Humble Oilers Retain Commercial League Lead By Clipping Scranton Nine, 9-2

It was a case of stingy pitching and sharp hitting that ended the Humble Oilers to clip Scranton Plowboys, 9-2 before a record crowd last night at Chesley Field. The latter game is slated to begin at 7:30 p. m. Following in the first five innings was limited to two runs by the Humble Oilers. Following a no hit-no run first, Earl Cumba, Oiler pitcher, batted single and scored the first when Bob Travis slammed for a triple. Travis registered the second score on a single by Leonard (The Russian) Burzenski. Burzenski, stretched in-field hit, was tagged in a skid in home. The retired after Edwards went with three counts and Cumba's pop out to right field. The mound, Cumba retired Plowboys first six batters in a row and one down fashion in the third gave up a hit to second baseman, who scored on a reider's error. Oiler hurler whiffed the two batters in succession. Shnyder bingled, and rounded the plates on a ball and an in-field error. The score stood 3-2, with the Oilers in the lead, as the game advanced into the fifth inning. The fifth, Burzenski got a double, went to third on a steal registered the Oiler's fourth when Tom Smallwood went out on a throw from pitcher to Bill Boland, Plowboy second baseman, turned back Edwards and Johnson, retiring the batting order. Smart decisions on the part of the Oiler fielders spoiled a potential 3-run Plowboy rally in the bottom of the fifth. With bases loaded, as the result of two fielder's choices and an error, Cumba struck out two batters in a row and caught a reider in a trap between third and home plate, tagging him out. Coming into the sixth inning, the Oilers pushed three runs to the platters, boosting the score to 9-2 in their favor. James Callahan, Oiler catcher, singled and scored home on a triple by Cumba. Travis, on the base, hit a hit ball, stole second and both Cumba and Travis scored home on a single by Burzenski.

4-H Meat Animal Program Under Way In Texas

Today meat provides one-third of the food energy in the American diet, and latest U. S. Department of Agriculture figures show that almost one-third of farmer's total cash income in 1948 came from the sale of meat animals. Aware of the vital condition livestock makes to the nation's health and economy, Texas boys and girls enrolled in the 1949 National 4-H Animal program learn to select feed and show their beef cattle, sheep or pigs. More than 300,000 4-H Club members throughout the country are taking part in the project, according to the National Committee on Boys and Girls Club Work. Some of the highlights of the program are keeping records of feeding and weight gains and learning the value of balanced rations. Many of the young stockmen grow their own feed. Members practice livestock judging at club meetings, and then try out for county and state judging teams. They take great pride, too, in showing their animals. The Cooperative Extension Service directs the activity. In addition to being educational and profitable, the program offers awards for outstanding accomplishments. Mr. Thos. E. Wilson, chairman of the National Committee, and a veteran Chicago meat packer, has provided awards for the last 20 years. There are medals for county winners; a 17-jewel gold watch for state champion, trips to the National 4-H Club Congress for sectional winners, and four \$300 national scholarships. Harry Schneider of Seguin, von Guadalupe county and state honors in 1948. County medals were also presented to 173 other winners. Harry Schneider, Seguin, was one of the national scholarship winners. Mr. and Mrs. M. A. Farmer of Amherst spent the weekend here with his sisters and brothers.

Church Of Christ Bible School Starts Monday

The annual Vacation Bible School of the local Church of Christ opened Monday with an enrollment of 62. On the second day the classes had increased to 79 students between the ages of two through high school age. The classes were divided into age groups with two teachers to each group. The work begins in the classes at 8:30 a. m. and actual study and work projects continue until 9:30 a. m. The classes are followed by a 30 minute period of relaxation at which time refreshments are served. Following the recess the students meet in the auditorium for a 30 minute devotional and song drill. The school will run for two weeks, Monday through Friday. The new educational building is being used in the Bible School work. The building, an asbestos siding structure which measures 24x40 feet was rushed to completion to care for the school.

Local Man Is Graduate Of LSU

Cecil Halbert, Jr., son of Mr. and Mrs. Cecil Halbert, Sr., 401 West 18th street, was one of 1800 students to receive degrees from Louisiana State University in the June Commencement exercises held Saturday. A former officer in the Army Air Corp during the last war, Halbert was awarded a BS degree in Forestry. Before enlisting in the service in 1940, Halbert was a graduate from Cisco High school in 1939 and later spent one year at Cisco Junior College. After enlisting, he served 4 years in the European Theater of Operations with the 8th U. S. Air Force. He received his discharge in 1945. In 1947, he returned to Cisco Junior College and completed his second term of college study. After his graduation from the Cisco school, he entered Louisiana State University.

National Guardsmen Return From Two Day Maneuvers At Abilene Camp

Fatigued National Guardsmen of the 648th Armored Field Artillery, Battery A, rolled into Cisco shortly after 5 p. m. Sunday, after completing two day maneuvers at Camp Barkley at Abilene. Under the command of Captain Olin Odom, Jr., the local component left Cisco early Saturday morning enroute for the former war time training camp. The Cisco Guardsmen later joined a similar unit from Ranger, the 648th Service Battery, and the convoy rode into camp shortly after 10 a. m. The two day encampment at Camp Barkley was held as a preliminary to the 49th Division's two weeks' training at North Camp Hood, slated to begin June 19. At that time, Guard units from Cisco, San Angelo, Breckenridge, Albany and Colorado City will be among those to report for the second training period. At Camp Barkley, Cisco Guardsmen, some of whom had never fired the M2 Carbine rifle, took honors at the firing range, said Frank Schlaepfer, administrative assistant.

Maritime Service Calls For Trainees

The United States Maritime Service has a drive on for a limited number of men interested in a specialized six months training which prepares a man for a career in the United States Merchant Marine. To be eligible an applicant must be an American citizen between the ages of 17-half to 35 years of age. He must have completed the ninth grade of school and satisfactorily complete a physical and aptitude examination. While in training enrollees will receive \$75 per month plus subsistence and quarters, uniforms, and text.

This training is conducted at the United States Maritime Service Training Station St. Petersburg, Florida. It is divided into two main classes. The first being three months preliminary training on the base and the second, followed by three months of actual sea duty aboard the U. S. Maritime Service 10,000 ton Training Ship, The American Mariner. Upon satisfactory completion of the course of training, enrollees will be graduated as Fireman, Oiler and Watertenders in engine department, second cook and bakers in the steward's department and ordinary seaman lifeboat in the deck department.

All interested applications were requested to contact the enrolling officer, Room 110, Custom House, New Orleans, Louisiana, for further particulars and applications. Inquires will receive immediate processing.

Local Man Did Not Quit When Going Was Rough; Starts Fish Worm Ranch

What would you do if you were an old man faced with these two problems: The need for making a living. An invalid wife whose side you could not leave for long. Homer Lane, 300 West 7th street, who is in his late 70's found a way out. He has established a worm farm — in the heart of Cisco! Until several years ago Lane worked for a furniture store here. But, at the time, his wife's condition grew steadily worse. And he felt he should stay at her side. Then one day Lane happened to read of a man who "made good" in the worm farming business. He pondered. Thousands of fishermen visit nearby Lake Cisco and Lake Bernie. It was an ideal setting, he thought. Now he has a worm farm. He estimated there are 20,000 fat, squirming worms ready to roll off the "assembly line." Lane started worm-farming in a small way. Now he has several large beds in which the worms have multiplied until the earth seems like a mammoth pepper box. Lane feeds his worms mash. He replenishes the soil often. Over the soil he places a layer of tow sacks, kept moist. The worms, Lane said, average 4 1/2 inches long.

Mayor Issues Warning To Violators Of Traffic Laws

Mayor G. C. Rosenthal today issued two statements with reference to traffic control and sanitation in an effort to keep the public informed as to the plans of the city. Mayor Rosenthal stated that the citizens of the town would be informed as to plans of the city and that he would be happy to discuss any of the plans at any time. He called particular attention to the traffic problems and pointed out that traffic tickets were being issued for violations. He said that parking meters would be installed soon and warned against parking in alleys. An ordinance passed in 1925 prohibits parking in alleys except next to the buildings on the north side. Alleys must remain open to traffic at all times. Mr. Rosenthal's statements are as follows: Citizens of Cisco and Visitors:— We have endeavored to go through a practical training period relative to automobile and pedestrian traffic and police have issued numerous tickets for violations and it is hoped that these violations called to your attention will cause you to be more traffic minded, as it will be necessary to assess fines for these violations, beginning in the very near future. Jay walking has become more or less of a habit and more convenient, it is also a hazard, as driver of car isn't expecting to see someone walk out into line of traffic between street intersections. Please help keep our city free of auto fatalities. Remember, accidents do not happen—there is a cause for them. A — B — C — Always Be Careful! G. C. Rosenthal, Mayor

To Property Owners and Tenants:— In line with our clean-up campaign, we find numerous vacant lots overrun with weeds and brush, these are not only unsightly and unsanitary, they are also hazardous. Some property owners have asked if city would cut weeds and bill owner for same. The city will be glad to do this if requested. The clearing off of these lots will help our present program of trying to rid town of flies and mosquitos, and unsanitary conditions. G. C. Rosenthal, Mayor

History was made at the two day gathering Saturday and Sunday. It marked the first union of the 648th Armored Field Artillery, with headquarters in San Angelo. Lt. Col. Marlon H. Badger in the battalion command.

Although it was the first time the Cisco Guard unit had participated in field maneuvers, Captain Odom praised the conduct and accomplishments of the unit, as a whole. He said the Cisco Guardsmen displayed expert knowledge of the use of the rifle and camping employments.

GIRL SCOUT TROOP IN GREGORY HOME

On June 4, 1949, the Lucky Fourteen Girl Scout Troop had their Investiture service in the home of Mrs. Jeff Gregory. Special guests were Mrs. Joe Gallagher and Mrs. Churchill of Dallas. Mrs. Butler, Troop leader, gave each girl scout a pin. Officers were elected for the next three months. After punch and cookies were served the troop adjourned to meet Thursday, June 9, in the home of Mrs. Joe Gallagher.

Local Musicians Graduates From Illinois School

Urbana - Champaign, Ill., June 7 — The largest graduation class in the history of the University of Illinois - approximately 3,100 will receive degrees from the Down-State Campus on June 12 at exercises in Memorial Stadium. Approximately 300 more degrees will be conferred June 17 to graduates of the University's Medical Campus in Chicago. In the class at Urbana-Champaign is John James Haynie, B. S. Music Education, son of Mr. and Mrs. James Haynie, Cisco. This is the first year in which Commencement has been planned for the stadium. School officials Tuesday released the names of the teachers for the local public schools and Cisco Junior College for the 1949-50 school year. The teachers were named at a meeting of the school board on May 27 and the list remains virtually the same as of last year.

Teachers for the high school, with the exception of Fred D. Baumgardner, band director, were re-elected to their posts and teachers in the grade schools and junior high school remain the same with the exception of H. G. Hamrick, principal, who had resigned to accept the superintendency of a West Texas school.

At Cisco Junior College all teachers were re-elected with the exception of R. F. Webb, dean; and Howard Huggins of the Chemistry department. Neither of the two men had sought re-election, it was reported. Baumgardner, Webb nor Huggins revealed their plans for the coming year. Webb and Huggins were interested in regular college work as well as veteran's training program.

Ten representatives from the veterans night classes and the seven members of the local school board met Monday night in the school board offices for the purpose of discussing problems that had arisen at the school. G. R. Nance, president.

Two From Cisco Graduate From Texas A And M

COLLEGE STATION, June 7, (Spl) — Among the June graduates from Texas A&M College are the following from Cisco: Dale D. Allen, BS in Agricultural Education; Richard Harrison Baker, BS in Electrical Engineering.

Mr. and Mrs. Tommy Joe Pee of Sweetwater are guests here of her parents, Mr. and Mrs. Jay Warren and family. The visitors are on vacation and have enjoyed visits in Corpus Christi and San Antonio. They plan to spend next weeked with relatives in Fort Worth.

Mother Of Local Men Will Celebrate Her 100th Birthday In Fort Worth

A century ago, Tuesday, the frontier arm post that became Fort Worth was established. On the same day, Mrs. L. C. Steffey, mother of Carl and Fred Steffey, of Cisco, was born. At the residence of her daughter, Mrs. Edna Burton, of Fort Worth, preparations were underway Monday for a gathering of relatives who will sing "Happy Birthday" to a gray haired, aged lady who recalls the rugged, fearful days of the pioneers who settled the now great West Texas City. Her memory is not too good, she explains, but she has not forgotten the meals prepared on a fire place without chimney and the problems her father had bringing provisions by ox-drawn wagons from Galveston to their home in Savoy. Beyond that she remembers a childhood at her birthplace, Fayetteville, Virginia, where she started to school at the age of eight and gave up her formal education three years later. Despite a limited time spent in classrooms, Mrs. Steffey is a well informed woman. She reads the dictionary studiously until her eyesight dimmed and with her self taught vocabulary she read widely. Politics was a vital subject to her though she never took an active part in public affairs. Her daughter describes her as a "home body," interested in home work and flowers. Since an attack of flu four years ago, Mrs. Steffey sits quietly in her room and engages in conversation only when she's in the mood. She has been a resident of Fort Worth "off and on" for about ten years. Before she made her home with a daughter on a farm at Robert Lee. At her birthday celebration, Tuesday, there will be her children — Ben Steffey of Senora; Fred and Carl Steffey of Cisco, and Mrs. Burton. Other relatives who will call at her home include 13 grandchildren; 13 great-grandchildren and two great-grandchildren. The way to live a long time, says Mrs. Steffey, is to work hard and enjoy living. Mrs. Burton adds that she believes her mother's long, healthy life has been due to a happy disposition and freedom from worry.

SURPRISE BREAKFAST WAS TENDERED GROUP

A surprise party was tendered a group of girls of the senior class of Cisco High School in the home of Mrs. Joe Gallagher on Friday, May 27. The girls who had been busy with approaching Commencement affairs, were all in their homes enjoying their morning sleep when they were awakened suddenly.

After being aroused they were taken to the Gallagher home just as they were sleeping. There they found Sally Gallagher, sleeping soundly also.

They awakened her and just at this time breakfast was announced by the hostesses. They then enjoyed the nice breakfast which had been awaiting their arrival.

Those enjoying the surprise affair were Misses Bette Rowe Wilcox, Mary Prudence Harris, Elova Moad, Zeldia Sandler, Lovell Paul, Jo Ann Scott, Mary Philpott, Coystal Smith, Martha Whitaker, Betty Sue Wagley, Bobby Jean Deen, and Sally Gallagher.

MISS WOODS BRIDE ELECT HONORED AT PARTY IN FEE HOME

On Wednesday evening, June 1, Mrs. Alex Spears, Mrs. Bill Mitcham and Mrs. Sterling Drumwright entertained in the home of Mrs. C. H. Fee honoring Miss Rose Ann Woods, bride elect of Thomas N. Hughston of Dallas.

As each guest arrived she was presented a gardenia through the courtesy of Mrs. G. P. Mitcham. Gardenias and other spring flowers decorated the rooms where bridge and forty-two games were played. High scores were made in the bridge

tilt by Mrs. Willard White and in forty-two by Mrs. W. J. Harlan. A gift of brass was presented the honoree by the hostess. The following were present:

Mrs. Paul M. Woods, Mrs. W. J. Harlan, Mrs. G. P. Mitcham, Mrs. J. E. Spencer, Mrs. George P. Fee, Mrs. Jack Anderson, Mrs. Willard White, Mrs. Frederick

F. Tracey, of Odessa; Mrs. Forbes

Bill Frost, Mrs. Jack Frost of

Eastland; Mrs. Bill Berry, Mrs. Wallace, Mrs. Joe Slicker, Mrs. T. G. Caudle, and Misses Rose Gene Grantham and Linda Fee.

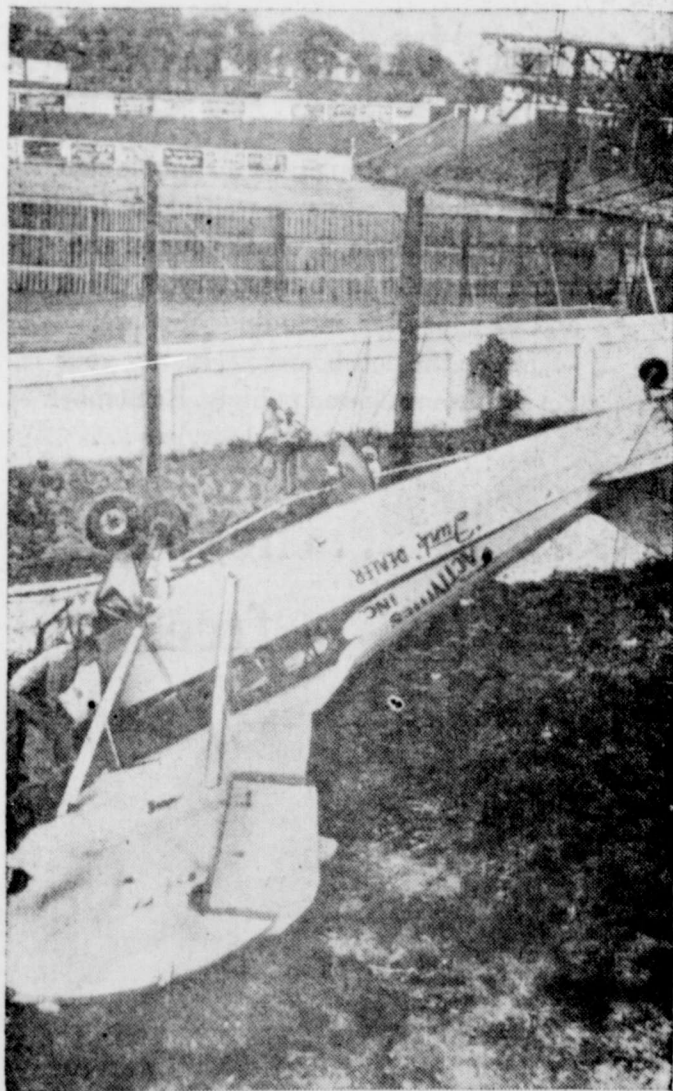

PARENTS ANNOUNCE APPROACHING RITES

Mr. and Mrs. C. E. Moates announce the engagement and approaching marriage of their daughter, Carlene to Johnny Hugh Kent, son of Mr. and Mrs. M. L. Kent of Cisco.

The ceremony will take place June 17th at 7:30 p. m. in the parlor of the First Baptist church in the presence of relatives and

GOOD-BY—Little Walter McGuinness gives a left-hand salute as he leaves New York on a trip to Ireland. He has gone over to visit his grandparents and will stay abroad for a year.

OUTFIELD ERROR—When pilot Ed Lobdell, of Fargo, N. D., failed to land in the outfield of the Kansas City, Mo., Blues baseball park, this plane nosed over into a nearby schoolyard. Lobdell had run out of gas. He escaped with minor injuries.

EXTRA FOR ONE CENT—Auto dealer Elwood Edwards, in Denver, Colo., pins a one-cent sign on a used car he had in stock. With every purchase of a new model, he offered an old auto for just one cent. Edwards got the idea from drug store sales, and, at that price, his customers would have appeared a little unfair if they had tried to bargain with him.

LUCKIES PAY MORE

to give you a finer cigarette!

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco—and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much more real, deep-down smoking enjoyment they give you. Yes, smoke a Lucky! You'll agree it's a finer, milder, more enjoyable cigarette!

DAN CURRIN, independent warehouse operator of Oxford, N. C., has smoked Luckies for 20 years. He says: "To me, Luckies taste better. I've seen the makers of Luckies buy fine, prime tobacco, you know!" Here's more evidence that Luckies are a finer cigarette!

WHEN A KITCHEN IS

Practical and Pretty

OF COURSE, IT'S *Electric!*

AN ALL-ELECTRIC KITCHEN INCLUDES

Refrigeration Center, built around your electric refrigerator which provides ample food storage and large freezing capacity. Adjacent work surfaces provide space for food preparation.

Dishwashing Center, featuring electric sink with automatic dishwasher and garbage disposal unit. The Electric Dishwasher handles not only dishes and silver, but pots and pans as well—washes them shining clean, and dries them without wiping.

Cooking Center, with electric range as central unit. The Electric Range provides safety, better meals—due to controlled heat—coolness, easier cleaning, durable, reliable simplicity, and beauty plus economy of operation.

There was a time when you had to choose between a pretty kitchen and a practical one, but not nowadays. An All-Electric Kitchen is both practical and pretty. It is practical because you base your plans on an Electric Range, Electric Refrigerator, Electric Dishwasher, and plenty of electric outlets for the convenient use of electric mixers, waffle irons, toasters and many, many other electrical appliances. Around these appliances you build "Electric Time-Saving Centers." This equipment does so much of your work for you automatically that you'll have more time for leisure. And it's pretty, because there's practically no limit to what you can do decoration-wise with an All-Electric Kitchen. If you plan to build or remodel, our Home Service Department will be glad to help you with your kitchen plans. When a kitchen is both practical and pretty...

OF COURSE, IT'S *Electric!*
