VOLUME XXXII

CISCO, TEXAS, TUESDAY, OCTOBER 14, 1952

NUMBER 226

The Gay Philosopher

By J. W. S.

THE STATE FAIR of Texas is big show again this year. We were there Saturday with some 10,000 other people. Judging from the traffic, everyone of the people must have come in separate cars. We arrived at 11 a. m. and all of the free parking spaces had been filled. The good people living near the fair grounds, however, will let you park in their yards for \$1 per day.

Went to the Texas and Oklahoma football game and sat in the middle of the Oklahoma section. You can imagine how the Oklahoma people enjoyed the contest. It just beat anything I ever saw. The Oklahoma team could do no wrong, and the Texas boys couldn't seem to do anything right. It was incredible.

Part of our party went to see Lewis and Martin and they were thoroughly entertained, reporting that it was a grand show. The best part of the fair, however, is the free part — the exhibits and displays. In the antique automobile show, there was an ancient auto owned by M. L. Lester of Cisco.

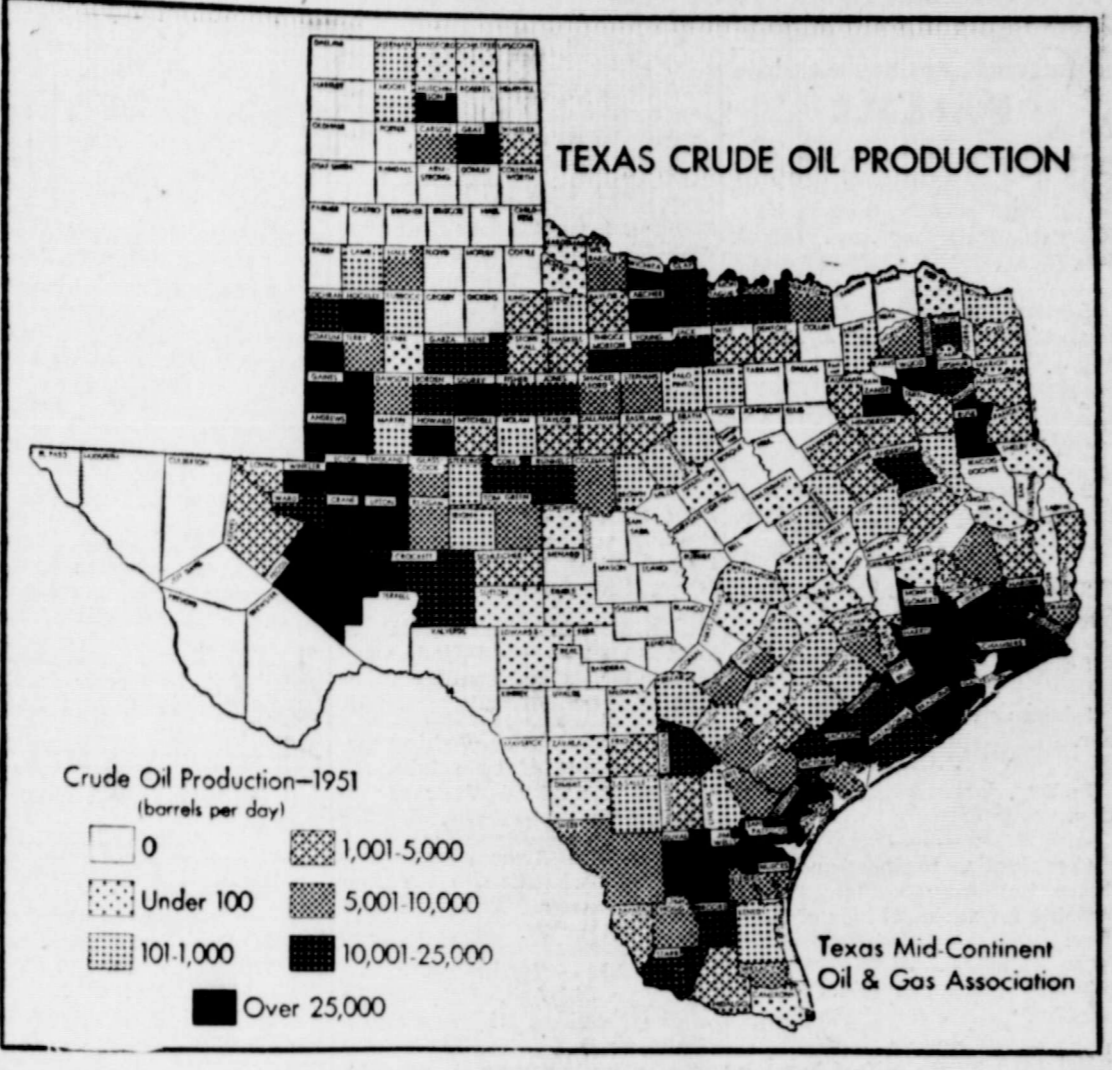

Lone Star Gas had a fine exhibit of modern home appliances. Mr. L. M. Cawley, manager of the pressure maintenance plant at Pueblo, there. The live-stock exhibits featured thousands of fine cattle, sheep, hogs and the like. The farm products displays were outstanding.

Something new this year is "Mr. Texan," a gigantic figure that stands 50 feet high in the middle of the fair grounds. The guy wears a 75 gallon hat, a size 90 pair of pants, a 25 foot belt, and size 70 boots. A manufacturer of western clothes made the "Texan" and dressed him up. Saw a lady dressed in a red, white and blue dress giving out "I'm for Stevenson" buttons. We watched for several minutes, and was surprised that only a small percentage of the people would take the buttons. Saw some other ones wearing "IKE" ear screws. A friend told us he never saw anything like it in Fort Worth on Saturday afternoon. There was practically nobody downtown and the traffic was such that you could park anywhere you wanted.

Guess all the people were at the fair in Dallas or home listening to the football games. The Fort Worth merchants will probably do something about it.

WE KNOW A man who has won tickets to the Texas-Arkansas football game in Austin this Saturday, and he will be glad to sell them to anyone for what they cost him. If you are interested, give us a ring and we'll put in touch with the tickets.

MR. CHARLES COFER, who has just recovered from a round with the flu and pneumonia, reports that progress has been made at the Cisco Country Club. The rest rooms have been overhauled and moved. A larger dining room will be available before long. The club's entertainment committee for October, November and December is composed of Ralph Mann, Gene Damron and Dr. Paul Woods and their wives. The club names a new committee every three months.

CRUDE PRODUCTION SPREADS — Crude oil production in Texas has spread to almost every section of the state, as shown in the above map prepared by the Texas Mid-Continent Oil & Gas Association.

Of the state's 254 counties, oil and gas has been discovered in 194, compared with 42 counties in 1920. There are 33 counties that have daily crude oil production of over 25,000 barrels, based on 1951 statistics. Area-wise, however, Texas has only 60 million acres under lease for oil and gas exploration, which accounts for about one-third of the state's total area.

WRANGLERS PLAY ONLY CONTEST AT HOME; THREE TEAMS AWAY

The Wranglers of Cisco Junior College will play the only grid game on the home field this week when they meet the Decatur Baptist College Indians in their annual grudge battle. It is the game of the year for both schools who consider it a successful season if they win the one game. Coaches Red Lewis and Paul Mosley worked their charges on the grass of the playing field Monday night in preparation for the game and plan a lot of work this week on offensive plays. The coaches were pleased with the defensive play Saturday night when the Wranglers lost a 6-0 contest to Blinn but were not satisfied with the offensive and the blocking.

The Midgets of Cisco Junior High will start the week when they play the first of four games for Cisco teams. They play the DeLeon juniors at DeLeon tonight and Coach Graham announced that his team was ready for the game. The Midgets have won two straight games after dropping the opening contest to Eastland by a one point margin. They have victories over Moran and Gorman to their credit. Bengi Lipsey, David Ewell, Herbie Gallegos and Don Price will be called on to do the running while Don Gray, Johnnie Trigg, Jackie Reynolds, Ralph Berry, Gene Courtney, Harold Donica, Bobby Cluck, Larry McCandless, Marshall Simmons will handle the offensive and defensive line posts. Others who may see action include Ronald Fleece and Omar Carlyle. The Cisco High School "B" team goes to Dublin Thursday night to return a game. The two teams met at Chesley Field at the opening of the season and Cisco won by a 19-6 score. The Coaches were undecided as to the starting lineup. The Cisco Lobos go to Snyder

23 Carloads Of Hay Received By County Ranchers

Twenty-three carloads of northern hay have been delivered to Eastland County ranchers in the government's drought relief program. Administrator E. E. Powell of the County PMA reported today. This county is part of a wide Texas area recently made eligible to buy the hay at reduced prices due to dry weather conditions for the past year. Mr. Powell said that eight cars have been unloaded in Cisco, including three Monday; ten in Eastland, three in Ranger, and two in Gorman. The hay is being distributed through feed stores and is being sold to ranchers for \$28 to \$36 per ton, depending on the quality. Mr. Powell added that most of the hay received has been classified as good hay.

The City Commission will hold its regular semi-monthly meeting at 6:45 p. m. Tuesday (tonight), Mayor G. C. Rosenthal reported today.

FIRST CAR OF CASTOR BEANS IS SHIPPED FROM CARBON MONDAY

The first carload of castor beans ever produced and shelled in Eastland County left Monday for an eastern market at Bayonne, N. J., Administrator E. E. Powell of the county Production Marketing Administration reported. Another car was due to be shelled at the new Carbon plant this week. Mr. Powell reported that the farmers of the county have some 3,500 acres in castor beans, and the yield will be somewhat light due to dry weather conditions. The castor beans are bringing 10 cents per pound. Baling and combining of peanuts has begun in a limited way in some parts of the county, Mr. Powell said. The county has about 23,000 acres in peanuts and drought conditions have cut the potential yield considerably.

Mr. Powell reported that some farmers are baling the vines for hay. A light frost fell in places over the county recently. Elsewhere, peanuts are still growing. The crop will be something less than half of normal, Mr. Powell estimated.

A. C. Bakers Take Over Hamp's Cafe

Mr. and Mrs. A. C. Baker, Cisco residents since March 1, have announced that they have leased the Hamp's Cafe building at 1305 Avenue D and will open a drive-in cafe Saturday, October 18. The new cafe will be known as The Kitchen and will specialize in home cooked foods and short orders. They have announced that they will serve free coffee and cake on opening day and have invited all in the Cisco area to visit them on their opening day. They leased the building from J. D. Yardley and will spend this week getting things ready for the opening. The hours for the cafe have been announced as 7 a. m. to 11 p. m.

Members of the Word Home Demonstration Club will hold a regular meeting at 2 p. m. Thursday at the home of Miss Willie Word. The county home demonstration agent will attend, and all members have been urged to be present.

FOUR OIL PROGRESS SPEAKERS WILL TALK IN CITY WEDNESDAY

This city's Oil Progress Week will open at 9:30 a. m. Wednesday with an address by W. B. Wright, local attorney, at the Junior High School auditorium. Two other addresses to students will follow during the morning Wednesday. L. A. Warren, local oil man, will speak at 9:45 a. m. at the Cisco Junior College, and at the Cisco High School at 10:30 a. m. at the high school auditorium. Phil Kendrick, Abilene oil man, will speak at noon Wednesday at

Weekend Accidents Claim One Life; 4 Persons Are Injured

AN OPEN LETTER

During the past week, there has appeared in the Daily Press several announcements and letters relative to the coming United Food Drive of the Community Chest — October 20-26.

In past years we have contributed to these agencies, either separately or collectively.

Due to friendly pressure from business men and citizens, more of these agencies that solicit funds for various needs have been grouped together under one drive, upon which we are about to embark.

The planning committee heads have been working wholeheartedly on their various responsibilities and the organization is spread out to complete the survey without too much imposition on any individual.

Now it is up to each of us to contribute our part in the campaign. We all have a part. If for any reason you are "out of pocket" when the canvass is made, Mr. Robert O. White of the First National Bank is treasurer and will be pleased to take your pledge.

And remember, these pledges can be spread over monthly or quarterly periods.

LET'S ALL HELP

Geo. E. Davis
Co-Chairman

TURKEY PROCESSING EVENT TO BE HELD AT RISING STAR SOON

The date for a turkey processing demonstration at Rising Star has been set for Monday, November 3, according to an announcement by Dr. Ben H. Bradley, Rising Star, president of the Central Texas Turkey Growers Association, sponsors of the event.

F. Z. Beamblossom, Poultry Marketing Specialist of the A&M College Extension Service, and George Draper, an official of the National Turkey Improvement Plan, will be in charge of the all day demonstration, Dr. Bradley said. The affair will be held at the High School in Rising Star. The Meeting will begin promptly at 10 o'clock on that date and will last until mid-afternoon with time out for lunch at noon, Dr. Bradley said.

Only three of these demonstrations are to be held over the state this fall, according to reports of those in charge. Purpose of the processing demonstration is to teach the proper method of killing and dressing the big birds for the home freezer or for the freezer locker box as well as to show producers who expect to exhibit at the National Turkey show producers who expect to January how to prepare them. Some of the producers of this

area expect to show dressed turkeys in this show, it was explained. All turkey producers are invited to attend the meeting. The Chamber of Commerce in Rising Star is cooperating in sponsoring the meeting, Dr. Bradley said.

Business Men To Attend Meeting For Chest Drive

Cisco business men will meet at 10 a. m. Thursday at the First National Bank's community service room to discuss the October 20-26 Community Chest drive, it was announced today. All employers in the city have been urged to attend.

Ralph Glenn, who is chairman of the drive for the business district, will be in charge of the meeting.

Co-Chairman George Davis and Sidney Spain of the Chest Drive have reported that plans are shaping up nicely for the campaign. The quota for this year's budget is \$8,700.

Moslah Chanters Here Tonight

J. OSCAR WEBSTER

RAY DUNAWAY

The famous Moslah Chanters of Fort Worth will appear at the First Methodist Church auditorium for a free concert at 8 p. m. Tuesday (tonight), according to an announcement today. The chorus is composed of some 40 voices.

J. Oscar Webster, pictured above, is the director of the Chanters and has been conducting the programs for 18 years. He has chosen a well-rounded program of old-time melodies, religious, operatic and novelty

numbers. A soloist with the Chanters is Noble Ray Dunaway, also pictured above, who is known as the "silver tone tenor." He is well known for singing Irish ballads. He is a tenor soloist at the Magnolia Avenue Christian Church in Fort Worth. His accompanist will be Robert R. Clark, minister of music at the First Methodist Church in Fort Worth.

The public has been invited to attend the concert.

Young Man Killed In Sunday Mishap

Automobile accidents in the Cisco area Saturday, Sunday and Monday claimed the life of one Cisco man and injured four others as the toll of injuries and death as the result of accidents continued to grow.

Dead as the result of injuries received in an accident some three miles east of Cisco on U. S. Highway 80 at 9:45 p. m. Sunday was John Gerald Clark, 23, son of Mr. and Mrs. T. E. Clark, who live eight miles south of Cisco. Young Clark died at 4:30 a. m. Monday in a local hospital.

In Graham Hospital Tuesday receiving treatment for injuries received in the Sunday accident were Herbert Neil Clark, 25, brother of John Gerald Clark, and James Weldon Burson, 20, son of Mrs. Myrtle Burson who lives nine miles south of Cisco. Both injured men were reported as improved Tuesday.

According to investigating officers, Burson was driving the car involved in the accident and apparently lost control of the auto after passing another vehicle. Indications were that the car hit the dirt shoulder and veered across the highway into the gutter separating the divided highway. The vehicle overturned, rolling some 125 feet, officers said. The car was demolished. All three of the occupants were thrown from the car.

Also in the hospital Tuesday was Roy Camfield, employee of the Humble Pipe Line Company who was injured in an accident at 10 p. m. Monday near Clyde. His injuries were not believed to be serious. Camfield was injured when the 1952 Mercury in which he was a passenger was in collision with a 1950 Oldsmobile. Jim Huston, Clyde cafe owner who was driving the car in which Camfield was riding, was seriously hurt and was in the Calhoun County Hospital at Baird. Both men were thrown from the car which burst into flames and was completely destroyed.

Billy Thames, son of Mr. and Mrs. Ab Thames of Cisco, received painful injuries Saturday when he was thrown from an automobile in an accident which occurred near Romney. He was en route from Corpus Christi to Cisco to spend the weekend with his parents. The car he was driving was in collision with one driven by a woman who lived in the Romney area. He returned to Corpus Christi Sunday night.

Funeral services for John Gerald Clark were to be held at 2 p. m. Tuesday at Thomas Funeral Chapel with the Rev. Lee Fields of Carbon officiating. Burial was to be in the Romney Cemetery with Thomas Funeral Home in charge of the arrangements.

He was born in Cisco on November 29, 1928, and had lived in the Cisco area all his life.

Survivors are his parents, three brothers, Alton and Neil Clark of Cisco and Burleson Clark of Dallas, and two sisters, Mrs. W. A. Morgan of Monahans and Mrs. Howard Pryor of Farmington, New Mexico.

Pallbearers were named as follows: Donald Gorr, Emmett Rich, Tommy Freeland, Edward Miller, J. D. Nelson, and Charles Wende.

BILLIONS FOR PROGRESS

There's an old axiom to the effect that progress is only what you make it. The moral, of course, is that you are the master of your own destiny; and that if you are going to "make progress," you have to get out and do things — and keep on doing them.

What brings this to mind is the fact that Oil Progress Week is being observed by the nation's oil men, October 12-18. The thousands of oil companies of all sizes which comprise this vast industry, with its 2,000,000 workers and its traditional adherence to the principles of free enterprise and competition, have been "doing things" consistently for 93 years. They have compiled a record of progress which gives positive meaning to this old axiom.

An example of the way modern oil men are "making progress" is the tremendous expansion program which has been underway since the end of World War II. To assure the American people of an abundance of petroleum today, and to prepare for their demands of tomorrow, the oil industry builds, expands, modernizes and develops as fast as men, money and materials can make it possible.

Since the end of World War II, oil men have poured more than 19 billion dollars into new exploration and discovery, new oil fields, new refineries, new pipeline, new tankers, new and improved facilities of all kinds. This year alone, they have scheduled the spending of more than four billion dollars on this program — the largest one-year investment of any single industry in history.

The bulk of this money has come from their own earnings — money plowed back by progressive far-sighted leadership. We know that today's demands are being met, despite the fact that they have skyrocketed in recent years; and the oil men's record is full assurance that tomorrow's will be taken care of, too. It is this story of "doing things" that oil men and women in thousands of American communities will tell during their observance of Oil Progress Week.

Stamp collecting was the hobby of the late Franklin D. Roosevelt.

"Wisdom, Justice, Moderation," the motto of the state of Georgia.

DeArmonds Leave For Visit In California

Mr. and Mrs. J. R. DeArmond left Cisco Sunday for a two-month visit in California with their son and family, Mr. and Mrs. James V. DeArmond, and children.

The DeArmonds sold their home on College Hill to Mr. and Mrs. Fred Plumlee and have rented a house at 610 West 9th where they have stored their furniture until they return.

Plans call for them to spend a week at Hot Springs, New Mexico, before going on to California. Their address will be 6102 Hazelbrook, Bellflower, California.

20th Century Club Has Meeting Friday

The Twentieth Century Club met Friday, October 10, at the clubhouse for their regular meeting with Mrs. J. E. Crawford as hostess.

Mrs. John Shertzer, president, conducted a short business meeting after which a program on Communications was presented. The topics presented were Radio and Television by Mrs. Bill Berry and Press and Publicity by Mrs. C. R. Baugh.

Eighteen members attended.

Wedding Party Has Rehearsal Dinner

Miss Linda Fee and Raymond Fairchild were honored at a rehearsal dinner Friday evening in the home of Mr. and Mrs. Charles Spears with Mrs. Alex Spears, Mrs. Sterling Drumwright, Mrs. William C. Marshall of Dallas and Mrs. Charles Spears as hostesses.

Pink and silver were used in the decorations. The table which was laid with a white linen cut work cloth, was centered with an arrangement of pink gladiolas and pink carnations, silver leaves and balls. Two silver wedding bells hung from the light in the living room.

The dinner which consisted of barbecue turkey, green beans with mushroom sauce, baked potatoes, peach pickle salad, rolls and a desert which was a pink angel food cake on a silver lazy susan and decorated with purple grapes with green leaves, was served buffet style to the guests.

Following the dinner, the bridal couple presented their attendants with gifts.

Those attending the dinner were Miss Linda Fee, Raymond Fairchild, Mr. and Mrs. George P. Fee, Mrs. B. F. Fairchild, of Athens, Ohio, Mrs. Scott Lobaugh of Medway, Ohio, George P. Fee, Jr., Jack Burst of Houston, Doris Jamison of Fort Worth, Mr. and Mrs. H. Grady James, Mrs. Ernest Hittson, Mr. and Mrs. Sterling Drumwright, Mrs. Alex Spears, Mr. and Mrs. William C. Marshall of Dallas, and Mr. and Mrs. Charles Spears.

JOY NELL LENZ

Joy Nell Lenz Will Wed Levelland Man

Mr. and Mrs. H. A. Lenz announce the engagement and approaching marriage of their daughter, Joy Nell, to James Couch, son of Mr. and Mrs. B. S. Couch of Levelland, Texas.

Miss Lenz is a 1949 graduate of Cisco High School and is now employed by the United States Time Corporation in Abilene.

Mr. Couch is a 1949 graduate of Levelland High School and of Cisco Junior College and will graduate with the 1953 class at Hardin-Simmons University in Abilene.

The date of the wedding has been set for October 25.

Legion Meeting Opens Saturday

HAMILTON, Oct. 14. — Legionnaires of the 17th congressional district at their annual fall convention to be held here Saturday and Sunday, October 18 and 19, will elect a district commander to succeed Eugene L. Jackson of Cisco who was elevated to Fifth Division Commander.

In charge of the convention will be John C. Thompson of Mineral Wells, acting district commander. The local post has planned an outstanding entertainment program for visiting Legionnaires and Auxiliary members.

Since the convention is just one day prior to "L Day" (American Legion Day) October 20, post commanders are expected to make a report of their plans for that occasion.

HENSON CONSTRUCTION CO. CONGRATULATES CISCO OILMEN

● Our hats are off to the oil companies of our community—and to the oilmen who stand behind them. They are part of a competitive industry whose constant progress means progress for you, for our community and for America. Today, this progress can be measured by improved gasolines to power your car, more efficient fuel oils for home heating—hundreds of other oil products which add to your comfort and convenience.

● This week we are glad to join oilmen everywhere in observing Oil Progress Week. By their continuous, faithful service to you and the nation, America's oilmen have made every week of the year Oil Progress Week.

OIL PROGRESS WEEK
October 12th-18th

YOUR PROGRESS AND OIL PROGRESS GO HAND IN HAND

There's a payoff for you in our search for oil —

● The search for oil is a risky business. There are plenty of costly dry holes. But every time we find new oil it means more gasoline for your car, more power for farm and ranch, and more of all the hundreds of oil products which add to your comfort and convenience today and in the future.

That's why we're very proud of the part we play in the competitive, progressive oil industry. And this is our pledge that we will continue to serve you and the nation well.

**Clubwomen Open
 Vote Campaign**

WORTHAM, Oct. 10. — Texas clubwomen launched plans for a voter's roundup this week with a "Get-Out-the-Vote" campaign headed by Mrs. John J. Perry of Sweetwater, state chairman.

Each clubwoman is asked to be responsible for getting ten people to the polls November 4, according to Mrs. Perry. She explained "We want to better our 1948 record, when only 25% of the Texans who had the right to vote exercised their privilege."

Mrs. Van Hooks Stubbs of Wortham, president of the Texas Federation of Women's Clubs, threw her full support behind the voter's roundup. She stressed that the project is bi-partisan, and underlined that getting people to vote is the object, not how they vote.

The Texas Federation of Women's Clubs is a non-political organization with a membership of over 50,000.

The voter's roundup is directed by the federation's new Americanism department. Object is to build interest in our way of life and government, and to emphasize full citizenship responsibility.

Clubs participating in the contest to Get-Out-the-Vote are to report by November 15 to district chairmen in accordance with contest rules available at General Federation headquarters in Washington. District chairmen turn in the number of persons contacted by participating clubs and voting to the state chairman by November 20. Prizes up to \$500, depending on the size of the club are offered by GFWC for the largest roundup of voters resulting from club efforts.

O. E. S. TO MEET
 Members of the local chapter Order of Eastern Star were reminded of a stated meeting to be held at 7:30 p. m. Tuesday (tonight) at the Masonic Hall. All members were urged to attend.

OCT-12-18 THIS IS OIL PROGRESS WEEK

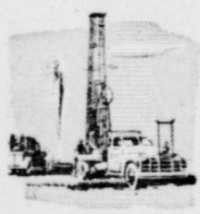

Progress 1952

Texans have a natural interest in the oil industry, which is so important in their State, and in the progress made since Oil Progress Week was last observed.

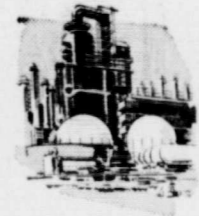

Here are a few quick facts:

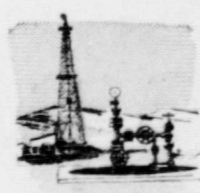

NEW WELLS
 During the twelve months ending August 31, 1952, the Texas oil industry drilled 17,000 new wells, at a cost of over \$700 million. Most of the heavy expense of drilling these new wells was paid from earnings plowed back into the development of the State's oil resources.

RESERVES
 Proved oil reserves in Texas of 18 billion barrels represented 57 per cent of the U. S. total at the beginning of 1952. During 1951, the last year for which figures are available, proved reserves increased two billion barrels. These are developed oil reserves and the figure is important: developed reserves supply our needs currently and provide reserve capacity that is immediately available when we need it.

REFINING
 The Texas refineries will have a big year. They now employ, in round numbers, 46,000 Texans, and process about 28% of all the oil refined in the U. S. The daily refining capacity of all Texas refineries exceeds 2,000,000 barrels. A program to expand and improve these facilities has been general throughout the industry.

PRODUCTION
 Production has reached a record level. Texas currently is producing about 46 per cent of all the crude oil produced in the U. S. In the year ending August 31, Texas production totaled about 1,015 million barrels. There are now 133,800 producing oil wells in Texas.

TAXES
 The Texas oil industry continues to be the largest tax-payer in the State. Through the year ending August 31, gross production taxes alone on Texas oil and natural gas amounted to more than \$137 million; in addition, the industry pays large amounts in other taxes.

TRANSPORTATION
 The total mileage of Texas' trunk pipe lines for oil and finished products is over 29,000. This low-cost transportation system is a major factor in the maintenance of the low prices you pay for petroleum products.

HUMBLE

TEXAS OPERATIONS

Twelve Months Ending August 31, 1952

Wells Drilled	891
Average Production, in barrels daily	330,100
Employees in Texas, August 31	17,775
Baytown Refinery: Average crude runs to stills, barrels daily	249,310

Humble Pipe Line Co. operates 5,895 miles of trunk lines for oil and finished products, which had transported a daily average of 722,600 barrels in the year ending August 31.

In brief, the Texas oil industry during the past year continued to do its part in meeting the demand for oil. It has expanded pipelines to provide low-cost transportation. It has improved facilities for making more and better petroleum products for your use. Today, two gallons of gasoline do work that required three gallons in 1925; and the gasoline costs no more than it did then.

HUMBLE OIL & REFINING CO. ★ HUMBLE PIPE LINE CO.

MEN AT WORK...for You!

We are glad to be a part of this friendly community. We are anxious to make contribution to it's economic growth. We know that each well drilled brings work for many and puts dollars in the till of each merchant. All persons are directly or indirectly enriched from such operations. The independence of each is dependent upon a recognition of the inter-dependence of one to the other.

Oil Progress Week Slogan Points To Industry's Strides Over Years

A cryptic phrase, "2 Equals 3," has real significance, according to all over America this week. It was the rallying point for tens of thousands of oil men, and the occasion was the fifth annual observance of Oil Progress Week. This got underway Sunday, October 12. The oil men will go all-out during that seven-day period to explain the oddsounding phrase, and to tell the people about their industry — its progress and its achievements, its plans and its objectives, what it is and what it does. The "2 Equals 3" theme, which at first glance appears to be a schoolboy's mathematical error, has real significance, according to the Oil Industry Information Committee, which sponsors the annual observance on behalf of the nation's 2,000,000 oil men. "In short," says National OIIC Chairman Charles Z. Hardwick, "this phrase pinpoints the progress that has been made in gasoline quality alone for the last 25 years. "It symbolizes what repeated road tests have proved — that two gallons of today's gasoline will provide the same amount of work-energy that required three gallons a quarter of a century ago. "It sums up in a very real and

effective way the kind of progress that has been of substantial benefit to the nation and the people." Hardwick is a vice president and a director of The Ohio Oil Co., Findlay, O.

During Oil Progress Week, the "2 Equals 3" slogan will be seen on billboards, lapel buttons, advertisements, banners and placards; it will be discussed at civic luncheons and dinners, group meetings and other special events by the hundreds, in radio interviews and on television shows, in schools and many other places.

Oil Progress Week is the highlight of the industry's year-around information campaign. There will be scores of speeches all over the country, with audiences ranging from a comparative handful to 4,000 or more. The industry's top executives as well as the dealers, the jobbers, transporters, producers, refiners and thousands of others, will take to the stump to talk about oil.

Special events will include parades, proclamations, essay contests, service station decoration contests, beauty contests, displays, exhibits, radio and television shows, civic meetings and industry rallies, dedications, expositions, free motion picture showings, particularly the OIIC's 1952 picture, "Crossroads, U. S. A.," and "2 Equals 3" (in which noted scientist Dr. Roy K. Marshall gives a laboratory demonstration of gasoline progress).

Mrs. I. J. Davis has returned from a two week's visit with her nephew and niece, Mr. and Mrs. R. L. Davis, of Tullia, Texas.

Why Should I Have An Abstract?

... is a question often asked of abstractors and one we like to answer. When ownership of real property enters your business life then title problems also come in. Buying, selling, mortgaging and otherwise dealing with real estate require correct title information. The abstract reflects the true record title and therefore has everything to do with values. That's one answer, there are many others.

Briefly Told

Mrs. J. W. Noble and son, C. L. Noble, of Eastland have just returned from Nocona where they attended the funeral of Mrs. Noble's brother, B. M. Lee, who passed away October 10 and was buried October 11.

Mr. and Mrs. Marshall Jones and daughter, Lynn, were week end visitors at Whitney in the home of her parents, Mr. and Mrs. O. W. Hampton.

Mr. and Mrs. E. L. Jackson have returned from a visit with relatives in Arkansas and Illinois.

Wranglers Shine Defensively In Losing To Blinn

Blinn Junior College scored a touchdown on a pass play in the last minute and a half to win a Texas Junior College Conference football game from the Cisco Junior College Wranglers at Brenham Saturday night.

The Wranglers fought the Blinn team all the way until the final 90 seconds when the pass play clicked. The Buccaneers were on the Wrangler 15 yard line with

fourth down and eight when the scoring play developed.

Cisco played an outstanding defensive game with Henry Sollers as the most outstanding man on the field. The entire Cisco defense was pleasing to Coach Red Lewis and he was high in his praise for Sollers and the remainder of the line.

Coach Lewis went into the game with a crippled offense and the team failed to threaten the Blinn

goal. Bob Powelson, Burl Moses, Don Denard and Pat O'Neil were all on the injured list as was Carroll Chambers, who has been out for several weeks.

Also on the injured list were linemen Gerald Davis, Del Wright J. C. Suggs and Bud Miller.

The coaches were giving their team two workouts daily this week in preparation for the game Thursday night with Decatur. The afternoons were being spent in

skull practice and the evenings in stiff scrimmage under the lights at the field. Most of the injured players will see limited action in the Thursday game.

Mrs. Ira Mae Taylor has had her son, Lt. Ira T. Taylor, home on a fifteen day leave. Lt. Taylor left Sunday morning for San Francisco, Calif., en route for Korea. Mrs. Taylor also had as guests for the weekend, Miss Ann

Bulmer of Fort Worth, and sister and brother-in-law, Mr. Mrs. Seth Hoecker of Galveston.
