NO. 40

ALBERT H. LUKER, EDITOR AND PUBLISHER.

ONE DOLLAR PER YEAR, PAYABLE IN ADVANCE

Special Notice.

In obedience to the proclamation of the Governor of the State of Texas, all the citizens of this state, county commissioners, city councils, all the health authorities therein, are urged and admonished to take precautionary measures to prevent the outbreak and spreading of any and all contagious and infectious diseases, such as small pox, typhoid fever, scarlet fever, cerebrospinal fever, diphtheria, trachoma and all pestilential diseases within their jurisdiction.

The physicians of Houston county are earnestly requested to observe the above order, and report promptly the occurrence of any such diseases to Dr. S. T. Beazley, County Health Officer, at Crockett, Texas.

E. Winfree, County Judge,
Houston County, Texas.

A Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may as a rule be effected in less than one week's time, and in many cases within three days. Sold by B. R. Guice & Son.

Happenings Around Elkhart.

Elkhart, Jan. 11—Xmas has passed and people have begun the new year with much zeal in the way of farming and erecting new buildings. Great preparations are being made for planting Irish potatoes, in the way of purchasing fertilizer and preparing the ground. Also much cotton will be planted at this place.

Miss Roxie Power is having a nice two story residence erected in town.

Mr. Joe Driskill is erecting a store house.

Mr. Isaac Parker has erected a market and ice house.

A new bank building will be erected in the near future, a lot for same having already been purchased. Much other building too numerous to mention is being done in and around town.

The following spent Sunday afternoon in Grapeland attending the singing, and report a good time: Misses Jane and Georgia Hemby, Miss Davenport, Web and Albert Tyler, Wesley McCracken, Mr. and Mrs. Baber.

News From Augusta.

Augusta, Jan 10—On the 4th of this month the death angel visited the happy home of Mr. and Mrs. Jim Kennedy and robbed them of their baby daughter, Elnora. Funeral services were conducted by Rev. Stokely at the family residence, after which the sweet little flower was carried to its last resting place. A large concourse of friends were in attendance. Yes, little Elnora is gone to join the angel band far in the heavens, there to await the coming of that great day. The bereaved parents have the sympathy of all.

Our town has had such a hustle on itself lately we hardly know where to begin to tell the tale. Bro. Trimble and his interesting family have come among us. To all such good people we extend a hearty welcome.

Our esteemed fellow citizen, W. H. Holcomb, has purchased the Jake Sheridan property in town and we hope he is now a fixture. He is enterprising and has the push about him that gets things to the front.

Dr. Bolton of Slocum has purchased the Kennedy Bros. property and will be with us in a short time.

Jim McLean and W. H. Long have bought the entire stock of merchandise belonging to Kennedy Bros. These gentlemen have bought and will soon have in one of the largest and best selected stocks of goods ever shown in Augusta. Capt. Jim is no stranger to the business. W. H.

Long is one of our most worthy young men and will readily take the business in hand. We bespeak for them a successful future.

Dr. Blair and family are domiciled in the residence vacated by Dr. Elliott. Dr. Blair occupies the office vacated by Dr. Elliott. He has over hauled it and it now looks quite inviting. He has ordered a large supply of drugs and will soon be able to fill the wants of the people with anything that can be obtained in a first-class drug store. So you see we are in the push and intend to be in front.

Jack Story, formerly of 4C mill, has purchased the Robinson property and will be one of us in the future. His estimable lady will add lustre to our already bright social circle. Mr. Story will conduct a wood and blacksmith chop. He is a first-class workman.

Miss Kathrine Story is getting along nicely with her music class.

Our school, under the management of Prof. Boyd, is doing nicely.

The ladies of Augusta gave a dinner and supper for the benefit of the church. We understand they were very successful.

The school teachers, after spending a pleasant time at home, have all gone to their respective schools.

Dr. Blair informs us that there is some sickness but not of a serious nature.

The farmers are busy preparing for another crop.

The hustle of night is closing

around us and the night serenaders have commenced their tralala, and we must close. As ever,
Old Gray

Cured of a severe Attack of Bronchitis by Chamberlain's Cough Remedy.

"On October 18th, last, my little three year old daughter contracted a severe cold which resulted in a bad case of bronchitis" says Mrs. W. G. Gibson, Lexington, Ky. "She lost the power of speech completely and was a very sick child. Fortunately we had a bottle of Chamberlain's Cough Remedy in the house and gave it to her according to the printed directions. On the second day she was a great deal better, and on the fifth day Oct. 23rd, she was entirely well of her cold and bronchitis, which I attribute to this splendid medicine. I recommend Chamberlain's Cough Remedy unreservedly as I have found it the surest, safest and quickest cure for colds, both for children and adults, of any I have ever used." For sale by B. R. Guice & Son.

Mrs. Coker of Athens is here on a visit to her parents, Mr. and Mrs. John Royall. Dr. Coker will come in Sunday.

Try it Once.

There is more actual misery and less real danger in a case of itching, skin disease than any other ailment. Hunt's Cure is manufactured especially for these cases. It relieves instantly and cures promptly. Absolutely guaranteed.

Letter From Mr. Cutler.

Augusta, Texas, Jan. 10.—As I promised to write I thought I would give you a few dots.

After having traveled over a great deal of Western Texas I am again located at my old home in Houston county. I meet my children, grand children and friends, and of course it is quite a pleasure to me.

There is fine country in the west and plenty of money, still that country has its drawbacks as well as this. I think the best country is where a man is best satisfied.

Xmas is over and we have had a nice time; had a Xmas tree at Liberty Hill and your correspondent acted as Santa Claus for the young people and we had a fine time. Many nice presents were given away. We met many of our old friends, who seemed to be glad to greet us once more.

We are now busy preparing for a crop, which we hope will be a good one.

We are all well at this writing.

Wishing every one a prosperous new year, I am, respectfully,
G. B. Cutler.

Came Near Choking to Death.

A little boy, the son of Chris. D. Peterson, a well known resident of Jacksonville, Iowa, had a sudden and violent attack of croup. Much thick stringy phlegm came up after giving Chamberlain's Cough Remedy. Mr. Peterson says: "I think he would have choked to death had we not given him this remedy." For sale by B. R. Guice & Son.

Mr. Tom Cutler died Tuesday night from an attack of pneumonia. Mr. Cutler took sick at Latexo over a week ago and was at the residence of T. H. Leaverton when he died. He was a good man and his untimely death will be mourned by a large number of friends. His family have the sympathy of our entire community.

Don't It Jar You.

To have a cough that you can't leave off—even when you go to bed? Put it away for good by using Simmons' cough Syrup. It heals inflammation of the throat and lungs—gives you rest and peaceful sleep.

We regret very much to chronicle the death of Mrs. Rafe Parker, which occurred at her home near Oak Grove Wednesday night of last week. She had been ill for a long period, and while her death was not unexpected, yet it was a sad stroke to her many friends and relatives. The Messenger extends sympathy to the bereaved husband and heart broken son in this sad hour of bereavement.

If you will take Foley's Orino Laxative until the bowels become regular you will not have to take purgatives constantly, as Foley's Orino Laxative positively cures chronic constipation and sluggish liver. Pleasant to take. Sold by Carleton & Fortsh.

Kennedy Bros. have opened up their stock of goods in the Walling building. Chas. Livvy has accepted position with the firm.

DEFEAT MAIL ORDERS

Mr. Meretsall: Did you ever stop to think how many of your possible customers buy of mail order houses because you don't have just exactly what they want, and the mail order house does—or at least they think it does?

Did you ever stop to consider if you made your store absolutely up-to-date and complete in stock, there would be a good many more buying in your store and a good many less buying of the catalog houses?

Did you ever stop to consider that by frequently sizing up your stock and placing orders as you need, sending them by mail to your jobber instead of buying once a season from a salesman, that you would gain customers and trade?

Do you now see how your mail orders for your customers will kill off mail orders by your customer?

AS BRADS PREET SEES 1909

It would, of course, be unwise to say the outlook is entirely clear. There are problems to be met and solved before American trade and industry are fully restored to normal.

Among the problems affecting the future are the excessive cost of conducting trade, tariff revision, demand for stocks, and changes in underlying financial and business conditions.

All things considered, the country really is and, what is equally important, really feels in far better shape than a year ago, and this gain in optimistic sentiment, with the knowledge that we have been partially spared one of the worst effects of previous great panics—long continued and acute depression, with the consequent sacrifice of business life and slaughter of capital—is in itself a great gain for trade confidence. There is a sense of great relief that the community has passed so safely through a great crisis, and it is with a feeling of chastened and yet cheerful conservatism that the business world looks forward to the year 1909 with a fair degree of confidence, but with little expectation of a boom.—Bradstreet's Review,

YOUR TOWN.

More towns die for want of confidence on the part of business men and lack of public spirit than any other cause. When a man in search of a home or a business location goes into a town and finds everything brim full of hope and enthusiasm of the prospects of the place, and all earnestly at work to build it up, he soon becomes imbued with the same spirit, and as a result he drives down stakes and goes to work with the same interest. When however he goes to a town where every one expresses doubt and apprehension for the future prosperity of the place, moping about and

he naturally feels that it is no place for him, and he at once shakes the dust off his feet while he pulls out with all possible speed for some other place. Consequently try and make a live, enterprising town out of the town in which you live. When you are working for or saying a good thing for your town you are accomplishing all the more for yourself.

Our town has one thing of which she is justly proud of and to which she largely owes her good name, the influence of our schools. They have sent out a class of young ladies and gentlemen that are wielding a power for good and most successfully filling the best places and positions in life. There is no more efficient aid to morality, honesty, sobriety and good citizenship than well-conducted schools, and it is the part of wisdom to keep these schools up to the very highest point of excellency, and to do this there must be harmony of four elements, viz: The school board, the patrons, the scholars, the teachers, and without which perfect success cannot be attained, therefore, let it be the duty of these four elements to see that no deficiency or hindrance arises on their part to thwart the good purpose of the school. If factions exist, pray disband and give our hearty sanction and co-operation to the efforts being made to maintain the excellencies of our school today, and so enhance their interests that they shall stand second to none in the land.

Stomach Trouble Cured.

If you have any trouble with your stomach you should take Chamberlain's Stomach and Liver Tablets. Mr. J. P. Klote of Edina, Mo., says: "I have used a great many different medicines for stomach trouble, but find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used." For Sale by B. R. Guice & Son.

You will find a big stock of shoes, domestics, blankets, overalls and goods suitable for the winter months at Darsey's Dry Goods store.

Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by B. R. Guice & Son.

Jim Pennington and family, who have been in west Texas for the past year, have moved back to Grapeland. We are glad to welcome them.

HILL'S BUSINESS COLLEGE.

The Great Business University of the South.

There never was a time when the staunch institution, the name which heads the column, was in better or more favorable condition for doing high grade work than now. It has grown and improved with the passing years, and its reputation now is as wide as the State and as solid as the rock. Its thousands of graduates are filling positions of prominence in this and other States and the capability of its students is not called into question. Perhaps no institution has placed so many of its students into good paying positions and it is very certain that none stand higher with the business world. All this is the result of conscientious and painstaking labor on the part of Prof. R. H. Hill, the president of the College. Quality rather than quantity has been the motto and the result is when a young man or woman completes a course he is proficient. There is in every man that originates, builds up and maintains a business some element of true greatness. This is not lacking in the president of Hill's Business College. He has stamped his impress on the business college world and has winched at no discouragement or competition, but in the face of adversity and prosperity alike he has known only one idea and that idea has been to maintain a high standard of excellence and to achieve victory by deserving it. That this has been done his magnificent institution will amply testify. It will not be a wise thing for any young man or woman to

Catarrh and Headache.

Mrs. Z. E. Goforth, 2119 Holley Street, Kansas City, writes: "After using a sample bottle and two 25c bottles of Hunt's Lightning Oil, I am almost well of Catarrh. It stops my headaches. It is the best medicine I ever saw and I just can't keep house without it." She is right.

Geo. Calhoun shipped a car of fat hogs to Ft. Worth Saturday night. Frank Taylor accompanied the car.

A Religious Author's Statement.

For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys, and was confined to bed eight days unable to get up without help. My urine contained a thick white sediment and I passed some frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy. Sold by Carleton & Porter.

Remember if you want the best flour go to Howard's for Ruth.

Pay Your Bills By Check

It prevents disputes, as your checks, which are returned to you at the end of each month, are positive proof of payment. Besides, when you carry your money around in your pocket, you spend a little here and a little there for unnecessary things till your money is gone—and you can't tell where.

You wouldn't do that, if you had to write a check for each purchase. The result would be that in a little while you would have the best kind of an insurance policy against hard times and sickness.

Your money deposited in this bank will be a thousand times safer than hidden about the house. We solicit your account and will extend you every courtesy consistent with safe banking.

Nobody will know a thing about the size of your account, unless you tell them.

A Splendid Opportunity.

Business men desiring the services of a stenographer or a bookkeeper can get first class help by applying to the Tyler Commercial Employment Bureau, Tyler, Texas. This school maintains one of the most complete Employment Bureaus to be found anywhere; it is prepared to furnish graduates fresh from the school that are thoroughly trained in the most modern business methods, or furnish experienced help in almost any line of business that could be named. It maintains this employment bureau so that it may place its graduates in good positions as soon as their course is finished, and should they not be placed in positions paying sufficient salary to justify their remaining there, then it may secure for them better paying positions after they have had some experience.

The graduates of the Tyler Commercial College are not like those of the ordinary commercial school. In our stenographic department very thorough work is done, after the student has passed satisfactory examinations in all the shorthand, typewriting and literary work, he is placed in the Model Office, where he is given special office drill eight hours a day from two to four weeks. Students of the Bookkeeping and Business Training Department, after finishing the work outlined, are put in an Expert Department in charge of a man of much business experience, who gives them from two to four weeks special office training for clerical work. The combined course graduate of Bookkeeping and Shorthand has the advantage of the training in both the expert and model office departments, and when he is turned out from our school he will do better work than ordinary business college graduate after he has had one year's experience. In their Telegraphy department they give all the work of Western Union and railroad telegraphy, using all blanks, reports, ect., have electric railroad, main line train order wire of the Cotton belt, and other advantages found in no other telegraph school. There is no school in the U. S. that has as high requirement for graduation as the T. C. C. There is none that gives so much training in modern office appliances, such as loose leaf ledgers, statement ledgers, Huber Account Register, McCaskey Register, Adding machine, Mimeograph, filing cabinets multi-graph, ect.

The services of the Employment Bureau are free to both student and employer.

Notice For County Depository

The Commissioners Court of Houston County Texas, in special session Dec. 18th., 1908, ordered notice to be given that proposals will be received from any banking corporation or individual banker, for the depository of the County funds, and the rate of interest agreed to pay on the daily balances of the credit of said County with such depository for a term of two years—from Febury 8th., 1909. The said bid to be accompanied by a certified check for two hundred dollars as a guarantee of the good faith on the part of the bidder. All bids are to be in the hands of the County Judge by 10 o'clock a. m. on the said 8th., day of Febury next 1909.
