The Gay Philosopher

By J. W. S.

THE 44 ACTIVE members of the Cisco Chapter of the Future Farmers of America are getting some practical experience in the farming business. They're doing their farming on 40 acres between town and the college. Of the 40 acres, half now is in cultivation.

The boys planted 10 acres of barley and Madrid sweet clover, and seeded 10 acres to oats and dry land alfalfa. Both crops are up to a good stand and a good rain would assure a crop. The land was prepared and planted with contract labor since the group does not have facilities or time to operate full time.

The farm was planted and prepared in a scientific way. They used 100 pounds of 1620-0 fertilizer to the acre.

The 40 acre field has been fenced to keep hogs and calves in or out. The 20 idle acres have been cleared for improvement. The local FFA chapter has been approved as eligible for the Phillips 66 award, which allows them \$66 to carry out the program on the 20 acres planted to clover and alfalfa.

The chapter is also working on an award from the Sears Foundation for use in improving the 20 acres in pasture. They plan to sow various grasses and legumes on the 20 acres to prove their adaptability to this area.

A committee composed of Kelly Coats, president of the chapter, and Jerry Hastings, Carl Zehr and Joe D. Zehr, arranged for the planting. The local chapter has two groups — the VA-1 and the VA-2, composed of 44 active members and a number of associate members.

Mr. James Starr is the FFA instructor and sponsor.

SPEAKING OF farming, there's good farmer up around the City Hall. If you don't believe it, top by and look over the pretty flowers in bloom. They have map dragons, roses and a flock of others.

Chairman of the flower department at the City Hall is Mr. Emmett Wendt of the park department. Understand City Secretary Hal Lavery acts in an advisory capacity. Anyhow, the flowers are beautiful.

MAYBE THE FELLOWS at the southwestern Bell Telephone Company are jealous of the pretty flowers at the City Hall. See that the telephone fellows have overhauled their lawn and have made preparations for some spring and summer flowers.

THE TELEPHONE strike over the country hasn't come to Cisco and it probably won't. The only way it would have any effect here would be for the striking department of the company to end up pickets.

Understand the telephone company's court suit against the City of Ranger in the rate case will come up Thursday in Judge Ravenport's 91st District Court.

SPEAKING OF STRIKES, the Western Union office here is still closed. Mrs. Lester Matthews, the operator, isn't actually on strike herself, but the Fort Worth office is. And when Fort Worth office closes, there's no business for the Cisco office. Understand you can send a telegram by telephoning it to Sweetwater or Abilene.

BLACK EYES are really a part of baseball, as James Thorman and Buddy Deen can tell you. Both got socked in the eye by foul balls recently. Coaches D. N. Morrison and Bill Burrows tell us that the opening of spring football training cut their squad down considerably.

CONGRATULATIONS are in order for Cisco Junior College. Their music department, headed by Mr. Robert Clinton, has been extended full recognition by the Texas Association of Music Schools. The honor came after the association sent a man here recently. He spent an entire day at the college, attending music classes and listening to the students in their work. This means that music courses at the college are now recognized by other colleges.

Leaders Of Farm Bureau Attend Clinic Meeting

Leaders of the Eastland County Farm Bureau attended a District 7 clinic for officers and leaders in Brownwood on April 2, it was reported here today.

Purpose of the meeting was to enable bureau leaders to become better acquainted with the policies and aims of the organization. The officers will take the information back to bureau members. Billy Joe Gist, District 7 state director, was in charge of the meeting. Among those on the program during the day were C. H. DeVaney, vice-president of the Texas Farm Bureau; Bob Lilly, field man; Leon Lane, state office worker; Austin Crowner, head of the farm bureau service program; and Marvin Carter, state organization director.

Eastland County had the largest group of leaders present for the district gathering, including A. Z. Myrick, Mr. and Mrs. Luther Cunningham, Mr. and Mrs. Mitchell Campbell, Mr. and Mrs. John Love, Gene Baker, Mr. and Mrs. B. B. Freeman, Mr. and Mrs. Joe Bobo Browning, Mr. and Mrs. Lynn Butler, Mrs. Claude Stubblefield, C. L. Bob Wills Plans Visit Here Friday

Bob Wills and his Texas Playboys will pay a return engagement to the Lake Cisco Pavilion on Friday night, April 11, for a dance under the auspices of the Cisco Post of the American Legion, it was announced today.

Wills will bring his complete band here for the evening. Tickets will cost \$1.50 per person.

The Legion Post uses proceeds from dances to finance improvements for the Lake Cisco Park and swimming pool. This will be the final dance of the spring and summer, it was understood.

CITY AWARDS OIL LEASE FOR STANDPIPE AREA TO WARREN

An oil and gas lease on the city block on which the water standpipe is located in southwest Cisco was awarded to L. A. Warren and others Tuesday night at a meeting of the City Commission. Consideration was \$255 cash and an oil payment of \$1,000 for a one-year commercial oil and gas lease.

The commission received a petition signed by a number of property owners asking that an oil and gas lease not be sold on the Belmont Park traffic circle. No action was taken as the commission was not scheduled to open bids for the lease before April 22. A legal notice was run recently by the city on the pro-

Firemen Extinguish Grocery Store Fire

Firemen were called to the Meglasson and Pelfrey IGA Food Store at 5 p. m. Tuesday to put out a blaze which had started under the floor of the building. The store is located at West 14th at Avenue D and was recently purchased from J. D. Yardley.

Firemen reported that the fire started from a leaky gas line under the floor of the building. The blaze started near a stove inside the building and followed the pipe under the store. It was extinguished with small damage.

Annual Campaign Opens To Raise Funds For Cancer

AUSTIN, April 8. — One-third of the cancer deaths during the past year could have been prevented if the disease had been detected early, Frank C. Smith of Houston, president of the Texas Division of the American Cancer Society, told state Cancer Crusade leaders at the 1952 drive opened this week.

"The April Crusade is not just a drive for money," Smith, a cancer survivor himself, said. "The Crusade offers an opportunity for extensive education. Remember that every solicitation made is a chance to save a life." Smith urged Crusade workers to distribute pamphlets giving the danger signals of cancer as they seek funds for the American Cancer Society's programs of research, education and service.

"The greatest weapon we have to supplement the doctor's work is education of the public," Smith said. "We must drive home the fact that early cancer can be cured . . . that the rate of cure declines with the progress of the disease."

This year the state goal is \$600,000, of which 60 per cent will be spent in Texas and another 25 per cent nationally on research. Of the remaining 15 per cent, a considerable part will be spent in Texas on educational material. The drive will be sparked by the theme, "Cancer Strikes One In Five. Strike Back!"

Livestock Sales Barn Fund Goes Over \$1,000 Mark

A fund that Cisco business men are raising as a contribution to the livestock auction sale held here weekly totalled \$1,090 today and Chairman A. Z. Myrick asked committeemen to complete their assignments as soon as possible. Goal of the drive is \$1,500. The \$1,500 fund will be paid the auction barn operator over a period of 12 months. Business men decided to make the contribution upon advice that farmers and livestock growers of the area were interested in having a sales barn located here.

Box Supper And Carnival Planned At High School

The annual staff and the D. E. Club of Cisco High School are sponsoring a carnival and box supper at the old high school gym on Thursday night. The box supper will begin at 7 p. m., and the carnival will start at 8 p. m. Proceeds from the affairs will go into a fund to help pay for the high school yearbooks and to the D. E. Club for use in sponsoring the annual employer-employee banquet.

The carnival programs calls for bingo games, a cake walk, fishing and a fortune teller, along with two good shows. There will be popcorn, peanuts and cold drinks on sale.

The general public has been invited to attend the events.

CHAPTER WILL MEET

There will be a called meeting of the Cisco Chapter No. 190, Royal Arch Masons, on Thursday, April 10, at 7:30 p. m. for the purpose of conferring the Mark and Past Masters Degrees. All members were urged to attend.

Marvin Priddy of Nocona was in Cisco on Friday to be with his daughter, Mrs. W. H. Bragg, who suffered a virus infection. Mrs. Bragg returned home with her father where she remained until Tuesday.

Four Surrender In East Baptist Services Sunday

Four Cisco young people surrendered Sunday to devote their lives to church service at the East Cisco Baptist revival meeting, the Rev. F. C. Bradley, pastor, reported today. The revival will continue through Easter Sunday.

Jack Clack and Dwaine Pelfrey surrendered to become ministers of the gospel, and Misses Sylvia Henson and Charlotte Thetford volunteered to become full-time Christian service workers, Rev. Bradley reported.

Results of the revival to date include 23 conversions and 25 other decisions, Rev. Bradley said. Baptismal services were held last Sunday night, and similar services will be held next Sunday evening.

Revival services are being held this week at 10 a. m. and 8 p. m. with Rev. Bradley in charge of the preaching and Bob Schram of Howard Payne College leading the song services. Attendance has been good for all services.

The public has been invited to attend all services.

Legion Will Hold Business Meeting

Members of the John William Butts Post 123 of the American Legion will hold a regular semi-monthly business meeting at 7:30 p. m. Thursday at the Legion Hall.

Plans for a Legion baseball team will be discussed by the baseball committee, including D. N. Morrison, R. W. McCauley and J. L. Stafford. The swimming pool committee will report on the plans for opening the pool on May 1.

All members of the post have been asked to attend.

LOST IN A CRASH—Rescuers, working under danger of avalanches near Wengernalp, Switzerland, are recovering bodies from the Air Force C-47 which crashed on a glacier high in the Swiss Alps. WRANGLERS TO OPEN FOOTBALL SPRING PRACTICE APRIL 15th

Spring football training at Cisco Junior College will begin Tuesday, April 15, immediately following the Easter holidays, Coach Scat Russell announced Wednesday.

Coach Russell plans only light workouts during the training period with the time being spent in conditioning exercises and learning the plays planned for next season. Some 12 letterman are expected to be on hand for the coming season and a number of good prospects have announced their intention of entering the school in September.

The college has scheduled nine games for the coming season and is looking for one more game to complete the card. Five of the nine games scheduled are home games.

The tentative schedule is as follows: September 13, Arlington State College here; September 20, Tarleton State College here; September 27, Southwest Texas College at Uvalde; October 2, Henderson County Junior College here; October 11, Blinn Junior College at Brenham; October 18, Decatur Junior College here; October 25, open; November 1, Allen Academy here; November 8, open; November 15, Navarro County Junior College at Corsicana and November 22, Midwestern "B" team here.

COLLEGE OFFICIALS ARE BACK FROM ANNUAL STATE MEETING

President O. L. Stamey and Registrar C. J. Turner of Cisco Junior College have returned to Cisco after attending the annual meeting of the Association of Texas Colleges and the Texas Junior College Association held in Dallas last Thursday, Friday and Saturday.

The junior college meetings were held Thursday and Friday and the Association of Texas Colleges met Friday and Saturday. At the meeting of junior colleges President Stamey made a report to the group on the activities of the Texas Junior College Athletic Association of which he is president. He gave

The September 13 game with Arlington State and the October 18 game with Decatur will probably be Saturday night affairs, Coach Russell said.

He also reported that plans were being made to sell season tickets to the home games at bargain rates. Complete details will be announced later.

Methodists Plan Thursday Event

Following a fellowship supper at the church at 6:30 p. m., Wesley Methodist Church will observe the Communion in commemoration of the institution of the sacrament by Christ on the Thursday evening preceding the first Easter.

Since this will be the mid-week service, there will be no service at the church on Wednesday evening.

"We extend a hearty welcome to all to come and share this Holy Week communion with us," Rev. J. W. Gill, pastor, said.

The public was also invited to attend revival services beginning April 14.

a list of winners and standings at the close of the football and basketball seasons and discussed the plans for the coming year.

The Arlington State College mixed chorus and the Howard County Junior College Glee Club of Big Spring furnished the musical program for the junior college meeting. Talks were made by Dr. Herbert J. Stack, of the Center For Safety, New York University and by former Congressman Ed Gossett.

H. Brownlee, dean of Allen Academy is president of the group and presided at the meeting.

The Cisco Junior College Madrigal singers and a part of the choir sang at the College Association meeting by special invitation.

Only One Permit Sought To Drill Well Inside City

Applications for six oil well drilling permits, including one for a location inside the city limits, had been filed today for wells planned in the area just west of Cisco. The applications were for wells in the general area of the L. A. Warren et al No. 1 Mrs. Maurine Mancill, completed last week as a substantial flowing Lake sand well.

Applications for permits were filed as follows:

E. C. Johnston Company No. 1 Davis-Edwards. Location is back of the Davis Welding Shop, a north offset to the Mancill well.

Gilchrist Drilling Co. No. 1 H. H. Tompkins. Location is on a city block owned by Mr. Tompkins with the well to be drilled just west of the Tompkins home.

E. C. Johnston Company and M. O. Johnston No. 1 Harrell Estate. Location is on a 20-acre tract 330 feet from the south and east lines of the south half of the northeast quarter of Section 16, BBB&C Ry. Survey, approximately one-half mile northwest of the Mancill well.

L. A. Warren et al No. 1 Jack Winston. Location is 180 feet from the east line and 332 feet from the south line of the Jack Winston 10-acre tract, just north of the old Abilene Highway.

L. A. Warren et al No. 1 Cora Lee Latson. Location is 200 feet from the north line and 150 feet from the east line of the Latson 6-acre tract, with the well planned just north of Mrs. Latson's house.

L. A. Warren et al No. 1 Jones and Petree. Location is 169 feet from the south line and 96 feet from the east line of the A. C. Jones tract, just west of the Abilene highway "Y" on approximately three acres.

Applications for the six locations were filed at this time to avoid delays in drilling, it was pointed out. Some of the locations will require special permits.

Plans call for the Harrell Estate location to be drilled first, work to begin as soon as the permit is granted. A half-mile from production, it is regarded as a wildcat.

Potential tests were completed on the area discovery well — the Warren No. 1 Mancill. The official flow was seven barrels per hour through a 12-64 inch choke on a 24-hour test, producing from the Lake sand.

Miss JoAnn Scott, a student at T.S.C.W. in Denton, will arrive Thursday for a weekend visit in the home of her parents, Mr. and Mrs. Fred Scott.

George R. Winston and son, Bobby, of Dallas spent the weekend in the home of his mother, Mrs. George Winston.

CJC Made Member Of Music Society

Cisco Junior College was formally welcomed into the Texas Association of Music Schools at Dallas last Saturday. Dr. Campbell Wray, president of the association and Dean of Music at the Southwest Baptist Seminary, presented Robert Clinton to the group representing 39 colleges and universities.

In his remarks Dr. Wray stated that, contrary to reports, the Association is not an accrediting organization but a service organization of the colleges and universities that can meet the high standards of the association.

The Madrigal Singers and the male chorus presented a musical program for the afternoon session. Jack Chambliss and Pat Agnew were the soloists for the Miserere Scene from the opera "Il Trovatore." The performers were well received by the members of the association.

Melvin Witt and Richard Ziehr left this morning for St. Louis, Missouri, where they will continue their study in the Concordia Seminary there.

Essay Contest Winners... A Suggestion for Civic Improvement

By JOE STAMEY There are many things about Cisco which could well be improved. There are superficial improvements which could be made, such as repairing holes in the streets, but there are also more fundamental matters which need correcting. ments which we could make to our city, and these would perhaps add to our comfort. But the matter of which I am writing goes deeper than water pipes and has been with us longer than parking meters. It is a matter of democracy, of brotherhood.

The other day I visited our Negro school and spent some time in the surrounding neighborhood. Some of the things which I saw do not speak well of Cisco.

I learned some very interesting things at our Negro school, which is staffed by one teacher, who is doing an excellent job under adverse conditions. I learned that our Negro school includes only the first through the sixth grades. Those students who wish to continue with learning school and high school learning must attend Eastland's two-teacher school of twelve grades.

Of course, such a program would cost us something! Possibly it could be proved that the long run profits of such a program would far outweigh any present expenses, but I cannot argue economics. There is an Eternal Right which stands upon its own authority.

Let me say now firmly that we must give all our citizens all the benefits which our society can give. We must help all our youth to develop physically, intellectually, and spiritually to their utmost possibilities.

Mr. and Mrs. Hal Lavery will leave Thursday for Dallas where they will meet their daughter, Miss Anita Carlin, a student at S.M.U., and accompany her to Cisco for the Easter holidays.

Editors Note: Joe Stamey, student at Cisco Junior College, was one of the winners in an essay contest conducted in the schools in connection with the recent Community Clinic.

not the ideal situation. But what can be done about it? I learned that the majority of our Negro students drop out of school before they graduate from high school. Obviously, the causes of this are chiefly economic.

Until this is done there are constructive steps which should be taken to improve our present system, such as establishing a suitable library for the ward school-age youngsters who attend our Negro school.

It is ridiculous to speak of democracy in the abstract unless we are willing to apply it in the particular—here and now. We must not deny our fellow citizens what is theirs by right—even if it requires scholarships, contributions, even manual labor on our part.

Let me say now firmly that we must give all our citizens all the benefits which our society can give. We must help all our youth to develop physically, intellectually, and spiritually to their utmost possibilities.

IRRESISTIBLE NEW AUTOMATIC GAS RANGES operate for one-fourth the cost of any other automatic range - you save \$15 to \$35 a year. Automatic-gas gives you the only burners that last a lifetime. There is no installation cost. Even at low budget prices, if it's gas it's automatic.

Moreover, you enjoy these important advantages:

1. Speed, flexibility and cooking efficiency approached by no other method.
2. America's easiest range to keep clean.
3. Safest cooking possible. New gas ranges pass 502 American Gas Association Laboratory tests for performance, durability and safety.
4. Everything automatic. Complete meals cook while you are miles away!

Your Problems are our Business —
... or somebody's business depending on the nature of the problem. Most problems are not a disgrace nor a reflection on one's character, but a natural consequence of activity and growth. For example, if one owns or deals in real estate he is sure to have title problems sooner or later. While the abstract may or may not solve all title problems within our knowledge it has saved our customers thousands of dollars and its value cannot be estimated in dollars and cents.

"50,000 Miles No Wear" Service!

Here's My Famous "50,000 Miles—No Wear" Service!

- 1 I'll Drain Out Grit and Sludge While The Engine Is Hot! "Hot-oil" drains every 1,000 miles flush out dirt, acid and contamination before they can do harm, leave the working parts of the engine sparkling clean!
- 2 I'll Recondition All Air and Oil Filters! I clean filter elements...replace worn-out cartridges...and record the mileage. I check mileage every time hood is lifted, to make sure these important filters are protecting your engine against dust and grit.
- 3 I'll Fill the Crankcase With Conoco Super Motor Oil! Conoco SUPER is fortified with additives that curb the dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—and OIL-PLATE a film of lubricant right to metal surfaces.

We Conoco Mileage Merchants are now trained and ready to give your car exactly the same service that helped keep test engines new in the spectacular "50,000 Miles—No Wear" road test!

In that famous test, six brand-new cars were each driven 50,000 killing miles, to prove the wear-fighting ability of Conoco Super Motor Oil.

Thanks to Conoco's 3-point "50,000 Miles—No Wear" Service, those engines showed no wear of any consequence, in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

Now you can get Conoco's great "50,000 Miles—No Wear" Service to help your engine last longer, perform better, use less gasoline and oil!
