

The Gay Philosopher

By J. W. S.

WE'VE OVERLOOKED mentioning it, but this is National Printing Week, and it's being celebrated over the nation. Printing is observed each January on the birthday of Benjamin Franklin, an industry that has contributed much to further the progress of civilization and progress in this country.

Franklin was born on January 17, 1706, the 15th child in a family of 17 youngsters. After being an apprentice printer, he opened his own shop at the age of 23. His sign read: "B. Franklin, Printer." He established the Saturday Evening Post. Franklin contributed much to the printing industry and to the equipment, though he became a great statesman, he preferred to be known as Ben Franklin, printer.

WROVE DOWN by the West School yesterday as classes were being dismissed for the day. You never saw anybody slip or fall. Everybody did a little slipping and sliding. Guess it ought to try to have snow more often for the benefit of the young folks.

Streets and sidewalks were pretty slippery downtown. Saw a man come out of a store. His feet went up and he went down, sliding all the way to the curb. Mrs. W. T. Chance of the Victoria Coffee Shop started out early Thursday and before she could get anything she had lost her footing. She said she didn't know there was anybody around until she started to get up again and heard laughter. Haven't heard of any accidents here. Folks have been careful.

MR. CHARLIE Roberts tells us that he was up northwest of Amilano late Wednesday afternoon, looking after some business matters when the snow started blowing. It was late afternoon and Charlie has finished his business and he decided to try to beat the snow to Cisco. He drove along the front of it all day. It has started snowing here when he arrived home at about 1 a. m.

MEMBERS of the Cisco Garden Club are cooperating in a statewide garden club project — selling "chef" aprons for men. The aprons are very attractive. They are made of good material and hand-painted by blind school girls at Austin. Proceeds from the sale of the aprons will benefit the school for the blind. All men cooks or "chefs" should definitely have one of the aprons. It ought to improve their cooking. If you'd like to have one see Mrs. Ray Chapman, president, or a Garden Club member.

LOOKING THROUGH the Texaco & Pacific Topics, a railroad magazine, we quote the following: "When he died, Orville Wright, the airplane inventor, left an estate of more than one million dollars. It was invested entirely in the common stock of the Santa Fe Railroad. An 1854 set of railroad rules quoted this one: 'Conductors and other trainmen must not attempt to influence passengers in favor or against certain persons, but must act impartially in this respect.' Children are often spoiled because you can't think their grandmothers. The world is full of men who are making good livings but poor fathers."

DID YOU LOSE a pair of shoes or a child's brown oxford? They're five or six inches long and would fit a child of about four years. Somebody found them and left them on our desk. If you've got a pair of children's shoes, stop by and look at them. Yesterday was birthday number for Mrs. Joe Lovelady of our town, and we all hope it was a very happy one. The Pioneer Airlines manager at Breckenridge reports that some lady at Moran shipped 4,000 pounds of mistletoe by air express to a firm back east last month.

MR. RAY JUDIA of Lake Cisco reports that there wasn't a single person out there yesterday. It was just too cold, and besides all the snow could be on the bottom, most folks won't remember when it was, but Lake Cisco iced over several years ago. There was a prolonged spell of weather and that did it.

IT'LL BE READY—Workmen have been clearing snow at a dangerously steep curve on the bob-sled run at Cortina, Italy. Teams from 13 nations are entered in world championship bobsled competition which is due to start late in January.

Airline Picture Shown For Lions Club Wednesday

Manager Jim Tuttle of the Pioneer Airlines office at the Breckenridge Municipal Airport spoke briefly and showed a film as the program feature Wednesday at the weekly luncheon meeting of the Cisco Lions Club. Mr. Tuttle was accompanied by George Jordan, manager of the Chamber of Commerce in Breckenridge. The film showed the important part that feeder airlines play in the national aviation setup. Mr. Tuttle explained that Pioneer Airlines began operating in 1945 and has flown millions of passenger miles without accident.

Pioneer began serving this region at the Breckenridge airport last year. During a brief business session, members of the club voted to accept a challenge to play the Rotary club in a March of Dimes benefit basketball game to be arranged soon. Lion Jay Williams was named manager of the Lions team.

It was announced that the club would hold another broom sale next Thursday night. Guests at the luncheon included Richard Cox of Eastland, Stanley Webb of Cisco, and Frank Wilson of Graham.

CJC Boys Provide Rotary Luncheon Program Thursday

The Cisco Junior College male quartet sang several vocal selections as the program feature at the regular meeting of the Cisco Rotary Club at the Hotel Victor Thursday.

The quartet sang five numbers and returned for an encore. The group was trained by Jack Chambliss, head of the music department of the school.

The program was in charge of Rotarian J. S. Stockard. He introduced the program by telling Rotarians of the benefit of the school to the community, and to students in this area.

Prior to the program President W. H. McNally told the members that the Rotary Club had accepted a challenge by the Lions Club for a basketball game to be played at the community gym as a March of Dimes benefit. He appointed a committee to work out the details of the game. Rotarian Bill Wright was named chairman.

Visitors at the meeting were Rotarians W. L. White, Frank N. Sayre, Jack Frost and Grady Pipkin, all of Eastland.

Mrs. A. B. Cooper has returned after a few days visit in Abilene with her daughter, Mrs. D. P. Duhamel and family.

BUTLER URGES JUNIOR COLLEGE SUPPORT IN P-TA MEET TALK

The West Ward Parent-Teacher Association held their regular meeting Wednesday afternoon at 3:30 o'clock at the school.

Rev. E. H. Lightfoot, pastor of the First Methodist Church, opened the meeting by leading the group in singing "Blessed Assurance," and giving a short devotional.

Following a recreation period conducted by Mrs. Roy Camfield, Mrs. Cyrus Ainsworth, program chairman, introduced B. A. Butler of the Cisco Chamber of Commerce, who spoke to the group on "Developing Civic Responsibility."

Mr. Butler stated that "a community is more than a market place. It is a place in which to live with the best expression and biggest satisfaction in life." Mr. Butler stressed that "here in our own community, the future of our Junior College is at stake. If we vote against the school, we vote against our own business," Mr. Butler said.

"Schools are the greatest economic asset to any community. We owe it to our children to provide them with the best education possible here at home." He urged the group not to fail in this civic responsibility that costs so little.

At the conclusion of Mr. Butler's talk, Mrs. Norman Rawson divided the audience into groups of eight, and each group was to present an idea for civic improvement.

Ideas were given as follows: To be sure to pay our poll tax so we will be eligible to vote on any problem that may arise; to encourage children in our churches, scouts, and other organizations to develop civic responsibilities; to try to do away with juvenile delinquency by providing a community center for our young people; to support a woman with children as a member of the school board; to do away with traffic hazards; and to

back anything that will make the community a better place in which to live.

Following the discussion, Mrs. Rawson gave a report on her trip to the state convention held in San Antonio in November. Mrs. A. B. Byrd was appointed to revise the by-laws and selected Mrs. Don Choate, Mrs. Norman Rawson, and Mrs. D. N. Morrison as her committee. A nominating committee composed of Mrs. A. D. Taylor, Mrs. Gene Abbott, and Mrs. R. I. Greer were elected by acclamation.

In the room count, Mrs. Clements, Mrs. Grantham, and Mrs. Glasscock tied for the lower grades and Mrs. Hallmark's room won for the higher grades.

Scranton Cagers To Play Strawn In Tilts Tonight

The Scranton boys and girls basketball teams will play the boys and girls from Strawn in District 17-B contests at the Scranton gym tonight, it was announced by Scranton officials. The girls game will begin at 7 p. m.

The Scranton boys have set an impressive record this season with a total of 22 wins and four losses in 26 starts.

Their last four wins have been in district competition when they piled up an average of 66 points per game. The Scranton team held opponents to an average of 33 points per game in district play, and so far have a conference percentage of 1,000.

The offensive and defensive play has been about equally divided among the following players: Don Jobe, Dan Jobe, Don Starr, Wayne Speegle, Bobby Sparkman, Jimmy Blackwell, Lyndell Reese and Billy Ray Parks.

OLD-TIMERS' ADVICE—Screen newcomer Race Gentry, right, is being put at ease in a movie made in Hollywood. He's working with actor Joel McCrea and his horse, Dollar, and their years of experience should be considerable help to a beginner.

Putnam News

By Mrs. GEO. BIGGERSTAFF
Everett Williams of Spur was a visitor in Putnam Friday.

Mrs. Scoggins of Rogers is visiting her daughter, Mrs. F. P. Shackelford.

Mr. and Mrs. Gale Eastman of Amarillo were the guests of Mr. and Mrs. George Biggerstaff Wednesday.

Miss Ruth Mobley, en route to Cisco where she was nursing a patient, lost control of her car on an icy overpass. Miss Mobley's car was badly damaged in the accident and she was confined to her home.

Miss Tatum, while en route to Abilene to work, turned her car over four miles west of Clyde. She was not injured in the accident.

Mr. and Mrs. Hulen Smith accompanied their son, Clifford, to Oklahoma City where he boarded a plane for Ft. Riley, Kansas, where he has been transferred from El Paso. Clifford was home on leave.

Mr. and Mrs. Byron Lee of Eunice, New Mexico, spent the night with Mrs. Lee's parents, Mr. and Mrs. Will Everett, Wednesday.

Mrs. Boyce Bolick has bought her a home in Abilene and moved there recently. Mrs. Bolick is the wife of the late Boyce Bolick who was associated with Chapman Bros. Oil Company.

Mrs. Billy Everett, the former Fredylon Cook, has resigned her position as teacher in the Abilene schools to join her husband who is stationed at the Army base in San Antonio.

Mr. and Mrs. Lee White have returned from Madill, Oklahoma, where they were called because of serious car wreck in which their daughter-in-law, Mrs. Orville White, was seriously injured. Mrs. White is also a sister-in-law to Bob White who formerly worked at the First National Bank in Cisco.

Elmer McIntosh, T & P Agent in Putnam, is slowly recovering from an illness at the home of his sister in Arlington.

Bill Webb of Burkett was a visitor in Putnam Tuesday and reported that his brother, S. V. who recently underwent major surgery at Temple, was doing nicely.

Relatives of Mrs. Hodge Bone were called to Temple Tuesday due to the serious illness of Mrs. Bone at the Scott and White hospital. Mrs. Bone is the former Bertie Jones.

Mrs. Gene Brandon visited relatives in Cisco Wednesday.

Several residents from Putnam, despite the bad weather, called to pay their respects to Mrs. J. A. Heysler who celebrated her 90th birthday. Mrs. Virgil Heysler of Cisco and Mrs. Fred Heysler of Putnam were co-hostesses for the affair.

Homer Pruett crushed his thumb Tuesday in the feed mill while grinding feed.

The Post Office Inspector was a visitor in Putnam Tuesday.

Miss Eva Moore was a visitor in Cisco Wednesday.

Brother Justice was back in the pulpit at the Church of Christ Sunday after being away at a meeting for the past two Sundays.

JUDIA WILL SPEAK

Custodian Ray Judia of Lake Cisco will speak on game laws and wildlife at a meeting of Boy Scout Troop 101 at 6:30 p. m. Friday (tonight). Troop members were urged to attend the meeting at the First Presbyterian Church.

Mr. and Mrs. W. L. Roper and children of Fort Worth are expected Saturday for a weekend visit with Mr. and Mrs. Tom Smith.

Dr. and Mrs. T. N. Hughston and baby of Midland are expected Saturday for a visit with her parents, Dr. and Mrs. Paul Woods. Dr. Woods and Dr. Hughston will leave Saturday for Dallas where they will attend a dental clinic.

Warmer Weather And Fair Sky Forecast After Coldest Blast

HAPPY REUNION—Nurse Lt. Edith Fleming and Capt. John S. Orth, an iron lung specialist, were with Mrs. Joanne Pease as they flew from New Haven, Conn., to Camden, S. C. Mrs. Pease got polio three years ago and was unable to accompany her husband, Yale chemist Dwight Pease, when he went to work in the South a few months ago. He appealed to the National Foundation for Infantile Paralysis which arranged the flight.

TEXAS EGG PRODUCTION SHOWS SLIGHT INCREASE LAST MONTH

AUSTIN, Jan. 22.—Egg production on Texas farms totaled 193 million during last December, a 12 per cent increase over the same month in 1952, according to figures just released by the Agricultural Marketing Service of the U. S. Department of Agriculture.

The 18,800,000 layers on farms averaged 1,029 eggs per 100 layers during December as compared with 936 eggs per 100 layers the year before.

Farm flocks in the United States laid 5,267 million eggs in December — 5 percent more than in December 1952 and a record high for the month. Egg production was at new highs in all parts of the country. Egg production

in 1953 totaled 61,962 million eggs — 2 percent above 1952. Most of this increase was due to a higher rate of lay.

The rate of egg production in December was 13.6 eggs per layer, compared with 13.2 in December 1952 and the average of 9.9 eggs. The rate was at record levels in all parts of the country, except the East North Central, where it was down 2 percent from a year earlier. The annual rate per layer on hand during 1953 was 182 eggs, compared with 178 in 1952 and the average of 158 eggs.

The nation's farm laying flock averaged 387,884,000 layers in December 1953 — 2 percent more than in December 1952, but 2 percent below the average. Layers increased from a year earlier in all parts of the country except the South Atlantic and South Central, where they were about the same. Number of layers on January 1 were 2 percent more than a year earlier.

Potential layers on farms January 1 (hens and pullets of laying age plus pullets not of laying age) totaled 415,813,000 — 3 percent more than a year ago, but 7 percent below the average. Holdings were above last year in all parts of the country, except the South Atlantic and South Central, where they were about the same. There were 25,924,000 pullets not of laying age on farms January 1, — 7 percent more than a year ago, but 39 percent below the average.

Holdings were above those of last year in all parts of the country except South Atlantic States where they were about the same. Increases were 16 percent in the North Central, 9 percent in the West, 5 percent in the North Atlantic and 1 percent in the South Central States. Pullets not of laying age represented 6 percent of the potential layers on January 1 the same as a year ago, compared with the average of 10 percent.

Snow, Ice Begin Disappearing Here

Fair skies with warmer temperatures were promised by the weather man Friday and Saturday following the coldest weather of the winter in this section Wednesday night and Thursday. Temperatures dropped to 17 degrees here Thursday night.

The forecast called for a high of 40 degrees today with a low of about 20 degrees tonight. Saturday's high was due to be between 40 and 50 degrees as the warmup continues. Snow and ice were melting here at noon today as the temperature stood just below 40 degrees.

Highways and roads, which were slick Thursday, were becoming muddy as the snow and ice became mush. Approximately an inch of moisture was expected to result from the snow and ice. This will benefit farm and range conditions.

Attendance was good at city schools today as a short day's program concluded the first semester. Classes opened at 9:30 a. m. — an hour later than usual — and were dismissed at 2 p. m. The short day was ordered due to the bad weather. Normal classwork will be resumed as the second semester opens Monday.

Highway travel was very light through here all day Thursday and Friday morning as the snow and ice belt covered most of West and Central Texas. All roads were open but extreme caution was being advised by Texas Highway Patrolmen.

The city water department was having a little trouble. One water main had started leaking — a common trouble in periods of extreme cold weather — and others were expected to show up as the thaw continued. A good many water lines were reported frozen in residential areas. Damages will not be determined until the thaw is complete.

Lutheran Church Changes Services

Officers of Grace Lutheran Church announced Friday that the time for services at the church had been changed for the next several weeks while they were in the process of employing a pastor to replace the Rev. James F. Hennig, who resigned recently to accept the pastorate of a church in Bellaire, near Houston. Sunday morning, January 24, Bible school will be held at 10 a. m., and the regular church service will be held at 7:30 p. m.

Beginning the following Sunday, January 31, Bible school will be held at 2 p. m. and the regular church service at 3 p. m. The Rev. F. A. Drevelow of Brownwood will serve the church as vacancy pastor until a regular minister is employed, it was announced.

Mrs. Hill To Show Holy Land Pictures

Mrs. Minnie Hill, instructor at Cisco Junior College, will show picture slides and talk on the Holy Land at 7 p. m. Sunday at the First Presbyterian Church. The public has been invited to attend the service.

The Rev. Grady James, pastor, said four new deacons will be installed at the 11 a. m. service. They are Harry Donica, W. D. Price, Ted Waters and Tom Wilson. Rev. James will speak on the subject, "Like a Man of God," during the service.

WEIGHED 1,860 POUNDS

Three contestants guessed the exact weight of the big piece of cheese in the guessing contest sponsored by Norvell and Miller Grocery and Market, and were awarded baskets of groceries as prizes, it was announced by Chester Norvell, manager.

The cheese weighed 1,860 pounds and Ray Beard, Mrs. Charles Clark and Joe Scaborn guessed its exact weight.

Mr. and Mrs. Jesse Youngblood were visitors in Cross Plains Tuesday.

CABINET OFFICER'S SPEAK

The January issue of Nation's Business, a magazine which is published by the Chamber of Commerce of the United States, is unique. The uniqueness lies in the fact that it includes a signed article by each of the members of the Cabinet, concerning what has been done since the new Administration came to power and what is intended and hoped for the future.

In summarized form, the views of these 10 Cabinet officers run about as follows:

JUSTICE: Attorney General Brownell says that there is evidence in the hands of his department...

Relief You Need for Child's Cough

For coughs and acute bronchitis due to colds you can now get Creomulsion specially prepared for Children in a new pink and blue package and be sure:

- (1) Your child will like it. (2) It contains only safe, proven ingredients.

- (3) It contains no narcotics to disturb nature's processes. (4) It will aid nature to soothe and heal raw, tender, inflamed throat and bronchial membranes, thus relieving the cough and promoting rest and sleep.

SAN JUAN HILL—This action, illustrated in the new "U.S. Army in Action" painting series, took place at Santiago de Cuba July 1, 1898, and marked the first time in U.S. military history that the Gatling machinegun was used for close support during an infantry attack.

WAGON BOX FIGHT—This print from the "U.S. Army in Action" painting series commemorates the heroic stand of 30 men from the Ninth Infantry Aug. 2, 1867, near Fort Phil Kearney, Wyo. They held off 2,000 Sioux Indians from behind a barricade of wagon boxes.

LAST GERMAN ASSAULT—This print from the new "U.S. Army in Action" painting series depicts the 30th and 38th Infantry Regiments of the Third Division resisting the last great German attack of World War I. Firing in three directions, the regiments held and forced the enemy back across the Marne.

REJUVENATION DEPOT at Butzbach, Germany, does big business in Army tanks, armored cars and other heavy combat vehicles. The 51st Army Ordnance Group which supervises the repair shop has supplied U.S. Army, Europe, with more than 3,700 rebuilt combat vehicles most of which were "brought back to life" in this depot.

IT'S THE LAW in Texas A public service feature of the State Bar of Texas

The death of an intestate person (one who has made no will) may give rise to many problems regarding distribution of his separate estate. In the preceding column we investigated the manner of dividing the community estate upon death of a husband or wife. Now we shall see that where separate property is involved, a complete different set of rules applies in determining heirship and apportioning the estate among the rightful claimants.

It may be well to recall that the separate estate of a husband or wife includes property owned by either before marriage, and that which is acquired after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clearly proved.

Now, here is a general idea as to how your separate property will be divided if you do not make a will with contrary provisions prior to your death.

If your husband or wife survives and if, in addition, there are surviving children or descendants of previously deceased children, the children and their descendants immediately obtain a full (fee) title in two-thirds of the real estate involved.

The rule for distributing personal property - cash, stocks, bonds, furniture, or any other items not constituting real estate - is different. Here the surviving spouse gets full ownership of one-third, and the children and their descendants inherit the balance.

Now suppose your husband or wife survives, but there are no surviving children or their descendants. In this case the surviving spouse inherits all of the personal property involved.

With regard to real estate, the survivor obtains full title to one-half, and the other half is divided between your mother and father, if both survive you. If only one of them survives, he or she receives only half of this portion, and the other half (or one-fourth of the entire real estate) will be divided among your brothers and sisters (and their descendants) who survive. If there are no surviving brothers and sisters and their descendants, then the one surviving parent inherits the full one-half.

Where one parent survives, but there are brothers and sisters and descendants, the full one-half is divided among these survivors.

And, if there are no parents or brothers and sisters (and their descendants) surviving, then the surviving husband or wife inherits all of the real estate.

A free pamphlet containing useful information on will and related matters has been prepared by Texas lawyers. To obtain a copy, merely print your name and address on a postcard and mail to State Bar of Texas, Colorado at Fifteenth, Austin 1, Texas.

Mrs. Louie Bozeman and son of Mineral Wells are visiting in the home of her parents, Mr. and Mrs. W. C. Clements.

Jesse Ray and H. L. Youngblood, students at Kilgore Junior College, were expected today for a weekend visit with their parents, Mr. and Mrs. Jesse Youngblood.

Her Voice Travels 3 Miles for a Penny

HOW MUCH DOES YOUR TELEPHONE SERVICE actually cost? Recently we asked a group of telephone customers to help answer that question by keeping a record of all the calls they made and received for a week. One of the group, Mrs. Felicia Littlejohn, made and received 35 local calls. She estimates that they covered a total of 345 miles. The cost, according to Mrs. Littlejohn's figures — about three miles for a penny. "That's a real bargain," she added. SOUTHWESTERN BELL... A TEAM OF 28,000 TEXAS TELEPHONE PEOPLE... AT YOUR SERVICE.

Lucky Brownie Troop Has Meeting Tuesday

The Lucky Brownie Troop met Tuesday at the American Legion Hall for their weekly meeting. Mrs. Don Choate read the biography of several famous women and the remainder of the afternoon was spent in playing games and singing songs.

Those attending the meeting were Sue Lewis, Linda Latham, Carolyn Neely, Carolyn Baird, Melba Hamilton, Billy Jean Moates, Ann Choate, Ann Caruthers, Marguerite Leard, Kathy Rodden, Judy Reynolds, Pricilla Mahaney, Roberta Mitchell, Claudene Tucker, Sharon Rawson, and the leader, Mrs. Don Choate and Jimmy and Tommy.

First Baptist Circle Two Meets Tuesday

Circle Two of the First Baptist Church met Tuesday, January 19, at the home of Mrs. J. B. Popalio.

Mrs. O. J. Russell presiding and Mrs. M. P. Farnsworth led in opening prayer. Routine business matters were transacted and an offering of \$2 was taken for the March of Dimes. Three visitors, Mrs. C. E. Whitmore, Mrs. M. P. Farnsworth, and Mrs. Purdie, were welcomed.

The devotional, "The Way You Live," was taken from Acts 1 and 8 and given by Mrs. Popalio. Mrs. Whitmore gave the lesson, "The World At Our Doorsteps,"

Overseas School Positions Open

AUSTIN, Jan. 22. — The University of Texas Teacher Placement Service has been designated again as Texas recruitment center for Army-operated schools overseas, Director Hob Gray announced today.

Presbyterian Circle Four Holds Meeting

Mrs. Rudolph Kamon was hostess in her home Tuesday evening for the monthly meeting of Circle Four of the First Presbyterian Church.

Miss Titia Bell Simmons, president, presided and opened the meeting with prayer. Mrs. A. E. Jamison taught the Bible lesson from Acts 1 and Miss Simmons gave an article from the Presbyterian Woman.

Those attending the meeting were Mesdames N. A. Brown, W. A. McCall, Joe Clements, A. E. Jamison, R. B. Carswell, H. L. Jackson, C. M. Townsley, P. R. Warwick, Rudolph Kamon, and Miss Titia Bell Simmons.

Administrators from the Army Overseas Affairs Division will interview qualified applicants for elementary and secondary teaching positions February 22-24 from 9 a. m. to 5 p. m. daily at the University, Dr. Gray said. Interviews will be by appointment only, and application forms may be obtained by writing Teacher Placement Service, Box 8018, University Station, Austin 12.

Applicants from Texas and surrounding states will be interviewed during the three-day visit of the overseas representatives. Positions for 1954-55 are available in Japan, Okinawa, France, Germany and Austria.

Dr. Gray urged teachers interested in the positions to study carefully the following qualifications, all of which are necessary for acceptance:

Bachelor's degree, 18 semester hours credit in education courses, a valid state teachers certificate and at least two years recent public school teaching experience at the grade levels or in the subject fields for which you are applying. Minimum age is 25. Maximum age for women is 45 and for men 55. Single teachers will be given preference because of the scarcity of family-type housing in all overseas areas.

rent-free living quarters are available. Dr. Gray said elementary teachers experienced in teaching several grades are in greatest demand. They not only will be required to teach several grades, but also teach music, art and physical education. Secondary teachers will give all courses in at least one subject field and often in two major fields.

Approximately 400 overseas jobs are available for the 1954-55 school year, with the major portion in elementary fields. About 10 per cent of the total will be employed from among the University of Texas interviews, Dr. Gray estimated.

High School News Notes

BY RIBBIDA REED

The speech class presented the last in their series of plays for the high school assembly program Wednesday. It was entitled "Dad Takes A Best Care." The characters included Leland Davis as Mr. Collinson, who was a father with frayed nerves, William Hamilton was his oldest son, James Collinson. Fred Hayes played the part of Harlowe Lloyd, a patient in the rest home. Sylvia Hayes played the part of Mrs. Collinson, Mr. Collinson's daughter. Nancy Clark played the part of Vera Lloyd, Harlowe's sister. Jimmy Lovelace was Dr. Deane, a psychiatrist. Jimmy Reynolds played the part of the baby man, Dutch.

Band Banquet
The annual band banquet will be held in the Cisco Junior College Cafeteria Saturday night at 8:30 p. m. The band stands

have worked very hard in preparing the decorations, entertainment, and menu. A good crowd is expected at the banquet. A number of ex-students are planning to attend this year.

Final Examinations
The mid-term examinations will be given on Thursday and Friday of this week. This will end the first semester of work. This will determine whether or not some of the seniors will graduate. They are hoping for the best. The teachers are all looking forward to the time when all their papers are graded and the report cards are out.

Meet The Seniors
Melba Ray Harrison: — She was born on May 13, 1936 at German hospital, although she has lived in Cisco all of her life. Melba likes to sew and her favorite subject throughout high school was home economics. She plans to major in this subject at college. Melba likes to play basketball. She plays for the Lute Queens. She likes school and is looking forward to college.

Don Greenow — Don was born on May 24, 1936 at Cisco. Don's favorite subject is Algebra. He likes to hunt and his favorite sport is baseball. He played with the American Legion 21-teams last summer and became a very skillful player. Don wants to go into the field of electricity after he gets out of high school.

GOSSIP — Don Greenow has received a very attractive valedictory for graduation. Jackie Ponce has been showing a lot of maps to everybody in school. He is going to marry soon. A freshman girl finally broke the ice and got a senior boy's ring. Tom, Dave Hooker is the ring of the freshman class. Some of the senior boys are planning to take home remembrance the last semester in which they will learn to cook, take care of children, and how to keep house. It should be most interesting. The senior class is going to have a picnic and stalling party on Saturday night, January 30. Several people have had to miss school this week because they

GINGERLYN ELAMOFFER — A smart cotton day dress has been created from women's tailored gingham. The elegance of the detail is shown in the narrow, raised neckline and tucked waist which tapers out into hip and flared fullness. A long "torse" line is accented by a horizontal seamline in Claire McCardell's eye-catching striped effect.

very sick. Ruth Smith, Buddy Dean, and Nancy Clark have missed a few days, but they will be here to take exams. Vincent had her shortness of breath. "Dear examination will be very easy if you know all the hard terms, phrases, and words in the book." Her class was very grateful to know that.

Hospital News

Mr. and Mrs. W. D. Castle of 1714 are the parents of a daughter born at Truman hospital Friday morning.

Other patients were Mrs. Del Ruth, Mrs. E. H. Dean, Mrs. Drew Cook, F. C. Cooper and Mrs. Signe Woodcock, all of Cisco, and Mrs. E. W. McCullum of Brown.

Discharged recently were Douglas Doyle of Cisco, Mrs. John Prickett and infant daughter of Cisco, Miss Marie Ingram of Brown, and Roscoe Bond and Billy Jackson of Cisco.

If You Are Looking For Trouble —

... you are sure to find some of it during the new year. The weather may be bad and speed will increase. Watch out for bombs, walk-outs, government waste, Commies, economic adjustments et cetera. And the person who buys real estate in 1954 will be about what we make it. If we live prayerfully, drive carefully and act thoughtfully, it won't be so bad. Happy New Year!
