Future Lobos To Play Olden Here Thursday Night

Cisco fans who are wondering what next year's Lobos will be able to do will get at least some part of an answer to that riddle Thursday night when Coaches John Hansard and Buck Orvall send their "B" team against a good Owen high school eleven at Chesky field in a preliminary to the "A" squad game with the Grand Prairie eleven Friday night.

Among the "B" club boys who will see action are lads who will man most of the positions on next year's first string team, boys, many of whom have never played before, but who possess the aptitude and talent that it takes to make the first line performers.

In the opinion of Coach Hansard the B schedule of which the Olden game will be the first, is just as important, in a sense, as the first string conference schedule. That is because he is expecting to win some of next year's first string games on the field here Thursday night and on other fields where his B string boys will be playing this year.

"If you want my opinion," he said, "the only difference between our Lobo team and the teams we have played this year is the fact that those opposing teams had "B" schedules last year and we didn't. If the reserves that we have could have had the benefit of playing experience on a secondary schedule last year we could do much better.

However, the coaches are not disappointed with results against Cleburne and Big Spring, and they are improving," said Hansard. "Big Spring was a better team than Cleburne, and the Steers were better against us than they were against Brownwood. The fact that our boys could come back after spitting the Steers two touch-downs in a jittery first period, to score two touchdowns and narrowly miss a third while holding the Big Spring team scoreless proves that our lads have stamina and willingness. We are proud of them and we hope that the town gives them the credit they deserve."

The coaches also pointed out that public support and encouragement for the "B" team boys Thursday night will mean a great deal toward building a good 1949 team.

Among the boys who will be seen in action in the game with Olden are: Franklin Leach, end; Edward Keough, tackle; Reo Evans, center; Robert Jackson, guard; James Waddell, tackle, whom Hansard rates one of the most improved boys on the squad; Everett Blair, end; Billy Melton, guard or blocking back; Bill Taylor, end; Barbee Smith, guard; Robert Sawyer wing back; Glenn (Rabbit) Yates, fullback; Douglas Johnson, tail back; Leo Farmer, full o tackle; Duane Pelfrey, back; Brit Killough, back; Lloyd Nelms, tackle or guard; Stanley Sharp, quarter; Bob White guard, and Herbert Coats, lineman.

The game will be called at eight o'clock and admission charges will be 50 and 25 cents.

Mr. and Mrs. W. O. Reimund of Wink are visiting here with her sister and husband, Mr. and Mrs. Leon McPherson.

Local Man Returns From Tour Of Country With Arabian Official

James E. Brooks, local man who spent several years in Arabia where he was instrumental in interesting American oil companies in oil development of that country, returned Monday from a tour of the United States with his friend Ezzat Gaafar, Aide-de-Camp of His Highness, the ruler and Prime Minister of the country of Kuwait, in Arabia.

Gaafar, who came to America as a guest of the American Independent Oil Co., landed in New York, Aug. 3, and was met there by Mr. Brooks, Phillips Petroleum Co., one of the ten American oil companies who make up the American Independent Oil Co., furnished a Company plane for the use of the visiting dignitaries.

Bartlesville, Oklahoma was the first stop on the transcontinental tour. While there Mr. Gaafar inspected the Phillips property and offices. From Oklahoma the party went to Los Angeles and inspected the Signal Oil and Gas Co. properties and from there went to San Francisco where they visited the offices of the American Independent Oil Co. They spent a week in San Francisco and visited points of interest while there.

They visited Shasta Dam and the visitors expressed an interest in American dams and hydraulic engineering.

Leaving California the party came to Texas and spent one night in Fort Worth. Their Texas visit was cut short by the death of a member of the Phillips family. They had intended visiting for a week in Cisco but the interruption of their plans prevented it.

After the time spent in Fort Worth the party returned to New York where they stayed for three weeks prior to the time Mr. Gaafar sailed for his home. Mr. Gaafar expressed himself as

being well pleased with America and with the hospitality shown him. He liked all the country he saw but liked Texas best because it is more like his home province. Mr. Brooks plans to leave the United States for the Kuwait province some time next month where he will remain for several months in the interest of the American Independent Oil Co. Mr. Gaafar plans to return to the States with him and at that time will spend a week here where he will visit and inspect some of the ranches of breeding of beautiful horses he is the area.

Since Arabia is noted for the particularly interested in visiting horse ranches near here.

MARSHALL ARRIVES IN PARIS

THE GRAND PRAIRIE football fans are expecting to be on hand when their team plays Cisco High here this Friday night. They've ordered 200 adult and 200 student tickets, indicating, possibly that they'll come by special train or something.

THEY TELL US that when a man is starving, he dreams of food. When he's thirsty, he can see rivers. And, seeing as how we genuinely need a good rain in this country, we've been remembering some super duper rains that we've run into from time to time.

ONE OF THE very best occurred one night while we were driving from Dallas to Longview in East Texas. Ran into it just beyond Terrell. Lightning sounded about to hit our car every minute or so. And the rain came down in sheets. Half the time we couldn't tell where the road was. We'd have stopped if there had been a stopping place.

ANOTHER TIME we saw five inches of rain fall in two hours. It was September in the Panhandle. Boy, it would have filled our lake here to the top.

WORST RAIN STORM we were ever in took place between the Palau Islands and the Philippines. It was a young typhoon and we were on a routine flight back in 1944. It was a four hour trip and it rained sheets of water all the way. How airplane engines could run in water like that we'll never know, but they didn't miss a beat.

OFF THE SUBJECT of rain, our town had a couple of distinguished visitors today—Mr. Le Roy Menzing, oil editor of the Fort Worth Star-Telegram, and Mr. Boyce House, Fort Worth publicity man-author. Mr. Menzing was here checking on recent oil developments. Cisco's new oil field is attracting considerable interest.

MR. HOUSE WAS along for the trip, he reported. He'll have another book off the presses very soon now.

Retail Merchants Association
L. SELF, L. L. B. S. Sect'y

Merchants paying dues to any Credit Bureau, control that bureau; however, to own a Credit Bureau, the merchants would have to own the files, which would enable them to elect a new secretary at the end of one or two year periods.
When the files of a Credit Bureau are individually owned, as we understand they are in two instances in Cisco, the secretary cannot be changed other than by buying them out, or pushing them thru the window. Under such existing set-ups, it merely becomes a matter of inflating one individual's bank account, and deflating the other.

In having a Board of Directors, there is nothing to direct, except something relative to money matters, and in soliciting memberships, it narrows down to the above statement.

A secretary has to spend money on their files whether they have one or ten members — it is expensive to operate an office, and it takes not only money, but loyalty, and cooperation on your part.

We appreciate our members, and we are here to serve you. Call us often.
