

The Gay Philosopher

By J. W. S.

THE ONLY COMMENT we have on the weather is to quote for you the old saying: "Thunder in February means frost in April." There was an electrical display around midnight last night with considerable thunder.

WE MADE AN important discovery — at least, we thought it was important — recently when a bit of freezing rain eaked up on the clothes line back of our house. Hitting the wire with a stick, all the ice fell off. We then rushed down to tell the boys at West Texas Utilities that their worries from ice breaking electric lines were over. All they had to do was to get some fishing poles and go around hitting the wires.

But they hastened to point out that they have too much wire. In fact they have hundreds of miles in Cisco alone, plus lines that go across country.

We find that the utility people have studied this problem considerably. And it's very hard to compete with mother nature when the temperature is just right and rain freezes when it hits.

MR. BILL DILL wants all the local golfers to post ladder scores so the Cisco Country Club can match inter-city teams accurately. Two scores were posted last Sunday. Norman Huston put up a 72, and Paul Mosley posted a 74.

Bill recently enjoyed playing in the Texas Open at San Antonio. He had "wood" trouble and his qualifying score wasn't low enough to make the playoff flight. Other local golfers who played there were Charles Cofer, Jeep Mitcham and Bill Mitcham. A group of others went down Saturday to see the final day of play.

THE UPPER ROOM is the name of a little book put out by the board of the Methodist Church as a daily devotional guide for the family. It has little sermonettes and scripture readings for each day. And each day's message is concluded with a quotation from somebody. The current issue quotes a Ciscoan, Kenneth L. Boatman, who is stationed with the army in the Canal Zone. He is a chaplain's assistant. The book quotes him as follows: "Be God's man and no power can stop you." He is the son of Mrs. Minnie Boatman of Route 2, Cisco.

COMES A NOTE from Fay Walker of Tucson, Arizona, to renew her subscription. She says, in part:

"I think you will understand our great affection for the Press when you know that our parents lived in Cisco before us. Our mother and father were in the hotel that was on the same corner as the Victor is now when it was blown down in the cyclone of April 28, 1893. To go back farther than that, our paternal grand father owned that hotel and had lived there since a very young man.

"By the way, why don't you ask somebody like Roy Wilson of the Masonic Lodge to write a story about the cyclone this year. He remembers so much about it, and I feel sure the newcomers would enjoy reading it.

AND MR. MAC Cheshire writes a note to express his opinion about doing business with Red China. "Yes," he says, "if you are in the habit of doing business with gangsters, hijackers, Godless rats and heathens. Yes, if you love the almighty dollar more than principle and decency, God, country, freedom and our sons who are dying in the ice box of Korea."

Mac suggests that you might ask real authorities on the subject like the people who lived in Russia before Stalin. "But," he adds, "I am afraid that is out of the question, for those who aren't dead are so far back in Stalin's slave mines that I am sure it would be impossible."

CREDIT GROUP MEETS

Members of the Merchants Credit Association discussed current events and their relation to business activities at the monthly meeting Tuesday night at the Chamber of Commerce offices. President George Boyd presided at the meeting.

TAKE IT EASY!—U. S. engineers, cautiously handling a mine detector on a road in South Korea, are on the lookout for explosives buried by the Communists. An unlucky GI can easily be blown to pieces if he happens to step on one of the mines planted for that purpose.

BIDS ARE SOUGHT TO REMODEL FIRE DAMAGES AT EAST WARD

Bids for a contract to repair fire damages at the East Ward

Little is known of the Daniel Baker team this season but Coach Russell was expecting a fast, close game and urged everyone to attend. Admission prices will remain at 50 cents for adults and 25 cents for students.

The trustees have scheduled a 19, at the school board office to exhibit plans and specifications and to give information regarding the project to interested bidders. Plans and specifications are available at the school office.

Details of the remodeling program were worked out Monday night at a meeting of the trustees. An insurance settlement in the amount of \$15,250 has been completed.

The building will be remodeled and restored as it was before the fire. President G. R. Nance reported. Enrollment there is expected to increase sharply next fall when 52 housing units are completed and ready for occupancy near the school.

At their regular meeting, the trustees also authorized Supt. Arlin Bint to buy \$2,000 worth of band instruments for the Cisco High School band. Other routine business matters came before the board.

Feb. 17-24 Will Be National FFA Week For Texans

Weldon Mason, Meadow, State President of the Texas Association of Future Farmers of America, has announced February 17-24 as National Future Farmer Week in Texas.

The Future Farmers "believe in the Future of Farming and in the ability of our organized farm youth to improve the conditions of our Texas farms and raise the standard of living." This is a part of their creed, and means to them what your job, or earning your living, means to you.

The major purpose of the Future Farmers of America organization is to develop leadership, encourage cooperation, promote good citizenship, teach sound methods of farming and inspire patriotism among the members.

Through their intensive courses in Vocational Agriculture taught in the various high schools, and under the sponsorship of the Texas Education Agency, these members of the FFA perform valuable community services and provide important leadership in developing our agricultural economy and in building a better state.

Among other things, members learn through active participation how to conduct and take part in a public meeting, to speak in public; to buy and sell cooperatively; to solve their own problems; to finance themselves; and to assume civic responsibility. The FFA is 100% American in its ideals and outlook, and has no outside affiliations. There is no secrecy in connection with any of its activities.

Lions To Honor Ladies At Dinner Thursday Night

More than 100 Lions and their wives are expected to attend the annual Ladies Night Banquet at 7:30 p. m. Thursday at the Victor Hotel Coffee Shop. The regular noon luncheon meeting was cancelled today.

The program feature will be a musical program to be presented under the direction of Robert Clinton, Cisco Junior College music department head. There will be no speaker, Chairman Roy Killingsworth said.

Ticket Chairman A. R. Westfall said the banquet would be held in the coffee shop dining room unless the weather is considerably warmer than it was today. He said that 107 tickets have been sold.

Cotton Prospect For County Will Be Meet Subject

A county-wide cotton meeting will be held Monday, Feb. 19, at 2:30 p. m. at the high school auditorium in Carbon, County Agent J. M. Cooper reported today.

The program calls for discussions of cotton varieties, availability of seed, getting seed delimited, planting dates, fertilization, sprayers, insect control, harvesting and the pink bollworm quarantine by men from the Extension Service at Texas A. & M. College and from the U. S. Bureau of Entomology.

Anyone interested in growing cotton during the coming year was invited to attend the meeting.

Hospital Notes

Mr. and Mrs. W. R. (Jack) Leverage of College Hill Apt.'s are the parents of a new son born in Graham hospital recently. Mrs. Leverage and son have been dismissed.

Also dismissed were Mrs. R. A. Rood and infant son of Carbon, Mrs. Homer Nix and infant daughter of Cisco, W. R. Yates of Nimrod, Mrs. Ellis Ballinger of Rt. 4, Emogene Tatum of Rt. 1, H. A. Callaway of Cisco, J. G. Perdue of Fort Worth, Dick Thomas of Cisco, Mrs. C. B. Chaney of Moran.

J. D. Hitt of Cisco was improving following treatment for a hand injury received in an accident in the oil fields. Mrs. Ina Pyle Martin continued in a serious condition Wednesday.

H. H. Latson, Sr., entered the hospital recently for special treatment. Doyd Holdridge continued to show improvement Wednesday and Don Rogers of Cisco was admitted for treatment.

A. M. Jameson of Ranger was a patient in the hospital Wednesday as was A. J. Bibby Jr., of Rising Star.

Nominations For Farmers' Award Sought By Group

STEPHENVILLE, Feb. 14.—Call for nominations which will lead to a Texas farmer, rancher or agriculture worker becoming the possessor of \$5,000 cash and a gold medal for distinguished agricultural achievement during 1949 and 1950, was issued through out Texas this week.

In the North Central Texas area, Dean Paul A. Cunyus of Tarleton Agricultural College, at Stephenville, Chairman of Regional Committee No. 5 for the Hoblitzelle Achievement Award for Advancement of Texas Rural Life, announced his Committee is ready to receive nominations in its area. Eastland County is.

Other members of the Region No. 5 Committee are Eugene Butler, Editor of The Progressive Farmer, Dallas; Earl Varnell, District Conservatist, Soil Conservation Service, Fort Worth; W. I. Glass, District Agent, Extension Service, Denton, and Walter R. Humphrey, Editor, Fort Press.

Meanwhile, four other Regional Committees are in like manner set to receive the names of nominees within their respective Texas areas.

The Award, with its \$5,000 in cash and its medal, offered as prizes each two years by Karl Hoblitzelle of Dallas, will go to the Texan who has made the most notable two-year contribution to the advancement of agriculture.

This is interpreted as being work or activity the effects of which have, more than any other, caused people to progress in the field of agriculture. It may have contributed to leadership or to inspiration, but it must have had a direct practical application.

Anyone who wishes may nominate any farmer or rancher of Texas, or their wives, or practically any professional agricultural worker, administrator, educator, editor or writer, specialist, etc., other than persons assigned to formal research, provided their contributions have made definite agricultural progress possible in Texas. The nominees may live either within or outside the Region in which he is nominated.

Security Inspectors To Be Hired In Exams

The Civil Service Commission announces an examination for filling vacancies in the position of Security Inspector at the entrance salary rate of \$3450, per annum. Employment will be with the U. S. Atomic Energy Commission, Los Alamos, New Mexico.

Application forms and additional information may be secured from the post office.

Schools Dismissed Thursday Due To Hazardous Highways

MOVING ON—Baby Pansy, an 11-month-old gorilla in Cleveland, will be getting her mail at a new address in the future. Brought back to Ohio by a zoo expedition, Baby Pansy has been raised by Dr. Wallace Wendt, a veterinarian who has received his duty orders from the Air Force. Now the little gorilla will have to be placed under the care of another physician.

CITY COUNCIL STUDIES PLANS FOR ORDINANCE ON DRILLING

Details of a proposed city ordinance to govern the drilling of oil wells within the city limits were discussed and studied by the city council at the regular semi-monthly meeting Tuesday night at the city hall. Mayor G. C. Rosenthal reported.

Ordinances in effect at Kilgore, Gladewater and other cities with oil wells within its limits were read and turned over to the city attorney for guidance in the preparation of an ordinance for Cisco, Mr. Rosenthal said.

The action is being taken due to the outlook for townsite drilling here, the mayor added. He noted that oil production is moving near the city limits lines from two directions.

The council renewed insurance

policies on city properties. It approved application of the City Cab Company to raise fares to 50 cents for outlying areas of the city. Other routine business matters were discussed.

Community Chorus Sets Rehearsal For Thursday Night

Members of the Community Chorus were reminded of rehearsals to be held at the First Christian Church at 7 p. m. Thursday. Director Robert Clinton said that the rehearsal would not be postponed due to the bad weather and promised that members would be released at 8 p. m.

All members and anyone wishing to sing were urged to attend the rehearsals and were reminded that only a few more could be held between now and the time of presentation of the Easter program on Sunday, March 18.

The group is working on "The Seven Last Words" by Dubois.

Mayor Is Candidate For Re-election

Mayor G. C. Rosenthal told The Press today that he definitely is a candidate for re-election to the office of mayor of Cisco. He said a statement issued by him recently constituted his formal announcement for a second term as mayor.

DINNER IS CANCELLED

The Fellowship Dinner scheduled to be held Wednesday night, February 14, at the First Methodist Church has been cancelled and the pictures to be shown will be shown at a later date. Choir rehearsal scheduled for 7:30 will be held as planned, it has been announced by Rev. E. H. Lightfoot.

ABC BOARD TO MEET

Directors of the ABC Club will hold a business meeting at 5:30 p. m. Thursday at the Chamber of Commerce, President H. O. Anderson announced today. He said that several important matters will be discussed and urged all directors to attend.

Snow Blankets Area And More Predicted

Street and highway conditions were hazardous in Cisco and throughout this section today after the area was blanketed with snow and sleet Tuesday night and Wednesday morning. The snow and sleet measured between two and three inches.

City school officials announced postponement of all class work for Thursday due to hazardous streets and roads. Only two of the seven school buses were able to make their runs Tuesday. Wednesday night's classes at Cisco Junior College were also cancelled.

Supt. Arlin Bint, in announcing the dismissing of classes on Thursday, said present plans called for the schools to operate in a normal way on Friday. Cisco Junior College classes also were called off for Thursday.

The snow and low temperatures resulted in 50 per cent absentees today at the junior college and the grammar school. At West Ward School, 40 per cent of the students were out, and some 55 per cent of high school students stayed home.

Tuesday night's low temperature was 17 degrees, weather observers reported. The forecasts called for a low of between 12 and 15 degrees for Wednesday night. Skies were scheduled to be partly cloudy with occasional snow flurries tonight and Thursday. A general warm-up has been predicted for Thursday afternoon.

Highway patrolmen were advising motorists to stay at home due to slippery highways. Traffic was moving over area highways, however, but the pavements were slick and snow-coated. The snow was general throughout this section. It was heavier to the east.

Students To Debate

At Baylor Tournery

WACO, Feb. 14.—Five hundred students from 40 Texas high schools are expected to participate in the Baylor University Waco High School Debate Tournament Friday and Saturday (Feb. 16 & 17), Prof. Glen R. Capp, director of forensics at Baylor, announced today.

Contests are scheduled in debate, extemporaneous speaking, dramatic interpretation, standard oratory, original oratory, humorous declamation, and poetry reading. The two boys and two girls winning first place in debate competition will be awarded \$225 scholarships to Baylor.

Merit Council To Hold Job Exams

AUSTIN, Feb. 14.—Open competitive examinations for sub-professional positions with the Texas State Department of Health are being announced this week by Russell E. Shrader, Supervisor of the Merit System Council.

Applications and information are available on request from Merit System Council, 805 Littlefield Building, Austin, Texas. Closing date for receiving applications is March 10, 1951.

In some cases examinations will consist of a written test plus an evaluation of training and experience, although most of the examinations will require a written test only. Examinations are open for the following positions: X-Ray Technician, Junior X-Ray Technician, Dental Assistant, Tuberculosis Field Worker, Visual Education Assistant, and Venereal Disease Treatment Technician.

All applicants must have the required high school education and additional training and experience appropriate to the classification. Veterans may receive additional credit by submitting honorably discharge papers.

CORONATION POSTPONED

The High School Coronation ceremonies scheduled for Friday, February 16, have been postponed due to the weather. The event is scheduled for Friday, February 23.

NICE ON A COLD DAY—The driver of this truck in Philadelphia, Pa., was supposed to be using the dump truck to deliver a load of coal. When he went around a corner, the weight of the coal called the turn, set the driver on his back, spilled out then and there and delivered the driver unhurt but riding high. And that settles the question of which end was running the truck.

We Like to Talk About Abstracts -

... because making abstracts has been our business for many years. And it is an interesting subject. Every day people come to us with their title problems. Some cases are tragic. Take the example of the couple who have spent their all for a home to find out later they have no title. Most title problems are simple and the abstract helps to make them simple. So before buying real estate of any kind have the title examined.

 S. K. HARDEGREE, Manager

Two doors—separate for the frozen food compartment and the every day utility area—is one of the striking new features of 1951 Servel gas refrigerators. Mrs. Joan Landers, Lone Star Gas Company home economist, is shown admiring high-fashion lines of the model with a storage capacity of 11 and one-half cubic feet. All new models are larger inside, smaller outside.

New Servel Gas Refrigerators Are Seen By Dealers

The Servel gas refrigerator line for 1951 — featuring lower prices, improved operating efficiency, a new range of models, and drastic redesigning to provide greater food storage in the refrigerators which are overall smaller — was shown to Lone Star Gas Company and dealer representatives from this area at a special preview held in Abilene Monday afternoon, February 12, at the Wooten Hotel. The New Servels will be on display floors just as soon as factory deliveries will permit, it was pointed out. Plans were revealed for gas refrigerator fashion shows on March 1, to which the public will be invited.

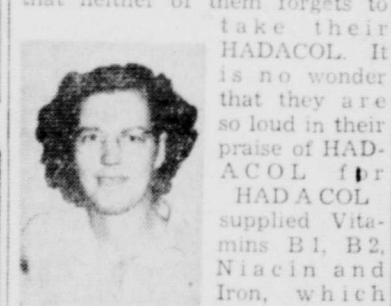

The group was told that back of a co-operative advertising campaign to be launched soon will be the largest amount of media ever provided to promote the Servel gas refrigerator. "And the No. 1 medium under the program will be newspaper advertising," said L. C. Roberts of Dallas, advertising supervisor, who outlined Lone Star's plans for promoting the new Servel line. "It will dramatize the silent, long-lasting freezing system."

M. L. Bird of Dallas, operating manager for Lone Star's general division of distribution, charged the group with, "We have a grave responsibility in 1951—that of doing business in keeping with the spirit of the times and security

Mother and Child Praise HADACOL

HADACOL Supplies Vitamins B1, B2, Niacin and Iron Which Their Systems Lacked

Mrs. Charles Reynolds, Route 2, Fayetteville, Ark., and her little daughter see to it each day that neither of them forgets to take their HADACOL. It is no wonder that they are so loud in their praise of HADACOL for HADACOL supplied Vitamins B1, B2, Niacin and Iron, which their systems lacked, and helped them to overcome those deficiency-caused ailments that had troubled them so. Mrs. Reynolds sees to it that they continue taking their HADACOL to help prevent those deficiency-caused ailments from coming back.

Here is what Mrs. Reynolds says: "I am 29 years old and I had been weak and run-down for some time. I took one bottle of your HADACOL and I feel so much better. I have a better appetite and sleep much better. I also gave HADACOL to my little 8-year-old daughter. She had no appetite and was draggy and cranky. After taking a bottle of HADACOL, she eats better and plays so much better. We are continuing to take HADACOL." Many doctors recommend HADACOL. Ask for it today and get that "Wonderful HADACOL Feeling."

For full information contact your nearest VETERANS ADMINISTRATION office

needs of the country. "Only the turn of world events will change one way or the other the amount of goods like gas refrigerators which will be available for public consumption. None of us wishes to do anything contrary to general policy in these trying times, but I believe the government will give business every chance it can to carry on profitably, because after all, business is the source of most all takes."

The new gas refrigerators were shown by Jack Lynch of Dallas, district manager for Servel, Inc. He stated that the 1951 line provides more different models than any line in the company's history and "There is a size to fit any family's needs, from the 6.08 cubic foot size to the new big model that contains 11.5 cubic feet of storage space."

"Remarkable redesigning has resulted in smaller refrigerators in each model," Mr. Lynch said, "but each contains greater space. Frozen food storage compartments are larger and their operating efficiency is greater due to colder temperatures. For the first time Servel is making available a large 11.5 cubic foot refrigerator. It is equipped with two doors one for the frozen food compartment and the other for the ordinary food storage compartment." He said the 8 cubic foot size is available in three models.

R. L. Stephenson of Dallas, manager of the dealer sales assistance department for Lone Star's general division of distribution, presided at the meeting. M. F. Carr of Servel at Houston, presented promotion materials and outlined the national advertising campaign.

AND NEWS OF INTEREST TO WOMEN

Presbyterian Circle Meets Feb. 6 With Mrs. Edith Bragg

The regular monthly meeting of the Presbyterian Circle was held Tuesday night, February 6, in the home of Mrs. Edith Bragg. The meeting was called to order by the chairman, Mrs. Wanda Jones, and Mrs. Grace Deitiker led the opening prayer. Roll call was reviewed and it was learned there were twenty-one visitations during the past month.

The regular business was discussed and a special offering was taken for the Tex-Mex school for Mexican Boys in Kingsville. The funds were contributed for a vocational magazine.

A nominating committee was appointed for the election of officers for the coming year as follows: Mesdames Wanda Jones, Edith Bragg and Grace Deitiker. A committee was also appointed to prepare the menu for the next meeting. Those appointed were Mrs. Kitty McCracken, Mrs. Betty Comingore and Mrs. Shorty

Wallace. The members voted to send a Valentine to each shut-in member.

Mrs. Evelyn Bailey brought the lesson from John, and a social period followed. The chairman was presented with a lovely tray of gifts for the coming blessed event.

Three new members were welcomed as follows: Mesdames L. J. Donohoe, L. Brewer and Ruth Black. Refreshments were served to the new members and the following members: Mesdames Evelyn Bailey, Edith Bragg, Elizabeth Coleman, Betty Comingore, Grace Deitiker, Wanda Jones, Charlotte Spears, and Misses Elizabeth McCracken and Helen Crawford. The next meeting is scheduled for March 6th in the home of Mrs. Mary Croft.

City Federation Has Meeting On Monday

The Music Club was host when the City Federation met on Monday, February 12, at the Federated Club House. Mrs. E. H. Lightfoot presided for the host club. The Club House was attractively decorated in seasonal greenery and a hugh bouquet of red carnations.

The program was presented by the Delphian Club. The Boy Scout Troop was presented in a skit, "A Courtesy to the Flag," and demonstrated the proper method of folding the flag. The Cub Scouts brought a skit on, "How to Join the Cubs." The local Brownie troops sang club songs and the Girl Scouts gave an outline on the meaning of the Girl Scouts.

Mrs. H. N. Lyle presided over the business session and asked the question, "Will the Clubs of Cisco extend an invitation to the Sixth District to be their guests for the 1952 meeting?" A district meeting is to be held in April at Junction, and at this time the City Federation can introduce their bid to be the 1952 host club.

During the business session, Mrs. P. Pettit gave an interesting review of the courtesy of Parliamentary law. Mrs. A. J. Olson gave the Federated Council report. The minutes were read by Mrs. Buck Overall and representatives of each local club answered to roll call.

Mrs. Philpott Is Honored At Supper

The Valentine motif was the theme for the recent meeting of the Double Octet Birthday Club in the home of Mrs. Barton Philpott. Mrs. H. N. Lyle, a guest, gave the invocation and a buffet supper was served at quartet tables centered with red heart shaped candelabrae with white candles. A lovely gift was presented to the hostess and the Birthday song was sung. Several enjoyable games were directed by Mrs. Frank Walker. A short business session was conducted by Mrs. Grady Laws.

Those attending were: Mesdames Myrtie Anderson, Frank Walker, W. D. Hazel, O. J. Russell, C. H. Cheves, Truly Carter, E. L. Pugh, C. S. Surles, F. E. Sheperd and guests, H. N. Lyle, Max Stephens, Louise Karkalits, and Miss Elizabeth McCracken, and Miss Willie Frank Walker and the honoree's mother, Mrs. Moore.

DESERTED VILLAGE—UN vehicles move through a South Korean village which appears void of civilian activity. Most of the villages are deserted since the residents have fled farther south to escape the battle zone. Above, note the straw placed on the icy, snow-covered road to protect trucks and tanks from skidding.

Official Department Of Defense Photo

TRAGIC MARCH FROM THE YALU RIVER—When outnumbered by hordes of Chinese Communists in northeast Korea, U. N. forces fought their way through surrounding enemies and finally reached the coast and the protection of the Navy whose vessels offshore laid down a barrage against the on-coming Communists. (This radio photograph shows elements of the ROK 2nd Division struggling along in 20-below-zero temperature.)

DINING OUT—A bevy of chefs in S. Juan, Puerto Rico, puts the finishing touches to the favorite native picnic—roast suckling pig, spitted for several hours over a coal fire. The fortunate guests will eat it at tables on the beach, followed by a siesta in the sun and all the swimming they can take.

SHIVERS GREET'S ECONOMY COMMISSION DIRECTOR

Dr. Stuart A. MacCorkle (left), head of the University of Texas Institute of Public Affairs, is congratulated by Governor Allan Shivers on his selection as executive director of the Texas Economy Commission. University regents have granted Dr. MacCorkle a leave of absence to direct the commission's research into the Texas state government and present a reform program of efficiency and economy.

Christian Churches' Council Meets Here

The Eastland County Council meeting of First Christian Churches was held on Monday, February 12, at the First Christian Church in Eastland. Otis F. Marshall, pastor of the First Christian Church of Eastland, presided. Mrs. J. M. Flournoy of Cisco conducted the business session. Reports were submitted for review from each Church. Refreshments of coffee and cake were served to sixteen members in attendance.

Political Announcements

The Daily Press has been authorized to announce candidates for offices in the City Election on Tuesday, April 3, as follows:

FOR MAYOR:
G. C. Rosenthal (reelection)
J. W. Slaughter

Wesleyan Service Guild Has Meeting

The Wesleyan Service Guild met on Monday, February 12, in the home of Mrs. Jack Anderson. Mrs. Bill Mitcham presided and opened the business session. A Bible discussion of the First Book of the Bible was led by Mrs. J. E. Crawford.

Refreshments of sandwiches, potato flakes, divinity and hot tea were served to Mesdames Bill Mitcham, Bob Isbell, Chesley Tipton, C. H. Housh, J. E. Crawford, O. O. Odum, Jr., Derwood Morris, E. H. Lightfoot, Ray Chapman, A. A. Hansen and W. B. Wright.

WOMEN 38 to 52 YRS. OLD

Do These "Middle-Age" Symptoms Betray Your Age?

So many women between the ages of 38 and 52 have a good reason to hate "change of life" — the time when fertility ebbs away — when embarrassing symptoms of this nature may often betray your age. If this functional "middle-age" period makes you suffer from hot flashes or makes you feel so weak, nervous, restless—try Lydia Pinkham's TABLETS to relieve such symptoms.

Pinkham's TABLETS are a uterine sedative. They work through a woman's sympathetic nervous system. Women by the thousands have reported remarkable benefits. Taken regularly, Pinkham's

TABLETS help build up resistance against such distress. Lydia Pinkham's TABLETS also help build up red blood to give more strength and energy to women who suffer from simple anemia. Truly the woman's friend! Worth trying! Any drugstore

DIAMOND ANNIVERSARY—Mrs. Anna Rosenberg, Assistant Secretary of Defense, lights a candle as the YMHA and the YWHA in Philadelphia mark their 75th anniversary. With her are Morris Wolf, seated, Raymond A. Speiser, standing, left, and Harry A. Takiff. Mrs. Rosenberg was the guest of honor.

HOW DEMOCRACY WORKS—A jeep, destined for a Marshall Plan country in southeast Asia, is being hoisted aboard ship in Baltimore, Md., as the U. S. continues its shipments of food and machines to the nations outside the Iron Curtain. A new slogan, "Strength for the Free World—from the United States of America," is on the U. S. shield on the vehicle which will be used for ECA health projects.
