PEOPLE and THINGS

By J. W. S.

AFTER HEARING about a fellow's fishing experience, we're considering taking some ice cubes from the refrigerator and taking out to the lake. Heard about a fellow who was on the lake just after a hail storm. The hail balls attracted the fish. Eating the hail, the fish got sick and came to the top. All the man had to do was take a hand net and gather them in.

ONE OF THE Cisco Kids will be home this week-end. He's a horned toad and he's the pet of Sgt. Bill Alexander, son of the R. C. Alexanders of College Hill. The sergeant telephoned home this week that he has landed at Westover Field, Mass., after being in Greenland for the past year with the Air Forces.

DURING THE WAR, his parents sent Sgt. Alexander three horned toads to Greenland. The largest one was immediately named "the Cisco Kid." He accompanied the Sergeant to England, France and other points in the European Theatre. And his parents are looking forward to seeing their son again this week-end.

COMES A LETTER from Mr. H. L. Cooper of Ontario, California, to endorse our suggestion that we had oughta publicize the Cisco Kid as being a native of our good town. "I was raised there and I still am the Kid but a little grey."

MR. COOPER reports that his sister, Mrs. D. M. Carr, sent him a gallon jug of water from Lake Cisco not long ago and that he used it as a tonic to pep him up. He also sent regards to Mr. Char. J. Kleiner and expressed the hope that the gym-auditorium fund went over with a bang. "Why not send out cards to every Cisco boy and girl of the older class and see how much donation you receive?" he asked. He hopes to visit his sister and friends in Cisco very soon.

OUT AT THE softball game last night, we decided that Jackie Leech, catcher for the Baptists, is a major league prospect. He still needs a little polish, but he has got the spirit and the drive. For example, you ought to hear him talk to his pitcher. "Put her right here, Baby," he'd say. And he occasionally suggested to the umpire that perhaps a decision was hasty. Jackie's not the only youngster who's looking good. There are a lot of others.

Cisco Girl One of NTSC Graduates

DENTON, (SPL) June 2.—Dorothy Nell Pugh of Cisco was one of 32 North Texas State College seniors to be graduated with honors in commencement exercises held Wednesday night, June second.

The daughter of Mr. and Mrs. E. L. Pugh, 402 Front St., Miss Pugh received the bachelor's degree in music.

While attending NTSC, Miss Pugh was a member of Kappa Theta Pi sorority, Sigma Alpha Iota, music organization, Alpha Chi, Senior Mary Arden Club, Aces of Collegeland band, NTSC symphony orchestra, string sinfonietta, pit orchestra, Gammations and the Junior Mary Arden Club.

In 1946, Miss Pugh was a year-book beauty and duchess of the NTSC Water Carnival.

Prizes Arranged For 13th Annual Golf Tournament

Preparations for the 13th annual golf tournament at the local Country club, are being rapidly completed, said Norman C. Huston, general chairman of the event, to be held June 18, 19 and 20.

Prizes have been bought, list prices of which will approximate more than \$700, tickets and posters out and other committees functioning in their various capacities, it was stated.

J. L. Thornton is chairman of the prizes committee, Huston is in charge of posters which are already up, while the food committee, Nick Miller, Simon Copeland and C. M. Townsley, have their part of the program well in hand. W. C. McDaniel is tickets chairman.

Mr. Huston and Charlie Burke compose the advertising committee while President Paul Woods is chairman of the entertainment committee, composed of W. C. Hogue, R. L. Ponsler and Geo. Fee.

Some top notch golfers are expected to be present in the plays, such as Bobbie Maxwell, Abilene; Russell Crownover, Stamford; Jimmie Phillips of Ranger, and others of surrounding area.

Veterans Get Additional Subsistence For On-the-Job School Training

The Veterans Administration Dallas Regional Office has begun the review of 39,000 veteran trainees' files to accomplish necessary subsistence adjustments under the terms of a new law which raises the ceiling for former servicemen receiving on-the-job training and provides increased benefits for part-time students. Allowances will be changed automatically by VA in some cases.

Heretofore, increased subsistence allowances — \$75 a month for veterans with no dependents, \$105 for those with one dependent and \$120 for those with more than one dependent — were limited to full-time students in colleges, universities and schools. The new law gives proportional increases to the veteran who spends part of his time in classroom to receive related instruction. It provides increases or adjustments retroactive to April 1, 1948.

The acting manager said the trainee status reports mailed to veterans in the 51 counties of the Dallas Region must be filled out and returned to VA before any adjustments in payment of subsistence allowance can be made. The new law provides that veter-

Lions Hear Musical Numbers at Lunch

A musical program and the introduction of two new members of the club, were the highlights of the Lion program at College Cafeteria today, when program chairman C. E. Paul presented Misses Rena Belle Bible and Lovell Paul in piano and vocal numbers, and Skipper Porter in claret.

Miss Paul played two piano numbers and encore, and played the piano accompaniment for the other members of the program. Miss Bible sang two vocal num-

PROMISES TO MAKE GOOD.

READING, P. (UP)—A thief with a conscience has promised Mrs. Ida Hoyer that eventually he will return all of the \$35 he stole from her home. Mrs. Hoyer told police that along with the promise contained in a note addressed to her she received two \$5 bills as evidence that the writer meant to keep his word.

Field, was so damaged by the wind that it was taken down Monday, but Clyde Karkalits, secretary of the school board, reports cash and pledges on hand to the amount of \$13,622.

Mr. Karkalits said that his books showed \$8,707.25 had been received in cash, while \$4,914.75 had been pledged, making a total of \$13,622, which leaves \$1,378 yet to reach the \$15,000 needed to restore the building into a gymnasium, ready equipped for use.

It is understood that men will leave Cisco this week for Del Rio where dismantling of the building will begin. It will require about 90 days to set up complete in Cisco.

John Tarleton Held Graduation Monday Night

John Tarleton College commencement exercises were held May 31 with 130 students receiving diplomas.

The following students from this area received graduation honors in the college division:

Breckenridge — Louise Harris.
Cisco — Betty LaVerne Jones.
Comanche — Jack W. Ferrill and Joe J. McEntire.

DeLeon — John E. Burleson and Johnnie Lightfoot.

Desdemona — Dorothy F. Wittie.
Eastland — Odis D. Bennett, Marjorie Hatcher and Mrs. Jerry Piper.

Gorman — Jamie Boswell.
Mineral Wells — Luther Dwayne Jones and Robt. W. McLeod.

Putnam — Nedra M. Jones.
Rising Star — Marion D. Boggs and Carleene Irby.

erans training on-the-job under the G. I. Bill are entitled to an earned income plus subsistence not exceeding \$210 a month if there are no dependents, \$270 if there is one dependent and \$290 if the trainee has more than one dependent. Proof of dependency must be established by the veteran through documents showing he is the chief support of his wife, children or parents.

Veterans in job training only, VA pointed out, actually are entitled to the same maximum subsistence they formerly were — \$65 and \$90. The difference is that higher ceilings are now in effect for incomes plus subsistence if the combination of the two does not exceed the established objective wage as approved by the State Approval Agency.

Another provision may give additional subsistence to veterans who earn while they learn. Until the law was passed by Congress, veterans had to report regularly scheduled overtime pay as earnings. The new measure provides that any compensation paid by the employer or received by the veteran for productive labor performed beyond the standard work week is not to be reported.

Here's How Phony Red Got Pocket Money

CACHE, Okla. (UP)—Old-timers who came to Cache shortly after statehood recall the wild and woolly days when the Apache Indians in southwestern Oklahoma outnumbered the white men.

Earl Drummond, Cache pioneer, remembers that one "adopted" Apache named Phony Red was a white man raised by the Indian tribe. To make his spending money, Phony Red would talk the white men into placing a dime in the middle of the town's main street.

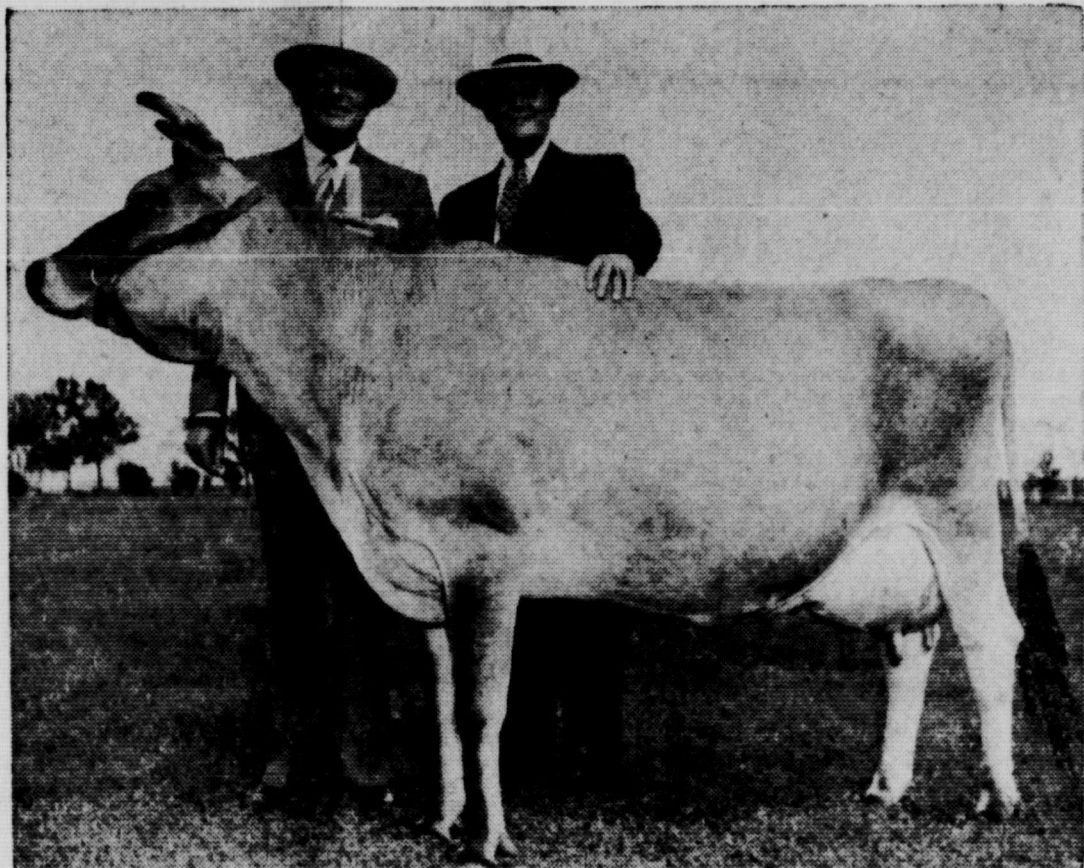

Phony Red would race his horse at full speed down the dirt road, bend and scoop up the dime.

"He never missed," Drummond says, "and a dime would buy something in those days."

BOYS HELP OUT.

MERRIMAC, Mass. (UP)—Warren Hoyt figured his truck garden would have to wait until next year when he broke a wrist while plowing. He returned from a hospital to find a group of smiling boys on his porch. The boys had plowed the land and planted what should be a fine crop of beets, corn, lettuce, beans, cucumbers, onions and potatoes.

GOVERNOR DELIVERS PROCLAMATION

Governor Beauford H. Jester (right) delivers proclamation designating June as Dairy Month to Herman F. Heep, Texas Jersey Breeder and Director of Texas Jersey Cattle Club at Heep Farm near Austin. Mr. Heep accepted the proclamation as a salute to thousands of dairymen who own Jersey cows in Texas. The beautiful Jersey lady shown in the picture is Willonyx Dandy Nancy, Texas bred and developed at the Heep Farm. Her official production record is 9832 pounds of milk, 486 pounds of butterfat in 305 days.

Camp Billy Gibbons For Boy Scouts To Open June 24

Boy Scouts in the Comanche Trail Council Area which is composed of Stephens, Eastland, Erath, Comanche, Brown, Mills, San Saba, and Lampasas Counties, are making their Camp boxes and gathering up their camping gear in preparation to attend, officials say, one of the largest camps in the history of the council.

Scouts will be offered one of the best camp programs that have ever been offered. Various camp crafts will be offered such as leathercraft, bow making, and metal work. Various skills in archery, marksmanship, swimming, boating, life saving, and Indian Lore will be given. Stalking will be directed by Game Wardens. Camp Fire Stories by old timers.

Meals will be served in the large 40x160 foot mess hall. Food will be prepared by professional cooks.

Camp will run three one-week periods — June 24 to July 15. The opening meal will be noon on the 24th of June.

The International Sunday School Lesson will be conducted by qualified teachers each Sunday which is designated as Visitors Day.

WALLACE RAPS MUDNT BILL

Arriving to give his views on the Mudnt-Nixon Bill, Henry Wallace, left, is greeted warmly by Sen. Alexander Wiley, Wisconsin Republican who heads the Senate Judiciary Committee which is holding hearings on the measure. The Third Party candidate denounced the bill, designed to put tight restrictions on the Communist Party, as a "declaration of war" on American rights.

Three Ciscoans Receive Degrees At S. M. U. Monday

DALLAS, June 2.—Three Cisco students were among the more than 600 graduates who received their degrees May 31 from Southern Methodist University.

Gloria Graham, daughter of Dr. and Mrs. E. L. Graham, 23rd St., Cisco, received her Bachelor's degree from the School of Music at the Southern Methodist University. Miss Graham attended the Juilliard Graduate School before coming to SMU and is a graduate of Cisco High School.

William Waters, son of Mr. and Mrs. D. E. Waters, 305 W. Fourth St., received a Bachelor of Business Administration degree during the services. He is an Army Engineering Corps veteran and attended Texas A&M before enrolling in SMU.

Rose Ann Woods, daughter of Dr. and Mrs. Paul M. Woods, 906 W. 14th St., graduated from the School of Music with a major in violin; she was a member of the SMU Symphony Orchestra, and studied in the Juilliard School.

Dr. Umphrey Lee, president of SMU, delivered the commencement address as part of the university's 33rd annual convocation. The baccalaureate sermon was given May 30 by Dr. Albea Godbold, member of the SMU Board of Trustees.

NEW YORK (UP)—Dealers and collectors paid a total of \$17,000 for postage stamps which the Nazis looted from the occupied countries during the war. The stamps were salvaged and sold by the Commission for International Refugee Organization.

DOG HITCH HIRES ON FERRY.

NEW YORK (UP)—On a trip across the Hudson River from New Jersey, a German giant Schnauzer dog broke away from its master and leaped off the ferry boat. A few minutes later another ferry spied the dog paddling for the New York shore. It was hauled aboard.

AMORY, Miss. (UP)—B. S. Chandler tells how four members of his family were born in the same room of a log cabin but in three Mississippi counties. Chandler and his older brother were born in Chickasaw County. Another brother was born after the county boundary was shifted. In 1874, Chandler's sister was born in the same room after citizens changed the county's name to Clay.

Boyd's, First Baptist Win in Fast Games at Soft Ball Play Last Night

Royce L. Boyd Company and the First Baptist church were victors in Tuesday night's softball league double-header at ABC Field. Boyd scored a 19-to-0 triumph over the Cisco Independents, and the Baptists took a 14-to-8 win over the First Christian church.

The Boyd-Independent game was played under protest, as the Independent club objected to the use of Boyd's pitcher, Heathington, on the grounds that he is a professional. There was some question raised as to whether or not he is a resident of Cisco.

The same player was the subject of a recent protest in which league officials ordered that the game be replayed. Boyd Company officials

said today that Heathington is employed by them and that he is now a resident of Cisco, having recently finished school.

Heathington is a fast ball pitcher. Last night, he struck out ten batters and yielded four hits. He issued two free passes.

Except for the fourth inning, when the Boyd team scored 10 runs, the game was pretty much on even terms.

In the first game, the Baptists got off to a fast start by crossing the plate six times. Three runs in the second, one in the third and four in the fifth concluded the scoring. The Christians pushed across one in the first, four in the third and three in the fifth.

A large audience turned out for the twin bill.

Possum Kingdom Prizes Better \$1,000 For Fish

More than \$1,000 in cash and merchandise will be distributed by the Possum Kingdom Game and Fish Association for the best catches during the May 15 to June 15, 1948 Fish Rodeo. Prizes will be awarded for the three biggest black bass, the two biggest crappie, the biggest catfish, and the largest number of rough fish caught in a single day's fishing. There also is a special prize for the woman who catches the heaviest string of crappie in one day's fishing. The winners must have association memberships costing \$1.00 each.

The Possum Kingdom award for the largest number of rough fish taken in any one day proved a big benefit to the lake in last month's competition. There were 71 such fish on the stringer of C. L. Haynes of Fort Worth and they brought him prizes of \$81.50. Mrs. Gladys Archey of Dallas was the leading woman angler of the month. Her string of crappie caught in one day bringing her prizes worth \$75.00.

Governor Jester Proclaims June As Dairy Month

AUSTIN, Texas, June 2.—June is Dairy Month in Texas by official proclamation, signed recently by Governor Beauford Jester. The proclamation was presented by the Governor to Herman Heep, director of the Texas Jersey Cattle Club, at a brief ceremony held at the Heep Jersey farm near Austin. Mr. Heep, Texas breeder of fine Jerseys, is president of the American Jersey Cattle Club. At the official ceremony, he accepted the proclamation as the representative of Grover Sellers, Sulphur Springs, President of the Texas Jersey Cattle Club, who was unable to be present.

Governor Jester told Mr. Heep that he wished to congratulate the Jersey breeders of Texas for having more registered Jerseys than any other state in the Union. "Texas population is increasing rapidly as a result of new industries locating in Texas," the Governor told the gathering. "This means that we need more milk and dairy products to supply these people. This does not necessarily mean more cows, it means better cows, better pastures, soil improvement, better feeding practices and herd management. I predict that there will be a strong demand and good market for milk in Texas for many years."

In the proclamation, the Governor paid tribute to the 338,000 dairy farmers in Texas, who own 1,200,000 milk cows valued at 150 million dollars and which produced 4 1/2 billion pounds of milk in 1947 with a net value of 110 million dollars to milk farmers. During the past 20 years Texas has advanced from twentieth to eighth place among the states in value of dairy products. In spite of this increase, Texas has grown so rapidly that the state is still importing dairy products.

Boys, somewhat older, will meet with the director beginning at ten o'clock through twelve.

Some fifty "prospects" met with the coach this morning in all attempts to organize a league for themselves—their dads are doing it, why can't they? Coach Davis stated this morning that there is still room for more boys, interested.

Auto Accidents Stand First in Total Mortality

NEW YORK, N. Y.—Nearly 40,000 persons are killed annually in the U. S. in land and air transportation accidents, despite the fact that transportation has become safer in the past few decades, the statisticians of the Metropolitan Life Insurance Co. report.

"On the score of the number of lives lost per million miles traveled, great progress has been made in controlling the death rate from transportation accidents," the report states.

Fatalities in transportation accidents have increased, however, in relation to the total mortality

from accidents. In 1911, transportation accidents accounted for less than one-fourth of all the accidental deaths among the Metropolitan's Industrial policy-holders, whereas now they comprise nearly half the total.

"Radical changes have taken place in the past 35 years in the relative importance of the several modes of transportation as means of fatal injuries," the statisticians observe. "At present, automobile accidents are responsible for about 70 per cent of the mortality from land and air transportation mishaps among these insured, as compared with less than 20 per cent in 1911-15. In the same period, a drop of 80 per cent was recorded in fatalities due to railroad accidents, which used to take a heavier toll of life than any other means of transportation in 1911.

FLOATING HOMES

Debris and two-story, six-unit apartments float toward the 500-foot wide washout in the road at Vanport, Oregon, after the highway was lost to the raging flood waters. Thousands are homeless and many are dead in this flood stricken area. (NEA Telephoto).

Guests were met by Mrs. Bisbee the honoree and her mother, Mrs. Johnson and Mrs. A. L. Tarver. Miss Jean Hibbert pinned a corsage of pink carnations on the honoree. Miss Patsy Anderson was in charge of the bride's book to which the guests were then directed.

Following registration the group was shown to the dining room for refreshments. The dining table, laid with lace cloth held a lovely centerpiece of pink and white carnations with white tapers in crystal holders on each side. The pink and white cake was cut and served by Miss Bobbie Gamblin; Miss Wanda Johnson, sister of the honoree, poured punch. Gifts were then shown by Miss Yvonne Johnson and Mrs. Bisbee.

Those calling and sending gifts were: Mrs. Doris A. Johnson, Mrs. Vestal Owens, Mrs. Norman Anderson, Mrs. Kelsie Young, Mrs. Myrtle Johnson, Mrs. Floyd Green, Mrs. Bill Warren, Mrs. Alton Zander, Mrs. B. G. McCrary, Mrs. Dan McCrary, Mrs. Guy Morris, Ms. C. E. Stowe, Mrs. Moore, Mrs. Bill Moore, Mrs. E. L. Pugh, Mrs. Gilmore, Mrs. Bobbie Schmittou, Mrs. B. T. Baby Seal Likes Life In Apartment House

LONG BEACH, Cal. (UP)—Baby seal named Alexander "adopted" Jan Stugart and cried like a baby when she tried to put him back in the ocean.
Miss Stugart rescued him from two small boys who found him on the bay shore, and took him to her apartment. She fed him from a bottle.
When she tried later to put him back in the ocean he flopped ashore and followed her along the

street, crying piteously, so now he's back in the apartment.
Between meals Alexander disports himself with a beach ball in the bathtub.

COLLEGIANS FOR ERP. SCHNECTADY, N. Y. (UP)—Union College says its alumni are overwhelmingly in favor of the Marshall Plan for aid to Europe. Seventy-eight per cent of the replies received from 2,600 former students favored the plan, 11 per cent were opposed and 11 per cent neutral.

Never too late...

Whatever its birth date... your car will live a longer life if you regularly drain out old oil and OIL-PLATE with Conoco Nth.

And here's the reason why. The moment Nth Motor Oil (Patented) enters your engine, a special added ingredient fastens an extra film of lubricant so closely to metal that cylinder walls and all working parts are literally OIL-PLATED!

This protective OIL-PLATING stays right up there... won't all drain down to the crankcase, even with your engine idle over night! That's why Nth Motor Oil extra-protects from "dry-friction" starts... from metal-eating combustion acids... from sludge and carbon due to wear!

So, for full-time protection... for more miles per quart, make a date now...

...to OIL-PLATE!
