CISCO, TEXAS, WEDNESDAY, APRIL 11, 1951

NUMBER 98

The Gay Philosopher

By J. W. S.

MOST OF THE coffee drinkers this morning were discussing the news that President Truman has relieved General MacArthur of his command in Japan and Korea. And opinions are somewhat divided on the wisdom of the move. Of course, everybody agrees that MacArthur should have been a bit more diplomatic about some of the things he has done and said.

But it seems to us that a much better exit for this grand old soldier could have been worked out. He could have been ordered home and presented a Congressional Medal and retired honorably.

It's always easy, however, to second guess and offer advice.

NOW WE'RE ON the lookout for a puppy or a dog. Mrs. J. L. Thornton knows an elderly lady whose dog — her constant companion — was killed recently. And she'd like very much to have another dog. If you have one or know of one, call Mrs. Thornton.

SKATING IS A little out of our line, but we've been invited to go out to the Lake Cisco Skating Rink this Saturday night at 7:30 o'clock and enjoy an evening of plain and fancy skating. The Cisco Rainbow Girls are sponsoring the big event. And they'll give prizes for the best couple and individual skaters. Everybody's invited.

THE CISCO FIRE Department used its new respirator for the first time the other day. Mrs. James Floyd, colored, suffered a heart attack that later proved fatal. Her throat was paralyzed and the respirator helped her breathe for some three hours. We're all indebted to the firemen for making it possible to have such a machine. You never know when one is needed.

ANOTHER FORMER Press boy is home visiting home folks this week. He is Mr. Raymond Evans, and he got his first business experience as a carrier boy for The Press. Now, he's in the construction business in Madison, Wisconsin. It's his first trip home in five years or so, and he's enjoying renewing old acquaintances.

SQUIBS from the Texas Press Association magazine: The Stranger sex is usually the weaker sex because of the strength of the weaker sex has over the stronger sex; or is it because of the weakness of the stronger sex for the weaker sex? Isn't it funny that women can talk on and on about things that left them speechless? ... Isn't it peculiar that the human brain begins to function from the moment you are born, improves as you grow older, then stops completely when you stand up to talk? ... One thing can be said for people who live in the past. They can do it cheaper.

Stylists are revealing the summer fashions now, but mostly what they are revealing are the women who model them. The fellow who plays second fiddle usually has to listen to a lot of chin music. ... A forger is a guy who gives a check a bad name. ... The reason men don't have so much to say is they don't have a chance to say it. ... He who gets hot under the collar usually isn't so hot above the collar. ... Some day somebody is going to come up with a parking meter for a phone booth and make a lot of people happy.

Scranton Seniors To Present Play

The Scranton High School senior class will give a repeat performance of their annual play, "Here Comes Charlie," at the school auditorium Thursday night. The second performance was decided upon after many persons had requested the Seniors to stage it again.

The first performance last week was described as a success from all standpoints. The attendance was off somewhat due to rain.

Residents of Cisco and surrounding communities have been invited to attend this week's performance. Admission charges will be 20 and 40 cents.

EVERYBODY'S DOING IT—A Korean woman does her laundry as two members of the 24th Infantry Division use the same stream to wash up during spare moments away from the central front. (U. S. Army Photo from Acme.)

Reserve Officers May Be Needed At Wolters Air Base

WOLTERS AIR FORCE BASE, Mineral Wells, April 11.—Wolters Air Force base has received instructions to notify reserve officers in this area who are college graduates that they may be needed for active duty assignments as instructors with Air Force Reserve Officer Training Corps units at colleges and universities.

Reserve officers now on inactive duty who believe they are qualified will be interviewed at Wolters Air Force base.

This was announced Wednesday by Lt. Col. Michel A. Garrett, base commander, who asked the co-operation of newspapers in the task of getting this information to the reservists.

Col. Garrett said Wolters Air Force base has authority to receive individual applications for AFROTC duty together with applications for extended active duty. Information concerning these applications may be obtained at the base personnel office or by calling Mineral Wells 328.

According to instructions from Headquarters, Fourteenth Air Force, at Robins Air Force base, Georgia, a report of the names of interested reservists must be made within a few days. Therefore, inquiries should be made as soon as possible.

In addition to being college graduates, reservists must be in the grade of first lieutenant or above, professionally qualified to instruct and have an extensive background in one or more of the following: maintenance, comptroller and installations. Reserve officers who already have received active duty orders, are expecting such orders or have mobilization assignments will not be considered for AFROTC duty, Col. Garrett said.

FINAL PLANS BEING MADE FOR ANNUAL STAFF PLAY THURSDAY

Final preparations were being completed today for the presentation of the High School Annual Staff play, "Men Are Like Street Cars," Thursday night, at the High School auditorium.

A stage crew composed of Ralph Green, Irvin Brunkenhoefer, Hughes McCrary, Jimmy Webb, Bob Justice, Mac McCauley, and Albert McCurdy has been busy completing stage work. They were being assisted by Kenneth St. Clair and Nolan Massey, high school teachers, and Mr. Douglas, school custodian. Ace Lucas has been doing the paper work.

Clem Newhouse and H. K. Neely have been taking care of the publicity department. Dock Dawson is in charge of ticket sales.

The ushers for the play are Patsy King, Johanna Chapman, Betty Gallagher, Ann Zander,

MERCHANTS TO ATTEND CLINIC ON OPS RULES AT BRECKENRIDGE

FORT WORTH, Apr. 11.—A meeting for merchants of the Breckenridge area will be held April 17 to discuss federal price ceiling regulations.

The clinic will begin at 10:30 a. m. in the Breckenridge high school auditorium and will be held by two experts from the Fort Worth District OPS office. They will be Finis A. Wilson, chief of the Industrial Materials Branch, and Herbert E. Terrell, chief of the Food Branch.

Terrell has had extensive experience in the food-business in both Wichita Falls and Navasota, Wilson, also a businessman, was with the old OPA.

Civil Service Will Hire Auto Mechanics

The United States Civil Service Commission today announced an examination for Automobile Mechanic to fill positions paying \$2,450 to \$2,900 a year. The jobs are in various Federal agencies in Washington, D. C., and vicinity.

To qualify, applicants must have had from 6 months to 3 years of appropriate experience. The amount of experience depends on the salary level of the position. No written test is required.

Further information and application forms may be obtained from the Commission's Local Secretary, Sam King at the Cisco Post Office.

LEGION WILL MEET

Members of the John William Butts Post No. 123 of the American Legion will act on important business matters at a regular semi-monthly meeting Thursday night at 7:30 o'clock at the Legion Hall. All members have been urged to attend.

LEGION WILL MEET

Members of the John William Butts Post No. 123 of the American Legion will act on important business matters at a regular semi-monthly meeting Thursday night at 7:30 o'clock at the Legion Hall. All members have been urged to attend.

The cast will be directed by Mrs. Bill Mitcham and Miss Fern Gurney.

The play is to be given at the high school auditorium at eight o'clock. The prices are as follows: general admission, 30c, reserve seats, 60c.

Mr. and Mrs. Paul A. Cozby of Vernon spent the week end with her parents, Mr. and Mrs. D. R. Harper.

The meeting has been arranged by Fred Ward of the Breckenridge Chamber of Commerce. Ward requested OPS officials to hold the meeting. All merchants in the Breckenridge area are urged to attend the meeting.

All merchants are reminded that it is their individual responsibility to secure copies of federal price ceiling regulations, and this meeting provides them an opportunity to secure them and also receive explanations without to journey to Fort Worth.

Ellis H. Boyd, Fort Worth District Director of the OPS said that deadlines are rapidly approaching for several types of business, and that doing business without complying with the regulations will be in violation of the federal laws.

All types of business and industry must keep all records of the base period, December 19, 1950 through January 25, 1951. These records must be on file in the place of business and available for inspection by a representative of the OPS.

Boyd listed several of the categories affecting the majority of business in the Fort Worth District. They are urged to attend the meeting and secure details.

They are as follows: Livestock Slaughterers — Several regulations apply, but a slaughterer who has not registered by April 15 will be prohibited from butchering livestock after that date.

Restaurants, cafes and all types of eating and drinking places went under special regulations April 1. They must file a report with the District OPS at Fort Worth April 30.

Service stations were placed under regulations that govern sales and deliveries of gasoline, heating and lubricating oils, liquefied petroleum gas and some other products, effective March 26. They must file a report and post correct prices in their places of business as indicated by the regulation.

Retail and wholesale grocery stores are under special regulations that control 60 percent of the food items. This regulation became effective April 5, and all grocery concerns, wholesale and retail, must be in compliance by April 30.

Numerous other types of retail firms are under the Regulation No. 7, and there are 2,044 such stores in the Fort Worth District, such as department stores, men's clothing, women's apparel, shoes, furniture, household goods, floor coverings, and several others.

The regulation has been amended to include musical instruments radio and television sets, phonographs and records, houseware, notions, luggage, sporting goods, silverware, dinnerware, glassware, jewelry, watches and clocks.

Under this regulation, No. 7, price charts must be filed with the Fort Worth office prior to May 30, the retailer under this regulation cannot sell items listed under regulation 7.

Camp Polk Will Be Training Site

AUSTIN, April 11.—All Army Organized Reserve units of Texas ordered to summer training at Fort Hood, Texas, will train at Camp Polk, La., Colonel C. M. Culp, Chief of the Texas Military District, announced today.

There has been no change in the dates the units will report to the training camps, Col. Culp stated. Included in the larger units that will train at Camp Polk are the 90th Infantry Division, June 17-30, and the 22nd Armored Division, August 5-18. Previous announcements stated that these organizations would go to Fort Hood.

There has been no change in the place or time of Reserve units scheduled for summer training at Fort Sill, Okla., Fort Bliss, Texas, and Red River Arsenal, Texas, Texas.

Golfers Ready For Pro-Amateur Event

A group of Cisco golfers, headed by Pro Bill Dill, will go to Breckenridge for the West Texas Golf Association pro-amateur meet Thursday.

Those planning to accompany Dill include Charles Cofer, Jeep Mitcham, Bill Mitcham, Mike Cameron, Paul Mosley and Jack Milner. Others who wish to play in the event were asked to be at Breckenridge by 11 a. m. Thursday.

Another Pay Horizon Is Seen For Field Northeast Of City

PLANS NEAR COMPLETION FOR CJC RANCH DAY PROGRAM FRIDAY

Plans for annual Cisco Junior College Ranch Day were nearing completion today, and everything was just about ready for the big event on Friday. Senior students of area high schools have been invited to be the college's guests for all activities of the day.

The first event of public interest will be the 11 a. m. parade, and all merchants and other civic groups have been invited to enter floats. Wild Bill Elliott, the movie hero, will be here with his famous cutting horse, Red Boy, to lead the parade and take part in all other events on the program.

Elliott will be the judge for the various contests at the college, including the most typical cowboy and cowgirl. The afternoon program will include several events at the Cisco Roundup Club arena, and the public has been invited.

The annual Wrangler barbecue will be held at College Hill at 6 p. m., and the day's program will end with a dance at the Country Club Friday night.

Cisco citizens have been invited to dress in western garb and take part in the program features.

I-A Men Invited To Meeting In Eastland

All men who have been classified as I-A by their local selective service board have been invited to attend a special meeting at the U. S. Army and Air Force Recruiting Station in Eastland at 7:30 p. m. Friday.

Master Sergeant Frank Lockman plans to use the meeting to explain to men of this group the opportunities of the service, including the pay, training, technical schooling and the officers candidate school.

4-H Club Awards Will Be Given Out Saturday

Eastland County 4-H Club girls and boys will receive awards for their outstanding club work on Saturday, April 14, at Rally Day in Eastland. County Judge John Hart will present the awards.

For the 4-H Club girls' achievements 17 bronze pins, 19 silver pins, and 15 gold pins and one gold star award will be presented at 10 a. m. Saturday at the Lyric Theater. Twenty-one awards will be presented to 18 club boys.

All 4-H club members, parents, and friends were invited to attend the rally day. At noon, picnic luncheon will be spread in the Eastland City Park.

Revival Singer

TED COTTEN

The song leader and featured soloist for the revival meeting which begins at the East Cisco Baptist Church on Friday will be Ted Cotten of Abilene.

A native of Levelland and a graduate of Hardin-Simmons University, Mr. Cotten is now pastor of the Caps Baptist Church near Abilene.

The evangelist for the 10-day series of services will be Buren Higdon of Lueders.

Norther Drops Mercury To 35

Rain, dust and snow rode into Cisco Tuesday on a whistling norther which dropped the temperature to a low of 35 degrees Wednesday morning. Snow and rain which fell between 1 and 2 a. m. Wednesday accounted for 1.1 inches of moisture which will aid in the planting crops and gardens.

The norther hit shortly after noon Tuesday and a dust storm covered the area. Visibility was cut and high winds buffeted the area, drying out top moisture.

Rain began falling about 1 a. m., turning to snow after a short while. For several minutes snow fell in big flakes. Observers believed that the wind and moisture kept back frost and little damage resulted from the cold.

A high of 55 was expected Wednesday with a possible light freeze and frost expected early Thursday. Some damage to tender plants has been predicted Thursday morning.

Ranger Lime Oil Reported In Test

Another pay horizon for the Bankline-Owens oil pool north and east of Cisco appeared certain today with reports that the Fields and Phillips No. 1 B. D. Smith has been completed as a substantial producer in the Ranger lime.

The well was drilled as a southwest outpost location in the field several months ago. It was completed in the Lake sand with a potential of about 85 barrels per day. Last week, the operators squeezed off the Lake sand and perforated the deeper Ranger lime. Opened Sunday, the well flowed considerable 43 gravity oil into the tanks during a test.

Potential tests are expected to be run Thursday and observers believed the well would flow at the rate of 750 or more barrels per day through a small choke. It was believed that a discovery well allowable would be given to the well, since no other wells in the area are producing from the Ranger lime.

Location is in Section 60, Block 4, H&TC Survey. The Smith tract adjoins the George P. Fee and S. B. Mize tracts on the north. A well now is being drilled by E. C. Johnston on the Fee and is expected to reach production zones this week. The S. D. Johnson company has production on the Mize.

S. D. Johnson's No. 2 Mize, in section 58, Block 4, H&TC Survey, was completed recently with a potential of 128.12 barrels of 42 gravity oil in the Lake sand at 3,341-48 feet.

The E. C. Johnston No. 2 Fee set surface pipe over the week-end and was drilling ahead today. It is located in Section 58, Block 4, H&TC Survey. The drilling permit calls for 3,500 feet.

Johnston recently completed his No. 1 John Hart et al in Section 58, Block 4, H&TC Survey, five miles northeast of Cisco. It flowed 336 barrels in a 24-hour test from the Lake sand at 3,379-85 feet.

Location has been made for the Harold M. Kupp and W. L. Dickson No. 5 Otto Chance, offset to production five miles northeast of Cisco. Location was amended to be 885 feet from the east and 330 feet from the west lines of Section 58, Block 4, H&TC Survey. Permit calls for 3,700 feet with rotary equipment.

Bankline Oil Company has completed its No. 6 J. H. Reynolds and set pipe in the Lake sand. It was due to be drilled in this week and was expected to be a good producer.

Bankline was moving to location to drill their No. 9 A. V. Clark.

Two miles southeast of Cisco, Hickok Producing and Development Company was drilling at 1,241 feet today in their No. 2 Silas Hill. This offsets a gas well recently completed by Hickok on the Hill tract. Drilling is with cable tools.

Another cable tool operation for the area is the Wilcox Investment Company No. 1 C. W. McElreath, located some nine miles south of Cisco. It was drilling at 2,015 feet early Wednesday. It was understood that the operators consider the Caddo lime as their best outlook for oil. Choate Drilling Company of Cisco is the drilling contractor.

Just north of town, the Big Six Oil Company's No. 1 B. W. Martin was shutdown in completion work for repairs to equipment. A re-perforation and hydraulic job was scheduled this week in efforts to obtain Lake sand production.

CREDIT MEETING HELD

The new price control program and legislative matters provided topics for discussion Monday night when members of the Merchants Credit Association held a monthly meeting at the Chamber of Commerce offices.

THE RFC INVESTIGATION

The recent investigation of the Reconstruction Finance Corporation, which was conducted under the chairmanship of Senator Wm. Fulbright, a Democrat from Arkansas, produced a distinct shock in the minds of millions of Americans. Mr. Fulbright's committee unearthed case after case in which political influence, pull in high places, and powerful pressure groups determined policies followed by the largest of the govern-

A short time ago Senator Fulbright made a prepared Senate speech in which he summed up what he had learned during the course of his dramatic investigation. It was a forthright and remarkable speech in many ways. He did more than simply attack alleged favoritism and influence in the RFC. He roundly condemned what he believes to be widespread corruption within the government and the calloused air of cynicism with which some high officials seem to regard it.

The heart of that speech lies in this paragraph: "Scandals in our government are not new phenom-

Top Quality at Low Cost Grown in Well-fed Garden

Chemical Plant Food Is Quickly Available to Plants When Applied in Trench on Each Side of Row.

In the home vegetable garden and flower borders, fertility need not be a problem. A deep black loam is a joy to work, and will grow beautiful plants, but any porous top soil into which an adequate amount of commercial plant food and what humus we can obtain are spaded will do as well, even though it is not black.

Four to six pounds of a balanced plant food mixture to each 100 square feet of garden area will be sufficient in most cases. To give an extra finish to the crop, do not hesitate to use more, applied as maturity approaches. If during the season plants show signs of deficiency, this should be corrected.

Deficiency symptoms include the following: When leaves turn light green or yellow, but do not fall off, nitrogen is lacking. When leaf margins brown, especially the lower leaves, potash is needed. Plants stunted in growth probably need more phosphorus.

It is rarely necessary to get a soil test for a small garden. A complete plant food will take care of deficiencies without giving a harmful overdose of any, if used according to instructions.

The point is being stressed that well-fed crops do not reduce the amount of humus in the soil, since more humus is produced by the roots of plants than by their tops. A heavy crop, fed by any sort of plant food, will leave more humus than it found.

The heaviest application of plant food should be made at the beginning

of the season, and here commercial plant food has a distinct advantage. It is available to plants at low temperatures and will stimulate growth during the cool weather.

Organic plant food has to be broken down by bacteria before the plants can use it, and this requires a temperature of at least 70 degrees.

To get the most out of plant food, the following methods of application are recommended by researchers:

1. On soils which are acid, testing below pH6, plant food should be concentrated in bands or pockets, not touching plant roots but within easy reach.

2. On sweet soils, testing above pH6, spread plant food thoroughly into the soil, evenly and deeply.

To apply the first method stretch the line to mark the row in which seeds are to be planted. Then not less than two inches away on either side, make a furrow four inches deep. Four plant food into each furrow at the rate of one pound (or pint) for 50 feet, and cover it with earth. Then make the drill in which seed are to be sown and proceed with planting as usual.

The standard application of a balanced plant food is 4 pounds per 100 square feet (a space 10 x 10 feet square). You may figure one pound per pint, so an area 10 by 10 ft. requires two quarts. One quart will feed 50 square feet and one pint 25 square feet.

Where smaller quantities are required, use a rounded tablespoon per square foot.

AND NEWS OF INTEREST TO WOMEN

Methodist WSCS Has Meeting On Monday

Circle Two of the W. S. C. S. of the First Methodist Church met Monday in the home of Mrs. D. P. King for a regular circle meeting. The meeting was called to order with a prayer led by Mrs. J. T. Fields, chairman. Mrs. Phillip Pettit was asked to take charge of the program. Mrs. Pettit spoke on "Pioneering in Brazil," and Mrs. Lovelady spoke on "Ecumenical Movement in Korea." Mrs. George Davis gave the devotional

on the subject "Growing Spiritually." The business meeting was conducted by Mrs. J. T. Fields. Mrs. Sam King acted as treasurer in the absence of Mrs. M. M. Joiner. The Penny collection was taken by Mrs. W. W. Moore and a report was given on those that were ill. An invitation was extended by Mrs. Sam King to have the May meeting in her home in the form of a one o'clock luncheon.

Refreshments of sandwiches, devil's food cake, mints, and coffee or tea were served by the hostess, Mrs. D. P. King, to the following: Mesdames A. M. Baird, J. T. Fields, C. E. Hailey, Crigler Paschall, T. J. Dean, Phillip Pettit, Joe Lovelady, W. W. Moore, and George Davis and 4 visitors; Mrs. Carroll Smith, Mrs. B. J. Osborn, Milton King, and Kay Hailey.

The annexation resolution ratified when Texas became a state provided that Texas may be divided into five states upon consent of its citizens.

Rev. W. B. Hogg of El Paso, memorized the Bible.

OVER HE GOES—Jockey Tony Grantham seems to be having an anxious moment as Queen Elizabeth's horse, Manicou, stumbles after barely clearing a hedge during the Walter Hyde Handicap steeplechase in London. It seems to be the start of a spill for both.

Joe Don Conger Is Honored On Birthday

Joe Don Conger was honored with a party Tuesday, given by his mother, celebrating his fifth birthday.

The children played in the yard with toys, and refreshments of birthday cake, ice cream and favors of color books were served to the following: Mike and Rhonda Coulter, Bill and Don Overall, Cinda Gafford, Susie Taylor, Stanley McCracken, Sheryl Vickers of Brownwood, and Alice Everett. A gift was sent by Ann Brunkenhoefer, who was unable to attend.

MOVING TO CISCO

D. W. and A. R. Raber or Borger have established temporary residence at the Elwood Courts here. They are independent oil operators and plan to move their families here soon and make Cisco their home.

It Takes a Lot of Figuring —

to make ends meet these days, but it doesn't take too much calculating to find out where we are going. We need to do more thinking and acting for our own good. Some folks know they need an abstract but keep putting off the job of having it made. While we are quite busy for the moment making abstracts for others, we are not too busy to make yours. Come in today, or any day, and let us figure with you.

GOOD NEWS everywhere you look in the NEW PLYMOUTH

NEW "SAFETY-FLOW RIDE"—stability and safety never possible before! Even when you unexpectedly encounter violent bumps, dips, waves, or holes in the road, you enjoy a smooth and steady motion. You have complete control of the car at all times. "Safety-Flow Ride" comes from new Oriflow shock absorbers working with other engineering features.

NEW ELECTRIC WINDSHIELD WIPERS, unlike vacuum wipers, clean at a fast, constant speed, even when the engine is under a heavy load. They're standard equipment and with them you're not required to buy a vacuum booster. You enjoy better vision all around, with narrower front corner posts and a 15% larger rear window.

NEW BUMPERS, GRILLE, HOOD. The low-sweeping new hood permits a better view of the road close to the car. Individual grille units are replaceable, so you don't need a whole new grille if only one part is damaged. Also, all four fenders are bolted on; they cost less to repair or replace than fenders which are parts of the body.

NEW INSTRUMENT PANEL AND HAND BRAKE. The new vertical-grain dash harmonizes with a variety of rich interior fabrics and trim. The new "T-handle" hand brake pulls easily, sets positively, and releases at a turn of the handle. The ignition key does three things at once: turns on the ignition, starts the engine, and puts the automatic choke in operation!

NEW ENGINE FEATURES. A new radiator pressure cap increases cooling capacity when you need it most and also helps keep the water or anti-freeze from boiling away. A new by-pass cooling system, standard on all models, gives fast warm-up and yet circulates the coolant so that the engine is fully protected under all starting and driving conditions.

AND MORE GOOD NEWS—AT YOUR PLYMOUTH DEALER'S

This doesn't even begin to tell you the Plymouth Value Story. Your Plymouth dealer wants to tell you more, and he'd like to demonstrate the sensational new "Safety-Flow Ride." So why not stop in, or phone him, today or tomorrow?
