If you spend a dollar at home you have some hope of getting it back; if you don't, you just spend a dollar.

VOLUME XXXIII

CISCO, TEXAS, FRIDAY, DECEMBER 19, 1952

NUMBER 13

## The Gay Philosopher

By J. W. S.

THE THIRD ANNUAL Christmas Festival was a big success at the new junior high auditorium last evening. A large crowd gathered out despite the rain. The rain, however, kind of slowed down the proceedings, as they had to wait until the youthful singers could get there.

Cars were parked just about as far as you could see in all directions. The school grounds also became parking lots, and good many cars had to use the services of a wrecker to get out of the mud when the concert was over. It was a new experience — getting stuck in the mud. Nobody seemed to mind.

To the various directors — Mrs. O. O. Odom, Mrs. Stanley Webb, Mr. Jack Chambliss, Mr. Albert Clinton and Mr. Kenneth St. Clair — we can all say, well done!

THE RAIN AND forecasts of colder weather had some talking about how nice it would be to have a good snow for a White Christmas. Mr. J. H. Latson tells that Cisco hasn't had a white Christmas since 13 years ago. He says he can remember the season easily for their daughter, Jan, was a month old then. He's all work on the proposition of having an old-fashioned white Christmas.

WE HAD HARDLY finished writing an item about the trapping business yesterday when Mr. Rudolph Schaefer drove by and showed us what he had caught in one of his traps — a genuine red fox. This country has a good many grey foxes, but reds are pretty rare. The foxes are worth considerably more than the greys. Mr. Schaefer's red fox was alive and well, and in the back of his pickup truck.

SEEMS WE GOT our dates a bit mixed up when we reported that Radio Station KRLD, Dallas, was going to salute Cisco. The program is scheduled for Sunday night, December 28, from 9:30 to 10:30 p. m. and Mayor G. C. Rosenbald will speak.

A MOTION PICTURE entitled "Day in Court" was shown at the Lions Club luncheon the other day, and it was a picture everybody ought to see. It dealt with the various types of drivers and reviewed the principal causes of accidents. The picture showed how courtesy on the road will make you safer and make you feel better.

A lot of drivers are in an awful lot for no particular reason. It would be a wonderful thing if everybody could see the movie. Mr. Truman Taylor was in charge of the program.

COMES A LETTER from Sergeant Marvin E. Strickland of the Air Force Base, Everett, Washington. If you remember, he was our ex-correspondent in Alaska. He writes:

"As the holiday season approaches again, was thinking of you and all the good people of my home town and just wanted to greet you and say hello as soon as I could be home for the holidays. An enclosing clipping from the Seattle newspaper about the Alaska defenses and how the Air Force has conquered Arctic weather and terrain to build for the defense of Alaska and the U. S. Also shows how American officers and servicemen cut through mud and snow and red tape and saved money to get a job done that wouldn't wait.

It has been almost a year now since I left the territory, but am still very much interested in Alaska. December weather in Seattle has been very mild but here lately. The temperature last night was 48 degrees. No snow at all so far this winter. Quite a contrast to December weather in Alaska."

THE DELPHIAN CLUB is having its annual Pilgrimage of Homes on Saturday night. It's an interesting evening to visit in the homes and look and enjoy the Christmas atmosphere. All take advantage of this opportunity. This is a splendid project and the Delphian Club is a lot of credit for bringing it to Cisco each year.

## WAVES ACROSS THE SEA

WASHINGTON, D. C. — (EHTNC) — Good-bye, good luck, and good duty! Eight Waves depart by plane for Naples, Italy, where they will serve with 15 other women from the Waves, Women Marines and Waifs at the headquarters of Admiral Robert B. Carney, USN, Commander-in-Chief, Allied Forces, Southern Europe. They will be the first U. S. enlisted women to serve at the North Atlantic Treaty Organization command at Naples. Seeing the Waves off is Capt. Joy B. Hancock, USN, director of the Waves (foreground). (Official U. S. Navy Photograph—1102721)

## LOBOES UPSET FAVORED HAWLEY IN McMURRY CAGE TOURNAMENT

The Cisco High School Lobo cage team furnished the most thrilling performance in the annual McMurry invitation basketball tournament Thursday night when they upset favored Hawley by a 44-40 score to advance to the quarter-finals Friday.

## 150 Expected At WTUC Xmas Party At Country Club

Approximately 150 persons are expected at the Cisco Country Club at 6:30 p. m. Friday for the annual Christmas party for employees of West Texas Utilities Company's Cisco district. Company workers, members of their families and guests will attend the event.

District Manager E. L. Jackson, who was in charge of arrangements for the party, said that visitors are expected from Moran, Albany, Throckmorton, Rising Star, Cross Plains, Baird, Putnam, Clyde, Cisco and other points in the district.

## Methodist Choir To Sing Oratorio Sunday Evening

The First Methodist Church choir, under the direction of Robert Clinton, will present "The Christmas Oratorio" by Camille Saint-Saens at the regular Sunday evening worship service, beginning at 7 o'clock.

This work is not new to Cisco audiences as it was first performed three years ago as the first Community Choir concert. In comparison to other oratorio's of the same caliber, it is much shorter, taking only about forty minutes.

Soloists for the performance are Jane Huestis, soprano; Ella Andres, mezzo-soprano; Ruth Beatty, alto; Jan St. Clair, alto; Jack Chambliss, tenor; Kenneth St. Clair, bass. Accompanist for the concert are Johnny Turner, organist, and Wanda Clinton, pianist.

The public has been invited to attend. Mrs. Grady Laws, teacher in the local schools, was accompanied home Thursday by her brother, F. E. Fisher, of Dublin in whose home she has been convalescing following major surgery in the Scott and White Hospital in Temple. Her condition is reported to be satisfactory.

## Duck Hunters To Finish Season On December 29

AUSTIN, Dec. 19. — Prospects of a fairly good finish for the current waterfowl season was reported by the Assistant Executive Secretary of the Game and Fish Commission.

The season ends one hour before sunset on December 29. It opened at noon on October 31.

The Assistant Executive Secretary said waterfowl are abundant in the coastal areas and that many hunters probably will have good shooting during the closing days.

He said both geese and ducks have been present in unusually good numbers throughout the season but explained that the drought had caused the birds to concentrate.

"The good November rains brought water to some areas for a time and the waterfowl scattered temporarily with beneficial breaks for many hunters," he said.

North Texas which had generally slim luck during the earlier part of the season, because of drought dissipated water surfaces, profited by the late November rains. These filled some tanks for the time being and attracted many of the fat mallards which were winging southward at the time.

The Assistant Executive Secretary said the waterfowl harvest along the far-flung coastal region has been described by some hunters as the best in many years.

## DE Club Selects State Delegates

Two delegates to the state Distributive Education Convention in San Antonio next February 20-26 were announced today by the DE Club at Cisco High School. They are Miss Bobbie Jean Hageman and Mac McCauley. Owen King, DE teacher-coordinator, will accompany the students to the meeting.

## 1.2 Inches Rain Falls In Section

The Cisco area received 1.2 inches of rain in a downpour that fell nearly two hours Thursday night. Weather forecasters predicted mostly cloudy and occasional rain for today.

The rain raised the water level at Lake Cisco by two inches, City Water Superintendent John Rodden reported. The lake now measures 26 feet and three inches, as compared with 31 feet and seven inches at this time a year ago.

Thursday night's rain brought the year's total to 19.75 inches. Cisco apparently fared better than many communities in this section, as Eastland received only about half an inch. Abilene got less than an inch of rain.

The rain was of considerable benefit to stockmen and farmers who welcomed the moisture for their winter cover and grain crops.

## Former Ciscoan Dies In Mishap; Rites To Be Here

A former Ciscoan, her husband and two small daughters were killed about 1 p. m. Thursday in an automobile accident 13 miles west of Odessa.

Dead were Mrs. Wanda Harwell, 22; her husband, Murryl Harwell, 26; their daughters, Gloria, 4 and Glenda, 3.

Mrs. Harwell, the former Wanda Murry, daughter of Mr. and Mrs. Oscar Murry of Odessa, former Cisco residents, attended grade and high school in Cisco before moving to Odessa with her parents some 10 years ago. She was married there to Murryl Harwell six years ago. She is a niece of Mrs. W. A. Thames of Cisco.

## Pageant Is Planned For Presbyterians

"Behold the Child" will be the theme of the pageant to be presented at 6:30 p. m. Sunday at the First Presbyterian Church. The pageant, an annual affair, is to be presented as a benefit for retired Presbyterian ministers. A love offering will be taken for that purpose.

The Rev. Grady James will speak at the morning services using as his sermon topic, "The Responsibility of Christmas."

Mr. James announced, also, that there would be a special Christmas service at the church at 8 a. m. Christmas day. The public was invited to attend all the services.

## Taylors Observe 54th Anniversary

Mr. and Mrs. D. W. Taylor, 409 East 8th Street, observed their 54th wedding anniversary at their home Thursday. There was no party in celebration of the event.

Mr. and Mrs. Taylor were married in the Cottonwood community on December 18, 1898. They have lived in this area since that time. On January 21 Mr. Taylor will be 87 years of age. Mrs. Taylor is 72.

# Official Opening Planned For New Church Of Christ Building

## Public Is Invited To Take Part In Sunday Programs

Christmas will come early for members of the Cisco Church of Christ who, Sunday, December 21, will have the official opening of their new church building located at West 8th Street and Avenue H.

Everyone in the Cisco area and all former members and ministers and all neighboring congregations have been invited to attend the opening and have a part in the program.

The program will begin with the regular morning services of the church. Bible classes will begin at 10 a. m. and the regular worship service is scheduled for 10:50 a. m. A. F. Waller, regular minister, will have charge of the morning services. Paul Witt of Abilene Christian College, one of the first ministers of the local church, has been invited to speak at the afternoon service beginning at 2 p. m. Following Mr. Witt's talk a song service will be held, with singers and leaders from a wide area attending. Regular services will be held in the evening with classes beginning at 6:30 o'clock.

It was almost nine months ago that the leaders decided that the old building was inadequate and that the congregation needed new quarters. It was decided to tear down the old building and build a new one. The members were told of the plans and they began immediately to make preparations. Within a week the members took down the old building, pulled all the nails and stacked the lumber for future use.

Then the task of rebuilding began. The members dug the foundation ditches and footings, installed the forms and steel and poured the foundation and solid slab floor. It was estimated that the group poured some 350 yards of concrete for the foundation, floor and walls.

Since there were no tile masons in the congregation, masons were employed for that part of the job. As soon as the walls were up members began work on the roof. They constructed and installed the trusses needed to span the 40 foot building and put on the approximately 6,000 feet of roof decking and the composition roof.

The members also did most of the inside work, including the installing of sheetrock ceilings in preparation for acoustical tile in the auditorium and class rooms. One member did the electrical work, another the plumbing and others the painting and carpenter work.

Members donated an estimated 15,000 hours of work in addition to sacrificing financially for the building, and their sacrifice has paid off — paid off in a fine modern building any congregation would be proud to own. It is complete with central heating, fluorescent lighting, attic insulation, acoustical tile ceilings, asphalt tile floors, new blond oak pews and pulpit furniture, steel doors and windows and many other conveniences.

The building is of light colored face tile with plastered walls. The main part of the building is 40 x 100 feet with two wings for class rooms.

Pale green walls and a blond finish on the paneled pulpit arrangement gives the interior of the building beauty with dignity. Ornamental iron work for the entry supports and railings add to the outside appearance of the building, and the building was arranged so that there is only two short steps from the ground level to the floor level, getting away from the old idea that church buildings had to have a long flight of steps to the entry.

Members were busy this week trying to get everything ready for the opening Sunday. Remaining to be done was the cleaning of the lot and the removing of the lumber which was not used in the new building. Plans call for

MADE IN GERMANY—Film star Gloria Grahame, in Germany while making a film for an American movie company, is shown chatting with a circus dwarf during an off moment of production. As one might imagine, the picture will have a circus background and is being filmed in and around Munich. More and more U. S. companies are going to Europe on location.

## Church Bells To Urge City TO OFFER PRAYERS OF PEACE

Church bells will ring at 10 p. m. Saturday to call the community to prayers for Peace on Earth, climaxing the Christmas Pilgrimage of Homes under the sponsorship of the Delphian Club.

The public has been invited to the basement of the First Christian Church which has been converted into a replica of the First

## Light Opera Set For Stock Show

FORT WORTH, Dec. 19. — For the second year, the Fort Worth Opera Association will present a light opera in the Will Rogers Memorial Auditorium during the Southwestern Exposition and Fat Stock Show.

The popularity of last year's production with Fort Worth citizens and out-of-town visitors encouraged the opera association again to choose one of the familiar and well-loved operettas, Sigmund Romberg's "The Desert Song." Songs include such favorites as "One Alone," "Romance" and "The Desert Song."

President-Manager W. R. Watt of the Stock Show declared that last year's light opera, "The Merry Widow," was quite successful from the standpoint of the exposition as it drew crowds and gave the visitors a superb attraction in addition to the ro-

ACCIDENTS WILL HAPPEN—Two-year-old Charles Huffer, who was playing when an oil burner exploded in his home in Hicksville, N. Y., is being comforted in a doctor's office by a neighbor. Charles' mother and the repair man who was working on the burner when it exploded were also injured. The flash fire which followed the explosion gutted the house.

1952 ASSOCIATION PRESS TEXAS

last depression has shown how these controls can be used more effectively.

New factors are the Securities and Exchange Commission and the Federal Deposit Insurance Corporation. With its tight controls over market speculation, SEC can prevent one of the evils leading to the last depression.

And citizens' bank savings now are insured up to \$10,000 by FDIC.

Also new since the early thirties are the government old-age and unemployment insurance systems, providing a backlog of security against loss of income due to age or unemployment. And of course, many business and industrial firms have begun pension plans since the thirties, providing additional insurance against hard times.

Finally, there is a brighter outlook for trade, another important item in the prosperity picture.

For its part, business is better prepared for a depression than it was back in '29. It has learned much about management. And it has a far bigger, more versatile research plant for the creation of new products when the sale of products already on the market begins to drop.

Products which meet basic needs resist depression. This is not speculation. Refrigerator, electric washing machine and radio sales, for example, held up well during the bleakest days of the thirties.

Today, many, many new products are on the drawing boards or ready for market. A refrigerator which makes up to 300 ice cubes per day without trays is on its way to the customers. A big chocolate firm has just introduced a versatile cookie mix which can be used for dozens of different cookies. A St. Paul firm is developing magnetic tape which will record television programs the way radio programs now are recorded.

Taped television would be clearer than filmed and much cheaper since tape can be erased and re-used.

These new products mean new jobs, and new jobs mean continued prosperity.

Further, business has a new sense of responsibility. It is less likely to begin major lay-offs and wage reductions in the face of a little adversity. Less likely to panic. It is far more likely to look around for new ways to maintain production than to sit back and do nothing.

This isn't speculation either. During recent years several individual industries have gone through a kind of recession and are starting to pull out. Textiles is one. Paper is another. The jewelry business was in trouble in 1946 and 1947 and made the necessary adjustments each time.

Another example of forward-looking management is the auto industry's campaign to promote good roads. You might think that auto makers would prefer bad roads which ruin autos so that new cars could be sold more readily. But the automobile and allied industries believe that the money motorists would save because of better driving conditions would go into new fields, new industries. Thus new markets are created.

Finally, there are new developments in foreign trade. Here too, business has looked ahead. Since the last war, Europe has been a poor customer. So American business is investing its dollars in Canada and Latin America where resources still are unlimited.

These are the reasons why the Chamber of Commerce of the United States looks for lasting prosperity. We have the government and private pension plans, the unemployment insurance to cushion us against recession. We have the vast resources developed by science. The new, more foresighted, more confident management which has developed over the years. And we have been developing new and richer foreign markets.

Women were given the right to vote in Wyoming while it was still a territory.

Vincennes, first settled in 1727, is the oldest city in Indiana.

**IS PROSPERITY HERE TO STAY?**

WASHINGTON — The business outlook here is for the happiest, most prosperous Christmas on record. Times are booming. People are earning more than ever before in America's history. Almost everybody who can work has a job. And it looks like a real business-boom, not just a defense-spending boom. For defense spending is below expectations.

The big question, of course, is how long will prosperity last. Are we about to plunge into another depression? A good many economists, including those in the Chamber of Commerce of the United States, look for prosperity to last through next year, unless there are major developments in foreign affairs, particularly Korea.

Even then, no major recession looms.

On the other hand, there are some who argue the boom can't last. That we're in for another "bust."

U. S. Chamber of Commerce economists take a different view. They believe that depressions are not inevitable; that both business and government have learned a lot since the thirties about licking the boom and bust fiascos. They have learned counter-measures. They are less likely to be caught napping if business begins to drop.

Government, naturally, is a major force in resisting depressions. By purchasing its own bonds from the public it can pour money into circulation. Through loans, or the guarantee of loans, government can make it easier for business to borrow money for working capital or investment in new plants and equipment. Or, by means of its controls over banks, government can reduce reserve requirements so that banks can loan with more freedom. Experience during the

# SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

## Lutheran Missionary Society Elects Leaders

Officers for the coming year were elected at the monthly meeting of the L.W.M.L. of the Lutheran Church held at the home of Mrs. Frank Ziehrer on Thursday afternoon, December 14. The meeting opened with singing led by the Rev. James Ziehrer, followed by the group singing of Luke 2. A discussion was held by the pastor on Christmas which the following officers were elected: president, A. O. Lenz; vice president, Paul Weiser; secretary, Mrs. Stroebe; treasurer, Mrs. Prange; and reporter, Linona Lanham.

Refreshments were served to Mesdames W. J. Prange, Winona Lanham, James Hennig, Marie Fricke, O. J. Weiser, John Gerhardt, Ernest Reich, Ed Wende, Alex Zander, Alvin Stroebel, Paul Weiser, Dorothy Prange, Ben Wende, Alvin Lenz, Fred Wende, R. H. Dunning, Carl Stroebel, Fred Stroebel, Frank Ziehrer, Max Witt, and two visitors, Mrs. Paul Wende and Mrs. Alvin Wende.

## Mrs. Kleiner Hostess For Rebekah's Party

Mrs. May Kleiner was hostess in her home Thursday evening for the annual Christmas party of the Rebekah Lodge. The house was decorated in the Christmas theme. Music was furnished by Mrs. Ben Krauskopf and Christmas carols sung by the group after which games were played and gifts exchanged from the decorated Christmas tree.

Refreshments of sandwiches, Christmas cookies, coffee, candy and nuts were served to Mesdames Ethel Moore, Lea Bates, Edith Rainbolt, Winnie Linebarger, Lee Clements, Ruth Bolinger, Effie Mayhew, Katie Cooper, Laura Jensen, Pauline Taylor, Lydia Krauskopf and Meta Strawn.

Leon Cagle plans to leave Sunday for a visit with his mother, Mrs. Mayme Cagle and brother A. H. Cagle.

Mr. and Mrs. Ernest Williams of Atlanta, Georgia, were overnight guests of Mr. and Mrs. J. Armstrong Thursday night while en route to their home after a trip to California and other points west.

Mrs. Roy Fonville Sr., Mrs. Roy Fonville Jr., Mrs. Bob Ellison, and Mrs. J. M. Flournoy spent Thursday in Abilene.

Mrs. Elsie Brooks of Moran spent Monday afternoon with Mrs. E. C. McClelland.

Richard Webb of Brownwood was to arrive this afternoon for a visit with his aunt and uncle, Pfc. and Mrs. Bill Huber.

Lynn Boyd of Big Spring has returned to his home after a visit with his grandparents, Mr. and Mrs. Leon Cagle.

Mr. and Mrs. Alfred Smith of San Diego, California, spent the weekend with their sister-in-law, Mrs. W. E. Smith.

## Universal Language . . . Food

SOMEWHERE IN KOREA—(FHTNC)—Accepting her fate as an orphan of war, "Miss Hap," a two-week old Korean kitten, chows down on canned milk piped to her by medicine dropper with the help of Marine Sgt. Frank Praylor of Birmingham, Ala. The Marine adopted the kitten after its mother was killed by a mortar barrage near Bunker Hill. The name, "Miss Hap," Praylor explained, was given the kitten, "because she was born at the wrong place at the wrong time." (Official U.S. Navy Photograph—FHTNC)

Also misplaced were these youngsters—children of some 70 refugees from a North Korean fishing village—who grin with delight as they face their first real meal in many days. Crew members aboard the destroyer USS Cunningham, such as D. H. Bartley, engineman first class, USN, of Fort Wayne, Ind., were pressed into service to pass out huge portions of steaming rice and scrambled eggs to some very grateful customers. (Official U.S. Navy Photograph—FHTNC)

## Official Opening -

(From page one) using the area west of the building for parking and the area will be levelled off and an all-weather parking area built. Officers of the church were high in their praise for the members who sacrificed of their time and their money in order that the new building might be possible. They stressed cooperation as the reason for the success of the project.

Officers of the congregation include Elders H. C. Nix, A. Z. Myrick, I. D. Strawn, C. E. Higginbotham, J. A. Krisell and L. H. Qualls and Deacons Roy Huffmyer, Neal Moore, T. E. Owens, Elsworth Mayer, and H. A. Thorman.

## What is Meant by "Title"?

. . . is another common question asked of abstracters especially by those who are buying real estate for the first time. As the term "title" relates to real property it means ownership — the right to use, possess, enjoy, dispose of and mortgage. The indisputable evidence of title in this sense is a dependable abstract, not just any kind of an abstract but one with some financial responsibility behind it. Do you have a dependable abstract to your home in town or to your farm?

Tuberculosis! Perhaps as much or more than any other disease, hearing this diagnosis spoken may plunge its victim into a feeling of depression and possibly of despair. Part of the depression stems from knowing that treatment takes so long — rarely less than a year and sometimes longer. Time drags in the hospital, where so much of the patient's way of life must be regimented. The worry that instead of being able to earn a living he must be dependent is uppermost in his mind; housewives, too, find it hard to be away from home and family. The patient knows the care he is getting must be costly, and often he may be advised against returning to his old job.

Rehabilitation is an important part of treatment. Ideally, it begins as soon as the diagnosis is made and continues until the patient is readjusted to community life. It includes vocational counseling and training, medical social service, and occupational therapy. Unless trained personnel in this kind of work can help the patient develop the right mental attitude, treatment can be badly handicapped or a total failure.

The old formula for treating tuberculosis was "rest, fresh air, and good food." To it have been added new drugs and new methods of surgery until today almost any case in which treatment is begun early can be arrested. "Cured" is a word not often used because even though the disease is brought under control, the patient must be cautioned to live in such a way that it isn't likely to flair up again.

Sometimes the patient is treated at home, under the supervi-

sion of the doctor, as, for example, while awaiting admission to a sanatorium.

Even after discharge from the hospital, the patient should remain under the doctor's care because the first two years are the ones during which relapse is most likely. He should get as much rest as he can. His doctor will say how often he should report for examination, including chest x-rays and tuberculin skin tests. He is watched especially closely if he has colds or other infections of the respiratory system.
