TEAR GAS USED ON STRIKERS

Police were forced to use tear gas on strikers at the Unifis Lens Co. plant in Dayton, Ohio. Continued fighting between pickets and non-striking workers at the plant caused the Governor to call out the guards. (NEA Telephoto).

NATIONAL GUARD UNIT PREPARES FOR FINAL FEDERAL INSPECTION ON AUGUST 4

New Organization Will Be Official After Approval

Officers and men of Battery A, 961st Field Artillery, new Cisco National Guard unit, will be given a final inspection by the Inspector General of the Fourth Army Area at the army here Wednesday night, Aug. 4, Captain O. O. Odom announced Saturday.

The unit passed a preliminary federal inspection last Wednesday night and was ordered to be ready for the inspector general, Captain Odom said "it is mandatory for all men in the unit to be on hand for the inspection."

Mexican Youth Fatally Hurt in Railway Accident

Pedro De Lara, 19, local Mexican youth, was fatally injured early Saturday morning when struck by a through freight train a few hundred yards east of the passenger depot in Cisco.

There were no witnesses to the accident which occurred at 1:05 a. m. The injured youth was discovered at 1:40 a. m. by John Hernandez, T&P section foreman, who was called to the scene by a Mexican woman who lived nearby. She reported hearing groans coming from the vicinity of the railway tracks and called the foreman before investigating.

Mr. Hernandez called police, and a Thomas Funeral Home ambulance. The ambulance was unable to reach the scene of the accident and the injured boy was carried for several hundred feet by ambulance attendants.

He was taken to Graham Hospital at 2 a. m., where he was given emergency treatment in an effort to save his life. He died at 2:37 a. m.

The body was at Thomas Funeral Home, awaiting word from relatives in Juarez, Mexico, as to disposition.

The youth was a nephew of Felipe De Lara, section foreman for the T&P at Baird. His home was in Juarez, where he lived until coming to Cisco four months ago. He was brought here by his uncle who visited in Juarez while on vacation. He was employed by the T&P in the laying of heavy gauge track in this area. He was living in the railway house cars on the right of way in the Cisco city limits.

When he was discovered, De Lara was in a semi-conscious condition, and never lost consciousness until his death. Death was due to a number of injuries. His left leg and his left arm were severed from the body and he suffered deep head wounds and internal injuries.

FIRST POLIO CASE REPORTED, NO CAUSE FOR ALARM SEEN

Cisco's first case of polio was reported today by Dr. W. P. Lee, city health officer. The victim was Beatrice Amezcua, one-year-old Mexican child, who resides with her parents in Southeast Cisco.

The illness was diagnosed as poliomyelitis by Dr. E. E. Addy, local physician, who was summoned to treat the child. He sent the girl to Fort Worth and two physicians there confirmed his diagnosis. She

will receive treatment in the Tarrant County polio center.

Dr. Lee, in making the announcement, stated that there was no cause for alarm as this was the second case of the disease among local residents in seven years. The only other case to come before Cisco physicians was from out-of-town.

The city health department is exerting every effort to combat the

disease and all other contagion. Department employees are engaged in spraying all alleys and fly or mosquito infested areas, it was announced.

Dr. Lee stated that the public would be kept informed on any cases of contagious diseases in the city. In doing this, he hopes to keep down false rumors that are started by persons for personal gain.

Cisco Coaches to Attend Coaching School in Abilene

Four Cisco coaches, Jack Everett and Stormy Davis of Cisco Junior College, and John Hansard and Buck Overall of the high school, will leave early Monday to attend the coaching school in Abilene.

The coaching school is an annual affair, held in different sections of the state, for the purpose of keeping coaches up to date or rules changes and new ideas.

The staff was selected from the leading coaches of the Southwest and the nation, Matty Bell of Southern Methodist and Bobby Dodd of Georgia Tech will handle the football duties while Jack Gray of Texas University and Clair Bee of Long Island University are supervising the basketball training.

Bobby Cannon has charge of the baseball school and Clyde Littlefield of Texas University will be in command of the track and field division.

The school is slated to begin on Monday, August 2, and will end the following Friday night with a football game between the all-stars of the Southern and Northern parts of Texas.

Softball Meet To Be Held In Cisco

Final arrangements are being made for the amateur softball tournament to be held in Cisco, August 3, 5, 6 and 7 at the local athletic field, according to ABC Club Secretary Troy Powell, Saturday.

Teams from surrounding communities, and in West Texas have been invited to enter the tourney. They include softball clubs from Ranger, Eastland, Breckenridge, Albany, Moran, Gorman and Comanche. An all-star team, it was stated, will be selected to represent Cisco in the play-offs.

Mr. Powell said the matching would be announced Monday. A \$100 cash prize is to be awarded to the winner of the tournament; \$50 and \$25 would be given for second and third place.

C. A. Deuschle, ABC board of director's chairman, added that teams from Abilene, Coleman and Stamford had expressed a desire to enter, but a reply could not be made until information was secured from the invited clubs.

ENTER CALF SCRAMBLE

George Bint and Bobby Cleveland, Cisco youths, were unsuccessful in the calf scramble event at the Ranger rodeo. They took part both nights. The calf donated by the First National Bank of Cisco was won by Guy Warden of Eastland.

JAYCEES TO MEET

Members of the Cisco Junior Chamber of Commerce have been urged to attend a re-organization meeting at 7:30 p.m. Monday at the WOW Hall. New officers were elected last week and a membership drive and work program will be planned Monday night.

COMFORTABLE

Mrs. Doris Furst, 24, a Houston, Texas, widow, makes herself comfortable in the White Plains, New York, home of millionaire Joseph Bancroft, 40, where she moved last night with the aid of a locksmith and promising to stay there until Bancroft carries out what she said was his promise to wed her. She charges he's father of her unborn child. (NEA Telephoto).

Royce L. Boyd Team Captures ASA District Softball Championship

By JIM EWELL, JR.

STAMFORD, July 31 — Cisco's representative, Royce L. Boyd, captured the district 10 American Softball Association tournament here last night at Windeboren Field by nudging the Stamford All-Stars, 3-2.

The Cisco team qualified to compete in the state finals to be held August 12, 13, and 14 at Wichita Falls, after winning over a field of nine entries. The Stamford All-Stars, runner-up in the tournament, are also entitled to represent the district 10.

Pitcher's Duel

In a repetition of the game against Mackey's in Thursday night's semi-finals, leadoff man Mac Harralson was credited with a single in the first inning of the fray, beating out an infield boop. Slammering another infield scratch, Roy Cozart gained first on a fielder's choice, which forced Harralson out on second. Strike outs claimed the first inning of play from there on.

At the end of the third inning, Boyd starter, Norman Parks, alternate hurler, was leading Royce Weaks, All-Star pitcher by one strike out. Thirteen strike outs were recorded for both moundsmen in the initial three innings.

In the fourth, Parks, finding the outer corner of the platter, turned back the All-Star batters without giving up a hit. Easing into the bottom of the fourth stanza, headed with two strike outs, Duck Parks, Boyd cleanup man, leveled a single to get aboard. Heathington, playing left field, walked and both scooted home on Spec Tompkins tripling line drive into left field. Earl

Cumba gained first on an infield error, which paved the way for Tompkins' winning run.

Spectacular Boyd defense held back constant Stamford threats without bucking anywhere in the lineup, as Parks chalked up his tenth flashing strike out, followed closely by Weaks' eight cut downs.

The All-Stars, still at a laming pace, in the sixth stanza, earned their first hit off Parks with a double by short Gene Mickler over third. Two wild pitches by Parks enabled him to chalk up Stamford's first run. Still swinging a hefty arm, Parks crowned his glory with an additional three runners to his credit.

Umpire Fred Russ, behind the platter, ruled Howard Turner out in the sixth. His decision was a batter's hit ball which he said clipped Turner's right ankle. Don Johnson fled to third and Heathington's strike out closed the sixth.

Blinding field lights proved advantageous for Stamford when centerfielder Tompkins muffed a circuit cluck smack by Boots Beauty. Clod Heathington was pulled in from left field by Manager White, to take over the pitching chores in an attempt to stave off a Stamford rally. He stifled any hopes of a rally by retiring the remaining batters. Approximately 650 fans, plus the knotholders, were on hand to see the highlighting championship finals.

Score by innings:
Boyd (Cisco) 000 300 x — 3 3 0
All-Stars — 000 001 2 — 2 4 2 (Stamford)

The Gay Philosopher

Copyright New York Graphic Society
By J. W. S.

RAN INTO A fellow the other day who has had a headache for 18 years — with the exception of 20 minutes. He wakes up in the morning with a headache and goes to bed at night with a headache. He has been to see all the doctors anybody has recommended and has tried everybody's pet remedy.

ONE SPECIALIST stopped the aching for 20 minutes. Then it started up again. Our friend said that the short 20-minute period was the most pleasant he has spent in 18 years.

ONE THING ABOUT his headache that might be an asset is the fact that he has no trouble going to sleep at night. Says the ache keeps him from thinking about problems of the day and he drops off to sleep right quick.

A SURE WAY to go quickly to sleep is an asset to anybody. A good many of us have our systems. Our private remedy is to relax and make believe you're a trapeze performer, working on swings high in a tent top. Start (in your mind) swinging from swing to swing. And the swinging motion will put you to sleep. Try it.

WE'VE DECIDED that we have a staunch friend in the good town of Lagos, Nigeria on the West Coast of Africa. Yesterday, we got two letters from Lagos youngsters wanting pen pals in the good state of Texas. Two more letters from different fellows came today. Each of them pointed out that we had been referred to them by good friends.

IN ALL CASES, they're anxious to exchange items of clothing, stamps, and so forth. Maybe some club like the Junior Garden Club would like to have the four letters and start writing. If any such group is interested, we have all four letters.

THE WATER FROM our good Lake Cisco has contained a bit of rust or something of late that stains the sink and clothing. And Mrs. Richard Cutting, who used

Family Reunions Attract Visitors for Weekend Stay at Lake Cisco

More than 500 people were gathered at Lake Cisco camps Saturday for week-end family reunions.

Three pioneer families of Texas have taken over the majority of the Lake Cisco cabins and the Presbyterian camp for the three day festivities. Visitors from as far away as South America were registered with family members from the Cisco area.

The Thompson family has taken over the Presbyterian camp for a three-day meeting and relatives from all over Texas are there. Weatherford, Colorado City, St. Augustine, Ennis, Hico, Coahoma, Claiborne, Lubbock, Arlington, Lorraine and Cisco are represented.

The Brooks-Pinnel families are having their annual reunion and have reserved some of the cabins for their meeting. One member of the family came from South America to be with relatives during the reunion.

The Grantham family, represented by R. E. Grantham of Cisco, were meeting at the Lake Cisco cabins for a week-end reunion. Visitors from many sections of the country were here for the meeting.

Refining Industry Hits New Peak

DALLAS, August 1 — The U.S. oil industry is currently refining more than 237 million gallons of crude oil a day to meet the greatest demand for petroleum products in history, according to a detailed report on supply-demand released today by the Oil Industry Information Committee.

Commenting on figures contained in the report, Fred F. Murray, Gulf-Southwest chairman of the information committee, pointed out that refining rate today is 11 per cent above that of a year ago. The report, titled "Current Facts on Petroleum Supply and Demand," is a 12-page illustrated brochure issued and brought up to date periodically by the information committee.

"Americans use about 28 times as much oil per capita as all the rest of the world combined, and the demand is still growing," Murray said. "This year the industry will again break production records, and hopes to hit a peak of eight or nine per cent over last year's record production."

Arrangements For Reunion at Cross Plains Complete

CROSS PLAINS, July 30 — Fred Heyser, chairman of the arrangement committee for the old settler's reunion to be held in Cross Plains August 13, announced that plenty of appetizing barbecue, prepared by experienced cooks, would be on sale at the grounds for the convenience of those who do not wish to prepare a lunch.

Mrs. L. A. White Suffers Fractured Arm In Accident

A report from Harris Memorial Hospital stated that Mrs. L. A. White was resting well after having her arm set, and placed in a cast. Mrs. White suffered the injury in a fall Thursday.

Mrs. White was rushed to the Fort Worth hospital by her daughter and son-in-law, Mr. and Mrs. Gentry Ellstrom of Okmuglee, Oklahoma. Mr. and Mrs. Ellstrom arrived in Cisco Wednesday for a visit with Mrs. White. X-ray examination showed a fracture above the elbow.

Mrs. White is employed by Glenn's Furniture Co., and Ralph Glenn, manager, was away at the time of the accident. When notified of Mrs. White's injury, he returned to Cisco immediately.

SOFTBALL GAME POSTPONED

Rainy weather caused the postponement of all softball games at the ABC field Saturday night. The games will be re-scheduled at a later date, officials announced.

Monday night the West Texas Kilowatts will be hosts to Eastland's King Tractor Co. in an engagement at the local diamond. The game will get underway at 8:45.

Romney Veterans Have New Building

Members of the Romney Veterans Agriculture Class have expressed their appreciation to those who donated to the fund for erecting the shop and classroom building. It is located nine miles south of Cisco.

The public has been invited to visit the building. R. B. Carmichael is instructor of the class which has 24 men. H. D. Martin is class president.

Burning Ruins of Farben Plant

Firemen (lower left) pour water on the burning ruins of the huge I. G. Farben chemical plant in Ludwigshafen, Germany. The plant exploded on July 28, killing an estimated 200 and injuring an estimated 2500. (NEA Radiophoto from Frankfurt via NEA Telephoto).

Normal Rainfall Recorded in July

A slow rain which began falling early Saturday measured a tenth of an inch at 3 p. m. and brought the total precipitation for July to 1.89 inches. Normal rainfall for the month has been set at 1.87.

The month of July presented Cisco people a varied picture with temperatures ranging from a low of 68 on July 11 to a high of 104 on July 26. There were seven days in the month when thermometers registered above 100 degrees. The lowest afternoon reading was on July 11 when the mercury registered 84.

Much of the month was fair and hot with 13 cloudless days. The first ten days were partly cloudy to cloudy, and most of the month's rainfall was registered during that period.

Early morning temperatures ranged from a low of 68 degrees to a high of 81. Afternoon readings were from 84 to 104 degrees.

Military Group Begins Course

SAN ANTONIO, July 31 — Members of the Military Intelligence Corps of the Organized Reserves will assemble at Fort Sam Houston Monday to commence a two week intensive course in the latest trends of military intelligence, Colonel Oscar B. Abbott, Senior Instructor of the Organized Reserves, announced in Austin today. Approximately 72 officers of the Fourth Army area will attend.

The school, under the supervision of the G-2 Section of the Fourth Army, will include such subjects as strategic intelligence, photographic interpretation, counter intelligence, order of battle, interrogation of prisoners of war, and other allied military subjects.

Colonel Abbott announced that Colonel Glen S. Finley, regular Army reserve instructor for the San Antonio area, and well known among Texans, will be the school commandant. Colonel Finley has spent many years with various cavalry units in Texas and commanded the famous 7th (Garry Owen) Cavalry Regiment at Fort Bliss and overseas.

General Thomas T. Handy, Commanding General of the Fourth Army will open the school with an orientation of the reservists at 0830 Monday. The students will be expected to remain on the post during the entire course except for week-ends.

The Junior Chamber.

The Cisco Junior Chamber of Commerce, which has been more or less inactive for the past few weeks, has announced a meeting for the purpose of complete reorganization Monday night. Last week the body elected new officers for the coming year.

The successful reorganization of this civic group will mean much to Cisco. The impressive record of work credited to the Junior Chamber of Commerce here during the past is all the more reason why all of us should encourage the reorganization program.

Leaders for the coming year are men in whom the entire community has confidence. Let us hope that the membership drive will be highly successful. Cisco needs an active Junior Chamber of Commerce.

School and Community.

Relationships between school and community are forming the basis of an intensive University of Texas laboratory course this summer.

Things the school can do for the community and the community can do for the school are being studied. Each of the participants is also working on a specific activity to be carried out in his own particular school next fall.

Dr. Samuel Everett of Philadelphia, Pa., is instructor. Ten years ago his enthusiasm for the idea of the community school led to his publishing one of the first books in the field.

It is increasingly important in education that both teachers and parents become more familiar with and more interested in the community school. The Southern states have done more work of that type than any other section of the country and the Southern Association of Colleges and Secondary Schools is actively promoting the idea.

A consciousness of resources available to teachers, administrators, social welfare leaders and others is one objective of the course. To find out those resources the class will visit agencies which serve their communities and specialized interests.

Wings Over Cisco

By PAT FEE

A slight break in the high temperature caused by spotted showers over this territory brought out several fliers and passengers that had been staying at home under air conditioning. As a result the airport boys have been working overtime trying to keep up.

sun, but woman's work is never done," is an old saying, but a day is never finished for the airport attendants. Fish Engineering Corporation flies in at 8:30 p. m. and two hours later the lights must be turned on again for a Standard Fryer Drilling Co. plane.

In contrast to above, two girls—Marie Miller, a school teacher, and Mary Harrold a nurse both from Ohio — stopped over. They were enroute to Tucson, Arizona. The Cub J3 which they were in was covered with travel stickers. These girls sure get around.

The National Distance Glider Champion, John Robinson, picked Cisco as his goal for the day and glided in from Grand Prairie, Texas, to pay us a visit in his custom built glider. He made the trip in three hours and five minutes. When he called in to Grand Prairie, he found he had the best record of the day in the distance event.

B. F. Thomas, V. O. Jacobs and E. E. Taylor have also soloed, and all three are building up their solo time so they can receive their private license.

Mr. Thompson of Hamilton, owner of Hamilton Airport, was in for a short visit. Henry Seale of Dallas has also been a frequent visitor this past week.

Mr. Stengal of Gainesville, Fla. flew in here on a chartered cross country with two passengers. The passengers were cattle buyers. Cowboys are now riding in airplanes instead of horses.

B. H. Gray flew East on a business trip. Charlie Kleiner flew to Colorado for a vacation.

Tom Keith, owner of the Gorman Flying Service, a school for GI's, located at Gorman and Cisco, is a busy man working for a Commercial Approval under the name of T. W. Keith Air Service and Flying School.

Johnny Rogers of Temple, Texas, stopped over in a Cessna 195. With him was Mr. Brashear and his wife.

Tomnie Ellis, Fort Worth, was with the new 4-place Piper Cub Cruiser. It is a beautiful plane.

Airplanes Placed On Sale by WAA

Eighteen passenger planes located at Fort Worth, Texas, and Oklahoma City, Oklahoma, are included in a national sealed bid offering of government surplus airplanes on sale till August 9, the Grand Prairie office of War Assets Administration disclosed today.

The planes are an eleventh hour addition to War Assets inventories as a result of their release as surplus by the Civil Aeronautics Administration. In the southwest region, the WAA has been cleaned out of aircraft for several months except for some heavy transport types at Walnut Ridge, Arkansas.

The sale will be subject to priorities, with World War II veterans receiving next to the highest preference. However, awards will be made concurrently to the general public on aircraft unclaimed by the priority buyers, WAA said.

Among nine planes located at Meacham Field, Fort Worth, are four Beechcraft D-17, five place, single engine craft; a Waco SRE

type; three Fairchild F-24, four place personal transports, and a Harlow PJC, four place airplane. Located at Hill Rogers Field, Oklahoma City, are two Lockheed 12 A, twin engine transports; four Beechcraft D-17 types; two Pipers and a Fairchild F-24.

WAA said that since no military types are included, all of the planes are suitable for licensing and use in private or business flying. Prospective purchasers are advised to make on the spot inspection before submitting bids. Both air fields will be open for inspection of the craft from 10 a. m. to 4 p. m., Mondays through Fridays continuously to August 6.

A few catalogs and other information concerning the disposal are available at the WAA's office of personal property disposal, the Former NAA Plant A, Grand Prairie. Bids must be directed to WAA's Washington Office, Accounting Division.

Uncle Sam Says

Vacation Time! What a wealth of memories this brings to mind. Or the keen anticipation with which we waited for those trips to the seashore or to the mountains. The wonderful times we enjoyed are still vivid remembrances. But how about the future? Can you look forward to the hazards of that future with the same assurance? You can if you have a nice nest-egg of U. S. Savings Bonds. Simply sign up for the Payroll Savings Plan where you work or for the self-employed join the Bond-A-Month Club at your own bank.

 Bill Winston

The telephone company's cost of living in Cisco has gone up, too!

When the telephone company goes to market today, it finds, just as you do, that the cost of living has gone up.

While you buy food, clothing, and fuel, the telephone company fills its market-basket with poles, trucks, cables, and copper wire. Here is what has happened to the cost of these items since 1940:

A telephone pole that cost \$6.30 in 1940 now costs us \$14.99!
 Trucks are up 50 per cent!
 Cable and copper wire, up 60 to 100 per cent!

In addition, the payroll—more than half the cost of furnishing telephone service—is more than three times as high in Cisco today as in 1941. In the same period, the number of telephones here has doubled.

Yes, telephone revenues are up, too, for there are more telephones in use today in Cisco than ever before.

But expenses have risen faster than revenues, and the telephone company is operating the Cisco exchange at a loss. We are not collecting enough money for telephone service in Cisco to pay the actual cost of furnishing the service.

To put earnings on a sound basis, an adjustment in telephone rates, established in 1920, is necessary, if we are to continue to enlarge the telephone system to furnish more and better telephone service to the people of Cisco.

SOUTHWESTERN BELL TELEPHONE COMPANY

It's the Week to Return Credit Courtesies With Payment in Full!

This week all accounts with local merchants who have extended you the courtesy of credit, should be paid in full. Should this not be possible for you to do, and you find that you have more accumulated accounts than you can meet, go to your creditor and talk it over with him. He will cooperate with you.

Be Careful of Your Credit, So Desirable An Asset to Build Up So Easily Broken Down.

Deep Test Plans Made For Cross Plains Section

CROSS PLAINS, July 31. — Southern Minerals Corporation moved in drilling equipment last

Uncle Sam Says

How time flies! That's a common expression you've used repeatedly. Keep it in mind when you think about your future and what you can do to make your future secure!

Confessed Communist Spy

The New York World-Telegram has identified the leader of a Soviet Spy ring who confessions allegedly touched off a grand jury investigation of communism as Miss Elizabeth T. Bentley, above, of New York City.

Sunday and has set operations for a new deep oil test, eight miles Northeast of here, it was announced Thursday.

Rig and heavy equipment are being utilized, and it is said to be the biggest ever seen in the Cross Plains locality.

The test is the Southern Mineral Corporation's first in Callahan county, however, it is the third in the proximity of the present location.

Two other holes were drilled to the Ellenburger in this locality by the Woodley Petroleum Co., both making some oil from the Ellenburger but neither in sufficient

We will have a shipment of Pic Cherries Monday. CUREY'S GROCERY and MARKET. One Stop and Shop.

Farms • Ranches, City Properties, Loans & Insurance. TOM B. STARK. 305 Reynolds Bldg. Telephone 87.

quantity to justify commercial pay. Anzac Oil Corporation's No. 1 Heyser, deep stem test, was bailing an oil showing at the rate of more than five barrels per hour at the first of the week. Only three feet of the porous break in the Ellenburger lime had been penetrated with no trace of water present.

The Ellenburger was topped at 3,925 feet and 14 feet of the formation cut to a depth of 3,939. The well is two miles Northeast of the recently discovered Ellenburger pool on the Cutbirth ranch.

Gorman Oil News

Owby Drilling Co., No. 1 Clayton produced 78 barrels in 24 hours under a one-inch open choke. They are adjusting the choke to equalize the oil and gas pressure.

Coast Oil Co. have set pipe of their No. 2 Griffin, and are waiting on cement.

Robert W. McKissick No. 3 Miers is drilling at 2740 feet and will be completed soon.

The J. W. Baldwin No. 3 Sanders is still waiting on drill pipe. The pipe was shipped from Houston several weeks ago but was routed to Gainesville for allocation.

Foster Bros., No. 4 Ray Burns was bottomed at 2842 feet, and will be completed soon.

The W. B. Johnson, No 1 Bob Koonce is drilling at 900 feet.

The Luling Oil and Gas Co., No. 1 H I Stapp is being bottomed at 2728 feet. It will be perforated and acidized, and if the formation is hard it will be shot and reacidized.

The Tom C. Patton, No. 1 S. Peak is drilling at 700 feet. This is a cable tool operation.

Letters

Gentlemen: Thank you so much for awarding me the prize of a year's subscription to the Press. The contest was fun, as well as a service to the community — a reminder

of the fool things people are apt to do. My husband said, "That reminds me, I'll get a new handkerchief for that axe tomorrow!" We couldn't dispense with the Cisco Daily, so your prize is one of the most useful you could give.

Sincerely, Mrs. Sutton Crofts

Farm Income Up 23 Per Cent In Month Of June

AUSTIN, July 31. — Texas farm cash income, totaling \$131,858,000, climbed 23 per cent in June the Bureau of Business Research reported.

However, June farm cash income was 29 per cent below June, 1947. Wheat brought Texas farmers \$38,769,000 in June, for the greatest source of farm cash income.

The largest farm cash income was in the Red Bed Plains district where farmers' incomes increased 95 per cent from a month earlier totaling \$24,246,000. Black and Grand Prairies' income totaled \$19,652,000, and the Edwards Plateau region registered \$18,800,000.

Farm incomes in Black and Grand Prairies and East Texas Timbered Plains more than doubled their May averages, as sales of wheat, cattle, and fruits and vegetables increased. Decreases over the month were reported in the South Texas Plains, the Lower Rio Grande Valley, the Southern High Plains, the Trans-Pecos area, and the Coastal Prairies, in that order.

Only the Lower Rio Grande Valley, Edwards Plateau, Coastal Prairies, South Texas Plains, and the Trans-Pecos areas reported June-to-June gains, ranging from 19 to 4 per cent. Declines varied from 49 per cent in the Red Bed Plains and the East Texas Timbered Plains to an 8-per-cent drop in the Southern Texas Prairies.

For the first half of 1948, farm cash income has been \$530,182,000 as compared to \$570,845,000 for a like period in 1947.

Adjusted for seasonal variations, the Bureau's index of farm cash income for June was 345 per cent of the prewar base period (1935-39).

LAST SURVIVORS

Last survivors of the violent explosions that shook the I. G. Farben chemical plant at Ludwighafen, Germany, are escorted to a waiting ambulance by French and American rescue workers. An estimated 300 persons died in the blasts and another 2500 were injured. (NEA Radio-Telephoto).

with oxalic acid crystals. YOU SPRINKLE some of the crystals in your sink and it cleans quickly. What is more, you can take a teaspoon of the crystals to a quart of water and soak your clothing. It cleans them. Rinse in soda water afterwards and it neutralizes the acid.

OUR SCOUTS REPORT that the trouble with the water has been or is being fixed. A top valve at the lake stuck and water for city mains had to come from the bot-

tom. A diver was to have fixed the top valve Saturday and the whole thing is expected to be solved.

 Mrs. Doris Clark

on the table and after invocation by Mrs. C. P. Cole, was heartily enjoyed. Dessert of delicious ice cream and cake was served.

Following supper the group was called to order for a business session by Miss Doris Joe Pyle, vice president. Minutes of the last meeting were read by Miss Mayme Estes, secretary, who also read the quarterly class report which showed fine progress. The class voted to send a girl to the YWA district encampment. Conversation entertained the group after the meeting.

Those present included four visitors, Mrs. Ethyle Berry, Mrs. J. G. Phillips, Mrs. Ina Pyle Martin and Johnny Baum; Mrs. C. P. Cole, teacher of the class and the following members: Miss Doris Joe Pyle, Mrs. Walton Baum, Miss Mayme Estes, Miss Ola Henderson, Mrs. J. H. Hewitt, Mrs. Ben Kav, Mrs. Barton Philpott, Mrs. M. F. Underwood, Mrs. Jay Warren, Mrs. R. H. Williams and the hostess, Mrs. Ray Judia.

PICNIC ON CHURCH LAWN HELD THURSDAY

A splendid climax for the ten days' training at the Presbyterian Daily Vacation Bible school was the picnic Thursday evening on the church lawn. Members of the church and the children who had been attending the Bible school gathered on the lawn at 7 p. m., where they enjoyed a picnic supper.

The event marked the closing of the school which began July 19. Games were played by the young group before and after the supper. Parents and others were invited to the church basement to see the nice display of handwork which the children had made during the school.

Miss Margaret Ritchie of Fort Worth, religious education director of the district was in charge and was ably assisted by the following: Mrs. P. R. Warwick, Be-ginners' department, with Mrs. Joe Clements and Laura Lu Morris assisting; Primary department, Mrs. A. E. Jamison; assistants, Mrs. Charles Graham, Mrs. Ted Waters

STUDY MEETING HELD BY GIRLS' AUXILIARY.
 Misses Paula Gee and Erlene Steel were in charge when the Junior Girls Auxiliary group of First Baptist Women's Missionary Society met at the church for regular meeting and study. The meeting opened with prayer and group singing of several songs. The time was then taken with the study of "Forward Steps."

Those present were Lundy Ann

Office for Food and Feed Conservation Suggests:

A "PEACE PLATE" FOR TODAY

Save Wheat! Save Meat! Save the Peace!

Epicures of Merrie England, in those good old days when food was plentiful, ate Yorkshire pudding with tender, juicy, rare roast beef. Times have changed and rare roast beef is a luxury. But no epicure need look askance at this 1948 version of the traditional English dish. Indeed these Yorkshire Squares, which are our Peace Plate for Monday, will be dear to the hearts of anyone who has had a touch of British cooking in his background.

YORKSHIRE SQUARES
 1 cup sifted flour
 1/2 teaspoon salt
 1 cup milk
 2 eggs
 1/4 cup drippings or other fat
 1 1/2 pounds ground beef
 1 1/2 tablespoons grated onion
 1 teaspoon chopped parsley
 1 teaspoon chopped chives
 1/2 teaspoon Worcestershire sauce
 2 teaspoons salt
 Pepper

Sift flour and 1/2 teaspoon salt in a bowl and make a well in the center; pour in 1/2 cup milk and beat thoroughly. Add whole eggs, one at a time, beating after each is added. Add remainder of milk, give final beating.

Heat drippings in a baking pan until hot but not smoking; add half of the batter; spread with mixture of meat and seasonings; add remainder of batter and bake in a hot oven (400° F.) for twenty minutes. Lower temperature to moderate (350° F.) and continue baking for 20-25 minutes longer. Serves 5-6.

MENU SUGGESTION: With the Yorkshire Squares try lima beans and a vegetable with color, such as hot Harvard beans. And for added color, why not a Waldorf salad made with bits of unpeeled red apple and celery. Then for dessert, serve fruit compote and molasses cookies.

FOOD TIPS: Take a tip from food specialists that fruit compote gives your table a cosmopolitan air, one that bespeaks fashion and good taste. Before the war, in France, compotes of mixed fruits were served in the most fashionable restaurants as well as in the moderate-income homes. Yet it's an easy-to-fix dessert for the busiest housewife.

The secret of a good compote is to combine fruits whose flavors blend well and whose colors harmonize. Try a compote of home-canned, colorful blue plums and grapefruit. Although the grapefruit is less highly colored it certainly adds zest to the dish and grapefruit is now in season and plentiful. Or combine canned apricots with sections of pink grapefruit—or spiced cinnamon apple quarters with chunks of juicy oranges. Fruit for compote should be in fairly large pieces instead of cut into bits as for fruit cups. Use whole plums, halves of grapefruit sections, and sizable chunks of orange. Serve the compote cold.

Woman to Attempt Round-The-World Flight

Speed pilot Dianna Cyrus of Santa Paula, Calif., has big plans: She will attempt flying her Mosquito bomber solo around the world next month and then marry pilot Robert Bixby, right. The plane was tested in Los Angeles by Bixby. Miss Cyrus hopes to beat Bill Odom's 73 hour record even though she will fly a route almost a 1000 miles longer. (NEA Telephoto).

Hooker, Fay Hooker, Linda Cheves, Betty Jean Solomon, Malla Qua Prickett and Margie Solomon. The sponsor, Mrs. Roy Morrison was out of the city for the day.

SHOWER COMPLIMENTED MRS. DON SCHAEFER
 Mrs. Don Schaefer was honored with a lovely nuptial shower, Friday afternoon in the home of her aunt, Mrs. Henry A. Schaefer on West 16th Street. The house was made gay with decorations of cut flowers attractively arranged.

Guests were met by the hostess who presented them to the honoree. They were then shown to the table for registration.

A number of interesting games directed by the hostess were next played which entertained the group after which the honoree was presented with a bountiful array of gifts which were brought in and placed in front of her. The packages were opened by the honoree and the gifts were passed to the group for inspection. Refreshments of iced punch and cookies were then served by the hostess.

The guest list included Mrs. Olga Schaefer, Mrs. R. C. Long, Mrs. Charlotte Hastings, Mrs. John Dudley, Mrs. E. L. Coker, Mrs. Randolph Schaefer, Mrs. Ruby Armstead, Mrs. Erwin Watson, Miss Joyce Townsend, Miss Bobbie Tullos, Mrs. H. Bassett, Mrs. Hattie Lewis, Mrs. Herman Reimer, Mrs. Ida Schaefer, Mrs. Annie Schleuter, Mrs. J. C. Turner, Miss Dorothy Long, Mrs. Dale Litton, Mrs. Clyde Gunnels, Mrs. Blanche Terrell, Mrs. W. H. Comegys, Mrs. Lela Long, the honoree, Mrs. Don Schaefer and the hostess, Mrs. Henry Schaefer.

BRIEFLY TOLD

Miss Olga Fay Ford accompanied her sister, Mrs. E. K. Henderson of Eastland to Mineral Wells Friday where they went to be with Mary Ann Henderson on the return home after attending a Girls' Camp near there.

Mrs. Opal Hawkins has returned to Cisco after a visit in Fort Worth with her sons, Horace Stevens and family and Mr. and Mrs. Don Hawkins. She was accompanied by Mrs. Alice Henson who visited her daughter and son-in-law, Mr. and Mrs. Otis Thetford.

Mrs. E. N. Schaffner and Mrs. Lillie Richardson of Cross Plains visited here Tuesday in the home of their sister and husband, Mr. and Mrs. T. M. Terry.

Recent visitors in the home of Mrs. Annie L. Cogburn were her children, Mr. and Mrs. Albert Cogburn and family of Eastland; Dr.

and Mrs. Newton Cogburn and son of Houston; Mr. and Mrs. Clarence Cogburn of San Angelo; Mr. and Mrs. Standlee McCracken and son of Cisco. Also visiting her was her sister, Mrs. Mollie Sanders and her nephew Roscoe Sanders of Gorman.

Mr. and Mrs. Ernie Wilson and children Ernie II and Sharon of Coleman are weekend visitors in the home of his mother, Mrs. Joe Wilson.

American Legion Auxiliary, Unit 123, will hold the regular meeting at the Laguna hotel Monday evening at 8 o'clock. Election of new officers will be held and reports will be made by Misses Betty Lou Brogdon and Coyle Smith who attended Girls State Week in Austin. A full attendance is urged, stated Mrs. H. N. Lyle.

Mr. and Mrs. Henry A. Schaefer and baby made a trip to Haskell Saturday.

Mrs. Eula Grant accompanied her mother, Mrs. A. D. Estes to Willow, Okla., the past week for a visit with Mrs. Estes' sister, Mrs. A. K. Key and family.

Mrs. Vernon Harris is spending a few days at Olney, Texas, with relatives.

Mr. and Mrs. Ben Throop have as their guests Mr. and Mrs. Alton Carpenter of McCamey; Mr. and Mrs. J. W. Nolan of Gaiveston.

Mrs. Lillian Spears returned Wednesday night from a months vacation trip on which she was accompanied by her friend, Mrs. J. E. and Mrs. Throop, while on a fifteen day furlough.

Mrs. W. T. Page, long time citizen of the Sandy Creek Community, is reported quite ill.

Mr. and Mrs. T. E. Lisenbee and children spent the past week with relatives in West Texas. They visited his sister and husband, Mr. and Mrs. H. D. Galvin and family at White Face, Texas and also visited Mr. Lisenbee's uncle, Bill Lisenbee and family at Marlin, turning by way of Juarez and El Paso.

U. S. HURDLER WINS FIRST

In the initial qualifying heat of the 400-meter hurdles, R. B. Cochran of the United States crosses the tape first. J. Andre of France finished second and H. Alberti of Argentina was third. The race was one of the first heats to be run in the current Olympic games being held at Empire Stadium in London, England. (NEA Radio-Telephoto).

Tex. Their son, Sgt. Gene Throop has returned to his base at Davis Manshaw Field, Tucson, Arizona, after a visit with his parents, Mr. and Mrs. Throop, while on a fifteen day furlough.

Miss Lillian Spears returned Wednesday night from a months vacation trip on which she was accompanied by her friend, Mrs. J. E. and Mrs. Throop, while on a fifteen day furlough.

Mr. and Mrs. Lisenbee and children spent the past week with relatives in West Texas. They visited his sister and husband, Mr. and Mrs. H. D. Galvin and family at White Face, Texas and also visited Mr. Lisenbee's uncle, Bill Lisenbee and family at Marlin, turning by way of Juarez and El Paso.

Mrs. Kate Berry of San Angelo spent last week in Cisco with her mother, Mrs. W. L. Harrell. She had been called to Brownwood by the death of her cousin, Miss Grace Harrell, remaining there for the obsequies.

Mr. and Mrs. W. J. Woodard and son, Gary, left Saturday for their home at San Diego, Calif., after visiting several days with her sister, Mrs. Keener and other relatives. They were called to Cisco by the illness and death of her father, Arthur E. Lyle.

Mr. and Mrs. Willard Thurman and children returned to their home at Colorado City Monday after a visit here with his mother, Mrs. J. C. Thurman and family and in Cisco with his brother, Harvey Thurman and family.

Mrs. O. C. Lomax returned from Ranger Friday where she had been visiting in the home of friends.

Udell Morris has been transferred by the T&P railway company to Sweetwater as ticket agent and clerk. Mrs. Morris plans to join him there soon.

Mr. and Mrs. Joe Coats and daughter, Miss Patricia Coats, have just returned from a trip to Panama City, Florida where they visited Capt. and Mrs. Charles McDonnell. While there they enjoyed deep sea fishing and obtained a splendid catch as the result of their efforts. Mrs. McDonnell is a daughter of the Ciscoans, being the former Miss Angelina Coats. They were accompanied home by their small grandchildren, Cynthia and David McDonnell.

Mr. and Mrs. A. J. Pippen were Breckenridge visitors Friday.

Mr. and Mrs. D. B. Peters and sons, Charles and Kenneth, of Camp Hood are weekend visitors here in the home of her parents, Mr. and Mrs. L. W. Tucker.

A Big Order To Fill

In our "Book of Rules" there is no more important health service performed by the drug store than the compounding of a prescription. To us, it's the biggest order we can get—one that can be filled only with the fullest measure of professional skill and pharmaceutical knowledge... two all-important ingredients that assure precise quantities of the exact drugs your doctor prescribes for you.
