## The Gay Philosopher

By J. W. S.

HOW WOULD YOU like for a special train to be run to Weatherford on Friday, Nov. 12, for the Lobo football game there tonight? If enough people are interested, the special train would be possible. The T&P folks remember that they would need a quartet that 350 people will pay the proper amount for round-trip tickets. The train would leave Cisco at 5 p. m. and return immediately after the game. The Lobos have three games to go before they get to Weatherford and they're not planning far ahead yet. Right now, we're concentrating on the Rain-Bulldogs, who come over next Friday night. You might tell the Booster's Club members if you like the special train idea.

IT HAS BEEN a decade or more since a football special train out of Cisco fans. I didn't find anybody who can remember when the last one was run. Riding special trains is a lot of fun, and you couldn't get your car to Weatherford back for \$2.59.

Last fall, the people of Weatherford rode a special train to go for the game. And the school buses plus dozens of private cars met the train to transport the people to the stadium.

The Weatherford P-TA made sandwiches and operated a concession stand aboard the special train. All of the food was served and the P-TA wired to have 200 sandwiches made up for them here.

A FINE HONOR has come to the Mr. Jack Chambliss. The music master has been chosen as one of four section leaders to work with a nationally known conductor next February on a 320-voice choir will sing the Texas Association of Music Teachers Convention in Dallas. Chambliss will direct the choir.

When you consider the fact that there are a great many music teachers and tenors in the state, you will see what a fine honor is for Jack and CJC. He earned about his selection in Dallas the other day. He went to attend Music Festival Day at Dallas Fair.

EVERY YEAR THE T&P Railroad sponsors a "happy holiday family reunion" time for the tired workers of that firm. The timers are given trips aboard air-conditioned pullman trains with dining cars and everything. The trains go somewhere and stay two or three days for the tired men to enjoy a holiday reunion together. The T&P picks up the tickets and the whole thing is free.

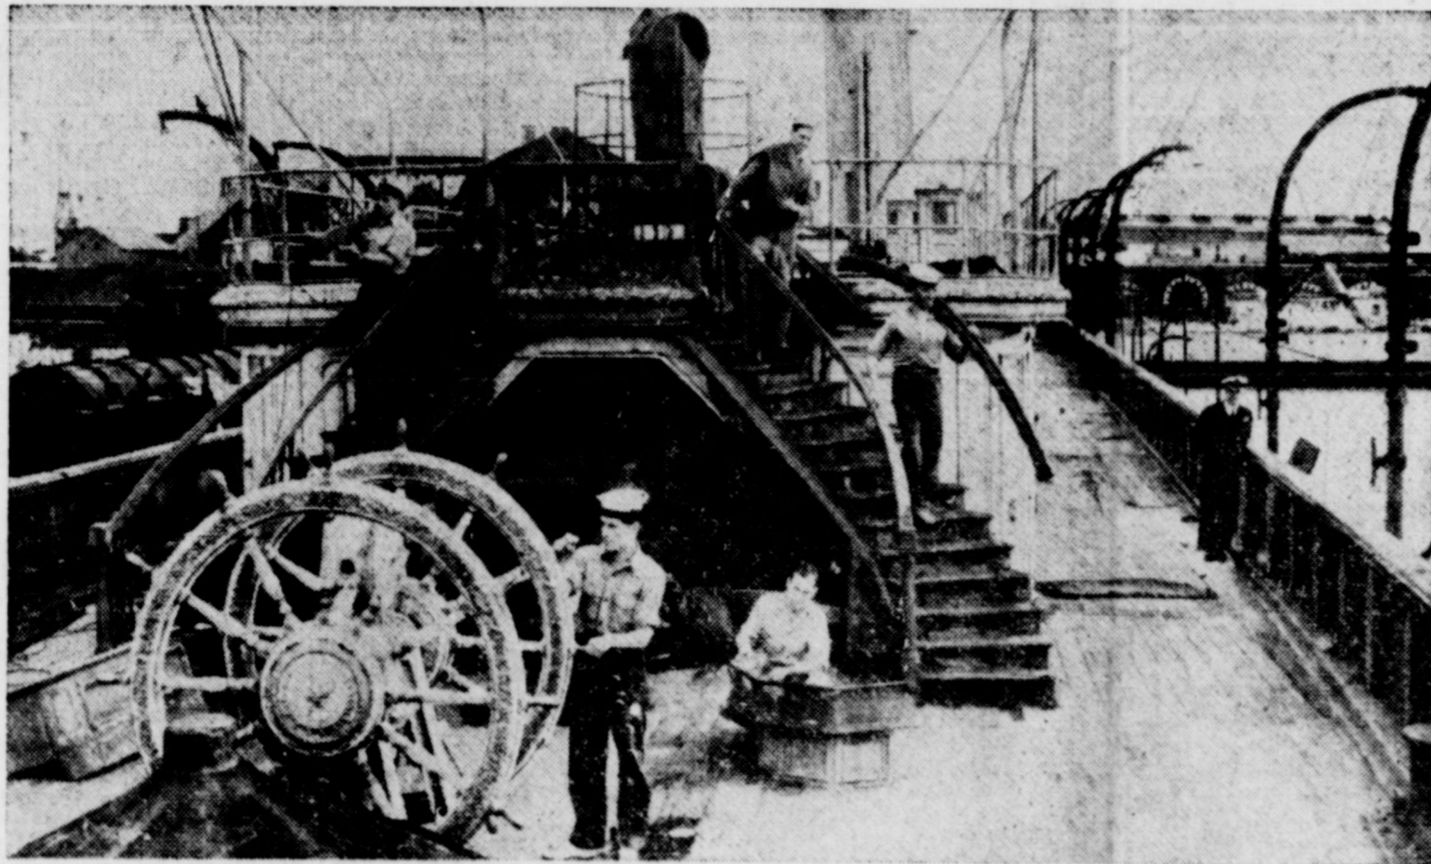

This is a splendid program and the company should have a lot of credit for it. One Ciscoan — C. C. Cole — will be aboard this year when the holiday train rolls out Oct. 20 for New Orleans.

SOME LAD WHOSE first name is Danny has lost his baseball glove. The reason we know is because it's on our desk. Mr. Earl Mayhew found it up in his neighborhood. So, if a boy by the name of Danny who lost a baseball glove will drop by our office, he can have same. If he never at Breckenridge they're using a Community Chest budget of \$16,335 and the total raised as under \$5,000 on Thursday. The Jim Websters were at Dallas Fair visitors on Saturday.

AMONG THE Ciscoans who are observing birthdays this week are:

- Oct. 17 — Jimmy McDonald, J. Deen and Thresa Weddington.
- Oct. 18 — Mrs. James Mcracken, Mrs. J. H. Denton, Kim Powers, Mrs. J. H. Latson, Jr., and Joan Ravenscraft.
- Oct. 19 — John Stuteville and Mrs. Dovie Seabourn.
- Oct. 20 — Lee Wallace and onnie Jo Steffen.
- Oct. 21 — Bill Joyner, Catharine James, Jeanette Clark and Jim Sitton.
- Oct. 22 — Kerby Thetford.
- Oct. 23 — J. C. Watson and Mrs. Austin Flint.

A BUS WILL bring 25 to 30 bilene business men to Cisco on goodwill trip Tuesday. They'll be here from 8:30 to 9 to call on Cisco business men. Manager (Turn To Page Four)

SERVED ITS PURPOSE—Workmen in Portsmouth, England, are stripping parts of the Royal Yacht Victoria as mementos for naval shore establishments. The vessel, laid down in 1897, has been deserted in the harbor. Among the souvenirs to be saved are the figurehead, cannon, a staircase, a stove and the wheel—all that remain of former glory.

## Seranton Teams Lose Contests To Desdemona Clubs

The Seranton boys and girls lost two closely contested basketball games to Desdemona in the Seranton gym Thursday night. The games were real thrillers all the way, and kept the fans standing most of the time.

The Seranton girls lost by a three-point margin while the boys lost by two points. In the first game, Desdemona's girls put on the steam in the final quarter to win 34-37, and in the second game the Desdemona boys eked out a 35-37 win.

Rogers of Desdemona was the high point scorer in the girls game. Kitty Ingram of Seranton was in second place with 18. Sawyers of Seranton had 14 points and Simmons two. Others seeing action were Carroll, Stewart, Ledbetter, James, Parks and Luster. In the boys game, Jimmy Blackwell of Seranton led in scoring with 10 points. Owens of Desdemona scored nine while his teammate, Nabers, scored eight.

Other Seranton players seeing action in the game were G. Parks, B. Parks, James, Starr, Reese, Johnson, T. Speegle and J. Speegle.

## Junior High Grid Team Plans Game

The Midgets of Cisco Junior High School will play De Leon Tuesday night in a football game at De Leon. The game will be a Junior Oil Belt conference contest.

The Midgets have two wins, a tie and a loss to their credit this season. They have wins over Rising Star and Dublin, a tie with Comanche and a loss to Breckenridge.

On October 26 they have an open date, and on November 2 they play in Eastland. They end their season on November 9 with Gorman at Chesley Field.

## SCS WORK UNIT IS BUSY WITH COUNTY FARM TANK PROGRAM

The Eastland Work Unit of the Soil Conservation Service reported Saturday that for the past month they have been primarily engaged in locating and laying out farm ponds for construction, along with checking them after completion for minimum specification and yardage of dirt moved.

The number of ponds being constructed can be realized by noting that on this date there are nine different contractors at work on ponds in the Eastland Work Unit area, which includes approximately three-fourths of Eastland County farm ponds are constructed as a part of the Agricultural Conservation Program and are located in order to obtain proper distribution of livestock and encourage rotation grazing and better grassland management as a means of pro-

## COUNTY ASC WORKS OUT COVER CROP PROGRAM FOR THIS AREA

The Eastland County ASC (formerly PMA) Committee has worked out a cover crop program and purchase orders are being issued to farmers and ranchers on seed and fertilizer. Administrator Emmett Powell announced Saturday.

The program was worked out at a meeting of the committee early last week and submitted to the state agency for approval.

Approval of the ASC in advance is necessary before any payment will be allowed in the cover crop program. Mr. Powell emphasized. Crops must be seeded before December 1, 1954, for payment.

Mr. Powell added that "we still have money left for tank building, terrace work and brush pushing during the current year."

It was understood that about \$30,000 has been obtained for use in the county cover crop program. The county ASC committee is composed of E. E. Blackwell of Chaney, W. R. Ussery of Carbon and W. E. Cooper of Rising Star.

## Light Pecan Crop Is Forecast For State And Nation

Production of Texas pecans is expected to total 19,500,000 pounds this fall, according to crop reporting board of the U.S. Department of Agriculture. This forecast is 3,000,000 pounds smaller than the prospective production on Sept. 1.

The crop is very spotty and is lighter on the plateau and in southern districts than in northern part of the state, the board said. Last year's production was estimated at 28,000,000 pounds and the 1943-52 average was 32,465,000 pounds.

The United States pecan crop was forecast for 91,252,000 pounds—down 13 per cent from the September 1 forecast, 57 per cent less than last year and 32 per cent below average. Prospects in each state declined during September, except Oklahoma which remained the same.

The severe drought in most of the pecan areas continued during September. Shedding of nuts continued and the pecans remaining on the trees are expected to be light weight. Harvesting will begin late in October.

Prices for pecans are expected to be a little higher than last year due to the comparatively short crop.

## Baptist Churches To Send Delegates To State Meeting

Cisco area Baptist churches will send delegates to Fort Worth this week for the annual Baptist General Convention of Texas. The event opens with conferences for pastors, laymen and women on Monday and continues through Thursday night.

The general convention's opening session has been set for Tuesday night. All sessions will be at Will Rogers Auditorium in Fort Worth, and meetings will be held in the mornings and at night.

Dr. J. D. Grey, pastor of the First Baptist Church of New Orleans, will deliver the convention sermon on Thursday night. Other program speakers will include Rev. J. N. Morgan, Fort Worth; Rev. Clyde Childers, San Antonio; and Rev. J. Ralph Grant, Lubbock.

Harold Souther of Irving will be in charge of convention music, and special music will be rendered by choirs from the Southwestern Baptist Seminary, Corpus Christi University, Hardin-Simmons University, Howard Payne College and Mary Hardin-Baylor College.

Dr. H. M. Ward, pastor, will head the list of messengers from the First Baptist Church. Mr. and Mrs. Frank Ashenbush, Mrs. A. R. Day and five others will attend as messengers.

Dr. Ward will appear on the convention program Wednesday to give a report on the election of directors for the Baptist Foundation.

Mrs. V. H. Bosworth, Mrs. Don Rupe and others will attend as messengers from the East Cisco Baptist Church. Names of messengers from other area Baptist congregations were not available.

## Cisco Soldier Is Released By Army

FORT BLISS, Oct. 16. — A Cisco, Texas, soldier, Cpl. Sharley J. Cooper, recently was released from active duty after serving two years with the Army.

Cpl. Cooper is the son of Mr. and Mrs. C. C. Cooper, 405 East 12th, Cisco.

The Cisco soldier has been assigned to Battery B, 4th Training Battalion, Antiaircraft Replacement Training Center, Fort Bliss, Texas, as an instructor in general subjects.

Cpl. Cooper was inducted into the service Oct. 7, 1952, at Abilene. He was promoted to corporal in October, 1953, and has the Good Conduct Medal and the National Defense Service Medal.

He attended Cisco High School and Cisco Junior College before entering the military service. Following his release, Cpl. Cooper will return to the Cisco area.

IRIS MEETING PLANNED The Taylor County Iris Association will meet Monday night, October 18, at 7:30 o'clock at the home of Velma K. Woodridge, 1850 North 6th Street in Abilene. Anyone interested in the Iris has been invited to attend the meeting.

## Completion Work To Begin Soon In New Oil Prospect

Ranger lime oil production was in prospect for the area two miles north of Cisco Saturday after pipe was set in preparation for completion work in the J. R. Lind No. 1 George P. Fee, wildcat test. Completion work is due to begin early this week.

Pipe was run to about 3,700 feet. It was understood that electric log tests indicated good production possibilities from the Ranger lime at 3,653-76 feet. Good shows were logged in the Lake sand, it was understood. Total depth was 3,950 feet.

Location is 330 feet from the north and 450 feet from the west lines of the southwest quarter of Section 76, Block 4, H&TC Survey.

## Officers Elected By Seranton Club

In the first meeting of the 1954-55 school year held Wednesday, October 13, the Seranton 4-H Club elected new officers to direct the work of the club during the year.

Barbara Simmons was elected president and Judy Ingram was named vice-president. Other officers elected were Lavada Luster, secretary; Sandra Auld, parliamentarian and news reporter; Rosetta Parks and Sheila Redden, song and game leaders; Laura Redden, council delegate and Mrs. Simmons and Mrs. Luster, adult leaders.

Sandra Auld and Rosetta Parks were named demonstrators in bedroom improvements and Nelda Stuart and Lynda Ledbetter were named demonstrators of clothing.

Miss Mason is the 4-H Club leader for the school.

## Community Choir To Rehearse On Monday

The Community Choir will meet at 7:30 p. m. Monday at the First Baptist Church for rehearsal, Jack Chambliss, director, announced Saturday.

All members of the choir, and anyone interested in singing with the group this year, were urged to be at the Monday rehearsal. The group has begun work on Mendelssohn's "Elijah," which will be presented to the public early in December.

## Boosters Club Will Hold Meeting Tuesday

The Cisco Boosters Club will meet Tuesday at 7 p. m. at the high school building, President Bob Latson said Saturday.

## Community Chest \$2,650 Short Of Goal In Budget Campaign

### LOBOES AND WRANGLERS PLAY THIS WEEK AFTER OPEN DATES

After an open date last week both the Cisco High School Lobos and the Cisco Junior College Wranglers will begin hard work Monday for games Friday and Saturday night.

Coaches Jay Williams and Charles Williams of the Lobos will begin Monday conditioning their charges for the opening of the District 9-AA chase as they meet the potent Ranger Bulldogs at Chesley Field here Friday night.

The Bulldogs, state champions in 1-A last year, got off to a slow start this year, but have been improving each week, and should be in top form for the Friday night game. Coach Boone Yarborough and assistant Coach Stubby Warden have six lettermen from last years state championship team around which they have built their team. They have won three and lost two in five non-conference contests played so far this season. They also had an open date last week.

The Lobos were given a vacation from drills Monday but worked hard the remainder of the week. Saturday they were given a trip to Waco where they witnessed the Baylor - Washington game.

They will spend the week on defense for the Ranger attack, and in perfecting their own assault tactics.

### Completion Work To Begin Soon In New Oil Prospect

Ranger lime oil production was in prospect for the area two miles north of Cisco Saturday after pipe was set in preparation for completion work in the J. R. Lind No. 1 George P. Fee, wildcat test. Completion work is due to begin early this week.

Pipe was run to about 3,700 feet. It was understood that electric log tests indicated good production possibilities from the Ranger lime at 3,653-76 feet. Good shows were logged in the Lake sand, it was understood. Total depth was 3,950 feet.

He attended Cisco High School and Cisco Junior College before entering the military service. Following his release, Cpl. Cooper will return to the Cisco area.

### Boosters Club Will Hold Meeting Tuesday

The Cisco Boosters Club will meet Tuesday at 7 p. m. at the high school building, President Bob Latson said Saturday.

Plans for the Ranger game will be made and the coaches will review scouting reports and tell of plans for the opening of the conference chase Friday night.

President Latson urged all members to attend the important meeting. Most of the time will be devoted to business, he said.

### Drive Is Extended For Another Week

The Cisco Community Chest was still short by \$2,650 Saturday in its campaign to raise \$8,000 in budget funds for 10 local organizations, Co-Chairman R. A. (Bob) Hammett of the drive reported.

The campaign began last Monday morning, and it will be extended through this week to give all workers plenty of time to complete all assignments.

Treasurer Paul Farrow had \$5,350 in funds turned in during the past week. Mr. Hammett's committee figures showed that 55% of business firms had made contributions, the work was 85% finished in the residential districts, the schools had completed their drive, and 20% of the special gift sources had responded.

Still to be heard from were area industrial firms and their employees, 80% of those on the special gifts list, and 45% of the city's business firms.

Mr. Hammett and Chairman D. N. Morrison of the business district canvass committee urged campaign workers to complete their assignments early this week. They were hopeful that the needed \$2,650 would come in when all of the contacts had been made.

"We must not fail to reach our goal," Mr. Hammett said. "The Community Chest has made a fine record in Cisco during the past four years, and we feel that our people will want to keep the program in operation. If we fail to provide the funds for the various cooperating agencies, it will be necessary for them to hold individual drives."

"Let's consider the time saved and general value of a Community Chest program. And let's every citizen do his part."

This year's drive provides budget requirements of local agencies, as follows: Cisco Welfare Association, \$1,500; ABC Club, \$1,000; Girl Scouts, \$1,000; Boy Scouts, \$1,000; USO, \$500; Heart Association, \$100; Cisco Hobby Club, \$250; Salvation Army, \$600; American Red Cross, \$1,900; and Gonzales Warm Springs Foundation, \$150.

Plans to assist Cisco Junior College with the annual homecoming by encouraging a huge crowd for the October 30 football game here with Allen Academy of Bryan were worked out Friday by the retail trade committee of the Chamber of Commerce, Manager Paul Brashear reported.

The committee will help publicize the event and will handle a special ticket distribution program in which adults will be admitted by paying a 25-cent service charge and children 10 cents. Details of this phase of the program will be announced soon.

A varied program is being planned for the game, including the appearance of several bands, twirling, and gate prizes. Details will appear from time to time in The Press.

The committee also discussed the Christmas shopping season program, Mr. Brashear said.

### Area Nurses To Hold Meeting Monday Night

Nurses of the Cisco area will meet Monday in Cisco at the First National Bank conference room.

All registered nurses of the area, including Abilene, Cisco, Albany, Baird, Rising Star, Eastland, Ranger and other communities are expected to attend.

## HUMAN VALUES IN BUSINESS

WASHINGTON — A good many people still are convinced that business is concerned only with production and sales, profit and loss. They think that the typical business man is strongly materialistic, with small regard for human values.

But today, says the Chamber of Commerce of the United States, these beliefs are obsolete. Incredibly, business men are becoming concerned with what Chamber President Clem D. Johnston terms "... the vast and vital areas that lie between the things of the spirit and the things of the world."

Business men realize, says the Chamber, that there is a contribution they can make in the area of human values. Thus today's responsible business man is more than a technician. He understands people and uses his understanding to promote their welfare.

As an employer, the business man is coming to understand that the people who work for him want recognition of a job well done, and a sense of participation, of belonging. Opinion surveys show that employees want these things even more than good wages and job security, the Chamber points out.

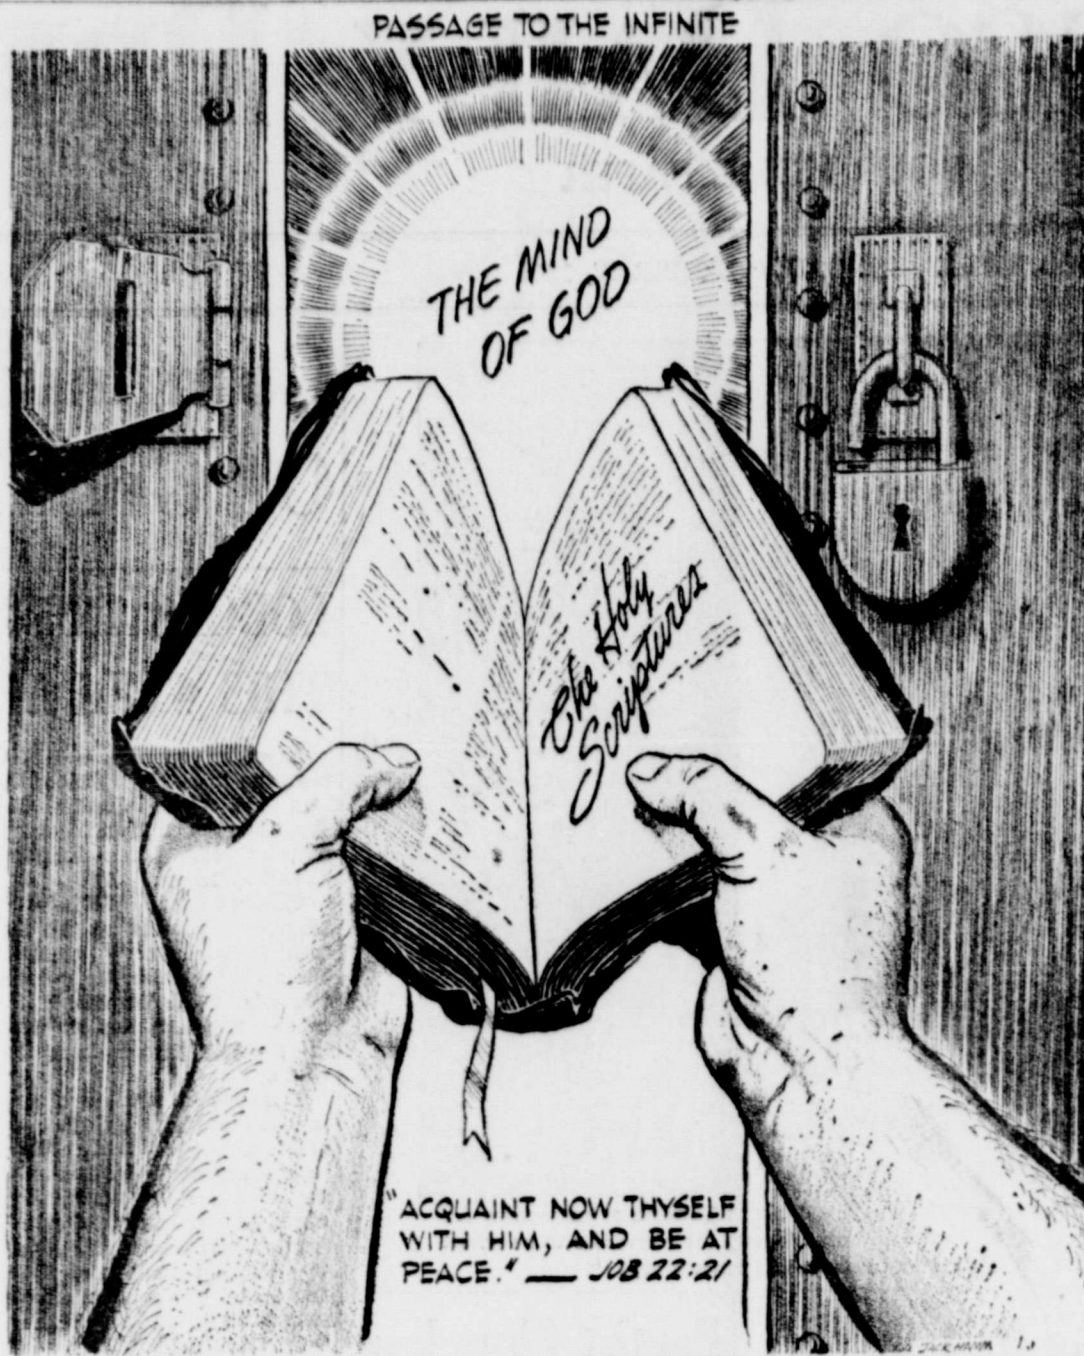

As a producer, the business man recognizes that what he sells can provide such benefits as comfort, leisure, better health, better living — all directly related to human values.

It may well be, the Chamber suggests, that business has found it can gain as much in the long run through venture in the study of human values as it has already gained through research into material productivity.

**IT'S THE LAW**  
in Texas  
A public service feature of the State Bar of Texas

tively simple. Yet, even in these matters, ambiguity or incompleteness can cause bitter disputes and expensive lawsuits.

A loosely drawn property description may have consequences entirely unintended by either landlord or tenant. Where rent is to be based on acreage, an accurate description is doubly important.

In addition, there are legal rules to substitute for some omissions in written leases. For example, the tenant who holds over beyond his term may automatically renew the contract if the lease is silent on the subject. It is as important to know the results of omissions as to know the courts' interpretation of the language used.

There are many matters which should be covered by a properly drawn lease. For instance, if a tenant is to farm on a share basis, care should be taken to define what expenses are to be paid by the parties as well as what shares are to be taken out. A lease should cover such things as who is to make repairs, what land is to be cropped, whether the tenant can cut timber, whether loss of a building by fire or other cause frees the tenant, or whether the landlord must accept a sub-tenant.

One great cause of difficulty with leases is blind faith on the part of the persons involved that all differences of opinion can be worked out. Poor memories as to verbal agreements can cause disputes between persons even though they are both honest and generous.

Many of the possibilities that should be covered by a properly drawn lease will not occur to inexperienced persons. The renting of land deserves a written contract, and it is a contract too important to be entrusted to anyone other than an expert.

## Tax Collector Is 'Cleaning House'

Texas housewives usually do their housecleaning in the spring. The tax people at the Dallas District Office of the Internal Revenue Service have to do their housecleaning in the fall.

Each fall over a million tax returns have to be disposed of to make room for the next year's returns. Most housewives give away or throw away old clothes, furniture and other things no longer needed when they are housecleaning.

Tax returns cannot just be thrown away but must be stored and eventually destroyed according to law. The Dallas District tax people boxed up the 1951 re-

turns this week to ship to the General Services Administration's Federal Records Center in Fort Worth for storage.

They need the space for the 1954 tax returns which will start coming in January 1st. When they had finished boxing the 1951 returns, they found that they had 1951 boxes containing 1951 cubic feet of the 1951 returns.

Those attending the meeting were Mrs. Sidney Spain, Mrs. E. E. Paul, Mrs. Doug Hill, Mrs. Roy Fonville, Mrs. John Kleiner and Mrs. Ben Krauskopf.

### It's Still the Thing To Do -

... even though it may be later than you think, to get an abstract to the property you bought recently or years ago without any knowledge of the title. Some folks wait too late to see their doctor or to catch the last train out and more of them commit errors in judgment when they buy real estate without an abstract. And the proper time to get an abstract is before you close the deal.

### BLACKOUT

DANE CLARK  
BELINDA LEE

The deaths last month in Eastland, Scurry and Throckmorton counties brought to 52 the number who died during the first nine months of 1954. This is two more than were killed during the same period of 1953 in the 13-county Texas Highway Patrol district with headquarters at Abilene.

Capt. George L. Morahan, THP district commander, has repeatedly blamed intoxication, speed and fatigue as the major factors causing the deaths.

While only three persons were killed, 34 were injured and \$42,462.45 worth of property damage was reported. This happened in a total of 79 accidents in the district. Injuries occurred in 23 of the accidents and in 53 property was damaged.

In the last three months highway patrolmen of the district have investigated 13 accidents in which 14 persons died, 91 accidents in which 142 were injured, and 147 mishaps in which there was \$126,965.95 worth of property damage. During July, August and September there was a total of 251 accidents.

In their duties of rural highway accident prevention and investigation, 21 patrolmen working from 16 patrol units traveled 57,570 miles. They worked 5,942 hours, 1,974 of which were at night.

Drivers license violations — 59, driving while intoxicated — 26, speeding — 259, improper passing — 35, and no valid safety inspection sticker — 72, accounted for the majority of the 494 arrests that were made in September.

Besides the arrests, 1,423 other drivers were warned.

### Southwest Games Will Be On TV

Key plays from three of the games to be played Saturday by Southwest Conference teams will be shown this week on Humble Oil & Refining Company's TV program, Texas in Review. Kern Tips, who heads Humble's football announcing staff, will comment on highlights from the Texas-Arkansas, Rice-SMU, and TCU-Texas A&M games.

Other items on the program will be scenes from the dedication of the new A. Frank Smith Fine Arts Building at Lon Morris College, Bryan Air Force Base where the 2000th flier was recently graduated, an all-Texas air tour, and a feature on Oil Progress Week in Texas, including films taken at the Permian Basin Oil Show in Odessa.

Texas in Review can be seen Monday on KRBC-TV, Abilene, at 8:00 p. m.

#### EAST WARD WINS

An East Ward School football team won a 6-to-0 victory over a team of West Warders in a game Friday afternoon. The only score of the game was made by Elmer Escobedo. Teams from the two schools played a scoreless tie the previous week. Another game is planned next Friday afternoon after school.

Mr. and Mrs. Tommy Pee and baby of Sweetwater are expected Saturday for a weekend visit with her parents, Mr. and Mrs. Jay Warren.

Mr. and Mrs. Roy Stoker and son of Breckenridge spent Wednesday in Cisco with Mr. and Mrs. E. C. McClelland.
