CISCO, TEXAS, TUESDAY, JULY 26, 1949

NUMBER 179

The Gay Philosopher

By J. W. S.

THE FARMERS IN this area may be overlooking a bet in broom corn. Several Cisco factories use a goodly quantity in making their products, and there are other broom manufacturers in this region. It is an early crop, grows like cane or maize. The seed and stalk can be ground into feed for livestock.

CAPTAIN O. O. ODOM, who runs a broom plant here, has recently harvested some 50 acres. He reports a good crop. The captain, who also heads the national guard unit here, had a busy day the other day. His car had five flats in one day.

SOME MORE GOOD pictures in the store windows. In Moore Drug Windows are two aerial photos taken by Walter Zigler of the Lee Geophysical Company. One is the best aerial shot we've seen of Lake Cisco and the other is the best aerial shot we've ever seen of Cisco Junior College. Look them over.

RAN INTO MR. M. E. Fry, the rancher, the other day. He recently went to Denver, Colorado, to take part in a Herford tour. The trip took him to the leading Herford ranches in Colorado. All in all, he reports a most interesting trip.

WE'VE DECIDED that Lake Cisco has some fish in it after all. The other afternoon we went out and brought home 16 crappie, one bass and two catfish. The next afternoon, it was 18 crappie. We had a little assistance in catching them — Mrs. Andy Anderson, Mrs. E. G. Dameron, Truman Evans, Austin Flint and others.

THERE'S A NEW service manager up at McCauley Tire & Supply this week. R. W. McCauley, Jr., whose is better known as "Little Mack," is away on vacation. And his mother is holding down his job. We'd say that it is highly doubtful, however, that she'd change your tire personally.

API Crude Oil Report Released

The American Petroleum Institute estimates that the daily average gross crude oil production for the week ended July 16, 1949, was 4,671,350 barrels and that the amount of lease condensate production mixed with crude losing its identity as such averaged 54,050 barrels daily, a total of 4,725,400 barrels of crude and lease condensate. Reports received from refining companies indicate that the industry as a whole ran to full on a Bureau of Mines basis approximately 5,130,000 barrels of crude oil daily and produced 18,117,000 barrels of gasoline; 1,531,000 barrels of kerosene; 5,699,000 barrels of distillate fuel and 7,785,000 barrels of residual fuel oil during the week; and had in storage 111,400 barrels of finished and finished gasoline; 23,791,000 barrels of kerosene; 68,622,000 barrels of distillate fuel and 564,000 barrels of residual fuel oil on July 16, 1949.

After 18 Years Local Man Is Reunited With His Family

After 18 years a local man is reunited with members of his family when he located them and spent some time with them in Mississippi. Mr. and Mrs. Ted Hamilton returned from a vacation through Arkansas and Mississippi and while on the trip met a brother, W. B. Hamilton, of Jackson, and their son, Ulysses Hamilton, of Osburg. Ted Hamilton and Ulysses Hamilton are twins. They had been 18 years since the other was. The elder Mr. Hamilton is 20 years of

TEXAS STATE FAIR TO HONOR RURAL YOUTH

Post-war rural youth activity in the state will reach its high point this year when the largest single gathering of farm boys and girls in the nation's history will be honored by the State Fair of Texas on Rural Youth Day, Oct. 15, James W. Aston, chairman of the Fair's rural youth day committee, has announced. "At least 75,000 4-H Club boys and girls, Future Farmers and Future Homemakers from farms and ranches in every corner of the state, will make the trip to the Fair," Aston said. "Last year's attendance of 60,000 was considered phenomenal, but all indications point to a 25 per cent increase for this year." The youngsters are traditionally given free admission to the Fair, and a free lunch which is provided by Dallas business leaders.

Mr. and Mrs. C. A. Shockey returned to their home in Cisco recently after spending several weeks in San Antonio where Mr. Shockey was in a hospital seriously ill. He is much improved and his physicians reported that after a rest period his health should continue to improve.

SEA SWEEPER—Workers in a New York shipyard turn about and clean the Driftmaster which the Army's Corps of Engineers uses to keep New York Harbor clean. The 99-foot vessel gives the harbor a clean sweep-down with two electrically operated chain nets having a capacity of 12 tons each. It has cleaned the harbor of many odd things, including bodies.

County Dairy Association Receives Charter Under State Laws Of Texas

The Eastland County Dairy Association is chartered under the laws of the state of Texas as this was one of the requirements in setting up an artificial breeding program, according to A. Z. Myrick, Cisco, president of the organization. Cows within a radius of 30 miles from Carbon can be artificially bred to high type bulls by calling Harry Crow, Carbon, breeding technician for the Association, Myrick said.

Contract blanks can be secured from either Myrick, Crow, L. R. Higginbottom at Kokomo, or at the County Agent's office in Eastland. The dairy association cooperates with the North Texas Artificial Breeding Farms at Dallas to make this service available to anyone in the 30 mile radius of Carbon with one or more milk cows. This distance would take in all of the county. The total cost for the cow to be bred artificially is \$6.00, Myrick said. When the contract is signed, the owner puts up \$1.00 per cow. When the cow is bred an additional \$5.00 is paid. If the cow does not conceive with the first service then two ad-

Former College Dean Visits In Cisco

Mr. and Mrs. Buford Isaacks of Cleburne are spending a few days in the ranch home of Mr. and Mrs. H. R. Garrett, northwest of Cisco. They attended the services of the First Christian Church Sunday morning at which time Jack Garrett was ordained as a minister of the gospel.

TO BE INSTALLED

Matthew Wallace, World War II veteran, will be installed as commander of the Eastland American Legion Post No. 70, August 18, to succeed N. P. McCarney. Wallace served as vice-commander of the post last year.

RETURNS HOME

Mr. and Mrs. C. A. Shockey returned to their home in Cisco recently after spending several weeks in San Antonio where Mr. Shockey was in a hospital seriously ill.

WEST WARD PTA TO HOLD BAKE SALE

The West Ward Parent-Teacher Association today called for volunteers to bake cakes and pies to be sold Saturday in a Bake Sale at Shockey Grocery for the benefit of the organization's cafeteria fund.

LEAVE TODAY

Mrs. Carl Smith of Fort Stockton and Mrs. Frank Smith and daughter, Sue, of San Angelo left early today for their homes after spending several days in Cisco in the homes of Mr. and Mrs. Roy Huffmyer and L. H. Qualls.

SISTER IS HONORED

A game party was given last Friday night by Mrs. Berta Carmichael in honor of her sister, Mrs. L. L. Sissell, of Los Angeles, California. Gladiolus and roses featured floral decorations. Refreshments consisted of fruit punch and cake.

Sonny McCrea Leaves For Methodist Camp

Sonny McCrea, son of Postmaster L. H. McCrea, left here Monday morning for Glen Lake Methodist Camp, located near Glen Rose, for one week.

Out-of-Town Visitors Here For Services

Out of town guests in the home of Mr. and Mrs. H. R. Garrett Sunday were Mr. and Mrs. R. W. Garrett and sons, Ralph and Jimmy, of Fort Worth. Mrs. Geroy Hefrin and daughter, Kathlene, and son, Rollin and Mr. and Mrs. E. Buford Isaacks of Cleburne.

Lutheran Youths to Hold Annual Camp At Lake Cisco This Week

Business Data Is Offered By Commerce Dept.

Persons about to go into business for the first time should have reliable information on the different types of capital that are needed, how much of each type are required for various kinds of business, and where they may be able to obtain such capital, the U. S. Department of Commerce, said today.

To provide a better source of information for the several hundreds of thousands of small business men who undertake new enterprises each year, the Department has just issued a pamphlet entitled "Financial Considerations in the Establishment of a New Small Business." Copies may be obtained from the Dallas office, 1114 Commerce Street at 15c a copy.

This booklet discusses the importance of having the proper amount of equity of risk capital in the business to assure stability and to provide a basis for borrowing from one or more of the sources of loan capital.

It also emphasizes the importance of managing the capital accounts in order to maintain a good balance between fixed and working capital. Several of the sources of capital most frequently available to small business are also discussed.

In addition to its usefulness to individuals planning new small businesses, the booklet will be of use to individuals who have recently undertaken new businesses, and to professional counselors. With two other publications of the Department—"The Small Businessman and His Financial Statements," at 15c a copy and "The Small Businessman and His Bank" at 10c a copy, the new booklet rounds out a valuable series of the more important principles of financial management, Miller said.

CAMP LECTURER

For the fifth consecutive year the young people of the Lutheran Church will hold their annual West Texas Weather League encampment at the Presbyterian Camp near Lake Cisco. The encampment, beginning on Thursday of this week, will close on August 3.

Inspirational and Christian lectures will be given each day except Sunday, from nine to 10:30 a. m. Rev. Carl T. Juergensen of Brady will be the lecturer and will use as his

REV. CARL F. JUERGENSEN

theme: "The Christian and His Leisure Time." Pastor Juergensen will also officiate at the Sunday morning services which will be held at 11 a. m. in the camp chapel. Sunday school will begin at 10 a. m.

Two Suspects Held In Sunday Robbery

City police said today they were holding two suspects believed to have been linked with Saturday night's highway robbery six miles west of here.

Police said a driver for the Barq's Bottling Company, attached with the Abilene office, was stopped by two armed bandits shortly after 12:15 a. m. Sunday and robbed of approximately \$53.00 at gun point. The incident occurred on the Cisco-Dotlan highway.

City Constable R. F. (Bob) Farmer made the investigation. The driver, whose name police declined to furnish, told Farmer that the two men and a woman forced his car to the side of the road, and then robbed him.

MEETING ANNOUNCED

Officers of the First Baptist Church in Scranton announced a gospel meeting which began Sunday and will continue throughout July 31.

EXCISE TAX REPEAL

Congressman Noah Mason of Illinois has come up with what we think is the logical answer to the problem of repeal of the war time excise taxes, at the same time saving the federal government from a substantial loss of revenue at a time when a sizable federal deficit is in the offing.

Mr. Mason is author of a bill now before Congress that would levy federal income taxes on the cooperative business incomes of co-operatives and four other types of tax-escaping commercial corporations. He now suggests that this be tied in with repeal of the wartime excises.

Taxing the untaxed would produce a billion dollars a year in a new federal income, Congressman Mason estimates, while it is generally admitted that repeal of the unpopular excise taxes would cost the government about \$500 million in income. If, as Mr. Mason points out, the Congress would combine his bill to tax the profits of presently untaxed corporations with one of the several bills to repeal the excise taxes, the federal treasurer would come up with about \$490 million in additional income without hurting anyone. Moreover,

the plan would be a godsend to small business now forced both to compete with competitive tax-free enterprises and at the same time carry the business depressing load of high war time excise rates on such commodities as furs, jewelry, cosmetics, luggage, communication, transportation, theater tickets, and a score of others.

The desirability of repeal of these excises is generally recognized by government officials, businessmen and the general public. The stickler has been the loss of revenue involved. Mr. Mason's suggestion not only does away with the danger of a revenue loss, but actually provides new, additional income for the treasurer. Congress should give this earnest consideration at this time.

Letters

It has been revealed by the press that the 81st legislature was "water conscious" and enacted 48 laws on its conversation and use, and ordered a study of all rights and laws of the state.

Indeed, the people have long been "water conscious", and they approve the acts of the legislature and hope it will investigate and discover the greatest loss of all to the taxpayers in this valuable property.

The most valuable natural resource of all is water, without which life itself could not exist. It is the most neglected. It is free for the taking by selfish interests for their own enrichment, and the loss and impoverishment of the rightful owners, the people.

If oil, coal or natural gas is found beneath a man's land, it is sold and the owner profits, and the resource is taken by the state, for the benefit of all citizens and taxpayers.

But not so of Water, the most priceless of all natural resources. Many millions of dollars of taxpayer's money is spent for food control, the building of dams, huge lakes and electric power plants, but very little of that vast expenditure is ever repaid to the people.

Farmers who use water for irrigation pay for it. Users of electric energy pay for it. Domestic users of water in cities pay for it, but the municipalities themselves pay the state nothing for this valuable property.

It is hoped by the people that the committee of 21 will discover this loss to the taxpayers, and recommend to the legislature that it enact suitable laws for the collection from the cities of value received, for the owners, the people, for the vast wealth, now a loss to the owners, and which is sold to domestic and industrial users for millions of dollars annually. That is the duty of the committee and the legislature to the people, and it must be met.

Social Security Man To Be In Cisco July 28th

Mr. E. Glenn McNatt, Field representative of the Abilene Office of the Social Security Administration, will be at the Post Office at 2:00 p. m. on Thursday, July 28. Any persons wishing assistance with retirement or death claims under the Social Security Act are invited to see Mr. McNatt at that time.

Mr. McNatt announced that the Abilene office issued 717 original social security cards during the month of June. In addition, 283 duplicate cards were issued to persons who had lost their cards, or whose cards had become mutilated.

Most of the 717 new cards were issued to students preparing to take summer jobs. Any student, whether he works part-time or full-time, should have a social security account number card if he is working in commerce or industry. The card represents an insurance policy with the government and should be shown to each new employer. Application blanks may be secured from the local Post Office. The completed application should be mailed to the Social Security Administration, Abilene, Texas.

Persons who have lost their account number cards should make application for duplicates. Blanks for this purpose are

also furnished by the local Post Office.

A. H. Wheeler, Arlington, Texas.

Bees Make Money

While it is absolutely correct to say that bees make honey, it is a definitely proven fact that honey has a monetary value and so it can be said that bees make money.

The keeping of bees is an industry almost as old as the history of man himself. It is successfully practiced by persons of all ages.

Perhaps you have a bit of spare time which you would like to spend wisely. Beekeeping will provide that opportunity.

The art of keeping bees is not difficult and booklets on how to succeed with beekeeping are carried in stock by Cisco Lumber & Supply who locally distributes the famous Lewis-Dadant line of equipment and supplies.

See him today and he will help get you started in keeping bees for making money.

NEARING FORTIETH YEAR Veteran Fireman Recalls Early Days Of Local Volunteer Fire Department

BY JIM EWELL, JR.

For a man who has faithfully served one job forty years, the next month, and missing only twenty days during that time, you'd think life would be rather monotonous — more of a routine habit.

But not for Clarence Tune, one of two paid drivers for the Cisco Volunteer Fire Department. Still showing signs of vigor and grit, the veteran fireman will celebrate his fortieth year with the department in August. And to top it off, Tune has no immediate plans for retiring.

"I'll retire," he cracked, with a faint smile. "Why, I've just started. And as long as I can get gears and wheel a truck, I'll be here where I'm staying, as long as I can be of service to the people of Cisco."

establishing a car garage. "But my plan didn't go over," he chuckled. "You see, there were only four cars in Eastland County at that time."

Tune holds the distinction of bringing the first motor truck into Eastland County. "It caused quite a commotion with the people at first," he recalled. Tune is still an expert mechanic.

By the time he had given up his ideas for a garage, the spirit of fire fighting had gotten into his blood, and in 1932 he was hired by the department as a paid driver. He had served earlier as a volunteer member. That accounts for his forty years.

Tune lives with his wife, the former Miss Ira Mae Judia, whom he married in 1917. They have a daughter, Marie, who is married and now lives in Fort Worth.

Now 61, although he looks younger, Tune's two hobbies are fishing, which he does regularly when he's not on duty, and fighting fires. Tune raises his own worms at his home, 205 West 4th Street, and furnishes local anglers with plenty of bait.

The exploits and thrills of Tune's life have been many. For instance, Tune likes to recall the time the department was "waist deep" in trouble with arsonists. "They were a slick gang of hoppers, but the department could outwit them and did on numerous 'planned fires'. That all happened during the gay boom days.

Tune, if you were to ask him, believes the hottest fire in his

days was when the First Baptist Church burned to the ground in 1927. "Why that fire was so hot it melted the hose in the road and scorched the firemen attempting to extinguish it, Tune recalled.

Another fire Tune won't forget was the Rising Star blaze which inflicted considerable damage, and the coldest he thinks he was the Nance Motor Company fire on icy night in the winter of 1943. Those were real fires, he'll tell you.

Driving a speeding fire truck

has had its memories and narrow escapes too, but Tune, in his years at the wheel, has never had a wreck, only close calls, separated from disaster by inches.

On your vacation trip... stop for an afternoon at Baytown

If your vacation leads you down our way, you'll find a visit to Humble's Baytown refinery a highlight of your trip. It is one of the great oil refineries in the world, processing about 200,000 barrels of crude oil daily into such diverse products as gasoline and asphalt, motor oils and insecticides.

Tours of the refinery start at 2:00 p.m. every day. First, you find out what you're going to see; then you're taken on a comfortable bus tour of the plant with a guide to tell you what goes on. The children are welcome.

A visit to Baytown will give you a glimpse of the results of scientific research by the oil industry; for unless you see a modern refinery, you'd never suspect that it can break up crude oil molecules and reconstruct them into other molecules of wider service to you in your daily life . . .

A visit to Baytown will show you how the petroleum industry supplies many of the necessities of modern living, and how energetically the industry works to supply them. For throughout the United States, oil refineries like Baytown work night and day to supply you with petroleum products of continuously improved quality and continuously increased diversity.

HUMBLE OIL & REFINING CO.

HUMBLE

More than six thousand men and women work in shifts 24 hours a day at Baytown to help supply your needs for petroleum products.

If you can't visit Baytown in person, ask for a copy of this book; address your request to

Mr. and Mrs. Floyd Campbell and son, Kenneth, returned recently from a week's vacation trip which took them to El Paso and points in New Mexico. They were accompanied on the trip by Mr. and Mrs. Marvin Johnson, of Hawley, and their granddaughter, Beverly Gilbert, of Breckenridge.

Mrs. J. T. Richardson, Mrs. T. M. Terry, Mrs. Bill Campbell and children, Glenda, Ellen and Elaine, visited Mrs. E. N. Schoffner of Cross Plains Saturday. Mrs. Schoffner is a sister of the two Cisco women.

Mrs. L. L. Sissell and son, Koy, who have been visiting Mrs. Berta Carmichael and relatives here, left for California

Sunday. They planned to stop en route at El Paso to spend a few days with Mary Abbott, who is there visiting her daughter, Mrs. Paul Jones.

Mrs. Ellis Herring of Andrews is visiting in the home of her parents, Mr. and Mrs. J. E. Smith. Also visiting in the Smith home are Mr. and Mrs. Art Fretag and daughter, Karon, also of Andrews. Mrs. Fretag is their grand daughter.

Mr. and Mrs. R. W. McCauley and children were Sunday visitors in Abilene.

Mr. and Mrs. Loren Parks had as Sunday dinner guests their children and families, including Mr. and Mrs. L. D. Westerman

and children, Joann, Bobbie and Donald of Rising Star, Mr. and Mrs. Gerald Parks and Jerry and Jimmy, Mrs. Bobby Mashburn and Vicky of Cisco, Mr. and Mrs. Alfred Parks and Billy, Gene and Carolyn and Betty and Truitt McCorkle of Scranton. Their daughter, Mrs. R. M. Johnson of Byrds, was not able to attend.

Mr. and Mrs. D. P. King, and Mr. and Mrs. Sam B. King of Cisco spent Sunday in the home of Mr. and Mrs. J. H. Marable and family of Brownwood.

Spending a two weeks' vacation here with Mr. and Mrs. Sam B. King and family is Mrs. Ruth Rhames of Brenham, a sister of Mrs. King.

Miss Estar Meyer has returned to her home in Brenham after visiting the past two weeks in the home of her sister and brother-in-law, Mr. and Mrs. Sam B. King and family. Also

visiting in the King home was Mr. and Mrs. Lexton Martin and children, who stayed over Saturday.

Guests in the home of Mr. and Mrs. E. L. Martin Sunday were Mr. and Mrs. Lexton Martin of Silsbee.

Visitors in the home of Mr. and Mrs. E. G. Pierce over the week-end were their children: Mr. and Mrs. Marvin Pierce and their son, David, of Gladewater; Mr. and Mrs. Weldon Steele of Austin, and friends, Mr. and Mrs. Gene Forbes and son, Truman Forbes, Mr. and Mrs. Don Johnson, Mr. and Mrs. John Hart, Cisco; Mr. J. H. Childs, Brownwood; Mr. and Mrs. S. W. Lilley, Mr. and Mrs. C. P. Childs of Baird.

Mrs. J. E. Norris of Cisco is spending a few days in Midland with her daughter and son-in-law, Mr. and Mrs. W. C. Kerr. She is also visiting Mr. and Mrs. J. Frank Norris and daughter, Carolyn.

their regular business and social meeting.

Mrs. F. D. Wright, president, was in charge of the meeting and after the transaction of the regular business, Mrs. O. G. Lawson brought the devotional. Mrs. J. V. Heyser was in charge of the recreational program which consisted of each one present telling of the most interesting event happening on a trip. Refreshments of punch and cookies were served by Mrs. Mason to Mrs. F. D. Wright, Mrs. O. J. Russell, Mrs. Arch Birt, Mrs. Fred Grist, Mrs. O. G. Lawson, Mrs. Ina Pyle Martin, Mrs. Eula Grant, Mrs. J. V. Hewser, Mrs. Bill Hall, Mrs. George Beene, Mrs. E. L. Wisdom, Mrs. O. G. Harper, Mrs. Gorum Pollard and Mrs. Burkett.

Peninger, Ranger. Marcus B. Turner to Mary Jo Clark, Strawn.

Jodie Thomas Robinson to Mrs. Oma Lee Boyett, Eastland. Vellie J. Cox to Mae Lee McDonald, Cisco.

John Luther Waggoner to Mrs. Dora L. Smith, Wichita Falls.

Dode Hankins to Marie Woodard, Cisco.

Scientists Find Way to Make Extra Small Particles

Scientists working on the new Humble Esso Extra Motor Oil discovered that the addition of a special dispersive made it possible to break up the soot, sludge, varnish and dirt that the new product cleans from automobile engines, into particles as small as 38/1,000,000 of an inch in size. This, they say, is many times smaller than the smallest clearance in an automobile engine, so that the materials cleaned out of the engine by the new Esso Extra Motor Oil cannot damage moving parts. Humble station salesmen are urging customers to drain dirty, diluted oil and refill with new Esso Extra Motor Oil for extra protection. Adv.

PLANS WORK OUT

with a THRIFT ACCOUNT
FOR ME, foresight has always paid dividends. I learned long ago that of all the money which passed thru my hands only that which I saved was mine. I made regular deposits in a Savings Account. This gave me a cushion of cash for emergencies... enabled me to send my son thru college... buy a home. Now I've retired, financially independent. Why don't you open a Savings Account at this Bank today!

FIRST NATIONAL BANK
