

### THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

J. W. SITTON and TED READ Publishers

Published Daily except Saturday and Monday at Cisco, Eastland County, Texas, by Free Press Publishing Corporation, incorporated under the laws of Texas. Editorial and publication offices at 304-306 D. Avenue, Cisco, Texas.

SUBSCRIPTION RATES: \$3.00 per year by mail (outside Cisco) in Eastland, Stephens and Callahan Counties, Texas. In other Texas Counties, \$5.00. Per year in advance (Cisco, by mail) \$5.50. Per week (by carrier) 15c.

#### WOMEN JURY SERVICE PROPOSAL

It is almost two months until the November general election, but none too early to begin studying the state constitutional amendments that will appear on the ballot.

The Legislature has put quite a load on the people — 11 proposed changes in the state's organic law, most of them involving important issues. One of the most important is H. J. R. 16, providing that "neither the right nor the duty to serve on grand and petit juries shall be denied or abridged by reason of sex." Where the term "men" is used in the Constitution in reference to juries, it shall include persons of both sexes.

Only five states, including Texas, do not permit jury service by women. Six have changed their laws to permit or require it since 1949. The verboten, a relic of another age, is as inconsistent as it can be.

Women practice law, sit on the bench of many courts, serve in Congress and in the Legislatures, making the laws, serve in the armed forces, engage in virtually every profession and business. Yet in these five states their sex alone bars them from jury service. This obsolete ban should be rubbed out of our state Constitution.

Inquiries of federal judges in various sections of the country have evoked the uniform opinion that women make as good jurors as men in every respect. The chief objections to female jury service are that court houses are not required to furnish overnight accommodations for women jurors when necessary, and that special exemptions or exceptions for women are necessary because of household duties. These arguments have been met in courts of other states; why not in Texas?

There is increasing need for qualified jurors. Getting enough "good men and true" to serve is a problem. It should not be, and would not be if the courts could draw jurors from both sexes. An amendment similar to the one coming up in November was rejected in 1949 by the vote of 154,392 to 130,908. That this vote, cast in an off-year election, was too small to be representative of the Texas electorate is apparent from the fact that in both the preceding and the succeeding year more than a million ballots were cast in primaries and general elections.

This year the Texas League of Women Voters and other groups will make a campaign for the jury service-for-women amendment. All voters should inform themselves concerning the measure, and when they do, we believe they will support it.

### Diverted Acres Offer Farm New Opportunities

Ideal use for diverted acres. Improved grasslands produce more feed per acre at less cost than other crops.

Many farmers are wondering how the acreage allotment program affects them. Some may refrain from complying with its provisions and foregoing its price support provisions because they do not understand it. Compliance is wholly voluntary.

ACP can help make him the necessary or desirable adjustments that come from curtailing acreage of a major farm crop which he has grown for years. It will help him build soil fertility, improve soil structure and increase water-holding capacity of land diverted from such crops, and take defensive action against water and wind erosion.

Such adjustment may bring a realignment of operations. It probably will mean planting more grass and cover crops, resulting in greater profits from cattle, sheep and hogs pastured on such acreage. But it may also mean the establishment of an orchard or vineyard which would add to the family's well-being, as well as additional income.

Introduction of cover crops into the farming rotation is a practice that is considered important and is included in ACP. In fact, cover crops, many of which may be pastured, are so important in decreasing wind and water erosion and improving soil structure that many practices included in the ACP for cost-sharing, concern the establishment of vegetative cover.

Since, for the most part, farm-

#### National ACP Sets Up New D-4 Practice for Diverted Acres Providing for

- 1. Establishment of cover crops in fall of 1954 on land diverted from crops for 1955.
2. Public sharing of cost by paying up to 50 percent of cost of seedbed preparation, lime, fertilizer and seed.
3. Cover crop may be pastured or green manured.

ers will take out of major crop production those acres which are least productive, such "diverted acres" will need the most protection. Vegetative cover crops seem to meet this need.

Designed particularly for the land being shifted from crop production, the ACP is offering a new practice to provide cost-sharing for a vegetative cover of grass, legumes or small grain on these acres. The land may be pastured, and in counties hard hit by drought, this may be the only grazing available.

The Agricultural Conservation Program can thus be of real help to farmers in this period of readjustment. Consult your community or county Agricultural Stabilization and Conservation Committee chairman or county agent for detailed information about programs and your seed supplier as to availability of seed supplies needed to carry them out.

RUGGED GRANDEUR—Tumbling ruins are all that remain of Duerstein Castle, near Krems, Austria. Built around 1000 A.D., the castle once controlled traffic on the Danube River. Its owner strung an iron chain across the river to stop ships and rob them, or force them to pay exorbitant tolls.

#### Vets Questions And Answers

Q — Is it possible to obtain additional Korean GI training allowances because I am supporting my parents? Or are the extra amounts limited only to married veterans?

A — It would be possible to obtain the higher rate of GI allowance if you are supporting your parents, and are single. They will have to fill out a VA form, "Statement of Dependency," which may be obtained at any VA office. You must submit a certified copy of the public record of your birth, or of the church record of your baptism.

Q — I want to study law under the Korean GI Bill. Would I be allowed to take a bar review course after I complete my college work?

A — Yes. On your application form, list "Lawyer" as your objective. And put down both Bachelor of Laws degree and "Bar Review Course" as your training program leading to the objective.

Q — A friend of mine is a totally and permanently disabled World War I veteran who is receiving an extra pension allowance because he needs regular aid and attendance of another person. He has just been admitted to a VA hospital. Will his extra allowance continue while he is hospitalized?

A — No. The higher pension rate for regular aid and attendance does not apply when the veteran is hospitalized by VA.

## AND NEWS OF INTEREST TO WOMEN

### Presbyterian Women See Motion Pictures

The September business meeting of the Women of the Presbyterian Church was held Tuesday evening at the church with the vice-president, Mrs. W. W. Wallace, in charge.

Mrs. Homer Slicker gave the opening prayer. Minutes of the previous meeting were read and Mrs. A. E. Jamison, treasurer, read her monthly statement.

Reports were given of Circle One by Miss Helen Crawford, Circle Two by Mrs. J. J. Tableman, Circle Three by Mrs. A. E. Jamison, and Circle Four by Mrs. H. L. Jackson.

Mrs. Wallace spoke of the study class being conducted by the Rev. H. Grady James on the life and teaching of Jesus Christ each Wednesday evening and suggested that the circles take turns to serve refreshments between the two hour classes.

Mr. and Mrs. Homer Bible offered apples to be canned for the Home and School at Itasca with Circle Two sponsoring the can-

ning. All members were asked to be at the church Thursday morning to help with the canning.

Letters were read from Mrs. H. T. Moore, Presbyterial President, and Mrs. J. A. Little, Synodical president. Miss Willie Word stressed the reading of the Church Extension books. The group was reminded of the World Community Day to be held November 5 at the Wesley Methodist Church in Cisco.

Mrs. Rudy Kamon, chairman of world missions, mentioned a set of pamphlets on world missions at the public library and the church library. Mrs. Kamon said that warm clothing was still needed in Korea and that she would like articles to fill another duffel bag. She stated that she had sent six boxes of used Christmas cards to Mrs. Cleveland, a missionary in Mexico.

Word was received from Brownwood stating that they would like to have 100% attendance at the Presbyterial meeting there on November 17. It also stated that missionary speakers may be had if arrangements are

**BIRTHDAY BEAUTY**—The charm of lovely Doris Dean helped mark the arrival in New York of the largest shipment of Dutch tulip bulbs to reach the U.S. this year—the 400th year since the introduction of the bulbs to the Western world. In 1554, they were first brought to Europe from Asia Minor, and chances are, at that time, there was no one as pretty as Doris to welcome the bulbs. She's the National Tulip Queen.

### Legion Auxiliary Has Monthly Meeting

The American Legion Auxiliary met Monday at the Legion Hall for their monthly meeting with Mrs. J. M. Flournoy, president, in charge.

The meeting was opened with the singing of "America" with Mrs. Opal Blackstock at the piano. Mrs. Jay Warren led the pledge to the flag and Mrs. Addie Stephens, chaplain, led in prayer.

Routine business matters were transacted and a call to the district convention in Mineral Wells in October was read. Delegates for this meeting were named and the president appointed an entertainment committee.

Mrs. Gorum Glasscock, program chairman, presented Mrs. E. L. Jackson who gave a report of her trip to the National Legion Convention in Washington, D. C. Approximately 20 members attended.

### Goodwill Rebekahs Hold Weekly Meeting

The weekly meeting of the Goodwill Rebekah Lodge was held Thursday evening at the lodge hall with Mrs. Connie Hyatt, noble grand, presiding.

Routine business matters were transacted and a program celebrating the anniversary of the Rebekah Odd Fellowship was presented by the members.

Those attending the meeting were Mesdames Connie Hyatt, Leah Bates, Ethel Moore, Rhoda Burkett, Meda Strawn, Lydia Krauskopf, Pauline Taylor, Dee Clements, Edith Rainbolt, Juel Browning, Mae Kleiner, Winnie Linebarger, Ruby Curtis, Katie Cooper, and a visitor, Mrs. Ethel Wright.

made now.

Miss Mary Crawford, missionary, asked for prayers for the disturbance among the people in the Congo in Africa. Mrs. Slicker reported sending eight subscriptions to the Austin College Circle and others were asked to subscribe.

Mrs. P. R. Warwick told of a black leather binder to hold two years church bulletins needed to be filed at Mon-Treat and the motion was passed to buy this binder.

Mrs. Rudy Kamon, program chairman, presented a program on India. A skit was presented by Miss Helen Crawford, Mrs. Gloria Benton, Mrs. Vera Kleiner, Mrs. Glenn Dietiker, and Mrs. P. R. Warwick. Following the skit, Mrs. Kamon explained the moving pictures which would follow, taken by her son, of the aborigines in Australia who were supposed to come originally from India. Other pictures of India and the Holy Land were shown by George Irvine.

Mrs. Kamon closed the meeting with prayer.

Approximately forty members attended the meeting.

**Fire Prevention Week Challenge Seen For Texans**

COLLEGE STATION, Oct. 2. — National Fire Prevention Week, proclaimed by President Eisenhower October 3-9, presents a special challenge to Texans this year. For an eight months' period commencing January 1, 87,608 acres of pineywoods have burned compared to only 15,646 acres during the same period last year. These figures do not include thousands of acres of range lands. Dr. A. D. Folweiler, director of the Texas Forest Service, said, "The prevention of this waste of natural resources is everybody's business."

Fire Prevention Week was first observed in 1871 following the historic Chicago fire. Since that time October 9 has been recognized nationally as Fire Prevention Day. Personnel of the Texas Forest Service will cooperate with civic clubs, schools, fire departments, and other organizations in the observance of the Week.

"One week each year is not enough to practice fire prevention. Even the smallest forest fire kills little trees, trees that are vitally needed to supply wood for future generations of Texans," Dr. Folweiler stated. "Let them grow up — not burn up."

This year the drought has contributed to the excessive forest fire losses. Due to the extreme dry conditions in the pineywoods, the Texas Forest Service emphasizes the need for observing Fire Prevention Week. Forest fires can be prevented by using ash trays while driving cars, extinguishing camp fires before leaving, crushing cigarette and cigar butts before discarding, holding matches until they are dead out, plowing firebreaks before a field is burned and burning a field or trash only in the late afternoon when the wind is low.

**Loboes — —**  
From Page One

secondary. The Loboes won the toss and took the opening kick back to the 44. On the first play Gallegos fumbled and McCulloch recovered for Coleman on the Lobo 47. On the first play following the fumble recovery Davis pass to McCulloch was intercepted by Buck Whitehead. Runs by Gilmore, Gallegos and Phippen put it to the 37, the point from which Reynolds scored. Lipsey kicked the first of his four extra points.

Coleman knotted the count on the final play of the first quarter when Quarterback Bill Davis went over on a sneak from the one foot line. The Bluecats took the ball on their own 35 on the kick following the Lobo touchdown and marched the 65 yards needed on 10 plays. Powell, Miller, Baucom and Whitfield bore the brunt of the attack. Lynn Laird kicked the extra point.

The Bluecats went ahead of the Loboes early in the second period when they recovered a fumble on the Cisco 22. Powell and Baucom carried to the four and Baucom took over. Laird failed to convert and Coleman was ahead 13-7.

On the kick Gilmore took the ball on the 20 and returned it to the Lobo 41. Runs by Phippen, Gallegos and Gilmore carried to the Coleman 48. At that point Coleman drew a 15 yard penalty and the ball was put in play on the Bluecat 33. From there Reynolds took off on his second touchdown jaunt behind nice blocking. Lipsey again converted and the Loboes went ahead 14-13.

Coleman took the kick-off on the 15 and returned to the 25. They worked the ball to the 44 where Baucom fumbled and Levere Adams recovered for Cisco. Coleman held for downs and Arzell Hale kicked off on the Coleman 10. On the first play Davis passed to Powell at the 25. Powell carried to the 30 where he was hit hard and the ball slithered out of his arms. Alert Fred Hayes plucked the ball out of the air and ran back the 30 yards to score. Lipsey again converted and the Loboes were ahead 21-13.

In the final second of the first half Cisco put across another tally on a beautiful run by Tommy Reynolds for 40 yards. The Lo-

boes had obtained possession of the ball on their own 49 on a punt, and a pass from Reynolds to End Bill Smith put the ball on the Coleman 40. From there Reynolds took off on a dancing, brilliant run to score. Lipsey kicked his fourth extra point of the game to bring the score at halftime to 28-13.

The third period went scoreless as neither team was able to move the ball successfully.

Buck Whitehead made the final Cisco tally when he scored from a foot out. Cisco had obtained possession of the ball on a fumble on the Coleman 47. Hayes recovered for Cisco at that point. Lipsey, Whitehead, Hayes and Reynolds worked the ball to the one foot line and Whitehead plunged over. Lipsey missed his only

point conversion by inches. Coleman's final tally came late in the final period against Lobo reserves. Davis went the final four yards on a sneak after pass completions had worked the ball to that point. Laird's kick was good and the score stood at 34-20. Play in the game ended on the first play following the kick-off.

**How far ahead of Edison are you**

Just 75 years ago, Thomas A. Edison created the first practical electric light bulb. tional electric power you'll want tomorrow and in the years to come.

It was a feeble thing and a luxury at first. Who would have guessed then how many ways you'd be using electricity today — to save time and effort, to make living more pleasant.

You're putting more new electrical "servants" to work year after year. That means you're going to need still more electricity.

The West Texas Utilities Company and the other business-managed electric light and power companies are building for that addi-

**West Texas Utilities Company**  
YOUR ELECTRIC RATES HAVE STAYED LOW  
In fact, in homes served by WTU, the average cost of a kilowatt-hour of service is 22% LESS than it was ten years ago!

After a total of 35 years in the same room, two years as an employee, five as a partner, and twenty eight as owner. I am retiring from business. The store, known as Maner's Pharmacy for the last twenty six years has been sold to Mr. and Mrs. Roy Huffmyer.

These fine people are well known to everyone in Cisco, and will operate the store on a complete and constantly improving drug store service. They are making some immediate improvements which will enable them to serve their customers better than in the past.

Mr. J. T. Eggen is remaining with them as Pharmacist, and every prescription filled will receive the personal attention of a Registered Pharmacist of long experience.

All accounts owed to me should be paid in the drug store, as in the past. It is not necessary to look me up for payment.

Mrs. Maner and I have had the pleasure of telling many of our former customers how much we enjoyed them, and how they have made our lifetime in Cisco so pleasant and profitable. To those we have not yet seen, we tell the same. We trust that each of you will continue to use and enjoy this store even more under the new ownership.

We have sold the drug store, but not a friend. We hope to retain the friendship of every person who has so faithfully befriended us during the good and bad fortunes of the past thirty five years.

With best wishes to our successors, and kindest regards to our customers and friends, we leave the drug store, but not Cisco. It is our home and we love it.

**LEON AND MADA LU MANER**
