NUMBER 44

The Gay Philosopher

By J. W. S.

Mr. G. P. wonder if the people of Cisco are paying enough attention to the drive for the Polio Fund. I wish that I, personally, could pick up each of them what the Polio foundation does for each patient.

You cannot tell what it does to people until you see dozens of little faces full of fear and misery lined up in hospital beds. I guess there are two reasons for the fear. One is the reflection from the faces of the mothers and the other is the reflection from the faces of the doctors.

All this requires the services of highly specialized attendants. Orthopedic surgeons, specially trained physio-therapists, and brace makers. A brace must be made individually for each patient. After a patient leaves the hospital a nurse calls at regular intervals to give treatments and check progress.

Cisco hasn't had very many cases of Polio but it might be our turn next. Who knows. I am making a plea for your child and the kid next door — or it might be you. This research work must go on until we know the cause.

The American Legion Auxiliary is working in cooperation with the American Legion in sponsoring this drive in Cisco. On Saturday the hall will be open from 2:30 to 10:00, for games such as bridge, canasta, forty-two, or just plain visiting.

Plan now to meet your friends at the American Legion Hall Saturday afternoon. MRS. FLEMING A. WATERS

MRS. WATERS is well qualified to write on the subject of polio, for her daughter now is recovering after having been stricken last summer. The daughter, who lives in Dallas, is still partly paralyzed. But, you'll be glad to know, she is on the road to recovery.

NEXT TUESDAY night, Jan. 30, the American Legion is sponsoring a program and dance at the Cisco Country Club for the benefit of the March of Dimes. Music is being arranged by Ray Judea and Ken Russ. We'll give you all the details in the early future.

CIRCLE HAS MEETING Circle One, Women's Society of Christian Service, of the First Methodist Church were hostesses at the fellowship supper on Wednesday night, Jan. 24, at 6:30 p. m., at the church. The schedule of foods was alphabetical.

PTA COMEDY PROGRAM WILL BE PRESENTED AT SCHOOL TONIGHT

Final rehearsals were held Wednesday night for the West Ward P-TA program to be held tonight in the high school auditorium and a full evening of comedy was assured for those who attend the performance.

The program will be divided into two acts with a between acts performance by Cisco's own Ukelele Quartet composed of Dot and Dash Crofts, Kay Tabor and Fay Redwine. The group appeared on the Early Birds program recently and was invited to accompany the group to DeLeon for a similar performance.

Midgets Take Top Honor In Tourney

The Cisco Junior High School Midgets took first place honors in the Eastland Grade School Tournament played last week by defeating Olden in the finals Saturday night 43-12. The Midgets took command of the game immediately following the first jump and held the Olden team scoreless for most of the four periods.

Wednesday afternoon the Junior high girls were to play the Freshmen girls of Cisco High School and Thursday night the boys and girls teams from Rising Star will play the Midgets in the local gym. The two games will be played prior to the Night School Wrangler-Moran Independent game.

Dry Soil Holds Up Land Plowing On Texas Farms

Dry soil over much of the State continued to hold up preparation of land for spring planting during the past week. Mid-week warm temperatures and strong winds quickly evaporated to the limited moisture which fell over the eastern third of the State a week ago.

Supplies of winter vegetables, limited to production from the irrigated districts, are being further lowered by continued lack of rainfall and scarcity of water for irrigation. An 84 hour suspension of pumping was ordered for a large area of the central and west end of the Valley.

The program will begin at 7:30 p. m. and will last for a little over an hour. Prices have been set at 10 cents for students and 35 cents for adults with the revenue going into the P-TA fund to pay for school improvements.

Local Buyers Go To Style Show

Fashion buyers from Cisco previewed the latest 1951 spring and summer fashions this week in Dallas.

Besides the style show, 412 displays were set up in the lobbies, parlors, and showrooms of three Dallas hotels. Henry W. Stanley, manager of the association said 1,050 new lines were presented. Merchants could see the fashions first-hand from January 21-25.

Bill Of Responsibilities

Prepared by The American Citizenship Committee, State Bar of Texas

WE WHO ADVOCATE DEMOCRACY as the best form of government for an enlightened and progressive people, enjoying as we do the blessings of liberty under the Constitution of the United States, do set forth this Bill of Responsibilities as a guide to all citizens for the preservation of individual freedom and democratic government.

I. It shall be the duty of every citizen to render undivided allegiance to the Constitution of the United States, to work for its betterment and perpetuation, to respect the sovereignty of the people's government, and to defend the nation against all its enemies whomsoever.

II. It shall be the duty of every citizen to be familiar with the Constitution of the United States and to be informed as to what rights and liberties are his, and to use these rights in such manner as is consistent with his own welfare and the welfare of his fellow citizens.

III. It shall be the duty of every citizen to defend with his life the rights and liberties granted to him and to his fellow citizens by the Constitution, to obey the laws of the land and aid in their enforcement, and to oppose vigorously any persons whose intention is to transgress the law or to oppress the rights of others.

IV. It shall be the duty of every citizen to make honest, wise and courageous use of the free and secret ballot at every election; to exercise freedom of thought, speech, and worship; to protect the freedom of the press; to safeguard the right of trial by jury and to render willing jury service when called upon; and to perform all other acts conducive to the perpetuation of the rights set forth in the Constitution.

V. It shall be the duty of every citizen to protect and sustain the unwritten liberties and rights vested in him by custom and usage, and to perpetuate the ideals of the equality and dignity of the individual, upon which the Constitution is founded.

VI. It shall be the duty of every citizen to be active in the political party of his choice, and to be vigilant of the public officers, to render all possible aid to them, and to serve in public office by appointment or election when qualified and when called upon to do so. It shall be his duty to strive for the selection of public officers of ability and upright character; and when holding public office, to serve in such manner as will subordinate private or minority interests to those of the people at large.

VII. It shall be the duty of every citizen to achieve the highest practicable level of education, and to work for the advancement of education by supporting and improving the public schools and by fostering the desire for education among his fellow citizens.

VIII. It shall be the duty of every citizen to instruct his children in the principles of freedom and to spread the ideals of democracy government at home and abroad.

IX. It shall be the duty of every citizen to defend the right to buy and sell, to own land and other property, to engage in commerce, and to work and earn a living wage, as a fundamental guarantee of the freedom and welfare of the nation.

X. It shall be the duty of every citizen to preserve an attitude of self-reliance, and to use all legitimate means to achieve financial independence and security; to practice thrift and economy in his own affairs and to require the same of local, state and federal government.

### Polio Strikes A Rural Home

Leslie Arnold of Wythe County, Va., is shown carrying his three-year-old son Zan from farm house to waiting ambulance. The boy was stricken during one of the worst local epidemics in the nation's history—182 cases and 17 deaths in nine months of 1950, in a population of 24,300. March of Dimes aid moved in swiftly with respirators, hot pack machines, cribs, beds and funds. Nurse Peggy Williams (left) and Physical Therapist Hilda Traina were among the professional men and women dispatched to the stricken area by the National Foundation for Infantile Paralysis.

## MOTHER SOLVES TROUBLES!

**CORRECTS CAUSE OF SUFFERING DUE TO A LACK OF VITAMINS B<sub>1</sub>, B<sub>2</sub>, IRON and NIACIN Thanks To HADACOL**

Don't be satisfied with symptomatic relief of distresses that take the joy out of eating. Correct the real cause of your stomach misery, when due to a lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin, with today's Great HADACOL.

You'll be amazed at the definite improvement that often begins within just a few days after you start taking HADACOL if you suffer from such deficiencies. And continued use not only gives continuous, complete relief, but helps prevent such distresses from coming back. You'll know, as do thousands of folks all over the country, the real joy of eating the foods you like without fear of acid rebound, belching, heartburn, or indigestion, afterwards.

Read what Mrs. Frank Evans, Route 3, Maysville, Kentucky, who was suffering from a deficiency of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin, has to say: "Before I started taking HADACOL, I couldn't sleep at night. I lay awake as food just didn't agree. I was very nervous, would have gas pains after eating, also heartburn. I am now on my tenth bottle. HADACOL actually relieves me of these troubles. I can't praise HADACOL enough, and have only HADACOL to thank. I am a housewife, age 27 and mother of two children. I have told many friends about HADACOL."

If You're Looking For Trouble -

... you may find some of it during the New Year. The weather, war, walk-outs and wrinkles are all on the horizon. If you come out with enough money to pay income taxes consider yourself lucky. And then the person who buys real estate in 1951 without an abstract is sure to run into trouble later on. So play safe, be careful, watch your step - and don't forget those New Year's Resolutions.

The Railroads RESPECT...

The Union Leaders seek to

REPUDIATE...

this agreement!

What is the TRUTH?

At various stages in the present dispute with the brotherhoods of railroad operating employees

... the railroads agreed to arbitrate. The union leaders refused.

... the railroads accepted the recommendations of President Truman's Emergency Board. The union leaders refused.

... the railroads accepted the White House proposal of August 19, 1950. The union leaders refused.

Finally an Agreement was signed at the White House on December 21, 1950. Now the union leaders seek to repudiate the Agreement.

The railroads stand ready to put the terms of this Agreement into effect immediately, with back pay at the rates and dates indicated.

The Agreement is given in full below.

MEMORANDUM OF AGREEMENT

Washington, D. C. December 21, 1950

1. Establish 40 hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951.

2. Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be paid overtime rates for the 7th day. This does not create guarantees where they do not now exist. On and after October 1, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective.

3. Settle rules for 40 hour week and 6 day week.

4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board No. 81.

5. Settle following rules: Initial Terminal Delay (Conductors and Trainmen) Interdivisional Runs Pooling Caboose (Conductors and Trainmen) Reporting for Duty More than One Class of Service Switching Limits Air Hose (Conductors and Trainmen) Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories)

6. Road men to receive 5 cents per hour increase effective October 1, 1950, and additional 5 cents per hour increase effective January 1, 1951.

7. Quarterly adjustment of wages on basis of cost of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176).

8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.

9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate.

Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows:

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals for changes in rules or working conditions which may have been initiated prior to June 1, 1950. Pro-vided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified, in addition to increases received under the cost of living formula. At the request of either party for such a meeting Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties

may secure information from the wage stabilization authorities or other government agencies. If the parties are unable to agree at such conferences whether or not further wage adjustments are justified they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information, and decide promptly whether further wage increases are justified and, if so, what such increases should be, and the effective date thereof. The carrier representatives shall have one vote, the employee representatives shall have one vote and the referee shall have one vote.

11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision.

The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement.

\*\*The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this agreement.
