CISCO, TEXAS, WEDNESDAY, JULY 28, 1954

NUMBER 166

The Gay Philosopher

By J. W. S.

VERY FEW DAYS somebody the mayor or members of the commission or Chamber of Commerce leaders about the water situation. What, they want now, is the status of the Battle Creek proposition?

City of Cisco has on file the Board of Water Engineers in Austin an application Battle Creek waters. This application has been on file a number of years or so. In order to get the established prior rites, and by the application now on file the city must show evidence November 1 next of plans to get the water.

The community has an engineering survey of the Battle Creek water outlook. The next step would be the establishment of a water district, a political division that could do the things necessary to build a dam on Battle Creek and a pipeline to Cisco.

The water survey showed that Cisco has ample water for its needs if our town doesn't grow. We expect to progress and in the years to come, then ought to be at the business of getting a Battle Creek lake. The city leaders are due to study the matter soon.

DISTINGUISHED visitors in Cisco yesterday were Dr. Bill Hart and Mr. Pablo Rissa, of Uruguay in South America. They were here to look at the fine registered Polled Herefords at the M. E. Fry and Ranch, northwest of Cisco.

Bill Gibbs and Mr. Jack Smith, both of Fort Worth, accompanied the South Americans to Cisco.

HECKING UP on the election, most fewer votes this time than in most elections. There were a few write-in votes that did not get reported. Mr. Dick Merdale of the First National Bank got several write-in votes for the position of public weigher. Two people scratched the ticket and wrote in the name of Dick Lauderdale for Congress of the 17th District.

Miss Abbott got two votes for district chairman. Mr. Fred Hart, who has held the job for many years, got all the other votes.

MRS. LUCILE Huffmyer advised us that response has been made to the Sunday appeal for folks to help out a large family that needs clothing and household goods. The family has two girls and a couple of boys, school age. If you want to help a part, call Mrs. Huffmyer at the Merchants Credit Association.

MR. JOHN DUNN and Mr. Dave Sage have moved their office to the little building that the old radio station used for a long time. The address is 701 Avenue D. Mr. Dunn is a real estate man, and Mr. Sage is an insurance man. Members of the fire department are honoring Mr. Jamboree performers with a cream party at the Fire Station tonight. A good crowd is expected.

FOURTY-THREE handsome Chinillas now live out at the M. Townsley Ranch. Mr. Townsley has designed a special cage for the little fellows and he took them along when he went to the gene meeting of area Chinilla breeders last Sunday. The gene made a big hit, and Mr. Townsley came home with a basket full of orders to make cages for sale.

Mr. CMT reports that Col. Bill Eden, husband of their daughter Marcelline, has a deal coming that Army men dream about. He is going to Lima, Peru, as a military attaché. But first, he must go to a school for four months and brush up on his Spanish and study courses on how foreigners do things and like things. The Padens are due here for a visit next month.

OUR THERMOMETER went up to 109 degrees on Monday — the hottest of the month. It was cool 97 degrees Tuesday. . . . Dr. Otis Strickland, president of Decatur Baptist College and former pastor of the First Baptist Church, in town yesterday. . . . See Miss Glenna Moad on the job at the bank after her Colorado vacation.

THE UNEXPECTED—After floating from Fleming Field, in South St. Paul, Minn., a plastic weather balloon came down in the water off York Beach, Me. When the big bubble floated to shore, a crowd of curious folk turned out to inspect the balloon which, according to attached information, had been sent up to gather wind research data—and not in vain.

Plans Complete For Ice Cream Party Tonight

Plans are complete for the ice cream supper planned by the Cisco Volunteer Fire Department for all entertainers who appeared on Cisco Jamboree programs, and their families and city commissioners, policemen and firemen and their families, it was announced today by Chief L. E. Sublett.

The supper will be held at the fire station tonight. Following the supper the group will go to West Seventh Street, between Avenue D and Avenue E where the entertainers will stage a jamboree program. The street will be roped off and turned over to the department from 9 p. m. to 10:30 p. m.

The public was invited to attend the program.

WATERMELON FEAST

A watermelon feast for members of the Cardinals teams of the Little League will be held at 8 p. m. Friday at Lake Cisco Park, it was announced today. The feast is being given by Smallwood Electric Company, sponsors of the teams.

CITY WILL OPEN BIDS AUGUST 24th ON BOSS BUILDING ANNEX

Anticipating that a local drive to raise financing funds would be successful, the City Commission passed a resolution Tuesday night to call for bids for the construction to a 70x160 foot addition to the Boss Manufacturing Company plant.

Mayor G. C. Rosenthal reported today that the bids will be opened at the regular meeting of the commission on Tuesday night, August 24. Plans and specifications will be ready for interested contractors at the city hall within two or three days, the mayor said.

Mr. Rosenthal reported to the commission that a drive by local citizens to raise \$40,000 locally for the building work instead of

ELECTION TO BE HELD ON CITY CHARTER, COMMISSION DECIDES

A resolution to hold a city election on questions concerning a new city charter was approved Tuesday night at the semi-monthly meeting of the City Commission. The election will probably be ordered formally at the next meeting of the county.

Chairman R. E. Grantham of the recently appointed City Charter Commission, a group of 16 citizens named to study the present charter and to recommend changes, appeared before the council. He said that his group met Monday and decided that it would be costly and impractical to amend the present charter. They suggested that it would be cheaper and faster to adopt a new charter.

Adoption of a new charter would first require a city election, Mr. Grantham said. The ballot would contain a question as to whether the voter desired a new charter, if he approved or disapproved the city manager form of government, and a list of 15 charter commission members would be included for approval of the voters.

CARE Funds Are Being Taken By Express Agency

An initial distribution of \$11,500 worth of CARE packages was among the first relief supplies to reach victims of the Danube floods in Austria and Germany, it was reported today by L. P. Stambaugh, acting agent, of the Railway Express Agency, who serves as voluntary CARE representative in this area.

Two More Girls Entered In Farm Queen Contest

Miss Irma Lilley of Gorman and Miss Donna Blackwell of Ranger have signified their intentions to enter the forthcoming Farm Bureau Queen Contest, it was reported today. Irma is the daughter of Rev. and Mrs. J. Frank Lilley, of Gorman, and Donna is the daughter of Mr. and Mrs. Earl Blackwell of Ranger. Cissy Blackwell will be her sister's flower girl attendant.

It is hoped that many other girls will enter the contest before the deadline, August 3, was the statement issued this week by the queen committee chairman, Mrs. Clyde Coats, Cisco.

Committee personnel met Tuesday for the purpose of planning decorations and lighting for the program which will be held at the City park in Eastland on Tuesday night, August 17.

To date, eight prospective County Farm Bureau nominees for the queen's race are listed. These are Beverly Gailey, Strawn; Joyce Fry, Cisco; Sandra Harrell, Olden; Mary Evelyn Laminack, Gorman; Madeline Justice, Eastland; Melba Brown, Gorman; Donna Blackwell, Ranger; and Irma Lilley, Gorman.

Mr. and Mrs. B. H. Erwin of Ballinger spent the weekend in Cisco visiting Mr. and Mrs. Bill McCall and their uncle Charlie Hartman. Mr. Hartman is recovering from surgery he underwent last week.

HOW MANY? — The Van Ardy triplets, left to right, Conrad, Edward and Franklin, from Freeport, N. Y., are a source of wonder to Lt. Daniel J. Howe, Jr., at the Navy's recruiting office in Manhattan. The 19-year-old brothers went to the Training Center at Bainbridge, Md.

Boss Company Building Fund Drive Passes Half-Way Mark

Four Horse Shows Are Scheduled At Texas State Fair

Four of the most famous horse shows in the nation will brighten the schedule of livestock events at the 1954 State Fair of Texas, Oct. 9-24, in Dallas, Ray W. Wilson, the fair's livestock manager, has announced.

"These four nationally recognized shows will be the Quarter and Palomino horse classes, the open cutting horse contest and the Shetland Pony show," Wilson said.

"The combined premium purse for the four shows is \$10,910, with \$3,840 posted for Quarter horses, \$2,070 for Palominos, \$2,000 for the cutting horse contest and \$3,000 for the Shetlands."

Quarter horses take the spotlight during the first week-end of the fair. First and second rounds in the roping and cutting divisions are set for opening day, Oct. 9, with the finals in both divisions on Oct. 10. Roping classes will be on Oct. 12; halter classes for mares on Oct. 15, and halter classes stallions, geldings and groups on Oct. 16.

The fair's open cutting horse contest will begin on Oct. 15, race into the second go-round on Oct. 16 and smash into the finals on Oct. 17.

"The top event of our Palomino show the last week-end of the fair will be the selection of the Stock Type Palomino Horse of the year and the Pleasure Type Palomino Horse of the year," Wilson continued.

"Owners of these two outstanding mounts will receive handsome trophies Oct. 24, from the Texas Palomino Exhibitors Association."

The Palomino judging calendar calls for all halter classes on Oct. 22 and for performance classes on Oct. 22-24.

State Fair's Shetland Pony show — one of the most colorful, beautiful and graceful shows of all livestock events — opens Oct. 22 with the stallion halter classes and four of the twelve performance classes. Mare and group classes will complete the halter competition on Oct. 23. The performance classes will continue on Oct. 23 and reach their climax on the last day of the fair, Sunday, Oct. 24.

Seventy-two acts of Congress have been held unconstitutional.

DR. C. AUBREY HEARN

Baptist Leader Is Speaker For Area Youth Rally

Dr. C. Aubrey Hearn, director of the study course of the Training Union Department, Baptist Sunday School Board, Nashville, Tennessee, will speak to the Youth Rally sponsored by the Cisco Baptist Association Youth Movement, Saturday, July 31, in the First Baptist Church of Ranger at 8 p. m.

Dr. Hearn, one of the outstanding youth speakers and conference leaders, has in all probability assisted more young people in vocations, calls, and direct work than any man with the Southern Baptist Convention, it was said.

He has made six trips to Europe studying, lecturing, and writing — all in the interest of youth. He made one trip to the Holy Land and one to South America. Youth lectures, conferences, and council and panel discussions will highlight his program in Ranger.

All the young people in this area were invited to attend the lecture program and discussion.

Mrs. Charles E. Kilborn and son, Stanley, have returned from visiting her parents in Bowie and are spending a few days with Mrs. Zed Kilborn before going to her home in Breckenridge.

\$40,000 Expected By End Of Week

A drive to raise the sum of \$40,000 through the sale of City of Cisco warrants for the purpose of financing a substantial addition to the Boss Manufacturing Company building had passed the half-way mark today and leaders believed it would be completed by the end of the week.

Ciscoans are being given an opportunity to invest their money in the 5% per annum revenue warrants, backed by a long-term rental contract with the Boss Company, in preference to borrowing the funds from an insurance company.

The drive began Monday under the leadership of a committee composed of James P. McCracken, G. R. Nance and A. D. Anderson.

Mr. McCracken, who is president of the First National Bank, reported that numerous Cisco residents had telephoned or stopped to volunteer to buy some of the warrants, which are to be issued in denominations of \$50.

The committee has obtained a ruling from the Bureau of Internal Revenue that the 5% per year interest, to be earned by the warrants, will be tax free, Mr. McCracken said.

Mr. Nance and Mr. McCracken visited the Boss Manufacturing Company plant here Monday at the invitation of Manager Anton White. They explained the warrant program to finance the building addition and many of the firm's some 150 workers indicated that they want to buy warrants on a payroll-deduction plan. A number of city of Cisco employees will buy warrants on a similar plan.

Anyone interested in investing in the warrants was invited to see Mr. McCracken or Mr. Nance at the bank. The demand for the warrants was such that the committee probably will not have to make a canvass of the city, it was pointed out.

Committee members described the warrants as "an excellent, safe investment." They pointed out that "the warrants will return us 5% interest each year, and the building they finance will bring our city new payroll dollars."

The Boss company has agreed to sign a long-term contract to pay rent at the rate of \$400 per month, Mr. White said. He emphasized that "the Boss company will pay for the building over the years and is not asking for any donations."

"Our people are certainly to be complimented on their fine response to the appeal for local investment in a sound proposition," Mr. McCracken said. "It is gratifying to be connected with a drive that seems so certain on speedy success."

The City of Cisco, owners of the building housing the Boss company glove manufacturing plant here, has been asked by the company to increase the size of the building. The company wants to increase by 50% its production here.

The city determined that it could borrow the money from an insurance company to finance the building addition, but it was decided to give local citizens an opportunity to buy the warrants. The committee was created to handle a local drive. Plans call for the warrants to be retired as fast as possible over a period of about 12 years.

C. L. Guinns To Celebrate Their 50th Anniversary

Mr. and Mrs. C. L. Guinn, 1300 Ave. L, will celebrate their 50th wedding anniversary Sunday, August 1.

Their daughters, Mrs. J. O. Rice, Mrs. Witt Springer, Mrs. C. M. Dwight and Mrs. Harry Gurney, will be hostesses at open house for their parents, celebrating the event, at the Avenue L home from 2:30 p. m. to 6 p. m. Sunday.

All friends of the couple and the family were invited to visit the couple during the hours of the open house.

BEST CHANCE OF SURVIVAL

A single common word, survival, covers the most awesome problem that this nation has ever faced. It is almost impossible to visualize the destructive power of the weapons that exist today, and the even more terrible ones that will probably come into existence in the relatively near future.

A vast literature has been written on what we must do if we are to continue to exist as a nation. A very distinguished authority, Charles A. Lindbergh, makes an impressive contribution to it in a brief article appearing in the Saturday Evening Post of July 17th, entitled "Our Best Chance to Survive."

General Lindbergh begins by pointing out that, in atomic war, an initial attack made without warning could kill millions and destroy all the great cities. Thus, unless the nation possessed military forces which were both extensively decentralized as well as extraordinarily powerful, its ability to retaliate in kind might be destroyed too. He writes, "The hydrogen bomb and the super-sonic missile have eliminated defensive security on the surface of the earth. The most elaborate defensive network we can devise would intercept only a fraction of modern enemy aircraft launched in a determined attack on this country. Atomic bombs can also be delivered by submarines, ships, or submersibles, and one bomb will erase one city."

Here General Lindbergh observes that to strike without warning is against our traditions. So, of course, is capitulation. The one alternative is vast military strength: "We must maintain an

inexpugnable means of retaliation — a method of delivering our bombs in the event a surprise attack is made upon this country, and after we have absorbed the first terrific blow."

This means, he goes on, that we must have great numbers of air bases, so many that our retaliatory power could not be paralyzed in that initial enemy attack, no matter how great its scale. It further means "research, development and industrial-decentralization programs that will improve the effectiveness of our future weapons and reduce our vulnerability." So far as possible, he believes, important establishments of all kinds should be located outside the major target areas.

General Lindbergh also emphasizes the human element in the military forces. In this element, he writes, "lies an extraordinary opportunity to increase our power and reduce our costs. . . . Our ingenuity in the use of man has not kept pace with our ingenuity in the use of the machines man manufactures. Economy itself demands that . . . long years of expensive training should be followed by opportunities, pay and conditions which encourage people to remain in the careers they were trained for."

Finally, General Lindbergh advocates, "a prodigious Air Force, a strong Army, a strong Navy and strong allies." The task is a formidable one, but he is convinced that it is within our capabilities, and that it is absolutely essential to survival. To quote him once again, "As long as a dangerous enemy exists, our security will lie in the indestructible power to destroy."

AND NEWS OF INTEREST TO WOMEN

Tea Compliments to Lillian Seymour

Lillian Ross Seymour, daughter of Garrett Sills, was honored with a gift tea Tuesday at the First Methodist church for the occasion. Mesdames Carlos Turner, Shertzer, W. C. McDaniel, Davis, Leo Clinton, R. W. J. T. Anderson, R. N. E. H. Lightfoot, W. J.

Foxworth, and Miss Ella Andros. The room was decorated in the honoree's chosen colors of yellow and white. The refreshment table was laid with a white maderia cloth and centered with an arrangement of yellow and white flowers surrounding a gilded cage of blue lovebirds. There were yellow candles in golden holders on each side. The refreshments of punch, cake, and mints also carried out the honoree's colors.

Cates Hostess Baptist Circle

Three of the First Baptist met Tuesday in the home of Mrs. W. C. Cates. Upon the members were served refreshments.

Mrs. E. H. Lightfoot greeted the guests at the door and presented them to Mrs. Leslie Seymour, mother of the honoree, and Miss Lillian Ross Seymour, the honoree. After viewing the lovely array of gifts, the guests were directed to the bride's book where Miss Patsy Nance presided.

J. Poe presided over the service. Mrs. Fred Grist led in the singing. Mrs. Bobby Zellers gave a lesson from 1 Corinthians 13:4-7, and Psalm 136.

Misses Jane Huestis, Scripp Cluck, and Nancy Cluck furnished music throughout the evening. Mrs. John Shertzer presided at the punch bowl and Mrs. George Davis served the cake.

Approximately one hundred and fifty guests called during the evening.

Approximately one hundred and fifty guests called during the evening.

East Baptist W/MU Circle Meet Monday

All circles of the East Cisco Baptist Church met Monday morning at 9 o'clock for a business meeting and Bible study.

With the president in charge, the meeting opened with the group singing, "I Must Tell Jesus." Mrs. J. O. Warren led in the singing and Mrs. Carlton Holder played the piano. Mrs. M. B. Payne led in the opening prayer. Rev. F. C. Brdaley taught the Bible lesson from the Bible Study Book. Mrs. Warren led in a special prayer for guidance in the work of the W.M.U.

Mrs. W. L. Lewis brought the devotional. The minutes were approved as read and the treasurer's report was adopted. The standing chairmen gave their reports. After accepting Ruby Nell Jones' resignation, LaFray Hart and Nita Halliburton were elected for morning sunbeam leaders.

The president appointed a nominating committee for the coming year. It is Mrs. Warren, Mrs. Qualls, Mrs. Bradley, Mrs. Marcontell and Mrs. Bosworth. The mission chairman made her assignment for the coming month. Lois Holder dismissed the meeting with prayer.

Refreshments were served to Mesdames Roy Marcontell, W. L. Lewis, N. J. Tarver, Bill Sharpe, L. J. Nelms, M. B. Payne, F. C. Bradley, Don Rupe, Ollie Hughes, J. O. Warren, Carlton Holder, R. E. Green, B. F. Thomas, George Pruitt and Rev. Bradley.

Rev. and Mrs. M. J. Scaer and Mr. and Mrs. Theodore Reich and Edward spent the weekend in Lamesa with relatives.

SPECIAL FLIGHTS — The start of a pigeon race is shown in Harrowgate, England, as an attendant releases the birds from their cages. More than 25,000,000 pigeons are carried on 3000 special trains on British Railways each year to starting points of hundreds of races.

Fullwood Family Has Reunion Here

The family of Mr. and Mrs. Mace Fullwood of Turnersville met at Lake Cisco Park Sunday for a family reunion.

The day was spent in visiting and taking advantage of the recreational facilities of the park. The highlight of the reunion was a basket lunch at noon.

Attending the reunion were Mr. and Mrs. Olan Dollins of Buckners Orphans Home, Dallas; Mr. and Mrs. Oden Dell Dollins and daughter of Clifton; Mr. and Mrs. Earl Fullwood and sons of Valley Mills; Mr. and Mrs. Mace Fullwood and Gad Fullwood of Turnersville; Mrs. A. L. Thetford and Robert and Jerry Smith of Cisco and Mr. and Mrs. E. L. Clay of Chico.

Mrs. Dennis Cotton and Bryan and Mrs. Silas Clay and Diann Bill Seaborn and several other Cisco friends visited the group during the afternoon.

Luncheon Held For Baptist Circle One

Circle One of The First Baptist Church met Tuesday morning at 10 o'clock at the home of Mrs. W. D. Hazel for their regular meeting and a covered dish luncheon.

The meeting opened with a short business session with Mrs. C. S. Surles presiding. The circle was assigned to serve cold drinks for the Mexican Mission Picnic. Mrs. Hazel brought three chapters of the mission book on soul winning.

At noon, the group enjoyed lunch. After lunch the book was finished.

Those present were Mesdames C. S. Surles, E. C. Duncan, G. B. Langston, Walton Baum, Henry Fry, C. A. Farquhar, the hostess, Mrs. W. D. Hazel, and a visitor from Abilene, Mrs. Doris Clark.

First Baptist Circle Six Meets Tuesday

Circle Six of the First Baptist Church met for their regular weekly meeting in the home of Mrs. D. N. Morrison on Tuesday. Mrs. Waymon Johnson presided over the meeting, which was opened with prayer by Mrs. M. P. Farnsworth.

Business was discussed and it was decided to give four dollars to the Minister's Relief Fund. The devotion was given by Mrs. Morrison. Two chapters of the mission study book were taught by Mrs. J. N. Smith. The meeting was closed with prayer by Mrs. Johnson.

Refreshments were served to Mesdames M. P. Farnsworth, J. N. Smith, Gib Bowers, Waymon Johnson, Don Reynolds, Hershel Barnes, A. D. Taylor, and the hostess, Mrs. D. N. Morrison.

Mrs. LaRoque Hostess For Circle Meeting

Mrs. W. H. LaRoque was hostess to Circle Two of the First Baptist Church Tuesday at 3 p. m.

Mrs. O. G. Lawson, president, presided over the meeting. The devotion was given by Mrs. O. J. Russell from Romans 1 and Hebrews 10.

The missionary program was given by Mrs. Russell, Mrs. O. P. Wheeler, and Mrs. O. L. Mason. Refreshments of cake and punch were served to Mesdames O. G. Lawson, O. L. Mason, O. P. Wheeler, E. L. Jackson, W. J. Parsons, O. J. Russell, and the hostess, Mrs. W. H. LaRoque.

Public Services Available Listed In UofT Booklet

AUSTIN, July 28. — Services to Texas public officials and citizens are described in a new booklet issued by the University of Texas Institute of Public Affairs, "Serving the Future."

The Institute conducts research on problems important to regional, state and local government, and publishes studies based on that research; provides information for the public; trains students for public service; and trains public officials and consultants with them on special problems.

President Logan Wilson, in a statement appearing in the booklet, points out that the University is "a storehouse of invaluable knowledge," to be found in libraries, laboratories and the minds of faculty and staff members. The University "is constantly striving to make more of this knowledge available to all the citizens of the state through such research groups as the Institute of Public Affairs," Dr. Wilson says.

The Institute's library contains the largest specialized collection of governmental material in the state. Research conducted by its skilled staff has resulted in publication of more than 50 books, bulletins and pamphlets on topics of citizen interest. In addition, the Institute answers specific questions by correspondence and by telephone.

Special training programs for

public officials and graduate training for students planning to enter public service are major Institute functions.

Expansion of the Institute program is expected to result from recent establishment of an Institute of Public Affairs Foundation. Gifts may be made for a specific purpose or for general use in the Institute program. Funds will be used to provide fellowships and assistantships, to enlarge the research staff, for in-service training and for library additions.

Dr. Stuart A. MacCorkle, government professor and former Austin mayor pro tempore, is Institute director. He is the author of several books on state and local government.

Dr. Wilson says.

FFA Convention Is Described As Successful Event

SAN ANTONIO, July 26.—The largest and finest convention of the Texas Future Farmers of America ended in San Antonio Friday with more than 3,000 young farmers and their guests representing more than 700 of the 900 chapters in the state.

David Risinger of Ferris was elected state president, succeeding Jon Hagler of La Grange, Joe Dan Boyd of Willsboro was named as delegate to the national convention, and Raymond Hinder of Canyon was selected as candidate for the Star American Farmer degree.

Electing a successor to Joan Winchester of Weinert, state F. F. A. sweetheart, was one of the most difficult tasks for the convention. The new state sweetheart is Martha Nell Banks of Waxahachie.

State officials of the organization lauded the convention as the best in the 26-year history of the gatherings. "It was also one of the most pleasant," said George H. Hurt of Austin, acting director, Vocational Agriculture Education, Texas Education Agency. He commended the local planning group from the Farm and Ranch Committee, San Antonio Chamber of Commerce, headed by Elmer Crumrine. Honorary Lone Star Farmer degrees were conferred on Crumrine, Lucian T. Jones, Bill McReynolds; and W. L. Jones, manager of the Chamber's Farm and Ranch Department. Others receiving the honorary award were: J. D. Sartwell, H. E. McLean, Lawrence O. Sturdevant, Bob Evans, and Howell B. Jones of Houston; Dr. C. R. Lees and Gene Bales, Fort Worth; R. P. Marshall of Kingsville; Clinton Hanbers, L. Grange, and J. P. Reinhold, Chicago. There were 448 young Texans that received the Lone Star

DISCRIMINATION — Some children in Detroit formed this picket line outside Waterworks Park to demand the park be made available as a playground again. It was closed in 1950, when the Korean crisis posed a threat of saboteurs poisoning the city's water supply.

Farmer degree during the convention. Norman Tueck of Canyon was runner-up for the state presidency. He will be a vice president, along with the following: Bud Hale, Lamesa; Danny Gansky, Schulenburg; Don Wisdom, Quanah; Tommy Elledge, Mabank; Gary Pepper, Mt. Pleasant; Huntis Black, Lometa; Kenneth Rosenberger, Nacogdoches, and Lewis Dillon, Donna.

'Way Back in the Early 20's —
... we started out in the abstract business in Eastland County. Then, as now, the abstract was a necessary part of every real estate transaction. We soon learned that an abstract was something more than a bundle of pages with numbers on them. Even more important today, it must not only be accurate, concise and revealing, but it must be a quality product of completeness prepared to stand the most thorough and critical title examination.

this ONE antenna
improves today's reception...
and will receive tomorrow's new VHF channels
CHANNEL MASTER'S fut-u-r-a-m-i-c
The antenna designed for today and tomorrow

- Extra Performance
 - Extra Economy
 - Extra Versatility
 - Extra Simplicity — single installation, no antenna switching.
- Now! Improve your present reception and be ready to receive the new VHF channels of the future.
No longer must you hesitate because present stations will be changing channels, or because new stations are coming on the air. The Futuramic gives you complete coverage of TODAY'S channels — and TOMORROW'S too. And if you live in an area where two or more channels can be received, enjoy them all perfectly — with the Futuramic.
There's a Futuramic model "made to order" for this area. See your dealer or installation man.

The Futuramic improves reception in each of these areas:
1. Areas in which present stations are changing channels.
The Futuramic will out-perform the antenna you are now using on the present channel. And when the change is made, this superior reception will continue on the new channel without interruption. Don't be caught without reception. All antennas cannot be changed overnight. Be prepared by installing the Futuramic NOW.
2. Areas in which new VHF stations are being added.
The thousands of single channel antennas now in use will be unable to receive these NEW channels. Have the Channel Master Futuramic installed today to improve your present picture, and to provide reception on the future channels at no additional expense.
3. Areas served at present by 2 or more VHF stations.
Don't struggle along with poor pictures just for the sake of getting two stations. The Futuramic provides brilliant, multi-channel reception while avoiding the expense of separate antennas for each channel. Change now to a Futuramic, the most effective multi-channel antenna yet developed by modern science.

OUTSTANDING PERFORMANCE! OUTSTANDING VALUE!
The Futuramic gives you the:
• Extraordinary sensitivity of a Yagi
• Razor-sharp directivity of a Yagi
... NOT on just one channel, but clear across the band!

FRIGIDAIRE
