The Gay Philosopher

By J. W. S.

THIS IS ANNUAL Boy Scout week and if you would like to see what the boys of the four dens in Cub Pack 27 of our town are doing, drop by the old Penney building beside the bank and look in the window. The Den Mothers have arranged a display of the handicraft items made by the Cubs, and it's a handsome display indeed.

Cubmaster Chief Brown tells us he is very proud of the boys and their program of work.

WENT OUT TO the Cisco Country Club for the Friday night chili supper, and the chili was top quality. Chief chili chef was Mrs. Bill Mitcham, wife of the club president. A good crowd of members and their families enjoyed the event.

President Mitcham announced that they're planning to overhaul the roof of the club house in the near future. He also announced the appointment of an entertainment committee composed of Mr. and Mrs. Sutton Crofts, Dr. and Mrs. Paul Woods, Mr. and Mrs. Nick Miller, Mr. and Mrs. I. J. Henson, Mr. and Mrs. J. L. Thornton and Mr. and Mrs. Albert Hansen.

THE PUBLICITY Department of Hardin-Simmons University reports that Cisco is well represented in the Cowgirl Band there. This band goes on a 3-day concert tour of West Texas this week. Cisco girls in the band include Nada Wagley, Patricia Grist, Patricia Fry and Charlie Laminack. Frances Daddell of Putnam also is a member of the band.

Miss Barbara McCauley of Cisco has transferred from H-SU to Cisco Junior College for the second semester. And Miss Mary Hill, Cisco, has transferred to CJC from North Texas State.

A CISCO SOLDIER is wading in the deep snow with Company M, 504th Airborne Infantry Regiment, 82nd Airborne Division, from Fort Bragg, N. C., according to the Army's publicity department. A note reports that Corporal Eugene W. Melton, son of W. O. Melton of Route 1, Cisco, has been taking part in a cross-country snowshoe hike at Camp Drum, N. Y., where they're holding Exercise Snow Storm, testing the Army's winter cold weather equipment.

COMES A LETTER from Mrs. Lela Latch Lloyd, former local teacher now at Baylor University, as follows:

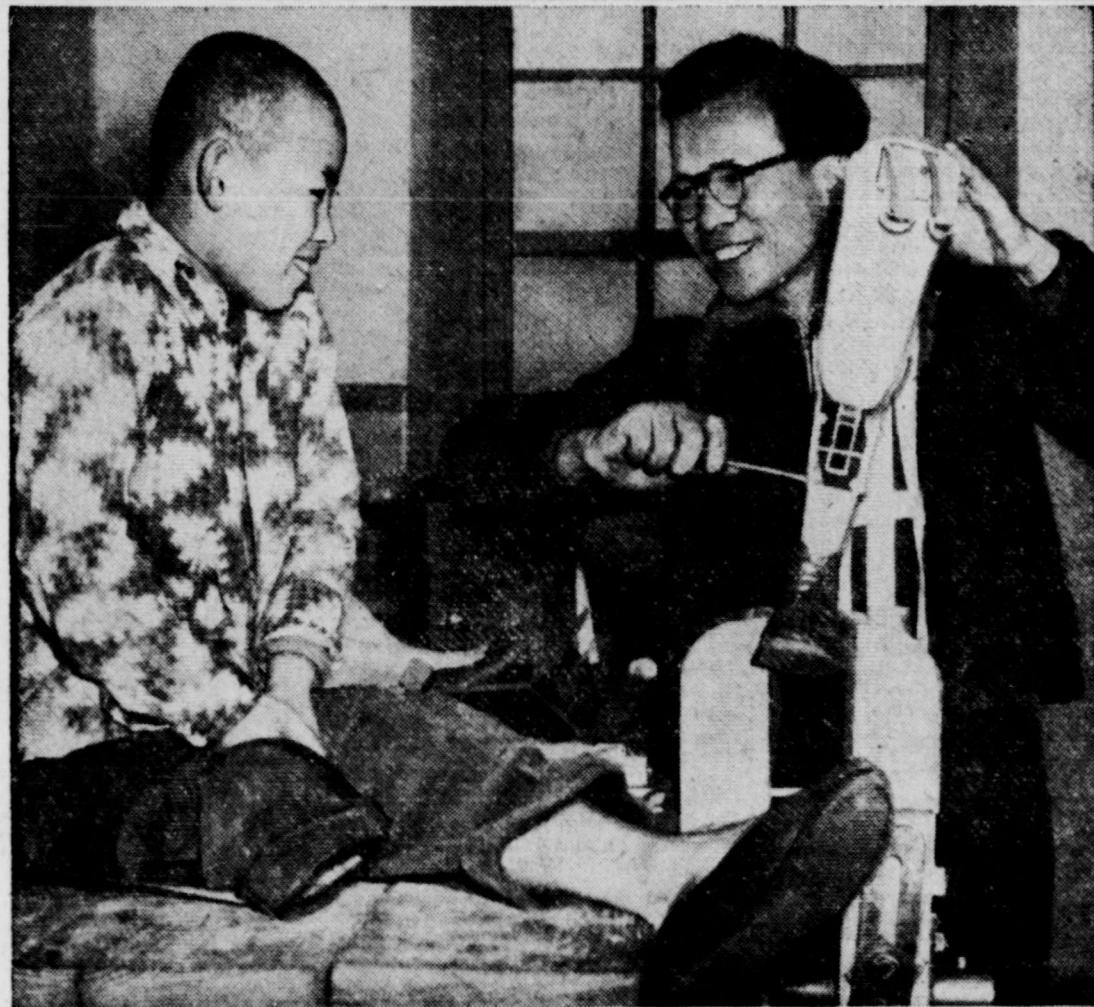

Dear G. P.: I've just pushed aside a stack of research paper and themes that are awaiting my red pencil and replaced them with a portable for a little chat with the folk in Cisco via your column.

I keep rather close tab on all of you through letters from our families and through the Cisco paper. Have just finished reading the Tuesday edition and through it I extend congratulations to the Wesley Methodists as they launch their educational building program; best wishes to the Lobo cagers and Queens as they enter the Comanche tournament; and deepest sympathy to Mrs. Jim McCanlies in the loss of her mother, Mrs. Dick Bacon.

There are so many Cisco people in Baylor that I sometimes wonder we do not boom out with "Lobos bold, down the field" instead of "That Good old Baylor Line" at the pep meetings. I am teaching full time in the freshman English department. Robert Scott is a senior in the business school and has topped a series of R. O. T. C. honors; H. K. Neely's name decorates the dean's list of A's each quarter; Howard Ratliff is outstanding in the school of religion; Larkin Akers is making good grades in the pre-med school; Jane Flint stars in the band and with the music department; Doug Johnson is getting skinned up daily with Coach Sauer's spring training squad.

In 1943, Doris Jo Pyle, M. D. Fox and I sponsored a senior class which left a bond and a letter to the class of 1953 requesting that we be called together for a reunion at a time the class of '53 thought good for a Cisco High

REPLACEMENT—A Korean lad who lost a leg in the bombardment of his home by Communists watches Chung Kan Mo put finishing touches on a metal replacement in Seoul. The youngster is one of the tragic casualties who are being cared for at Severance Hospital, to which American GIs and UN fighters have contributed money for the treatment of the helpless wounded.

Cisco Lone Star Workers Awarded Contest Honors

Cisco employees of the Lone Star Gas Company were presented cash awards for winning first place in a group sales contest during 1952 at a dinner Friday night at the Victor Hotel Coffee Shop. Superintendent R. H. Gray of the Abilene division made the presentation.

Mr. Gray complimented Joe Lambert and the Cisco workers for their accomplishments. Cisco employees honored at the dinner were Mr. Lambert, Mr. and Mrs. J. M. Sauls, Mr. and Mrs. Gerald Parks, Fred Grist, and Miss Blanche Van Horn.

Visitors here for the dinner included C. L. Trevitt, merchandise manager for the Lone Star Gas System, and Miss Clarabel Thompson, editor of Blue Blaze, company magazine, of the Dallas office; Mr. Gray, Ken Watkins, sales manager; R. O. Pearson, engineer, and Bernie Blain, division accountant, all of Abilene, and C. C. Elliott, chief clerk, Stamford.

Variety Program Is Presented At College Friday

An estimated 200 people were at the Cisco Junior College auditorium Friday night to attend a variety program sponsored by the fine arts department of the school. The program was arranged by Robert Clinton, head of the music department. Jack Chambliss served as master of ceremonies for the first half of the program, which consisted of novelty numbers by students of Cisco schools and area schools.

The Breckenridge Dixielanders, a group of Breckenridge High School students, opened the program by playing an old southern melody. The band was under the direction of Alton Roan, Breckenridge band director.

As the second number Johnny Turner and Patricia Mayer played a duet with Johnny at the piano.

Al's Cafe Opened By Breckenridge Couple

Mr. and Mrs. Al Vessels have announced the opening of Al's Cafe at 609 Avenue D, and have invited Ciscoans to visit them at their new business.

The Vessels moved to Cisco from Breckenridge and have had 15 years experience in the operation of cafes. They have owned restaurants in Snyder and in Fort Worth.

STUDENT POPULATION REMAINS SAME AS NEW SEMESTER OPENS

Enrollment figures in all Cisco schools have remained about the same throughout the year, according to a survey made Saturday.

The five public schools, including the high school, junior high school, East Ward, West Ward and the Negro school, showed a drop of four since school began in September and Cisco Junior College remained about the same.

Cisco High School began the school year with an enrollment figure of 272. The figure Saturday showed an enrollment of 269.

FBI Agent Talks To Rotary Club Here On Thursday

John B. Hubbard, special agent for the F. B. I. stationed in Abilene, told Rotarians of the activities of the law enforcement group at their regular meeting held Thursday at the Hotel Victor. Mr. Hubbard was on the program at the invitation of Rotarian Leon Maner.

Mr. Hubbard began his talk by telling some of the things that the agency was not allowed to do. He explained the various duties of the several law enforcement agencies of the federal government and told what each agency handled.

Among the things that the F. B. I. does not do, Mr. Hubbard said, are work on narcotics cases, alcohol tax cases, income tax cases, counterfeiting cases, government check forgery, Whitehouse detail, violations of postal regulations, thefts from mail and mail fraud. He explained that the treasury department and the post office department had their own law enforcement departments, and that all the agencies worked together in channeling the crimes to the correct agency.

He said that there were 130 types of investigations that the F. B. I. worked on. He divided the investigations into three categories: criminal, security and miscellaneous.

Under the Criminal heading he placed kidnapping; extortion, selective service violations, interstate transportation of stolen cars and property, deserters, bank robbery and bank embezzlement. Under the security heading he placed espionage, sabotage and subversive activities. The remainder, he said, was placed under the miscellaneous heading.

Mr. Hubbard made his talk even more interesting by discussing cases his office had handled in the Cisco area. He reported to the group that he had resigned as special agent and was accepting a position with a Fort Worth bank.

Social Security Man To Be Here For Conferences

E. Glen McNatt, representing the Abilene office of the Social Security Administration, will be at the Chamber of Commerce office in Cisco at 2 p. m. on Thursday, February 12. His next following visit will be at the same time on February 26.

In making this announcement, Ralph T. Fisher, manager of the Abilene office, called attention to the fact that many persons who were not under social security until January 1, 1951, have now worked long enough to have retirement or survivors protection under the old-age and survivors insurance system. Among these groups that had the protection before are most self-employed, regular farm and household workers, some city and county employees, and a number of other groups.

Any person who is now over 65 years of age, and who has had at least 1½ years of work under social security, either as an employee, or in covered self-employment now has in enough time to qualify for payments upon retirement. Any such persons are urged to check up on their rights now, particularly if they are not now in some type of work that is covered under the law.

Persons who are 75 years of age or over and who have worked the required time, can qualify for payments now, whether they have retired or not, since there is no retirement condition after this age is reached.

In any case where a worker has died, some member of his family should check with the Social Security Administration as to whether any payments may be due. This should be done in any case where the worker had been under social security at any time, and in case where he had military service during World War II or later.

Persons needing information on any of the above points are invited to call at the time and place shown above. Mail inquiries may be addressed to the Social Security Administration, Abilene, Texas.

Junior Girls Win District Honors In Carbon Game

The Cisco Junior High School girls team won undisputed championship of the district when they defeated the Carbon girls basketball team at the Cisco gym Friday night. They won the championship by downing the Carbon team 32-24 to remain undefeated in conference play.

The Cisco Junior High Middlets won over the Carbon boys easily by a 43-14 score. The game had no bearing on the championship chase since neither team had a chance of winning. Eastland and Olden boys are fighting it out for the boys crown.

In the girls game Donnie Owens took high point honors by netting 15 for Cisco. Other Cisco players scoring points were Bonnie Owens 7; Venita McLester, 8 and Linda Bennie, 2. Other players seeing action for Cisco were Janice Clark, Treca Edwards, Joyce Lancaster, Janice Johnson, Rita Sue Burroughs and Vonda Lea Yeager.

Johnny Trigg took high point honors for the Middlets with 12 points, and Bengi Lipsey and Herbie Gallegos tied for second with 10 points each. Other players scoring were Ronnie Reed, 6; Jerry Anderson, 2; Dick Bennie, 2; and Don Gray, 1. Every player who was suited out saw action.

Coach Graham played his first team only half the game. Bobby Cluck was unable to play due to illness.

The Middlets and the girls team wind up conference play Monday night in Gorman. The games will have no effect on the conference standing as the Cisco girls are two games ahead of the pack and the boys are out of the running. Roy Killingsworth, principal, said that four games would be played in Gorman with the "B" teams playing short affairs between halves of the regular games.

The Cisco tournament begins Thursday and will run through Saturday night. All games will be played at the junior high gym.

Burkett Offers Bill To Join Two District Courts Of Area

Boy Scouts Celebrate 43rd Birthday

Boy Scout Week, Feb. 7 to 13, marking the 43rd anniversary of the Boy Scouts of America, will be observed throughout the nation by more than 3,250,000 boys and adult leaders. Since 1910, more than 20,200,000 boys and men have been members.

"Forward on Liberty's Team" is the birthday theme and the emphasis is on "The Scout Family" of programs meeting the interests of boys in three age groups: Cub Scouting for boys 8, 9 and 10; Boy Scouting for those 11, 12 and 13 and Exploring for boys 14 and up.

The high point of Scouting in 1953 will be the third National Jamboree. More than 50,000 Boy Scouts will camp at a 3,000-acre tract on the Irvine Ranch in the Newport Harbor area of southern California next July 17 to 25.

How a 25% increase in the amount of money paid by the individual school districts, as proposed by a bill now before the Texas Legislature, would affect the local tax situation will be explained Monday at 7:30 p. m. at a public meeting at the First National Bank.

The public meeting is being sponsored by the Cisco Chamber of Commerce to give all interested local citizens an opportunity to learn the details for the proposal.

The Cisco Consolidated School District, with property valuations in excess of \$6,400,000, would be forced to contribute more than \$5,000 more this year and about three times that amount in future years. The district contributes about \$23,000 under the present program.

Eastland County's school districts have assessed valuations of nearly \$25,000,000 and under the Gilmer-Akin law they contribute about \$91,000 per year to the state's foundation fund of \$45,000,000. The proposed increase would raise this annual figure by 25 per cent.

The Chamber of Commerce, in calling the meeting, was told by school leaders that the only way small schools such as Cisco could pay additional money to the state fund would be through increased taxation.

"Anything that would increase our taxes is a matter that the people should study and consider," Manager B. A. Butler of the Chamber of Commerce said. "We would like to see a large crowd of property owners and citizens at the meeting."

Jo Ann Hitt, senior student at McMurry College from Cisco, is among the 40 students who have been assigned to practice teaching positions for the spring term.

Dr. Andrew W. Hunt, head of the education department and supervisor of the student teachers, revealed that 25 were secondary education majors. They have been appointed to Abilene High School and South Junior High School. The 15 elementary education majors were named to grade schools in Abilene.

The student spends one-half day at his assignment and receives 16 semester hours education credit.

The practice teaching enables the prospective teacher to obtain actual class room experience and encounter real problems which will probably be met when the student is graduated and in a teaching position, said Dr. Hunt.

Miss Hitt, the daughter of Mr. and Mrs. Wayne W. Hitt, is practicing teaching the third grade at Alta Vista.

FOR GOOD SERVICE on your Olds and Cadillac Osborne Motor Co. — Eastland

Proposal Would End 91st Court

AUSTIN, Feb. 7.—Omar Burkett, state representative of the 76th district comprised of Eastland, Callahan and Shackelford Counties, has submitted House Bill No. 269 to the legislature calling for consolidation of the 91st District Court in Eastland with the 90th District Court in Stephens County.

When contacted for a statement on the bill, Mr. Burkett said that the measure was in keeping with his pledge to cut expenses in an all-out effort to keep from raising taxes. He said that a lengthy study of the situation in the 90th and 91st Courts showed him that the transfer would not overburden the 90th District Court in that neither office had sufficient work to merit a full-time judge.

Mr. Burkett explained his intentions by saying that Eastland County would not be penalized by the consolidation because the presiding judge of the 90th District Court in Breckenridge would come to Eastland County to hear the cases due for trial. He further said that there were two retired judges living in Eastland who could be called to sit on the bench at times when the docket might be heavy.

Under the new bill, the judge of the 90th District Court would preside over cases filed in Eastland, Stephens and Young Counties. He said that the proposal was in the form of a local bill and indicated that he thought it had a good chance of passing.

Mr. Burkett said that passage of the bill would eliminate the office of judge of the 91st District Court and would eliminate the need for court reporters and other employees now used in court. He said that it would not effect the office of district clerk.

Mr. Burkett said that passage of the bill would save the taxpayers considerable, and said that he submitted the bill after talking with almost 300 Eastland County people, including many lawyers, who were for the proposal. It was recommended by the State Bar Association in a study of the court situation a year or two ago.

Other bills submitted by Mr. Burkett recently, also designed as money saving measures, included one which would change the present State Board of Control from a full-time three man board to a part-time three man affair. He said that he believed that the affairs of the board could be handled on a part-time basis at great savings to the state.

He also submitted a measure that would reduce the State Game Commission from nine members to three members. Mr. Burkett said that he believed that a streamlined commission would increase the effectiveness of the board and at the same time release money for other uses, eliminating the need for tax increases.

He expressed himself as bitterly opposed to House Bill No. 3, recommended by Governor Shivers, changing existing school measures. He said that the bill would eliminate many of the smaller schools, such as the ones

PUBLIC MEETING PLANNED FOR MONDAY NIGHT ON SCHOOL BILL

How a 25% increase in the amount of money paid by the individual school districts, as proposed by a bill now before the Texas Legislature, would affect the local tax situation will be explained Monday at 7:30 p. m. at a public meeting at the First National Bank.

The public meeting is being sponsored by the Cisco Chamber of Commerce to give all interested local citizens an opportunity to learn the details for the proposal.

The Cisco Consolidated School District, with property valuations in excess of \$6,400,000, would be forced to contribute more than \$5,000 more this year and about three times that amount in future years. The district contributes about \$23,000 under the present program.

Eastland County's school districts have assessed valuations of nearly \$25,000,000 and under the Gilmer-Akin law they contribute about \$91,000 per year to the state's foundation fund of \$45,000,000. The proposed increase would raise this annual figure by 25 per cent.

The Chamber of Commerce, in calling the meeting, was told by school leaders that the only way small schools such as Cisco could pay additional money to the state fund would be through increased taxation.

"Anything that would increase our taxes is a matter that the people should study and consider," Manager B. A. Butler of the Chamber of Commerce said. "We would like to see a large crowd of property owners and citizens at the meeting."

Jo Ann Hitt, senior student at McMurry College from Cisco, is among the 40 students who have been assigned to practice teaching positions for the spring term.

Dr. Andrew W. Hunt, head of the education department and supervisor of the student teachers, revealed that 25 were secondary education majors. They have been appointed to Abilene High School and South Junior High School. The 15 elementary education majors were named to grade schools in Abilene.

The student spends one-half day at his assignment and receives 16 semester hours education credit.

The practice teaching enables the prospective teacher to obtain actual class room experience and encounter real problems which will probably be met when the student is graduated and in a teaching position, said Dr. Hunt.

Miss Hitt, the daughter of Mr. and Mrs. Wayne W. Hitt, is practicing teaching the third grade at Alta Vista.

BOY SCOUT WEEK

The Boy Scouts of America, with its membership at an all-time high in excess of 3,250,000 Cub Scouts, Boy Scouts, Explorers and adult leaders, will observe the 43rd birthday of the organization during Boy Scout Week, Feb. 7 to 13.

The theme of the celebration which will be observed by 84,300 Cub Scout Units throughout the United States, its territories and wherever American families live abroad, is "Forward on Liberty's Team." This is the name of the Scouts' Three Year Program which seeks to produce a greater functioning manpower and provide a higher quality program for its ever-lasting boy membership.

Boy Scout Week celebrations this year will stress "The Scout Family" depicting how parents and others of the family often have a relationship to the Scout Program. At "Open House" evening meetings Scouts will introduce members of their family to their fellow Scouts. At these meetings tribute will be paid to the American home, and its influence on the lives of boys and its place in a free society.

The actual birthday, Feb. 8, will be observed in countless churches of all faiths as "Boy Scout Sunday." Scouts and leaders will attend services in uniform. Members of many Scout Units will have their parents and other

Alfalfa Gains on Rivals as Queen of Forage Crops

No Alfalfa variety has ever progressed in popularity and volume of certified seed production as has the new Ranger alfalfa.

Table with 3 columns: Year, Million acres, Million Tons of Hay. Data for years 1899-1951 showing increasing production of alfalfa.

Alfalfa, the undisputed "Queen of Forage Crops" in the United States for several decades, strides ahead in both acreage and production in spite of stiff competition from new and improved legumes. Sweetclover, lespedeza, Ladino clover, birdsfoot trefoil and others have been stiff competitors for certain uses in the field, but have not slowed the forward progress of alfalfa.

Pleasant Hill Club Has Recent Meeting

The Pleasant Hill Home Demonstration Club met Thursday, January 22, in the home of Mrs. Opal Horn for their regular meeting.

Mrs. Hal Hunter

MRS. HAL HUNTER

TEXAS IS AWARDED \$182,854,000 IN FEDERAL CONTRACTS LAST YEAR

DALLAS, Feb. 7.—Texas firms were awarded 910 unclassified Federal government contracts for materials and supplies amounting to \$182,854,000 during the calendar year 1952, according to figures just compiled here by the Wage and Hour and Public Contracts Division of the U. S. Department of Labor.

The Texas total included 198 prime contracts and 712 contracts on which Texas firms acted as suppliers in whole or in part, Regional Director William J. Rogers said. For the five states of Region VIII, there were 1,630 contracts of both types, valued at \$348,760,000.

Such figures were compiled from weekly reports of contract awards made to the Wage and Hour and Public Contracts Divisions which are charged by law with enforcement of both the Fair Labor Standards Act (or Wage-Hour Law) and the Walsh-Healey

Child Study Club Has Meeting Friday

"Mental and Spiritual Security" was the topic discussed at the regular meeting of the Child Study Club held Friday in the clubhouse.

Routine business matters were transacted after which Mrs. D. N. Morrison introduced the guest speaker, the Rev. F. C. Bradley, who spoke on "Mental and Spiritual Security."

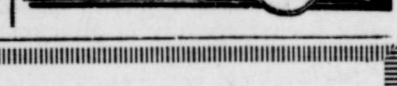

Those attending the meeting were Mesdames Alice Cameron, Mable Fletcher, Betty Odum, Jean Taylor, Snooky Tipton, Margie Lane, Elva Morrison, Ruth Pitzer, Jean Reynolds, Thelma Smith, Mary Bob Leveridge, Billie Killman, and Merle Dean Parks.

The next meeting will be held in the home of Mrs. Murl Stroebel Thursday, February 12.

Refreshments of chocolate cake and coffee were served to Mesdames Nettie Berry, Murl Campbell, Billie Word, Mildred Daniels, two new members, Murl Stroebel and Ola Boles, a visitor, Addie Hay and the hostess.

COME TO CHURCH

Public Contracts Act. Covered by the Texas contracts was a wide variety of items, supplies, articles, and equipment needed chiefly for the defense forces of this nation and its allies. Included were such varied commodities as gasoline, rice, aircraft parts, raw cotton, helicopters, hot tamales, sugar, jet fuel, flour, and wire rope.

Totals for firms in adjacent Southwestern states during the year just passed were as follows: Arkansas — 22 prime contracts and suppliers on 67 contracts. Total: \$8,213,000.

Louisiana — 50 prime contracts and suppliers on 204 contracts. Total: \$89,949,000.

New Mexico — 23 prime contracts and suppliers on 94 contracts. Total: \$4,499,000.

Oklahoma — 59 prime contracts and suppliers on 201 contracts. Total: \$63,245,000.

Totals for five states — 352 prime contracts and suppliers on 1,278 contracts. Total: \$348,760,000.

Performance on all such government contracts is governed by the Walsh-Healey Public Contracts Act which sets basic standards for work done on government contracts exceeding \$10,000. It requires certain minimum wages, restricts child labor, prohibits convict labor, and requires safe and sanitary working conditions.

It requires that the contractor be a manufacturer of or a regular dealer in the materials, articles, or equipment called for by the contract. In recent times, however, the Secretary of Labor has made certain exceptions, authorized by the law, and permitted contracts to go to production pools formed by smaller manufacturers.

The law authorizes the Secretary to determine prevailing min-

BRIEFLY TOLD

Martha Lou Smith of Fort Worth and Mr. and Mrs. Tom B. Smith and children of Abilene are spending the weekend with their parents, Mr. and Mrs. Tom Smith.

Mrs. Truman Smith and son, Gary, have returned from a week's visit with her mother in Fort Worth.

Mr. and Mrs. Elbert Medlin and son, Kenny, of Fort Worth were recent visitors in the home of Mr. and Mrs. George Davis.

Mr. and Mrs. Roy Stoker of Breckenridge visited Wednesday in the home of Mr. and Mrs. E. C. McClelland.

Mr. and Mrs. O. C. Lomax visited Mr. and Mrs. W. L. Ingram in Ft. Worth Wednesday and Thursday and attended the Fat Stock Show.

Soil Agency Plans Meeting Here Friday
The Upper Leon Soil Conservation Service has announced that a meeting will be held at the First National Bank in Cisco at 1 p. m. Friday for all persons interested in this work. W. J. Fritts, chairman of the board of supervisors, will be in charge of the meeting. Details of the program will be released this week. Mrs. Helen Brashear of Cisco is secretary of the board.

WORD CLUB TO MEET
The Word Home Demonstration Club will have a called meeting Tuesday, February 10, in the home of Mrs. Ernest Schaefer. All members have been requested to be present.

Gay Philosopher — — —
From Page One
School Homecoming, Cathryn Sheppard (now Mrs. Hammett of Cisco) was our secretary and wrote the letter to this year's class giving them the matured bond to use for stage improvement, and asking them to plan the reunion. Every member of the class signed the letter and a copy was placed on record with the bond at the school board office and a copy of the letter was published in the Cisco paper in late May of that year.

I do not know who is the one to do such planning in Cisco but I trust someone will as I would like the opportunity of attending such a gathering.

My husband and I are rushing madly but happily to the scores of chores that beckon daily. He leaves soon to conduct a retouching clinic at the photographers' state convention in Iowa. He joins me in extending warmest greetings to all our friends in Cisco.

MASONS WILL MEET
There will be a called meeting of the Cisco Masonic Lodge No. 556 at 7 p. m. Monday, Feb. 9, for work in the Master's degree. Worshipful Master Walton Baum reported Saturday. He urged all members to attend.

Variety Program — —
From Page One
They represented the Cisco High School band. Jimmy Yates of Cisco High School and Roy Thackerson of Cisco Junior High teamed up to play the guitar and the electric guitar in two numbers.

One of the most outstanding acts was a pantomime with Miss Joy Lynn Robinson and Miss Sue Gorley of Eastland High School teamed up to handle the parts. Misses Robinson and Gorley acted out their parts in pantomime to the accompaniment of recordings.

To round out the first half of the program Mrs. Stanley Webb, head of the music department in Cisco Junior High School, presented two groups in vocal numbers. She had some ten members of the seventh grade choir and some eight members of the eighth grade choir on the program.

Members of the music department of Cisco Junior College presented the second half of the program. Miss Dorothy Rice played a cornet solo and Miss Ruth Beaty sang the interpretation of "I Went To Your Wedding." She was accompanied by Calvin Grung. The girls trio, made up of Ruth Beaty, Jane Huestis and Patsy King, sang two numbers. The trio was joined by Miss Barbara Schaefer to sing a novelty number. The trio and quartet were accompanied by Calvin Grung.

Jack Chambliss sang his interpretation of The Tower of Babel and the Madrigal group completed the program by singing a series of numbers. Members of the Madrigal group are Patsy King, Barbara Schaefer, Jane Huestis, Ruth Beaty, Ben Green, Bob Womack, Jack Chambliss and Bob Latham. They were accompanied by Robert Clinton.

Burkett Offers — —
(From page one)
in his district.

Another bill submitted by Mr. Burkett had to do with DWI cases. His bill would allow the State Board of Pardons or the trial judge to allow clemency in 'driving while intoxicated' cases to the extent that they might allow the defendant the use of his car while the drivers license was suspended, where the car was needed in making a living. He stressed that it was a humane measure that would allow a convicted person to continue using his car when proven that it was needed for making a living. The bill would restrict the use for that purpose only.

Mr. Burkett has submitted another bill designed as a safety measure to curb habitual speeders. The bill would allow trial judges to limit the speed of habitual offenders, on the third conviction, to 40 miles per hour and would provide for putting mechanical device on the car to limit the speed to the 40 mile per hour limit for a six month period. The mechanical device would be installed by the safety department and sealed so that it must stay. Removal of the seal would subject the offender to a fine up to \$500.

Mr. Burkett, a member of the appropriations committee for eleemosynary institutions, said that he was engaged in the task of rewriting the entire Eleemosynary Code for the state, and would submit it for approval later.

Mr. and Mrs. Walter Steinback of Sherman visited Mr. and Mrs. Bill McCall and Charlie Hartman Friday. Mrs. Steinback is the cousin of Mrs. McCall and Mr. Hartman.

How FAR Will They Go

All the way... through high school, then on to college... for the education that will open wide the door to America's richest opportunities.

A small amount, deposited regularly in your savings account, will add up to a college education for your children. You cannot give them more. You will not give them less.

Why not open that savings account in this bank today?
