PEOPLE and THINGS

By J. W. S.

ENJOYED OUR first swim at Lake Cisco pool the other afternoon and it is easy to understand why it is one of the region's outstanding amusement centers. The pool is very large and they have just about everything that a fine swimming pool needs.

MANAGER BILL Berry reports that last Sunday's crowd was the largest at the pool and park in a great many years — unless there was something very extra special. The swim season is just getting underway. The pool opened in mid-May to accommodate numerous school classes and student parties.

THEY HAVE something new at the park. It's a miniature train. It was installed the other day and trial runs were made Thursday and Friday. It'll haul 15 or so kiddies. Something else new this year is the whirling sort of ride. Manager Berry reports that this may be the beginning of a real midway for the park, possibly beginning next year.

IN ANY EVENT, Lake Cisco is a real asset to our town. If the fish would just start biting everybody's hook, it's popularity would know no end.

DROPPED UP TO the skating department for a look around. A small fellow wearing a green cap was very fancy indeed on skates. He could figure eight backwards and cut all kinds of didoes. Skating is a very deceiving business. It looks so easy that practically anybody will think they can do it. But just try it.

MR. ELSWORTH Mayer staged an impromptu program that turned out to be a lot of fun at the Rotary luncheon last Thursday. He started off with a humorous talk. Then, he called on members of the club for entertainment features. Willard White played his guitar. A string trio was played by Mr. White, S. E. Hittson and A. E. McNeely. Then, Rev. Stuart Rohre, E. P. Crawford, J. J. Collins and Mr. Hittson formed a quartet to sing.

VISITORS AT THE Rotary meeting included O. D. Dillingham of Abilene, bossman of the Banner Creamery, and H. E. Strickland, also of Abilene.

HANKINS NORMAL STUDENTS TO HOLD MEETING

Frost, President.

Commencement Speaker Sets Goal For Cisco's 65 Graduating Students

Dick West, principal speaker at the high school commencement ceremonies Friday night, recalled that it had been 18 years since he stood on that platform as valedictorian of his class and it was five years later that he took his masters degree in Journalism at the University of Texas.

At that time, he said, he decided that it was intelligence but now after 13 years of experience in the

world he had decided it is moral integrity that is most needed.

He then entered into a discussion of some experiences he had had and witnessed in the courts of Dallas while working at his job of news writing for the Dallas Morning News. He reviewed instances of depravity that needed moral integrity instilled into their minds, saying that a poll of an Eastern university showed that young men were most interested in women, money, drinking and sports. A like poll of young women 17 to 21, brought out that their greatest interest was having a good time and getting a good husband.

He then reviewed the divorce courts and gave alarming statistics of the increase of divorces.

He then gave liquor his attention showing its degrading influence.

Mr. West then turned to the future with its marvelous achievements in chemical research and application. He showed there was plenty left to do for the graduates commencing real life at this time.

He wondered if the proper moral integrity had been instilled in the minds of these graduates and if they would continue in study and training for life's problems and thus make themselves worthy of the name of Cisco graduates, and worthy of the confidence of these teachers who has spent so much time and patience in training their lives thus far.

He paid his respects to some of the pioneer teachers in Cisco high school whom he said were worthy of the name of real teachers and hoped that the future of these graduates would not disappoint their parents and teachers, in whose lives their future would be most important.

He wanted them to make the world better for their having lived in it.

DOWN TO A WATERY GRAVE

About 138 miles west of San Diego, Calif., the U. S. S. Salt Lake City, a target for atomic tests at Bikini and still dangerously radioactive, is submitted to strafing, rocket fire, and aerial bombardment. Here, a torpedo strikes her amidship, thus ending a glorious career of an American fighting ship. (NEA Telephoto).

ZIONIST TAKEN FROM U. S. SHIP

Sixty-nine "Zionists of Military Age," including 41 Americans, were taken off the U. S. Lines ship, Marine Carp, at pistol point when the freighter stopped at Beirut, enroute to Haifa. The group was seized by Lebanese authorities and is believed to include these students, above, waving from the deck of the Marine Carp when they sailed from New York for Palestine. (NEA Telephoto).

Many Soft-Ball Games Scheduled For This Week

Following a week in which two night games were postponed because of rain or wet grounds, ABC commercial and church leagues as well as hundreds of soft ball fans, are looking for sunny skies, so a full week of games can be played.

Present leaders in league play are the Christians and West Texas Utilities, both undefeated in regular church and commercial league games. Cisco Junior College plays host to the Moran team Monday night at 8.

Regular scheduled league games for this week include:

Tuesday — Christians and First Baptists; Cisco Independents and R. L. Boyds.

Thursday — Methodists and East Baptists; West Texas Utilities and Cisco Junior College.

Friday — Christians and Methodists; Scranton and R. L. Boyds.

Saturday — Game will be announced later.

All league games start promptly at 7:30 when the church teams begin play. Commercial league games get under way at 9 p. m. All games with outside teams start at 8 p. m. so the visiting team can get an early start home. In cooperation with the ministerial association, which group's backing has been an important factor in the success of the ABC soft ball program, no games are scheduled for either Sundays or Wednesdays.

The one-column base-ball-shaped "cut" publicizing ABC soft ball games has been received and will be first used in Tuesday's Daily Press, with each evening's games listed under the "cut." This gesture of goodwill on the part of the ABC Club will provide last minute information on games to be played.

Hitory's Longest Trial Cost \$7,300,000

TOKYO, (UP)—The allied trial of Japanese war lords was the longest and costliest legal undertaking in history.

At the end of the hearings, the trial was 15 days short of two years. The recess for the verdict occurred on the 419th courtroom day. During that time, 10½ months were consumed by the mixed allied prosecution and 13 months by the Japanese-American defense.

The Neurenberg trial lasted 10 months and 10 days.

The Tokyo trial is estimated to have cost an average of \$10,000 per day. That would bring the cost to more than \$7,300,000. Eventually, the bill is to be footed by the Japanese government.

Body Of Audrey Coats Returned For Cisco Burial

The body of Audrey A. Coats son of Mr. and Mrs. Harris A. Coats, Route 1, Cisco is one of the remains of 4,459 Americans who lost their lives during World War II being returned to the U. S. from Manila aboard the U. S. Army Transport Lieutenant Geo. W. C. Boyce, the Department of the Army announced today. Arrival of the vessel will be announced by the San Francisco Port of Embarkation.

Armed forces dead originally interred in temporary military cemeteries in New Guinea and the Philippine Islands are among those being brought to this country.

A total of 255 remains are being returned upon instruction of next of kin residing in Texas.

The Army stated that each next of kin would be notified in advance of the arrival of the vessel, and again three days before remains are sent to the next of kin by the regional Distribution Center of the American Graves Registration Service.

Under the program for final burial of World War II dead, next of kin may elect to have remains returned to the U. S. for burial in a private or National cemetery, or may request interment in a permanent American military cemetery overseas or a private cemetery in a foreign country which is the homeland of the deceased or of the next of kin.

The class is very grateful to the superintendent, school board and all concerned for the many considerations shown during the school term.

Four Volley Ball Teams To Play Monday Night

Volley ball will really start in earnest Monday night at the regular ABC weekly session of this sport at the high school gym at 7:30 when four teams will play. These present entries into a league which is expected to include teams from various churches are: First National Bank, the Lions' Club, High School and College teachers and the Cisco Independents. Volley ball committee chairman Ralph Glenn and committeemen, O. L. Stamey and Willard White are busy formulating an official schedule.

Every ABC member, whether interested in playing or watching volley ball games, is invited to come out Monday evening and see what progress his club has made in this sports activity. Nineteen players attended the games last Monday, and all professed their intentions to meet at the gym again this Monday night. A number of other players who were unavoidably detained from joining in the play last week are expected to be in action serving, spiking and setting-up the ball when Mayor Edward Lee blows his umpire's whistle to start the games.

Those who by their presence have made this game a regular Monday night sports fixture, know what a fine work-out and good-fellowship recreational activity volley ball can be, and they eagerly look forward to the next week's session. Probably no other sport, indoors or out, provides such a splendid opportunity to get into a competitive game that requires co-ordinated team work," said the committee.

"Already waist lines are diminishing, muscles are toughening, and excess fat is being taken off as this group of volley ballers, from all Cisco walks of life, get into the game and display a fine spirit of good sportsmanship, one of the characteristics the ABC Club endeavors to create or bring out.

"All men of the Cisco area are cordially invited to come and play or see the volley ball games next Monday night. Many who come, bring along the wife and kiddies or their girl friend — there are plenty of good seats for them, too."

TO THE VOTERS OF PRECINCT 6

In making my announcement for Justice of the Peace Precinct 6, I will say I was appointed Justice to fill out the unexpired term of Mr. Brown who resigned. I have only been elected one term and I feel like that I would be entitled to a second term if I have been true to my oath of office to enforce the law without fear or favor and I have done my best to be fair to all regardless of their station in life. I have never allowed anyone to be mistreated in this court for it belongs to the people and I try to treat people as I would like to be treated.

There are people here who criticize me for my law enforcement if they would help the law and back them up in their work they could make Cisco a better place in which to live.

I will not be able to see all the voters as most of my time is taken up in the affairs of the office but I want you to know that I will appreciate your vote or anything you can say or do for me in this July 24th primary.

Thanking you for past favors, I am, H. S. Stubblefield.

COOK-KING WEDDING HELD HERE FRIDAY.

In an afternoon wedding Friday Miss Ruth Cook, daughter of Mr. and Mrs. S. L. Cook, became the bride of Alvin King of near Cisco. The double ring ceremony was read at 2 o'clock in the auditorium of Cisco Junior College by Rev. Otis Strickland, pastor of First Baptist church of Cisco. White gladioluses and daisies decorated the auditorium, with greenery and floor baskets of stock and gladioluses forming a background for the exchange of marriage vows. Wedding music was furnished by Miss Barbara Grist who played the traditional wedding music and accompanied Mr. Fred Gungardner who sang "Because" and "I Love You Truly." The bride, given in marriage by her father, wore a white satin gown, fashioned with fitted bodice, long sleeves which came to a point at the wrists and full floor length skirt. Her finger tip veil fell from a coronet of orange blossoms. She carried a white Bible on which a single orchid was placed. For "Something Old" she wore a gold pin which had belonged to her grand-mother more than fifty years. "Something Borrowed" was a strand of pearls belonging to Miss Mary Jo Isenhower. Her maid-of-honor was Miss Mary Jo Isenhower who wore a becoming ivory taffeta floor length gown and carried a colonial bouquet of pink carnations.

The bridesmaids, Betty Jean Gorman, Lois Ann Clark, Mary Maud McCrary of Cisco and Mrs. Jackie Noble of Moran were identical gowns of blue taffeta and carried bouquets of yellow Marguerite daisies. Little Janet Cook, niece of the bride, flower girl, wore a yellow taffeta gown fashioned like the maid-of-honors.

Stanley Williams, student of Baylor University, served as best man. Ushers were: Donald Price of Brownfield; Doug Garner of Olden; Wesley Rutherford of Putnam and Raymond Penn of Cisco.

The bride is a graduate of Cisco high school and attended Cisco Junior College the past school year. The bridegroom is a graduate of Cisco high school and is now a student of Cisco Junior College.

The wedding had the unusual distinction of being broadcast and was heard over station KSTB Breckenridge.

When the couple left on a wedding trip to Ruidosa, New Mexico, the bride was wearing a street dress of navy crepe, pink hat and gloves, with bag and shoes of navy. Upon their return they will make their home here while attending Cisco Junior College.

The double ring ceremony was read at 2 o'clock in the auditorium of Cisco Junior College by Rev. Otis Strickland, pastor of First Baptist church of Cisco. White gladioluses and daisies decorated the auditorium, with greenery and floor baskets of stock and gladioluses forming a background for the exchange of marriage vows. Wedding music was furnished by Miss Barbara Grist who played the traditional wedding music and accompanied Mr. Fred Gungardner who sang "Because" and "I Love You Truly." The bride, given in marriage by her father, wore a white satin gown, fashioned with fitted bodice, long sleeves which came to a point at the wrists and full floor length skirt. Her finger tip veil fell from a coronet of orange blossoms. She carried a white Bible on which a single orchid was placed. For "Something Old" she wore a gold pin which had belonged to her grand-mother more than fifty years. "Something Borrowed" was a strand of pearls belonging to Miss Mary Jo Isenhower. Her maid-of-honor was Miss Mary Jo Isenhower who wore a becoming ivory taffeta floor length gown and carried a colonial bouquet of pink carnations.

The bridesmaids, Betty Jean Gorman, Lois Ann Clark, Mary Maud McCrary of Cisco and Mrs. Jackie Noble of Moran were identical gowns of blue taffeta and carried bouquets of yellow Marguerite daisies. Little Janet Cook, niece of the bride, flower girl, wore a yellow taffeta gown fashioned like the maid-of-honors.

Stanley Williams, student of Baylor University, served as best man. Ushers were: Donald Price of Brownfield; Doug Garner of Olden; Wesley Rutherford of Putnam and Raymond Penn of Cisco.

The bride is a graduate of Cisco high school and attended Cisco Junior College the past school year. The bridegroom is a graduate of Cisco high school and is now a student of Cisco Junior College.

The wedding had the unusual distinction of being broadcast and was heard over station KSTB Breckenridge.

When the couple left on a wedding trip to Ruidosa, New Mexico, the bride was wearing a street dress of navy crepe, pink hat and gloves, with bag and shoes of navy. Upon their return they will make their home here while attending Cisco Junior College.

One of the most unusual clocks in the world, according to the World Book Encyclopedia, is the great clock in the Cathedral of Stras-

bourg, France. This clock not only tells the hour and the positions of the heavenly bodies, but also points to the dial which tells the time of day is a procession of gods and goddesses which show the days of the week. Quarter hours are struck by figures on the clock, one of which turns an hourglass. At noon each day a procession of the Apostles appears, while a cock above crows three times.
