Two Local Men To Be Ordained As Ministers At Services Here Sunday

Two young Cisco men will be ordained into the ministry of the Christian Church in services at the First Christian Church here at 11 a. m. Sunday. Dr. Colby D. Hall and Dr. C. K. Holsapple will officiate at services in which Jack Garrett, James R. Wright, Jr., will become ministers. They will be assisted by Elders H. R. Garrett and L. A. Warren of the local congregation.

A basket lunch will be served in the basement by the women of the church immediately following the services.

Jack Garrett, son of Mr. and Mrs. H. R. Garrett of Cisco, first made his confession and was baptized in Cisco in April 12, 1936. In 1943, he was graduated from Cisco High School and enrolled for one year of post-graduate study in Riverside Military Academy in Gainsville, Ga.

In August of 1946, he entered the armed services and served two years. Upon his discharge he entered Cisco Junior College attending one year. Prior to enrolling at Texas Christian University at Fort Worth in June of 1947, Garrett married Miss Robie Jo McNeely, daughter of Mr. and Mrs. A. E. McNeely of Cisco.

As a ministerial student in Texas Christian, Garrett is due to receive the A. B. degree in August of this year, and plans to enter Brite College of the

Bible in the fall. He is now serving as pastor of the Christian Church in Rochelle, Texas.

James R. Wright, Jr., son of Mrs. James R. Wright of Fort Worth and formerly of Cisco, was baptized at Hot Springs, Arkansas, in 1934. He is the son of the late Rev. James R. Wright, former pastor of the Cisco First Christian Church.

In 1942, he was graduated from Cisco High School and enrolled in Cisco Junior College the following fall. Before completing one year of study, he enlisted in the Army Air Corps, and was called to active duty in May of that same year.

After receiving his commission as a second lieutenant in September of 1944, Wright returned to Cisco to wed Miss Jeanette Myrick, daughter of Mr. and Mrs. A. Z. Myrick.

Following three years of service in the Air Corps, Wright rolled at Texas Christian University in 1947. He is to receive his A. B. degree in August. Wright now is doing graduate work toward the B. D. degree at Brite College of the Bible and serving as pastor of the First Christian Church in Blooming Grove, Texas, and the Central Christian Church at White Wright.

Dr. Hall, B. A. M. A., LL. D., is Dean Emeritus of Brite College of the Bible and Professor of Church History. He has been officially with the Texas Christian University faculty since its beginning.

Dr. Holsapple, B. A. M. A., LL. D. is Dean of the Evening College of TCU, and head of the department of Philosophy. His father was a former pastor of the Cisco Christian Church, holding office late in the nineteenth century.

Showers Aid Most Growing Crops Over Texas

Growing crops and pastures in most of the state were benefited by widespread showers, which in some areas amounted to generous rains. Grain sorghum and broom-corn harvest was interrupted in Coastal Bend and south Texas counties, but as a whole, the rains were helpful.

Cotton continued to make vigorous growth and developed rapidly under generally favorable moisture conditions. Ginnings reached peak proportions in the Lower Valley and crops are ready for harvest in northern counties. Plants were heavily loaded with immature bolls in central, eastern, and northern areas, and were fruiting rapidly in the Low Rolling Plains. Early fields were coming over the High Plains. Cotton hoppers were becoming prevalent in northwest areas, but serious damage was being averted by control measures. Boll worms were causing considerable concern in some northern and southeastern counties and effective control was hindered by frequent showers, heavy rains in the drought-tickened Coastal Bend caused damage to opened cotton, but supplied much needed moisture for sizing of immature bolls.

Corn was maturing rapidly in central, east and north Texas, except for limited areas needing rain, yields were expected to be well above the average. The widespread showers and particularly by generous rains in Southeast counties. Showers over southeastern Texas interrupted grain sorghum harvest which was beginning in that area. Sorghums developed rapidly in central and northern counties where an excellent crop was in prospect. Good growth continued in the High Plains and most of the Low Rolling Plains and recent rains further improved moisture conditions. The crop deteriorated, however, in some southern Low Rolling Plains counties in need of rain. Peanuts made favorable growth in all areas and are blooming in the northern commercial area. Some late peanuts were being planted in the southern area while earlier maturing there were nearing maturity.

First Baptists Extend Winning Streak; Night Schoolers Clip Putnam 9-0

The First Baptist Blue Sox staved off a fifth inning rally after producing six runs and nipped the battling First Christians, 14-13. Solid hits, supported by a nifty defense sped the Cisco Night Schoolers to a 9-0 shutout over Putnam last night at ABC Park.

Two out-of-town teams will move into Cisco in games tonight. Manager Troy Stewart's Cisco Night Schoolers are set to engage a top notch Breckenridge V. F. W. team, beginning at 8 p. m. In the second game, the First Baptists will seek to square a two game series with the Coggin Avenue Baptists of Brownwood. The latter drubbed the locals, 7 to 5, in a meet there recently.

Lefty Sublett, Christian chunker, was touched for seven hits, while a mixture of Baptist pitchers — Leach, Gallagher, Black and McGowan, gave up four hits, fanning three.

In a quick start, the Baptists rolled up a 6-run lead before Christian moundman Sublett reduced their batting strength. Christian scoring came in the third inning then trailing by nine runs. The rally put four tallies on the book before their half of the inning went out.

Home run sockers last night were Ray Rylee and Buzz Sawyers.

Ranger Man's Death Ruled As Suicide

A verdict of suicide was returned Thursday morning by Justice of the Peace Charles Bobo in the death in the death of James E. Roberts at his home in Ranger.

Death was said to have been caused by a .22 calibre rifle shot at his home early Thursday morning. A Ranger physician pronounced Roberts dead at 8:05 a. m. The bullet pierced the brain, entering through the right eye.

On hearing the shot, Mrs. Roberts investigated and found her husband lying on the bedroom floor. Ranger police W. G. Pounds and Alfred Ames were summoned to the scene. The suicide, police said, was laid to despondency.

Funeral services were incomplete Friday.

Mrs. J. S. Mobley and small grand daughter, Carolyn Miller, returned early today from Pampano where they visited during the past three weeks with her daughter and husband, Mr. and Mrs. Joe Bentley.

Local Man Will Manage Eastland's New Golf Course

M. W. Cotten who resigned his position as grounds keeper of the Cisco Country Club at the close of the annual Cisco Invitational Golf Tournament in June, has been employed by the directors of the newly formed Eastland Country Club to be in charge of constructing the golf course and maintaining the layout after it is completed, it was announced by Eastland Quarterback Club Officials who are sponsors of the new project.

The laying of pipe to the proposed green sites started Wednesday and work on the greens and fairways will begin as soon as the water is turned on. It was expected that the course would be ready for play in approximately three months.

Much of the work is being done by volunteer labor, with equipment loaned by Eastland firms.

Mr. and Mrs. Cotten were at the Cisco Country Club for approximately one and one half years before their resignation. They purchased a home at 1300 West 13th after leaving the club.

Mr. and Mrs. Charlie Burke went to Fort Worth Thursday afternoon to visit their daughter, Billie, who is recovering in a hospital from polio. They report that Billie has been moved into the recovery ward and that hospital attendants believe her recovery soon will be complete.

Mr. and Mrs. William H. Hoffmann have returned from their wedding trip which took them over several northeastern states. They made stops of a week in New York City, visited Buffalo, Niagara Falls and Chicago. The trip included Washington, D. C., returning to their home at Eastland last week. Mrs. Hoffmann is the former Miss Dorothy Jean Anderson of Cisco.

Comanche Linesman Escapes Death By Electrocutation Near Here Friday

Travis Everett, 18, of Comanche, linesman for the Comanche REA Co-op, narrowly escaped death near here Friday when he accidentally touched a live wire carrying 7200 volts, while he was installing a transformer on a new extension line.

The accident, according to a report, occurred eight miles southeast of here, where the Comanche crew was stringing up rural electrification lines.

Fred Hicks and Clarence Walkoviak, also of Comanche, members of the crew, said Everett touched the wire with the back side of his hand, but the reflex of his arm muscles jerked his hand away from the hot wire, knocking him loose. His unconscious body was held to the pole by his safety belt.

He was taken down by Hicks and Walkoviak, who administered artificial respiration before rushing him to a Rising Star hospital in a company vehicle.

Everett was released from the hospital after treatment for minor burns, and now is resting at his home in Comanche.

He is the son of Mr. and Mrs. W. D. Everett of Comanche, is married and has one child.

O. J. Grigsby, manager of the Comanche County REA Co-op, said it was the first accident of the nature suffered by one of his crewmen in the ten year the Co-op has been in operation.

Summer School To End Here Tuesday; Repairs Ordered

Only three days now remain on the calendar for students attending the city's summer high school classes, Carlos Turner, principal, has reported.

Between 35 and 40 students, ranging from freshmen to seniors, have been enrolled in summer work for a period of seven weeks as prescribed by state rules. Classes began this year on June 1, immediately following the completion of the graduation exercises.

Boss Glove Factory In Full Operation

Anton White, manager of the local Boss Manufacturing Company plant announced that the factory was placed in operation on July 15 after being closed for approximately a month. The shut down was caused because of swollen inventories and to allow employees a vacation period.

The plant is operating on a five day a week basis and will be on that schedule at least a month making a special type glove.

Pentecostal Revival Meeting Announced

Rev. J. E. Blackwell, minister of the local Pentecostal Church, announced that a revival meeting had been in progress at the church since Tuesday. Rev. Mrs. Agnes Lankford of Phoenix, Arizona, is conducting the services.

The three Wilkie Sisters, also of Phoenix, are special singers for the meeting and sing at each service. The meeting will continue through next week.

Rev. Blackwell invited everyone to attend the services.

Miss Greta Kay, daughter of Mr. and Mrs. Ben Key, left today for a short visit with friends at Eads, Colorado.

A contract was signed recently between the Morton Valley School Board and the Eastland School Board whereby the entire student body of Morton Valley will attend the Eastland Schools during the 1949-50 term, it was announced Thursday by D. D. Franklin, president of the Morton Valley Independent School District Trustees.

According to figures released, Eastland will increase its scholastics by approximately 95 students.

Under terms of the contract, the Eastland schools will operate the two school buses owned by the Morton Valley schools in transporting students to and from the school. They will employ the teachers hired by the district, including Supt. Charles Harris, who will teach in Eastland High School.

The Reagan District was also placed in the Eastland School District.

Franklin said that the decision to send the students to Eastland was made when it was found that Morton Valley would not have the 110 scholastics required for an accredited system under the provisions of the Gilmer-Aiken law.

Morton Valley had maintained an accredited grade and high school since 1933 and under the provisions of the contract will continue to maintain an independent school district as long as the County Board will allow it.

Dr. Jones To Continue Study of "The Great Gift" Sunday

Dr. Claude P. Jones, minister of the First Methodist Church, announced that he would continue his study of "The Great Gifts" at the morning worship of the church Sunday at 10:50 a. m. This will be the third of a series of talks prepared by Dr. Jones on the subject.

Mona Lee and Nancy Cluck will play a special violin duet arrangements at the morning service. Miss Jane Huestis at services. They will be accompanied by the organ.

Dr. Jones also announced that a visiting minister at the First Christian Church would be the speaker at the union services at the First Presbyterian Church beginning at 8 p. m. in the air-conditioned auditorium.

Man Faces Felony Charges; Held By County Officials

A man was being held in the Eastland County jail Thursday facing felony charges in connection with the passing of a worthless check to a Cisco concern, it was announced by Sheriff J. B. Williams.

The charges were filed in Justice of the Peace Brown's court in Cisco after the man allegedly issued a worthless check in the amount of \$352.00 to the Cisco Sales Barn. He will be bound over to the next session of the grand jury.

The man was arrested Tuesday in Mineral Wells and was held for Eastland County officials, who returned him to Eastland that night.

The Great UMPIRE

Copyright 1947 by William Newspaper Features Box 413, Fort Worth, Texas

It was a great day for religion when the prophet Amos discovered that there is an Umpire who passes judgment in the affairs of men. Life is a great game and we are all players; it is an interesting and thrilling game if we can be sure that we have a fair chance. We will play our best if we know that the Umpire is impartial; but it takes the heart out of the best player if he suspects that he is called 'out' when he was safe at the base. We have a fine tradition in the great American Game of baseball; men of integrity as well as of intelligence call the strikes and decide between the opposing sides when the play is close. So we rejoice that at the heart of the Universe justice is enthroned; though onlookers may jeer or call the game against us we rest assured that the Cosmic Umpire will understand and will call our plays with fairness. The Judge of all the earth will do right. On the other side, we too must keep the rules of the game, we must play fairly, we must play with our mates in good teamwork, we must keep ourselves in good trim for the grueling contest ahead of us. The Umpire will not do our playing for us, but he will guarantee us a fair decision in today's game and at the end of the playing season. He calls today, "Play ball!" Then play with all your skill and power and rest your game with THE GREAT UMPIRE WHO NEVER CALLS 'EM WRONG.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. State men today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.
