know that you have enough interest in Cisco and its future to vote the tax increase Saturday. - D. O. Edwards.

I have two boys who will probably go to Cisco Junior College when they finish public schools and I want that school to be the best. It would be foolish for me, or anyone in the Cisco area who has a child, to vote against the tax issue. The school is too valuable to us to lose. Let's support it with our vote Saturday. - Buddy Dolgener.

I am a strong supporter of Cisco Junior College and believe in it as an asset to the community and the area. I shall vote Saturday to help keep it here. -Claude Tucker.

I am for the tax issue to help support Cisco Junior College 100 per cent. I had four children who attended the school and the benefits they derived were tremendous. It is hard for me to believe that Cisco will not be 100 per cent behind the small ncrease the board is asking. --J. E. Proctor.

I am for anything to better ducate our children. There are taxes that I would not support, out a tax to help educate our children is important. Careful consideration of the issues has influenced me to cast my vote n support of the college. - Jesse Reynolds, Jr.

Cisco needs Cisco Junior College and I am going to cast my vote to keep it. The small in-

crease in taxes, needed to improve the school, is secondary. value of the school to the comsupport of the issue. - W. P.
