GOOD STORIES are the spice of life. Heard one today about the meek little man who approached a policeman on the street and said: "Excuse me officer, but I've been waiting here for my wife for over an hour. Would you kindly order me to move on?"

AND THERE'S THE story about a fellow doing research on agricultural statistics back east. In one state, he noticed that the cow population was larger than the human population. He asked a native son to account for it. "We prefer 'em," he replied.

AND THERE ARE stories with lessons, such as the sales managers tell at meetings of the crew. Heard one this morning that would be swell for this sort of meeting. It has to do with two families who decided to build identical houses. One family had only one son and the other had five.

The man with the one son went to the forest and cut down trees for their lumber—to be cut in 8-foot strips. They cut the trees in 24-foot lengths and put the front wheels of their wagon under one end and the back wheels under the other, hauled the logs to the mill to be processed, then took the lumber home. Their task was completed in a day.

The other man and five sons went out for their logs. They cut the trees down and sawed them into 8-foot lengths. The logs were too short for the wagon wheels. So they had to roll the logs to the mill. It took them a week.

Which of the two groups worked the most? They accomplished the same thing. But the man energy to get the same result. Moral: Don't saw your logs in 8-foot lengths.

Her Doll Is Sick Now

Little Pamela Lamphere, 23-month-old baby born with her bladder outside the abdominal wall, is recovering from the first of a series of dangerous operations. Pamela's rare condition doomed her to death before 5 unless surgically corrected, doctors said.

Mrs. Wynne was a teacher in the Cisco public school system and at Cisco Junior College. Mr. Wynne was a student of CJC and a member of the Wrangler football squad. He is now attending the College of Mines in El Paso.

Tickets On Sale For Lebo-Jacket Game Here Friday

Tickets for the Cisco Lobos-Stephenville Yellow Jackets football game scheduled for Friday night at Chesley Field, went on sale at all drug stores Tuesday, and fans were urged to buy early in order to be assured of the best seats.

The game will be the first conference game of the 1948 season for both teams. Both teams have played three games, with Stephenville winning over Ballinger 34-6; Cleburne 27-0 and Waxahachie 33-12. Cisco dropped their opener to Cleburne 13-12 and on the following weekend lost to Big Spring 14-12. Last week the Lobos came from behind to tie the Grand Prairie Gophers 12-12.

Coach M. O. Murphy is bringing an experienced eleven to Cisco for the game. Each starting man has had at least one year experience on the "A" squad. The team is sparked by Ray Graves, who holds down the quarter back post. Graves is a triple-threat player who has been instrumental in scoring all the Jackets' touchdowns this season.

Graves will be assisted in the backfield by Billy Ross, who has been out of play for two weeks with a dislocated elbow; Bobby Schroyer, co-captain and expert pass receiver; Albert Scott, co-captain and one of the roughest men in the district; and L. C. Shuffield who doubles as back and end.

The line is built around Dean Robertson, two year man, who is a tower of strength on defense; Hal Pilgrim, end, who was the team's leading scorer last season; David Newman, star center from the '47 team; Tommy Spell, big right tackle; Wendell Lacey, 150-pound guard; T. B. Collins, guard and extra point specialist; and Thurman Walker, raw-boned end who is an excellent pass receiver and rough on defense.

A&M College Has Record Enrollment

COLLEGE STATION, Sept. 29.—Eight thousand one hundred seventy-five students are registered at Texas A & M College for the fall semester, college officials announced today. This is 146 more students than were registered a year ago.

For the first time since the heavy enrollment of ex-GI's in 1946, veterans and non veterans are approximately equal in number. The number of cadets in the corps will probably be the greatest since pre war days, according to military authorities at the college.

It was announced that Dr. Rupert Richardson, president of Hardin-Simmons University will discuss the Russian situation in a talk at the weekly meeting next Wednesday.

Leo N. Hatten To Re-enter The Army

Leo N. Hatten of Cisco, a First Lieutenant in the Signal Corps of the Organized Reserves re-entered the Army on September 27th for a three-year tour of extended active duty. Colonel Oscar B. Abbott, Senior Instructor for the Organized Reserves in Texas, announced today. He will be stationed at Fort Monmouth, New Jersey.

Lt. Hatten, a Texan, born in Eastland, has been a sales representative in Beaumont, Texas. He first entered the service in 1942 and received his commission in 1943 after attending the Officers' Candidate School at Fort Monmouth. During the war he served in the European Theatre of operations with the 3250 Signal Service Battalion. He participated in five major campaigns and was awarded the Purple Heart for wounds received. He also served a short tour of duty in the Asiatic-Pacific Theatre subsequent to the war.

The Lieutenant and Mrs. Hatten have their permanent residence in Cisco, Texas. GUARDSMEN MEET TONIGHT Captain O. O. Odom, commander of the local National Guard Unit, the 961 Field Artillery, urged all guardsmen and junior officers to attend the regular Wednesday night's meeting. Bowling League Organized For Women Keglers

The women bowlers of Cisco met Tuesday night at the bowling lanes and organized a new ladies handicap bowling league. The following officers were elected: Jean Cherry, Pres.; Ike Fonville, vice-pres.; and Marjorie Anderson, secy-treas.

It was decided to bowl a 16 week schedule, ending late in January. League play will be on Wednesday nights, beginning tonight at 7:00 and all league members were urged to be present. Players were chosen for four teams of four members each.

Following are the teams and local sponsors: VOGUE CLEANERS: Jean Cherry, Fonville Brooks, Betty Whitehead, Effie Hart, Vivian Vick; DICK BEARMAN: Ike Fonville, Winnie Greer, Ann McGowan, Mary Boatman; WHITE'S BOWLING LANES: Marjorie Anderson, Midge George, Barbara Oldfield, Letta Mendenhall; PREMIER OIL: Jerre Locke, Kay Jenkins, Violet Hart, Lucille Jones.

Local Fans To See Star Back In Game With Stephenville

Local football fans will see one of the leading backs in the state perform next Friday night when the Lobos take on the Stephenville Yellowjackets at 8 p. m. at Chesley Field.

Ray Graves, Jacket star, has been responsible for 11 of his team's 14 touchdowns so far this season. In the three games played he passed for eight of the scores, scored three of the touchdowns personally, one on a 75-yard kick-off return.

In addition he intercepted a pass and set up a touchdown against Waxahachie last week. He passed for two additional scores and has proven to be a thorn in the side of all opponents so far this year.

The Lobos appear to be in top strength for the game Friday. Rudy Rendall is recovering from a boil which bothered him in the game with Grand Prairie and should be in top condition.

Coaches Hansard and Overall are paying particular attention to pass defense and blocking in their workouts this week and are strengthening their line play for the passing and running attack of the Stephenville team.

Lone Star Begins Drill Operations On No. A-5 Kincaid

Drilling activities in Cisco's new Kleiner oil pool were beginning to move at a faster pace today after two weeks of comparative quiet. At least three rigs are expected to be running in the next few days, and two were running today.

Lone Star Producing Company spudded in early today to drill their No. A-5 Kincaid. It will offset the Hickok Oil Company's No. 4 Kleiner, completed recently as one of the field's best producers.

It was decided to bowl a 16 week schedule, ending late in January. Location has been made for their No. 4 C. H. Fee, an east offset to their Kincaid lease.

Location also was being made by Lone Star for a well in Section 75—their C. J. Kleiner B-1. It will be a mile northeast of their G. W. Daniels lease and a mile from Hickok's Hart producer. The Kleiner B-1 will be a semi-wildcat.

It was reported that Alsbrook and Kemp, who recently completed their No. 1 L. H. McCrea et al. were moving in on a 40-acre tract southwest of their initial well to drill. They were understood to have taken the 40-acre tract from Hickok on a farm-out deal.

Lone Star has abandoned their No. 1 Fon Mitcham as a dry hole eight miles north of Cisco. It was drilled to 4,194 feet. Tests in both the Lake and Ellenburger formations showed water. No Mississippi lime was encountered.

Gas Explosion Causes Early Morning Fire

An early morning explosion rocked the residential home of Nell Carmichael, 1602 Avenue C, Wednesday and partially damaged the interior walls and furnishings of the kitchen. A water heater, housed in the corner of the room, was blamed for the blast. Fire Chief H. O. Anderson explained, No one was injured.

An alarm some seven hours earlier rushed city firemen to the Jake Steward home in the 800 block on East 13th Street, Tuesday night. The blaze damaged the back porch of the house. A smoldering trash fire apparently started the blaze.

Chief Anderson commended motorists for pulling their cars to the side of the street on the approach of fire trucks. However, he warned curiosity seekers that breaking of the city fire ordinance which prohibits the following of fire trucks, can be punishable by heavy fines.

Regular Monthly Meeting Of Credit Group Changed

Mrs. Lucille Huffmeyer, secretary-manager of the Merchants Credit Association, announced Wednesday that the time of the regular monthly meeting of the body had been changed from October 7 to Tuesday, October 5th.

The meeting date was changed in order to prevent a conflict with other scheduled events. The Wranglers entertain the Ranger Junior College football team at Chesley Field on that date and the Clyde Beatty Circus is showing at the same time. The Wranglers from this area also are meeting in Cisco on the 7th.

Mrs. Huffmeyer thanked the Chamber of Commerce for changing their regular meeting scheduled for Tuesday night to Tuesday noon in order to make it possible for the credit organization to meet.

Stanley Williams, former Cisco High School football star, who is playing for the Baylor freshman team this season, will see action in the T. C. U. Pollywogs-Baylor Cubs game at Texas Christian University stadium tonight, according to word received from the schools.

Williams, who made the all-district and all-state teams last year as a backfield man, is playing end for the Baylor club. He is a member of the 43 man Cub squad which boasts of 27 all-district men and four all-stars.

The Pollywog squad is composed of 55 players including 31 all-district starters from the 1947 season. The starting teams of the two schools will be almost evenly matched in weight. T. C. U. line will be heavier by one pound per man, averaging 193 pounds. The Baylor backfield, meanwhile, will average 194 pounds per man, while Frog backs will average 182.

Vogue Cleaners, Gardenhire Chalk Up Bowling Wins

The Vogue Cleaners lived up to their reputation in a big way Tuesday night by 'dry cleaning and pressing' the West Texas Bowling bunch 4 points to 0 at the local bowling lanes. The only change the Kinswart crowd could offer was the fact they were short handed.

Merchants paying dues to any Credit Bureau, control that bureau; however, to own a Credit Bureau, the merchants would have to own the files, which would enable them to elect a new secretary at the end of one or two year periods.
When the files of a Credit Bureau are individually owned, as we understand they are in two instances in Cisco, the secretary cannot be changed other than by buying them out, or pushing them thru the window. Under such existing set-ups, it merely becomes a matter of inflating one individual's bank account, and deflating the other.
In having a Board of Directors, there is nothing to direct except something relative to money matters, and in soliciting memberships, it narrows down to the above statement.
A secretary has to spend money on their files whether they have one or ten members — it is expensive to operate an office, and it takes not only money, but loyalty, and cooperation on your part.
We appreciate our members, and we are here to serve you. Call us often.
