95 Tiba cloth coat; second prize, a \$24.95 dress; and third prize, a \$12.95 dress.

The Tiba cloth used in the coats is 100 per cent wool and is a lustrous, soft fabric that holds its shape through many seasons' wear.

Underneath the bucket is the wishing well where kiddies may make wishes and drop coins into the water. These coins will be used in the March of Dimes Emergency Drive now underway to fight polio.

You do not have to be present at the drawing to win. Go in and register often.

## PADEN IS BUILDING CHURCH AT HASKELL

Had been several weeks since we had seen C. V. Paden, and as he is a contractor, we had decided he was out of town. Met him one day this week downtown, and he informed us that he had a church under construction at Haskell, Texas.

Paden built the Southwest Church of Christ at Snyder something more than a year ago, for which he received many compliments.

## Order Eastern Star Sponsors Rainbow Girls Organization

Brownfield Order of Eastern Star Chapter 785 attended a stated meeting at the Masonic Temple, Tuesday evening, August 10, at 8 p.m., with Mrs. W. N. Lewis, Worthy Patron, presiding, assisted by associate Worthy Patron Leonard Ellington, pro-tem for Worthy Patron Bernarr Smith. A program honoring Robert Morse, founder of the Order of Eastern Star, was presented by Mrs. E. O. Reeves. Mrs. Elsie McMillian was program chairman.

It was discussed and voted for the Order to sponsor the Rainbow Girls. Any girl is eligible to join the Order, even though her parents or brother, is not affiliated with the Masonic Order. The only requirement is the endorsement of a member. Plans are to be worked out and the Order started at an early date.

Bouquets of Yellow chrysanthemums were used on the secretary's desk and at the Worthy Matron's station. Refreshments of punch and cookies were served by Mesdames Ted Fox, Monk Parker and Mrs. Lena Bryant to 26 members, one visitor and 18 officers.

Miss Henrietta Chisholm, of Sherman, returned to her home last week following a visit here with her brother, G. W. Chisholm, 1021 Lubbock Road, and with other relatives.

## Fitzgerald Reunion In Plains Saturday

Fifty-nine members of the Fitzgerald family were present recently for a family reunion in Stamford Park, Plains.

All of the brothers and sisters, who are now living, of Roy and John E. Fitzgerald, residents of Plains, were present, with most of their children and grandchildren.

The festivities began Friday night when Will and Clifton Fitzgerald, residents of Brownfield, came to Stamford Park to start cooking the beef and beans. Many of the family spent a few hours with them. By the time dinner was served at 12:00 o'clock noon, July 31, fifty-nine Fitzgeralds and "in-laws" and five close friends had arrived.

The dinner consisted of barbecued beef, cooked all night over coals, red beans, corn, salads, cakes, pies, iced tea, and coffee. The afternoon was spent in visiting, picture making, and swimming by the young folks. Supper was also served in the park. Appreciation was expressed for the work done by Clifton and Will in preparing the delicious meals. They were well known as good cowboy camp cooks by many of the old-timers of this region.

Those attending were as follows: Mr. and Mrs. Will Fitzgerald, Mr. and Mrs. Clifton Fitzgerald, Miss Olga Fitzgerald, Mr. and Mrs. Charles Ward, Mr. and Mrs. Harry Luper and son, Alton; and Mrs. Catherine Fitzgerald, of Brownfield.

Mr. and Mrs. Roy Fitzgerald and sons, Bill and Vennum, Mr. and Mrs. John E. Fitzgerald and daughters, Martha and Linda; Mr. and Mrs. Johnny L. Fitzgerald and daughters; Mr. and Mrs. Raymond Fitzgerald and children; and Mr. and Mrs. Bob Loe and son, Mike, all of Plains.

## B. B. Brouns 50th Anniversary Held

Mr. and Mrs. B. B. Broun, of Winkler, Texas, and formerly of Brownfield, celebrated their 50th Wedding Anniversary, Sunday, August 8, with an open house at Winkler. Their six children were hosts for the occasion. They are Mr. and Mrs. J. M. Fannin, Corsicana; Mr. and Mrs. Ross Broun, Ventura, Calif.; Mr. and Mrs. W. B. Broun, Winkler; Mr. and Mrs. Jack Omer, Vallejo, Calif.; Mr. and Mrs. Joe E. Broun, and Mr. and Mrs. Jerry Dumas, of Brownfield.

Wedding cake and punch were served, with granddaughters of the couple presiding over the punch bowl and registering the guests. Approximately 125 guests called during the afternoon.

Also attending were Mr. and Mrs. J. W. Hogue, of Brownfield, and Mr. and Mrs. Howard Hogue, of Snyder.

The Brouns moved to Brownfield in 1928 and left in 1943. Mr. Broun is a farmer in the community.

## La Fiesta Bridge Met At Mrs. Zorn's

**Visit Thomason's  
Melon And Corn  
Patch This Week**

For the past two years we have had to help Jimmie Thomason sell his melons down at Lahey. You turn off 51 and 62 at where Lahey used to be before school consolidations took place; turn due south, second house on right after you get on the dirt road, and some 200 yards off the road. There someone will show you the 10-acre irrigated melon patch, that has big melons all over it.

But you'll have to hurry, as truckers are now going there and loading out by the truck load, and carrying them to places where there are no melons. They have both the yellow and red meated melons. Another field nearby has about the same acreage that will begin to ripen in a few weeks. Also got into Jimmie's roasting-ear patch while down there. Most of his corn is getting too hard, however.

Jimmie and his brothers, Mack and Malc all came to Terry County about 1920, when the Sawyer ranch opened for settlement, and made settlement in the Lahey and Forrester communities. Jimmie is the only one of the boys who is still farming, and he's doing fine.

Saw some of the best beans we have seen in a long time, close to the irrigation well. At a distance these huge bunches of vines look like tumbling weeds. Mrs. Thomason had gathered most of them for canning purposes, as well as fresh for the table, but the vines are putting on again.

**Rev. Battin Conducts  
Nazarene Revival**

Rev. Buford Battin, of Lubbock, will be preaching in a revival meeting at the Church of the Nazarene, August 18-29. Buford Battin is an able preacher, having had many years of experience, both as a pastor and evangelist, and you will be well repaid for coming to hear him.

Services will be at 10:00 a.m. and 8:00 p.m. The public is cordially invited to be in these services.

**BUCKY AND HIS DOG TAKE A STROLL**—Bucky Newsom, 8-year-old son of Mr. and Mrs. R. D. (Dude) Newsom, 608 East Repetto, has been confined to a wheel chair since August, 1953, when he was taken to the Crippled Children's Hospital in El Paso for treatment of a bilateral hip joint infection. He returned home July 1 of this year, and will have to stay off his feet for two more months when he hopes to be able to change to crutches, after a checkup at El Paso. Mrs. Newsom stayed with him at the hospital where she worked and he attended school. He and his dog, Bobo, a two-year-old registered Fox Terrier, are real pals and the small dog goes with Bucky just about everywhere. Among diversions, Bucky enjoys watching television, funny-books, attending drive-in shows, and taking swimming lessons for exercise under the direction of Babe Lincoln. Doctors at the hospital told his parents that the ailment usually occurs in children between the ages of six and twelve years, and in Bucky's case, it was from being overactive. Mr. Newsom is owner of the Newsom Oil Co. in Brownfield. (Staff Photo.)

**Four Square Church  
Celebrates 18th  
Anniversary, Sunday**

All day services and dinner on the ground will be held Sunday, August 15, by the Four Square Church, located on the corner of Ripley and Lubbock Road.

It will be in celebration of the 18th anniversary of the Church here in Brownfield. The morning service at 10 a.m. and the afternoon service at 2:30 will be held by Rev. Irene Wilson of San Angelo. She founded the church here 18 years ago before her marriage.

She was then Rev. Irene Lee. She and her husband, Rev. Carl Wilson, are pastors of the Four Square Church in San Angelo.

The evening service will be by Rev. R. J. Walls, pastor for one year here. A large attendance is expected as some five hundred invitations have been mailed to out of town friends of the church. Everyone is invited.

LET' SELL AMERICA!

In the face of a vast campaign by Socialist and Communist propagandists to infect the thinking of our adult population and infiltrate the minds of our school pupils and college students, it is sometimes difficult for those actively engaged in combating this menace to put their major accent on the positive approach. Yet, in my opinion, the best way to assure the preservation of our American system is to place our major effort upon informing and reminding our people, young and old, that in the American way of life we have the best instrument for human progress, prosperity and happiness yet tried by man.

Someone long ago said that the best defense is a strong offense, and I think that's right. We need today a good offense. We need to do a real job selling an oncoming generation on the benefits inherent in our American system. It is tremendously important for the parents of America to recognize the fact that our children will be sold on some kind of ideology. It is our duty and our responsibility as American citizens to sell them on our American way of life. Then they will be immune to the left wing propaganda.

**Accent Positive**

Negative action oftentimes creates tremendous reaction. For instance, should you point out obviously slanted material in a textbook, material that will help the Socialist and Communist objectives, you would invariably find the writer coming to the book's defense. He'd make every effort to justify what's there.

Then there are teachers who have adopted those textbooks. They feel they are being criticized if the textbook is criticized. They adopted it, they have been using it, and they too, will come to its defense. So we create great waves of opposition by any extensive study of textbooks in an effort to get the bad ones out of our schools—the subversive ones. I'm not advocating that they shouldn't be studied and the subversive ones thrown out. But we shouldn't make that our principal educational objective. Our major objective should be that of reaching all the people of America with the positive facts about our great country.

**Not Like Mumps**

Americans are great salesmen. But we haven't been working at the job of selling our way of life. We have assumed that our children, for instance, would just catch Americanism like they catch the mumps and the measles. Very early in the history of our country that was perhaps safe to assume. But no longer do families sit around the family hearth telling stories of Patrick Henry and Abraham Lincoln. We leave that for the schools to do. And yet a great many of our colleges and high schools today do not require even the study of American history.

In the last 15 years I have talked from coast to coast repeating over and over again the necessity of our adult population being educated on the basic facts of our American system, and the need for our children to generate a love of country and a profound respect for our American political and economic system by understanding the true facts. In 15 years, encouraging progress has been made, but not sufficient progress.

**Courses Needed**

In every school and college in America the parents and the teachers should get together and set up a course in American citizenship which would give an accurate account of the inspiring history of our nation, and teach in simple detail the mechanics of our political and economic system so that any 15-year-old child would recognize his personal advantages under the American way of life, and how he can help maintain the elements which make the American system so much more productive than other systems.

We're trying to help along on this goal. In the college which I serve as president we have a new School of American Studies. The staff, under the direction of Dean Clifton Ganus, is developing a course called "The American Scene." It already has been established as a required course for all Harding College freshmen. When it has been further refined in the "laboratory" of actual classroom experience, we expect to offer it to the nation's colleges and high schools. We consider that this will be another payment on our debt for the gift of freedom.

### The GI Housing People Are Getting Rank These Days

We have heard some GI's talk lately, and have heard of several others that had talked to others, and all with one accord state that the holders of GI papers on their homes, have been rather hard-boiled of late, and are demanding their pound of flesh right on the barrel head. We have read of some complaints coming out of Washington that verify these reports, and we shall not be surprised if these guys don't undergo an investigation.

It may have all started with an investigation of the FHA set up this spring, when a number of them resigned, were fired, and some may have to serve some time in the pen for overcharges. Perhaps some of the buyers of this GI paper feel that they had better get while the getting's good. On the other hand, the holders of this paper know that property is fast advancing in price, and if they can foreclose on some old GI a few months in arrears, they will have a good saleable or rentable property.

Some have had to dispatch cashier's checks into the holders of these papers in a hurry here of late. A matter of a few months ago, no particular efforts or threats of foreclosure came from these people. For that reason, many of the GI's are wondering what has come over these "investors?"

Little Miss Margaret Ming spent last week end in Levelland, visiting Mr. and Mrs. Casey Cabool.

### Terry H-D Club Women Attending Dallas Convention

Four members of the Terry County Home Demonstration Clubs are attending the 28th annual convention of the Texas Home Demonstration Association in Dallas. The meeting began August 11 and will continue thru today, Friday.

Women attending from here included Mrs. Tom Pettigrew, Mrs. W. C. Faulkenberry, Mrs. O. D. Kennedy, and Mrs. Doyle Moss, who substituted for Mrs. Kelly Sears.

Miss Lisa Sergio, of Woodstock, Va., gave the keynote address on "Home—the Cornerstone of Freedom."

Speaking on "My Year in Bolivia," was Miss Maurine Hearn, State Home Demonstration Leader for the Texas Agricultural Extension Service. Miss Hearn was Home Economics Advisor with the United States Department of Agriculture for the Foreign Agricultural Service stationed in La Paz, Bolivia, in 1953.

Convention headquarters were in the Adolphus Hotel, with Mrs. B. M. Harris of Plainview serving as president.

Workshops were held Thursday on 4-H Clubs, recreation, education, civil defense, health and safety, and citizenship. Officers were elected Thursday morning with the installation that night. After a business session this morning, the convention will adjourn at noon.

### TERRY GETS ONE NEW LOCATION; NO NEW WELLS

No wonder Terry is not getting many new wells or new locations, the drillers have all been thrilled by new discoveries in Andrews, Cochran and Howard counties and moved the hole punchers off up or down there. But it is ever thus, there is always a greener pasture just through the barbed wire. But they'll come back—always have.

As to the new locations, Andrews headed the list with 15, but old Cochran was but two behind with 13. Howard had 7 and Garza 5; Gaines and Scurry with 2 each and Dawson, Kent, King, Lubbock, Terry and Yoakum with one each, making a total of 50 new locations.

In the new well division, Andrews had 11, Howard 5, Cochran and Scurry with four each, Kent 3, while Dawson, Garza, Hale, Lubbock and Yoakum had one each for a total of 32 new wells in the north Permian area.

The new locations in Terry and Yoakum are as follows:

**Terry County**  
Prentice 6700—Placid Oil Co. 2, B. A. M. Muldrow et al, 1,980 from north and 660 from west lines of Section 19, Block D-14, C&M Survey, 14 miles northwest of Brownfield, rotary to 7,000 feet at once.

**Yoakum County**  
Brahoney-San Andres: Magnolia Petroleum Co. 3, Eva Pike, 660 from south and 1,980 from east lines of Section 476, Block D, John H. Gibson Survey, 2 1/4 miles southwest of Plains; rotary to 5,350 feet, at once.

The lone new well over in Yoakum, was in the Brahoney, as follows: Hunt Oil Co. 2, J. D. Webb, 660 from south and west lines of Section 513, Block D, John H. Gibson Survey, flowed 188.57 barrels of 30.5 gravity oil, plus 19 per cent water daily through 1/2-inch choke. Gas-oil ratio was 870-1. Perforations from 5,176-5,258 feet were acidized with 6,000 gallons.

Mr. and Mrs. T. A. Wartes, Sr., and Beverly, 411 Tahoka Road, left Wednesday for Shreveport, La., where they will pick up Benny and Charles Bush, former residents here, for a two-week's vacation in North Carolina.

Jo Ann Addison of The Denver City Press, Denver City, was over Tuesday on business and shopping.

### PERMITS FOR JULY HIT \$93,100

Sixteen permits issued during the month of July rocketed \$80,600 in estimated cost over the same month last year. According to City Treasurer Jake Geron, July permits totaled \$93,100 in value in comparison with July, 1953, of \$12,500. Geron said that building thus far this year is running ahead of last year considering that the new \$300,000 Methodist Church made last year's figures soar to \$623,270, and this year's total has hit \$506,070 thus far with just average permits.

### Misses Gibson and Joplin Enter F-B Queen Contest

The latest two entries in the Terry Co. Farm Bureau Queen's contest are Misses Ann Gibson and Patsy Joplin. Ann, 17-year-old daughter of Mr. and Mrs. Charles Gibson, Route 5, is a senior at Union High School. Patsy, 16-year-old daughter of Mr. and Mrs. W. M. Joplin, Route 1, Meadow, will be a junior student at Meadow High School this fall.

Other girls who entered during the last two weeks are Wanda Terry and Wanda Cornelius. The contest will be staged at 6:30 p.m., August 31, at Veteran's Hall, following a covered dish supper and a short talent program.

To be eligible for the contest, a girl must be the daughter or sister of a Farm Bureau member, be between the ages of 16 and 22, and be able to meet qualifications on poise, personality and appearance.

The Jim Millers have recently returned from a long vacation trip through the east. Jim stated that he passed through our old county seat, Bolivar, Tenn., as their route was from Chattanooga to Memphis. He also stated that the Big Smokey Mountains were sure beautiful as everything was so green.

### NEW GRANDDAUGHTER FOR MRS. HARRIET BISH

Mrs. Harriett Bish, of Shelton's Ready-to-Wear, received word from her son, Paul Bish, of Aberdeen, Md., stating they had a new baby girl born Sunday morning, August 9. Mr. and Mrs. Paul Bish were residents of Brownfield several years ago. They have two other children, Mark, 13, and Delana, 10.

### Old Yoakum Has Some Mighty Good Crops; Few Weeds

Through neglect to get a cut off on the bus in time, that the Herald had made for the Denver City Press, the Old He and wife were delegated to carry it over on the old 40ty, Friday P. M. As it was after closing time here, and we had two other appointments, we had little time to tarry in DC. But we finally got Pappy Watson out of bed, and delivered the cut. Wanted us to see his new equipment, but we had to get on to Jimmy Thomason's melon patch and roasting-ear field, and then on to the Price reunion at Coleman Park. Will see Pappy's stuff some day when it is cooler, and we have longer to tarry.

Crops are surprisingly good all the way there and back, and particularly so when you get as far as the County Farm out on 380, to as far as there are crops. Most of the crops are in eastern Yoakum and west Terry, as the area around Denver City and Bennett is mostly oil fields and ranches. In that section, they have had much more rain than we have around Brownfield, and in many places the soil is a sandier nature, and naturally withstands drought better than the harder lands.

We came back via F-M road that junctures the Denver City-Plains highway and come out into 51 and 62 at Wellman. They have some mighty good crops on this road, and generally speaking the fields are clean. Now and then you would find one whose owner perhaps spent more time in town arguing politics than he did on the farm sowing weeds. In a few fields, the weeds are higher than the cotton or maize. Johnson grass is also taking a toll of land in that area.

We are sure glad that these people have a good chance for a crop this year, the first in three years, and goodness knows they need it.

### Last Rites Held For Former Resident

Funeral services for Mrs. Eula Stiegel, 45, Fort Lauderdale, Fla., who formerly lived at Brownfield, were held Saturday afternoon at Fort Lauderdale. Mrs. Stiegel died Thursday morning of last week following a lengthy illness.

Among her survivors are her husband, Joe; two sons, Sgt. Thomas Stinson of Walla Walla, Wash., and Morris Stiegel of Fort Lauderdale; three daughters, Mrs. Dave Newman, Laurene and Judy, all of Fort Lauderdale; her parents, Mr. and Mrs. W. F. Banks, of Lubbock; two sisters and three brothers.

# Mr. and Mrs. VOTER:

Our Governor stated in the campaign of 1952—

**THAT he could not and would not support any national candidate or party who advocated taking possession of Texas' Tidelands from our school children.**

YOU elected him by a sizeable majority, and he did as he promised.

WHERE was Mr. Yarborough's allegiance at that time? Was it to the rights of the school children of Texas?

OR TO A PARTY LABEL!

NOW our school children and their social way of living, is being threatened by new interpretations of our state segregation laws.

OUR GOVERNOR has the desire and the loyalty to maintain our Texas way of life, renewing his pledge to our school children.

WHO is Mr. Yarborough pledged to?

**MRS. SLAUGHTER IS HONOREE AT SHOWER**

A pink and blue shower honoring Mrs. Dean Slaughter was given from 4 to 6 p.m., Saturday, by Mrs. Von Harris and Mrs. Mansel Thompson, at 311 East Main Street.

A pink and light green color scheme was carried out in table decorations and refreshments. Mrs. Thompson poured lime sherbet punch and Mrs. Harris served cake squares iced in green. A miniature stork and a tree covered with tiny baby dolls was placed on the serving table.

Out-of-town guests were present from Plainview, Lubbock, and Wellman, with about 20 persons attending.

**"JESUS LOVE FOR RURAL FOLK" TOPIC AT FAITH CIRCLE**

Faith Circle met at 9 a.m., Monday, in the Webber Room at the First Methodist Church. Mrs. B. L. Thompson was leader of the monthly "Outlook Lesson."

The subject of the morning was "Jesus' Love for Rural Folk." Assisting on the program were Mesdames G. S. Webber, Joe Johnson, J. H. Carpenter, and W. B. Downing. Mrs. Thompson closed the first portion of the program with a prayer.

Mrs. Jim Griffith conducted a business session where reports were given. Mrs. Webber gave a brief report on the School of Missions held at Texas Tech last week.

Attending were Mesdames Cleve Williams, Sherman Mitchell, Ida Belle Walker, J. Fred Bucy, Johnson, Carpenter, Thompson, Webber, Griffith, and Downing.

**WCS WILL STAGE CHURCH-WIDE STUDY**

Mrs. Hal Spencer, well known church woman from Lubbock, will be guest speaker, Sunday evening, August 22, at 8 o'clock in Fellowship Hall of the First Methodist Church, when the Women's Society of Christian Service will have a church-wide study on "Alcohol and the Christian Responsibility."

Mrs. Spencer is well known in Big Spring, Lubbock, and Brownfield districts, having spoken to 27 churches in these districts on this subject.

Mr. and Mrs. Everett Burnett, and three children, of Seagraves, are visiting Mrs. Tinnie Stewart, 317 South Third, and with Mrs. Madeline Burnett, 905 East Harris, this week.

**Harve HARRIS Get Back Home**

Tatum, N. M., Aug. 8, 1954. The Herald.

I thought I would finish the report to our recent trip East. I think I last wrote from Detroit, Mich. We received our new Chevrolet from the factory at Flint, July 28, and headed straight for Rochester, Minn.

We crossed on a big boat or ship across Lake Michigan, which was 70 or 80 miles across the lake the way we went. We spent five days at the Mayo Clinic, for wife to take a complete checkup. The doctors at the clinic failed to find anything serious with wife after their examination and several extra pictures.

We headed for our New Mexico home Tuesday, August 3. We had no trouble and had a nice trip home. It looked to be a fine country all through the northern states—a beautiful country with a good season and fine crops. Especially through Wisconsin, Minnesota and Iowa, the farmers seem to be doing well. But by the time we reached Kansas City, the country looked dry; no crops through the southern part of Missouri and Kansas. It really looked to have been dry for several years. All that country had some late rains, but too late for crops. All through Oklahoma and West Texas had a little more season, but awful poor crops through Oklahoma, and into Texas to Amarillo. Crops some better in West Texas.

The northern part of the United States was much cooler this summer than this southwestern country. Most everywhere we visited, most all claim they have not had rainfall or snowstorms and bad winters for the past several years, that we all had years ago. It seems hard to understand how the seasons have changed.—H. H. Harris.

Mr. and Mrs. J. H. Plant and Mr. and Mrs. B. M. Tuttle, and Doris and Jimmie Ray, all of Brownfield, attended a birthday party, Wednesday, in Lubbock, honoring Mrs. Granville Patterson and Mr. Tuttle. Mrs. Patterson's birthday was on Wednesday, and Mr. Tuttle's was on Thursday, therefore they celebrated the two occasions together.

## Six Teams Enter ISL--Clyde Bond Tournament Director

The 1954 state softball tournament, which is to be held at the Brownfield Lions Park starting Monday night, August 28, and continuing through Sept. 6, has six teams entered to play, according to Clyde Bond, Jr., tournament director. The Brownfield Lions Club will sponsor the tournament. Deadline for entries has been extended until tomorrow, Saturday, and at least three more teams are expected to sign up before then, according to Bond.

Among the six teams entered in the 1953 winners, the Lorenzo Lions, who placed third in the world tournament at Selma, Calif. Manager Jack Parish is expecting his team to do well again this year, with Red Denham heading his mound staff.

Other clubs entered include Brownfield, Arlington, Shell Oil Co. of Midland, Benton Oil Co. of Lubbock, and Western Inspection Co. of Midland. Also expected to enter before the deadline are Mineral Wells, Honolulu Oil Co. of Levelland, and Comanche. Loy Hubbard, veteran hurler, will pitch for Brownfield. On the hurling staff for the Inspectors of Midland will be Roy Weeks, formerly with Stamford; E. W.

Mickler, also of Stamford, and Boyd Reece.

The Lubbock team will have on the mound Guy Sullivan and James Ezell. Top Shell pitcher is Cotton Myers, and hurling for Arlington, who took third place last year in the tournament at Brownfield, will be Jimmy Alcott.

All-staters in the ISL tournament in Brownfield last year will also appear this year are Hubbard, Denham, Kenneth Wycoff, Bob Haney, Dub Warden, James Abbott, and Newell Landreth. The Inspectors of Midland have a lineup dotted with seven all-state teams of recent years — ISL, TAAF, and ASA players.

Umpires, approved by the ISL, will be Otis Gunter, Curtis Barrett, and Red Norman.

Entries, accompanied by the \$25 entry fee, must be in to Bond or Ralph Bumpass, of Lubbock, state ISL commissioner, by midnight tomorrow, Saturday.

Winner of the tournament will receive an expense-paid trip to Selma for the 1954 World Tournament and will be awarded the Pepsi-Cola 38-inch trophy, which is on display at the First National Bank in Brownfield.

## LOCAL GOLFERS PLAY AT LUBBOCK TOURNAMENT

The Lubbock Men's Invitational Golf Tournament is over and all local men are looking forward to the Brownfield Country Club's Golf Tournament next week.

Congratulations to Jack Shirley for qualifying for the championship fight in the Lubbock tournament. Prentice Walker qualified for the "A" division; J. O. Burnett and Don O'Neal made the "B" division with Don going all the way to the finals before being defeated.

Jerry Kirschner, Ted Hardy, Jimmy Walker, John Cadenhead, and Paul Woods qualified for the "C" division, with Ted going to the semi-finals before defeat.

The tournament was won by Billy Erfurth of Lubbock.

All local Country Club members who are qualifying for medalist must play Friday, and a Calcutta dinner will be held Friday night for all players and wives. The defending champion is Prentice Walker, who won the tournament in 1953.

A highlight in the coming tournaments will be the Small Fry Fight. These boys have been taking lessons from Pro. Joe Lopez, who has been conducting a free clinic every Saturday morning for several weeks. The boys entering are Pat Hamilton, Tommy Harris, Tommy Hardy, Terry Finley, Jimmy Hackney, Jeff Pemberton, Eddie Wilder, and Harold Dewlin. This fight will be a four-hole match.

It seems our community has several pastors who play golf and it would be interesting to see them get together. They are Joe Christman, Crescent Hill Church of Christ; Paul Farrell, First Christian Church; Warren Stowe, Calvary Baptist; and Jones Weathers, First Baptist.—Reporter.

The Southside Church of Christ began a vacation Bible school on Monday, to continue over this week.

Mr. and Mrs. J. P. Benson are visiting their son, Johnny and Yvonne. The Bensons paid the Herald a short visit late last week, and stated that it was very dry down around Burnett County, where they live presently. In fact, they stated that everything had already burned up down there.

### ANNOUNCE BIRTH

Mr. and Mrs. Leon Johnson, Brownfield, announce the birth of a son weighing 5 pounds, 5 ounces at 11:40 a.m., August 10, in a Lubbock hospital. The father is a farmer.

There were ancient civilizations in this hemisphere and trips to North America long before 1492, despite the notion that the first glimpse of intelligence came over with Columbus.

## Lorenzo Lion Take Oilers, 9 to 0, Here

The Lorenzo Lions shutout the Humble Oil Co., of Levelland, 9-0, Monday night at Lions Park in Brownfield, giving both teams a chance to warm up for the state ISL softball tournament to be held here next week.

The Lions will take on the Brownfield All-Stars, Tuesday at 8:00 p.m., at Lions Park.

On the mound for the local team will be Loy Hubbard, backed up by R. C. and Digger Morton, Max and Rex Black, and Dunk Warren.

The Lions will feature the playing of Weldon Haney, Newell Landreth, Ken Wycoff, James Abbott, and Red Denham.

## WE CONGRATULATE

### THANKS TO SUPT. DOUGLAS FOR THE FOOTBALL TICKETS

The Herald is in receipt of two sets of football passes for all the home games, coming from Supt. O. R. Douglas. He says he hopes we enjoy following the Cubs again this year.

The Old He, to whom the tickets were addressed, never attends the football games, but the Jr. member of the firm "eats 'em up," and will enjoy them to the limit. Thanks a lot, Mr. Douglas!

### NEW MEADOW SUPT. OF SCHOOLS CALLS ON HERALD THIS WEEK

The new superintendent of schools, J. L. Carroll, of the Meadow Schools, called this week, and stated to the Herald that their schools would formally open this year on Monday, August 30. Beginners will assemble Friday, August 27. He stated that the faculty was complete, with the exception of a first grade teacher.

Anyone interested in applying for that position will please contact Supt. Carroll, or Hollis Lloyd, the grade school principal, phone 3361. He also stated the old grade school building was for sale, purchaser to remove same from the school premises. There is also 250 auditorium seats in good condition.

The old building is to make room for the new gym to be erected when the new elementary building is completed. Mr. Carroll expects an enrollment of some 325 to 350.

## RADIO HAMS STAGED OPEN HOUSE, SUNDAY

An open house was staged at the new Terry Amateur Radio Clubhouse, Sunday afternoon, with more than 80 radio "hams," or amateur radio operators on hand for a swapfest which resulted in the exchange of from \$400 to \$500 worth of radio equipment.

E. C. Pool, W5NFO, president of the club, served as master of ceremonies for the program. Speakers included Wayland Groves, W5NW of Odessa, vice president of the American Radio Relay League; T. Bruce Craig, W5JQD of Lubbock, section communications manager, who explained how the ARRL affects the amateur and the amateur's responsibility in the league; and Homer Reese, W5KTX of Lubbock, who discussed ultra high frequencies. A general discussion of the single side band was heard.

The new clubhouse facilities have been provided by the Terry County Commissioners Court in recognition of the potential service of the "hams" in case of emergencies.

Visitors were present from as far away as Los Angeles, Calif., with others coming from Fort Worth, Abilene, Odessa, Lubbock, Plainview, Amarillo, Abernathy, Levelland, Morton, Andrews, and Roswell, N. M.

During the afternoon Mr. Pool introduced the officers of the local club, and Lewis Simmonds, special activity chairman for this special occasion.

Other officers of the American Radio Relay League present included R. E. Cowan, W5CF of Fort Worth, director.

Members of the South Plains Amateur Radio Club of Lubbock served refreshments, with Hugh McDonald of Lubbock, and Harry Elwell of the Brownfield Club, in charge.

## Ed and Mrs. Ellis Compliment Herald's Anniversary Edition

Friend Jack. We have just received a copy of your 50th Anniversary edition of the good old Terry County Herald, and I assure you that we enjoyed it to the fullest extent. It was a compliment from our Aunt Jessie Randal.

There were so many things that had slipped our memory, and so many names that we had forgotten that it was almost like a visit with many of them.

I am wondering if you ever have an old settlers day at any of your fair dates, or at any other occasion, and if so, I certainly would like to attend one and if not, could not one be arranged?

It did me good just to see the faces of some of the old ones like our old friend, George Tiernan, even though he has long since passed on, as well as yourself and many others.

We well realize that nothing stands still and a look at Brownfield and the surrounding country makes us realize it all the more. But as we, too, change we want to remember many things as we observed them in our younger days. And many are the things and incidents that transpired while we were there that we still love and cherish, and want to remember them as they were then. However, please do not infer that I am living in the past, but only that these are things that passed before our eyes at that time.

You will perhaps observe by this stationery that I am no longer rolling pills, but more or less living the life of Riley. Having spent so many years with my nose to the pill pile, and having been able to save enough that it is not necessary for me to do so, I see no reason to spend the rest of my life in confinement. So I am taking it easy, selling insurance when the spirit moves me.

But getting back to Brownfield and the things that have changed since we were there, I marvel at some of the improvements, namely the churches.

## TEXANS SHOULD SUPPORT SHIVERS

**PUBLIC SCHOOLS**—In the past few years our public schools have come a long way, through the encouragement and help of Governor Allan Shivers.

**WATER CONSERVATION** has had the biggest boost it ever had, but controlled by the State—not Federal Government.

**GOOD ROADS**—You have had more roads built, especially Farm-to-Market, under Shivers than ever before in Texas History.

**STATE HOSPITALS** have been elevated until they are no longer a disgrace to Texas, and being constantly improved.

**OLD AGE ASSISTANCE**—Gov. Shivers, when a Senator, wrote the first Old Age Assistance Law. A matter of raising the amount of pay will be voted on in November. He approved the bill to be submitted to the voters.

**PRISON REFORMS** during his administration have been marvelous. Texas can now boast of one of the best State Prison Systems, not one of the poorest.

**TIDELANDS**—We Texans who love our State above party name, can rejoice we had a Governor who is a Fighter, and has saved our school children a great heritage in the Tidelands—If Stevenson had been elected, we would have lost them.

**SELF-GOVERNMENT**—Shivers believes in local self-government, and as little control from Washington as possible. He also believes that when you appropriate money, that you have the money on hand and not begin to raise taxes to pay for new appropriations.

**RECOGNITION**—Gov. Shivers is recognized all over the USA as one of the greatest governors, and his services are asked in many ways to help out many public endeavors, both State and National.

Well do I remember the Methodist Church with Papa John Powell leading the choir, in the little one-room building; and the dates that I used to have with Irene, as well as many other incidents. And often when Gus comes by our home, we find ourselves talking about you, Annie Hamilton and many of the young (fry) of that date.

Again, we assure you that Mabel and I both have enjoyed the paper and have read every line of it, but we did not let it make us feel any older; but on the other hand it has made us appreciate more the good things that have come our way.

Here is hoping that you may

live to get out another 50-year edition and that it is as interesting as this one.

Your Old Pal,  
W. E. (Ed) ELLIS.

Editor's Note: Folks, this is the old boy that we told you was standing in the door of the old drug store-postoffice, with his brother, Dr. J. W. Ellis, who has been dead many years. Ed and the Old He roomed together up over the drug store, until we married in 1910. Ed and Miss Mabel Farrar married a year or two later. ### THE LOW DOWN FROM HICKORY GROVE

You know, wise as we should be after bargain' in on about 3 and a half wars in far away lands, we should have enough gumption to steer clear of the kind of Govt. they have in those lands where wars germinate. We are now—after all our experience—only a jump and a half or 2 jumps ahead of the same big type Socialism that has flattened western Europe.

In these foreign places the Govt. has elbowed out from private management the railroads, telephones, kilowatts, steel, mining. Big Govt. in these places has kept the noses of their people to the grind stone. Opportunity—in many lands—does not beckon to the young feller with pep, vinegar and vim. These countries are not now equal to or able to even run their own wars—our own free enterprise USA must be called in to foot the bills. An oozy kettle of fish.

Now—I say—the voters of our own fair land have got to do more screening of candidates when they next amble down to the voting place. Look at this little group of left handed gentry that has been stalking the USA Senate—posing as patriots as they promote bigger and broader and more costly and expanding socialistic "projects." One jump and a half—not 2—ahead of a flattened socialist Europe—that is us as we plod our calm way—and never chirp—but should.

Yours with the low down,  
JO SERRA.

### The Harve HARRISES Write From Detroit On Trip to East

Dear Mr. Stricklin: Am writing more about our trip to the East, and hope you have room for it. I think we wrote last from Jacksonville, Fla. Wife and I enjoyed sight-seeing in New Orleans, Alabama, Georgia, and Florida, as well as the Carolinas and Virginia. We also spent a day sightseeing in Washington, and one in New York City. We spent five days visiting one of my wife's uncles in northern New York, on a dairy farm, and enjoyed it very much.

Her uncle then took us to the train at Albany, and we spent a night in Buffalo, N. Y., and next day at Niagara Falls. From there we took a train on the Canadian side to Detroit, Mich., traveling several hundred miles on the Canadian side. This country is level and well watered, and perhaps was once in timber, but now in small farms, and looks fine for wheat, a lot of feed crops and tobacco.

From New York City north, is a very broken, rough country, well watered, and mostly small dairy farms and stock farming. Most everyone has large, two-story homes, built many years ago, but well kept. All northern country shows prosperity. We had purchased a new Chevrolet car as we came through Amarillo, which we drove to pick up in Detroit, and drive on home to New Mexico, but on arrival, we found it was to be picked up at the factory at Flint, 60 miles still further west. But old Harve Harris is a good talker, and took the matter up with the Chevrolet people in Detroit, and they with the factory at Flint. The factory was instructed to get a car ready, and they sent us and our luggage on to Flint without charge. We are to receive our new car tomorrow and drive on to the Mayo Clinic at Rochester, Minn., where wife is to get a check-up. May be several days before we head in for home.—Harve Harris.

(Editor's note: Harve must have carried that letter dated July 2, in his pocket for a month, as we just received it last week. Never did receive the one he wrote from Jacksonville, Fla.)

William Thurman and family, of Edmondson, Texas, visited over the weekend with his parents, Mr. and Mrs. J. E. Thurman.

Mr. and Mrs. S. L. Tingle and sons are visiting in Illinois.

### HALL COUNTIANS TO HOLD FORTH, SUNDAY

Y'all come, was the greeting from a card received from the president and secretary of the ex-Hall Countians, who are to meet Sunday, August 15, at McKenzie State Park at Lubbock.

While we had a personal invite on the card, we are delegating Lense Price to represent us, as he used to be "Red Hat" down there on a ranch in his younger cowboy days. But Lense says he's afraid he will not know many of those who gather from that county at Lubbock.

After all, it has been some 40 odd years since Lense branded the brutes down in old Hall.

### HOW TO KEEP THE CUSTOMER

It's no mystery why people keep on patronizing certain stores. They trade with them because they believe they can get lower prices, or better service, or more attractive selections, or some other appealing inducement.

What may not be so well known is why people stop patronizing certain stores and take their business elsewhere.

Kentucky Grocers News recently touched on this. It said that a recent survey showed that of all customers lost by stores, one per cent died, three per cent moved away, five per cent changed because of friendship, 14 per cent were not accounted for. That leaves 68 per cent. And this big majority took their trade elsewhere because of indifference on the part of the store. In other words, they had been made to feel that their patronage was not needed.

Nowadays merchants of all kinds and sizes, independents and chains, are concentrating on improving their contacts with customers. The fact that we are in a strong buyers' market has made that inevitable. A rude or inefficient or bored salesperson can drive squads of potential customers away, and for keeps. So successful retail stores are seeing to it that customers are warmly and courteously greeted and made to feel wanted and at home.

This is good for stores. It is good for the buying public, too.

### SANTA FE CARLOADINGS

Santa Fe carloadings for week ending August 7, 1954, were 20,411, compared with 22,935 for the same week in 1953. Cars received from connections totaled 11,049 compared with 12,327 for the same week in 1953. Total cars moved were 31,559 compared with 35,262 for same week in 1953. Santa Fe handled a total of 32,457 cars in preceding week of this year.

Red Cross distributed sufficient serum albumin to the American people so that on the average one person every 22 minutes during 1952-53 could be given the minimum dose (100 cc) treatment of shock and liver and kidney diseases.

The most shy woman has courage enough to talk scandal.—Dutch Proverb.

### A PHONY ARGUMENT

One allegedly potent argument against the President's decision to have the Atomic Energy Commission contract with a group of private electric companies for large quantities of needed power is that the power could be bought much more cheaply from TVA.

Senator Goldwater of Arizona answered this succinctly in a speech in which he said: "Any claim to saving by purchase from TVA is fictitious at best. If TVA paid interest on money it obtains from the Treasury, and taxes—local, State, and Federal—equivalent to those paid by private industry, there would be no saving. I am sure that no one who has had dealings with Government is naive enough to think that, all things being equal, a governmental agency can do business more economically than private industry. I am sure that no branch of Government could operate a business as efficiently as private enterprise."

In any government operated commercial business, purely political considerations inevitably influence policy—and the bigger the government business concerned, the more politics is apt to enter into the operation. That in itself makes for waste and inefficiency, no matter how able the engineers and other technical personnel may be.

Elsewhere in his talk, Senator Goldwater pointed out that electricity is the cheapest thing the consumer buys. Then he made this memorable statement: "I cannot forget . . . that if the government controlled power, it would have an iron grip on industry and even on our domestic life. That is one of the isms I do not want the government to have."

Port Huron, Mich., Times Herald: "Nobody has a right to damage the confidence of the public in his employer—whether the employer is the public itself or a private firm or individual . . . And anybody who sidesteps—even legally—questions dealing with his loyalty to his Country invites discharge from his position, whatever it is."

### GRASS ROOTS OPINION

Lafayette, La., Progress: "The most frequent violator of postal laws is the home mail box thief. Some 3,851 persons were caught in 1953 for stealing mail . . . A woman mail box thief for five months averaged \$100 daily stealing checks from apartment houses. A man stole electric light bills and confronted housewives saying bills were overdue and current would have to be turned off immediately unless the bills were paid. Before he was caught he collected \$1,500."

Pineville, W. Va., Independent-Herald: "The average American loves freedom and all that it implies, with an almost holy zeal . . . But no individual has a right to turn his car into a lethal weapon and menace the lives of others."

Mebane, N. C., Enterprise: "Nearly every reader of this editorial can become a relatively wealthy person if he follows one simple rule. That is to spend less money each week than he makes. Men like Benjamin Franklin, and others on down through the years, have become wealthy by following such a rule."

### LOUISIANA PROTECTS "THE RIGHT TO WORK"

On July 2, Louisiana became the 17th state to protect its citizens' Right to Work. That day Governor Kennon signed a bill which guarantees that anyone can join or refuse to join a union, as he chooses.

In a letter to the legislature the Governor said: "I have always been a believer in the value of organized labor . . . I believe that too many rights of the individual have been infringed upon by the modern trend toward governmental regimentation and that it is good for our American system of government to have a maximum of individual liberty. The bill which I have approved secures to every man and woman in Louisiana a freedom of choice."

Louisiana is to be congratulated!

Airman 3-c Joe Billingsley and wife, of Cheyenne, Wyo., visited their parents, Mr. and Mrs. John Billingsley and Mr. and Mrs. Pete Bridges recently. They returned to his station July 31.

Mr. and Mrs. Ted Cole and two children of Tulsa, Okla., visited last weekend with her parents, Mr. and Mrs. Lence Price, Brownfield.

## The hit that's changing the sales standings puts you way ahead 3 ways

THIS year Buick has done what no other car has done in more than a generation. This year Buick has moved into the lofty circle of America's three top sales leaders—a circle once dominated only by the so-called "low-price three." For today, Buick is outselling all other cars in the nation except two of these "low-price three." And each new month's sales figures strengthen Buick's new sales leadership.

You can't do better—if you want the best buy for your new-car money—than to look into the soaring success that is Buick today. You'll find this glamorous new-day beauty puts you way ahead in three important ways—that's for sure. So drop in on us—tomorrow at the latest—and see for yourself that Buick is the buy of the year, hands down.

- 1. More new car for your money**  
Buick prices start close to the lowest—just a few dollars above those of the traditional "low-price three." But those few more dollars for a Buick get you a lot more automobile—more room, more comfort, more V8 power, more ride steadiness, more solid durability—plus the advanced "tomorrow" styling that has taken the country by storm.
- 2. More money for your present car**  
With our great and growing sales volume, we can offer you a bigger trade-in allowance on your present car when you buy a new Buick. After all, the more new cars we sell, the better deal we can make with you. So you get the benefit of our great success in the form of a higher trade-in allowance.
- 3. More dollars when you trade**  
Because Buick's broad panoramic windshield has started a whole new styling trend, you can be sure that today's Buick will keep its modern look for years to come. So you are assured of a higher resale figure when you trade it in later on.

### Stricklin Speaking

By OLD HE  
(Continued from Front Page)  
and he piled up on the seat.

And our good friend—we started to say old friend—but she would "relet" that, as she is not old, she and we just happen to have been here a long time—wants us to say a few words about "type lice," which were found in profusion in all ancient printing offices. The Herald was badly infected with them up to around the 20s, when we received our first Linotype machine.

Anyway, for the benefit of the newer people, will say the whole idea was a joke of the queerest rank, to start with, and was invented by some printer to give a friend a sudden shock. Oh, of course not much danger, but rather abrupt to a fellow's feeling. To start with, the idea of "type lice," was all in the imagination of the printer. There was no such animal, and a second thought would have convinced the receivee that there could not be any bug that could possibly eat lead type, hardened with a copper mixture.

But the old printer would broach the matter in a very serious way, by asking his visitor if he ever saw any type lice. Strange as it may seem, no one ever caught by the joke, ever revealed it to others. So, he just let them bite, too. The idea was to open a column of type, separating the column by some two inches. Water was then poured in the opening and the victim advised to get down near the type quick, as the lice were very small, and would soon disappear. When the victim bent over to take a peek, the old printer would close the gap quickly, splashing the victim's face full of water.

We remember that one time Mrs. Elbert Wright, who with her husband ran the postoffice and a grocery down the street from the Herald office, which at that time stood on the site of the old State Bank building, Main and 6th, while the Wright store was along where the Knight hardware is now located. She came in to bring their ad. Yes, people actually carried their ads to the newspapers in those days. Mrs. Wright, sister of Tom May, was a very sweet lady, smooth tempered, etc. But as soon as we showed her the "type lice" she broke for the door, and down the street toward the store, wiping her face as she went.

We just knew that Elbert would be up in a few minutes to wipe up the earth with us, and frankly we went to the door occasionally to see if he was on his way up. Finally, here he came, but Mrs. Wright was with him. As they entered the door, Mrs. W. stated that Elbert wanted to see some "type lice." We showed 'em to him, and we don't remember that we ever saw a lady get the laugh Mrs. W. got from that incident.

But many, instead of acknowledging it had been caught, would bring others to see them get their face splashed with water.

Specializing was an unknown factor back a few generations ago. The school teacher of that time was supposed to be able to teach the "young idea how to shoot," in all the three R's, Reading, 'Riting, and 'Rithmetic. But, today, the teacher specializes in Math, Language, History, or what have you. Then, take the medical profession. You hardly ever see what we used to call the old family physician. They are all specialists, and all want to get to the big cities where they can erect a sign in some high and mighty building that Dr. Phil Dobber treats chronic cases of phlochioocosis, or something.

We get a little monthly magazine that well illustrates this. The little paper is The Southwestern News, publication of the Southwestern Christian College, a Junior College for Negro students of the Southwest, maintained by the Church of Christ, down at Terrell, Texas. Anyway, the little paper stated that recently a movie star in Hollywood got in touch with a veterinarian, as she had a sick dog, and was trying to give the animal doctor a description of the ailment.

At that point the Vet. asked the lady what breed of dog she had, and was told it was a cocker spaniel. The Vet. informed her that he only treated French poodles. We have occasionally run up against some printers, who were trained in a city, perhaps, and had specialized in one thing, maybe as a job press feeder, Linotype operator, automatic press operator, makeup man, or what have you. Wouldn't touch anything else for a ten karat diamond ring. Well, you can guess how much

such a guy would be worth to a country print shop like the Herald.

Be like a farmer hiring a man to help on the farm, and all he could do was feed the hens. And speaking of farmers, that reminds us of our good friend L. H. Plant, out in the Johnson community. Going to have a lot of ripe tomatoes soon, and is to bring us a sample of them, as soon as sun-ripened, and that's the way we like 'em. Now all you other birds stay out of the Plant's tomato patch, dagnab you.

B. F. Clemmer, of Meadow, was down last week and dropped in to up his paper a couple of more years. Campbell is one of the old comers of Terry, having arrived when our county was weaned off from Mamma Martin County, and set up housekeeping of its own.

Well, sir, he fooled around up there until one of the J. W. Peeler girls had to marry him to get rid of him. Anyway, B. F. was showing us an old coin, a silver half dollar of 1829, and that was not too long after the new Republic of the USA was set up, or 125 years ago. Not for sale, he stated.

Got out with a mess of the Price generation, who were holding forth at the Coleman Park Friday night. We thought as we had some by Jimmie Thomason's melon patch late, that we would be late, but some of the kith and kin had come from New Mexico, and some from as far south as Odessa, after they got off work.

But the wait was worth it, as you never saw the likes of food piled on tables for just the kin, and a few invited guests. All the Price gals are noted cooks—got it from Ma Price. Then all the boys were lucky boogers and every mother's daughter of them are good cooks, and they don't spare the fat, butter, 'tatters, flour or other ingredients to turn up something so appealing to the appetite of man, woman and child, as to make a man hit his grandpappy.

But Bayne, the Yoakum County stockman-farmer took the prize in our estimation as the blackest. It will take him to Christmas to get all the sunburn out of his hide.

Ollie Riddle, the Rawleigh man from over at Wilson, was over this week. He is still trying to get a representative for Terry County. Mr. Riddle believes that a person could make good money just selling the Rawleigh products right here in town.

#### PAPPY PIROOTER WATSON CLAIMS TO BE OLDEST

Another reminder of the fleeting years was the 50th Anniversary edition of the Terry County Herald which Andrew Jackson Stricklin has published since 1909.

It was a dandy and we read it one night until 2 in the yawning. Had better than 50 pages. It was filled with stories of the past—clear back to the days when Gomez, which you can pass through without noticing, was the county seat, had a bank and a newspaper. The edition had a lot of fine advertising from Brownfield business concerns.

A few days before the anniversary number hit the mails, the Lubbock Avalanche published a story of its coming and paid tribute to the Herald's long time editor.

In several places it referred to the "Old He" as aged, venerable, etc., etc. As stated above, Stricklin started his career as a newspaper owner in 1909—45 years ago. So what does that make us? . . . we started our first newspaper the first week in December, 1907. The Mountain View Standard at Mountain View, Mo., deep in the Ozark Mountains.

We go back there often and we always go in and look at that first newspaper. It's there, along with all those which have been printed since then. A vault full of them. The newspaper has never had but three owners . . . The Old Pirooter, who was only 17 in 1907; the man we traded the paper to for a rubber tired buggy, a team of Hambletonian mares and \$300; and the gentleman who now owns it and has for the past 15 or 20 years.

So, after this, you jerks and jerkees be more respectful to this aged, venerable and vericosed veined old vagrant. We still weigh over 200 and can lift 400 pounds dead weight clear off the floor . . . want to bet?—Old Pirooter in Denver City Press.

While we can ante-date 1907 by several years as a printer, say back in 1896, we just did not have a buggy and two high-stepping ponies to trade for a paper. We do claim, however, to have stayed in one place longer than Pappy. Stayed so long we got too poor to move. Guess that will hold you?

### Bro. Yarborough Comes To Town Full of Venom

Judge Ralph Yarborough was in our midst early Wednesday morning with his usual message of trying to stir neighbor against neighbor, as he knows that is the only way he has a chance of getting to be governor. You never know what he has in mind. In South Texas he'll say what he thinks will suit that area; in East Texas, and North Texas, and West Texas, he has another message.

But it is always the same old tune. All the good people and angels of heaven are supporting him, and the devil and his angels are for for Shivers. And he changes his tune every time the moon changes—even more so. We understand he stated the Herald was not telling the truth about him. How can we, when he changes his platform every day?

We also understand that he accused the editor of the other paper here of cutting the wires to his loud speaker. The idea that a lot of people will support a man for the high office of governor, that stoops to such 'little stuff is beyond us.

We did not hear Shivers, but we were told by people who did, that his talk was in line of harmony of local people, that they might accomplish more for their community and area. Of course he emphatically stated where he stood on issues, whether he is in east, south or west Texas, and don't change it the next day.

But when a man comes in your midst making everyone a liar except himself, better watch that man. He bears watching.

Mrs. Johnnie M. Gaunt

Mrs. Johnnie M. Gaunt has assumed duties as chief operator for the General Telephone Co. of the Southwest in Brownfield. She succeeds Mrs. Dolores Ramsey, who was transferred from Post where she was evening chief operator for the past two years, is a former resident of Brownfield, and is the daughter of Mr. and Mrs. John W. Jenkins, City.

THE STATE OF TEXAS

To any Sheriff or any Constable within the State of Texas—GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Terry County, Texas, the accompanying citation, of which the herein below following is a true copy.

CITATION BY PUBLICATION THE STATE OF TEXAS.

To: Mary Jane Ramirez Perales, Defendant, Greeting:

YOU ARE HEREBY Commanded to appear before the Honorable District Court of Terry County, at the Courthouse thereof, in Brownfield, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 6th day of September A. D., 1954, to Plaintiff's Petition filed in said court, on the 2nd day of February A. D., 1954, in this cause, numbered 4314 on the docket of said court and styled A. C. Perales, Plaintiff, vs. Mary Jane Ramirez Perales, Defendant. A brief statement of the nature of this suit is as follows, to-wit: Divorce on grounds of adultery, as is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and seal of said court at Brownfield, Texas, this 20th day of July A. D. 1954.

Attest: ELDORA A. WHITE, (SEAL) Clerk, District Court, (4) Terry County, Texas.

### Important?

Who you favor for governor is not so important as owning a modern five-room home that you can live in or rent for good money. Practically new and modern, with first lien of \$4,325. Payable \$65 monthly. The full price of \$8,000, is cheap if you consider the location near school and good value of this property. Shown on appointment only as it is rented.
