## The Gay Philosopher

By J. W. S.

THERMOMETERS dropped to 35 or 36 degrees here Sunday night and to around 40 degrees Monday night. This was the coldest weather for the time of year since 1907, according to the weather bureau at Abilene. In that year, the early May temperature dropped to 33 degrees. Some folks were worried that it might frost, but none showed up.

The cool weather came in Saturday night as a cold front blew in. From a quarter to half an inch of rain accompanied the front to our town.

THE COLD BLAST ruined the opening weekend for the Lake Cisco swimming pool. Manager W. P. Knight tells us. They had something like 60 swimmers last Saturday afternoon, and only two strong young men braved the weather for a Sunday swim. The Rising Star band was due at the pool today.

THE GOLFERS and the fans attending the Sunday golf matches at the Cisco Country Club wore coats to keep out the cold. A good crowd attended the Sunday afternoon final matches and the ceremonies to make awards.

President J. A. Robinson said the event was a big success and he paid a tribute to the various committees for their fine work.

Doyle Brunson, H-SU student at Abilene, played in the tournament. And he was the first man on crutches we've ever seen in a golf tournament. He was runner-up in the fifth flight. An all-conference basketball star, he suffered a bad break of his leg about a year ago. He'll be on crutches some weeks longer.

The Ladies of the Club staged a contest and gave away a caddy cart and a candy dish set. Judge J. E. Grantham won the cart, and Mrs. J. E. Spencer was the winner of the candy dishes. Chesley Tipton came over from Hobbs, New Mexico, to play in the tournament and to visit home folks.

IT WAS COLD over at Dallas on Monday. Mr. Charles Graham brought home the news. He and Mr. Steve Nance and Mr. Earl Gorr and Mr. Truly Carter went over to attend a gathering of some 500 Ford folks from over the big state. They had a special television show — a closed circuit deal out of Detroit — on a movie screen. Mr. Ford and other officials of the company talked to the dealers.

Charlie reports that they ate lunch in Fair Park auditorium and the doors were open and everybody was freezing.

THAT'S THE WAY everybody was out in the grandstand as the Little League opened the season Monday night. The Athletics and the Cardinals played, and it was a fine program. In the first game, the Cards won by a score of 22 to 21. One of the little fellows on the Athletics team told us they got beat "because they got to bat last."

The major game was a good one, too. The score was 13 to 4 in favor of the Cards. Mr. D. N. Morrison umpired both games.

MR. ROBERT KAMON, the oil geologist, is flying home from Australia. He telephoned his mother, Mrs. Rudolph Kamon, the other night. It was difficult for them to understand each other. But she got the word that he will be home for Mother's Day — next Sunday.

Robert has written us another article on the cattle industry of Australia. It will appear in The Press in a day or so.

FRIDAY WILL BE the annual Ranch Day out at the Cisco Junior College, and since they have no building they'll be at a disadvantage this year. There's to be a big parade Friday and all Cisco business firms and clubs are invited to enter a float.

If you'd like to take part in the parade, and it would be a splendid gesture, suggest you call No. 418 and talk with Mr. Carlos Turner or Mr. A. R. Collier. They'll give you any information you might want.

Mrs. Richard Phillips visited her husband, Private Phillips, at Fort Hood over the weekend.

AMONG THOSE PRESENT—Arthur Watson, director of the Baltimore, Md., Zoo, is shown feeding a baby gorilla he brought back from an African expedition. Watson brought with him a number of other specimens which will supplement the zoo's collection of wild animals.

## BIG CROWD EXPECTED FOR EGG MARKETING PROGRAM TONIGHT

A large crowd of Cisco area residents is expected at the First National Bank's community conference room at 8 p. m. Tuesday (tonight) for discussions on the subject of marketing eggs, County Agent J. M. Cooper reported.

H. F. Schlamb, poultry marketing specialist of Texas A&M College, will be at the meeting to lead the discussion. The program will include discussions of egg grading standards, the graded egg market and the quality of eggs.

## Public Is Invited To Attend Music Program Tonight

The public has been invited to the Junior High School gym at 7:30 p. m. Tuesday (tonight) for a musical program to be presented by the 5th grade girls of the West Ward School under the direction of Mrs. Richard Phillips.

The program will include sacred songs, songs of other lands, songs of the west, and a group of singing games. There will also be several solo numbers.

The new West Ward School song, written by Mrs. Phillips, will be sung by the boys and girls of the school. The program is a local feature of National Music Week — May 2-9.

## Nancy Cluck Is Valedictorian Of CHS Senior Class

Miss Nancy Cluck, daughter of Mr. and Mrs. R. N. Cluck, will be the valedictorian of the 1954 graduating class at Cisco High School, Principal V. C. Overall announced today.

Salutatorian will be Leon McCrary, son of Mr. and Mrs. Hugh McCrary of Cisco. Miss Anita Stroebel had the third highest grade average in the class, Mr. Overall said. She is the daughter of Mr. and Mrs. F. W. Stroebel.

Eighteen members of the class of 52 had grade averages of 90 or above, Mr. Overall said.

The baccalaureate service will be held on May 26 with the commencement on May 28.

Mrs. Joe E. Williams and daughter, Winifred Williams, of Dallas spent the weekend in the home of Mr. and Mrs. F. E. Shockey.

Chief and Mrs. M. L. Perdue returned last week from a two weeks vacation in Long Beach, Calif. They were accompanied home by their daughter and husband, Mr. and Mrs. Johnny Heath.

Charlie Hartman has returned from a visit with his cousin, Geo. Parker, in Sweetwater.

## Moran News . . .

### Bulldog Band To Sponsor Concert

The annual concert of the Moran High School Bulldog Band will be held at the high school auditorium at 8 p. m. Friday.

At the concert, present and former school board members will be honored. They will be presented courtesy certificates and will be admitted to the concert free.

The band has two trips this week. Thursday, they go to Putnam for a concert and Saturday they go to Stephenville where they will enter contests.

Tuesday, April 27, was visitation day at Moran schools for preschool age children who will enter next year. The day was spent in doing things they will do when they enter school next fall. The visitors were also guests in the lunch room.

Mrs. Vera McCollum of Mason spent last week visiting her sister, Mrs. J. G. Morris, and other relatives in Moran.

### Former Resident Of County Dies

Louis Wood, retired railroad engineer who lived in Eastland County for many years, died at his home in Oklahoma City Saturday afternoon of a heart attack.

He was a brother-in-law of Mrs. Joe Reeves of Cisco and an uncle of Mrs. Kirby Thetford and Mrs. Pearl Crowder of Cisco.

Funeral services were to be held at 2:30 p. m. Tuesday at Hammer Funeral Home in Eastland. Burial was to be in the Eastland Cemetery.

Survivors are his wife, nine children and a number of grandchildren.

CONNIE J. NELMS, Mr. and Mrs. John C. Nelms of Crane are the parents of a daughter, Connie Johnette, born May 1 in a Crane hospital. Mr. and Mrs. W. M. Joyner and Mrs. Allie Nelms of Cisco are the grandparents. Both mother and baby are doing nicely.

Mrs. Homer Brooks, who underwent surgery in an Albany hospital recently, is doing nicely.

Carol Anderson of Abilene has returned home from a hospital there and friends from Moran who visited her included Mr. and Mrs. Oscar Wise, Mr. and Mrs. Bertam Elliott, Mr. and Mrs. Wiley Williams and Mrs. Maggie Hopkins.

Mrs. Nellie E. Morrison of Dallas has been visiting for several days in Moran as a guest of Mr. and Mrs. Floyd Pool. Mrs. Morrison is well known here. She is the owner of the theater building in Moran and other business property.

Ted Brown of Breckenridge sponsored a meeting at the luncheon club room pertaining to the storage of grain last week. About 20 men were present to plan for more storage for Moran on their farms. Refreshments were served to the group by the cemetery association.

FAST WORKER—Peter Randazzo, 25, of Cleveland, may be the world's fastest celery wrapper. That pile of celery-filled baskets—there are 100 of them—his sitting on represents just 25 minutes of work for him. Randazzo's co-workers claim he's faster than a machine which might do the same work.

## Private Watts To Attend Advanced Training Course

FORT BLISS, May 3. — Private Donald D. Watts, son of Mr. and Mrs. M. F. Watts of Route 4, Cisco, has been selected to attend the Leader's Course, the most advanced training program of the Anti-aircraft Artillery Replacement Training Center at Fort Bliss.

Private Watts was chosen for the leadership class from a group of more than 400 soldiers. Appointments to the rigorous training course are based on demonstrated leadership abilities, high scholastic aptitudes, and above average physical stamina.

The purpose of the course is to train potential leaders early in their military careers and develop them to lead troops as non-commissioned officers.

The first five weeks of training are a study of leadership principles, methods of instruction, and tactics. The last three weeks of the course emphasize practical exercises. During this period the men are placed in basic training units in the AAA RTC to instruct troops in the various phases of training, from infantry drill to servicing and firing the light and medium anti-aircraft guns.

Graduation from the Leaders' Course comes at the close of the eighth week of training and is climaxed by a formal parade and retreat ceremony.

## Magic Show Will Benefit East Ward

Plans have been completed by the East Ward Mothers Club for the magician show the club is sponsoring Thursday night at the junior high school auditorium, it was reported by officers Tuesday.

J. W. Stallings, well known magician who has traveled extensively in Europe and in the United States with his show, has been employed for the show here. Show time has been set at 7:30 p. m.

Admission prices have been set at 50 cents for adults, 25 cents for high school and junior high school students and 10 cents for students at East Ward and West Ward.

The money derived from the show will be used by the club in its work at East Ward School.

Edison's first patented invention was an electrical vote recorder.

## Affair Described As Huge Success

Roane Puett, 21-year old University of Texas junior from Midland, became the champion of the Cisco Country Club in the 19th annual invitation tournament Sunday afternoon when he defeated H-SU's Frank Freer in the finals.

The match was the climax of the tournament with 86 players taking part. President Aaron Robinson of the club described the tournament as "a successful event from every standpoint." He praised the work of the Chairman J. R. Deen and his committee.

In the final match, Puett and Freer were even after six holes, and then Freer's game went bad and Puett began making some of his best shots of the tourney. Puett was three up at the end of nine holes, and he parred 10 and 11 to go 5-up.

Freer took No. 12 with a par, and Puett scored a birdie on No. 13 to close out the match with a 5 and 4 victory.

Puett had won a 1-up victory over Guinn Ferguson, Breckenridge High School student, in their 19-hole semi-final match to go into the finals. Freer had to go an extra hole to beat Paul Mosley, former Ciscoan, for his place in the finals.

Prizes were awarded at the club house following the final rounds. Results of the tournament were as follows:

Check Your Car — Check Accidents

"Check your car — check accidents, today. Tomorrow may be too late!" In those words Col. E. B. Tilley of Houston, president of the Texas Safety Association, urged all motorists to support the vehicle maintenance program being conducted throughout Texas this month in cooperation with the Texas Department of Public Safety and the National Safety Council.

Col. Tilley stressed the importance of having cars safety checked without delay.

"Accidents don't wait to happen," he said. "Bad brakes, worn out windshield wiper blades and other neglected parts will let you down in an emergency. And an emergency can occur at any moment."

## Mrs. Ben Weiser Is Honored at Shower

A pink and blue shower, honoring Mrs. Ben Weiser, was held Thursday evening at the home of Mrs. Fred Stroebel with Mrs. Ed Wende and Mrs. Ernest Reich serving as co-hostesses.

Yellow and green were used throughout the house in the gifts, refreshments, and flowers. Appropriate games were played and the nice array of gifts presented to the honoree.

Thoughts to bear in mind...

IT'S NOT SO MUCH THE BEAUTY OF THE PLACE...  
IT'S NOT SO MUCH THE SIZE OF THE FIRM...  
IT'S NOT SO MUCH A MATTER OF FACILITIES...

What really counts is...not material things...but service to our fellowmen.

Ever Think of Blue Monday --

... as a day when there's chores to be done which are not quite inspiring, but positively boresome? Some do. But in our business we never have a blue moment, altho pouring over ancient, dingy records sounds all but refreshing. To us it's all in the day's wash and we know what you mean when you say "build me a dependable abstract." Yes, it's hard work, tedious, exacting, responsible, but interesting. Try us on your next order — we never grow tired serving you.

## Illicit Stills Are Seized by Agents

AUSTIN, May 3. — Texas Liquor Board agents set a high mark for seizure of illicit stills in the month of March.

The number was seven, whereas ordinarily the number of captures ranges from two to five.

With the stills, which had a cubic capacity of 375 gallons, the board's inspectors captured 2,620 gallons of mash and made four arrests. Destroyed were 10½ gallons of moonshine liquor.

Three stills were taken in Titus County and one each in McLennan, Bowie, Lamar and Marion Counties.

These figures come from the board's monthly review, which also reported \$1,475,144.80 collected in liquor revenues during the month. The amount is slightly less than the amount collected in March, 1953.

Funds received by the liquor board go into the state's "clearance fund," and from there they are allocated to old age assistance, assistance to the needy blind and needy children, general revenue fund, state teacher retirement, farm-to-market roads, and foundation school fund.

The March report on enforcement activities reveals that the board's agents filed 321 cases. Court action on liquor board cases resulted in 311 convictions and 35 jail terms, 51 dismissals, 6 acquittals, and \$66,193.15 collected in fines and costs.

The auditing division checked \$1,669,027.44 in alcoholic beverage revenue during the month.
