

# GRAHAM CRACKERS

—WHG

The Star is really honored this week to have Dave McReynolds on the staff. Dave was one of the prize graduates of the A&M J-school, and he has been much sought after. We feel extremely fortunate in having his services.

Dave and his wife, Shirley, and their two-year-old son are living in the Frank Spring house, and we know that others will agree that this family will make a splendid addition to the community. Dave is an accomplished and expressive journalist, who will, we feel, make a real contribution to civic affairs in Friona.

If he can be talked into it, we are going to encourage him to write a personal column for the paper.

Our area economy is one dependent largely upon the prosperity of agriculture. Agriculture's prosperity—or the lack of it—is more real than fancied, and there is not nearly so much technology involved as in some other phases of business.

Just the same, we believe that there is a lot of truth in the statement that "as a man thinks, so is he," and that we can talk ourselves into feeling good or bad, depending upon our attitude.

Maybe we can take a lesson from Vern Sanford of the Texas Press Association, who scolds businessmen to start taking a positive approach to the problems of the day. If we must think in negative terms, he says, we should say it's the worst boom we've had in a long time!

He says we should look at 1957 and think back a while. Would we rather be living in 1947? In 1937? In 1927?

Most everybody will pick 1958, he believes, and we agree. Vern says that whenever there's a pause in business, we ought to make it the "pause that refreshes." . . . use it as a time to plan and rest and get ready to go on to even greater heights when opportunity comes knocking.

Socialism on the march: The National Editorial Association (please distinguish this from the National Education Association), has made some predictions on social legislation for this coming political election year.

Chances are growing stronger that the current session of congress will vote a fifth straight election year liberalization of social security benefits, they say.

More than 100 members of both parties introduced bills during 1957 which would boost benefits. Congressmen rate very highly the basic political appeal of such boosts.

In the works is the possibility of an increase of five percent to ten percent in the level of monthly benefits. The average is now slightly over \$66. Also, possibly some liberalization of the "retirement test" for people over 65 who earn over \$1,200 a year.

Meanwhile, the NEA points out that social security outlay topped payroll taxes for the first time in its history in 1957. The fund paid out \$7.3 billion and took in only \$6.9 billion.

Those who advocate further expansion of this phase of socialization might be enlightened by the series of articles now running in Life magazine. They deal with the Russian revolution, which the magazine editors have described as the most important political event of our times.

The backbone of the Russian system of economics is socialism. Why we would court the dangers of any philosophy so near to communism remains a mystery to this writer.

Government intervention into private affairs is contrary to constitutional government. This nation has prospered solely because of its unique ideology that upheld the individual and gave him sovereign rights that are now being eaten away by a concept that is foreign to these shores.

## Rev. Fred Dean Writes February Church Feature

Rev. Fred Dean of the Friona United Congregational Church is to be the author of the weekly meditation published in the Friona Star as the church feature.

Rev. Dean is the second of the members of the Friona Ministerial Alliance to author the series of articles, and follows the first month's series which were written by Rev. Hugh Blaylock of the Friona Methodist Church.

The first of Rev. Dean's articles is in this week's issue.

### TRAINING MEET SET

A Cub Scout training meeting has been planned for Monday, February 10, at 7:30 p. m. in the home of Mr. and Mrs. Bill Nunn on West Loop. Culmaster Truett Johnson urges all parents and other interested adults to be present for the meeting. Plans will be made for the Blue and Gold banquet, which will be held later this month.

# H. D. Mayfield Quitting Police

Patrolman Howard Mayfield gave to city commissioners notice that he is leaving Friona Police Department, after serving as a peace officer for the last year. His written resignation listed March 1 as the date of his retirement.

The resignation, submitted "in order to seek employment in a more suitable field," was accepted by the commission, and Ben Moorman, chief of the department, was authorized to screen applicants for the job, with a view of keeping three men hired as policemen on a full-time basis.

"There was no pressure from the city officials that I resign,"

commented Mayfield in an interview with The Star after the meeting.

Mayfield began his duty with the city as city marshal February of last year, soon after the city fathers fired two other officers.

He was the lone peace officer in Friona until the city employed Bill Ford, and was again alone in his work after Ford resigned until Moorman was hired.

"I haven't given a lot of tickets," Mayfield comments. "But the people of Friona are my friends, and that is why I want to keep it."

## Firemen Feast Tonight

A supper meeting of the Friona Volunteer Fire Department will be held tonight (Thursday) at 7:30 at the Friona School cafeteria, according to Charlie Bainum, chief.

The meeting is for the members of the department and their families, and replaces the regular fifth-week of the month feed which was postponed last week.

Chester and Fleming Gin will be the host as a gesture of appreciation for service the department offered during two fires of the 1957 ginning season. A program of motion pictures is planned.

## Vehicle Hits Pedestrian

Adolph Del Toro of Friona received bruises when a car driven by Mrs. Hazel Weir of Friona bumped him in a pedestrian accident Thursday of last week.

The incident is reported by Ben Moorman of the Friona police department. The accident happened on Sixth Street, between Main Street and Euclid Avenue.

Del Toro was treated and released at Parmer County Community Hospital.

## Scout Meeting Draws Crowd

About 60 parents and friends of Girl Scouts in Friona met at Fellowship Hall at the Methodist Church Thursday evening for a covered dish supper. Members of troop 228 and 235 were hostesses.

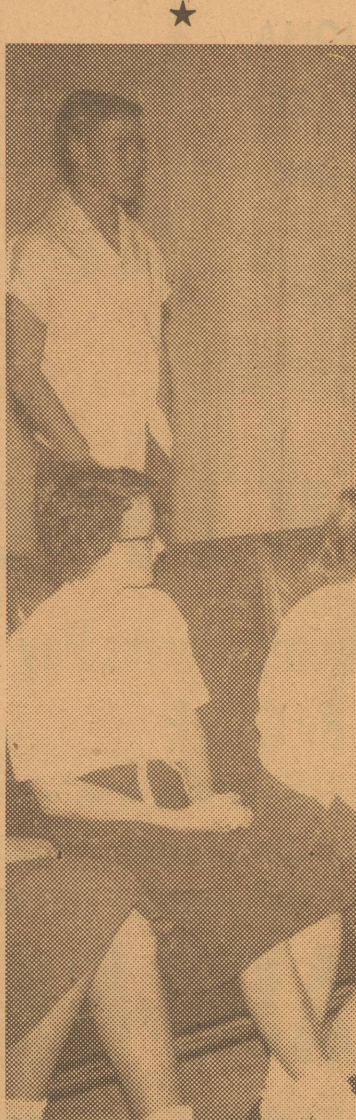

Mary Anderson from Lubbock showed slides of a trip some Girl Scouts from all over the nation made through the southwest last summer. Mrs. Russell O'Brian also showed slides of a trip a local troop made to Tres Ritas a few years ago.

## Juniors Present 'Reserve Two For Murder'

Members of the junior class have announced that they have acquired the rights to "Reserve Two For Murder," the famous New York success by John Randall, and will present it at the Friona High School Auditorium February 7 at 8 p. m.

This play had a long run at the Cherry Lane Theatre in New York and was hailed by the critics for its novelty. They called it "a complete departure from the hackneyed type of mystery play."

Asked to describe the play, Mrs. Frank Truitt, who is in charge of the production, declined to comment and indicated that the whole appeal of "Reserve Two For Murder" was based on its surprise.

PLAYERS—Getting in practice for the Junior Class play, which will be tomorrow (Friday) night, are leading members of the cast. They are (l to r) Keith Taylor, Pat Cranfill, Robbie Boggess, Gene Pope, and Kim Caffey, with gun.

## Report From Frio Draw

Dear Editor, I understand that the Friona Star is getting a new man this week, and I am lookin' forward to meetin' him and his'n. Maybe he will pay me a 'lettle more fer keepin' the folks posted on the happenin's at Frio Draw than you have ben able to.

But ef'n you will kindly give him notice of the followin', that I am willin' to dicker with him, we maybe kin work out the money situashun to where I kin afford to keep on writin' this report. Since I has become famise fer the elaborate exposition which is my style in the reports, I figure jest my name under the report from Frio Draw is worth cigarette money, and any time he kin meet my price, I'll be glad to oblige.

Yours truly, Don Karatal

## Date Set For Gospel Meeting

Announcement is being made this week of a series of gospel meetings which will begin at the Sixth Street Church of Christ Sunday, February 9, and continue through Tuesday, February 18.

Guy N. Woods of Memphis, Tenn., will be the guest speaker at these meetings. Weekday services will be at 9 a. m. and 7:30 p. m. and Sunday services at 10:30 a. m. and 6 p. m.

S. A. Freeman, local minister, joins members of the congregation in inviting everyone in this area to attend these meetings as well as any other services of the church.

## Rites Conducted For Petty Infant

Funeral services for D'Randy Gene Petty, six-day-old son of Mr. and Mrs. Donald Petty, were conducted from the First Baptist Church in Friona Saturday afternoon. The baby, who was born in a Sanford, Fla., hospital, died Wednesday afternoon.

Grandparents are Mr. and Mrs. Marvin Skinner and Mrs. Alfred Petty. The Skinners have recently moved to Dodge City, Kan., from Friona. Petty is serving in the Navy and is stationed at the Sanford Naval Base.

### ON LEAVE

Rodney Weis and Alan Hodges, who have recently finished boot training at the San Diego Naval Training Center are home on leave.

Mr. and Mrs. Lawrence Lillard are vacationing at Truth or Consequences, N. M. The Lillards will be gone several weeks.

GUS SHAW, MANAGER OF WARE'S

JOE FERRELL ENTERS FURNITURE BUSINESS

## Gus Shaw New Ware's Manager

Gus Shaw is the new manager of Ware's Department Store. He assumed duties as manager February 1, and replaces Joe Ferrell, who joined Claborn furniture.

Shaw has been associated with Ware's Department Store for the past 25 years as advertising and promotion manager for the firm's stores in Friona, Kerrville, and Littlefield. Shaw is presently residing in Littlefield, and plans to move to Friona.

He is a native of Enterprise, Miss., and moved to Cameron, Tex., in 1901. Since coming to Texas he has lived in Cameron, Mexia, Houston, and Littlefield. The greater part of his business life has been spent in the retail mercantile business, with five years being devoted to traveling as a representative of Arrow Shirts, and ladies ready-to-wear.

Upon his moving to Littlefield in 1918, he assumed management of Lamb County Mercantile Company when the Lamb County seat town had about 50 persons living within its limits. The mercantile company handled dry goods, hardware, and groceries.

Shaw has been active in civic affairs in Littlefield, and anticipates continuing this activity in Friona. "I hope to do my part and work on projects for the betterment of Friona that may be attempted from time to time," he says.

He says of Frionans: "I have never met more friendly people than there are in Friona. Many of the friends that I knew around

Littlefield are now residing in this area, and I have been happy to see them, too."

He is a charter member of the Rotary Club in Littlefield, and served as Lamb County chairman for the March of Dimes for seven years. He also was county chairman for the Red Cross drive in that county. He is a member of the Masonic Lodge and Order of Eastern Star.

Shaw and Mrs. Shaw were married in Mexia, and have a daughter, Miss Marion Shaw of Jacksonville, Fla. They are members of the Presbyterian Church, and since there is no local Presbyterian Church, hope to become active in one of the local churches.

## Tax Collections Stand At 94 Percent Of Assessment

About 94 percent of all 1957 Friona Independent School District taxes have been paid as of the deadline, January 31, according to Dan Ethridge, tax assessor-collector.

"This is about average percentage that the district collects," Ethridge says. Last year the district collected 95 percent of the total tax roll by the deadline. The accounts that are not paid by the deadline are placed on the delinquent tax roll, to be disposed of by legal proceedings if possible.

The total amount collected of this year's tax roll is \$165,572.80. The amount listed on the delinquent tax list is \$10,175.13, according to Ethridge. A factor that Ethridge suggests is responsible for the slightly decreased collection this year is the unfavorable crop year that this agricultural area has experienced. He expresses surprise, however, that the collections were as high as the 94 percent.

### BAKE SALE SLATED

Members of the United Pentecostal Missionary Society are having a bake sale at Ethridge-Spring Insurance Agency Saturday beginning at 10 a. m. Cakes, pies, cookies, and other baked goods will be on sale.

Mr. and Mrs. Alex Stevens and children of Amarillo were weekend guests in the home of Mr. and Mrs. Karl Bender.

## Lodge Makes Plans For Public School Week In County

For the eighth year, Texas Public Schools Week will be observed in Parmer County in March. Cooperating in the sponsorship of this event to spotlight public schools is the Texas Grand Lodge of A. M. & F. M.

To emphasize the program locally, M. H. Sylvester of Friona, district deputy grand master of District No. 100, has appointed committeemen in the two Parmer County lodges.

They are J. E. Sherrill of Bovina for the Farwell Lodge, and John R. Cook for the Friona Lodge. Sylvester indicates that other workers will be named to assist these committeemen in promoting Public Schools Week.

## Ownership Changes In Texaco Station

David Smith this week announces the sale of his interest in the Smith-Massey Texaco Service Station to one of the other partners, Russell Massey.

The station will now be Massey Texaco Station, with Russell Massey and Ed Massey as the owners.

Ed Hall has taken over the operation of the station as manager. The station discontinued 24-hour operation upon Smith's withdrawal from the firm, and was the lone Friona station that maintained this schedule.

Smith has not announced his future plans.

## Parking Lot Prepared By Businesses

A 15- to 20-car parking lot is located behind three more Friona businesses this week. The improvement will be for the use of shoppers and shopkeepers during rush hours.

The space behind Johnson's Corner Grocery, Lewis Barber Shop, and the Ethridge-Spring Agency is the location of the improvement.

## 465 Pay Poll Tax In Friona

A last minute flood of poll tax payers at the Ethridge-Spring Agency in Friona brings the total of persons who paid the fee for voting privilege locally to 465, according to Dan Ethridge, deputy tax collector.

This year's figure is some 165 more than the total for last year, when about 300 persons paid their poll tax at the Friona office.

# Squaws Are In Driver's Seat

The Friona Squaws added another trump to their basketball deck this week by downing the Morton maidens 66 to 43 Tuesday night in Morton.

Exceptional accuracy in sinking field goals and free throws during the first half of the game counted as the greatest factor of the win, according to Coach Baker Duggins.

The percentage of shots the Squaws hit during the first half was 60. Substitutes that replaced the starters continued the trend toward a wide margin of victory.

Rebounding at Morton's basket by Squaw guards Lavona Houlette, Paula Neel, and Lavon Fleming, kept the ball under

control for the Friona team, while Jonnie Hand and Robbie Boggess scored 31 and 20 points, respectively.

The win put the Squaws in the driver's seat of their district, having only one loss. The loss was to Sudan during the Hornet-Squaw first meeting.

## Morton Clips Chiefs, 78-49

Fast breaks and snappy shooting boosted the Morton Indians to an easy victory over the Friona Chiefs Tuesday night in Morton. The score was 78 to 49, with the Chiefs' efforts not

able to quash the able playing of the Indians.

The loss nudged the Chiefs another game behind in their district, after being on top of their opponents when they whipped the Indians 51 to 48.

Spunky Wayne Rhodes again led the Friona scorers with 13 points, while Nolen Johnson dropped eight points through the net.

In a cage match Friday of last week, the Chiefs emerged victorious over the Springlake Wolverines, after a slow start and a slow finish. Score of the Chieftain-Wolverine match was 44 to 37.

# Suggest Code Changes

(Editor's note: The following is the draft of suggestions which the five-man committee drew up for action by the city commission. Members are Chairman R. L. Fleming, Glen C. Stevick, Kenyth Cass, Dan Laceywell, and Weldon Dickson. The city commission voted Monday night to put the suggestions into effect.)

The committee appointed by the mayor to study the needs of codes, permits, etc., for the City of Friona submits the following suggestions:

That the City of Friona has no need for a code pertaining to foundations and types of materials used in the construction of dwellings. If dwellings should be built in restricted areas, then dwellings shall be built to comply with the restrictions.

There shall be no permits or inspections required for the maintenance of one's residence or commercial building.

Electrical code shall be left as is now written. Inspections on electrical wiring shall be made when all wiring is finished and fixtures are hung. If wiring does not conform to the code and additional inspections are required the fee shall be \$10 for each additional inspection until wiring meets code requirements. This pertains to residence and commercial buildings alike.

Plumbing code shall be revised on the water test to read "four feet above floor level" instead of full length stack. Balance of code to be left as now written. Plumbing inspections shall be left as are now required. Sewer tap shall be \$20 and contractor shall use riser on sewer line if one is in the alley adjacent to the property. If contractor refuses to use available riser he shall pay cost of tap.

Gas inspection shall be left at \$3.

In regard to the installation of major appliances there shall be one inspection of \$1.

Have permits designed so that the building, electrical, and plumbing permits shall be combined in one instrument so all permits can be taken out at one time by contractor.

Permit fees: Building—Addition to dwellings \$1. New construction and additions to commercial buildings, \$3.

Electrical—Minimum of \$1 for first eight outlets. All over five cents each.

Plumbing—First fixture \$4. Each additional fixture 25 cents each. No charge for water tap.

We feel that there is a need for an applicant for an electrician's license to take an examination before he is issued a license. This committee will submit a sample examination and suggested license fee in the near future.

## Ferrell, Claborn Partners

Announcement of partnership of J. C. Claborn and Joe Ferrell in a furniture company is made this week by the new partners. The partnership was effective February 1.

Ferrell has lived in Friona for the past three years, and has been employed with Ware's Department Store as manager. He moved to Friona from Littlefield.

Members of the company which the partners will operate has not yet been decided, the pair state.

Mr. and Mrs. Randol Allen of Lubbock visited their parents, Mr. and Mrs. Denver Smith and Mr. and Mrs. Charlie Wise, Monday and Tuesday.

# Commission OK's Code Suggestions, Revisions Slight

Friona city commissioners Monday night in the regular February meeting voted to accept suggestions as presented by the appointed building code committee.

However, the committee presented no suggested building code, as was the indicated intention for the appointment of the committee.

Chairman of the building code committee, Raymond Fleming, presented the prepared suggestions to the commission with one other member of the committee present, Glen Stevick.

After discussion of the committee's suggestions, Commissioner Granville McFarland entered the motion that the committee's work be accepted, and that changes as implied by the suggestions be made to the city ordinances.

Mayor A. W. Anthony then read a letter from Police Patrolman H. D. Mayfield informing the commission of the policeman's resignation. The resignation was accepted, with the effective date to be March 1.

The commission authorized Ben Moorman, police chief, to begin looking for a replacement for Mayfield.

Also discussed by the commission was the refinancing of bonds of Ditmar and Company. Water and sewer bonds outstanding will be due next year, and will require action by the commission to refinance and retire the bonds.

McFarland offered a possible solution to coming need for finances to increase and expand the water supply and water and sewer system.

His idea, offered for further discussion, was to increase rates for water and service temporarily, to an amount that would allow the city to get more water and sewer facilities without increasing taxes.

Wilson read a letter to the

commission from Dan Ethridge of the Ethridge-Spring Agency concerning liability insurance for the city's water works, which the city does not presently carry.

Another letter, from Maryland Casualty Co., recommended that the city construct a six-foot cyclone fence around the sewage disposal installation, and another fence around the water reservoir area. No action was taken on either of the letters.

Wilson called to the attention of the commission a mix-up which arose out of the failure of the Highway Department to construct lay-down curbs on property of J. W. Cunningham. Cunningham requested the curb for entrance to the property, and upon the failure of the Highway Department to do the work, notified the city that he will withhold payment for street paving until the job is attended to. Wilson reported that he referred the matter to the Highway Department.

Upon a request from the Texas Fire Insurance Division for a map of the city's fire zones, the commission learned that the city now has no fire zones. Under existing ordinances, the city is zoned according to property use. The commission decided to refer this to the building code committee, for the committee's action.

The commission has not received a reply from an attorney for Ross Terry, concerning a meeting requested by the attorney for discussion of the city's refusal to grant a building permit. The permit application was made for a wood-frame and sheet metal covered building, which is not permissible under the commission's interpretation of the city building code.

The commission had in the January meeting set February 10 as a tentative date for the meeting.

## Carol Pounds Trains In Austin

Carol Blackburn Pounds, daughter of Mr. and Mrs. Claude Blackburn, who has been training at Northwest Texas Hospital School of Nursing for the past 2 1/2 years, is currently training at the Austin State Hospital.

Mrs. Pounds, who is a 1955 graduate of Friona High School, will spend three months at the Austin hospital. She will return to Amarillo about May 1, and will have three more months training at the Northwest Texas Hospital before receiving her RN degree.

## Beene Addresses Agent's Meeting

O. J. Beene, representative of the South Coast Life Insurance Company in Friona, attended a meeting of the agents in the Northwest Texas area in the Herring Hotel in Amarillo Tuesday evening.

Beene spoke to the group on the subject "New Ideas I Have Gained From Insurance Periodicals." Leon London, vice-president and agency director of the company, congratulated the members of the Northwest Texas Agency on showing the greatest increase in production of any territory in the company during 1957.

It's a fact that for the price of a package of cigarettes the railroads of the United States carry a bale of cotton 55 miles.

## County Salaries Set

With salaries, bills, proclamations and proposals flying thick and fast, the Commissioners Court had a lively meeting last week.

The Gordon Duncan road petition was accepted, the jury dismissed, and the road was ordered open.

Glen Underwood was allowed \$150 for crop damages in relation to F-M 1731. Funds came from the right of way allotment.

Clarence Knight, Mrs. Zola Cranfill and G. Cranfill were accepted and authorized as Public Weighers for Precinct 2, while Billy Dollar was named to the like Precinct 1 position.

The Panhandle & Santa Fe Railroad was allowed \$110.28 from the right of way fund for flagging for a machinery crossing tract on the new F-M 1731, near Lariat.

Salaries for the year were set at the last meeting. They are:

County Commissioners (each)	\$1800
Travel Expenses (each)	600
County Judge	3000
County Treasurer	3000
County Attorney	3000
Sheriff	5000
Deputies: Farwell	3600

Secretary	2200
Health Officer	525
County Brand Inspector	300
Custodian	3600
Court Reporter	1418
Secretary to Dist. Agent	415

## NEWS FROM

### Rhea

By MRS. FRANKLIN BAUER

#### HD Club Meets

The Home Demonstration Club met Monday night at the home of Mrs. Paul Hall. Mrs. Walter Schueler, the new president, presided at the business session.

Yearbooks for 1958 were completed at this meeting. After the meeting the group did handicraft.

Refreshments of Mocha Cream and coffee were served by the hostess to Martha Schueler, Mildred Dayke, Helen Potts, Nat Martensen, Marie Wall, Malinda Schlenker, Sara Dean, and Ona Patterson.

#### ATTEND COUNTY FB MEET

A large group from Rhea attended the Parmer County Farm Bureau Policy Discussion meeting Tuesday night at the Hub Community Center. Those present from Rhea were Ray Martensen, Raymond Schueler, Herbert Schueler, Carl Schlenker, Gilbert Schueler, Chris Drager, Mr. and Mrs. Florian Jarecki, Mr. and Mrs. Jack Patterson, Mr. and Mrs. Charley Calaway, Mr. and Mrs. John Drager and family, Richard Vaughn, Mr. and Mrs. Walter Schueler, Claud Mears, and Willie Wall.

Mr. and Mrs. Paul Chancey and three-year-old son visited in the Chris Goetz home Monday night. The Chanceys just returned from a three year stay in England and were on their way to make their home in Colorado Springs. Mrs. Chancey is a niece of Chris Goetz.

Mr. and Mrs. Woolever of Sudan spent Sunday in the Walter Schueler home.

Sunday visitors in the Floyd Schueler home were Mr. and Mrs. Meeks and family of Amarillo.

Mr. and Mrs. Franklin Bauer and children visited in the Arthur Spiser home of Happy Thursday evening.

Mrs. Carl Schlenker attended home demonstration training session on shrubs Monday in Friona.

## Moved

Mr. and Mrs. Alvin McGill from Pampa have moved into Mrs. J. P. Wilson's house on Washington. Mr. and Mrs. K. L. McGill, Pampa, have moved into Apt. 3 of the Schueler apartments on Euclid Street.

Mr. and Mrs. J. C. Jackson have moved into Mrs. A. H. Boatman's apartment on North Main Street. Mr. and Mrs. Vergel Brown have moved from Mrs. J. P. Wilson's house on 12th Street to the house across the street.

Mr. and Mrs. A. R. Ashley have moved into Mrs. J. P. Wilson's duplex on Euclid Avenue. The L. R. Dilgers moved into their new home at 807 Pros-

pect and Dr. and Mrs. Ance! McDowell Jr. and children moved into the house vacated by the Dilgers at 805 Prospect.

Mr. and Mrs. Clyde London moved from Mrs. Kinsley's rent house on Woodland to the farm and Mr. and Mrs. Marty Martinez moved into the house Londons moved out of.

The Ronald Smileys have moved into Mrs. J. H. Lea's rent house on Ashland Avenue. Mr. and Mrs. John McAlister have moved into one of the Parr rent houses in the west part of town.

Mr. and Mrs. Dwayne Mitchell from Sudan have moved into the Smith house on Woodland. Mr. and Mrs. Grady Dodd and daughter, Fran, have moved from Quanah to Fred Carson's house recently vacated by the J. W. Wenken family.

Mr. and Mrs. L. E. McKee have moved to the Akens farm north and west of town. Mr. and Mrs. Dewey Minchew moved out into the Hub community.

## News from The Hospital

ADMITTED: Mrs. Donna Eix, Friona, medical; Mrs. Doyce Barnett, Friona, o. b.; Mrs. Cleo Rounton, Farwell, medical; Tommy Barker, Farwell, medical; W. D. Buske, Friona, surgery; Mrs. Nell Hodges, Farwell, o. b.; John P. Payne, Farwell, accident; Estelle Pierce, Bovina, medical; Lillian Barber, Bovina, surgery; Marcelina Gonzales, Lazduzki, accident; Mrs. Billie Kittrell, Farwell, o. b.; Noel Robert Ray, Friona, medical; Mrs. Doyle Cummings, Friona, surgery.

DISMISSED: Mrs. Santos Rando and baby girl, Mrs. Donna Hix, Mrs. James H. Jennings, Mrs. W. P. Elliott, Mrs. Cleo Rounton, Mrs. Julia Dennis, Tommy Barker, Mrs. Doyce Barnett and baby boy, J. T. Gee.

Few are qualified to shine in company, but is in most men's power to be agreeable.—Swift

## NEWS FROM BLACK

MRS. DICK ROCKEY

### Mrs. R. E. Barnett Is Critically Ill

Mrs. R. E. Barnett of this community is critically ill. She has been a medical patient at the Deaf Smith County Hospital at Hereford. Her condition Monday was described as slightly improved by members of the family.

Mr. and Mrs. George Brock of Lubbock, Mr. and Mrs. Jim Barnett of Alamosa, Colo., Mr. and Mrs. Obe Frost of Vernon, and Mr. and Mrs. Vernon Christian of Center, Colo., have been visitors in the Barnett home.

### 4-H Club Has Regular Meeting

The regular meeting of the Black 4-H Club was in the Community Center Tuesday afternoon. Jimmie Lou Wainscott instructed those present on making hamburgers. Other guests were Mrs. Lester Dean and Carlene Greeson.

Members present were Marie Roberson, Sherry Dean, and Rose Ann Greeson. Also present were the adult leaders, Mrs. Ellis Tatum and Mrs. Ralph Price.

### From Corpus Christi

Mrs. Jerry Houlette and daughter, Debbie, were weekend guests in the home of Mrs. Houlette's parents, Mr. and Mrs. Ellis Tatum. Mrs. Houlette made the trip both ways by plane via Amarillo. She also attended the wedding of Eugenia Landrum and Ben Komis of New York City in Friona Saturday evening.

Monday shoppers in Hereford were Mrs. W. L. Blackstone, Mrs. B. C. Day, Mrs. Leoná Wolfe, Mrs. J. R. Nazworth, all of this community and Mrs. W. J. Nazworth of Friona.

Mrs. Woodrow Whitaker and Mrs. T. J. Presley made a business trip to Plainview Thursday.

Graham Prewett, Clyde Hays, and Wesley Barnett, who attend Texas Tech at Lubbock, have returned for the second semester after spending a few days visiting their parents, the Lloyd Prewetts, Clyde Hayses, and Fern Barnetts.

Mr. and Mrs. J. R. Braxton and sons spent Sunday visiting in the home of Mr. and Mrs. Gene Southall. Southall is Mrs. Braxton's brother.

Mr. and Mrs. Lewis Coke of Dimmitt spent Monday visiting in the home of Mr. and Mrs. Jimmie Buckley and children. The Cokes are Mrs. Buckley's parents.

### To Lubbock

Mr. and Mrs. Howard Elmore and Mrs. Dick Rockey spent Sunday in Lubbock. They visited in the homes of Mr. and Mrs. W. G. Rockey and Mr. and Mrs. Ray Keys. Rockey and Mrs. Keys are nephew and niece of Dick Rockey.

### Bright Spot

The bright spot in our community this week is the Isetta, a German car belonging to

Jim and Ray Braxton, sons of the Pete Braxtons. It is bright red and can be seen from a long distance even though it is the smallest car in Black.

The Black Home Demonstration Club was represented at a training meeting at the Hughes Nursery in Friona Monday by Mrs. T. J. Presley and Mrs. J. R. Braxton.

### New Residents

New residents in our community are Mr. and Mrs. V. R. Wilcox and baby, who formerly lived at Fort Worth. They moved into the house vacated by Mr. and Mrs. Fay Wilcox and Roger, who moved to a farm south of Friona.

Mr. and Mrs. Otey Hinds visited Mr. and Mrs. Wayne Hinds at Lubbock Saturday. Fern Barnett is confined to his home this week with flu. Fern, we wish you a speedy recovery.

Sunday guests in the home of Mr. and Mrs. Glenn Roberson were Mr. and Mrs. Vernon Christian from Center, Colo. The Christians are former residents of this community.

Ignorance is folly's father and mother.

WITH JUNE

Since Oklahoma is our native state, we are kinda partial to our neighboring state on the east. However, some of the things which go on in that state are very amusing. Just recently one of the papers printed a report of an incident that may have far reaching effects.

It seems that some Oklahoma farmers and grocerymen are not too happy with the rulings made in regard to buying and selling eggs. One groceryman

posted a sign in his store that there were no eggs for sale. He sold the cartons for what he considered a fair price and the eggs were for free.

The case has been referred to one of the higher courts for a ruling and in the meantime the merchant is still selling egg cartons. His contention was that there was not a law to regulate or prohibit the sale of cartons and he reasoned that he could give away eggs if he so desired.

It is a generally accepted fact that one of our small town's most enthusiastic boosters is the local paper. Mrs. F. W. Reeve was kind enough to bring us a clipping from the Plainfield, Indiana, Messenger that supports this theory.

The editor of the Messenger printed this variation of the Ten Commandments about forty years ago. Most of the admonitions given are applicable to present day readers.

**The Ten Commandments**

1. Thou shalt not go away from home to do thy trading, thou, nor thy wife, nor thy sons, nor thy daughters.
2. Thou shalt patronize thine own merchants that they may not be driven from their homes to find food for their little ones.
3. Thou shalt liberally support your hometown paper, that it may flourish, and spread abroad the news of thy greatness.
4. Thou shalt pay thy bills promptly that thy credit may be good in the land where thou dwellest, and that thy neighbor shall greet thee gladly.
5. Thou shalt not knock props from under thine own town in order to be avenged on thine enemy, lest thou perish with him.
6. Thou shalt not incline thine ear to the voice of pride nor permit vanity to overcome thine heart.
7. Thou shalt spend thine earnings at home, that they may return whence they come and give nourishment to such as cometh after thee.
8. Thou shalt not bear false witness against thy town wherein thou dwellest, but shall speak well of it in the ears of all men.
9. Thou shalt not covet thy neighbor's seed wheat, nor stove wood, nor his coal, nor his yearling, nor his meat hog, nor the corn that is in his crib, but whatsoever thou desirest thou shalt pay the price in the coin of the realm.
10. Thou shalt keep these ten commandments and teach them to thy children and thy children's children, into thy third and fourth generation, that they may be made to flourish and wax rich when thou art laid to rest with the fathers.

**CARD OF THANKS**

Words are inadequate to express the appreciation I feel for all the kindnesses shown me during my recent illness. I am especially grateful to the doctors, nurses, and other staff members for the wonderful care I received at the hospital. The flowers, gifts, letters, cards, visits, and prayers of friends and neighbors will long be remembered.  
Mrs. E. H. Bradshaw  
18 11p

**Trustee Election Coming April 5th**

The Friona board of education has designated April 5 as the date of a trustee election for the Friona Independent School District, according to Dillie Kelley, superintendent.

The election date setting was done among other business of the board in its regular February meeting, Kelley reports.

F. W. Reeve was named judge of the trustee election. Other business of the board included approving the tax report of the tax assessor-collector, Dan Ethridge. Payment of monthly bills was approved, reports the superintendent.

The topic of new buses entered the discussion of the board, as did an addition to the school cafeteria, Kelley said.

Both had been brought before the board at prior meetings. The second drawing of the architect was presented at the meeting, and plans are for the draft to be returned for the final and third drawing to the architect.

**IN THE COURTS**

**CITY COURT**

The following cases were disposed of in city corporation court of Judge Walter Loveless during the week ending February 4:

Jerald Wright, charged with speeding 45 m.p.h. in a 30 m.p.h. zone, pled guilty and was fined \$15.

Mrs. Deon Awtrey, charged with parking in no parking zone, pled guilty and was fined \$5.

Jack William Jackson, charged with no driver's license, pled guilty and was fined \$15.

**JP COURT**

The following case was disposed of in justice of the peace court of Judge Walter Loveless during the week ending February 4:

Harold Carpenter, charged with running stop sign, pled guilty and was fined \$20.50.

**DEAR ED:**

Dear Sonny:  
We are living in Hereford now but still love our friends in Friona and read every word of the Star each week. We are enclosing our check for your paper as our subscription is nearly expired.

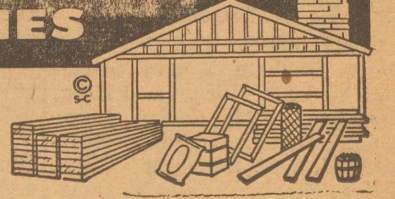

Congratulations to you and your staff for editing a very interesting paper of both local and county news, and I do enjoy reading your Graham Crackers column also.

With our very best wishes to you, your wife, Jeanne, and your children, to those on the staff of the Star, and to our dear friends there, may this year 1958 hold only happiness for you and yours.

Very sincerely,  
C. A. and Myrtle Guinn

**THE BULWARK OF A COMMUNITY IS ITS CHURCHES**

**"Satellite"**

(This week's meditation is by the Rev. Fred Dean, pastor of the Union Congregationalist Church)

Many men and women who are presently studying the skies seem to be somewhat less intent on finding God's Star than observing man's satellite. Of course there is nothing new in this. Mankind's pre-occupation with the work of his own hands has always served to cloud and distract his view from God's design and the eternal.

Satellites have captured the attention of the world. However, we are told they will orbit for a few days or even months, then disintegrate into dust.

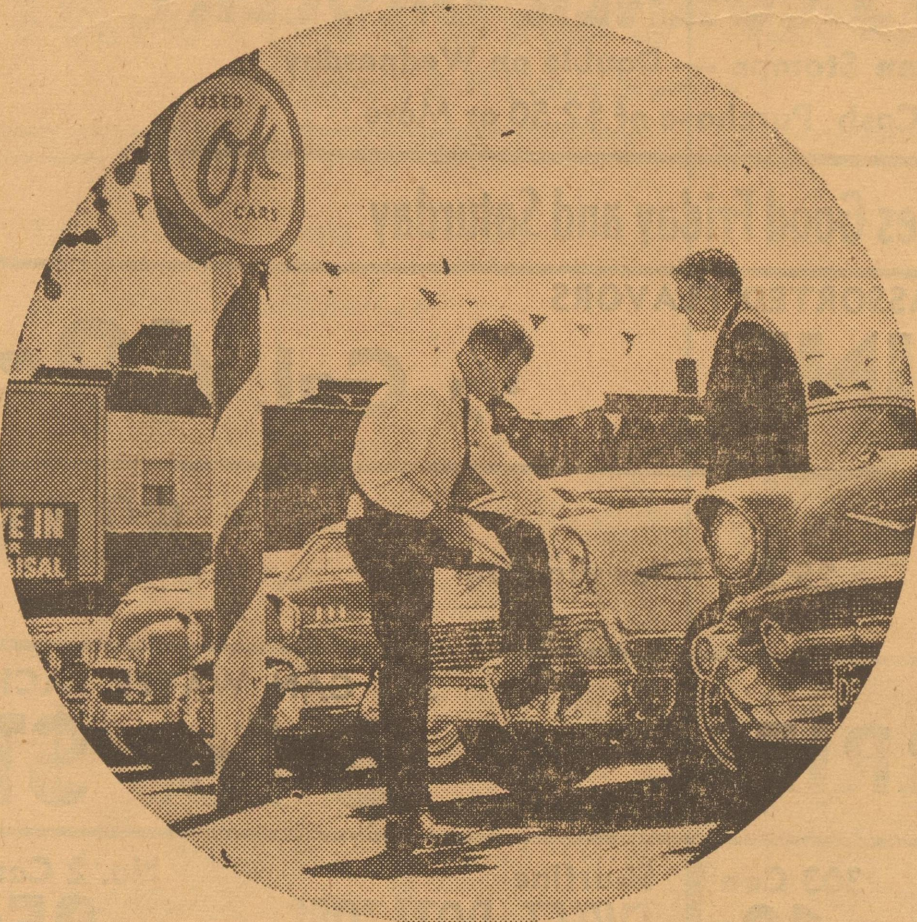

God's Star shines steadily on. It cannot burn out. And where shall we look for it in the sky? No telescope can spot it. God's Star is to be found in the Holy Bible, in the hearts of Christians, and in our churches.

Let us not allow the shine of satellites to dim our views.

## Rainbow Officers Installed Saturday

New officers of the Friona Rainbow Assembly were installed in formal ceremonies at the Masonic Hall Saturday evening. Assuming the duties of worthy advisor was Delores Elmore, daughter of Mr. and Mrs. W. V. Elmore.

Other officers installed were Darla Bingham, worthy associate advisor; Virginia Patton, charity; Cynthia Caffey, faith; Janiece Bock, recorder; Billie Rae McKee, treasurer; Carol Coffey, chaplain; Celia Weatherly, drill leader; and Mary Tom Spring, love.

Also Linda Perry, religion; Kay Struve, nature; Pamela Roden, immortality; Susan Perry, fidelity; Lois White, patriotism; Karen Turner, service; Nelda Douglas, confidential observer; Mary Ann Boggess, outer observer; Linda Castleberry, musician; and Sue White, choir director.

Mrs. Johnnie Carlisle served as installing officer. Other officers assisting with the installing ceremonies were Elsie Blaylock, chaplain; Pat Cranfill, musician; Maurine Dunn, marshal; and Faye Southward, recorder.

Others installed were Sarah Ann Miller, mother advisor; and the following board members: Iryb Carlisle, R. N. Gore, Hugh Blaylock, Vera Bainum, Geney Bingham, Thelma Coffey, and Jo Buchanan.

The parents of the new worthy advisor, Mr. and Mrs. W. V. Elmore, were introduced and corsages of blue carnations were presented to the new officers and installing officers by Miss Elmore.

Karen Turner, soloist, sang "I Believe" accompanied by Pat Cranfill at the piano. Floral decorations were used throughout the hall.

## Six Year Old Observes Birthday

Mrs. Monty Barrett honored her son, Randy, with a party in observance of his sixth birthday at the Beene kindergarten Friday morning. Mrs. Barrett prepared popcorn balls and brought materials for each child to make faces on them. She also brought paper hats with names of the guests on them.

The birthday cake was decorated with animal crackers eating blue coconut and topped with six candles. Guests were served cake and cold drinks. Favors were snake whistles.

Those present in addition to the hostess, Mrs. Beene, and Randy were: Jenisu Fallwell, Vicky Crump, Myra Sue Day, Melody Roberts, Danny Kendrick, David McFarland, Curtis Paul Smith, Richard Dickson, Carla Sue Mann, Joe Bill Jones, and Billy Ross Procter.

## Dinner Honors South Dakotans

Mr. and Mrs. Miles Robbins of Blunt, S. D., were weekend guests in the home of Mr. and Mrs. J. W. Baxter. They are former residents of Friona and were honored with a dinner in the Baxter home Sunday.

Others present were Mr. and Mrs. Lonnie Baxter and Mrs. Charley Baxter and sons of Clovis; Mr. and Mrs. Louis Baxter and sons and Mr. and Mrs. Dick Baxter and son of Bovina; and the following from Friona:

Mr. and Mrs. DeWayne Baxter and daughters, Mr. and Mrs. Bill Baxter, J. W. and Sue, Mr. and Mrs. Billy Dean Baxter and children, Mr. and Mrs. Calvin Martin, Mr. and Mrs. Clarence Martin and children, Mr. and Mrs. Lawrence Martin and children, and Mr. and Mrs. Troy Young and Jan; Also Mr. and Mrs. Jim Bax-

ter and Patricia and Mr. and Mrs. Oscar Baxter, Carolyn, Willene, and John.

## Friona HD Club Has Regular Meet

Friona Home Demonstration Club had its regular meeting at the home of Mrs. Earl Drake Tuesday afternoon. Members answered roll call with "What I look for first in buying." The correct way to set a table was demonstrated by Mary Bandy.

During the business meeting, Emmie Love was accepted as a new member and selected to serve as vice-president. Mary Bandy was elected THDA nominee.

Refreshments of hot chocolate, coffee, and spice cake were served to Joyce Wilkins, Mary Bandy, Emmie Love, Phyllis Sanders, Marlene Drake, Christine Williams, Jonell Sims, Blanche Woody, Evadna Foster, Katie Stowers, and Stella Varner.

## Masseys Return From Central Texas

Mr. and Mrs. Wayne Massey and Judy and Mr. and Mrs. Otis Massey returned Thursday after spending several days visiting relatives in Central Texas.

They attended the 90th birthday observance of Mrs. Otis

Massey's father, G. W. Price, at Midlothian, Sunday. They also visited Mr. and Mrs. Robert Spears and baby son, Robert Kenneth, at Dallas and Mrs. Eula Munden at Cleburne.

Mrs. Spears is the daughter of the Otis Masseys and Mrs. Munden is Massey's sister.

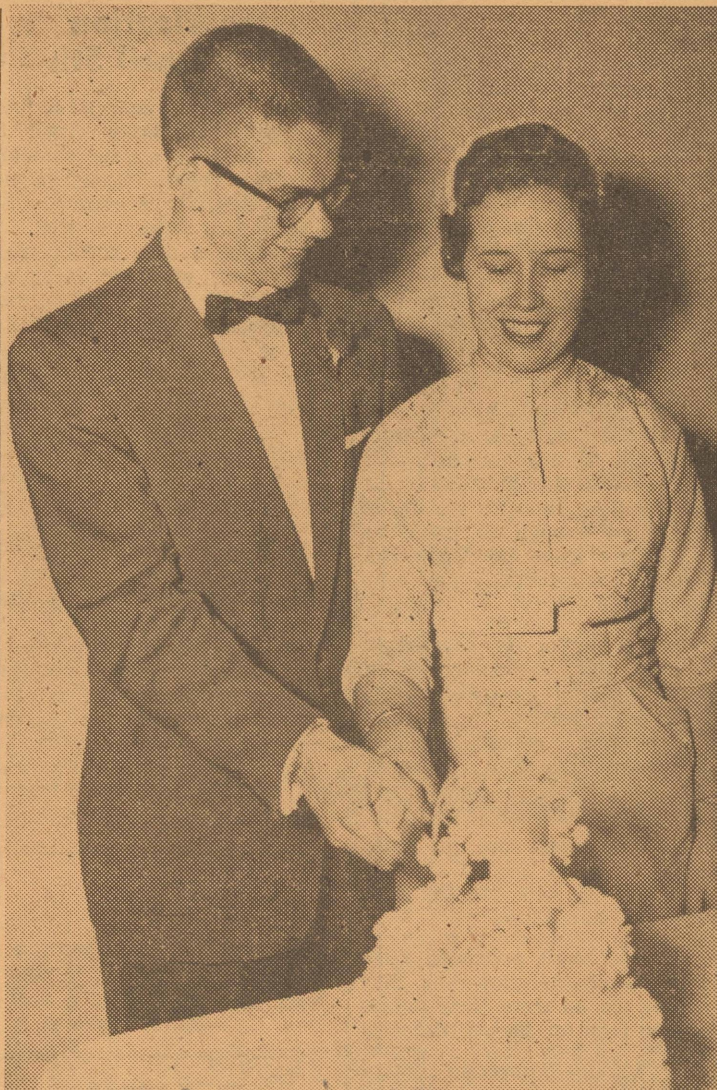

## McClains Visit

Weekend guests in the home of Mr. and Mrs. I. T. Graves and sons, Travis and Larry, were Mr. and Mrs. L. B. McClain of Borger. The McClains, who are former Friona residents, are the parents of Mrs. Graves.

## Auxiliary Meets In Houlette Home

United Pentecostal Women's Auxiliary met in the home of Mrs. Kenneth Houlette Tuesday afternoon. The meeting was opened with prayer. Mrs. Frank Griffith read the eleventh chapter of Hebrews and conducted a study of the fourth chapter of the same book.

Names were drawn for secret pals for 1958. Refreshments were served by the hostess to Mesdames Griffith, Arthur Lutz, Sam Rule, T. L. Speir, John Terry, P. W. Hughes, and Etta Mae Lutz. The next meeting will be in the home of Mrs. Sam Rule.

MR. AND MRS. L. C. ROOTS III

## Brock-Roots Vows Read Thursday

The Grace Temple Baptist Church in Denton was the scene Thursday evening for the marriage of Sandra Elaine Brock, daughter of Mr. and Mrs. G. H. Brock, and L. C. Roots III, son of Mr. and Mrs. L. C. Roots Jr. of Cuernavaca, Mexico.

Dr. W. B. Coble, Bible instructor at North Texas State College, read the double ring ceremony at 5:30 p.m. Arrangements of white gladioli spikes decorated the main altar, and the side altars held floor baskets of white gladioli backed by candelabra holding white candles. Wendell Dickerson and Tommy Watkins were candle-lighters.

Traditional wedding music was furnished by Miss Alice Davis of Shreveport, organist. She also accompanied Miss Frances Powell of Houston as she sang "Oh Promise Me," "Bless This House," and "The Lord's Prayer."

Miss Elaine Haynes of Carthage, roommate of the bride, attended the bride as maid of honor. She wore a brown dress with pink accessories and a pink velvet bandeau in her hair. She carried a nosegay of pink carnations.

Bridesmaids were Miss Carole Reeves of Dallas and Miss Ann Mann of Bridgeport. They were dressed similar to the maid of honor except their bandeaus and nosegays were yellow.

Margarita Roots, the five-year-old sister of the bridegroom, wore a pink dress and a garland of pink flowers held

## Barnetts Have Baby Boy

Mr. and Mrs. Doyce Barnett became parents of a baby boy at the Parmer County Community Hospital at 6:30 a.m. Wednesday. He weighed 7 lbs. and 5 ozs. and was named David Doyce.

The Barnetts have a daughter, Cindy, who is three. Grandparents are Mr. and Mrs. Rudolph Renner Sr. and Mr. and Mrs. Thurman Barnett, all of Friona.

## It's A Girl For Widners

Mr. and Mrs. James Widner of Brunswick, Ga., became parents of a baby girl Tuesday, January 28. Widner is in the Navy and is stationed at the South Pole.

Grandparents of the baby, who weighed 7 pounds and was named Angleta, are Mr. and Mrs. Charlie Wise of Friona and Mr. and Mrs. J. E. Jacobs of Brunswick.

mother, Mrs. Roots, wore a purple dress with white accessories and her corsage was white, also.

Immediately following the ceremony a reception was held in the church parlor. Hostesses were Mrs. Ewell Brigham and Mrs. G. B. Brackett of Denton, aunts of the bridegroom. Guests were registered by Miss Pat Scaggs and Miss Ann Hyndman, both of Denton, and students at North Texas State.

The serving table was covered with a hand crocheted cloth over pink satin. The crocheted cloth was made by the bride's mother especially for the occasion. The centerpiece was formed of the flowers of the bride's attendants.

Those in the receiving line were the honorees, the bride's parents, the groom's parents, Mrs. L. C. Roots Sr. of Denton, grandmother of the groom, and Mr. and Mrs. B. B. Brackett, also of Denton, who are the groom's maternal grandparents.

Following a wedding trip to Mexico, the couple will be at home at Apt. C, 311 Welch Ave. in Denton. Mr. and Mrs. Roots are both students at North Texas State. He is a senior ministerial student and she is a sophomore business major.

## Visitors In McFarland Home

Recent visitors in the home of the J. B. McFarlands have been Mr. and Mrs. R. H. McFarland and children of Tucumcari; Lora Mae McFarland of Clovis; and Mr. and Mrs. George Taylor and daughters, Suzann and Lisa, of Fort Worth.

The Taylors are moving to Friona. Suzann and Lisa are visiting in the homes of Friona relatives while their parents are getting moved.

## Frionans Go Skiing

Mr. and Mrs. Joe Osborn of Austin visited in the home of Osborn's parents, Mr. and Mrs. Sloan Osborn several days last week. The Joe Osborns, Sloan Osborns and Robbie, and Mr. and Mrs. Roy Clements, Jim Roy and Don spent the weekend skiing in the mountains of New Mexico.

The Joe Osborns returned to Friona Saturday and went back to Austin Sunday. The rest of the party came home late Sunday.

## Clevelands Visit Here

Rev. and Mrs. Robert E. Cleveland and children of Denver were weekend guests in the home of Mrs. Cleveland's parents, Mr. and Mrs. Carl Maurer. Rev. Cleveland, who has recently accepted a call to preach

at a Congregational Church in Central, Iowa, was guest speaker at the local Congregational Church Sunday morning. The Clevelands will be moving from Denver soon.

## Coffee To Fete Mrs. McDowell

The Parmer County Hospital Auxiliary has planned a get-acquainted coffee for Mrs. Ansel McDowell, wife of the newest member of the hospital staff, at the home of Mr. and Mrs. Claude Osborn northwest of town Friday, February 14, at 10 a. m.

Mrs. Osborn, president of the organization, urges all members and others who are interested in the auxiliary to be present.

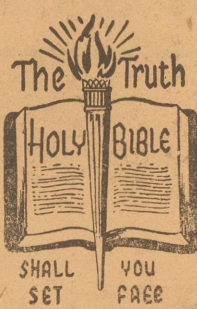

## Shackelfords Return

Mr. and Mrs. Bert Shackelford returned home Monday after spending the weekend visiting in the home of Mr. and Mrs. Ray Hurst and children at Midland. Mrs. Hurst is the daughter of the Shackelfords.

## CALLED TO DURANT

Mrs. Glen Williams was called to Durant, Okla., to the bedside of her mother, who is critically ill in a hospital there.

Mr. and Mrs. Wilburn Carlton were weekend visitors in the home of Mrs. Carlton's parents, Mr. and Mrs. N. W. Wyatt at Melrose.

## HEAR THE GOSPEL

The apostle Paul said, "For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek" (Romans 1:16).

The apostles of Christ were guided by the Holy Spirit to preach the gospel to the human race. The gospel was preached by them, "with the Holy Ghost sent down from heaven" (1 Peter 1:12). The reason for this is that the gospel is God's power to save lost sinners from the guilt of past sins (Rom. 1:16; Eph. 1:13; 1 Cor. 15:1-2). 1 Corinthians 1:21 says, "For after that in the wisdom of God the world by wisdom knew not God, it pleased God by the foolishness of preaching to save them that believe."

A series of gospel meetings will begin next Lord's day at the Sixth Street Church of Christ. Services will be daily at 9:00 A. M. and 7:30 P. M. Guy N. Woods, outstanding gospel evangelist and author, will be the speaker. Preaching on Sundays will be at 10:30 A. M. and 6:00 P. M.

A WELCOME IS EXTENDED TO YOU TO ATTEND ALL THESE SERVICES.

WELCOME to the SIXTH STREET CHURCH OF CHRIST S. A. FREEMAN, Minister

# NEWS FROM LAZBUDDIE

By MRS. CLYDE MONK

## Floyd-Stout Rites Read In Plainview

Miss Betty Sue Floyd of Plainview and O. A. Stout Jr. of Hale Center were married Saturday evening in the St. Johns Methodist Church in Plainview. The double ring ceremony by Rev. Vernon Willard was read at 7:30 in the evening. Parents are Mr. and Mrs. Barney Floyd, Lazbuddie, and Mr. and Mrs. O. A. Stout Sr., Hale Center.

Altar decorations for the rites featured an arch candelabra holding white tapers centered with white wedding bells and flanked by seven branched candelabra and baskets of white flowers. White tapers marked the bridal aisle. Mrs. Joe Briggs of Lazbuddie played nuptial music and Mrs. Emory Douglas was soloist.

Floyd escorted his daughter to the altar and gave her in marriage. Her wedding gown of

white nylon net and lace over taffeta was fashioned with a strapless bodice topped with a lace jacket. The jacket had a rolling upstanding collar and long sleeves extending to points over the hands. The voluminous waltz length skirt of net was covered with shirred net ruffles in a diamond design. A rhinestone bandeau held her fingertip-length veil of illusion and she carried a cascade of white roses.

Attending the couple were Troy Neeley as best man and Robert Neeley as groomsman. Mrs. Dan Barton was matron of honor and Miss Glenda Hall was bridesmaid.

Bride's attendants were dressed in princess style gowns of red cotton satin and matching pumps. Their colonial bouquets were fashioned of white mums.

A reception was in the church parlor. White candles and flowers were used as a centerpiece on a red cloth for the bride's table. The tiered wed-

ding cake and punch were served by Miss Margaret Neeley, Mrs. Joe Briggs, and Mrs. Arnold Peterson. Mrs. Troy Neeley registered the guests. Following a wedding trip to points in New Mexico and Colorado the couple will be at home at 207 Crestway Place, Plainview.

Mrs. Stout is a graduate of Lazbuddie High School and is employed in Plainview by the Southwestern Bell Telephone Co. Stout is a Hale Center graduate and is engaged in farming near Hale Center.

Visitors in the Howard Carpenter home on Sunday were Jimmie Frank Carpenter and Vanna Jo Nance from Texas Tech, Mr. and Mrs. John Bloomfield, Johnny and Carl, from Clovis, Mrs. Betty Henderson, Amarillo, and Mr. and Mrs. J. D. Carpenter Sr.

Mr. and Mrs. Gene Phillips and family visited Sunday in Texico with the Nelson Henson family.

## Miss Ham Marries Pete Oliver

Mr. and Mrs. Luther Ham of Route 3 are announcing the recent marriage of their daughter, Louise, to Pete Oliver of Odessa. Marriage vows were exchanged in a simple but beautiful ceremony in the Belmont Baptist Church of Odessa on December 24, 1957.

The bride wore a blue sheath dress with white accessories and a white gardenia corsage. The traditional theme was carried out with the something old, she carried a white Bible; something borrowed was her shoes; something blue was the dress she wore; and her trousseau was new.

Mrs. Walter Spence of Odessa, sister of the bride, was her matron of honor and Swam Adams served the groom as best man. The young couple took a wedding trip to El Paso and Juarez, Mexico, and are now at home at 215 Santa Rita, in Odessa.

The new Mrs. Oliver is a graduate of the Lazbuddie High School with the class of 1955. She is a junior speech major at the Howard Payne College, (Continued on Last Page)

# «The High Plains Farm and Home»

## Farmers Prepare For Another Year

High Plains farmers, on the eve of spring work, still feel the push of last year's record late harvest, which has spilled winter chores over into February and compressed the time available to get pre-planting work done by as much as six weeks.

Land breaking is the main activity of Parmer County area farmers right now, as they go with their tractors into the fields for long hours in an attempt to catch up. "They're behind, but they're hard at it," reported County Agent Joe Jones this week after a survey of conditions.

"Most farmers are sticking with what we have come to know as 'normal' farming methods, just as if they had all the time in the world to get things done," he says.

Jones does not see the time element as really serious yet. In fact, it may have some advantages. The county agent points out that the "itch" to get an early start has caused many acres to be sown too early in previous years.

This was especially true in 1957 when the early part of the crop came up with a big weed infestation that proved a problem all year long. Jones feels that later planting dates will help this condition.

As to cotton land, there is little doubt that it will be in readiness when planting time comes. With so much at stake on the year's cotton crop, farmers will make sure they have everything done in this department, even if some of the other farm work has to be left out.

### FERTILIZER WORRIES

Farmers are in a dither about fertilizing right now, says Agent Jones. Quite a bit of the land is proving to be too wet to fertilize with gas, and some are considering, for the first time, substantial purchases of dry-type fertilizer.

"Pound for pound of plant nutrients, dry produces the same as gas fertilizer," says Jones. "About the only consideration is the cost."

Anhydrous ammonia is generally regarded as the cheapest kind of nitrogen-type fertilizer, which accounts for its great popularity on the Plains. For the farmers who intend to

go ahead with dry fertilizer applications under these conditions, the county agent recommends:

"For row crops, make sure you put phosphate on in a band, and not just scatter it over the field. It's a good idea to place phosphate two or three inches below what will be the level of the seed in the row. Be careful not to disturb this when planting."

The time is at hand for top-dressing wheat, and the agent suggests that farmers who plan to fertilize get it done in February, before the wheat heads take form.

"If you want to get the most out of fertilizing wheat, better top dress in February (with either dry fertilizer or gas fertilizer)," he says.

Farmers have discovered that chiseling in anhydrous ammonia at this time of year is a successful practice if carefully carried out, and usually causes little damage to the wheat.

Some have also used irrigation water as an agent to carry the fertilizer to the crop, but this practice has not attained the popularity of chiseling in anhydrous or spreading dry forms of nitrogen on top and watering in.

## Seed Remains Same

Germination standards for certified and registered cotton seed will not be lowered for Texas, Dr. A. W. Young, chairman of the state seed and plant board has announced.

The seed and plant board has received numerous requests to lower germination requirements on certified cotton seed in the state.

Young, who is also agronomy department head at Texas Tech, said the board believes the present minimum certification requirements for germination of cotton seed in Texas have prov-

en satisfactory over many years.

"There seems to be no justification," he said, "to lower these standards because of the general unfavorable climate conditions in 1957 which have resulted in lower than average germination of cotton seed in Texas."

"If the standards were lowered at this time, they would undoubtedly need to be raised again next year," he added.

Young said the board calls attention to the Texas requirements for seed certification regulation that states "when the particular seed stocks meet all other requirements of registration and certification but the viability of the seed shows less than the designated minimum requirements for the seed, an emergency is considered to exist, and the seed in question may be marketed as registered or certified provided the tag is overprinted with the words 'Below Standards for Germination.'"

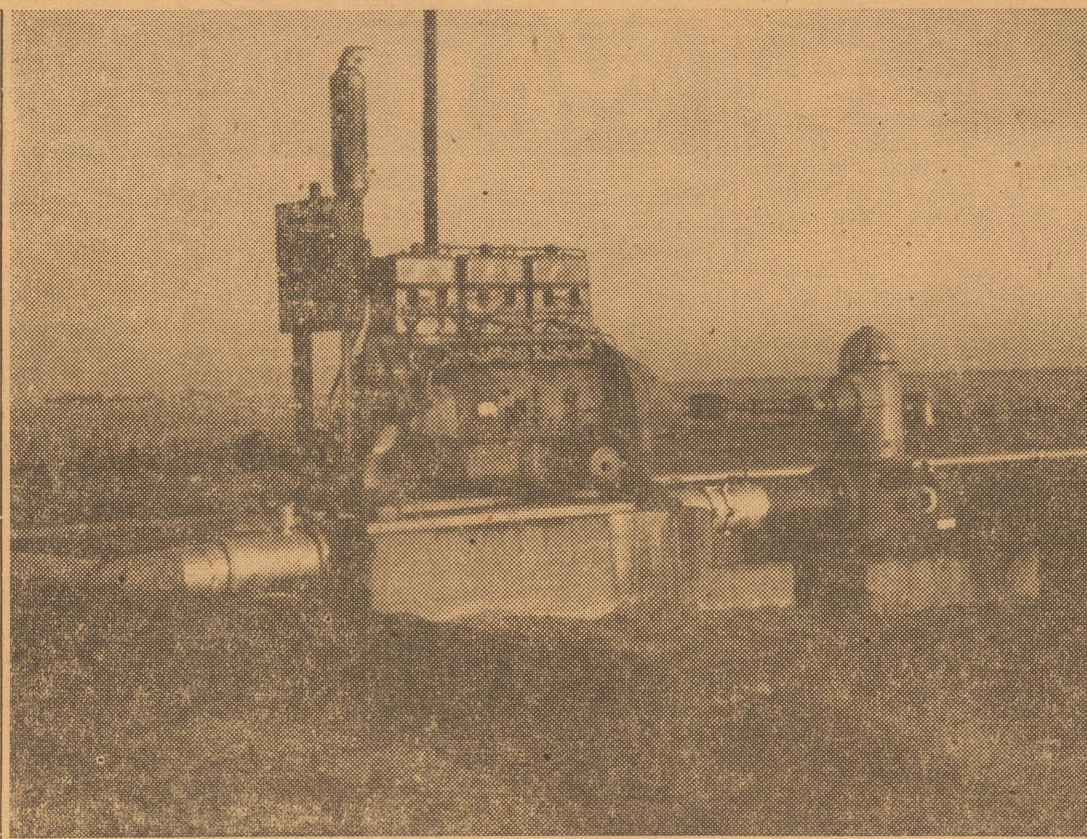

He pointed out that in January the board made a special ruling for cotton seed produced in 1957 and marketed in 1958 so that it may be labeled "Germination below 80 percent" to notify the purchaser that he should consult the tested seed label in order to determine the exact germination of the seed lot.

The Tech professor noted that several cotton seed producing states have lowered minimum germination standards for certified and registered cotton seed.

"The result has been that the high germination seed lots have sold up to \$400 a ton while lower germinating seed stocks are being offered at varying price levels which are based largely on the percentage of seed," he said.

Young cautioned that the cotton grower should not purchase just any high germinating cotton seed for the 1958 planting.

"Some of these seed lots may come from areas where varieties of cotton are grown which are not adapted to the areas in Texas where the seed is offered for sale," he said.

Waiting patiently for another season of hard use are the 40,000 irrigation wells that dot the High Plains. This one in Parmer County will soon add its voice to those of thousands of others. Irrigation time for wheat is nearing, and other crops will need water on a 24-hour-a-day basis. Soon the roar of these wells will echo across the Plains.

## HD Council Makes Plans for 1958

Standing committees of the Parmer County Home Demonstration Council made reports and recommendations at the first meeting January 27 in the office of the county home demonstration agent, Miss Jimmie Lou Wainscott.

The recommendations, which will be voted upon by each club in the county, are below.

The finance committee, headed by Mrs. Dee Brown, Midway Club, recommended that each club make a contribution of \$1.75 per member to the council fund. Money may be raised in any manner the club chooses and the council will make plans to finance what is lacking for the following budget:

Expenses of delegates to district, state, and national meetings, \$200; expenses of council officers and county THDA chairman, \$15; recreation, \$15; 4-H work, \$50; and miscellaneous, \$20. Total, \$350. Committee members are Mrs. Walter Schueler, Rhea, and Mrs. Windburn Hardage, Oklahoma Lane.

The expansion-education committee recommended that that committee in each club act as a welcoming committee to new people moving into the community and contact non-members and invite them to meetings and achievement events.

Other recommendations were that each club study family economics, family files, and wills during the year; that the committee send a copy of the yearbook to state legislators and that all club members attend at least one council meeting during the year. Chairman of the committee is Mrs. Glen Mingus, Hi-Point, and members are Mrs. Charles Don Smith, Bovina and Mrs. Earl Drake, Friona.

Among the recommendations of the yearbook committee were that in April each club discuss plans and make suggestions for meeting programs for 1959; that each club vice-president meet with the committee in June to help with program plans for 1959; that all members be urged to answer club book questionnaires; and that new programs be selected for 1959. Mrs. Ellis Tatum, Black, is chairman. Members are Mrs. Wilfred Sikes, Bovina, and Mrs. Rene Snead, Hub.

Mrs. L. W. Gibson, Lakeview, is chairman of the civil defense committee. Recommendations of that group include the following:

That each club have a meeting on family preparedness during a disaster; that as many clubs as possible participate in first aid and home nursing courses; that the home demonstration clubs sponsor a blood typing program.

Members of the committee are Mrs. J. W. McMahan and Mrs. T. A. Shirley, Northside.

The citizenship committee recommended that citizenship ceremonies or skits be presented at each school in the county at sometime during the year. Mrs. Dick Rocky, Black, is chairman and members are Mrs. Buck Fallwell, Hub, and Mrs. L. W. Loafman, Lakeview.

Recommendations of the health and safety committee, headed by Mrs. J. B. Young, Midway, were that HD clubs have a drivers' re-education course and that the clubs continue with the mosquito control project. Members are Mrs. J. D. Sanders, Friona, and Mrs. Elmer Oldham, Hi-Point.

Seven recommendations were made by the recreation committee. Mrs. John Renner, Hub, is chairman and members are Mrs. W. T. Magness, Oklahoma Lane, and Mrs. Elmo Dean, Rhea. The recommendations were that a county-wide luncheon be in November; that each club be responsible for recreation at council meetings; that religious training be taught in the home;

Also that family exchange ideas be practiced in the homes and that family fun programs be taught in the homes; that each club sponsor two fun nights during the year; and that each club have group singing at each meeting.

Council members also heard and amended the constitution and by-laws.

The next meeting will be a called session on February 10 to elect a delegate to the district THDA convention to be in April. Members will meet at 2 p. m. in the HD agent's office.

Today you are betting your life on this country you live in. If we want to win the prize of national strength and security we've got to work together. Let's respect each other's race and color and creed. Let's make Brotherhood Week last all year.—Groucho Marx

## Fourteen Take Part In HD Workshop

Fourteen women from home demonstration clubs over the county are enrolled in a tailoring workshop being conducted by Miss Jimmie Lou Wainscott, HD agent.

The course is the climax of a five year program of sewing classes which began with simple garments and progressing through dressmaking and semi-tailoring to tailoring.

Meetings are Tuesday and Friday afternoons and will continue for six weeks. The workshop began January 20.

Women enrolled are Mesdames John Range, W. M. Turner, Davis Gulley, T. A. Shirley, Carl Schlenker, Jack Patterson, Marie Wall, Ellis Tatum, John Renner, Billie Long, Ben Woodie, Tress Tannahill, Loretta Brookfield, and Brown.

## HD Leaders Attend Training Session

Delegates from each home demonstration club in the county attended a training meeting at Glenn Hughes Nursery in Friona Monday. They were trained in pruning shrubs and learned which shrubs are suitable for this area. The leaders will in turn pass the information on to the club members in February meetings.

## THE HAPPY HOMEMAKER

BY JUNE FLOYD

If your family is one that enjoys eating Mexican food, here are two recipes that you will probably want to use often. Some of the ingredients may not be on your pantry shelf but are available at grocery stores.

The first one is for Huevos Tlalpanita, which means eggs Tlalpanita style. It would probably help to know who or what Tlalpanita is or was, but since our knowledge of Mexico isn't very broad, we have no idea.

Ingredients necessary are six hard boiled eggs, three chicken livers, one tablespoon of bread crumbs fried to a golden brown, one tablespoon beef bone marrow, one-eighth teaspoon marjoram, one egg, beaten light, one tablespoon of flour, pinch of baking powder, and salt to taste.

Have ready the chicken livers, cooked with the bread crumbs salted to taste and the beef marrow. Open the eggs; take out of shells. Remove the cooked yolks and mash with the livers, to which has been added the marjoram.

Be sure not to break the form of the cooked egg white. Beat one egg light. Add one teaspoon of flour and a pinch of baking powder to it, and salt to taste. Fill the halves of egg whites with mixture of yolks and liver. Dip the filled eggs into the egg batter and fry in hot lard. Very nice luncheon dish. Six servings.

In addition to solving the problem of what to do with chicken livers when a farm homemaker is preparing chickens for the deep freeze, the problem of how to put in an entire day preparing chickens and then serving something different for supper would also be taken care of.

The recipe for Ensalada Espanola could very well be used to take care of the left over chicken problem. Pick into bits one cup full of well cooked chicken. Dice one small cooked carrot, one small onion, and three stalks of celery. Add three tablespoons of broken pecan meats, one cup of mayonnaise and a teaspoon of salt. Blend well.

Cut in halves as many avocados as you wish to serve. Chill well. Fill centers with chicken mixture. Place on nests of lettuce leaves and serve with thin slices of lemon. This recipe makes six servings.

Do you make jams, jellies, and preserves? If not, why not? Little special equipment is needed for making jellied fruit products and with commercial pectins there is no guess work to the job. If you have never made any jellied fruit products, you are in for a pleasant surprise.

A large kettle, a hot fire, your favorite fruit, and ample supply of sugar, containers for the finished product and a few minutes time will turn out a lot of good eating for your family. Of course, each fruit has different properties and different amounts of sugar and pectin are needed.

Just select your favorite fresh or canned fruit and follow the instructions printed on the pectin sheet of directions and your efforts will be successful.

The next time you are called upon to remove a splinter from a small child, try holding an ice cube on the spot about thirty seconds. Then use a sterilized needle to remove the splinter and apply an antiseptic. The child will soon be on the go again.

The next time you want something different for a gift for someone who has to spend a lot of time in bed, shop for Lazy Susan. While the patient is in bed the different sections can hold pills, pad and pencil, tissues, tidbits, and other needed items neatly.

Then when it is no longer needed for this purpose it can be used in the conventional manner.

Party snacks are fun to make and one of our favorites is Pineapple Fritters. For five servings use the following recipe:

- 1 1/2 cups sifted all purpose flour
- 2 teaspoons baking powder
- 3/4 teaspoon salt
- 2 tablespoons sugar
- 1 egg, beaten
- 3/4 cup milk
- 5 slices pineapple, drained and dried

Sift dry ingredients into mixing bowl. Combine beaten egg and milk and gradually add to flour mixture. Dip pineapple slices into batter and drop into deep fat, heated to 365 degrees. Fry until golden brown on both sides, about five minutes. Serve as an accompaniment to meat or sprinkle with sugar for a dessert.

CHECK THESE GOOD-BUY USED CARS

Some of the best values in good, sound transportation today can be found in quality used cars. We have a selection of which we are especially proud. At McKillip, you can rest assured that every car is priced at its real value and that the used car you buy will be dependable.

**SOIL CONSERVATION DISTRICT NEWS**

**OUR SOIL ★ OUR STRENGTH**

For those of you who are planning to establish grass this spring on your soil bank land under the conservation reserve program there are a few important things that must be done to get a good stand of grass. The first fact is to establish a good dead sorghum residue to plant in. This should be on 24 inch centers or less. A good dense stand is needed or you run the risk of getting a poor stand of grass.

Another factor in establishing grass is planting the grass the right depth and on a firm hard seed bed. The moisture we have now has fluffed the soil up and in all cases checked is much too soft for planting grass in. This can be helped by running a packer wheel over the seed furrow. A drag chain will not get the job done.

Planting time is also important. For the grasses set up to be planted in Parmer County, planting should not be made before February 15 and not later than May 15 for best results. The amount of grass to be planted may cause some farmers to want to exceed these dates. If you do so you decrease your chances of securing a good stand of grass. Hot weather is the poorest time to plant grasses because the soil tends to dry out below the grass seed due to its shallow planting depth. This is where your good residue comes in to help as well as protect the land from wind damage on earlier planting. Grass is not hard to establish if you do it properly.

The first quarter of this year under the ACP program the Soil Conservation Service has received 152 requests for assistance under this program. All of these requests are for pipelines.

We now have part-time assistance in the form of Glenn Floyd who is helping us get to these jobs much more quickly this year than we could last year. We are also receiving a new conservationist to begin work the first of February.

**Indications of Range Condition by**  
Marion E. Everhart  
Range Conservationist

Ranchers and livestock farmers often wonder how to tell whether their native pastures are improving or declining. They can tell when major changes take place such as the drying out of grass and weeds take over, but when the weeds are no longer present they need indicators to tell how the pasture is faring.

Ranchers need to know the grasses that grow in their pastures before this can be done. After they learn the production potential. This can be learned by observation, from trained technicians, and from experience in managing rangeland. The following general types of rangeland and the best indicators are given.

**Short Grass Prairie**  
Heavy clay type soils compose the short grass prairie.

The top grasses are blue grama and buffalograss. These grasses are both short and seldom grow over 12 inches in height. As this type of rangeland declines the indicators by stages of deterioration are as follows:

First stage—Blue grama will die out and buffalograss will spread to cover this area.  
Second stage—Buffalograss will thin out and sand dropseed, prickly pear, and annual weeds will spread to cover this area.  
Third stage—Buffalograss is still present, along with perennial weeds, prickly pear, and annual weeds. Brush such as mesquite where adapted will invade. In this final stage management will call for brush and weed control requiring chemical spraying or similar measures, deferred grazing, and light use.

**Short-Mid Grass Prairie**  
Light clay loam and heavy sandy soils compose the short-mid grass prairie. The top grasses are sidecoats grama and blue grama.

Sidecoats grama grows to a height of 29 inches and is called a mid grass. As this type declines the indicators by stages are as follows:

First stage—Sidecoats grama will die out and blue grama will spread to take its place.  
Second stage—Blue grama will thin out and sand dropseed, buffalograss, and silver chuestem will take over.  
Third stage—Blue grama makes a thin stand along with prickly pear, annual weeds, and yucca (bear grass). Mesquite where adapted will invade. In this final stage management will call for brush control requiring chemical spraying or similar measures, deferred grazing and light use.

**Mid Grass Prairie**  
Light sandy loams and shallow light soils compose the mid grass prairie. The top grasses are little bluestem and sidecoats grama. These grasses grow to a height of 30 inches on this type.

As this type declines the indicators by stages are as follows:

First stage—Little bluestem will die out and sidecoats grama and shorter gramas such as hairy and blue will spread to take its place. Hairy grama is adapted on shallow soils.  
Second stage—Sidecoats grama will thin out and blue or hairy grama, sand dropseed, silver chuestem will take over leaving some bare spots.

Third stage—Blue or hairy grama, sand dropseed, yucca, and brush such as red berry juniper and feather dalea cover the area. In this final stage management will call for brush control requiring mechanical methods, deferred grazing, and light use.

The time will come, and soon I hope, when Brotherhood Week will be a reminder, not of the presence of discrimination in our midst, but of its eradication.

The white "road" in the center of this picture is of cotton burrs. They cover the ground on a turn-row on the Joe Blair farm south of Texico-Farwell on the state line. On the left is a wheat field. On the right is land that has recently been broken, covering up the burrs. Blair made a heavy application of burrs to his land as a soil conditioner.

**Plains Cotton Crop 1 1/2 Million Bales**

Production figures from the 23 member counties of the Plains Cotton Growers, Inc. 1957-58 cotton crop continue to climb upward as scrapping and clean-up is ending.

Many farmers throughout the area already have ground breaking underway, and in contrast, some farmers still have cotton in the field to be pulled or stripped. Many gins are still operating.

The average quality of the 1957 crop shows a drop from figures compiled in 1956, according to George W. Pfeiffenberger, executive vice-president. Pfeiffenberger explained that the PCG has conducted a quality survey the last two seasons on High Plains cotton. "Figures on the 1957 crop show that 40 percent of the crop was white cotton, while light spots accounted for approximately 44 percent and spotted cotton 14 percent with about 2 percent tinges and below grade. "Last year, 1956, 50 percent of the crop was white, 47.1 percent light spotted and about 2.5 percent spotted," he said.

Total production from the 23 counties has already passed the 1 1/2 million bale mark. The U. S. Department of Agriculture classifying office here has already classed 1,461,808 bales, W. E. Franklin, chairman, reports. This includes 1,276,919 bales in the Lubbock office and 184,889 in the Lamesa office. Franklin estimates there is another 50,000 to 75,000 bales yet to be classed. If 75,000 additional samples were classed it would push the classing office total to 1,536,808 bales, a figure that comes close to the final production estimate made by the Plains Cotton Growers staff this week, which was 1,521,000 bales. The total value of the 1957 crop has been placed near \$204 million dollars. This compares with an estimated total value of the 1956 crop of around \$300 million.

Thus while wet weather and other unfavorable conditions cost High Plains producers money on the 1957 crop, conditions now are said to be excellent in regard to prospects for the 1958 crop. "We're going into 1958 with excellent prospects. The ground, moisture-wise, has never been in better shape for breaking," D. C. Prince, secretary of the Lubbock Cotton Exchange, said last Saturday.

**ANNOUNCEMENT**

Jimmy McGuire, manager of Oklahoma Lane Farm Supply, stands beside the new company's 8,000 gallon anhydrous ammonia storage tank.

This week we take pleasure in announcing to the farmers of the Oklahoma Lane area that we have opened a new supply store, and will specialize in fertilizer—both anhydrous ammonia, and dry.

We have installed an 8,000-gallon storage tank. For your added convenience, we have eight portable tanks and four new applicator rigs, ready to rent and go to work. Jimmy McGuire, well known in this area, is our manager. We are proud to offer you this new farming service, and are anxious to fill your needs.

**THE PARMER FARMER**

by W. H. Graham Jr.

John C. White, state commissioner of agriculture, points out that the short crop of good quality cotton planting seed is state-wide. Reports from other quarters indicate that quality cotton seed is in short supply all over the nation.

White sees the possibility of skyrocketing prices for seed supposed to be good, and says conditions are ripe for black marketing and misrepresentation of seed to the farmer.

Other states have lowered germination standards for seed, but Texas quality standards remain unchanged. Farmers should be wary of all cotton seed purchases they make this year.

Quality seed is hard to come by for grainmen, too, we are informed. This is interesting not only because the Parmer County area is an importer of grain seed, but because there is an increasing number of area farmers who are getting into seed production themselves.

Year in and year out, we bet that this part of the High Plains can produce better seed than any other comparable area in the nation. Just this year, for example, we suffered much less weather damage than did the eastern Plains and many big agricultural areas of the nation.

We talked with Bob Jones of near Friona one day this week. Bob and many of his neighbors are getting to be pretty interested in seed production, but, according to Jones, it sure has its headaches.

Jones and Harold Joe Wells just came back from a long auto trip all over Texas and into Louisiana. They are seeking a market for their seed, and are mostly interested in selling their sorghum alman stock, which is considerable. They grew 130 acres this year and harvested an average of 1,000 pounds of clean seed per acre.

Jones and other area farmers also produced quite a bit of redlan kafir, atlas sargo, red-top cane, and a number of others besides the old standby sweet sudan.

Frankly, Jones is anything but excited about seed prospects right now. He and Wells find that as individuals who are not as yet well known over the state, they have a tough time finding an "in" with dealers. The seed business seems to have more than its share of unscrupulous traders who do well where they're little known, and this hurts honest individual effort, they have discovered.

Too, the dealers are postponing buying until the last minute because the market is showing a downward trend and they don't want to buy at a price above the bottom if they can avoid it.

It is because of such problems as these that have to do with distribution, advertising, and marketing that a really strong seedmen's association is needed. The Parmer County Certified Seed Growers is already serving its purpose, and, in time, may be of service in the field we mention.

Until such time, growers will continue to find it difficult to forage on their own into the highly competitive marketing channels in hope of linking production with established outlets.

We have a good product, and probably can make it available at an attractive price. It will take lots of promotion by the area seed growers acting in unison, however, to overcome these worrisome obstacles to the best markets.

The balmy days of the past week have stirred something deep within many a High Plains farmer. They are having the first twinges of that annual disease known as planting fever.

Especially for the cotton growers, to whom an early crop means so much, the disease is widespread. Buying seed has scarcely begun, but already, the farmers are beginning to feel that itch to see the planting rig slither through the waiting High Plains soil to give birth to another crop year.

Plowing, listing, and land preparation are still to be done, but as farmers conjecture on what this new year holds for them, their first thoughts always are pulled to those days of planting, when hopes as well as seed are put to rest in the open furrow.

**Winter-Test Seed For Better Quality, Say Agronomists**

Farmers generally were pleased last year with the yields from recently released hybrid grain sorghums, however, some farmers objected to the number of off-type plants in their hybrid sorghum fields.

According to agronomists of the Texas Agricultural Extension Service, some of these tall plants resembled forage sorghums while others resembled vigorous grass sorghums. Steps have been taken by the seed producers of Texas to correct this situation say the agronomists, by cooperating in a winter testing program.

Seedmen have supplied the foundation seed section of the Agronomy Department of A&M with samples from their 1957 production fields. These samples were planted in Mexico and the Rio Grande Valley and are now being checked for off-type plants. Each sample checked will receive a rating based on its purity in the field.

The extension agronomists advise retail seed dealers to get producer assurance that the seed being offered have been winter tested and have received a high rating for purity. In turn

they point out, farmers should buy hybrid grain sorghum seed from a reliable dealer who does have this assurance from the seed producer. The agronomists say this winter testing program is something new and is not required for certification.

The agronomists believe the planting seed this year will produce fewer of the off-type plants than last year because seed growers have learned more about producing the seed. However, hybrids will always have a few more off-type plants than farm and 7078.

The hybrids have given good increases in yields and with the availability of more thoroughly tested seed stocks, the agronomists believe that farmers will find the hybrids very satisfactory for grain sorghum production.

**Farm Bureau Plans Membership Drive**

Plans are shaping up for the annual membership drive of the Parmer County Farm Bureau. The effort will begin with a kick-off banquet at the Farwell School cafeteria February 24, and J. H. West, Texas Farm Bureau president, will be speaker.

The drive will be a whirlwind affair, scheduled to be completed in a week, and the "report-back" meeting and banquet will be in March 3 at Friona.

Leaders in the membership drive for county communities include:

Jack Patterson, Dennis Williams, and Donald Christian—Rhea and Bovina.

M. T. Glasscock, John Range, J. D. White, and L. F. Bruns—Farwell, Oklahoma Lane, and Lazbuddie.

Ernest Anthony, Roy Miller, and John Henderson—north of Friona and Black.

Harry Hamilton and Gilbert Kaltwasser—Lakeview and Hub. Patterson is membership chairman for the county organization.

**4-H News**

Friona Junior Boys 4-H Club  
**Joey Taylor, reporter**

The Friona Junior Boys 4-H Club met at school on Wednesday, January 28, 1958. President Larry Mabry opened the meeting and council delegate, Jim Roy Wells, reported on the county council meeting at Farwell on January 18. Maynard Gresson reported on the Hereford Show. Maynard got sixth place and Tommy Tatum got fifth place with their calves. They sold their calves for 50 cents a pound at the show sale.

Richard Gordon reported on the 4-H party at Hub on December 7 for the Junior 4-H members in the county. Edwin Taylor, council delegate, reported on the county council meeting at Farwell, January 18. Joe Jones, county agent, showed slides of last year's summer 4-H camp and the crops entered in the crop contest.

Demonstrations that 4-H members could give were discussed. Jones also announced the Achievement Event to be at Bovina on February 8. All 4-H

members, their adult leaders and their parents are invited to attend.

Friona Senior Boys 4-H Club  
**Pete Carter, reporter**

The Friona Senior Boys 4-H Club met at school on Wednesday, January 28, 1958. President Larry Mabry opened the meeting and council delegate, Jim Roy Wells, reported on the county council meeting at Farwell on January 18. Maynard Gresson reported on the Hereford Show. Maynard got sixth place and Tommy Tatum got fifth place with their calves. They sold their calves for 50 cents a pound at the show sale.

Joe Jones, county agent, talked about the livestock show and told how to take better care of show animals. He explained how to train them to lead and to brush them a lot to get them used to it. He also showed slides of the 4-H camp and talked about a leaders tractor school to be in February. Mr. Mabry is going to attend as a leader from Friona.

Jones showed pictures of some Lazbuddie boys' calves that were shown at the community show. He talked about record books and how they can help to win awards in 4-H. He also said that only winners in demonstration contest in District One would be eligible to attend 4-H round-up this year.

One boy showed how to work up a record book. At the February meeting Jerry Don Houston and Pete Carter will give a demonstration on swine. Tommy Tatum and Maynard Gresson will give a demonstration on a show calf. Larry Potts and Troy Ray will demonstrate using a farm level.

**Parmer Countians Attend Meetings**

A number of Parmer County people are known to have attended vegetable meetings in Hereford and Muleshoe last week. At the Hereford meeting were Steve Bavousett, Bill Nichols, County Agent Joe Jones, Charles Hough, Curtis Murphree, Harry Hamilton, and Bruce Parr.

Names of those going to Muleshoe were not available, but it is understood that several farmers from the southern part of the county attended.

**NEWS FROM THE FARM BUREAU**

By RAYMOND EULER

In these days of dollars which aren't worth too much, but for which there is such a scramble, it is important that we all remember that the value of many things, particularly regarding government regulations, should be measured in values much more important to Americans than present dollar value.

We should remember that freedom, the one thing Americans have always had more of than any other people in the world, has been the reason for, not the result of, more money, and the things it can buy.

One of the theories advanced by some groups, and still being promulgated in some groups, is that the more the working man is paid, the more the farmer will net because the working man buys food and fiber produced on the farm. Of course, there is truth in the theory up to a reasonable point.

But the record clearly shows now, that wages can go up while farm income goes down on a net basis. There must be a balance factor considered. It is also true that the laboring group is not any happier now than they were when they said they would be completely happy with certain increases in pay and additional fringe benefits.

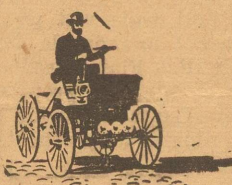

Actually, the economy of a country goes deeper than wagging one dollar against the other. Let us hope that the secret will be learned and applied for the benefit of everyone in America.

Vice-president Jack Patterson and some of his workers will attend a membership chairman's rally in Austin next Thursday, February 13. The Texas Farm Bureau membership goal for 195 is 80,000, and we believe it will be realized. You are reminded that if you haven't returned the letter requested sometime ago, that you do so, with your suggestions for improving the local Farm Bureau.

Consider this: "Evil men understand not judgement; but they that seek the Lord understand all things."

### LAZBUDDIE— (Continued from Page 5)

Brownwood. The groom is a graduate of Odessa and is now attending Odessa Junior College as a business major and employed by Texas Electric.

### ROY IVEY BURNED

Mr. and Mrs. Ira Wimberly and son were in Denver City over the weekend visiting with her brother, Roy Ivey. Jeannine closed her beauty shop last Wednesday and went to Denver City when she learned of Roy's being badly burned. Roy, who was working in the oil fields, was trying to set fire to some wet wood by pouring oil on a small flame already burning when it flashed up catching his clothing afire. Roy was resting comfortably on Sunday but will be hospitalized for some three weeks or longer as he suffered first and second degree burns.

Mr. and Mrs. Luther Ham spent last week in Ireland visiting with her mother, Mrs. A. L. Freeman.

Mrs. Winnie Paul Smith, a student at Texas Tech, spent the weekend at home with her parents, the Luther Hams. The Hams returned her to Tech on Monday and visited with W. S. Menefee who is in the Methodist

hospital where he was having surgery that day.

Mrs. Lizzie Scruggs from Shamrock spent the weekend with her daughter and family, the John Bonds.

Mr. and Mrs. Bob Kimbrough and Mr. and Mrs. Johnny Crowe from Muleshoe spent the weekend at Santa Fe, N. M., doing some skiing. They report they had a wonderful time and that the weather was perfect for skiing.

Those from here attending the wedding of Betty Floyd and O. A. Stout in Plainview Saturday evening were Mr. and Mrs. Joe Briggs, Miss Glenda Hall, Mrs. Mae Mahon, Mr. and Mrs. David White, Mr. and Mrs. Henry Ivy, Mrs. Jack Smith and Jack Finley, Mr. and Mrs. John Gammon and Marianna, Johnny Nowell, Clo Ann White, Dan Smith, Rosemary Hicks, and Kay Ann Smith.

Mr. and Mrs. Gene Gaston and family from Earth visited Sunday with the E. A. Parham family.

Mrs. Jack Smith, Katherine and Jack Finley, spent three days last week visiting in Tucson, Ariz., and enjoying the nice warm weather they were having.

Mrs. Opal Bewley and her mother, Mrs. Tandy Moore, are vacationing in Corpus Christi for several weeks.

### Party Honors Marsha Schumann

Marsha Schumann was honored on her eighth birthday Tuesday of last week with a party at the home of an aunt, Mrs. Andy Fuqua. Games were played and birthday cake and punch were served to Jill Mimms, Linda Bruton, Benny Morrow, John Ward, Kent Hargrove, Max Horsley, Sheila Vaughan, Gary Strahan, Toni Smith, Cathy and Becky Wilson, Victor Schumann, Mrs. Don Schumann, Mrs. Leon Smith and Marsha's grandmother, Mrs. J. J. Haun from Clovis. Unable to attend were Linda and Hazel Lesly, Tamra Jennings, and Wanda Newsom.

### LOCAL WOMAN INJURED

Mrs. T. R. Smallwood is on crutches due to an accident suffered at her home last Friday evening. Mrs. Smallwood says she was on her way to the chicken house when she stepped on a nail. It went almost all the way through the ball of her foot and has been quite painful as well as inconvenient.

### Eubanks Have Family Reunion

The family of Mrs. J. T. Eubanks had a get-together at her home on Sunday with some of the visitors coming for the weekend. Three sisters, Mrs. Ethel Goode from Corsicana, Mrs. A. B. Weeks from Tulsa, and Mrs. J. H. Lewis, Snyder, were present. One sister, Mrs. N. I. Ford from Sweetwater, was unable to attend.

Three brothers were also present. They were Mr. and Mrs. Carlos Kimbrough and boys, Snyder, Mr. and Mrs. Finis Kimbrough, Muleshoe, and Mr. and Mrs. Robert Kimbrough. Nieces and nephews on down to the great-great nieces and nephews were also present.

They include the Earl Gilbert family, Dallas; Mr. and Mrs. Oscar Weeks and boys, Silverton; Mr. and Mrs. Leon Ford and daughter, Snyder; Mrs. Lois Cox, Clovis; Wanza Ray, a granddaughter of Mrs. Goode, Corsicana; Mr. and Mrs. Ed Nichols and family, Muleshoe; Mr. and Mrs. Lee Kimbrough and children; Mr. and Mrs. Sig Kimbrough and daughter, Mr. and Mrs. Bob Kimbrough and family, and Neal Eubanks from Muleshoe. Mrs. Eubanks' husband and sons, Doyle and Max were also present.

After the meal was served

cafeteria style the group enjoyed picture taking and played games of different kinds.

Mr. and Mrs. Eugene Morton from Dimmitt visited Saturday evening in the Rufus Carter home.

The Doug Horsley family visited Sunday in Muleshoe with his parents, the R. G. Horsleys. The Ches Horsley family from Snyder also was visiting with the Horsleys.

Supper guests Sunday evening in the Max Steinbock home were Mr. and Mrs. Leland Gustin, Mr. and Mrs. Beardean Broyles and Becky, and Mr. and Mrs. Gene Smith and Timmie.

The Hubert Elliotts visited Glen Stiles in Dimmitt Saturday. Stiles is in the Dimmitt hospital.

Mr. and Mrs. George Crain visited in Waco last week and her mother, Mrs. J. O. Webb, returned with them to visit in the home of another daughter, Mr. and Mrs. James Robinson and family for awhile.

Mr. and Mrs. C. A. Watson and boys visited Sunday with the Preston Cargile family who have recently moved to a farm northwest of Dimmitt.

Mr. and Mrs. J. D. Harvey and children from Seymour spent the weekend in the Walter Edwards home.

Mr. and Mrs. Joe Scott Menefee and Carolyn from Corpus Christi visited Friday night in the home of her mother, Mrs. Perry Barnes, and other relatives. The Menefeas had been visiting in Lubbock with his father, W. S. Menefee, who is in the hospital.

Ralph Cox, accompanied by his brothers, James from Logan and Guy from Farwell, visited last week with a sister in Houston. They also attended the Fat Stock Show while there.

Mr. and Mrs. Woodie Splawn from Whiteface visited Sunday in the home of his parents, the C. M. Splawns, and with the Jackie Brown family.

Mr. and Mrs. Raymond Houston and Gene spent the weekend in San Angelo with her sister, Mr. and Mrs. David Lynch. J. T. Bostick accompanied his daughter and family to San Angelo and will remain in the Lynch home for a visit.

Mr. and Mrs. Paul Rogers from Acuff visited Friday in the home of their son-in-law and daughter, Mr. and Mrs. Adrian Weir.

Pauletta Templeton spent the weekend in Amherst with her grandparents, Mr. and Mrs. Jim Templeton. Pauletta's mother, Mrs. Paul Templeton, Terry and Galen, drove over Sunday and brought her home.

Mr. and Mrs. E. T. Ford were dinner guests Thursday evening in the Joe Dement home at Clovis. After dinner they all

attended a performance of an Austrian group of singers, dancers, and band. This group was presented by the Clovis Community Concert and, according to the Fords, was very outstanding.

Mr. and Mrs. D. E. Hambright and family from Roswell spent the weekend with his parents, the L. B. Hambrights. On Sunday other visitors were Hambright's brother-in-law and sister, Mr. and Mrs. Grady Barrett from Norton and his brother, Mr. and Mrs. E. Y. Hambright and family from San Angelo.

Mr. and Mrs. Rhiney Steinbock spent the weekend in Wichita Falls with their son-in-law and daughter, Mr. and Mrs. James Kyle and family.

### LUNCHROOM MENU

Mr. and Mrs. Melvin Treider and boys, Buttons and Gary, returned Thursday from a three-weeks vacation in Corpus Christi. This is a yearly affair with the Treiders and they say they had a good rest besides doing some fishing.

Monday, sausage and gravy, black eyed peas, potatoes, pearl onions, grapefruit sections, milk, bread.

Tuesday, pinto beans, Spanish rice, mixed greens, carrot

sticks, hot rolls, butter, milk, apricots.

Wednesday, chicken with dressing, gravy, green beans, cranberry sauce, milk, bread, chocolate pudding.

Thursday, hamburgers, let-

luce, pickles, onions, potato chips, sliced cheese, plums, milk.

Friday, tuna fish salad, tomatoes and spaghetti, buttered corn, fresh apples, hot rolls, butter, milk, ice cream.

IS YOUR  
INSURANCE  
AGENT  
*No-Faced?*

They used to call the nameless, door-to-door peddler "the man without a face." Slipping into town without notice—and out again the same way—he depended on a glib tongue to sell his cheap books and kitchen gimmicks. He didn't want to be remembered or recognized—after he had made his sale

When you're buying a gadget worth a few pennies, it may not be important whether you buy it from a reputable, established dealer or a peddler "without a face." But when you buy something important, like an insurance policy, you want to know the man who sells it—and be able to find him when you want him.

So be sure when you insure. Buy your protection from an established, local independent agent to whom you're a neighbor, not a number. Look for the agent who displays the red and white Capital Stock seal—the "standard of protection" for more than a century. That's your guide to real "peace of mind" insurance anywhere.

### Carl McCaslin Lumber, Inc.

"A Complete Building Service"  
Phone 3831 Friona, Texas

Bushland, Tex., Man Reports—

### "I Cut 2,190 Tons of Ensilage From 104 Acres of Maize"

Leo Bezner, Bushland, Tex., says: "I put down 80 pounds of Phillips 66 Agricultural Ammonia pre-plant on 104 acres of irrigated maize land. I cut 2,190 tons of ensilage, or slightly more than 21 tons per acre. I use Phillips 66 Ammonia to help increase yields on all my cash crops."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them to get more profit per acre, through higher

yields and lower production costs. They have found that, by using Phillips 66 Agricultural Ammonia, they get more cotton that grades out higher at the gin; yields of sorghum grain and ensilage are increased; more marketable vegetables are harvested, and profits on wheat are increased through better forage, and higher yields of grain.

See your Phillips 66 Agricultural Ammonia distributor about profitable Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.
