

The Gay Philosopher

By J. W. S.

NEXT TUESDAY is Red Cross day in Cisco. Workers will take to the field to seek this city's quota of \$1,500. Wouldn't it be wonderful if Cisco's quota could be turned in at the end of the day? Let's all help make this possible.

HEAR THAT Mr. Ray Judia, the musician, has a new recruit for his part-time band in the person of Mr. Ken Russ, new manager of the Victor Hotel. Mr. Russ is a trombone player from away back.

As a member of the musical union, he has played trombone in such well known bands as The Pennsylvanians, Whiteman's orchestra, Ted Wiggins, and others. He has played all over the nation in the big hotels, ball rooms, for radio broadcasts, and for numerous recordings. Beside that, he has appeared with several symphony orchestras, including those of Cleveland and Kansas City.

Mr. Russ was active in music since 1943 when he suffered two broken legs in the Houston hurricane. After the war started, he began working days for a shipyard where he did office work. There were 26,000 people working at the plant at the time the storm hit, and he was the only one injured.

Since that time, the Russ trombone has been in the case most of the time. He takes it out occasionally when he runs into somebody like Ray Judia.

WE'D LIKE to recommend to Cisco service clubs and the Chamber of Commerce that they give Mr. Russ some jobs to do. He's a wheel-horse for being a civic worker. He formerly was president of the Kiwanis Club and of an Oklahoma Chamber of Commerce.

He's part of our community now and wants to earn his place in the community. That's a good attitude for anybody.

UP AT THE First National Bank, the new sign is up. It points out the fact that they have a side window where you can drive up in your car and transact any kind of business that you can at the teller's windows.

It's open on Saturday afternoons for the benefit of anybody who can't get their banking done in the morning.

A fellow was telling us about the drive-in banking windows at Abilene. For some months after they were installed, nobody paid them much mind. But now the city has to keep a traffic cop there to keep the cars from jamming up.

We were a little doubtful about the First National's window when they first put it in. But we've changed our mind. It's worth while for the Saturday afternoon convenience alone.

MR. FLEMING Waters says it's not a fish story—that he really caught a 7-pound bass at Lake Birdie last week. Says he has pictures to prove it. What's more, W. J. Armstrong hooked one that weighed four and a half pounds, and Charles Robart pulled one out that weighed five and a half pounds.

Our fishing calendar says that you'd better stay at home, but we're certainly tempted to dig some worms.

A GROUP OF Ciscoans, including Mr. and Mrs. Shy Osborn, Mrs. D. Ball, and Miss Mary Ball, were in Fort Worth the other day and called on Dr. F. W. Frances, who has a good many friends in this section. They report that he is on the road to recovery from a liver ailment but will have to stay in bed for another three or four months.

HERE'S A lot of activity going on out at the high school these days. The seniors are getting ready to stage the senior play, "Ring Around Elizabeth," on March 24. Directors are Miss Andrea and Mrs. Bill Mitchell. You'll be hearing more about it before the curtain goes up.

MAKING TRACKS—When the mule-yard in Atlanta, Ga., caught on fire and more than 400 animals turned to death, this mule got safely away as fast as he could run. About 100 animals fought their way out of the block-size, two-story building but were rounded up in the neighborhood.

FISH HATCHERY MAY HAVE TO BE RATIONED, MAYOR REPORTS

Mayor G. C. Rosenthal notified the Texas Game, Fish and Oyster Commission Saturday that "unless we receive replenishing rains in the near future, we will not be able to furnish you water at the rate of present consumption" for the Cisco Fish hatchery.

Night Schools Beaten By Lamb

Cisco Junior College's night school basketball team was eliminated from the Eastland Independent tournament Friday night by Lamb Motor Company by a score of 49-41. Cisco led most of the way the scored tied at half-time. Lamb cagers rallied near the end to take the game.

Finals in the tournament were to be played Saturday night between Desdemona and Lamb Motor Co. The Cisco night schoolers will meet Lamb Motor for the fourth time in a game here at 8 p. m. Tuesday at the Community Gym. Lamb holds three narrow margin victories over the local team.

Air Jobs Will Be Filled In Exams

The Civil Service Commission announces examinations for the following positions: Air Traffic Controller, \$3450 to \$6400 per annum; Air Route Traffic Controller, \$3450 to \$6400 per annum; Air Traffic Control Specialist (Airport), \$5400 to \$6400 per annum; Air Traffic Control Specialist (Air Route), \$5400 to \$6400 per annum; Aircraft Communicator (Domestic), \$3100 to \$4600 per annum; Aircraft Communicator (Overseas), \$3100 to \$4600 per annum.

Employment will be with Civil Aeronautics Administration establishments in the states of Texas, Louisiana, Arkansas, Oklahoma and New Mexico, as well as Balboa Heights, C. Z. and Swan Island, W. I.

Three Local Teams Play In Grade School Tournament Finals Saturday

Three local teams were to play in the final rounds Saturday night of the Grade School Tournament held at the Community Gym Thursday, Friday and Saturday. The Midget "A" team will play Scranton for the championship by virtue of their play over the Olden entry 22-7 Friday night. The Midget "B" team will play the Cisco R. A. team for consolation honors after downing the Scranton "B" team 20-13 Friday night.

The Scranton "A" team entered the finals by defeating the Midget "B" team in the opening rounds. The Midget "A" team defeated the Scranton "B" team in the first game. The R. A. team lost to Olden on the opening night to enter the consolation. Neither the Scranton "A" team nor the R. A. club played Friday night.

Three Local Boxers Win Their Matches

Three Cisco Junior College boxers scored wins in the opening rounds of the Weatherford Junior College Invitational boxing tournament held there Friday and Saturday night.

Bill Tabor, weighing in at 144, won a decision over Curley Cokerham, 144 pound Weatherford boxer, in the welterweight division.

Bill Everett, 147 pounder, won by a knockout over Bill Bennett, a 148 pound boxer of Weatherford. This bout was also in the welterweight division.

Willis Black, 165 pound Cisco Junior College student from Brownfield, drew a TKO over Homer Jefferson, 165 pound leather thrower from Weatherford. Black won in the light-heavyweight division.

The three boxers were to compete in the finals Saturday night.

Cowboy Band To Hold Reunion

ABILENE, March 11.—The Silver Anniversary of the Hardin-Simmons University Cowboy Band will be observed Friday, May 26, Marion B. McClure, director has announced.

The celebration will mark the first reunion of the organization since it received its charter in 1925. Approximately one-half of the 600 former members contacted have indicated their intention to attend. One person, "Sheriff" Will W. Watson who has been associated with the band since its formation has already accepted an invitation to be present.

A business meeting, election of officers, a barbecue dinner, and a special concert will comprise the program. Former players will join with the present members in presenting the concert. There will be several musical selections directed by exes of the band.

Members of the Cisco City Commission will hold a regular semi-monthly meeting at the city hall Tuesday night, Mayor G. C. Rosenthal reported Saturday.

Before 1920, the national zoo in Washington was inferior to most city menageries.

Methodist Church Service Announced

"Life's Greatest Challenge" will be the topic of the message by Dr. Claude P. Jones, minister of the First Methodist Church, in the worship services Sunday morning beginning at 10:50 o'clock.

Dr. Jones invited not only the men of the church but every one to hear the sermon.

The musical program will include choral members by the choir. Miss Ella Andres directs the choir and Miss Jane Huestis will be at the organ.

The evening services begin at 7:30 p. m. in the Fellowship Hall. The program will consist of congregational singing, a short talk and will be followed by the weekly fellowship hour. Everyone was invited to attend.

The Women's society will meet in circles Wednesday at 3 p. m. with Circle one meeting with Mrs. C. A. Shockey, 1414 Liggett. Circle Two will meet with Mrs. Ted Bacon, 1412 Ave. K and Circle Three will meet with Mrs. Claude P. Jones at the Methodist parsonage.

A Proclamation

Whereas, our civic leaders have set Tuesday, March 14, as the date for the annual Red Cross drive in Cisco; and

Whereas, the Red Cross is a great humanitarian organization that has proved many times its worthiness for wide support; and

Whereas, it is highly important to us all that the Red Cross remain strong and ready in any emergency; therefore,

BE IT Resolved that: Tuesday, March 14, be official Red Cross Day in Cisco and that all of our citizens lend support to the movement.

Proclaimed this 11th day of March, 1950.

G. C. ROSENTHAL, Mayor City of Cisco

Attest: Hal Lavery, City Secretary.

Annual Red Cross Drive Scheduled For Tuesday

Caution Lights Being Installed On Highway 80

West Texas Utilities Company workmen began Friday to install blinker type caution lights on U. S. Highway 80 in the city limits of Cisco.

The project was approved by city officials several weeks ago and the material was ordered for the job. The signals are being installed for the purpose of slowing down traffic on East and West Eighth, which carries the U. S. 80 travelers through the town.

Signals will be installed at the east edge of the city, at Avenue A, on the overpass at Avenue E, Avenue I, Avenue L and at Front Street.

Also included in the plans is the changing of the signal light at the Avenue D-West Eighth intersection. The present two-way signal will be changed to a standard three way signal with red, green and amber colored lights. The amber light will be used as a caution signal.

The work was being done with the approval of the State Highway Department after a survey showed that present measures were inadequate to handle the flow of traffic.

Father Of Mrs. Baum Is Dead At Coleman

Word was received in Cisco early Saturday of the death of John McIlvain of near Coleman. Mr. McIlvain was the father of Mrs. W. L. Baum of Lake Cisco. He died suddenly at 8:15 Saturday.

He had been a resident of Coleman County for many years and lived at his ranch home near Rockwood at the time of his death.

Mr. and Mrs. Baum left Cisco early Saturday. Funeral arrangements were incomplete but it was reported that services probably would be held Sunday afternoon.

Birthday Party Planned Monday For Girl Scouts

Sunday, March 12, marks the 38th anniversary of the founding of the Girl Scouts, and Cisco's seven troops will observe the occasion with a covered dish supper for local Girl Scouts, Brownies, leaders and their parents at 6:45 p. m. Monday in the basement of the First Presbyterian Church.

A fitting program has been arranged in honor of the birthday occasion, according to Mrs. Jeff Gregory, secretary of the Cisco Girl Scout committee. Food will be provided as assigned by the various troops.

Girl Scouting was founded in the United States on March 12, 1912, Mrs. Gregory said. "Today," she added, "in this country, nine out of every hundred girls seven through 17 years old are Girl Scouts."

The Girl Scout movement has been active in Cisco for more than a year.

OUTLOOK REGARDED AS BRIGHT FOR OIL IN RAMSEY WILDCAT

Opening of an oil pool in the Callahan County area some eight miles northwest of Cisco was in prospect Saturday as McElroy Ranch Company set casing in their No. 1 W. A. Ramsey in preparation for completion work in the Caddo lime.

Casing was cemented to 3,360 feet. Completion work was expected to begin early this week.

Oil men believed prospects for a good well were bright. Drill stem tests had recovered strong gas with considerable distillate. McElroy's decision to attempt completion was based on the fact that the gas was "wet" and that electric logs indicated excellent possibilities, it was reported. The hole went to the Ellenburger where sulphur water was recovered.

Observers believed the best out look for offset production was to the north. McElroy had not indicated plans for further activity in the area.

Five miles east of Cisco, Bankline Oil Co. was setting surface pipe Saturday in their No. 1 Briggs Owens, a wildcat projected for 4,200 feet. Location is in Section 48, Block 4, H&TC Survey.

Texas Cities To Honor Industry In April Event

Plans for staging programs in Texas cities to emphasize the importance of industry during "Texas Industrial Week" are being made by members of the Texas Manufacturers Association and many Chambers of Commerce, Ed C. Burris, TMA executive vice president, announced.

The week of April 1-8 has been proclaimed the first annual "Texas Industrial Week" by Governor Allan Shivers and designated as a period for organizations, groups, and individuals to pay tribute to industry and develop a needed unity of action to further the economic advancement of Texas.

The Texas Manufacturers Association will make the awards to the Chambers of Commerce which carry out programs to develop the best understanding in their localities of the need to encourage industrial investments through equitable taxation and community support, Mr. Burris said. Separate awards will be made to the chambers whose cities have populations under 25,000, between 25,000-75,000, and more than 75,000.

"Prospective investors are gravely concerned with the attitude of the people in the localities they are considering for plant locations," Mr. Burris said. "Are the people appreciative of what industry contributes to them, to the community, to the state? Do they know what attracts industry to Texas and to their own communities? Do they fully realize that a stable tax structure and governmental attitude, as reflected by the people themselves, is the magnet that draws and holds industry?"

The TMA official said that those themes would be developed during "Texas Industrial Week" through school activities, speakers programs, window displays of local and Texas-made products, industrial fairs, and plant tours.

SELLING TOOTH BRUSHES

Rainbow Girls from the local chapter announced Saturday that they were selling tooth brushes in an effort to raise funds to permit them to attend the general assembly to be held in Mineral Wells in June.

The brush was said to be the latest design with new fountain-flow action.

LICENSE SALES SLOW

Only 184 Cisco automobile owners had purchased 1950 license plates at the Chamber of Commerce through Saturday morning, Mrs. Peggy Gallagher, deputy collector, reported. All motorists must have the tags on their cars by April 1, she said.

Honor rolls for the first six weeks of the second semester for the Cisco Junior High School were announced Saturday by Principal Roy Killingsworth.

The "A" rolls list students with an average of 90 and above in all subjects, while the "B" rolls contain names of those making an average of 85 or above. The rolls are as follows:

Eighth Grade "A" — Flora Fletcher, Frances Atwood, Elizabeth Evans, Amy Morehouse, Don Emsley, Richard Redwine, Marie Boer, Nancy Cluck, Lundy Ann Hooker, Rhelda Jo Reed, Anita Stroebel, Buddy Deen, Kay Jackson and Leon McCrary.

Eighth Grade "B" Coleman Alsup, Nancy Ann Askins, Melba Ray Harrelson, Bob Hogue, Anna Belle Marsh, Joy Ann Pence, Kitty Lou Pippin, Charles Robert Qualls, Marcis Jo Anderson, Romvena Moad, Nedra Sheehan, Wilma Lee Thomas, Marjion Cowan, Martha Eudy, Gladys Ghormley, Emma Lou Huber, Leland Davis, Donald Farley and Bill Knight.

Workers Expect To Raise City's Part In One Day

Tuesday, March 14, has been officially designated as "Red Cross Day" in Cisco and everything was in readiness Saturday to raise this city's \$1,500 quota in the one-day drive, it was announced by Mrs. Lucile Huffmeyer, general chairman.

More than 50 workers, both men and women, will take to the field early Tuesday in the move to complete the annual roll call in one day.

The day was designated as "Red Cross Day" in a proclamation issued Saturday by Mayor G. C. Rosenthal. He called on all Cisco to help make the drive a success and to cooperate in completing the roll call in one day.

To open the drive, men committee members will meet at 9 a. m. at the Victor Hotel Coffee Shop with Chairman Charles Graham in charge. Coffee and doughnuts will be served and supplies for the drive will be given to the workers.

Mrs. Willard White, chairman of the women's house to house canvass committee, announced that her workers will meet at 9 a. m. at the American Legion Hall. Refreshments will be served and supplies issued to the workers.

After the women adjourn to make their canvass, Mrs. White will turn the Legion Hall into a nursery for the children of the workers. Milk and animal crackers will be served the kiddies.

Serving with Mrs. White on the arrangements committee for the canvass are Mrs. Hugh C. Brown and Mrs. C. E. Paul.

Members of their canvass committee are: Mrs. Charles Spears, W. J. Armstrong, H. Sterling Drumwright, Bill Mitchell, Sutton Crofts, T. G. Caudle, Robert Anderson, Norville Wood, Chester Parham, Don La Casse, Gene Abbott, J. B. Pratt, Homer Ferguson, V. C. Overall.

Mrs. White and her committee expressed their appreciation for the cooperation of the workers. She said that others were being recruited and that volunteers would be welcome.

Members of Mr. Graham's downtown canvass committee include G. C. Rosenthal, O. L. Lee, George Boyd, J. S. Duff, O. J. Russell, W. H. McNally, J. D. Lauderdale, Stanley Webb, Austin Flint, Jack Anderson, E. G. Dameron, Homer Ferguson, C. E. Hugginbotham, Ronald Rhodes, A. G. Sander, Ralph Glenn, A. R. Westfall, C. W. Henry, and Miss Catherine Cunningham.

Edward Lee is in charge of the large gifts committee. The drive in the city schools will be handled by Arlin Birt and A. R. Collier. Other workers include: clubs, Mrs. H. N. Lyle, E. G. Dameron, and Bob Elliott; ministerial alliance, Rev. Paul Stephens; Legion Auxiliary, Mrs. Gorum Pollard; Humbletown, Felton Underwood.

James P. McCracken is treasurer for the drive.

Mrs. Huffmeyer pointed out that half of the proceeds would remain in the county.

THE RED CROSS DRIVE

Scores of Cisco volunteer workers will undertake the proposition of raising this city's \$1,500 quota of Red Cross dollars on Tuesday of this week.

The American Red Cross has been designated by the Congress as a medium through which the people of this nation may act upon the humanitarian impulse to aid the victims of disasters. The Red Cross has a continuing obligation to serve the nation's armed forces and war veterans as the need arises.

Chapters and branches of the Red Cross through their programs of health and safety instruction serve as a bulwark to the health and welfare of our people. The organization conducts a nationwide program of blood procurement and distribution to help meet the needs of the ill and injured.

In addition to helping finance these things, contributors will help accumulate a local fund for relief work, for half of all Red Cross contributions remain in the county to be spent and administered by the Eastland County Red Cross Chapter. Cisco's quota amounts to less than 25 cents per person. Eastland County's quota of \$5,000 amounts to less than 15 cents per person.

To keep this great organization strong — to preserve its facilities for all kinds of services our people received when Desdemona was swept away by a tornado, let's all do our part to put over the Red Cross drive. Let's help complete Cisco's quota in one day.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Mrs. Carolyn Penn Hostess To MU Circle Nine

Circle Nine of the Women's Missionary Union of the First Baptist Church met Tuesday afternoon in the home of Mrs. Carolyn Penn. The meeting was opened with prayer by Mrs. Mary McClure, after which the minutes of the last meeting were read and the treasurer's report given. The chairman, Mrs. Evelyn Taylor, presided over the business session at which time the business was declared at-

tended to. The Circle having bought a butcher knife for the church kitchen and purchased a pair of dress pants for a boy of Buckner Orphans' Home. The new business is to fill the vacancy caused by the resignation of Sarah Parks. Joyce Jenkins was appointed as mission study chairman.

Mrs. Taylor introduced the teacher, Mrs. Ovis Strickland, who gave the last chapter of the mission study book, "The Prophet of Little Cane Creek." Closing prayer was led by Mrs. Wilma Smith.

Refreshments of cakes and

cookies were served to the following: Mesdames M. McClure, Jean Reynolds, Carlene Kent, Mary Odell, Evelyn Taylor, Wilma Smith, Betty Goff, Dorothy Kennedy, a visitor, Mrs. Madeline Stewart, the guest teacher, Mrs. Strickland, and the hostess, Mrs. Carolyn Penn.

Wednesday Luncheon Is Enjoyed At Cisco Country Club

Mrs. Don Choate, Mrs. Sutton Crofts, Mrs. H. E. McGowan, Mrs. W. C. McDaniel, Mrs. Jack Anderson, Mrs. J. B. Pratt, Mrs. Allen Withee and Mrs. H. C. Brown were hostesses Wednesday for the luncheon held for the Women of Cisco Country Club.

A St. Patrick's theme was carried out in the decorations,

lilies, and menu, and bouquets of daffodils and other spring flowers were used. The tables where the members were seated while partaking of the nice luncheon, were centered with dainty bouquets of violets and pansies.

The menu consisted of chicken loaf, mushroom sauce, congealed salad, green asparagus, hot rolls, with dessert of meringue and lime sherbet.

In the games of canasta and bridge which followed the luncheon, Mrs. Bob Anderson won in canasta and Mrs. Charles Coffey was winner in the bridge games.

Twenty-four members were in attendance at the nice affair.

Interesting Meeting Held By Arts Club

First Industrial Arts club met Thursday March 2, for a Texas Day program with the president, Mrs. F. J. Borman, in charge. Mrs. Gail Jones was hostess for the day and Mrs. R. E. Grantham was leader of the program. Roll call response was "An Interesting Fact About Texas."

After a short business session, the meeting was turned to Mrs. Grantham who announced the program as follows:

"Natural Resources of Texas" Mrs. Ruby Miller; "Big Bend National Park", a paper by Mrs. J. J. Tableman, read by Mrs. Gail Jones, "Texas Industries," Mrs. Ed Aycock.

Members present were: Mrs. Ed

Aycock, Mrs. H. A. Bible, Mrs. F. J. Borman, Mrs. W. F. Brown, Mrs. Joe Clements, Mrs. J. E. Coleman, Mrs. H. H. Davis, Mrs. R. E. Grantham, Mrs. Ruby Miller, Mrs. Rex Moore, Mrs. B. E. Morchart, Mrs. J. B. Pratt, Mrs. M. F. Underwood, Mrs. W. W. Wallace and Mrs. Gail Jones.

XXth Century Club Has Annual Texas Day Celebration

The XXth Century Club met Friday, March 10, for the annual Texas Day celebration with a Tea in the clubrooms at Cisco Public Library.

Guests were greeted by the hostess for the day, Mrs. John Shertzer, and were introduced to the president, Mrs. L. H. McCrea, Mrs. C. H. Fee, charter member of the club, and others in the receiving line.

The program opened with piano numbers, played graciously by Miss Betty Lou Brogdon. A short address was given by the president in which she gave a brief history of the 50 years' work and objectives of the club.

The guest speaker, Mr. J. E. Humphrey, at present superintendent of Abilene schools, but who in the near future will assume his duties as president of Texas State Teachers Association was presented by Miss Marie Winston, program chairman.

He presented in a most graphic and thought provoking manner the future of the Texas schools. He pointed out the responsibility of the schools becoming means of training the minds and shaping the characters of children who will become our citizens of tomorrow; whose duty it will be to lead our be-

loved United States of America into the happy contented nation where each individual may develop as his abilities, talents, and environment permits.

Following the address Mr. Robert Clinton laid aside his duties long enough to give two piano numbers from Chopin, and two vocal numbers, of which one was his own composition. Mrs. Clinton was his accompanist.

At the close of the program

the president invited the guests and members into the adjoining library where they might partake of a cup that cheers. Here from a table covered with a Normandy lace cloth, and centered with a handsome arrangement of spring flowers, Mrs. F. D. Wright poured tea which was passed with a plate of cookies and mints by Misses Janet Ferguson, Mary McCrea, and Bernie Ann McCrea to about 75 persons in attendance.

DEMEROL

Hunting for one thing and finding another is quite a common occurrence in the laboratory work connected with producing new remedies for human ills. In 1939, two German scientists, Drs. O. Eisleb and O. Schumann, while searching for Atropine in Belladonna discovered Demerol, a painkiller almost as miraculous as morphine and with less danger of addiction.

FOR A BETTER COMMUNITY

As business men in Cisco, we are pleased to urge your support of the Red Cross Roll Call drive this week. We have all seen evidence in our own county where this great humanitarian organization has done much good. We refer to the recent disaster at Dosedemona.

This evidence should be sufficient to convince us all that we need the Red Cross. Our city's quota is \$1,500 and our County's quota is \$5,000. Let's all do our part to put over the drive in a praiseworthy manner. Let's keep the Red Cross strong in Cisco and Eastland County.

Total Business Volume

Will 1950 business activity in Cisco surpass that of 1949? We don't know — but we promise the same efficient concentrated effort in your behalf for up-to-date banking service.

Last week we said we would give you the dollars involved in all transactions passing through your bank in 1949.

Here are detailed action figures. Our customers wrote \$21,969,271.00 in checks on us and deposited \$21,332,332.00 to their accounts. Checks on banks all over the nation accounted for \$16,776,371.00 of these deposits.

These figures may be too small for any of our United States Government adding machines but they are large to us because of the detailed work involved in each transaction in accepting, listing, proving, photographing, filing, cancelling, and mailing each item that goes to make up the grand total.
