The Gay Philosopher

By J. W. S.

ALL OF US owe the city sanitation department our thanks for keeping the fly and mosquito situation under control. This time last year mosquitoes were everywhere. It was difficult for a fellow to enjoy the outdoors. If you remember, a wave of mosquitoes hit town last summer and all of us were on the run.

UNDERSTAND THE mosquito spray tends to exterminate canaries and goldfish if they are too near the fog.

THINGS ARE looking up at the Teague Tile and Brick Company's plant east of town. Work is nearing completion on the second large kiln.

Industries like this are worth a lot to the community. They utilize local raw materials and labor.

ANOTHER THING that bids to be very valuable to the community is the Heart O' Texas Fruit Growers Assoc. They're getting up to ship some 50 cars of peaches to eastern markets under their own label.

Refreshments are to be served at the meeting which will start on June 27 at 8 o'clock.

According to officials in charge this is to be an important meeting and all members as well as those interested in the progress of the dairy business in the County are urged to be present.

Newspapermen Of Fort Griffin Are Honored In This Year's Fandangle

George W. Robson, Edgar Rye, Richard H. McCarty — famed newspaper editors of the days beginning at Fort Griffin more than 70 years ago — will be the central theme of the 7th Fort Griffin Fandangle when the "Newspaper" will carry the story across the Fandangle stage in Albany on evenings of June 21, 24, and 25, with the costumes, music and dancing of Fort Griffin taking the Robert E. Nail show before a possible 5,000 spectators in the three night run. Robson was a fiery Northern-

June Proclaimed Dairy Month By Governor Jester

AUSTIN, June 23 — In view of the fact that June has been proclaimed National Dairy Month, Dr. George M. Cox, State Health Officer, urges that with the more extensive use of milk, both producer and consumer be concerned as to its quality. The use of clean safe milk is a health measure.

Local interest in improved methods of producing wholesome milk has increased greatly in the past two decades and the striking advance in milk control has been responsible for the enormous saving of infant life.

Milk is perishable and especially during hot weather. To insure milk of good quality requires cleanliness, sterile utensils, protection against flies, careful bottling and maintenance at low temperature. The presence in fresh milk of large numbers of bacteria, due to insanitary methods of production is a health hazard.

Dr. Cox added, "Among the diseases which may be transmitted through milk are tuberculosis typhoid fever, scarlet fever, diphtheria, sore throat, undulant fever, giarricea and enteritis. Numerous milk-borne outbreaks of disease occur every year in this country from the use of milk that might have been safe with proper care."

"We should firmly insist that the milk we drink be carefully produced, so that we will have the maximum practicable protection along the line from the cow to the consumer."

Mrs. M. A. Mamby and her daughter-in-law, Mrs. Arlin Hamby, of San Antonio, are guests in the home of their sister and aunt, Mrs. Myrtle Anderson, and her daughter, Miss Dorothy Jean Anderson.

Members of the club made plans for the installation of new officers at a Ladies Night Banquet set for next Wednesday night at the hotel coffee shop. District Governor-elect Sam Fuhr, of Olney, who was present at the luncheon, will be in charge of the installation of the club's new officers.

Five 4-H's In County May Win Medals In Poultry

CHICAGO — Five 4-H members in this county are eligible to receive sterling silver medal awards for outstanding records in the 1949 National 4-H Poultry Achievement program. Surprise showers visited the area late Wednesday and Cisco received 2 inches of moisture that dropped the temperature from a high of 97 to a low of 70.

The rain was accompanied by high winds and an electrical storm. Wheat harvest was expected to be resumed today and little damage was caused by the rain and wind.

The moisture was welcomed by local gardeners who were having to irrigate and by farmers in the peanut planting section.

Additional showers were predicted for Thursday with slightly cooler weather promised.

C. P. Penrose of Handley has been appointed Texas Secretary of Allied Youth, effective June 25, according to announcement by W. Roy Breg, Executive Secretary of Allied Youth, Washington, D. C. Mr. Penrose succeeds Talmadge Kolb.

Wiring his acceptance to the invitation to become Texas Secretary of Allied Youth, Mr. Penrose said, "I accept enthusiastically the opportunity to work with Allied Youth and with the high school youth of Texas. I believe this movement will grow and prosper in every way. It is certain the need is great."

Wheat Harvest Is In Full Swing

Anxiety on the part of wheat farmers in the important High Plains area was somewhat relieved as open weather permitted combines to get into fields the latter part of the week. At the end of week, harvest was in full swing in all High Plains areas except the northwest Panhandle where combining was expected to be underway in a few days. Some additional lodging and hail damage was reported in a few localities. Some late wheat was showing evidence of damage from stem rust.

Seeding and re-seeding of cotton neared completion in the High Plains and Low Rolling Plains as drying surface soils permitted resumption of field activities. Growers made good to excellent progress throughout the state under favorable moisture conditions. Grasshopper infestations were quite heavy in northern and northwest areas and poisoning was widespread.

Corn was benefited by rains in central Texas and the crop was in excellent condition in most areas. Much of the south Texas crop was nearing maturity. Sorghums were also in excellent condition and growers made good progress in completion of seeding operations in High Plains areas. Heads were maturing in extreme southern and Coastal Bend counties and combining was started in some of the earliest fields. Peanuts made good growth in all areas.

Range and pastures continued supplying good to excellent green feed and moisture was generally adequate over the state for continued grass development, excepting limited local areas. In Plains, Plateau and southern counties, range feed was unusually abundant. Cattle and sheep continued to make fair to good gains. Marketing of spring and yearling lambs was tapering off.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

BUSINESS WOMEN MET TUESDAY EVENING WITH MRS. PAUL POE

Mrs. Paul Poe was hostess when the Business Women Circle of the First Baptist Missionary Society met Tuesday evening in her home for the regular meeting. The meeting was called to order with prayer by Mrs. E. L. Pugh, following which the business session was conducted by the hostess.

Minutes of the last meeting were heard and were approved. The circle voted to donate \$5.00 to a needy family; and also decided to pay expenses of a girl to the Girl's Auxiliary week at Leuders' encampment.

The meeting was then turned

to Mrs. Truly Carter, program chairman, who discussed "Christ, the Answer for Questing Youth."

The social hour was next enjoyed and refreshments were passed to Mesdames Barton Philpott, C. H. Abbott, Berta Carmichael, O. O. Love, Mack Stephens, Otis Strickland, Truly Carter, E. L. Pugh, G. Pollard, Harry Schaefer, H. N. Lyle and her mother, Mrs. R. W. Warren, of Weslaco, Misses Doris Joe Pyle, Letha and Mayme Estes, and the hostess, Mrs. Poe.

W. M. S. CIRCLE NINE IN FALKENBURY HOME

Circle Nine of the First Baptist Women's Missionary Society met in the home of Mrs. Bernice

Falkenbury on West Sixteenth Street, Tuesday, June 21. The chairman, Mrs. Margie Grantz, called the meeting to order and the opening prayer was led by Mrs. Dorothy Kennedy. The secretary's report was read and approved and the treasurer's report followed.

The business scheduled for Circle Nine at this meeting was gathering clothes for flood relief. Mrs. Lucille Litton, chairman of Baptist Community Missions, was in charge of gathering the clothes. After appointing a committee to assist her, three large boxes, valued at about \$50.00, were assembled.

The meeting was then turned

over to Mrs. Evelyn Taylor, who gave a talk on the final chapter of the book, "Mighty Prevailing Prayer," discussing "Prayer Passion" and the "Preacher and Prayer." Everyone has enjoyed the teachings from the book which has been made so interesting by Mrs. Taylor.

Due to the absence of the leader, Mrs. Leon McPherson, the group was fortunate to have Mrs. W. V. Gardenhire, Society president, meet with them. Her words of praise and commendation for Circle Nine were deeply appreciated. The meeting was closed with prayer by Mrs. Gardenhire.

Mrs. Falkenbury served a deli-

cious salad plate with cokes to members during the social hour.

Those present were: Mesdames W. V. Gardenhire, Lucille Litton, Virginia Whigham, Margie Grantz, Bebe Stowe, Evelyn Taylor, Mary Odell, Billie McPherson, Dorothy Kennedy, and the hostess, Mrs. Bernice Falkenbury.
