The Gay Philosopher

By J. W. S.

NEW ORLEANS, La.—It was a ride to a hot country. That it well describes our trip to New Orleans.

Our trip began Friday afternoon. Drove into Fort Worth and spent the night with relatives. Out of FW at 8 a. m. Saturday and drove straight to Texas. It was a bit out of the ordinary, but our brother-in-law and his family lives there and we wanted to visit him.

It was the first time we'd seen him since last summer up at McNeely Veterans Hospital. He was in a lot of the hot shooting the Italian campaign of World War II. And, as a result, he developed hypertension and high blood pressure. The VA doctors operated for him twin operations to clip some nerves along the spinal cord. They said only a small chance—maybe 5%—got well, but seems to be one of the 5%, for condition is dandy.

IN TEXARKANA, our family went on a fried chicken picnic and enjoyed a swim up in the city park along the Arkansas line. Hundreds of tall pine trees stand by the park. And looking at pine trees is something that we never tire of doing.

The Navy people expected us to report in New Orleans by 4 p. m. Sunday, so we decided that it'd better not spend the night in Texarkana as originally planned. So we loaded up our protesting children and took off at 7:30 p. m. Saturday for the Gulf of Louisiana. At 11:30 p. m. we called it a day in 2nd class (only one we could find) to our camp in Alexandria, La.

THE DRIVE in to New Orleans Sunday wasn't too bad—only about 200 miles. Passed through plantation country. Saw rows of old-time houses with red columns out front—the kind you see in the picture shows out the old south. Half of the people down in this country are colored, and it was interesting to see them in the all towns.

Arrived in New Orleans in time for lunch at 12 o'clock noon. Ate at a big cafeteria and the Sluggers, a 9-year old son, who can hold down with a knife and fork at anybody's table, was hungry and eyes. All the food looked good and he wanted some of all it. It takes a good man to be able to walk through a cafeteria, eat a normal amount of food and then walk away to the gutter.

AFTER LUNCH, we bought a map to find out where the river station was located. It turned out to be on the wrong side of the Mississippi River. So we drove down to the end of Canal Street, which doesn't have a canal, and caught a ferry boat across to the Algiers section of New Orleans.

The ferry boats hold about 100 cars and as many people as can crowd on. It takes only about 10 minutes to cross the river, which isn't more than 600 or 700 yards wide. Costs you 31 cents to cross with your car or, if you're walking, it costs a nickel. The children enjoyed the ride.

FINALLY, we got to the Naval Station and the man wouldn't let us bring the car aboard. We have liability and property damage insurance but we didn't think to bring the policy. And you can't argue with these people. They have their orders and theirs are orders. That's what the man said.

The children were pretty impressed with the Navy base. Several ships were docked in the Mississippi river nearby. And there's a big swimming pool. It was a bit disappointed that we didn't see that we weren't going aboard ship. It probably would have been a lot of fun.

OUR NAVY stay of two weeks promises to be interesting. We'll see what's new in the Navy and how they now want things done. They always told us that there are three ways to do things—the right way, the wrong way and the Navy way. They also always told us that they'd keep their eyes and ears open, their mouths shut and volunteer for nothing. We're going to try to be a good Navy man for two weeks. Will report again as soon as we get time.

EXTRA ADDED ATTRACTION—Brightly-colored rockets lent a holiday atmosphere to gay Paree during a big fireworks display over the City of Light. The dazzling exhibit was fired from the Alexander III Bridge over the Seine River. The photo was taken from the Eiffel Tower and the famed Church of the Sacred Heart can be seen on a hill in the left background.

Dallas Layman To Conduct Baptist Revival Service

Ivy Boggs, Dallas businessman and Baptist layman, will be in charge of a layman's meeting at the First Baptist Church here which is scheduled to begin tonight.

Services will be held at 8 p. m. daily through Sunday with Mr. Boggs speaking each evening. The meeting is under the sponsorship of the Brotherhood of the church.

Euell Porter of Abilene will conduct the song service for the meeting.

Mr. Boggs has long been prominent in the Baptist Brotherhood and was the beginner of the man-boy movement of the church. The public was invited to attend each of the services.

Local Dog Owners Invited To Show

Dog owners from Cisco and this area were invited to enter their dogs in the Key City Kennel Club sanctioned match in Sears Arena at Abilene Fair Park Sunday, June 27.

The show will be judged by Fred Grant of Fort Worth. Entry fee for each class has been set at \$1. There will be no spectator admission charges.

In addition to the regular classes, there will be a puppy sweepstakes divided according to age. The ages are as follows: 3 to 6 months; 6 to 9 months and 9 to 12 months.

To be eligible for entry, a dog must be American Kennel Club recognized breed of not less than three months of age with no championship points.

Mr. and Mrs. Isadore Rozin, Mrs. Harold Albrecht and children, Mrs. Sol Barkin, and Mr. and Mrs. Murray Koppelman left Monday by plane from Fort Worth for their home in New York City. While in Cisco they were the guests of Mr. and Mrs. Charles Sandler and attended the wedding of their son and brother, Leonard Rozin and Miss Zeldia Sandler.

CISCO, RANGER AND EASTLAND LIONS CLUBS INSTALL OFFICERS

New officers for the Cisco, Ranger and Eastland Lions Clubs were installed in joint ceremonies held Tuesday night in Ranger at the First Baptist Church.

The Strawn club also joined in the ladies night program.

Principal speaker was Joe Weaver of Olney, District Governor for the Lions Clubs. He was introduced by O. L. Stamey, president of the Cisco Junior College and retiring district governor.

Dr. Calvin W. Harris, president of the Ranger Club and Mayor of Ranger, presided.

Cooper, secretary-treasurer; Jim Young, lion tamer; Travis Wheat tail twister; Gene Haynes, Clyde Young, Bob Perkins and Bruce Pipkin, directors.

AREA CATTLEMEN TO HOLD FIELD DAY ON B & B RANCH AT GORMAN

Area cattlemen have been invited to attend a livestock field day Friday at Ed Harrison's B & B Ranch located five miles east of Gorman on the Desdemona highway.

The meeting will be an all-day affair with dinner being served at the ranch through the courtesy of the Business Men's Club of Gorman.

The program for the day calls for a range judging contest, grass identification, a talk on the importance of minerals and vitamins in the feeding of livestock, a discussion of beef and pork price outlook for the next 12 months, demonstrations on factors that determine quality and dressing percentages in beef cattle, and things that make up quality in Angora goats and in fine wool sheep.

On the program will be Fred Walker, range specialist; John G. McHaney, agricultural economist, and Jim Gray, animal husbandman, all of Texas A & M College. Others on the program will be Walter Rice of the Fort Worth Stockyards Company, and E. R. Eudaly, animal nutritionist, also of Fort Worth.

The meeting is scheduled to begin at 10 a. m. Those attending the affair were advised to leave Gorman on the Desdemona Highway and to enter the first gate east of the Leon River bridge. From the gate travel about a mile through the pasture to a big red barn where the meeting will be held.

J. M. Cooper, Eastland County agent, was in charge of the arrangements for the field day.

County Committee Sets Candidates Election Expense

The Eastland County Democratic Committee, meeting in Eastland Monday, set the amount of fees candidates for district and county offices must pay to defray the expenses of the forthcoming Democratic primaries.

Frank Williamson of Staff, is county chairman of the committee and A. J. Blevins of Eastland, is secretary. The committee also reviewed the names of candidates who filed for office.

A meeting is scheduled for Monday, June 21, at which time the committee will make the drawing for positions on the full ballot for all candidates. The meeting dates for the Executive Committee are set by the election laws of Texas.

The schedule of filing fees for the various offices, according to the county chairman, are as follows:

District Clerk, \$235.00; County Judge, \$235.00; County Clerk, \$275.00; County Attorney, \$300.00; Sheriff, \$235.00; County Tax Assessor and Collector, \$275.00; County Treasurer, \$200.00; County Surveyor, \$35.00; County Commissioners, \$240.00; Justice of the Peace, \$30.00; Constable, \$30.00.

Under the terms of the Texas Election Laws, the fees assessed the various candidates must be paid to the Executive Committee not later than midnight, June 26, or their names will be dropped from the list of candidates for office on the ballots.

Williamson pointed out that the cost of holding the Democratic Party primary elections in July and August must be borne by the candidates for office, and the law requires the Executive Committee of the county to set an assessment of fees intended to fully cover such election costs. He said that following the 1952 primaries, candidates for office in Eastland county received a sizeable percentage refund after all election expenses had been paid.

At the time the county executive committees were meeting throughout the state Monday, the state executive committee was meeting and certified the names of the candidates for state office who will be listed on the July primary ballot. Mr. Williamson said this official certified list of candidates will be forwarded the county committees, and at the meeting of the county committee again June 21, the ballot to cover the entire slate of candidates for state, district, county and precinct offices will then be completed. The committee will order the printing of the July primary ballots after the time expires for the payment of filing fees.

Mr. and Mrs. C. D. Tyra and children of Arizona are visiting in the home of Mr. and Mrs. Mack Beene.

GAME SURVEYORS OPTIMISTIC ON MOURNING DOVE PROSPECTS

AUSTIN, June 16. — Optimistic reports have been received on mourning dove prospects by the Executive Secretary of the Game and Fish Commission.

He said several of the Commission crews now surveying dove populations throughout Texas indicate that the birds are nesting in good numbers and that a successful harvest may be in the offing.

The Executive Secretary said the count is being made by twenty-seven field men of the Game and Fish Commission staff in cooperation with personnel of the United States Fish and Wildlife Service.

The Fish and Wildlife Service has final authority on mourning dove open season details since these birds are migratory and thus under Federal regulation.

The data now being collected will be used by the Commission to make its harvest recommendations to the Fish and Wildlife Service.

The Commission will act on this and other harvest routine at its July 9 meeting in Austin. Last year, Texas was zoned for mourning dove hunting. The north zone season was from September 1 through October 10, and the south zone from October 1 through November 9.

Meanwhile, favorable reports on the Panhandle antelope also have been received although the population census has not yet been completed. Sportsmen meeting with Commission officials preliminary to setting harvest details in the Panhandle where the Commission has regulatory authority, at present indicate an antelope season comprising three periods of three days each instead of two periods of five days each set for last year's first antelope hunt in the Panhandle in modern times.

The outlook seems dark for an open season on antelope West of the Pecos because the populations suffered from prolonged drought.

General rains meanwhile have brought encouraging news on quail, according to the Executive Secretary. Prospects seem especially bright in the Panhandle which had a very low quail population last year.

Wildlife Biologist A. S. Jackson of Canadian, who had been noting a quail upturn for some weeks, said his back country check on mourning dove population has been hindered because "sometimes I can't hear the dove cooing because the quail are so noisy."

Martha Ruth Lambert of Nacogoches is visiting in the home of her aunt and uncle, Mr. and Mrs. C. E. Whitmore.

Mrs. L. D. McIntire of Abilene has returned to her home after a visit in Cisco with her daughter and husband, Mr. and Mrs. M. F. Underwood.

Mr. and Mrs. Richard Carey of Dallas spent the weekend in Cisco with her parents, Mr. and Mrs. W. Z. Latch, and other relatives.

SOME TIME NEXT YEAR—Concrete, steel and sky make an interesting contrast as these two bridges are constructed over the Cuyahoga Valley at Peninsula, O. The twin spans are part of the new turnpike being built across Ohio. One end of the 241-mile stretch is connected to the Pennsylvania Turnpike, and the other ends in a pasture at the Indiana border. The \$326,000,000 project is scheduled for completion on November 1, 1955.

Death Claims 65 Year Old Resident Tuesday Night

C. J. (Mac) Stephens, 65, warehouseman for the Magnolia Petroleum Company, died at a local hospital at 6:30 p. m. Tuesday following a long illness.

He had been a resident of Cisco almost all his life, coming here with his parents when he was three months old. He was born in Big Sandy on April 27, 1889. On November 5, 1913, he was married to Miss Addie Lamb in Cisco.

Mr. Stephens was a member of the First Baptist Church. He held membership in the Masonic Lodge and Camp 500, Woodmen of the World.

Funeral services will be held at 4 p. m. Thursday at the First Baptist Church with Dr. H. M. Ward, pastor, officiating. Burial will be in Oakwood Cemetery under the direction of Thomas Funeral Home.

Survivors are his wife of Cisco; two sons, Blake Stephens of El Paso and Daskam L. Stephens of Ingleside, Calif.; two sisters, Mrs. Bertha Carmichael of Cisco and Mrs. Gholda Sissell of Rosemeade, Calif.; three brothers, Dave Stephens of Abilene, Loren Stephens of North Ridge, Calif., and Lee Ervin Stephens of Houston, and two grandchildren.

Funeral services will be held at 4 p. m. Thursday at the First Baptist Church with Dr. H. M. Ward, pastor, officiating. Burial will be in Oakwood Cemetery under the direction of Thomas Funeral Home.

Plans For Annual C of C Banquet At Tuesday Meet

Plans for the annual Chamber of Commerce banquet to be held in the fall were discussed at a meeting of the Chamber of Commerce at the directors room Tuesday night. A. Z. Myrick was named general chairman for the affair.

In other business, a report by the executive committee was heard and approved. The committee recommended the employing of a professional chamber of commerce executive to replace present manager, E. A. Butler, who has resigned effective July 1 to take over publication of the Rising Star Record.

It was decided to place Mrs. Peggy Gallagher in charge of the office until a new manager was employed. Mrs. Gallagher is office secretary. She will serve as manager after July 1.

President Anton White was in charge of the meeting.

C. J. C. Graduate Will Direct Church Music

Ben Green of Eastland, a graduate of Cisco Junior College, has been named music director for the First Baptist Church in Merkle. He is the son of Mrs. B. Howard Green of Eastland.

Green attended Cisco Junior College two years and was a member of the college choir. At the present time he is attending Hardin-Simmons University and will receive his degree in August, 1955.

During the summer months he has been a boys counselor at Central Baptist Camp at Crooked Lake, Wisconsin.

FIREMEN ANSWER CALL

Local firemen answered a call to the home of Mr. and Mrs. Walter Lenz on College Hill Wednesday morning. A defective water heater was given as the cause of the call. No damage was done.

Mr. and Mrs. R. C. Harris of Albany were visitors in the H. H. Hageman home Sunday.

Mr. and Mrs. Carl Kile of Denver City and Mr. and Mrs. Billy Jack Tong of Tahoka, were weekend visitors in the home of Mr. and Mrs. C. L. Bailey.

TEXAS INCOME AT NEW HIGH

Texans enjoyed the greatest dollar income in the state's history last year a report prepared for publication in the American Peoples Encyclopedia's 1934 Yearbook will disclose. Total income was estimated at \$12,442,000,000 — about 20 per cent of which was derived from crude oil production.

At the same time, individual farmers and ranchers in certain parts of the state were hard hit by the third successive year of drought, it will be reported. The entire western three-fifths of the state was designated as a disaster area. State and federal aid was concentrated on relief programs designed primarily to preserve

foundation breeding herds of cattle, sheep and goats.

The American Peoples Yearbook will report that income from cattle sales in 1933 tumbled to \$326,658,000 from the boom high of 1931, when sales ran to about a half billion dollars. On the other hand, farm income, exclusive of livestock, was down only about 3 per cent to \$1,253,000,000. An interesting aspect of the crop-drought situation reported in the year-book was the fact that rains coming to the drought-seared backlands, resulted in the highest per-acre yields of cotton in the history of Texas. Total income from cotton last year was placed at \$682,181,000.

Tornadoes combined with the drought to make weather the greatest single news-making force in the state during the year. It was on that day last year that the twisters hit San Angelo and Waco causing an estimated 55 million dollars damage, taking 124 lives and injuring nearly 700 other persons.

The Federal Government began printing its own currency in 1862.

THE LOCKER PLANT DOES IT BEST!

PROCESSING

Cutting, grinding, boning, and trimming of meat can best be done by the locker plant which has the equipment, the experienced help, and the "know-how" to do the work economically, and expertly—without waste.

WRAPPING

Proper packaging of foods for freezing is all-important. The locker plant uses the correct moisture-vaporproof wrappings and applies them with the latest methods.

SHARP-FREEZING

It is essential that foods for storage in a locker or home freezer be quick-frozen at sub-zero temperatures. We have refrigeration equipment capable of freezing huge quantities of foods.

ZERO STORAGE

All frozen foods should be kept at a constant zero temperature. The zero service we offer is the cheapest refrigeration in the world... a frozen food locker at the cost of a daily newspaper!

State Capital NEWS

By VERN SANFORD
Texas Press Association
AUSTIN, Tex.—Governor Allan Shivers will claim the political spotlight Monday.

The Lufkin-born chief executive formally opens his campaign for re-election in the city of his birth in the heart of East Texas on June 21.

It will be an old-fashioned political rally, reviving the personal appearance type of campaign.

Newspaper ads are being used to call statewide attention to his talk which will go on the air at 8:30 p. m.

Lufkin is also the home of Governor Shivers' campaign manager, Senator Otis Lock.

It was in nearby Woodville that Shivers received word in July of 1949 that he — then Lt. Governor — had become governor, with the sudden death of Governor Beauford Jester.

Shivers Busy Campaigning
Governor Shivers is filling many speaking engagements over the state.

Kicking off his drive for campaign funds was a \$10 per plate luncheon in Dallas, attended by 800 persons.

In his off-the-cuff talk in Big-D, Shivers said he would run on his record.

He branded the majority of his political enemies as persons who believe in a centralized government, subject to socialistic infiltration, as against the theory of local powers and States' rights.

"Perpetuity" Says Yarborough
Judge Ralph Yarborough, Austin attorney who is campaigning against Shivers, got his own campaign into motion earlier, with stinging remarks about "perpetuity in office."

So far Yarborough has undertaken no statewide promotion.

The rest of the political front was much like the quiet that comes just before a tornado strikes.

Coke Returns
However, political incidents of 1948 are being brought back to mind.

Coke Stevenson has returned to political life.

The former governor of Texas stepped into the limelight with an endorsement of Dudley T. Dougherty for U. S. Senator.

Dougherty seeks the seat occupied by Senator Lyndon Johnson who won over Stevenson by 87 votes, in a hotly contested race for the senate six years ago.

Stevenson will serve as chairman of the campaign steering committee for Dougherty.

He promised the voters a refresher course in Texas political history.

"This time," he said, "we can go into and reveal all the details about Box 13 in Jim Wells County, where Friday after the primary a sleight of hand miracle occurred and 200 votes were added to the Johnson total."

Hammonds Confesses Insolvency
Legally it's all over. But practically it will be an issue for months to come.

Ralph W. Hammonds has confessed that his Lloyd's of North America insurance company is insolvent.

With head bowed, the heavyset one time University of Texas wrestling champion gave up defense of his company in 98th District only three days of testimony.

The trial had been expected to last at least two weeks and was destined to produce explosive political testimony . . . as the subpoena list included Governor Shivers, his public relations chief John Van Cronkhite, Ralph Yarborough, and many others active in state politics.

It was a victory for Attorney General John Ben Shepperd and Assistant Attorney General Rudy Rice, chief prosecutor for the state in the case.

Other Trials Delayed
Criminal trials of four officials of defunct insurance companies have been postponed until October.

The four indicted men appeared before District Judge Charles O. Betts, asked and won continuance of their trials until the Fall term of court.

They are Paul and Leslie Lowry, D. H. O'Fiel — all of Beaumont — and Spencer S. Trehame of El Paso.

Now defunct is the Texas Mutual Insurance Company of Beaumont, formerly operated by the Lowry brothers. O'Fiel is a Beaumont attorney. Trehame was operator of the inactive insurance firm of United Lloyd's.

Twenty-eight persons were subpoenaed to testify in the trials, including State Senator William T. Moore of Bryan, chairman of the senate insurance committee, who was an attorney for the Lowrys' Texas Mutual Company.

Scotfield Declared Innocent
A federal jury has found Frank Scotfield innocent of charges that he violated the Hatch Act.

He was charged with soliciting and accepting funds for political purposes while serving as Collector of Internal Revenue.

During Scotfield's trial, 10 government witnesses testified that they had no knowledge that Scotfield had ever sold or received money from the sale of tickets to the 1950 Jefferson-Jackson Day Dinner held in Austin.

Federal employees, under the Corrupt Practices Act are prohibited from participating in any political activity.

Now you can protect your car against **both friction and acid** — the two major causes of engine wear.

NEW CONOCO Super MOTOR OIL
America's First **Double-Duty Oil**

Protection 1 OIL-PLATING
conquers friction wear . . . because this exclusive discovery actually fastens a thin film of lubricant to moving engine parts for full-time protection.

Protection 2 ACID-PROOFING
conquers corrosive wear . . . because this exclusive new discovery gives Conoco Super up to **twice** the cleansing power of other premium oils!

Automotive engineers have long known that friction and corrosion are the two major causes of engine wear. Now, from the laboratories of Continental Oil, comes America's first **Double-Duty** motor oil. It combines two exclusive discoveries (Oil-Plating and Acid-Proofing)* to conquer both major causes of engine wear.

The unique Oil-Plating additive conquers friction wear by actually fastening a thin film of protective oil to engine parts. Unlike ordinary motor oil, this film won't drain down even when your engine has been stopped overnight. Thus you get full-time protection against damaging wear due to friction.

Exclusive Acid-Proofing additive conquers corrosive wear three ways—it neutralizes acids, prevents rust, and gobbles up tiny particles of dust, dirt, and water and seals them safely in spheres of oil until the oil is drained. ACID-PROOFING actually gives new Conoco Super twice the cleansing power of other premium oils!

New Conoco Super Motor Oil is on sale at Conoco dealers everywhere. Drive in and ask for it today!

Your Conoco dealer will recommend the right grade of new Conoco Super Motor Oil for your car, your climate, your driving conditions:
