## The Gay Philosopher

By J. W. S.

**VOTING RESPONSIBILITY.** The name of a little magazine that reached our desk today, printed in Dallas, and its purpose is to awaken the people to their responsibilities as citizens and voters. A few paragraphs are taken from the magazine as follows: "You need to endure only so much as you and other Americans permit at the polls." "In 1776, the people of the American colonies announced to the world: We will no longer be ruled from a distance. We will govern ourselves from our own steps." "Our constitution and the laws passed in accordance with it provided also that the people keep their control over government through those whom they elect. Elections, therefore, are held near the home of the people, so that government may begin in the neighborhoods of the nation." "The tenth amendment — The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively or to the People." "You and your neighbors are your grass roots."

**ANYONE WISHING** to contribute so that the Rainbow Girls go to the Grand Assembly in Worth on June 15-18 may contact Mary McCrea, worthy address, or Mrs. Sam King, mother lasser. The girls would like to send a good delegation and will need some help to do so.

**DURING LAST Monday night's** storm, the folks up at Monahans held a novel event. They held a game night program for the benefit of their school band. Members of the Moran Delphian Club and the Band Mothers Club baked cakes and sold them at the program. Admission charges to the program was a penny for each year of your age. The older you are the more it cost you to attend. In all, they made \$207.

**SPRING WEATHER** arrived on the first day of spring yesterday, we rolled up our sleeves and went out to Lake Cisco Park late in the afternoon. Manager Ed and the skating rink told us that skating is getting better all the time. He added that people already making reservations for spring outings at the park. While we were there, some ladies from Graham came to see about having a camp for girls for three days in May.

**THE GOLF COURSE** was pretty busy with a goodly number of golfers scattered over the fairways. The greens looked splendid, and the fairway grass is beginning to show a little green. A rain would be most welcome. Just like it would everywhere else in the area.

**THE FIRST DAY** of spring brought into bloom a very handsome Iris plant at the Shorn home. It has a name that has never heard before, but it was something of beauty. Shy rushed and made a color photo of it. The sand didn't blow yesterday, it may still be standing to if you'd like to drive by. Shy tells us he is getting set to go to Osborn Studio's baby contest. All of the details will be in the Press on Sunday.

**CONSIDERABLE** interest is being expressed in the re-opening of the livestock auction sale barn here. It's scheduled to open today at 1:30 p. m. Under the leadership of a goodly number of cattle men there to be sold. Cisco business men are backing the project because they believe the sale barn is an important community advantage. They are anxious to do everything possible to make things better for the residents of this area.

**REAL ESTATE PROPERTY HERE** Mr. and Mrs. Troy Wright of Brownfield completed negotiations today to buy the W. B. Shorn home and some 31 acres of land on the Lake Cisco road, Real Estate Agent John Dunn reported. The Wrights, who own farming and business properties at Brownfield, expect to move here soon, Dunn said.

**IT WON'T BE LONG NOW**—Battle-weary UN ground force soldiers patiently wait to board the plane which will fly them to leave areas in Japan. This shuttle service provides a two-pronged mission, flying vital war materiel to forward areas and returning with personnel. In the tightened-up plan, no space is wasted and exhausted GIs are cared for.

### WTUC Employees Hold Safety Meeting Here

Twenty-nine employees of West Texas Utilities Company offices from cities in the Cisco district attended a safety meeting Thursday afternoon in the community service room of the First National Bank.

A safety film was shown, and District Manager E. L. Jackson reviewed company accidents during 1951 in a talk.

Helen of Troy had the "face that launched a thousand ships."

A large crowd is expected at the Cisco Junior College auditorium at 8 p. m. Friday to attend the annual spring concert of the school's A Cappella Choir. A big advance ticket sale has indicated a full-house for the performance, school officials reported.

Appropriate costumes, staging and lighting will add to the program.

Part one of the program will be a series of sacred numbers by the choir. The Madrigal Singers will sing part two as a series of folk songs. Part three will be selected numbers by the Beauty Shop Quartet and Mr. Chambliss, soloist. Following the opera scene, the choir will sing a series of spirituals.

**CRAIG AIR FORCE BASE, Ala., March 21.** — First Lieutenant Frank C. Judia, son of Mr. and Mrs. Ray Judia of Cisco, is one of the class of civilian and military pilots now attending the current six-week course at the Pilot Instructor School here.

The Pilot Instructor School, the only one of its kind in the Air Force, offers a six-week course in both academic and flying instruction to qualified pilots who will later be assigned to various air bases throughout the country to teach aviation cadets how to fly.

Lt. Judia is highly recommended for this assignment, having a great deal of past flying experience to his credit.

## Collins Resigns Treasury Office

County Treasurer Joe Collins this week submitted his resignation to be effective April 1, and members of the Eastland County Commissioners Court appointed L. J. Lambert of Eastland to serve out the unexpired term.

In resigning from the office, Collins announced that he was moving his family to Monahans to join the staff of a radio station.

Lambert was appointed to the office by the Court after he agreed not to run for treasurer. Since there are several candidates for the office, the court wanted to appoint a man who would not run for it.

Collins, who was serving his second term, resigned once before when he was ordered to active Army duty. His wife held the office during his absence, and he was reappointed as treasurer upon release from active duty.

## Rev. James Talks At Lunch Meeting Of Rotary Club

"What I Think About Thomas Jefferson," was the theme of the talk by the Rev. H. Grady James, minister of the First Presbyterian Church, to members of the local Rotary Club at their weekly meeting at the Hotel Victor dinner room at noon Thursday.

Rev. James gave a resume of the life of the great statesman and told of the things for which he stood. He appeared on the program at the invitation of Rotarian Charles Graham, chairman for the meeting.

A. Z. Myrick appeared before the club to explain the plans for the opening of the livestock sales barn and asked for the support of club members in a coming drive for funds to assure the continued operation of the plant.

Rotarian Robert Clinton announced the Spring concert of the Cisco Junior College Choir and Rotarian J. J. Calloway explained the Community Clinic of the local Chamber of Commerce which is to be held next week and reported that tickets were on sale for the annual Chamber of Commerce banquet to be held at the community gym Friday night.

President Anton White appointed a program committee to make preparations for the coming ladies night banquet.

Visitors at the meeting were Rotarians Earl Stephens and George I. Lane of Eastland and Mr. Myrick.

## Early Morning Blaze Destroys Large Apartment House Here

### TELEPHONE COMPANY TAKES ITS RANGER RATE CASE TO COURT

Southwestern Bell Thursday took its Ranger telephone case to court.

In a petition filed in the 91st District Court at Eastland the telephone company asked that the City of Ranger be enjoined from enforcing an ordinance passed November 16, 1948, which set present telephone rates. It also asked permission to put higher rates into effect under bond.

During 1950 and 1951, as in previous years, the Company's annual expenses in furnishing telephone service in Ranger exceeded revenues by many thousands of dollars, the company said.

Higher rates the Company wants to make effective under bond there include \$9 monthly for one-party business service; \$4.75 for one-party residence; \$4 for two-party, residence, and \$3.25 for four-party residence service.

"We are asking the court for relief only after exhausting every other remedy open to us," W. H. McAnally, manager, said of the action. "Costly court procedure in our opinion is not in the best interest of telephone users, taxpayers, or the company, and we are using it only as a last resort. We have been able to negotiate increased rates in 345 cases in Texas towns and cities without any court hearings.

"The 1948 rate increase in Ranger is the only one since 1922. In those 30 years telephone rates in Ranger have increased on the average only about 15 per cent. Last May 15, almost a year ago, we filed an application with the City Commission for higher rates and we have been pointing out for the last 10 months the serious inroads inflation is making in our Ranger operations.

"The Commission on August 14, 1951, conducted a hearing on our request, at which we submitted proof of our losses and presented evidence as to the property value. The evidence clearly shows that the Company's property is being confiscated through continued losses. Nevertheless, the Commission on November 13, 1951, refused our request and has since consistently refused to take any further action, though we have appeared before the Commission on many occasions to review the facts.

"During the three and a half year period since the 1948 rate increase the cost of furnishing telephone service in Ranger has continued to go up. Last June employees received a wage increase of approximately 10 per cent, and the cost of everything else we use has continued to rise.

"Rates of most other items such as food, clothing, and automobiles have gone up many times and are now about double. We do not see how the Ranger City Commission can expect the telephone company to continue giving excellent telephone service and continue to expand its plant at present-day costs, when it is furnishing service here at less than cost, and with rates that are only 15 per cent higher on the average than those in effect 30 years ago.

"We have done a good job providing the people of Ranger with good service at moderate rates. Increased efficiency cannot totally offset the inflationary spiral when prices for all things we purchase, including wages, have gone up just as have all things purchased by the people of Ranger."

### Drought Closes Two Hatcheries Of Game Agency

AUSTIN, March 21. — Recent warm weather has started black bass spawning in the state hatcheries, according to the Game and Fish Commission.

The Aquatic Biologist at the Commission's Austin office said the fish have been spawning at the Brownsville, Jasper and Huntsville hatcheries. These locations are in south Texas where the weather has been even warmer.

Two state hatcheries are out of service because the long drought cut water supplies. They are at Medina and Cisco.

The Commission spokesman said if heavy rains came immediately these two units might be placed in service for the 1952 hatching season.

He said brood bass could be obtained from other hatcheries and from private tanks. He pointed out that one reason a small portion of the annual state hatch is diverted to private tanks is that the latter frequently help supply brood bass in emergencies.

One hatchery innovation this spring is the new temperature controlled pond at San Marcos which already is in service. This is an experiment to determine whether water temperatures may be controlled to avert damage from late freezes and to expedite spawning.

Mrs. Berta Carmichael is in Graham Hospital recovering from a fractured limb.

### Vacant Building Burns To Ground

A fire early Friday morning completely destroyed a three story frame apartment building on West Third Street.

The old Mahaney Apartments, one of Cisco's oldest apartment buildings, located at West Third and Avenue F, was a total loss following the blaze which was discovered by neighbors at 3 a. m. Friday. It was estimated that the loss would reach the \$15,000 mark.

The building was owned by Mr. and Mrs. William G. Baker who lived in one of the apartments. He purchased the building in December from G. N. Mahaney of Cisco and had spent considerable money in repairing the apartments. There were no other tenants in the building and Mr. and Mrs. Baker were in Dallas at the time of the fire.

He had been painting and papering the apartments and getting them ready for occupancy.

The fire apparently started in the northwest apartment on the second floor of the building and had gained considerable headway when firemen were called. The first firemen to reach the building said that it appeared the entire inside was ablaze when they reached the scene. The blaze was brought under control at 6 a. m. but was still burning at 9:30 a. m.

Mr. and Mrs. Baker moved to Cisco from Dallas when he purchased the apartment building. He had planned to renovate all the apartments before seeking occupants. The loss was partly covered by insurance.

The owners had not returned to Cisco Friday morning and a complete figure on the loss was not available. They lost all their furniture, clothing and some furniture they had purchased for furnishing the ten apartments.

### Awards Boosted For Achievement Of 4-H Members

Here's good news for every 4-H Club boy and girl in this State!

Announcement has been made by the National Committee on Boys and Girls Club Work that county and sectional awards have been doubled, and eight college scholarships have been added on the national level in the 1952 4-H Achievement program, as follows:

Gold-filled medals of honor to winners in participating counties have been increased from two to four, and sectional awards of educational trips to the National 4-H Club Congress in Chicago next November now number 16 instead of eight, as was the case last year. Also, \$300 college scholarships will be presented to 12 national winners, instead of two \$300 and two \$150 college scholarships to the highest rating and second place winners, as heretofore. All awards are provided by the new donor, the Ford Motor Company.

Previous awards of a set of statues, symbolizing 4-H achievement, for the State-winning boy and girl, and a silverware trophy for the national-winning boy and girl — the latter presented in the name of the President of the United States — are being continued.

Recognition in this program for top records of general achievement — either on county, state, sectional or national levels — is considered one of the highest honors a 4-H Club member can receive.

County Extension agents will furnish complete information regarding this program, which is conducted under the direction of the Cooperative Extension Service.

### WILL ELECT OFFICERS

The Cisco Post No. 3359, Veterans of Foreign Wars, will elect new officers at their regular semi-monthly meeting at 7:30 p. m. Friday at the Legion Hall. Adjutant J. B. McCannies has urged all members to attend.

## Circle Has Luncheon at Slicker Residence

Mrs. Homer Slicker was hostess for a Pot Luck luncheon held at her home Tuesday for the regular meeting of Circle Two of the Presbyterian Church with seven members and two visitors attending.

Following the luncheon a short business session was held with Mrs. A. E. Jamison presiding. Opening prayer was given by Mrs. Grady James, Mrs. Frank and secretary, read the minutes of the previous meeting.

It was voted to send \$5 of the offering to the American Bible Society. Mrs. Jamison read the names of officers for the new year and also mentioned the names being sent to one of the members. Mrs. John Kleiner

stressed the importance of the Presbyterian Meeting at Saint Stephens Church in Fort Worth April 2-3.

Mention was made of the book, "Sermon on the Mount," having been sent to four families recently moving from Cisco. Mrs. Kleiner read an article, "Recipe For Scandal." A book was presented Mrs. Jamison, Circle Chairman, for which she thanked the group and also for their cooperation during her year in office.

At the close of the meeting, Mrs. J. E. Coleman, program chairman, had all present to participate in several games.

## Party Is Held After Rebekah Lodge Meet

Mrs. Laura Jensen and Mrs. Lydia Krauskopf were honored with a party Thursday evening at the home of Mrs. Ethel Moore following the regular meeting at the Rebekah Lodge.

Several games were directed by Mrs. Moore and the honorees were presented with a gift on behalf of the lodge.

Refreshments of ice cream, cake, and a soda pop were served to Mrs. Ruth Bolinger, Mrs. May Kleiner, Mrs. Edith Rainbolt, Mr. and Mrs. Bill Bragg, Mrs. Dee Clements, Mrs. Laura Jensen, Mrs. Lydia Krauskopf, Mrs. Katie Cooper, and the hostess, Mr. and Mrs. Harry Moore.

## 'The Way I Heard My Pastor's Sermon'

(Editor's Note: Mrs. J. D. Browning wrote the following article after hearing her pastor, the Rev. Sidney Spain, of the First Christian Church speak on "So You Want to be a Judge." She suggested that others, perhaps, might like to contribute an article on "The Way I Heard My Pastor's Sermon.")

Scripture: Romans 14:1-4, 7-13 and 18-19.

As for the man who is weak in faith, welcome him, but not for disputes over opinions, one believes he may eat anything, while the weak man eats only vegetables. Let not him who eats despise him who abstains, and let not him who abstains pass judgement on him who eats, for God has welcomed him.

Who are you to pass judgement on another man's servants? It is before his own master that he stands or falls. And he will be upheld for the Master is able to make him stand.

None of us lives to himself and none of us dies to himself. If we live we live in the Lord, and if we die we die in the Lord, so then whether we live or die, we are the Lord's. For it is to this end Christ died and lived again, that he might be Lord of both the dead and of the living.

Why do you pass judgement on your brother? Or why do you despise your brother. For we shall all stand before the judgement seat of God, for it is written, "As I live, says the Lord,

every knee shall bow to me, and every tongue shall give praise to God. So each of you shall give account of himself to God. So then let us no more pass judgement on one another, but rather decide never to put a stumbling block or hindrance in the way of a brother.

He who thus serves Christ is acceptable to God, and approved by many. Let us then pursue what makes for peace and for mutual upbuilding. From the beginning of time, the favorite part or game has been to gather and talk about those who are not present. That would be fine if the remarks were kind and flattering.

To be a judge, one must have three qualifications: be an authority on the matter discussed; have all the facts of the case, have jurisdiction over the person being judged.

Thinking yourself an authority on all matters is rather boastful, having all the facts, is not just the outward appearances. The story of the man who was on his deathbed: someone thought whiskey might help him, so brought a bottle. The man refused to take it, and they set the

bottle down. The man died, and those who came along saw the bottle and told that he had died a drunkard.

By jurisdiction "Who are you to pass judgement on another man's servant?" If a man is the servant of God then God alone may judge him. He who passes judgement, hopes it is true, because the Truth, if known might then look small.

Judge others and the same judgement falls on you. Matthew 7:1. "Judge not that you be not judged." For with the same judgement you pronounce you will be judged, and the measure you give will be measured to you.

Poem by Stanley on "Success"

The man who has gained success has:  
The respect of the intelligent men  
The trust of pure women, and  
The love of little children.
